DUTCH MANTELL, the "grand old man" of boxing and wrestling, visited here Thursday afternoon. Mantell has been vacationing in and around El Paso. Dutch spent most of his time here telling about the Maverick club he operates in Amarillo for underprivileged kids.

DUCK HUNTERS should get a good supply when the season opens on November 26. Shotgunners are not more than 10-gauge and not capable of holding more than three shells as standard equipment for ducks.

TURKEY HUNTERS will be allowed November 16-December 31. Three gobblers a season is the limit. THE WHITE tail deer season is November 16-December 31. Open season on black tail or mule deer (east of Pecos river) November 16-December 31; west of Pecos river November 16-30.

BIG SPRING will send a large number of football fans to Breckenridge tonight—we hope. SAM DRAKE of Breckenridge, who keeps in pretty close contact with the Breckenridge Buckies, told us over long distance telephone that a Steer victory would not surprise him.

ROSCOE AND Colorado tie up tonight in an interesting Class B football game. The game is to be played on Cantrell field at Colorado. Dalton Hill's Roscoe boys are defending district champions.

SPIKE HENNINGER, boss of Cadden's baseball and basketball teams, expects to have a classy cage outfit this season. Cadden always has a strong court aggregation.

SAM BAUGH SPEARHEAD OF ATTACK

COLLEGE STATION, Oct. 16.—That busying in the north, Coach Homer Norton warns his Texas Aggies, is Texas. Christian's mighty air armada preparing to drop touchdown bombs Saturday afternoon.

With Sammy Baugh, the nation's greatest passer as its hub, and Capt. Walter Roach, Will Walls and L. D. Meyer as ends to catch the aerials, the Aggies' pass attack has struck terror to opposing team's hearts.

The Aggies, hoping to protect their standing as the only undefeated, untied team in the Southwest conference, are drilling their anti-aircraft artillerymen in hopes of holding off the air attack. Their doughboys, the linemen, can withstand the ground maneuvers, they believe.

The Frog aerial attack completed twelve of thirty passes, one for a touchdown, for 183 yards against Arkansas and completed fifteen of thirty-nine passes for 211 yards against Tulsa. In the latter tilt one pass scored a touchdown and another put the Frogs in position to placekick the winning field goal.

The Frogs' ground work, in many expert opinions, was the real factor in their 18-14 victory over Arkansas, gaining 197 yards. Their running in the Tulsa game was held to a minimum mainly because the Frogs either were behind or were tied during most of the tilt and were banking on passes for quick yardage.

The Aggies, for their part, have a fairly effective aerial display but to date have depended mainly on ground work and laterals. Against Rice, the past week they picked up a net of 105 yards from running plays and fifty-eight yards from passes. A week earlier they chalked up a net of 176 yards on running plays and 57 yards from passing.

Table with 2 columns: Team Name and Score. Lists game results for various teams, including Arkansas vs Texas (18-14) and Tulsa vs Texas (14-0).

HORNED FROGS READY TO DROP TOUCHDOWN BOMBS

Ben's Devils Show Class In Dropping Jackrabbits, 12-7

Buzz Buvid Pushed For All-America

Marquette Nominates Hilltopper Captain For Mythical Eleven

MILWAUKEE, Oct. 16. (AP)—There's a red-hot all-America buzz going on here already. And Milwaukee football fans in general and supporters of Marquette university in particular won't be satisfied until Capt. Ray (Buzz) Buvid of the Hilltoppers is named on the mythical eleven.

Buvid performs at halfback, and Coach Frank Murray says he wouldn't trade his star for any other in the game. Twenty-one years old, 6 feet tall and weighing 190 pounds, "Buzz" is tremendously fast and shifty, a hard blocker—and he likes to block—is a sure tackler and pass snatcher.

But, above all, Buvid can pass. They say he can clip a silk hat at 5 or 60 yards and he has acquired the knack of passing calmly while fading back with the opposition in pursuit. He throws a "soft" ball that's easy to handle, not a bullet-like heave that is likely to break the receivers' fingers.

The locals tallied again before the half ended, this time when Lefty Bethel dragged in a short hove from a Colorado back and broke into the clear for the goal line. Chaney sprinted some 60 yards for his tally while Bethel covered 45 yards.

The visitors came back strong in the third quarter and counted when Chadwick broke up a Big Spring pass, caught it before it hit the ground and got down to the local's three yard line before being dragged down by the whole Big Spring secondary. He went over on the next play.

B. CHANEY TACKLES UP 1ST TALLY

Making both their touchdowns on intercepted passes from deep in their own territory, Ben Daniels Devils defeated the Colorado Jackrabbits, 12-7, in Steer stadium Thursday night.

The locals, although outweighed, succeeded in piling up more yards from scrimmage and had a wide margin in the passing game. The visitors looked good at times with their air flips.

The Jackrabbits had the upper hand in the first five minutes of play when they penetrated the Devil twenty-yard line, but Red Womack punted out of danger. It was at this stage that Buster Chaney pulled down an enemy pass, cut away toward the end side line and with some nice blocking went across the goal line standing up.

The visitors came back strong in the third quarter and counted when Chadwick broke up a Big Spring pass, caught it before it hit the ground and got down to the local's three yard line before being dragged down by the whole Big Spring secondary. He went over on the next play.

The Devils held the advantage in offensive play during the remainder of the game, twice shoving their way within scoring distance, but did not have the power to put it over.

Chaney was injured during the third quarter and was forced to leave the game. In the Devil line, Harold Creek, Howard Hart and Lefty Bethel stood out on the defense, while Robert Winslow bore the brunt of the offense, breaking through the Colorado line time after time for good yardage.

Breck Drills On Tackling And Blocking

Combs, 228-Lb. Tackler, Having Trouble With Shoulder Bruise

BRECKENRIDGE, Oct. 16. (Spl) Dick Curtis, generalissimo of Breckenridge high school football team, is no optimist. He has been drilling his cohorts on tackling and blocking in anticipation of a hotly contested game here tonight with the Big Spring Steers.

The club, featuring a hard-running attack, is free from injuries with one exception. Combs, who scales a mere 228-pounds, has been having some trouble with a shoulder bruise but may be in condition to start the game. He is a tackle.

The Breckenridge field is well lighted. Game time is 7:30. STEERS CONFIDENT Before leaving with the Steer football squad for Breckenridge both local mentors, Carmen Brandon and George Brown, said they believed their boys would hold the Buckaroos to a close score. If the locals are trailing at half time Brown will have them play a razor-dazzle wide open game for the last two quarters.

Steers have been polishing their aerial attack, blocking assignments and have brushed up on pass defense. The Abilene Eagles go against rough company today when they tackle the Brownwood Lions. Both clubs are in good condition and the Lions will be trying desperately to break into the win column again. They lost to Breckenridge last week, 26-6.

The cellar clubs, Eastland and Ranger, clash today, and San Angelo has a set-up in Cisco. Akey To Play In Pro Event Professional Golf Group Sponsors Matches In Dallas

ROOMMATES AND 'HOMETOWN PALS' TOTE THE MAIL FOR CRIMSON TIDE

UNIVERSITY, Ala., Oct. 16. (AP)—Dothan, the southeastern Alabama town that gave Johnny Mack Brown to the Crimson Tide, this year is supplying the University of Alabama two of its most spectacular halfbacks—Joe Riley and Young Boozer.

Young Boozer (left) and Joe Riley, who hail from Dothan, Ala., Johnny Mack Brown's hometown, room together at the University of Alabama and are considered the Crimson Tide's most spectacular backs.

They played together on the Dothan high school team in 1930 and 1931. Boozer at center and Riley at a halfback post. They room together now in their senior year at Alabama. Unlike the famed Johnny Mack Brown, now of the movies, Riley and Boozer learned their football from a coach who never played a college football game. Paul Tubb, who was graduated from Alabama in 1925 and since then has become a successful baseball manager, football coach and insurance salesman.

Boozer, who wears glasses on the baseball field where he is a heavy hitting outfielder, never carried the ball except on passes and interceptions until he entered Alabama. His gangling, high-stepping legs attracted the attention of Coach Frank Thomas and he became a halfback. As a substitute for the last two years, Boozer never failed to electrify the stands with his peculiar kick when he carried the ball.

Injuries have been frequent and now he is being pressed by "Blackie" Caldwell for a starring berth. Riley, triple-threat main-cog of the Crimson Tide offense, plays guard in basketball and possibly is the fastest football man in the Southeastern conference. He's a member of the track team and once sprinted 100 yards in 9.7 seconds. While they room together and are the closest of pals, Boozer and Riley expect to follow divergent careers out of school. Riley wants to coach. Boozer likes the hotel business, the management end.

Dixie Coaches Get Started Wade Fears Vols, Coming Fast Under Bob Neyland Again

By WALLACE WADE Head Coach, Duke University DURHAM, N. C., Oct. 16.—Without exception, the five "new" coaches of the 29 teams composing the Southern and Southeastern conferences are away to fine starts. Of course, two of these coaches can hardly be called new, since Maj. Bob Neyland merely has taken over the reins again at Tennessee after a year in the Canal Zone in army service, and Frank Dobson was advanced from the Maryland advisory staff to the position of head coach.

The other three are Raymond (Bear) Wolf, who came to North Carolina from T. C. U.; Lowell (Red) Dawson, who left Bernice Bierman at Minnesota to take over the Tulane job, and Josh Cody, who left Vanderbilt to become head coach at Florida.

Dawson's Green Wave has established itself as one of the south's strong teams by upsetting Mississippi, 7-6, and then holding the powerful Auburn outfit to a scoreless tie. Coach Wolf's North Carolina team opened by defeating the rugged Wake Forest squad, coached by Jim Weaver, 14-7, and then turned back Neyland's team, 14-6. Against Tennessee, they took a 14-0 lead and held it against the Vols' furious late attack.

Cody's Florida team defeated a surprisingly strong Citadel outfit, 20-14, and the Alligators also had to try to win. At Maryland, Dobson's team defeated St. John's and then turned back V. P. I. One of the south's veterans, Dobson is an able coach and should produce fine teams at Curley Byrd's school.

Vols Powerful in Defeat After defeating Chattanooga, 12-0, Neyland's team lost to North Carolina, 14-6, but those who saw the Vols play the Tar Heels see indications of another fine Tennessee team. They tell me it has all the earmarks of a Neyland-coached squad and will turn in plenty of victories this fall. We look forward with misgivings to our game with Tennessee in Knoxville on October 24. In my opinion—and his record so far—Neyland is one of the finest coaches in the country.

DEMPSEY SAYS BRADDOCK NOT REAL FIGHTER

ROCHESTER, N. Y., Oct. 15. (AP)—Jack Dempsey, the former world champion, says that Jack Braddock is not a real fighter.

In a recent Rochester visit, Jack indicated that possibly Braddock's lack of lust to kill was holding back his development. "Jim is kind-hearted and sympathetic with a beaten rival," Jack explained.

Shortly before his death and appears ready to "carry on." During the last 10 years, Alabama, Tennessee, and Georgia have dominated the scene, although neither Tennessee nor Georgia ever has won a championship. Since 1923, Alabama has had but one change—Frank Thomas succeeded there in 1931.

Georgia, too, has had but one change since 1923, Harry Mehre replacing George Woodruff in 1928. At Tennessee, Neyland has held forth since 1926, with the exception of last season.

Another institution that has always been prominent in southern football—Georgia Tech—has had but one coaching change since 1904, by Jim Weaver, 14-7, and then turned back Neyland's team, 14-6. Against Tennessee, they took a 14-0 lead and held it against the Vols' furious late attack.

Cody's Florida team defeated a surprisingly strong Citadel outfit, 20-14, and the Alligators also had to try to win. At Maryland, Dobson's team defeated St. John's and then turned back V. P. I. One of the south's veterans, Dobson is an able coach and should produce fine teams at Curley Byrd's school.

In my opinion—and his record so far—Neyland is one of the finest coaches in the country.

Over a period of 30 years, Vanderbilt probably has had the best record of any team in Dixie. During that time the school had but one coach—the late Dan McGugin. Ray Morrison succeeded him there

Curtis Has Fine Record

Put Out District Champion First Year At Breckenridge

Coach Eck Curtis, a comparative newcomer to the Oil Belt football district, nevertheless has made a remarkable record since taking the head coaching job at Breckenridge in 1934. He will put a strong lineup on the Breck field tonight to face the Big Spring Steers.

Curtis went to Breckenridge from Electra, succeeding P. E. Shuttwell who went to Longview. In his first year, Curtis won the Oil Belt championship. In a post-season game with Paula Viles, Okla. High school champions of the Sooner state, the Buckies gained state-wide recognition, though defeated. Curtis is known as a clean, hard-fighting coach who always produces dangerous teams.

G. E. Morris, Breckenridge line coach, was a star at Texas Tech about three years ago, and is responsible for the fine Buckaroo forward wall this season. Only two touchdowns have been scored against the Buckaroos this season, and both were the result of passes.

SW Conference Games To Be On Air Saturday

There's football on the air Saturday afternoon with three games being broadcast by the Humble Oil & Refining company over ten Texas stations. Two of the games keep up with the race for the conference championship; the third is an inter-sectional contest which brings to the proven attraction of first-rate football the added appeal of intense human interest.

The two conference games to be broadcast under Humble's sponsorship are Texas A. & M. vs. Texas Christian University, from College Station, and Texas University vs. Baylor, from Austin. The first game takes the air at 2:30 p. m. over stations KTRH, Houston; KRHD, Dallas; KTSA, San Antonio, and KRGV, Waco. The second broadcast will begin at 2:30 p. m. over stations KNOW, Austin, and WACO, Waco.

Cleveland Indians Sign White Sox Castaways

CLEVELAND, Oct. 16. (AP)—The Chicago White Sox had good luck last season with other teams' pitching castoffs, so the Cleveland Indians are trying the same stunt on the White Sox.

Due to report to Cleveland for the 1937 American league season are Whitlow Wyatt, Carl Fischer and Joe Heving. All three were with the Chisox and the first two also have hurried for Detroit. Wyatt was drafted from Kansas City of the American association. Fischer was a big factor in Buffalo's win of the International league crown, while Heving paced the Milwaukee Brewers to the American association championship.

TECHMEN "VERY MODEST" LUBBOCK, Oct. 16. (Sp)—Jim Neill and Red Ramsey, Texas Tech's candidates for 1936 all-American honors, are almost too modest about their individual abilities.

Neill, the 190-pound triple threat from Brownfield, is quick to land his backfield mates and give them credit for his history-making work so far this season. He credits Captain Demp Cannon with the brains of the outfit, Fullback George Winters and Halfback Winny Baze with "the best blocking a ball carrier ever got." Quarterback Cannon replies that it's easy to be smart. "All I have to do is call the play for Neill, and my job's done," he says.

"I couldn't go, no other back would go," explains Neill, "if I didn't have that line to open the holes. Pote Owens (a guard) and Jesse Browning (the tackle who is death on opposing ends) really give me a wide open space, and on end runs, of course it's Red Ramsey or J. W. West. They're the best ends I ever hope to see."

Score After Gun

DETROIT, Oct. 16.—The University of Detroit had the unusual experience of scoring after the gun had ended the first half in the game against Kalamazoo Teachers. A pass was in the air just as the gun was fired. John Krooka, end, grabbed it and ran five yards for the counter.

WORK-RELIEF UNION THREATENS STRIKE

WASHINGTON, Oct. 16 (UP)—The Workers' Alliance, a depression-born union of work-relief needy, may stage a nationwide strike on federal employment projects if protest demonstrations in 1500 cities and towns next week fail to bring a 20 per cent increase in the government's starvation pay

scale," President David Lasser said today. Starting next Monday, Lasser will ask local organization chapters to hold mass parades, meetings and folded-arm protests throughout the country to emphasize the organization's demands. Alabama's legislature is composed of 141 members, 35 in the senate and 106 in the house of representatives.

New Veal Preparation Added To Mock Birds And Ducks Receives The Monicker Of 'Phoenix Bird'

By MARTHA LOGAN
Probably you already know that the shoulder of lamb boned with the shank bone left on is called "mock duck." You also probably remember that veal cutlets spread with a bread filling, rolled, and baked are known as "Veal Birds." Today I have a new meat bird to tell you about. It is called Phoenix Bird.

To make them, we use beef round steak—the steaks that are characterized by their round or oval shape pieces of lean meat and the small round bone. If you want a tender piece of round steak, buy the one that has small lightning shape streaks of fat through it. For the Phoenix Birds to serve six you will need two pounds of good round steak cut about one-half inch thick. It will be thinner than you ordinarily buy for Swiss Steak.

In making this meat dish we use a marinade or a sort of sauce that heightens the flavor of the meat and makes it all the more tender. Ingredients for this are:
Juice of 3 lemons,
3 tablespoons mild vinegar,
3 tablespoons celery seed or, 1 teaspoon celery salt,
1 teaspoon black pepper.

Cut the steak into six strips large enough to wrap a prune round the strips slightly. Pour the marinade over the steak pieces and allow to stand while you prepare the prunes.
Cook, cool, and stone six prunes. Dip in the marinade and fill each prune with finely-chopped celery. About three branches of celery will be necessary. Wrap a piece of steak around each prune as closely as possible. Fasten with tooth picks. Cover each piece of stuffed steak with two slices of bacon and fold a cabbage leaf around it. Fasten this with string as you would any package or bundle.

Pack these steak bundles in a pan large enough to hold them. Pour over them the Marinade that was left, cover the pan and allow to bake in a 350 degree F. oven about two hours. Remove the cover and let the birds brown well before they are done.

Remove strings, place on a warm platter and garnish with spiced peaches, cut in quarters and stuck with whole cloves.

Phoenix Birds don't demand a special setting. Here is a menu in which they are very good.

- Phoenix Birds
- Spiced Peaches
- Green Beans
- Mashed Potatoes
- Biscuits
- Fresh Fruit Salad
- Chutney Tart
- "Something Different"

"The more the merrier" is the sentiment of most housewives when they hear of new recipes for such popular dainties as nut bread and ice box cookies. Here are two brand-new recipes which make these good things even more delicious.

- Ice Box Cookies**
2 cups sifted flour,
3 teaspoons double-acting baking powder,
1-4 teaspoon salt,
1-2 cup butter or other shortening,
1 cup brown sugar, firmly packed,
2 eggs, well beaten,
1-2 teaspoons vanilla,
1-2 teaspoons lemon juice,
1-2 cups Huskies.
- Lunch-Box Nut Bread**
2 cups sifted flour,
4 teaspoons double-acting baking powder,
1 teaspoon salt,
1-2 cup sugar,
1 egg, well beaten,
1 cup milk,
3 tablespoons melted butter or other shortening,
1-2 cups Huskies,
1-2 cup broken walnut meats.

Two Killed By 'Tame' Bear

Enraged Beast Slashes Two Men Attempting To Feed Him

ELLSWORTH, Me., Oct. 16 (UP)—A supposedly tame brown bear attacked and killed two men in its cage at a gasoline filling station here Thursday.

Those attacked to death by the claws of the animal were George Langley, 55, proprietor of the filling station, and James Virtue, 65, Langley's helper.

The men were attacked when Langley entered the bear's cage to feed it.

After the deaths of Langley and his hired man the bear was killed with a rifle.

Witnesses said Langley was scarcely inside the cage when the 350-pound bear charged. He tried to retreat to the cage door but the bear slashed him down. Langley was scalped and his face was mangled beyond recognition.

Virtue was killed when he attempted to go to Langley's assistance.

Farmers first shot the bear that killed the two men and then they killed another bear in an adjacent cage.

Domestic Consumption Of Cotton On Increase

NEW YORK, Oct. 16 (UP)—Domestic cotton consumption in August and September aggregated 1,204,016 bales, the highest of any season with exception of 1927-28 when 1,262,000 bales were consumed.

In the corresponding period last season consumption was 858,972 bales and two seasons ago only 714,000 bales.

This bolstered hope in trade quarters that domestic usage this season may top 7,000,000 bales. That level has been bettered only twice in history, in 1926-27, at 7,190,000 bales and in 1928-29 at 7,091,000 bales.

Dendrolites is a term describing fossil fragments of trees.

sift again. Combine egg, milk and shortening; add to flour mixture stirring only enough to dampen all flour. Add Huskies and nuts and blend. Bake in greased loaf pan, 7x3x2 1-2 inches, in moderate oven (350 degrees F.) one hour and 10 minutes or until done.

West Texas Bridge Convention Draws Players From Many Cities

Bridge players from this section of the state are registering for play in the second annual West Texas Bridge convention that convenes at 9 o'clock tomorrow morning at the Settles hotel.

Mrs. Ashley Williams, formerly of this city now of Hobbs, N. M., who is here to manage registration, announces that she has arranged tables for players from Midland, Pecos, Austin, San Angelo, Fort

Local Women Attend P-TA Board Meet

Mmes. Smith, Stripling
And Beale At San
Angelo Session

Mrs. Hayes Stripling was elected third vice-president of the Board of Managers of the sixth district of Parent-Teachers Associations and Mrs. H. W. Smith appeared on the program at a meeting held Thursday in San Angelo.

Mrs. Stripling and Mrs. R. Hayes, sixth vice-president, Rankin, were elected to fill the vacancies caused by the resignation of Mrs. A. B. Woods of this city and Mrs. C. C. Saunders of Big Lake.

Mrs. W. P. Riley, president, presided at the session and introduced Mrs. S. T. Gilmore, honorary life vice-president, who spoke on Life Membership, Texas being the leading state in this phase since its origin in 1911. Mrs. Gilmore explained that money realized from memberships is placed in an endowment fund, the interest of which is used to carry on extension work. She asked that the sixth district secure five members during the year.

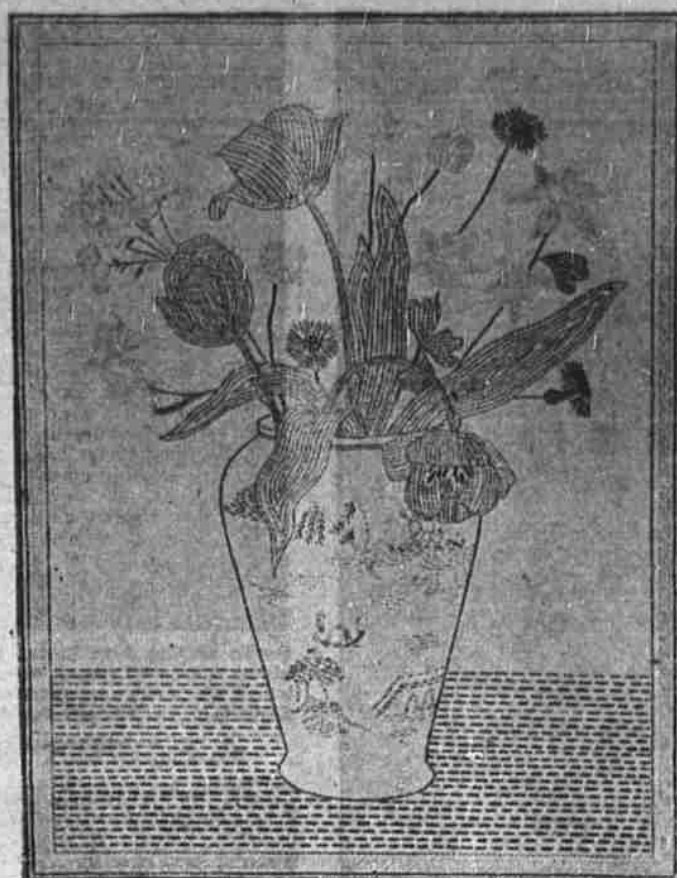

Mrs. W. A. Kay, Ozona, reviewed the "Guiding Principles, Policies and Ethics of Money Raising," and was followed on the program by Mrs. Thomas Head who outlined the association's radio program to be broadcast from KGKL, San Angelo, each Monday, Wednesday and Friday from 10 to 10:15 a. m. Women were asked to make comments

Worth, Dallas, Lamesa, Odessa, Abilene and Hobbs, in addition to a large number of local enthusiasts.

The games will be played through Saturday and will continue Sunday afternoon. Each day prizes will be awarded to successful contestants.

First convention was held last year in Abilene, the purpose of which was to bring together players from West Texas to form one large party and discuss their different systems during the session. Further details may be had by contacting Mrs. Williams or Robert Wagener at Forsan.

Embroidered Wall Picture

By RUTH ORR
Pattern No. 378

There was an ugly bare spot on the wall in the hall at old Lady-Stay-at-home's. She tried a lovely etching of trees that she has in her collection, but it seemed cold, and we all turned thumbs down on it.

on the talks which will be given. The titles of three have been announced as "Health in the Home and School," "Home Planning," and "Know Your Home and School."

To reach a goal set at 10,000 members, Mrs. Riley urged that each individual do her part in the work.

Mrs. Smith, member of the board spoke on City Council Duties. Mrs. R. L. Beale and Mrs. Hayes Stripling were visitors at the afternoon session.

Then she tried a colored block printing of Piccadilly Circus, but that, too, didn't seem to be the right thing.

Then, some weeks ago, when we dropped in to see her, she looked gully, and hid what she'd been working on, explaining that it was a surprise. We forgot all about it so that it really was a surprise when we dropped in, to find the old bare spot in the hall covered with this lovely needlework panel. The bright colors of the flowers took away all the coldness that had been there before, and we voted it a great success.

If you're on the lookout for such a "house brightener," we heartily recommend it. There is such a variety of color and stitches, that you'll find it fun—nothing monotonous about it. The panel is edged with a border that forms a frame around the whole, and, from one edge of the frame to the other, the pattern measures 15 by 20 inches.

Miss June Cook Elected Head Of Conference Club

Miss June Cook was elected president of the Conference club of the First Christian church and plans were discussed for a summer conference at the organization dinner held Thursday evening at the church when the sponsors, Mrs. G. C. Schurman and Mrs. Delmont Cook, were co-hostesses.

The club membership includes those young people who have been attending the Young People's summer conferences held at Ceta Canyon. Eligibility for membership is based on a merit system which is being prepared by club members for the approval of the church board of deacons and elders. Lyle Post, honorary member, has been appointed to check the system.

In addition to Miss Cook, officers elected were Donald Schurman, vice-president; Wendel Parks, secretary; Jack Courson, treasurer, each of whom will work toward completion of plans to hold a conference on Scenic Drive this coming summer.

Mrs. Schurman led the group in songs, which terminated the meeting. Present were Miss June Cook, Miss Marguerite Perker, Miss Lily Jean Cook, Miss Mildred Creath, Mrs. Delmont Cook, Mrs. G. C. Schurman, Lyle Post and the Rev. G. C. Schurman.

Friendship Class Plans For Contest

Plans for an attendance contest were made by the members of the Girl's Friendship Class of the First Methodist church at a business meeting held recently at the home of Miss Elisabeth Graves.

Miss Mamie Wilson and Miss Rebecca Thomas were elected to captain the opposing sides. Miss Wil-

son's group includes Miss Elisabeth Graves, Miss Anna Bell Pruitt, Miss

Charlene Williams, Miss Jamie Lee Meador, Miss Thelma Jean Moore, Miss La Fern Dehlinger, Miss Nellie B. Burns and Maxine Howard. Listed in Miss Thomas' group are Miss Margie Hudson, Miss Nell Rose Rankin, Miss Cleo Dixon, Miss Wanda McQuinn, Miss Punk Jones, Miss Vesta Lee Horn, Miss Mickey Gordon and Miss Lucy Bob Thompson.

Mrs. C. E. Thomas, class teacher, was also present.

Mrs. Shelle Barnes Has Dumb-Bell Party

A Dumb-bell party was given by Mrs. Shelle Barnes Thursday afternoon when she entertained for the Double Four Bridge club at her home.

Each guest received a dunes cap and name upon arrival, the name to be used throughout the afternoon. Demerits were given those who called players by any other than the one given. Mrs. R. H. Miller received a prize for getting the least number.

Mrs. Watson Hammond was highest scorer. Mrs. George Crosthwait took floating prize and Mrs. Wm. Dehlinger was bingo winner.

Attending were Mrs. Ruth Reagan and Mrs. J. N. Blue, guests, Mrs. R. H. Miller, Mrs. Watson Hammond, Mrs. Wm. Dehlinger.

Presbyterians To Convene In Midland In '37

The 1937 meeting of the Presbyterian Group Conference will be held in Midland according to the announcement made at the close of the meeting held in the First Presbyterian church here on Thursday.

Seventy-five people registered to hear the talks and discussions given by outstanding church workers of this section including Mrs. W. B. Gray of El Paso, Mrs. I. C. Majors, Dallas, Mrs. W. M. Elliott, Mrs. Riordan and Mrs. Evans, all of Colorado in addition to local speakers.

At the close of the meeting a free will offering was taken for the benefit of the Tex-Mex Home in Kingsville, sponsored by the church for the aid of unfortunate Mexicans.

Mrs. B. P. Franklin, Mrs. L. R. Terry and Mrs. George Crosthwait, Mrs. L. R. Terry will entertain on Tuesday.

"What's in a name?" scoffed Shakespeare. And then he made his own name the greatest in English literature . . . because the sublime quality of his writings gave that name a meaning.

You call for a product whose quality lives up to the promise of its name. How else could Budweiser be entitled to your constant choice if its quality were not daily maintained by skill that never wavers? Isn't that why so many people through three generations have chosen Budweiser as a friendly companion?

From the British Isles to the furthest reaches of Europe, nations are in the midst of building up their war machines and preparing for national defense while statesmen talk of world-wide peace. Upper left shows interior of a bomb-proof chamber in the basement of London's first gas-proof office building. Upper right, shows youngsters of Vienna being taught to use gas masks by army experts assigned to instruct citizens of the Austrian capital what to do in case of an air raid; lower left, scores of Nazi tanks paraded before more than a million peasants during the nation-wide German harvest festival near Hanover; lower right, shows the launching of the first German post-war battleship during the Anglo-German naval accord of 1935, before Adolf Hitler and thousands of spectators at Wilhelmshaven shipyards. It was christened the *Scharnhorst*. (Associated Press Photos)

HEIFETZ GETS SPECIAL ACCORDION

The "adding machine buttons" on a friend's accordion who urged him to play the instrument, stumped Jascha Heifetz, famed violinist. So the admirer designed a special accordion, with keyboards at both ends. Here Heifetz demonstrates his new instrument at New York. (Associated Press Photo)

ASK MORE POWER IN JAPAN

Japanese militarists—demanding extension of present influence in civil government—insisted upon immediate adoption of "administrative reforms" in the administration of Premier Koko Hirota. The demands were presented by Admiral Osami Nagano (left), minister of the navy, and Lieut. Gen. Jichi Teraguchi (right), minister of war. (Associated Press Photo)

Mrs. Hoover Re-named To Girl Scout Post

CINCINNATI, O., Oct. 16. (UP)—Mrs. Herbert Hoover was unanimously re-elected national president of the girl scouts at the 22nd annual convention here Thursday. Mrs. Benjamin Harrison, widow of President Harrison, was made an honorary vice-president.

"BLACK-DRAUGHT IS PURELY VEGETABLE—What Does That Mean?"

A great many things can cause constipation and there are many remedies to relieve it, but possibly none are more popular than the "vegetables" laxatives. Among these, Black-Draught is outstanding. In its manufacture, leaves of a certain plant are used, and the roots of certain others. These are dried so they will keep without preservatives... no other chemical change from the way they grow in "Mother Nature's medicine garden." By their being finely ground, the digestive system extracts the active medicine right where it is needed. Constipation is relieved. Black-Draught is so economical that a 25-cent package averages upwards of 25 doses.—Adv.

The Wrong Murderer

By HUGH CLEVELY

Chapter Three
CALL ON ELISA
 Terence's next action, after changing his quarters, was to buy himself a car. He had returned from China with a sum of nearly fifteen hundred pounds, and he spent three hundred of this on a second-hand but tremendously fast sports car, which he bought with a guarantee that it would do eighty-five.

Transferring his possessions and buying the car took him until nearly three in the afternoon. At half past three he called at the house in Chelsea, where Elisa Little lived with her uncle. He had only met Elisa twice in his life, and was aware that he had had no encouragement to call. That did not worry

him. He had never suffered from shyness.

Vincent Little, Elisa's uncle, greeted him politely, but with an air of surprise, as if he were rather at a loss to account for the reason for his call. He spent a great deal of his time being frigidly polite to young men with ambitions to see Elisa.

Elisa also seemed surprised, but not displeased, to see him. In spite of her recent sensational rise to stardom in the film world, she had remained unspoiled and natural. That was part of her charm.

Mahony could easily understand how she had risen so quickly. Though small and child-like-looking, there was an air of great health and vitality about her; she radiated personality. Her hair was very fair and silky, and fell in glossy waves on either side of her forehead, framing the delicious oval of her face.

Her eyes were a vivid blue, the bluest Mahony had ever seen; her nose was slightly turned up, giving her a rather impudent expression; her small mouth was delightful. She had a lovely friendly smile that crinkled the corners of her eyes a little, and caused the hearts of impressionable young men to melt within them.

"How nice of you to call," she said. "You'll stay to tea, won't you?"

Vincent Little frowned, and cleared his throat slightly. He did not want Mahony to stay to tea. He disapproved of the manner in which Elisa became friendly with young men without making the least enquiry into their wealth or social position. While he was proud of Elisa's rise to stardom, he deplored the fact that her association with the film world brought her in contact with a great number of people who had never played polo or hunted in their lives.

Still, as Mahony was staying to tea, he supposed he ought to talk to him.

"Let me see," he began rather patronizingly. "You're a friend of young Ross, aren't you? A shocking affair that—shocking. Obviously he was driving very recklessly."

This remark merely confirmed the opinion which Mahony had formed instantly—that Little was a pompous old fool. He turned to Elisa.

"I suppose you're going to the Cinema Ball tonight?" he remarked.

"Yes," she answered. "Though

don't want to a bit; after that horrible accident, Billy Ross was in my party, you know. I tried to get out of going, but Mr. Lawson said it would be silly, and the company I work for wouldn't hear of my not going."

"Lawson was right," put in Little importantly. "Young Ross was no relation of yours, and the public have paid a guinea each for tickets to the dance, expecting to see you and other stars there, and you have no right to disappoint them. I don't wonder that the company insisted on your going."

"Are you going with Lawson?" asked Mahony.

At that Little raised his eyebrows slightly. But Elisa answered without hesitation.

"A man named Fordham is calling for me, and we're joining Mr. Lawson's party at the Albert Hall. Are you going?"

"No," answered Mahony untruthfully.

He paused.

"Who and what exactly is Lawson?" he asked. "Where does he come from?"

Elisa's uncle looked slightly shocked.

"Lawson's a friend of ours—a very good friend," he said reprovingly. "He's an absolute first-class

chop."

"Really," said Mahony. He turned to Elisa.

"You like him, do you?" he asked. At that question old Little's eyebrows went up about half an inch. Evidently he thought the question highly impertinent. That did not disturb Mahony. He wanted information, and he did not care a hoot if old Little's eyebrows went right up through the ceiling.

Elisa hesitated, laughed, and shrugged her shoulders slightly.

"Well, yes, I think he's all right. He's rather an extraordinary man, you know, terribly clever. There doesn't seem to be anything that he can't do. He speaks about four languages, and he's good at sports, and he's a marvelous musician."

She hesitated again.

"I don't think I altogether rave about him," she said judicially. "But he's been very nice to us."

"Nonsense, Elisa; you shouldn't say things like that; you know you like him," put in her uncle in a rather annoyed tone. "Everyone likes Lawson. He's most popular."

The door of the room opened.

"Did I hear my name mentioned?" asked a voice from the doorway.

A tall man of about 40 stood on the threshold. He was strikingly good-looking. His hair was dark, with a central parting; his eyes were dark, with a slight upward slant to them; his features were clear-cut and keen; his lips, slightly parted in a smile, revealed a glimpse of singularly white and perfect teeth.

His clothes were beautifully cut, and he wore them with an air of distinction. For a moment he stood quite still in the doorway, almost in the manner of an actor, who pauses for a moment, after his first entrance on to the stage, in order to give the applause time to subside.

"I found the front door unlocked, so I walked in," he said.

"Of course. That's all right, my dear chap; we're very glad to see you. Let's see, you've met—er..."

FROG FLASHES

FORT WORTH, Oct. 16—The Horned Frogs have traveled more than half a mile on the gridiron in four games this season. To be exact, the total gain is 908 yards, net. Most fans regard the Frogs decidedly as a passing team. Yet 420 of these 908 yards (almost half) have been gained on running plays.

Glenn "Donkey" Roberts, senior fullback, is the leading T.C.U. ground-gainer to date, having carried the pigskin for a total of 91 yards. Of course, Sam Adrian Baugh has thrown most of the passes. He has tossed 33 that were completed, for a total gain of 466 yards. The best receiver is Pat Clifford, sophomore back, who has caught nine for 155 yards gain.

Pension Roll Larger Than Was Expected

Law Must Be Deliberated Or Additional Revenue Fixed

AUSTIN, Oct. 16—Many facts never before made public developed in the testimony of Orville Carpenter, executive director of the Texas old age assistance commission, before the state affairs committee of the senate recently.

The pension roll of September 1 carried a total of 85,000 names, and according to Carpenter's estimates, will reach 140,000 by January 1.

In explaining the reason for the decrease in percentage of approvals for pension, Carpenter said the first 40,000 placed on pension were from relief rolls, nearly all old people on relief being eligible. At least 50 per cent of all others applying prove eligible.

Applications totaling 204,655 were filed with the commission on August 31 of this year. While death and other causes are causing about 500 per month to be dropped from the rolls, the increase in population is adding 10,000 eligibles yearly, half of whom probably will apply.

Heavy Load Ahead

Unless the pension law is restricted, the director predicted, 146,000 persons will draw \$14,000,000 in 1937. To this must be added a five per cent overhead expense for administration.

Average pension payment per month is \$16, half of which is met by the state and the other by the federal government.

Because the law specifies that the commission send out checks on July 1 if the applications were approved before that date, the commission now owes back pension payments up to \$5,132,984. Carpenter estimated that approximately \$3,000,000 additional revenue will be necessary to meet these back payments, the remaining payments in 1936 and the cost of administration.

He realized that the federal government will not allot any funds to cover these back payments.

Some of the facts that have become apparent from the inquiry is

Twenty-Nine Million Dollar Tin Project For South Is Announced

BIRMINGHAM, Ala., Oct. 16 (UP)—The south's greatest depression industrial expansion program, a \$29,000,000 enterprise, was promised today to the Birmingham area by officials of the U. S. Steel corporation.

Here to inspect their subsidiary property, the Tennessee Iron, Coal

and Railroad company, they announced plans for the erection of a tin plate mill at a cost of "many millions." The \$29,000,000 figure was set by officials of the subsidiary company.

The mill will be the first of its kind in the south.

The giant enterprise was disclosed at a luncheon, attended by 1,000 southern business men, by Myron C. Taylor, chairman of the board of U. S. Steel, and William A. Irvin, president of the parent corporation. Construction will begin immediately, Irvin said.

At least 2,400 men will be employed in the new mill, designed to

TES Sponsors Essay Contest On 'Light'

An essay writing contest on "Better Light—Better Sight," with 37 prizes totaling \$525 has been announced by C. S. Blomshield, manager of the Texas Electric Service company. The subject of the essay is "Why I Need Good Lighting at Home and at School," and the contest may be entered by any school student in towns served by the Texas Electric Service company, except children of company employees.

The contest is free and all needed reference material and entry blanks containing the contest rules are available at the company office. The contest opened October 15 and continues through December 14, when the best essays will be selected and the winners announced as promptly as possible. The age and grade of the contestant will be taken into consideration in selecting the winning essays.

The chief purpose of the essay contest is to impress on students the need for safeguarding eyesight, particularly when reading or studying at night when artificial light must be used, and in the daytime indoors when the natural light isn't strong enough to prevent eye fatigue, said Blomshield.

Suicide Of Banker's Son Puzzles Police

TULSA, Okla., Oct. 16 (UP)—Police, seeking a solution to the strange death of C. T. Everett, Jr., 20-year-old member of the notorious "Hi-Hat" club and son of a wealthy banker, found themselves stymied today by a maze of conflicting evidence.

After pronouncing the death a suicide, detectives began a search for a motive in the death. They had a pistol which they believed to be

met the needs of the can-making industry, and at least another 1,500 in construction, officials estimated. The plant is to be in operation early in 1938.

"The rhythm of recovery has been re-established," Taylor said. "It has assumed sufficient volume to enable us to operate the great plants of our corporation in this district and elsewhere for a sustained period of six months at 65 to 70 per cent of their capacity. They are now operating at more than 70 per cent."

the death weapon, but lacked evidence on any events leading up to the tragedy.

Everett's body was found behind the closed door of the clothes closet in the bedroom of his home. The gun was discovered lying against the body. It had one cartridge in the chamber—fired. It also had the serial numbers on the gun stock filed away.

Attempts to converse with Everett's parents, Mrs. Everett and C. T. Everett, Sr., vice president of one of the city's largest banks, proved useless. The parents were too overcome with grief to answer questions coherently.

No connection as yet had been found between the youth's suicide and the murder case two years ago, when John Gorrell, Jr., dental college student, was slain, and Phil Kennamer, son of Federal District Judge Franklin E. Kennamer, was convicted of the death. That case brought to light the "Hi-Hat" club, including in its membership adventurous sons of oil-wealthy Tulsaans.

Allred Booked For N. M. Speeches

AUSTIN, Oct. 16. (UP)—Gov. James V. Allred will make five speeches in New Mexico for the national democratic ticket, he announced yesterday.

The schedule is: Oct. 29, Tucuman, night; Oct. 30, Clovis, night; Oct. 31, Portales, afternoon, Roswell, night; Nov. 2, Carlsbad, night.

Presidential Report Of Labor Due Today

WASHINGTON, Oct. 16. (UP)—President William Green of the American Federation of Labor said the federation's long-delayed analysis of the labor records of 1936 presidential candidates probably will be released today.

At the same time it was revealed the report—strongly favorable to President Roosevelt—has become intricately involved in the crisis facing the federation as a result of its schism with the rebel CIO unions led by John L. Lewis.

Lengthy delay in publication of the report which ordinarily is issued in August of the presidential year, is a direct outgrowth of the federation-CIO conflict, it was learned.

PROGRESS OF GIRL SCOUTS REVIEWED BY MRS. HOOVER

CINCINNATI, Oct. 16. (UP)—Mrs. Herbert Hoover, re-elected national president of the Girl Scouts at the 22nd annual convention, today reviewed progress made by the organization during the year.

She announced that the membership had increased 15,310. The greatest percentage of growth, 12.3 was in the Pacific coast states.

All of the 12 regions into which the Girl Scouts divide the United States reported a good camping season, according to Mrs. Hoover.

Dixie Region Active

Despite growth, disease and heat waves, the Dixie region, which includes Mississippi, Alabama, Arkansas, Tennessee and Louisiana had 1,200 girls in the established camps, 1,000 in day camps and more than 1,000 in troop camps. More than 1,000 camps, of which 146 were new, were in operation throughout the country, the campers numbering more than 100,000.

Mrs. Hoover told how the Girl Scout program is penetrating to the more remote sections of the country, and what means the organization takes to keep in touch with isolated or "one" troops.

American College Of Surgeons Gives Hospital Approval

The Elvings hospital of Big Spring, a privately owned institution, was one of the 11 West Texas hospitals to meet requirements laid down by the American College of Surgeons. It was revealed in a report put out by that organization today.

The local hospital, which is capable of taking care of all general cases, has a bed capacity of 25, ranking well up the list in the size of Texas institutions of that nature.

Other recognized hospitals in West Texas include the Hendrick Memorial hospital in Abilene, Medical Arts hospital in Brownwood, St. John's hospital and the Shannon West Texas Memorial hospital of Angelo, Lubbock Sanatorium, and West Texas hospital of Lubbock, and the El Paso City-County hospital, El Paso Masonic hospital, Hotel Dieu Sisters' hospital, and the William Beaumont General hospital, all of El Paso.

Prehistoric Native Of Plains Fearless Fighter, Clever Hunter

CLOVIS, N. M., Oct. 16. (UP)—The Folsom man, who roamed the high plains of Texas and New Mexico 10,000 years ago, lacked neither courage nor ingenuity.

Members of a joint expedition from the Academy of Natural Sciences at Philadelphia, the Carnegie Institute of Washington and the University Museum of Philadelphia found traces of the prehistoric man's prowess in Blackwater Draw between Clovis and Portales, N. M., last summer.

Several specimens of the long-toothed elephants uncovered carried the stone head from a Folsom man's spear. At least one showed every evidence of having died from a thrust of the human's crude spear.

Feats of Skill Proved

Dr. Edgar B. Howard, associate in paleontology at the Academy, said the discovery of elephants killed with a spear was the first ever made.

"The bone points apparently are the first of their kind to be found with pre-historic elephants," said Howard's statement. "Evidence of the early hunters' beautiful workmanship may be seen in the carefully chipped stone spear points which are leaf-shaped in appearance and in perfect condition—some 10,000 years later.

Swamp Aided Hunters

"One can picture the ponderous mammoths, bogged in the swamp that once covered the site of the present excavations, being finished off by the deadly stone spears of the Folsom hunters.
