

Mystery Blast In 'Jim Crow' Coach Hurts Two

FBI Explosives Experts Probing Cause Of Explosion

FORT WORTH, May 21. (AP)—A mysterious explosion blasted windows from a Santa Fe "Jim Crow" passenger coach a few miles north of Ardmore, Okla., early today. Two persons were injured.

Flying glass cut Oscar Lett, 59, of Fort Worth, a news agent with the Fred Harvey System, on the chin and right leg. W. C. Brown, about 35, of Ardmore, suffered shock.

The two were riding in the rear end of a coach partitioned into three sections. Lena Thomas, special agent here for the railroad, said the blast apparently originated from the top of a water cooler built into a toilet compartment.

The coach had been picked up at Newton, Kan., and was en route Davis and Wynnewood, and then to Dallas. Instead, it was brought into Fort Worth, where O. D. Crill, division superintendent, called in FBI explosives experts.

Crill said some "high-type explosive" had damaged the coach considerably.

A third white man in the damaged compartment, a soldier, was not injured.

George Williams of Cleburne, conductor with the railroad for 39 years, said he was riding in the front end of the coach with several negroes when the blast occurred. "I didn't know what had happened," Williams said. "I stopped the train, somewhere between ordered it to proceed into Ardmore."

The coach did not leave the tracks, and the train was not otherwise damaged. The train was en route from Chicago to Galveston.

Thomas theorized the explosive might have been nitroglycerin left in the compartment by safe crackers.

Truman's Mother In Uphill Fight

GRANDVIEW, Mo., May 21. (AP)—President Truman's personal physician today gave his 94-year-old mother a chance for recovery, if she maintains her present gradual improvement.

Brig. Gen. Wallace H. Graham said everything depends on Mrs. Martha E. Truman's will to live. The presence of the president at her bedside, he said, has been an important factor in the slight improvement noted in the past 48 hours.

Graham in a news conference in nearby Kansas City, emphasized over and over again that he was "an optimist."

He said the elderly patient had a very tired heart and a generally weak body and that she was fighting a terrific uphill struggle against overwhelming odds.

He said that if the present rate of progress can be maintained for another two days the possibility of the president's return to Washington might even be considered. However, he emphasized, the matter has not been discussed with Mr. Truman who is directing the affairs of government from his mother's home here and from a hotel suite in Kansas City.

Riot Death Toll 4,014

LONDON, May 21. (AP)—The Earl of Listowel, secretary of state for India, announced in the House of Lords today that 4,014 persons had been killed and 3,316 injured in disturbances in India in the last six months.

Witness Says Orphanage Mailed Two Million Letters Seeking Money

BROWNSVILLE, May 21. (AP)—The Santa Rosa Orphanage and Vocational Training School mailed nearly 2,000,000 letters throughout the United States while seeking funds for the support of the Negro institution, the aging postmistress at the little Rio Grande Valley town told a federal jury here today.

Mrs. Ora C. Dickie acting postmistress since July, 1945, and an employee in the Santa Rosa post office since February, 1943, told the court that records show 1,834,673 letters were mailed by Ruth W. Coleman co-defendant with her husband, Mathes H. Coleman, in the current mail fraud trial here, between December 19, 1941, and February 19, 1947.

Mrs. Dickie said the letters were mailed under Section 562 Postal Laws and Regulations. Each letter, she said, bore a pre-cancelled one cent stamp.

The postmistress said Mrs. Coleman had paid to the Santa Rosa

Foremen At Ford Plant Start Strike

DETROIT, May 21. (AP)—An estimated 3,800 foremen began a strike at the Ford Motor Co. at 10 a. m. today.

The company said its Rouge and Lincoln plants were first affected. There was no immediate report on the Highland Park unit. All are in the Detroit area.

Initial reports indicated the strike affected only Detroit plants. There was no immediate comment from the company after the Foreman's Association of America (Ind.) ordered its members off the job. A later statement was promised.

Robert H. Keys, president of the union, said the strike received unanimous approval of the Ford chapter of the FAA Tuesday night.

A spokesman for the union predicted that the walkout would halt auto production at Ford "within 10 days."

The FAA filed its strike notice April 17 and the 30-day waiting period, which expired Saturday, was extended to permit a conference with company officials earlier this week.

Members of a T&P crew which included A. M. Ripps, said here today that the plane crashed within 100 yards of the T&P track and appeared like a flaming house when the train passed by a short time later. It was only a short distance from the busy US highway 80, also.

Two Colonels, Five Soldiers Die In Air Crash

CHAMPAIGN, Ill., May 21. (AP)—Two top army flying officers and five other soldiers were killed last night when a B-25 crashed in a cornfield during a violent thunderstorm, the army announced today.

The dead included Col. Raymond E. O'Neill, 52, a 30-year army veteran of both wars and AAF balloon expert, and Col. George A. Whately, 45, who had served in the army since 1925 and headed the mobile training unit at Chanute field, near Champaign.

O'Neill, who was a brigadier general in World War II, commanded Chanute field from 1940 to 1944 and later was executive officer. He was born in Port Townsend, Wash. Whately was a native of Texas.

Their ship was bound for Chanute field from Champaign, Wyo., at the time of the crash last night.

The army did not make public the names of the other five victims pending notification of next of kin.

The ship was last heard from at 9:47 p. m. CST by radio contact as it passed Burlington, Iowa.

Drastic Agriculture Budget Cut Asked

Propose Slashing Fund 40 Per Cent

WASHINGTON, May 21. (AP)—The House Appropriations Committee members reported today additional cuts have been recommended to reduce the Agriculture Department's 1948 budget of \$1,200,000,000 by almost 40 per cent. The subcommittee in charge of the bill met in closed session today. Members told reporters privately they were asked by party leaders to find new places in which to make cuts.

The House Republican Steering Committee met early this week and Speaker Martin reported some members had complained that preliminary recommendations for reductions in the agriculture bill were inadequate.

The House took an 11 per cent whack out of President Truman's estimates in passing a \$3,469,791, 100 Navy supply bill yesterday.

Members who attended today's meeting said the overall cut in Agriculture Department's budget for the year beginning July 1, would be more than \$450,000,000. The budget calls for approximately \$1,200,000,000, including about \$145,000,000 in customs collections which the department has used in the past for its various programs. This kind has been known as "Section 32" money.

In addition to recommending cancellation of this fund, committee members said, the subcommittee has voted to cut around \$315,000,000 from new appropriation requests of \$944,000,000. Certain recurring appropriations fixed by law make up the remainder of the budget.

ONE OF THE FIRST ALL-NEGRO JURIES IN TEXAS PICKED HERE

What is believed to be the first all-Negro jury ever selected in Texas, and possibly in the entire United States, returned a verdict of guilty and assessed a fine of \$20 against an Abilene Negro charged with drunkenness in corporation court this morning.

The jury deliberated for approximately 15 minutes before returning a verdict of guilty and assessing a \$20 fine.

The six local Negroes selected for the jury were I. C. Sewell, newspaper distributor, and mechanic; Rogers Brown, porter at the State National Bank; Nathan Lankford, grocer; Oliver Reed, insurance agent; Tommie Biggs, a tailor; and Hillary Brown, porter at the First National Bank.

Charles Sullivan, called only two witnesses. Officer Aaron and Officer Wright of the police department who arrested McKnight early Sunday morning. McKnight took the stand in his own behalf.

The jury deliberated for approximately 15 minutes before returning a verdict of guilty and assessing a \$20 fine.

Red Cross Worker Guest Speaker At B&P-W Club

Mrs. Frances Blackburn, in charge of disaster relief for the American Red Cross, was guest speaker at a meeting of the Business and Professional Women's club held Tuesday evening in the home of Mayme Mayfield.

The worker told of Red Cross disaster plans for assisting homeless and described work which as being done in connection with the Texas City disaster.

Hostesses for the evening were Mrs. Stella Womack, Mrs. Velma Griese, Edith Gay, Mrs. Ruth Shepard, Jewell Barton, Ima Deason and Mrs. Moore Sawtelle. Assisting were Florence Mosley, Marie McDonald, Beth Kay.

Arrangements were made for delegates to attend the State B&P-W club convention which will be held in San Antonio June 6-8, and representing the local chapter will be Mrs. Mayfield, Mrs. Sawtelle, Mary Gilmore, Pauline Sullivan and Jewell Barton.

Mary Watson Jones, retiring president, will be in charge of the June meeting.

Those attending were Wilrena Richbourg, Frances Tucker, Mau-

Three Accepted For Membership In Local Lodge

Three persons were accepted for membership in the Rebekah lodge Tuesday evening when the organization met at the IOOF hall.

Sonora Murphy presided as noble grand, and Mrs. Kathryn Allen and A. J. Allen were received to accept the Rebekah degree by initiation.

Mrs. Clara Bender, Mrs. Thelma Braune, Mrs. Gertrude Wasson, Mrs. Lois Forsyth, Mrs. Zula Reeves, Mrs. Gertrude Cline, Mrs. Lucille Brown, Mrs. Ruth Wilson, Mrs. Willie Mae Harrison, Mrs. Lou Ella Edson, Mrs. Dacia Crenshaw, M. Crenshaw, Sorora Murphy, Mrs. Beatrice Vieregge, Mrs. Oia [?]

Open House For Senior Class

The senior class of the Big Spring high school will be entertained with open house in the Alton Underwood home Thursday afternoon from 2 to 5 p.m.

Hostesses for the affair are Mrs. Roy Cornelison, Mrs. Hershal Petty, Mrs. H. E. Meador, Mrs. Bill Younger, and Mrs. Underwood.

"Sleeping Beauty" Staged Tonight

Students of the Farrar Pre-School will present an operetta "The Sleeping Beauty," by Oliver William Robinson tonight at the city auditorium.

The program is scheduled at 8 o'clock and it has been announced that a nursery has been reserved at the East Fourth Baptist church for young children.

Thirty-six pupils will participate in the costumed production.

WCSA Circle Two Has Lesson Study

Mrs. J. B. Pickle presented the fourth lesson in race relations for Circle Two of the First Methodist Women's Society of Christian Service Monday afternoon at the church.

Brownie Troop 16 Has Picnic At Park

Brownie Troop 16 was entertained with a picnic at the park Tuesday as the last meeting of the year.

Summer activities were discussed, and those present were Jean White, Freda Townsend, Kenda McGibbon, Carolyn Miller, Nancy King, Danna Green, Phyllis Driggers, Lona Coker, Sally Cooper, Sue Boykin, Annette Boykin, Toole Profit, Nancy King, Marilyn McCrary and Kay Wilcox.

Mrs. Wiley Directs Circle Bible Study

Mrs. Cliff Wiley was in charge of the Bible study when the Ruth Circle of the First Christian church met Tuesday evening in the home of Virginia Wood.

Spring flowers were room decorations and refreshments were served.

Those attending were Mrs. Arthur Caywood, Mr. and Mrs. A. Marchant, Henry Holmes, Mrs. J. B. Farrar, Mr. and Mrs. C. A. Murdock, Jr., Mrs. Wiley, Dorothy Lee Broughton, Mrs. W. D. McNair, Miss Wood, Mrs. D. Wood, Mrs. Hudgins and Mrs. Mouglin.

WHAT GIVES 'ROUND TOWN

Christoval is beginning early this year to drain Big Spring of its population over the weekends. Thus if you anticipate going there some Saturday or Sunday to get away from it all, you may have a surprise in store.

Mrs. Pittman New Head of OES

Mrs. Ruth Pittman was elected worthy matron of the Order of the Eastern Star at a meeting held Tuesday evening at the Masonic Temple.

Mrs. Pittman will serve with C. R. McClenny, worthy patron; Mrs. Fannie Akers, assistant matron; Mrs. Frga Akers, associate patron; Mrs. Dorothy Parrish, secretary; Mrs. Lois O'Bar Smith, treasurer; Mrs. Veda Carter, conductress; Mrs. Margie Bird, assistant conductress; Mrs. H. F. Williamson trustee.

The worthy matron announced the following appointive officers: Mrs. Ina Richardson, chaplain; Mrs. Mary Ehlmann, marshal; Mrs. Camille Patterson, Ada; Mrs. Crescencio Watkins, Ruth; Dorothy Driver, Esther; Mrs. Virginia Lassiter, Martha; Mrs. Lorene Tuckness, Electa; Mrs. Vera Gross, warder; Mrs. J. D. Benson, sentinel; Mrs. Marjorie Morris, organist.

1905 Hyperion Club Entertained In The Home Of Mrs. Philips

Mrs. Charles Watson, president-elect of the 1905 Hyperion club, presided Saturday when members met with Mrs. Shine Philips for the final session of the year.

Guests at the meeting were a number of musical groups which presented the program. Mrs. Champ Rainwater played piano solos, and Helen Duley and Mrs. Bill Griese gave a piano duet. A chorus composed of eighth grade students and directed by Mrs. Travis Aaron sang several selections. Girls included in the vocal group are Lillian Roe, Patricia Lloyd, Jan Masters, Wanda Lou Petty, Martha Johnson, Jimmie Bennett, Susan Houser, Kitty Roberts and Beth McGinnis.

Piano Recital Is Scheduled Tonight

Miss Celia Westerman will present her pupils in a piano recital at the high school gymnasium at 8:15 o'clock this evening.

Students included on the program will be Joyce Horn, Billie Pat Pollock, Sue Turner, Jimmy McCrory, Barbara Lewis, Mary Beth Jenkins, Pat Dunn, Maxine Williams, Betty Wise, Janice Nalley, Joyce Hicks, Darla Woodson, Don Johnson, Joyce Gound, Barbara Moreland, Sharon Burt, Marna Stull, Valce Cox, George Tillinghast, Royce Acuff, Tommy Miller, Mona Stull, Beverly Wilson, Barbara Moreland, Patsy Everett, Sue Wise, Rosemary Acuff and Peggy Stringfellow. Billie Jean Anderson and Miss Westerman will play a duet.

Junior Woman's Forum Entertained With Twilight Tea In J. C. Douglass Home

Five hostesses entertained the Junior Woman's Forum with a tea in the J. C. Douglass, Jr. home Tuesday evening. They were Mrs. Cecil McDonald, Mrs. Steve Baker, Mrs. E. H. Strauss, Mrs. L. D. Chrane and Mrs. Douglass.

Mrs. Omar Jones was in charge of the program which was a resume of the year's study. She also presented a paper on "Homeward Bound."

Members planned to have an entertainment for their husbands June 8. The group was also invited to a tea to be given by the Modern Woman's Forum at 3 p.m. Friday.

All-Day Session For County Clubs

Two training schools and a council meeting were included in an all-day program underway today in the Howard County Home Demonstration office for members of Howard county clubs.

The first session, opening at 10 a.m. to members and leaders from over the county, featured discussions on the buying of clothing with good judgment, through the study of labels. Mrs. O. D. Engle and Mrs. R. C. Nickels were speakers.

Continuing the program on consumer education, a second meeting at 11 o'clock dealt with the practical purchasing of food foods through the study of food labels. Discussions were given by Mrs. Ed Simpson, Mrs. A. J. Wirth and Mrs. Allen Hall.

Four Births Recorded At Local Hospital

Four births have been reported for the past week at the Big Spring hospital.

Tuesday morning a son, who has been named Jerry Robert, was born to Mr. and Mrs. Stanley Lewis of Stanton. The infant weighed seven pounds, four ounces.

Friday, May 16, Mr. and Mrs. R. H. White became the parents of a daughter. The child, who was named Virginia, weighed five pounds, 12 ounces.

Arrival to Mrs. and Mrs. Don Allred of Ackerly was a five-pound 13-ounce daughter, born May 12. The infant was named Don Nelle.

Mr. and Mrs. A. G. Rurak became the parents of a son, born May 12, and weighing eight pounds, one ounce. He has been named Jackie Darwin.

Informal Gift Party Honors Mrs. Rockett

Mrs. Wynona Rockett was honored with an informal gift party recently in the home of Mrs. Beulah Morrison. Hostesses were Mrs. C. W. Parks, Mrs. Ida Parrish and Mrs. Morrison.

Attending and sending gifts were Mrs. L. S. Bonner, Mrs. L. B. Wortham, Mrs. Lyndell Ashley, Mrs. Richard Tate, Mrs. W. L. Hargell, Mrs. D. A. Sellers, Mrs. Zula Reeves, Mrs. John Peurifoy, Mrs. Rufus Rogers, Mrs. Viola Bailey, Mrs. Guy Simmons, Mrs. Pete Anderson, Mrs. Stella Smith, Mrs. Bernard Savage, Mrs. Howard Salisbury, Natalie Smith, Mrs. Andy Arcand, Mrs. Dwain Leonard, Mrs. Paul Sledge, Mrs. Ted Brown, Mrs. J. T. Underwood, Mrs. Hack Hudgins, Mrs. Jimmie Jennings and Mrs. Hazel Richardson.

Miss Little In Hospital

Kathleen Little, daughter of Mr. and Mrs. Sam Little, underwent appendectomy this morning in a local hospital.

Miss Little, attending the College of Mines at El Paso, became ill last week.

Do you suffer MONTHLY FEMALE PAIN?

Get **SLIMMER** this vitamin candy sugar

Has a more slender graceful figure. No special dieting. No laxatives. No drugs. With the simple A-10 Vitamin Candy Reducing Pills you don't cut out any meals, starches, potatoes, meats or butter, you simply cut them down. It's easier when you enjoy delicious (vitamin fortified) A-10 candy better taste. Absolutely harmless.

In clinical tests conducted by medical doctors, more than 1000 women have lost 10 to 20 lbs. of excess weight with A-10 Vitamin Candy Reducing Pills. Also fine stomachic.

Sample size \$1.25. Triple size \$3.50. You get more for your best buy at money back. Call or phone.

"UNBLOCK"

YOUR DIGESTIVE TRACT

And Stop Douing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and heartburn by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part of the intestinal tract is blocked, your food never gets to the stomach.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clear it out effectively—help Nature get back on her feet.

Get Carter's Pills now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again.

Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

The Chiropractor and You

No. 8 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

CASE HISTORY No. 541. A former athlete who had been forced out of sport by an apparent injury to the left knee. The knee gave great pain whenever the limb was exerted, even in walking. For years the condition persisted and, in the patient's own words: "I spent a small fortune trying to get the knee fixed, but no luck." A few weeks ago the patient read Article No. 2 of this series and visited a Chiropractor. Analysis revealed a pinched nerve in the knee which was traced to a displacement of a segment of the spine. A series of adjustments realigned the spine, released the pinched nerve and thereby removed the cause of the pain.

CASE HISTORY No. 57. A prominent business man who suffered from severe headaches at frequent intervals. Had great difficulty in obtaining sleep. Physical examinations had failed to reveal any abnormality, and the headaches and sleeplessness were put down to "nervous tension." However, during a particularly severe headache he was persuaded to visit a Chiropractor. A spinal adjustment was given and the headache ceased immediately. Chiropractic analysis revealed an acute condition of constipation due to interference with the nerves supplying the intestines. The interference was removed by spinal adjustment, and as a result, bowel action became natural and the headache went.

CASE HISTORY No. 16. A municipal worker suffering from severe "gas pains" in the stomach. Constipation and violent headaches were present. Actually afraid to eat because of the distress that followed. Had not worked a full day for seven months when he brought his case to a Chiropractor. Pressure on the nerves controlling the action of the stomach was located in the spine. Chiropractic adjustments relieved the pressure and within a short time nature restored the digestive rhythm to normal.

WHY YOU ARE ILL. Chiropractors have found that illness and disease are most often caused by pressure upon the nerves which carry vital nerve force from the brain to various parts of the body. The nervous system radiates from the spinal column, and it is here that even slight pressure of a displaced segment of the spine can impede the flow of nerve force from the brain, thus interfering with the function of one or more parts of the body. This nerve interference can be located accurately by the Chiropractic technique. The Chiropractor can then remove the pressure by a simple adjustment with his hands only. Drugs and surgery are not employed. Once the cause of the illness is removed, Nature itself restores the affected part to normal.

Four Local Students Will Get Degrees

Four local men are candidates for bachelor of science degrees from Texas A&M college on May 30. H. L. Heaton, registrar, has announced. The graduating class numbers 724, the next to largest number for a single semester in the history of A&M.

W. E. Berry, Jr., Coahoma, is to receive his degree in agriculture; Charles A. Burch, mechanical engineering major; George M. Hatch, education major; and Hayes F. Stripling, economics major.

Louisiana Officials Inspect Cauble Herd

J. M. Gilfoil, Tallulah, La., president of the Louisiana Hereford association, and A. L. Sevier, Tallulah, state senator from that Louisiana district, accompanied Joe Winston, Aledo, Texas Hereford breeder on a tour of inspection of the I. B. 'Doc' Cauble Hereford farm here Monday. They were so impressed that they indicated they would return at first opportunity. Cauble, incidentally, is busy supervising both farming and ranching operations. Farms are in as good condition for this time of the year as Cauble has ever seen them. Grass will be good in quality, but Cauble thinks the quality has yet to develop.

Murphy To Vote 'Aye' On Nokes Arbitration Bill

AUSTIN, May 20. (P)—Rep. Charles Murphy of Houston yesterday told the house of representatives in a personal privilege speech that he would not participate in discussion of the Nokes labor relations bill except to vote for its passage.

Murphy, who had expressed opposition to the measure in previous consideration of the bill this session, told the house he did not wish to be placed in the category described by Gov. Beauford H. Jester as "representatives of large industries" who are fighting the governor's proposals to end industrial strife.

"I have been an ardent supporter of the governor, and I shall continue to be one," Murphy said, adding: "But I do not care to be placed in the class of those representing large industries."

"There were hoos from house members. 'Although I have worked in an honest endeavor to secure for this state better labor management relations, so that my efforts shall not be interpreted as anything but honest and sincere, I shall not participate in any further discussion of house bill 403 except to vote 'aye' on its passage."

IT EGGS THE CHICKENS ON

AMHERST, Mass., May 21. (P)—Polliteness to hens was advocated by the University of Massachusetts today.

A bulletin to "farmers from the desk of the University Extension editor, said, "Knocking on the laying house door before entering will give the hens a chance to know you are coming they won't be scared when the door suddenly opens."

Former American Teaches For Russians

ON RUSSIAN - OCCUPIED RUEGEN ISLAND (P)—"There goes our English teacher," yipped a group of German children surrounding American news correspondents on a conducted tour of the Russian occupation zone.

The gray-haired teacher greeted what she called a "voice from home." She is Miss Charlotte Hieble, who said she was a governess for twelve years in the United States, until 1938, but lost US citizenship during the war when she remained here at the insistence of her mother.

House bill 403 by Rep. George Nokes of Corsicana calls for voluntary arbitration of labor disputes. The governor has expressed his approval of the measure, but has suggested additional provisions for compulsory arbitration in some instances.

'Cantaloupe Seeds' Sprout Cucumbers

PALESTINE, Texas, May 21. (P) T. J. McCreary, Anderson county farmer, planted "cantaloupe seeds"

a few weeks ago. Now, McCreary says he is hunting a cucumber market and the store clerk who sold him cucumber seeds by mistake — at \$3 per pound.

Bert Baez Collects Fifth Mound Win In Ballinger

Steeds Tee Off On Bardwell

BALLINGER, May 21. — Pat Stacey's Big Spring's Broncs maintained their six game lead in Longhorn baseball league standings by trouncing the Ballinger Cats, 10-2, here Tuesday night.

The win came at the expense of Walt Bardwell, who beat the Hoses in Big Spring last week.

Humberto Baez, diminutive righthander who was nursing a Charley Horse, notched his fifth pitching success when his mates went wild in the final three innings. Baez gave up but four hits, struck out four and issued but two bases on balls. One of the safeties off Bertie was a triple by Floyd Geiger.

Big Spring collected a total of 13 base hits off Bardwell, three of them by Leonon Bostick, who batted in a brace of runs. Mario Varona touched the Ballinger hurler for a single and a triple.

The two teams play here again tonight and Thursday evening, after which the Steeds move to Odessa for a two-game set before returning home Sunday.

Gerry Rodriguez will probably do the pitching chores of the Broncs tonight.

Table with 5 columns: Player, AB, R, H, PO, A. Rows include Baez, Bardwell, Geiger, etc.

LOOKING 'EM OVER

WITH TOMMY HART

Eastern sports scribes, especially those in the New York area, have gone to bat for Jackie Robinson, the Negro youngster who broke precedence by signing and starting the season with a major league baseball club.

The writers, given hint that certain members of another team were planning a players' strike against the athlete because of the shade of his skin, suggested a crusade to smoke out the guilty parties and send them back down the 'tobacco road' of race prejudice and bigotry from whence they obviously came.

From all indications 'affaire Robinson' is being blown all out of proportion by those witch hunters of the Fourth Estate, born trouble makers who would make an issue of anything.

Perhaps there has been some resentment expressed against the youth but most of it has no doubt been for reasons other than his color. Very few baseball players we have known would have refused to take the field with him or against him simply because he is a Negro.

There are those, however, who might become slightly nauseated at the whole malarious show. When it comes to over dramatizing a situation and hamming up an act, the New York scribes are without doubt the world's best.

In the first place, Robinson is not possessed with Paul Bunyan talents, much as the high llamas would have one believe. Branch Rickey, employer of the boy, plucked him from the Negro leagues because he was a clean-cut youngster of good moral fiber. From all indications, his deportment was and is exceptional.

Robinson was by no means the greatest star in the Negro leagues. Had Rickey been looking for talent and talent alone, he would have passed over Jackie for others certainly more gifted.

As it is, Robinson was brought forth and landed squarely in the limelight. The Brooklyn publicity men went to work on him, built him up as a super-man. His every act on the diamond was colored and inflated until he was made to look like a combination of Ty Cobb, Babe Ruth and Tris Speaker.

The youngster, whether he realizes it or not, has been saddled with a tremendous handicap. He is no Cobb. Perhaps he is no major leaguer. By turning the spotlight on him, his champions are making it doubly hard for him. Time will tell whether he can stand the test.

When Our Town's Harold Ellington threw a block at Midland's Eddie Mellie the other night in an attempt to break up a double play, he did it with a practiced eye.

Ellington lettered three years as a football tackle at Center high school before coming here, relishes the idea of using his football training when the opportunity arises.

Jim Prince, Midland's new first sacker, was sent to the Wigwam from Lubbock of the WT-NM league.

Jim, who takes a nifty cut at the ball, played with Portsmouth (Ohio) in 1946.

Apparently Sam Rosenthal, straw boss of the Lubbock outfit and Midland's Harold Webb, are on the best terms. Prince is the third Hubber to be sent to Midland.

Others were Frank McAlexander, the flashy third sacker, and pitcher Ernie Nelson.

Apparently Sam Rosenthal, straw boss of the Lubbock outfit and Midland's Harold Webb, are on the best terms. Prince is the third Hubber to be sent to Midland.

Lasses Trounce Colorado City Behind Todd

Behind the three-hit tossing of Lefty Nell Todd, the Big Spring girls' softball team smashed the Colorado City Independents, 13-3, in an exhibition softball game at the city park diamond Tuesday evening.

The locals called the contest away in the first three innings by counting 12 of their 13 runs. Catherine Redding paced the local attack with four hits in as many exhibitions to the dish. Lois and Jan Kinman connected for three hits each as did Todd.

The wronglander struck out no less than 12 of the opposition. Jo Runnels, Colorado City tosser, had trouble with her control.

Colorado City 300 000 1-5 3 Big Spring 345 010 x-13 15 Runnels and Johnson; Todd and Trotter.

Jerry Thompson Faces Rugged Field Saturday

LOS ANGELES, May 21. (AP)—The tiny titan of the University of Texas track team, 120-pound Jerry Thompson, will practically be taking a night off when he appears in the Los Angeles Coliseum Relays Friday night.

Thompson, who usually spends as much time on as off the track, it appears, is entered in only one race here — the mile.

In the Southwest conference meet at Waco, Texas, last week, Thompson in an iron man role romped off with the mile in creditable time of 4:20.4, the 880 in 1:55.9, and being still full of run, persuaded a teammate to withdraw and then proceeded to win the two mile in handy fashion.

In pointing for the mile here, however, the little Texan faces his toughest field of the year. It includes Penn State's Gerald Karver, Roland Slink of Southern California, Leslie MacIntoshell of New York, Don Wold of the University of Washington and Thelmo Knowles of San Jose, Calif., state college.

Karver has done 4:11.6 this year, said to be the fastest mile by a collegian since 1940.

Thompson as been clocked at 4:11.5, 4:11.6 and 4:14 in mile anchors to relays, and his coach, Clyde Littlefield, thinks he will hit 4:10 in the regulation mile.

With nothing much else to do, Thompson for the first time this year can concentrate on such an endeavor.

With nothing much else to do, Thompson for the first time this year can concentrate on such an endeavor.

Muny League Double Header Scheduled At Park Tonite

Spartans, Ford Meet at 7:30

Lights of the city park softball diamond go on again tonight when two Muny League games, the first of six for the week, are scheduled. The 7:30 o'clock opener finds Big Spring Hardware, jockeying for inside position in the race for the flag, in action against Big Spring Motor company. The field will be cleared at 9 o'clock for a debate between American Legion and American Business club.

Doyle Turley, manager of the Hardware club, is still strengthening his lineup and doubtless will have the club to beat in the chase if he lands another hurler he is seeking.

Jimmy Daylong or Morris Crittenden will probably get the pitching assignment for the Spartans against the Motorists.

Forsan fans get to see four of the Muny teams in action Thursday night. Howard County Junior college and Hardware play the first game there while Black Hines' Pipeliners and Big Spring Motor tie up in the follow up go.

Amarillo Moves To First Place

Amarillo held a precarious perch on top of the West Texas - New Mexico league today, four percentage points ahead of Lubbock. The Gold Sox slipped into first place over Lubbock last night on a 4-1 victory over Pampa and the Hubbers' 4-3 loss to Borger.

Both of Texas' entries in the league won games in New Mexico by identical scores — 12-11. Abilene beat Albuquerque and Lamesa defeated Clovis.

BRUGES, Belgium (AP)—Four policemen night and day will guard the famous four-hundred-year old painting of Jean Van Eyck, "The Madonna and the Child," in the Bruges Museum. No insurance company was willing to insure the painting at the requested value of \$2,900,000.

Students from the fourth grade through the seventh in six different ward schools will participate in the show, which is being supervised by High School Coach Pat Murphy.

Events to be held include chinning the bar, football relays, 100-50- and 25-yard dashes and 400-yard relays.

The meet will become an annual event, according to Murphy.

A florist's trick, to obtain unusual colors of flowers, is to place the blooms in colored water and let the liquid seep up into the flower itself.

BS Motor Boss Adds Players

In an attempt to field the strongest possible team, Manager Leon Glenn Bredemeyer of the Big Spring Motor company softball team is borrowing three players from other Muny League teams to play against the Texas & Pacific contingent of Dallas in their exhibition bout at the park Sunday afternoon.

Lewis Heusel, Forsan ace, has agreed to play with Bredemeyer and Company as have Woodrow Harris and Chock Smith, both of Big Spring Hardware.

Game time is 2:30 p.m.

Hank Greenberg knocked the Boston Braves out of a second place deadlock with the Cubs by singling home a run in his tenth inning that enabled the Pittsburgh Pirates to grab a 4-3 victory in a night encounter at Forbes Field.

The Boston Red Sox tightened the American League's flag chase by trouncing the front-running Detroit Tigers, 9-3 to pull to within one game of the Tigers.

The Cleveland Indians pulled to within two games of the Tigers by downing the Yankees, 4-2, in New York to sweep their three game series from the Yanks.

At Philadelphia, Bob Muncief turned in the St. Louis Browns' first win of the year over the Philadelphia Athletics in five games as the Browns supported his four-hit pitching with a 13 hit attack that resulted in a 11-1 decision.

The Chicago White Sox also remained within easy halting distance of the lead by turning back the Washington Senators, 7-4 beneath the lights in Washington.

The night game between Brooklyn and St. Louis at St. Louis was postponed because of rain.

Jackson Leads League Hitters

By The Associated Press

Ransom Jackson, University of Texas infielder, was the all-around batting star of the Southwest Conference baseball season.

Jackson led in hitting with an average of .400, in hits with 26, in runs batted in with 19, and in doubles eight.

Averages released by James H. Stewart, executive secretary of the conference, showed Jackson to have edged Hub Moon, Texas A&M, by five points in the batting race.

In pitching, Bobby Layne, University of Texas, was the leader with eight victories and no losses.

Bob Frets, Texas A&M, led in runs with 19. Ken Benjamin, Texas Christian University, in triples with five. Stan Holmig, Texas A&M, in home runs with seven. Joe Randerson, Texas, in bases on balls with 28. Holmig in total bases with 43 and Monroe Harrelson, TCU, in stolen bases with nine.

The batting leaders:

Table with 5 columns: Player, AB, R, H, PO, A. Rows include Jackson, Moon, etc.

Table with 5 columns: Player, W, L, Pct. Rows include Layne, Frets, etc.

Pitchers:

Ackerly Youngsters To See WT-NM Game

ACKERLY, May 20. — Members of the junior softball club will take in the Lamesa - Borger West Texas - New Mexico baseball game at Lamesa Wednesday evening.

The trek is in part recognition of an outstanding record of 18 games won and none lost, plus the winning of a district tournament in Lamesa.

Coach is Mrs. J. M. Bradley. Team members are Eutene Taylor, catcher; Oran Rhea, Jr., pitcher; Bartlett Hodges, first; Harold Cribwell, second; James Cook, third; Harold Ransberry, left short; Jerry Bell, right short; Howard Armstrong, left field; Harvey Lauderdale, centerfield; Morris Rhea, right field.

Juniors Stage Track Games Thursday At 2

The city-wide grade school track and field meet, twice delayed because of unforeseen difficulties, will be run off at the high school stadium starting at 2 p.m. Thursday.

Students from the fourth grade through the seventh in six different ward schools will participate in the show, which is being supervised by High School Coach Pat Murphy.

Events to be held include chinning the bar, football relays, 100-50- and 25-yard dashes and 400-yard relays.

The meet will become an annual event, according to Murphy.

Now that the telephone strike is over

The strike is over and our employees are back on the job. Service, both local and long distance, is returning to normal.

To the public we say: We are genuinely appreciative of your patience and your willingness to co-operate during the work stoppage.

We thank the thousands of telephone people, supervisors and others, who put in long and arduous hours in the effort to continue to give emergency service. To these people who carried the load when the going was tough we are most grateful.

To the returning workers in all departments we say: Welcome back. We are glad to have you again at your posts. Let's all forget the strike and get back to the job of furnishing telephone service.

NO CHARGE FOR INTERRUPTED SERVICE

Telephone users in Big Spring will not be charged for exchange service for the period of the emergency. An adjustment will be made on telephone bills.

State May Go Into Red If New Revenue Measures Aren't Passed

AUSTIN, May 21. (AP)—The Texas legislature thus far has approved bills calling for the expenditure of \$110,800,000 by the state government during the next two years.

Pending appropriations for essential state services not yet taken care of by the legislature call for the spending of an additional \$116,700,000.

Add the two figures. They total \$227,500,000.

The state comptroller estimates the total available for spending in the next two years will be \$186,000,000.

That means the state will be at least \$41,500,000 in the red if it spends the amounts suggested by the legislature, without providing any new sources of revenue.

But the legislature is now operating under a law which says that any bill calling for an appropriation in excess of available or anticipated revenue must contain an emergency clause and must be passed by four-fifths of the total membership of each house.

The law was designed specifically to keep operation of the state's

business on a cash basis. Authors of that constitutional provision figured it would be difficult to get four-fifths of the house and four-fifths of the senate to approve deficit financing.

The legislature thus faces three choices:

1. To slash the pending appropriation bills enough to stay within the limits of the \$186,000,000 available for spending;
2. To pass a tax bill to provide the extra amount needed;
3. To revert to deficit financing.

Appropriations approved by the legislature passed the one hundred million dollar mark yesterday when the two houses approved a \$36,000,000 rural aid bill.

The comptroller already has certified appropriations or allocations totalling \$74,800,000, and will now certify the rural aid bill. He will continue to certify appropriations measures so long as money is still available to cover the total amount requested.

Deficit financing may be urged by some legislators as the best plan to follow. That was indicated when the house appropriations committee asked Attorney General Price Daniel for an interpretation of section 49A, article 3 of the constitution, dealing with the question of deficit spending.

Apparent filibusters in both houses were the high points of interest during yesterday's afternoon sessions.

Sen. Roger Kelley was interrupted by adjournment of the senate during his discussion of a bill requiring members of minority parties to be residents of the county they represent in state conventions, and of the precinct they represent in county conventions.

Kelley termed the bill, by Rep. W. H. Cousins Jr. of Beaumont, a means of "washing the dirty, filthy linen of different factions on the floor of the legislature."

Rep. Jim Sparks of Sherman was accused of filibustering against several controversial bills on the house calendar when he again sought passage of a resolution calling for the state highway department to build gravel, caliche or shell roads on the request of county commissioners courts.

The house killed the resolution, 68-33, after more than an hour of debate.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in treating your stomach from this marvelous diet. It works this way:

Everything food enters the stomach a vital gastric juice must flow normally to break up certain food particles and food may ferment. Sour food, acid indigestion and gas frequently cause a morose, lethargic, nervous, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing this flow when it is too little or absent due to a non-organic stomach disturbance. This is due to the 888 Tonic formula which contains special and potent acidulating ingredients.

Also, 888 Tonic helps build-up non-organic work, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-eating of food, and other ailments to counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. Don't wait until the host of happy people 888 Tonic has helped millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps build sturdy health.

Coahoma Soldier To Return Home

Pvt. John L. Wood, Coahoma, son of Mr. and Mrs. J. W. Wood, is among the cavalymen due to be returned home from the 4th replacement depot at Fuzo, Japan. Pvt. Wood has spent six months with the First Cavalry division in occupation in the 16 prefectures of the Tokyo-Yokohama area and is now eligible for discharge. He is a graduate of Coahoma high school, entered the army in September 1946 for training at Ft. Bliss.

James Wilson, 17, USN, son of Mrs. Gladys Wilson, 703 Douglas, Big Spring, has completed recruit training at the US naval training center San Diego, Calif., and has been advanced to seaman, second class. He will be assigned either to units of the fleet or to a service school for specialized training.

Martin-Howard Soil Conservation District News

Land with a good stubble of sudan which was plowed with a chisel held more water during recent rains than listed on flat broke land on the farm of Frank Loveless, supervisor of the Martin-Howard Soil Conservation District. Loveless, whose farm is in the East Coahoma Conservation group, states that terrace intervals which were chiseled had little runoff, just enough to fill the terrace channel. On land listed on the contour and on flat broke land enough water ran off to fill the 15-inch terraces. "Most farmers won't believe it till they see it," Loveless said, "but the stubble and chiseling made the ground soak up water like a sponge."

Austrian Winter peas, which Loveless planted for a winter cover crop, are knee high after close grazing during March. He is plowing the peas under lightly with a disc plow this week for a green manure crop and will follow with cotton to check the value of the peas as a soil builder.

L. H. Batton, manager of the J. Y. Robb ranch in the Lomax conservation group, is using commercial fertilizer on cotton and feed land this year. He is applying 100 pounds of 4-12-4 fertilizer to the acre to furnish nitrogen and phosphorus to the soil. Batton also fertilized a strip in a field of Abuzzi rye and vetch with superphosphate to compare the yields with the unfertilized land.

D. F. Bigony in the Fairview group has a field of Hairy Vetch which is now in full bloom. L. H. Thomas, district supervisor, who inspected the vetch this week was impressed with the possibilities of the crop as a soil builder in this area.

Spring oats planted by District Supervisor Gordon Stone on new-

Mansfield, Lee Meet In Pecos

Touts Mansfield, Big Spring, is to meet Cotton Lee, Clovis, N.M., in Pecos Sunday afternoon in a steer-calf roping match.

They will each rope, and brand five steers and then conclude by roping and tying five calves.

Mansfield, after a bad start, barely fell short Sunday in a 18-calf match in a three-day series against Royce Sewitt, Brownwood, at San Angelo. Ironically, he likely will use the horse that cost him the San Angelo match, for it is a big animal he used in steer roping. There will be a \$1,200 team steer roping match at Pecos.

No. 1 Brennand Stakes North Offset To Opener

Tobe Foster, completing a discovery in his No. 1 R. S. Brennand, Sr., a Clear Fork producer two miles south of the Coleman ranch pool and two and a quarter miles west of the north end of the Westbrook pool of northwest Mitchell, has staked north offset to the opener.

It will be his No. 1 D. M. Womack, 880 from the south and 2,810 feet from the west lines of section 22-26, H&TC. It is due to start May 25 and is for 2,900 feet.

Scurry county's interest lived in the deep pay prospects with oil and gas shows by the Ohio Oil No. 1-C J. W. Neal, in the northeastern part of the county. It recovered 250 feet of oil and gas out drilling mud and a little free

ly constructed terraces last February is heading out and promise to make a good yield. Stone drilled the oats on his terraces on his ranch southeast of Stanton to protect the soil from blowing.

A 1,000-foot diversion terrace was staked out last week by the Soil Conservation Service on the ranch of Mrs. Etta Wade southeast of Big Spring. Mrs. Wade is building the diversion terrace to keep water off the farmstead and spread it on native pasture land, as a part of a coordinated soil and water conservation program on her ranch.

B. O. Brown reports that a 1600-foot diversion type terrace recently constructed on his farm in the Vincent group protected the farm land from excessive water during recent rains.

Fire Losses Increase With Prices

Reports indicate growing losses from fire, a fact that not only is reflected in damaged and ruined property but in the pocketbook of policy holders who may be obliged to make up for the increase, loss through higher premiums.

This is a national picture, not one altogether pertinent to Big Spring. However, national trends point to danger signals. They serve as a reminder for the best fire insurance of all—honest-to-goodness fire prevention.

Mounting fire losses may be deceptive, for coverage has been increased to hedge against rising property values. Actually, we may be burning more than our usual quota (which is 100 per cent too much anyway); it just costs more now.

companies may be contemplating a request for higher premiums, but unless there is some peculiar local condition to warrant it, insurance commissions may not be so easily persuaded.

One reason for this is that companies have pressed for larger coverage in view of rising replacement costs. Most of this is "new business," and because agent commissions come out of the first premiums, companies actually carry a policy in the initial stage at a liability. Although "business" has mounted, earnings have lagged behind. However, the history of fire insurance company operation is such that a leveling off period will reverse the condition. As business stabilizes, earnings will go up. By practicing prevention, you can give it a chance to stabilize and hold rates.

Pressure And Prejudice Flares

What happens to 28 men still on trial for lynching of a Negro in Greenville, S. C. soon will be in the hands of a jury. The case is unique in many respects, not the least of which is the application of pressure from various sources.

Not a few editorials in newspapers and commentaries on the radio have, in effect, demanded a conviction. On the other hand, there is the pressure, principally from a racial point, to white-wash the entire affair.

We do not know all the facts in the case and it would be unbecoming to suggest from this distance what might or might not be a reasonable verdict. We do know, however, that justice ought to be done and that all phony issues injected into the trial ought not to be worth consideration.

One such issue is that raised by one of the attorneys that the Federal Bureau of Investigation, which made an inquiry into the lynching, is "afflicted with meddler's itch. There's no cure for it, except a verdict by a jury of this kind to acquit these boys and show them it's no use meddling in Greenville county."

This is a pure appeal to prejudice resorted to when the court barred direct appeals to prejudice on racial lines. It certainly is not helpful in obtaining a dispassionate decision any more than outside demands that convictions must be tossed on the altar. The issue is not meddling or race but murder, and judgment ought to be on the basis of the facts.

The Nation Today—James Marlow—

Less Farm Workers, Bigger Farms

WASHINGTON, (AP)—You've heard this: farm workers are fewer and farms are getting bigger and fewer. It's true. But why?

City life, city jobs and better pay have drawn farm workers.

And, since machines do the work of many men, bigger and better farm machinery has meant less need for farm hands.

Thanks to the machines and better farming methods, bigger farms can be worked better than many small farms formerly could be with manpower.

1910-14—19,052,000, when total US population was 91,000,000.

1946—10,012,000, when total US population was 140,000,000.

So the number of farm workers dropped total more than 2,000,000.

The average number of farms: 1910-14—8,400,000. 1946—5,900,000. That drop of 500,000 in the number of farms might make it seem less farm land was being worked. Not so.

cropp farmers produced? Cash receipts, or the money farmers got for their products: 1924—\$10,220,000,000. 1946—\$23,900,000,000.

Of the \$23,900,000,000 in cash receipts in 1946, about \$900,000,000 came from government subsidies, or payments, of one kind or another.

So, exclusive of how the government helped out, farm cash receipts more than doubled between 1910-14 and 1946. But that money was the pay farmers got for what they raised. How much did they have left after meeting expenses?

Affairs Of The World—DeWitt MacKenzie

US Will Defend Mediterranean

Out of London comes two items of news which, if taken in their totality, demand a pause for serious consideration: 1. Informed British sources say England is preparing to hand over to the United States the responsibility for the defense of the Mediterranean and the Middle East, including the Suez Canal.

This doesn't mean Britain's abandonment of her economic and political interest in the Middle East. It merely means that the US defends them.

the Moscow conferences. We had heard of this Soviet grain offer before.

Another newspaper, The People, said: "Inside tip of diplomatic experts is that Mr. Bevin will pull off a surprise deal with Russia in the next six months. And it may be one that will cause consternation in America."

US is expected to take over the entire defense of the Mediterranean which Britain dominated for so many decades with her mighty navy. Still, if that's the arrangement which Washington and London think best, there wouldn't be so much cause for concern if it weren't for that second item of news about the possibility of Britain casting her lot with Russia in a big deal which may cause consternation in America.

Naturally it remains to be seen whether Mr. Bevin will carry out such a transaction and thereby purchase a place in the Red camp. One can only say at this juncture that it would be most extraordinary if our ally thus should play both ends against the middle. For this reason I think we must decline to accept such a thing as a likelihood, pending developments.

Broadway—Jack O'Brian

Taking Short Cut To Broadway

NEW YORK.—There is a mushrooming dislike among the younger set on Broadway to start at the bottom and get experience in the ancient traditions of apprenticeship and tortuous ladder climbing. It would be most disastrous to attempt such a swift onslaught on success, but when you have millions as has 21-year-old Ed Luckenbach, heir to a steamship fortune, normal problems have a strange way of smoothing themselves in a fashion most alien to normal folks.

periented theatrical workers to see that the drama gets presented correctly this time. It's due in May.

A couple of other Broadway

youngsters, Chandler Cowles and Efrem Zimbalist, Jr., son of the concert violinist, now have in production a pair of lyric dramas by Gian-Carlo Menotti with which the 26-year-old lad officially will become Broadway producers.

Until now, young Cowles' only major Broadway endeavor has been to play the role of the typical ex-GI in "Call Me Mister," while Junior Zimbalist was an Efrem-of-all-work as a minor member of the cast of the American Repertory Theater's frequent but unfortunately not very successful productions earlier this season.

Also in the coterie of ambitious youngsters short-cutting toward fame is Frank Slatenstein, a whirlwind, junior grade, who came out of the Air Corps to become an assistant to Richard Kollmar in the production of "Are You With It," and whose later efforts so impressed Kollmar that he made the 23-year-old fellow a full partner. Now Slatenstein is taking his dervish ambitions to Hollywood, where he already is the principal producer of a new independent film firm planning four productions a year.

WORD-A-DAY By BACH. YOU'RE LEAPING TOO HIGH, LENA! CHOREOGRAPHY (KOR-e-o-gra-fi) NOUN THE ART OF DANCING, OR OF ARRANGING DANCES, ESPECIALLY BALLET.

THE GREAT DROUGHT

Today and Tomorrow—Walter Lippmann

Voice Of America

Though money for radio broadcasts and printing is needed so that the voice of America may be heard in foreign lands, our greatest need is to have something definite, clear, and convincing for that voice to say. There will be little opposition in Congress to an appropriation if it were not for the feeling that the men who conduct our propaganda have little to do with the making of our policy, and that the sales department of the government is, so to speak, writing advertisements about goods for which the production engineers have just begun to make the first blueprints.

As for the customers abroad, they are undoubtedly confused and suspicious, partly no doubt because the rival firm misrepresents us but chiefly because we sound so hot and bothered when, as a great power, they expect us to be cool and definite. Mr. Benton's difficulties with Congress and with the opposition abroad will diminish when his chief, Secretary Marshall, has had time to form and to organize a concrete American program for the settlement of the war.

The elements of such a program have, I believe, gradually emerged from the vast and intricate debates, and can be formulated now as the basis for further discussion. They could, I think, be stated in some such way as this:

1. The division of the world into two great coalitions—one with its center in Moscow and the other with its center in Washington—is only apparent. The world cannot be divided in this way. The coalitions cannot be organized. The nations of Eu-

rope will resist the idea that they are the satellites of the two non-European great powers, and that their continent is the predestined theater of a Soviet-American conflict. In so far as the "Truman Doctrine" consciously or unconsciously treats Europe in this fashion, it is an obstacle to the making of peace and is destructive of American influence on the making of peace.

2. The revival of Europe under the leadership of Great Britain and France, now is necessary. There can be no German settlement except within the framework of a European settlement. The political and economic unification of Germany is neither possible nor safe except within the framework of a European economic union, and of enough European guaranty.

3. Though in the end the unity is better than none at all. The unity of Western Europe alone cannot be self-supporting and solvent. It will require artificial support from the Western Hemisphere, principally from the United States. But if the support is given on conditions which promote and induce unification, the partial union of western Europe will exert immense attraction upon eastern Europe.

ROOM FOR PROFIT!

SÃO PAULO, Brazil (AP)—Hotels here, alleging supply difficulties, suspended the meals habitually given to their guests, but without any reduction in the prices charged. This, the same price which previously covered room and meals is charged at present for a room only.

Washington Merry-Go-Round—Drew Pearson

GOP Senators Clash In Conference

WASHINGTON.—Last week's closed-door conference of Republican senators was one of the hottest in several months. It was one of the regular meetings of all GOP senators to discuss general legislative policy, and it was featured by a scrap between Ohio's Senator Bob Taft and Oregon's Wayne Morse.

Senator Henry Cabot Lodge of Massachusetts supported Donnell, saying he had never heard a mere question asked in such a tone as Millikin's.

conflicts with the bumper wheat crop expected this year. Your April 1st (10 pound) stamp is good until September and the moved-up June 1st stamp will be good until October 1st, when sugar rationing is due to expire.

Further, I'm not yet ready to conclude that the Democrats are simply playing politics on this whole matter, while my Republican colleagues are simply concentrating upon being statesmen. I prefer to presume that all members of the United States Senate are governing their actions by what they conceive to be the public welfare.

Senator Wayne Morse, former dean of the University of Oregon law school and chairman of the war labor board, immediately rose to his feet.

Donnell added that while he had not yet determined how he would vote he rather thought he would support the GOP leadership on taxes.

"I want to say to the gentleman," replied Morse, "that here is one member of this conference from whom he can have no commitment. The people of Oregon sent me here to vote on the floor of the senate, not in this conference."

Senator Vandenberg of Michigan also agreed. He expressed concern that the effectiveness of the conference would be "hampered."

Prediction: Sugar brokers who have been out of business for long the portal-to-portal pay bill. Clark told President Truman five years, due to rationing and price controls, soon will be put back into business by the department of agriculture. Within six weeks, the department will reopen sugar exchanges in New York and other cities to permit trading in sugar futures on next year's crop.

Senator Taft, however, did not agree. He jumped in to stress the need for attention to party strategy. "The leadership must know these things," he said. "No one is bound, but we must know the feeling of the conference."

West Virginia's faithful Chapman Revercomb chimed in to support Millikin, explaining the Coloradoan had simply sought "your tentative opinions."

UNDER THE DOME It was attorney General Tom Clark who tipped the balance in favor of President Truman's sign that the portal pay bill would not destroy any of labor's basic rights. President Truman will soon recommend to Congress that 400,000 European refugees be admitted to this country in the next four years.

"I want to hear the debate on the whole question before I make up my mind. There are several Democrats for whose judgment on these fiscal matters I have high regard, and I want to hear what they have to say."

Senator Wayne Morse, former dean of the University of Oregon law school and chairman of the war labor board, immediately rose to his feet.

Donnell added that while he had not yet determined how he would vote he rather thought he would support the GOP leadership on taxes.

"I will never commit myself to any course of action in this conference," he said. "I protest any attempt to turn this conference into a caucus. I think there is value to a discussion of views here, but I will not be bound. When I vote it will be on the floor, on the

Donnell added that while he had not yet determined how he would vote he rather thought he would support the GOP leadership on taxes.

Donnell added that while he had not yet determined how he would vote he rather thought he would support the GOP leadership on taxes.

Millikin and Taft winced. They looked even more embarrassed when Missouri's serious minded Senator Forrest Donnell took the floor.

Donnell added that while he had not yet determined how he would vote he rather thought he would support the GOP leadership on taxes.

Donnell added that while he had not yet determined how he would vote he rather thought he would support the GOP leadership on taxes.

In Hollywood—Bob Thomas

Lana Turner Plays Baseball

HOLLYWOOD, (AP)—A reporter can see some strange sights around this Hollywood beat. For instance, Lana Turner playing baseball by the gas works.

stone picked nine-year-old Gerald Perreau, who was born in Japan and has lived in France. He was perfect for the horse-loving boy, except for his name.

Not only that but the boy in the John Steinbeck story had been changed from Jody to Tom, because of the other Jody in "The Yearling."

They were shooting a closeup of Lana sliding into home and she sprawled under the plate. Dirt was rubbed on her jeans, a sweater pulled under her back and her lipstick adjusted. The cameras rolled. An assistant pulled Lana's legs to simulate the slide and Spencer Tracy, out of range, yelled "You're out." That was that.

It had to go. So when I saw Milestone, he was mulling over more American names for the lad. The first name would be Gerald and Jerry, and the last was a choice of Jameson, Crockett, Clay, Wood-

ard, Carlson, Miller Royal and Nolan.

They were shooting a closeup of Lana sliding into home and she sprawled under the plate. Dirt was rubbed on her jeans, a sweater pulled under her back and her lipstick adjusted. The cameras rolled. An assistant pulled Lana's legs to simulate the slide and Spencer Tracy, out of range, yelled "You're out." That was that.

It had to go. So when I saw Milestone, he was mulling over more American names for the lad. The first name would be Gerald and Jerry, and the last was a choice of Jameson, Crockett, Clay, Wood-

ard, Carlson, Miller Royal and Nolan.

Afterwards I asked Lana about her athletic prowess. "Me?" she laughed. "I'm not the athletic type. Why, I sprained my ankle running the bases. This morning I stuck out the bat and guess what—it hit the ball."

It had to go. So when I saw Milestone, he was mulling over more American names for the lad. The first name would be Gerald and Jerry, and the last was a choice of Jameson, Crockett, Clay, Wood-

ard, Carlson, Miller Royal and Nolan.

Anyway, Lana can throw a nice curve without the assistance of the publicity dept.

It had to go. So when I saw Milestone, he was mulling over more American names for the lad. The first name would be Gerald and Jerry, and the last was a choice of Jameson, Crockett, Clay, Wood-

ard, Carlson, Miller Royal and Nolan.

Then over at Republic they were talking about names and it made me realize how unimportant a person's real name is in this town. You see, Director Lewis Milestone is making a picture called "The Red Pony" and there are big parts for Myrna Loy and Robert Mitchum and a young boy.

It had to go. So when I saw Milestone, he was mulling over more American names for the lad. The first name would be Gerald and Jerry, and the last was a choice of Jameson, Crockett, Clay, Wood-

ard, Carlson, Miller Royal and Nolan.

Australia Fights Wild Horse Plague

ADELAIDE, South Australia. (AP)—Brumbies (wild horses) are causing so much damage to big cattle stations in Central Australia that one cattle owner has advocated the use of strafing planes to cut down the herds.

It had to go. So when I saw Milestone, he was mulling over more American names for the lad. The first name would be Gerald and Jerry, and the last was a choice of Jameson, Crockett, Clay, Wood-

ard, Carlson, Miller Royal and Nolan.

E. A. Brooks, owner of two cattle stations in the northern area of South Australia, said airplanes could reach haunts of brumbies inaccessible to hunters using horses.

It had to go. So when I saw Milestone, he was mulling over more American names for the lad. The first name would be Gerald and Jerry, and the last was a choice of Jameson, Crockett, Clay, Wood-

ard, Carlson, Miller Royal and Nolan.

In several areas thousands of brumbies have been shot "without overcoming the problem, and there is just as many to be dealt with," cattlemen say.

It had to go. So when I saw Milestone, he was mulling over more American names for the lad. The first name would be Gerald and Jerry, and the last was a choice of Jameson, Crockett, Clay, Wood-

ard, Carlson, Miller Royal and Nolan.

Track Coach Of High School Is Rotary Guest

John Dibrell, Track Coach of Heschel Stockton and half a dozen members of the Big Spring High school track team, were special guests at the Rotary club's luncheon meeting Tuesday in the Settles.

They were presented at the club as personal guests of Dave Dunham, who invites the track team to a club meeting annually. Dibrell made a short talk, relating development of the track team during the past few years and pointing out future prospects.

Otto Peters Sr. gave a report on the Fort Worth conference of Rotary District 127, which was held May 14 and 15, and Joe Burrell discussed the Naval Reserve program.

Marvin Houss was introduced as a new member of the club. Visitors included Harold P. Steck, commander of the local American Legion post, W. C. Blankenship Jr. and Floyd Boles of Midland.

Obie Bristow is serving as program chairman for the month.

Lomax Students Tour Big Spring Businesses

Students of the Lomax school made a tour of several Big Spring establishments and institutions Tuesday under the sponsorship of the English Citizenship club.

They visited Banner Creamery, the Coco Cola plant, Settles hotel, the office of County Superintendent Walker Bailey, the county jail, city police and fire stations, and the Herald, and saw Jack Green give a demonstration with his seeing eye dog. Mrs. Faye Newman, principal, was in charge, assisted by Mrs. Louise Jackson, primary teacher, and Mrs. Dorris Blissard, a patron.

Auxiliary To Continue Meets Through Summer

The Women's Auxiliary met at St. Mary's Episcopal parish house Monday afternoon for a general meeting.

The group voted to continue meetings through the summer months, and those attending were Mrs. John Hodges, Mrs. Warfield, Mrs. Shine Phillips, Mrs. B. O. Jones, Mrs. Charles Abele, Green E. B. McCormick, Mrs. Obie Bristow, Mrs. V. Van Gixson and Mrs. Don Seale.

Mr. and Mrs. Eddie Morgan and two sons, Chris and Tim, have been visiting with Mrs. Morgan's mother, Mrs. Bill Todd, and Morgan's mother, Mrs. Jim Morgan, enroute to Burbank, Calif., where they will make their home.

Mrs. and Mrs. J. B. Shults and Mr. and Mrs. L. N. Brooks have returned from Ruidoso, N. M., where they visited with Mr. and Mrs. Lonnie Griffith. While in New Mexico they also visited in Cloudcroft.

Morrison School Seventh Graders Honored Tonight

Seventh grade promotion exercises will be held at the Kate Morrison school auditorium tonight at 8:30 o'clock.

Mrs. Dorothy Wilson, principal, will be in charge of the program which includes the professional and recessional by Mike Ramirez; songs by the seventh grade; salutatory by Betty Valdez; valedictory by Mary Munro; presentation of class. Miss Minnie Lockett; presentation of certificates and awards. Mrs. Dorothy Wilson. Guest speaker of the evening will be Dean Bennett.

Girls will be attired in formal for the program and taking part in the exercises will be Anita Bersier, Rebekceda Canas, Virginia Carrasco, Manuel Chavez, Dora Corrales, Johnny Corrales, Moseles Corrales, Elly Gamba, Manuella Gamba, Mary Della Garcia, Socorro Gonzales, Julia Hernandez, Paula Jimenez, Rosa Lopez, Lidia Loy, Paul Lujan, Rosa Moreno, Mary Munos, Aida Ochotoreno, Mike Ramirez, Theodora Ramariz, Elvira Sarmiento, Betty Valdez and Prospero Yanez.

The public is invited to attend.

Reward Is Posted For Assailant Of Mrs. Norris

FORT STOCKTON, May 21. (AP)—Fort Stockton and Pecos County officials have posted an award of \$200 for information leading to the arrest and conviction of the assailant of Mrs. Vesta Frances Norris, 25.

Mrs. Norris, a Fort Stockton cafe employee, was found unconscious in a highway ditch at the city limits Saturday. She died Sunday without regaining consciousness. Police said she had suffered a severe blow on the back of the head, a fractured skull and other injuries.

Funeral for Mrs. Norris was held in Big Spring Tuesday afternoon. Her brother, John McIntosh, said that there apparently had been no information about the origin of her injuries. It was not known whether she had been struck by an automobile, but the extent of her injuries indicated that she may have been the victim of an assailant.

Rev. Abele In Lubbock

The Rev. Charles Abele, rector of St. Mary's Episcopal church, left today for Lubbock where he will attend a district meeting of the clergy. Guest speaker of the three day conference will be the Rev. Arnold Lewis, representative of the National council.

Escaped Convict In Jail Again

GREENVILLE, May 21. (AP)—William J. Isom, 22-year-old convict, who cheerfully surrendered to officers yesterday after an intensive three-day hunt and two thrilling chases, waited in the Hunt county jail today while officers decided what to do with him.

District Attorney Eugene Brady said Isom, who has escaped from five jails, either would be held here for trial under the habitual criminal statute or returned to the Huntville penitentiary.

Isom was alleged to have stolen several cages since he tunneled from the Rains county jail at Emory, Sunday. At the time of his release to Rains county authorities from the state prison system on a bench warrant he was under sentences totaling 22 years for theft and burglary.

Bailey To Speak At Forsan School

FORSAN, May 21. — Speaker for eighth grade graduation exercises here at 7:30 p.m. Friday will be Walker Bailey, county superintendent.

The program includes the professional by Mrs. J. T. Holladay; invocation by the Rev. Berl Clark; piano solo by Sara Chagnor; class poem by Mary Beth Schaffer; presentation of diplomas by O. S. Clark, principal of the grade school; benediction by Robert Ewell.

Class members are Juanita Cox, Patsy McAllen, Delores Thorpe, Betty Lyle, Alma Rose Kennedy, Betty Lynn Oglesby, Sara Chancellor, Norma Lee Daw, Mary Beth Schaffer, Mary Ellen Dolan, Jimmie Shults, Wayne Huestis, James Suttles, Leon Willis, Willard Smith, Larry Stockton, J. Y. Gournae, Elwing Sharpe.

Fanning Ties For Third In El Paso Best-Ball Matches

Foy Fanning, Munny pro, teamed with Dan Harden, El Paso, to tie with three other two-somes for third place in the best-ball tournament Tuesday which preceded the opening of the Texas PGA tournament in El Paso today.

Lloyd Watkins, Odessa pro, and Jack Mask, Roswell, N.M., tied with Wally Harden, El Paso Pro, and J. M. Waldwell, El Paso, with a low of 63. Fanning and his partner shot a 65. Bill Roden, University of Texas student and brother of Tom and Red Roden, Big Spring, was a partner in a twosome that captured second place.

Weather Forecast

DEPT. OF COMMERCE WEATHER BUREAU

Markets

LIVESTOCK

PORT WORTH, May 21. (AP)—Cattle: 2,800; calves 700; cattle and calves generally steady; medium to good steer and heifer 18.00-22.00; medium to good fat cows 14.00-18.00; cull and common cows 11.50-14.00; canners 9.00-11.00; bulls 10.00-12.00; good and choice fat calves 19.00-23.00; common to medium 16.00-20.00; stocker steers, yearlings and calves 14.00-20.00.

Hogs: 400; butcher hogs 25 to mostly 30c higher; sows steady to 80c higher; top 27.75 paid by city butchers; good and choice hogs weighing 180-290 lbs 23.50; good and choice 200-225 lbs 23.00; good and choice 190-175 lbs 21.75-23.50; sows 18.00; stocker pigs 18.00-21.00.

Sheep: 19,000; good sheep and good spring lambs steady; common to medium spring lambs unevenly lower; medium to choice spring lambs 18.00-22.00; common spring lambs 14.00-17.00; good short lambs 18.00-19.00.

WALL STREET

NEW YORK, May 21. (AP)—Selling pressure eased somewhat in today's stock market; although trends were irregular. A number of leading industrial indexes had recovered; wiping out early declines but declines remained at a sluggish rate which was disappointing to some buyers for a sizeable rebound. Near the fourth hour fractional changes in either direction predominated.

Selected issues drew some support from short covering and bidding for quick-turn profit, brokers reported. Parities as to brakes on enthusiasm were doubts over the final form of the tax and legislation, outlook for earnings in the remainder of the year, and concern over foreign developments.

Preliminary Paving Work Continues

City street department workers are continuing preliminary work on three blocks scheduled for paving. Officials reported this morning.

Some curb and gutter work already has been completed on 16th Street between Scurry and Main, and crews today were excavating on West 17th two blocks west of Pennsylvania Ave.

Lions Club Hears Appeal To Enlist In Naval Reserve

An appeal for enlistment in the naval reserve was voiced by Wayne Williams, himself a former lieutenant-commander in the navy, in an address before the Lions club Wednesday.

Williams looked upon a vigorous reserve as the source of manpower vital to preparation in event of armed conflict in a scientific age.

He pointed to scrapping of the navy after World War I and warned against such a policy of the largest navy in history built up by the US under pressure in World War II.

Advancements now are increasingly technical, making trained minds as well as hands a necessity. Williams warned that the grace period of two or three years likely would not present itself should war occur, hence no time could be lost in actual organization of the fighting machinery if the nation, was faced with annihilation or over-running.

The reserve consists of the volunteer and organized units, the former being on inactive status but with recourse to specialized study. He hoped an organized unit, which might have regular drills and training might be set up here. Joe Burrell, he said, was reservist recruiting officer for this district and would receive applications from former navy and coast guard men from 17 to 64 years of age and from 17-40 for other veterans or non-veterans.

Inducted into membership of the club were D. L. Burnett, Jr., W. S. Greenlee, Chester Cathey, Sam Mellinger and Dr. Kenneth Swain. Willard Sullivan was named as recipient of a trip to international convention in San Francisco.

Board Re-Elects All Teachers In Forsan Schools

FORSAN, May 21. — All teachers of the Forsan system have been re-elected by the board of trustees for another year.

Included are Mr. and Mrs. G. D. Kennedy (Kennedy is superintendent), West; Mr. and Mrs. Frank Honeycutt, Big Sandy; Mr. and Mrs. Glen Whittenburg, Pasagula, Miss.; Mr. and Mrs. O. S. Clark, Binkman, Okla.; Joe T. Holliday (principal), Chalk; Mrs. Clarence McClusky, Cotton Center; Mrs. Murl Bailey, Big Spring; Mrs. Bleece Cathart, Forsan; Laura Whittenburg, Paradise; Nell Rogers, Melvin; Gerald Anderson, Big Spring; Mrs. W. B. Dunn supplied in the high school during a second semester. Currently there are two vacancies in the system.

Several activities have been held for various classes in anticipation of the ending of the school year. Sophomore and junior classes recently were entertained with a party in the J. D. Leonard home at West Continental camp; juniors also had a weekend trek to Christ; Mrs. W. B. Dunn evening freshmen were honored at a skating - theatre party and picnic with Mr. and Mrs. Glen Whittenburg, Mr. and Mrs. C. V. Wash, Nell Rodgers, Laura Whittenburg, and Clayd Bedell as sponsors. Attending were Charles Wash, Eldon Prater, Theibert Camp, Rodney R. Roberts, Charles Howard, Lewis Overton, Stewart Lou Gandy, Billy Sue Sewall, Johita Griffith, Deffle Merworth, and Kenneth Baker, a guest.

Commissioners' Court Discusses Road Plan

Members of the county commissioners' court met this morning to discuss the feasibility of purchasing equipment for seal-coating the county's roads.

The work has been done on a contract basis to date.

Several miles of thoroughfare within the county are in need of repair, one commissioner stated, and the court must either make provisions for the equipment or hire someone to accomplish the retopping.

CANCEL OUT THIS SEARCH

NEW YORK, May 21. (AP)—A stamp exhibited as the world's most precious at the International Stamp Expedition, a British Guiana 1856 issue valued at \$50,000, was missing when officials made their daily check of exhibits yesterday.

GRICE TO LEAVE

Walter Grice plans to leave Thursday morning for San Antonio where he will meet his wife. Mrs. Grice has been visiting in Harlingen for the past three weeks.

Never too late to OIL-PLATE!

BECAUSE, molecular attraction fastens a special ingredient in Conoco Nth Motor Oil so closely to metal surfaces of your engine that cylinder walls are actually Oil-Plated . . .

BECAUSE, this extra lubricant resists gravity . . . stays up on cylinder walls . . . can't all drain down, even overnight . . . Conoco Nth gives EXTRA protection from "dry" starts . . . EXTRA protection from carbon and sludge caused by wear . . . EXTRA smooth, cool, silent miles!

BECAUSE it's never too late, make a date to Oil-Plate your engine . . . today!

Your Conoco Mileage Merchant

Pacemaker

- even standing still

HERE you see — in one sleek and tidy package — all the things it takes to make the style-setter and the standout performer of the year.

One eye-filling glance will tell you that here's the clean-lined beauty and hint-of-tomorrow look that will cue the trend of car design for many seasons to come.

But just wait till you get this beauty in motion, and you'll know why folks are saying there's nothing on wheels to match it.

That bonnet's not broad and haughty for looks alone; it's brim-filled with power — the satin-smooth power of Buick's big Fireball straight-eight engine.

Go where you will, its two solid tons and soft coil springs on all four wheels make byroad and highroad equally smooth.

You get this in any Buick. But you get something more in the one pictured here.

Its snug top shelters you at the touch of a finger. Its door windows and even its front seat are power-operated by push-button control.

And thanks to the magic of Buick's new Silent Zone mounted bodies, you ride in a solid and road-steady silence such as Convertibles have never known before.

In other words; here's style and size, power and room, convenience and comfort all wrapped up

In one of the most exciting models of the year's most wanted car.

That means, of course, that it takes a bit of waiting before one can be yours. But the best way to shorten that wait is to take the all-important step — and get your order in now. We'll take it with or without a trade-in.

ONLY BUICK HAS ALL THESE STAR FEATURES

- * AIRFOIL FENDERS * FIREBALL POWER
- * FULL-LENGTH TORQUE-TUBE DRIVE
- * SILENT ZONE BODY MOUNTINGS
- * STEPOFF PARKING BRAKE
- * CURL-AROUND BUMPER
- * DEEPLUX SEAT CUSHIONS
- * BROADRIM WHEELS * PERMI FIRM STEERING
- * ACCURATE CYLINDER BORING
- * NINE SMART MODELS * BUICCOL SPRINGING
- * FLITWEIGHT PISTONS * BODY BY FISHER

Old . . . or New . . . Fram Helps Your Car RUN LONGER WITHOUT REPAIRS

find out— "How's Your Oil Filter?"

If you hate to throw money away—here's a SURE way to save it! Whether your car is old or new—you should check the oil filter regularly! It's easy—just drive in at your Fram dealer and ask for a free Dipstick Test.

Then, if oil shows dirty, have him install a Genuine Fram Replacement Cartridge to get the most out of your present filter, remove grit, carbon and sludge, keep oil physically, visually clean and prevent unnecessary motor wear! (Remember, there's a Fram cartridge made to fit almost every type of filter.)

Or, if your car is not already filter-equipped, have your Fram dealer install a complete Fram oil filter. Takes just a few minutes—the cost is small—and the savings in longer, trouble-free engine life are big! So play safe . . . see your Fram dealer today! Fram Corporation, Providence 16, R. I.

*Certain heavy-duty oils, due to the detergent additive used, turn dark in color almost as soon as put into the motor. Where such oils are used, cartridges should be changed on the advice of your service station or dealer.

100x240 ft. lot, 1700 Scurry, sidewalks and concrete foundation for garage on bus line. Room 228 at Douglas Hotel or 760.

The Choicest Suburban Acreage Mountain Home

Can you imagine living in a highly improved home, nestled in the most attractive mountain scene in the Silver River section, in the Springs, "out of the dust and dirt?"

This 52 acre, five large room house, newly decorated interior, with knotty pine features, hardwood floors, electric pump, and a large per cent of the richest valley tillable land that will grow things superior to any land in Howard County. Also can be divided into small acreage homes. At the press of the button you can turn on or off electric lights everywhere about the place. Built just before inferior building materials started in the market.

The price is much less than what it would cost to duplicate it, even with the shoddy materials available now. It will be a long time before such a fine place as this one can be duplicated.

Call me for appointment.

KEEPING OLD BREAD FRESH
KANSAS CITY, May 21. (AP)—Members of the American Association of Cereal Chemists in convention here learned that soon week-old bread may not worry the housewife.

Research chemists H. H. Favre and H. F. Johnson of East Norwalk, Conn., reported discovery of a paste solution, known as polyoxyethylene stearate, a fraction of an ounce of which will keep bread fresh for seven days.

Shortage of raw materials for the paste has prevented widespread use so far.

Volunteer Work To Control Flies In City Area Urged By Officials

Local residents were asked again today to co-operate in volunteer work to control house-flies and mosquitos until complete plans for a complete, city-wide spraying program can be completed.

Health Department officials said plans are underway for a spraying program that would include garbage disposal area throughout the city. It is to be carried out by the city in co-operation with local civic clubs.

As soon as arrangements can be completed, power spraying equipment will follow, garbage trucks on their regular routes for a period of sufficient length to cover both the business and residential areas.

Until this program can be launched, however, the local health department, Dr. F. E. Sadler, director of the Midland-Ector-Howard counties health unit, and C. S. Blomshied, chairman of the local infantile paralysis committee, urged that individuals continue spraying garbage disposal areas. After the city-wide project is completed, home owners will be asked to supplement the large-scale operation by keeping other parts of their premises treated with insecticides, health authorities said.

Three steps for controlling flies in garbage disposal areas were listed: (1) Use approved type container with cover; (2) Handle vegetable and animal refuse carefully and place in paper sacks before leaving in garbage cans; (3) Keep on hand a liquid DDT spray, of from five per cent to 10 per cent solution and spray garbage cans every two weeks. Cans should be cleaned thoroughly, using a cup of strong disinfectant in cleaning water.

Livestock and fowl pens also should be treated, and it will aid the program to spray animals with a one and a half to two per cent solution of DDT, health officials said. A recent survey by the US Public Health Service disclosed that 95 per cent of the livestock and fowl pens provide excessive fly breeding facilities, and most of them show evidence of polio virus, it was pointed out.

Local health officials also reminded that a number of non-approved outdoor toilets remain in the area. A five per cent to 10 per cent solution DDT spray was recommended for them, and owners are being urged to use burlap and screens to keep out flies.

Approval Of 25 HCJC Academy Credits Asked

Approval of 25 credits in the academy division of the Howard County Junior College has been recommended by E. H. Boutler, deputy state superintendent, following an inspection of the college sub-division for non-high school graduates.

The academy was established last year by the college to accommodate returned veterans who had not completed high school graduation requirements. Under the arrangements, they could concentrate upon satisfying high school requisites and at the same time taking some college level work. When an ample number of work has been completed, they will qualify for a high school diploma, which in turn will set the stage for credit on college subjects.

Boutler recommended approval of 25 subjects for affiliation. He commended the type of work and instruction in several subjects covered by the 25 units.

E. C. Dodd, president of the college, said that possibly 65 per cent of those receiving certificates at the end of the first year of the term would be in the academy.

Boutler commended favorably upon order and delivery of equipment and buildings in the approximate amount of \$86,000. This includes \$26,000 building conversion costs, to be paid out of operation; several thousand dollars of permanent equipment on hand; \$10,000 of heavy chemistry, physics, and biology lab equipment now in transit; and an additional \$20,000 of other permanent equipment for various departments of the college. The latter items will be financed out of a \$50,000 portion of a bond issue voted at the outset.

Over 2,000 At State Bank Meet

HOUSTON, May 20. (AP)— Outstanding figures in national and international banking were among the 2,000 persons who registered for the sixty-third annual convention of the Texas Bankers Association which opens here today.

The three-day meet will close Thursday with selection of officers for the coming year and the naming of a convention city for 1948. Some of the nationally and internationally prominent bankers who arrived yesterday for the meeting were Carlos Novos, director general of the Banco De Mexico at Mexico City, and William D. Richardson, president of the Mexico City branch of the National City Bank of New York.

Novos, a convention speaker on tomorrow's program, was given a luncheon today by T. C. Frost of San Antonio.

ZEALOUS PAPER DRIVE WORKERS

OLYMPIA, Wash., May 21. (AP)— Scores of subscribers to the Olympian telephoned the newspaper that boys failed to deliver their copies.

A quick check showed why. Enthusiastic collectors for a local paper drive had mistakenly picked up several bundles left on curbs and porches.

Possibilities In Hairy Vetch Are Seen Here

County Agent Durward Lewter back from a demonstration at Rising Star, thinks that the growing of hairy vetch has possibilities in this area.

While doubting that the leguminous crop would thrive here as it has around Rising Star, Lewter believes it has potentialities as a winter cover crop, sown with abuzzi rye, together with winter pasturage benefits. Besides these, the agent feels that a seed crop every four or five years might be expected.

Other than holding sandy soils against wind and water erosion, vetch has the added advantage of restoring nitrogen to the soil. It is estimated that vetch, when inoculated, puts back 200 to 400 pounds of nitrogen per acre every year, he said. It has great value, too, as a green manure or litter crop for organic matter purposes.

At Rising Star grazing has been carried on at the rate of a cow per every two acres without making inroads on the vetch, according to Lewter.

Some vetch is being grown experimentally here now but results have been spotted. What Lewter would like to see is a larger experimentation with the crop for its benefits, and, he hopes, for a new profitable agricultural practice in this area.

Commission's Power On Allowance Limited

AUSTIN, May 20. (AP)— The railroad commission is without power to authorize the balancing of over and under production of the gas allowable for a one-year period in the Carthage field in Panola county, the attorney general has held in an opinion.

The commission requested the ruling in its search for a method of which seasonal high demand above monthly allowances could be balanced against slumps.

The opinion suggested that the commission might zone the common reservoir to accomplish the desired purpose. Otherwise, the opinion noted, only a change in the law could offer any solution.

Gulf States Marine Compact Approved

AUSTIN, May 20. (AP)— A bill authorizing the governor to make a compact with certain other states, to be known as "Gulf States Marine Fisheries Compact" was given a favorable report yesterday by the senate affairs committee.

The bill defines the powers and duties of the fisheries commission, defines the purposes and makes an appropriation to pay the expenses allocated to Texas.

THIS ISN'T A HOMING PIGEON

NEW YORK, May 20. (AP)— Since Saturday night a pigeon has been an unregistered, unwanted guest in the two and one-half story lobby of the Hotel Pennsylvania.

A youth with five caged birds tripped in the lobby and released the birds. Four were caught, but the fifth has stayed on.

Grapefruit Shipping Extension Requested

HARLINGEN, May 21. (AP)— An application for extension of the grapefruit shipping date for 30 days to July 15 was on file today with the US Department of Agriculture. The application was filed by Austin Anson, manager of the Texas Citrus and Vegetable Growers and Shippers Association. Anson estimated that 100 cars of valley oranges and 1,400 cars of grapefruit remain to be shipped.

Jester Urges Support Of Navy Program

AUSTIN, May 21. — Support of the naval reserve program as a means of executing the trust of world leadership thrust upon this nation at the end of the war, was urged last night in a radio speech by Governor Beauford H. Jester in observance of naval reserve week.

Jester said that beyond an appeal to our young men; to shoulder their responsibilities in this critical period of history, the naval reserve program is an "explanation to the general public of what we . . . will gain by having a strong military reserve."

US Engineers To Get Midland Airfield

The US Engineers were to assume custody of the Midland Army Airfield today, according to reports reaching here this morning.

Assignment to the engineers is a preliminary step in routine disposal procedure for surplus government property.

Keys made at Johnnie Griffin's—adv.
