NURSING HOME NOTES

A Belated Happy Easter! Some people in our town, I'm sure, visited loved ones in other towns and in our own town Sunday, while others had visitors for Easter from out of town.

Several of our Residents who had visitors from out of town, were as follows: Mr. and Mrs. R. B. McNeil of Odessa were here visiting her mother, Flossie Crawford.

Elva Daniels spent the day in the home of her daughter, Mrs. Hanson Nixon, and another daughter who lives in Marton was there also. Gary and Billy Dean Donaldson from San Angelo came by to see their grandfather, Ebbie Donaldson.

Smiley and Jewel, Sudduth of San Angelo visited with Lizzie McAngus and others Easter Day. Myrtle, Mrs. Sudduth, Neva Boyer of Dallas was an Easter visitor.

The Rock Church of Christ conducted car service in the Dining Room Sunday afternoon and there were several from that church present. Smiley and Jewel Sudduth of San Angelo were here for the service and he conducted the singing of several old familiar hymns and we all enjoyed singing.

Some friends and relatives of some of our residents came in for the service and we appreciated their coming.

We wish that friends from out in town would come in for our service every Sunday afternoon. We meet at 3:30 and we think you would enjoy it.

We have a new resident in our home: Edwin DeLong of San Angelo, and we hope that he will enjoy his stay here, and that he can soon be out of bed and be able to be in the Hall and Dining Room and take part in our activities, each week. We all enjoy the different things that Ruthie conducts for us, and it makes the time pass more pleasantly. All of the other Residents are as well assured I believe for which we are very thankful.

The winners in our Bingo game last Wednesday were: Bess Andrews, 3 games; LaVita Brooks, 2; Beulah Harris, 2; Maggie Sluder, 1; Luther Garrett, 1; Elva Daniels, 1; and Friday winners were: Erna Rexroat, 3; Bess Andrews, 2; Beulah Harris, 2; Elva Daniels, 1.

Last week some girls from the First Methodist Church were here and brought some beautiful Easter baskets, each one containing several colorful Easter eggs. They were very sweet and thoughtful and we each one appreciated it very much. The baskets were hand made, too. Things like that, that people in town do for us, cause us to realize that we are still thought of since we are not out in town mixing and mingling with people like we used to do. Come to see us.—LaVita Brooks, rep.; Beulah Harris, rep.

The Lester Dahlberg family have moved a house to their farm just west of Eldorado. They purchased it a while back from the east-west freeway route in San Angelo.

County Commissioners Approve Rate Hikes Across The Board

At their regular meeting Monday, with County Judge Robert L. McWhorter presiding, the County Commissioners approved the recently proposed pay hikes amounting to 16% for elected officials. Also approved were 10% hikes for county employeess.

Judge McWhorter cited the larger increase for elected officials as being due to the 6% increase in pay voted for the employees back in 1975. The schedule of the present and proposed pay scales was printed in The Success in a Legal Notice two weeks ago.

In other business, the Court continued to consider the necessary arrangements for the operation of the swimming pool, which usually opens for the summer season about the end of May. Ilse Williams and Ben Fatheree have applied to serve as managers, but the Court tabled action on selecting a pool manager until a subsequent meeting.

Mrs. Helen Blakeway, the newly named County Clerk, read the minutes of the March 28th meeting.

The Court also looked over papers pertaining to the retirement plan, and canvassed the votes in the recent school elections.

They approved a Council of Governments Grant for engaging an architect if and when a new County Jail is in the works.

A few citizens were on hand to request improvements to the outlying county roads, and to put gates on county roads at boundary fences, but these requests were also tabled for the present.

The Commissioners set June 28th for the Board of Equalization to convene.

Post Script

The vote last week . . . I remember when the city and county was divided nearly 10 years ago when they voted wet or dry. When the votes were counted, the results were:

DRY VOTES	350
WET VOTES	358

The county went wet, for the first time in decades, and immediately there were three wet establishments in town.

The Dries were heard to say, "Just wait a year and we'll have another election and we will vote us dry again"

It never happened. The year went by and the people got accustomed to being wet, and they never bothered to bring it up again.

We hope that the Unincorporation would never come again.

Last summer a Christoval promoter put a game center or pool hall in the Kempsky building across from the Court House. The enterprise was called the Family Recreation Center and was operated until early Fall, and was the third such business in Eldorado. It closed after a time and the equipment just stayed in the building. About a month ago, the equipment was removed and now the larger Kempsky unit is vacant again, with an uncertain future. Next door, Mrs. Shirley Trimble has her fabric shop going.

Stamp Collecting—A Licking Experience

Would you pay \$280,000 for a postage stamp? That price was paid at a 1970 auction for the most valuable stamp in the world.

Philately, stamp collecting, is a popular hobby. It started in 1840 when the first postage stamp, a picture of Queen Victoria, was issued in Britain.

Some stamps used today are the same size as the original, 3/4 inch x 7/8 inch. Perforations, added in 1854, eliminated the need for scissors to ship the printed blocks apart.

Today, stamps are collected by category (geography or date) and topic (type of picture). While licking your way through your stamp album, try:

STAMPER'S SIPPER
In saucepan, combine 1 can (10 1/2 ounces) Campbell's Condensed Beef Broth, 1 soup can cranberry juice, 1 teaspoon honey and 1/8 teaspoon ground cinnamon. Simmer 5 minutes to blend flavors. Garnish with orange slices, if desired. Makes about 2 1/2 cups, 2 servings.

KITCHEN FASHIONS

A good way to cook up a look of class for your kitchen is to use pots and pans with pizzazz—and put them up around the walls or even suspend them from the ceiling.

ATTRACTIVE COOKWARE can improve the look of an entire kitchen.

Some come with chic stripes in warm tones of brown and gold on a porcelain exterior of speckled cream. Made by West Bend, they have coordinated brown lids and brown handles that are safe in preheated ovens up to 350°F.

Just because this cookware is smartly styled doesn't mean it isn't styled to do a smart job on the range. It features an interior of "SilverStone" premium non-stick surface created by Du Pont. In addition, it's constructed of heavy gauge aluminum, preferred for its fast, even heating qualities.

This cookware can add a touch of excellence to your cooking, ease to your cleaning and elegance to your kitchen.

LINE ONE is the base rate portion of the monthly bill. It also shows amount of kilowatt hours used.

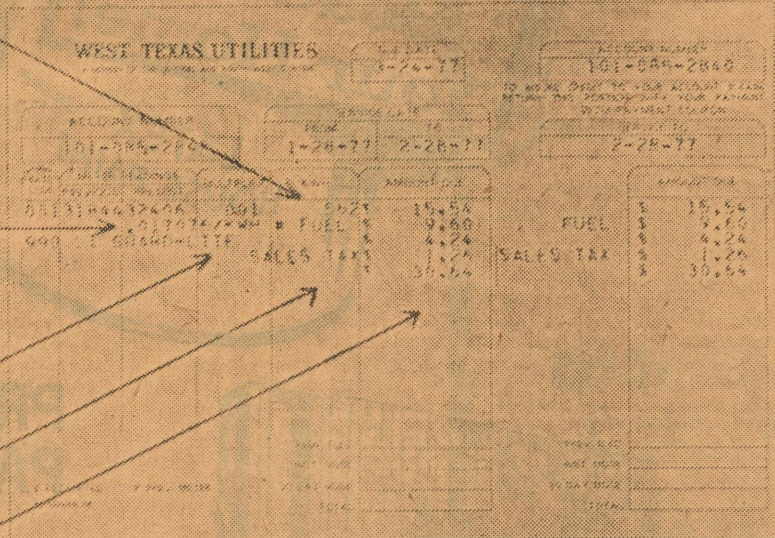

LINE TWO shows the fuel adjustment separately. The fuel adjustment has been part of the rate since 1959, but until now has been included as part of the base rate on your bill. The six-digit number shown 1.017976 is the fuel adjustment factor. This factor reflects the difference between the price of fuel this month and the price in 1959.

This adjustment factor is then multiplied by the number of kilowatt hours used by you, the individual customer.
Example: .017976 x 562 = \$9.60

LINE THREE shows any charges for other electric services, which on this bill includes a Guard-Line.

LINE FOUR shows the amount of SALES TAX remitted to the STATE.

LINE FIVE indicates your total bill for electric service.

Remember REDDY Supplies the energy— but only YOU can use it wisely!

Mark Your Belongings: Help Prevent Crime

The Eldorado Woman's Club has placed a tool in the Sheriff's office to be used by the citizens of Eldorado and Schleicher County to help protect ourselves and our families against Crime.

It is available to anyone on a loan basis, free of charge, to etch your name, security number, driver's license number or other identification on your belongings.

Federated Clubs in every part of the Country are working with Law Enforcement Officers, other Community groups, and the Media on programs of Action aimed at reducing Crime.

It is a fact that crime is on an increase in the rural areas. No longer are we immune, living in Eldorado, as has been proved by

the break-ins that have occurred all too frequently in the last few years. —Rep.

Library Board Meets

The Library Board met at 10:00 o'clock Wednesday, April 6, in the Reading Room.

Mrs. Hodges, chairman, had a copy of the Crockett County History for us to examine. After looking it over we felt the Library needs a copy and that will be the next purchase.

A note from Mildred Stanford asked the Board to accept her resignation because of illness in her family. This was accepted with regret.

The librarian Gladys Gunn reported six new readers and 570 books circulated during March.

VISITORS IN ELDORADO

on Tuesday, April 5th, were Mr. and Mrs. Edward Earnest and their son, Bill, of Sugarland, Texas. For Mrs. Earnest, the former Mildred Young, it was the first visit to Eldorado in 49 years. She is the daughter of the late Reverend and Mrs. J. C. Young, he being the pastor of the 1st Methodist Church here in the 'twenties, and moving away in 1928.

Mildred visited with former classmates Margaret Frost and Jimmy West and with Elizabeth Ballew. The Earnests have retired after more than 30 years of teaching and school administration in the South Texas area. Mildred reported that Tillie, her sister, lives in Uvalde and her brother, Jesse, now lives in Corsicana. The three of them and their families have spent a week in Kerrville at the Youngs' summer home.

Consumer Food News

College Station, Tex.—Many Texas grocery markets are offering specials in beef—as prices remain stable-to-slightly higher in general. Mrs. Gwendolyn Clyatt, consumer marketing information specialist, reports.

Most-often featured cuts—which offer a savings—are chuck roasts and steaks, round, sirloin, rib and T-bone steaks, boneless roasts and ground beef, she said.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

Pork specials also are available—with emphasis on loin roasts, quarter-lobes cut into chops, Boston butt roasts, smoked picnics, bacon, sausage and liver.

At poultry counters, turkey prices are stable and fryer chickens are in good supply—offering one of the best protein choices, price-wise, Mrs. Clyatt said.

She advised consumers to buy fryers now—if home freezer space is available—for the cookout season later.

At fresh vegetable counters, potato prices are relatively low—while carrots, broccoli, mustard, collards, head lettuce and turnips and greens have economical prices. Onions, however, show a price increase due to a reduced supply.

At fruit counters, grapefruit and oranges are the highlight—with medium-to-small sizes the lower priced. Also, pineapples are specialized at some markets.

Along grocery market aisles, features are scattered, but they generally include budget buys on canned green beans, sauerkraut, corn and tomato products. Most commonly repeated items in advertisements are tuna fish, saltine crackers, pasta products, fruit cocktail and pears.

Frozen food features show pot pies in the spotlight.

Consumer Watchwords: In buying bacon, consumers may find a new back window on packages—or a full slice of bacon in a front window—to meet required packaging standards, which demand all bacon packages have a transparent area at least 1½ inches wide revealing at least 70% of the length of a representative slice.

Yams Dressed For Spring

Yam casseroles are delicious at every season of the year. Although we used to think of yams only at Thanksgiving and other winter holiday meals, this versatile vegetable is now making appearances on menus the year round. And people are discovering that yam side dishes are a great flavor companion to ham and other roasted meats.

Now, when you're planning your Easter and other spring holiday dinners, is a good time to try Orange Mallow Yam Bake. This new recipe was developed by the Home Economists in the Kraft Kitchens especially to feature the natural flavors we seem to crave with the advent of spring.

Fresh orange slices contribute a citrus contrast to the canned yams. And toasted miniature marshmallows top off the casserole with just the right amount of sweetness and an attractive finish.

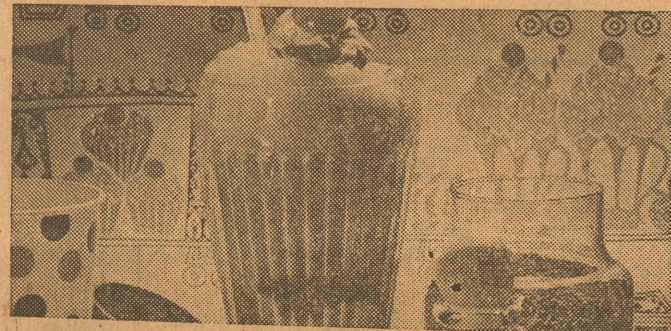

Besides being delicious, Orange Mallow Yam Bake is so easy (it takes only minutes to make it oven-ready), you'll want to fix it often.

Orange Mallow Yam Bake

- 2 17-oz. cans yams, drained
- 2 oranges, peeled, sliced, cut in half
- 1/4 cup brown sugar, packed
- 1 1/2 cups Kraft miniature marshmallows

Arrange yams and orange slices in a 1-1/2 quart shallow baking dish. Sprinkle with brown sugar. Bake at 350°, 20 to 25 minutes. Sprinkle with marshmallows. Broil until lightly browned. 6 to 8 servings

- 1 tablespoon sugar
- 1 tablespoon cold water
- Ice cream
- 1/2 cup (about) club soda or ginger ale, chilled

Combine coffee and sugar in water in a large (12-oz.) glass. Stir until coffee dissolves. Add ice cream; stir in soda. Garnish with prepared whipped topping and a cherry, if desired. Serve immediately. Makes 1 serving.

Refreshing Outlook

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

What an exciting, stimulating century we live in! There's so much to see and to do. From morning until night we're on the go, and sometimes we can't sleep because our minds are whirling with plans for a busy tomorrow.

It pays to take time to breathe . . . time to unwind. We need a way to restore our souls and bodies so that the demands of modern life will not be overwhelming.

The Christian faith offers in full measure that healing peace within us that the psalmist describes. The Christian outlook is refreshing in its sincere approach to the problems of our complex society.

Why not join your neighbors, and attend church this Sunday? Here is a way to find "that peace which the world cannot give."
