

# Local voters make decisions

Voters turned out Saturday to cast their ballots for the ten open positions for the City Council, Hospital Board and the School Board. The School Board election proved to be the most popular contest with 331 voters participating.

Incumbent Richard Kent was re-elected to the School Board with an impressive 284 votes. The other two vacancies were filled by Bobby Helmers who came in second with 231 votes and Joe Max Edmiston who tallied 213 votes. Other candidates in the local election were Terry Green with 194 votes and Phil Edmiston with 127 votes.

The Hospital Board election, in

which four open places were up for grabs saw incumbents Mike Moore and E.C. (Pete) Peters re-elected with 279 and 253 votes respectively. Jim Hardy came in second with 263 votes and Floyd Butler received 192 votes. Other candidates were Janee Finley who received 170 votes and Vivian Sanchez had 50 votes.

Richard Preston tallied 183 votes to win a seat on the City Council. The other two positions were won by incumbents, Edwin (Rooster) Jackson, Jr. and Bobbie Sanders who received 161 and 171 votes respectively. The city election saw eight write-in candidates: Coy Bishop - 3; Jack Andrew - 45; Manual

Martinez - 1; Raymon Mobley - 1; Keith Nolen - 1; Ken Newman - 1 and Floyd Fay - 1.

Approximately 20 percent of the 1488 registered voters turned out for the local elections with a total of 310

casting their votes for the Hospital Board, 207 for the City Council and 331 for the School board.

## Help needed for Texas' 150th birthday

What is Sesquicentennial? It is one hundred fifty years of Texas History to be celebrated in 1986. From 1836 to 1986. Much is being said and done among Texas cities to get ready for a celebration. Several cities already have ideas as to what they want to do toward the celebration. Many are planning a general city-wide clean up in order to get ready for a celebration. Some are planning Historical tours, arts and crafts displays, musical programs and many others. There will be a city wide meeting Thursday April 12 at the 4-H Barn to begin planning some things that we can do. Come join us and give us some ideas as to what you would like to see done. Jeanine Hicks from the Sesquicentennial Commission in Austin will be here to show slides and help us understand what to begin doing. Your help will be appreciated.

## Light meeting for county bosses

The Schleicher County Commissioners Court agreed Monday morning to purchase the county's Road Department two 60 watt low band radios, one would be installed in the Superintendent's vehicle and the other would be installed in the county's water truck.

Commissioners heard and approved County Treasurer A.G. McCormack's Quarterly Report.

Earl Yates' appointment as jailer was approved by the commissioners. He will take over the position due to Charlie Hemphill's resignation.

By order of the court J-Dan

Electric has been contracted to do some repair work on the rodeo arena lights. The court also voted to repair the wooden fence by the swimming pool.

The commissioners also agreed to do some private road work for a fee.

In other business the court approved the minutes and paid all bills; reviewed reports from the various county departments and discussed the remodeling of the Memorial Building. The court has of yet not received the architect's plans for the project.

With all business attended to, the court then adjourned.

## Council met in called session Monday

A special meeting of the Eldorado City Council was held Monday April 10th. New councilman, Richard Preston and incumbents Edwin (Rooster) Jackson, Jr. and Bobbie Sanders were sworn in and the votes from the April 7th election were canvassed with one voter's ballot declared void.

Three Eldorado citizens met before the Council in regard to the water well being drilled on property currently owned by Jim Hardy. Pat Joiner, Gary Warnock and Jon Calcoate expressed concern over the possibility of the water level dropping in their wells if the City used the well to furnish the City with water. The men were assured that if this happened they would be allowed to tie into city lines on a regular customer basis.

Jim Hardy presented his final plat of the proposed subdivision to the Council and the water well site was approved. Upon the receipt of a deed from Hardy the county will begin construction of the access road to the well and a test well will be drilled and an easement for the 6" service line will be obtained with the line to be installed connecting the well to the

City's water system. City crews will trench the line and Mr. Hardy will be responsible for laying the line with the City paying the difference for installing 6" pipe rather than 4", this will be for the pipe only, not labor.

Ray Ballew presented the Council an agreement from Thos. Y. Pickett for the 1984 tax statements. Although there will be a slight increase in charges the Council voted in favor of the agreement.

Other business attended to by the Council included the discussion of truck traffic and parking in residential areas. Since Sheriff Orval Edmiston was unable to meet with the Council on this subject the matter was tabled until more information could be gathered.

Ken Butler, Don Melton, and J. B. Franks representing Television Enterprises, Inc. met with the Council concerning some recent problems concerning programming and interference on the cable system.

Secretary Carolyn Mayo reported to the Council that the Texas Municipal League (TML) had asked for the City's consideration in passing a resolution regarding the Pothole bill.

After some deliberation, the Council voted not to pass the resolution which would, if approved, raise fuel tax and license renewal fees.

Mayo also reported to the Council that she had been in contact with a collection agency which did not charge a membership fee but retained a portion of the delinquent collections. She was instructed to check into the matter further and report her findings.

The annexation of property outside the city limits and customers outside the city limits were discussed but no

action was taken until TML had been contacted for advice.

The Council reviewed and initiated the tax report for March tax collections. Ordinance #101-84 regarding the adoption of provisions of Sec. 33.07 of the Property Tax Code was read and approved by the Council.

The minutes were read and approved and monthly bills were approved for payment.

The meeting adjourned at 11:30 p.m. after no more new business was presented.

## Bids received on City sewer projects

Bids were opened at 2:00 p.m. Tuesday April 10th in Eldorado's City Hall for the work to be done on the Christian Addition Sewer Project and the Wastewater Treatment Plant.

The engineering firm of Freese and Nichols was pleased at the response the bids drew. Five different companies from New Mexico, Waxahachie, Silvertown, Odessa and Uvalde personally brought their bids to the meeting. The bids ranged from \$131,000 to \$395,000. No bid was accepted as the engineers must

review them since the bids must abide by H.U.D. standards.

Four bids were presented on the Wastewater Treatment Plant. Those in attendance with their bids represented companies from Borger, Silvertown and two from San Angelo. These bids ranged from \$898,000 to \$1,222,000.

The accepted bids will be announced probably within the next week. Plans for both projects are on display at the City Office and the public can go by and see them during City Office working hours.

## Producers move in

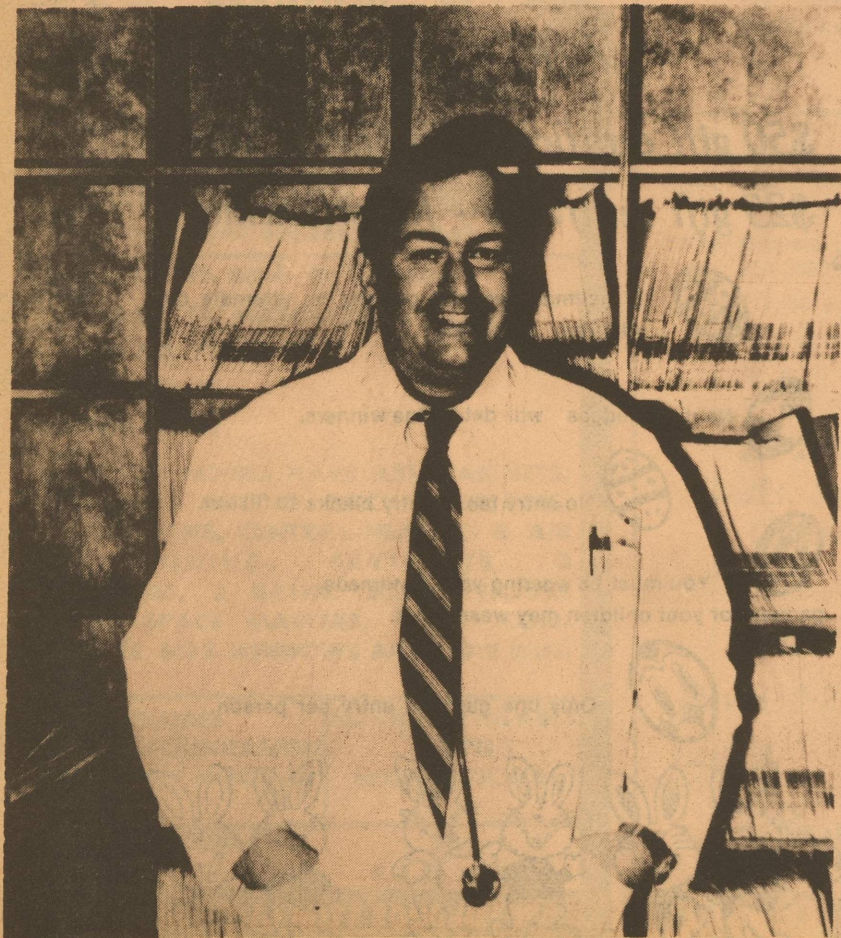

April 17th has been scheduled as the move-in date for Producer's Gas Company and its 15 employees into their new facility located on the Menard Hwy.

The new 50 x 150 ft. combination shop and office is located on two acres and boasts of several new additions that the old facility lacked. Producer's will have their own shop at the new plant, something they haven't

had at the old facility plus each foreman and technician will have offices of their own. The new building will also include a warehouse, another luxury the old location did not have.

Producer's, which is owned by Lear Petroleum Corporation of Dallas, will begin it's seventh year of operation here in Eldorado this July. The company has tentative plans for an Open House sometime in May.

## Dr. B. Richard Respass new physician at Medical Center

## Board canvassed votes

The swearing in of the new board members was one of the first tasks undertaken by the S.C.I.S.D. Board of Trustees Monday night.

New members, Bobby Helmers and Joe Max Edmiston and incumbent Richard Kent took their oaths of office and were issued certificates of election. Officers were elected for the upcoming year as follows: Lynn Meador - President; Rick Sterling - Vice President and Ronnie Mittel - Secretary.

The election returns were also

canvassed and certified as correct.

Ray Ballew of the Tax Appraisal District met with the board to ask their decision as to whether or not they wished to enter into an agreement with Thos. Y. Pickett to handle the tax roll for the school. The board approved the agreement as it would be saving the school extra money due to the fact that the firm was also doing the roll for the city.

Richard McCarron, representing Johnny Griffin approached the board requesting that members of the Rodeo Team be allowed to miss two one-half

day periods of school to attend rodeos. The board agreed to this request for this school year only.

Athletic Director Larry Mitchel met with the trustees to update the members on the athletic program including football, basketball, tennis, track and golf.

Approval for the payment of the judges and clerks for the recent election was the next item on the agenda. The board voted to pay them \$5.00 per hour plus \$25.00 extra to the election judge for work done before and after the day of election.

The school calendar for 1984-85 was approved by the board and will be sent to the T.E.A.

The board did not get to review a facilities study to be presented by Dr. Hawkins due to his recent illness. The board did discuss the possibility of the use of portable classrooms to alleviate the overcrowding problem.

Teacher Joyce Kropp requested and received a leave of absence by the board.

Maintenance bills were paid and will no further business the board adjourned their meeting.

# Girl Scouts perform Drug Awareness skits

On Thursday night April 5, A Drug Awareness program was presented by Girl Scout Troop 150 in the High School Auditorium. As each one entered the building they were presented a program which had been printed by the Girl Scouts with several pamphlets inside that contained much valuable information. Before the program began Mayor Bob Lester welcomed everyone and gave a summary of the importance of Drug Awareness and that it is important to try to do something about it.

There were three skits depicting different phases or types of things to be aware of. The first skit was Nicotine Addiction. Girl Scouts demonstrated how easy it is to get tobacco and how it affects the body. Lungs, teeth and odor were brought out. A paper prepared by Dr. Steve Sessoms, dentist, was read by Rita Reeves as Dr. Sessoms was unable to be present. He mentioned some of the reasons for use of tobacco, one of them was self esteem or to attract attention. Then he stressed the danger both to the body, the gums and to the teeth.

The second skit was Drug Abuse which the girls demonstrated how easy it is to obtain drugs and the danger they are in when they use them the wrong way. They illustrated how a mother used a drug to calm her nerves when upset with the children. Also the danger of buying drugs without a doctor's order. Expense of drugs was also brought out.

Lee Taylor (Smoky) owner-operator of Eldorado Pharmacy spoke on importance of communication between patient, doctor and patient, that it is important to have confi-

dence in your pharmacist, that he know the drugs and what is best to use. Skit three was on Alcohol Abuse. The demonstration was of two teenagers drinking at home, then getting in a car where they were injured, one fatally. They illustrated the danger of drinking at home and leaving the drinks around where the children can find them.

Ken Newman, School Counselor, told of the work being done in Eldorado School system to help

children to become aware of the danger of drugs, alcohol, and tobacco. He counsils Elementary children in groups. He has purchased comic books that have been recommended by Nancy Reagan and IBM. Junior and Senior High have incorporated a Drug Awareness Program into a Health Class. He showed bumper stickers that are available with I CARE on them. He also told of a workshop in Austin in which he participated on Texas War on Drugs.

The last scene showed pictures of The Medical Center, a drug store, a jail, an ambulance and a tombstone in the background. All of the characters appeared on the stage at the end and received a hearty round of applause.

Rita Reeves is to be commended for writing and directing the program with help from her co-leaders, Kathy Kirkendoll, Marlene Mitchell and Janee Finley. Rita was presented with a gift certifiact from the girls and her co-leaders.

## Letter to the Editor

To the Editor:

Seems like the old saying "Don't believe everything you read in the newspaper" still holds true. I quote last Thursday's Leader, "The seat held by A. E. Willeke is also up for re-election but no one filed for the position." Seems that since the filing deadline was March 8, either your source or your reporter was one month behind.

Saturday morning, some two hours after the polls opened, after encouragement from friends and being concerned about the apparent apathy with our city government I decided to try to "hustle" 50 or so write-in votes to prevent the council from having to appoint a member.

This letter is not intended in any way to cast doubt about the ability of the third candidate who indeed had filed for this position. To the contrary, I think he will make a fine council member. My only concern in this matter is that some of the folks I talked to may feel that I

misrepresented myself when I, quoting the Leader, stated that only two people filed for three positions when I asked for their write-in vote.

To the 45 people who went to the trouble to give me their write-in votes for the "unfiled for spot" I owe a sincere thank you.

I would like to wish success to the new council, school, and hospital boards as you strive to make our town a better, safer place to live and to raise and educate our children.

Thank you,  
Jack Andrew

Dear Mr. Andrew,

I checked with all three entities each week up until the deadline day of filing. I was told the day of the deadline for the Council race that no one had filed for the seat of Mr. Willeke but, that anyone had until 5:00 p.m. to do so. Mistakenly I failed to follow up after 5:00 p.m. and therefore our office was never informed of Mr.

Preston's filing.

I stand corrected and regret any embarrassment or any inconvenience this lack of information may have caused you. Thank you for your comments.

## Reports from Washington

### Assistance for El Salvador

On March 25, approximately 76% of those eligible to vote in El Salvador participated in a direct election to choose their new President. Because none of the eight candidates received a clear majority, a runoff between the two receiving the largest number of votes, Jose Napolean Duarte and Roberto D'Aubuisson, will be held within 30 days.

As the Salvadorans move forward to reaffirm the democratic path to which they are firmly committed, attention has now shifted to the Congress and whether we will move forward with equal dispatch to reaffirm our nation's support for this democracy.

In January, the Bipartisan Commission on Central America reported to the President that Central America is vital to our national security interests. Based on the Commission's recommendations, the President asked Congress to fund a comprehensive program of economic aid and military assistance — \$8 billion over five years, with two-thirds of the funds going for economic aid. Of that \$8 billion, \$417 million is earmarked for El Salvador.

These recommendations, which the President accepted and pledged to implement, are already in danger of being curtailed and should Congress not act swiftly, we will shortchange and subvert those courageous Salvadorans who believe that ballots — not bullets — are the key to their destiny.

Last year, funding for El Salvador was cut in half as Congress chose to wait for the Bipartisan Commission's report. Now, despite the unanimous recommendations of the Commission, majority members of the House Appropriations Committee have refused to act until May or June on the Administration's request. In turn, this unnecessary and irresponsible delay has forced the Administration to propose that a portion of the funding for El Salvador be attached to a supplemental appropriations bill.

This request has my strongest support. Very simply, we have an emergency situation in El Salvador. Our military assistance funds for this nation ran out at the end of February and shortages are already apparent. As the Defense Minister of El Salvador, General Vides Casanova, told me during the briefings before the election, there is an urgent need for the promised military assistance. Medical helicopters, ambulances, ammunition, and spare parts are in extremely short supply. While morale remains good, material is needed.

In El Salvador I had the opportunity to visit with three guerrillas detained in a military garrison. One was 21, one was 19, and one was only 12. The older two told of being unwillingly conscripted at gunpoint; the twelve-year old had been conned into simply marching along. Had they tried to leave, however, the guerrillas would have shot them. Despite its unwilling "volunteers," the guerrilla organization shows no sign of disbanding or discontinuing its terrorist activities.

While the Salvadoran Armed Forces have been effective in curbing the guerrillas, given the Armed Forces' dwindling resources they may soon have to pull back. Such an action would result in tragic consequences for this budding democracy. The support of the United States for El Salvador's democracy and economic development simply must be buttressed by the security shield which our military assistance provides.

Congress must join with the President, not only in support of his emergency request for military aid to El Salvador, but also in support of his five-year package of sustained economic and military assistance required to properly address the very real communist threat in our Western Hemisphere. We simply cannot stand idly by and allow the dominoes to begin to tumble.

## Youth Center meeting

There will be a public meeting concerning the proposed Youth Center on Sunday, April 15th at 8:15 P.M. at the Memorial Building.

The topic of the meeting will be recruiting adult volunteers for the Adult Council of the Youth Center. Six adults are needed to fill these positions and their jobs as council members will be, among other duties, to employee supervisors for the center.

The Youth Center has the support of the local youth and the commissioners court has voiced it's

approval and future support. So now it is up to the adults of the community to get involved in the Youth Center.

Other topics to be discussed at the meeting will be a report on buildings that are available and their prices for the facility.

All adults who are interested in seeing the Youth Center become a reality and are ready to participate in it's operation, are urged to attend this meeting Sunday evening. For further information call Carolyn Whitten at 853-2879.

## PROPER INSULATION... Keeps in the Cool Air You've Paid For

Insulation comes in rolls, loose-fill or batts. Insulation is labeled with a R value showing its ability to resist heat. The better its insulating value, the higher the number. R values up to R 30 in the ceiling and R 18 in the walls are recommended for this area.

## Check Caulking and Weatherstripping!

Check all windows and doors, install weatherstripping and caulking where needed. It will save on both heating and cooling costs. An almost invisible 1/4" gap at the base of a standard 36" outside door is equal to a nine-square-inch hole in the side of your house. There are a number of easy-to-install felt and foam rubber products on the market to draft-proof doorways.

Members of the Eldorado Volunteer Fire Department traveled to Winters Saturday for the Hill Country Fireman's Association Spring Convention. Fifteen towns were represented out of the twenty-three enrolled in the association.

Although Eldorado didn't bring home any first places, they did make a fine showing. In the Men's Water Polo, Eldorado's team of Phil Edmiston and

Steve Nelson placed second behind Brownwood.

In the Ladies Pumper Contest, Eldorado also came in second with a time of 19.46 seconds behind Sonora with a time of 17.95 seconds. The members of this team are: Jo Ella Parker, Sissy Cheatham, Glenda Harris, Shirley Blakeway, Wanda Edmiston and Kim-et Nelson.

Eldorado placed third in the Men's Pumper Contest with a time of 24.16 seconds. They came in after Ballinger with 21.97 seconds and Mason with 23.13 seconds. The team members are: Sidney Reynolds, Phil Edmiston, Richard Harris, Dobs Livey, Chuck Jones and Sam Whitten, Jr.

Stassi Jones and Kathy Smith; the Three Lady team: Sissy Cheatham, Stassi Jones and Kathy Smith; the Three Man team: John Cheatham, Ricky Griffin and Robert Parker and the One Man: Norman Smith.

Although they did not place, the Women's Water Polo team consisted of

## Girls doubles to Regional

Missy White and Jennifer Willoughby are bound for regional competition April 16 - 18 in Lubbock. They won the doubles competition in Big Lake last Saturday by defeating Lee Ann Barnes and Jill

Fisher of Reagan County 6-1, 6-1. The girls' tennis team as a group, came in 2nd place at the meet by garnering 22 points behind Reagan County's 33.

In junior varsity competition, Mitchell Bradley won the boys singles. All first and second place winners will advance to Lubbock for the regional competition.

### Traci Paxton competed at State Championship

Traci Paxton, daughter of Mr. and Mrs. Ronnie Paxton, participated in the Texas State Southwest Field Gymnastic Championship in Houston April 6 - 7.

Traci qualified to attend the meet by participating four meets and accumulating 32 points. She attended the meet with the seven girl team from San Angelo, the "Concho Pearls", a team made up of all age groups.

Traci competed against 195 girls in the age 9 - 15 Class. Fifteen teams participated in the championship with some teams coming from as far away as Arkansas.

## How to carve a horse

By Dale Lipsett

I was sitting in a local restaurant the other morning when I happened to look in the display case there. I saw some figurines of horses carved by one of our resident artists. Those horses set me to thinking about a story I once heard. It seems that a famous sculptor was being interviewed by a newspaper reporter. One of the questions that the reporter asked was, "How do you carve a horse?" The sculptor thought about the question for a couple of minutes and answered, "I just take a block of stone and carve away anything that doesn't look like a horse." Isn't that just like an artist, they can't tell you exactly how they create a work of art, they just do it.

It seems to me that there is a lesson in this little story for christians today. One of the larger bones of contention which divides the body of Christ

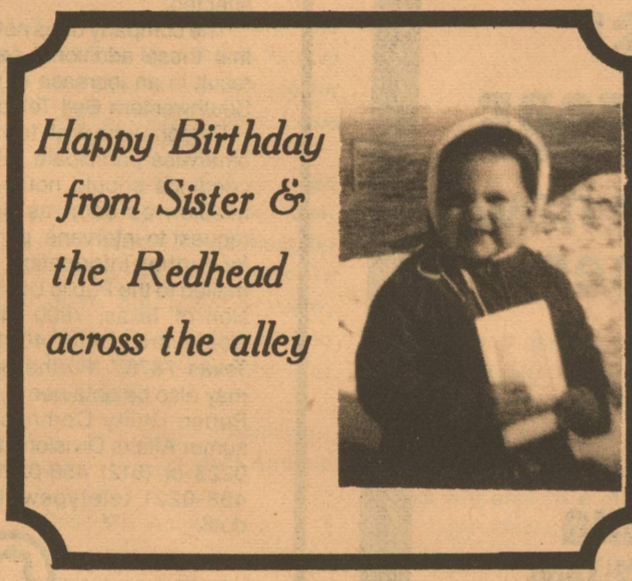

today is the question of just how God transforms a pagan into a christian. This seems to me to be like the stone telling the sculptor just how to carve a horse. Don't you agree that it's presumptuous on our parts to tell God how he's supposed to do anything.

Rather than us telling God how to do his job, we should praise him because he is still able to save. Rather than demanding that every person who is saved should have been saved under exactly the same circumstances as every other person, let us admit that there is only one Savior, Jesus Christ. There is only one way to reach the Father and that is through Jesus. The Bible says that if any man be in Christ, he is a new creation, behold old things are passed away and all is made new. I believe that it is high time that christians stopped shooting each other down. Let us leave old things behind and move on to maturity in Christ.

### It rained!

A much needed rain fell on Eldorado Saturday afternoon. Official reports showed that we received .11 inch during the day.

The Saturday rain brings the total rainfall for the month of March to .16 inch.

## Personal

Lois and Bertha Carrol went to the cemetery last Thursday morning to put flowers on their husbands' graves when Lois tripped over a curb, fell and broke her right elbow. She could not get up so Bertha stopped Etta Ruth Dannheim and they assisted Lois to the car. They took her to the emergency room here at the hospital where arm was x-rayed. It was discovered that she would require surgery on it so she was taken on to St. John's Hospital in San Angelo where she had surgery Friday morning. She is expected to have to remain in the hospital for a few days.

### Eighteen students named to Society

Eighteen EHS students were recently named to the National Honor Society. Members of the National Honor Society are selected by the faculty on the basis of scholarship, leadership, character, and service from the Junior and Senior classes. An average of 85 or better must be maintained in all school work before a person will be considered for membership. Member-

ship shall consist of not more than 10 percent of the senior class and 20 percent of the Junior Class. Election of members shall be in February of each year. Grades for the entire high school period taken at the end of the third nine weeks will be used. Those named to the society are: Bill Clark, Kelly Griffin, Mitzi Mittel, George Orr, Gina Patton, Michael Phillips,

Margaret Turner and Davina Vannett - Seniors. Juniors named were: Sonny Dean, Kara Garlitz, John R. Griffin, Michelle Marsh, Renetta Robinson, Vicki Simmons, Suzanna Walker, Bobby Williams, Jennifer Willoughby and Chris Woodward.

### Portfolio winners

Angelo State University was host to the State High School Exhibition and Portfolio Contest. There were 400 entries from District VI, which is comprised of cities such as Odessa, Midland, Del Rio, Big Springs, San Angelo, Wall, Sonora, Eden, Ballinger, Menard and Miles.

Thirteen top placings were awarded, plus ten Honorable Mentions. Bobby Williams, a junior at Eldorado High School, was

awarded one of the top ten awards. Three other Eldorado students won Honorable Mention. They are Mark Hardee, Vikki Cavaness and Marty Wells. Bobby's winning portfolio display will be on exhibit for three weeks at ASU, then will be at Abilene for one week before being sent to Austin for National Competition. The Austin winners will accompany their portfolios to Washington.

## A.S.U. Scholarships presented

EHS seniors, Bill Clark and Margaret Turner were each awarded a one year \$2000 Carr Academic Scholarship from A.S.U. this past week. The scholarship is

awarded to certain students based on their ACT test score, 4 year average grade of 90 or above, leadership, achievements, extra curricular activities,

motivation, initiative, integrity and dependability. Recipients of this award may re-apply each year for

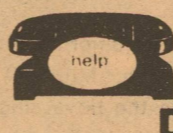

the scholarship based on their grade point average. Bill and Margaret both plan to attend A.S.U. in the

fall. Margaret is an undecided major while Bill plans to be an Agriculture Major.

### Public Notice

Southwestern Bell Telephone Company, in accordance with rules and orders promulgated by the Public Utility Commission of Texas, hereby gives notice of a public hearing to begin at 10 a.m. on Monday, May 14, 1984, in the offices of the Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas, concerning proposals made by the company to add three optional services and delete two services from the list of local exchange services available to its Texas customers.

Proposed additions to the local exchange tariffs include an optional Local Measured Service under which all residence customers and single-line business customers could pay monthly rates less than flat rate for one-party service, with an additional charge for each completed outgoing call to be determined by the time of day, distance and duration of each call; and a subsidized LIFELINE local service to be made available to qualified individuals, as determined by the Public Utility Commission. The monthly rate for LIFELINE service would include an allowance of 25 outgoing calls per month, plus a charge for each additional call.

Proposed for deletion from the local exchange tariffs are one-element measured service offerings for residence customers and single-line business customers, but current customers would not be affected.

The company does not anticipate that these additional services will result in an increase in revenue to Southwestern Bell Telephone.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

### Aviso al Publico

Por medio del presente aviso y en conformidad con las reglas y dictámenes de la Comisión de Servicios Públicos de Texas, la compañía Southwestern Bell Telephone anuncia la audiencia pública que se llevará a cabo a partir de las 10 de la mañana del día lunes 14 de mayo de 1984 en las oficinas de la Comisión de Servicios Públicos, 7800 Shoal Creek Blvd., Austin, Texas, con respecto a la propuesta de la compañía, que consiste en agregar tres servicios opcionales y suprimir dos servicios de la lista de servicios telefónicos locales a disposición del usuario en Texas.

Las adiciones propuestas al arancel del servicio telefónico local incluyen un Servicio Medido Local opcional según el cual todos los clientes residenciales y los clientes comerciales con línea única pagarían tarifas mensuales menores que la tarifa fija para servicios de línea única, con un cargo adicional por cada llamada completa efectuada desde ese teléfono, establecido según la hora, la distancia y la duración de cada llamada; así como un servicio local subvencionado de LIFELINE que estaría disponible para determinadas personas, según lo establezca la Comisión de Servicios Públicos. La tarifa mensual para el servicio de LIFELINE incluiría 25 llamadas mensuales con un cargo adicional por cada llamada en exceso de 25.

Se propone suprimir del arancel del servicio telefónico local las opciones de servicio medido de un elemento para clientes residenciales y clientes comerciales con línea única, pero esto no afectaría a los clientes actuales.

La compañía no espera que estos servicios adicionales produzcan un aumento de ingresos para Southwestern Bell Telephone.

Toda persona que desee intervenir o participar en el proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission Consumer Affairs Division, (512) 458-0223 o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para sordos.

## Farm & ranch receipts down

Texas farmers and ranchers, battling adverse weather and weak market prices, sold about \$10.2 billion worth of goods during 1983, down about \$160 million from the previous year. However, this volume of farm receipts enabled Texas to maintain its third place ranking behind California and Iowa. Livestock receipts totaled about \$5.7 billion last year while crop receipts reached almost \$3.9 billion. Another \$690 million came from related areas such as farm-based timber, horses, fish farming, hunting and fishing leases, and outdoor recreation. Overall, these agricultural receipts will have about a \$33 billion impact on the Texas economy, says an economist with the Texas Agricultural Extension Service, Texas A&M University System.
