Eagles Claw Reagan County Owls, 12-6

The Eldorado Eagles capitalized on some new offensive weapons while playing clutch defense to defeat the Reagan County Owls in Big Lake on Friday night.

Coach Clawson welcomed wide-receiver Ed Willoughby and tight-end Ronnie Hall back into his arsenal. Willoughby made several catches in "must" situations, including the winning score late in the fourth quarter.

Tailback Danny Pina got the first points on the board from 11 yards away. The PAT failed to give the Eagles a 0-6 lead with one minute left in the first quarter.

Rojelio Adame also made his comeback, but it looked as if his leg injury was hampering his performance some. But, between Adame and a senior Robert Markell, the middle of the defense seemed to be anchored down securely. Senior Mark Wallis continued his outstanding defensive efforts from the tackle position

It was Wallis, with aggressive play, who forced a fourth and four on the Owls during their next series. The Owls went for it and linebacker Eddie Montalvo stopped the effort giving Eagles possession at their 27.

Senior Keith McCormack then

Senior Keith McCormack then started his love affair with the hobbled Willoughby. They connected on a 17 yard pass play which produced a first down at the 40. A holding penalty nullified the play and the Eagles then faced a third and 15. But the Owls came right back with a mistake of their own. A personal foul put the ball on the 49

yardline. On second and five, Mc-Cormack then hit Mike Griffith on a quick pass and Mike pounded his way for the first. The next play ended the drive as McCormack was intercepted at the 35 of Reagan

Junior Whit Paxton popped tailback James Phillips for no gain. Griffith came up quickly from the secondary to stop the Owl offense on third and 10. Their desperation fourth down attempt was batted away to end the half.

Griffith returned the second half kickoff to the 30. The 175 pound senior picked up five more to move the ball into Owl territory. On first down from the 35, McCormack rolled down the left sideline to the R.C. 25

Fullback Eddie Montalvo tried the middle, as usual, for eight big yards.

But the Owl defense be said to get tough deep in their helf of the field. They took over on downs at their 11.

Reagan County picked up the first and their drive started. Defensive back Raul Gonzales prevented a touchdown with a sure tackle at the 44 of Eldorado. Owl quarterback Greg Fisher bootlegged the ball around the left side then traversed his field to pick up the first plus a hard hit by Gonzales.

The Owls drove to the EHS 35, but were forced to punt. They then held the Eagles for three downs to rgain possession.

With: 33 seconds left in the third quarter, Phillips picked up 20 yards from the R.C. 26 yardline. Defensive end Ronnie Hall made a good play to cause a third and long. A facemask penalty helped the Owls to a first down at the EHS 40. Quarterback

Thursday, November 6, 1980

Greg Fisher ran the ball down to the Eagle 10 for another first down. The Eagles dug in and held for three plays before Fisher punched it across with 9:34 left to play. The PAT was wide to knot the score at 6-6.

McCormack returned the Owl kickoff to the 47 after a good run. He found Willoughby again on a 15 yard out route to put the Eagles on the 38. Another holding penalty set them back to the 47 to wipe out the play. A middle screen to Montalvo netted 14 yards and first down. A third holding penalty kept the Eagles retreating from the much needed touchdown.

Willoughby caught another pass to the sideline at the 39 of Reagan County. John Paul Joiner got the first at the 26. An Owl personal foul was tacked onto the play and the Eagles were driving. Montalvo carried to the six. McCormack picked up the first at the four yardline.

Pina dove down to the goal line, but did not cross it. It was on third down when Willoughby caught a well thrown ball by McCormack for the winning score. The PAT failed and with 2:49 left, the Eagles had to play some good defense to win.

Still the Owls drove to the

Still, the Owls drove to the Eldorado 15 yard line. From there they had four attempts to get it across. But pressure on the quarterback in the form of Mark Wallis caused a poor throw and Pina knocked the ball away in the endzone to preserve the victory.

This week the varsity plays Junction as do the rest of the Eldorado teams. Except, the varsity plays at home in a 7:30 p.m. contest.

Head Coach Johnny Clawson and quarterback Keith McCormack dis-

cuss the situation during the victory

over the Reagan County Owls.

Andy Bosmans Gets Special Visit Wednesday

Wednesday, Oct. 29 was a very special day for Andy Bosmans. The junior from Eldorado high school is seriously ill and unable to attend classes due to cancer. But on this day the young man's face was lit with pleasure.

Van Pearcy, probably the state's top schoolboy athlete, flew from Andrews to visit with Andy and his

family. Pearcy is a senior there and is a certain all-state performer in both football and track.

Therefore, he has already received hundreds of letters of inquiry from colleges 'across the nation. Van Pearcy, most likely will be the most recruited Texas high school athlete this year.

He was accompanied to Eldorado

by his coach, Bill Shipman, teammate Elvin Brownlee, and pilot Alex Shaffer

Mrs. Bosmans served lunch to her guest before their departure. Also, Pearcy generously presented Andy his most prized track medal which represented one of the fastest times recorded in the 440 yard dash last year, 47.8 seconds. Andy loved it.

Bosmans' visitors: L to R -Head Coach Bill Shipman, Van Pearcy, Elvin Ashley, Pilot Alex Shaffer.

From City Hall

By Carolyn Mayo, City Secretary

We've received several calls at City Hall about lost pets. The City has not yet instituted the Animal Control Officer because an Ordinance must be enacted first. It is more difficult that just hiring a person to pick up the animals because that person must be willing to take the series of 5 rabie shots and be able to take on the job. City Hall is still taking applications for this position.

Once the ordinance is enacted and everything is readied, work will begin. Until then, if your dog/cat is missing - the City has not picked up any animals.

The penalty proposed for permitting your animal to run loose and which must be paid before the animal can be retrieved will be stiff-\$10.00 for 1st offense, \$25.00 for second offense, and \$40.00 for third

offense. The animals must be identified in Sonora and then the penalty paid at City Hall in Eldorado during regular hours. The paid receipt must be presented to the Animal Clinic and all expenses paid before the animal can be retrieved, including the costs of any shots necessary. Animals will be held only three days before being destroyed.

Hopefully, this program will begin the first part of November.

Recently we called your attention to the men who pick up your garbage. We failed to mention their names for those of you who do not know them and have asked us. Juan Espinosa is the driver and foreman. He has been with the City since November of last year. Claude Spencer has been with the City since 1968. We appreciate your comments

of gratitude to these men as it makes it go smoother for them.

Several of you have asked the hours for the landfill. They are 10:00 a.m. until 6:00 p.m. Monday through Saturday. Sunday hours are 1:00 p.m. until 6:00 p.m. Someone has recently "disguised" asphalt shingles in plastic bags and tires are still being thrown into the pit. Please do not do this as these two articles are very dangerous and the burning of the pit cannot be done within Federal laws which govern us in the operation of our landfill. Should these two matters be called to the proper personnel, the City and

following the rules is important to all of us.

Tax collection is taking place at all taxing jurisdictions who are offering a 2 percent discount during the month of November for persons wishing to take advantage of this savings. Should you have a question

about your tax statement, please do

ask the tax assessor involved.

County would not have a landfill

because we would lose our permit.

Please be careful and use discretion-

Leader Owners Purchase Colorado City Newspaper

Gus Allen, president of West-Com Inc. announced this week the pur-

chase of the Colorado City Record by the group effective Nov. 1.

Nancy Lester plays the part of a scarecrow at last week's Senior

Citizens' Halloween Party.

Fred Johnston, 32, a native of Snyder and formerly of San Angelo, has been named publisher of the semi-weekly newspaper in the county seat of Mitchell County.

The purchase was made from former owners, Mr. and Mrs. "Mac" Mackinnon.

The acquisition brings to seven the number of papers under the control of the Sonora-based community

newspaper organization.

West-Com was formed in 1976 when Allen, Wesley Burnett and Ron Willyard purchased the Sonora Devil's river News from Doyle Morgan.

The Karnes Ciatation in Karnes City was added in 1978, and the Dublin Progress and Stephenville Star were purchased by the group in 1978.

Purchase made in 1979 included the Schleicher County Leader in Eldorado and the San Saba News and Star.

West Com, is a recent venture with Stanley Frank, publisher of the Livestock Weekly, has also started a commercial press company in San Angelo.

A seventh grade back swings around the left end for a long gain. The 7th graders lost their first. of the season.

Surber Services Held

MENARD - Mrs. Woody (Eva Mae) Surber, 74, of Menard, died at 2:15 p.m. Saturday at Concho County Hospital in Eden after a short illness.

Services will be at 3 p.m. today in First Baptist Church in Menard with burial in Hext Cemetery under the direction of Mission Funeral Home.

Mrs. Surber was born Jan. 30, 1906, in Mason County. She was married to Woody Surber May 29, 1927, in Mason.

Survivors include her husband; a daughter, Gail Wood of Eden; two sons, J.C. Surber of Sonora and Max Surber of Odessa; three brothers, Clayton Hodges and Johnny Hodges, both of Menard, and Hollis Hodges of Hext; two sisters, Leetie Bland Farris of Odessa and Zelda Castleberry of Menard; eight grand-children; five greatgrandchildren; and several nieces and nephews.

Mrs. Surber was the neice of Mr. Ben Hext and a cousin of Granvil Hext of Eldorado. Mr. and Mrs. Ben Hext, Mr. & Mrs. Granvil Hext and the Daman Waggoners attended services sunday for Mrs.

Duplicate Bridge

Last week's duplicate bridge winners were Billie Porter and Mary Christian of Eldorado. Second place went to Fred Adkins of Sonora and Jack Rebee of

Third--Lue Kight and Vivian Miears of Sonora. Fourth place went to Muriel Brown and Lee Morgan of Sonora. Fifth place was won by Winnie Helen and Tom Ratliff of Eldorado.

CPR Saves

Mr. A.G. McCormack has a lot to be thankful for. He is lucky to be with us after a near fatal accident two weeks ago. But this night, he was fortunate enough to have Mr. John Callison answer his son's call for help.

Drivers for the Eldorado ambulance service operate on a rotaing basis. On this night it was Mr. Calli-

While sitting at the dining table Mr. McCormack began to feel ill. He got up and started heading for the bedroom. He collapsed with what seemed to be a

His son, Keith, was sent for help. One can bet his athletic son wasted no time in traveling the short distance to the Schleicher County Medical Center.

After his run Keith returned with Mr. Callison and Dr. J.B. Brame. Once there, Dr. Brame and Mr. Callison were alarmed that Mr. McCormack's pulse was becoming increasingly fainter. At one time there was none at all.

Fortunately, Mr. Callison had been schooled in cardiopulmonary resuscition, "CPR". The process was used effectively by Mr. Callison with Keith's help in massaging the heart. His father's heart began to beat again, weakly.

Mr. Callison's duties were not over yet, however. He and Dr. Brame rushed their patient to San Angelo's St. John Hospital. Mr. McCormack was admitted into intensive care where it was learned that he had suffered from taking the wrong medication, pen-

Mr. McCormack remained in the hospital until last week. Then he was able to return home to a bunch of happy folks. But the entire story could

have had a tragic ending if Mr. Callison had not been familia: with CPR. The process is easy

enough to learn if taught in the correct manner. It has been and could be worth one's time to learn the procedure. Perhaps some Eldorado social organization could sponsor a learning session for the interested citizens of this commun-

Pipelines... make good neighbors

America has over 220,000 miles of petroleum pipelines carrying crude oil and products to refineries and storage terminals across the United States. Each day, more than 1.5 billion ton/miles of crude oil and products move through this network. These pipelines have a safety record second to none in the transportation industry . . . and we want you to help us keep it that way.

liquids on or a mist above the ground in the area of a pipeline.

 Flames originating from an opening in the ground. If you become aware of a pipeline

• LEAVE THE LEAK AREA **IMMEDIATELY**

 Avoid driving into vapor clouds. Avoid direct contact with the escaping liquids.

WARNING PETROLEUM PIPELINE

GROUND MARKER

GROUND MARKER

When you see signs like those shown above, they tell you that there's a pipeline nearby. If it's underground, you can't see it, of course. But it's there, working quietly to provide energy for you and other consumers throughout this nation.

Some of these signs list the commodity transported in the pipeline, the name of the operator, and a telephone number where the operator's representative can be reached at all times.

Although pipelines have an exceptionally good safety record. once in a while a leak can occur. Indications of a leak might include:

 A strange or unusual odor in the vicinity of a pipeline.

 A hissing or roaring sound (caused) by petroleum or product escaping from a pipeline)

 A dense white cloud or fog. · A spot of dead or discolored vegetation.

An accumulation of petroleum

CASING

VENT

AERIAL

 Avoid creating sparks or sources of heat which could cause the liquids or vapor to ignite and burn. If you find yourself in a suspected vapor area, do not light a match, start an engine or even switch on

an electric light. Notify the pipeline operator as soon as you reach a safe area. Call collect. Give your name, a description of the leak and its location. If you do not know who the pipeline operator is, call your local fire, police or sheriff's department, or the state police. Advise them of the nature and location of the emergency.

If you see someone digging near a pipeline or doing other construction work . . . or if you plan to do such work near a pipeline yourself please call the telephone number shown on the sign and let the pipeline company know so damage can be avoided. It's in your interest ... and the nation's.

America's Petroleum Pipelines

Pipelines are the safest way to move petroleum and products and you can help keep it that way!

Jerry Lackey's **Country Folk**

D.K. McMullan says he has not seen as many turkey and deer around Ozona as his neighbors beleive are there. Yet, in other parts of the country, game observers report high population prospects for hunting season are indeed there and fat.

I was down on Copperas Creek in Kimble County cutting wood and saw a good looking bunch of wild turkey coming to water. And deer are around but not as plentiful as other years.

John Dublin, who ranches near Eldorado and Barnhart, comments:

There is an acorn crop in liveoak country this fall but the acorns are not maturing and are falling to the ground as little green kennels. Thats happened a few years back and we lost some livestock as a result of their eating them."

Besides some grass for livestock graze on across West Texas, Dublin says he has the best crop of prickly pear apples in years. With an early frost behind us now, the apple crop may provide some added sup-plement for livestock and rame this fall.

Some cotton harvest is underway in different parts of the Southwest Texas region. Alfred Multer of Often was stripping cotton the other day when I was in that direction. He said yeild was running about four acres to a bale.

Certainly that is a good considering the unusually dry spring and summer. Some dryland cotton in the Lowake area has taken seven acres to produce one

JV Continues to Romp

School junior varsity seems impossible to beat, even to score on. After thrashing the Reagan County Owls 43-0 last Thursday night, the Eagles remain the best JV in the district. Their biggest challenge seems to be if the defense can shutout their opponent, which it has six out of seven times. In fact, there has been a mere six points scored on the J.V. all year. The nice thing about it is that Coach Copeland and Mitchel have put together a high-powered offense to go with their defense.

A major factor in the high soaring offense is quarterback Greg Davidson. The guy probably cannot count all the points he has scored or had a hand in. He has help from every direction on the team, good backs, good receivers, good linemen, and even good depth.

Captains for the Reagan County game were Lamar Hardee. Joe Barrera, John Griffith, and James Woodward. they won the toss and elected to receive the open-

Floyd Fay returned the ball to the 50 yardline. It did not take the Eagle offense long. Davidson made good yardsge on a Mark Nikolauk broke several tackles to gain a first and goal. The first score of the rout was form six yards out a Davidson found paydirt. The PAT was good by Gene Edmiston to make the score 7-0 with still 7:35 left in the first quarter.

The Owls had possession at their 33, but the Eagles held. Davidson showed he can hit as well as run as the defense forced a

A holding penalty set the Eagles back to their 15. Then halfback Sammy Santellano skirted down the sideline as if on a tightrope for a 19 yard gain and a first down at the 34. Davidson found tight end Lamar Hardee for another 30 yard gain which moved the ball to the Owl 35 to end the

Reagan County held for three downs which put EHS in a fourth and 10 situation. Then Davidson uncorked

an exciting version of his patented keeper play which was a thing of beauty. The slashing quarterback took some hard knocks, but managed to pick up the first. On the next play, he did the same thing to the opposite side of the field to score from 20 yards out. The snap on the PAT went awry and Santellano scooped up the ball and passed to Nikolauk for the two-point conversion. The score was upped to 15-0.

The defense, true to form held the Owls on the next series and Santellano handled the punt at the EHS 35. Fullback Floyd Fay picked up 15 yards and a first down after a burst up the middle. Davidson was sure to follow with his keeper play. He scooted down the right sideline and twisted into the clear with nothing but the goal line in front of him. The fleet-footed quarterback somehow, managed to trip over the 15 yardline, gracefully.

Davidson added to his distress by fumbling the ball away on the next play.

Naturally the Eagles held and on third and 19, Kelly Kerr came up with a fumble recovery of his own.

RODEO

From there it took the offense one play to get into the endzone. Santellano took a quick-pitch for the distance and the score. Edmiston's kick was true and the Eagles had a 22-0 lead with 3:44 left in the

Linebackers Bill Clark and Fay showed why the Eagles are so tough to score on. It must be directly proportional to how hard a team hits. Defensive back Michael Phillips made a good play in breaking up a

The Eagles took over from the 37. Douglass Ussary picked a first down from the halfback slot. Then he took a quick pitch down the left sideline to the four yardline. Nikolauk charged over from there to make the score 29-0 with the PAT.

The second half was more of the same, but some new players. It is luxury to be able to insert as many players as Coach Copeland and Mitchel can. The experience will prove valuable to Coach Clawson next

In the second half, Phillips replaced Davidson at quarterback and scored a touchdown. Ussary and Fay scored again to round out the scoring. The final count was 43-0.

8th Grade Claws Owls

Coach Craig Bessent's eighth grade team was able to stop a couple of big backs in the Reagan County offensive attack. And that's all it took to insure a 14-6 victory at Eldorado High School last Thursday night.

The Owl's offense consisted mostly of slamming their over-sized tailback into the middle of the Eagle defense. It soon became evident that gang tackling was going to be prerequisite for stopping the Owls. The smaller Eagles proved themselves to be smarter than Owls as they rackedup the runners by hitting down low.

On their second possession, the Owls marched down the field in five and six yard bursts. But then they fumbled the ball into the endzone from the one and the alert Eagles recovered to gain possession at the 20.

Halfback Brett Nikolauk ran up the middle behind a good blocking line for ten yards and the offense was rolling. Tim McAngus followed with a good run of his own with a keeper for 15 yards to midfield.

The eighth grade running attack was complimented with some good passing by McAngus. He hit split-end Victor Gutierrez on an out-pattern which was good for 15 yards. Nikolauk and McAngus punched it down to the six yardline. From there, on first and goal, McAngus got the score with :39

Nikolauk swept around the end for the two-point conversion On the second half kick-

seconds left in the half.

off, Chris Woodward returned the ball to the 48 with some hard running and the blocking of Sonny Dean, Steve Bowery, Wade Wallis, and Ron Sauer Angus lost the handle on the ball to give Reagan County possession at their 30. Good defensive effort by number 64, Cagley, forced and an Owl fumble and EHS regainied control. However, McAngus turned the ball over for the second time at the EHS 33 to end the third quarter.

Another mistake proved costly to the eighth grade cause. A holding penalty was tacked on to put the ball on the Eagle 15. On fourth and goal, the Owl guarterback rushed for their only score from six yards out. The PAT failed

to leave the score at 8-6.
Sonny Dean rambled with the ensuing kickoff to the 46, giving the Eagles good field position. Mc-Angus took charge from there and scampered 16 yards to the 30. A facemask penalty gave EHS a first down from the 13. Mc-Angus rolled to his right then passed for the score. The PAT failed to end the scoring at 14-6 with 1:35

left in the game.

Seventh Grade **Suffers First** LossThursday

The Eldorado seventh grade lost their first game of the season last Thursday. The loss blemished the youngsters' hopes of a perfect season. Coach Winston Leifester's Eagles now stand at 4-1, which is still impressive.

Even in defeat, the Eagles have lots to be proud of. They nearly managed to comeback against a strong gang of Reagan County Owls late in the game.

There are several players on the team with all the potential to become mature athletes. Others may not seem to have the ability, but they make up for it with enthusiasm. And Coach Leifester makes sure everyone has the chance to play.

With three minutes left in the half the Owls punched it across to take the lead. With the PAT, they held an 8-0 cushion. However, the Eagles

were not going to sit idly by and accept their first defeat of the season. They were forced into a punting situation from deep in their own territory. Mike Bellman was in position to do so, but instead, he tucked the ball and rolled out to pass. His throw was intercepted and

returned to the Eagles 18. The Owls drove for what looked to be another score,

but Matthew Dahlberg came up with a big fumble recovery in the endzone to end the threat and the half.

Eldorado kicked-off and Eloy Martinez pounced on the loose ball at Big Lakes' 40. Then on a halfback pass, Bellman lofted the ball 15 yards to Duwain Moody to the 15. Bellman followed up his passing with some good running around the left sideline to

the 10 yardline. The Eagles scored on a pass from Martinez to Ron Mittle. The PAT failed. leaving the 7th graders behind 8-6.

Some good defense highlighted the rest of the game. Felix Chavez blasted through to drop the Owl quarterback for a five yard loss. The defense caused a fumble and recovery at the Owl 40.

Moody raced for a 15 yard gain with only :30 showing on the clock. He added another long run to put the Eagles into scoring position from the 18.

But on fourth down, the Owls held and the ball went

This was the last home game for the 7th grade. Next week they travel to Junction for a 5:00 p.m. contest.

XEROX COPIES Letter Size-.15 a copy Legal Size-.20 a copy **Meador-Peters**

From mid-November to early January, thousands of Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Live-stock Reporting Service or will be personally interviewed by the Service's field staff. The information gathered through the questionnaires and interviews provides the basis for determining the final acreage, yield, and production of crops and end-of-the-year livestock and poultry num-

bers for the state of Texas and for each county. All of the estimates published by the Texas Crop and Livestock Reporting Service are based on the data provided by Texas farmers and ranchers, County Extension Agents, ASCS offices, and many others in agriculture. This cooperation provides the necessary data which is, in turn, returned to farmers and ranchers and others in the form of accurate estimates, which are so essential in making the wisest production and marketing decisions. Accurate estimates are also essential to farm organizations and legislators in promotion. planning, and enacting wise legislation and are used in establishing acreages and payment levels to

ious commodity programs. The collection and publication of agricultural statistics are a cooperative effort between the Texas Department of Agricultural and USDA. This cooperation avoids duplication of effort, promotes economies, and increases the effectiveness of statistical reports. All individual farm and ranch information is kept confi
