Brother, Sister Take Honors At Stock Show

The Schleicher County Livestock Show was held this past weekend in Eldorado. Ericka Schooley had four winning lambs while brother Gabe had three winning lambs.

This brother-sister team swapped the champion and reserve champion honors in the finewool and crossbred divisions.

Livestock Show results are as follows:

FINEWOL LAMBS

Light Weight - Haley Edmiston, first; Josh Blair, second; Amy Hilliard, third; Lindsey Griffin, fourth; and Eric McGinnes, fifth.

Medium Weight - Lindsey Johnson, first; Madolyn Joy, second and fourth; Carmen Joy, third; Ben Edmiston, fifth.

Heavy Weight - Gabe Schooley, first; Ericka Schooley, second; Heather Menzies, third; Stoney Harriman, fourth; and Christy Robinson, fifth.

Champion Finewool Lamb, Gabe Schooley and **Reserve Champion Finewool Lamb**, Ericka Schooley.

CROSSBRED LAMBS

Light Weight - Lindsey Johnson, first and second; Kari Bilbrey, third; Vicki Hooten, fourth; and Lindsey Griffin, fifth.

Medium Weight - Ericka Schooley, first; Gabe Schooley, second; Carmen Joy, third; Vicki Hooten, fourth; and Jodie Hooten, fifth.

Champion Crossbred Lamb, Ericka Schooley, and **Reserve Champion Crossbred Lamb**, Gabe Schooley.

MEDIUM WOOL LAMB

Light Weight - Josh Blair, first; Christy Robinson, second; Jason Jones, third; Lee Ann Lloyd, fourth; and Karla Wootton, fifth.

Champion Medium Wool Lamb, Josh Blair, and **Reserve Champion Lamb**, Christy Robinson.

MARKET FINE WOOL LAMBS

Light Weight - Lindsey Johnson, first and second; Carmen Joy, third; Madolyn Joy, fourth; and Shanna Edmiston, fifth.

Medium Weight - Ericka Schooley, first and fourth; Eric McGinnes, second; Cody McCravy, third; and Lindsey Beach, fifth.

Heavy Weight

Gabe Schooley, first; Whitney McGinnes, second; Lindsey Johnson, third; Ben Edmiston, fourth; and Jess Martin, fifth.

Medium Weight - Travis Whitten, first; Ericka Schooley, second; Madolyn Joy, third; Casey Willis, fourth; and Cody McCravy, fifth.

Heavy Weight - Landon Neal, first; Kimberly Beach, second; Toni Whitten, third; Christy Robinson, fourth; and Clay Whitten, fifth.

Champion Market Crossbred Lamb, Travis Whitten, and **Reserve Champion Market Crossbred Lamb**, Ericka Schooley.

Local Doctor Responds To Hospital Articles

By Wayne G. Williams, M.D.

There have been several statements in the Success that are erroneous and unfactual. These are:

1. It costs more to run an emergency room than a hospital. This statement defies all common sense and in actual numbers an ER in a rural setting costs \$400,000 to \$500,000 less to run.

2. The December 21, 1989 Success ran an article titled "Hospital or 24 Hour Clinic?" Mr. Goode's conclusion was that taxes would increase by \$137,331. Using his own numbers and correct accounting procedures, Mr. Goode should have concluded that there would be a net savings

of \$258,407. And if he would include approximately \$200,000 revenue from the 24 hour ER-clinic, the tax reduction would be \$458,407.

3. Several articles (November 16, 1989 and December 7, 1989) explain new heart treatments available at Schleicher County Medical Center. No credit was given to Shannon for funding installation, training and equipment. To accept generous gifts of time and money and take credit instead of giving credit is uncalled for.

4. January 4, 1990, Mr. Goode refers to a letter he received from Shannon vice president, Lawrence Leonard. He took

statements out of context. I asked Mr. Leonard for a copy of the letter and he told me I could include it in this article.

According to Mr. Leonard's letter, "a clinic that is operated on a five day per week basis with limited after hours coverage would need to be subsidized about \$75,000 per year. A clinic that is operated seven days per week with after hours coverage will require a subsidy between \$200,000 and \$300,000 per year. Additional expenses that would be required to be covered would be the subsidy for the nursing home and we are finding that in rural settings that subsidy runs between 4,000 to 5,000 per month. There are many factors that influence the amount of subsidy that would be required for any clinic that is operated in a rural setting and that information would need to be obtained before an exact proposal could be made.

"These are approximated expenses that are being experienced by other rural communities that have opted for clinics rather than acute care hospitals and any exact proposal for Eldorado could only be determined after doing an in-depth evaluation of your situation.

"Our proposal will only be made after we are asked to do so by a community. The proposal will include a guaranteed maximum subsidy but the county will only be required to subsidize the actual losses up to the guaranteed maximum. Any losses over the guaranteed maximum would be the responsibility of Shannon and any losses under the guaranteed maximum would benefit the county."

Please, the community wants good medical services and truthful data.

Taste of Eldorado Set January 25

The Schleicher County Chamber of Commerce will be sponsoring the "Taste of Eldorado" on Thursday, January 25, at 7 p.m. at the Memorial Building.

The theme for this year's event will be "Tickled Pink to be in Business in Eldorado".

Local restaurants and cooks who will be participating are: Eagle Dairy Mart, Ranch House, Main Street Cafe, Kim-et Nelson, Casa Arispe, Steve Nelson, Kermit Mahanay and Felipe Pina with SK Catering, Dixie Doodle,

Ranch House Unlimited with Marty Edmiston, and Bill Dakan with Zentner's.

There will be a variety of foods and desserts as each business prepares their specialty. Decorations will be by Cathy's of Eldorado.

Tickets are \$10 for adults and \$5 for children and are available at the chamber office located in the Schleicher County Museum. They will also be on sale at the door.

SC Nursing Home Full

It was reported to the Success Monday morning that Schleicher County Nursing Home is full to capacity. "As of last week, our nursing home has all beds full and we have two people in the hospital boarding program waiting to enter the nursing home," stated Steve Goode, Hospital Administrator.

"Our nursing home became

full last week. Over the weekend we had to put two people in the boarding program in the hospital because the nursing home was full," continued Goode.

According to Goode, the nursing home has a waiting list at the present time and anyone wanting to enter the nursing home will have to get on the waiting list.

SuperS Announces "APPLES For The Students"

Super S Foods Stores, which currently operate 44 supermarkets throughout Central and South Texas, announced a major new program designed to contribute an estimated \$300,000 in free computers and equipment to local schools.

Jim Stanley, Chairman of the Board of Super S Foods Stores, said schools would be able to exchange Super S register tapes for a large variety of APPLE computer equipment.

"Our program's operation is simple," Stanley announced, "schools merely have to save Super S gold register tapes dated from the commencement of the program on Wednesday, January 17, until its completion four months later. The tapes value can be accumulated toward a goal of 'purchasing' a set piece of computer equipment."

For example, Stanley said, \$70,000 worth of Super S tapes

could buy an APPLE IIC monochrome system while \$125,000 in tapes could buy a MacIntosh system. Tapes can also be exchanged for software, printers, disk drives and other APPLE equipment.

"There is no cost to the school whatsoever," Stanley emphasized. "Once the tapes are turned in to us, we redeem them in four to six weeks and present the equipment to the school. We even arrange for a local distributor to install it and give those operating it an orientation. Of course, this is all brand new equipment which is fully covered by the manufacturer's regular warranty."

Mark Dieterle has been named "Apples for the Students" Coordinator and will maintain his office at Super S headquarters in San Antonio. He will be responsible for total coordination of the four month program.

"APPLES for the Students" was designed to address the growing need for more computer equipment in our primary and secondary schools," Stanley said. "It will help promote computer literacy among students who will be graduating into increasingly computerized workplaces and college environments."

"This exciting program," Stanley said, "is an excellent example of a business/educational partnership. Super S Foods Stores serve the community and we can think of no better way to reinvest our funds into our communities than by helping to further the education of our young people."

Stanley said APPLE computers were specifically chosen for the program because a recent analysis of area schools indicated that the majority of them utilized APPLE computer equipment for education purposes within their systems.

Noted Columnist To Speak At Fundraiser

By Rene Calcote

Ross McSwain, regional editor for the San Angelo Standard Times, will be the guest speaker at the Bodie Gilstrap fund raiser program, Sunday, January 21, at the Memorial Building at 3 p.m.

McSwain is representing the Tom Green County Historical Society with his review of Schleicher County's Christopher Columbus Doty, taken from his book "Out Yonder Revisited."

McSwain is past chairman of the Tom Green County Historical Society, served as the first president of the Tom Green

County Historical Preservation League Inc., a non-profit organization he helped organize in 1987 to publish a two-volume history of Tom Green County and to develop a Tom Green County Museum. He presently serves as treasurer of Tom Green County Historical Society.

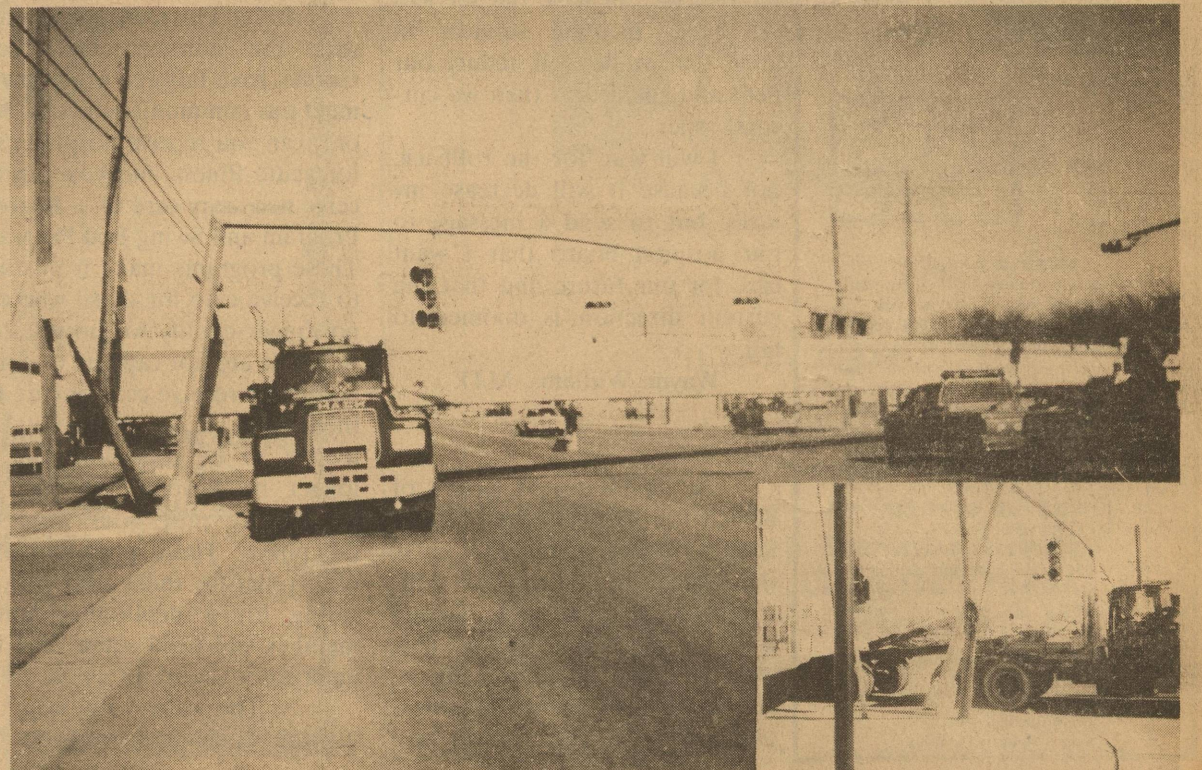

McSwain has won numerous writing awards, including the prestigious Headline of the Year Award in 1965 for reporting the Sanderson flood; Associated Press and Hart-Hanks Communications Inc. Awards for news reporting and column writing; winner of

the 1980 Mark Francis Award for Journalistic Excellence presented by Texas Veterinary Medical Association.

His book, "Out Yonder Revisited", was among the books nominated in 1989 for the annual T.F. Fehrenbach award presented annually by the Texas Historical Commission.

Come join us on January 21 to hear Ross McSwain give his review of the colorful C.C. Doty.

The program is hosted and refreshments will be served by the Schleicher County Historical Society.

This truck and its load tied up the main intersection of Eldorado Monday afternoon when the cement slab took down the traffic light and road sign.

The Editor's Journal

Life Among The Fishes

By Thomas Giovannitti

Monday was a Federal and bank holiday. For about 80 percent of Americans the necessity of such a holiday is not very evident. To me, it seems, this holiday ought to be remembered by us all. I am talking about the day we should (but many of us don't) honor Martin Luther King, Jr., the martyred civil rights

leader of the 60's.

In this time of letter bombs to federal judges and black civil rights attorneys, it might be good for all Americans to remember a man who espoused non-violence as the best way to achieve victory. Dr. King's idea of using non-violent protests and civil disobedience were not necessarily new ideas but he put them into prac-

tice and changed the face of this country not only here in the south but in the north also.

Of course, he is not the only slain leader. Other blacks and a few white people died because some Americans could not comprehend that, even if all people are not created equal, (and we are surely not all born into this land with equal opportunities) all people, black, white, brown, or whatever, want to be treated equally, but he stood out even among these dead.

Some recent writers have much to do about some of Martin Luther King's character flaws, as if that were some justification to dismiss him as just another trouble-maker. Martin Luther King was indeed a trouble-maker but he made the very trouble that needed to be made.

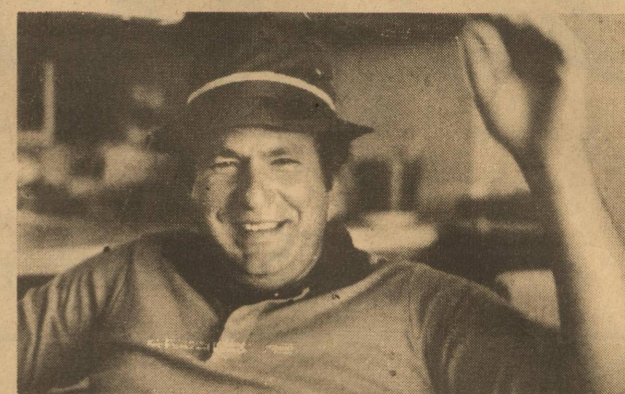

To this day I will never forget seeing the videos of black Southern Christian leadership

members being clubbed, whipped, bullied and dragged from all-white lunch counters, all the while not fighting back. Except for the most hardened racist, no one could ignore the rightness of their cause. His approach did two things, it pointed up the utter ridiculousness of such separation laws and the humiliation that had been the black people's constant reminder from such laws.

I was somewhat amazed when I heard that Dr. King would have only been 61 this year. He was a young man when he used his charms to bring to the attention of our most inattentive majority the mistreatment of his race and by that mistreatment the lessening of our whole country. He made us a better nation and people in spite of ourselves. We could and should do a little better job of honoring his memory.

Laugh and Live

by Gary Smith

If a circus is half as good as it smells, it's a great show.

Fred Allen

Heard about a little boy who went to Sunday School. When he came home, his Dad asked, "What did you learn in Sunday School this morning?"

The little boy said, "We learned about how Moses went behind enemy lines to rescue the Jews from the Egyptians. Moses ordered the Army Corps of Engineers to build a pontoon bridge. After the people had crossed, he sent bombers back to blow up the bridge and the Egyptian tanks that were following them."

His father asked, "Did your teacher really tell it like that?"

To which the boy replied, "No, but if I told you what she said you would never believe it."

Last week I wrote about having the "bug". I told you about the "good bug" and the "bad bug." I said that I didn't know if I had the "good bug" or the "bad bug". It turns out that I had the bad bug. I would tell you how bad it was, but those of you who have not had it would not believe it and those of you who have had it do not need to be reminded of it, so next week when you look in this column, you can expect to be reading about something else.*

* Yes, I know that is a run-on sentence, but that's how this virus affected some of us.

'Til the next time...MAY GOD BLESS.

Editor's Clips

By Mary Jenkins

The circus came to town Monday -- or so you would have thought. A truck pulling a large cement slab (you know those big cement parts of an overpass on our highways?) through town and tried to make a left-hand turn at the main intersection of town -- the only one with a three-way stop light.

Well, the truck turned okay, but the big cement slab decided to keep traveling, right into the street light and the road sign. No one was hurt -- except maybe the truck driver's ego.

People were lined up along each highway to watch -- watch the law enforcement direct traffic, watch the men trying to lift the cement slab, just to watch what was going on.

Deputy Sheriff Al Estep did a fine job of directing traffic, although not everyone paid attention to him. Some motorists went

right through his road block. Some got a little hot under the collar that they couldn't go through. But he did a fine job. I never saw so much traffic go by our office, since our office is on a side road.

The intersection was tied up for more than two hours. But they finally got the truck on its way, along with the other 10 or so trucks that were right behind it pulling the same load.

People are curious creatures. It is just our nature. I took several trips to the corner to take a look at what was going on. I know of one secretary (I won't mention any names K.N.) that gave play-by-play reports to other office members. All I had to do was just call her for the latest report.

Our town was brought to life for a little while Monday afternoon. Isn't it strange what will draw people out?

An Apple A Day

By Lee R. (Smokey) Taylor, R.Ph.

Exercise and live longer: The theory that exercise helps you to live longer has been documented in a study conducted by the Institute of Aerobics Research in Dallas.

They followed 10,224 men and 3,120 women over eight years. Those who did not exercise had a tremendously higher mor-

tality rate compared with those who did exercise.

There was a consistent but less dramatic decrease in mortality among those who exercised as the amount of exercise increased.

It appears that exercise primarily reduces the incidence of cardiovascular disease and cancer.

--JAMA

Letters To The Editor

Dear Editor,

I share the concern of our community regarding our medical care. Everyone recognizes that "hospitals" have changed considerably in the last 10-20 years. They will change again in 10 years.

In the delivery of medical care there is not a "traditional" hospital left that is viable. In 1990, active changes are occurring that relate to hospital and nursing home operations. October 1, 1990, all nursing homes will be required to become "skilled-care" facilities. This will require increased staffing, along with additional equipment and education. Unless this is done, the nursing home will be closed.

January 1, 1990, Medicare will pay for "home health" care in the nursing home--thus, not requiring transfers to the hospital. Our traditional approach cannot continue to work.

The issue for many is the in-patient hospital. For our community to provide state of the art hospitalization services, we need CAT scans, MRIs, sonograms, radiation therapy, surgery, Ob, etc.

We cannot afford the majority of the state of the art technology and the result is that we take care of basic hydration care, infections and nursing home transfers. This means that we have very few in-hospital patient

days and spend a large portion of our tax base to keep our "hospital" certified and open.

It is a tremendous outpouring of tax dollars. To continue to offer these few, limited services, the Hospital Board has had to cut back on staff benefits (creating higher staff turn-over) in the nursing home, and has deleted the Home Health Care program. Our board is not looking toward developing the areas of medical care where we can excel.

We could develop superb physical therapy, maintain home nursing supervision, build a water therapy program, provide 24 hour emergency care, full clinic care, and continue to have a great nursing home by changing the direction of our thinking in response to some basic facts.

Hospital costs are expected to continue to increase by 15 to 20 percent a year. This is explained by the fact that the majority of the budget is spent on staff salaries. Due to shortages in technical and nursing staff, salary increases and benefit packages will continue to increase. With increases of 20 percent per year, for the next five years, I do not see what the Hospital Board is trying to accomplish.

I would like the Board and the Hospital to insure that we continue to have competent clinical care, 24 hour emergency care, and a good nursing home. I do not want to lose these services because the board has decided to stay committed to the few hospital services that it offers "at all costs". By a simple change in direction, we can have the services we need, increase services in areas that we do well, reduce our debt and spend less than we currently spend.

I will vote for the rollback, not because it will decrease my taxes, but to send a message to our hospital board that I want care for our future and that the current direction is doomed to fail.

Wayne Williams, M.D.

Dear Editor,

As an interested citizen of Schleicher County and former hospital board member, I know the value of having a well-equipped hospital and nursing home in Eldorado, and I know what an asset it has been to me and my family, and to countless others as well. The medical care

through the years has been efficient and compassionate.

We are fortunate to have two fine young doctors at the clinic who have been practicing here for over two years, as well as a competent staff and a dedicated hospital board.

I want to thank all those who have worked so hard over the years to provide us with such a good facility, and urge everyone to support our hospital.

Pat Sykes

Dear Editor:

In recent months I have had the opportunity to be associated with the Schleicher County Medical center in a very personal way. I would like to take this opportunity to share my thoughts with you at this time when we have such a crucial decision before us as responsible citizens of Eldorado and Schleicher County.

1. Dr. Peaslee and Dr. Johnson are outstanding physicians who combine their medical knowledge with compassionate care and give superb medical service to their patients. We should thank God that we have two outstanding young physicians who work together in harmony and want to be in our community.

2. The nursing staff supplies efficient, professional service coupled with love and tenderness, treating the patient like a member of their family. This is a priceless gift.

3. The dietitian makes every effort to meet the personal needs of each patient which is a real accomplishment.

4. The Hospital Board along with the administrator, Steve Goode, have tailored programs to meet our communities needs. Not only can you receive hospital care for acute illness, but you can receive necessary care on a Boarder Program and Swing Bed Program. These programs make it possible to receive care for those who can no longer qualify for hospitalization, but are not capable of going home and receive care or care for themselves. It is a most helpless feeling to be told you can no longer be hospitalized and yet you cannot raise your head off the pillow. These programs also offer relief for those who may be caring for a debilitated family member and need some time for emergency situations or vacation.

5. The ease with which a nursing home resident who be-

comes ill can be transferred to the hospital for more acute care is a blessing to both patient and family.

6. When a case arrives in the emergency room, night or day, there is always an RN on duty and a doctor who can arrive in minutes.

7. We have dedicated Hospital Board Members who give many hours of their time to take care of the health needs of our community. They have kept the facility operable during a time when many communities have lost this important asset. Our facility has passed all Medicare qualifications when many facilities have not. These folks whom we have elected have worked out a plan that they feel will make it possible for us to keep our medical facility.

In my view we should support these talented people, Board, administrator, doctors, nurses and staff who work for our well being. Please vote against the tax rollback. It is vitally important that we as enlightened citizens support a facility whose value to our community is counted in lives and quality of life.

Most sincerely,
Nancy Powell

Dear Editor:

The question of how to vote in Saturday's election on the rollback taxes for our hospital is one that concerns me and my neighbors. I would say that we need to vote against the proposition.

Some of us can remember what it was like before we had our present hospital. As we think back, there was a time when all the medical assistance was Sybill Kinser, an LVN, bless her heart she did a wonderful service to the community and she was awarded a plaque of appreciation from the Lions Club. So many people are not able or cannot afford to run to San Angelo for medical assistance.

I was a member of the commissioner's court when the people of this county decided "Hey! We need a better solution of caring for the sick and the needs of the people of Schleicher County as well as some neighboring towns."

So we petitioned our Representative to instate a bill in the legislature whereby we could vote for a hospital district, this carried by a large vote. At this time the

A Touch Of History

By Rene Calcote

"Summary of the Season"
Starting the season with two lettermen, the Eldorado Basketball team made a lot of progress during the season.
Using good passing and

sharp shooting offense, the Eagles averaged 25 points per game, playing top-rate teams of Big Lake and Sonora.
The Eagles played 14 games and attended two tournaments as well as District Tournament.

In the District Tournament the Eagles placed second after swamping Mason by a score of 49-19 and knocking off Junction 25-11. In the final game with Sonora the Eagles lost a close one, 32-25.

Pictured here is an early-day Eldorado Basketball team. Back row, left to right, Coach Al Vance (first year), Howard Parker, Walter Jones, Fred Speck, Gerald Harris, Floyce Turner and Charles Mund. Front row, left to right, Henry Speck, Jr., Jodie Whitten, Sonny Stanford, Frank Doty, Bill Humphrey, Billy Dan McAngus, C.R. Sproul and John Ochsner.

Tribute To Claudia Galbreath

By Juanita Taylor

Claudia Galbreath, 95, passed away Monday, December 18, 1989, in Schleicher County Nursing Home. This is a statistic from her obituary; however, those who knew her as "Aunt Claud" do not want her to be remembered as a statistic. We want her to be remembered as "love personified".

Aunt Claud's love was exemplified in her patience and long-suffering. For the last 20 years of her life, she was confined to a wheelchair. Her arthritic hands prevented her from doing the crocheting she had always enjoyed, and her poor eyesight would not permit her to read. Yet, she never complained. She felt as one who had always been "on the go", that the Lord was now teaching her patience. If so, she was an ideal pupil. Whenever anyone would ask how she was, she would quickly and sincerely reply, "I am wonderful!"

Being patient and long-suffering did not mean that Aunt Claud was a subdued, submissive lady. She had definite opinions

and expressed those opinions quite candidly, but sprinkled them with a bit of her delightful sense of humor.

Not only was Aunt Claud's love patient, her love was also kind. She always marveled at the kindness people showed her, never realizing that their kindness was initiated by her own. Those who thought that they would visit her to "cheer her up" were in for a surprise. She was always "up", and the visitors would be the ones who were uplifted. They would leave her home feeling beautiful (inside and out) and knowing that they were really special.

Her love was patient; her love was kind; and her love was unfailing. One of the main topics of her conversations was how much she loved her "folks". She realized that we did not always do what was "right", but assured all of us of her enduring love and constant prayers. That affirmation from one with so much heavenly influence! Who could ask for more?

The reason for her longevity was a mystery to Aunt Claud. She would remark that she didn't know why the Lord had kept her here so long, but she would say, "I'm glad I've lived long enough to know now what I didn't know before." Family members and friends might say that Aunt Claud's longevity allowed her to share for such a long time the many aspects of her great love for God, family and friends.

Claudia Galbreath died December 18, 1989, at 95 years of age. What a legacy of love she left to all who knew her!

LETTERS Continued from Page 2.

commissioners set up a board of directors of seven men to govern the new district. Thereafter they were elected by the people in staggered terms.

I am one to say that we have some very fine people to give of their time and sleepless nights in order to do the very best to manage this wonderful institution. We have had some very fine doctors.

I am sure there has been sometime when mistakes have been made, but you know hindsight is always better than foresight. In my opinion we have a very fine group of men on the present board of directors which consists of a doctor, banker, businessmen, etc. They are trying to take the necessary steps to reduce the indebtedness on the additional facilities and provide the best of care for our people.

So lets give them our support and vote against the roll-back. We have two very fine doctors who have decided to make Schleicher County their home.

On the personal side, just a short time ago I fell and broke an arm. I was at home by myself but managed to get to the hospital.

Dr. Johnson had it x-rayed and diagnosed and prescribed treatment, but sent me to Dr. Henderson in San Angelo for verification where the exact same treatment was executed.

Then most of you know my grandson had a hunting accident and shot off two of his fingers. We were fortunate that Herman Walker was available to rush him to the hospital where Dr. Peaslee and her staff cleaned the wound, gave shots for infection and pain, stopped the profuse bleeding and guarded against shock. I'm sure many of you have had similar experiences.

I say lets go forward and stand behind our hospital and vote to keep our doctors and their services intact. Even though I do not cherish paying taxes, I'm a firm believer in progress.

Gene McCalla

Dear Editor:
I am writing this letter in regards to the newly erected sign that is on the courthouse square. Right before Christmas there was the following message: Shop Locally: Your Merchants Depend on You.

I have been here in Eldorado now for over a year and a half. Last November, 1988, there was a function called "Taste of Eldorado" held in December. I was not asked to participate but since I had been here only one month, I could overlook the oversight of the people in charge.

In June, Mias Amigas was held and when I went to the people in charge of catering to submit a bid, again I was told that they didn't know I was in the business of barbecue catering, although I had advertised in this paper for one month.

Assuming now that most people were aware that I was in the business, I was a little surprised (but not really) that I wasn't asked to submit a bid for the Co-op barbecue. A firm out of San Angelo, and I know the Harlows personally, got the engagement. Here again. Shop Locally, Your Merchants Depend on It!

Next came the annual Game Dinner. Assuming that this was to be wild game I did not pursue any action on submitting a bid to do the catering. But then again a firm out of Sonora catered a barbecue brisket dinner. Now I ask you, when did brisket become "wild game"? Again, I asked the

person in charge why I was not asked to submit a bid. This person, whom I will name, Mike Calcote, told me that my barbecue was not any good.

That is not the exact words he used, but due to censorship, that will have to do. He did not say this in private, but in front of people at the Super S store. I said to him that I don't recall you ever eating my barbecue. He said he hadn't but a lot of people had told him. When asked who, he replied a lot, but would not mention any names.

By the way, for the people who don't know, I am located across the street from Super S.

Again I mention "Shop Locally".

I have been in the barbecue catering business for many years, and have done some custom cooking for a few of the Schleicher County residents with no complaints so far. And that includes Burro Griffin.

Therefore, considering all of this, I doubt if I will be able to remain in business here for very much longer.

I do wish to thank each and everyone of you who have traded with me over the past year and a half.

In closing, remember these last words -- Shop Locally: Your Merchants Depend On You!

Sincerely,
Roy L. Love

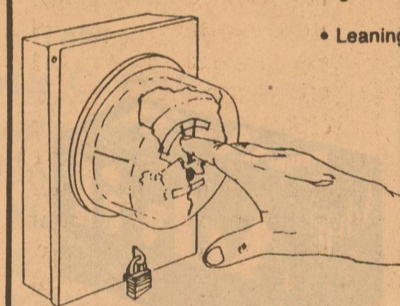

Owner of R.L.'s Barbecue Catering and Custom Cooking

PROTECT YOURSELF . . .

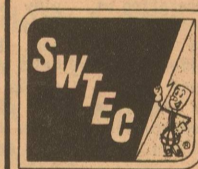

by reporting potential electric utility hazards. Occasionally, hazardous situations arise that the electric utility is not aware of. You may see one of these hazards on your way to work or to the grocery store, or even in your own backyard. If you spot one, please report it immediately to your electric utility.

Possible hazards you might see include:

- Damaged utility poles or crossarms (examples include woodpecker damage or damage from being hit by a vehicle)
- Power lines too close to other objects (such as TV or CB antennas, flag poles or buildings)
- Broken glass on meters
- Leaning utility poles
- Service drops running through trees
- Broken or damaged guy wires
- Broken or low-hanging power lines
- Broken insulators on utility poles

For your own safety and the safety of others you should report any hazard you see. If a serious emergency exists, call for service immediately. Then, remain at the site and protect everyone from the hazard until the repair crew arrives. Remember, be alert and don't get hurt!

PTA Makes Positive Steps

The Eldorado PTA met January 11. Fund raising events and project events for the future were discussed.

The organization decided on things it would like to work towards, among them being the purchase of items for classrooms that cannot be budgeted through the school.

The PTA is planning a Super Bowl Sunday Bake Sale on January 26 beginning at 8 a.m. at the Eagle Dairy Mart. Everyone purchasing a baked good will be eligible for a free surprise to be given away at the end of the sale. "Please support this project as we need operating funds to reach future goals we are setting," stated member Connie Andrews.

Lynn Williams and Terry Green, program chairmen, have been able to obtain some 10 minute film strips that they have been presenting. They are on subjects such as working mothers, parent-teacher relationships and discipline. They have more films to present at future meetings. "If you have not been able to attend the meetings, please plan to do so as these films have some great ideas that we all can use," continued Mrs. Andrews.

The PTA is in the process of trying to compile a booklet called "Recipes for Success (Traditions and Tricks for Success)." "We really need everyone's ideas

to make this booklet a success. Topics range from Discipline to Quiet Time Activities," commented Mrs. Andrews.

For a copy of the topics or to give ideas of what works in your family, contact Lynn Williams or Terry Green. Upon completion of the booklet, it should

be a great help source booklet that everyone can use.

PTA meetings are the second Thursday of each month at 7:30 p.m. in the Elementary School Library. "Be positive towards this newly formed organization," concluded Mrs. Andrews, PTA secretary.

School Menu

Monday January 22
Breakfast -- Applesauce, Blueberry Muffins (2).

Lunch -- Chalupas, Spanish Rice, Lettuce and Tomato Salad, Mixed Fruit, Orange Cake with Icing.

Tuesday January 23
Breakfast -- Prunes, Buttered Rice, Toast.

Lunch -- Fish Nuggets, Macaroni and Cheese, Blackeyed Peas, Applesauce, Chocolate Cake with Chocolate Icing.

Wednesday January 24
Breakfast -- Apple Juice, Cinnamon Rolls, Cheese Strips.

Lunch -- Spaghetti and Meat-

sauce, Whole Kernel Corn, Peach Halves, Sugar Cookies.

Thursday January 25
Breakfast -- Orange Juice, Hot Biscuits, Bacon, Jelly.

Friday January 26
Breakfast -- Pear Halves, Choice of Cereal.

Lunch -- Hot Dogs with Chili, Corn Chips, Pork and Beans, Orange Halves, Rice Krispies Cookies.

Gifted-Talented Program Being Initiated At EHS

Beginning with the 1990-91 school year, high school students will have the opportunity to participate in a "Gifted and Talented" program. Parents may nominate their own child for the program.

The Gifted/Talented program will be a part of the language arts classes. Nomination forms are available in the principal's office between the hours of 7:45 a.m. and 3:45 p.m. Deadline for returning the form to the school is Friday, February 2.

The identification procedure will be initiated on the basis of nominations by parents, a teacher or self-nomination.

If you have any questions about the language arts Gifted/Talented program, feel free to call Mr. Newman at school, 853-2549.

Please remember, even though your child was in the Gifted/Talented program during his or her junior high school years, he or she will need to be re-nominated.

by Coach Greg Cleveland
We opened district against McCamey on Tuesday, January 9. The final score was 63-51. The score is not indicative of how bad we beat them. I felt like we controlled the game from start to finish.

We had a couple of offensive lapses that allowed them to pull close. It was a game where I felt pretty comfortable on the bench and was really not concerned about winning or losing.

One of the bright spots of the game was the emergence of David Nolan, becoming an offensive threat by scoring 23 points. David usually forsakes the pass and gives the ball up, but the shots were there for him and he knocked them down.

Michael Kotsch finished with 18 points and the rest of the scoring was pretty spread out and balanced among the team. That put us 1-0 in district play and 14-5 for the season.

Our next ball game was Friday, January 13 against the Big Lake Owls. We won this game 67-62. It was an exciting ball game midway through the first half because we were blowing them out, but we had a couple of lapses.

The very physical play, almost too physical, allowed them to catch up in the end. They were led in shooting by their outstanding point guard Robby Subia, and we had a pretty balanced attack with the exception of Jeff Patton, who came through with 28 points. Jeff had a big first half, while Mike and David got into foul trouble and Robert couldn't find the range and the rest of the guys were dumping the ball inside. If we had maintained that the whole ball game, we would have blown them out.

Our free-throw shooting was 28 out of 41, which allowed us to put the game away. We still missed too many free throws, but probably should have shot double the amount of times. The referees let the game get out of control.

The main worry that I have is getting into another game like this, where a team is trying to make us run. I do mind running a little bit, but I don't want to run out of control. We showed good composure by not letting their intimidation tactics hurt us, but it did take us out of our

continuity of our offense.

The only thing separating us from being a great team right now is for all our team to pull together and execute offensively. I feel that our defense is the best in the West Texas area from 1A to 5A, and if we keep playing like that, we'll always win every ball game.

Our biggest enemy is ourselves, and as soon as we learn to quit making the small mistakes we'll be unstoppable.

We are 2-0 in district right now and 15-5 for the season. We play Ozona on Friday night for the first road game in district play. We need EVERYBODY to make sure they're there. Ozona is a tough place to play and they have a good team. We'll have a tough time beating them.

by Coach Matt Chalmers
It was a struggle, but McCamey beat us. We beat Big Lake 33-32. The kids finally did what I wanted them to do. They shot the ball well in the third quarter. We were down at half-time by eight or nine points and we came back during the third quarter. Barry Toms hit five straight baskets, which put us ahead by one point. We fought them evenly after that and ended up winning.

All they have to do is shoot well sometime during the game, either as a team or an individual, like Barry did in the third quarter, and we can win the ball game. That's exactly what happened and how we won the ballgame. We played good defense on them and ran our offense well and did what we were supposed to do.

We have been working on our shooting to try to increase our shooting percentage. Everything we do, we do decently well. We're not super, but we do well enough to win, if we could just shoot well enough to win.

We have played every district J.V. team except Forsan, and as far as talent wise, all of us match very well against each other. There is no one team that is tremendously better than the rest of them. It comes down to who shoots the best and who plays the best that particular night.

We have a tournament this weekend. It is a girls and boys J.V. Tournament on Saturday, January 21. We will play relative-

ly early that morning, and will play sometime again that afternoon. It is a four-team tournament. Eldorado, Sonora, Ozona and Wall will be participating. Come on up and watch the games. The J.V. Boys will not be playing Ozona Friday night. That game has been canceled.

by Coach Bobby Helmers
On Tuesday, January 9, we started district play against McCamey. They were probably the favorite to win the girls district, and we beat them 40-36. Everybody played really well.

There were lots of people who played in the ball game. Katie Hardy led the scoring with 20 points. Claudia Martinez had 9, Dena Lloyd had 5 and Kris Aguerro, Amy Henderson and Ginger Sterling each had 2. Though we played a good aggressive ball game the whole way, if we could do anything different, I think we would try to improve our free throw shooting. Other than that, we had a real good ball game.

Our next game was Friday, January 12, against Big Lake. This was an exceptional night. We scored 22 points in the first quarter and 23 points in the second quarter. We had our starters out about three minutes before the half and they played very little the second half. The final score was 69-45.

Dena Lloyd led the scoring with 21 points, which all came in the first half, followed by Claudia Martinez with 15, Katie Hardy with 11, Kris Aguerro with 8, Adrianna Martinez with 6 (she was 4-for-4 from the free throw line). Tommie Gonzales, Ginger Sterling, Stacy Jones and Crissi McCormick each had 2 points. With this victory, we are 2-0 in district and tied for the lead at this time.

by Coach Frankie Hardy
We beat McCamey 36-27 on Tuesday, January 9, for our first district game. Stephanie Ledbetter and Whitney Fuessel each had 7 points, Armalinda Rodriguez and Lindy Hardy had 6 points each. Everybody contributed to the game and almost everybody scored. Whitney Fuessel had six rebounds and Lisa and Lindy each had four. We then played Big Lake on

Friday, January 12. Lisa Romero led the scoring with 7 points, and the rest of the scoring was pretty much evenly distributed between the rest of the players. We won 24-20.

We haven't played very well in the last two games, but we have managed to come out with wins. I'm just hoping that we can improve our scoring. We have practiced things that we need to work on. We know what they are and I'm hoping that we can win our tournament this weekend and then continue not losing a district game.

We are hosting a four-team J.V. Tournament this weekend, and hope to see everyone there. We play Ozona Friday, January 20, and we also play them first in the tournament on Saturday morning. I have no idea what they have, so it will be a challenge. If we win, we will play the winner of Wall and Sonora, and if we lose, we will play the loser of Wall and Sonora. We sure would like to win our own tournament!

by Coach Sonny Dunlap
On December 11, the Eldorado seventh grade girls played Sonora and won 25-16. Then on December 15, we played Sonora again and won 27-18. We then played Iraan on December 18 and won 33-4. Our overall record, with the "B" team, is 13-2.

by Coach Larry Mitchell
On Monday, January 16, the seventh grade boys played Sonora in Sonora. We had a very good game. All of the young men got to play a number of minutes and had a good time. The score was 31-1 at half-time, our favor, so this gives you an idea of how well they played. The final score was 37-17. Nix had 4 points, McGinnes had 6 points, Bounds had 9, McCravery had 5, Whitten had 2, Herrera had 2, Fuentes had 2 and Jones had 2 points.

We play Big Lake this coming Monday, January 23. This will be our LAST home ball game. We invite everyone to come out and watch this boys team. They have a real good record and they're exciting to watch.

by Coach Rick Singleton
We played Wall first in the Veribest Tournament on Friday, January 13, and won 33-27. We then

played Christoval and won 38-23. We then played Veribest in the championship and beat them 48-38. Hunter Preston and Farley Dakan got all-tournament team.

We then played Sonora on Monday, January 16, and won 40-22. They are starting to play with a lot more consistency and are doing a lot better job.

by Coach Monte Althaus
On Thursday, January 11, the Freshman Girls Basketball team beat wall 29-20. The leading scorers were Hope Martinez with nine points and Stephanie Nolan and Jana Sterling with four. In this game the win was a total team effort and probably our best game of the year.

We then played in the Big Lake Ninth Grade Tournament on January 13. In our first game, lost to Ozona 34-28. The leading scorers were Lee Ann Lamb with ten points and Stacey Reeves and Alyssa Halbert each with six. The loss to Ozona came because of a poor performance from the free-throw line. We were 0-12 from the line. We also had three girls foul out in the fourth quarter.

We came back to play for consolation against Grain and won 44-22. The leading scorers were Stacey Reeves and Lee Ann Lamb with ten and Hope Martinez with eight. Our posts dominated the game, making it very easy to win.

by Coach Teresa Baker
This past Friday night, January 12, we played in the Veribest Tournament. We played Wall's "A" team in the first game and lost by one point, 36-37. Saturday we came back and beat Christoval 22-11. We then played Wall's "B" team for consolation and won 19-12.

Farah Fernern was named All-tournament team.

Monday, January 15, we lost to Sonora 20-4. We played this game with several of our players out. We were missing Farah Fernern, Stacy Horton, Christy Robinson and Justina Saunders.

Next Monday we travel to Big Lake for a tough game. We need to execute and hustle to win. These girls need all the support they can get.

We the following taxpayers and voters of Schleicher County hereby wish to express our support of the Schleicher County Hospital District. At this time, we would like to see a continuation of the current services available at our medical center. We believe that the hospital serves a vital need to our community and we would like to encourage all citizens to utilize all services available. We believe that the advantages of keeping our hospital open far exceed the disadvantages. It is our intent to support the tax increase adopted by the Schleicher County Hospital District Board and to vote against a tax rollback.

Please, Vote AGAINST A Tax Rollback!

Paid for by supporters of the hospital district.

Sample Ballot

SCHLEICHER COUNTY HOSPITAL DISTRICT
 ROLLBACK ELECTION
 Elecciones para Regressar
 January 20, 1990

OFFICIAL BALLOT

Boleta Oficial

Place an "X" in the square indicating the way you wish to vote.

Ponga una "X" en el cuadro indicando como desea votar.

FOR Para AGAINST Contra

Reducing the Tax rate in Schleicher County Hospital District for the current year (1989) from \$0.4650/\$100 to \$0.4130/\$100.

Reduciendo el redito de los tasaciones de el Distrito de el Hospital de Schleicher County para el año corriente (1989) de \$0.4650/\$100 a \$0.4130/\$100.

The ballot asks you if you want to Rollback the hospital district's tax rate. Therefore, if you want to support the hospital district by keeping the tax rate which has been adopted, vote AGAINST on the rollback election.

Mr. and Mrs. Jamie Knox of Ozona announce the engagement and approaching marriage of their daughter, Peggy, to Benny Logan, son of Wilma Logan of Eldorado. Peggy attends Angelo State University and works at Scherz Landscape Company in San Angelo. Benny is a graduate of Eldorado High School and is self-employed with Logan Construction Company. They plan a June wedding.

Sorority Has Busy Meeting

By Glenda Harris

Beta Sigma Phi met Monday, January 8, with 16 members in attendance. Following roll call, Kathy Cheatham read the minutes from the December 11 meeting. Due to the absence of Brenda Norris, the treasurer's report was given by Glenda Harris.

The first topic of business was the New Year's Eve dance. Although attendance was down this year, we agreed to continue

with the dance as we have in the past. Even though the dance was first established as a money-making project and we've never made money, we now consider this as a service project. We like to think that we are providing a place to go and celebrate the New Year's Eve without having to be out on the highway. We'll continue with the dance as long as we are able and there are people to come and enjoy themselves.

Our next item of business was our nominations for man and women of the year to be announced by the chamber of commerce later this month. Beta Sigma Phi's nominees are Flora Hubble and Bill Gentry.

Kim Clark then introduced Jo Ward, who presented a program on Colorization and Make-up by Amway. Assisted by Kim-et Nelson, Mrs. Ward used 'models' Mary Jenkins and Glenda Harris to show how wardrobe colors can change skin tones.

Dorothy Dacy, vice president sitting in for Tonya Mahanay, then led the discussion concerning our social for January. After talking with nursing home activities director, Marlene Mitchell, we cancelled the party we had scheduled for the residents. Ms. Mitchell said with so many things going on during the Christmas season, we could benefit the residents more by buying some items they are in need of. We then elected to buy the new wheelchair the home needs and the balloons and king and queen crowns they need to celebrate Valentine's Day.

With no activities scheduled this month, it was decided to take time out for a movie and supper. We will be going to San Angelo on January 21 and members will be called with the details later.

February is just around the corner, so the next item of business was our Second Annual Valentine's Dance for grades kindergarten through sixth. The committee for the dance include Debbie Edmiston, Kim Mathis and Sheila Prater, with Donna

Newton serving as chairman. The dance will be held February 10.

Beta Sigma Phi's annual Valentine's salad supper will be held the first meeting in February. We will elect our very own Valentine Queen at this time.

Glenda Harris reported she had been contacted by a representative of St. Jude's Hospital in Memphis, Tennessee, concerning the yearly Bike-a-Thon. It was agreed that sorority will sponsor the event and Sheila Prater volunteered to be the coordinator.

Due to the holidays, sorority has not had an official meeting, but at this time would like to announce the winner of the VCR we gave away on December 18 at the Christmas party. The winner was Ed Meador. We want to thank everyone who bought tickets and a big thank you to Nancy Lester for doing the official drawing.

It is projects such as this that helps sorority do its service projects. One such project was the three Christmas baskets that we were able to give this year. Kim-et Nelson reported the families were very thankful for them.

Following the adjournment of the business meeting, refreshments were served by Mary Leigh Dunagan and Jan Bailey. The Sunshine Gift was won by Kathy Cheatham.

My candle burns at both ends;
 It will not last the night;
 But, ah, my foes, and oh, my friends --
 It gives a lovely light.
 --Edna St. Vincent Millay

Impact Of Hospital On Local Economy

By Steve Goode

A petition for a rollback election has been presented to the Schleicher County Hospital District. As administrator to the hospital district, I am a public servant and will serve you the way you want to be served; if that means closing your hospital after a rollback election, that is your choice. But here are some things that you should consider before going to the polls and making your decision.

1. The hospital district is one of the largest employers in town with an annual total payroll of about \$777,000. It would be a significant blow to the economy of Eldorado if even part of those jobs were ended. It is said that a dollar "turns over" seven times before leaving town.

2. Part of the hospital district's revenue comes from Medicare and Medicaid. This represents over \$500,000 that the hos-

pital district brings into the community from outside of the community.

3. When a company looks for a town to open a new plant or when a business man looks for a town to start a new business, they discriminate against towns that do not have hospitals. They know that the lack of a hospital will affect their ability to recruit personnel to move to that town. Thus the lack of a hospital causes a town to be unable to attract new business and grow. Also, when a business decides not to locate in Eldorado, we fail to gain new job opportunities for people already living here.

I think my opinion on whether the hospital should remain open is obvious. Again, as a public servant, I will do your bidding. I only ask that you take these things into consideration before you go to the polls and make your decision.

Game Association Announces Winners

The Eldorado Game Association has announced the winners of the annual deer contest.

The heavy doe contest was won by Walter Powell, III of Eldorado with a doe weighing 95 pounds. Powell received a .22 magnum rifle donated by Lantana Winery.

The longest spike contest was won by Joel Walker of San Antonio, with a total length of 22 3/4 inches. Walker received a rifle scope donated by the Eldorado-Divide Soil and Water Conservation District.

The spike buck drawing was won by Tommy Till of Marble Falls. Till received a .22 magnum rifle donated by Eldorado Rodeo Club.

The Eldorado Game Association wishes to again thank the Lantana Winery, Eldorado Rodeo Club and the Eldorado-Divide Soil and Water Conservation District for their support of these contests this year.

Etheredge-Sobczak Exchange Wedding Vows

Laura Elizabeth Etheredge and Dwight Anthony Sobczak, Jr. were married Saturday afternoon, January 6, in the First United Methodist Church of San Marcos with Dr. Jimmy Cobb officiating.

The bride is the daughter of Mr. and Mrs. Eddy Etheredge of Kyle. Parents of the groom are Mr. and Mrs. Dwight Sobczak of Arlington.

The bride was presented for marriage by her father. She wore a gown she designed herself, fashioned of satin overlaid with alencon lace and pearls. She carried a cascade of gardenias and stephanotis. The church was decorated

with Christmas greenery and gardenias on the pew bows.

Maid of honor was Tara Whitehead of Boston. Bridesmaids were Mandy Bagley of Martindale; Lori Clark of Fort Worth; Sarah Norville of Houston, cousin of the bride; Valerie Carnell of Irving; and Cyndi Yarbrough of Nashville.

Best men were Bobby Clark of Fort Worth and David Sobczak of Arlington, brother of the groom. Groomsmen were Duane and Dan Sobczak of Arlington, brothers of the groom; Jonathan Bordeaux and Jody Hatcher of Arlington; and Jeff Etheredge of

Kyle, brother of the bride.

Flower girls were Melissa and Stephanie Norcross and Megan Baker of Dayton; Megan and Mallory Hildebrandt of Kendaia; and Lynsey Lucas and Kylie Etheredge of Midland. All are daughters of the bride's cousins.

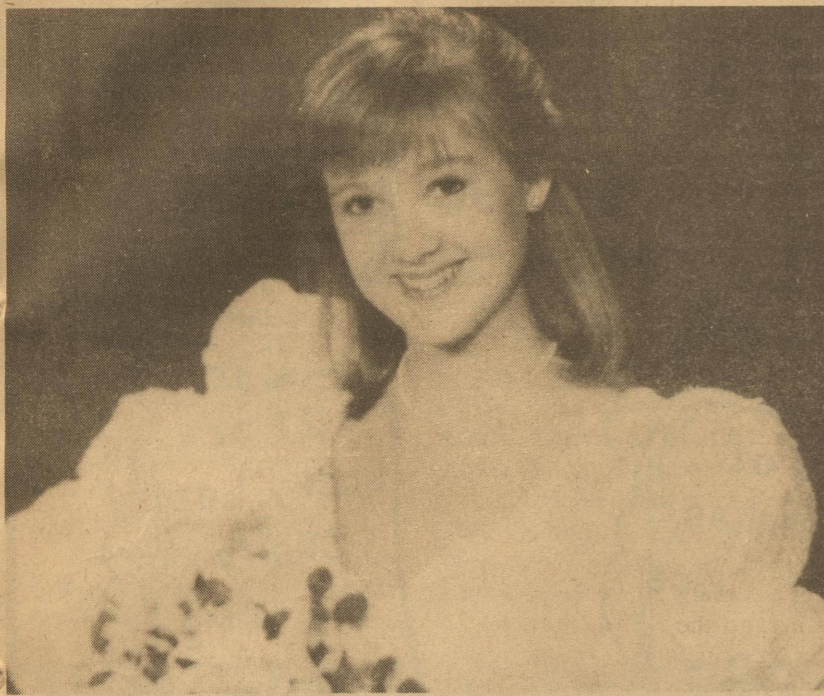

Immediately following the wedding, a reception was held at St. John's Catholic Church Activity Center. The reception had a Mexican theme, with entertainment provided by a mariachi band. Serapes and brightly colored flowers in terra cotta and moss-covered swans decorated the tables. Flowers were used to decorate the wedding cake.

Serving in the house party were three of the bride's aunts, Dorethea Norville of Pasadena, Barbara Hale of Huntsville and Jerry Etheredge of Midland. Also included in the house party were Judy Miller of Kyle and Kay Acosta of Dallas.

After a cruise to the Bahamas, the couple will reside in Fort Worth.

The bride is a graduate of Jack C. Hays High School and of Southern Methodist University. She is currently employed as associate director of public relations of the Neiman-Marcus store in Fort Worth.

The groom is a graduate of Lamar High School in Arlington. He attended the University of Texas at Arlington. He is employed by Magnaplate Service Corporation.

MRS. DWIGHT ANTHONY SOBCZAK, JR.

Tobias-Medrano Exchange Vows

The Catholic Church of Jimenez, Coah., Mexico was the setting for the November 24 wedding ceremony of Miss Martha Tobias and Isidro Medrano. Parents of the bride are Mr. and Mrs. Eduardo Tobias of Eldorado. The groom is the son of Mrs. Edmundo Herrera of Jimenez, Coah.

The wedding party consisted of Mr. and Mrs. Hipolito Vasquez of Cd. Acuna, Coah., Mexico; the bride's brother, Manuel Tobias of Eldorado; Minerva Carvajal, Lilia Carvajal, Vicki Carvajal and Nolberto Tobias, Jr. all of San Angelo; Mr. and Mrs. Arnulfo Ramirez, Mr. and Mrs. Juan Antonio Celedon, Dolores Varela, Elvira Mata, Mrs. Socorro Mata, Laura Garza, Beto Cantu, Gumaro Maltos and Serjio Mata all of Jimenez.

Maria Tobias of Eldorado served her sister as maid of honor. Bridesmaids were Alcida Tobias, Anna Tobias, Flor Bielma, Cecilia Bielma, Rebecca Tobias, Veronica Segura, Elsa Chacon all of Jimenez; Sandra Vasquez of San Carlos, Coah., Mexico; and Eneclia Arreola of Comanche.

Groomsmen were Alonzo Tobias, Jose Pablo Mata, Victoriano Tobias, Ignacio Esquivel, Juan Andres Escobar and Gustavo Martinez, all of Jimenez; Gregorio Castorena of Nanva, Coah., Mexico; Domingo Tobias of Hereford; and Ray Tobias of Brownwood.

Train bearers were Noreli and Lupe Tobias of Jimenez. Maribel Garcia of Del Rio was flower girl and the groom's sister, Rosi Herrera, was rice girl.

The wedding reception and dance were held at the ranch home of the bride's parents.

Woman's Club Elects New Officers

By Evelyn Stigler

The theme of the Woman's Club meeting held on January 9 was "Federation is a Sturdy Tree", in keeping with the overall theme "Tree of Life".

A review of the work of Federation -- national, state and local -- was given by Mrs. Jewel Bailey, who has been a club woman for many years. She reviewed the beginning of a Federated Club by a group of women in New York City with Ella Deitz Clymer as chairman. They decided they needed something to do that would be helpful to their community besides the ordinary housework.

The first general meeting was held on April 24, 1890, with 67 women present representing 17 states. The first Texas organizational meeting was held in Waco in 1897 and the first State Convention was held in Tyler.

Mrs. Bailey gave a number of things the Federated Clubs have done for our own state as well as states all over the United States. One important thing is the founding of libraries. The local Federated Club was instrumental in getting our own library started. There are still two women from the club who are on the library board. They have regular meetings with members from other organizations and keep other members informed as to the needs or what has been done.

Women also were instrumental in getting the yellow stripes on Texas Highways.

There is a General Federation with headquarters in Wash-

ington, D.C. Each state has their own Federation and each state is divided into Districts.

Mrs. Bailey has been in Club Work since September of 1929. She has held most offices including District President.

The following officers were elected for the next two years: president, Mrs. Otis Deal; first vice president, Mrs. Orval Edmiston; second vice president, Mrs. James Williams; secretary, Mrs. Orland Harris; treasurer, Mrs. Rudy spigarelli; Federation

Counselor, Mrs. Jerrol Sanders; historian, Mrs. Ruth Harper; and parliamentarian, Mrs. Imogene Edmiston.

Hostesses for the meeting were Ora Deal, Virginia Griffin and Evelyn Stigler.

*I was angry with my friend:
I told my wrath, my wrath did end.
I was angry with my foe:
I told it not, my wrath did grow.*
--William Blake

Public Notice

INVITATION FOR BIDS

The Housing Authority of the City of Eldorado, Texas (hereinafter called the Local Authority) will receive bids for a single construction contract for the modernization of 24 dwelling units and management building and construction of new community building and new storage building, site work demolition work, plumbing, mechanical and electrical work at Project TEX 279-1 and all work specified and/or shown on the drawings until: Thursday, February 15, 1990, 2:00 p.m. Housing Authority Office, 801 East Street, Eldorado, Texas, at which time and place all bids will be publicly opened and read aloud.

Proposed forms of contract documents, including plans and specifications are on file and available for inspection at the office of the Housing Authority of the City of Eldorado, Texas and the office of Cameron Alread, Architect Inc., 209 W. 8th Street, Fort Worth, Texas 76102 and at plan rooms in various cities of the State.

Copies of the documents may be obtained by depositing \$100.00 with the Architect for each set of documents so obtained. Such deposits will be refunded on return of the plans, specifications and other documents in good condition within ten days after bid opening.

A certified check or bank draft, payable to the Local Housing Authority, U.S. Government Bonds, or a satisfactory bid bond executed by the bidder and acceptable surety in an amount equal to five (5%) percent of the bid shall be submitted with each bid. Also two (2) original signed copies of HUD 2530 "Previous Participation Certificate" shall be included with bid documents.

The successful bidder will be required to furnish and pay for satisfactory performance and payment bond or bonds.

Attention is called to the provisions for Equal Employment Opportunity as set forth in these documents.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the specifications must be paid on this project.

The Local Authority reserves the right to reject any or

all bids and to waive any informalities in the bidding.

No bid shall be withdrawn for a period of ninety (90) days subsequent to the opening of bids without consent of the Local Authority.
