

Tom Roach looks on as his home is engulfed in fire, flame and smoke Friday.

## Dr. Joe Rodriguez joins S.C.M.C. staff

Dr. Joe Rodriguez is now in his office at the Schleicher County Medical Center. Dr. Rodriguez, a General Practitioner, affiliated with Physicians Relief Group, will be practicing medicine at the Medical Center on a temporary basis through an agreement with the Medical Center Board of Trustees, for 90 days. At the end of the 90 days contract, if all parties are agreeable, Dr. Rodriguez would then set up permanent practice here in Eldorado.

Eldorado's new physician is originally from El Paso. He received his college degree from the University of Texas at El Paso and continued his medical studies at Michigan State University where he received his Medical degree. He served at R.E. Thomason Hospital, affiliated with Texas Tech School of Medicine for one year of training in 1982. He set up private practice in Lamesa, Texas, later giving that up to join Physicians Relief Group, a company providing physicians to communities in need of a physician.

Dr. Rodriguez will be at the Medical Center 9-5 Monday through Friday and, on a trial basis 9-12 on Saturdays. Dr. Rodriguez is not in the

office on Tuesday afternoons.

Dr. Rodriguez and his wife Alicia have two children, Veronica 5½ years and Joe Jr. 4 months.

Dr. Rodriguez

## Area college courses still in works

From The Devil's River News  
by Carol Jones

Texas Tech University in Lubbock is still interested in establishing off campus courses in the Sonora area according to a telephone conversation Monday with Dr. Michael Mezack, director of continuing education at Tech.

He added that the determination of establishing courses in Sonora depended on the survey printed in the local newspapers as well as the availability of staff.

Dr. Mezack stated that he has a meeting set for November 2 with all of his contact persons at Tech and the subject of off campus courses in this area is on the agenda.

W.A. McAndrew, superintendent of Sonora schools, said Monday that facilities would certainly be made available at the Sonora school buildings for any continuing education program both now and in the future.

Senator Bill Sims has corresponded with Dr. Mezack and stated in his letter, "Several people from Sonora have been in contact with me concerning the possibility of off campus courses to be taught in Sonora. I am sure that you recognize Sonora is one of those typical West Texas towns that is not close to anywhere, and if a person wishes to continue his education he will either have to commute 70 miles to San Angelo or move."

He added, "I think it would be very beneficial to the people of that area if Texas Tech could see fit to develop a continuing education course for Sonora. I think it would also benefit the people of Ozona, Eldorado, Menard and possibly Junction.

## Medical Board meets

The Schleicher County Medical Center Board of Trustees met in regular session Monday night Oct. 17th.

Dr. Joe Rodriguez met with the Board, primarily to meet with those board members he had not met previously.

In other business the board extended Dr. Shih's contract for another six months to begin Nov. 1st.

The monthly bills were approved for payment and with no further business the board adjourned at 9 pm.

Members present were: Curtis Andrews, Pam White, Penny Bland and Mike Moor. Absent members included: Pete Peters, Sam Henderson, Jr. and Dr. William Edmiston.

# Tom Loeffler visits with constituents

Congressman Tom Loeffler was greeted by approximately 20 people Saturday morning at the Schleicher County District Courtroom. The US Representative was in Eldorado for a town meeting and update of issues that his constituents may have concern for.

Following Loeffler's opening statements he addressed our present national economy by saying that, "We are in a recovery, a strong recovery, to be able to hold on when in fact Congress can not do the right thing." He cited the liberal faction of both federal legislative bodies for keeping the recovery at a standstill and stated that only token cuts and deficit spending had been made. He went on to reassure the group that he felt certain that the present administration would veto all legislation asking for higher taxes and more federal spending. He pointed out the areas of recovery that the present administration and the conservative faction of the House and the Senate had made such as an interest rate of 21½ percent in 1981 to an interest rate of

11 percent now. The use of production machinery which was at its low 65 percent has gained 10

percent since the present administration tackled the economic recession. Congressman Loeffler told the

listeners that unless the conservative element on the Hill could gain more strength in the 84 election America might possibly see the end of the New Beginnings President Reagan's battle cry.

The Congressman next informed the group of the status of the immigration bill, he spoke of his lack of support for the piece of legislation and how he hoped that it would not reappear on the floor for the next two sessions of the Congress. He cited areas in which he felt the immigration problem could better be addressed than the legislation at hand. He stated that an increase in the border patrol manpower would be of more benefit than laws against employment of migrant workers.

The Congressman next addressed himself to the present drought and his attempts to provide West Texas ranchers with some equitable form of federal assistance. He stated that the Farmers Home Emergency Loan program was one which the typical rancher in West Texas could not qualify for one cent, it did absolutely nothing to assist the rancher. He then addressed himself to the possibility of upcoming legislation through the House's Agriculture Committee that had a chance of procuring damaged grain currently being stored in the Panhandle for use in assisting West Texas drought stricken ranchers.

Following Loeffler's briefing, he opened the town meeting to questions from the audience. Ronnie Mittel of Eldorado's ASC office as well as John Nikolau quizzed Loeffler further on possible drought aid. Other questions coming from the group on hand were concerned with the legislation of prayer in school and possible restriction of the sale of alcohol beverages.

In closing the town meeting, Congressman Loeffler congratulated the citizens of Schleicher County on being selected as the site for Pave Paws Southwest.

Tom Loeffler

## Citizens asked to watch drug documentary

In an effort to inform Eldorado citizens of the ever increasing drug and alcohol problem among the youth, a town meeting in conjunction with "Texas War on Drugs" will be held November 2 and 9 in the High School Administration Bldg. at 7 pm. The program will be viewed, by those in attendance, on Channel 13-PBS.

The "Chemical People" program will examine the national tragedy of school age drug and alcohol abuse. This "Get Tough" attitude among

communities all over the country is bringing together concerned citizens to fight a common problem.

Concerned citizens are urged to attend these important meetings and to stay after the programs to have a panel discussion. High School Principal Richard McCarron, coordinator states that Counselor Ken Newman would be on hand to answer questions and, although unconfirmed at presstime, a pharmacist and science teacher will be on hand to answer questions from the audience.

By Evelyn Stigler

## On the go!

By Evelyn Stigler

On August 31, Mrs. Mary Robinson, her daughter, Gail, who lives in Temple, and Mrs. George Stokes of Waco flew to London, via New York. The trip was not only for pleasure but for scouting hotels and routes for a tour planned by a group for next June.

One unusual and pleasant feature of the trip was staying mostly in private homes called "Bed and Breakfast" houses. There were given a room (without private bath), a huge or "full" breakfast, and a chance to visit with an average family and get to know something of their way of life.

After four days of sightseeing in London, they rented a car and drove themselves on the left side of the road for the remainder of the trip.

In the London area they saw Henry VIII's Hampton Court Palace which has magnificent gardens and Windsor Castle. Then they drove through the Cotswolds, a section of England with names such as Stow-on-the-Wold, Chipping Campden, and Burton-on-the-Wates. In Stratford-Upon-Avon they visited Shakespeare's birthplace and the church where he is buried.

Driving north to Yorkshire they enjoyed seeing the home of the Brontës in Haworth, the dales and moors, and the medieval town of Richmond.

They then traveled west to the Lake District and understood its well deserved reputation as one of the beauty spots of England. From there they drove a short distance through Scotland and ferried to Northern Ireland. The only evidence they saw of the country's problems was one soldier armed with a machine gun, and they had no sense of uneasiness.

One highlight of the trip was a visit in Sion Mills with Shelia Johnston's mother, Mrs. Craig. From there they crossed into the Irish Republic where they attended church services in Letterkenny. This was the church where Clive John-

ston had pastored seven years before coming to Eldorado. Also in County Donegal, they made the coast drive through the mountains and moors and peat bogs and lovely heather.

As they drove south their route took them to Galway Bay, Bunrathly Castle and Folk Park near Limerick, and Killarney where they had a Jaunting care (horse drawn) ride in the beautiful green lake country. The next stop was Waterford and a most interesting tour of the Waterford Glass Factor.

Turning north toward Dublin, the Republic's capital city, they drove through the lovely Wicklow Mountains. Gail had to return home but Mary and Kathy continued the trip.

Crossing by ferry to Wales they were impressed by the Castle in Caenorlon in which Prince Charles was invested as Prince of Wales.

Returning to England, the last part of the trip was high lighted by visits to the city of Bath with its ancient Roman Baths, Stonehenge, the mysterious configuration of huge stones, Salisbury and Canterbury, their magnificent cathedrals, and Dover, with its castle and its white chalk cliffs.

A fitting climax was a tour of the delightfully warm and impressive Chartwell, for forty years the home of Sir Winston Churchill.

There were many highlights, but the things which leave a lasting impression are the antiquity, the natural beauty and the people. The trip lasted almost one month.

Mrs. Mary Robinson had a guest over the week end, a former classmate from Baylor, Mrs. Neal McLesky who now teaches in Abilene Christian University.

A Stork Shower, honoring Mrs. Norman Smith (Kathy Orr) was given in the home of Mrs. Evelyn Stigler Thursday night. The gifts were placed in a cradle which was made by the honoree's father, Charles Orr. They overflowed onto the floor under the cradle. Games were directed by Mrs. Chuck Jones. Prizes for the winners were given to the honoree.

Hostesses for the shower were Mrs. Ethel Doran, Mrs. Bob Doran, Mrs. Jim Holley, Mrs. Church Jones, Mrs. Eva Williams and Mrs. Stigler.

Pauline and Bobby Tidwell of Paris, Tennessee and their double cousin, Virgil Adams and her husband, Pierson, from Bovina, Texas visited Florence and Jack Hinton last week.

Mr. & Mrs. Rick Turner & Ashley from Arlington were here over the week end visiting the Jack Turners and Otis Beals.

Mr. and Mrs. James Davis of Ozark, Arkansas were here several days visiting friends. Mrs. Davis is the former Lena Hall who lived here many years before moving to Ozark. Before coming to Eldorado Mr. & Mrs. Davis went to Dallas to see their sons Ronnie and Allan who are working in Dallas now. Allan works for Littrell & Associates, a business brokerage firm and Ronnie is working for Carsel Enterprises as a salesman. They also visited another son, Leslie, who is in Southwestern seminary in Fort Worth.

Mr. and Mrs. Rocky Milby and their new daughter, Mitzi Jonell, were here over the week end visiting her parents, the B.F. Blaylocks and other relatives. Mrs. Milby (Eva Jo) is spending the week.

Mrs. Ruth Harper has had her nephew, Jeff Morehouse, from Vienna, Va. in her home for several days. He came to Eldorado to help his aunt with some jobs that needed to be done and to go hunting, which he enjoyed.

## Crime Prevention attracts crowd

On Tuesday evening Oct. 11th there was a county-wide meeting at the Memorial Building on Crime Prevention. This meeting was sponsored by The Woman's Club and the large crowd in attendance was indicative of the community's awareness of the rapid rise in crimes in smaller towns as well as larger ones.

Program leader, Mrs. Ruth Harper, introduced one of the guest speakers, County Sheriff, Orval Edmiston, who spoke of his efforts and those of his three deputies in trying to curb crime and keep a watchful eye on the community. He said it is through total community involvement that an effective crime prevention program can be carried out. People awareness, their willingness to report suspicious activity and their co-operation with law enforcement officers are the best deterrent to crime. He suggested that every-one record the serial numbers of their guns, televisions and any other household items that have a serial number. Let the Sheriff's office keep them for you or put them in a bank box.

Mr. Edmiston introduced Don Wilson, who is head of the Crime Stoppers Division of the San Angelo Police Department. He was the principal speaker. He said the Crime Stoppers program was formed in 1981 by the San Angelo Chamber of Commerce and that it is a non-profit organization, funded solely by donations. It is proving quite successful in preventing crimes and in apprehending criminals. In lieu of a formal Crime Stoppers Program in a town the size of Eldorado, he said the Neighborhood Block might be adequate.

the keynote speaker at the Women's Club Crime Prevention Program.

He stressed that the Crime Stoppers Program in San Angelo serves a wide area, including Eldorado, and they are on duty twenty four hours a day. He urged anyone with the information would be relayed to the proper authorities.

Mr. Edmiston introduced our newest deputy, Ronnie Norris, who has recently moved here from San Angelo. He worked with Crime Stoppers in San Angelo for several years. He spoke briefly on his interest in the work and urged people to call when they needed help, that no task was unimportant, and

## Women Club Meeting in Robert Lee

Three members of The Women's Club attended the Fall Board Meeting of the Heart of Texas District in Robert Lee Saturday Oct. 15. It was held in the Robert Lee High School. The clubs from all over the district were well represented.

An interesting feature was a silent auction where many different items were on display with a suggested bid. Others who wanted to bid on a particular item would write down their name and their bid. The highest bidder would receive the item. The money received from the auction is to be applied on the cost of repairing the roof of the State Federation Building in Austin.

Reports from all clubs present were given and some of their projects for the year were also given.

After the luncheon which was in the school cafeteria, the women adjourned to the auditorium where a very outstanding speaker, Dr. James M. Bowen, M.D. Vice President for Academic Affairs University of

urged that they be called when something looked suspicious.

T.P. Robinson, our County attorney who handles the legal aspects of cases when they are brought to court was introduced. He spoke briefly on his duties and stated that he handles mor DWI cases than any other.

Another deputy, Rueben Flores, was introduced. Alvin Estep, the third deputy, was on duty that night.

There were fourteen Club members present and approximately seventy guests.

Texas Systems Cancer Center and M.D. Anderson Hospital and Tumor Institute spoke to the group. He used slides to illustrate some of the work being done, especially the new buildings that are being built to help accommodate the many who are there and many more who need help. He stated that he is delighted at the support of the Federation for cancer research. Much progress has been made but there is need for much more progress.

## Ricky Cathey prepares to punt to the Big Lake Owls Robledo-Ussery keeping Eagles district hopes alive

by Mack Redish

With a minute and thirty-eight seconds left in the ball game, Eagles facing a 7-0 score for the Owls of Big Lake, Phillips hit Robledo for a 33 yard touchdown, and Ussery swept around the right side for the extra points, to make the score 8-7 Eagles.

The Eagles came from behind late in the fourth quarter to keep their district hopes alive. Visiting with Coach Mitchell of the Eagles, this is how he felt about the Owls, "Big Lake has a real good offensive ball club, but they haven't won many

ball games. They have two big running backs that are under classmen, they do a good job. Their record doesn't show how good they really are, I think they are real good." It was important that the Eagles win this ball game to stay in the race,

after losing their first. Coach Mitchel's feeling on that was, "After losing the first game, that put us in a position that we have to win our next ball game to get out of district."

The Eagles came away with a 8-7 win, now their record stands at 4-3 and 1-1 district.

Eldorado was picked in the standings to come in second behind Wall and McCamey is third. Wall and McCamey are undefeated at this point and the Eagles will be taking on Wall this Friday the 21st and next week they will travel to McCamey.

So the Eagles have two tough games coming up back to back.

The Owls score late in the first quarter, as the Owls' back ran up the middle for a 25 yard touchdown, the point try after was good, 7-0 Owls.

Eldorado looked like they would score when Phillips dropped back and hit Luke Brame for a 86 yard pass as Brame ran down to the Owls five yard line, on the next play Ussery fumbled, Owls ball.

The Owls took a 7-0 lead into the locker-room at the half. Talking to some of the players before the game on the importance of the game they replied; John Church, "If we don't win this right here we can forget about district." John R. Griffin, "It's very important to stay in the district race to win this one." David Corbell, "It's very important that we win this one, if we lose any more we can't even tie for second." Chris Woodward, "It's very important that we win this one, we are aiming

for the play-offs. Douglas Ussery, "It's very important if we win this one we can still get a play-off spot."

All these players and the Eagle ball club put in a fine performance, and showed how much they wanted to win, not one player ever gave up, they all seemed to give 100 percent.

The officials did all they could do to help the Owls out in this game. One play that happened midway in the fourth quarter is when the Owls quarterback tried to go over the top and was popped by the Eagle defense and fumbled the ball, Bill Clark fell on the ball, but the officials said the back was down, Coach Mitchell wasn't to happy with the call but the Owls got the ball, they punted away on the next play.

Once again the officials tried to help the Owls, they could not believe the Eagle

defense was that tough, with seconds left in the game. The Owls had the ball facing a 4th down and 3 for a first, and they were stopped short, normally the Eagles would take over, but the officials gave the Owls an extra down, on a 5th and 2 for a first, John Church came up and stuck the back short of the first down again, want to try a six and two.

No, Coach Mitchell was tired of being generous so the Eagles took control, and Phillips took the snap and went down as the clock ran out. Ussery was the big ground gainer for the Eagles as he rushed for 63 yards on 14 carries, Phillips had 34 yards on 6 rushes. The Eagles will be at home this week, the 21st of October as they play host to the Hawks from Wall on the Eagle field, kick-off time is set for 7:30.

## JV plucks baby Owls

By Mack Redish

The Eagles' JV team were home this past week, the 13th of October to host the Owls from Big Lake.

The JV team came away with a 31-13 win. This was the second meeting of the two teams, in the first outing, the Eagles won 24-0 when they played Big Lake in their first encounter of the season.

Eldorado JV is now holding on to a 5-1 record. The junior high teams of Eldorado ran into bad luck

for the second week in a row, as the Big Lake junior high teams had their way.

For the first time of the '83 season the JV team defense proved that they were human as they were scored on by Big Lake, early in the first quarter the Owls running back broke over the right side, and ran for a 37 yard touchdown. The Owls went for the extra point and it was missed,

cont. on page 5

### Harris Rating

The Harris Rating System has Eldorado ranked in 79th position this week after their narrow victory over Big Lake last week. The Eagles are 11 point underdogs this week as they meet 20th ranked Wall here in Eldorado.

Some other area predictions for Friday night are:

- Menard over Mason by 7 points.
- Junction to take Bangs by 15 points.
- McCamey over Miles by 35 points.
- Stanton to win over Reagan County by 1 point.
- Sonora to beat Coahoma by 11 points.
- Crane to take Ozona by 19 points.
- Ballinger to beat Colorado City by 6 points.

Area rankings for this week are: Sonora 64th, Ozona 96th, McCamey 32nd, Menard 33rd, Reagan County 81st, Mason 102nd, Stanton 109th and Junction 114th.

# JV - Owls

Cont'd from page 4

that left the score 6-0 Owls.

Before the game Coach Barton stopped by for a few words, on the different preparation going into a game after you played a team once and beat them 24-0, how do you prepare for them again, he responded, "Its always harder to prepare for a second ball game, because you have the problem of the kids getting a little over confident, I think we have approached it like we did not beat them as badly as the score indicated, we had some problems early in the game and near the end we broke it open, so the kids know that they have to play well, and I think we will whip them."

The Eagles could have been a little over confident when entering the game as the Owls were able to strike first late in the first quarter.

As the second quarter was getting close to an end, Martin Espinosa put the Eagles on the score board when he escaped over the right side of the line and ran 40 yards for the score. Martin had 68 yards on 8 carries. Harlin kicked for the extra point and it was good, the score at the half 7-6 Eagles.

Owls had the ball in the opening second half and Dahlberg filled a gap, and came away with a fumble recovery. Eagles took over, James Harlin broke up the middle and scooted for a 54 yard touchdown, Harlin had 73 yards on 6 carries, the extra point was blocked.

Both teams ate some of the clock away, but with :46 seconds left in the quarter Troy Daniels went over the left side and scored from 5 yards out, the point after was no good, that put the score at 19-6 Eagles. Daniels rushed for 44 yards on 5 carries he had a long 40 yard run but it was called back.

The Eagle defense played well after they were scored on in the first quarter. The Eagle defense have nicknamed themselves the "Hogs", why the "Hogs", Matthew Dahlberg said, "We get it from the Washington Redskins." Brian Gillaspay said, "because we held teams scoreless and we are tough." Erik Cheatham said, "We're number one, we block for the backs and we kill the quarterbacks." Micheal Keith said, "because we have a good

offensive line." Steve Bowery said, "because we just ground people out, and we are strong." Micky Romero felt, "because we are rough and tough."

The Eagles do have alot of pride in their line. Early in the 4th quarter the Eagles had the ball down to the two yard line and Steve Saldivar bulled his way across the line for the score, that left the score 25-6 Eagles. Saldivar ran for 58 yards on 8 carries. Late in the fourth quarter the Eagles' second

team gave up a touch down, as the Owls scored from a yard out on a sweep. The score was 25-13 at that point. The Owls tried a on-side kick and Daniels picked up the ball and raced 54 yards to the Owls two yard line.

From there, Martin Espinosa took the ball up the middle on a quarter-back keeper, for the score, that left the score at 31-13 which was the final. The Eagles will travel this week to Wall to take them on, October the 20th. Kick off time is set for 8:00.

Ron Sutto addresses the audience at the recent Blue & Gold Boy Scout Banquet.

## Duplicate Bridge results

Duplicate Bridge

Winners for month of Sept.

1st

Mary Christian and Melissa O'Harrow - 1st, Lottie Puckett and Fred Adkins, Sonora - 2nd, Ina Lambert and Clay Porter - 3rd.

## Ragsdale-Raynes announce engagement

Mr. and Mrs. J. Patrick Ragsdale announce the engagement of their daughter, Lois Annette, to Stephen K. Raynes of Palmyra, Pennsylvania. Miss Ragsdale is a 1980 graduate of Eldorado High School and holds the rank of Airman First Class in the U.S.A.F. She is stationed at Malcolm Grow Medical Center, Bowling A.F.B. Washington, D.C. where she is a dental assistant and oral hygienist.

Mr. Donald Raynes and Mrs. Roberta Adams of Palmyra, Penn., is a Sergeant in the U.S.A.F. and is assigned as a computer programmer at the Data Service Center, Pantagon, Washington, D.C. He is a 1979 graduate of Palmyra Area High School and has earned an Associate's Degree in Data Processing. The couple are to be united in marriage on Nov. 19, 1983 at the First Baptist Church of Eldorado.

Mr. Raynes, the son of

**Reports from Washington**

**My Continuing Quest For Drought Relief**

"Drought" represents a period of my life that left deep, lasting scars which remain to this day. Growing up on a Hill Country ranch in the Fifties, I know first-hand what it means to watch animals you have cared for grow thin or die because there is not enough food and water available. I know the sense of loss and despair at being forced to sell your livestock at bargain-basement prices. I know the eagerness with which you look at the cloud moving in from the North and the despair you feel when that cloud arrives — and there is nothing but dust.

I also know and fully understand as well the intense pride and determined self-sufficiency of the rancher. Ranchers do not want handouts; we have never asked for handouts. Ranchers function best with less — not more — federal intrusion.

When Mother Nature's vicious fangs strike out, however, and a drought hits — as both a rancher and a legislator — I do believe that the government has a responsibility to mitigate the very severe and devastating impact thrust upon ranchers through no fault of their own.

Therefore, my dialogue with the U.S. Department of Agriculture since early August regarding programs already authorized by law has been an increasingly frustrating period for me. Only by virtually resorting to the use of a 2 X 4, have we finally knocked some sense into high-level officials at USDA, who now realize there is indeed a deep and penetrating drought in West Texas.

The USDA began to move only after I teamed with my colleague Bill Alexander of Arkansas to offer what became known as the Chief Deputy Whip Amendment to the Continuing Appropriations Resolution — "must" legislation which had to be passed by October 1 to keep the government running. As Chief Deputy Whips of our respective parties and members of the Appropriations Committee, we directed the Department of Agriculture to implement feed programs already on the statute books. We were joined by Senators Tower and Bentsen who introduced similar legislation in the Senate, clearly signaling strong bipartisan concern in Congress.

The Loeffler-Alexander Amendment did not make it to the House Floor, because the Speaker of the House wanted a Continuing Resolution with no amendments and twisted enough arms to get his way. We did get action, however, as the Secretary of Agriculture summoned me to his office and our drought dialogue began anew.

Following a morning of intense negotiations, the Secretary and I then traveled to the White House to confer with the President, who then announced some necessary changes in the Emergency Loan Program to try to make it work for ranchers.

One may now ask the question: Will the new programs work? The Secretary has assured me that he will soon dispatch officials to West Texas to explain how the program will work for ranchers and to help applicants with any problems they may have. I take the Secretary at his word, but I need not tell you that I have some serious doubts. The Department of Agriculture has been put on notice, however, that I am ready to act quickly if it becomes apparent that my faith has been misplaced.

In the meantime, I will continue to pursue all avenues of additional assistance. For example, I have cosponsored, with House Agriculture Committee Chairman Kika de la Garza of Texas, legislation directing that the damaged grain now stored in the Panhandle be released. I continue to believe that the release of damaged grain, a proposal I initiated in early August, is the most satisfactory means of providing relief. Indeed, I will continue to move on all fronts until we get relief to mitigate the devastation of the drought.

**Doyles' visit Coahoma**

Mr. & Mrs. Jimmy Doyle & Bessie Doyle, Mr. & Mrs. B.J. Etheridge of Dallas Tx, Jackie Susan Etheredge of Lubbock, Texas spent the week end in Coahoma, Texas with Mr. & Mrs. Jerry Doyle and Joanna and Will Brannon.

**Special deer tags to be issued**

Texas Parks and Wildlife Department will issue special antlerless deer tags for Schleicher County on Oct 27, 1983 from 8:00 - 12:00 and 1:00 - 5:00 in the Schleicher County Courthouse.

The special tags are required for any antlerless deer harvested in this county during the upcoming hunting season.

To qualify for tags, a landowner must own or control acreage in Schleicher County.

After the opening of the hunting season, tags will only be available through Regional offices located in Rockport, San Angelo, Tyler, Waco and the State Office in Austin. Tags will not be issued by local department personnel.

Landowners or their agents are urged to pick up tags on the scheduled issuance dates.

Mrs. Alton McGinnes helps prepare a supper honoring Mrs. Maxine Locklin last week at Eastern Star.

**Extension Club meets**

The Good Neighbor Extension Club met in the home of Margarite Gillaspay. The roll call was answered with the thing we are aiming to do around the

house this week. We planned the Commissioner's Dinner for Oct. 25 at 12:00, at the Memorial Building. The announcement of a Planning Meeting for the State Meeting will be on Tuesday the 12th.

The Halloween Party will be the 27th of Oct. New members are Hettie Bryan and Mrs. Mary Gausemier.

Those attending were: Flora Riley, Bobby Killebrew, Ruth Baker, Ola Ruth Barbee, Mary Gausemier, Connie Spence, Nancy Lester, Ruby Hight, Margarite Gillaspay.

Dec. 5th will be our Christmas Party. A Luncheon in Nancy Lester's home will be held. Nancy gave the program on sewing machines and needles. Refreshments of punch, lemonade and ice cream was served.

**Public Notice**

Southwestern Bell, in accordance with rules and orders of the Public Utility Commission of Texas, hereby gives notice of its intent to re-file evidence and appropriate tariff(s) in support of a request to establish rates for the use of certain complex inside telephone wiring in the amount of \$54.5 million annually. This request was previously a part of the considerations in Docket 5141 and now has been re-docketed as Docket 5420.

Customers who do not own the Complex Inside Wire associated with their Customer Premises Systems (such as PBX and Key Systems), and who utilize Southwestern Bell's wiring after January 1, 1984, could be affected by this request. On January 1, 1984, all of the Customer Premises Systems presently provided by Southwestern Bell Telephone Company will be transferred to a subsidiary of AT&T and that subsidiary of AT&T will be almost exclusively responsible for the charges pursuant to the proposed tariff on January 1, 1984. After January 1, 1984, customers who purchase their Complex Customer Premises Equipment and do not purchase, but continue to use, Southwestern Bell Telephone Company's inside wire will be subject to the charges proposed in the tariff.

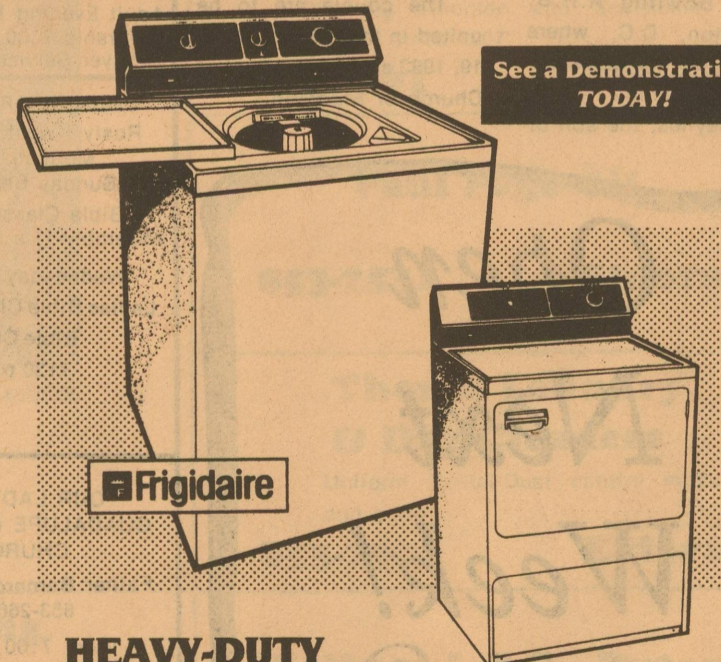

The proposed effective date for these new rates is January 1, 1984.

Persons interested in intervening in this matter should file a written motion expeditiously with the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Austin, Texas 78757, as the Hearing on the Merits in Docket 5420 is set for November 21, 1983.

# Sewer project slowed

The City Council of Eldorado met in a lengthy session Monday night Oct. 11th. All councilmen were present with the exception of Ronnie Sauer and Gus Willeke.

City Secretary Carolyn Mayo and City Superintendent Hal Whitten briefed the councilmen on the current status of the Community Development Block Grant project and sewer plant project. It was noted that there would be a delay in the sewer design process due to a change in the sewer design process and additional acreage required. Secretary Mayo also informed the City Fathers that she had obtained the services of an appraisal firm from San Angelo to appraise the railroad right of way. The railroad has been contacted to begin selling the needed land to the City for the projects. In a related matter the Council instructed Secretary Mayo to finish the sales agreement with Joe Christian for the land purchase in the Christian Addition and to make the payment of \$22,000 plus \$2000 per acre for the additional 7.5 acres to Mr. Christian as soon as possible since the sale price was approved by the Council.

Mr. Bob Weaver of the Concho Valley Council of Government met with Council to explain the purpose, benefits, funding, etc. of the C.V.C.O.G. After a discussion by the Council, Mayor Lester advised members that he would check with County Judge Griffin as to whether the County would consider joining the C.V.C.O.G. in light of the fact that the City of Eldorado could not have a representative on the Board unless the County joined. The membership fee is 5 cents per capita.

Secretary Mayo was instructed by the Council to contact Ray Ballew of the Tax Appraisal District concerning the undertaking of collection of taxes for the City. She was advised to get an estimate of costs and a date of transfer and to report her findings to the Council at the next regular meeting.

The Council was advised by Secretary Mayo that the Auditors had completed auditing the City's books. She also advised the Council that she in-

tended to contact Larry Skiles to check on Treasury Bills required by the previous bond issue as the City had more on reserve than needed to pay off the bonds. There is a possibility that this money could be used in conjunction with the sewer project for laying new water lines in the Christian Addition.

It was decided by the City Fathers to keep the insurance coverage provided by the Texas Municipal League instead of separating the coverage as would be the case if the City decided to carry Workmen's Compensation with Employer's Insurance.

Council members voted to set the limitation of maximum water and gas used by City employees and retired employees at a flat rate.

Secretary Mayo requested and was granted permission to order stickers to be placed on garbage dumpsters listing rules and regulations concerning their use.

The Council approved City Peddler's Ordinance #109-83 after some discussion.

New street lights were approved for the Glendale area and Secretary Mayo was instructed to contact W.T.U. to begin the light changeovers.

In other business the Council accepted an easement from Bob McWhorter for a dumpster to be placed on private property and the transaction is to be filed at the Courthouse; September monthly bills were

approved for payment; the Ford backhoe tractor was discussed and Supt. Whitten was instructed to check with the Ford representative concerning an overhaul and to explore other alternatives, minutes of the previous meeting were read and approved and the Council nominated Frances Peters and Floyd Butler to serve on the Schleicher County Tax Appraisal Board.

The Council also discussed putting the payroll on computer and the installation of a time clock but no action was taken until further information could be obtained.

With no further business the meeting adjourned at midnight.

# Peters service held

Funeral services were held Monday October 17th at 2 pm in the First United Methodist Church in Eldorado for Kenneth Charles Peters, 27 of Ackerly. Peters died Friday October 14th at the high school football game in Ackerly.

Burial was in the Eldorado Cemetery with the Rev. Richard McGee officiating and the Rev. Fred Brown and the Rev. Jim Mosely assisting under the direction of Kerbow Funeral Home.

Mr. Peters was born March 18, 1956 in San Angelo. He graduated from Eldorado High School in 1974 where he was captain of the football team and lettered in 3 years in basketball and four years in track. He graduated from Angelo State University in

1978. Peters' coaching career included Jourdan, Nixon, Klondike and was employed as high school coach in Ackerly at the time of his death.

He married Lesa Minor in Snyder on January 3, 1976 and they had two sons Dustin and Ross.

Other survivors include his parents Mr. and Mrs. E.C. Peters, Eldorado; sister, Kay Heflin, Portland, Maine; maternal grandmother, Mrs. Luke Thompson, Eldorado and paternal grandmother, Ana Mayer, Wisconsin.

Pallbearers were Karl McCormack and Don Richters, both of Eldorado; Cliff Baccus, Eden; Bill West, Stanton; Jim Wright, Ackerly; Earl Byerly, Nixon; Gary Roberts, Big Spring and Steve Price, Lamesa.

Volunteer firemen to save the Roach fought in vain Friday residence.

## Card of Thanks

We wish to express our thanks to the Eldorado Fire Department and a special thanks to Jerry Jones, Joey Jones, Richard Harris, Deputies Estep and Flores and Sheriff Edmiston for coming a second time to put out the fire in Tom Roach's mobile home on Friday the 14th.

Sincerely,  
Jim T. Roach  
Tom Roach & Family

We would like to express our sincere thanks to all our friends for your concern and calls, but most important for all your prayers. Dad is out of ICU and in a room (232) at St. John's Hospital, he is doing much better and hopefully we'll have him home sometime this week. It is great to be part of a community that cares. Again our thanks to all of you. Eluterio and Lupe Guerrero Rebecca & Oscar Martinez Della & Fidel Herrera Diana & Raul Gonzalez and their families

WE WOULD like to thank Sheriff Edmiston and Deputies Flores and Estep for the prompt action in recovering the stolen equipment from our barn on September 20. We appreciate your help. Jimmy & Nancy Doyle 42-c

## Halloween Carnival progresses

The Halloween Carnival is progressing well according to Marlene Mitchell, chairman, although she said three or four more booths were needed according to Mrs. Mitchell and if some of the area organizations would like to sponsor one they are urged to contact her at 3-2091 or Jenny at 853-2574.

A full concession stand will be offering hot dogs and burritos for the carnival goers.

Prizes will be awarded for the Best Costume for ages infant thru adult with judging to take place at 6:00 pm.

A Spook Walk will be held at 5:00 pm around the Courthouse for everyone who would like to enter.

## Prathers become parents

Dean and Kamie Prather are proud to announce the birth of their daughter, Tabitha Renea. Little Miss Prather weighed in at 7 lbs. 12 oz. and measured 19 inches in length.

Tabitha was born Oct. 11, 1983 at 8:20 pm at Angelo Community Hospital.

Proud grandparents are Johnny and Billie Sue Rogers, Eldorado and

Major General and Mrs. Gerald Prather, Virginia; Great grandmother, Mrs. Alvin Williams, Andrews and great grandparents Mr. and Mrs. Allen Pearce of Del Rio.
