Chamber Meeting Set For Feb. 21

Businessmen and merchants should mark Feb. 21 on their calendars. On that day, there will be a meeting at noon at the El Dorado Restaurant on behalf of the Chamber of Commerce.

The meeting is to determine how many people are interested in re-organizing the chamber, what its purposes would be and how it would be set up.

The chamber was active here many years ago, but disbanded five years ago. The meeting will be at noon and lunch is dutch treat.

Just Talkin'

By Nell Edmiston

Basketball coaches at EHS have been filling out forms so that we could get basketball scores and stories a little easier. On these forms, there is a place for comments. Now most of the time, there are none.

But a couple of weeks ago, eighth grade boys coach John Rodriguez had a lot to say about his team. When the boys barely won over Paint Rock, his review was full of praises, "Best fourth quarter I have ever seen any team put together. We were down 16 points and scored 21 points, holding them to four."

But the boys lost the next game to Veribest and his comment said, simply, "We were tired." And when they lost the next game, he wrote, "Could have been much worse but we closed the gap when they put in their scrubs."

But the one that really got me was the comment about their big win over Sacred Heart, 67-9. "They were short, couldn't handle the ball and were coached by a woman," he said.

I'm not going to make a reply to that nasty crack, but you girls out there should really let him have it. Besides that, one of his colleagues, Randy Mitchel, is a woman coach and a short one at that. And her seventh and eighth grade girls have really made a good showing this year, even to the point of playing for the district title this week. So, there Rodriguez!

They say that the third time is charm and nine times out of ten, that proves to be true. However, Fred Stunberg of the Soil and Water Conservation Service and I found that ain't always so.

At the recent district awards banquet, Fred took pictures of three local first grade girls who won ribbons with their posters, Andra Robledo, Dena Lloyd and Candace Cowart, and essay winner Kim Payne. However, that roll of film was exposed in the dark room and ruined.

So, I ran up to school on a Tuesday morning, just before a rushed deadline and took the girls pictures over. But this time, they didn't turn out. That end of the film was all black and I figured it was something I had done.

And, so we tried it again, dragging the posters up to school and interrupting a class to take the pictures. And would you believe it still didn't work? But we got to comparing pictures from my two rolls of film with some the girls in Sonora had taken. (We take our paper to Sonora to have it set and share the same supply of film as the two papers are owned by the same firm.) Come to find out, we must have gotten ahold of some bad film because they were all ruined in the same way.

So, here is an apology to those girls and their mothers and hopefully, we'll get it next time!

Court Passes Order To Sell New Bonds

Commissioners Court of Schleicher County passed an order for the issuance of bonds for construction of the new Schleicher County Law Enforcement Center. The action, which involved \$900,000 of bonds, came during the regular meeting of the court Monday morning.

Paperwork for the issuance of bonds will begin immediately and the bonds are expected to be sold in the next few weeks.

The court also opened bids for the

steel components of the building and graded the bid to Southern Steel of San Antonio. The court only received three bids.

In other business, the court heard a presentation by Rusty Meador concerning the purchase of a new ambulance for Schleicher County Medical Service. Meador pointed out that the organization is strictly voluntary and made an average of 1.23 runs a week during 1979. He also presented the budget from last year, which showed the service spending \$400 on gas, \$536 on supplies, \$600 for insurance and \$300 for miscellaneous expenses. He said collections for runs ran only

\$1642 compared to the \$1800 budget.

Meador said the service personal felt it would be worthwhile to invest in a new vehicle especially designed for emergency work instead of

spending money each year for repairs on the old vehicle. He was scheduled to meet with the school board, hospital board and city council to also ask them for funds for the new vehicle.

Commissioners agreed to support the program, with the amount of money and terms depending on decisions made by the other three boards.

Don Wilson of the Parks and Wildlife Department met with the court and discussed changes in regulations on hunting and fishing in the county, including open season on javalinas. Commissioners told Wilson they felt there should be an open limit on javalinas as there has been in previous years because they are such a threat to livestock. They also implied they were against a new regulation allowing the killing of turkey hens. Wilson will take their recommendations back to the department and return with revisions at a later date. Commissioners have the option at that time to revoke or accept the regulations.

The court also accepted bids on a new sheriff's deputy car. The car will be a Oldsmobile '88 and will cost \$6983.

TODAY'S SWEETHEARTS--Today is Valentine's Day and during a party this afternoon these three will be honored by the hospital auxiliary as well as residents of the nursing home. Dorothy Ratliff will be Valentine Queen, Clarence Sparks will be Valentine King and Rosetta Lozano was voted to be Valentine sweetheart from the hospital staff. Brownie Troop 71 will present a skit during the party.

Emergency Service Makes Progress But Needs New Ambulance

It's not a lot of fun making an ambulance run and there is no glamour to it. It takes a strong body and strong spirit to drive an ambulance and face whatever you might find at an emergency situation such as an automobile accident or fire.

However, there are 24 persons in Eldorado who have volunteered their time and energy to revamp the Schleicher County Emergency Service to make sure there is someone on hand at all times to do this necessary and sometimes unpleasant job.

They compose the Schleicher County Emergency Service, which was founded in 1968, mostly with the help of city secretary Phil Olson. However, when Olson died unexpectedly in September of 1978, the service faced a bleak future.

But in a matter of weeks, his family and friends picked up where he had left off, getting a firm hand on the operation and needs of emergency service in the county. His nephew, Rusty Meador, became manager and Billie Porter became secretary. Together, they handle all the bookwork and many other items.

Fifteen months ago, there were only a few persons showing interest in making ambulance calls, meaning that Olson made most of them himself. Today, there are 24 persons on the driver's list, most of

which have completed the state health department's Emergency Care Attendant's Course. The course is a rigorous one, with 24 classroom hours, and is required by the state before the emergency service can be considered up to par.

When a call is made the service tries to have two ECA's (persons who have completed the course) make the run. However, if only one can be found, one of the other drivers is called. There is no arrangement as to who is called at a certain time, but personnel hope to have an on call arrangement soon, so that drivers can be readily found.

But even if there are enough people to operate the service, it remains strictly a volunteer organization. It receives money only from donations and fees charged for runs, noted Meador. He added the service receives no money from the state, county, city or hospital on a regular basis. The service handles its operating expenses such as gas, minor equipment, bandages, oxygen and the trauma kit.

In addition, the service is only for emergencies or for emergency transfers by a physician, because it is a voluntary organization. Runs are made to emergencies or transfers to San Angelo or to Sonora, not for doctor appointments, as some people have believed in the past, Meador said.

In 1979, he said the service made 64 runs which included 35 emergency or emergency transfers, 28 no-emergency runs and one DOS (dead on the scene.)

Because of the increased number of emergencies and the added training, the service is faced with a big need--a new ambulance.

The ambulance now being used is a 1978 Chevrolet recreational van redone into an ambulance. "It was what we needed at the time," said Meador, "but now we need a piece of equipment engineered for emergency medical care."

The present ambulance is not properly equipped, with limited access to oxygen, limited space for storing needed equipment, limited patient capacity, an inadequate suspension system and outdated instrument controls.

Because of this need, the service will be approaching four local groups in the coming weeks to seek help in financing the \$17,950 needed to purchase the vehicle. They talked to the county court Monday and the city council Tuesday. They will be soon meeting with the school board and the hospital board of directors.

Meador said the new ambulance would have a life expectancy of ten years. The patient area is 129 inches long, 60 inches wide and has 65 inches of head room. "It is engineered for our needs and for safety of the patients," said Meador. He concluded by saying this would bring the emergency care in the county up to par where people here would receive top notch care in emergency situations.

SCMC Has New Rates

The emergency service is composed of 24 drivers, ten of which have completed the health department's Emergency Care Attendants Course.

The drivers include John Callison, Bill Gentry, Bob Lester, Rusty Meador, Lynn Meador, Domingo Pina, Buddy White, Gus Willeke, Frank Williams, Jim Squyres.

Also, Charles Adams, Joe Dan Adams, W.G. Crippin, Kenneth Homer, Betty Hanusch, Frieda Hanusch, Ina Lambert, Ronnie Mittel, Rudy Robledo, Jerry Swift, Duwain Sauer, Johnnie Tillery, Ron Sutto and Kathy Donaldson, are a part of the service.

The drivers are all volunteers and receive no compensation for their time and work. According to last year's records, it takes drivers an average of three hours to make a transfer to San Angelo and an hour and 55 minutes to make an emergency run. Last year, personnel made 64 runs, for a total of 276 man hours.

Because of inflation, SCMC has had to go up on rates. Transfers to San Angelo are now \$55. Emergency runs inside the city limits are \$25. In Schleicher County, they are \$25 plus one dollar for each mile. Transfers to Sonora are \$30.

The emergency service is not for taking persons to doctor's appointments as was previously believed.

Junior High Girls Are Up For District

The seventh and eighth grade girls were up for district championships Wednesday after the junior high school tournament was partially postponed during bad weather on the weekend. Play was resumed at 11 a.m. Wednesday to finish the competition.

The seventh grade girls beat Mason, 21-5 to begin the tournament. Meanwhile, Junction defeated Menard, 20-10 and Reagan County lost to Wall, 20-12. The Eaglettes went on to defeat Junction and were up to face Wall for the district title. Mason and Reagan County were to face each other for the consolation trophy.

Jennifer Willoughby and Debbie Sutto both scored five points in their first game to lead the girls. Rita Adams scored four and scoring two each were Stephanie Fields,

Roxanne Pina, Kara Garlitz and Mary Grace Arebalo.

In the Junction game, Stephanie Fields scored four, Roxanne Pina, Kelly Leggett and Rita Adame scored two points each and Jennifer Willoughby scored one.

The eighth grade girls began their competition by defeating Mason 32-8. Junction then beat Menard, 31-11 and Reagan County tromped Wall, 32-16. The winner of the Eldorado-Junction game was to face Reagan County at 6 p.m. Wednesday. Mason and Menard will tangle and the winner will face Wall for consolation.

Missy White lead the team with 12 points. Helping with the scoring were Laura Lozano with eight, Gina Patton with six and Tammy Faris and Pam Dunham, two each.

Miss Lozano lead the team again when the girls met Junction with 12 points. Charlotte Mobley scored ten, Missy White added six, Gina Patton added four and Tammy Faris and Pam Dunham contributed two each.

The seventh grade boys began by losing to Mason, 25-14. Junction then lost to Menard, 15-7 and Reagan County won 24-18 over Wall. This puts Menard and Reagan County facing each other for district. Wall and Mason will battle for consolation after Mason won over Junction 21-18.

The eighth grade boys lost to Mason, also 37-26 and Junction beat Menard 15-11. Reagan County lost to Wall 12-44, putting Wall and Mason on top for the title.

The winner of the Eldorado and Menard game will face Reagan County for consolation.

Loeffler Will Be Here Saturday

Tom Loeffler, U.S. Representative for the 21st district, will be at the El Dorado Restaurant at noon Saturday to visit with his constituents here.

The buffet meal will be \$4.15 a plate.

Loeffler, who is running for reelection to his second term in Washington, has been here several times. He says he wants to take this opportunity to talk with his constituents and keep them up to date on happenings in Washington that affect them.

In Those Days

ONE YEAR AGO
Feb. 15, 1979--A blood gas analyzer had just arrived at the Schleicher County Medical Center.

Open House to observe the tenth year of operation for the Center was set for the next Sunday.
The school board scheduled a \$1.2 million bond election.

Dr. Al Forlano, local pharmacist, was to present a program on Heart Disease and the American Diet at a luncheon.

The City Council interviewed six persons who had applied for the position of city secretary.

Jolynn Jay won a speech contest sponsored by the Eldorado Woman's Club.

Services were held for Matabele Jack Henderson, 78, a longtime resident of Schleicher County.

FIVE YEARS AGO
Feb. 13, 1975--Services were held for Mrs. W.E. Bruton.

Mr. and Mrs. Rickey Oliver (the former Martha Sue Page) became parents of a baby boy, named James Gregory.

Members of the Beta Sigma Phi sorority were planning a nursery rhyme dress-alike contest as a social for February.

The Eldorado chapter of the Order of the Eastern

Star observed its 65th anniversary.

Mr. and Mrs. Jimmy Martinez had a baby girl.

12 YEARS AGO

Feb. 15, 1968--Mr. and Mrs. Jerry Carlman were leaving for a Peace Corps. assignment in Liberia.

Rance McDonald broke a pelvis bone and hip when he fell out of a tree.

Clarence Wright, 70, died in Kerrville.

Mrs. Frank Williams was installed as President of the Reynolds Home Demonstration Club.

Mr. and Mrs. Oddest Sudduth observed their 50th wedding anniversary in their home in San Angelo.

35 YEARS AGO
Feb. 16, 1945--Mr. and Mrs. Lloyd Johnson sold the Gulf Station to Mr. and

Mrs. Paul Haley.

Twenty-three seniors were honored in the annual spring banquet. Paul Page, class president, gave the response to welcome by Mrs. J.M. Hays. Mrs. J.C. Ratliff, class sponsor introduced the students.

D. E. DeLong, pioneer ranchman, celebrated his 79th birthday.

The Woman's Club met in the home of Mr. and Mrs. J.A. Carriker. They agreed to help the Lions Club with a clean up campaign by painting a barrel and placing it beside the post office for trash.

Miss Libby Ann Faust, daughter of the Rev. and Mrs. R.B. Faust of Eldorado, was married to Capt. Henry Earl Ralston in Shreveport, La.

NEW PRIEST--The Rev. John Waldren of St. Anne's Catholic Church has assumed duties at Our Lady of Guadalupe Catholic Church here. Because of a lack of priests in this diocese, he will be pastor for both churches at the present time. Rev. Waldren is a native of Pennsylvania and has been in this diocese 12 years.

Social Security Good Buy

Is Social Security a good buy? Will I ever get as much back from Social Security as I have paid into the program? These are questions that are commonly asked by many people when they hear stories or read in the newspaper that the Social Security program is "Going Broke." The answer is "Yes" for most

of today's workers. The Social Security system is flexible; it has a built-in capacity for change. The Congress increased both the Social Security tax rate and the amount of earnings that are taxable when they passed the 1977 amendments to the Social Security Act. Therefore, despite high inflation, and despite a declining birth rate and a longer life expectancy that result in fewer workers' paying into the program and more people collecting benefits, the trust funds form which benefits are paid will remain solvent.

The Social Security Program affects almost every person in the United States. Nine out of every ten jobs are covered by Social Security and one out of every seven people (33 million people) receives a check of one kind or another. The total amount of benefits paid out in a year is over \$70 billion dollars, an a-

Who gets checks? The question can be answered in one word "People". All kinds of people. Monthly checks may go to workers and their dependents when the worker retires, becomes severely disabled, or dies. Then, there's Medicare, which helps pay the cost of health care for eligible people who are 65 or over and to certain disabled people.

Most young people associate Social Security with old people and retirement benefits. However, they should remember that there is something in the program for them too. If a young worker becomes disabled to work and meets the requirements of the Social Security law regarding earnings, they can draw a check for themselves and their dependents until they recover. If a young person dies, the survivors of that person can usually draw checks for specified, often lengthy, periods of time.

Church Class

Planning Trip

The senior high Sunday School class of the First Presbyterian Church are planning a ski weekend February 15-18 at Cloudcroft, New Mexico.

About 30 members and guests will be staying at Camp Chimney Springs. Bob and Sherry Pate and Miki and Scott McGregor are chaperones.

GS Cookies Being Delivered

The Girl Scout cookies have arrived! They were delivered Wednesday night and Girl Scouts are busy now delivering them.

There were several boxes of extra cookies which can also be purchased by calling Anne Hyde at 853-2704, Allene Halbert at 853-2267, Becky Sterling, 853-2932 or Jean Andrews at 853-2161.

ATTEND CHURCH

THE HIGHEST POINT

A steeple was first built on the town church so that anyone anywhere in the village could look out and locate the house of worship. The steeple on the church was the highest point in town. This was a physical fact and the people of the Lord knew it was a spiritual fact also.

Although a church's steeple is no longer the highest physical point in the city because of all the many-storied buildings and towers, the church itself is still filled with people who have reached the highest point of Godly maturity and who are filled with the highest degree of Christian love for God and man.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

1980 Census Is Important To All Of Us

The 1980 Census is very important to the citizens of Eldorado, the State of Texas, the United States. It will cover more than 220 million persons and include every household in the United States as well as the District of Columbia and Puerto Rico. Persons in nursing homes, naval ships at sea, hospitals, prisons, etc. will be accounted for. In every census, some people are missed temporarily; however, several innovations in the 1980 census will minimize chances for an under-count.

What does it mean not to be counted in the census? For some, all it means is not having to fill out a form and answer a list of nosey questions. Actually, it means much more: The U.S. Constitution requires that census statistics be used as the basis for determining each state's share of seats in the House of Representatives. Also, state legislatures, as well as many local bodies, are apportioned on the basis of population.

Census data play a key

role in the distribution of funds for more than 100 programs of federal financial aid to state and local governments. General Revenue Sharing allocations, for example, are weighed according to population and per capita income figures generated by the census. CETA allocations are geared to unemployment rates developed by the Census Bureau.

Federal aid to state and local units exceeds \$80 billion per year. Therefore, an over- or undercount in one area of one state could translate into tens of millions of misallocated dollars.

Census data is also useful in tracking social trends and population shifts of importance to cities and other jurisdictions.

The 1980 Census will use two questionnaires - a short form and a long form. The short form contains 7 population questions and 12 housing questions. The long form includes all of the short-form questions plus 46 additional questions to obtain additional information not needed on a 100 percent basis.

In cities of less than 2,500 population, half of the questionnaires distributed in 1980 will consist of the long form and half the short form. Elsewhere, 84 percent of all households will receive the short form and 16 percent the long form.

More than 86 million questionnaires will be mailed out by the Bureau in late March next year. Based on past experience, a return rate of 80 percent is expected. About 2 weeks after "census day" census agents will begin personal visits to each address from which no questionnaire was returned.

Upon completion of the first round of counts, results will be tabulated and transmitted to Washington, D.C., where the data will be summarized and reviewed. Then the data will be returned to the district offices for review by local officials. This local review program is designed to uncover significant data problems early in the process when they are easier to

resolve. Next, preliminary counts will be released and the questionnaire shipped to regional processing centers for analysis first count summary will be reviewed locally by the City Secretary using utility records for comparison of figures obtained.

Information reviewed through the census will be made available on computer tapes and microfilm. Thousand of publications will show tabulations for millions of geographic areas - including states, counties, cities, townships, census tracts, enumeration districts and neighborhood blocks.

The content of the 1980 census will be similar to that of 1970, with a number of new items added: persons in carpools, travel time to work, and the number of light trucks and vans owned, usual hours worked per week last year and weeks looking for work in 1979. Questions regarding locational training, occupation and industry 5 years ago, the presence of a basement, and a number of

of the while population and 7.7 percent of the black.

In addition to the cross-check by local officials before figures are made public, records will be cross-matched with drivers license records, Immigration and Naturalization Service records, and other registration records. Special concentration will be made in minority areas. With the head of the Catholic Church, illegal aliens will be persuaded to participate with census takers with the assurance they will not face deportation. Counting illegal aliens is a sore point in NE states that have lost population because of immigration to southern and western states. Critics say Texas and other Sun Belt states will benefit disproportionately from the 1980 census because it will be

based on a high number of illegals who are not even qualified voters but still are counted as "inhabitants". Census Day is April 1, 1980; the first census day was in 1790. The purpose is still the same. Statistics of the census will be available in 1981.

While Federal Law (Title 13 of the U.S. Code) requires everyone to answer the census, under threat of a \$100 fine, the same law assures that every person's answers to the census are confidential. Only Census Bureau employees may see individual census answers and there has never been a proven case of a census employee divulging personal information from a census. Not even another Federal agency can see the individual census answers, whatever the purpose.

Bob Bullock Sends Representative

State Comptroller Bob Bullock will have a representative from his San Angelo office in Eldorado on February 22, 1980 to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Esther Esparza will meet with local taxpayers in the Memorial Building from 9 to 10:30. "If Eldorado area merchants, or anyone else for that matter, have any

questions about state taxes or need help in preparing state tax forms, Ms. Esparza will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office, and we believe these face to

face sessions with taxpayers help do just that," Bullock added.

The San Angelo office, headed by Thomas M. Goff, serves San Angelo and surrounding counties.

questions of the ownership of consumer durables (washers, dishwashers, TV, etc.) will be dropped.

The 1980 Census is expected to cost nearly \$1 billion (up from \$220 million in 1970), and will temporarily employ more than 250,000 workers. Most of the increase is for coverage improvements. It is estimated that 2.5 percent of all U.S. inhabitants were missed in 1970 - 1.9 percent

Home Front

Miss Jamie Skaugins and Miss Gwendolyn Gunstead of Lewisville are spending this weekend with the J.S. Brame family.

The two are in the 1979 senior class of Lewisville High School. They plan to visit San Angelo where Miss Skaugins will be a freshman in the fall at Angelo State University. Miss Gunstead will enroll in North Texas State University this fall in Denton.

David and Sonia Nixon, Johanna, and David Faris left February 4 for Traverse City, Mich. where they will make their home. They bought a new home there while on a business trip. He is a safety engineer with AMOCO.

Food, Family And 4-H

Here are three of the prize winning recipes from the Women's Division of the county livestock show held here last weekend. We thought you would like to try them.

RUM CHEESE CAKE

1 1/4 cups graham cracker crumbs
1/4 cup sugar
6 tbs. butter or margarine, melted
1/2 cup sugar
1/2 cup Bacardi Rum
1/2 cup lime juice
4 eggs, separated
2 pkgs. 8 oz. cream cheese, softened
1/2 cup sugar
1 cup heavy cream

Combine crumbs, 1/4 cup sugar and butter or margarine; reserve 3 tbs. crumb mixture. Press remaining crumbs in bottom of 9 inch springform pan; chill. Meanwhile, combine gelatin and 1/2 cup sugar in medium saucepan; stir in rum and juice. Beat egg yolks and blend into rum mixture. Cook over medium heat, stirring constantly, until slightly thickened, about eight minutes. Remove from heat. Beat in cream cheese until smooth. Beat egg whites until foamy. Gradually beat in remaining 1/2 cup sugar; beat until stiff peaks form. Whip cream to soft peaks. Fold egg whites and whipped cream into rum mixture. Turn into crumb lined pan; sprinkle with reserved crumbs. Cover and chill several hours or until firm. Makes 12 servings.

WHITE CAKE SUPREME

3/4 cups shortening
11/2 cups sugar
11/2 tsp. vanilla
2 1/4 cup sifted cake flour
3 tsp. baking powder
1 tsp. salt
1 cup milk
5 stiffly beaten egg whites
Cream shortening and sugar until light. Add vanilla and mix well. Sift together flour, baking powder and salt. Add to creamed mixture alternately with milk, beating after each addition. Gently fold in egg whites. Bake in 3 greased and lightly floured 8 inch round pans in moderate oven (375 degrees) for 18-20 minutes; remove from pans after cooling 10 minutes. Cool thoroughly and frost.

Paige Helmers Is Honored

A 1979 graduate of Eldorado High School, Paige Helmers, was among 40 Texas valedictorians recently honored by the Texas Tech Ex-Students Association at a luncheon in Lubbock.

FLUFFY WHITE FROSTING

Combine 1 cup granulated sugar, 1/3 cup water, 1/4 teaspoon cream of tartar and dash of salt in saucepan. Bring to boiling, stirring until sugar dissolves. Very slowly, add sugar syrup to two unbeaten egg whites in mixing bowl, beating constantly with electric mixer until stiff peaks form, about seven minutes. Beat in 1 tsp. vanilla. Frost tops and sides of two or three layered cakes. Sprinkle with coconut if desired.

ITALIAN PEPPER BREAD

2 packages active dry yeast
1 3/4 cup hot water
4 slices bacon
3 tablespoon sugar
2 1/4 teaspoon Morton's Nature Season's seasoning blend
1/2 teaspoon sweet basil
1/2 teaspoon salt
2 eggs, beaten
5 cups flour
2/3 cup grated parmesan cheese
1 1/2 tablespoon melted butter

In a large mixing bowl,

dissolve yeast in hot water. Meanwhile, cook bacon until crisp. Crumble the bacon and add to yeast. Stir in 2 tablespoon bacon drippings, sugar, seasoning blend, basil and salt. Add eggs. Beat in flour to make a smooth, stiff batter.

Then beat 2 minutes by hand. Cover with plastic wrap. Let dough rise in a warm place, free from drafts, until doubled in bulk. Sprinkle 1/2 cup cheese on a flat surface. Turn out dough onto cheese. Knead until cheese is distributed evenly through dough, about 2 minutes.

Shape dough into 2 loaves. Place in greased 9 x 5 inch loaf pans. Cover pans with plastic wrap. Let rise until almost doubled. Bake at 400 degrees for 25 to 30 minutes, until loaves are golden and sound hollow when tapped. Brush tops of loaves with melted butter. Sprinkle with remaining cheese. Let loaves cool in pans for 5 minutes. Then remove from pans and cool on wire racks. Makes two 9 inch loaves.

EXHIBITS STUDIES—Several members of the Future Farmers of America get an explanation on exhibits on display in the Vocational Agriculture building from FFA sponsor Fred Igo. They are among thousands of FFA members who will be observing FFA week beginning Sunday. They are, from right to left, Brian Gawrychowski, Gene Edmiston, Sandy Willeke, Kelly Kerry, James Woodward and Igo. They are looking at a sample of wool with different kinds of seeds and fetuses from cows and goats in front of them.

First Of Its Kind Fifth, Ninth Grades Part Of New Testing

All fifth and ninth grade students from the Schleicher County Independent School District will participate in the first Texas Assessment of Basic Skills test program scheduled for February 1980.

The assessment plan, first of its kind in this state, will be scheduled once each year under requirements set by the Texas Legislature during its 1979 regular session.

The Schleicher ISD students will be among 500,000 expected to take the reading, writing composition, and mathematics tests during the February 25-March 12 statewide testing period. Each of the tests will require a maximum of 40 to 60 minutes to complete.

The Schleicher ISD will report its district and campus aggregate scores to the public at a May or June meeting of the board of trustees, according to Guy Whitaker, district superintendent. However, individual student scores will be reported only to the student, parents or guardian, and the school personnel directly involved, Whitaker adds.

"This testing program is designed to help the student and the school improve achievement," Whitaker points out. "For this reason, results will be reported in a manner that will help everyone become more effective."

Third grade students will be added to the annual sequence during the 1980-81 school year, according to plans announced by the Texas Education Agency. The three tests will make up an annual assessment effort designed to help both state and local school officials improve their services TEA says.

Overall student performance, both by campus and by district, will be reported each year to the public by the local board of trustees.

Westinghouse DataScore Systems of Iowa City, Ia., will help both administer the 1980 program and develop and field test new ideas for the 1980-81 series under contract to the State Board of Education. The Iowa firm will also operate a computerized inventory of all test booklets to assure strict security at all times.

Each test question will relate to a specific objective or skill students are expected to learn by the time they complete the particular grade, TEA points out.

"We use the term 'criterion-referenced' simply because it is a short way of saying the answer to each question must lead back to a specific objective," Whitaker explains.

Ninth grade students who do not make a satisfactory score may re-take the test each year they remain in high school. However, they will not be required to take it more than once. Later attempts to improve their scores and evaluate any remedial programs will be voluntary.

The annual test program will be administered by specially-trained personnel in each school district under the guidelines and supervision of the Texas Education agency.

MAKING PLANS—These officers of the local chapter of the Future Homemakers of America review the calendar for the 1980 state convention and check their finances at the same time. They and many more members of the FHA observed FHA week this week. They are from left to right, sponsor Dana Owens, parliamentarian, Sandy Willeke, President, Kay Sargent, Secretary, Lidia Gonzalez, Vice-President, Patti Hausenfluck and treasurer Sissy Norman.

Eighth Grade Boys Lose To Wall

The eighth grade Eagles are working hard this week after their loss to Wall January 21. The Hawks outflow the young Eagles 37-26. Leading the Eagles were Luke Brame with eight; Wendell Yarbrough with six, Adon Santellano with five, Michael Phillips, Mark Nikolauk, and Ramon Gonzalez with two each and Sammy Santellano with one.

However, the boys did win second place in the Paint Rock Tournament by first slipping by Paint Rock and then losing to Veribest. The Eagles were 16 points behind the Paint Rock team at the beginning of the fourth quarter but came from behind to score 21 points and hold the Indians to four points.

Against Veribest, the Eagles lost 44-29 with Michael Phillips scoring 12 points. He was followed by Adon Santellano with seven, Sammy Santellano with six and Wendell Yarbrough with four.

The boys biggest win was against Sacred Heart with Sammy Santellano scoring 18 points and Michael Phillips, 16. Wendell Yarbrough scored nine, Adon Santellano scored eight, Luke Brame scored four, Ramon Gonzales scored three and Douglas Ussery and Ricardo Torres scored two each.

SEVENTH GRADE

The seventh grade Eagles are standing 1-4 in district after their win over Wall January 21. The Eagles topped the Hawks 23-18 with Tim McAngus scoring ten points. Victor Guterrez scored six, Brett Nikolauk scored four and Chris Woodward scored three.

On January 7, the Eagles lost to Menard when the Yellowjackets scored with four seconds remaining in overtime, 21-19. Guterrez led the scoring with ten points. Brett Nikolauk scored five and Lonnie Jarrett and Bobby Williams added two points each.

The team lost to Mason 21-10 January 3 with Jessie Arispe, Lonnie Jarrett, Brett Nikolauk, Bob Reynolds and Wade Wallis each scoring two points each.

Junction also passed up the team 15-13 December 30. Scores were made by Wade Wallis, six; Brett Nikolauk, five and John Griffin, two.

The boys beat Sonora 50-8 and Junction 30-27 to win the Junction tournament. Their season record is three wins, four losses.

Eaglettes, Junction Make For An Exciting Game

When the eighth grade Eaglettes met Junction last week, it made for an exciting game, going into overtime, with Eldorado coming out ahead 16-15. Laura Lozano led the team with five points. Missy White scored four, Gina Patton scored three and Tammy Faries and Charlotte Mobley scored two each.

The seventh grade girls followed suit, winning 22-13 with Jennifer Willoughby scoring 11 points. Roxanne Pina scored five, Stephanie Fields, four and Michelle Walker, two.

When the young Eaglettes met Mason, the girls stomped the Cowgirls 36-9 with Laura Lozano and Missy White scoring eight points each. Other contributors were Charlotte Mobley, seven; Tammy Faries, Gina Patton and Margaret Turner, four each.

The seventh grade girls also won, 16-10 with Jennifer Willoughby leading the scoring with seven points. Stephanie Fields scored three, Rita Adame, Roxanne Pina and DEBBIE Sutto scored two points each.

EHS Exes On Honor Roll

More than 5,500 students at Texas Tech University qualified for the dean's honor roll in the six colleges during the 1979 fall semester.

Among them were five from Eldorado, Willie Day, Joe Franklin, David Hill, Carl Igo and Barbara Speck.

To qualify for a dean's honor roll, a student must have a grade point average of 3.0 or more on a 4.0 scale and must have taken as many as 12 semester hours of work.

2:30 a.m., While the City Sleeps. 1956 mystery.

Prune Plants Wisely

As the dormant season for many plants approaches, home gardeners should review proper pruning techniques before mowing pruning shears and saws.

Improper pruning can result in poor growth, unnatural plant forms, poor flower and fruit production, and occasionally even death of the plant.

Following basic guidelines for pruning can transform a tree or shrub into a beautiful plant specimen.

To begin, have a reason for pruning. Consider technique, season of the year and the need for pruning before taking that first snip. Many times there is no need at all for pruning if the tree is hale and hearty.

The dormant season of November through January may not necessarily be the best time to prune every plant on your landscape. Deciduous trees and shrubs, vines, ground covers, and evergreens probably can be pruned at this time of year.

However, exceptions include spring-flowering shrubs such as azaleas, forsythia, bridal wreath and gardenias, which should be pruned after they flower. Do not prune roses until mid-February.

Using proper tools is important for safety and adequate cutting.

Margaret Shipley spent the night with her mother, Vada Glenn.

Jane Cummings of Abilene visited her mother, Margaret Shipley.

Alta Putzel of Cedar Hill and Bobby Sanford came down to visit with Alta's dad, Tom Clark, and stayed and helped with bingo last Friday.

Mr. and Mrs. Kelly McLean of Ozona visited with her dad, Rudy Ethridge. Rudy left Thursday to spend about three weeks at home before he enters the hospital. We are sure going to miss you, Rudy.

J.W. Henson visited his mother, Annie Henson.

Ida Hale visited with Wallie Atkins and Rebecca Holland. Rebecca is still hobbling around with her leg in the cast.

Rudy Ethridge, Doc Kennedy and Ann Passow went to town with June Pettit.

Don and Carol Bessires visited with Stella King and this past Saturday took her to Luby's to eat and to see the new Mall in San Angelo. Stella said it was very nice and sure big. She really had a great time. Thank you, Don and Carol!

Roy McCann visited with his mother, Emma Derr. Hap McMillan visited with his moth-in-law, Wallie Atkins.

We had a great garage sale this past Monday and Tuesday, here at the Nursing Home. We plan on doing this again when warmer weather gets here and people began to do their spring cleaning. All the clothes were donated. The residents chose what they wanted, no charge for the items. It was a fun way of going shopping without leaving the building and gave everyone a chance to get something new to them. I would like to thank everyone who donated clothing to this!

ENJOYING THE SNOW---Joe Andrews, elder of the First Presbyterian Church in Eldorado, enjoyed the snow that fell around El Paso during the Trios Rios Presbyterian meeting held recently. The city received several inches of snow during the meeting, which was an added treat for those who are not used to it.

Auxiliary Looking For Help

The Hospital Auxiliary is looking and asking for help---namely volunteers who can help in the local nursing home. They need people who can spare an hour or two a week to help

roll hair, do manicures, write letters or visit with patients.

Also, they are needing scrap material to make lap robes. Anyone wishing to contribute should call Mrs. Mildred Roach at 853-2159 of bring them to 314 S. Field. They can be cotton or knit.

During a meeting Feb. 6, the auxiliary discussed plans for fund raising activities and set the date for the Valentine party. The party will be at 3:30 p.m. today. The Valentine King, Clarence Sparks and Valentine Queen, Dorothy Ratliff will be crowned. Rosetta Lozano, sweetheart for the staff, will also be honored.

Brownie Troop 71 will present a skit.

Sonora Team Wins First

A Sonora team composed of Ruth Shurley and Jonell Johnson won first in Duplicate Bridge Club competition last week. Second was won by Bernice Sweatt and Evelyn Wimer. Third went to Mary Christian and Helen Bebee.

Sammie Espy and Ethel Olson of Sonora won fourth and fifth was won by Ann Parker of Ozona and Mary Lois brown of Sonora. Winnie Helen And Tom Ratliff won sixth.

Menard Couple Wed 60 Years

Mr. and Mrs. George C. Burleson of Menard (formerly of Sonora) were honored Sunday January 27, 1980 on their 60th Wedding Anniversary. A reception was held at Motel 83 in Menard from 2 to 4 p.m. The former Amanda McKee and George Burleson were married January 28, 1920 in Del Rio.

The couple has four children: Violet King of San Angelo and Sybil Wolfe of Del Rio. Two sons Jack C. Burleson and Hubert W. Burleson are deceased.

They have seven grandchildren and eight great-grandchildren. He is a Mason and both are members of the Order of the Eastern Star.

Hosts for the occasion were their grand-children: Mr. and Mrs. Wayne King, San Angelo; Ward and Mark King, San Angelo; Jack B. McKenzie, San Angelo; Mr. and Mrs. Jerry Burleson, Fort Stockton; Ms. Shay Wolfe, Del Rio; and Gary Wolfe, Waco.

Guests included: Mrs. Stella Miller, Mr. and Mrs. Alex J. Halfmann, Mr. and Mrs. Victor Cuba and family, Lynda Ashline, David Jones, Mr. and Mrs. Bob Young, Mr. and Mrs. Tom Christopher, Mr. and Mrs. Robert Winters, and Robert L. Young, Jr., all of San Angelo.

Thelma Childers, Lula Mae Clark and Edna Ory all of Eldorado.

Mr. and Mrs. Carl Weathers of Waco, Mr. and Mrs. Luke Wright of Roscoe, Mr. and Mrs. Milton Watters of London, Mr. and Mrs. David Watters of Goldwaite, Mr. and Mrs. C.W. Edmondson of Millersview, Mrs. Roberta Watters of Abilene, Mrs. Martha Tomlinson of Rock

Spring, Mr. and Mrs. Frank Baker and Mrs. Pat Williamson of Menard, Herbert McKee and Mr. and Mrs. Herb McKee Jr. of Coleman, and Doris and Bernice Hearn and Myrtle Armentrout of Sonora.

Christoval Nursing Home

Welcome to three new residents, Maria Aguirre, James Strain and Oscar Schultz. Oscar is a real domino player. We are so glad to welcome each of you. By the way, James Strain is Mary Holland's dad.

Our visitors this week were Mr. and Mrs. Charles Swart visiting with his mother, Lela SWART. Ida Hale also visited her as well as her granddaughter, Ruth.

Amanda Abernathy had several visitors. Ivy Chesser, her daughter, Belle Stovall and Ina Roberts, son and wife, Mr. and Mrs. Richard Abernathy.

Sid Shipley visited with his wife, Margaret Shipley. Mr. and Mrs. Arnold Lively visited with his dad, Fletcher Lively.

Mr. and Mrs. Grady Hill visited his mother, Tempie Hill.

Douglas Henson visited his mother, Jessie Henson. Mrs. Melvin Bell, and Thelma Lasater visited Lorena Bell.

Doc Kennedy's wife visited with him.

Tom Clark's daughter, Polly Long visited with him.

Gerri Morgan visited with her mom and dad, Sam and Myrtice Nance.

She also brought Valentine candy to both.

Wallie Atkins had several visitors this past week. Hap McMillan and Josephine Chappel and Ida Hale.

Josephine Chappel also visited Margaret Shipley, Stella King, and Rebecca Holland.

Tuesday the ladies from the Methodist Church came and sang and visited with the residents. Thank you Chicken Jones, Lola Brown, Clara Hall, Ethel Bell, Vick, Mary Agnes McBee, Mildred Kirby, and Ruth Hale.

Josephine Chappel visited with Wallie Atkins.

Sorry that our news did not get to the paper last week, our reporter, me, just plain forgot to get it there in time.

Our weather has kept most of us in and near the fire.

Our visitors have not let the cold keep them away. Here are a few of the many visitors this past two weeks.

Polly Long visited her dad Tom Clark.

Jessie Henson went to San Angelo to visit her son, Douglas.

Doc Kennedy's wife visited him this past Saturday.

Jack and Gerri Morgan visited with her mother and dad, Sam and Myrtice Nance.

Welcome to our newest resident, Mae Morgan. Glad to have you here.

Elena Ramirez's son and family were here. They visited with their uncle, Gabino Galindo.

Thelma visited with her mother Lorena Bell.

"Force 10 From Navarone." Big Stars. Big Action. No Commercials.

If it's movie action you're after, HBO's got plenty. Like this epic adventure starring Robert Shaw and Harrison Ford. Coming up, "Saturday Night Fever," "Halloween," "Old Boy," "Friends" with John Belushi, "Pretty Baby" with Brooke Shields and more. With HBO, home is where the hits are. And the commercials aren't.

SAINT JACK

Singapore's exotic underside is the setting for this tough, tight, two-fisted look at a Vietnam survivor. Ben Gazzara stars in this highly-acclaimed adult film from director Peter Bogdanovich.

MEN'S GYMNASICS

From Las Vegas, the Caesars Palace Invitational featuring America's top male gymnasts. See the champions who'll go for the gold in Moscow this summer. Only on HBO.

NIGHTWING

Somewhere in majestic New Mexico, an Indian tribal ground is cursed with hoards of blood-thirsty bats. For David Warner, killing them isn't a job... it's a passion. Don't miss this action-adventure featuring eerie special effects and a musical score by Henry Mancini.

Focus On Small Business

To help beat inflation, I've been thinking of starting a small business operation in my home. If it is successful, I might try to run such a home business full time. Any thoughts about this?

You're not alone in thinking starting a home business. More and more people are seeking to earn extra money through full or part-time home businesses.

The advantages are obvious: extra income, the convenience of working in where you live, watching over the kids while you work, avoiding rush hour commuting—and the independence of being a small entrepreneur.

There are disadvantages, too: lack of discipline, lack

of needed space in the home, family disruptions, lack of finances, little or no net return until some time after the business gets started.

One assumption is that you have some special skill or interest. It's best to stick with some in which you

have some special talent. You also had best define your potential market, plan some advertising strategy or campaign, understand tax laws and pricing techniques and local and state business licensing laws and zoning ordinances.

In other words, don't decide to start your business without doing considerable homework first. Also look around to see how

much competition you'll have. You may be convinced you have a "better mousetrap," but somebody across town may be already marketing it.

One last tip: There are a long list of publications giving advice to would-be home business operators. Many of them are in your neighborhood library. Or you can ask the Small Business Administration for help. This Federal agency, created in 1953 to help small business in a variety of ways, has its own list of Publications offering advice and guidance. For example, one SBA publication is called "Home Businesses." Those offices also can make available to you many other publications which may help.

ON STRIKE--These AMOCO employees were on strike last week as part of a nationwide strike with the Oil and Chemical Association workers union. Several Eldorado men, employees of the company were a part of the strike. Several others, employees of ARCO, went on strike two weeks ago, but most are reported to be back on the job. Workers were striking for additional medical and dental benefits and vacation time.

Stuart Speck Recieves

A&M Masters Degree

The grandson of a Schleicher County woman, Stuart H. Speck has received his master's degree in real estate economics at Texas A&M University's fall commencement exercises. He is among the less than 50 students to have ever taken this degree at A&M.

Speck is a 1972 graduate

of Rocksprings High School, earning his bachelor's degree at A&M in 1976. He has been employed for two years as a land man and land appraiser for a firm in Tyler.

He is the son of Mr. and Mrs. Fred Speck of Rocksprings and the grandson of Mrs. Arnie Speck of Eldorado.

Eaglettes Win Twice Last Week

The Eldorado Eaglettes came out ahead twice last week, winning over Reagan 49-46 in overtime and over Menard 63-25. Meanwhile, the junior varsity Eaglettes lost to Reagan County 20-17.

In the game against Reagan County, Lori Patton led the scoring with 15 points, followed by Kendra Dunham with 14 points. Other team contributions were Lorrie Powell with seven, Toni Fatheree with six, Jolynn Jay with three, Linda Gentry and Lori Griffin with two each.

Julie Cash lead the jun-

ior varsity girls against Reagan County with six points and Margie Logan scored five. Any Heald scored three, Victoria Powell, two and Lori Whitaker, one.

Toni Fatheree and Jolynn Jay scored 12 points each in the Menard game. Lori Griffin and Kendra Dunham scored eight each, Lorrie Powell and Mary Byrd scored six each, Linda Gentry and Lynna Sauer added four each and Lori Patton scored three points.

The girls played their last game Tuesday night.

Lions' Club Ladies Night Set

The Eldorado Lions Club will observe its annual Ladies Night tonight at the El Dorado Restaurant. This event is to honor members' wives for all the many things asked of them throughout the year.

Guest speaker will be Lion Everett J. "Ebb" Grindstaff, third vice president of Lions International. Grindstaff, a resident of Ballinger, has held all offices of his home club as well as district governor and is a past director of Lions Club International. In three years, he will be Lions International President.

As of Nov. 30, 1979, Lions Club International had 1,281,960 members in 33,237 clubs and 615 districts in 150 countries and geographical areas.

Banquet Tickets Deadline Set

The deadline for the all-sports banquet tickets has been extended to Friday. The banquet will be at 6:30 p.m. Saturday in the Memorial Building. Carly Hays of Abilene will be the guest speaker.

Tickets are \$4.50 per person and can be purchased at the high school or from any Booster club member. Tickets enable the purchaser to attend the dance which follows the meal. Cactus Rose will provide the music.

Coaches will recognize all sports and individuals who participated in them.

For further information, contact Prissy Paxton at 853-2650.

From The Horse's Mouth

Homeowners can take certain steps to reduce or prevent freeze damage to landscape plants.

To reduce the likelihood of freeze damage, especially to evergreen plants, be

sure to mulch root areas to prevent low soil temperature. This allows continued up-take of moisture and less chance of dehydration. Do not allow soil to become excessively dry. Water thoroughly before a freeze but do not water while ground is frozen.

We suggest covering choice plants with large cardboard containers or by wrapping them with polyethylene film. If film is used, be sure to remove whenever direct sunlight hits it, as extremely high temperatures can develop and cause more damage to the plant than that caused by the cold.

Do not be over-anxious to

remove plants that appear to have been killed by a freeze. Often damaged plants will send out new shoots from the roots. Unless they are budded or grafted plants, new growth will be the same as the original plants.

Careful pruning to encourage compact growth will produce an attractive plant. Be sure to remove dead or damaged wood by pruning to good, sound tissue. However, wait until new growth starts before pruning so you can determine the extent of injury. Pruning too soon can result in removing too much uninjured wood or having to repeat the pruning operation because not all dead tissue was removed.

Joe Lane To Head Construction

Bids for the construction of 7.2 miles of Ranch to Market Road 2596 over an existing county road are expected to be received in February by the State Department of Highways and Public Transportation. San Angelo District En-

gineer Joe Watson said the completed project will extend the present limits of RM 2596 from 17.8 miles southeast of US 190 to a junction with RM 864.

The department's engineer in charge of the work is Joe W. Lane of Sonora.

Miss Warnock Is On List

Charlene Warnock, daughter of Mr. and Mrs. Jon Calcote, has been named on the dean's distinguished academic honor list at Baylor University for the fall semester. She had a grade point average of 3.8 in a 4.0 scale.

UNITED STATES DEPARTMENT OF AGRICULTURE
Rural Electrification Administration
Appendix A
Statement of Nondiscrimination

"Southwest Texas Electric Cooperative, Inc., has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization."

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."

Third Annual Lamblast Set

The Third Annual Original Lamblast will be held April 19, at the San Angelo FAIRGROUNDS.

This year the events will be bigger and better than ever. To kick off the event there will be a Lamblast Dance on Friday, April 18 at 8 p.m. in the Exhibit Building at the Fairgrounds. During this fun-filled and music-filled evening the new Miss Lamblast will be presented to the public. The Texas Time Machine will be providing the music.

Other events this year will be the traditional Working Sheep Dog Trials, Leg of Lamb (Men's legs), Lamb Chop (Women's legs), washer pitchin, horseshoe pitchin along with some new events such as lamb tying (children's events), blindman wheelbarrow race, wool sack tossing and many more fun events.

Stop Looking-It's All in The WANT ADS

Big John's Has New Shop

Big John's Welding, formerly located in the Kwik Service building, has moved into a new building off the Menard Highway.

The business is owned and operated by John Mitchell, a native of Bisbee, Ariz. He came to Texas in 1973 and worked as an iron worker in Amarillo. He then moved to Fort Stockton and became engaged in oil field welding, moving from there to Sonora and then to Eldorado.

Mitchell works mostly with oil field welding but also does shop welding. At the present time, he is making a sign for the Masonic Lodge here. He has one employee, Richard Happener.

The Arizona native also served with the U.S. Navy on a carrier based at Vietnam for a while and through the South Pacific.

He and his wife, Marlene, have three children, John Jr., Kim and Leeann.
