## Kirk Griffin Named Star Chapter Farmer

Quite a handsome group attending the FFA Parent-Member banquet last Monday night.

Among the crowd were the parents of members, faculty and school board members, the livestock committee, buyers, and other guests from the community.

The FFA sweetheart, Mia Kwikko was introduced by John Paul Joiner. The FFA sweetheart is chosen by the members of the FFA each year.

Mia introduced the Star Greenhand and Chapter Farmer for 1981.

Kelly Griffin, son of Mr. and Mrs. Dan Griffin was the Star Greenhand and Kirk Griffin, son of Mr. and Mrs. Lynn Griffin was the Star Chapter Farmer for 1981.

Foundation awards were presented in ten categories.

Sherry Powell received the sheep production award, John Sparks received the beef production award and Bill Clark received the swine production award.

Eddie Harris received the horse production award, Clint Bumgardner received the livestock award, and Walter Powell received the crop manager award.

In home improvement, Kelly Kerr received an award and the vegetable production award went John Griffith.

In poultry production, Mark Nikolausk received an award, and John Griffith was announced the winner of the public speaking award.

Honorary Chapter Farmers chosen by the FFA were Mrs. Duwain Sauer and Dan Griffin for all their help and encouragement with the FFA activities of the previous year.

Certificates of merit were then presented to Richard Gibson in rabbit production, Lynna Sauer, Kirk Griffin, Mitzi Mittil, Mia Kwikko, and Melissa Sauer in sheep production.

Certificates of merit were presented to Bill Cawley, Nicky Dahlberg, and Shane Wells in beef production and in swine production.

Bill Clark and Kelly Griffin received certificates of merit.

Waller Powell and Craig Griffin also received certificates of merit in crop production.

Mia Kwikko then addressed the group with a thank you to everyone who has contributed to all she has learned about the United States and Texas.

Said Mia, "Everybody who visits another country can see their own home and family a little differently and can take greater pride in her homeland."

"You all have helped to give me such great memories and I'm sure gonna miss you when I get back to Finland. I will never forget you," she added.

In livestock judging certificates of merit were presented to Brian Gawrychowski, Kirk Griffin, and Eddie Harris.

The 1981-1982 officers were then installed by the previous officers.

The 1981-82 officers are president, Nicky Dahlberg, vice-president, Kirk Griffin, secretary, Bill Clark, treasurer, Dan Ray, reporter, Craig Griffin, and sentinel, Eddie Harris.

The meeting was then adjourned.

## Long-Time Publisher Buried Monday

Fred Walter Gunstead, long-time Eldorado resident and newspaper publisher, died Saturday night in Schleicher County Nursing Home at the age of 83. Services were held Monday morning in the First Methodist Church of Eldorado with the Rev. John Robinson, pastor, officiating. Burial was in Eldorado Cemetery under direction of Kerbow Funeral Home.

Mr. Gunstead was born May 20, 1897 at Buxton, N.D. to Johanna and Andrew Gunstead who came to this country from Norway. In 1899, his parents moved to St. Hilaire, Minn., where he attended the local schools. He learned the printing trade in the St. Hilaire Spectator, a small hand-set weekly paper which was owned by an older brother.

Following his 21st birthday in 1918, he was drafted for military service and was in several army camps during the last five months of that year.

Discharged in January of 1919, he returned to Minnesota and resumed the printing trade. The next six years, he was employed in various newspapers in Minnesota, North Dakota, Washington, California and Texas.

He married Alice Ary in California during the 1924-25 school term and the couple moved to Eliot, Texas in the summer of 1925.

In November of 1926, the Gunsteads moved to Pilot Point, Texas in Denton County and became owners and operators of the Pilot Point Post-Signal. They remained there until the summer of 1945 when they came to Eldorado and bought the Eldorado Success.

His wife, who was an active partner with him in the newspaper

business for 30 years, preceded him in death in August of 1957. In September of 1977, the Success was merged with the Eldorado-Express-News and Mr. Gunstead retired. He had lived in the local nursing home for the past six years.

The long time publisher was a member of the Methodist Church, Lions Club and American Legion. He was an avid reader of books concerning Abe Lincoln and the Civil War period of American history and all political activities.

In connection with his work on the Eldorado Success, he took interest in local affairs and was instrumental in the successful campaign establishing a hospital district and building

hospital facilities here. That project was completed in the spring of 1967 after a long newspaper campaign written by Mr. Gunstead.

He was also a printer and did job printing in the back of the Success for individuals and businesses.

Survivors include a daughter, Mr.

Survivors include a daughter, Mrs. Mary Lee Sauer of Van Horn; a son, Bill Gunstead of Lewisville; six grandchildren and several nieces and nephews.

Pallbearers were Glenn Parker, Duwain Sauer, Ronnie Sauer, Hyman Sauer, Dick Preston and Hollis McCormick.

## Gunstead Was Devoted And Good At His Job

There was a time when newspapers were not computerized --they were put together by hand, using hot, molten lead and loud, bulky machines. Stories were put together, line by line as they came off the loud linotype machine and headlines were put together one letter at a time from a pile of letters carefully sorted in type trays that seemed to weigh tons.

Pages were put together in a heavy frame and after a long process were run off by hand on a loud and very large press.

Job printing was the same--a long and tedious process done by hand.

Printing then was an art, a craft, a learned trade done mostly by men trained in their profession because most women could not lift the heavy frames or handle the large equipment. It was hot, hard and tedious work, but usually a good printer and newspaper man would earn and keep a good reputation.

One such man was Fred Gunstead who with his wife, Alice, came to Eldorado in 1945. He had learned his trade from a brother and had worked for several newspaper before settling down here. He earned a good reputation because he was a master at his trade, being able to print any kind of job printing needed for the community.

For 30 years, he devoted almost all of his time printing either the Eldorado Success or doing job printing in the back of the Success office even working on weekends.

He was devoted to his work and he was good at it. He was one of the few men left who knew and loved the printing trade like it used to be; one of a quickly vanishing breed who "had ink in his blood." Such devotion and talent will be missed in this community.

## KVRN Tower Is Completed

The owners of KVRN AM/FM, Walt Foster and Don Griffiths of San Angelo announced this week that construction on the KVRN FM translator in Junction has been completed, and KVRN FM is now being heard in Junction and much of Kimble County. Listeners in that Area will hear KVRN FM on frequency 102.3 MHz.

Foster and Griffiths have also applied to the FCC to increase the tower height for KVRN FM in Sonora which would significantly increase the coverage of the station. They have also applied to the FCC to purchase KRCT FM in Ozona, and to construct a translator station in Menard.

## Students Going To State

EHS senior John Paul Joiner will join several other local high school students who have qualified in state UIL competition in their different fields.

Joiner will be competing in the 110 high hurdles after running 15.01 at the regional meet last week. The state track meet is May 13, 14 and

15, in Austin.

During the state literary meet this weekend, Sandy Willeke will compete in feature writing and Mike Griffith will compete in news writing.

Meanwhile, the girls track team of Sherri Walling, Linda Gentry, Lori Whitaker and Silver Guana will be competing in the 880 relay.

## Bosman Funeral Is Held Saturday Morning

A funeral Mass was held Saturday morning in Our Lady of Guadalupe Catholic Church Saturday morning for a long-time Eldorado resident, Manuel H. Bosmans, 60. Mr. Bosmans died Thursday in Schleicher County Medical Center after a short illness.

The Rev. Mark Woodruff, pastor, officiated. Burial was in Eldorado Cemetery.

Mr. Bosmans was born June 17, 1920, in Hondo. He married Dora De Los Santos April 26, 1947 in Eldorado. A veteran of World War II, and a Catholic, he had lived in Eldorado all of his life and worked for several ranchers in this county.

He is survived by his wife; two sons, Jessie Bosmans of Wichita Falls and Jimmy Bosmans of San Angelo; two daughters, Terri Bosmans of Corley and Thelma Bosmans of Eldorado; two brothers, Walter Bosmans of Eldorado and Roman Bosmans of San Antonio; two half-brothers, Phillip Bosmans of California and Edward Bosmans of San

Antonio; two half-sisters, Margaret Paderes and Maria Sanchez, both of Killeen and four grandchildren.

Pallbearers were Moises Hill, Rudy Robledo, Edmundo Martinez, Guy Rodriguez Jr., Fortino Perez and Luther Guerrero.

# In Those Days

FIVE YEARS AGO--E.H. Dannheim died after a two month illness.

Only about 500 voters turned out for the first Democratic Primary re-electing Joe Christian commissioner to precinct three of the county and supporting Jimmy Carter in the presidential primary.

Tim Terry and Larry Mitchel were managing the county swimming pool.

Mike Juracek, son of Mr. and Mrs. Nick Jurcek, was named outstanding young man at Seymour where he was an independent insurance man.

Gloria Swift and Kenith Homer were to be honored at the adult 4-H leader banquet in Brownwood.

Terry Garlitz was named valedictorian for her class and Carolyn Bland was salutatorian.

12 YEARS AGO--The Ace Camper-Trailer Co. was setting up business in the Encosh business facing the courthouse, by Al Lichnovsky and Coy Bishop.

Mrs. Edward E. Newlin, 80, was buried.

Wayne Doyle won first in the 100 yard dash at the state track meet and Paul Page won first in the 440 yard dash.

J.H. Emmons, 100 years old, was settled in at the nursing home.

New cheerleaders were Randy Yates, Sheri Roberts, Linda Derrick, Peggy Page, Gay Lynn Richardson and Mary Lynn McCalla as alternate.

Junior high cheerleaders were Eva Jo Blaylock, Kathy Page, Debbie Page and Carolyn Page. Jill Edmiston was alternate.

35 YEARS AGO--Mrs. R.

C. Spurgers died suddenly.

The Eldorado baseball team whipped the Sonora team 11-2 with "smiling Jack Griffin" pitching for the local team. Bob Faught and Louis Goss had the most hits individually.

Roberta Thigpen was honored by her daughters, Betty, Mary Helen and Rose Marie on her birthday.

Mrs. Horace Linthicum and Mrs. J.M. Christian gave a birthday party for their children, Prissy and Joe Charles, on their second birthday.

Mr. and Mrs. R.E. Johnson had visited with S.H. Cheatham and family and with their daughter, Mrs. Clovis Taylor and family.

A hailstorm destroyed vegetation and crops at the Ed Davis, Herschal Crook, Sam Oglesby and Rumpy farms.

## Geistweidt Is Chosen To Attend Special Briefing

Representative Gerald Geistweidt of Mason, left Austin Wednesday, April 29 for a two day exclusive Presidential and Cabinet Briefing that has been arranged by the White House.

Geistweidt is one of a handful of state legislative leaders from across the nation who were invited to meet with President Reagan to discuss his comprehensive economic recovery program. The special briefing will also include meetings with the Vice President, key White House officials, and selected Cabinet Secretaries whose Departments have the greatest interaction with the States.

The purpose of the briefing is twofold: first, to bring state lawmakers in closer contact with the Reagan administration; and

second, to provide the legislators with a clearer understanding of the President's program to return important responsibilities, control, and programs back to the states.

The letter that accompanied the invitation stated that "the President realizes the critical role state legislative leaders can have in the success of the economic plan." The briefing will provide an opportunity for a constructive exchange between state legislators and Administration officials.

The agenda for the two Reagan Administration on the state level in obtaining their announced goals."

day program includes meetings with the Office of Management and Budget Director, David Stockman; Secretary of Education Bell, Secretary of Labor Donovan, Secretary of Transportation Lewis, Secretary of Interior Watt, Secretary of Health and Human Resources Schweiker, and key House and Senate members.

Geistweidt expressed his gratitude for the invitation. "I am honored to have been chosen to represent Texas. I look forward to participation in this conference and the opportunities in the future to assist the

## Older Texans Being Denied Medicare

Older Texans who get rid of their property and become poor to qualify for welfare now are being denied eligibility for Medicaid, Marlin W. Johnston, commissioner of the Department of Human Resources, said today.

Divestiture of assets to get health care now is against the law, Johnston warned, referring to a federal statute which took effect March 1.

Johnston said DHR has documented cases where assets in excess of \$100,000 were given away or sold at less than market value to establish eligibility. The property usually goes to sons or daughters, or other

family members, so that the former owner can qualify for nursing home care under Medicaid.

Before March 1, there was no law preventing divestiture of assets, Johnston said, although DHR long had sought such restrictions.

Under the new law, a penalty is imposed of 24 months suspended eligibility for anyone giving away or selling property for less than market value to establish eligibility for Medicaid.

Persons who became eligible for Medicaid through divestiture of assets before March 1, will not be affected, Johnston said.

## Bellringers Beginning MHA Campaign

Mrs. De Lux of Eldorado announced that several Bellringer marchers will go house-to-house during May.

Mrs. Lux is Bellringer chairperson for the drive benefiting the Mental Health Association in Texas.

The Mental Health Association is a voluntary

citizens organization which operates entirely on private contributions, such as those raised in the Bellringer campaign.

The association depends largely on volunteer efforts for both its programs and fund raising.

President Al St. Peter expressed his appreciation to the Bellringer chair and to the marchers.

## Livestock Team Places At State

An Eldorado FFA judging team judged at the state contest at Texas A&M University, April 25.

The livestock judging team consisting of Kirk Griffin, Eddie Harris and Brian Gawrychowski placed 28th of approximately 90 teams. These represent the top 90 teams in Texas in livestock judging or the top ten percent of the schools in Texas. Livestock judging consists of placing classes of steers, bulls, ewes, lambs, barrows, and gilts. They then grade ten head

of slaughter steers, ten head of feeder cattle, ten head of market hogs, and two classes of cull and keep (eight head heifers, eight head of gilts).

Percentage-wise, there is a possible 700 points per contestant and Kirk Griffin scored 620 points which is 88.6 percent accuracy. Eddie Harris scored 606 points, 86.6 percent accuracy and Brian Gawrychowski scored 570 points, 81.4 percent accuracy. The team average was 85.5

### Jerry Lackey's Country Folk

Sheep numbers in the United States show gains of the second year. The sheep census indicates nearly 13 million sheep accounted for which is about a two percent increase over one year ago.

Two percent really doesn't sound like much of an increase perhaps. But if one stops and thinks back to when we recorded a decrease of five and six percent annually, it is significant.

I was in Denver, Colo. when the American Sheep Producers Council unveiled the Blueprint for Progress print set out to do was encourage folks with small acreages of even 5 or 10 acres to raise a few head of sheep. By doing so, they would increase their income in several ways from shearing twice a year and marketing lambs.

Our main thrust was in the midwest and east where people had jobs in cities but commuted to a ranchette home. Focus on this type of lifestyle would increase the sheep numbers overall.

A statement issued by Don Meike of Wyoming, chairman of the National Wool Growers Association,

shows the Blueprint is working. "We expect a modest gain in sheep numbers based on the apparent retention of ewe lambs last year," he explained.

Meike believes the increase is due to the economics surrounding the movement during the past couple of years and the general widespread interest in sheep husbandry nationwide.

South Dakota registered the largest increase, moving from 550,000 stock ewes to 615,000. That makes the state fourth in the nation in sheep numbers. Texas is still ranked number one followed by California and Wyoming. They all showed gains as well. Nebraska showed the largest percentage increase, boosting their numbers by 28 percent to 115,000 head of stock.

NWGA and ASPC officials expect another modest increase next year. Meike added that the plunging lamb market during the fall of 1980 may have "shaken some people out."

A salad supper followed the graduation.

## Be Careful With Garden Chemicals

Editor's Note--This is the eleventh in a series of 13 articles concerning gardening in Schleicher County. Provided by county extension agents Jerry Swift and Nancy Lester, it is running weekly in the Leader.

It's safe to say that if insects and diseases are not a problem in your garden right now, chances are they will be before long.

You may or may not want to use chemicals for pest control. This is one of the real advantages of growing your own vegetables. You can do it any way you want to! Plant by the moon, sprinkle irrigate, choose your own varieties, or garden without pesticides. It's your garden and you make the decisions.

For the sake of today's column, let's assume you're one of the large number of local gardeners who will choose to control garden pests using cleared and recommended chemicals. Proper use of chemicals poses no threat to you or the people who enjoy eating vegetables from your home garden. However, if the label on the chemical product you use says one teaspoonful per gallon of water, that's what it means. If the label says to wait three days after spraying before harvesting, it doesn't mean you have to wait a week or more. Follow directions on the container to the letter. If you do this, you won't have any problems with possibly dangerous chemical residues.

Using chemicals for pest control generally means "spraying" to most gardeners. Therefore, you are going to need a sprayer of some type depending on garden size, location, layout, and intended use.

Sprayers used most often in local gardens are compressed air and hose-on sprayers. Compressed air sprayers are mobile, self-contained units that are pressurized by periodic pumping. They come in various sizes and are made of either plastic, galvanized steel or longer-lasting stainless steel. An obvious advantage of compressed air sprayers is that they are completely portable. However, this portability is directly proportional to your strength. In other

words, a 5 gallon compressed air sprayer is heavy and unless you're physically able to lift and tote it around, don't try it. If your garden is small, a 2 gallon sprayer is probably all you'll need.

A hose-on sprayer is attached to the end of a hose, from which it receives its pressure. It's popular because it's light and doesn't need re-pressurizing by periodic pumping.

The main disadvantage of a hose-on sprayer is that it can only reach the length of your garden hose. Another problem arises in mixing ingredients. These sprayers operate on the principle of siphoning a concentrated amount of material and mixing it with a stream of hose water. To be easily siphoned, the mix must be liquid; yet many insecticides and fungicides are in the wettable powder form. Although these materials are meant to be suspended in water, thorough mixing is difficult sometimes. To avoid some of the problems of plugging up the sprayer, it's a good idea to pre-mix wettable powder pesticides in a small bowl. This helps assure that large particles are broken up and will not clog the siphoning hose.

Regardless of the type of sprayer you use, it's important that you keep it in good condition. Rinse it condition. Rinse it thoroughly after each use to avoid future problems. If you use a compressed air sprayer, store it bottom side up with the hose drained.

Safe and proper use of garden chemicals can help most of you have a more productive garden. However, you must always use only recommended chemicals, treat only when necessary.

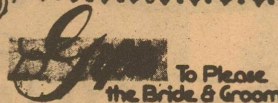

### O'Harrow, Bebee Win At Bridge

Eleven tables of players were present for the Eldorado Duplicate Bridge Club tournament last week.

Melissa O'Harrow and Jack Bebee were the only winners from Eldorado. They placed fourth east-west.

### Sponsoring Contest

Six local youngsters will be the lucky winners of tickets for Astro World's Thunder River by winning a coloring contest being sponsored by McCalla's Department Store.

The coloring contest will be run in the Leader May 7 and 14 with a top winner and two runnersup being named each week.

The contest will be open to youngsters age 6 to 11, and entries should be turned into McCalla's store. The deadline for the first week is 4 p.m. May 14 and deadline for the second week is 4 p.m. May 21

The two top winners will receive 20 Astro World tickets for his/her family and friends. All of the runnersup will receive two tickets each.

The theme of the contest is based on the new Thunder River ride, the world's first man-made river rapids ride that simulates the actual thrill of rafting down an unruly river.

Winners will be announced the following week.

Members attending the meeting were Dick Bearce, Frankie Williams, Blanche West, Ethel Etheredge, Margaret Frost, Ruth Baker, Ola Ruth Barbee, Mable Freitag and Ola Mae McDonald.

### Scope Of Easter Seals Grows Each Year

The scope of Easter Seal service grows larger each year. Of the 11 local affiliate Easter Seal Societies in Texas, many are now providing transportation for disabled persons who could not otherwise get to medical and rehabilitation facilities for treatment. And getting the handicapped outside their home environment also takes place in the Easter Seal camping programs, where they can enjoy the restorative effects of outdoor living and the sociability of group interaction.

Often the cost of wheelchairs and equipment needed for continued therapy is beyond the reach of a handicapped person. The Easter Seal equipment loan program provides these items at little or no cost to the individual.

Some of Easter Seals finest contributions to the well being of the handicapped have also come from its role as spokesman-advocate. Easter Seals has been instrumental in helping the public, plus state, local and federal agencies become much more aware of their obligations to the disabled-in housing, employment, barrier free environments and legislation, supportive of the handicapped.

If you have need of a wheelchair, or walker, or know of someone in need of Texas Easter Seal services, call toll-free at 1-800-492-5555 or contact your local Texas Easter Seal Society County Representative Frances Peters at First National Bank 853-2535

dated by law for all of the state's 254 counties.

According to Ballew, taxpayers previously had to file their property rendition statements and exemption applications with each jurisdiction which levied an ad valorem tax on their property. Additionally, if they thought the property was valued too high, a separate appearance was required before each jurisdiction's board of equalization.

"Under the countywide appraisal district, not only can applications be made at one place, but a single appeal of the property valuation can be made," the chief appraiser added.

Ballew said the following types of exemptions are available to property owners in Schleicher county:

--General Homestead. Those persons qualifying for a residence homestead are entitled to a \$5,000 exemption off the market value of the homestead for school tax purposes. An additional \$3,000 county homestead exemption from assessed value is available against the portion of the county tax rate for farm-to-market roads or flood control.

--Persons 65 or older. Elderly citizens are entitled to an additional \$10,000 exemption off the market value of their residence homestead for school taxes.

And, while an elderly citizen's property may increase in value through the years, the school taxes owed in any one year on the house and yard cannot be greater than the amount owed in 1979, or in the first year the property owner qualified for the exemption, whichever is later. An annual application to the appraisal office is required.

By local option, school districts, cities and counties may offer additional exemptions to elderly homeowners of not less than \$3,000 off the market value of the residence homestead.

--Disability Exemption. Citizens who are totally disabled and qualify for the residence homestead ex-

emption are entitled to an additional exemption of \$10,000 exemption for the elderly.

School district, cities and counties may offer an additional local option disability exemption of not less than \$3,000 off the market value of the residence homestead.

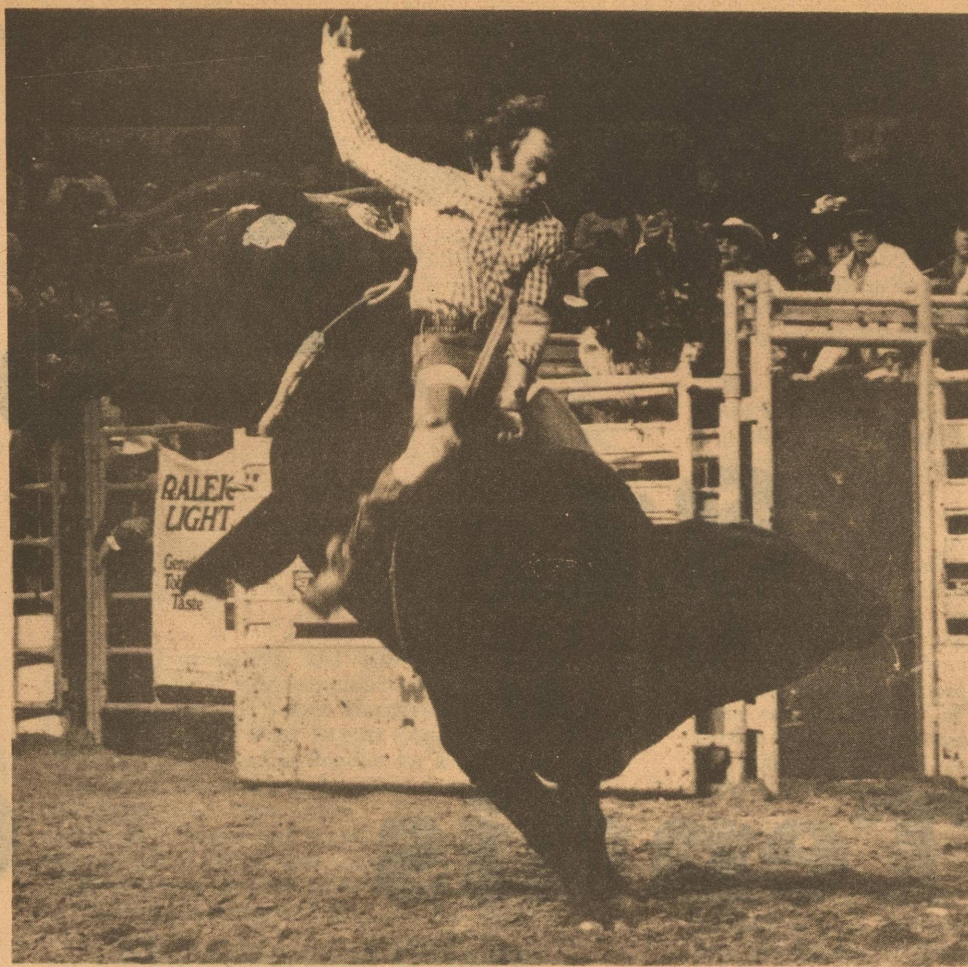

--Disabled Veteran or Qualifying Survivor. Certain disabled veterans or their survivors may be entitled to an exemption ranging from \$1,500 to \$3,000 from the assessed value of a property they own. The amount depends on the percentage of service-connected disability.

This exemption may be applied against the value of any one property owned on January 1 of the year in which the application is made. The disabled veteran must be a Texas resident and complete an annual application at the appraisal district office. Only one property may receive the exemption, and VA or armed forces documents verifying disability are required.

Land which is being utilized for agricultural purposes may be eligible for tax relief. Qualified landowners hold the option of having an agricultural or open-space land valuation applied to their property. Details on what types of land may be taxed on productivity rather than market value are available from the appraisal office.

The chief appraiser added that a comprehensive 12-page pamphlet, entitled, Taxpayers' Rights, Remedies, Responsibilities, is available at the appraisal district and from local tax offices. Information contained in the pamphlet is applicable to property taxes which are collected by all levels of local government including counties, cities, and school districts.

He said the publication was developed by the State Property Tax Board in accordance with the Property Tax Code which was passed by the 66th Legislature in 1979.

## Reports from Washington

### The Russian Bear's Grip?

From the start of the Polish crisis, the specter of a Soviet invasion has loomed on the horizon. But just what is in the mind of the Soviets regarding Poland no one knows for certain. Meanwhile, the high tempo of Soviet military activity continues. This could be an attempt to press Polish leaders to crack down on the Solidarity labor movement, to coerce the labor leaders themselves, or simply to continue large-scale military maneuvers. A lot of what happens is consistent with their usual pattern of coercion and intimidation.

One development is clear, however. The Reagan Administration has put virtually the whole range of its bilateral relations with the Soviet Union, including arms-control talks and arms-building restraints, into focus. It has put Moscow on notice that an invasion would kick off an accelerated campaign of diplomatic encirclement, including especially the Chinese.

A Soviet invasion would produce new restrictions worldwide on the whole Soviet-bloc's access to foreign goods, technology and credits. An invasion would, furthermore, contribute to tendencies already evident in the Administration to find places outside Poland where the Soviet position is exposed.

Regardless of the ultimate outcome in Poland, the long-established Brezhnev Doctrine — never explicitly acknowledged by the United States — is in decline. It has been "respected" for a number of years by Western nations because frequently it was focused on Soviet bloc countries. It is now a matter of history what Russia did to East Germany in 1953, Hungary two years later and Czechoslovakia in 1968 with little more than *pro forma* protests by the West.

What we are now saying to Russia is that we will no longer acquiesce in Eastern and Central Europe while the Communist influence is expanded militarily.

The days of multilateral acceptance or tolerance of Soviet aggression appear to be on the wane in Western Europe as well. This could lead eventually to a more benign world or, on the other hand, in the worst case it could trigger a major confrontation.

Look at the world map: The Soviets must now deploy at least 44 divisions on a hostile Chinese border, rather than enjoy the domination of another time. The Russians have been ejected from Egypt and lost Indonesia, Afghanistan, Ethiopia, Angola, and Cuba are constant financial and strategic drains on the Soviet economy. A crackdown in Poland could mean virtual global isolation and lead to what the Russians fear most — encirclement by NATO, Japan and possibly even China.

To complicate Russian policies further, however, is that they can expect to have more "discipline" problems like Poland. Virtually all the communist parties in free Europe have asserted their independence of Moscow and now the Soviets may have to face the prospect of having its own Warsaw Pact allies turn on them.

This may well be the most excruciating dilemma faced by the Soviet Union since the end of World War II. In making its final decision, the Russians must choose between preserving its political domain at any cost or deciding to pursue a less ambitious policy of world domination. They may even have to promote detente and disarmament as a matter of national policy!

The United States posture in this test of nerves is necessary — and long overdue. We have sat too long on the international sidelines and watched Moscow expand its influence around the globe. If the Soviets do invade Poland, it will not be because the United States turned its back.

"Mother's Day"

This coming Sunday is "Mother's Day". When we should pay tribute to our mothers. In a very special way. But the flowers, and the candy That are meant to express your love, Are nothing, my dears, Compared to the blessing sent to me from up above.

The blessing that I speak of Is you children, one after the other. These, my dears, are the blessing That gave me the title of being a mother. For without you I could not claim To be part of this special day. So when someone says, "It's for Mothers'" A prayer of thanks, is all I have to say.

What it really amounts to, When all is said and done, Is, I never became a mother Until you became my daughters and son. And I send my love to you On this wonderful "Mother's Day" To tell you that I love you dearly In a very special way.

Cattlemen must know the changing needs and attitudes that consumers have toward beef before they can hope for beef consumption to increase, says a food and nutrition specialist with the Texas Agricultural Extension Service, Texas A&M University System. High prices have forced consumers to cut back on beef purchases, substitute cheaper cuts, and buy poultry and fish rather than beef.

# School News

By EHS Students

## Car Survey Taken

In October of 1979, the journalism class surveyed the make and color of cars driven to school by EHS students. Since a completely different group of cars now fill the parking places, the staff felt it would be interesting to make a new survey.

In 1979, 29 percent of the cars were Fords; presently Fords number 28 percent. In 1979, 39 percent were General Motors models; as of this date, GM's percentage has risen to 63 percent. Chrysler products rate a zero percentage (which says something about Chrysler's financial problems). The remainder are assorted foreign and American makes.

The questionnaire asked age, classification, ownership status and the make and model of the vehicle. This surveyor found that several members of EHS do

not know what classification means as answers ranged from "female" to "Baptist".

Results show that 81 percent surveyed have licenses but only 62 percent drive to school. 41 percent of the students surveyed either own or are the sole drivers of a car.

The final question concerned identifying characteristics of the vehicle. There is one invisible car somewhere on the premises. Bet the MPG is great! One car has a large backseat with no-see-through windows. There is a baby tank painted camouflage green. A '74 Cougar has a built-in ice chest.

Finally, one loyal driver sentimentally describes his '65 Chevy as "beat up, flat tires, no brakes, wheels out of alignment, with a rotten interior—but I like it!"

## Wilson Wants to Coach

An active participant in athletics, Wesley Wilson intends to pursue a career in coaching. "I would like to teach science and coach basketball," said this friendly senior.

Wesley, who is first year student at EHS, moved to Eldorado from Millsap, Texas. There he played football and basketball. At

EHS, Wesley has been active in football, track and basketball.

"I'm looking forward to graduation, but I'll miss my friends, both students and teachers." His favorite pastime seems to be pestering the teachers.

After graduation, this tall, blonde young man plans to attend Sul Ross University in Alpine.

## Cheerleaders Named

by Brad Thomas

"It doesn't matter the grade a person is in for an honor like head cheerleader but how well she can do the job. I think Victoria will do a good job," said Silva Gauna in response to a question concerning the recent cheerleader elections.

Margie Logan said that she was glad that Victoria got head cheerleader. "I think she really wants to improve the cheerleading squad for the next year." "It feels funny! Seniors have always been leaders. A junior is the head cheerleader and only two seniors on the squad?" was Lori Whitaker's comment.

Next year's head cheerleader Victoria Powell, who will be a junior, said she was very surprised to receive the honor of head cheerleader. When asked

about school spirit, Victoria said she had no definite plans as of yet, but after the cheerleaders have gotten together they will plan to try some new things. "I hope we can raise our school spirit to higher levels."

Contrary to the majority of the cheerleaders, Victoria has some reservations about going to cheerleading camp this summer. "I don't know how I will like it. I have heard lots of things about cheerleading camps."

Victoria feels the time and work involved in being a cheerleader is worth it if it really helps to keep up the spirit of the players, pep rallies and the crowds.

Lori and Silva will be the only seniors on next year's sextet. The others are juniors Margie, Victoria, Julie Cash and Amy Heald.

## Council Elects Officers

by Sherri Walling

Recently the student body elected Eddy Montalvo, junior, as Student Council president for 1981-82. Sophomores elected were Gregg Davidson, vice-president; Stephanie Thomas, recording secretary; Margie Logan, corresponding secretary. Freshman Bill Clark was chosen parliamentarian.

Plans for next year are indefinite at this point. One area of concern to both students and council are the council sponsored dances.

President-Elect Montalvo said, "We the Student Council, sponsor dances in order to give EHS students some type of recreation, but if the student trend of not attending keeps up, then there is no reason to have them."

Davidson said that he felt that the council should do away with the dances and spend the money for something everyone will want to attend.

Thomas feels that the charge had an influence on the number of people who attended.

She suggested setting a price that everyone would be willing to pay.

Logan and Clark feel that dislike of the band was the main reason for poor attendance at the Valentine Dance.

To improve the school system, Davidson plans to attend all meetings to find out what is wrong and help search for solutions to some of the problems. Logan commented that she wants to help make decisions that will make next year a good year for everyone.

## Dee Dee Makes Plans

By Sabrina Norman

Daughter of a 1951 EHS graduate, Earl Dean Clark, DeeDee Clark has spent all her life in Eldorado.

The first year of DeeDee's school years was spent under her desk. Why? "I was scared of my teacher, Mrs. Imogene Newport, and I wanted my mother. I reacted by crying and had to sit under my desk as punishment."

Her first love happened when she was in the first or second grade. Senior Trey Jackson was the lucky boy.

But her first kiss was planted by Sam Whitten when DeeDee was a more mature third grader.

In Jr. High, besides pulling down venetian blinds, DeeDee's time was divided between Charlie Bradley and her studies.

In high school, this diminutive female has had several boy friends, but she says only two were serious at all. Despite her interest in the opposite sex, DeeDee is determined to pursue a career and stay single for a long time.

Here at EHS, DeeDee has been a flute player for all four years and served as

a cheerleader this year. She was also junior class favorite.

Commenting on her teachers, this feisty young lady said "Mrs. Scott has been good for me. She makes me keep my grades up and she's also been a good friend, both in class and in cheerleading."

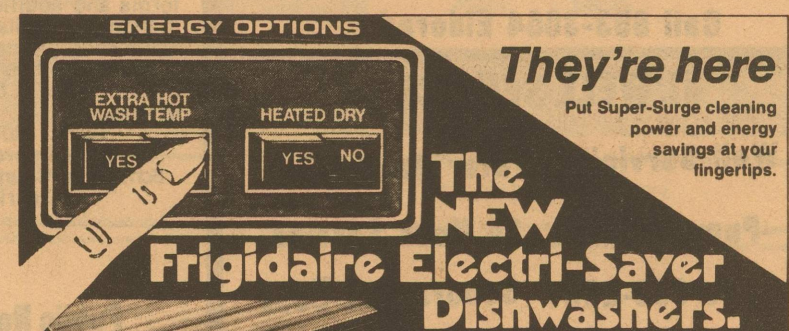

After graduation, DeeDee plans to attend SWT at San Marcos to study accounting or computer programming.

New Student Council Officers:

Bill Clark, Stephanie Thomas, Greg Davidson, Eddie Montalvo and Margie Logan

Notice is hereby given by  
all taxing jurisdictions in  
Schleicher County that in-  
dividuals may apply for  
productive valuation of  
qualified agricultural lands  
for ad valorem tax pur-  
poses. Applications may be  
for agricultural use as de-  
scribed by Article VIII, 1-D,  
or open space land as  
described by Article VIII,  
1-D-1 of the Texas Consti-  
tution. The deadline for  
filing such applications is  
May 31, 1981. Application  
forms and additional infor-  
mation are available at the  
Schleicher County Appraisal  
District office located on  
the third floor of the County  
Courthouse.

### Public Notice

Legal Notice  
Notice is hereby given  
that the Schleicher County  
Independent School District  
will allow the following  
exemptions from Ad Valo-  
rem taxes to qualified in-  
dividuals:

1. A \$5,000 exemption of  
the appraised value of a  
residence homestead of  
each property owner as of  
January 1, 1981.

2. An additional exemp-  
tion of \$10,000 of the  
appraised value of a resi-  
dence homestead owned by  
an individual 65 years of  
age or older on January 1,  
1981.

3. A \$10,000 exemption  
of the appraised value of a  
residence homestead of an  
individual who is disabled  
for purposes of payment of  
disability insurance under  
Social Security.

The deadline for applica-  
tions for the above exemp-  
tions is May 31, 1981.  
Forms are available at the  
Schleicher County Apprai-  
sal District office located on  
third floor of the County  
Courthouse. All applica-  
tions should be returned to  
the Appraisal District  
office.
