Schleicher County Citizens Pledge \$530 For Telethon

Thanks to several hard working Eldorado youths, a total of \$530 was raised for the Muscular Dystrophy fund in this county during the Labor Day Holiday.

Bill Gentry, center coordinator said, "I would like to thank all the people in Eldorado that helped make this telethon the best ever. Especially, I would like to thank several students for long hours they put in on this telethon. They were Mary Byrd, Janet Bradshaw, Susan Crippin, Laura Gentry, Lori Griffin, Kara Homer and Judy Pitts. Four

young people walked door to door. They were Linda Gentry, Jeannie Redwine, Wray Crippin and Gary Miner."

The phone center took pledges over the phone from 8 p.m. Sunday to 6:30 p.m. Monday. The phones were manned by Bill Gentry throughout the telethon.

Girl Scout Registration Set For Tuesday Afternoon

Registration for girls scout troops in Eldorado will be Tuesday on the porch of the Memorial Building. Registration will be two dollars. Brownies, ages six to eight or

grades first through the third, will register at 2:45 p.m. Mrs. Becky Sterling, Lola Squyres and Virginia Lenamon, troop leaders, will assist with registration.

out at school the day before registration. Girls unable to attend registration may return the forms to Walter Wallis, elementary school principal or Clifford Curry, high school principal.

Any interested adult is welcome to get an interest form from Mrs. Marshall and help with some part of the scouting program or be a leader.

Girl Scouts of America includes planned activities for youths so they can develop socially and have a chance to take part in a learning situation, says Mrs. Marshall.

History Book Deadline Near

Anyone who has meant to write a history on their family for the Schleicher County History Book but has "just not done it" still has time to submit it to the Historical Society. However, that time is getting shorter, as a deadline will be set shortly.

The Historical Society will meet at 3 p.m. Thursday in the museum. Everyone is urged to attend and help members make important decisions concerning the book.

Program Reservation For 30 Units Issued

Local Housing Director, Mrs. Donnie W. Gilmore, has been notified by the Department of Housing and Urban Development that a Program Reservation has been issued to the Eldorado Authority. This reservation is for the construction of 14 family units and 16 units for the elderly for a total of 30 units.

Flashing Lights Installed

With the beginning of school, safety of children walking to and from school is a major item of concern for parents. However, a step has been taken locally for the protection of school children. Schleicher County sheriff Orval Edmiston has reported that flashing lights have been installed warning drivers for the possibility of children in the area.

The units approved and the bedroom sizes identified in the Program reservation are based on housing data available to the Department of Housing and Urban Development in the approved Housing Assistance Plan.

In those cases where no Housing Assistance Plan exists, it is based on a prudent study of the market demand, according to John R. McDowell, area director.

Mrs. Gilmore says there will be a meeting in Dallas to discuss the development of the proposed project and other HUD rules and regulations, however no date has been set at this time.

Swift Elected Booster Prexy

Jerry Swift was elected president of the Eldorado Booster Club during a meeting last week.

A membership drive will begin Monday, with memberships costing \$2 per person.

The club will meet at 7 p.m. Monday in the school band hall. A game film on the Rankin game will be shown and a scout report on the Iraan team will be given.

Just Talking

By NELL EDMISTON

While we were milling through the museum at the Cattle Breeders Hall of Fame during its opening two weeks ago, a person not related to the agriculture business commented, "You know, you can spot a rancher a mile away. They are a breed of their own."

And you know, he's right. As I watched the 300 or so guests go through the serving line, I watched and tried to determine just what made the difference.

Even if a rancher puts on a suit and tie, he still looks like a rancher, although you can't pinpoint the reason...or maybe you can.

Maybe it's the way he takes off his hat the instant his body passes through the doorway and he pauses with it in his hand for just a split second as he looks around. Or it might be the way he tips it for woman or bows his head to her.

Maybe it's the darkly suntanned face up to just above the eyebrows and the white streak where the hat blocked out the hot sun. Or how about the slicked down hair that has been slicked down so often and so long it couldn't get off the scalp if it had to.

Or it might be the way a rancher walks with shoulders bent after years of hard work riding horses, doctoring calves, looking for sick ewes and praying for rain. And of course, after all those years of riding horses, his legs are bowed which add to his personality.

And if their suntans, legs and shoulders did not give them away, their voices would. They like to run their words together and make plays on words to "cornfuse you." They are friendly to almost everyone and are almost everyone's friend. I say almost everyone, because although they are on the most part easy going and loveable guys, some of them do have a temper and it is best if you stay on their good side.

Their wives are special to them. You can tell by the way they introduce them in a special loving tone of voice. They seem to delight in playing with and teasing children, not to be mean but to show their affection and love.

During the awards ceremony at the hall of fame, I noticed that as each man's name was called, he took off his hat as he approached the podium. It was a sign of humbleness and humility and a sign that showed ranchers are indeed a different kind of special people.

Eagles Are Preparing For First Game Against Rankin

The Eldorado Eagles are preparing for their first game of the season when they go against Rankin's Red Devils at 8 p.m. Friday in Rankin.

The Red Devils have several experienced players returning this year. They also have good size across the line, with players averaging 180 pounds per man. They will be under direction of coach Dewayne Turner.

Coach Jimmy Marshall, who is assuming duties for head coach Mike Williamson during his illness, says the Eagles have a good attitude on the field and that workouts have been good.

The scrimmage at Sonora set for last Friday was rained out, which

Marshall says is a definite disadvantage since the players need more contact play.

Marshall reports the team is good on defense and offense and the passing game has shown great improvement.

The probable starting lineup

against Rankin is: TE, John Cheatham, 175 lbs., Sr.; LT, David Hill, 196 lbs., Sr.; LG, David Britton, 160 lbs., Jr.; RG, Todd Swift, 150 lbs., Jr.; RT, Wayne Gibson, 190 lbs., Sr.; SE, Mike Griffith, 155 lbs., Soph.; QB, Randy Morrison, 165 lbs., Jr.; FB, Charlie Bradley, 155 lbs., Jr.;

TB, Michael Mertz, 155 lbs., Jr.; SB, Mickey Nixon, 155 lbs., Jr.

However, coach Marshall said this starting lineup could easily change drastically before game time Friday night. The only player on the sick list is Kurtis Homer who will be out for about two weeks because of eye surgery.

Dance Lessons Begin Monday

Do si do and sash-shay to the Memorial Building at 8 p.m. Monday for square dance lessons.

Anyone wishing to learn the art of square dancing is welcome to come in ones, twos or whole squares for lessons.

Happy Doss will be the caller for the first meeting.

in order to receive testimony concerning Volume II, Plan Summary Report, of the Water Quality Management Plan for the Colorado Basin. This document is the second of two volumes which comprise the Water Quality Management Plan for the Colorado Basin. Volume II, Plan Summary Report, presents the recommended plans for water quality management and the legal, financial, and institutional requirements of each plan. Also included in Volume II are descriptions of feasible alternatives, an environmental assessment, and a summary of the public participation activities conducted during the development of the plan. The Water Quality Management Plan for the Colorado Basin has been developed to satisfy the requirements of Section 26.036, Texas Water Code, as amended, and Section 208 of the Federal Regulations Parts 130 and 131 and the State of Texas Continuing Planning Process. The public hearing shall be conducted in compliance with Section 26.037, Texas Water Code, as amended. The study area for this plan includes the entire Colorado River Basin in Texas, and Tres Palacios Creek and Bay in the Colorado-Lavaca Coastal Basin.

Copies of the Volume II, Plan Summary Report, are available for public inspection. Review of Volume II, Plan Summary Report, at one of the following locations is encouraged due to the limited number of copies available for distribution: Texas Department of Water Resources Office, 1700 North Congress Avenue, Austin, Texas; Colorado River Municipal Water District Office, 400 East 24th, Big Spring, Texas; Concho Valley Council of Governments Office, 7 West Twogh Building, San Angelo, Texas; and Lower Colorado River Authority Office, Tom Miller Dam, Austin, Texas.

The public is encouraged to attend the hearing and to present evidence or opinions concerning Volume II, Plan Summary Report. The Department would appreciate receiving a copy of all written testimony at least five (5) days before the hearing. Requests for individual copies of the Volume II, Plan Summary Report, questions about the report or the public hearing, and copies of written testimony should be addressed to Randall E. Baylor, Texas Department of Water Resources, P.O. Box 13087, Capital Station, Austin, Texas 78711, or call (512)475-3454. When requesting a copy or sending a query by mail, please include your complete return address and telephone number.

The date selected for this hearing is intended to comply with deadlines set by statute and regulation. Any publication or receipt of this notice less than thirty calendar days prior to the hearing date is due to the necessity of scheduling the hearing on the date selected.

This hearing may be continued in order to fully develop the evidence.

Issued this 23rd day of August, 1978.

Family, Food, 4-H

by Nancy Lester
County Extension Agent - Home Economics

Sometimes it seems like everyone you know is on a diet. This week I have some hints and recipes for dieters.

If you plan to lose weight — Know your desired weight

• Decide if you really want to lose weight badly enough to pay the price of: cutting back on the amount of food eaten, changing eating habits, getting more exercise.

• Set a goal of the number of pounds to lose by a certain date. Plan to lose one to two pounds a week.

• Plan to reward yourself three times along the way after losing a certain amount of weight. Reward yourself by doing something you really want to do, such as buying some new shoes, going to visit a friend or some activity.

Rewards should be planned for after a set weight loss of no less than five pounds and not more than 20 pounds.

• Set a date to begin losing weight.

• Write down all the food you eat in 1-3 days to see where and how you need to cut back. Do not include weekends or holidays.

• Begin selecting low calorie foods from the basic four food groups.

Limit all eating and drinking to one place in the house.

Eat only while sitting at the same spot and in the same chair. Do not eat anything while standing,

cooking or clearing the table. While eating do not have:

• TV to see or hear-only soft dinner music if anything;

• reading of any kind, but you may talk to someone there;

• talking on the phone;

• anything to take your interest away from food.

Learn to enjoy the taste and quality of foods. Think about what you are eating while eating.

Use a small-size plate. The small plate looks like it is holding more food.

Eat slowly. Put your silverware down on your plate between bites and then put your hands in your lap. You may touch your water glass, but chew all food thoroughly and swallow it before drinking from the glass. Pick up the silverware only after swallowing. This helps to slow down eating. Most people who are overweight are in the habit of eating too fast. They do not realize just how much they are eating.

Remember that it takes the stomach 20 minutes to tell the brain that it is full.

Do grocery shopping after a meal when you do not feel hungry. Shop regularly and from a list to keep from looking at all the tempting foods on shelves. This also saves money.

Avoid buying "fattening" and "junk" foods that will tempt you. Keep foods in containers that are not transparent to keep them out of sight and mind.

Letters to the Editor

Dear Editor,

Our Moore Reunion Assn went "national" this year and is publishing a family newsletter. Violet Moore (Mrs. W. Jack Moore Jr.) of Baton Rouge is editor-publisher of the newsletter, "Shamrock and Grits" did a brief vignette on my mother, Mrs. B.E. Moore, for the very first issue.

Mrs. B.E. Moore moved to Eldorado in 1916 where she resided until March of 1974. She eagerly awaits the home town paper each week. We have to read it to her in its entirety as she is almost blind. She even likes to hear the food prices from the grocery ads.

We would be most happy if you would further honor our mother by publishing her writeup in the Schleicher County Leader.

Sincerely,
J.H. Moore

Threescore and More Aunt Hettie, as she is affectionately known, has lived her lifetime interwoven with the members of the Elijah Moore family. Her parents, Leona and George Arch Lewis, farmed adjoining the farm of "Molly" and Elijah. A lifelong friendship bonded these two preacher families, a relationship that has been perpetuated through their descendants. Ettie, the fourth of seven Lewis children, has lived a life of good works entwined with love for family and friends and maintains a sense of humor even now at age 87.

Along with stories of her past where survival meant

physical hardships, Aunt Ettie tells of candy pullings, church weddings, buggy weddings (where the couple sat in the buggy ready to go), and of times when Brother Arch Lewis and Brother Elijah Moore strived to make a living for their families while glorifying God as itinerant Baptist preachers.

Born Sarah Ettie Lewis, February 1891, in Scurry County, Texas, she grew up on a farm. She attended church regularly. In July 1906 she made her profession of faith in our Lord Jesus Christ and was baptized into the Baptist Church during a meeting held by the Rev. Joe Hearne from Dallas. She was married to Benjamin Ezra ("Eck") Moore, the seventh child of Molly and E.M., on Christmas Eve, 1911. When their first child was born on October 7, 1912, ahe and Eck named him Joe Hearne Moore in honor of the Rev. Joe Hearne. They have two children, Cecil Edward and Katherine. Ettie has made her plans to be laid to rest beside Eck and her grandson, "Sonny."

Ettie is a nature lover who would rather eat wild game by the fireside than to dine in Royalty. Her travels always include the reunion, but have taken her as far as the Holy Land in 1967 accompanied by Joe and Lois.

Aunt Ettie makes her home with Joe and Lois Moore in San Antonio, Texas.

Couple Wed In San Saba

Martha Leigh Miller and Robert Morris Whitten repeated their marriage vows Aug. 19 in the First Presbyterian Church in San Saba.

Parents of the couple are Judge and Mrs. Jack B. Miller of San Saba and Mr. and Mrs. Morris Whitten of Eldorado.

The Rev. Lewis A. Petmcky of Fort Lavaca officiated during the double ring ceremony.

Given in marriage by her father, the bride wore a candlelight gown by Pricilla of Boston, designed with a wide-away neckline and short capped sleeves. Imported Alencon lace, pearls and iridescents fashioned the bodice to near the natural waistline. More of the jeweled lace applied the bouffant silk organza skirt which flowed into a chapel length train. She wore a mantilla outlined by lettuce edge hemming shadowed by scalloped Alencon lace. She carried a cascading bouquet of pink rose buds, white gladioli, baby's breath and fern.

Jeri Ann Johnson was maid of honor. Bridesmaids were the bride's cousin, Rita Ross of Dallas, Mrs. Joe R. Miller of Fort McKavett and Mrs. Dick Miller of San Saba, the bride's sisters-in-law, Marisela Romero of San Saba, Mrs. Michael Baye of College Station, Melissa Watkins and Sherry Ellis of San Saba.

They wore quartz crepe de chine blouses with linen floor-length skirts, sashed with wide chocolate brown sateen ribbon. The blouses were designed with a poet's collar and ruffle cuffed push-up sleeves. They carried nosegays of pink carnations, yellow, pink and orchid gladioli, angel feathers and baby's breath, accented with brown satin ribbon.

Steve Whitten of Eldorado was his brother's best man. Groomsmen and ushers were Ross Whitten of Eldorado, the bridegroom's brother; Dick Miller of San Saba and Joe R. Miller of Fort McKavett, the bride's brothers; Robert C. Oliver of Lometa, Keith Williams of Austin,

MRS. ROBERT WHITTEN
...Formerly Miss Martha Miller

Steve Sykes and Dobs Lively of Eldorado.

Jennifer Shaw of Austin, the bride's cousin, was flower girl and wore a long dress of ivory eyelet trimmed with antique lace. She wore a pink carnation in her hair.

Stephen Whitten of Eldorado, the bridegroom's nephew, was ringbearer.

Nanette Vann presided at the guest register. Wedding music was provided by Mrs. Max Mahan, organist. Mr. and Mrs. Jim Cameron of Austin and Mrs. Robert McWhorter were vocalists.

Jeff and Damon Sloan of San Saba, the bride's cousins, were candle-lighters.

Following the ceremony, a garden reception was

held in the bride's parents home.

The bride's table, before a screen of white lattice, held a five-tiered wedding cake surrounded by ivy and a nosegay of fresh flowers.

The bridegroom's table featured chocolate cake decorated with frosted grapes.

Punch was served from a silver bowl and the coffee service was also silver.

Guests were entertained with music by a Fort Hood orchestra and the Kappa Kappa Gamma singing group "Kappa Pickers," sorority sisters of the bride at Texas A&M University.

After a wedding trip to Sea Island, Ga., the couple will live in Corpus Christi where the bridegroom is an agricultural loan analyst with Corpus Christi National Bank. He is a graduate of Eldorado High School and Texas A&M. His wife is a graduate of San Saba High School and is a junior at Texas A&M.

The bridegroom's parents hosted a rehearsal dinner at the L&L Club.

The bridesmaids luncheon was in the home of Dr. and Mrs. Rush McMillin at Lampasas. It was hosted by Mrs. McMillin, Mrs. John Faulkner of Waco and Mrs. Dick Miller of San Saba.

Plan Winter Pastures For Cattle Herds Now

It's hard to imagine cold weather now, but it's not too early to begin planning winter grazing pastures for cattle. In fact, the hot days of late August and early September are the best times for early planting of the winter pasture.

don J. Dorsett, area forage specialist with the Texas Agricultural Extension Service, says early planting means land preparation, a fertilizer program and planting seed should be arranged well ahead of the planting date.

"Two or three weeks delay in preparation and planting may make the difference between winter pasture and spring pasture," says Dorsett, who is headquartered in Bryan.

Dorsett says the cereal grains, including oats, wheat, rye and barley, can be planted early. These small grains will be the prime source of fall and winter pasture. Shallow-planted overseedings, such as Gulf ryegrass and clovers, should be postponed until late September since they may not survive a mid-September hot period.

The forage specialist says fertility is one of the few factors in pasture management that can be controlled.

"Considering the expense of a fertilizer program, a soil test to inform you of the status of the soil fertility is a good investment and management tool," Dorsett advises.

Nitrogen, a prime element in plant growth, should be included in every

program because little is stored in most soils.

"Most research shows a direct relation between amount of nitrogen applied and increasing production from winter pastures," Dorsett says. He suggests applying from 50 to 100 pounds of actual nitrogen (150 to 300 pounds of ammonium nitrate) per acre on a prepared seedbed at planting time. The same amount applied in late February will boost spring production.

The specialist warns farmers to be prepared for insect invasion once the winter pasture is growing.

"The fall army worm has harvested many winter pastures for individuals not on their toes," he says. He adds that the worm can be caught at an early stage and controlled through careful observation of the pastures and application of 1 pint of methyl parathion when worms are found.

Learn to learn

AUSTIN, Texas (Spl.) — A new course to be offered by The University of Texas will help freshmen learn how to learn more effectively.

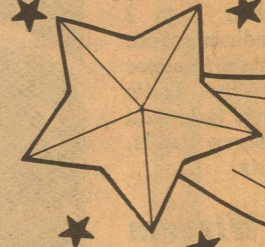

The idea of the course is to catch people before they get into bad habits in studying and learning.

Developed by Dr. Claire Weinstein in the Educational Psychology Department, the course on individual learning skills will help freshmen gain more control over their academic lives. Dr. Weinstein believes the ability to process information and to learn efficiently can be taught.

When someone in a car ahead of you slows to turn or prepares to stop, be courteous and pull slightly to the right so the driver behind you can see his brake light.

Vegetable Relish

1 1/2 cup chopped green pepper
 1 1/2 cups chopped sweet red pepper
 1 large green tomato chopped
 1 cup chopped, peeled onion
 1 cup chopped, peeled cucumber
 1 8-ounce jar sweet gherkin pickles, drained and chopped

a container. Return liquid to sauce pot. Put vegetables in electric blender, cover and blend 1 to 2 minutes on medium speed, until smooth. Add to sauce pot and bring to boil. Ladle into four 1/2 pint jars, seal with lids and screw bands. Makes two pints.

Gardening in Containers

It's gonna be sooner than we think, the time is drawing near, when we will be bringing in our favorite plants and herbs. Harvest your crop indoors.

There are so many things that can be grown in pots and planters, that will serve for beauty on those dreary days of fall.

How about a red cabbage in a wooden planter, thyme in a decorated coffee can, parsley in a plastic pot, sweet potato in a hanging basket, just for fun, sage in a hanging basket. Leaf lettuce in old metal bucket.

Water
 1 tablespoon salt
 2 1/2 cups cider vinegar
 1 1/4 cups light brown sugar, packed to measure
 1 tablespoon whole mustard seed.
 1 tablespoon flour
 1/4 teaspoon turmeric

In a large bowl, combine all vegetables and pickles, 5 cups of water and salt. Cover and refrigerate 8 to 12 hours. Drain vegetables well and put in large sauce pot. Add vinegar, sugar and mustard seed. Bring to hard boil.

Mix flour, turmeric and 1/4 cup water until smooth. Stir into vegetable mixture. Reduce heat to moderately low and simmer 1 1/4 hours, stirring 4 or 5 times.

Drain into a strainer over

READY FOR ACTION — Christoval High School Cheerleaders for 1978-79 school year have been busy getting ready for the football season which opens Friday against Highland. They are: left to right, Idalia Martinez, Lisa Green, Vickie Martinez and Barbara Herrera.

School Daze

By LENISE SULLIVAN AND PAM WALTON

On Monday, Aug. 28 the students of Christoval high school were walking around in a daze. Excitement was in the air for the first day of school and the reuniting of friends. On Tuesday things began to get back to normal with drill team practice. By Wednesday everyone seemed to be ready for summer again. However the day brightened with the class sponsor and officer elections.

This year's football season has really gotten off to a good start. The Cougar team has been working hard to prepare for the 78-79 football season. We all hope for a very good season.

Our Cougar Cheerleaders and drill team leaders have been busy teaching new cheers and routines and really getting into the school spirit.

We are counting on all you Cougar fans out there to be supporting our Cougars.

Monday, Aug. 28, the annual school picnic was held honoring the Cougar football team. After the picnic a cake auction was held benefiting the senior class of '79. Very special thanks to the mothers for their fine job of organizing the picnic.

Also, the senior class would like to specially thank Jack Wilson for doing such an exceptional job in the auctioning of the cakes.

The 1978-79 Cougar high school year is in progress and ready for a fine year full of fun and excitement.

Be watching for all the update information on Christoval high school activities in the next edition of School Daze.

SHORT NOTES

Mr. Bill Stanford is home again after a stay in Angelo Community hospital.

Mr. Bob Holland is still improving after an auto accident. He is in Angelo Community Hospital.

The Ray Doyle house is really getting a face lift due to the hard work of the Charles Buetners who are renting it. We are happy to welcome this family back to Christoval.

Mr. and Mrs. Ronnie Copeland and children visited in the home of Mrs. Copeland's parents this week, Ann and Lester Rogers.

Christoval youths are really enjoying having somewhere to get a coke after dark at our new grocery store that stays open until 10 p.m.

Jerry Paul Freeman, a former Christoval youth, now of San Angelo, had to go back to surgery in a Galveston hospital and have part of his leg removed due to a motorcycle

accident July 4.

Sarah Jane Rogers informed her parents this week that she received a promotion in her job with Colonial Food Store of Odessa. Sarah was made manager of a store. She has been employed by Colonial for 10 months. She is the daughter of Ann and Lester Rogers.

Todd Arthur, son of Bonnie and Jerry Arthur said if he has to remain on crutches this week due to a football injury that he was going to "put cleats on them and play anyway."

Gary Coates and Travis Parker attended a meeting in San Angelo Thursday night at the fire fighting center. They found out during the meeting that San Angelo doesn't have an adequate warning system for storms.

Mr. and Mrs. Glenn Clark had their children over the Labor Day week end. They were Bob and Carol Majors and children,

Kelly and Greg of Fort Stockton; Mr. and Mrs. B.J. Wimberly and Dan Eliza of San Angelo and Ann Terrel and son, Mike, of San Angelo. While visiting here they all went to Brownwood to look at some property that the Clarks had purchased at Thunderbird Bay.

Merrith Moore of Houston has been visiting her parents, the Rowland Moores, this week.

Stadium Gets Face Lift

The football stadium is getting a face lift, thanks to some members of the community including coach Jerry Miller and family, Jerry Arthur and family and Billy Sawyer. The bleachers and press box have been extended.

Anyone in the community desiring caps and hats boosting the Christoval Cougars should get in touch with Booster Club members Jack Wilson, Jake Butler, Malcom Feeler, Billy Sawyer or any member of the Booster Club. The mens caps have come in, but the gals will be a few more days.

Cougars To Tangle With Highland Friday

Christoval Cougar fans are in for a treat this season if the scrimmage games are an indication of what the team is going to do.

During the Aug. 25 scrimmage against Richland Springs at Rochelle Joe Jacquez scored twice for Christoval on runs of 50 and 40 yards. The Cougars took the scrimmage with a 3-0 victory.

On Sept. 1 the Cougars travelled to Blackwell for a contest against Trent.

Joe Jacquez was on the run again with two scoring runs of 30 and 10 yards. Team mate Danny Duke scrambled across the line for another score on a 10 yard run. Cary Tomerlin scored with a ten yard pass from Corky Soloman and Roy Fava got the Cougars another score after a five yard sprint. Christoval split the scrimmage with Trent 5-5.

work outs have been good. The boys have good attitudes and Coach Miller's mighty Cougar team is ready for their first game at Highland Friday Sept. 8 at 8 p.m.

Ambulance Receives Donation

The Christoval Volunteer Ambulance committee received a donation last week from Mr. and Mrs. Don Bailey of Knickerbocker.

The ambulance service is free to the community and is inspected by the state for use as an emergency ambulance. The state license is with Lester Rogers or Gary Coats for public viewing.

Tornado Sighted Near Christoval

Even though we are very thankful for the rains that are falling there are a few draw backs.

Last Tuesday night at approximately 12 p.m. a tornado was sighted 8 to 10 miles west-southwest of Christoval.

The tornado was sighted by Travis Parker who alerted Lady Hummingbird and Deputy Cox by C.B.

The funnel touched down in a pasture however no damage was reported. Due to turbulent weather conditions telephones were out of service and electrical lines were down.

Travis Parker, Lady Hummingbird, Deputy Cox and a deputy stationed at Knickerbocker were up until everything was working and the weather had cleared around 4 a.m.

A Red Cross Shock team of Tom Green County, headed by Gary Coats was standing by in case of emergency as was the channel 9 emergency react unit. The 37180 police radio was in use due to the phones being out.

A special thank you to all these people for time and effort spent in helping the community.

In the event of a tornado or severe weather the sirens on the ambulance, the deputies car and the fire truck will be used to alert Christoval residents. If a tornado is sighted the deputy will warn residents by using his loudspeaker.

HARRY MERCER

Harry Mercer Honored Aug. 3

Harry H. Mercer, an Eldorado resident, was honored with a 25 year service award Aug. 3 from Atlantic Richfield Company.

Mercer went to work in the oil field in the Benedum Field, between Rankin and Big Lake for Slick-Urschel Oil Company in 1951.

He continued to work in that area (after that company merged with Sinclair Oil and Gas) until 1956 when he moved to Eldorado.

Here, he worked in the Huldale field as a truck driver. He became a pumpjack and pumped in the Huldale field until 1972 when he was transferred to Eunice, N.M. and later to Big Lake.

He returned to the Eldorado area in September of 1974. He is now a gang pusher for ARCO, with which Sinclair Oil and Gas merged with.

He and his wife, Vida, have two sons, the Rev. Steven Mercer of Fort Worth and Dr. Jim Mercer of Austin.

Kerr Funeral Held Aug. 31

Horses Are Smarter Than Riders

Horse trainer Hunter Penn in Fountain, Colorado, believes that many of today's horses are smarter than their owners.

So smart, he says in the September issue of Horseman Magazine (on sale nationally Aug 25), that the horses often outsmart their riders. That's when problems begin and bad habits form, in both the horse and the rider.

Because Penn believes that the horse of today is more intelligent and capable of learning easier and quicker than "old-time" horses, he applies a great deal of psychology when training a colt or removing the bad habits in an older "problem horse."

"Riders create most of the bad habits their horses have," he claims, "simply because the rider is not enough of a horseman to understand the horse and to know what to do."

The horse will quickly recognize the inability of the rider and take advantage of it, Penn says. For this reason, he feels that horse trainers today must also be "people trainers" and train the rider along with the horse or else see all the good training of the horse go to waste.

In the interview with Horseman, Penn stresses that discipline and confidence are the major keys to good training and horsemanship.

"The colt is like a child," he notes, "and must have discipline to understand what he can and cannot do. The rider must be consistent in applying this discipline."

He says confidence is necessary for the horse and the rider. The horse must have confidence in how the rider will treat him and what is expected of him.

The rider, at the same time, must have confidence in his or her own ability to know the right actions to take at the right time.

The ability of a rider to recognize and understand significant body language of the horse and knowing the correct action to take is a major distinction between a novice and experienced horseman, according to Penn.

As an example of body language, he points out that the horse's ears act as a barometer of the horse's mental state. Ears pointed forward tell the rider that the horse is attentive and concentrating on what is ahead of him. He is in the mood to learn.

Ears pointed back should tell the good rider that the horse's attention is divided. He may be sore, worrying about the rider, or have a

tender mouth. At any rate, Penn says, he is not in the mood to learn.

"Horses have to be in the mood to learn," Penn states. The good horseman knows how to create that mood and take advantage

of it. He disagrees strongly with riders who believe that they can train a colt by "learning with him." That kind of approach results in both rider and horse forming bad habits.

ONE YEAR AGO
Sept. 9, 1977 — The Lions Club Ladies night honoring the school faculty was coming up, with Rick Smith of San Angelo as speaker. Duwain Sauer brought in the first bale of cotton. Ruthie Dacy was appointed to the state American Cancer Society as a district lay director, by the state organization.

FIVE YEARS AGO
Sept. 6, 1973 — Coaches Mike Quimby, Gary Tolar, Larry Mitchel, and James Hardy were pictured as the '73 season of football was about to begin. Rankin was coming for the game. Airman Johnny Rosford was stationed at Lowry base in Colorado, after completing basic training at Lackland, San Antonio. Orval Edmiston was elected second vice president of the state sheriff's association, as the group held their convention in Tyler.

The engagement of Susan Kuykendall to Wes Wade was announced. As the Eagles prepared to host Rankin for the opening game, their starting line-up consisted of Billy Donaldson, Mike Rieken, David Swigart, David Yocham, Gene Nixon, Ken Peters, Mort Mertz, and Tim Farris.

12 YEARS AGO
Sept. 8, 1966 — Miss Nancy Jarrett became the bride of Toby Gleghorn in a ceremony in Artesia, New Mexico. Bobby DeLong, a member of the Eagle football team, was in Shannon hospital for diagnosis of an illness. The Eagles were launching their season of football play with Ray Morgan as

new coach. Mike Love was working in Parker Foods. He was Assembly of God church pastor.

School Supt. C.T. Humpries reported 594 enrolled in school at opening time.

R.V. Sheppard opened a paint and body shop in northeastern Eldorado.

Jo Beth Fine and Gary Turner were married in San Angelo.

Mr. and Mrs. John Stigler went to Hico to the funeral of her father, G.C. Wright, 90.

A son was born to Mr. and Mrs. Jim Woodward of Carlsbad, N.M.

35 YEARS AGO
Sept. 10, 1943 — Ed Meador and Wesley McAlpine met in the South Pacific, while in service.

On Aug. 24, a son was born to Mr. and Mrs. Desmond King. He weighed 8½ pounds and was named Aivos Hal.

By ED MEADOR

The political huskings have taken the form of a rash since the advent of Labor Day, and the voters had better take heed if they intend to be knowledgeable when they enter the polls in November.

Foremost in the political spectrum in Texas is the governor's race between Clements and Hill, and the senatorial contest between Tower and Krueger. It's hard to understand how a candidate can feel that he is qualified for that job after only two years as a congressman. Krueger is doing a fair job in his first term as 21st congressional district representative. Too bad he got too ambitious too fast. If we ever faced a time in our national political life when experience was sorely needed, that time is now.

And the same can be said for the present congressional race between Tom Loeffler and Nelson Wolff. Being the product of a farming and ranching community, and having had valuable experience in governmental activities and functions previously, Loeffler presents that best possible choice for the voters of this district to be ably represented in Congress.

It is the usual thing when football season comes around for things to go according to plan. That is the result of a lot of hard work and planning and determination carried on by the coaching staff. But what do you do when the coach becomes ill and a wrench is thrown in the gears from such an unexpected source? Well, just what the Eagles are doing. Assistant coach Jimmie Marshall has stepped in and assumed Mike Williamson's duties, and the Eagles are becoming a more determined team than ever in their attempt to overcome this adversity.

Meanwhile, Coach Williamson is waging a valiant fight to overcome the illness that has caused his absence from the scene. Most of you know that Mike is in serious condition in a hospital in Austin. Our prayers and best wishes are with him.

We know the Eagles and Coach Marshall and his staff will be doing their very best as they get ready for the opening game at Rankin this Friday. One thing is certain...they will have the unqualified backing of the whole community.

Nursing Home News

This is Labor Day, but I wonder if possibly there will be nearly as much work done today as there is any other day, but it does provide a chance for a day away from work for some office employees.

I do know tho' after 23 years of experience, that holidays don't mean too much change from the regular "grind" of work for postal employees, because "Uncle Sam's" work has to be taken care of 365 days of every year. I enjoyed it all though and am glad that I had the opportunity to get that experience.

Last Sunday was the day for the Presbyterian Church to conduct the service here in the dining room, but they still do not have a pastor. The Methodist pastor, Dan Adams, offered to conduct the service and there was a good number of the members of that church present for the service. Most of them were 12 teen-age girls, and we were

so glad to have them. Bro. Dan Adams' son, Paul, read a sweet poem and Bro. Adams made such a good talk. The dining room was filled, every chair was occupied and I do love for it to be like that.

Helen Marie Page from the Presbyterian Church came and played the piano for the song service. The girls brought "oodles" of delicious cookies which they passed around thru' the crowd, and of course, everyone enjoyed that. We were so pleased to have some young people come here for the service, because that doesn't happen very often, and I do love young girls and boys. We wish some of them would come to see us at times other than on the Sunday that their church has the service here.

The home had quite a number of visitors during last week. The following ones visited Rafaela Tambunga: Mrs. Zarogozas

Beserra of Sonora, Mrs. Juanita Tambunga from San Angelo, Florida Romeriz and Mr. and Mrs. Zarogosa Beserra Jr., her grandson of Sweetwater. Elvira Holguin of Sonora visited Juanita Sanchez; Mrs. Enslee Oglesby of San Angelo visited Mary Oglesby; Fritz and Carmen Thorn from Christoval, visited Mabel Wilkinson; Mr. and Mrs. Lenord Kent Jr. from Canyon were here visiting his mother, Mrs. Leonard Kent and his brother over the week end.

Mr. and Mrs. A.P. Dorsey of Carlsbad, visited Zeral Holland Sunday; Sidney Mercer of Victoria visited his grandmother, Mae Mercer, and Dorothy Clark visited Mae.

Bingo winners last Friday were: Beulah Harris, 2; Juanita Sanchez, 1; Frank Reed, 2; Fannie Blaylock, 1 Mabel Wilkinson, 2; Bess Andrews, 2; LaVita Brooks, 1.

The Antioch Baptist Church will conduct the service here next Sunday. Bro. Billy Daniels of San Angelo is their pastor.

Two women were talking about long hair of men. "Personally," said one, "I think long hair makes a man look intelligent."

"Oh, I don't know," said the other woman. "I picked a long hair off my husbands coat, and he looked mighty foolish to me."

ENGAGED — Mr. and Mrs. John Lee Henderson, Jr. of Ozona have announced the engagement of their daughter, Miss Virginia Leigh Henderson, to Jack Baggett, Jr., son of Mr. and Mrs. Jack Baggett, also of Ozona. Mr. and Mrs. T.J. Bailey of Eldorado and Ozona are grandparents of the bride-elect. Ozona United Methodist Church will be the setting for the Dec. 30 wedding vows. Miss Henderson is a 1975 graduate of Ozona High School and is a December candidate for a Bachelor of Business Administration degree from Southwestern University at Georgetown. The prospective bridegroom, a 1973 graduate of Ozona High School, has a B.B.A. degree from the University of Texas at Austin.

Mass Schedule Changes Made

The regular services at Our Lady of Guadalupe Catholic Church have been changed, according to the Rev. Mark Woodruff, pastor.

A Mass in Spanish will be at 7 p.m. Saturday, and a Mass in English will be at 10 a.m. Sunday.

Weekday Masses will be at 7:30 a.m. on Monday and Thursday.

These changes will be effective this Sunday.

Rev. Woodruff will be installed as pastor of the church Sept. 19 by Bishop Stephen Leaven.
