

# War Refugees Stream Out Of Spanish Capital

## Employment Study Asked By Roosevelt

### Better Living, Working Conditions Advanced As Important Topics

WASHINGTON, Nov. 20 (UP)—President Roosevelt in a message has suggested to the business advisory council that it study further absorption of workers by private industry, improvement of living conditions through low-cost housing, and better wages and working conditions for industrial employees.

The suggestions were made public in a letter dated November 16, to Secretary of Commerce Daniel C. Roper.

Roper suggested the council make "early recommendations in accordance with the president's letter."

**Letter**

Mr. Roosevelt's letter said: "I feel that the work of the council in the study and solution of the problems which confront the government and business has been beneficial. I am deeply appreciative of the service the members have performed, necessitating many trips to Washington at their own expense, in addition to the sacrifice of time from their own personal affairs. This attitude symbolizes the type of cooperation essential to a continuity of the progress we are making.

"We will, I hope, pass into the next period of our administration by looking to a wise and a more equitable balancing of the inter-related segments composing our economic and social life." Mr. Roosevelt said. "To that end, the business advisory council can render definite service.

**Re-Employment Lags**

"Economic and social betterment hinges upon a continuous study of trends, such as are reflected in human thought and action of our society."

Roper told the council one of the most "obstinate problems" is that of absorption of workers by private industry.

"While more than 6,000,000 people have been re-employed since 1933, the ratio of gains in re-employment has lagged considerably behind other general economic improvement," Roper said.

**KBST Studio Offices Open**

Persons interested in appearing on programs asked to register

Offices of radio station KBST, in the Crawford hotel are now open daily from 9 o'clock in the morning until 5 each evening. Pending the arrival of J. F. Wilson, manager of KBST, Douglas Doan, talent scout, is registering applicants for auditions.

The transmitter building east of town is nearing completion and the concrete footings for the vertical radiator, or the antennae, have been poured and within the week will be ready for rigging of the steel tower.

Persons interested in appearing on the programs of KBST should register at the offices at the earliest possible date. They will then be called for auditions when installation of the studio speech equipment is completed.

KBST office telephone number is 1498. Persons desiring further information regarding talent auditions may call in person or telephone during office hours.

**Settlement Ends Railroad Strike**

BATON ROUGE, La., Nov. 20 (AP)—Governor Richard Leche announced today a complete settlement of the violent Louisiana & Arkansas railway strike.

Representatives of the four Brotherhoods walked out on September 19, asking more pay and better working conditions.

Leche said "an agreement has been reached settling all differences." Concessions were made by both sides.

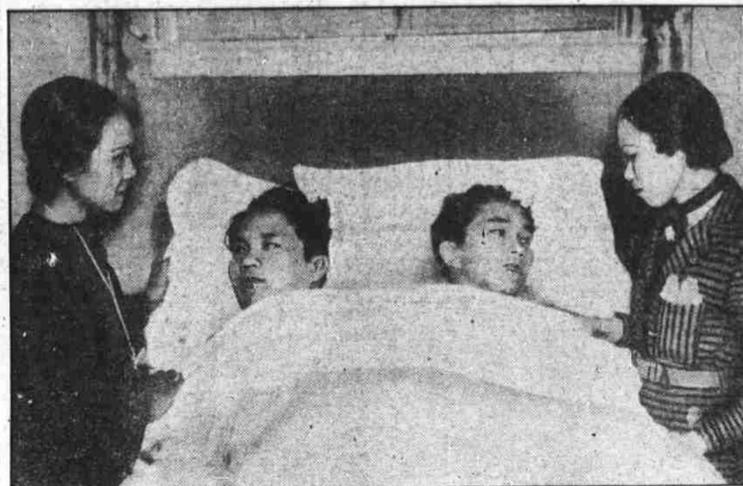

An unconfirmed report at Greenville said the railroad agreed to pay standard wages and striker representatives agreed to withdraw claims for back pay.

**13 STATES ASSURED OF DROUGHT GRANTS**

WASHINGTON, Nov. 20 (AP)—Farmers in "actual need" in 13 drought states were assured Thursday of continued aid through a plan agreed upon by the Works Progress and Resettlement administrations.

Under the plan, announced Wednesday night, the WPA will keep "as many employed on its projects as practicable depending on the weather conditions which will influence the continuance of the public projects."

## ONE OF SIAMESE TWINS ILL, OTHER IN GOOD HEALTH

Lucio Godino (right), is shown in bed at New York, but his Siamese twin brother Simplicio, in good health, also went to bed. Shown beside them are their vaudeville actors. (Associated Press Photo.)

## NO TAX INCREASE, SAYS SENATE FINANCE CHIEF

WASHINGTON, Nov. 20 (UP)—Chairman Pat Harrison of the senate finance committee said today there "absolutely would be no increase in taxes by the next congress and that the budget would be brought into balance during the next fiscal year beginning July 1.

The Mississippiian said tax revenues "are picking up far faster than had been expected," and that federal emergency expenditures would be curtailed enough to permit the balancing of the budget.

He predicted that congress would make no change in "basic principles" of the new tax on undistributed corporation surpluses, but said that "imperfections and inequities" would be corrected as soon as working so the law disclose them.

Harrison said he had not doubt that the tax was sound, having an influence in the recent wage increases.

Many of the nation's major corporations during the past few weeks have upped salaries, granted Christmas bonuses and declared extra dividends, pouring money into circulation on a scale not equaled in many years. The action was seen as one way of avoiding the tax on surpluses.

Harrison's assertion that there would be no new taxes follows up a similar statement made by President Roosevelt. He announced during the course of pre-election campaign that additional levies would not be necessary, pointing to increased revenues due to better business. Other government officials, including Treasury Secretary Morgenthau, have made similar statements.

**Test Case On Neutrality Is Before Court**

Chaco Resolution Titled Improper Delegation Of Power To President

WASHINGTON, Nov. 20 (UP)—Major aspects of President Roosevelt's neutrality program was "on trial" today before the U. S. supreme court.

The jurists studied a test case arising from the government's attempt to prosecute airplane manufacturers for alleged violations on the Chaco arms embargo. The federal court for the southern district of New York ruled the legislation improperly delegates power to the chief executive.

The case involves methods frequently employed in embargo legislation at a time when administration leaders are concerned with proposed changes in neutrality laws and international developments are placing emphasis upon this country's policies.

The government, requesting a review of the case, contended the present neutrality law, which the next congress is expected to revise, may be affected vitally.

In a brief filed by Martin Conboy, former United States attorney in New York who prosecuted the manufacturers, it was asserted that the delegation of power employed in the Chaco embargo resolution was similar to that adopted in 1794 permitting George Washington to declare embargoes.

Since then, the brief added, arms embargoes have been declared by several presidents.

The Chaco resolution was approved by Mr. Roosevelt May 25, 1934, and one the same day he issued a proclamation banning shipments of war materials to Bolivia and Paraguay. That proclamation was followed by a later substitute, indictment.

On January 27 an indictment was returned in the New York federal courts charging conspiracy to sell 15 machine guns to Bolivia. It named the Curtiss-Wright Export corporation, the Curtiss Aeroplane and Motor Co., Inc., the Barr Shipping corporation, John S. Allard, Samuel J. Abelow and Robert R. Barr.

The defendants filed a demurrer to the indictment charging that the resolution was invalid because it delegated too much power to the president. They also protested that the president had not lived up to the requirements of the resolution before drafting his proclamation.

The district court upheld the defendants on the first ground and the government appealed at once to the supreme court.

**LOCAL MEN ATTEND COLORADO MEETING**

Burma Barley, secretary, and Cecil Collins represented the Big Spring Lions club in a zone meeting of the organization Thursday evening at Colorado.

Clubs represented at the meeting were Big Spring, Colorado, Snyder, Hardin and Anson. Elmer Elliott, governor of district 2-T, came from Dalhart to address the gathering on "The Meaning of Lionsism."

**New Pension Office Open**

Sub-District Headquarters To Be Maintained At Tahoka

Establishment of a sub-district office in Tahoka to facilitate the taking of applications and re-investigation of age pension cases was announced today by George White, district supervisor for the state old age assistance commission.

White said that Carter Thompson, investigator for the northern part of the district, would be in charge of the sub-district office. Thompson, according to White, will be in the Lynn county office every Wednesday and will make his home in Tahoka. On Fridays he will be at Post to accommodate Garza county applicants.

Other sub-district offices may be designated later, declared White, as the case load is settled. He indicated there is no other section so certain of a fixed case load as the northern part except that the district headquarters cannot handle it amply.

Denials are increasing as re-investigation continues. Friday the district office announced 10 changes of status, most of them lowering of grants, and 22 point blank denials to applicants formerly receiving aid.

Most of the denials were based on ample income or support on the part of the applicant under the interpretation of the deliberated pension laws passed by the special session of the legislature.

**Generous Turkey Supply Means Thanksgiving Feast Should Cost Less**

A few acres to spare in turkey country went in the business. They've raised 20,000,000 birds, which, according to a national packing concern, is "too many." The market is glutted—but prices drooping.

You can get a handsome piece-of-resistance for Nov. 26 for anywhere from 20 cents to nearly 50 cents a pound, according to individual marketing quantities.

In New York, you may pay 33 cents, but the bird won't yield so easily to the fork as the 37-centers. Next week, prices may drop to 26 cents, but if you want a real de luxe, Cape Cod cranberry "hamburger" you'll have to pay 48 cents a pound at the fancy stores.

Chicago's wholesalers won't set their prices until Sunday, but best prices are expected to be in the neighborhood of 25 cents a pound.

A lot of producers made a neat profit last year, so everybody with

**Gobblers Bigger, Better And Cheaper**

CHICAGO, Nov. 20 (UP)—Set out the cranberry jelly and peel those pumpkins, you Thanksgiving day epicures, because there will be a generous supply of turkey drumsticks to polish off next Thursday.

America's traditional feast table bowed by the weight of 15,000,000 turkeys last year, will actually sag with 20,000,000 of them this year.

In all parts of the country—coast to coast—farmers, butchers and "middle-men" told the United Press today the supply of gobblers is "bigger and better."

And—best news of all—they don't cost as much as last year.

A lot of producers made a neat profit last year, so everybody with

**PRICE 5 CTS. A POUND UNDER LAST YEAR**

WASHINGTON, Nov. 20 (UP)—Thanksgiving dinners—turkey and trimmings—will cost less this year, the bureau of agricultural economics informed American households today.

Turkey prices will be about five cents a pound less than last year, a fact which has caused the federal bureau of investigation to inquire into charges of conspiracy to force gobblers prices down.

The FBI investigation was instituted after Attorney General Homer Cummings and the agriculture department received hundreds of telegrams from turkey growers complaining that prices were so low it would be unprofitable to ship the fowl to market.

The bureau of agricultural economics reported savings on this year's Thanksgiving dinners will not result entirely from low cost of turkeys. Prices of many other foods usually eaten on the holiday also will be lower than in 1935.

Chickens are down about three cents per pound. Ducks and geese are slightly under 1935 prices.

Cranberries, the bureau said, will be relatively high this year, possibly slightly more expensive than a year ago. Apples are more costly than in 1935 but oranges and grapefruit are cheaper.

Potatoes are considerably more expensive than a year ago because of the small late crop, the bureau said, and will sell about 80 per cent higher than in October, 1935.

## Uniform Plan Of US Lending Is Advocated

### Farm Program For Drouth Area Is Outlined By Marvin Jones

DALHART, Nov. 20 (AP)—Plans for a co-ordination of federal lending agencies were presented at the final session of hearings here of President Roosevelt's Great Plains drouth committee. The committee concluded its conference here and prepared to move to another section of the Great Plains.

Virtually every delegation appearing before the committee urged more uniform lending policies for the various federal farm loan organizations.

Group conferences with representatives of Texas, New Mexico, Oklahoma, Kansas and Colorado were held by Morris L. Cooke and L. C. Gray, members of the committee.

A deferred grazing program suggested by a group of Northwest Texas Panhandle ranchers was endorsed by branches from the North-eastern Texas Panhandle and Oklahoma.

The Texans proposed the federal government should pay benefits not to exceed 50 cents an acre per year to ranchmen retiring grasslands from grazing as a move to rebuild the range.

Cong. Jones Presents Plan

An integrated farm program for the drouth area, with administration in the hands of the farmers themselves, was outlined by Congressman Marvin Jones of Amarillo, chairman of the agriculture committee in the 75th congress.

Congressman Jones sent the outline to the meeting in Dalhart. He was unable to attend because of illness.

His six-point program was:

First, building of earthen dams on the draws and small streams and in drouth areas to further water conservation.

Second, approval of small irrigation projects in counties where sufficient water supply is shown to be available.

Third, simplifying of the farm program with a large share of responsibility of administration in the hands of county and community committees selected by farmers.

Fourth, adequate provision for low interest farm credit.

Fifth, a farm tenant bill to encourage owner-operated small farms in all sections.

Sixth, an adequate range conservation program as a part of the soil conservation service plan.

**Dallas Bank's Bid Accepted On Warrants**

To Pay State's Half Of Pension Bonds At Cost Of 1.9 Pct. Interest

AUSTIN, Nov. 20 (AP)—The board of control yesterday awarded a contract to handle interest bearing old age pension warrants to the Republic National bank of Dallas, subject to approval of the social security board.

The bank was low bidder among four, offering to pay the state's half of the warrants at a cost of 1.9 per cent interest to be paid when funds from new tax levies become available.

The plan agreed to tentatively by the board, which acted as the old age assistance commission, was to have the state treasury request banks over the state to clear the \$8,000,000 or more small checks through the Republic National to which the treasurer immediately would remit federal match money.

A representative of the treasurer will remain at the bank to pass on endorsements and stamp them to the effect that one-half on their value has been paid.

As soon as new revenue becomes available, the treasurer will call in the checks and pay off the remaining half with state funds.

Interest will stop when they are called.

The \$3,000,000 loan was authorized by the last called session of the 45th legislature. Stipulated in the act is that the money borrowed for such purpose shall not exceed \$3,000,000; shall not extend past March 1, 1937, and shall not bear interest in excess of 2-1/2 per cent. Bids must be approved by the state banking board.

The borrowed money will be used until funds accrue from the new "omnibus" taxes levied in the new state old age assistance act.

Bids received were:

The Republic National bank, Dallas, 1-90-100 per cent.

The Merchants National bank, Port Arthur, one per cent.

The American National Investment company, Galveston, 2-20-100 per cent.

The First National bank, Dallas, 2-1-2 per cent on first \$750,000; 2-1-4 per cent on next \$750,000; 2-1-4 per cent on next \$750,000.

**HEAVIEST STOCKS OF CHRISTMAS GOODS IN YEARS NOW ON HAND**

DALLAS, Nov. 20 (AP)—The heaviest stocks of Christmas merchandise in years burden the shelves of Texas stores this fall, bringing a corresponding lightening of the heart to businessmen in all parts of the state.

Merchants from the Panhandle to the piny woods and from the Gulf to the Red River glowingly anticipate the best holiday business since 1928. Increased wages in many types of employment, more jobs, and a generally improved mental outlook were variously assigned as causes for the general optimism.

**FEDERAL FUNDS FOR PENSIONS RECEIVED**

AUSTIN, Nov. 20 (UP)—A check for \$840,000 reached Austin yesterday as the federal government's share in the November old age assistance payments, the Texas old age assistance commission announced.

Checks will be mailed at once to 87,756 pensioners totaling \$1,565,298. Checks are being turned out at the rate of 20,000 an hour, the commission reported.

November checks were delayed because the new, stricter law which changed the administrative set-up of the assistance program in Texas had to be approved by the federal social security board.

**UNION SERVICE ON WEDNESDAY**

Annual Thanksgiving Worship Will Be At Methodist Church

The city's annual Union Thanksgiving service will be held next Wednesday evening at 7:15, at the First Methodist church, it was announced today by members of the local ministers' organization.

Rev. Grady Anderson, pastor of the Wesley Memorial Methodist church, will deliver the sermon. Music will be under direction of Mrs. G. N. Crosthwait, and choirs of the several churches will combine their talents for the song service.

The Union service, sponsored by all local churches, has become a traditional part of Thanksgiving observance in Big Spring.

Leaders of all church organizations in the city will announce the meeting at Sunday services. The public is urged to attend.

**LONDON WILL CONFER ON GOP SITUATION**

TOPEKA, Kas., Nov. 20 (UP)—Gov. Alf M. Landon will discuss future policies of the republican party in a week-end conference here with Gifford Pinchot, former governor of Pennsylvania, and William Allen White, Emporia, Kas., publisher, it was learned here today.

**PRINCE ALFONSO IS VICTIM OF THE WAR**

LONDON, Nov. 20 (UP)—Prince Alfonso of Bourbon-Orleans, son of the Infante Alfonso of Spain, who joined the Spanish fascist air force, was killed in a forced landing near Madrid, it was announced by a friend of the family today.

**Weather**

## PEGGY PLANS FIFTH MARRIAGE

Peggy Hopkins Joyce, four times a bride, plans another wedding in the spring, this time to Vivian Jackson, 20-year-old gentleman jockey, shown with her. The announcement was made at Cranleigh, Eng., as it became known she had been cited as co-respondent in a divorce suit brought by the wife of her husband-to-be. (Associated Press Photo.)

**STORK DERBY BEQUEST UPHELD BY COURT; JUDGE WILL DECIDE ON DISTRIBUTION OF MONEY**

TORONTO, Nov. 20 (AP)—Justice W. E. Middleton, in a decision upholding the validity of the "stork derby" clause of Charles Vance Millar's will, today ruled that the \$500,000 prize was intended for "the mother of legitimate children only."

The disputed clause, providing a fortune for the mother in Toronto who bore the most children in a ten-year period which ended October 31, has been attacked by relatives of the wealthy, eccentric Canadian.

Seventeen mothers competed in the derby which wound up in a welter of lies, conflicting claims and accusations.

The judgment ruled against the claims of relatives who contended the baby race was against public policy. Later, Justice Middleton will hear evidence on the claims of leading mothers and will direct executors of the will as to the distribution of money.

His ruling apparently eliminated at least one woman who had admitted that several of the children she listed in the contest were born while she was living with a man who was not her husband.

No one until yet knew who would be the winner of the half-million dollars, so confusing are the claims and so contradictory the records.

Six women apparently are in a tie, each claiming nine children, each properly certified.

**Union Service Funds Ready For WPA Work**

District Has Reserves To Finance All Projects During Month

WPA district No. 18 will not be forced to turn off any workers during November due to lack of funds to finance projects, District Director E. H. McNew said today.

A check of the finance department showed that there are ample reserves to care for all projects to the end of the month when new allotments are forthcoming.

A majority of the districts in the state have been turning away workers temporarily because of an exhaustion of federal project funds. In Tarrant county 2,300 had to be let out.

During the cotton picking season this district has continually under-run its quota and has thus built up substantial reserves.

At the present time there are 31 projects underway involving some 40 off units and around 900 workers. These figures do not include federal projects such as emergency education, listing of farm mortgages, and the writers' projects.

**Govt. Claims Its Defenses Still Intact**

MADRID, Nov. 20 (AP)—A steady stream of men, women and children left Madrid's danger spots today under urgent orders to evacuate the areas of heavy fascist land and aerial bombardment.

Rains forced a let-up in the fighting and gave the refugees an opportunity to take new quarters.

The government said its defense lines were intact after a fortnight of siege in which it has repulsed infantry and cavalry attacks.

**More Bombings**

The death toll from fascist bombings was said to be in "the hundreds."

Fascist aerial bombs struck in the heart of the city yesterday, partly wrecking the postoffice, the Central bank and an ornate palace, once the home of the Marquis of Linares. Crowds in the postoffice were sliced down by shrapnel from the exploding bombs, and unestimated numbers were killed.

To front of the building was ripped apart, and windows shattered. There was an unconfirmed report that one of the bombs crashed through to the main floor of the building.

Two street cars were jerked into the air by force of the fearful explosions in Cibeles Square, near the postoffice.

The crowded strap-hangers in the cars were cut down by the shrapnel. Most of them were believed killed.

**Palace Damaged**

Diagonally across from the postoffice, the palace of the marquis, more recently used as a government barracks, was partially torn down by another bomb.

A third bomb, apparently aimed at the nearby war ministry, crashed through several floors of the Central bank, formerly the Banco Del Rio de la Plata.

From Rome, a warning was given to Russia that Italy will not tolerate "a new center of the red revolution" in the Mediterranean area, the warning emphasizing that any such attempt would result in the anti-communist "defense" of Italy, Germany and Japan moving from a passive to an active state.

**Fascists Prepared To Destroy Barcelona Port**

LONDON, Nov. 20 (AP)—The Spanish insurgent government is prepared to destroy the port of Barcelona if necessary, to cut off war supplies to the socialists, Foreign Secretary Anthony Eden told the house of commons today.

He said the information came directly from the insurgent administration of General Francisco Franco, and apparently was in answer to British demands of "declared intentions" on the reported Barcelona blockade.

Eden said the communication charged that the "real nationality" of most ships carrying supplies is "Russian and Spanish."

**Liquor Revenues For Past Year Are Over Five Million**

AUSTIN, Nov. 20 (UP)—Texas' year-old state liquor control board today released figures showing that it has collected \$5,726,796 in its first year of existence.

Districts in the counties was more than \$100,000 in fines paid by law violators.

Liquor Administrator Charles R. Miller said purchasers of excise stamps paid \$3,988,454. From permit fees came \$748,242. Sheriff's sales of confiscated liquor accounted for the rest of the revenue.

The enforcement division filed 2,841 cases. Cases pending Nov. 1 numbered 1,321. Sixty violators drew jail terms. The state board assisted federal officers in 295 cases and took part in destruction of 170 stills.

Forty permits have been revoked.

**Weather**

Around And About

The Sports Circuit

By Tom Beasley

SUCH ALL-Southwest conference indications as are floating around agree on two players, at least. Sam Baugh of TCU and Joe Rount of A&M have a backfield spot and one guard pretty well sewed up. A few of the other well-backed candidates are Wells and Ronch of TCU and Morrow of A. & M. at end, Parry of Baylor, Van Sickle of Arkansas and perhaps ELLIS of TCU at tackle; Scottino of SMU at guard; Reynolds of Baylor, DeWare of A. & M. and perhaps Aldrich of TCU at center; along with a host of backs.

Besides Baugh, there is Russell of Baylor, Finley of SMU, Robbins and Rawlings of Arkansas, Friedman of Rice, Wolfe of Texas and Vitok and Todd of A. & M. That's by no means a complete list, but nine or ten of the composite all-conference team will probably be found on it.

Another thing of the same nature, the Houston Post trophy to the most valuable player to his team in the conference, looks like a strictly one-horse race, with Baugh the horse.

Joe Rount of the Aggies has been getting consideration and Lloyd Russell of Baylor is mentioned, along with a fair number of others, but Baugh is the guy, without question. The Frogs are nothing much more than an average ball club. With him, they are as good or better than anything in the conference.

Voting him the most valuable man to his team in the nation wouldn't be straining the facts, nor would ranking him the best passer in the country.

LOCAL WRESTLING promoters have given up hope of getting Jim Braddock here for a grapple show. They were unable to get a building at a reasonable price.

OBIE BRISTOW is back from a trip around the country. He saw a number of the Big Ten teams play, and said they had the poorest quarterbacking he had seen in many years. "They didn't look as good as our high school teams," Obie commented.

HIGH SCHOOL was dismissed at 11 o'clock this morning to allow students to attend the Big Spring Abilene football game.

DEVILS WIND-UP SEASON WITH LOSS TO COLORADO

MITCHELL 11 TAKES GAME, 13-0

COLORADO, Nov. 20.—Pushing across a touchdown in the second quarter when Miller took a pass across and adding another in the third period, the Colorado Wolves handed the Big Spring Devils their second licking of the season here Thursday, 13-0.

Red Cunningham, dreadnaught of the Daniels' secondary, gathered in a Colorado kickoff after the first Wolf touchdown had been scored and raced some 80 yards for a score but the play was called back and Big Spring penalized when a Devil was charged with clipping. Cunningham left the game in the third quarter when he received a charity horse and the Big Spring eleven lost their biggest threat.

The second Colorado touchdown came as a result of a short pass.

Hi School Card

The week's schedule by districts: 1-Friday: Plainview at Pampa (district); Amarillo at Borger (district); Lubbock at Clovis (New Mexico). 2-Friday: Olney at Childress (district); Sweetwater at Breckenridge (district); Cisco at Eastland (district); Ranger at San Angelo (district); Big Spring at Abilene (district).

3-Friday: Ysleta at Bowie (El Paso); Austin (El Paso) at Albuquerque (New Mexico); Fabens at Hot Springs (New Mexico). 4-Friday: Bonham at Galveston (district); Sherman at Paris (district).

5-Friday: McKinney at Sulphur Springs (district). 6-Friday: Stripling (Fort Worth) vs. Paschal (Fort Worth); Friday: Masonic Home (Fort Worth) vs. Polytechnic (Fort Worth). 7-Friday: North Dallas vs. Woodrow Wilson (Dallas), (district); Saturday-Dallas Tech vs. Sunset (Dallas), (district); Adamson (Dallas) vs. Forest (Dallas), (district).

8-Friday: Kilgore at Tyler (district); Marshall at Longview (district); Vocational (Fort Worth) at Gladewater, Jefferson at Texarkana. 9-Friday: Lufkin at Jacksonville (district); Henderson at Athens (district); Palestine at Mexia (district).

10-Friday: Waxahachie at Hillsboro (district); Cleburne at Corsicana (district); Brownwood at Waco. 11-Friday: Austin at San Antonio (district); Harlandale (San Antonio) at Kerrville (district).

12-Friday: Jeff Davis (Houston) vs. San Jacinto (Houston), (district). 13-Friday: Orange at Goose Creek; Saturday: Galveston vs. South Park (Beaumont) at Houston (district). 14-Friday: Raymondville at Laredo. 15-Friday: San Benito at Donna, McAllen at Weslaco (district); La Feria at Pharr-San Juan-Alamo, Brownsville at Edinburg (district).

Fishing is one of Florida's biggest tourist attractions. A survey showed that about \$500,000 a year is spent in Miami alone for tackle.

Tide Cleans Up By Adding Extra Points

Joe Kilgrow Of Alabama Prays And Then Kicks For The Point

TUSCALOOSA, Ala., Nov. 20 (AP)—Joe Kilgrow of Alabama prays and then kicks... and usually makes that point after touchdown.

In 21 tries from placement this autumn the stocky Crimson half-back has sent the ball sailing between the uprights 16 times. Fans marvel at his accuracy in a season when so many kickers are missing.

Practice And Prayer But "Smiling Joe" knows the secret. He says back of each kick are long hours of practice.

Then, with a note of sincerity, he adds: "and before each kick I ask the Lord to help the ball over."

Kicking extra points is Kilgrow's specialty, but he also "goes to town" for Alabama in the open field. He has crossed the opponent's goal line many times and is considered a good passer and blocker.

Riley Holds Pigskin Kilgrow started kicking from placement in his Sidney high school days when he and Leroy Monsky, 'Bama guard, were teammates.

Joe Riley, who holds the ball for the placements, and Kilgrow are Alabama's nominees for all-American.

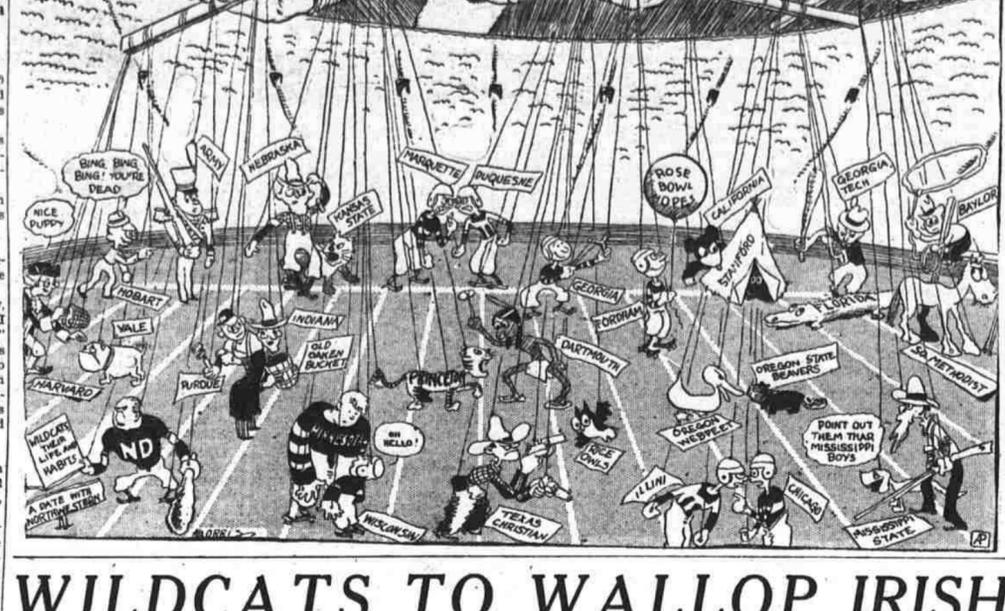

Kilgrow's home is at Montgomery, Ala. He is a junior... chews gum continuously during a game. He doesn't participate in any other collegiate sport... and weighs 172 pounds.

SW Football Games To Be Broadcast Saturday

With only three more weeks of Southwest Conference football competition left on the calendar, the race for the championship is extremely close, with almost any sort of tie possible.

Saturday's games between Baylor and Southern Methodist and between Texas Christian and Rice are scheduled to knot the race into even more tangles or go a long way toward unraveling the situation into a straight line leading to only two or three championship possibilities.

The Pigskin Panorama

WILDCATS TO WALLOP IRISH

But Experts Giving Notre Dame A Chance

NEW YORK, Nov. 20.—Strange as it seems, there are several of the so-called experts who are picking Notre Dame over the Wildcats this week-end in their annual game at South Bend, Ind., despite the fact that the Evanston team is rated as top from coast to coast.

It is puzzling, since Northwestern has succeeded in defeating the greatest teams in the country, including the heretofore high-riding Minnesota Gophers. The Wildcats earned a 6-0 victory in the mud over the National champions and would probably have scored at least once more on a dry field, because they were really keyed up for the affair.

The Cats have suffered a let-down through the last two games, outscoring Wisconsin, 26-16, and Michigan, 9-0, but they were looking forward to closing out the season successfully against the Ramblers and should take this one by two touchdowns.

Other standout games in the middle west include the Chicago-Illinois affair in Chicago, the Nebraska-Kansas State game in Lincoln, Ohio State and Michigan in Columbus, Purdue and Indiana in Lafayette, and Wisconsin and Minnesota in Madison.

Illinois is the favorite over Chicago; Nebraska should take Kansas State and the Buckeyes rate over Michigan, but there may be a surprise here; Purdue is the choice in the Indiana game and Minnesota will close out the season with a win.

In the east, Fordham, the hot shot to go to the Rose Bowl, has to hurdle Georgia in the Polo Grounds, but the Rams, with Piau, Maute, Paquin, Frank, Pierce and Wojciechowitz working together, should trample the visitors.

Pittsburgh is the scene of an all-important clash between the mighty Golden Avalanche of Marquette, undefeated and untied, and still bidding for a New Year's date, and the Nighthawks of Duquesne, classic upstarts of the year.

Varsity Coach Was Never In Game

MILWAUKEE, Nov. 20. (UP)—Coach Frank Murray of the great Marquette university football team is a mild-mannered man whose most pungent expression is "holy cow" and who never played football in his life.

Yet in 15 years as head coach of the Hilltoppers Murray has established himself as one of the outstanding Midwestern mentors.

A relatively small school—2,500 undergraduates—Marquette has struggled for football recognition. Gradually its gridiron schedules have been strengthened, first with the resumption of contests with the University of Wisconsin and then with other major teams such as Northwestern and St. Mary's, until this year Murray's team received national recognition.

First Year Record Perfect In 1922, the first year he took over the job as chief coach, Murray's team was undefeated. His 1923 team had another clean record and the 1930 squad was undefeated. Teams of 1931 and 1935 lost only one game each. During 15 years his teams have won 89 games, lost 30 and tied six. They scored 2,064 points to an even 700 for their opponents.

Marquette fans attribute the success of their university's eleven to Murray and the athletic council's policy of demanding only that coaches do their best with available material and not insisting on all victories.

The bespectacled Hilltop coach is 31, a native of Maynard, Mass., and a graduate of Tufts. Before becoming a high school coach in New England Murray tried newspaper work on the Springfield (Mass.) Republican.

Formerly Basketball Coach Murray's only college coaching assignment before coming to Marquette in 1919 as basketball coach, assistant in football and professor of economics, was at St. Viator in Illinois. In 1922 he took over the head football coaching job at Marquette. Today he is second only to Bob Zuppke of Illinois in seniority among major Midwestern coaches.

In contrast to Murray is his line coach, John L. Tarzan. Taylor, former Ohio State all-American, has coached practice to training his line-men's vocal cords by having a chorus director lead them in singing. Other times he has had a dancing instructor demonstrate dance steps to teach them rhythm.

"It's not so crazy as it sounds," says Taylor. "They go into games mentally relaxed."

District 7B Teams Swing Into Action

Midland Faces Strong Opponent This Afternoon In Monahans Lobos

District 7-B football teams go into action today, the league leading Midlanders facing a strong opponent in Monahans this afternoon, a big team that has been slow in getting started.

The Lobos are given a good chance of upsetting Dutch Baumgartner's team. Midland is booked in its final game Thursday with Odessa at Midland. Odessa is also capable of throwing the circuit in a two-way tie with Midland and winner of the Wink-Pecos tilt Thanksgiving.

The only other game of the week-end the lowly Stanton Bulldogs will be at Pecos tonight. It will be a breather for the once-beaten Eagles of Coach Buddy Withers. "Barefoot" Kelton is expected to do a lot of healing in this warm-up. A Wink will rest for the Thanksgiving game at Pecos; Crane, Kermit and Odessa show open dates.

### Accessories And Accompaniments Add Zest To Turkey Day Feast

By MARTHA LOGAN  
Well, how is the menu for your Thanksgiving dinner coming along? Do you have your favorite recipe for cranberry sauce on hand? I hope the turkey is ordered, and I'm wondering, are you going to stuff it with pork sausage this year? If the turkey is a chicken, sausage stuffing is good too. Or just plain bread stuffing is mighty fine.

My mother used to cut the bread in cubes. She would brown these bread cubes in the oven with plenty of butter, stirring so that the bread would dry thoroughly. Then she would roll the giblets and a piece of the fat from the chicken until they were tender. When cool enough to handle, the giblets were chopped and added to the bread, and the whole seasoned with salt, pepper, and sage. Then the broth from the giblets was poured over this. The fat was usually augmented by the addition of melted butter and milk was used to make up any deficit in liquid. Part of this dressing was used to stuff the chicken, but there was always more than enough for that and the remaining dressing was put into a well-buttered pan and put in the oven until it was crispy and brown on top. You can even steal a bit of fat from the chicken if you wish and baste the pan of dressing with it. The dressing baked in the pan is, some people think, much better than that baked in "biddy," for it is not so compact and the buttery crisp edges of the bread cubes have a delicious way of crunching in a manner most satisfactory. Try it and see.

But dear me, my subject for today is Accompaniments and Accessories to the Thanksgiving Dinner and not chicken stuffings. Accompaniments is a nice word and explains itself. Accessories well there is nothing wrong with the word, it just reminds one of those little extras, that are so good but which one eat when one has already had quite enough. The nuts and raisins and candy.

### Question About CARDUI

PERIODICAL PAINS  
"Why do so many women take Cardui for functional pains of menstruation?"  
Each dose of Cardui contains a purely vegetable sedative and antispasmodic—that is, a pain-relieving and cramp-relieving medicine that is especially effective at monthly periods.  
This fact about Cardui (that it helps to relieve many of the ordinary functional pains of menstruation with a beneficial plant extract, not habit-forming, not objectionable to take) is greatly appreciated by thousands of women. They recommend it to others.  
Cardui is purely vegetable, liquid in form, and comes in 9-ounce bottles, with full directions for use. Try it! Of course, if it does not benefit YOU, consult a physician.

### Services Churches Topics

#### CHRISTIAN SCIENCE SOCIETY

Services Sunday 11 a. m., Settles hotel, room 1.  
"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, November 22. The Golden Text is: "The light of the body is the eye: if therefore thine eye be single, thy whole body shall be full of light" (Matthew 6:22).  
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "We know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens" (II Corinthians 5:1).  
The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man's individual being can no more die or disappear in unconsciousness than can Soul, for both are immortal. . . . Nothing can interfere with the harmony of being, and the existence of man in Science" (page 427).

FIRST METHODIST  
Alonso Bickley, Pastor  
Sunday school, 9:45 a. m.; Pascal Euckner, general superintendent.  
"Preaching, 11 a. m., and 7:30 p. m."  
Morning subject: "Always Thankful." The choir directed by George Crosswhite will render the anthem, "Seek Ye the Lord."  
At the evening service at 7:30 p. m., Rev. C. N. Norton of Mexico will preach. A live zone service will be directed by L. B. Clough. The young people will meet in their groups at 6:30 p. m.  
A big welcome awaits you at these services.

ST. MARY'S EPISCOPAL  
F. Walter Henckell, Rector  
Regular services will be held Sunday at St. Mary's Episcopal church. Morning prayer and sermon will be the order of service at 11 a. m. The choir will present their Thanksgiving music and the rector will deliver a sermon in keeping with the season.  
Church school will meet as usual at 9:45 a. m.  
There will be no Thanksgiving Day services at this church. Members are urged to attend the Union service Wednesday evening at 7:45 at the Methodist church.  
Visitors are cordially invited to worship at St. Mary's.

FIRST PRESBYTERIAN  
D. F. McConnell, D.D., Pastor  
Sunday School 9:45.  
Morning worship 11. Subject—"The Greatness of Salvation."  
Evening worship 7:30. Subject—"Which Way?"  
Y. P. Vespers 6:30, W. H. Crenshaw, leader.  
The Men-of-the-Church will meet for their monthly inspirational meeting at 7 p. m. Tuesday, November 24. Interesting program, good fellowship and a turkey dinner.  
Wednesday evening at 7:45 we will attend the Union Thanksgiving Service at the First Methodist Church. Let's all come and give thanks to God for a year's blessings.  
The Jubilee Church Attendance Campaign continues to grow in interest and attendance. All, always welcome.

SONG SERVICE  
Regular fourth Sunday afternoon song service will be held at the Tabernacle at Fourth and Benton streets Sunday, the program beginning at 2:30.  
All singers and classes are invited to come and bring their books. The public is cordially invited to attend.

### Rotation Of Grazing Land Is Proposed

#### Ranchers Recommend 4th Of Pasture Be Kept Out Of Use

DALHART, Nov. 20 (UP)—Cattle ranchers from five southwestern states recommended today that not more than 75 per cent of the grazing land in the section be used at any one time.  
The proposal for giving the land a rest was among the suggestions made to President Roosevelt's Great Plains drouth committee and farmers and ranchers interested in conserving the soil in the country that has come to be known as "the nation's dust bowl."  
Under the plan a fourth of the grazing land would be "resting" while by rotating idle sections, it was said, the soil would be kept fertile.  
The government, under the proposal, would pay the ranchers prevailing lease prices for the land taken out of use, at a rate not to exceed 50 cents an acre, and would have authority to ration grazing, it was explained by O. H. Finch, a Dalhart cattleman.  
Several farmers who appeared before the committee earlier urged that some form of crop insurance be devised by the government.  
At its hearing the committee also heard recommendations that administration of the government's farm program be placed in charge of practical farmers who knew conditions in the territory they supervised.  
"Let the government put men in

charge who know the problems," Julius Cox of Boise City, Okla., a member of the Oklahoma legislature, urged.  
"Don't send out men from agricultural colleges, with misplaced eyebrows on their upper lips, who don't know anything about condi-

tions." Other speakers also urged that local officials or committees be given more power to determine farming practices, maintain constant supervision over all the land to prevent wind erosion, and be permitted to work out individual

farm problems. The committee, headed by Morris L. Cooke, chairman of the Rural Electrification Administration, and made up of farm experts, sociologists, and engineers from half a dozen government departments, concluded its hearing here. It will

hold another hearing in Bismarck, S. D., on drouth problems in the northern part of the Great Plains country.

Artist Goes Over Big SANTA CLARA, Calif., Nov. 20 (AP)—After the Auburn-Santa Clara football game, Howard Brodie, newspaper artist, went into the dressing room to line up some sketches. Several Auburn players came in to congratulate the winners and without exception they shook hands with Brodie and told him what a fine game he played.

## Plans For Christmas Program, Membership Contribution Made By North Ward P.T.A.

Plans were made for the Christmas program and a discussion was held on the group's contribution to a local worker's life membership at the Thursday afternoon meeting of the North Ward Parent-Teacher association.

Mrs. James T. Brooks, president, announced there would be a special program for the Christmas meeting which will be held on December 17 in the evening at the school building. At this time all mothers and fathers are to be invited to the affair. Members discussed making a contribution toward the general fund being collected by the P.T.A. groups of the city to make some local worker a life member of the state organization.

The program of the afternoon was given by Mrs. George Long's third grade students who presented an instructive Thanksgiving playlet dressed as Pilgrims and Indians. Mrs. Long's room also won the attendance prize for the greatest number of mothers present.

Those registered were Mrs. Charles Kelsey, Mrs. Belle Black, Mrs. Harry Adams, Mrs. John W. Pike, Mrs. M. Allison, Mrs. Roy C. Hester, Mrs. J. L. Garver, Mrs. David Sisson, Mrs. Levi Robinson, Mrs. H. E. Howie, Miss Milton Powell, Miss Luella Simons, Mrs. Roy Lee, Mrs. D. P. Thompson, Mrs. T. A. Morris, Mrs. A. Jackson, Mrs. H. R. Dickery, Mrs. Claude Lane, Mrs. W. S. Garnett, Mrs. C. R. Bird, Mrs. H. W. Dearing, Mrs.

## Florence Read Affair Slated For Tonight

### Settles Hotel To Be Scene Of Reception And Banquet

Finishing touches were being added to the banquet tables and last minute arrangements were being made as time drew near for the annual Florence Read banquet that will be given this evening by the Order of Eastern Star of District Two.

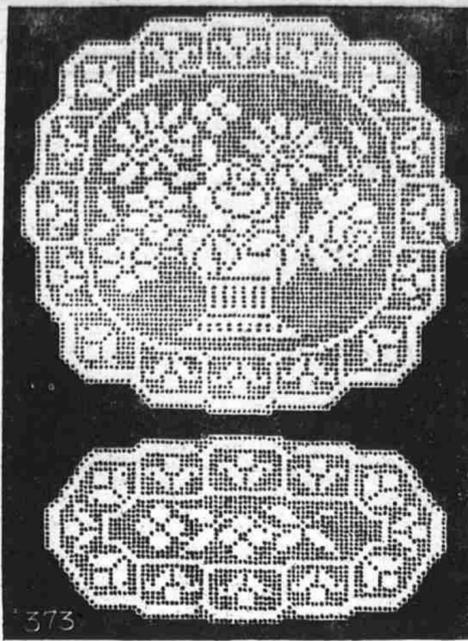

Proceeding the banquet a reception will be held in a club room of the Settles hotel to honor the grand officers who will also attend the school of instruction scheduled to begin Saturday.

A luncheon at the Settles and a buffet supper at the home of Mrs. Bernard Fisher tomorrow evening have been planned as entertainment features for the state officials between school sessions.

Mrs. Bernard Fisher, chairman of banquet arrangements, together with Mrs. C. A. Murdock, local worthy matron, are in charge of ticket sales and arrangements for plates may be made through them.

Mrs. H. E. Dunning will direct arrangements for the school of instruction. At the school Mrs. C. A. Murdock and Mrs. Viola Bates will

## Three Piece Buffet Set

By RUTH ORR  
Pattern No. 373

What are you planning for holidays? If there's to be a New Year's Eve party or maybe a supper party, how will your buffet look? If you start now, you can finish this charming buffet set and feel quite satisfied with the effect on the night of your party. It is made to match our No. 322, which is a large oval centerpiece about 34 by 19 1/2 inches. They are both in filet with a pattern of a flower basket and the same border at the edge.

The buffet set is crocheted in mercerized crocheted cotton No. 30; this makes the center of the set measure about 18 by 14 inches and the end pieces about 8 by 14 inches.

The pattern envelope contains complete, easy-to-understand illustrated directions, with diagrams to aid you; also what crochet hook and what material and how much you will need.

To obtain this pattern, send for No. 373 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. If you want the popular centerpiece pattern to match this, order No. 322 also and enclose 10 cents more. Address Big Spring Herald, Needlework Department, P. O. Box 200, Station D, New York, N. Y. (Copyright, 1936, by The Bell Syndicate, Inc.)

## GIA's Have Social To Honor Members On Anniversaries

Honoring four of their members whose birthdays occurred during the week, members of the Grand International Auxiliary held a birthday social at the W.O.W. hall Thursday afternoon and also initiated a new member.

Honorees of the day were Mrs. Walter Bird, Mrs. Zach Mullins, Mrs. Dee Orr and Mrs. J. N. Cowan, and Mrs. H. E. Mosely was initiated with Mrs. Charles Koberg acting as guide.

A Thanksgiving motif was used in the refreshment plate served to Mrs. Lamar Smith, Mrs. L. L. Freeman, Mrs. R. L. Rogers, Mrs. C. J. Redwine, Mrs. Max Wiesen, Mrs. R. L. Schwarzenbach, Mrs. D. Orr, Mrs. Charles Koberg, Mrs. A. R. Kavanaugh, Mrs. H. E. Mosely, and C. J. Redwine, Charles Koberg, J. N. Cowan, and A. R. Kavanaugh, who joined the ladies at the affair after the initiation.

## Reading And Writing

By John Selby

With the best intention in the world, I started out to read John Cowper Powys' "Maiden Castle," and bogged down. The farther into "Maiden Castle" you go, the more apparent it becomes that Mr. Powys is writing two books in one; a kind of speculative treatise about the ancient remains of England, and a terribly involved novel about a strange group of characters.

His hero is a historical novelist. Concerned also are a girl from a circus, the hero's natural father, the latter's younger wife, a cloud painter named Thuelia, a communist who also is a philanthropist (obviously a contradiction), a young fascist, and so on. There are plots and counterplots, speculations and counter-speculations. The Powys fans will delight in the melange and the others will pass on.

Perhaps pass on to Mignon G. Eberhardt's "Danger in the Dark," the story of a girl who ran away from the man she didn't love but was going to marry, to see the man she did love but was not going to marry. A swift mystery novel, and a good one.

Or perhaps they will pick up Don Marquis' "Sun Dial Time." Marquis created the "Sun Dial" you may recall, which still runs in the New York Sun, but under a different captain. This book is not a collection of pieces from that column, but a collection of skits—all them short stories or what you will. And they are full of that strange irony which has been the Marquis trademark these many years.

And there might be Webb Waldron's charming, at times almost comic, "Uncharted." Mr. Waldron is telling of the influence of a south "Unequal to Song." This is another Cajun novel, written with considerable bitterness, yet with perfect truth. The people are firm in their flesh, their talk is strangely honest, and Mr. Martin has been done enough to include a number of situations from life, not from the novelist's box of tricks.

And if the darker things of life appeal, there is Charles Martin's "Unequal to Song." This is another Cajun novel, written with considerable bitterness, yet with perfect truth. The people are firm in their flesh, their talk is strangely honest, and Mr. Martin has been done enough to include a number of situations from life, not from the novelist's box of tricks.

## DIRECTOR

Mrs. M. E. Tatum, who has accepted the directorship of the Cactus Night Club which has recently been organized.

## Seal Sale Preparations Near Completion; Will Be Released On Thanksgiving Day

### M. E. Tatum Hosts To Cactus Members For Night Party

Mr. and Mrs. M. E. Tatum were hosts for a Thanksgiving dinner and bridge Thursday evening when they entertained for the Cactus Night Club members at the Settles Hotel.

Guests were served dinner in a club room from a table beautifully laid with the Thanksgiving theme predominating. The centerpiece was of fall fruits and at either end small turkeys carried the motif further as did the place cards and bridge accessories.

Mrs. W. W. Pondleton received a luncheon set and C. E. Hahn was given shaving lotion for high scores.

After the games the couples spent the remainder of the evening dancing.

These present at the affair were Mr. and Mrs. Clyde Angel, Mr. and Mrs. C. E. Hahn, Mr. and Mrs. L. R. Kuykendall, Mr. and Mrs. R. E. Lee, Mr. and Mrs. Lindsey Marchbanks, Mr. and Mrs. W. W. Pondleton, Mr. and Mrs. Lester Short, Mr. and Mrs. Herbert Whitney, Mr. and Mrs. Charles Worley and the hosts.

The Pathfinder's Class of the First Christian Church will give a carnival in the church basement Tuesday evening beginning at 8 o'clock which will be featured by a mock wedding.

In addition to the main attraction there will be several side shows and booths. A small admission charge will be made.

Wayne Campbells Are Honored By Friends

Mr. and Mrs. Wayne Campbell, newly weds, were honored by the young people of the First Methodist church recently when a group of them called at the Campbell home with a gift, a waffle set, and party necessities.

After presenting the gift the guests and honored couple spent the evening at 42 and Monopoly.

In the party were Miss Frances Gilliam, Miss Mildred Staker, Miss Nellie Puckett, Miss Ruth Gilliam, Miss Mary Burns, Hiram Knox, Mr. and Mrs. Alvia Lovelace, and the sponsor, Mrs. A. Snitzer.

Work of preparing Christmas seals for mailing was nearing completion as workers met at the Duggins hotel Thursday evening. With the chairman of the Howard County Tuberculosis association, Mrs. J. C. Douglas.

The chairman announced that another meeting would be necessary to finish folding material and stuffing envelopes prior to the mailing on Thanksgiving Day, national release date on seals of this kind.

Citizens are warned against buying seals from school children who are purportedly adding in the tuberculosis sale. Sales this year will be carried on by mail through the association and seals are released only through this organization on the given date.

Present at the meeting were Mrs. H. G. Pooshee, Mrs. W. H. Turner, Mrs. Harry Lees, Mrs. W. E. McNallen, Mrs. Bill Edwards, Mrs. Della K. Agnell, Mrs. Clessie Badgett, Mrs. P. C. Janders, Jr., Mrs. B. O. Jones, Mrs. Theo. Andrews, Mrs. J. R. Manion, Mrs. Otto Peters, Miss Edella Smith, Miss Barbara Collins, Miss Maxine Smith, Miss Pearl Butler, Miss Lois Carden, Miss Loraine Lamar, Miss Elynn Wallin, and Miss Dorothy Vandergriff.

Mrs. Ralph W. Rix left last night for Fort Worth and Dallas where she has gone on a business mission.

The Soviet Union now is laying out a tourist route for 1937 in the Arctic Circle.

## CLIPPER SMITH PUTS STRESS ON MENTAL FACTOR

PITTSBURGH, Nov. 20. (UP)—Training a football player physically is child's play compared to the job of getting him keyed up mentally.

That's the opinion of Head Coach John P. (Little Clipper) Smith of Duquesne university. Smith is a firm believer in psychology as a powerful factor in football training.

"Fully 75 per cent of the task of preparing a team for a game lies in training the players mentally and producing the correct frame of mind," Smith says. "It is much easier to train them physically as it is a tangible thing and any defects are at once apparent, whereas the psychological factor is somewhat intangible."

Joining the local chapter in plans to make this one of the largest affairs in the history of this section are all chapters in District Two. Guests are expected from Amarillo, San Antonio, Waco, Dallas, El Paso, Austin and many other cities.

## Mrs. Tom Donnelly Is Hostess To Matinee Bridge Club Members

Mrs. Tom Donnelly was hostess to the members of the Matinee Bridge club when they met at the Settles hotel Thursday afternoon.

Three prizes of Rose Marie glassware were awarded to Mrs. Sam Baker, high scorer, Mrs. O. A. Badwick, low scorer, and Mrs. Sam McCombs, bingo winner.

Present were Mrs. J. E. Fort, Mrs. H. G. Pooshee, Mrs. Hal C. Farley, Mrs. George S. Harvel, Mrs. Sam Baker, Mrs. Jimmie Tucker, Mrs. O. A. Badwick, Mrs. A. E. Underwood, Mrs. E. C. Botler, Mrs. Leon Smith, and Mrs. Sam McCombs.

## Country Club Dance Is Scheduled For Tonight

Jimmie Ross and his orchestra will furnish music for the Country Club's Thanksgiving dance this evening which is scheduled to begin at 9 o'clock at the clubhouse.

thing you cannot easily remedy. "Psychology," says Smith, "when used with great care is a potent force which will enable a team to surmount great obstacles. However, a coach must be extremely careful in employing this science, as it often proves to be a boomerang and creates exactly the condition to be avoided."

## "Can You See This PRINTING Clearly?"

Parents always are concerned over whether their children have good eyesight, but sometimes they neglect to see that children who read or study have the proper kind of light for safe seeing.

The new I. E. S. Better Sight Lamps are scientifically designed to provide safe, glareless light that makes seeing easier for both children and grown-ups. See these lamps at our store or at furniture stores, department stores or other electrical dealers.

TEXAS ELECTRIC SERVICE COMPANY  
C. S. BLOMFIELD, Manager

## A Floor Lamp for All Purposes

A Better Sight Floor Lamp can be used both for general illumination in a room, and for reading. The three-way globe is adjustable for soft, medium and bright lighting.

1 Wide opening at the top of the shade throws light to ceiling and eliminates shadows.  
2 Glass reflector shows softest light and prevents glare.  
3 Wide shade gives ample light over your work.  
4 Shade tilts up white to reflect more light downward.  
5 Lamp is high enough to light a large working area.

### Modern Hostess Combines Attractive Service With Attractive Menu for Thanksgiving Meal

A well-stuffed turkey, dressed the new way with both head and neck removed, holds the center of a Thanksgiving dinner board for the most traditional of our holidays.

**By MRS. ALEXANDER GEORGE**  
A combination of new and old-style cookery provides a true Thanksgiving dinner with the modern trend.

The holiday gives thousands of new homemakers an opportunity to use appropriate wedding gifts for a smart setting at their "first" Thanksgiving meal.

Modern china, silver and glassware can be arranged by hostesses in general as well as by newlyweds to give a novel background

Liniment

typical of the ones which will attract the attention of a nation on November 26.

with colored leaves or evergreen will make a fitting table centerpiece.

**Cranberry Cocktail**  
(Colorful and Flavorful)  
5 cups berries,  
5 cups water,  
1-4 teaspoon salt,  
1-4 teaspoon cinnamon,  
1 cup sugar,  
1-4 cup orange juice.  
Wash berries, add water, cover and simmer 20 minutes. Pour through fine strainer and add sugar, salt and cinnamon to juice. Simmer 5 minutes, cool, add juice and chill. Serve in small glasses or "mugs." This is a cocktail which can be served prior to dining or as a first course.

**Celery Sticks**  
(Tasty With Appetizers, Soups, Salads or Menta)  
18 four-inch celery stalks,  
1-4 cup minced ham,  
2 pimiento stuffed olives, chop-

**Roast Duck**  
(Six Pound One)  
1 duck,  
2 tablespoons flour,  
1 teaspoon salt,  
1-4 teaspoon pepper,  
1 cup boiling water,  
1 onion slice,  
2 carrot slices.  
Thoroughly wash and clean the duck, lightly fill with stuffing and sew up cavity. Place, stuffed side down, in roaster. Sprinkle with seasonings and flour. Bake 40 minutes in moderately hot oven. Add rest of ingredients, turn breast side up and roast 2 hours. Baste every 20 minutes with boiling water. Prick breast with fork to allow excess fat to ooze out. Carefully remove strings used for sewing and place bird on serving platter. Garnish with turnip cups filled with green beans and orange slices, candied. If smaller ducks are used, prepare 2 or 3 of them.

**Apple Stuffing**  
3 cups chopped apples,  
3 cups soft bread, crumbled,  
1-2 cup butter, melted,  
1-4 cup onion, minced,  
1-4 cup celery, minced,  
1-4 cup diced celery,  
4 tablespoons boiling milk,  
2-3 teaspoon salt,  
1-3 teaspoon paprika.  
Lightly mix ingredients with fork.

**Croccoli, Miami Style**  
(A Flavor With Zest)  
1 1-2 pounds broccoli,  
2-3 teaspoon salt,  
3 tablespoons butter,  
4 tablespoons flour,  
2 cups milk,  
1-4 teaspoon paprika,  
2-3 cup grated cheese,  
1-2 cup toast crumbs,  
2 tablespoons melted butter.  
Carefully wash broccoli and discard tough stalks. Arrange vegetable in steamer or strainer placed one inch above water line. Sprinkle with salt, cover tightly and steam 25 minutes. Carefully lay in buttered shallow baking dish. Melt butter, add flour and when mixed add paprika and milk. Cook until creamy sauce forms, stirring constantly. Pour over broccoli and sprinkle with rest of ingredients, blended. Bake or broil 20 minutes or until top is well browned. Serve in dish in which baked.

**Jellied Cider Relishes**  
(Piquant and Timely)  
3 cups cider,

1 stick bark cinnamon,  
5 whole cloves,  
1-2 cup sugar,  
1-4 teaspoon salt,  
1 tablespoon lemon juice,  
1-2 cup orange juice,  
1-2 cup cold water,  
3 tablespoons granulated gelatin,  
1-4 cup cold water,  
1-2 cup diced pineapple,  
1-2 cup red cherries.  
Simmer cider, spices, sugar and salt for 15 minutes. Strain, reheat and add to gelatin which has soaked 5 minutes in water. Cool and add rest of ingredients and pour into shallow mold. Chill. Cut in squares and arrange on flat dish with celery, olives and radishes.  
This can be served as a salad, topping with salad dressing. The combination of flavors is delicious.

**Green Gage Sherbet**  
(Colorful and Tasty)  
2 cups seeded green gage plums,  
1 cup sugar,  
2 tablespoon lemon juice,  
1 cup plum juice,  
1-4 cup orange juice,  
1-4 teaspoon salt.  
Mix ingredients and freeze regular method. Serve in small cups with main course, or for dessert.  
If desired this can be frozen in mechanical refrigerator, stirring 3 times at 30 minute intervals. It will require about 4 hours to freeze.

**Appetizers**  
There are many easy-to-fix appetizers and garnishes with which you can pep up your Thanksgiving dinner. Try these for appetizers:  
Dip shrimps or other small pieces of fish in lemon juice, then in mayonnaise and stick with wood picks into an eggplant.  
Mix Roquefort cheese with horseradish and spread on bits of hot buttered toast.  
Serve alternate squares of dill pickles and Swiss cheese held in

**District Teams Into Semifinals**  
By HANK HART  
While the Abilene Eagles are having a rather unpleasant afternoon entertaining the Big Spring Steers in the Taylor county capital, there are two other games of note in the Oil Belt that are to bear watching.  
San Angelo, victor over the Longhorns on Armistice, could have an off day and still trample their week-end opponents, the Ranger Bulldogs.  
The Bobcat coaches are in a spot. They can take no chances on a slipup by the Eastland county crew and yet they can hardly run the risk of injury to the regulars. Slated to start against the Bulldogs tonight is one regular and that lad

is a linesman.  
Neither Harry Hayes nor Bobby Brown is expected to see much action tonight but both might have to be brought into action if the going gets rough. Hayes received a bothersome injury in the Big Spring game and Taylor has kept him out of the stiff scrimmage through the week.  
In Breckenridge, the Mustangs from Sweetwater, embarrassed not little by a dynamite padded Abilene crew, will find conditions little better in Big town. The Curtissmen will be fighting for a first division berth and will not spare the horses.  
Central Texas football and that of the Oil Belt will be matched up in Waco this week-end when Paul Tyson's Tigers, long a power in high school football, goes to grips

New whiskers to disguise old AAA.  
Law would provide for production control.  
Administration to rest in federal hands.  
Provision expected for wheat curtailment.

**New Whiskers**  
WASHINGTON, Nov. 20 — Well inspired talk is still going on concerning the possibility of a revival of the old AAA or a constitutional amendment for federal crop control. The matter is in the study stage. Anything may come out of it. But what is more likely to come out of it than either of these widely discussed possibilities is simply this:

An amendment to the soil conservation act may be sought at the coming session of congress repealing the part which provides for the states to take over soil administration, Jan. 1, 1938. This would leave administration in federal hands. Benefit payments would continue as at present, but on a reorganized basis, especially as to wheat.

The wheat surplus may reach about 300,000,000 next year, due largely to the fact that wheat farmers have been getting benefit payments for curtailing their acreage crops other than wheat. This practice would be eliminated, and wheat put on the same basis as cotton and tobacco. Legislation would not be required for this change.

Such a reorganization, of course, would just be dressing up the old AAA in new whiskers. It would be production control in a new guise.

**Circulation**  
The triple A lawyers would rely upon the tone and extent of the new whiskers to prevent the supreme court from penetrating the disguise.

First, the benefits would be on a condition-grant basis. There would be no contract between the government and farmers. The farmer would get his payment by proving he had improved his soil through devoting certain acreage to alfalfa, clover, etc.

Secondly, there would be no processing taxes, at least no direct ones. Hence, there would be no particular group of taxpayers to bring suit and get a case into the courts.

Such a revision would come out of the treasury bill, under an annual appropriation by congress, so the court would not be in the same strategic position to consider or enforce a decision, as under the old AAA. As congress would do the appropriating each year, it might be able to change the working of the appropriation to conform to a court decision, if one ever came, etc., etc. So think the AAA-ers.

Some war department officials had a mental lapse when he authorized the announcements of improvements to be made in the seaplane harbor at Midway Island. At square, the navy thought so. The beards of all admirals turned skyward in union when the information was given out. The navy knew nothing, did not want to know anything and denied everything. Apparently they were afraid of what Japan would think.

As a matter of fact, there was nothing to it. It all happened this way:

Pan-American Airways promoted a regulation in congress last session authorizing surveys by the army engineers of possible seaplane landing facilities at various points along their new route to the Philippines. Now P. A. may be interested in national defense, but it is primarily interested in P. A. It wanted to make use of Pacific harbor facilities for its own commercial planes. Of course, its representatives did not stress that, but naturally played up the national defense angle to impress congressmen.

Congress authorized the surveys. The engineers are now reporting in favor of improvements, not only at Midway, but at Wake. And they want not only to improve the harbors but to build seaplane basins, protective breakwaters, etc.

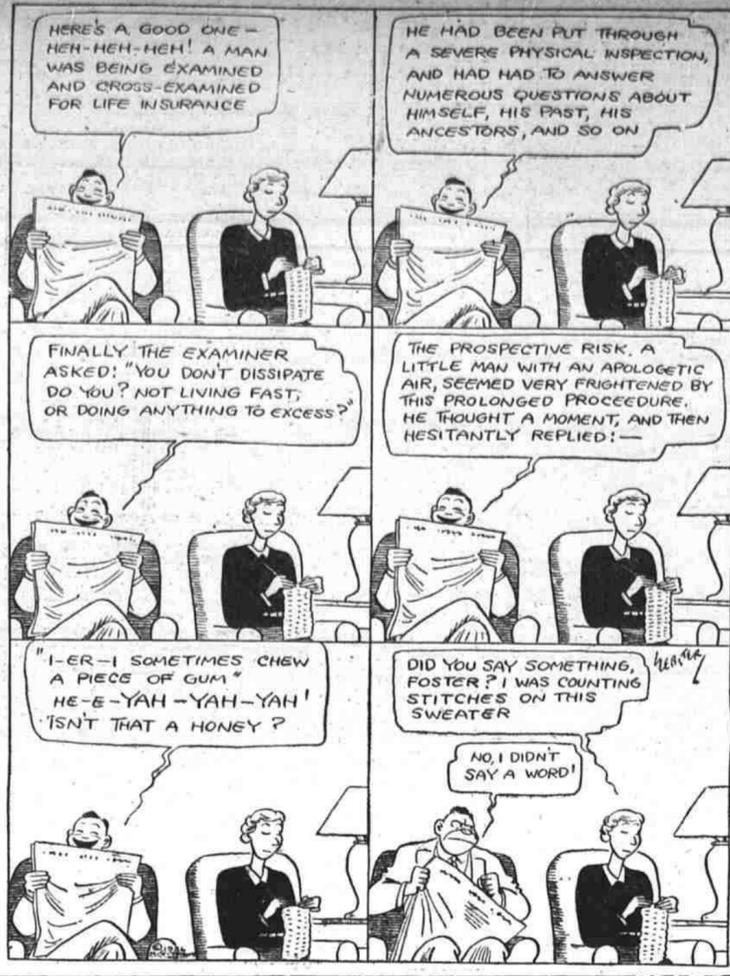

The basin at Midway is to be only eight feet deep and 1,200 feet square, however, and could not house enough navy seaplanes to disturb the birds, much less the Japanese.

**Commerce**  
The ensuing press racket is about all you will hear on the Pacific island mess. Certainly you will not hear an official protest from Japan.

The Japanese are the ones who started perfecting the "commercial facilities" of the Pacific, especially in islands where there is no commerce worth mentioning. They have dug out all their mandated island harbors, not to the depth of eight to twenty feet for seaplanes, but deep enough for ships, including battleships.

The next thing you know, someone may be erecting twenty-inch guns out in the middle of the Pa-

## THE RE-DISTRICTING PROBLEM

Legislative redistricting, under terms of the Texas constitution, is not due for some time, but when it is undertaken it will form the basis of the most serious attempt in a third of a century to readjust membership, or to reduce the number of legislators.

That is the opinion of an Austin news commentator. West Texans are hoping that it is true that a serious attempt will be made in the matter of readjustment, for West Texans feel that a change will work toward more equitable representation of this section.

The Moffett amendment, just adopted, will apply to restrict the delegations of big-city counties, so that area as well as population will become a factor in figuring out the complex allocations of districts.

The 91st legislative district, of which Howard is a part, is one typical of the situation that the Moffett amendment seeks to remedy. The Herald has no complaint against the services the district's representatives have performed; but it becomes a task almost beyond the ability of any representative to have close contact with an area the size of the 91st. It includes large counties — Howard, Glasscock, Sterling, Tom Green, Irion and Reagan—a territory too bulky to be considered a "district", regardless of its population.

It is not too soon for West Texans versed in such lines to inaugurate some study of the change in representation, with regard to area, that will affect this territory. If a scientific analysis of the situation were prepared for presentation to members of the legislature, the problems of redistricting could be given all the more studious consideration.

Re-adjustment of the house membership is no simple task. It is one that requires time and study. Sufficient of both should be given the problem to avoid botching the job.

## Man About Manhattan

NEW YORK—There's one New York hotel that has surprised New Yorkers, and that is the Ritz-Carlton. Ripping off 25 years of tradition, it declared itself in on a New Entertainment Deal and announced a floor show that utterly confounds those moderns who hold that the Ritz is a relic of an outmoded world of fashion. But, what is more amazing is that the audience that flocks nightly to the new stage garden where the show is held, is largely made up of Mayfairites who are themselves a part of the Ritz tradition. Now the schedule calls for a new revue every eight weeks. Verily, Broadway has moved in on Madison avenue to stay.

There's a Swedish delicatessen off Second avenue that features a rack of Scandinavian papers. All the other shops in that Yorkville neighborhood do a brisk trade in Irish newspapers.

Oscar of the Waldorf, who epitomizes the art of fine cooking in New York, graduates no apprentices until they have served at least 12 months. Then they progress from the blue kitchen uniform to the more advanced white coat and cap.

## 'Napoleon' Rebels

Maurice Evans, who portrays Napoleon in that drama about the declining days of the Little Corporal, rebelled when they wanted him to appear in a bathtub. Various biographers insist that Napoleon dictated a part of his memoirs from the tub, but Evans lost no time in vetoing the idea. "That," he says, "is carrying realism too far."

Those neophyte authors of the long-hair variety who think they must have the inspiration of a river studio or a Village garret before they can "click" are deluding themselves. Most of the best-selling authors do their writing in the quiet of cross-road villages. Only a few cling to the environs of the metropolis.

Octavius Roy Cohen, whose negro stories in dialect have earned him a huge fortune, has turned radio columnist. Bouncing around as a newspaperman in his younger days gave him the idea. He is still a crack reporter, although on occasion does he turn his hand to news gathering.

## 'Tobacco Road' Still

Among major envoys who have succeeded in literary pursuits is Paul Morand, who has devoted a career to the study of the world's great cities. He is one of France's most popular authors as well as diplomatist. Harold Nicolson's career as a British diplomat has also been as brilliant as his record as a novelist. Brand Whitlock, now dead, was another whose writings equalled in finesse his work in the diplomatic field. Whitlock's last foreign post was Belgium. Recently a two-volume collection of his writings was brought out.

Slowly but surely "Tobacco Road" is catching up with "Abie's Irish Rose." This turbulent back-water of American literature will shortly round into its 4th season on Broadway. And the night it opened Jack Kirkland who wrote it, sat brooding in a 45th street bar, telling his friends that he had a failure on his hands.

## Britain Plans Navy Defense For Air Raids

LONDON, Nov. 19. (UP) — Defense officials today reviewed with satisfaction firing reports of anti-aircraft ship batteries against pilotless radio controlled airplanes. Fully aware of Britain's vulnerability from aerial attack, the nation's defense program aims to assure maximum protection from sky raids. Simultaneously a powerful bombing force is being developed to retaliate fully should any Continental power wage a war of aggression on Britain.

Geographically it is possible to invade Britain only from the sea or air. For this reason the navy and air force are being expanded rapidly and closely co-ordinated. To support these two main military arms an entirely mechanized army, featuring tanks, chemical units and rapid-fire mounted artillery, is being created.

The army in case of attempted invasion would form a secondary line of defense at ports and against air raids. British army officials want their entire force and equipment to move at speeds approaching 50 miles an hour. Such speeds would afford maximum concentrations at danger points due to the smallness of the British Isles. Roads abound in all parts of the country. Recent naval exercises revealed increased attention is being paid to anti-aircraft firing. The radio controlled pilotless planes have been sent aloft for three hours at a time flying between 85 and 100 miles an hour at heights up to 10,000 feet.

Use De Havilland Planes  
British authorities believe no other country has developed pilotless planes to the same level of efficiency as their own. Planes used are light De Havilland "Queen Bee's." They are powered by a four-cylinder air-cooled engine of 130 horsepower. Made of wood, the Queen Bee will float if brought down on the water by gunfire.

The planes have two cockpit, one of which is open and can be fitted rapidly with flying controls for use by a human pilot. In the other, closed, cockpit is the secret mechanism which guides the machine on its course and controls the engine throttle in obedience to radio signals sent from a ship or a ground battery. Control Area 10 Miles  
Radius of controlled pilotless flight is about 10 miles from the operating center. The old aircraft carrier Argus is undergoing alterations to convert her into a mother ship for the robot planes which are launched by catapult. The Argus will carry 8 to 12 of the pilotless planes. Special gear to salvage planes and radio control apparatus to guide them also will be carried.

## MERGER OF TWO OIL COMPANIES APPROVED

NEW YORK, Nov. 19 (AP) — Stockholders of Tide Water Associated Oil company at a special meeting today approved the merger of that company, Tide Water Oil company and Associated Oil company into a single corporation to be known as Tide Water Associated Oil company. Stockholders of the two other companies which are controlled by Tide Water Associated, previously had approved the proposal.

It was announced that 5,318,107 shares out of a total common and preferred outstanding of 6,781,488 was voted in favor of the merger. Mr. and Mrs. Charles Vines and children, Katherine and Leola, returned Thursday afternoon from Siler, La., where they attended the funeral services for Mr. Vines' mother who passed away Sunday.

## HOWARD COUNTY TEACHERS PLAY

COAHOMA, Nov. 20. (Sp.) — Howard county teachers will clash here Nov. 24 in a basketball game. The South Side won from the North-Siders two weeks ago, proceeds going to buy medals for winners in the county interscholastic league meet.

## LEGAL NOTICE

**NOTICE OF FIRST MEETING OF CREDITORS IN THE DISTRICT COURT OF THE UNITED STATES FOR THE NORTHERN DISTRICT OF TEXAS IN BANKRUPTCY, ABILENE DIVISION.**

In the matter of CHARLES WESLEY DEATS, Bankrupt. No. 1779 in Bankruptcy, Abilene, Texas, November 19, 1936.

Before D. M. Oldham, Jr., Referee in Bankruptcy.

To the Creditors of Charles Wesley Deats of Big Spring, in the county of Howard and District of Deats, a bankrupt. Notice is hereby given that on the 3rd day of November, A. D. 1936, the said Charles Wesley Deats was duly adjudged bankrupt, and that the first meeting of his creditors will be held at my office in the City of Abilene, Taylor County, Texas, on the 16th day of December, A. D. 1936, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

D. M. OLDHAM, JR., Referee in Bankruptcy.

cents a pound for their "regulars." In San Francisco, the retail prices run 29 to 30 cents a pound for the tender young toms and 30 to 31 cents for the easy-eating hens. You may subtract three cents if you'll take a second grader, or six cents for the well-muscled old timer.

Not so many of the birds are real tender now, dealers say, but by Christmas they'll melt on the palate.

**Other Hunters Are Successful**

**13-Point Buck Is Brought Down By Stewart; Party Of 16 Gets 16**

Venison for more local plates was assured today as hunters returned from the mountain and brush country with bucks aboard.

To L. I. Stewart apparently had gone the honor of bagging the buck with largest number of points. His deer had 13 points on a perfect set of horns. Merle Mancini, hunting with Frank Covert and Stewart on the C. E. Jones ranch 16 miles from Fort Davis, dropped a 9 point buck.

Harry Stalcup and D. W. Boyd, hunting in Mason county, had equally good luck. Stalcup got a 12 point buck and Boyd killed a 10 pointer.

Biggest haul was reported from the C. C. Dunham party hunting in Mason county. Thursday noon the 16-member party had bagged a total of 16 deer and three wild turkey. Oddly enough, Dunham was among those who had not got his deer. Among those who had were Tom Ashley, Ray Millon, Dr. C. K. Bivings, Pat Sullivan, W. T. Strange, Jr., Tom Pierce, Virgil Smith, Andy Brown, Guy Brown, L. F. Wilson and Lester Brown.

Pat Buchanan, Dallas, visited here Thursday night with his parents, Mr. and Mrs. W. B. Buchanan.

**400 RIDE SPECIAL TO ABILENE GAME**

An estimated 400 football fans, including the pep squad and band, were aboard the special train which pulled out of here shortly before noon today for the Big Spring and Abilene game this afternoon in Abilene.

The train was due to return to Big Spring at 9:50 p. m. today.

**HOME LOAN BANK OFFICIAL VISITOR**

San Straus, field representative of the federal home loan bank at Little Rock, Ark., was here Friday in conference with M. J. Stewart, secretary of the First Federal Savings and Loan association. Straus was instrumental in the organization of the federal loan association.

## Plan Changes In Army Setup

**Combat Division Would Be Reduced Under New Program**

WASHINGTON, Nov. 20. (UP)—Reorganization of the combat division of the U. S. army, which would reduce the strength of combat divisions from about 23,000 to 15,000 men, was approved tentatively by the general staff, Secretary of War Harry H. Woodring announced today.

The reorganization, he said, is intended to take advantage of the improvements in transportation facilities and increased fire power of weapons developed since the World war. It will be studied in army schools and will be given practical tests in the field.

The plan is built upon the increased mobility of fighting troops resulting from mechanization and motorization of the army, Woodring said.

Another striking change in the reorganization plan is the practical elimination of the brigade in the division and of the command of the brigadier general in the actual combat forces. The division command operates directly with the combat regiments rather than, as heretofore, through the brigade commands to the regiment.

Under the reorganization plan, and due to the improved efficiency of motorized transport, a division on the march will occupy only 19 or 20 miles of road, in contrast to the 29 or 30 miles of road occupied by a marching division of the World war period.

Under the new plan an infantry regiment will consist of a strength of 2,400 enlisted men, as compared to World war strength of 3,000 to 3,800 men. The new regiments will be completely motorized except for rifle companies. They will not include field trains, bands nor howitzer companies.

The field artillery component of the division will be organized into a regiment consisting of four battalions of three batteries each. There will be three direct supporting battalions and one general supporting battalion.

The cavalry will consist of a divisional reconnaissance unit, consisting of a squadron of motorized cavalry as an organic part of the division.

**Ten Schools Share In \$1610 Tax Money**

Ten common school districts shared in the division of \$1,610.48 current taxes reported to the county superintendent by the county tax collector.

Elbow led the list with \$590 and Cauble was second with \$374.68. Two other districts, Hartwells and Lomax, received more than \$100.

Districts participating and the amounts they received are: R-Bar, \$35; Vincent, \$30; Gay Hill, \$30; Elbow, \$590; Cauble, \$374.68; Moore, \$50; Hartwells, \$163.98; Lomax, \$259.82; Richland, \$12; and Soash, \$25.

It was announced today that Texas & Pacific Railway company had cooperated with the common school district this year by paying all of its taxes now instead of taking the half and half payment plan.

## GOVT. PURCHASING NEW TYPE PLANES

WASHINGTON, Nov. 20. (UP)—A contract for the purchase of approximately 120 observation planes of a new type was announced today by Secretary of War Harry H. Woodring.

The contract, for \$3,429,600 was awarded to the North American Aviation Company of Inglewood, Cal. The new plane is a three place mid-wing, single engine monoplane with retractable landing gear and tail wheel, and is powered with a Wright Cyclone engine developing 850 horsepower.

The plane is equipped with wing flaps to permit take-off and landing for small emergency fields. Woodring said the new plane was capable of speed approximately 20 miles an hour faster than any observation plane obtained by the Army Air Corps heretofore.

## JOSEPH E. DADIES IS APPOINTED AS U. S. ENVOY TO MOSCOW

WASHINGTON, Nov. 20. (UP)—The White House today announced the appointment of Joseph E. Dadies, Washington international lawyer, as American ambassador to Moscow.

Dadies succeeds William Bullitt, recently named as envoy to France. He will be the second ambassador to Moscow since the United States recognized the Soviet government.

He took an active part in the presidential campaign as a member of the democratic national advisory committee.

## TEX. PECANS ATTRACT ATTENTION OF WORLD

AUSTIN, Nov. 20. (UP)—The most of this pecan, of which Texas supplies half the world crop, has attracted attention in other countries.

Information on pecan culture is sought from the state department of agriculture by persons in England, Nicaragua, the Transvaal, Paraguay, Japan, Argentina, Chile, Australia, Brazil and Smyrna.

W. D. Sims, pecan expert, said these countries stood little chance of developing pecans because of climate. Bearing groves would take from 15 to 25 years to cultivate, starting from scratch.

## END THE FEEL-PUNK, DRAG-FOOT DAYS

Dull headaches, poor appetite, sleeplessness are warning signs. You feel low—hate to work. These symptoms may point to constipation due to "low-bulk" meals.

Why throw these days out of your life—particularly when regular habits make you feel so good. Get "bulk" by eating a delicious cereal: Kellogg's ALL-BRAN.

There's nothing experimental about ALL-BRAN. Millions of people have used it successfully. Scientific tests prove it is safe and effective. Within the body, it absorbs moisture, forms a soft mass, gently cleanses the system. ALL-BRAN is guaranteed. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Just eat two tablespoons daily. Stubborn cases may require ALL-BRAN oftener. Serve as a cereal, or cook into delicious recipes.

What an improvement over pills and drugs. ALL-BRAN is a food—you buy it at the grocery store. Made by Kellogg in Battle Creek.

**TELEGRAPHIC LINE IS SEVERED BY FLAMES**

Fire from waste oil on the right-of-way near the Coaden refinery Friday morning destroyed portions of the Western Union Telegraph company's lines east of here, interrupting company traffic for a short time.

The damage was repaired shortly afterward. Western Union maintained service during the break with auxiliary facilities.

The fire caused no other damage.

**FARR JOINS BAKER AT MINERAL WELLS**

Joe D. Farr, until recently manager of Hotel Settles in Big Spring, has gone to Mineral Wells, where he will assume management of the Baker hotel at that place. Farr and family went to Mineral Wells on November 18, and will reside at the Baker.

**CHILL SALE AT CHURCH**

The Women's Missionary Society of the Wesley Memorial Methodist church will sponsor a chill and pie sale at the church this evening beginning at 6 o'clock to continue until 3 o'clock. Food may be eaten at the church or will be prepared to take out. A serving will be sold for 25 cents.

The church is located in the 1200 block of Owens Street.
