Chancellor Dollfuss Reported Shot Storm Center To Strike Near Corpus Christi

Nazi Attempt Overthrow Of Government

LONDON, (AP)—The Exchange Telegraph Agency dispatch from Paris said it was officially announced at 7:45 p. m. at the Austrian legation that Chancellor Dollfuss was dead. The same Agency said the legation announced Dr. Kurt Schuschnigg, minister of justice and education, had taken over control of the government.

VIENNA (AP)—Chancellor Engelbert Dollfuss, little dictator who ruled Austria for two years, was reported by the police commissioner Wednesday shot and seriously wounded in the course of a Nazi "putsch" to capture the government of Austria.

Nazis made a violent bid for power Wednesday. Dollfuss was imprisoned in the federal chancellery by Nazis.

It was reported Dollfuss with Emil Fey, minister of public security, were captured by Nazis disguised as heimwehr (home guard) and army officers, who forced their way into the chancellor's office. Previously, 300 similarly disguised Nazis forced their way into heimwehr barracks, seized machine guns, rifles and a large quantity of ammunition.

The main group proceeded to the chancellery, overpowered sentries and barricaded doors.

Loyal fascist heimwehr and federal troops poured into Ballhausplatz square fronting the chancellery, as conflicting reports were circulated.

Prince Ernst Von Starhemberg, heimwehr head and vice chancellor, escaped Nazi captors and organized a counter attack. It was reported the prince sent an ultimatum to leaders of Nazi troops that Dollfuss and other cabinet ministers must be released immediately or the army would attack the chancellery.

The trouble was reported to have spread to Innsbruck and Klagenfurt.

President Wilhelm Miklas said he had been captured in the latter city.

It was reported Dollfuss, Fey and Minister Karwinsky were held as hostages on the threat that they would be killed if the heimwehr attacked the chancellery.

After four hours of mad excitement, civilians at the chancellery cried: "Dollfuss is dead."

There was no way of confirming the report.

Telephone communication between Vienna and the outside world ceased at 12 noon, eastern standard time. At least six men (London report said ten) men were killed in street fighting.

WASHINGTON By Ira Bennett

Air-War
The eclipse of J. Ramsey MacDonald, Prime Minister of Great Britain, is attended by far-reaching consequences affecting other countries. As MacDonald fades from the picture the sturdy figure of Stanley Baldwin emerges as chief burden-bearer of the British government. Socialist gives way to Conservative. Pacifism retreats and old-time imperialism breaks out its flag.

Our State Department sees this change as having a profound effect upon American policy—particularly naval and air policy. Yet very little attention has been paid to the new factors that now appear.

Increase of Britain's home defense air fleet by 33 squadrons means nothing to America, but increase of naval air force causes Uncle Sam to sit up and take notice. Obviously this question will thrust itself into the next naval conference. Agreed upon parity of fleets will necessitate revision of America's naval air plans. Japan will be heard from, of course.

Storm Center To Strike Near Corpus Christi

WASHINGTON (AP)—The weather bureau announced at noon: "The storm center is close to the coast. It will cross the coast line a short distance north of Corpus Christi attended by winds of hurricane force and high tides."

HOUSTON (AP)—A strong gale with winds estimated at between 70 and 80 miles an hour in some areas, lashed a long stretch of the Texas coast between Houston and Corpus Christi Wednesday.

Telephone and telegraph lines were down to many towns. Absence of communication gave rise to fears of considerable property damage and possibly loss of life.

Little damage was reported at daylight. Towns around Houston unable to be reached by telephone included Port Lavaca, Matagorda, Port O'Connor and Freeport.

It was believed Port O'Connor and Freeport were hardest hit.

The Washington weather bureau said the severest gale of the disturbance had not passed inland.

Game See-Saw From Start

Ford Team Cinches Game In Sixth Frame With Two Runs

The Linck soft ball contingent lost its first league game of the season Tuesday night—downed by the Ford team 10 to 8.

Errors and misplays on both sides were costly, but hits were numerous and hard.

The Fordmen jumped into the lead in the first frame when Jackson, Madison and Martin scored, but things were evened up in a hurry when the Linckmen put across three in their initial trip to the plate. The first three men up, E. P. Ketter, J. Ketter and M. Huggins, crossed home plate.

The Linckmen took the lead in the second when Loper and Young counted. The Ford team took the lead again in the third—6-5.

The Groscey men rallied in the fifth with three tallies, but Ford added two in the same inning to knot the count 8-8.

The Ford team went to bat in the sixth and smacked out several good hits that sent in runs No. 9 and 10. Compton got on base and scored when Johnson hit and Page crossed the plate when Tony hit out a hard one.

The Groscey team went out in order in the seventh.

'Chet' Fowler Makes Lone Settlement Tally In First Frame

Spike Henninger's Cosden No. 1 soft ball team swamped the Settles club 10 to 1 Tuesday.

The Hotel tally was made in the first inning. Fowler walked and scored on hits by Smith and Cosden.

Martin, first man up for the Cosdenites, was issued a free pass and scored on a circuit blow by Whittington. Tarras and Wolcott scored in the same inning.

The Refiners led the game with three runs in the fourth and three in the fifth.

HOW TOURISTS PAY
The value of what are called "invisible exports" in a nation's economy is clearly illustrated by recent figures showing just what the tourist trade is worth to France.

During 1933, for instance, American tourists spent about 1,500,000 francs in France. In that year, French exports to the United States were a little more than half that value—858,000,000 francs, to be exact.

In other words, as far as the United States is concerned, the tourist business is worth twice as much to France as is foreign trade.

There's one other interesting little thing about it. French authorities have tabulated the way in which the American tourist's money is spent in France; and they have found that just 7 per cent of it goes for what might be called wine, women and song.

That, considering the popular tradition about the American tourist's way of amusing himself in Paris, seems surprisingly low.

AN EFFECT OF REPEAL?
Detroit city authorities are reported to be vastly perturbed by a sharp rise in automobile traffic accidents this year. Between Jan. 1 and July 3, 1934, Detroit's traffic killed 215 persons—the highest traffic death rate in Detroit's history.

RECORD CROWD SEES CHALK TEAM WIN 7-4

PUMPER CLUB IN SECOND SLOT

The solid rock cap fringing the peak of Scenic Mountain furnishes a natural pavement for automobiles traversing the interesting drive. A deep over a sheer drop of sunny yards and a steep slope to the flat below adds impressively to the drive. Tower-like in the distance may be seen the Settles Hotel of downtown Big Spring.

Object Of Improvement

Jutting out into a natural vantage point from which every movement in the famous Sulphur Draw (in which Big Spring lies) may be watched, the north eastern peak of Scenic Mountain is to be improved by C.C.C. workers as a part of the state park development program.

Midland Club To Battle Cosden

The Midland Southern Ice soft ball team, one of the fastest clubs in the Midland league, will scrap the Cosden No. 1 team here tonight at 8:30.

Henninger will keep his regular line-up intact with two or three exceptions. "Big" Swatzy will probably play with the Cosdenites along with Lois 'Shorty' Madison, heavy hitter.

Steers Stop Ft. Worth 3-1

DALLAS—Playing before a paid crowd of 12,501 persons, the largest at the Steer stadium since opening day, 1929, the Dallas Steers Tuesday night defeated Fort Worth, 3 to 1. Joe Vance, versatile utility star, went to the mound and hurled a cross-fire at the Cats that stopped them with six hits.

OILERS & SHIPPERS 3
TULSA, Okla.—Carl Williams, rangy slusher of the Oklahoma A. and M. college, held the Tulsa Oilers scoreless for six innings here Tuesday night while pitching his first game for Beaumont, but he was nipped for two runs in the seventh and blasted from the mound in the eighth when the Oilers scored three runs to win, 5 to 3. Hare replaced Williams in the eighth and was charged with defeat.

BUFFS 4, REDKINS 3
OKLAHOMA CITY—Oklahoma City lost the last game of the current home stand to Houston, 4 to 3, Tuesday night.

Houston won only because of a freakish slight lunting in which the Buffs scored all their runs.

SPORT LINES

FORAN, (Spl.)—Chalk defeated the Schermerhorn Pumper 7 to 4 Tuesday afternoon before a record crowd of over three hundred spectators.

The victory placed Chalk in the league with six wins and one loss. Schermerhorn dropped to second position with four victories out of six games.

The Pumper team out played and out hit the Chalk outfit, but Schermerhorn hits were more scattered. The Pumper started with a three run lead when L. McClaren, Denver and J. White crossed home plate on a two bagger by B. McClaren. Schermerhorn scored again in the fourth when J. White socked one good for a homer.

Chalk rallied in the last of the fourth and batted around, tacking up six more runs. Both teams tightened in the last three innings.

Tigers Defeat Red Sox 6-3

CLARENCE PHILLIPS, HEFTY EXPORTER, PERFORMS CREDITABLY

DETROIT—Clarence Phillips, a hefty young pitcher just up from Beaumont, made his debut with Detroit Tuesday and performed so creditably that the Tigers defeated the Boston Red Sox, 6 to 3, stretching their victories for the current series to two straight.

Bobby Harris successfully called on Walters, Penneck, Grove and Welch to stem the Tiger attack but Detroit had the game tucked away at the end of the third inning.

Marvin Owen's home run in the second with one man on and Bill Rogell's triple in the third with two men aboard afforded the Tigers a comfortable margin.

INDIANS 16, MACKS 4

CLEVELAND—Opening with a five run rally in the first inning the Indians kept ahead of the Athletics throughout Tuesday and took the second game of the series, 10 to 4.

Nine of the Tribe's runs were made off Marcum, Philadelphia pitcher, in the first four innings. Lagger, who replaced him on the mound held Cleveland to four hits and one run.

BROWNS 4, YANKS 3

ST. LOUIS—The Yankees lost a ball game to the Browns, 4 to 2 Tuesday and a game to the Detroit Tigers in the American league standing, but an even more serious loss came when Earl Combs, veteran outfielder, was put out of action.

Combs crashed into the left field fence in a vain effort to catch Earl Giff's hit that decided the game in favor of St. Louis and an examination in the clubhouse indicated that he had been seriously injured. Dr. Leo Bartels said he had suffered a possible fracture of the left shoulder and several minor injuries but sent him to the hospital for further examination.

Lou Gehrig hit his 28th homer of the year in the second inning.

CHISOX 4, SENs 1

CHICAGO—Pitching brilliantly despite the intense heat that sent a thermometer on the mound skyrocketing to 100 degrees, young Les Tietje held Washington, to six scattered hits Tuesday and the White Sox evened the series with a 4 to 1 victory.

A home run in the sixth inning by Rookie Johnny Gill was the only score off Tietje, who allowed no other Senator to pass second base and only two to reach that point.

PHILS 8, BUCS 0

PHILADELPHIA—The Phillies tied for sixth place Tuesday by blanking the Pittsburgh Pirates, 9 to 0, as Brooklyn was losing to Chicago.

Sylvester Johnson, purchased from Cincinnati for relief purposes, held the Bucs to four hits, hitting no hit ball for five innings.

This Stops Laxative 'Dread'

Because of harsh action, bad taste or interference with daily duties, people dangerously "delay" Fenn's-mint, the delicious chocolate laxative, containing a laxative ingredient regularly prescribed by physicians, cures their problem. You chew it, then the laxative ingredients is dissolved, giving a more natural action, complete and pleasant. Delivered Fenn's-mint contains no roughness to upset stomach or distaste. Delay is the danger as today safely get back on schedule and stay there. Chew Fenn's-mint for constipation.

SPORT LINES

Lois Madison's heavy hitting has made him very popular with soft ball team managers. Madison is up to the highest bidder. He's signed with seven clubs. It's just a guess, but Lois has probably hit more home runs than any other player in the league. He's a wrong handed batter with plenty of drive and lots of speed.

As the summer wanes away fans are losing their optimistic grid view. The so called "experts" tell the boys haven't a chance. But don't let that kind of talk fool you folks, the Steers will be plenty tough to handle—just a bit tougher.

Something must be done. The soft ball league treasury is rapidly dwindling away. The ump's salary etc snatch out the dollars plenty fast, especially when there's nothing to go back on. Passing the hat brought in a few shekles the first part of the season, but business got so bad that the hat is seldom used now.

DON'T MISS THOSE SOFT BALL GAMES TONIGHT. THERE WILL BE AN ALL-STAR GAME AT 8:30 AND A VERY IMPORTANT ANNOUNCEMENT ABOUT THE SAME TIME. WE DON'T KNOW WHAT IT WILL BE, BUT LEAGUE OFFICIALS PROMISE IT WILL BE INTERESTING. SO MAKE IT A POINT TO BE THERE.

Moody defeated Shell 17 to 4 Tuesday afternoon in a practice game in the Oilfield league. Shell holds the cellar position in the loop.

Fred Simmons sends in an encouraging note from the Forsan league: "Interest in soft ball is increasing by leaps and bounds. The record crowd at the Chalk-Schermerhorn game Tuesday is a good indication of increased interest. People in Forsan find it a very interesting recreation."

Numerous "dyed-in-the-wool" baseball fans are trying to revive the game here. Soft ball has put a damper on baseball.

Somebody has fallen down on the job. One of the lights on the soft ball diamond has been burned out for several days.

Type Lice Win Practice Tilt

The Herald Type Lice shut out the Ford soft ball team 1 to 0 eight innings Monday afternoon in a practice game.

Both teams played jam-up field work, and practically all hits were in the air.

The Type Lice scored after two were out. Hart, McMahon and Anderson singled in succession to fill the sacks, and Seage bounded one over the pitcher's head that scored Hart.

The Fordmen secured only one hit off Beasley.

Mr. and Mrs. Irving Loeb had as guests Tuesday Mrs. Lieb's sisters, Sessie Hattie and Esther Levy of Sweetwater.

Cards Lose To Giants 5-0

NEW YORK—Roy Parmelee, who hasn't been able to do much catching this season, did a lot in one game Tuesday, as the Giants defeated the St. Louis Cardinals winning streak with a 5 to 0 victory in the second game of their series.

Parmelee, winning his third victory of the season and his second since he returned to action after an appendicitis operation, gave up only four hits and as many walks. He struck out seven, didn't let a runner reach third base and didn't give his own outfielders a chance to make a putout.

The Giants' triumph, squaring the series, kept their two game lead over the Cubs intact and put the Cards 1-2 games behind the lead.

Mel Ott and Gus Mancuso did the heavy work of backing up Parmelee at bat. Ott smashed his 24th home run of the season in the third inning. Mancuso came out of his batting slump by hitting three-or-three and knocking in the first Giant tally.

Cubs 5, Dodgers 3

BROOKLYN—The Cubs made the best possible use of their hits Tuesday to defeat the Dodgers, 5 to 3, and make it two in a row for their series.

BRAVES 4, REDS 3

BOSTON—After losing six games in a row the Boston Braves stepped back onto the winning rail Tuesday as they defeated the Cincinnati Reds, 4 to 3.

Flint Rhem, right hander, gave but seven hits to the visitors, one of which was a home run into the left field bleachers by "Chick" Hafey.

PHILS 8, BUCS 0

PHILADELPHIA—The Phillies tied for sixth place Tuesday by blanking the Pittsburgh Pirates, 9 to 0, as Brooklyn was losing to Chicago.

Sylvester Johnson, purchased from Cincinnati for relief purposes, held the Bucs to four hits, hitting no hit ball for five innings.

PHILS 8, BUCS 0

Radio Talks For Small On WBAP Tonite

Six Five-Minute Speeches On Air This Evening From Fort Worth

AMARILLO — Wednesday night a group of leading West Texas citizens will be heard on radio station WBAP in Fort Worth delivering a "return broadcast." The program Wednesday night will be in answer to one given last Friday night, when a group of six prominent East Texans were heard on the air in an appeal to West Texans to stay by Senator Clint C. Small in his race for Governor and pledging that they in East Texas would rally to Small's support to the extent of assisting West Texas to place Small in the run-off.

The six 5-minute speeches Wednesday night will assure East Texas that West Texas is remaining loyal in their support to Small in a manner similar to that of four years ago.

Speakers for West Texas will be: Dr. J. D. Spadefer of Abilene, president of Simmons University; W. B. Lamilton of Wichita Falls, independent oil operator and former president of the West Texas Chamber of Commerce; Chas. A. Guy, editor of the Lubbock Avalanche Journal; Jay Taylor, of Amarillo, president of the Panhandle Livestock Producers Association; Mayor Roar Rogers of Amarillo; and Mayor Deskin Wells of Wellington.

The broadcast of this group of speakers for Senator Small will be heard from 10 to 10:30 p. m. Wednesday night, July 25 over WBAP in Fort Worth.

Small Relates Life's Story To Hunt Co. Voters

GREENVILLE — Emphasizing that his law practice never had included any representation of oil companies or power companies, Sen. Clint Small Tuesday afternoon related to Hunt county citizens the story of his life—a life spent in agricultural country devoted to stock raising and farming.

"My law practice," he said, "has been confined to little business, little ranchmen and little farmers. I have never at any time represented an oil company or power company."

Sen. Small said that in his legislative work he had been concerned about validating titles to land; about protecting interests of farmers, stockmen and dairymen.

The discovery of oil in his district necessitated the devotion of more of his time to oil legislation, but that work always was done with efforts toward conserving oil resources of the state, bringing about fair play and honesty in production methods, and to insure a just revenue quota to the state, the gubernatorial candidate said.

He insisted that all Texas counties had benefited from the law which diverted one cent of the gasoline tax to retire county bonds created for road building purposes. This law is saving the state eight million dollars annually he asserted.

Montgomery Ward To Build New Type Washing Machine

Montgomery Ward and company Wednesday announced that large scale production will begin immediately on a new type electrical washing machine, designed to combine simplicity of line and mechanical utility.

The machine represents a radical change in washing machine design.

Intended to match the most modern refrigerator and other household appliances in beauty, the new washer was designed by Lurelle Guild, noted industrial designer, and is the product of more than a year of testing and research in Ward laboratories.

A square, white lacquer cabinet encloses all mechanical parts except the wringer, thus serving the three-fold purpose of improving appearance, facilitating cleaning and providing a greater degree of safety. A simple, smoothness of line is achieved by rounded corners of chromium on the cabinet.

One push-button, located at the front of the cabinet, starts a trivane agitator which swirls soapy water through clothes 128 times a minute, washing a tubful in less than five minutes. Another control the drain. A lever at the side of the wringer sends the balloon roll in forward or backward motion, as desired.

Distribution of the machines to the 500 Ward retail stores located throughout the country will begin next month.

SPITE MARRIAGE

by Katherine Howard Taylor

Chapter 16 IDYLL

"Why did you tell Ella she looked well in her cap, dear?" Bob asked.

"Because, Bob, she felt she didn't grace caps," Marsha answered quickly. "Of course she doesn't; you know how her cap will ride with one deck under water."

"You haven't it yet," he went on. "Why did you tell her that grudge-holding from you?"

"Because — she felt badly about her cap and the imbricated way they will wash, skidding round on her two hairs."

"Well, don't you see, dearest?" he

probably knew; but she understood what was back of the lie. You did know I lied, didn't you?"

"No, I didn't. But I wasn't jealous, at all, Bob."

He could not always be light and gay; he held her close pressed to him for a short second.

"No," he agreed, voice tightened and short. "I know you weren't jealous. You would not be. I heard you ask Ella in the most round about, dignified and clever way the other day, whether I seemed quite normal. You wanted to know whether you were making me happy, now didn't you?"

"Yes," she admitted.

"The curious thing to me," he

"You play—exquisitely!"

asked. She didn't; she shook her head, looking up at him. Her eyes were wide; so often to him she was a pitifully baffled child; he leaned forward, kissed the tip of her nose, sat back.

He tried very hard not to bother her much; he felt she was a little happier when he seemed but gay.

"When lies are made to make people happier," he stated, "the jewel expert in heaven hurries to get another jewel for the liar's crown. . . . See? You know, when we telephoned mother last night, and I said, 'I'm missing you?'"

"Yes."

"Well, you know, dear child, I couldn't miss even my very dear mother just now, because life is—well, you know, anyway, I said that. You knew I lied; Mother

HITLER EXPLAINS NAZI 'PURGE'

Chancellor Adolf Hitler of Germany (center, saluting) is shown as he arrived at the Kroll opera house in Berlin to address the reichstag regarding the "purge" of the Nazi regime. In this speech he disclosed that 77 lost their lives in his move to wipe out plots of his enemies. (Associated Press Photo)

He had been standing by the beach; tapping heels with an emptying pipe. He turned to smile on the broad arm of her chair: "I am beginning to know you," he said slowly. (She felt his hand on her hair; he was always so gentle!) "And I know you wanted to say more, but old habits cling! Am I right?"

"Yes," she admitted. Within, she said to him; panic at heart. "Don't know me too well!"

He said, "A little gain, dearest one!" She felt him kiss her hair and then he rose. And again before the hearts he filled his pipe with great particularity and gave to it his entire attention.

If, instead of looking slightly perturbed she were to say, "You dear! I feel that way too!" Or perhaps, with a touch, make him understand that she knew what all his floundering and gropings through suddenly inadequate words, meant.

Darby Vance has struck out more batters in the majors—about 2,000—than any hurler since Christy Mathewson, who fanned 2,309.

Vernon John, 18, a student at the University of Southern California, is the youngest player ever to win the Denver city tennis championship.

Al Fisher, pitcher with the Cardinals' farm at Elmira, N. Y., hit four home runs in a double header while subbing in center field one afternoon.

THE IMMENSE & preponderance of France over Britain. French airplanes have London at their mercy. Britons have squirmed over this situation for several years. Ramsay MacDonald has always turned a deaf ear to air expansionists as he has to air "militarists."

Now Stanley Baldwin moves to put an end to Britain's air inferiority. He acts within two days after the break-up of the last disarmament pow-wow. Britain will arm and defend herself.

Little has been said among statesmen regarding France's air supremacy over Britain. But the brute fact more than once has forced Britain to take second place in European confabs. Look over the record. In every pinch case Britain has stood with France and has not dared to do otherwise.

The debt situation may undergo a change with Baldwin in the saddle. He made the agreement. He would be the best man to revise it—he has the respect and confidence of Washington.

DILLINGER 'PRINTED' FOR LAST TIME

Chicago police experts are shown surrounding the body of John Dillinger, notorious outlaw and killer who was slain by federal agents when he surprised him in front of a theater, to take his fingerprints for the last time. Incidentally, to set at rest forever any rumors that the man killed was not Dillinger. (Associated Press Photo)

CROWDS GATHER AT BLOODY SPOT OF SLAYING

The spot where John Dillinger, the nation's most hunted criminal, fell mortally wounded in Chicago after being shot down by federal agents became a magnet for crowds of curious persons. The picture shows the blood darkened portions of the street surrounded by people after the shooting. (Associated Press Photo)

curities much easier to market—because large investors (including insurance companies and such) have much keener appetites for bonds maturing within five to ten years than for longer term issues. It's due to a heavy demand for medium term stuff—to balance investment portfolios—and a short supply. Under the circumstances it was a positive pleasure to lower the interest rate.

So everybody's happy but the sinking fund—which has to exchange short term bonds for long and accept a cut in income. The sinking fund has no spokesman to protest—but Fusion's opponents may discover there's political hay in this angle of the arrangements.

Smith—

The prodigal son act staged by Al Smith with the help of new Tammany boss James J. Dooley has a double background. For one thing it's an olive branch tendered to Smith by the Roosevelt-Farley wing of the party. Dooley is very much Farley's man—although this will never be evident in public—and it's a clinch he would never have taken such an important step without approval from above. If Smith can put over his ideas of how Tammany should be run it will help the state democracy no end—and it gives Smith the renewed foothold in politics he has missed so badly.

Republicans—

State Chairman Kingsland Macy is making headway in backstage Republican circles. He's won support from upstate for his determined campaign to oust Joseph McGinnis as Speaker of the State Assembly. Insiders rate it significant that Congressman Bertrand Snell—an old guardman himself if there ever was one—has a candidate of his own to succeed McGinnis. Moreover it looks as if Macy and Snell might get together on the Speakerhip.

Named Coach

Edward H. "Tiny" Reed, vice-principal of senior-junior high school, was Tuesday elected to serve as first athletic director of the Eastern New Mexico State Teacher's college at Portales. He will assume his new duties September 1. Reed has been affiliated with the Big Spring schools since 1928, coming here from Amarillo.

Tiny Reed Accepts Place At Portales

To Become Athletic Director At E. N. M. S. T. C. In Portales
 Edward H. "Tiny" Reed, a teacher in the Big Spring school system for the past 6 years, was named Tuesday as the first athletic director of Eastern New Mexico State Teachers college at Portales, New Mexico.
 The school was opened for the first time this summer. It was in New Mexico that he gained his first coaching experience.
 Reed came to Big Spring in 1928 from Central Junior high school in Amarillo where he served as coach. He has served three years as principal of junior high school and three years of vice-principal of senior-junior high school here. In the meantime he has gained a wide reputation as an interscholastic referee.
 His first teaching experience was gained in Memphis, Texas. From there he went to Clayton, New Mexico where he produced a state championship football team in his first year of coaching in 1922. He then returned to school, attending Texas university and receiving a degree from Texas Tech. He earned his masters degree from the University of Colorado while teaching here.
 He will leave here as soon as summer school, of which he is principal, is concluded, and will attend the Texas Tech coaching school. His new duties will be assumed September 1.
 While here Reed has been prominent in civic activities and is a member of the Kiwanis club.

BUREAU OF AIR COMMERCE PRAISES SLEEPER PLANE

American Airlines' operation of the Condor sleeper planes between Dallas, Fort Worth and Los Angeles through this city, has won the distinction of being designated by the United States Department of Commerce, Aeronautics branch, as "the most advanced idea in passenger comfort and convenience." This superlative phrase is used in a description of the plane published in the current issue of the Air Commerce Bulletin circulated by the newly designated Bureau of Air Commerce.
 "Passenger comfort is a factor in airline operations which is given very thoughtful consideration," the bulletin says in announcing the progress and development shown in scheduled airline equipment of 1934. "A few years ago, however, a reclining chair, an individual ventilator and a rack of magazines represented the utmost in luxury of cabin appointments and even this was a long step forward from the open cockpit of an air mail plane in which the pioneer air traveler rode."
 "Today the most advanced idea in passenger comfort and convenience is a sleeper plane, with berths similar to those with which rail travelers are familiar. In the airplane the lower berth is only a few inches off the floor—the upper berth is waist high and has a share of the window."
 American Airlines operates the only complete sleeper planes in the world, with the sleeper service scheduled daily between Dallas and Los Angeles and between Chicago and New York. It has been declared that the inauguration of this new type service marks the beginning of the most progressive era in the history of aviation.

Winston Borum, who in the words of Rotary's President James Davis, plans to "become a preacher," addressed the joint assembly of Lions, Kiwanians and Rotarians Tuesday in the Settles hotel. Especially noted in West Texas as an after dinner speaker, Borum kept his audience in a continual uproar Tuesday. He is pastor of the Midland Baptist church.

Pundt Seeks Votes From Hospital Bed

This is a strange form of campaigning for a healthy, vigorous man, but John Pundt, railroad commission candidate finds it more comfortable until his broken ribs mend. He will finish his speaking engagements by radio. Pundt was injured near Victoria a week ago when his car overturned as the result of a blowout. His publicity director, Preston Sneed of Dallas, was killed in the crash, and Eugene Smith his campaign manager was cut severely on the head.

Edward Simpson Seeks Office Of Co. Superintendent

Edward Simpson, seeking the Democratic nomination as county superintendent in the primaries Saturday, was reared in Howard county.
 He worked on a farm and ranch while attending a rural school. Later he received higher education in teachers' colleges, summer normals, and in extension work.
 Mr. Simpson's teaching experience grows out of 15 years in three schools, R-Bar and Midway of this county, and Courtney Independent of Martin county, as principal.
 Making a close study of rural school problems during this period, he said he has observed that those problems were largely economic and "can be improved only with the economic condition of the people." He added that bonded indebtedness in districts of small valuations tended to enlarge the problems of rural people.
 Simpson cited his business ex-

perience as a salesman for two leading school furniture companies and said that through this association he had observed methods and problems of many county superintendents.
 Since he was in the naval service during the world war and spent 30 months over seas, he believed it qualified "him to measure for the training of boys and girls for citizenship."
 If elected to the office, he pledged himself to do his best to build up an efficient system of rural schools in Howard county.

Tuesday Party Is Second Of Summer Series

As the second of a series of enjoyable summertime parties, Mrs. Y. H. Fiewellen entertained four tables of guests Tuesday morning in her home in Edwards Heights. Mrs. Herbert Keaton who plans to leave soon to make her home in Sweetwater, was named as honor guest for the pretty courtesy party.

A clever green and yellow color theme was cleverly carried out in table covers, bridge accessories and in the delicious refreshment plates served at the conclusion of game. Tinkling green ice cubes in tall glasses of yellow punch and the delicate yellow of mellow cantaloupe in which was served green sherbet, lent the essential touch of coolness to the occasion.

Mrs. L. A. Talley won floating prize and received a bit of attractive pottery, while Mrs. G. C. Carter won high score, a jelly dish. Mrs. Keaton was remembered with lingerie.

Guests who attended the courtesy for Mrs. Keaton were: Mesdames G. H. Wood, G. T. Hall, C. E. Shive, Talley, Carter, Hayes Stripling, Hugh Duncan, A. Schmitzer, Arthur Woodall, Jack Hodges, Sr., J. L. Bush, S. D. Wilson, Clyde Watts Jr., Grover Cunningham and Noel Lawson.

C. H. Smith of Butte has been secretary-treasurer of the Montana State Trapshooting association for 41 years.

MINNEAPOLIS RIOT LEAVES ONE DEAD, MANY HURT

This picture shows the clash between striking Minneapolis truck drivers and police in which one man was killed and a half hundred others injured. The trouble started when officers attempted to escort a convoy of foodstuffs past picket lines and police were forced to use tear gas and riot guns to quell the rioters. (Associated Press Photo)

Applications For Emergency Crop Loans Can Be Made Now

Farmers seeking emergency crop loans for general purposes may now place their application for such loans with county loan committees which functioned during the spring of 1934. In all of the drouth stricken counties of Texas, New Mexico and Arizona, Charles W. Sherrill, Regional Manager of the Emergency Crop and Feed Loan Office of the Farm Credit Administration at Dallas announced today. Crop loans were discontinued May 31 but the period for receiving applications has been reopened in response to demands from drouth stricken sections of the Southwest region, Mr. Sherrill said.

When you buy an electric refrigerator you pay much less for it now than you did a few years ago. That is one reason why you should buy an electric refrigerator. Electric refrigerators maintain a low average temperature during the severe heat of summer, thereby keeping food better and longer and saving you money on your grocery bill. That is another reason why you should buy an electric refrigerator.

And so on down the list. Add to these features the many others found in electric refrigeration and you will see why you should buy an electric refrigerator.

Talbot, "looks like a training camp set right down in the middle of old Christ Church college.

"Stocks of old, water-soaked gloves almost fill one big trunk, and there are enough fighting trunks and shoes and other paraphernalia of the break-busting business to outfit a complete set of sparring partners.

SPARE THE CAPTAIN!
"But there are no sparring partners and the gloves lie idle. Big Gentry, who was the heavyweight star of Virginia's great boxing team for two years and reached the finals of the last Olympic eliminations, doesn't box any more.

"It was like this: They called for candidates for the Oxford boxing team right after Gentry arrived and got settled. His heart sang and he reported. The captain of the team singled out the big Virginian to give him a workout.

If you're poor, a divorce will cost you the price of half a pound of butter in Russia, says Cleely Hamilton, author.

SPORT SLANTS

By ALAN GOULD

The English have odd ways of looking at sports as Eddie Egan, Bill Follows, George Pfann and other American athletes who have attended Oxford and Cambridge can testify.

Frank Gentry, late of Virginia, is the latest to discover the difference in American and English attitudes, reports Gayle Talbot from London.

"Gentry's room at Oxford," says Gentry, Earnest, Roy Combs, R. L. Carpenter and the hostess.
