A Positive Forecast "Serving West Texas Since 1901" A Good News Review

Volume 88 #40

Eldorado, Texas

October 12, 1989

Jennifer Torres, 1989 Homecoming Queen, is congratulated by her Court, Carolina Gonzales at left and Ginger Sterling at right.

Eldorado Is Host To High School Rodeo

A good turnout, by contestants and spectators, was reported for the High School Rodeo hosted in Eldorado over the weekend. Many of our local citizens helped in many different ways and really made this a smooth running event.

Saturday's show at 7 p.m. was opened by flag bearers Traci Paxton and Mondee Nelson leading the Grand Entry.

Saturday's placings by the local rodeo team is as follows: Brent Moore and Kirby Jones, seventh in team roping; Mondee Nelson, second in cutting, sixth in poles and eighth in goat tying; Cy Griffin, seventh in calf tiedown; Crissi McCormick, second in poles, third in goat tying and fifth in barrels; and Shane Criswell, first in saddle bronc.

Sunday started with church services held at 9 a.m. and con-

ducted by Herman Walker, Bud Arendt and Jimmy and Sherry Belk. Cutting began at 10 a.m. with judge John Ben Cawley.

The rodeo was underway at 11 a.m. with the following results: Traci Paxton, seventh in barrels; Crissi McCormick, sixth in barrels, sixth in break away roping, sixth in goat tying and second in poles; Justin Paxton, tied for first in bull riding; Shane Criswell, first in saddle bronc; Mondee Nelson, eighth in goat tying, second in cutting and ninth in poles; Cy Griffin, fourth in team roping; Jamie Belk, fourth in team roping; and Brent Moore and Kirby Jones, third in team roping.

The team trophy was won by Eldorado for total points of both days.

The High School Rodeo

Team will be traveling to Marfa October 28 and 29 for their last rodeo of the fall season.

Thanks are expressed to all those who worked the gates, judging, concession stand, timing and bookkeeping and announcers in the arena and the stock shoots. Special thanks to Lowry Craven for the plowing at the arena -- it was really great -- and to local merchants who donated goods and services, and also, the Eldorado Booster Club for their support and the delicious brownies.

Due to local support and hard work, the local rodeo club was able to make a sizeable donation to the Bodie Gilstrap Fund, but would also like to take time to say how much they missed Carolyn in the press box and Jaime helping in the arena.

See you at the rodeo!

Local Fire Personnel Attend Fall Meeting

Junction was the setting Saturday, October 7, for the Hill Country Firemen's Association fall meeting. Twenty-eight members of the Eldorado Fire Department and Ladies Auxiliary were in attendance.

During the morning session, officers for the 1990 year were elected. Roger Powell was elected to replace Jerry Richardson as third vice president. Richard Harris advanced to first vice president.

At the Ladies Luncheon, Kathy Smith was elected to the office of vice president of the Hill Country Ladies Auxiliary.

After the morning meeting and luncheon, everyone adjourned to downtown Junction for an afternoon of races. The Eldorado rac-

ing teams fared very well with five placings. The six lady pumper team earned a second place trophy. Ladies racing on this team were Lenett Doran, Glenda Harris, Karan Holley, Kathy Smith, Sissy Cheatham and Jan Bailey.

The three lady racing team also earned a second place. Kathy Smith, Pam Daniels and Glenda Harris composed this team.

The six man pumper team brought home a first place trophy. Men on this team were Joey Jones, Mark Daniels, Norman Smith, Kermit Mahanay, James Holley and John Cheatham.

Joey Jones, James Holley and Norman Smith made up the three man team that earned a third place trophy.

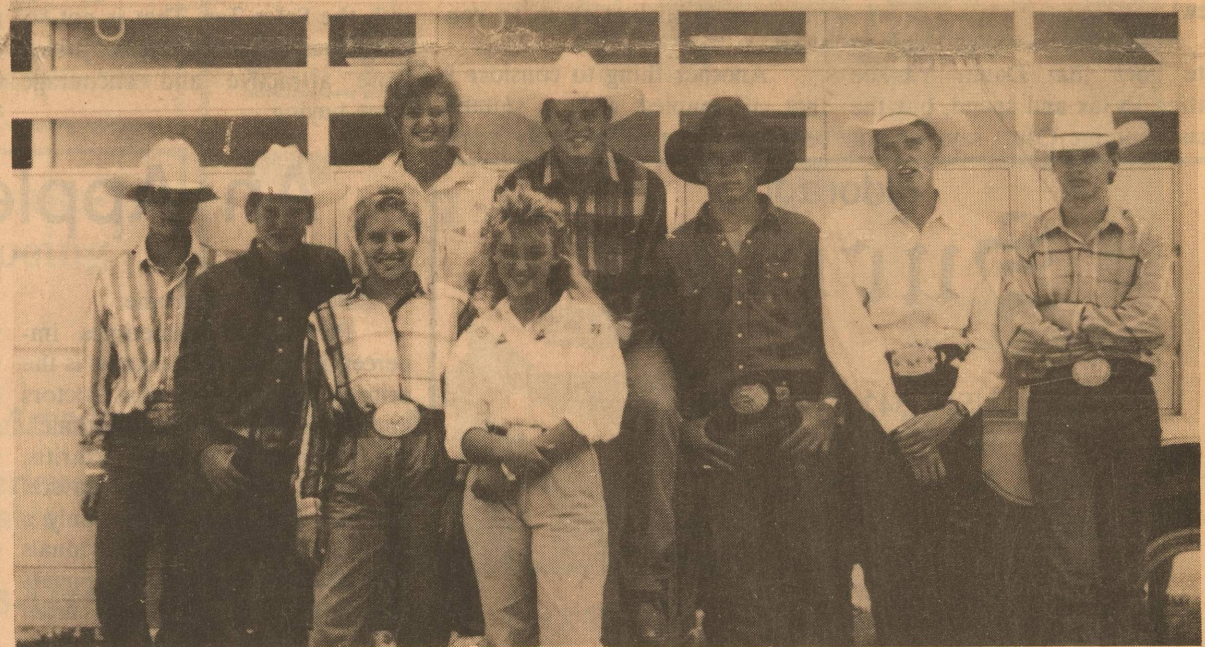

In the one man race, James

Holley was awarded second place.

With time left after the official races, a special children's race was held. In this race, Jody Jones and Mack Holley placed third and each one received a prize of \$5 for their efforts.

After the races a delicious barbecue dinner was given by the Junction Fire Department. Those few members remaining stayed for a dance to end a very nice and eventful day.

Those, besides the racing teams, who attended were Mandi Daniels, Tamra Robledo, Mack Holley, Jason Holley, Jacqueline Cheatham, Richard and Stony Harris, Bob Bailey, Jerry and Bessie Jones, Chuck and Jody Jones, Felipe Pina, Roger Powell and David Doran.

Members of the Eldorado High School Rodeo Club are pictured here. Front row, left to right, Stoney Hariman, Jamie Belk, Traci Paxton and Mondee Nelson. Back row, left to right, Crissi McCormick, Cy Griffin, Justin Paxton, Brent Moore and Kirby Jones. Now shown is Shane Criswell.

Tax Rebates Up Statewide

State Comptroller Bob Bullock said Friday that October's sales tax rebates to cities and counties continue to tell the story of an economy that's steadily growing.

Bullock said that October's city rebates statewide are up almost 11 percent from October

1988, and year-to-date payments to cities are up an average of 9.5 percent.

"Consumers have more money to spend and they're doing just that," Bullock said. "That means another month of increased sales tax rebates for local areas."

October also marks the first

month that Metropolitan Transit Authorities will start receiving their rebates quarterly rather than monthly. The change is the result of legislation passed during the last session, Bullock said.

Houston received the largest payment in the state at \$11.7 million and Dallas' check of \$8.2 million was the second largest.

Checks totaling \$71.9 million were sent to 931 cities that have a local sales tax rate of either 1 percent or 1.5 percent.

Another \$7.1 million was sent to the 92 counties that collect the one-half percent county sales tax, Bullock said.

Eldorado's payment for this period is \$3,937.38 as compared to the previous year's payment of \$5,023.82, a decrease of 21.63 percent. Payments to date are \$51,642.15 as compared to 1988's payments to date of \$49,490.49, an increase of 4.35 percent.

October's checks represent taxes collected by businesses in August and reported to the Comptroller's office in September.

Take Care Of Your Business!

Even if all of your customers are local people, there is still a need for good customer relations. So.....

The County Extension office and the Schleicher County Chamber of Commerce is sponsoring a noon luncheon program for all business people and their employees on Monday, October 16 at 12 Noon at the Memorial Building.

The chamber will provide sandwich fixings, drinks and dessert for all those attending. An excellent video on customer relations will be shown. The video is a 30 minute presentation.

It is hoped that all businesses will be represented. If there is a need for a night program this can also be planned.

Volunteers of the summer reading program at summer school are pictured after receiving the Bravo Award for excellence in helping with children. Back row, left to right, Dick Bearce, Zelma Whitley, Cleone Schrank, Christy Meador who was in charge of the program but was not one of the readers, Ruth Harper and Jewel Hodges. Front row, left to right, Ethel Etheredge, Sybil Blair and Evelyn Wimer. Not pictured are Dixie Belk and Dorothy Ratliff.

Fun Day Golf Tournament

On Sunday, October 15, at 1:30 there will be a Fun Day Golf Tournament at the Eldorado Golf Course. Proceeds will go to the Eagle Booster Club.

Special prizes will be given at each hole. Some of the prizes include a new putter, meals at area restaurants, an electric

putting partner, golf club cleaning kit and other valuable prizes.

This tournament is open to children and adults of all ages. This one is really going to be fun!

Anyone interested in playing should call Gary Warnock or Mickey Rathbone.

Immunization Clinic

The Texas Department of Health will hold an Immunization Clinic at the Schleicher County Community Center-Eagles' Point, on Tuesday, October 17 from 9:30 a.m. to 12 Noon and 1 to 3 p.m.

Letters To The Editor

Dear Editor:

I do not know Louise Burk, but I go on record as being diametrically opposed to her position on the school dress code. I am glad to see, in these permissive and undisciplined days, that we have a school that expects our boys to look like boys and our girls to be ladies. Why should our children have to be subjected to boys coming to school with hair that makes them look like girls, and girls coming to school partially nude? They have enough exposure to that kind of thing outside of school.

We send our children to school and tax ourselves to pay for it, so that they can learn. Let us not permit our children to be distracted from their studies, and thus waste our tax money. Let us insist on our rights, that our children have a school atmosphere conducive to learning. Boys showing off their long hair and girls wearing immodest clothing clearly have their priorities fouled up, and so do the parents who permit such behavior.

I urge everyone who cares about their child to stand up in support of the school and its dress code. Let us keep our standards and our expectations high. If we do not, our children will surely live down to our expectations and parents will wonder where they went wrong.

Stephen M. Goode

Dear Editor:

This letter is in response to Louise Burk's Letter to the Editor in the October 5 issue of the Success. Mrs. Burk was right, there are a lot of things happening in our school and they're happening for the best!

While some parents may be angry over our school's dress code, there are many others who are glad to see the school system backing up their dress code which has been in effect for several years; there were boys who still wore long hair, thought it "hip" to have an earring and then some girls who tried wearing dresses shorter than necessary and again you're right Mrs. Burk, it doesn't

have anything to do with education. At least not their education with books, but it does interfere with their education on learning that in all phases of life, there are rules and regulations and most of the time we must go by them in order to live with and get along with our fellow man.

I personally don't feel this has anything to do with freedom. I feel pride in our youth when you compare them with some students elsewhere. They project a neat, clean-cut appearance which reflects back to our town, our school and possible up-bringing. I've seen some schools that allow long hair, earrings, moustaches, shorts, crop tops -- now stand back and see which you'd rather have.

These students who want to wear long hair certainly have the right to, and it is their freedom, right, but to go to our school and be part of a caring force: principals, teachers, school board and student body, then they must go by their rules. They're not trying to take over the raising of your children but there has to be discipline.

Most of us have rules and discipline at home, why should our school system be any different -- if our children are not taught that they have to follow the rules and regulations at school, how can we expect them to follow the rules and regulations of life!

I applaud and respect the changes going on in our school and hope to see the continuation of backing up our school's code, whether it's dress, grades or sports. Support your school system -- it may be just what a child needs.

Dear Editor:

I have enjoyed receiving the "Success" the last year or so. It has been a pleasure keeping track of all our home town news. Being a former employee of the late editor and owner Finis Bratcher, I know how difficult a job it is to continually produce a small town paper. Congrats on a job well done.

Noah's Wife

Have never really been able to tell the difference between a Republican and a Democrat. There are some Democrats that act like Republicans and some Republicans that act like Democrats. I know one fellow who says that he is a Democrat, but is proud that he has never voted for a Democratic Presidential candidate.

Finally, I have found out how to distinguish differences between members of these two political parties. A report found in the Republican Congressional Committee newsletter described the basic party differences:

+ Democrats buy most of the books that have been banned somewhere. Republicans form censorship committees and read them as a group.

+ Republicans usually wear hats and always clean their paint brushes.

+ Democrats give their worn out clothes to those less fortunate. Republicans wear theirs.

+ Republicans employ exterminators. Democrats step on the bugs.

+ Republican boys date Democratic girls. They plan to marry Republican girls, but feel they're entitled to a little fun first.

+ Republicans sleep in twin beds -- some even in separate rooms. That is why there are more Democrats.

Surely do hope that this report has helped you in better understanding these two political groups. It really cleared things up for me.

'Til the next time...MAY GOD BLESS!

Life Among The Fishes

By Thomas Giovannitti

Are you sitting down? If you aren't, please do. Now, before you stop on the next few words and go into some sort of West Texas rage at the mere mention of what I am about to write about, promise yourself that you'll at least read the whole article, then get angry.

This great state of ours has to come up with some alternative ways to fund its public schools. WHAT ABOUT A STATE INCOME TAX! There, I said it, whew!

Now, I know you're thinking there goes that Damn Yankee wanting to tax and spend, but the Texas Supreme Court says we got

to change the way education is funded so lets take a look at this dreaded thing called the income tax.

For openers (and I checked this with a Tax Authority), State Income Taxes are deductible on your federal income tax. That's right, you can deduct them when figuring your taxable income. Now, that is not a dollar for dollars thing, but when you consider that we get no deduction for sales taxes paid on personal property, that is one very important thing to consider.

Another thing to consider is that, if coupled with a suitable reduction in real property taxes,

those of us in under-populated areas could actually get more money than we pay in to subsidize our schools.

The graduation could be very simple, with very low percentages and only a few brackets. If the special interests didn't mess it up with lots of deductions, it would be fairly equitable and not too much of a burden on any one group of taxpayers.

The legislature could even consider reducing or doing away with the Sales Tax. That is not so dangerous an idea and make prices more attractive and encourage some buying.

There is another thing to consider. For all the complaints about taxes and more taxes, the nay-sayers have forgotten what the reason is that we pay taxes. It is to provide for those services that government should provide for, and quality education for every young Texas is a worthwhile objective. The very heart of the Texas Supreme Court's ruling is that the way education is funded now is just unfair. It will ultimately pay for Texas to adequately fund very good public schools so our youngsters can compete in an ever more complicated job market. Think about it.

An Apple A Day

Postpolio Syndrome: Progressive, sometimes imperceptible, muscle weakness is the primary symptom of what doctors are terming "postpolio syndrome".

It can resemble arthritis, tendinitis, or amyotrophic lateral sclerosis (ALS). It affects only a certain percentage of individuals who have had polio and appears nearly 30 years after the initial

illness.

It usually occurs in those who were 10 years old or older when they first had polio or who had severe symptoms. There is no specific treatment for the condition, although aspirin and non-steroidal anti-inflammatory drugs may relieve some pain, and physical and occupational therapy can help to reduce muscle fatigue.

Hausenflucks Celebrate Golden Anniversary

Mr. and Mrs. J. F. Hausenfluck of Eldorado celebrated their Golden Wedding Anniversary September 23 with a reception given by their children and grandchildren at the fellowship hall of the Church of Christ in Georgetown.

J.F. Hausenfluck and Etta Merle Montgomery were married September 23, 1939, in Georgetown.

The Hausenflucks have two children, Billy Hausenfluck of Eldorado and Jo Anne Poynor of Scerra Vista, Arizona, and one daughter-in-law, Jonell Hausenfluck. They have five grand-

children and two great grandchildren.

Mr. Hausenfluck was engaged in ranching and public weighing while he was in Georgetown.

Mrs. Hausenfluck was a bookkeeper and was involved in 4-H Club, the Scouts and Brownies. She was also a member of the Extension Agents Club.

Mr. and Mrs. Hausenfluck bought land in Schleicher County and moved to Eldorado in 1979. They live 13 miles northwest of town. They are members of the Church of Christ.

The American Cancer Society I Can Cope Program

Knowledge about cancer can make living with it easier.

It's also true that people who know more about their disease can make informed decisions with their doctors and become partners in the treatment team.

I CAN COPE is an American Cancer Society education course and support program for patients and their families that grew out of a need for accurate cancer information, says Eileen Strickland, volunteer coordinator of the I CAN COPE program in San Angelo.

"The course is designed to help people regain control over

their lives through better knowledge of cancer and its physical, social and emotional impact," she says.

I CAN COPE has a classroom structure, but it also has the flexibility to be unique in each location.

In one class, patients and relatives might be gathered around an anatomical model, listening to a physician explaining how cancer affects different organs of the body.

At another, patients undergoing chemotherapy and radiation treatment might talk with a dietitian about meal planning ideas

and sample nutritional supplements to help build up their strength.

"Since living with cancer can be one of the most difficult challenges anyone faces, I CAN COPE can help cancer patients and their family members and friends meet the challenge by clarifying cancer facts and myths," Strickland says.

In the classes, doctors, nurses, social workers, other health care professionals and individuals from the community help by giving factual, straight-forward cancer information and answers to questions. Topics may include human anatomy, cancer development, new research, communication, diagnosis, treatment, side-effects,

emotions, sexuality, self-esteem and community resources.

I CAN COPE classes can also include information about ways of dealing with daily health problems, encouragement in expressing individual feelings and tips on how to adapt to body limitations. There is an introduction to physical therapy, emergency procedures and various community services.

There is no charge for attending I CAN COPE classes. However, pre-registration is necessary as enrollment is limited.

Anyone needing more information on I CAN COPE can call the American Cancer Society office at 944-2509.

Halloween Carnival Planned

Everyone is always looking for something to do as a family. What better way than to spend Halloween together. It could be fun!

Beta Sigma Phi is hosting a Halloween Carnival for all ghosts and goblins of all ages. Start out by dressing up from ghosts to goblins to Batman and Robin. At 5:30 run by the Memorial Building for a couple of hours.

Plan on making it an evening out and eat supper also. There will be chili dogs, tamales, nachos, frito pie, candy apples, popcorn, cotton

candy, cookies and brownies, cokes and pickles.

There will be all kinds of games from the candle squirt to ring toss, to fishing pond to a wheel of fortune and many more. Moms can do the cake walk and everyone must sign up for the raffle with the winner to be announced at 7:25. Dads can try the haunted house with all the little ones -- if he dares!

At 7:30 everyone can make a few stops at some friends for trick or treat and still be home in time to get to bed for school the next day.

Not only will your family enjoy the night out, you will be supporting the community as well.

Anyone interested in having a booth, there is still plenty of time to sign up. Call Tonya Mahanay at 853-3408 if interested.

Remember safety first when installing antennas.

- Stay clear of all electric lines, assume all wires are uninsulated.
- Be sure there's enough distance in every direction so that if your antenna should fall, it won't hit a power line.
- If an antenna does start to fall, let it go and stay clear. Never touch it until you're sure it's not in contact with any wires.
- Work only in dry weather and never on a windy day. Most antennas are top-heavy and difficult to control in the wind.
- Guy wires should be secured so they won't whip around and come in contact with power lines.
- Make sure antennas are grounded properly.

The merchants of early day Eldorado set up a fore-runner of the Fire Department when they bought a 40 gallon chemical extinguisher which was hand drawn. All the citizens turned out to fight fires the best they could.

July 15, 1939, is the first recorded meeting of the organized Fire Department. There were seven charter members were Palmer West, Jack Kerr, Jimmy West, Ben Isaacs, Jr., Tommie Barrow, Robert Isaacs and L.T. Barber.

SCISD Board Of Trustees Meet

The regular meeting of the Board of Trustees of Schleicher County Independent School District was held October 9, at 3:30 p.m. in the Administration Building.

Louise Burk discussed with the board the school dress code. Following that discussion, Superintendent Blair reported on ACT scores, noting that when comparing SCISD students who took college prep courses to their regional and national peers, SCISD students exceeded the national average in composite scores.

As a means of recognition for excellence in helping children, board members presented Alton and Ruth Anne Callihan with a Bravo Award for their part in having a Drug Free Graduation Party. Also, Dorothy, Ratliff, Evelyn Wimer, Cleone Schrank, Dick Bearce, Ethel Etheredge, Sybil Blair, Jewel Hodges, Dixie Belk, Zelma Whitley, Christy Meador and Ruth Harper were recognized with Bravo Awards for donating their time to helping students learn to read during summer school.

Tennis court bids were tabled, with a special meeting called for October 12 at 5 p.m.

Board members were informed

that the county has received notification of grant approval for the proposed county park.

Other items of information discussed included an auction of surplus items. The sale will take place at the bus barn on October 14, with items available for viewing at 8 a.m. and the sale beginning at 10 a.m.

Board members were told that tentative plans call for a board goal-setting retreat on Saturday, October 21.

The final information item was a report by Principal Ken Newman concerning the current status of the high school program and of the Campus Improvement Plan for the high school campus.

In action items, the board voted to accept the bid of \$3260 from Shirley Blakeway for the "Ballew" house and the bid of \$15,000 from Harvey Wink for the Shugart Apartments. The board also voted to change the district's travel policy by increasing meal allowances for employees traveling on school business.

Jim Glidden, Phil McCormick and Raymond Mittel were nominated for the Appraisal District Board, and Dr. Blair was approved as the SCISD authorized representative for the National School

Lunch and Child Nutrition Programs.

After approving the certified tax roll for 1989 and the financial report for the month of September, board members voted to set aside \$50,000 in the fund balance for worker's compensation insurance.

The board's final action was to employ Ilse Williams as a half-time aide and half-time teacher for gifted students.

JV, JR. High Teams Doing Well

The Eldorado 7th grade and 8th grade teams have been unbeatable so far this season.

The 7th grade beat Iraan 22-0, Mason 12-6 and Junction 12-8.

According to 7th grade Coach Sonny Dunlap, "This is a really good group of athletes--exceptional, outstanding."

The 8th grade defeated Iraan 42-0, Mason 18-0 and Junction 14-8.

Said 8th grade Coach Rick Singleton, "We've only just now started playing. We still have half a season to go."

The Junior Varsity team has 1 win and three losses. They triumphed over Rock Springs 12-6, but had losses to Junction, Mason and Iraan.

J.V. Coach Greg Cleveland commented, "We have had two of our better players promoted to varsity (Cy Griffin and Wade Rinehart). Our boys played hard at Junction and we had a chance to score the winning touchdown, but time just ran out on us."

Junior High Girls Cross Country Take First

Eldorado's Cross Country teams traveled to Coleman this past weekend for competition. The Junior High girls team beat two other junior high teams and three high school junior varsity teams to take first place with 53 points. Wall junior varsity was second with 54 points.

Since the girls were a junior high team running with the junior varsity meet, they did not win the trophy, it went to Wall Junior Varsity. The girls did receive medals.

The junior high team is undefeated this season. Runners and how they placed are as follows: Jenny Wink, first; Amber Hamilton, fifth; Consuelo Chavez, ninth; Mary Ann Rodriguez, 16th; Christy Rodriguez, 22nd.

The junior varsity boys won with most of the runners still in junior high. There were 16 runners in this meet. Local boys and how they finished is as follows: Felix Ochoa, second; Helen Sanchez, fifth; Hunter Preston, sixth; Farley Dakan, ninth; Shane Dresner, 10th; Randy Adame, 14th; and Trent Manning, 15th.

The high school girls placed sixth with 93 runners in the meet. Local girls and how they finished is as follows: Hope Martinez, 25th; Roxanne Martinez, 37th; Claudia

Martinez, 36th; Jana Sterling, 40th; finished is as follows: Robert Adriana Martinez, 50th; and Martínez, sixth; Hector Chapa, 10th; David Nolan, 15th; Richard Jennifer Torres, 60th.

The high school boys team Adame, 20th; Ernie Gonzales, 21st; and also running were Reyes Lozano and Juan Ramirez.

Eldorado's Junior Girls Cross Country team is pictured above. They are, back row, left to right, Consuelo Chavez, Mary Ann Rodriguez, Christy Rodriguez. Front row, left to right, Jenny Wink and Amber Hamilton.

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. **The cost is only \$60.00.**

A mammogram can detect a cancer this small, ● even before it can be felt.

Eagle Scoreboard

Eldorado vs. Junction

The Eldorado Eagles Varsity football team soundly defeated the Junction Eagles in Eldorado this past Friday night. A 47-0 victory demonstrated to the Eagles and their fans that this young team knows how to really play ball.

According to Head Coach Doug Kuhlmann, the offense "executed real well" and the defense "played great."

Said Kuhlmann, "Our defense only allowed one first down the whole game.

During this game, we played the full 48 minutes."

The 370+ yards that the Eagles rushed for should be enough to show anyone that these boys are good competitors.

This week, the Eagles face a strong team in Big Lake. The Big Lake team is large and powerful, but have not demonstrated the speed that the Eldorado team possesses. This could prove to be a very interesting game, with an upset not unlikely.

Eldorado Hosts First ARBA Show

On September 30, the first sanctioned American Rabbit Breeders Association Youth Show was held at the 4-H Barn on Highway 277 just outside Eldorado. There were 150 rabbits and 25 exhibitors who came together from 8:30 a.m. to 3 p.m. for the show with 15 different breeds of rabbits represented.

Judge Keith McNinch of Houston judged the youth showmanship first. Junior Showman was awarded to Rachel Hunley. She received an eight inch engraved silverplate tray. Senior Showman was awarded to Amy Clark who received a ten inch engraved silverplate tray.

The first breed called to the table was the American Fuzzy Lop. Best of Breed went to Dena Lloyd. In English Angoras, Best of Breed went to Tara Hunley, Dutch Best of Breed went to Latisha Gaines of San Angelo. Best of

Breed Giant Angoras went to Dec Ann Lloyd.

Best California went to Jason Glass of San Angelo, Best Harlequin to Sabrina Samuels, Best Himalayan to James Kotrla of San Angelo, Best Holland Lop to Clayton Ratliff of Rankin, Best Jersey Wooley to Dena Lloyd and Best Mini Lop to Dec Ann Lloyd.

Best Mini Rex went to Dec Ann Lloyd, Best Netherland Dwarf to Stacey Kotrla of San Angelo, best Rex to Tara Hunley and Best Satin to Johnny Brassfield.

All Best of Breeds were recalled to the table. Clayton Ratliff won Best in Show with a Junior New Zealand White Doe. He was awarded a 14 inch silverplate tray.

There were many first places in each variety and class. Twenty-five leg certificates were awarded to the winners of classes with at least five rabbits and three exhibitors along with winners of Best of Breed.

Patricia Tudor of Glen Rose was the official show registrar with 28 rabbits being registered. A rabbit must be at least six months old and conform to the ARBA book of standards. A licensed registrar must weigh and inspect the rabbit for conformity to the standard. If the rabbit conforms to the standard it is tattooed with the registration paper's number in the right ear and its pedigree recorded and sent to the ARBA.

Exhibitors were from Eldorado, Ozona, San Angelo, Big Lake and Rankin. The show ran smoothly and was the first ARBA sanctioned show for many of the exhibitors. The Eldorado Rabbit Club would like to thank all the sponsors and members that put the show together as well as the exhibitors. The Eldorado Rabbit Club will have a meeting Sunday, October 15 at the Memorial Building. All members are urged to attend. Anyone interested in the Rabbit Club is also encouraged to attend this meeting.

Teacher of the Week this week is Su Scott, who teaches Typing I, Accounting and Business at Eldorado High School. She is married to George Scott and they have one son, Randy, who lives in San Angelo, and one daughter, Kimberly, who is attending the University of Texas in Austin. Mrs. Scott received her BBA degree from Angelo State University in December of 1976. She started teaching at Eldorado High School in February of 1977. She is a member of TSTA, Texas Business Education Association, National Business Education and Kappa Delta Pi. She is a sponsor of the National Honor Society, UIL Typing and Accounting and UIL coordinator for high school. In her years of sponsoring UIL events, she has had 16 students qualify for Regional and five students qualify for State. One of these students was the State champion in Typing for Class 2-A. Su's hobbies and special interests include reading, tennis, travel and fishing.
