Goodman Injured

Frances Goodman

Frances Goodman, an Eldorado High School senior, was seriously injured when she suffered head injuries in an auto accident Friday night, April 28. The accident occurred at approximately 11:00 p.m.

According to Deputy Sheriff David Jenkins, the automobile from which Frances fell was driven by Mark Hardee of Sonora. No other injuries were reported.

Other than the driver, there were two passengers in the vehicle. No other injuries have been reported.

As we go to press, Miss Goodman is hospitalized in Shannon Hospital in San Angelo.

SCMC Celebrates Hospital Week

By providing valuable services, information and educational programs, hospitals are a vital part of the community. Schleicher County Medical Center is sponsoring a series of events during Texas Hospital Week, May 7-13, based on the theme "Hospitals--At the Heart of the Community." Schleicher County Medical Center is also celebrating its 20th anniversary.

Events scheduled throughout the week include Open House on Sunday from 2 to 4 p.m.,

a Mammography Clinic on Monday, a Pot Luck Supper in honor of the Emergency Medical Service on Tuesday at 7 p.m. and a CPR class open to the public on Thursday at 7 p.m. (class size will be limited, call during office hours 853-2507 to reserve a space for yourself).

"Schleicher County Medical Center provides important services to the community, but we also rely on the support of area residents and community organizations," said Stephen Geode, Admin-

istrator. "Working together, we can achieve a high quality of health and well-being for our community."

Hospital Week is sponsored each year by the Texas Hospital Association and coincides with the National Hospital Week celebration, sponsored by the American Hospital Association. Schleicher County Medical Center joins this national and state observance to strengthen communication and understanding among its employees, patients and the community.

Bullock Says Economy Is Expanding

State Comptroller Bob Bullock says that an expanding Texas economy will make an extra \$210 million available for the 1990-1991 state budget.

Bullock added the \$210 million in new tax revenue in a revised revenue estimate he sent to the Legislature on Thursday. Earlier this year, Bullock had already upped his original estimate by \$150 million to reflect improved sales tax revenue.

"This additional \$210 million is directly attributable to the Texas economy," Bullock said. "Our economy is no longer just recovering, it is expanding."

The latest infusion of new tax money into the estimate brings to \$3.8 billion the total increase in

funds available for the 1990-1991 budget compared to the current 1988-1989 budget.

Besides the projected new tax money, the increased available revenue comes from several bookkeeping transactions adopted by the Legislature, legislative actions on tax issues involving the franchise tax, and guarantees against legal challenges.

Among the state's major tax sources, significant increases were forecast in sales and natural gas taxes. Improvements were also seen in the franchise tax and in federal money for MHMR facilities.

But projected motor vehicle sales taxes were lowered in their revised

estimate because interest rates have caused a slowdown in new car sales.

A significant increase in the hotel/motel tax was also projected because of increasing occupancy levels and the rebounding state economy.

Bookkeeping transfers and repairs to the state's franchise tax law will capture more than \$1.5 billion, Bullock said. A reduction in reserves for pending legal challenges adds another \$415 million to the estimate because the potential for tax refunds has diminished.

Public Meeting To Be Held May 9

There will be a public meeting at 3 p.m. on Tuesday, May 9 in the school multi-purpose room. This meeting is to discuss the expenditures of Federal Block Grant money to be used in the Chapter 1 & 2 programs.

Any persons interested in the program and its expenditures are welcomed to attend.

Rodeo Team Completes Season

By Anne Darnell

The Eldorado High School Rodeo Team completed another season at Fort Stockton this past weekend.

Shane Criswell won third place in saddle bronc riding on Saturday while Crissi McCormick placed fifth in barrels. Also placing on Saturday was Amy Henderson who took first place in breakaway and fifth in goat tying. Mondee Nelson was sixth in goat tying and Skeeter Roubison, seventh in team roping.

Placing on Sunday, Shane Criswell won first place in saddle bronc. Crissi McCormick took sixth in barrels and fourth in pole bending.

Also placing on Sunday, Ashley Johnson was seventh in barrels and breakaway. Amy Henderson was third in breakaway and ninth in goat tying. Mondee Nelson was sixth in pole bending and seventh in goat tying.

Skeeter Roubison took first place on Sunday in team roping, with Cy Griffin third in calf roping.

Two members of the rodeo team, Shane Criswell and Skeeter Roubison, have qualified for state in saddle bronc.

This year's rodeo team has three graduating seniors--Ashley Johnson, Skeeter Roubison and Bradley Bass. They will be missed.

I would like to take this opportunity to say thank you to all of the club members and their parents for their kindness

to me. I have thoroughly enjoyed working with these young people and their families. Being the rodeo sponsor has been a great part of the year.

The Gifted and Talented class at Eldorado Middle School planted a "Time Capsule" this week. They have made plans to meet in 20 years to dig up the capsule.

Life Among the Fishes

By Thomas Giovannitti

I don't often get good reception on my television since I have an antenna and I do not have cable. I do, however, have a video cassette player which I enjoy.

Maxine and I are able to control which movies our children see. If a movie looks like it may be good but we are worried about its rating we will watch it first, and if it isn't too bad, and the subject is a topic we think needs discussion, then we will see it again with the kids.

There are actually some fairly good movies on tape. Some of the better ones are often movies that did not do very well at the "box office". (I am not sure what that means about the tastes of the average American movie-

goer, but you can decide for yourself.)

I do have one tiny complaint about most post 1975 movies. Someone got the idea that if he put as much cursing and swearing as possible in each movie it (the movie) would be much more realistic. I don't know! All I know is that a constant stream of vulgar words, to me at least, seems to detract from the movies effectiveness.

I am fully aware that "bad guys" and other street people don't always talk the "King's English" but if I want to hear really bad language I can go associate with these characters.

I thought art was supposed to imitate life, not be an exact replica. All the foul language can be so intrusive that any change

at plot development or character motivation is lost on the listener in a sea of vulgar terms that add nothing to either.

The movie directors even have these filthy words coming out of the mouths of children under 12. The kids say these words in the presence of their parents, and the parents say these words in the hearing of their children.

These are not just "R" rates movies either. Even those rated "PG" often have the central characters, large and small, using God's name in vain

and other curse words. The famous four letter word will get a picture an "R" rating if it is used two times or more, but its frequent use in movies, especially any action-adventure seems to me to take away any shock value its more limited use might have had.

The problem I see is that I don't know where to get edited versions of films that might otherwise treat a controversial and timely subject with genuine seriousness but would be devoid of constant bad language. Who the "heck" do I complain to?

Editor's Clips

By Mary Jenkins

You know how, every now and then, you get an urge to change things? Well, that urge has hit me. I have decided to change the color scheme in my bedroom (not that it has really had any particular color scheme in the first place).

It is presently a combination of blue, white, yellow and various other colors, none of which really go together. So, I decided to change it to peach, forest green, teal green and lime green. (Some combination!)

Have you ever tried to match one color of peach to another color of peach? I never knew there were so many colors of peach! Some look almost pink while others look orange. It's like buying a pair of red slacks and you have to find a shirt that will match the same color of red! There's red red, orange red, pink red, even purple red.

I didn't think the greens would be too much of a problem. Boy, was I

I can remember when the boys were in school and had to learn the basic colors--black, red, brown, green, blue, yellow and orange. (I think there were seven.) Now days they combine the colors together and come up with all sorts of combinations.

Don't get me wrong, I like the different colors. I would just like to be able to find a peach, forest green, teal green and lime green to match the bedspread on my bed. That shouldn't be too difficult, huh? Well, maybe a little on the greens!

wrong! I was looking through a catalog for a bed ruffle and found jade, malachite (?) green, sea-foam, aquamarine (light green), hunter green, ocean (blue green), willow, colonial green, evergreen, spearmint (light green) and just plain green.

Another catalog listed light spruce, Imperial green, Monte Carlo mint, jungle green, avocado leaf, lettuce, pistachio, deep green, and woodland green.

An Open Letter

Dear Eldorado:

A short note to tell you all how much we enjoyed getting to know the friendly people there. We made some good friends and plan to continue those friendships--we're not far.

All small towns have problems, but you have a big plus on your side--lots of really nice people.

Come to see us.
Judy, Bruce, Jeff
Brandenberger

Passing Ships

"There are those who pass like ships in the night. Who meet for a moment, then sail out of sight with never a backward glance of regret; folks we know briefly then quickly forget. Then there are friends

who sail together through quiet waters and stormy weather helping each other through joy and through strife. And they are the kind who give meaning to life."

Laugh and Live

by Gary Smith

*Let me be a little kinder
Let me be a little blinder
To the faults of those about me;
let me praise a little more.
Let me be a little meeker
with the brother who is weaker;
Let me think more of my neighbor
and a little less of me.*

Ladies of the Agape Church, here in town, are continuing a time honored Hispanic tradition-- the "Serenatta." Now a serenatta is when a group of people get together and go and sing to somebody. Sorta like a travelin' choir with guitars. For a small fee, they will go to your house, early in the morning, on Mother's Day and sing a few ballads to your mom. Now I think that this is a great idea. I wish I had thought of it.

I did think of a Mother's Day gift one year. My brother and I decided that since it was Mother's Day, Ma shouldn't have to wash the dishes. So after Sunday dinner we cleared the table and carefully stacked all of the dishes in the sink so she could wash them on Monday.

Now that's what we need more of in this old world-- thoughtfulness.

The Screamin' Eagle says:

"When it comes to helping others, some people stop at nothing.

Ethyl Chloride Is Illegal

In recent raids in two Texas cities, law enforcement personnel and investigators from the Texas Department of Health (TDH) attempted to stop illegal sales of ethyl chloride to the public.

Teams of vice officers and TDH investigators surprised proprietors of adult-oriented shops in Houston and Austin at the same time, seizing quantities of ethyl chloride and other items illegally offered for sale. Charges against some of the store owners are pending.

The 15 raids in Houston and four in Austin were the first public action in a three-

month investigation by TDH into the widespread abuse of ethyl chloride, a dangerous and sometimes lethal drug.

The investigation showed that the drug, legitimately used as a topical anesthetic, pesticide, and aerosol propellant, had been unlawfully sold as an "aromatic" spray in adult video and novelty stores.

The sprays, found selling at prices ranging from \$15 to \$20, carried no danger warnings, no directions for legal use, and according to health officials, "didn't even have a scent." Dennis Baker, director of the TDH Food

and Drug Division, said. "People, mostly high school aged kids, were buying the gas to get high. The coroner's office in Houston so far has attributed at least three deaths to abuse of ethyl

The gas, sold in aerosol containers under the brands "Ethyl Gaz", "Meduza", "Ethyl" and

other names, is believed to be available throughout Texas and possibly nationwide.

Dr. Bernstein added, "TDH will continue to embargo the sale of these products, and take action against any person or firm involved in their distribution."

43 Ride For St. Jude's

The recently held St. Jude's Bike-A-Thon was a huge success, according to sponsor Sherry Lux. "This year's event totaled \$1,681.70, down some from last year, but the economy is down from last year also," commented Mrs. Lux.

This year's event had 43 riders, some riding 20 miles and over.

"I want the community to know how much I appreciate their support of these kids and their contributions," continued Mrs. Lux.

"My thanks to all those who rode. And a special thanks to those who helped--Ilse Williams, Hyman and Gina Sauer, Cherri Jenkins, Denna Day, Stacy Haynes, Carolyn Mayo, Mary

Jenkins, Cindy Stuke, Randy Mitchel, Jo Ella Parker and anyone else who helped in anyway," concluded Mrs. Lux.

CORRECTION

In last week's issue of the Success, one name was inadvertently omitted from the list of high school boys advancing to Regional competition in track. Gabe Schooley was a member of the 400 Meter relay team and advanced with the team.

Our Sympathy

VIRGINIA GALVAN MARTINEZ

Virginia Galvan Martinez, 95, passed away April 23, 1989 in Arvin, California. Mrs. Martinez lived in Eldorado until she moved to California.

Survivors include a daughter, Delphina Hipo-

lito, formerly of Eldorado.

Attending the funeral services from Eldorado were her granddaughters, Maria Gauna and Louise Mendez, and great granddaughter Sadie Santellano.

Until her death, there were six generations living.

FLB Stockholders Meeting

The Federal Land Bank Association of Sonora will hold its annual Stockholders meeting May 8, in the basement of the First United Methodist Church in Sonora at 2 p.m.

James T. Williams and Otis Deal of Eldorado are the representatives for Schleicher County.

The Way We See

by *Lola Squyres*

"Growth is the only evidence of life." - Cardinal Newman (1809-1890)

This started out to be about the privilege of watching children change and grow from kindergarten through high school and into adults. The only thing wrong with that is that changing and growing doesn't only apply to children.

Each of us are changed every day according to what we are exposed to and how we handle what happens to us.

When a human being begins the trek from infancy to adulthood, the path is difficult at best. There are so many choices when we are young. There is so much pressure when we reach adolescence. There will never be enough time once we reach adulthood.

The choices of things to do, places to go, people

to meet and books to read are endless. There can't possibly be enough time in any one lifetime to get accomplished all that one might like. I greatly admire those who realize this and enjoy life anyway.

We should look forward to each new experience, yes, even those that are unpleasant, because we can learn from each one. The evidence of life is growth, be it in child or adult.

WTU Board Elects Officers

The board of directors of West Texas Utilities Company re-elected all officers at its regularly scheduled meeting.

Officers re-elected include: Glen D. Churchill, president and chief executive officer; Jerry Johnson, vice president-administrative services; G.H. King, vice president-corporate services; Randal G. Meador, vice president-engineering; and Donald A. Welch, vice president-customer services.

Also re-elected were Lawrence B. Connors, secretary and director of accounting and finance; David B. Carpenter, controller; George W. Woodfin, treasurer and assistant secretary; Ann Hawkins,

assistant secretary; and Sharon King, assistant treasurer.

The board also voted to elect Terry D. Dennis vice president-engineering and a member of the board effective June 1, 1989. Dennis will replace Meador upon his retirement in June.

Dennis at present is director of engineering. A native of Abilene, he graduated from Abilene High School in 1965. He attended the University of Texas in Austin and graduated with a bachelor of science degree in electrical engineering in 1970. While in college he also worked half time as a research assistant for the Texas Atomic Energy

Research Foundation. TAERF conducts research in nuclear fusion.

His first employment with WTU was as a student engineer during the summer while attending college. Upon graduation he was hired full-time as substation maintenance engineer. He progressed through several positions in the company's substation and transmission departments before his promotion to manager of engineering

and design in 1977.

He was named assistant chief engineer in 1985 and director of engineering this past January in anticipation of his succeeding Meador.

Terry and his wife Shirley attend the Pioneer Drive Baptist Church. They have two children, Brady and Amy.

Meador, a native West Texan, graduated from Bronte High School in 1942. From November of that year until September

1945 he served with the Marine Corps in the Pacific. His commendations include the Bronze Star and Purple Heart.

Upon his discharge from the service he attended Texas A&M University where he earned a bachelor of science degree in electrical engineering.

He began work for WTU in Abilene in 1949. He progressed through numerous engineering positions in the distribution, substation and trans-

mission areas before being named director of engineering in 1977. The following year he was elected vice president and director of engineering.

Randal and his wife Kathy are members of St. Paul Methodist Church. They have two daughters and three grandchildren.

West Texas Utilities is an electric utility serving customers in 52 counties stretching from the Red River to the Rio Grande River.

The "broad stripes and bright stars" Francis Scott Key wrote of in the *Star Spangled Banner* each numbered 15 for the original 13 states plus Vermont and Kentucky.

A Touch Of History

By Rene Calcote

The following mini biography is not a sequel of "The Boys that Rode West of the Pecos", but a little bit about Clyde Meador "Pecos Pete" that accompanied "Greasy" on the venture to far away places around 1915.

Joel Clyde "Pecos" Meador was born at Lometa in Lampassas County, the younger of four sons born to Clements Lafayette and Samantha "Mattie" Austin Meador. The family moved

to Schleicher County in 1900 and bought a ranch 12 miles southwest of Eldorado, "The Walking M Ranch".

At a young age, Meador developed his talent in riding, roping and breaking horses. He competed in a lot of contests and rodeos. He roped the Rodeo Circuit all over the United States, Canada and England.

In 1926, Pecos was a contestant in the first rodeo held in Madison

Square Garden in New York, and won first day money in calf roping.

Pecos married Selma Whitley, who also loved rodeoing, January 1928. Two girls were born to this union. Melba Jean and Mattie Bell. The children traveled with their parents many times while competing in the rodeo circuit.

Selma was a champion barrel rider. In 1935 she won first place in barrel riding at the Double Heart Ranch Rodeo near Sweetwater.

The Meadors met a lot of interesting people in their travels. One of these famous people was Will Rogers. August, 1935, at the Stamford Cowboy Reunion Rodeo, Will

asked Pecos if he could ride his horse Jerry, (Will called him "The Old Dog") in the grand entry.

Selma was not aware of these arrangements and did not know Will Rogers. Will approached her, asking, "Lady, may I borrow your horse to ride in the grand entry?" She answered a little sharply, "We don't let just anyone ride Pecos's horse!" Will replied, "Would you consider letting Old Will Rogers ride, the "Old Dog", and carry the flag in the grand entry?" Elated, Selma jumped off Jerry, hugged Will, and scampered away.

The Meadors were known to share their time and talents with their family and friends, who were numerous.

Selma and Pecos Meador are pictured here at a Big Spring rodeo in 1943.

'Play Day' Set For Big Lake

The Reagan County Sheriff's Posse had scheduled several Play Days for the summer, to be held at the North Arena in Big Lake.

The dates set are: May 6 at 7 p.m.; June 4 at 2 p.m.; July 16 at 2 p.m.; and August 12 at 7 p.m.

Anyone from the age of 0 to 18 may enter. Adults may enter for fun.

Events scheduled are poles, barrels, flags, straight barrels and a fun

A concession stand will be available. For more information call 884-3514 or 884-3427.

Her fiance is a 1985 graduate of Eldorado High School and will be attending Sul Ross State University. (Contributed Photo)

Like Boston, New Jersey had a "tea party" during the mounting friction between the colonies and Great Britain. At Greenwich, near Delaware Bay, young men in Indian costumes burned a shipload of tea from England in 1774.

VLB Holds Loan Interest Rate

Despite rising interest rates throughout the nation, the Texas Veterans Land Board (VLB) will hold the interest rate for land loans to Texas veterans at 8.75 percent, Land Commissioner Garry Mauro announced.

"We are very pleased to be able to continue offering Texas veterans this outstanding interest

rate," said Mauro, who serves as chairman of the board. "Because we had such a successful bond sale, Texas veterans can continue receiving land loans at 8.75 percent."

The VLB sold \$45 million in bonds this week to J.P. Morgan Securities, Inc. to continue funding the Texas Veterans Land Program.

The highly successful loan program allows Texas veterans to borrow up to \$20,000 for the purchase of five or more acres of land. Since the first loan was made in 1949, Texas veterans have bought 4.5 million acres of land -- an area roughly the size of New Jersey.

"The land program offers Texas veterans the

best opportunity around for buying raw land," Mauro said. "Our 8.75 percent interest rate is well below conventional financing and we only require a five percent down payment."

The VLB has loaned more than \$1.2 billion through the land program to nearly 100,000 Texas veterans over the last 40 years. While funding for the program comes from the sale of tax-exempt bonds, Mauro pointed out that the program is completely self-sustaining since fees from the veterans are used to administer the program.

For more information on the Texas Veterans Land Program, call toll-free 1-800-252-VETS.

Spring is Termite Season

Spring is termite season in Texas, so now is a good time to assess your house's termite protection. As with most things, there's a right way and a wrong way to go about it.

First, don't panic if you see termites in or near your house. It may seem a small comfort, but the fact is, termites work slowly. You have time to make an informed decision about which pest control company and chemicals to use.

Next, find out--from previous owners if need be--when and how your house has been treated for termites in the past. Find out what chemicals were applied and how much of

the house was treated--all of it or only certain spots.

Then share this information with your pest control company. Since chemicals used in the past to treat termites stay potent for 20 to 30 years, you may not need another treatment.

To all customers of
Southwestern Bell Telephone Company:

Public Notice

On March 14, 1989, Southwestern Bell Telephone Company filed with the Public Utility Commission of Texas an application which proposes to revise its Toll Restriction Tariff in Section 21 of the General Exchange Tariff. The Commission received the application as Docket No. 8700.

The application proposes to reduce the monthly rate for Toll Restriction residence service from the current \$15 a month to \$5 a month per residence access line. This proposed application will affect approximately 2,487 residence customers who presently subscribe to toll restriction. It is estimated that the proposed rate schedule will reduce the Company's annual revenues from this service by approximately \$298,000, which is less than one percent of the Company's total intrastate revenues. If the application is approved, the effective date of the rate reduction will be set according to the Commission's Order.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A deadline to file motions to intervene has been set for May 30, 1989. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Information Office at (512) 458-0223 or (512) 458-0221, teletypewriter for the deaf.

Telephone**

Students Visit Bailey Cemetery

April 24, the third grade classes of Schleicher County school took a field trip to Bailey Ranch Cemetery. Accompanying the students were teachers, Mr. and Mrs. Glen Nix, Mrs. Mike Kropp, Mrs. Lowery Craven and Mrs. Ken Newman.

Members of the Historical Society also joined the group. They were Mr. and Mrs. Elton McGinnes, Ethel Etheredge and Rene Calcote.

The history of Bailey Ranch Settlement, including Baptist Church, school and cemetery, was present-

ed to the students by Rene Calcote, president of the Historical Society.

Special attention was given to the history of the cemetery in the program. The children learned about

grave stones of historic people, funeral customs and types of grave stones.

The students then made tombstone rubbings. These works of art were made by placing thin

paper flat against the stone and rubbing the paper with crayons to create the impression.

The group then returned to school in the bus and enjoyed refreshments.

Third grade students are pictured here as they visit the Bailey Ranch Cemetery and make tombstone rubbings.

Winner Vs. Loser

- The Winner--is always part of the answer;
 - The Loser--is always part of the problem;
 - The Winner--always has a program;
 - The Loser--always has an excuse;
 - The Winner--says "Let me do it for you;"
 - The Loser--says "That's not my job;"
 - The Winner--sees an answer for every problem;
 - The Loser--sees a problem for every answer;
 - The Winner--sees a green near every sand trap;
 - The Loser--sees two or three sand traps near every green;
 - The Winner--says, "It may be difficult but it's possible;"
 - The Loser--says, "It may be possible but it's too difficult."
- Be A Winner.

Johnson Named Award Winner

The United States Achievement Academy has announced that Laura Johnson has been named a United States National Award winner in honor roll and science.

Laura Johnson, who attends Eldorado High School, was nominated for this National Award by Ruth Ann Callihan, science teacher, and Maureen Hodges, counselor at the school. Laura will appear in the United States Achievement Academy Official Yearbook, published nationally.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set

forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability and recommendation from a teacher or director.

Laura is the daughter of Sid and Suzanne Johnson. The grandparents are Sue McBurnett of Christoval and Myrtle Johnson of Eldorado.

BREAST CANCER DETECTION UNIT available to area women!

MONDAY, MAY 8th
SCHLEICHER COUNTY MEDICAL CENTER
ELDORADO, TEXAS

Call 853-2507 for appointment

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is, currently estimated

that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. (The cost is only \$50.00.)

A mammogram can detect a cancer this small, even before it can be felt.

Motorcycle Safety And Awareness Month.

In an effort to increase awareness of motorcycle training and safety, Governor William P. Clements has proclaimed the month of May as Motorcycle Safety and Awareness Month.

Coordinated by the Texas Department of Public Safety and the Department's Motorcycle Operator Training Section, the proclamation emphasizes the fact that motorcyclists must "be highly skilled, constantly alert, and have

a thorough understanding of defensive driving skills."

To increase rider skills and reduce accidents, the DPS sponsors a motorcycle rider training and education program. Classes for both novice and experienced riders are offered at 44 sites around the state.

"Increased training is crucial to reducing the motorcycle fatality rate," said Henry Palma, Director of the DPS Motorcycle Operator Training Program.

"Research shows that the lack of rider skill and training is a key factor in many accidents involving motorcyclists," he said.

Two motorcycle related bills before the legislature should have an impact on the motorcycle accident rate. The legislature passed and the Governor has signed, a mandatory helmet bill for all operators and passengers on motorcycles. The effective date is September 1, 1989.

A second bill, Senate Bill 589/House Bill 322, has been passed by the Senate and the House Transportation Committee. This bill, given final passage, would provide for an expanded motorcycle safety education and training program.

Every driver on the highway needs to be alert for the presence of motorcycles on the road. Drivers of all vehicles as well as motorcyclists need to share the road safely.

As described in the proclamation, "An overwhelming number of motorcycle accidents could be prevented if drivers of automobiles would be more aware and give consideration to motorcycle riders."

The Department of Public Safety has set up a toll-free number for information about motorcycle rider training. To find out about the nearest training location, call 1-800-292-5787.

Arts And Crafts Fair Slated

Across the tree shaded fairgrounds in Kerrville, preparations for the Texas State Arts and Crafts Fair are in full swing. The 18th annual event is scheduled May 27-28 and June 3-4 on the campus of Schreiner College.

"We're cookin' for you," say the fair concessionaires and a large variety of food and cold drinks is available right on the grounds.

Family entertainment and good times combine for two weekends already a long-standing tradition for Texas and hundreds of out-of-state and out-of-country visitors. The oak shaded grounds and huge circus-size tents provide a pleasing backdrop for over 200 of Texas' finest artists and craftspeople.

Exhibitors at the event are selected for quality. Each artist must attend the fair in person, so visitors have opportunity to learn more about the

works they consider. Many exhibitors offer demonstrations in addition to the exhibits sponsored by the Texas Arts and Crafts Educational Foundation.

Fair dates are May 27-28 and June 3-4, Saturdays and Sundays. Hours are 10 a.m. to 7 p.m. Saturdays and 10 a.m. to 6 p.m. Sundays.

Tickets are \$6 adult, \$3.50 children ages 6-12, and children under six years of age are admitted free. Special weekend and group rates are available. For more information, contact Texas Arts and Crafts Foundation, P.O. Box 1527, Kerrville, Texas 78029-1527. Telephone 512-896-5711.

A pencil equipped with an eraser, the first of its kind, was patented by Hyman L. Lipman of Philadelphia in 1858.

Dinner Theatre To Start New Season

The Sonora and Sutton County region of Texas didn't produce any of the really famous historical heroes, either good or evil. There were no Davy Crocketts, no Jesse James; no James Bowie, no Billy the Kid.

However, the pioneers that settled this region were the true heroes of that time or of any time. While it took only minutes to decide the outcome of a shoot-out, it could take hours or days to fight a range fire. It took Santa Anna days to proclaim a victory at the Alamo, but it could take a year to recover from a drought.

The real heroes of the West were those who fought the wind and cold, the rain and hot dry weather. They fought the months of loneliness on the prairie, sickness without medical attention, varmints that destroyed livestock and crops. They fought a daily battle and in most cases, won.

These men and women are not remembered in history by name, in fact we

often forget their heroic deeds. The Outdoor Drama Group of Sonora is dedicated to remembering these champions of the past by telling their stories, sharing their culture and preserving their contributions to the present with the "Covered Wagon Dinner Theater."

The "Covered Wagon Dinner Theater" provides a family-oriented evening walk through the pages of history each Friday and Saturday night beginning Friday, June 16 through Saturday, August 16. Performances are staged in an amphitheater nestled among the oaks on the beautiful grounds at the Caverns of Sonora. The show begins at 6:30 and theater goers may enjoy a delicious meal catered by the Sutton County Steakhouse prior to the entertainment. Meals are priced at \$4.95 each and show tickets are \$4 for adults with children six and under free.

The Caverns of Sonora are located eight miles west of Sonora, exit 392

off IH-10. Peace and tranquility abound at the Caverns as well as ample RV hook-ups, shower facilities, pet kennels, picnic areas, Sweet Shoppe, a unique Gift Shop and some of the friendliest folks in the area.

JH Band Has District Tryouts

The Junior High District Band tryouts were held April 28 in Sonora. Eldorado had 31 students selected for the first band, the symphonic band, and 17 selected for the second band, the concert band.

The following students were selected for the symphonic band:

Flutes - Shelly Chrisman, Shannon Chrisman, Jana Sterling and Christy Ramirez.

Clarinets - Adrienne Pina, Belinda Martinez, Christy Robinson, Sarah Dellis, Stephanie Jones, Caty McGregor, Ericka Schooley, Kace Chalmers and Hope Martinez.

Bass Clarinet - Lindsay Johnson.

Cornet - Hele Sanchez, Shane Dresner, Meagan Stevenson, Lee Ann Lamb and Austin Hunter.

French Horn - Stephanie Nolen and Laura

Hill. Trombone - Lindy Hardy, Stacey Reeves and Burk McRae.

Baritone - Kathy Moore and Daniel Martinez.

Tuba - Robert Sanchez, Cody Arendt and Eric McGinnes.

Percussion I - Jason Porter and T.C. Willis.

Percussion II - Elizabeth Olson.

The symphonic band played in concert Saturday, April 29, in the Mason High School Auditorium. Jesse Lotspeich from Crane was the conductor.

The following students were selected for the concert band:

Flutes - Justina Saunders, Jenny Wink and Emily Olson.

Clarinet - Lindsay Fuessel, Jennifer Holguin, Jennifer Cheatham.

Alto Clarinet - Brooke Richards.

Alto Saxophone - Tara Holley.

Cornet - Leon Fuentes, Lee Ann Lloyd and Jessica Conatser.

Trombone - Consuelo Chavez and Cory Barton.

Tuba - Pepper Nix.

Percussion I - Carmen Joy.

Timpani - Victor Belman.

The concert band played in concert Saturday, April 29 in the Mason High School Auditorium. John Gibson from Balinger was the conductor.

The Junior High Band will be traveling to Rankin Saturday, May 6 to compete in Concert Contest. The band will be performing at 12:15 p.m. in the Rankin High School Auditorium.

All parents and the general public are urged to attend this contest and support the kids.

Band-Aide Boosters Set Meeting

The Band-Aide Boosters will meet May 9, at 7:30 p.m. in the Band Hall. Election of officers will be held.

All parents are urged to attend this meeting. The officers thank you for your help and cooperation.

"It is a great deal better to do all the things you should do, than to spend the rest of your life wishing you had."

Wednesday May 10
Breakfast - Pineapple Juice, Hot Biscuits, Bacon, Jelly.

Lunch - Corn Dogs,

Potato Rounds, Pork and Beans, Cheese Strips, Rice Krispie Cookies.

Thursday May 11
Breakfast - Orange Juice, Breakfast Pizza.

Lunch - Chicken Nuggets and Gravy, Creamed Potatoes, Green Beans, Carrot, Pineapple, Raisin Salad, Harvest Cake with Icing.

Friday May 12
Breakfast - Banana, Choice of Cereal

Lunch - Sandwiches, Tuna, Chicken Salad, Pimento Cheese and Peanut Butter; French Fries, Carrot Sticks, Chocolate Peanut Cluster.

Locals To Attend Symposium

Eldorado High School student, Erika Olson and science teacher, Ruth Anne Callihan, have been chosen to attend the 29th Annual Energy Science Symposium at the University of Texas in Austin, June 12-15.

The Symposium is jointly sponsored by the Texas Atomic Energy Research Foundation and the University of Texas. West Texas Utilities is one of the sponsoring companies in the Foundation and will pay all expenses for 32 students and teachers from their service area.

Miss Olson and Mrs. Callihan will be among 500 high school science students and teachers throughout the state attending the sessions in Austin. Participants will tour some of the finest scientific facilities available and attend lectures and workshops conducted by leading professionals in the scientific field.

According to WTU local manager, Leroy Reeves, "The symposium is a chance for WTU to help students and teachers learn more about science and energy outside the classroom."

Three Honored By Conservation District

Leaders on conservation work were honored Tuesday, February 21 in San Angelo with a dinner at the Houston Harte University Center ballroom.

The San Angelo Area Soil and water Conservation District recognized three conservation-minded citizens of Schleicher County--Ross Whitten, Jeff Hutcherson and Chrissy Cosper.

Whitten was chosen Conservation Rancher of the Year by the directors of the Eldorado-Divide Soil and Water Conservation District because of the intensive conservation program he has initiated on his ranch.

Also chosen from El-

dorado was Jeff Hutcherson, an Eldorado High School senior, for his essay entitled, "Conservation or Desolation".

Fourth grader Chrissy Cosper was chosen Soil and Water Conservation Poster Winner of the Year.

Each year the directors of the Eldorado-Divide Soil and Water Conservation District join directors statewide in publicly recognizing conservation achievement in all walks of life. The local directors wish to thank all those who participate in conservation programs and who help put conservation on the ground.

SC Historical Society Meets

The Schleicher County Historical Society met on May 1 for their monthly meeting. Rene Calcote, president, opened the meeting with the Pledge of Allegiance.

Mable Frietag read the treasurer's report and Ethel Etheredge read the secretary's report.

Letters were read from the third graders who visited the museum recently. The kindergarten also visited the museum and the cemetery.

Those attending the meeting were Ruth Baker, Ola Mae McDonald, Jean Meador Brazell, Rene Calcote, Ethel Etheredge, Ola Ruth Barbee and Mable Frietag.

Bill Radle visited the club and inspected the building and the museum.

The Historical Society plans to sell Schleicher County History Books at the cookoff in May.

Coffee and cookies were served to the women.

Teacher Of The Week

Jo Ella Parker is this week's teacher of the week. Mrs. Parker has been teaching in Eldorado for ten years. She teaches music to grades K-4, and she also helps Coach Randy Mitchel with Physical Education classes.

Joo Ella Parker

Jo Ella is married to Bob Parker, and they have one son, Shay, who is 3 1/2 years old.

She graduated in 1978 from Sul Ross University with Bachelor's Degree in Vocal Music Education.

Jo Ella enjoys

ceramics, reading, yard work, fishing and hunting.

She is said to "always have a ready smile."

Pour vanilla on a bit of cotton and put it in the refrigerator to eliminate unpleasant odors there.

An Editorial

By Gary Smith

In the State of Texas, it is a crime to buy or provide any alcoholic beverages for a minor. Still, for one reason or another, people continue to buy and give alcohol and/or drugs to children.

This practice is allowed to continue because parents and our criminal justice system continue to ignore the problem. In an effort to "help" people, fines and sentences for this offence are systematically reduced or dropped entirely. This happens frequently throughout the state.

Judge Johnny Griffin said, "To my knowledge, in the past ten years, a Schleicher County jury has not sentenced one person to prison for driving while intoxicated."

Personally, I doubt if a jury in this county has ever sent a person to jail for furnishing alcohol to a minor.

SOMETHING HAS TO BE DONE!

OUR CHILDREN'S LIVES ARE AT STAKE!

Would we rather have "clean records" and dead children? Are we unable to realize that our continued efforts to ignore the teen alcohol problem is going to cause us to lose those very children that we are trying to protect?

As a parent of a teen-aged daughter, I implore the elected officials in our community to impose the maximum sentence/fine to any one who is convicted of providing alcohol/drugs to minors. I also beg of you not to drop charges of drunk driving or minor in possession of an illegal substance.

Speaking for me and my family, I would rather have a daughter with a "bad driving record" than no daughter at all.

TDH Warns Of Lethal Solution

Hydrogen Peroxide Concentrate Is Highly Dangerous

The Texas Department of Health (TDH) has warned that a highly concentrated solution of hydrogen peroxide, illegally sold as a treatment for numerous ailments, including AIDS and cancer, can be extremely dangerous, even lethal, to the user.

TDH stopped sale of the solution in February, after learning that at least one death and several severe injuries were linked to the product.

Sold in health food stores and through direct mail in Texas, the solution often has been labeled, "35 Percent Food Grade Hydrogen Peroxide", "Bio-water", or "H202", although TDH officials said some retailers may be substituting other labels.

Similar products have been found for sale in other states.

Ken Davis, chief investigator for the TDH Food and Drug Division, said, "The products we embargoed were re-packaged in Brownsville from larger quantities brought in from Mexico. The company, called 'LIGHT202USE' was distributing the solution in gallons, quarts, pints -- down to four-ounce bottles with medicine droppers."

According to the literature the manufacturers included with the product, the solution is useful against more than 60 illnesses and disorders. "But the truth about this concentration of hydrogen peroxide is that it is about

as caustic as lye. No one should consider ingesting this solution any more than they should drink drain cleaner," Davis said.

Davis said that although there are no warnings on the label about the dangers even of handling the product, "One of our people had serious burns on his hand after handling a leaky sample of H202."

Davis advised anyone who has purchased

hydrogen peroxide in a higher concentration than the common three percent solution recommended as a disinfectant should return the product to the store where it was sold.

"I would even recommend that people who have this 35 percent concentration in their homes should handle the stuff only with rubber gloves, and seal it in a strong plastic bag before transporting it," he added.

'Meet The Candidates' Forum Set

Texas State Teachers Association (TSTA) is sponsoring a "Meet the Candidates" forum on Thursday, May 4, at 7:30 p.m. in the multi purpose room of the school administration building. Those individuals running for Schleicher County Inde-

pendent School District Board of Trustees will be present.

The public is invited and encouraged to attend. Meet the candidates and find out where they stand on issues that concern you.

Refreshments will be served.

Chisholm To Perform

One of the most exciting and memorable concert acts you will ever see is Chisholm. They will be performing Saturday, May 27, at 9 p.m. on the slab at the Rodeo Arena during the World Championship Cowboy Campfire Cookin' and Pasture Roping.

This eight piece variety entertainment act is currently dazzling audiences all over the nation with their own brand of country, rock, fifties and more. This is an act that will appeal to all in attendance regardless of age or musical preference.

The four vocalists first sang together in church. Their sound closely paral-

els The Oak Ridge Boys, a comparison the group invites by performing several Oak songs including "Leaving Louisiana" and "Elvira".

Tickets are available in advance for \$8 at the chamber office, 853-3109, or they will be on sale at the gate for \$10. Come on out and join in the fun.

Seniors On The Go

A special "Thank You" is extended to the First Christian Church for its donation to the Meals on Wheels program and the Transportation Van.

Cancer Is Preventable

Up to 80 percent of cancers may be related to the way people live, rather than hereditary causes.

Dr. Mary Kinney Sweeten, nutrition specialist with the Texas Agriculture Extension Service, said a recent report from the National Cancer Institute (NCI) indicates that lifestyles have a vital role in an individual's cancer risk.

Sweeten said NCI has suggested that each individual consider seven areas of cancer risk in relation to lifestyles, including use of tobacco, diet, alcohol, radiation, work place, estrogens and viruses.

Offering the greatest potential for reducing cancer risk, according to the NCI report, are avoiding

use of tobacco and eating right.

The report indicated that about 30 percent of cancer deaths are attributable to tobacco use and about 35 percent may be associated with diet.

Sweeten said the percentage of cancer deaths associated with the other five risk factors ranged from one to five percent each, according to the report.

People are beginning to take positive steps related to diet and alcohol consumption.

The report concluded that much educational work remains to be done to increase public knowledge about prevention of cancer.

The umbrella is believed to be over 3,000 years old.

THANK YOU

THANK YOU
 We would like to thank the First Christian Church for their very generous donation. These funds will help provide better service to the community.

Eldorado Volunteer Fire Department
 1-(5-4-89)-b

THANK YOU

Our family would like to thank all our friends who ministered to us during my recovery from surgery and the loss of Herman's sister, Janna. To those who sent cards, flowers, phoned, brought food and especially those who remembered us in prayer--we thank you. Your expressions of love and concern made this time easier for us. God bless each of you.

Love,
 Deanne and Herman Walker & Family
