Amnesty Graduates Honored

Sunday afternoon, April 23, a large crowd of Spanish Americans filled the auditorium of the Memorial Building to witness 33 men and women receive graduation certificates for finishing an Amnesty program. This program was promoted by Julia Grimaldo Herrera and taught by Rev. Lorenzo Silvas, pastor of First Baptist Mexican Church.

The graduates marched in to the strains of Pomp and Circumstance played by Evelyn Stigler on piano. After being seated, the invocation was given by Rev. Lorenzo Silvas, with the welcome being given by Arturo Madrid.

The Salute to the

American Flag was led by Jose Luis Hernandez, Jr. An explanation of the flag, its meaning, the colors and their meaning, the number of stripes and stars was given by La Bandera Americana.

Speaker for the afternoon was Ronnie Norris, sheriff of Schleicher County. He spoke briefly about the importance of the study which they had just finished and how it would help them to be better citizens.

Rev. Silvas explained the certification of the class. Certificates were presented as each name was called by Hon. Julia Grimaldo Herrera.

The benediction was

given by Rev. Moses Herrera.

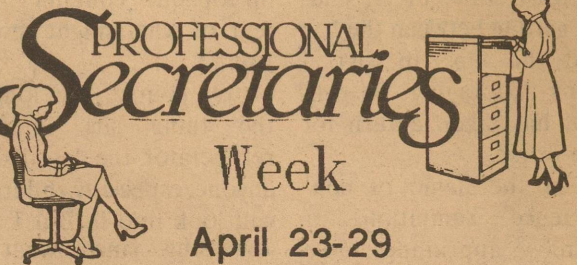

A supper followed the services prepared by many different families.

Those who received certificate were: Jose Luis Hernandez, Francisca M. Hernandez, Martha Rodriguez, Juan Roberto Rodriguez, Jose Montalvo Walle, Vicente Hernandez Romero, Felipe Martinez, Francisco Torres, Gerardo Gonzalez, Alfredo Saucedo, Jorge Meio, Esteban Bravo, Aurelio Mendoza, Erlinda Medrano and Juan Medrano.

Also receiving certificates were: Alberto Moreno, Daniel Hernandez, Maria Arispe, Rosa Martinez, Amelia Martinez,

Marcelino Martinez, Cristino Hernandez Torres, Israel Reyes, Elpidia Gonzales, Maria del Jesus Hernandez, Juanita Escobar, Arturo Escobar, Manuela Garcia, Pedro Garcia, Geronimo Grimaldo, Juaquin Covarrubiaz, and Maria Martinez.

Plans Continue For Cookin', Pasture Roping

Plans are progressing toward the 3rd Annual World Championship Cowboy Campfire Cookin' and Pasture Roping, scheduled this year for Memorial Day weekend, May 26, 27 and 28.

The Food concessions have changed slightly this year. All participants are asked to have their booth

or area in a western theme in order to preserve the general theme of the Cowboy Campfire Cookin' and Pasture Roping.

Local and area organizations have already reserved a place at this year's event. "We've had lots of response for the concessions this year," stated Kim-et Nelson,

chairmen for the food and concession booths.

She continued, "Several organizations have called in to reserve their place. We have hamburgers, fajitas, sausage on a stick, tacos, nachos, frito pie, smoked turkey legs, chipped beef barbecue on a bun, hot dogs and fixin's, deli sandwiches on homemade buns and teriyaki sticks as main courses.

"Desserts include snow cones, bakery goods, fruit cups, ice cream, milk shakes and sundaes."

Something new has been added this year, game booths. Some of those planned are dart gun, pan for gold, fishing booth and bobbing for apples.

"We have had some other interest and hope to expand this some more. Since we won't be having the scheduled games as we did last year, we felt this would be a good way for an organization to participate in this year's World Championship Cowboy Cookin' and Pasture Roping," concluded Mrs. Nelson.

Sheriff Ronnie Norris congratulates Marcelino Martinez on becoming an American citizen.

MADD Chapter Being Organized

The Schleicher County Chapter of Mothers Against Drunk Drivers will hold an organizing meeting Monday, May 1, at the Memorial Building at 7 p.m.

The public is invited to

attend this organizational meeting to learn more about MADD and its many programs and activities.

For more information, contact Ginny Lamb at 853-3039.

Schleicher County Passes Cotton Referendum

The Schleicher County Cotton Referendum election was held April 19. Jerry Swift, County Extension Agent for Schleicher County, said 87 percent of the producers and 83 percent of the production voted in favor of the referendum.

Any cotton grown in Schleicher County will be assessed and sprayed in

the cotton boll weevil diapause control program. Violators are subject to the following:

1. A fine of not less than \$50 nor more than \$200
2. Confinement in the county jail for not less than 10 days nor more than six months, or
3. Both fine and con-

finement under this subsection.

If cotton is planned on being grown in Schleicher County, the producer should plan on the diapause boll weevil control as a part of the cost of production. By spraying 100 percent of the cotton, the boll weevil population should be kept at a minimum.

Life Among the Fishes

By Thomas Giovannitti

Not to make too much of this cereal thing, there is one little item I failed to mention in the last two articles. Here is a question maybe one of you out there can answer for me: Why is it that the bag inside the box of cereal will not rip open evenly?

It is only on rare occasions that I have ever been able to get the bag to come apart along the seam. Of course, what happens when the bag rips unevenly is, the cereal (or at least some of it) ends up getting between the bag and the box. In fact, I think "packaging" in general has taken a turn for the worse.

In the name of convenience, sanitation, or merely appearance, we now package nearly every-

thing in something plastic that we can't use again (excepting gallon milk cartons, which can be filled with good Eldorado water and taken to friends in San Angelo).

But one useful container out of the whole mess is not very much. I mean, the old margarine spread containers are not very good because you can't see what is in them and therefore your children will never eat those leftovers. No one really likes to open the top of an opaque container for fear of what might reveal itself.

Of course, the longer the thing sits in the refrigerator the less likely anyone, especially children, will look into it. But I am digressing since what I wanted to talk about was

packaging, especially plastic.

I am all for safety and I don't want anyone poisoning me or my family, but the plastic seal on a bottle of aspirin can drive me to distraction as I try to find even one little corner where I can begin to tear it. In fact, I've resorted to using the sharp point of a knife and have even cut myself, then bled while my wife fumbled with the clear plastic that had been heat sealed over the can of bandages.

Packaging in U.S. stores is so tight that I can't smell the spices anymore. Grocery stores

don't smell any different than dry-goods stores. On top of all that plastic will take twenty thousand years to disintegrate.

This penchant we Americans have for sealing absolutely everything in plastic is going to take away our need for a sense of smell or touch. We will have to judge whatever we buy by the way it looks in clear plastic. I know there are a dozen good reasons for all this very hermetical packaging, but we ought to stop and think, maybe antiseptic is not ultimate in everything. I know it isn't when it comes to garlic.

Editor's Clips

By Mary Jenkins

When we speak we don't always say what we mean. For example, "It needs to be done" really means "I'm not going to do anything about it, but they ought to."

Another phrase we often say is "I've heard some criticism", which really means "I'm against it, but I don't want to stand by myself."

How about when we say "The whole group is upset"? Translated this really means "Two or three loudmouths have said something against it."

"It might bring criticism" means "I know it

should be done, but it takes too much effort for me to get involved."

"If memory serves me right" really means "I'm going to say something that I'm not sure is true or false, but if somebody discovers I'm wrong, then I can always blame my memory."

How about this one, "I'll come every time I can"? This really means "If I don't have something better to do, I'll be there."

And finally, "I won't promise but I'll do my best" really means "Don't expect much out of me."

Think about it!

The Way We See It...

by Lola Squyres

"I made it through the rain and kept my world protected. I made it through the rain and kept my point of view. I made it through the rain and found myself respected by the other who got rained on too and made it through."

When rain falls into the lives of those we care about, it rains in our lives too. There are times when we want to make things better but there just are no words to express what we feel. Hopefully, when words fail us, those we

care about know us well enough to know what's in our hearts without words.

When the situation is turned around and we've had rain, those we care about are there, caring about us, some with an uncanny understanding, accepting us as we are, being there.

When a little rain falls into our lives, as it surely will from time to time, we can make it through the rain with the support and encouragement of one another.

Great Achievements.....

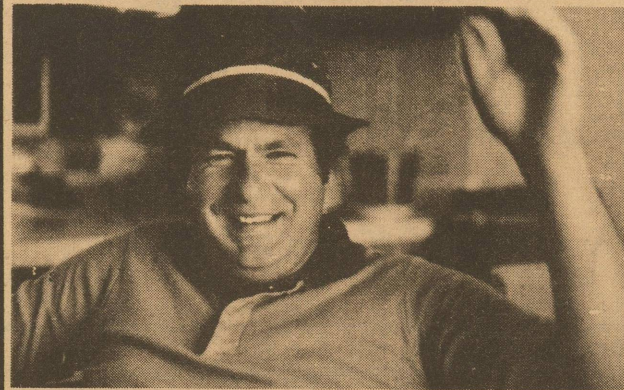

"The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs and comes short again and again, who knows the great enthusiasms, the great devotions, and spends himself in a worthy cause;

who at the best, knows the triumph of high achievement; and who, at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those old and timid souls who know neither victory nor defeat."

--Theodore Roosevelt

Laugh and Live

by Gary Smith

An intellectual is a man who takes more words than necessary to tell more than he knows.

-Dwight D. Eisenhower

Was preaching in a small church in North Carolina. After the service, people walked out with the usual, "Good Sermon, Preacher."

One little, old man grinned and said, "That sermon was like the peace and mercy of God."

Filled with Holy pride, I humbly replied, "Why thank you, sir. But exactly what do you mean?"

"Well," he said, "Like God's peace, your sermon passed all understanding. And like His Mercy, I thought that it would endure forever."

Now I never thought of myself as being long-winded. As a matter of fact, when I have noticed people nodding off as I spoke, I always considered it sort of a compliment -- they trusted me enough to sleep while I waxed eloquently.

Guess I should have remembered what my old Grandpappy taught me years ago-- **Public speakin' is like drinkin'. A few folk can do it in moderation, but the majority don't know when to stop.**

Rules Adopted For SC Community Center

A new set of rules has been adopted for the Schleicher County Community Center, which is to be managed by Eagles' Point Youth Center. The Community Center is located in the

former McCalla's Department Store building.

Anyone wishing to utilize the building will accept the responsibility for any damages to any equipment or the sur-

rounding premises or building. Any damages will be rectified by the party using the building in the form of cash or free services and materials needed to repair damages.

Eagles' Point is a non-profit organization for the local youth and anyone using county premises for their own personal or organizational activities will be granted this privilege only on the basis that they make a donation of no less than \$10 per hour.

Private parties will be required to make a deposit of \$25 and donate \$10 per hour to the youth center. The facility is to be cleaned after use for the return of deposit.

Dances will be required to make a \$100 deposit and donate \$50 for the use of the facility to the youth center.

Private use for profit will require 15 percent of profit or \$10 per hour.

Anyone using the county building will be doing so under Eagles' Point Youth Center rules. These are posted in the center and must be followed strictly.

Arrangements for use of the facility need to be made with Rita Reeves, 853-3178 or Cyd Manning, 853-2049.

Anyone wishing to utilize the building during the youth center's hours may do so. There is a room available.

A Touch Of History

By Rene Calcote

In the 1890's, Robert Bailey came to the newly formed county in Texas named Schleicher. He bought about 27 sections, eight miles southwest of Eldorado. It was called the Bailey School Settlement.

The tall mesquite grass covered the low, rolling hills and level prairie like a plush green carpet. It was excellent ranchland for sheep and cattle. This land was new and unsettled.

Robert and Mary Ann Calloway Bailey had six girls and three boys. All the children were born before the move to Schleicher County.

Bailey was quite a cowboy in his younger days. He went on many long cattle drives, often over the Old Chisholm Trail to Kansas City. Once he was wounded by Indians who attacked the cowboys on the cattle drive.

Bailey helped to establish the town of Eldorado. He helped start the first bank, The First State Bank, and was one of its directors.

Bailey Ranch School was created by an order of the Commissioners Court June 12, 1907. It had a large, one-room building which served the double purpose of church and school. It was named in honor of Robert Bailey.

The school later consolidated with Henderson School, May 20, 1920. The official name was Bailey Consolidated High School. It moved to a different location.

Another family that helped establish the Bailey Ranch country was the Spencers. Joseph Franklin and John Spencer came west because of their mother's failing health. They settled in Gillespie County.

Frank was a Texas Ranger and taught school --quite a combination! He fought in the Indian conflict near Harper. During this battle, Lilburn Hazelwood's great grandfather was killed by the Indians. Frank was the father of 11 children.

In 1907, the Frank Spencer family moved to Schleicher County and bought the headquarters place on the Robert Bailey Ranch.

There was not a school at that time. Frank donated five acres to be used for school, church and cemetery. The whole community helped build a one-room building on the land to be used as both church and school house.

In May of 1908, the first pastor was called to the Bailey Ranch Baptist Church. His name was P.D. Swift.

The church held services once a month and Sunday School every week. The events remembered the most by the old-timers were the camp meetings. Families would come in wagons for the two-week meeting. They all camped out, cooked on open fires, and had a real good time singing, visiting, praying and story telling. A lot of "good old fashioned Christian fellowship" under

a bush arbor.

The baptizing was performed in a deep rock tank near the church. A platform was built for the tank, but Zelma Spencer Henderson said she could still remember the water dogs swimming around when she was baptized in June, 1909.

The first person buried in the church cemetery was Mrs. John Spencer in 1908. Today there are around 36 graves in the small cemetery.

The Bailey Ranch Baptist Church closed May, 1953, but many fond and cherished memories remain in the hearts of these early pioneers, of their country church and school.

Pictured here is the Bailey Ranch School in 1916. The Building was also used for a church.

Band Advances

The Eldorado High School Eagle Band has advanced to State Wind Ensemble competition to be held Saturday, May 13 at the University of Texas at Austin.

Only those bands making a "First" Division at the UIL concert/sight-reading may participate in this competition. This will be the band's second time to participate in this particular contest.

This June the Eagle band will be submitting a tape of one of their concert performances, in hopes of being one of the finalists in the Class 2A Honor Band Competition.

The final judging of these tape competitors will be made by a panel of

judges at the Texas Bandmaster Convention which is held the last of July in San Antonio. The judges will determine the outstanding Class 2A Honor Band for the state, which will play a concert before the Texas Music Educators Convention in San Antonio. This is the highest honor that any band in the state of Texas can receive.

To all customers of Southwestern Bell Telephone Company:

Public Notice

On March 14, 1989, Southwestern Bell Telephone Company filed with the Public Utility Commission of Texas an application which proposes to revise its Toll Restriction Tariff in Section 21 of the General Exchange Tariff. The Commission received the application as Docket No. 8700.

The application proposes to reduce the monthly rate for Toll Restriction residence service from the current \$15 a month to \$5 a month per residence access line. This proposed application will affect approximately 2,487 residence customers who presently subscribe to toll restriction. It is estimated that the proposed rate schedule will reduce the Company's annual revenues from this service by approximately \$298,000, which is less than one percent of the Company's total intrastate revenues. If the application is approved, the effective date of the rate reduction will be set according to the Commission's Order.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A deadline to file motions to intervene has been set for May 30, 1989. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Information Office at (512) 458-0223 or (512) 458-0221, teletypewriter for the deaf.

SCMC To Sponsor Mammography Exams

According to the American Cancer Society, one out of every ten women in the United States will develop breast cancer sometime during her lifetime. Every year over 37,000 women die as a result of breast cancer.

According to a spokesman from the Regional Breast Care Center at Women's and Children's Hospital in Odessa, "The death rate from breast cancer could be drastically

reduced if women would have mammograms done before a problem exists."

By using modern state of the art x-ray equipment, breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman who is diagnosed with breast cancer at this early stage has a 90 to 97 percent survival rate. However, a woman who is not diagnosed until a lump can be

felt has approximately a 50 percent survival rate in five years.

In an effort to find cancers at the earliest possible stage and prevent unnecessary deaths, a mobile breast cancer detection unit will be made available to local women on Monday, May 8. The mobile unit will be parked at the Schleicher County Memorial Hospital.

Appointments may be made by calling 853-2507. For more information you may call the Regional Breast Care Center at Women's and Children's Hospital at 915-334-8888 or 561-9999.

The Mobile Breast Cancer Detection Unit of Odessa, which services Eldorado, received the certification of the American College of Radiology Mammography Accreditation Program.

The American Cancer

Society recommends that women do monthly breast self-exams and have regular physical breast exams by a doctor. It further recommends mammography on the following schedule:

A baseline mammogram (for reference) between age 30 and 39.

A mammogram every one or two years between age 40 and 49.

An annual mammogram from age 50.

Black Belt Instructors Among Top Competitors

Black belt instructors for Karate Institute of Eldorado are among the top competitors in the United States.

According to Karate Sport Magazine, May and June issues, Clarence "Daddy-O" Smith is rated number one in fighting and number six in forms. Walter Bryant is rated number two in fighting and number five in forms. Clarence Bowman is rated number five in fighting, number three in forms and number four in weapons.

Karate classes are held on Wednesdays from 6 to 8 p.m. at the new youth center, formerly McCalla's Department Store.

Karate students tra-

veled to San Angelo Saturday, April 8 and brought home seven trophies. They are among the top competitors at each tournament they attend. Competing is not required.

Registration will be held on Wednesday, May 3 from 6 to 8 p.m. at the youth center for new classes. If you join in Eldorado, you can also attend classes in San Angelo and Sonora. Fifteen percent is donated to the youth center.

To pre-register, contact Rita Reeves at 853-2049 or 853-3178.

Older Citizens To Be Honored

Texans over the age of 60 and the local senior activity centers which serve as the focus for many of their major life activities will be officially recognized in May by the State of Texas.

Separate proclamations signed April 18 by Governor William P. Clements, Jr., declared May as Older Texans Month and the week of May 14-20 as Texas Senior Centers Week.

May has also been designated as Older Americans Month by President George Bush.

Clements, in his Older Texans Month proclamation, said, "The most

tangible links between our past and present are the 2.3 million of us over the age of 60.

"The elders who nurtured us in our childhood, counseled us in our young adulthood and remained our valued friends in maturity are deserving of our sincerest expression of gratitude."

In his tribute to senior centers, Gov. Clements lauded them for offering "an open door" to all seniors who need services such as meals, transportation, physical fitness programs, volunteer opportunities and creative activities.

Cotton Producers Set Planting Date

Schleicher County cotton producers met on April 18 and voted to set May 22 as the uniform planting date in Schleicher

County.

This date is very important to the cotton yield produced due to boll weevil source of food. If everyone will delay planting until May 22, the natural death of the early weevils will drop the population.

This in turn should improve the growing situation. This doesn't cost. Hopefully, this will help improve the insect situation.

Teacher Of The Week

PAT PITTS

This week, The Success salutes the school secretaries as Teacher of the Week. While gathering the information about the secretaries, one principal stated, "The secretary is the person who runs the school. Without her, nothing would ever get done!"

The secretary for the elementary school is Pat Pitts. Pat is married to John, and they have two daughters, Judy, who lives in San Angelo, and Jill who lives in Junction, and two granddaughters.

Pat has worked in the school system for 14 years. She was a teacher's aid before becoming the elementary secretary five years ago.

Mrs. Pitts loves to quilt, likes to travel and enjoys family reunions.

At school, Mrs. Pitts is known as the "Other Principal" and "Sarge." "Her biggest chore is making sure I am where I am supposed to be on time," stated Mr. Nix.

GINNY LAMB

Ginny Lamb is the secretary for the middle school. She is married to Buster, and they have one daughter, Leann.

Ginny has been the middle school secretary for ththree years. She was a teacher's aid in the elementary school before becoming secretary. She is great with kids, works with the youth choir at the First Baptist Church, and is helping to organize MADD in Eldorado.

Mrs. Lamb is a sponsor for the scream team and the cheerleaders, and she makes "great bulletin boards."

The high school secretary is Elaine Marsh. Elaine is married to Mike, and they have two daughters, Maria, who is a band director in the Dallas area, and Michelle, who is a student at Texas Tech.

Mrs. Marsh teaches Sunday School at the First Baptist Church, and has been high school secretary for seven years.

ELAINE MARSH

Elaine likes to work in the yard, sew and crochet, and enjoys traveling with Mike and the band when she can as a sponsor, but is currently spending most of her time getting ready for a wedding.

Betsy Thackerson is the secretary for the superintendent. Betsy has been in Eldorado for 7 years, and has been the superintendent's secretary for 6 years.

Betsy is married to Clyde and they have one daughter, Kim, who lives in San Angelo, and Brent,

BETSY THACKERSON

who is a student at Texas Tech.

Her hobbies are animals. She enjoys grooming, loving, and taking care of them.

Award Winners Named

The United States Achievement Academy announced that three Eldorado High School students have been named United States National Award winners in Honor Roll. These students are Whitney Fuessel, Justin Paxton and Traci Paxton.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10 percent of all American high school students.

These students were

nominated for this National Award by Mrs. Maureen Hodges, school counselor. They will appear in the United States Achievement Academy Official Yearbook published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George

Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative

spirit, dependability, and recommendation from a teacher or director.

Whitney Fuessel is the daughter of Mr. and Mrs. Rick Fuessel. The grandparents are Mr. and Mrs. Jeff Miller of San Angelo and Mr. and Mrs. H.A. Fuessel of San Angelo.

Justin and Traci are the son and daughter of Ronnie and Prissy Paxton of Eldorado. The grandparents are Horace Linthicum of Eldorado, Katharine Davis of San Angelo and T.J. Brewer of Seminole.

Booster Club Selling Ads

The Booster Club will be contacting all the Eldorado merchants in the next few weeks for ads in the 1989 football programs.

The Booster Club is

getting an early start to insure that the programs will be ready by the first football game.

Details will be in next week's issue of the Success on the All Sports Banquet.

THANK YOU

The Schleicher County Chamber of Commerce would like to say a big "Thank You" to Mias Amigas for donating the materials used to build a group of portable stages that will be used for several projects throughout the community. This includes the upcoming Campfire Cookin' and Pasture Roping melodrama, dance and church service; Schleicher County Days, various 4-H projects and school functions, etc.

We would also like to thank those of you who came out and helped do the work -- Ronnie and Rosanna Sauer, Steve Williams, Nancy Lester, Cindy McGinnes, Jo Ward and George Gower. We appreciate your help.
