## Swimming Pool To Be Open This Week End

The County Swimming Pool will be open Saturday and Sunday, May 21 and 22.

Saturday, May 28, will begin the regular schedule: Tuesday thru Sunday 2:00-6:00 p.m. Closed on Mondays. The pool will be opened on Monday nights for adults; date will be announced later.

Admission prices will remain the same:

25c for ages 5-12;  
35c for ages 13 and older.  
Wading pool for children under 5 years of age, free.  
Season tickets will be available.

The pool will be available after hours for parties at party rates.

## County Oil Production Reported By Association

Schleicher County, which has had recorded production since 1937, last year produced 967,891 barrels of crude oil at the rate of 2,645 barrels per day. Production in 1976 boosted Schleicher County's production total through the end of the year to 63,466,956 barrels.

In 1976, 27 counties produced more than 10-million barrels of crude oil, a decrease of three counties from 1975.

## Sales Taxes Rebated To Cities In Texas

Austin, Tex.—State Comptroller Bob Bullock said Friday his office has mailed monthly city sales tax rebate checks totaling \$22 million to 867 Texas cities and towns that assess the 1% tax.

The May checks bring to \$235.3 million the total rebates for the eight months of the current fiscal year, a \$44 million increase over the same period for fiscal 1976, Bullock said.

Eldorado's net payment for this period was \$385.42.

## Nursing Home Notes

Nothing unusual happened in the Home last week, so far as I know, so this column will be a little scarce this week.

Ebbie Donaldson comes into the dining room to eat his meals now, and we are so glad that he is able to do that. He says he is feeling better and he looks much better than he did for a while.

Lizzie McAngus is slowly improving and is able to sit in a chair in her room, part of the time.

Bertha Oglesby is doing about as usual.

Mary Oglesby was not so well for a few days, but she is up and around, and coming to the dining room now.

Frank Reed seems to be doing well now.

Three of us, Bessie Andrews, Elva Daniels and LaVita Brooks, go to the First Baptist Church every Sunday morning, thanks to either Mrs. Archie Mittel, Mrs. Henry Moore, Mrs. Fay Watson or Mrs. Jake Spencer. One or the other of those dear ladies comes to get us and we certainly do appreciate their kindness.

The Bingo winners last Tuesday were: Beulah Harris 2, Ella Casbeer 2, Erna Rexroat 1, Elva Daniels 2, Carrie Blakeway 1, and Bessie Andrews 1.

Friday winners were: Ella Casbeer 1, Bessie Andrews 2, Beulah Harris 1, Carrie Blakeway 2, and Maggie Sluder 1.

We usually play Bingo on Wednesday and Friday, but last week we played on Tuesday morning because the Hospital Auxiliary had a Bake and Clothing Garage Sale in Maxine Page's garage on Wednesday and some of the members wanted to attend that. A few from the Nursing Home went with Ruthie Day to the Sale about 10:15 that morning, but all the Baked Goods were already sold. It had started at 8:00 o'clock.

Today's mighty oak is merely yesterday's little nut that managed to hold its ground.—LaVita Brooks & Beulah Harris, reporters.

## FIRST BAPTIST CHURCH

of which Rev. Gene Stark is pastor, will conduct services this Sunday afternoon, May 22nd, at the Nursing Home.

### Graduation Greetings Inside

Once again, The Success crew are pleased to join our public-spirited local merchants in saluting the graduating Seniors of Eldorado High, the Class of '77.

This week and next we are carrying the photos and write-ups of the class members. Those grads not pictured this week will be in the issue for next week.

Diplomas will be awarded to the grads in Commencement Exercises the night of Friday, May 27th. The complete program will be given in our issue next week.

We hope the grads and their parents and friends enjoy these special issues for May 19th and 26th, for you are the ones for whom we have put forth special effort. We hope all of you keep these issues to refer to in the future; then you can re-read them and recall memories, and know what was going on here news-wise when you graduated.

—ps—

With our subscribers:

Mrs. Jim H. Steward recently renewed, from 142 Elgin St., Levelland, Texas 79336.

After spending the winter in Arizona, Mrs. W. B. Terpening reports they have gone back to 2300 River Road, Eugene, Oregon 97404.

C. L. Martin recently renewed from El Paso.

—ps—

Around the business district . . .

The steel framework was being erected this week at the site of the new Mini Mart store, on the Sonora highway. Work is continuing.

The Davis Fina service station on the south edge of town has been repainted recently. It is operated by Lum Davis and Zane Miller.

—ps—

We appreciate the cool weather that followed the recent rains and weather alerts.

Not so last week. It was unfavorably hot and muggy and we turned on the air conditioner in the shop.

No, we turned it on and promptly turned it off. All we got was a zzzzzz sound.

We called the West Texas Utilities and the verdict was that the motor was burned out and we would have to get a new one. Monday they said the new motor was here and will be installed in a few days.

Now on Tuesday we are still enjoying the cool weather and we hope it will last until the new motor arrives. The old motor was 15 years old, having been installed in 1962.

## Son For Edmistons

Mr. and Mrs. Phil Edmiston announce the birth of a son May 12th in San Angelo. The young man weighed 5 lbs. 15 oz. and has been named Phil Cory.

Grandparents are Mr. and Mrs. Orval Edmiston and Mr. and Mrs. W. R. Wallace of San Angelo.

Great grandparents are Mr. and Mrs. Gene Edmiston, and Mrs. Bean of Odessa is a great grandmother.

The Edmistons have four other children. They are Mendy, Neil, Todd and Kari.

## Tennis Club

In spite of threatening weather, 31 members of the Tennis Club competed in two divisions Monday night. In the first group Rick Sterling and Pen Barker were high and Mary Ruth Wallis low. Chris McCravey and Larry Mitchel were high and Johnny Jones low, in the second round.

New members this week are the Keith Wyatts.

## FRESHMAN PARTY SET

The Freshman Class will have their end-of-school party this Friday evening. They will leave for San Angelo after school and go skating, and then have a pizza supper.

Mrs. Lewis Stockton underwent surgery and a hospital stay recently and is now at home.

Mr. and Mrs. Luther Henry visited Mrs. Euda B. Isaacs in Austin over the week end.

Dr. and Mrs. J. B. Brame and Beaman and Elizabeth spent the week end in Houston, where Dr. Brame attended a medical meeting.

## District "Share The Fun" Winners To Participate In State 4-H Round-Up

Shown above are 4-H'ers Todd Swift, Lori Bell, Debby Patton, Kurtis Homer, Judy Pitts, Patti Hausenfluck, Jay Behrens. Seated: Sabrina Jarrett.

They were 1st place Senior "Share The Fun" Team at District Contest.

They will compete in the State 4-H Round-Up at Texas A&M University June 7-9.

The First National Bank and the Southwest Texas Electric Co-Op are sponsoring the trip to State Contest for the 4-H members.

Leaders who will be accompanying the 4-H'ers are: Janelle Hausenfluck, Beverly Jarrett, Mr. and Mrs. Kenith Homer, Mr. and Mrs. Jerry Swift, and Mr. and Mrs. Bob Lester.

## Museum Notes

The Museum will be open every afternoon from 1:30 to 5:00. Anyone having their histories started and need help or those who have questions come in and we will try to help you.

After the heavy rains we had the back part of the Museum water logged. Fortunately it did not get on our flooring but the office was flooded. We are trying to find someone to help us do something about this water leakage before the next big rain. Any ideas or any help, anyone?

We have a new item in the Museum so come in and see what it is. I won't mention what it is but it was loaned to us by Mr. Crowder, Supervisor of the Kwik Thrift Grocery and we are delighted to have it. Charlie Bradley, Mickey Nixon and Kurtis Homer moved this in for us and many thanks go to these boys for their help. We are always proud of the boys and girls who are willing to help us and feel this makes the work worthwhile since this is what the Museum is all about—saving the history and artifacts for the future generations to see and enjoy. Many thanks Charlie, Mickey and Kurtis.

Lynn Meador came by to see how he could help with the history. So good to have someone want to help. Lynn will work with Ethel Etheredge on the school history. If you have information or old pictures, please let Lynn know.—Rep.

Mr. and Mrs. Charles Orr, Kathy and George Robert, went to Brownwood over the week end to visit Mr. and Mrs. E. W. Allen.

## Applications Taken For 4-H Camp

A number of 4-H youngsters from here will attend the 4-H Camp at Lake Brownwood set for Jun 3, 4, and 5.

Applications for this are being taken in the County Extension Office, and the forms were sent to local 4-H members this week. They are to be returned by May 27th with the \$15 camp fee.

## Area 2 FFA Convention Held In Midland

The Area 2 convention of the Future Farmers of America was held recently in Midland.

The Talent Team won 1st place from here, out of 17 teams entered. Mark Thornton, Mike Redwine, Benny Logan, and Jerry Jackson will go to the state FFA Convention set July 13, 14, and 15 in Fort Worth.

Paul McWhorter served on the Courtesy Corps.

Voting delegates at Midland from here were Mike Lux, Joe Freeman, and Billy Bob Harlin.

## DEFENSIVE DRIVING COURSE SET NEXT WEEK

The second Defensive Driving Course, sponsored by the Lions Club, will be held this coming Monday, Tuesday and Wednesday nights at the Memorial Building. Sessions will be held from 7:00 to 10:00 each night, conducted by an instructor from San Angelo. All drivers interested should attend the initial session Monday night and register.

Cost of the course will be \$10 for each driver, and those who attend the three nights will earn a 10% discount on their auto insurance, in effect for the coming three years.

Through presentation of classroom materials, showing of brief films, and discussion, the techniques of driving used by professional drivers to avoid accidents are brought out. Statistics have shown that those drivers who take the Defensive Driving Course have fewer accidents than those who do not.

## Schleicher Confirmer

Gulf Oil Corp. will drill the No. 1 State UF as a ½ mile west outpost to the gas opener and 3/8 mile northwest of the oil opener in the two-well University Block 54 (Ellenburger) field of Schleicher County, 20¼ miles northwest of Eldorado.

Location is 660 feet from the south and east lines of 4-54-University. Contract depth is 8,500 feet.

## Mrs. King Is 89

Mrs. Katie King was honored on her 89th birthday on Sunday, May 11th, at the home of a daughter Mrs. E. G. Donaldson.

Also present for her day were her other two daughters and husbands, Mr. and Mrs. A. J. Burk of San Angelo, and the Orland Harris of Eldorado.

After having birthday cake and coffee, all visited the Museum and the day was thoroughly enjoyed by all.

## TS&GRA Meeting Set Here On May 27th

There will be an important meeting in Friday, May 27, in Eldorado, Texas at the El Dorado Restaurant. Registration will begin at 10:30 a.m., and the meeting will start at 11:00 a.m. A Dutch Treat meal will be served at 12:30 for those attending and will cost \$2.75 each.

Bob Sykes, District Five Chairman, has planned a very informative meeting for sheep and goat producers. The first part of the program will be devoted to an explanation of the new Estate Tax Law as it pertains to farmers and ranchers. This law is very complex, and you would all do well to learn all you can about it. The second part of the program will include a report on Association activities by Bill Pfluger, Association president, and Bill Sims, executive secretary. They will report on legislative work in Austin and Washington, D. C. Election of directors to serve the district for 1977-78 will be held at the end of the meeting.

Please try to be in Eldorado on Friday, May 27, at the El Dorado Restaurant.

We must all work together if we are to protect our means of livelihood from outside pressures, it was pointed out by Bill Sims, Executive Secretary, of San Angelo.

## Receive A&M Degrees

College Station, Tex.—Two students from Eldorado received degrees at Texas A&M University's spring commencement exercises.

A total of 2,556 degrees were awarded, including 2,192 undergraduates, 266 masters and 98 doctorates.

Receiving their undergraduate degrees were William F. Edmiston, veterinary science, son of W. F. Edmiston, Route 1, and James L. Overstreet, industrial education, of Eldorado.

## Weather Alerts Continue For County

Those who have been glued to their TV sets in the past week have had a succession of severe weather alerts. These have been off and on from Wednesday thru Sunday.

Eldorado got nearly 4 inches of rain in a 10-day period, and county residents got similar amounts for their farms and ranches.

Sunday, warnings were given for area counties, including Schleicher, with did not happen. They named Big Lake in Reagan county which got golf ball size hail, which was moving east at about 20 miles an hour.

Jody Wagley heard the warnings at San Angelo and made a hurried trip to Eldorado where he had a dozen cars on his used car lot. He moved the cars under cover down town. In spite of warnings every half hour, the storm did not reach our county, and Wagley was busy Monday morning moving the cars back to his lot.

During this week, there were numerous reports of hail in counties to the north and west of us, but thank goodness it has not hit Schleicher county—YET!

## S. S. Man Here Today

Peter Gonzales, social security representative for the San Angelo Social Security office, has scheduled his May visit to Eldorado. He will be at the Fire Station on Thursday, May 19th, from 1:00 p.m. to 2:30 p.m. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo.

If you receive SSI and have applied for Social Security, notify the social security office when you receive your first social security check.

## Woman's Club Meets

The Womens Club met May 10th in the club room for a salad luncheon and meeting.

The program was on Arts and Crafts.

Mrs. Granvil Hext introduced Mrs. Milton Jones and Mrs. Charles Adams who gave a demonstration on corsage making.

Mrs. Jones presented a corsage to the president, Mrs. R. D. Johnson.

Fifteen members and 3 guests, Mrs. Charles Adams, Mrs. Juanita Taylor, and Mrs. T. J. Bailey, enjoyed the afternoon.

## Weather Award To Gail Mittel

Gail Mittel At His Rain Gauge

Gail Mittel of this place recently completed 10 years as a cooperative weather observer, and he was given an award.

Charles E. Ridge, Chief, Regional Substation Management Branch, in Fort Worth, noted, We join the Secretary of Commerce, the Administrator of the National Oceanic and Atmospheric Administration, and the Director of the National Weather Service in congratulating you on this outstanding record of public service.

We hope you continue to find your weather work interesting, and many more years are added to your worthwhile record of public service, the letter concluded.

Austin, Tex.— The 53-year-old electric chair may have seen its last use in Texas.

Gov. Dolph Briscoe signed into law a bill which will substitute lethal drug injections for Old Sparky as the method of carrying out future death sentences.

Texas and Oklahoma are the first states to go to execution by drugs. Both the Texas and Oklahoma laws actually are not effective until September 1. A Texas single execution is scheduled before that time—that of Robert Excel White on June 15.

Briscoe declined to say whether he would order a delay until the new law goes into effect in three months.

"I see this legislation as providing a more dignified and humane way of carrying out the death penalty," Briscoe commented in signing the bill. Rep. Ben Z. Grant of Marshall and Sen. Bill Braecklin of Dallas sponsored the bill.

Efforts to abolish the death penalty have failed in the current session of the legislature.

The new law directs the director of the Texas Department of Corrections or someone he designates to carry out sentences of execution by injections of a "substance that will cause death."

Old Sparky, which has killed more than 360 men, is expected to be donated to a museum.

**Teacher Pay Bill Passes**

A \$361 million teacher pay bill won House approval by a lopsided majority.

At the same time, House members voted to increase teacher retirement benefits by \$213 million. The pay bill would increase base salaries of beginning teachers from \$8,000 to \$9,024 the first year of the biennium and \$9,384 the second year—about 12%. A teacher with 21 years experience may get a raise of from \$11,780 to \$14,382—13%. A six year teacher would get about a 6% increase.

Meanwhile, the Senate Education sub-committee is considering an \$820 million overall school finance bill which would give teachers a \$320 million pay raise—5.1% in 1978 and 3.4% in 1979. The Senate also is considering a teacher retirement bill.

**Minimum Wage Increases**

WASHINGTON—A curious brand of economic theory persists in Washington these days. Its tenets include: larger federal spending to 1.) bring down the rising cost of government, which would then, 2.) rein-in inflationary pressures, and 3.) create enough temporary public service jobs to have some impact on high unemployment—caused by excessive government spending.

The goal behind this circular logic is real enough—to place a cap on runaway consumer prices. But if you fail to follow the line of flabby reasoning as liberals in Congress continue to present it, be assured it represents the same economic theory which has given us a decade of inflationary upheaval and reduced the real purchasing power of every Texan, and indeed every American.

Past spending sprees should have served as painful object lessons. Yet the Democratic Administration and Congress still cling to the principle that America's economic difficulties can be solved with regular raids on the Federal treasury.

It's this same misguided economic logic which obscures the obvious in current Democratic proposals to raise once again this country's minimum wage.

A bill is under consideration in the House of Representatives now, proposing to raise the hourly minimum wage from the current \$2.30 to as much as \$3, over successive years.

If passed intact, the bill also would provide for automatic yearly wage increases based on an index of wages generally, removing the ability of Congress to assess the fairness of such increases.

An increase in the minimum wage would touch off a new wage-price spiral and Congress would be powerless to forestall the obvious results on the economy.

The reasons are basic to this country's wage system. The minimum wage represents the foundation on which all wage scales are determined. Adjusting the minimum wage upward would have an automatic escalating effect: other wage levels would rise in order to maintain existing differentials.

The impact on unemployment is clear. Texas farmers and small businessmen, hard pressed already to keep costs within reason, would find little incentive to add to their payrolls because additional costs would more than offset benefits to production. In the face of rising wages, good business practice would mandate streamlining and other efficiency measures—not more hiring.

Jobs creation, for targeted youth and minority groups would be discouraged. And those who did find jobs requiring limited skills would be only the most qualified. As wages rose yearly in automatic indexing jumps, those most in need would find themselves increasingly priced out of the job market.

Such proposals to raise the minimum wage are all the more puzzling given the fact that Congress has passed the President's public works jobs bill. It is intended to stimulate a slumping economy and reduce chronic unemployment with the injection of federal money to those states most in need through an intricate allocation system.

It's far from certain, however, if this could be the result. At the same time public works jobs money began to pour into states in an effort to bolster the job market, a minimum wage increase would have an equal and opposite effect. It would dampen the very hiring stimulus projected with the President's jobs bill.

Texas consumers and others nationwide again would bear the brunt of shortsighted government policy. Prices for basic goods and services would rise precipitously, and we could expect increases at regular intervals because indexing provisions would be automatic regardless of economic conditions.

There are plenty of forces at work in the American economy which threaten another round of double-digit inflation. Texans have only to look at the Administration's energy package to realize inflationary pressures are mounting. An increase in the minimum wage is one pressure Congress can avoid now, by voting increases down.

# Western Art Showing At Fiesta del Concho

San Angelo.—Over 80 works of western art including major works by such famous artists as Frederic Remington and Charles Russell will be exhibited at Angelo State University in June in connection with San Angelo's Fiesta del Concho.

The works, which include major oil paintings, pen and ink, watercolors and sculpture, are on loan to Angelo State from the Amon Carter Museum of Western Art in Fort Worth. The exhibit is valued at approximately \$2 million.

The display opens for public viewing June 18. The art will remain on exhibit in the central spine of the Robert and Nona Carr Education Fine Arts Building through the end of June.

Included in the exhibit are 10 oil paintings by Remington, among them such titles as Cavalryman's Breakfast, Indian Trapper, Fall of the Cowboy and His First Lesson.

Russell oils on display will include Crow Indians Hunting Elk, When Horse Flesh Comes High, Price of His Hide, Buffalo Hunting, In Without Knocking and others.

Also included will be five Russell pen and ink works, five of his watercolors and some letters.

Remington sculpture brought to Angelo State will be The Bronco Buster, The Wicked Pony and The Outlaw.

Russell and Remington are among America's best known western artists. Born in St. Louis in 1864, Russell longed for a day when he could go west to become a cowboy.

As a 16th birthday present Russell's parents allowed him to journey to Montana. Russell never returned to live in the east and kept Montana as his home for the remainder of his life.

Taking a variety of jobs in his early days in the west, Russell spent much of his free time sketching and painting the scenes around him.

Russell decided to begin painting for a living in 1893 and shortly after met and married Nancy Cooper who played a major role in his success. His work soon became well-known and he turned out paintings, magazine illustrations, sculpture, drawings and stories about the West.

He died in 1902 after a lifetime of recording a vanishing period in American history.

Frederic Remington first went west in 1881 at age 19 and also saw an age of history that was about to disappear without being recorded. He set about to keep something of it and eventually produced several thousand paintings and drawings, bronzes and writings.

Remington learned early about adventure through the stories of his father who fought with the Union Army in the Civil War. Later he attended the School of Fine Arts at Yale. He went West and found the life fascinating enough to make his home in Kansas City, painting and working at various businesses.

In the space of two years he was

relatively successful. He became a respected artist and his works appeared in many major publications. He traveled widely throughout the West and into Canada in search of subject material for his paintings.

Remington died in 1902 after capturing what he set out to record, the ebbing frontier.

The exhibit to be displayed at Angelo State also will include works of Frank Tenney Johnson, Leonard Baskin and J. O. Lewis as well as a long list of lithographs by Currier and Ives.

The loan from the museum was made with the cooperation of Mitchell Wilder, museum director.

The Amon Carter Museum of Western Art first opened in 1961, established under the will of the late Amon Carter, founder and publisher of the Fort Worth Star-Telegram. It includes the collection originally held by Carter and many other works assembled since.

Exhibitions include the permanent collections of American paintings, sculpture and prints which are shown on a rotation basis. A reference library specializing in the museum's fields of interest is maintained in the building and is available for use during regular hours.

The museum also houses a microfilm collection of 19th century newspapers reporting the growth of the West. Photographic collections are also maintained.

There is no admission charge to the museum.

## Consumer Food News

College Station, Tex.—Fresh vegetable quality and prices are better overall, fruit counters offer reasonable prices in spite of slim pickings, and beef prices are slightly higher at Texas grocery markets this week, according to Mrs. Gwendolyn Clyatt.

The consumer marketing specialist with the Texas Agricultural Extension Service, The Texas A&M University System reports the buying situation as follows:

**Fresh Vegetables—**  
Onions and soft-shell squash supplies have increased, prices a bit lower. Head lettuce quality good, prices low. Escarole, endive on plentiful list.

**Other economical choices—** cabbage, carrots, collards, mustard greens, broccoli, turnip and greens. Green pepper, sweet corn prices are more attractive.

**Fresh Fruit—**  
Fresh fruit counters are seeing their in-between season, and old stocks are in light supply—but prices are moderate. Navel oranges one of better values—fruit is smaller, so are prices. Grapefruit reasonably priced. Apples, avocados and pears have steady or slightly higher prices.

Bananas are a good value—and strawberries have excellent quality, reasonable prices.

**Grocery Market Aisles—**  
Canned vegetables offer stiff competition to fresh ones. Other features include shortening, peaches, pears, pineapple, instant potatoes, nonfat dry milk.

**Frozen Food Chests—**  
Fine values on frozen vegetables, features on fish fillets, good values on orange juice and complete dinners.

**Beef—**  
Beef prices have advanced very slightly. By careful comparison shopping, consumers can find outstanding values, however, on chuck cuts, ground beef, liver, T-bone and round steaks.

**Pork—**  
Prices steady—with some features on loin chops, quarter-lobes cut into chops, smoked hams and bacon. Scattered values on Boston butt roasts, smoked picnics, liver.

**Poultry—**  
Some features on fryer chicken parts, turkey offers economy, and some markets featuring medium-size eggs at attractive prices.

**Consumer Watchwords:** Pasta, products make meals more economical. Enriched products are more nutritious and usually cost no more.

## Rites For Buddy Wyman

G. I. (Buddy) Wyman, 74, of Menard, died Monday morning in St. John's Hospital after an illness.

## Homemaking At A Glance

The Good Neighbor Home Demonstration Club will meet Thursday, May 19, at 2:00 p.m. in the home of Flora Riley. The program will be on weight control.

Ruthie Dacy met with the Young Homemakers Home Demonstration Club last Wednesday to talk about the American Cancer Society. This organization does such a fine job for all of us. All of the members enjoyed learning more about it.

This week I have some information for you on making French or plain omelets. Next week we will talk about puffy omelets. I hope you enjoy this information.

A famous food expert has written, An omelet is a sort of happy combination of French gaiety and French practicality. This delightfully versatile dish is light and delicate, nourishing and delicious.

An omelet, plain or filled, can be the main dish or dessert of a family meal. It also can be served proudly to the most discriminating guest. Properly cooked, it is almost certain to be a conversation piece. There are scores of variations, many of which are inspired ways of using bits and dabs of leftovers.

There are two kinds of omelets—plain or French and puffy omelets. The plain or French omelet is a delectably light, rolled egg pancake while the puffy omelet is a step short of a soufflé. Sometimes it is called as omelet soufflé.

**French or Plain Omelet**  
A French or plain omelet should be tender and light inside, moist and delicately brown on the bottom. Overcooking or cooking at too high a temperature may make the bottom dry, crusty and hard.

A proper pan is important. An omelet pan should be reasonably heavy and made of thick metal. It should be shallow with sides curving into a flat bottom. The inside surface should be smooth. Non-stick skillets make excellent omelet pans.

Many omelet enthusiasts say that you should season an omelet pan, then never wash it or use it for anything else. When a pan is new, wash it and dry it, then fill it with cooking oil to a depth of 1 inch. Place pan over medium heat for 20 minutes. Pour off the oil and wipe the pan with paper towels. (The oil can be used for other cooking.) If the omelet sticks, scour the pan with salt and paper towels.

If you must use your skillet for other cooking, season it each time before making an omelet.

How to Make a French or Plain Omelet

Equipment and ingredients:  
—Seasoned 7- or 8-inch omelet pan or skillet.

—Bowl

—Fork, whisk or rotary beater

—Warm plate or platter

—Three high-quality eggs

—3 tablespoons water

—1/2 teaspoon salt

—1/8 teaspoon pepper

—1 tablespoon butter.

1. In bowl, mix eggs, water, salt and pepper using fork, whisk or rotary beater. Do not overbeat.

2. Heat butter in omelet pan or skillet which is hot enough to sizzle a drop of water.

3. Pour in egg mixture. It should set at edges at once.

4. With a spatula or fork, care-

## AN ANCIENT DUST-UP

Like their sisters the world over, Scottish women aren't exactly tough, but they can be very determined. Black Agnes is a case in point.

Black Agnes was the Countess of March and Dunbar and she lived with her husband in Dunbar Castle on the shores of the North Sea in the days when there was constant warfare between Scotland and England.

The Earl of Salisbury took his English army north to attack the Scots. When he reached Dunbar Castle he called for surrender. Since her husband was away raising men for the fighting, Black Agnes took command and refused to give up the castle, reports Teacher's Scotch Information Centre.

The earl brought up his "artillery," wooden machines which fired great boulders against the castle battlements. Every time a hit was scored, the countess would appear and dust the spot with her lace handkerchief, to show her contempt for the enemy.

She held the castle against the siege for six weeks, and then her husband returned with his troops and routed the earl. The countess waved him off with a lace handkerchief.

Wealthy ladies in ancient Rome sometimes washed themselves in a sugary mixture consisting of 20 pounds of crushed strawberries and two pounds of raspberries.

### 'Sayonara' Theme Of Junior-Senior Banquet

Sayonara, meaning Farewell, was the theme for this year's Junior-Senior Banquet and Prom honoring the Class of 1977. The festive affair was held last Saturday evening, March 26, at the Memorial Building. Predominate colors were pastel pink, blue, and yellow featured in murals, tables, and paper streamers. Focal point was the front garden with a waterfall fountain and cherry trees in the foreground.

Room mothers under the direction of Mrs. Ted Short, chairman, prepared the food. The menu consisted of fruit salad, Oriental chicken, English peas, green rice, and coconut cake. The serving table, designed by Mrs. Mort Mertz, was covered with a blue cloth and held silver serving pieces, brass and crystal candleabra, and spring flowers in a brass urn.

The meal was served by ten freshman servers selected by the Junior class. The serving girls wearing pink brocade kimonos were Lori Griffin, Kim Higdon, Toni Fatheree, Jolynn Jay, and Lorie Powell. The boys in white trousers topped by printed kimono shirts were Tommy Minor, Mickey Nixon, Kurtis Homer, Charlie Bradley, and Michael Mertz.

Following the invocation by Larry Fatheree, the Seniors and other honored guests were greeted by Willie Day, president of the Junior class. The response was given by Lynn Whitaker, Senior class president. Highlights of the banquet were the reading of the Junior Prophecy, the Senior Will, and the presentation of the Prom King and Queen. Prophesying for the Seniors were Juniors Steve Kuykendall, Janette Hanusch, and Shannon Wilkerson. Lynn Whitaker and Billy Bob Harlin read the bequests of the Seniors to the Juniors. Willie Day and Donna Casbeer announced Judy Nicholson and Lynn Whitaker as this year's Prom Queen and King and presented them with frames to hold the pictures made after they were presented to the group. After a brief intermission, the dance began with music by Born Yesterday from Austin, Texas.

Chaperones for the evening were Mr. and Mrs. Ten Short and Mr. and Mrs. Ernie Higdon. Junior sponsors are Mrs. George Scott, Mrs. Jack Moore, and Mr. Wayne McDonald. —March 31, 1977.

### Nursing Home Notes

(Delayed Report)

Last week was uneventful in the Home. Residents are doing as well as usual.

The St. Luke Missionary Baptist here was supposed to conduct the service on Sunday afternoon here in the Dining Room but, for some reason, were not able to be here. Edgar Sauer led in singing Gospel Hymns with Bessie Andrews at the piano and we all enjoy singing.

There were quite a few visitors during the week. They were as follows: The ones who visited Flossie Crawford were: her daughter and son-in-law, Mr. and Mrs. W. A. Stephens Jr. from San Angelo. Mr. and Mrs. R. B. McNeil from Odessa and Mr. and Mrs. B. Crawford of Mertzzen. Beulah Harris had as visitors Milton Harris, her son, from Sonora, and Mark Pian, her great-grandson from San Angelo; also her two nieces, Zella Whitten and Clemmie Vick from Sonora.

Mr. and Mrs. Lee Crump of Abilene came in to visit Hixie Potter, Hattie Blaylock's daughter, Mrs. C. C. Blaylock of Saint Anna and granddaughter, Mrs. Bob Boyet and children, were her guests last week. While they were here, they went by to see Lorena Heffernan and the W. A. Blaylocks. Elva Daniels's daughter from Mertzzen visited her Sunday and went to church with her.

We are always glad to have visitors.

Our Bingo winners on Friday, May 6th, were Beulah Harris 2, Elva Daniels 2, Bess Andrews 2, Carrie Blakeway 2, LaVita Brooks 1. Come to see us!

### Help Your Dishwasher Do A Better Job For You

The purpose of having a dishwasher is to help make life a little easier for the homemaker. But on occasion it may become a source of frustration by not doing the job expected of it.

Whirlpool home economists advise there are several things that affect the performance of an automatic dishwasher and they can be easily solved with a little knowledge and help from its user.

If you think your dishwasher is not performing satisfactorily, here are some tips the home economists offer to help solve some of the most common problems.

• **Spotting and filming**—May be caused by hard water or not enough detergent. Select detergent with highest phosphate content available and fill detergent dispensers to capacity. Also use fresh, dry detergent and store it in a cool, dry place out of children's reach. Old or damp detergent just won't do the job. Do not overload racks and make sure large items do not block water from the spray arm. Check your rinse conditioner dispenser to see if it needs refilling. If your dishwasher does not have a dispenser, try a rinse conditioner such as solid Jet Dry® and hang it from the top rack.

To remove spots and film, periodically try a vinegar rinse. Wash and rinse load as usual but omit the dry portion of the cycle. With load still in the dishwasher, set a bowl or one pint glass measure containing two cups of white vinegar on bottom rack. Run dishwasher through a complete cycle. If after trying the above suggestions you still

are not achieving the desired results, it may be necessary to install a water softener.

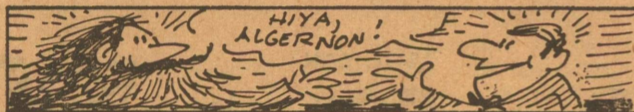

• **Dishes not washing clean**—The Whirlpool home

economists say the primary culprit is water not being hot enough...it should be 140° to 160° F. Improper loading, blocking of spray arm, or not enough detergent can also be responsible for lack of cleanability. It may be that the water pressure is low and the dishwasher is not filling properly. To assure correct filling, try not to use water for other purposes while the dishwasher is running.

• **Dishes and interior of dishwasher turning yellow.** This is probably due to iron or manganese in water. A temporary remedy the home economists suggest is to use a "one-wash" cycle. When dishwasher fills for the wash, stop the machine and add 1/4 to 1/2 cup of citric acid crystals (available in drugstores and some supermarkets). Re-start the dishwasher and let it complete the cycle. The permanent solution to this problem would be the installation of an iron filter.

Automatic dishwashers are designed to save you time and trouble, but they need your help. Just follow the manufacturer's instructions and suggestions, and it will be your faithful dependable servant every day for years to come.

# NEW TOMORROW

If I had time tonight, I might be a bit frightened. But just now, there's time to feel only excited and happy. It's funny . . . when you're a little kid, it seems as if you go to school forever. Then all of a sudden, it's graduation night, and you know that this is an end and a beginning all at once.

Mom and Dad will be out in the audience, and so will Dan. He sent me these roses. Our minister will be out there too, and I hope he'll notice that the smile I send in his direction will be a particularly grateful one. How often I've gone to him with my childish troubles, only to have him treat them as seriously as if they were of world-shaking consequence. It was he who really taught me how to pray.

He taught me so many of God's lessons. And I am sure that throughout my lifetime I'll be learning them anew and repeating them over and over again. How wonderful to realize that this commencement, this end of an era, is really the beginning of a new tomorrow.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
