Both Lanes Open On New Highway 84

SALUTATORIAN--Linda McCamish, daughter of Mr. and Mrs. Jimmy Richardson, has named as salutatorian of Bula High School. She is graduating with a grade point average of 90.496. Graduation exercises will be held at Bula at 8 p.m. Friday, May 24.

VALEDICTORIAN--Mike Richardson, son of Mr. and Mrs. Ashel Richardson, has been named valedictorian of Bula High School. He is graduating with a grade point average of 93.475. Baccalaureate services will be held there at 8 p.m. Sunday, May 19.

Both lanes are now open for travel on west U. S. Highway 84. Ray Bradley, engineer, said

the north lane was opened shortly after noon Thursday after one year and one month of work on the stretch of highway which

connects with the Farmer County four lane highway near Lariat. Bradley warns motorists to

note the opening and use both lanes to avoid head-on collisions.

People in the area are in the habit of traveling the south lane from doing so during the past months, and some may have difficulty remembering that both lanes are now open.

Also, Bradley points out that there will be danger to windshields due to flying gravel and advises slower travel until the gravel is packed.

Some work is yet to be completed, Bradley said, to fulfill the contract and the final completion of all the work will be done in the near future.

Weary Traveler Enroute To Albuquerque

The long ride, not yet over, but in progress started when Henry Richardson left Enid, Okla. some 10 days ago in his Western Flyer bicycle enroute to Albuquerque.

Richardson stopped for two days in Muleshoe, due to illness and plans to continue his "pumpkin" toward Albuquerque for the next eight days.

His average was about 40 miles per day from Enid to Muleshoe and he expects, with good luck, to make his destination within eight days.

A deep note of sadness is detected in the voice of the traveler, as he relates the death of his mother in Albuquerque some two weeks ago. He did not make it there for services for her, but will join two sisters and one brother when he arrives.

"The trip has been tiring and almost tragic," he reports "as I fell asleep at the wheel before I got into Muleshoe, let the bicycle cross the highway and was almost hit by a truck." "So far, the only trouble I

Outsiders Victorious On Ball Field

"C'Mon, Play Ball" was answered, Muleshoe style, here this week when the Muleshoe Outsiders team racked up two victories.

Neither game scores were far apart but one was the "run for your money" type of thing, a see-saw effect which could have ended up with either side winning, just as Muleshoe did over the Hereford Rebels.

The first game of the week was played Saturday night in Babe Ruth League Park with the Muleshoe Outsiders defeating the Sudan Red Sox. Winning pitcher in the 9 to 5 game was Robert Gallegos and Sudan's

losing pitcher was Bruce Chadwick.

The see-saw game between the Muleshoe team and the Hereford Rebels started off with each scoring in the first inning. Later, the scoreboard showed the teams still even when each team made another score each in the third inning.

The next change was the Mules leading the Rebels 3 to 4 then the Rebels took the lead by one score in the fifth inning to the tune of 4 to 5.

The completion of the sixth inning changed the picture for the duration of the game with the local Outsiders leading the remainder of the game which ended with a 14-10 score.

Winning pitcher for Muleshoe was Doyle Meadows and Rebel pitcher Nacho Moreno went down as losing pitcher.

For the Outsiders, Larry Calvert belted a home run over left center field with one on base and John Agee hit a homer straight back over center field fence with two on base.

Members of the Muleshoe Outsiders are manager Jacinto Bara, assistant managers Sam Gonzales and Joe Bara, Kenny Heathington, Billy Darnell, John Agee, Eugene Shaw, Charles Green, Keith Griffin, Larry Calvert, Doyle Meadows, Bobby Burge, Robert Gallegos, Jose Triana, Tino Rojas, Prospero Aguilar and Jerry Mick.

VISITS AREA--Representatives of Coker's Pedigreed Seed Company arrived in Muleshoe Thursday and toured the area to the purpose of evaluating this vicinity as a sector for growing sorghum sudan cross breed. Coker's Pedigreed Seed Company of Hartsville, S. C., is called the "South's Foremost Seed Breeders and Processors." As they flew into Muleshoe, they were met at the airport by Rufus Gilbreath who took them on the area tour. The men were S. Pressly Coker, Jr., company vice president and Howard Harrison, company executive. Pilot of the plane was Bill Yengel, pictured left, Gilbreath, Coker and Harrison.

Misty Moonlight Theme for Bula JHS Banquet

"In the Misty Moonlight" was the theme for the junior high banquet held Saturday evening, April 27, in the school lunchroom at Bula.

The class colors of red and gold in crepe paper streamers were hanging from the ceiling, while stars in red and gold glitter dotted the walls and the words "Misty Moonlight" in glitter, with glittering stars and moon behind the speaker's table.

Larry Clawson acted as master of ceremonies for the evening, Ron Risinger gave the welcome and Leon Kessler gave the invocation.

Following the meal, Wayne Wood introduced the speaker, Kenneth Rhymes, a graduate speech major at Texas Tech. His topic was entitled "Green Blooded Americans." The idea he was trying to bring out to the group of teenagers was "preparedness." He said that school is where we start preparing to make money when we get to be grown men and women.

But to take care in preparedness. Much humor was sprinkled throughout his talk.

Coach Flankin had charge of the presentation of awards, Terry Claunch was recognized as football sweetheart and given a charm necklace by football hero, Wayne Wood. Sheila Melin received a charm necklace for basketball queen, presented by Ron Risinger, basketball king. The boys were presented identification bracelets by Coach Flankin.

Music for the evening was a record, "In the Misty Moonlight" which was sung by Dean Martin.

The evening meal was prepared and served by mothers of the eighth grade class. Menu consisted of barbecue beef, green beans, potato salad, cherry cobbler, hot rolls, tea and coffee.

Arline Phelps Paintings Continue Showing Today

Arline Phelps' special showing of paintings at the Art Loft, West 2nd and Highway 84, opened Saturday and will continue to be viewed between 2 and 5 p.m. today, Sunday. This special showing is open to the public, with the native West Texas artist present at her showing.

Approximately 85 recent works, including landscapes and florals, are being shown by the Muleshoe artist.

Mrs. Phelps said that her showing paintings were done within the last year. It has been said that the artist, having a great zest for living, is a prolific painter. It is as though she feels pressed to record each fresh idea as it comes, to make room for more inspirations.

Mrs. Phelps, co-owner of the Art Loft, had her work selected to tour in the South Plains Circuit Show in the spring and fall of 1966. She won second place in this year's Art for Heart Show in Lockney. Also, last year she received fourth and two citations in the Muleshoe Art Exhibit.

In 1963 she was first in the Muleshoe Art Association Membership Show and a citation in the Christmas Art Show.

Mrs. Phelps and her husband, Bernard, son of Mr. and Mrs. Chesley E. Phelps of Haskell, have lived in Muleshoe since 1950 where he is a farmer-rancher. They are parents of Ann, 18, student at Texas Christian University; Rebecca, 15, and Matthew, 8, both Muleshoe school students.

The special showing is open to the public without charge and will hang for two weeks after the opening.

SPECIAL SHOWING--Arline Phelps is shown with a portion of her 85 recent paintings, including landscapes and florals. She will be at the Art Loft until 5 p.m. today.

Tribute to Mrs. Effie Bray

RECEIVES PLAQUE—A plaque was presented to Mrs. Effie Bray from members of Muleshoe Study Club at a luncheon in her honor in the home of Mrs. J. G. Aron Thursday, May 3. This tribute was given by Mrs. T. R. White, member of Muleshoe Study Club. "Because of our feeling for Mrs. Bray, an honorary life member of the Muleshoe Study Club, her name has been entered in the Golden Book at the Texas Federate of Women's Clubs headquarters in Austin." Mrs. White continued, "We believe in giving flowers to the living so to you, Mrs. Bray, we

A tribute was paid to Mrs. Bray at a luncheon in the home of Mrs. J. G. Aron Thursday, May 3. This tribute was given by Mrs. T. R. White, member of Muleshoe Study Club. "Because of our feeling for Mrs. Bray, an honorary life member of the Muleshoe Study Club, her name has been entered in the Golden Book at the Texas Federate of Women's Clubs headquarters in Austin." Mrs. White continued, "We believe in giving flowers to the living so to you, Mrs. Bray, we

present a symbolical bouquet of roses. A white rose is to represent your unselfishness. "In 1953, Mrs. Bray and her late husband, A. C. Bray, moved to Muleshoe so they could live with their daughter and son-in-law, Mr. and Mrs. Horace Blackburn. Bray had suffered a serious stroke. Realizing that their daughter had a home to keep, the Brays left their own home and friends of many years in Oklahoma and came to Texas. Mrs. Bray was able to adjust to her new Texas life even at the age of seventy, because of her unselfishness.

"The Muleshoe Study Club in 1964 nominated Mrs. Bray as Caprock District "Mother of the Year." The mother of three children, Bea Blackburn, her twin brother, Berris and their older brother, Otto, is an inspiration to her family as well as her friends. A red rose is appropriate for her inspiration quality. A pink rose for a precious Christian woman. At 87 years of age, Mrs. Brays activities are curtailed, but she still attends her church, The First Baptist Church of Muleshoe, every Sunday and every Wednesday, but, even more important, she lives her Christian

faith - 365 days a year. "After her husband's death in 1953, she established at Wayland Baptist College the A. C. Bray Memorial Education Fund for students preparing themselves as ministers, missionaries, and educational directors. "This completes the floral bouquet representing the life of Mrs. Effie Palmer Bray. It is as colorful as a rainbow, and we know that at the end of that rainbow she will find her "Pot of Gold," concluded Mrs. White. Sears and Penney report sales records.

Hobby Club

The Hobby Club met in the home of Mrs. Phipps May 2. A Mother's day outing was planned for May 13, to spend the day in Clovis and eat out. The club also discussed having another trip for June 6 and visit May Pattie's sister in Lubbock.

Plastic flowers were made by some of the club members and were dipped in formalin. Ola Peach was the lucky person and drew the hostess gift. Nineteen members were present, with one new member, Edith St. Claire, and one guest, Mrs. D. L. Calvert.

best of all the control is automatic.

If you iron much, when you use this iron your electric bill will drop like crazy.

It is so fantastic, all you have to do to heat it is set it on a lit burner of your kitchen stove and let it heat. To check the temperature, dampen a finger (by touching it to your tongue) and then put your finger to the bottom of the iron. When you hear a hissing sound, you know you are ready to work.

Amazing, I hope no one beats me to the patent office, I should make a fortune.

FUMIGATE YOUR COTTON AND VEGETABLES BEFORE—OR AFTER—YOU PLANT WITH FUMAZONE 86.

A preplant application of FUMAZONE 86 soil fumigant clears up the nematode problem early. No time before planting? Then get the nematodes later, with a postplant treatment. It can be used on living plants, and it's the only type that can be. Add it to irrigation water using the Dow centrifugal pump method. With nematodes gone, you get healthier cotton and vegetables, greater yields, and better quality, more profit. See us for FUMAZONE 86.

(EDITOR'S NOTE) The author of this letter is somewhat of a comedy writer and submits this quickly written piece for amusement. Said during interview "I can't spell and once had my handwriting analyzed and all my life I didn't know I had criminal tendencies but the handwriting experts say so . . . so maybe I should get me a typewriter so people wouldn't find out, but it never bothered me before the experts said that."

Dear Sisters, My in-laws have an electrical repair shop and repair many irons. I have seen irons of all sizes, shapes and types. One major problem with irons, it seems to me, is the cord. The cord wears thin and becomes hazardous, thus it needs replacing. When the control breaks, the iron will either scorch or refuse to heat at all. Though it will be hard on their business, I must try to get out this new iron I have invented. It is all one moulded piece, so no parts will wear out - it has no cord to tangle get in the way or wear out and

FFA Banquet Held.. Honors Bestowed

By Gary Little

Muleshoe Chapter of FFA hosted its annual banquet in the High School Cafeteria Tuesday night, April 30. Members honored their dates, their parents, their teachers, and businessmen of the community.

land. Their program included a variety of songs including, "Tumbling Tumbleweeds" and "Green, Green."

Senior Cross Into New Era, Adulthood

By Deborah Erek

A new life looms just over the horizon for the graduating seniors of M.H.S. What the future holds for all of us as we part with graduation, May 24, is undetermined. Our destiny beyond lies in the void of the unknown.

Seniorhood brings many responsibilities as well as fun. The responsibility of leadership falls largely on seniors because of age and seniority. Reaching the final year in school, the senior's school spirit is high. Seniors now enjoy a few hours of leisure. As the final year comes to an end, there are a few things we would like to forget and many things to remember such as:

WE ARE NEAT;
WE ARE GREAT.
WE'RE THE CLASS
OF '68.

CAP AND GOWN---David Davis was among graduating seniors to receive their caps and gowns recently. They are all now preparing for the final night, graduation, 1968, on Friday, May 24.

4-H Girls Among States Sewing Boosters

SPECIAL - Home sewing may no longer be a necessity, but it is one of the fastest growing home arts. Making one's own clothes is a favorite hobby of more women today than ever before. What's more, there is a certain prestige attached to home sewing.

The machine itself has been so greatly improved during the past decade that it can do almost anything -- from embroidering and darning to buttonholes and invisible stitching.

Choice and design of fabrics provide a kaleidoscope of color and textures. Trimmings, fastenings and patterns help make home sewing easier, and give clothes the "custom-made" look.

Into this exciting world of fashion have come young 4-H girls just learning to sew, and their older sisters who are well on their way to becoming amateur couturiers. Under the guidance of well qualified volunteer clothing leaders, some 700,000 girls between 9 and 19 years of age are turning out school clothes, sports attire, formals and even suits and coats.

These girls represent every state, and annually compete for awards provided by Coats & Clark Inc., national sponsor of the 4-H Clothing program.

How do they qualify for an

award? By making a garment or garments of their choice, keeping in mind suitability of pattern and fabric to the individual figure. Sewing construction also is a very important part of the project. Garments are inspected for straight seams, proper stitching, fit, overall finishing, and accessories. Oftentimes, the older girls judge younger members' garments and their own, as well.

They exhibit their work at local 4-H events and at the county fair. The four highest ranking members in the county receive a handsome gold-filled 4-H Clothing medal.

The best ones usually have a chance to show their outfits at the state fair where final judging is done for the state award; an expense paid trip to the National 4-H Congress in Chicago.

In November, a committee of judges representing the Co-operative Extension Service will review all the state winners' record books and select the six best. The girls will receive \$600 scholarships during the National 4-H Congress.

While in Chicago, all state and national winners, plus their state leaders will be guests of Coats & Clark.

LOVE LETTERS TO MAYOR
Hartford, Conn.--The mayor of Hartford receives quite a lot of mail--from letters from admirers to poems and pictures. Miss Ann Uccello, 45, the attractive mayor, has received proposals from all over the U.S. One poem was entitled "You Can't Go It Alone."

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm gives the impression in his letter this week that he may not be a music lover.

Dear editor:
Somebody from another state sent me a marked copy of a magazine calling my attention to an article on the latest discovery in agriculture, expecting I guess that it would arouse my interest. Actually, it has only aroused my agitation. You ought to stop sending The Journal out of Texas.

According to it, a woman scientist up in Canada, having heard that a corn farmer in Illinois claimed he increased his crop yield by serenading his plants with a piece of music called "Rhapsody in Blue" over and over again, and that an Australian fruit grower said he produced more and bigger bananas by constantly playing a phonograph record of a loud bass note among the trees, proceeded to test this strange idea out scientifically, and sure enough, she claims, by piping tones to one batch of wheat and not to another, she discovered the former produced more wheat.

I have given this long and unthoughtful consideration and have decided women should stay out of science. They talk too much there too.

Have you stopped to think what the spread of this notion could do to farming?

Up to now, one of the main pleasures of living on this Johnson grass farm has been the peace and quiet of the place, but you let my neighbors hear about that woman scientist's new theory and there'll be juke boxes and radios blaring out in all directions night and day, and amateur musicians sawing away and croaky-voiced youngsters waiting about their lost loves and the inconvenience of the draft and the horrors of earning a living. If I was a stalk of corn, I'd grow faster too. Anything to get it over with.

It'd ruin farming. Take all the pleasure out of it. And when you sell a crop nowadays, that's about all you've got left anyway.

Of course there are some bands I've heard on television which some cornfarmers might hesitate to grow a crop with, feeling the net result couldn't be anything but a bunch of hubbins. I won't attempt to say what it would do to grain sorghum.

Why don't women scientists stick to inventing new formulas

for eye shadow, run-less hose and more powerful detergents and leave farming alone?
I tell you, anytime I have to hire a guitar player to make a crop, I'm quitting. What would it profit a man to gain a bigger crop and lose his nervous system?
Yours faithfully,
J. A.

Food Dollar Stretchers

Food prices are like the weather - everyone talks about them. The important difference is that with food prices you can do something about them, reminds Gwendolyn Clyatt, Extension consumer marketing specialist.

You can't change the price but you can receive more for your money if you make wise choices.

With careful planning and shopping you can stretch your food dollar. Resolve to keep alert to what your market is featuring by watching food ads. Plan your menus to include as many "specials" as possible, suggests the Texas A&M specialist.

Try to remember the regular prices so you'll know if the special is really a good value. Buy good values in quantity if you can use them and if storage space allows.
