

## Eagles Ready For Season

Eagles practice for a game Friday

By Mike Wilks  
 "We'll be very competitive this season," promises Coach Johnny Clawson, "as long as injuries don't plague us. We don't have any great size this year, but we have good over-all speed and strength."

When asked about this year's district competition Clawson added, "our district is going to be a tight race this year, especially between Mason, Wall, Ozona, and Junction, but I feel we will be able to play with them."

Eldorado will get their first test tomorrow when they take on the Rankin Reddevils, who were a state finalist last year. Rankin will have the exact same back-field as they had last year, which includes junior Dennis Black. The game will be in

Eldorado, with kick-off at 8:00. Eagle starters will be:

### LINE

Soph. Richard Gibson T  
 Sr. Shane Wells G  
 Jr. Greg Garlitz C  
 Sr. Whit Paxton G  
 Sr. Sr. Eddie Harris T  
 Sr. Randy Lentz Te

### BACKFIELD

Jr. Greg Davidson Qb  
 Jr. Danny Pina Tb  
 Sr. Eddie Montalvo Fb  
 Jr. Gene Edmiston Fl  
 Sr. Lamar Hardee Se  
 Eldorado tied Robert Lee last Friday, while Eagle J.V. won.

# SCHLEICHER COUNTY LEADER

25¢

Eldorado, Texas

'On Top of the Divide'

Schleicher County Leader Sept. 3, 1981

Loeffler visits with Tom Ratliff

At Lions Club Meeting

## Loeffler Optimistic About Administration

U.S. Congressman Tom Loeffler was guest speaker for the Lion's Club Luncheon August 26, which was held in the Eldorado Restaurant. Forty-five members attentively listened to Congressman Loeffler's address on President Reagan's administration and on the optimistic forecast for the economy.

He mentioned the similarities concerning the economic problems and the people's mandate when both men were voted into office in reference to President Reagan's "New Beginning" and Roosevelt's "New Deal". He spoke of our country's need for leadership and outlined three major victories which have passed, beginning with the tax bill.

The audience listened as Congressman Loeffler recalled the course of events on the Tax Cut Bill; his role as deputy whip for the Republican Congress and the bipartisan activities leading to the president's address to the people. He was enthused by the record 800 calls received after the president's

address in opposition to the bipartisan Tax Proposal, elaborating on the important role citizens have in determining our government's path.

The Tax Cut Bill was the beginning and Loeffler was grateful for all the help and information he received. Mentioned was Jimmy Powell of the Cattleman's Association for his work on the Estate Tax section by which 95 percent of estates will be free from taxation by 1987.

Loeffler also supported our country's need for a strong defense and President Reagan's determination to continue to allow our country's economy to grow and prosper. Loeffler concluded his address with questions from the Lion's membership which dealt with a variety of on going problems with high interest rates, air traffic controllers, and foreign trade.

This was Congressman Loeffler's third year in visiting Schleicher County since he was elected to the House of Representatives.

## City Balks On Tax Increase This Year

City residents will be relieved to know that their city taxes will be increased by only three percent after action taken by the City Council Tuesday night. The increase will net the city an estimated extra \$1800. Tax payers will pay a rate of 27 cents per \$100 assessed value compared to 26 cents paid last year. The total tax roll for the city in 1980 was \$52,000.

Reasoning behind the small increase is that the city's primary source of money is not taxes but

utility revenues, sales tax and gross receipt money. The city council has already increased utility revenues this year.

City officials are holding some city money in reserve which will be used to replace gas lines in the city. The city will be taking bids from private contractors to begin replacing about four miles of gas lines in the city.

Also during the meeting, the council discussed repainting the watertower after several youths painted obscene words on it last

week. The council decided to repaint the tower white with the Double E for Eldorado Eagles to promote school spirit. Cost will be \$900 and the boys responsible for the damage are to pay the cost.

The council also decided to have a cage built on the tower to prevent anyone from climbing to the top of the tower. This is to prevent vandalism as well as any accidents.

Obstructions in the alleys in the Glendale addition of the city were also discussed. Fences, trash and

utility poles that are in the way of the trash truck hamper garbage pickup because the trash truck has very little space in which to maneuver. The city is in the process of contacting an attorney to see what relieving the city can take on alleviating the problem.

The City Council is planning to meet with county commissioners at 7:30 p.m. Sept. 8 to discuss a county-city agreement on building a new fire hall for city and county fire trucks.

## City, County Officials Plan Tuesday Meeting

City council members will have two hearings and meet with county commissioners during their meeting Tuesday night. The meeting will be at 7:30 p.m. in City Hall.

City and county officials will meet to discuss the possibilities of building a city county fire hall which will house all of the fire trucks.

At the present time, there is not

enough room in the fire hall to keep all of the fire trucks. Therefore, in cold weather some of the trucks would have to be drained after usage and then refilled when the fire whistle blows, thus delaying firemen's response to a fire.

City council members will also have a hearing on their proposal to increase trash collection and sewage fees.

They are proposing to increase residential trash collection to \$5.50 per month and business trash collection to \$11 per month with 75 cents for any additional business pickups.

Residential sewer treatment fees will now be three dollars per month for residences and four dollars for businesses. Customers outside the city limits will be charged five dollars per month for service.

The council will also have a hearing on the proposed city budget for the upcoming year, which comes to a total of \$524,750.

(See City Budget, page 5)

## Volunteers Are Needed

Volunteers in Eldorado are needed to help with the annual Jerry Lewis Labor Day Telethon for Muscular Dystrophy. A telephone center will be set up in the Leader office from 7 p.m. Sunday until 7 p.m. Monday.

Three volunteers will be needed during a 24 hour period. One will answer the telephone, one will be a liaison person and one will verify any pledge over \$25.

The liaison person will add up totals and report them to the telethon center at KCTV periodically, explained Sharon Flammang of the Muscular Dystrophy Association in San Angelo.

The annual telethon is held to help those struck with "Jerry's Kid" and call in your pledge to the Leader office, 853-2032.

Anyone interested in volunteering should contact the Leader office by 5 p.m. Friday.

## Enrollment Hits New Record

School officials are very glad to have their new facilities in the local school system, especially when the school enrollment jumped at least 50 students this year.

Enrollment hit an all-time high this week when elementary principal Dick Richey counted a total of 373 elementary students and high school principal Richard McCarron counted a total of 287 students in junior and high school classes.

That makes a total of 660 in the school system and more were enrolling Monday morning.

Most classes are full to the brim, with the largest possibility the kindergarten class which has 68 students.

FIRST DEPOSITOR--LITTLE Nicole Morrison, daughter of Mr. and Mrs. Fred Morrison Jr., seems to be proud of her certificate of deposit as she was the first depositor at the Eldorado branch of the Heart Savings Association. Here she is being presented her certificate by branch manager Louise Burk. The Eldorado Heart of Texas branch office, located on the corner of highways 277 and 190, is open from 9 a.m. to 3 p.m. and has many new depositors

# Notes from Nancy

by Nancy Lester, extension agent

**EDITOR'S NOTE--**This is the second of a two-part series on pickling cucumbers. It will concern the causes and cures in for many problems in canning.

**What causes spotted, dull or faded color in pickles?** 1. Cucumbers not well cured (brined). 2. Excessive exposure to light. 3. Cucumber of poor quality.

**What causes dark or discolored pickles?** 1. Minerals in hard water. 2. Ground spices used. 3. Spices left in pickles. 4. Brass, iron, copper or zinc utensils used.

**What causes shriveled pickles?** 1. Placing cucumbers in too strong brine, heavy syrup or too strong vinegar. Use 10-12 percent brine, amount of sugar called for in recipe and vinegar that is 4-6 percent acidity. 2. Long lapse of time between gathering and brining. Brine within 24 hours after gathering.

**What causes hollow pickles?** 1. Large sizes will bloat at 10-12 percent brine solution. 2. Improper curing. Keep brine proper strength and the product well covered. Cure until fermentation is complete (bubbles disappear, usually about 6 weeks). 3. Long lapse of time between gathering and brining. 4. Faulty growth of the cucumber.

**How can I adjust a pickle recipe to make it less sour?** Add sugar. Do not decrease the vinegar.

**How Do I Pickle Baby Ears Of Corn?** No accepted and tested recipe is available.

**How Do You Pickle Grape Leaves?** Select large, unblemished grape leaves. Wash well and stack in piles of 30. Fold the stacks in half and tie securely with a string. In a kettle, bring 2

quarts of water to a boil, add ½ cup salt and stir until salt is dissolved. Dip the bundles of leaves into the brine and remove immediately. Pack tightly in sterilized jars, add brine to each jar to ½" of top of jar and seal. Let the leaves stand for 1 week before using. They will keep for months. Reference: Gourmet, July 1970.

**What causes soft or slippery pickles?** 1. A brine too weak (maintain 10-12 percent salt concentration). 2. Vinegar too weak (use vinegar of 4-6 percent acidity). 3. Cucumbers stored at a temperature too high during curing (brining). 70-75 degrees F. best. 4. Insufficient amount of brine. 5. Pickles not processed properly (to destroy micro organisms).

**What causes pickles to have a strong, bitter taste?** 1. Spices cooked too long in vinegar, or too many spices used. 2. Vinegar too strong.

**What causes the scum on cucumbers while curing?** Wild yeast, molds and bacteria that feed on the acid, thus reducing the concentration of this constituent in the brine.

## Women Win At Bridge

Lue Knight of Del Rio and Melissa O'Harrow won first in Duplicate Bridge last week. Winnie Helen and Tom Ratliff won second and Sammie Espy and Ethel Olson of Sonora won third. Anne Parker of Ozona and Mary Lois Brown of San Angelo tied with Evelyn Wimer and Bernice Sweat for fourth place.

## In Those Days

**FIVE YEARS AGO--**School enrollment hit 600 the first day of school.

Lynn Whitaker was elected president of the senior class and Willie Day was elected president of the junior class.

George Finley, Ron Laidley, John Cotton, Kyle Donaldson, Bobby Sykes and Dr. Earle Grant were first flight winners in the Hext Memorial Tournament.

Funeral services were held for Palmer West, a retired city employee and active member of the Eldorado Fire Department, Lions Club, and Masonic Lodge.

Services were also held for Perry Mittel.

Robert Bradley was president of the Eldorado Booster Club.

Susan Hawley and James Jackson were married in Wichita Falls.

**12 YEARS AGO--**Jack Harris was pictured with a rattlesnake killed on the Page Ranch which was 66 inches long and had 15 rattles.

The Atlantic-Richfield office, located in the old clinic building, was now in business.

The engagement of Miss Rosa Rodriguez and Harvey Martinez was announced.

Morris Whitten hit a hole in one during play on the Eldorado golf course.

Winners in mixed team play were Jimmy Powell, Gus Whitaker, Arch Mitchell and Eddy Kinser in a sudden death playoff.

Mr. and Mrs. Bill Gunstead visited the Tom Stewart family in Midland.

Lions Clifford Schooley, Bob Palmos, A.G. McCormack and Granvil Hext were collecting items to help victims of Hurricane Camille.

**35 YEARS AGO--**Hop Cheatham brought in the first bale of cotton as was given a premium of \$72.50. Cheatham narrowly escaped injury the next day as he was caught in a rain storm and the trailer he was pulling turned over.

Enrollment at the school system was at a new high of 395.

The first school bus for the Eldorado school system arrived. On the first run were Sam Oglesby Jr., Horace Linthicum and his family, Jerry Pennington and his sons, C.A. Reynolds and family and the driver, Brownlee Blakeway.

The bus was the first in the transportation system resulting after the annexation of several rural schools with the Eldorado schools.

It was a 48 passenger Ford with superior body complete with heater, fan, fire extinguisher and first aid kit.

Two men were injured in an oil well explosion which happened on Cooper-Koy No. 3. They were burned when gas was ignited.

Members of First Baptist Church okayed a \$5,000 church improvement program.

**NEW SIGHT AT FOOTBALL FEILD--**This sign will now greet visitors and Hometown fans alike as they watch athletic events at Eagle field. The sign was purchased through donations from the class of 1981, the Girls Athletic Association, Booster Club, E Club, and the "Goin Band form Eagle Land."

## September Rate 100 Percent

The Railroad Commission has set the Texas oil production rate for September 1981 at the market demand factor of 100 percent for the 55th month in a row and the 11th time since the Commission first went to the ceiling level in April 1972.

Chairman Jim Nugent and Commissioner Buddy Temple directed the continuation of the maximum statewide allowable after receiving and reviewing purchaser nominations for Texas oil in September totaling 2,516,299 barrels per day, a decrease of 8,381 barrels daily when compared with August 1981 buyer requests. September 1980 nominations totaled 2,607,933 daily.

Next month's permissible rate of output is calculated to average 3,098,501 b/d with actual production estimated at 2.46 million b/d. The maximum allowable applies to all but 10 fields in Texas that are

assigned lower legal rates of flow for conservation purposes. Actual production in September 1981 is September 1980 was 2,503,308 barrels daily.

Nugent reported that September 1981 nominations for the purchase of Texas gas totaled 24,610,335 Mcf/d (thousand cubic feet per day). Gas nominations for August amounted to 25,028,151 Mcf/d. September 1980 gas nominations totaled 24,414,998 Mcf/d.

The next statewide oil and gas hearing will be held Thursday, Sept. 17, at

9 a.m. in Dallas at the Quality Inn, Market Center.

Major purchasers filed these floor nominations for Texas oil in September: Amoco Production, 217,500 barrels daily, down 2,500 from the previous month; Cities Service, 80,000, unchanged; Conoco, 56,000, unchanged; Exxon, 304,300

down 900; Gulf, 112,000, down 1,000; Marathon, 67,460, unchanged; Mobil, 202,100, down 700; Phillips Petroleum, 76,000, up 2,000; Shell Oil, 192,500, down 7,000; Texaco, 98,000 unchanged.

Significant changes in September nominations were submitted in writing by these purchasers of Texas crude oil:

Basin Inc., 36,776, up 3,798; Charter Crude Oil, 17,064, up 5,343; Compton Corp., 4010, down 1,175; International Crude Corp., 1,654, up 1,654; Koch Oil, 50,428, up 2,243; Lantern Petroleum, 5,711, down 2,425; Matador Pipelines, 88,040, up 11,613; P & O Falco, 10,759, down 5,483; Santa Fe Energy Products, 3,887, up 1,714; Scurlock Oil, 89,000, down 2,000; Vickers Petroleum, 4,184, down 1,316; and Western Crude Oil, 29,901, down 13,604.

## EHS Students Capture Honors at Workshop

Several Eldorado students were recipients of honors for their participation in the Angelo State University-Newsfoto Yearbook Workshop.

Photography awards went to Matthew Nixon in the mood and group categories while Stephanie Thomas captured sports and intelligent divisions.

EHS students also received honors in the layout categories of subject matter and preparation of materials. The week-long workshop

concluded Aug. 14 and was attended by 270 students from Texas, Nevada, Arizona and Colorado. More than a dozen yearbook specialists instructed the students through lectures, media presentations and workshop sessions.

## Pillars of His Temple

In whom ye also are together for an habitation of God through the Spirit.

Ephesians ii.22

None the place ordained refuseth  
They are one, and they are all,  
Living stones, the Builder chooseth  
For the course of His wall.

Jean Ingelow

SLOWLY, through all the universe, that temple of God is being built. Whenever, in any world, a soul, by free-willed obedience, catches the fire of God's likeness, it is set into the growing walls, a living stone. When, in your hard fight, in your tiresome drudgery, or in your terrible temptation, you catch the purpose of our being, and give Himself to you, your life, a living stone, is taken up and set into that growing wall. Whenever souls are being tried and ripened, in whatever commonplace and homely ways;—there God is hewing out the pillars for His temple. Oh, if the stone can only have some vision of the temple of which it is to be part forever, what patience must fill it as it feels the blows of the hammer, and knows wrought into what shape the Master wills.

Phillips Brooks.

# Nugent Named To Transportation Hearing Boards

Texas Railroad Commission Chairman Jim Nugent has been named as a member of several joint boards which conduct transportation hearings on behalf of Texas and the Interstate Commerce Commission.

The order was issued by Ice Chairman Reese H. Taylor Jr. on behalf of the Commission. Railroad Commissioner Mack Wallace and members of the RRC's Transportation legal staff were named as substitute members of the boards.

The boards conduct joint hearings on applications for truck and bus permits where permits are sought in two or more states. The board then makes recommendations to the ICC on the federal permits, while state members develop recommendations on the intrastate permits.

The sharing of hearings time and records eliminates the need for duplicative hearings at the federal level and in each of the states involved.

tee, the Executive Committee of the American Association of State Highway and Transportation Officials, the Energy Resources Committee on Motor and Air Carriers of the National Association of Regulatory Commissioners.

The Railroad Commission is currently represented on some 20 joint boards. In addition to the joint boards, Nugent serves on the U.S. Department of Transportation Technical Hazardous-Liquid Pipeline Safety Standards Commit-

## All Savers Tax Certificates Offered By H.O.T.

Middle income families and small-balance savers will be among the chief beneficiaries of new All Savers tax free certificates, Louise Burk, Eldorado Branch Manager for Heart O' Texas Savings Association, said today.

The one-year certificates, which pay savers as much as \$2,000 in tax free interest, will be available starting Thursday, October 1 at Heart O' Texas Savings Association.

The \$2,000 in tax free income is available to savers filing joint tax returns. Single taxpayers may exclude up to \$1,000 of interest from an All Savers Certificate.

Ms. Burk said the new savers' tax break would be especially appealing to households in federal income tax brackets over 28 percent.

Assuming a certificate rate of 12 percent, she said, savers with joint taxable income between \$24,600 and \$29,900 would have to earn a yield of 17.65 percent on competing taxable instruments to match the 12 percent available in the All Savers plan.

"Those yields are available," Ms. Burk said, "but generally not with the low minimums and deposit insurance available at Heart O' Texas Savings Association."

Ms. Burk said an All Savers Certificate can be opened with only \$500 (an amount smaller than the minimum required by many money market mutual funds, for example). That means that savers who have only a small amount to deposit can obtain a good return and get a tax break at the same time.

He also emphasized that deposits are insured up to the \$100,000 limit established by the Federal Savings and Loan Insurance Cooperation.

Actual rates on new All Savers certificates will vary each month, depending on yields on comparable Treasury issues. Tax cut legislation passed in the summer by Congress authorized financial institutions to pay savers a tax-free return equal to 70 percent of comparable Treasury auction yields. Auctions are held once every four weeks. No such tax exempt savings account had ever before been permitted.

Once depositors open an All Savers certificate, the rate is guaranteed for the 12-month certificate period, she said.

Ms. Burk said the All Savers plan was created to give middle income Americans "a tax break that will encourage them to save."

The United States has had one of the lowest personal savings rates of any industrialized nation--in part, Ms. Burk said, because of a tax structure which has discouraged saving.

The All Savers certificate "should help correct that problem," she added.

Heart of Texas Savings is the third largest savings and loan association in Texas and has assets of over \$60 million.

## Services Held For Maxie Baumann

Services were held Saturday in Kerrville for the father of an Eldorado woman, Maxie E. Baumann, father of Mrs. Bob Lester. Mr. Baumann died Wednesday night in Sid Peterson Memorial Hospital. Rosary was held in Grimes Plummer Funeral Chapel Mass was held in Notre Dame Catholic Church with the Rev. Roger Robbins officiating. Burial was in Harper.

Mr. Baumann was born June 14, 1922 in Harper and married Edna Pauline Behrens May 24, 1945 in Harper. She died Nov. 12,

1979. A resident of Kerrville VFW 35 years, he was a member of Notre Dame Catholic Church, Kerrville VFW Post No. 1480, Woodman of the World and American Federation of Government Employees. He served in the Navy during World War II. He is survived by two sons, Mike and Rodney Baumann, both of Kerrville; two daughters, Mrs. Lester and Susan Baumann of Midland; a brother, A.J. Baumann of Post; a sister, Marhta Rose Baumann of Harper and two grandchildren.

## Final Hearing On City Budget Set Tuesday

A final hearing on the proposed \$500,000 city budget for the upcoming year will be held at 7:30p.m. Tuesday in City Hall.

Estimated revenues will be as follows: Trash fund, \$57,000; ad valorem taxes, \$53,800; gross receipts \$15,000; licenses and permits, \$1,500; city sales tax, \$80,000; interest, 7,000; others, \$1,000; utilities, \$300,250 and revenue sharing \$11,000.

Estimated disbursements are as follows: Trash fund, \$56,230; General, \$154,230; Utility, \$299,800; Public health, \$11,000.

The city is estimating it will pay \$7,000 for utilities, \$2,000 for animal control, \$33,750 for street work, \$2,500 for fire department expenses, \$35,000 for construction, and \$3,500 for tax appraisal district expense.

A more detailed budget is available for public inspection between 8a.m. and 5p.m. Monday through Friday at City Hall.

## From the County Agent

by Jerry Swift, county agent

Start now for Spring Beauty The vegetable drawer of the home refrigerator generally provides the necessary cold treatment and prevents excessive drying of bulbs. Avoid placing bulbs in frost-free refrigerators except for the vegetable drawer. The extra cold overall quality of flowers produced, as well as the length of stem bearing the color, urging the home gardeners to but their supply is exhausted. This is good advice as long as you have the stick-to-it-iveness to follow through.

Too often, Texas gardeners make large investments of time, labor and money in bulbs, and end up with little or nothing to show for their efforts in the spring. The bulbs have to be treated and planted right if you expect a full-color return on your investment.

Tulips and hyacinths are the bulbs many people consider when they start thinking about planting bulbs. But here in Texas, these bulbs naturalize very well to the Texas climate and soil conditions. But as tulips and hyacinths should be purchased as soon as available and placed in cold storage for at least 45 to 60 days prior to planting at a temperature to 35 to 45 degrees Fahrenheit.

Daffodils are, by far, the best spring-flowering bulbs in Texas. They require no special cooling treatment, and repeat flowering for years after planting. These bulbs naturalize very well to the Texas climate and soil conditions. But as neglected for something which is much harder to grow.

Another good bulb is spring-flowering crocus. They often greet spring while there is still snow on the ground in northern areas, but will also do fine in the south.

Now remember -- whenever and whatever you decide to plant -- all spring-flowering bulbs perform better when planted in the full sun in a well drained soil. ALLIUMS FOR EARLY SUMMER - Alliums or flowering onions are showy ornamentals that provide an unusual display of flowers for your early summer garden in June. They're nice to bridge the gap between spring and main-season summer bloom.

There are several small varieties of alliums very attractive to grow in rock gardens or the foreground of your flower borders. These include Red Allium with large heads of purplish pink flowers on six-inch plants; White Allium with dainty white flower heads three inches across on plants eight to 12 inches high; and Yellow Allium with compact heads of bright yellow flowers on ten inch plants.

For a dramatic background accent for your garden, however, be sure to plant some bulbs of the Giant Allium. This variety lives up to its name, grows four to five feet tall and bears giant ball-shaped purple flower heads about six inches across.

### PUBLIC NOTICE MARKS AND BRANDS RE-RECORDING IN ALL COUNTIES

Section 1. (a) This Act shall apply to every county in this State. In all counties each owner of any livestock mentioned in Chapter 1 of Title 121 of the Revised Civil Statutes of 1925 shall within six months after this Act takes effect have his mark and brand for such stock recorded in the office of the County Clerk of the County. These owners shall record the marks and brands whether the brands and marks have previously been recorded or not.

(c) After the expiration of six months from the taking effect of this Act all records of marks and brands now in existence in the County shall no longer have any force or effect and after the expiration of six months only the records made after this Act takes effect shall be examined or considered in recording marks and brands in the County.

Section 3. All brands and marks registered under the provisions of this Act shall be re-registered every 10 years in the manner prescribed in Section 1 of this Act.

This act was effective August 30, 1971.

IN ACCORDANCE WITH ATTORNEY GENERAL OPINION #MW-289, which states: "Article 6899j, V.T.C.S., requires that all marks and brands registered prior to AUGUST 30, 1981, must be re-registered within six months of that date, and that the re-registration process must be repeated at subsequent ten-year intervals for then-current owners."

THE SCHLEICHER COUNTY CLERK'S OFFICE will commence re-register-

ing brands on Monday, AUGUST 31, 1981, and all brands presently on record will be held for the record owner to re-register through February 28, 1982, at which time the un-registered brands on record will become open to the general public for registering.

Witness My Hand and Seal of Office this 1st day of August, 1981.

Helen Beebe  
County Clerk,  
Schleicher County  
Texas

### Notice of Calculation of Effective Tax Rate

I, Ray L. Ballew, Chief Appraiser for the Schleicher County Appraisal District, in accordance with the provisions of Article 7244c, Sec. 1, V.T.C.S., have calculated the tax rate which may not be exceeded by more than three percent by the governing body of the Schleicher County Independent School District without holding a public hearing as required by Article 7244c, Sec. 1, V.T.C.S. That rate is as follows: \$0.55 per \$100 of value.

Ray L. Ballew
