

Big Spring Daily Herald

MARTIN POPULATION UP 500 PER CENT

HOME TOWN TALK

By Beddy

Absorb this: TULSA, Okla., May 19 (AP)—After providing this city with a needed airport and developing it into a profitable enterprise, Tulsa business men will turn over the field to the municipality. How well they succeeded in their effort to give Tulsa a prominent place in aviation is shown by the fact that the number of passengers handled at the airport in March exceeded the combined February totals of Europe's three leading airports at London, Paris and Berlin. The Tulsa field cleared 9,309 passengers in March, nearly 3,000 more than the number handled by Croydon, Le Bourget and Tempelhof airports in the previous month. When the need for an adequate airport became apparent two years ago following announcement that airmail service had been obtained for Tulsa, the group of business leaders formed the Tulsa Airport Corporation...

GOING UP Four persons boarded outbound planes at the Big Spring airport Sunday, and two this morning, according to the daily report from officials. Miss Margaret Thornhill, Miss Gertrude Thornhill and E. E. Sharp were passengers on the S. A. T. plane to Fort Worth Sunday. One passenger to San Angelo used Cromwell Airlines, Inc., Sunday. Cromwell picked up two passengers for San Angelo here this morning. Corporation realizing the opportunity to make the city an aviation center might be lost if the building of an airport had to await the voting of bonds. The corporation bought 400 acres of land near Dawson, northwest of the city, and built the present airport. Almost an identical case to Big Spring's. That is, the airport was first made possible by pooling of private capital. Now, that the airport is on a profitable basis the corporation will turn it over to the city.

It would be asking too much to seek to have the local airport company to give the city the airport. It might be asking too much and it might not. That, of course, would be up to the stockholders.

Manager John Blaine of the local airport will tell you he'd like mighty well to have the port under lease personally. He manages the port for Southern Air Transport.

Traffic on the port, the number of ships serviced and passengers cleared, has doubled in the past ninety days. There'll be a time when stock in this airport will be worth plenty.

Meanwhile, however, Big Spring faces less of any chance to get two air mail lines simply because the general public feels 104 individuals should foot the bill for something the entire city is benefiting by and will reap greater profits from in the future.

The present status of this airport middle points to one of two courses: either say "we're a generation behind the times; we believe every little petty biased statement made about 104 of our loyal citizens and we wish they would tear down the hangars, destroy the lighting system, wave these airplanes by Big Spring and plant a cop on the port side."

Or, else, we've got to pitch in and, although it might take months to do it, place every fact, all details, every phase of the question before the people, and give all another chance to vote on a bond issue that would be needed to allow the city to buy and operate the port.

When the airport company was organized here there could have been no "understanding" that it would eventually be taken over by the city simply because the statute allowing cities to buy airports outside their corporate limits had not been passed, we are informed by men who practice law for a living.

These are the pertinent questions: What is the airport, a better airport, worth to the city? If it is of sufficient value then, can the city afford to buy it?

Barber Is Held In Slaying At Hobbs

UNDERTAKER, LANDLORD OF ACCUSED, FALLS WITH THREE BULLET WOUNDS IN BODY

Special To The Herald HOBBS, N. M., May 19—Charges of murder have been filed against Claude Woods, about 25, half owner of a barber shop, in connection with the killing of H. A. Dobbins, about 55, local undertaker, here last Saturday. Dobbins fell mortally wounded with three bullet holes through his body. The shooting occurred as the men stood in the rear doors of their places of business, which adjoin. The barber shop building was owned by Dobbins. The shooting was caused, it was reported, by Dobbins' refusal to light a water heater behind the building. He had pleaded that until the heater was fixed it would be dangerous to use it. Dobbins was shot twice through the stomach and once in the right breast.

Graf Zeppelin Is Moored At Seville, First Stop On Long Trip

SEVILLE, Spain, May 19 (AP)—The dirigible Graf Zeppelin landed here today at 5:40 p. m. (12:40 p. m., e.s.t.) completing the first lap of her flight to South America. FRIEDRICHSHAFEN, Germany, May 19 (AP)—The Graf Zeppelin sped southwestward today toward Seville, Spain, where it will stop over night before continuing across the Atlantic and the Equator to Pernambuco and Rio Janeiro, Brazil. Before returning to Friedrichshafen, three weeks or more from now, Dr. Hugo Eckener, the ship's master, hopes to traverse about 18,000 miles—a third second in scope only to the Graf's circumnavigation of the globe last fall. From Rio Janeiro the craft will fly to Havana and Lakehurst, starting the return trans-Atlantic trip from the latter port.

Air Heavy The giant Zeppelin, which now has been superseded as to size by two British craft, left here at 5:15 p. m. (11:15 a. m., e.s.t.) under a murky sky. So heavy was the atmosphere that it was necessary to lighten the ship's load by a ton, half in water ballast and half in oil. Save for friends and relatives of 22 passengers and 42 officers and crew few witnessed the departure. Seven minutes before the ship was released into the air it poked its nose through the hangar doors. The band played Deutschland Uber Alles, wind from the propellers kicked up a sandblow fess from the field, and the trip had begun. From Friedrichshafen Dr. Eckener set his course across Lake Constance to Basel, Switzerland. Of the 22 passengers aboard, six planned to disembark at Seville, to make room for others who will fly to Rio Janeiro. Among those boarding the ship at Seville will be Mrs. Mary Pierce of New York, whose persistence in making the unlucky trans-Atlantic trip of last May against the wishes of her family almost brought diplomatic intervention.

Four Americans Four of those aboard now are Americans, among them George Crouse of Syracuse, New York, who has flown with the ship before, and his sister, Mrs. Durston, of Syracuse. Four are women, among them being Lady Grace Drummond Hay and Frau Hammer, wife of Fritz Hammer, who has been asked to pilot the Dornier plane, DO-X on its projected flight to South America. The ship is carrying fuel and supplies sufficient for 120 hours of flying, and these will be replenished at Seville, where arrival was expected between 5 p. m. and 6 p. m., this afternoon (between noon and 1 p. m., e.s.t.) in view of the expected hot weather crossing the Equator there are 1,500 pounds of ice and an unusual supply of water ballast aboard.

From Friedrichshafen to Seville is about 1,500 miles; from Seville to Pernambuco, or Recife as it is also known, is about 3,750 miles and from Recife to Rio Janeiro about 1,250 miles. This makes a total of about 6,500 miles the ship must traverse before turning northward for Havana and the United States.

Bunk Harris Goes To Penitentiary Without A Guard The state penitentiary accepted one prisoner from Howard county last week, according to Denver Dunn, deputy sheriff. Bunk Harris, under a nine-year sentence for assault with intent to murder, was allowed to go to the penitentiary without a guard. He left Friday and reported to the warden of the penitentiary at Huntsville. Harris' sentence was affirmed by the court of criminal appeals. At the present time three are awaiting transfer to the penitentiary. T. F. Nabors, under a 30 year sentence on a statutory offense, E. F. Brown, one year sentence for violation of the liquor law, and D. N. Harris, under a similar sentence, are to be sent when word is received they will be accepted at the prison.

Two indictments are pending against D. N. Harris.

The Weather West Texas: Fair, warmer in north portion tonight; Tuesday partly cloudy. Oklahoma: Fair, warmer in west portion tonight; Tuesday partly cloudy, warmer. Civic Committee To Meet Tuesday A brief, but important meeting of the civic committee of the Chamber of Commerce has been called by the chairman, E. F. Robbins, for 8 p. m. Tuesday in the Chamber of Commerce.

SENIORS HEAR REV. OWEN

IMPRESSIVE SERMON IS DELIVERED

New Baptist Church Is Taxed Beyond Capacity

The auditorium of the new Baptist church was taxed past its capacity and it was impossible to place enough chairs to seat the large crowd of relatives and friends that wanted to take part in the Baccalaureate services yesterday for the graduating class of the Big Spring high school. The sermon delivered by Rev. R. L. Owen on the theme, "What Is Thy Name," was one of the most impressive heard in years. Musical Numbers The musical numbers directed by Mrs. Bruce Frazier, assisted by Mrs. Omar Pitman at the piano and Mrs. Robert L. Fullen with the violin, made up a musical program of unusual attractiveness and kept the waiting crowd in sympathetic attention, during the first part of the services. Mrs. Frazier was also assisted by Mr. Herbert Keaton who gave a vocal solo. The choir was composed of choristers from all the churches of the city. Thornton Crews, minister of the Church of Christ, and Rev. D. R. Lindley, pastor of the Christian church, assisted Mr. Owen.

The professional of the seventy-three seniors in their dignified caps and gowns was particularly impressive in relation to the growth of the city and the growing importance of the schools. They marched in from the two side entrances and occupied more than half of the center section of the pews. The high school faculty accompanied them. The speaker's text, which was from Genesis 32:27, dealt with the importance to primitive people of the individual's name. He commenced with the question Saul asked David, "Whose son art thou?" He tied the name of the character and reputation of the person, recalling the Hebrew custom of giving children names that had particular meaning and the Indian custom today with which we are familiar.

Family Names Mr. Owen then proceeded to the realm of science, art and literature for the purpose of encouraging world thoughts in students who were leaving for a larger sphere. He said that three things were necessary. Individual integrity he put first. After that came an open mind and a willingness to receive the truth on every hand. Last, a world outlook. He quoted Disraeli who said to Englishmen: "Get your mind out of the parish and see an empire."

He pointed to Woodrow Wilson as the best example of a world citizen and an inspiration for every student. In a short summary he mentioned some of the world questions which high school students are not too young to be interested in, such as world temperance, world peace, world disarmament. Youth's Problem These problems and those near at home, such as the problem of the modern youth, he declared, could be solved by identifying one's self with God, the source of power. If Christ could take twelve fishermen and give them a world outlook the opportunities were no less limitless for the citizen of today, who would follow his example and keep an open mind.

He concluded with question, "Whose son am I?" and referred his hearers for reply to the one who wore the character of the son of God saying that one's character, good or bad, was the banner which flaunted his name and what it stood for to the waiting world.

INFANT BURIED The infant child of Mr. and Mrs. E. L. Johnson, which died at the family home seven miles from here, at 5:45 p. m. Saturday, was buried at 2 p. m. Sunday. Rev. Hall officiated at the burial service. The parents and five brothers and sisters survive.

BYRD IN PANAMA ON WAY HOME

Near Admiral Richard E. Byrd paid a visit to Panama on his way home from the Antarctic. In this Associated Press telephoto the explorer is shown shaking hands with the president of that nation, Florindo Harnodio Arosemena in front of the presidential palace at Panama City.

EXAMINER RECOMMENDS THAT ABILENE & EASTERN ROAD BE BUILT; T. & P. OPPOSED LINE

112 BOYS OF COUNTY JOIN 4-H PROGRAM

54 FIVE-ACRE TRACTS DEVOTED TO PURE MISO DEMONSTRATIONS

One hundred and twelve Howard County 4-H Club boys will conduct 139 sizeable demonstrations this year. Ten community clubs are represented in the projects. Sixty-four five-acre pure miso demonstrations with cow peas intertilled will be conducted with the hope of stimulating more interest among Howard county farmers in growing pure miso as a means of increasing production and net returns per acre. Field seed selection will be practiced in connection with the miso demonstrations to keep the miso pure and the producing quality high. The intertilled peas will serve as the soil building part of the program, and the hay produced will serve to supplement miso and other home grown feeds in the baby beef feeding demonstrations.

Twenty seven cotton demonstrations will be conducted with the object in view of serving to stimulate interest in the growing of pure staple cotton of the varieties and strains which have proven to be the most productive and which will return the greatest net profit per acre for this section. Baby beef demonstrators total 20. Young farmers entering this branch expect to learn the art of feeding for profit, as well as furnishing a home market for feeder calves which are produced in this section, and a market for surplus grain produced here each year.

Twenty-eight poultry demonstrations with a minimum of 100 purebred baby chicks or 30 laying hens will be held. The growing of strong, healthy baby chicks is the primary object, coupled with standardization of many flocks of mixed-breed chickens with their purebred brood of fowls. The laying hens serve to instruct the youths in economical egg production.

NATIONAL Boston at New York, postponed. (Continued On Page 8)

TEXAS RIVERS GROW MORE MENACING

DALLAS, Tex., May 19 (AP)—Swirling flood waters today advanced threateningly on farmlands and cities in central and northeastern Texas and in southwestern Arkansas. Skies had cleared again after violent storms Saturday night and Sunday over these areas, but four fatalities had been counted in the wake of the storms. Rivers gathering their rising tides after the downpour were the Red, the Trinity, the Brazos, and the Colorado and its tributary, the Guadalupe. Sudden new rises in the Brazos River and its tributary, the Bosque, last yesterday threatened inundation of east Waco. Practically every highway out of the city excepting to the north, was closed or traffic was delayed. Texarkana Near Texarkana, raging waters of the Red river cut off highway and railroad traffic, swept away highway bridges and forced hundreds of lowland residents to higher ground. Based upon predictions of the Shreveport weather bureau, flood stage was expected to be reached at all Red River points some time today. Rescue parties were battling the currents to bring out marooned residents. Levees near Fulton were reported weakening under the Red River's pounding. Texarkana reported yesterday that rainfall there within 72 hours had amounted to more than 13 inches, establishing a record. The Big Cypress, Black Cypress and Little Cypress creeks, running into Caddo-Lake near Jefferson, Marion County, Texas, were out of their banks last night and rising steadily. Jefferson Residents estimated that another foot rise would put water over the courthouse lawn in Jefferson. More than a third of the total acreage of Marion county was reported under water, and farmers had fled to higher ground. Traffic was halted last night on all roads into Corsicana, which reported that Navarro county, where a tornado two weeks ago took 22 lives, was drenched by 2.76 inches of rain Saturday night and Sunday. Numerous washouts were causing delays on train schedules of the Texas & Pacific, Missouri-Pacific, Cotton Belt and Texas & Louisiana in northeastern Texas. A seven-foot rise yesterday in the Guadalupe River near Kerrville shut off traffic from San Antonio over the Old Spanish Trail. Rainfall here had amounted to 2.56 inches. The Guadalupe's rise halted nearly 600 motorists at Comfort, at a crossing. George Paine, son of Mr. and Mrs. J. R. Paine of Center Point, was drowned near his home when he and three other boys attempted on a "dare" to swim the Guadalupe. Killed Three negroes were killed Saturday night in southwestern Dallas county when a severe storm demolished homes and buildings near Ovilla and De Soto. The Trinity River, which had been receding from last week's floods until the rains of Saturday night and yesterday, today was still rising. At Madisonville, on its lower reaches, it was reported last night as having reached flood stage and was backing into sloughs. Inundation of 25,000 acres of land was threatened in Madison county. Blackened ruins of a Texas Company oil tank near Houston today were evidence of the electrical storm which struck Saturday

TOTAL FOR MIDLAND RELEASED

Martin County 5,793; Midland 5,482; Odessa 2,407

Population of Martin county increased 500 per cent from 1920 to 1930, it is disclosed by announcement of its 1930 population by P. C. Beard, district supervisor of the fifteenth decennial census. Martin county's 1930 population is 5,793 compared with 1,146 in 1920. There are 770 farms. Final and official announcement of Midland's population also was released by Mr. Beard, whose office indicated Big Spring figures might be ready by Wednesday.

Midland's population is 5,482 compared with 1,795 in 1930 an increase of 3,687 or 320 per cent. Population of five farms were included in the Midland figure. Odessa established a green record, counting a total of 2,407, eight farms included. No comparative figures were available as the city was not enumerated as a unit in 1920. The complete figure for Ector county of which Odessa is the seat, was 3,958. There were no comparative figures for the county. Mitchell county reported a total of 14,184, compared with 7,527 in 1920, or an increase of 88.7 per cent.

OKLAHOMA CITY, May 19 (AP)—Virtual assurance having been given that Oklahoma's capital will show the largest population of any city in the state, the 1930 census rank has been established. While there has been no official announcement regarding the status of Oklahoma City's population count, civic organizations that have been making an unofficial check have announced that indications point to around a 100 per cent increase over the 1920 figure of 91,390. Seminole, center of one of the largest mid-continent oil fields, showed the greatest percentage, lumping from a village of 854 in 1920 to a city of 10,332 in 1930. Wewoka, third oldest city in the state, showed the second greatest percentage increase of the cities and towns that have reported, with Duncan and Ponca City fourth. These figures were 1,109.8 per cent, 69.9 per cent, 139 per cent and 113 per cent respectively. Pawhuska was the only city above 5,000 population to show a decrease, the figure being 14 per cent.

The rank of first ten cities above 5,000 population that have reported has followed: Tulsa, 140,631, increase 68,456, or 57.7 per cent. Muskogee, 32,008, increase 1,749, or 5.7 per cent. Enid, 26,531, increase 9,745, or 38.8 per cent. Shawnee, 25,278, increase 7,728, or 31.6 per cent. Okmulgee, 18,014, increase 534, or 14 per cent. Ponca City, 15,833, increase 8,497, or 113 per cent. Ardmore, 15,789, increase 1,608, or 11.2 per cent. Bartlesville, 14,744, increase 323, or 2.2 per cent. Chickasha, 14,019, increase 8,340, or 38 per cent. Lawton, 12,115, increase 2,185, or 35.6 per cent.

WASHINGTON, May 19 (AP)—Suggestions for a recount of the capital's population today followed the announcement by the census bureau that the 1930 total was 185,716, a gain of only 11 per cent over the 167,571 count ten years ago. (Continued On Page 8)

News Of Big Spring Society

Senior Hi P. T. A. To Talk Library

A special call meeting of the Senior High School P. T. A. is announced for Wednesday afternoon at 4 o'clock at the usual place. Mrs. Ira Driver reminds all members of this P. T. A. that this will be the last meeting of this year and that important business is before the organization to be finished before the summer adjournment. Among the items to come up will be the library petition. Because the P. T. A.'s are sponsoring the library movement Mrs. Driver asks that all members of the Senior high, which will get particular benefit from a county library, come prepared with ideas and helpful suggestions for helping facilitate the petition drive.

Mrs. Chas. Groff Honoree At Party

An informal party complimenting Mrs. Charles Groff who plans to leave soon for an extended visit with relatives in St. Paul and Minnesota was given Saturday at the home of Mrs. W. C. Bray by the members of the Big Spring Study Club and the Killars Bridge club, of which organizations Mrs. Groff is a member.

Following an hour of visiting refreshments were served carrying out the colors of the Big Spring study club which are red and white. Plate favors of red roses were given.

Mrs. L. E. Eddy, president of the Big Spring Study club, expressed the appreciation of the two clubs for the active interest Mrs. Groff had taken in them and presented her, in their names, with a pin seal purse of dark olive green, and a handkerchief.

The guests present were Mesdames Louis P. Bibes, L. S. McDowell, L. E. Eddy, George A. Beard, O. S. McAlister, John McTier, Tom Slaughter, W. A. Komanour, J. B. Debridge, J. W. Riggs, C. G. Glascock, R. W. Lang, E. D. Norman, Charles Koberg, L. L. Freeman, J. L. Sullivan, Clint Rutherford, J. C. Douglass, B. F. Walker, C. S. Diltz, J. S. Nunnally John Woodley and Chas. Groff.

Eastern Star Plans Memorial Services

The Order of the Eastern Star will hold its regular meeting tomorrow night at 7:30 in the Masonic Temple.

The meeting will be especially important because final plans will be made for the school of instruction to be held in Big Spring commencing June 2. It is stated that eight grand officers are expected to be present and probably two hundred visitors, which will call for the cooperation of every member of the organization.

The election of officers for the coming year will also take place.

Plans for the meeting include a memorial service for the members who have passed away during the past year. There were five this year: Mrs. Nettie Fisher, Mrs. Hannah Martin, Mrs. Josephine Stephens, Mrs. Tom Hutto, and Mr. J. L. Musgrove.

The Study Circle will meet tomorrow at 3 and 6:30 in their respective places in the Masonic Temple.

ROSEBUD—Estimates being made on street paving.

Musical Program At Jr. P. T. A.

An attractive musical program has been planned for the Junior High School P. T. A. which meets tomorrow afternoon at 4 o'clock.

Miss Nancy Bell Phillips will give a selection on the piano. Miss Doris Cunningham will give a reading. Mrs. R. L. Owen will give a piano solo.

The meeting will then be turned over to business affairs relative to unfinished activities of this P. T. A. The matter of the county library petition will come up and the importance of it explained, as well as the need for signatures, according to the request of the county commissioners.

This promises to be one of the most interesting meetings of the year and a good attendance is expected.

North Ward P. T. A. Elects Officers

At an unusually peppy and interesting meeting the North Ward P. T. A. met last Thursday for a short program and the election of officers.

The children of the three grades gave a Dutch dance and an Apple Song before the audience of mothers.

Mrs. Herbert Lees, retiring president, took charge of the meeting and the election of officers for the coming year. Mrs. J. F. Skalisky was elected president; Mrs. Herbert Lees, first vice-president; Mrs. L. L. Bugg, second vice-president; Mrs. J. J. Throop, secretary and treasurer; and Miss Audrey Phillips, reporter. The county library campaign was explained and the cooperation asked and given of everyone present.

The last meeting of the school year will be held tomorrow afternoon. The officers will be installed and the final business matters attended to. Plans are being made for a picnic afterward if the weather permits.

Mrs. Gary Has House Guest

Mrs. F. F. Gary and Mrs. Charles K. Bivings have as house guest today Mrs. John T. McElroy of El Paso and Deming, N. Mexico. Mrs. McElroy has recently returned from a year spent in a trip around the world. She plans to spend the summer on the N. A. N. ranch near Deming which she had made over into a model ranch home before her trip abroad.

The N. A. N. ranch, according to the El Paso Times, has established a precedent for New Mexico ranches which are already said to be the most enjoyable in the United States. A large ranch home was erected in Spanish style of architecture, with a swimming pool and tennis courts to correspond. It is said that the architect was instructed to turn the side of a hill over to landscape artists for beautification. The place is now one of the show places of New Mexico.

Mrs. Bivings plans to visit Mrs. McElroy later in the summer.

Mrs. R. L. Carlock, Jr., of Fort Worth, is spending a few days this week visiting Mrs. Charles K. Bivings of Washington Place.

FREDERICKSBURG—Office of Central Power & Light Company formally opened.

Seeking High Office

Six women of Middle West seeking high political office include Mrs. Ruth Hanna McCormick (top center), Mrs. June Finkle (top left), Dr. Jennie Callias (below right), Mrs. Robert Q. Lee (below left), Mrs. Maud Moross (below center) and Miss Gladys Pyle (top left).

CHICAGO, May 19 (AP)—Look to the middle west for an answer to the question: "Do women take an interest in politics?"

Six of them, from the cotton country of Texas to the industrial centers of Michigan are out for important offices in a like number of states. A score or more other women will be satisfied with lesser political jobs, state legislature and state administrative posts.

Ruth Hanna McCormick is the republican senate candidate in the republican state of Illinois. Dr. Jennie Callias of Omaha is a democratic senatorial candidate in Nebraska. In Texas Mrs. Robert Quincy Lee, widow of a congressman, would take his seat, and in Iowa Mrs. June Finkle of Hastings, a democrat, disputes a congressional post.

Gladys Pyle, South Dakota's secretary of state, is a republican primary candidate for governor with four men opponents.

Old age compensation will be one of the main talking points of Mrs. Maud Moross, of Detroit, who seeks the republican nomination for congress from the sixth district.

The opponents the women face this year will test thoroughly their campaigning ability. Mrs. McCormick must face the former demo-

Missionary Play Draws Full House

A missionary pageant was presented at the First Baptist church last night in place of the regular services, the pastor being in attendance at the Southern Baptist Board meeting in New Orleans. The pageant, entitled "Youth and Ambition," was written by students of the Volunteer Band of the Southwestern Baptist Seminary in Ft. Worth for the purpose of presenting it before churches in Texas and encouraging interest in missionary enterprises. Five students from the seminary came to Big Spring to train local talent and assist in putting on the pageant. They were Mr. and Mrs. Dan Miller, Miss Marion Bossmeyer, Miss Charlie Mae Anderson and Mr. Warren Huyck.

Huyck and Charlie Mae Anderson, Mrs. Dan Miller took the part of the Spirit of Christianity. The rest of the cast was composed of local girls. Evelyn Whitman played Vice; Ethel Vandergriff, Worldly Pleasure; Frances Mason, Spirit of Missions; Eupha Barton, the Madonna. Packed House Each character was dressed to suit the part and the play was reported to be splendidly presented to a packed house. Miss Frances Mason, in the role of Spirit of Missions, received the most compliments for her interpretation of this part. She is a teacher in the Mexican school, and is in training for missionary work. Others who took part in the presentation were Misses Junita Dowsett, Lallah Wright, Elwyn Walling; Mrs. P. E. Martin; Mr. John Smart, Mr. Roy Clayton, Mr. Kenneth Kendrick. Musical Features The musical numbers added to the effectiveness and color. Especially enjoyed were the solo by Mr. Dan Miller, "The Waiting World" and the duet by Mr. Dan Miller and Mr. Warren Huyck, "How Long Must They Wait?" Mrs. Bruce Frause, choir leader of the First Baptist church, assisted

by Mrs. Tom Mercer, pianist, conducted the congregational singing which preceded the pageant. At the close a plea was made to enlist volunteers for the foreign missionary work. Several children from the Junior Department of the Sunday school responded. Miss Elwyn Walling also offered her services. Presbyterian Gifts Depicted In Play The Women's Auxiliary of the Presbyterian Church celebrated its birthday last night with a pageant depicting birthday gifts of the Auxiliary to church causes. Mrs. W. C. Barnett was chairman of the Pageant Committee. Mrs. Lee Weathers was the director and credit for the able presentation has been given to her ability in fastening and directing the play. The idea underlying the pageant was to tell the public about the good causes supported by gifts from the Women's Auxiliary. Each gift was represented by a member of the Auxiliary dressed in appropriate costume. In addition a

group of young girls were arrayed as angels of light. Devotional The program was opened by a devotional service conducted by Rev. R. L. Owen, pastor of the church. Mrs. W. C. Barnett gave the prologue explaining the discouragement of the church until it becomes aware of the variety and importance of the gifts. Mrs. H. S. Faw represented the church. She was supported by Mrs. Johnson as a widow; Margaret Owen and Louise Wood, representing two small children of the widow; Mrs. Emory Duff as the Church Auxiliary. Mrs. Barnett also took the role of Ministerial Relief, and came in dressed an old broken-down preacher who needed the gift from the women. Previous Gifts Previous birthday gifts of the Auxiliary to various state and foreign schools in past years were represented by the following women: Mrs. Ruby Stanley, Japan; Mrs. S. L. Baker, Texas; Mrs. Irene Krause, Virginia; Mrs. Tucker, Brazil; Miss Agnes Currie, Oklahoma; Mrs. Robert Parks, Korea; Mrs. Raymond Dunagan,

Alabama; Mrs. Frank Jones, Mexico. Each woman bore a candle and to the eight was added the ninth candle, which gave the play its name, the candle of Ministerial Relief. The program was concluded with a silver offering. The girls playing the roles of angels were: Melva Gene Handley, Elizabeth Hanson, Vernice Hanson, Mary Gene Dubbery, Clara Bailey, Fannie Sue Head, and Virginia Cushing. Dr. James R. Barcus and Calvin Boykin returned last night from a week-end fishing trip spent in the neighborhood of Fort Stockton.

Herald Patterns

A STYLISH FROCK FOR THE GROWING GIRL

6449. Printed pique was used in this instance, with organdy for collar, tie, belt and pocket facings. The upper and lower portions of this dress are joined in graceful curves. Plait fullness is inserted at the centre of the front below the belt. Convenient patch pockets are added. A simulated pocket opening on the front affords a chic finish. A rolled collar outlines the V neck. As pictured in the large view, the dress has a short cap sleeve really an elongation of the shoulder line, but a wrist length sleeve portion is provided, as shown in a smaller view. It is finished with a hand cuff, to which the sleeve is gracefully gathered.

The pattern for this pleasing model is cut in 4 sizes: 8, 10, 12 and 14 years. To make the dress as pictured in the large view for a 10 year size will require 2 1/2 yards of 40 inch material. For collar, belt, tie and pocket facings of contrasting material 1-2 yard 36 inches wide is required. To finish the joining of upper and lower portions of the dress with bias binding requires 1 1/2 yards. If made with long sleeve portions the dress will require 3 yards of 40 inch material for a 10 year size. Pattern mailed to any address on receipt of 15c in silver or stamps by The Herald.

In dress it's Distinction

in a cigarette it's Taste

IT'S THE UNUSUAL that distinguishes a gown. Again, it's the unusual that sets Chesterfield apart. STYLE in a gown, "chic" in a hat—and in a Chesterfield, Taste! TASTE IS THE REAL REASON for Chesterfield's enduring popularity... the better taste of choice tobaccos, mild and ripe, blended and cross-blended to a rich delicacy of flavor, unique in a cigarette—in every sense of the word... "TASTE above everything".

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price. LIGGETT & MYERS TOBACCO CO.

HOW'S your HEALTH? The Bathing When bathtubs were introduced in the United States in 1840, they met with as much opposition as did the very practical wrist watch at first.

demanded curtly. Flique told the handkerchief and rose on the table. 'This is what I know. When Madame opened the safe and the petal was revealed, the rose was not in the basket. It was then that Granger left the room. A moment, and he had returned. I did not see him come in, when on his hands I saw blood. I dropped the handkerchief and Granger picked it up. You see? Then I saw the rose in the basket and blood was on its thorn. I was astonished!'

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in any issue of this paper will be cheerfully corrected upon being brought to the attention of the management.

Politicians declared with rounded rhetoric how these new-fangled ideas were bound to undermine the institutions of our forefathers. Even doctors held them up as a menace to death. In 1845, West Virginia put a yearly tax of \$30.00 on every bathtub, and a Boston municipal ordinance made the use of them unlawful except when ordered by physicians.

In spite of these laws, however, the bathtub has become recognized as an essential rather than a luxury. We have learned that for health's sake, our skin must be kept clean. The bath requires three elements—water, soap and 'elbow grease.' There are many kinds of baths, three among which are especially important: the warm soaping and the cold invigorating.

Hollywood Sights and Sounds

By ROBBEN COONS HOLLYWOOD — It was only three weeks ago that Cedric Gibbons put the "futuristic" not in his designs. But since then, he has been carefully a modern-day set, picturing a home of even moderate wealth, does not show the influence of that innovation.

Murder at High Tide

By ROBBEN COONS SYNOPSIS: The hated Dan Parados is murdered on his isolated island estate. At first Claude Annersley, whom Parados has ruined financially, is suspected, but the case against him weakens as clues are lacking. It is discovered that a jade phoenix, Parados' luck symbol, disappeared shortly before his death. Allan Hunt, who came to check on Parados' art collection, is bribed because the beautiful Caroline Brent is suspected. Hunt tells the deputy, dismisses the group, warning them to stay on the island. No one's alibi is totally satisfactory. Samuels stays up to consult with Anatole Flique, a French detective who found Parados dead.

A Hermit City?

NEVER HAS any city or any individual profited by becoming a hermit. Refusal to communicate, to associate with other persons or other communities hastened decay and ruin. Big Spring is not in the strictest sense a hermit city. But Big Spring has the reputation of not associating with her neighbors as often or as profitably as do many other West Texas towns.

Labor Calendar

- Big Spring Central Labor Council President N. L. Miller, Jr. Financial Sec. O. E. Franklin 809 Johnson Meet second and fourth Wednesday of each month at Labor Hall at the back of the Army Store.

ALL-BRITISH

"Little Touting" is no more. An unofficial institution of Hollywood, it remains where it stood, but its habitués are scattered, and it therefore is just another group of houses in a typical residential section. There, formerly, lived a little group of English folk, including notably Lionel Belmore and Lawford Davidson, Walter Tennyson (some relation to the poet), Tony Burke and Eric Stacy.

Chapter 13 BLOOD STAINS

There was no thought of sleep in my mind as I entered my room. Samuels' suspicion of Caroline bothered me. Finding paper and pencil, I proceeded to draw up a summary of the whereabouts of each of us between 6:30 and 7 the night before. Parados was killed shortly before 7, that was sure. Annersley: smoking on north terrace. Miss Jahries saw and heard him there. Insists he could not have left chair long enough to kill Parados without her knowing it. Has strong motive.

OPINIONS OF OTHERS

Women In Politics

Houston Post-Dispatch: It took the ladies a long spell to gain their political emancipation, but now that they have it they're making up for lost time. From justice of the peace to state governor and the United States senate they are making their way into public office, and making the men sit up and take notice. A woman member of the President's cabinet within the next few years would not be surprising; and, indeed, at the rate they're going it shouldn't be long until a dotting parent might see a potential President in a daughter as well as a son.

EXPENSIVE EATING

Another "unofficial institution" here, by the way, affords a group of directors and actors opportunity to pay as much as \$50 for a single meal—or get it free. The "directors' table" in the M-G-M commissary is the scene, and here daily such notables as Fred Niblo, John Gilbert, Clarence Brown and Buster Keaton foregather for lunch. Each "rolls the dice," and the loser pays the bill for the entire table. It is a rule of the gang that he who loses once in a week may not lose again—but then it's too bad if you happen to lose on Saturday, for you're eligible then to pay again Monday.

STATE CALENDAR

AUSTIN, May 19. (AP)—General parades granted: Milo Williams, Dallas county; Charlie Anderson, Cherokee county. Furloughs issued: Beverly Borum, Bee county, 60 days; Ernest Carter, Nolan county, and Will Sheppard, Jasper county, 15 days each; Henry Kirk, Hays county, and Guesindo Gomez, Matagorda county, 30 days each. Furlough revoked: Tom Spears, Hill county. Furloughs extended: John Burkhardt, Wise county, and Emmitt Curtis, Montague county, 30 days each. Citizenships restored: Bill Mottershead, Tarrant county; A. J. Tuck, Haskell county; Godfrey Wayne Loftus, Williamson county. Remissions: Ed McCall, Orange county, \$500 fine.

Joint Recital of Readings And Music

Mrs. Lee Weathers will present her pupils in Expression and Dramatics and Mrs. Robert Gay will present her pupils in music in the first of two joint recitals to-night at the High School auditorium at eight o'clock. The program will consist of short one-act plays, readings and musical numbers. An additional feature will be a series of special dances by Miss Eugenia Booth who is opening a dancing class in town. There is no admission fee and the public is invited.

Ross City Man Dies Sunday

Dexter Zody, who would have been 58 years old May 31, died at 7:20 p. m. Sunday at his home at Ross City. The body will be sent by the Eberly Funeral Home to Marion, Indiana, for burial. Mr. Zody had been with Merrick-Bristow company for about two years and was employed as a pumpman on its lease in the Howard-Glascock county field. He was a native of Wood county, Ohio.

School Teacher Hurt At Picnic

Miss Esther Sisk, school teacher at Center Point, is in the Big Spring Hospital with a badly sprained knee, the result of an accident at a picnic at Center Point Sunday night. She was brought to the hospital about 9:30 o'clock. She is reported to be resting well.

Aubrey Cole Given Month's Furlough

Because he was needed on his farm, Aubrey Cole has been allowed a 30-day furlough, effective today. Cole was given a one-year sentence in the February term of court for violation of the liquor laws. The furlough was granted in order for Cole to plant his crops.

ELECTRICAL CONCERN ON FIRM BASIS

D & H Electric Company To Supply Fixture Needs

A complete line of electrical appliances, lighting fixtures, wiring supplies and experienced workmen capable of contracting electrical work of both small and large dimensions is the foundation on which D & H Electric Company has been enabled to expand its business during three years in Big Spring.

Mark W. Harwell, manager of the D & H concern has been a resident of Big Spring since 1906, and in the past three years he has devoted his entire attention to serving customers of the D & H Electric company.

In recent months the company, which is located at 215 Runnels street, has devoted special attention to contracting work. In this line such jobs as the J & W Fisher store building, the Cities Service filling stations and numerous other contract jobs have been completed. At the same time Mr. Harwell and his associates in the business have maintained and improved the high quality of general electric work.

Mr. Harwell has surrounded himself with capable electricians to insure the highest quality of workmanship on every job accepted. In the electrical installation department are Mr. Harwell, E. R. Miller, G. R. Halley and F. E. McKnight who are all experienced workmen and, Mr. Harwell believes, capable of handling most any job called upon to perform.

Mrs. Harwell as taking an active interest in the D & H Electric company affairs as manager of the clerical department.

INSURANCE AGENCY IS THRIVING

Every Available Type Handled By Cowden

The Cowden Insurance Agency, 106 West Third street, handles every type of insurance offered to the public.

H. D. Cowden, proprietor, has been in this business here more than three years and within that period has firmly established his agency as one of the most active in the Big Spring region.

Whether you wish insurance against fire (no matter what type of property you have), or fear damage from hail or tornado, collision of automobiles, or whether you wish to make any type of bond—you may be served by the Cowden agency.

Life insurance also occupies a place in the list handled by this concern.

One of the chief reasons for success of this business is that Mr. Cowden lends personal attention to the needs and desires of all his clients. He keeps abreast of all sort of development and is in a position therefore to know the insurance needs of the public.

Census Figures

WASHINGTON, May 19. (AP)—Only three towns have fallen out of the 10,000 list since 1920 in reports received on almost 600 places of 10,000 rank. Ranger, Texas, in the country where oil booms come and go, made the biggest drop, decreasing from 16,205 in 1920 to 6,153 in 1930. Eastland, Texas, in the same county, decreased from 9,368 to 4,641. Chanute, Kansas, dropped from 10,286 to 9,651, and Clinton, Indiana, from 10,962 to 7,925.

Thirteen cities of more than 25,000 population have thus far entered the more than 100 per cent increase list in 1930 census showings. They are, in order of their percentage of increase, Dearborn, Michigan; Glendale, California; Orlando, Florida; Amarillo, Texas; Greensboro, North Carolina; High Point, North Carolina; Long Beach, California; San Angelo, Texas; Santa Monica, California; Durham, North Carolina; Jackson, Mississippi; Houston, Texas, and Monroe, Louisiana.

In 1920, the census bureau announced twenty-three cities of more than 25,000 which had made a more than 100 per cent increase in the previous decade.

Justice precinct 3, Navarro county, 8,024, increase of 1,303.
 Justice precinct 6, Freestone county, 6,382, decrease of 455.
 Justice precinct 2, Freestone county, 2,573, increase 237.
 Justice precinct 1, Limestone county, 7,322, gain 1,290.
 Precinct 4, Limestone county, 12,342, gain 3,709.
 Precinct 8, Limestone county, 4,010, gain 228.
 Precinct 5, Navarro county, 7,847, gain 392.
 Precinct 2, Ellis county, 7,508, loss 495.
 Precinct 5, Ellis county, 2,455, gain 203.
 Precinct 1, Navarro county, 26,858, increase of 7,433.
 Justice precinct No. 3, Jackson county, including Ganado, 2,568, compared with 2,393 in 1920, farms 319.
 Precinct 5, Jackson county, 429, compared with 469, farms 80.
 Precinct 7, Jackson county, including Francitas, 556, compared with 416, farms 77.

Total For—

(Continued from Page One)

Compilers of the city directory recently estimated the population of the District of Columbia at 591,616.

CLEVELAND, O., May 19. (AP)—Cleveland, one of the first of the country's leading cities to submit its census report to Washington, has a population of 897,458, census supervisors announced today. Greater Cleveland, which includes all of Cuyahoga county, caught a large overflow of growth from the city proper and grew to 1,197,818.

While Greater Cleveland was showing a percentage increase of 26.76 from the 1920 population of 943,495, the city itself found a

growth hardly half as rapid from its previous total of 738,641, with 12.62 per cent. Actual growth was 100,817 and 254,222 respectively. Shifting of urban population to suburbs due to natural migration and abandon of large downtown housing areas to make room for business and transportation facilities was ascribed as the reason for smaller gains in the city.

WASHINGTON, May 19. (AP)—Tulsa, Oklahoma, fifth in the list of cities over 25,000 having largest increase percentages in 1930, now enters the 100,000 class on a 94.9 per cent increase leap. But Tulsa did not hurdle quite fast enough to keep ahead of her rival in the faster growing field, Long Beach, Calif. From 1910 to 1920, Tulsa increased 296.4 per cent as against 212.2 per cent for Long Beach. In the past decade, however, the Long Beach increase was 154.3.

Examiner—

(Continued from Page One)

Missouri-Kansas... to act that Abilene business men decided to spend their own money to secure that which they deemed essential to their interests. The line proposed by the Abilene and Eastern properly should be constructed by the Abilene and Eastern for its failure to act in the light of continued recommendation by officials of its Texas line is not clearly apparent.

Upon facts presented, the commission should find that the present and future public convenience and necessity require the construction described in the application. Permission to retain excess earnings should be granted.

Cost
The exact cost of construction estimated on the basis of 42.37 miles of main line was placed by the Abilene and Eastern at \$1,472,667, including \$119,909 for land for the right-of-way and terminals. The citizens of Abilene propose to donate in cash \$100,000 toward the construction. Equipment at the start will consist of two second-hand locomotives, ten box cars and one passenger coach. Examiner Sullivan said construction could be completed in six months after commencement but that some changes in the route were being considered. The general effect of these would

be to throw the new road slightly to the south of the line originally laid out for its establishment.

Of the \$400,000 in capital stock subscribed for the Abilene and Eastern, Frank Kell of Wichita Falls, was shown to have taken up 2,000 shares or one-half of the stock.

Examiner Sullivan reported that the experience in Texas railroad construction frequently justified expectations that land values would rise and agriculture would become more intense along the newly opened rail routes. In consequence of this, the Abilene and Eastern extension to Cross Plains might be expected to bring about a rising quantity of freight traffic that would enable the new line to earn new returns on the investment.

SIX JURORS FOR HERRERA TRIAL

LLANO, Tex., May 19. (AP)—Six jurors were chosen here today in the trial of Orfillo Herrera, charged with slaying Sheriff A. T. Murray of Mason county Feb. 28, 1929.

The case was being tried here on a change of venue from Mason where a jury in Herrera's first trial assessed the death penalty.

'Happy Days' Not Coming This Week Miss Dove Starred

Showing of "Happy Days," one of the year's finest productions, has been postponed by the Ritz theatre, Manager J. Y. Robb announced Monday. It had been announced as the feature attraction for Wednesday and Thursday of this week.

A notable cast in "A Notorious Affair," a First National and Vitaphone picture, will appear at the Ritz Wednesday and Thursday. Billie Dove has the leading role in the story, an adaptation of the play, "Fame." She portrays a self-willed English girl who marries a poor violinist, builds him up to a popular idol and then spends the rest of her married life trying to hold him against his public, other women and his temperament. Basil Rathbone was engaged to play opposite Miss Dove as Paul Gherardi, Kay Francis as "the other woman," is another perfect choice. Kenneth Thomson and Montagu Love also are in the cast.

Boys Return From Camping Trip
C. S. Holmes and T. H. Johnson, returned late Sunday with a group of boys, members of Mr. Holmes' Sunday school class at the First Baptist church, who had been taken for an outing on the Concho river on the Eli Satterwhite ranch. The party left Saturday morning, and spent the night in camp. They expressed gratitude to Mr. Satterwhite for allowing them to camp on his property. Mr. Holmes and Mr. Satterwhite praised the lads' good behavior. Boys comprising the party were Morris Patterson, W. L. Thompson, Morris Barnett, Milton Jones, Tom Johnson.

Miss Anna May Freeman returned Sunday evening from a visit with her grand parents in El Paso. Jim Early from Hobbs, N. M., is visiting relatives here.

What Does This Prove?

If you are a merchant, go back over your books for ten years or twenty years or as long as you have been in business.

You will find that your biggest sales year was the year you did the most advertising in The Herald and that your poorest sales year was the year you did the least advertising in The Herald.

What does this prove?

Simply that volume produces volume and that anyone can determine which store is doing the largest business in town by picking out the store that is doing the best job of advertising in The Herald.

Goods that are right in quality, bought right and priced right can always be sold profitably through Herald advertising. There are no exceptions.
