## Fashion Revue held June 30

The 1988 Schleicher County 4-H Fashion Revue was held Thursday, June 30 at the Memorial Building. A salad luncheon was served.

Fashion Revue objectives are to build self-confidence through developing an understanding of one's self in order to select and make clothing and to express the personality, skills in planning, selecting, and constructing clothing. An ability to select and use suitable and becoming accessories for a total look. An awareness and interpretation of current fashion for the individual.

Also to make and model a garment that is an asset to the wardrobe and to develop poise, good posture and habits of good grooming.

Leaders for the project were Chris McCravey, Becky Taylor,

Ilse Williams, Becky Sterling, Nell Edmiston, Lorain Hamilton, Sherry Johnson, Areli Montalvo, Donna Schooley, Candy Richards, Jerri Whitten and junior leader Jana Sterling.

Fashion Revue participants in the junior division were Angi Fitts, Catharina Gower, Amber Hamilton, Brooke Richards, Ericka Schooley and Estella Montalvo. Participating in the intermediate division was Amy Hamilton.

4-H clothing project group participants were Renee Edmiston, Catharina Gower, Jessica Conatser, Erin Meador, Estella Montalvo, Kayla McCravey, Andi Sterling, Amber Hamilton, Amy Hamilton, Makenzie McCravey, Whitney McGinnes, Tamara Robledo, Angi Fitts, Ericka Schooley, Brooke Rich-

ards, Toni Whitten and Jennifer Smith.

The following girls will be traveling to San Angelo Tuesday, July 26 to participate in District competition: Amber Hamilton, daywear; Ericka Schooley, sportswear, who also had high point; Brooke Richards, daywear; Angi Fitts, sportswear; and Amy Hamilton, intermediate sportswear. Attending as first alternate will be Catharina Gower and as second alternate Estella Montalvo.

## t.b.

BY T.B. NEILL

### POLITICS.....

The announcement came Tuesday, just like many political observers thought it would. To have any chance at victory in November, Mike Dukakis had to have a non-controversial vice presidential candidate from the South.

Lloyd Bentsen, who certainly fits all those qualifications, was the man and apparently will join Dukakis on the Democratic ballot. Will that assure a Democratic win? We think not.

Oh, the Bentsen addition will certainly help. It could turn a

close race into a barn-burner, but we doubt it will push Dukakis over the top in the Lone Star State.

But, just to show that we are fair, this columnist consulted the local daily Tuesday and officially committed Dukakis' name to memory. It is there now--spelled properly, beside those other words we have trouble spelling--occur and definite.

We were hoping for something a little simpler this campaign. A Bush-Baker match or maybe a Robertson-Hart tussle. Can you imagine the campaign ads had Pat Robertson, the preacher, and Gary Hart, the lover, been nominated?

There would be lots of words used to describe such a cam-

paigned, but one that would not be heard would be "boring". Such a race would be about as boring as trying to count Tammy Bakker's eyelashes!

Actually we're about as excited as our readers are that the Democratic convention starts next week. What a great time for a vacation in the mountains, far away from the hoop-la-la that will be expoused over the airwaves.

That's the reason newspapers have it over the spoken and visual media. Folks can refuse to read boring front pages with pictures of presidential candidates and also-rans scattered across them.

However, if you're determined to watch the boob tube you're

See t.b. Page 2.

## COL. JOHN PAUL CONDUCTS TOUR AND BRIEFING

# Senator Phil Gramm visits PAVE PAWS

Senator Phil Gramm arrived at the Eldorado Airport Friday evening, July 1, and from there proceeded to Eldorado Air Force Station for a tour and briefing of the PAVE PAWS radar facility. Greeting the Senator at the airport were local business men and women, who then accompanied Gramm to the radar facility.

Senator Gramm was briefed by Squadron Commander Col.

John Paul who stated the primary mission of PAVE PAWS is to provide tactical warning of ballistic missile attacks against the United States.

After the briefing, the Senator was given a tour of the facility and a demonstration of a Site Report

A brief press conference was held after the tour. Gramm was

asked about the drought and what was being done about it. In reply he said 117 counties, 40 of which are severe, are now getting federal assistance. "The USDA could have acted quicker," he stated.

He went on to say that the government's role in the drought should be to use what we have now when it is needed. Timing is everything and the need to know

when to act and when not to is essential.

"I believe in trade," Gramm stated. "American business and agriculture is good today. Trading overseas is better than ever."

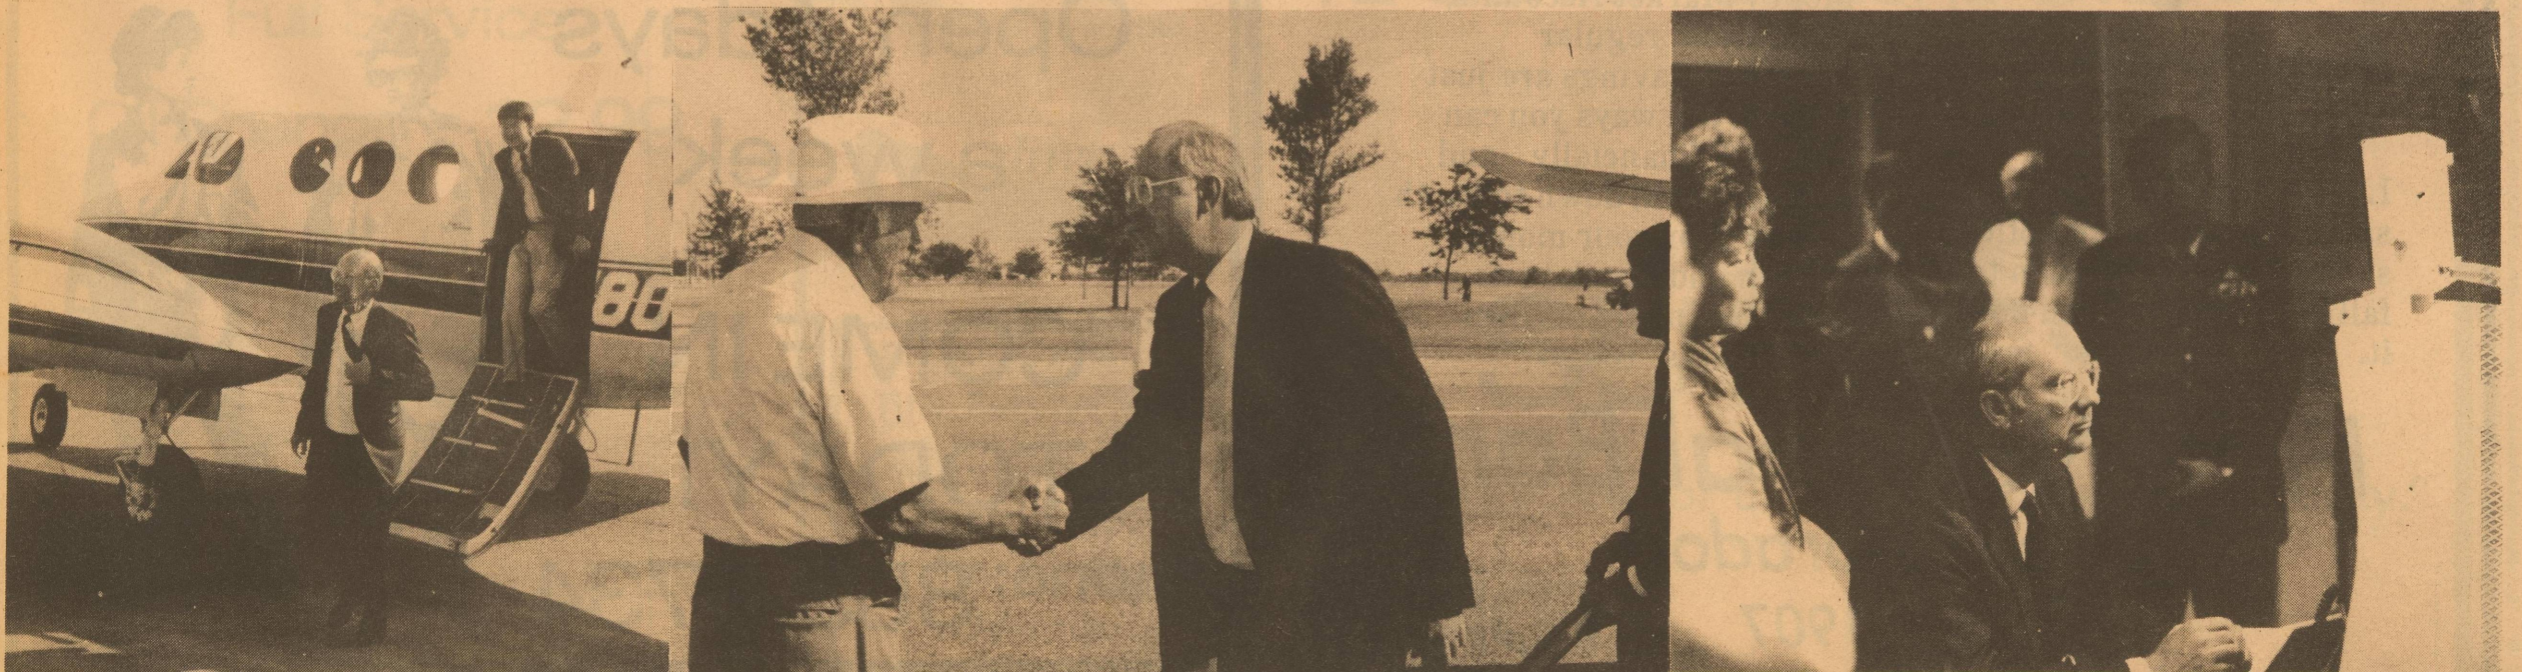

This was the Senator's first visit to the radar facility since it became operational in May of 1987.

When asked about defense the Senator said "The lessons are clear. If we are strong and capable to defend ourselves we'll do it. Only freedom can create posterity."

"Because of what you are doing here and the commitment your people have made in learning how to use this miracle of modern technology, we've got

a pretty good indication that in the morning when the minions of tyranny report to their masters in the Kremlin, the report is going to be--today is not the day to attack the United States of America," he concluded.

Gramm was accompanied on this trip by sons Marshall and Jeff, and State Director for Senator Gramm, Jeb Hensarling.

VISITING ELDORADO -- Gramm flew into Eldorado July 1 for a tour of the PAVE PAWS unit at Eldorado Air Force Station. In the center photo Gramm is welcomed by Elton McGinnes and at right gets a briefing on the installation's radar tracking system. [Staff Photos by Mary Jenkins]

**EDITOR'S NOTE--**The following letter was received from Mrs. Lucile Hill Walker, a charter member of the Mias Amigas Club.

Dear Rene Calcote and Eldorado Success:

Seeing Mias Amigas sprawled across the front page of this week's SUCCESS made me very happy, and a little lonely too, since I cannot be there. But I can thank you for the good story you have written about the organization. You have talent for the writing you are doing and I want to congratulate and thank you for it. Hope the SUCCESS managers and/or owners keep you busy.

I am enjoying the picture you carried. I can name all but one, possibly another about whom I am uncertain. So far as I know all are dead now except Lula Mae Evans and myself. I think Lula Mae is still living.

Lack of a car driver kept me at home this time. I did want to attend, but being in the very late 80s now my doctor thinks I should behave when it come to distances and let someone else drive my car. I do all right around town or down to Lubbock, but otherwise I am more or less grounded about driving. And there are no flights that would put me in Eldorado. Getting there from San Angelo would be a problem and a worse one when I reached Eldorado without a personal car.

It occurred to me to tell you that I have a number of early day pictures of the group attending in various years. If the museum there has a place of safe keeping for old photographs I would really like to send mine there.

It was a very small little club at first. Travel in those days was largely by train. Some of us had married and moved some distance away. Getting back home was a real task and expensive too for our slim pocket books. The motivating factor was to get there at the same time. So we set the last Friday and Saturday in June as the date and organized the club so that there could be plans made for entertainment before hand.

Will Whitten gave us our name and it is a good one I think. Hope they never change it. He was the son of Judge Whitten a well known early day leader, as are some of his descendants who are still living there. I wrote the little poem which you have set at the beginning of your story. In those days I did a great deal of singing, solo work, etc. trying to find expression for my sentiments and feelings. (Later it was organization work.)

I loved the old semi-classic, "Believe Me If All Those Endearing Young Charms". The poem came one day, when the organization was getting more mature. And so was I! I was driving my new Packard car down for the reunion. Must have been about the mid 40s. I had been singing "Believe Me" to myself as I drove along. The words began forming in my mind. And I rejected different ones and substituted another as I progressed. I was to thrilled by it an the thot I might have something to surprise my dear friends by singing at our opening meeting. And I did! I wrote out copies and we all sang it with real feeling. Right then and there they adopted it as our official song. It make me thrill with joy when I saw you had used it, in the news story.

My young son was beside me that day and approved of what I had written. In fact I tested it out on him! The tune is not too singable but I hope the organization keeps the words and repeats them at least.

Your story gave me a feeling of nostalgia and makes me recall some of the things we did for fun. Don McCormick was our gallant knight in those days nad helped in our every scheme or plan. In 1949 we had a hay ride which he had arranged. It was the very MOST, so we had one again the next year. For a number of years we met at the C.C. West home. Mrs. West is in this picture. Jim West is her youngest child. I am sure you know him.

Cora Lee Mebane and Ada came to the meetings occasionally, but Agnes was a faithful

member, being nearby at San Angelo. Dr. Clifford Womack, her husband, came often. My mother and father, Mr. and Mrs. D.C. Hill (in the picture), Mrs. Walter Ramsay, Mrs. Whitfield (in picture, front seated), Ida Connor Neill, Miss Mae McCormick (Mrs. Tisdale), Lummie Pelt Whitten, Mrs. Will, also in the picture, among possibly others, including Josephine Murchison Hill were very active in entertaining us when we arrived, or helping with the planning and execution of work necessary. In fact it became quite burdensome and those of us from a distance began trying to help. We even took food for the picnic supper, and all drove down in personal autos by the time we were a few years old, the club, that is.

We always had a program of an inspirational nature, on the morning of Saturday. Everyone looked forward to it. I do wish

t.b.

Continued from Page 1.

bound to get exposed. It's kinda like trying to get your kids through the first grade with no exposure to chicken pox. Darned near impossible, we think!

There was a time when newspaper people—even in the small hamlets of this country, looked forward to the election because candidates still believed they had to advertise in the smaller markets.

This day and age, however, if we get a one column by three inch ad from a national candidate we get quick calls from area publishers. "Okay, t.b. how did you get the political ad?" is the usual question.

That's the reason we do not spend a lot of time worrying about the political process. About all it's good for is to fill up a column spot when you don't have anything else to complain or write about.

they would have that again. Also there was a reception on Saturday afternoon when the town's citizens were invited and entertained. That was a good bit of trouble and was dropped in the fifties, I think. Miss Pearl Bailey, whom we loved and honored as a former teacher was a great help in the problem of programs.

As time progressed we began to realize that we were doomed to extinction unless we stretched our membership. Several had already died. One was Buckner Bailey, sorely missed among others. Early on we had taken in

male members and found our interest increased. But to go farther was met with resistance.

Of course it did change the whole nature of our beginnings. My last attendance there was in 1985 or six I am not sure which. But I read a poem from memory that I learned in childhood days at school. I think they liked it—at least they listened attentively. I must admit the audience was a large group of strangers to me. A very, very few of the older ones remembered me.

I have rambled too long. Just See LETTER Page 6.

## Gospel Meeting

at Westside Church of Christ  
July 24-27th

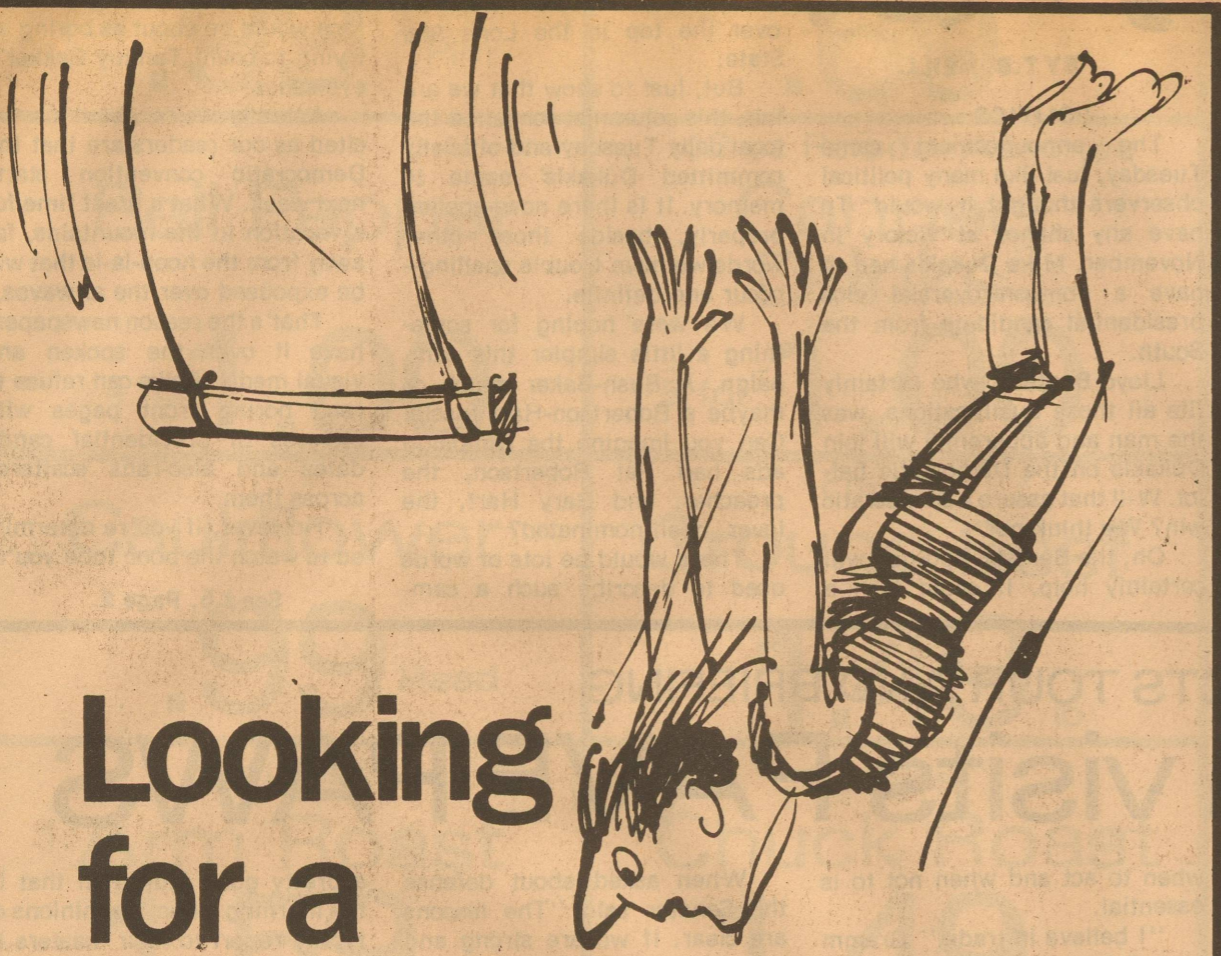

8 p.m. nightly

10:30 a.m. & 6 p.m. on Sunday

Speaker is Dr. Tom Langford,  
English Professor at  
Texas Tech in Lubbock.

Dinner at Memorial Building  
on Sunday.

All are invited & urged to  
attend each service.

### Looking for a safety net for your family?

Look to our high yield savings systems that offer a sound financial cushion to fall back on when you need it.

CDs, Money Market Accounts, I.R.A.s and regular Passbook Savings are just some of the ways you can aim high financially...and still net solid, down-to-earth security for your money. Stop in and speak to us about our many savings "safety nets" today.

## Duplicate Bridge winners announced

Duplicate Bridge winners for the month of June have been announced. Winning on June 2 were: Helen Blakeway and Buddy Sutherland, first; Charlotte Sutherland and Flora Hubble, second; Sammie Espy, Sonora and Candy Richards, third; and Ethel Olson and Trouba Kaplan, Sonora, fourth.

Winners for June 9 were: Metha Trainer and Trouba Kaplan, Sonora, first; Bea Porter and Buddy Sutherland, second; Candy Richards and Sammie Espy, third; and Melissa O'Harrow and Tom Peaslee, fourth.

On June 16, winners were: Trouba Kaplan and Ethel Olson, first; Lottie Puckett and Fred Adkins, Sonora, second; and Anne Parker, Ozona and Helen Blakeway, third.

On June 23 the club tournament was held with eight tables of players from Big Lake, Rocksprings, Sonora, Ozona and Eldorado. Winners were: Norma Murray, Sonora and Tom Peaslee, first; Candy Richards and

Sammie Espy, second; Joyce Poage and Melva Dougherty, Big Lake, third; Evelyn Wimer and Metha Trainer, fourth; and Charlotte Sutherland and Melissa O'Harrow, fifth.

Winners for June 30 were: Norma Murray and Tom Peaslee, first; Bea Porter and Helen Blakeway and Candy Richards and Sammie Espy, tied for second; and Ethel Olson and Trouba Kaplan, third.

Maximum legal speed for cars, motorcycles, commercial buses and light trucks in rural zones of Interstate designated highways.

MR. AND MRS. A.L. SAWYER

## Sawyers celebrate 50th in Christoval

Mr. and Mrs. A.L. Sawyer will be honored at a reception from 2 to 4 p.m. Sunday, July 31 in the Christoval Community Center. The event will mark their 50th wedding anniversary.

Billie Louise Byler became the bride of Andrew Louis

Sawyer July 31, 1938 in the home of her cousin, Marvin Carr of Sherwood. He also officiated the ceremony. Since their marriage, the couple has lived in the Sherwood and Mertzon communities for 25 years. In 1965, they moved to Fort Stockton where they owned and operated the Parkview Trailer Park. They have lived in Christoval the past 12 years.

Sawyer served in the Combat Engineers Division during World War II and is a charter member of the Veterans of Foreign Wars in Fort Stockton. He is a farmer and takes great pride in his fields and bountiful garden.

Mrs. Sawyer is a homemaker and enjoys making beautiful quilts for her family and friends. They are members of the First Christian Church.

The Sawyers have five children, 15 grandchildren, and five great grandchildren. Children of the honorees, Mrs. Jimmy (Annie Lou) Harris of Abilene, Billy Louis Sawyer of San Angelo, Betty Sue Gagneaux of Christoval, Mrs. Hector (Wanda Jean) Zamorano of Irving, and Clyde Sawyer of Fort Stockton, their spouses and grandchildren are hosts for the reception.

Family and friends are invited to come and share this special day with them.

## Middleton crowned in Austin

Shianne Middleton, daughter of Ronnie and Maggie Middleton of Lawn was crowned Texas State Our Little Miss Queen during a week long competition held in Austin. She also received first in swimwear and sportswear and second in party dress.

Shianne will go on to world competition held in Houston August 1-7. Last year's competition was held in Orlando, Florida in which Shianne won Mini Queen.

Her grandparents are Toddes and Betty Middleton of Brownwood and Curtis and Mary Helen Stockton of Eldorado.

## -top of the divide-

BY THOMAS GIOVANNITTI

Sorry there was no article last week but my brain was on vacation even though I had returned. The longer I live here the less urgent do the problems of the rest of the world become. I used to worry about all sorts of things.

Take for instance, this latest shooting event in the Persian Gulf. Like most other Americans I feel a certain amount of pity for the folks on that airplane. I am sure that many of them had no great love for America but they were probably not combatants and didn't even know that Iranian civil aviators did not, as a matter of principle answer warnings from The Great Satan's warships.

It seems to me that the situation may very well have been a no win affair. The Iranian airplane was only at 7,500 feet and descending at the time it was downed by the missiles. Having seen a few radar blips in my time I can assure you that it is not very easy to tell anything about a plane from the size of the mark on the screen. I am still not so sure what we are doing in the Gulf anyway.

Our protection of international shipping does not seem to me to be very helpful to Texas, especially our oil industry. Closing the Gulf would sure put a premium on West Texas Crude. Besides all that America only gets about 25 percent of its crude from the Persian Gulf. Who knows, maybe if the Gulf was shut down Japan and Europe would have to buy oil from us?

When you add to that the fact that if we had no military presence in the Gulf we would not risk losing any American lives in any shooting incidents. We could also avoid making the kind of mistake that takes the lives of civilians, such as this aircraft downing.

Now maybe there is something I am missing in all this. Maybe there is some broader issue about freedom of the high-seas and things such as that which I just fail to comprehend being so far from the seas, but I can't see that our policy in the Persian Gulf is very well thought out. I am not the only one who feels this way. There are a few senators and congressmen who believe that our policy will and did result in just the sort of mistake that gives those fanatics who run Iran a reason to kill and maim

other innocent civilians.

Given the usual reaction from the Ayatollah it won't be too long before some American gets kidnapped or killed or a car bomb blows up in the yard of one of our embassies. The problems seems to be that unlike most intelligent people, the leaders of Iran just get worse when we try to use muscle and they get worse when we try to use diplomacy. When you deal with crazy people who also happen to have an army and navy there may be very few right answers. The Iranians invite this very kind of disaster and then blame the Evil Americans; that seems to me a no-win situation.

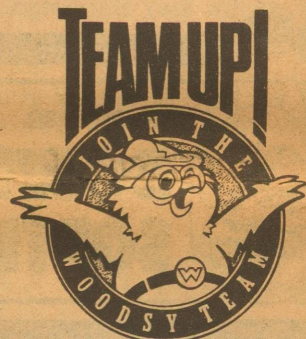

## Hanusch rites held in Eden

Elsa Ida Wolbrueck Hanusch, 88, of Golden Years Nursing Home in Christoval, died at 4:30 a.m. Thursday, July 7, 1988 in Angelo Community Hospital.

Services were held at 2 p.m. Saturday in Trinity Lutheran Church with burial in Eden Cemetery, directed by Day-Loveless Funeral Home.

She was born February 20, 1900, in Williamson County. She was a longtime Eden resident and had lived in Christoval four years. She and her husband lived in Eldorado from 1935 to 1940 and were in the farming business.

Survivors include four sons, Ernest Hanusch, LeRoy Hanusch and Ray Hanusch, all of Eldorado, and Floyd Hanusch of Del Rio; one daughter, Laverna Crump of Sulphur Springs; one brother, Hubert Wolbrueck of Sweetner; one sister, Elizabeth Wolbrueck of Georgetown; 16 grandchildren; and 26 great grandchildren.

**PUBLIC NOTICE**

CITY OF ELDORADO  
Water Supply Customer

The United States Environmental Protection Agency (EPA) has adopted requirements that all public water systems notify their customers about lead exposure. This notification is intended to educate and inform customers on this issue in light of the fact that your drinking water may be a potential source of lead exposure. This is being done even though your water system is not in violation of the current standard. There are also other potential sources of lead contamination in the environment.

The following specific language is required by EPA in this notice:

The United States Environmental Protection Agency (EPA) sets drinking water standards and has determined that lead is a health concern at certain levels of exposure. There is currently a standard of 0.050 parts per million (ppm). Based on new health information, EPA is likely to lower this standard significantly.

Part of the purpose of this notice is to inform you of the potential adverse health effects of lead. This is being done even though your water may not be in violation of the current standard.

EPA and others are concerned about lead in drinking water. Too much lead in the human body can cause serious damage to the brain, kidneys, nervous system, and red blood cells. The greatest risk, even with short-term exposure, is to young children and pregnant women.

Lead levels in your drinking water are likely to be highest:

1. If your home or water system has lead pipes, or
2. If your home has copper pipes with lead solder, and
  - if the home is less than five years old, or
  - if you have soft or acidic water, or
  - if water sits in the pipes for several hours.

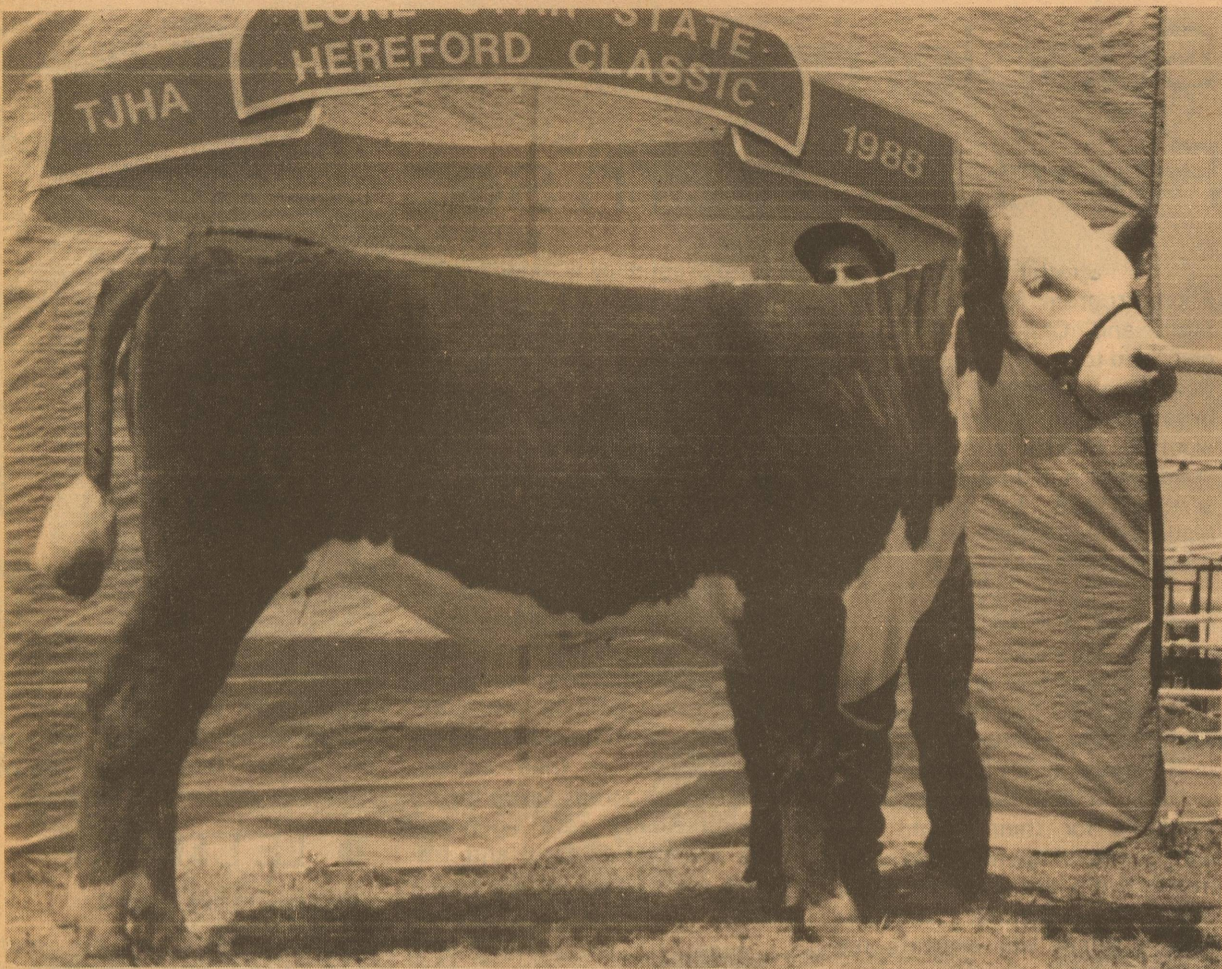

Ways to avoid potential lead exposure are to "flush" faucets before use and to use cold water for drinking and cooking. You may wish to have your home tap water tested for lead content by a competent laboratory. You may also wish to check to see if lead pipes, solder, or flux were used in your home plumbing.

Eldorado's water supply has been tested at less than 0.02. If you would desire more information you may contact the City of Eldorado, P. O. Box 713, Eldorado, TX 76936 or the Texas Department of Health, 1100 W. 49th St., Abilene, TX 78756-3192.

Sincerely,  
CITY OF ELDORADO  
Water Department

## Services held for Roy 'Slim' Boyer

Roy (Slim) Boyer died Friday, July 8, 1988 in Uvalde Hospital at the age of 81.

Graveside services were conducted at the Eldorado Cemetery by the Rev. Chris Graham at 2 p.m. Sunday. Nephews were pallbearers.

Slim was born May 31, 1907 to Sam and Rutha Boyer in Coleman County. At a young age his family purchased land in Runnels County and lived there until he moved to Eldorado in 1929.

He married Veva Wade June 26, 1937. They ranched in Schleicher County until 1956 when they purchased land at Uvalde and lived there until his death.

Slim was widely known for his love for horses and hound dogs.

He is survived by his wife, Neva; one brother, Ray Boyer of Eldorado; five sisters, Florence McCormick of Austin, Birgie Rappy of San Angelo, Leola Stephenson of San Angelo, Billie Belcher of San Angelo and Geneva Johnson of Abilene; and numerous nieces and nephews.

## — proud papa — reports

Garrett Wayne Warnock, anxious to enter God's beautiful world, did not wait for an entrance in the delivery room of Shannon Hospital, so he made his appearance in the hallway at 6:14 a.m. July 11 at seven pounds, four ounces.

To greet this anxious little boy are his parents, Gary and Janet Warnock, a proud big brother, Charlie, and a rather small big sister, Kall.

Proud grandparents are Mr. and Mrs. Jon Calote of Eldorado, Mildred Duncan of Glade-water, and Robert Bruns of San Angelo.

Garrett's great grandparents are Mr. and Mrs. Oscar Neff of Eldorado and Mrs. Lee Burrell of Auburn, California.

**AT&T ANNOUNCES UPCOMING PRICE CHANGES FOR SOME TEXAS INTRASTATE SERVICES**

AT&T announces the following price changes for some of its Texas intrastate services. These changes, which more closely reflect the actual costs incurred by AT&T in providing these services, will become effective on August 1, 1988.

- SDN (Software Defined Network) Schedule A prices will be reduced 1.5% during the initial 30-second period. Schedule B prices will be reduced 16.4% overall. Schedule C prices will be reduced 4.2% overall.
- WATS 80 service prices for both the initial 80-hour usage period and the additional usage period will increase 5%.
- The monthly prices for some of AT&T's Analog Channel Services will increase between \$7.05 and \$25 per channel termination for Analog services.
- The monthly prices for some Dataphone Digital Service (DDS) will decrease up to \$9.65. Other DDS monthly prices will increase up to \$18.35. Overall, AT&T's DDS monthly prices will increase less than 1%.

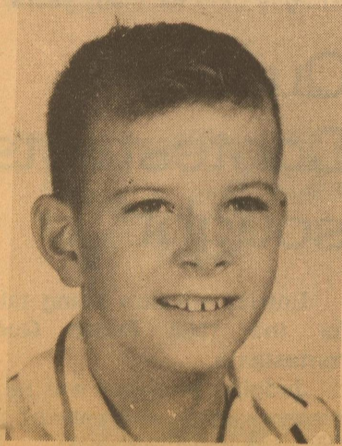

The combined effect of these price changes is expected to produce approximately \$3.4 million in annual revenue, which is approximately 0.3% of AT&T's annual revenue for all Texas intrastate services.

If you have questions regarding these price changes, please call your AT&T Account Executive, or our business consultants toll-free at 1-800-222-0400. AT&T's tariffs reflecting these changes will be filed with the Public Utility Commission of Texas on July 1, 1988, with an effective date of August 1, 1988.

Persons who have questions regarding this tariff filing may also contact the Public Utility Commission of Texas in writing, at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757, or by calling the Public Information Office at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 for teletypewriter for the deaf.

Guess who turned **40** this week?

Happy Birthday! from your family

## Mark Thornton named Director

Temple officials hired the son of the former parks and recreation director to fill his father's post recently and are negotiating with a librarian with the Legislative Reference Library at the Texas Capitol to head the Temple Public Library.

Mark Thornton, parks and recreation director for the city of Allen outside of Dallas was chosen from a field of 20 applicants.

Thornton was one of four candidates interviewed to replace Jim Thornton who died in May.

Thornton has served as Allen parks and recreation director since 1982. Prior to that, he was grounds-maintenance and buildings-maintenance manager for Texas Instruments of Lubbock.

He received a bachelor's degree in park administration

from Texas Tech University and was an intern with Parks departments in Dallas and Dade County, Florida, while in college.

"It's a big personal honor, but I am my own person," Thornton said. "I think there is a potential to do a lot of things in Temple, and I think I can contribute to get those done."

Thornton is the grandson of Mrs. Frankie Williams of Eldorado.

## Public Notice

### NOTICE TO PUBLIC OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND NOTICE TO PUBLIC OR REQUEST FOR RELEASE OF FUNDS

City of Eldorado, Schleicher County, Texas P.O. Box 713, Eldorado, Texas 76936, 915-853-2691.

To all interested agencies, groups and persons:

On or about August 1, 1988, the above-named City of Eldorado will request the Texas Department of Commerce to release Federal funds under Title I of the Housing and Community Development Act of 1974 as amended, to be used for the following project:

#### Sewer Improvements, 1987 Texas Department of Commerce Contract.

Project to be located in the City limits of Eldorado, Schleicher County, Texas within Enumeration District #463. A more detailed description of the project and a map showing the specific locations of the proposed improvements is available for public examination at City Hall, 101 South Cottonwood.

#### Finding of No Significant Impact

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly, the above-named City of Eldorado has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such decision not to prepare such Statement are as follows:

**SEWER IMPROVEMENTS** - Health and safety hazards currently exist due to improper sewage disposal. The proposed project should eliminate those

health and safety hazards. Construction activities will produce certain amounts of air and noise pollution, however, the effects will be short term and low intensity.

An Environmental Assessment respecting the within project has been made by the above-named City of Eldorado which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Assessment is on file at the above street address and is available for public examination and copying upon request in the office of the City Secretary between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday.

#### Public Comments on Finding

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the City of Eldorado, to the office of the undersigned. Such written comments should be received at City Hall on or before July 29, 1988. All such comments so received will be considered and the City of Eldorado, will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

#### Release of Funds

The City of Eldorado will undertake the project described above with Community Development funds from the Texas Department of Commerce under Title I of the Housing and Community Development Act of 1974. The City of Eldorado is certifying to TDOC that the City of Eldorado and Bob Lester in his official capacity as Mayor con-

sent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental assessments, decision making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval the City of Eldorado may use the Texas Community Development Program funds and TDOC will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

#### Objections to State Release of Funds

Texas Department of Commerce will accept an objection to its approval only if it is on one of the following basis: (a) that the certification was not in fact executed by the certifying officer or other officer of applicant approved by TDOC; or (b) that applicant's environmental review record for the project indicates omission of a required decision finding or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58.75) and may be addressed to Texas Community Development Program; Texas Department of Commerce, P.O. Box 12728, Capitol Station, Austin, Texas 78711.

Objections to the release of funds on basis other than those stated above will not be considered by TDOC. No objection received after August 17, 1988 will be considered by TDOC. The Chief Executive Officer of the City of Eldorado is Bob Lester, Mayor. (1X-7/14/88-cg)

WATCH FOR THE SIGNS...

## Supplemental Food Program set

The Special Supplemental Food Program for Women, Infants and Children (WIC) is designed to improve the health of financially eligible pregnant, breast-feeding and postpartum women, infants and preschool children at nutritional risk. WIC services will be offered in Schleicher County for the first time beginning August 1, 1988.

The Texas WIC income guidelines are 185 percent of poverty. All women, infants and preschool children are encouraged to come by Eldorado Satellite Clinic at the Memorial Building in Eldorado for an appointment.

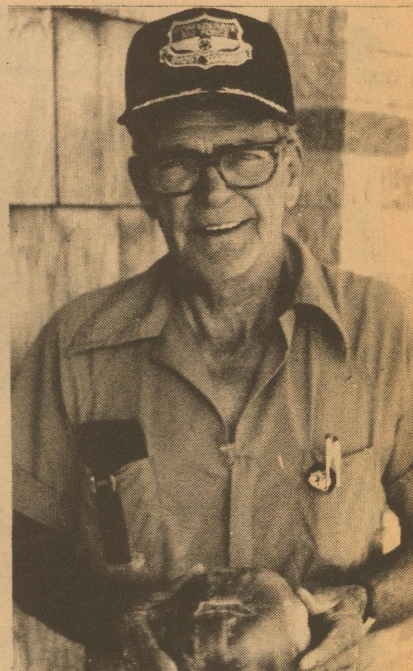

All WIC applicants are screened for their height and weight and all applicants over six months old are given a finger stick test for anemia. The Public Health Nurse will evaluate the results of the physical assessment and determine the applicant's nutritional eligibility.

While attending a monthly nutrition education class to learn the relationship between health and good nutrition, WIC participants will receive vouchers redeemable at WIC approved community grocers. The vouchers are redeemable for milk, cheese, eggs, dried beans, fruit juice, iron-fortified cereal and iron-fortified infant formula.

At no time in life is nutritious and adequate food as critical as

during pregnancy when the fetus is developing, and throughout the initial years of a child's life. Malnutrition at this state can lead to mental and physical retardation or at least to a body more prone to illness and a mind less able to develop to its capacity.

The benefits of good prenatal nutrition, achieved through the WIC Program, has been documented in a study conducted by Harvard. The study found that every \$1.00 spent to aid pregnant women avoided \$3.00 in hospital costs that would have been spent for treatment of their babies. Since the program is delivered through health care agencies, WIC encourages early and frequent prenatal and child health care.

**BIGGER THAN NORMAL** -- Jerroll Sanders shows off the pound-plus tomato he picked from his garden recently.

## LETTER

Continued from Page 2.

meant to thank you for your story. And I wish I could have been there.

Appreciatively,  
Lucile H. Walker

**NOTE--Lucile Hill Walker, daughter of Dan and Alma Hill, moved to Schleicher County in 1910. She graduated from Eldorado High School in 1917. Lucile married in 1921 to Julius Waring Walker. Most of their married life was spent in Plainview, over 50 years. Mrs. Walker remains lovingly faithful to the spirit of her Schleicher County school days and has attended, also supported, the annual Mias Amigas Club for many years.**

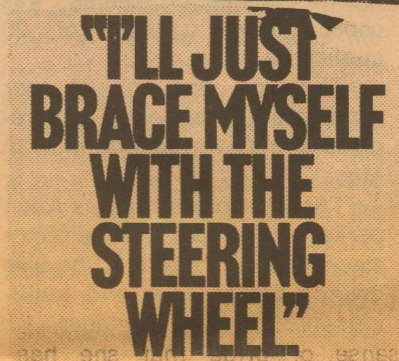

## Queen Contestants sought

Entries are now being taken for the 1988 Rodeo Queen contestants.

Judging this year will be on horsemanship and appearance. No ticket sales this year.

Girls interested must be 14 years of age as of January 1, 1988 and should contact Kirk Jones at 853-2312.

## Moore receives degree

Weldon J. Moore, Jr. of Eldorado received a bachelor's degree in chemical engineering at Texas A&M University's 1988 spring commencement exercises.

A total of 3,103 degrees were awarded, including 2,566 bachelor's, 425 master's and 112 doctorates.

Moore is the son of Mr. and Mrs. Weldon Moore of Eldorado.

## proud papa reports

Adon and Valerie Santellano of Eldorado are proud to announce the birth of their son, Adon Santellano, II who was born Friday, July 8 at 3:20 p.m. in Angelo Community Hospital.

Adon weighed in at a hefty eight pounds and five ounces. Grandparents are Samuel and Sadie Santellano of Eldorado, Ruben Flores also of Eldorado, and John and Hilda Sowash of San Antonio.

## Two locals to attend FFA convention

Five thousand Texas FFA members and guests are expected to attend the 60th Annual Convention of the Texas Association of Future Farmers of America, July 13-15 at the San Antonio Convention Center in San Antonio.

Attending from the Eldorado Chapter are Dan Willeke and Jon Bumgardner and Chapter Advisor Craig Menzies.

The FFA is composed of students who are studying Agricultural Sciences in the public school in preparation for a variety of careers in Agriculture and Agribusiness. Agricultural Sciences is well known for providing learning experiences to students through the FFA with the theme this year "FFA - Agriculture's New Spirit". The ultimate objective is to produce future leaders for American

agriculture with its vital role of producing food and fiber. Texas now has more than 900 FFA chapters with over 53,000 active members and more than 500,000 former members.

During the convention, over 2,000 award winners will be recognized with more than 1,500 members receiving the Lone Star Farmer Degree, the highest level of recognition by the state association. Educational scholarships totaling more than \$525,000 will be presented to many of the members in attendance.

Walter York, Executive Secretary, reports that deserving adults who have supported the FFA and its activities will be recognized by the presentation of Honorary State Farmer Degrees, Distinguished Service Awards, VIP Awards, and the Blue and Gold Award.

Get better mileage and more power with a propane system from Halbert LPG. Our trained specialist can install systems on the new Ford and Chevrolet Fuel Injected Pickups. ## —sunshine gad-a-bouts

BY DONNA GARVIN

It seems the Schleicher County Nursing Home residents are never idle and June was yet another busy month.

Father's Day was celebrated June 17 with an ice cream social. Each male resident received a handmade birdcage with a small bird and shells and pins from Sea World. The gifts were from Delia Pena, hospital employee. Table decorations for the event were made by Tracey Richards.

Jewel Hodges and Ethelene Green were the honorees at the monthly birthday party held June 21.

The residents had a real treat on June 27 with Clown Day. With help from Marlene Mitchell and Tracey Richards, the residents dressed as clowns, complete with face make-up. Entertainment was provided by employee Leon Stricklan and his monkey. Gary Smith, First Methodist Church minister, entertained with his new hobby, making objects from balloons.

Tracey Richards, Rosa Reyes, and Araechi Escobar are working this summer in the nursing home through the CVCOG program. They have been a help to everyone.

For arts and crafts day the residents made crepe paper flowers.

The beauty shop has lost one of the ever-faithful beauticians for a few months. Kathy Doty has gone back to school to work for her instructor's license. Pat Lloyd is now the only beautician working to help the residents look their best. Anyone wishing to help in the beauty shop please call Marlene Mitchell, 853-2049. A beautician's license is not necessary to help.

Special thanks go to several people this month for remembering the residents.

Jeri Whitten helped set up a library in the nursing home. Library time is each Thursday at 10 a.m.

Four movies were shown throughout the month donated

by the VFW Auxillary to Post #9842.

Cathy Niblett of Cathy's provided carnations for the tables. Helen Ledbetter, manager of Shot's, donated sunvisors to the residents for parades and outdoor activities.

First United Methodist Church was in charge of the Wednesday Bible Study. Sunday church services were held by the Church of Christ, Westwide Church of Christ, First Presbyterian Church, and the Agape Assembly of God Church.

The residents also participated in the monthly activities of bingo and exercise.

The nursing home employees would like to mention to those family and friends bringing gifts of food to the residents, please check with the desk before giving the gifts of food to the residents because of special diets some may be on. Also, when bringing clothing to the residents, be sure to mark them with tags or pens to identify them.

## —letters to the editor—

Dear Editor:

July 17-23 is National Rabbit Week. I bet you didn't know that. Well, now you do.

I know you've been reading about the Rabbit Club in the Success. Since the club's formation in January, 1989, a lot of us have developed rabbit fever.

The symptoms are excessive talk about rabbits, buying everything that hops and has fur on it, and multiplying your two pet rabbits into 30 or 40 rabbits. I know that all sounds really fatal but seriously I'd like to present some facts about rabbits and why rabbit raising can be enjoyable and profitable.

1. Rabbits make great pets. They can be trained to use a litter box, make very little noise, and become accustomed to handling easily.

2. As a hobby, the hobbyist has a variety of breeds to choose from, a multitude of shows he can enter his rabbits in. It's also easier to transport rabbits than some other show animals.

3. As a profitable sideline, the raiser can have several profitable markets for his rabbits. He can sell rabbits for meat, pets, laboratory use, for industry, or breeding stock to larger commercial breeders. With the Angora rabbits, their wool can be sheared or plucked and made into garments.

4. Rabbit meat per portion has less fat and calories than chicken, veal, lamb, beef, or pork. The cholesterol content is 50 compared to beef at 320, light chicken at 90, dark chicken 60, and pork at 420. Its is primarily a white meat, fine in texture and has a low fiber content which makes it easily digestible.

5. Rabbits are small but four does and one male rabbit producing four litters per year per doe can produce as much edible protein annually as the average beef cow. The acreage that it would take to feed one beef cow can produce enough food stuff to readily feed many more than five rabbits.

I realize it's hard to think about eating something so cute and so furry but after all, deer and some of the other animals we eat aren't that bad looking either. So I leave you with a

recipe. Try it, you'll like it!

### COUNTRY FRIED RABBIT

1 fryer rabbit, 1/2 cup flour, 1 1/2 teaspoon salt, 1/4 teaspoon pepper and butter or shortening.

Shake moist pieces of rabbit in paper bag in mixture of flour and seasoning. Place rabbit pieces in 1/4 inch of hot butter or shortening in heavy skillet, turning to brown evenly on all sides; remove excess fat from skillet and add 2 cups boiling water; cover and simmer for one hour until tender. Turn rabbit once.

Thank you,  
Debbie Clark

Dear Editor:

My hat is off to you on your recent decision to appoint Mary Jenkins as General Manager of the Leader-Success. Needless to say I feel you couldn't have chosen a more qualified and dedicated General Manager than Mary. Since she came to work for Finis and me, I naturally feel awfully proud of her accomplishment and also feel a deep sense of pride that she has continued on in the profession, that Finis loved so much.

I know how much hard work goes into putting out a newspaper every week and the commitment it requires to keep going when things don't exactly go the way you planned. I know Mary has that deep commitment and loyalty to the community to perform the duties involved in her new capacity.

The Leader-Success and Eldorado will always hold a place in my heart and I will never forget the out pouring of love shown to me and the girls. Hopefully the citizens of Eldorado will appreciate what an asset to their community they have in Mary and will give her their full support in the future.

Way to go, "Mer"! We love you.

Yours truly,  
Debbie Bratcher

## Rabbit Club discusses show

The Eldorado Rabbit Club met Sunday, July 10 at 3 p.m. in Janet Hunley's home. Marvin Clark presented a slide program on housing and equipment for rabbits.

Debbie Clark distributed 4-H Rabbit Project Members Guides and the 4-H Project Record Book. The 4-Hers studied the literature and were given instruction on how to use the project record book for their rabbit projects.

Discussion of the Schleicher County Days booth and a fall rabbit show were some of the topics for discussion.

Janet Hundley provided rabbit-shaped cookies and Kool Aid for refreshments.

## Golf 'Play Day' termed success

The Fourth of July Play Day at the Eldorado Golf Course was well attended with 27 players taking part in the play day.

Taking first place was the team of Bill Frietag, Lee Roy Reeves, and Gary Smith with a score of 59.

Second place went to the team of Mickey Rathbone, Delbert Taylor and J.B. Brame with a score of 61.

Third place went to Ronnie Sauer, Myrta Rathbone, and Janee Finley with a 62.

A covered dish family-style dinner was enjoyed afterwards.

The first Sunday of each month will be play day at 2 p.m. A covered dish dinner will be held around 6 p.m. "Come out and enjoy the fun. Happy golfing!" a spokesman said.

## War Against Drugs topic

Want to be where the action is? Tuesday, July 19, the Presbyterian Women of Eldorado will present Marilyn GoLightly who will speak on The War Against Drugs from 5:30 to 7:30 p.m. at the Presbyterian Church basement.

"All the community is invited to come and be a part of this event. See you there," a spokesman said.

A nursery will be provided.
