

SCHLEICHER COUNTY LEADER

(U.S.P.S.) 342-470 Six Pages November 10, 1983 25 cents Eldorado, Tex.

Bullock sends out early checks

City sales tax rebates checks were mailed out last week a full week early from State Comptroller Bob Bullock's office. Starting in November all taxpayers will be required to file by the 20th of the month instead of the last day of the month. The earlier deadline set by the Legislature will bring in \$500 million more for the current state budget without a tax increase.

Bullock said that this month's early payments "show that Texas merchants have accepted this change in the same spirit it was suggested, to save us from a tax increase."

City sales tax rebates checks totaled \$9,181.55. Last year's payment for the same period totaled \$11,321.75. This brings the 1983 payments to date to \$66,037.39 which is a 26.79 percent decrease from last year's payments to date which were \$90,201.04.

Our neighbors to the south in Sonora received a check for \$28,907.04. Their check for last year for the same period came to \$45,815.44. The latest check brings Sonora's 1983 payments to date to \$214,705.86. This reflects a 36.63 percent decrease for Sonora as compared to 1982's payments to date of \$338,789.76.

much of a decrease in their rebate check. They received a payment of \$6331.70 which is down slightly from 1982's check of \$6,537.44. Their 1983 payments total \$38,106.23, and compared to 1982 payments of \$39,277.78 there is only a decrease of 2.98 percent.

San Angelo was the recipient of a whopping \$619,377.15 checks which is also down from the same period last year which saw a check of \$648,931.45. The 1983 payments to date total \$4,551,225.89 which is a 1.55 increase over last year's total payments of \$4,481,838.87.

Menard, again, did not show that

Commissioners postpone microfilming for present

The first meeting in November for the Schleicher County Commissioners Court met Monday the 14th. Monthly bills were approved for payment and the minutes from the last meeting were read and approved. The Court gave Doug Garvin permission for the golf club to construct an equipment shed at the course.

Commissioner Paxton made a motion to postpone authorizing the microfilming of county records for the present. The motion was seconded by Kerry Joy and was carried.

The County Treasurer's monthly report was reviewed. The court also

authorized the transfer of \$6000 from the Road and Bridge Fund to the Social Security Fund.

The Court approved Road Commissioners Clay Bureson's request to employ Homer Jolly. Mr. Jolly will be operating heavy equipment for the county and will begin work December 1st at a salary of \$1056.00 per month.

The Court agreed to sell the Sheriff's Department's old cars.

The November 8th election ballots were certified to be true and correct by the Court.

With no further business the Court adjourned.

SWTE Co-op sets the record straight

Elton McGinnes, General Manager of Southwest Texas Electric Co-op, has expressed concern that recent articles in the Standard Times relating to a proposed rate increase.

The original Article on November 4th reflected a request for a rate increase of 160 percent. It also reported a fuel rule that does not apply to the local Cooperative; Schleicher County was also omitted from the list of counties served.

In the second article the figures were still incorrect. The third article was ran November 6th and correctly stated that SWTE Coop and the Public Utility Commission of Texas staff have agreed on a revised rate increase request totaling \$559,167 annually. Under the staff recommended rates the bill of a residential customer using 1000 kilowatt hours per month would increase from \$73.10 to \$84.20 per month.

Mr. McGinnes urges anyone still concerned with these figures to please feel free to call or come by the Co-op office here in Eldorado and a representative will be glad to explain the rate increase request.

Goodman home damaged in blaze

The home of Smoky and Linda Goodman was heavily damaged by a fire Friday night. The Goodman's were in San Angelo at the time of the fire.

Fire department sources reported that the fire was believed to have been started by a faulty water heater. The major extent of the damage was in the attic of the house but other portions of the house received some fire damage and water damage.

Autumn's crisp air turns the Schleicher County landscape into a veritable wonderland of color and images at the close of each day.

U. I. L. referendum coming February

Raising academic standards and restricting loss of school time were major issues addressed by the University Interscholastic League's Legislative Council, which held its 43rd annual meeting in Austin, October 16-17.

The council voted to place on a referendum ballot proposals that would raise academic credit requirements and restrict classroom absences by those participating in golf and tennis. In addition, the council voted to allow speech students to miss no more than 10 days per year in order to participate in speech/debate tournaments.

The referendum ballot will be mailed from the UIL office to school administrators in February. Results will be announced March 3. A simple majority is needed for proposals to pass, and items approved will take effect during the 1984-85 school year, unless otherwise specified.

"The meeting had the largest attendance, the greatest participation and the most comprehensive press coverage of any in League history," said Dr. Bailey Marshall, UIL director. "I was pleased to see the increased interest. Those who may have questioned or doubted the League's rulemaking processes surely were impressed by the openness and the free exchange of ideas."

Among the proposals slated for referendum ballot examination are:

An item that would require students to be passing four rather than three courses, excluding physical education, in order to compete in a League contest.

Eldorado Superintendent Guy Whitaker told the Leader that he was for any proposal that would upgrade the academics for the school.

He reiterated that Eldorado schools had always maintained strict eligibility standards from junior high through high school. Eligibility standards are checked weekly in the S.C.I.S.D. whereas in some schools they are checked on a 6 or 9 week basis.

A proposal that would prohibit students from missing a class that they are failing in order to participate in a League activity.

A proposal that would require students to have passed four courses rather than three the preceding semester in order to compete. If passes, this item will not go into effect until the spring semester, 1985.

A proposal that would restrict golf and tennis students to 10 days lost per year for participation in each activity respectively. For instance, a tennis player may miss no more than 10 school days in order to compete in tennis tournaments.

In addition, the council voted to place on the referendum ballot proposals that would relax summer basketball, football and volleyball camp rules. Summer camps would be open to athletes who have not participated in a varsity contest. Also, students may not be coached in a summer camp by a person employed by the student's school.

The council also placed on the ballot a proposal that would open the door to summer basketball leagues. Summer league play would be permitted between June 1 and August 1 under the following guidelines: Students may participate in one league only. Students may not be coached by a coach employed by the player's school. Students may not play more than two games per week. Students may not play on a team that has more than three players from one school. School equipment may not be used. Students may not compete against a team that has more than three players from a single school.

"In both league and camp situations, the player may not be coached by a secondary coach—meaning a seventh through 12th grade coach—employed by the student's school," Marshall said.

Other major council proposals going on the referendum ballot include:

Amending the rules to allow for parochial and private school member-

ship into the League.

Studying the concept of disqualification of coaches or contest sponsors who knowingly violate League rules.

Revising the UIL spring meet calendar, with the combining of boys' and girls' district, regional and State Meent athletic events. District meets would be held either April 1-6 or April 15-20. Regional meets would be held April 29-May 4. The State Meet would be held in Austin, May 9-11.

Revising the Five-Year Rule so that a child being retained in the seventh grade for competitive purposes would lose the final year of high school eligibility.

Adding gymnastics and wrestling as UIL sports for Conference AAAAA only.

Placing the amateur restrictions on all students beginning in the ninth grade, regardless of the student's age.

Eliminating mandatory penalties in basketball and volleyball for players or teams violating game and tournament participation restrictions. The Council recommended passage of this proposal, which would give the district executive committees greater flexibility in assessing penalties.

Revising the college course enrollment regulations so that courses taught by a high school teacher during the regular school day and conforming to Texas Education Agency guidelines are not considered college courses, even though college credit is given.

Changing soccer seasons to begin on either the first Monday following certification of the district football champion (with the season to end the last week of February) or beginning on January 1 with the season ending with the state championship tournament, held the last week of April).

Allowing athletes to sign a letter of intent and a college scholarship agreement that contains the conditions of the scholarship, provided the athlete receives no part of any valuable consideration guaranteed by that scholarship until after all UIL eligibility is completed. If passed, the item would take effect in 1984-85.

Revising future basketball starting dates, allowing basketball practice to begin on the seventh Monday following the first Thursday in September.

Giving administrators the choice of keeping the present outside soccer restrictions as is, applying restrictions only to players who have

participated in varsity contests, or abolishing outside participation restrictions. At present, soccer players who participate in club soccer prior to the start of the UIL soccer season are ineligible to represent the varsity soccer team.

The council also voted to move the first day to play basketball games from November 22 to November 21, to allow baseball players to wear metal cleats this spring, and to restrict music organizations to one non-League meet held on school time. The music restriction takes effect next year.

The council also voted to meet March 7, 1984 in order to take action on the following items:

Recodification of the League's Constitution and Contest Rules.

The findings of the Junior High Athletics Study Committee.

Procedures for implementation of a penalty on coaches or contest sponsors who knowingly violate UIL rules. The final item will be considered only if the concept of contest sponsor punishment is approved on the referendum ballot.

In final action, the council referred to a Committee on Excessive Expenditures a proposal that would penalize schools for spending on "luxuries" above basic athletic equipment and supplies. This panel, to be named soon, as well as a Committee on Loss of School Time—Missing School—Number of School Contest will meet this spring and issue a report to the Athletic Committee of the Legislative Council, May 30-31. The Council also voted that if a district executive committee imposes either a post-district disqualification or a district disqualification, that action may be appealed to the State Executive Committee.

The council defeated a proposal that would have increased from \$40 to \$50 the limitation a school may spend per student as an award for participation in interschool competition.

"The council members did an outstanding job in considering the 50-plus items presented in public hearings Sunday as well as the multitude of proposals they had previously heard," Marshall said. "They listened to, read and considered what each individual had presented. Though many of those addressing the council took conflicting sides, I believe all those attending truly are concerned with the total education of the student first and foremost."

Sofge's deer storage reached near capacity last week-end as hunters converged on Schleicher County.

Woman's Club holds Thanksgiving luncheon

The Woman's Club met Nov. 8th, at 12:30 pm in the Eldorado Restaurant for its annual Thanksgiving Luncheon.

The meeting was called to order by the President, Mrs. Stigler.

A prayer of Thanksgiving was offered by Mrs. White and Mrs. Tisdale led the group in the pledge and salute to the flags.

After enjoying a traditionally Thanksgiving meal the meeting was continued with the reading of the minutes and the treasurer's report.

Mrs. Briggs gave a report on the recent Fall Board Meeting in Robert Lee which she, Mrs. Stigler and Mrs. Bailey attended.

Mrs. Bailey, who is a member of the State Board of Trustees, reported the Federated Club House in Austin is in need of a new

roof and that an ambitious program is underway to raise funds for this project.

One of the Club's projects, bringing gifts for the San Angelo Center patients was fulfilled today. Mrs. Griffin, San Angelo Center Representative, accepted these gifts and will deliver them to the center.

Program Leader, Mrs. Newport, asked for the roll call which was answered by mentioning a historical place in America and the introduction of each member's guests.

In keeping with the day's theme, Americanism - Steps to Patriotism, the group sang the song, America. Also in keeping with this theme, Mrs. Johnson spoke on Symbols of Freedom. She told of the origin of the flag and of its evolution from thirteen stars to its fifty stars of the

present day. She mentioned the composition of the Pledge of Allegiance and the meaning of the United States motto. Another vital symbol of freedom is the Statue of Liberty. This was a gift from France in 1865 and has welcomed millions of immigrants to America.

A guest, Mrs. Sykes, who recently toured several historical places in a near Boston, told of her trip and showed pictures.

The table decorations for this occasion, which was held in the Party Room of the restaurant, were arranged by the hospitality Committee as was the planning of the menu.

This program reminded the thirteen guests and twenty members present of the beauty and importance of the symbols of our land-beautiful America.

DeLamar engagement announced

Mr. and Mrs. Bernard Alexander DeLamar announce the engagement and approaching marriage of their daughter, Mary Guthrie, to Mr. Jim Bob Byrd of Abilene, Texas.

Miss DeLamar was graduated from Prescott High School, Prescott, Arkansas, and received a Bachelor of Science in Education degree in Speech Pathology and Audiology from Baylor University. She will receive a Master of Science degree from the same school in December. Miss DeLamar is a member of Delta Gamma Fraternity.

Mr. Byrd was graduated from Eldorado High School and Baylor University where he was a member of Sigma Tau Gamma Fraternity, Kappa Kappa Psi, and Alpha Chi. He is currently employed independently as

a petroleum landman. Grandparents of Miss DeLamar are the late Mr. and Mrs. Horace B. De-

Lamar and the late Mr. and Mrs. James Martin Guthrie, all of Prescott. Mr. Byrd's grandparents are Mr. and

Mrs. Thomas L. Byrd, Sr. of Tucumcari, New Mexico. The wedding will be held January 7 at 4:30 at

the First United Methodist Church in Prescott. A reception will follow at the Prescott Country Club.

"Pick a Phone, Any Phone?"

Just because a phone will plug into your wall jack, it doesn't mean that it will work.

Why?

Well, for instance, let's look at a phone that will be used on a party-line. Since customers share a common line to the telephone company switching office, each

phone has its own special ringing-cycle setting which allows the phone to know when it should ring on the party-line.

Even if you have a "Private Line", you still may have problems.

Single-line customers may also have special dialing or ringing requirements that are not apparent. So, they purchase a new phone and sadly discover that it won't work. This is especially true for customers who may be

considering a cordless telephone or even a universal dialing telephone, a clock radio that offers telephone access capability or any other special telephone service.

Trading in your dial phone could be asking for trouble.

The joy of owning your very own "Touch Tone" phone could turn into tragedy if your phone line is designated for a dial or pulse phone. A pushbutton "pulse" phone will work on most lines, since it also duplicates the signal of a regular dial phone. However, a

"Touch Tone" phone emits a "beeping" tone that requires special equipment to recognize the signal. Some dial phones, even if you have Touch Call Service, are not compatible under certain circumstances.

So, if you decide to buy a new telephone, take the time to stop by your neighborhood GTE Phone Mart and see if your particular line has any special limitations. It could possibly save you a lot of frustration and money.

Cisco Jr. College Stage Band to perform Friday

The Cisco Junior College Stage Band, under the direction of Mr. Tim Jones, will present an assembly program at Eldorado High School on Friday, November 18 at 1:30 p.m., according to an announcement by the CJC Public Information Office.

Accompanying the stage band will be a group of eight of the CJC Wrangler Belles drill team, directed by Mrs. Nicki Harle.

The stage band and drill team will be presenting their show in Eldorado as a part of their two-day fall tour of high schools in the Big Country.

The program will be approximately 45 minutes in length, and the general public is invited to attend. There will be no charge for admission.

The Cisco Junior College band, of which the stage band is a part, and the Wrangler Belles were one of the featured attractions in the 1981 Macy's Thanksgiving Day Parade in New York, and are one of the Texas Junior Colleges' well-known entertainment units. The entire group of over 100 students were also featured in the Apple Blossom Festival parade in Winchester, Virginia last spring, and are planning a major trip in 1984.

On the go!

by Evelyn Stigler

Mrs. Bob Sykes joined a group of friends in Austin recently who flew to New York City where they joined a bus tour that took them to many historical cities and places of interest. As she told the story of her trip to the Women's Club last Tuesday she showed pictures and pamphlet which made it all the more interesting.

Yale University was one of the first places that they went to see. It is an old established University and has much history associated with it. One interesting feature of the building itself was that the dorm rooms all have fireplaces in them.

In Manchester, Vermont they saw the summer home of Robert Todd Lincoln, who was Abraham Lincoln's son. The home was called Hildine. His mother, Mary Todd Lincoln, spent some time every summer in this home. There was a huge Aeolian Organ in the home. All the Lincoln women played the organ. In Newport, R.I. they saw a replica of Plymouth Rock Village as it was when the Pilgrims lived there.

In Boston, Mass. they went through the Boston Museum of Fine Arts where famous artists paintings were on display. They also saw glass flowers that were made in Germany in the 19th century. The colors were beautiful and each flower was complete in every detail. They were housed in the Botanical Garden of Harvard University and are used for teaching purposes.

On Beacon Hill in Boston a guide took them to two private homes that were five stories high and very narrow. They did not have yards, just a court yard and had window boxes for flowers. Some of the rooms were papered with antique tea paper and had murals painted on them. They saw Old Ironsides, Boston Common, Public

WTU's new office is well under way with a completion date in the near future.

Sheriff's Blotter

Gardens, South Meeting Place, John Hancock Tower and Modern Designer Christian Science Building. They saw Paul Revere's statue, his home and Old North Church that had been kept in its original place for many years.

Quincy Market was very unusual in the way their wares were on display. They had foods on display in what they called Food Stalls. Each stall had a different kind of Ethnic food, such as crab rolls, oysters, meat pies and Indian Pudding. Flower shops with many different kinds of flowers were in front of the stalls.

Another interesting place was Faneuil Hall on Dock Square, where the downstairs was a market and the upstairs was a meeting place. They still have town meetings in this building. There is a weather vane on top of the building with a grasshopper on top of it. The grasshopper is a symbol of commerce.

There were so many interesting places that it is impossible to tell them all. It was a beautiful trip as well as interesting and historical.

New daughter for Mocksfield

Mr. and Mrs. Dick Mocksfield are proud to announce the birth of their daughter Megan Joanna born Nov. 3, 1983 in Community Hospital.

Megan weighed 6 pounds 7 ounces and is the first born to Mr. & Mrs. Dick Mocksfield.

Paternal Grandparents are Don & Maxine Mocksfield of Houston, Texas. Maternal grandparents are Bob & Bette Hunger of Van Horn, Texas.

Great Grandparents are Mrs. Trey B. Mocksfield of East Orange N.J., Mrs. Velma Martin of Jackson Miss., Hardin and Ora Dell Overstreet of Buchanan Dam, Texas.

Butter & cheese here Nov. 22nd.

Commodity butter and cheese will be distributed on Tuesday Nov. 22, at the Memorial Building from 2 pm - 5 pm. New income guidelines have been set to determine eligibility for receiving this food. The income guidelines are as follows:

Persons who receive foodstamps, AFDC, SSI, or medicaid (non-institutional) are automatically eligible to receive donated

foods. Persons may receive food only once a month. To receive the food you must bring some form of identification with you. This might be a drivers license, Food Stamp I.D., Medicaid Card, AFDC Eligibility Letter, SSI Award Letter, Social Security Card or other.

If you have any questions about the program please contact the county extension office at 853-2312.

Fire Lines

by Blanche West
From original minutes-1939

At the regular meeting of the Eldorado Fire Department the members decided to purchase white coveralls with red lettering on back to represent the Department. Measurements were taken.

No minutes recorded for meeting. Discussions on fire prevention and hose connections.

Members voted fines of

50 cents on C.C. McLaughlin and L.T. Barber for missing meeting without excuses.

L.T. Barber
