Varsity Squads Make It To Playoffs

Pictured above is the Eldorado Varsity Girls Basketball Team. Top (L-R): Coach Bobby Helmerts, Katie Hardy, Kris Agüero, Crissi McCormick and Carrie Sauer. Bottom (L-R): Dena Lloyd, Ginger Sterling, Carolina Gonzales, Claudia Martinez, Amy Henderson and Adrianna Martinez.

Varsity Girls

By Coach Bobby Helmerts

On Tuesday, February 6, the varsity girls played the first home in quite some time. They returned to their home court and got back into the swing of things by beating Ozona 50-36.

All of the girls played in the game and most contributed to the scoring. Katie Hardy led the scoring with 19 points and Claudia Martinez had 10. Other scorers include: Tanina Gonzales with 3 points, Adriana Martinez with 2 points, Ginger Sterling with 4 points, Kris Agüero with 5 points, Dena Lloyd with 2 points, Staci Jones with 1 point and Crissi McCormick with 4 points. The girls made 19 field goals, 1 three pointer and 11 free throws.

On Friday, February 9, we beat Stanton 59-47 in the last regularly scheduled district game of the season. The girls played well and used a variety of defenses in the win. Defense had made the difference in a number of games this year.

The girls scored 18 field goals, 4 three pointers and 11 free throws. Staci Jones scored 11 points, Tanina Gonzales scored 2 points, Amy Henderson, Stephanie Ledbetter and Carrie Sauer each scored 3 points, Kris Agüero scored 4 points, Ginger Sterling and Dena Lloyd each scored 7 points, Claudia Martinez scored 11 points and Katie Hardy led the scoring with 18 points.

The varsity girls ended district 6-AA play with an 8-3 record and were District Runner-Up. The girls lost to Forsan in the District Playoff game in Lakeview gym by a score of 40-53. Forsan shot the ball extremely well to take the district title.

The girls will now face the Iraan girls for the bi-district title. The game will probably be played on Friday night, but the exact time and place have not been determined.

The girls basketball teams and coaches would like to thank all of our supporters this year. It is much easier to perform and win when a team receives the

kind of support we have. Thanks a lot!

Varsity Boys

By Coach Greg Cleveland

On Tuesday, February 6, we played the Ozona Lions here. It was an absolutely great ball game. We outplayed them in every phase of the ball game except at the very end when we relaxed a little and let them score a few more points.

The defensive effort in the first half was probably the best I have seen since I have been coaching and probably the best I've seen in this area. We held them to nine first half points, and I don't believe that an Ozona team has ever been held to nine points. We outscored them again during the third quarter. We had a 20 point lead, 39-19, going into the fourth quarter. The kids relaxed a little bit and we just had a little bit of fun during the last quarter. The final score was 56-40. This victory was real sweet because it gave us a chance to clinch, at worst, a play-off for a play-off, and it avenged one of our earlier defeats.

We were led in the scoring by Jeff Patton who had 23 points and Michael Kotsch had 14. One of the keys of the victory was the play of Robert Martinez. He totally took George Ybarra, for Ozona, out of the ball game. Ybarra hurt us in the first game with 23 points, and Robert held him to nine and did an outstanding job.

On Friday, February 9, we put it all on the line against Stanton, which was at home again - if we won, then we clinched a play-off spot. We did win 60-44.

It wasn't much of an emotional ball game, but we played very well none-the-less. We passed the ball very well, we broke their press very easily, which gave us some problems at their gym, and once again, we avenged an earlier defeat. They had beaten us by one point in their gym in the first half of district play, which cost us the

Pilot Pesticide Project Voluntary

February 16 is the deadline for ag producers of Texas' 25th Senatorial District to return the Pre-Collection Form they have received to their County Extension Office if they plan to take part in a pilot project aimed at taking unusable ag pesticides to a collection site for disposal.

"The forms were mailed to producers earlier with a reminder to return them to the local Extension office by February 16," said Jerry Swift, Extension agent of Schleicher County. "This means if you return the form by mail, you must allow adequate time for it to get to our office by that date. If you bring the form to the Extension Office, return it before 5 p.m. on February 16," Swift said.

If ag producers did not receive a form, contact the Extension Office and request one. But

do this immediately since time is short.

The Extension agent emphasized that the program is strictly voluntary in nature. No fees will be charged to participants.

The pilot program is intended to allow pesticide applicators within the designated area to dispose of unwanted pesticides that may pose a hazard to them, their families and the nearby farm and ranch community, the Extension agent reminded.

Thirty-seven Texas counties will be involved in the pilot program authorized by the recent 71st Legislative Session whereby producers within State Senatorial District 25 may deliver unwanted and unusable agricultural pesticides to a collection site for disposal.

State Senator Bill Sims of

San Angelo, a businessman and rancher, sponsored and gained passage of the resolution that sanctioned the pilot program, which is to be conducted under the direction of the Texas Water Commission, the Texas Department of Agriculture and the Texas Agricultural Extension Service.

The agent said this pilot program has been designated as the "Texas Pesticide Amnesty Day Program". It is intended to en-

courage pesticide applicators who are storing small quantities of pesticide waste to take these materials to a collection center for disposal.

Temporary collection centers will be located near El Paso, Pecos, Saint Lawrence, Hondo and Del Rio, with exact sites to be announced later.

Agencies involved in this project hope to gain experience necessary to develop an effective disposal program for Texas.

February's Tax Payments Second Highest In State's History

State Comptroller Bob Bullock said Friday that his office sent checks totaling \$156 million in local sales tax rebates to cities and counties in Texas.

This month's total is the second highest monthly rebate in the state's history with last February's payments of \$157 million to cities and counties setting the state's record.

Total payments last February were \$1.2 million higher

than this month because a number of large audit payments were credited to the books last February, Bullock said.

This February's payments to cities totaled \$143 million.

Houston received \$24 million, the state's largest payment. Dallas received the state's second largest payment of \$15 million.

Payments to counties totaled \$13 million this month, compared to \$12 million last February.

Merchants collect the state, city and county sales taxes and send them to the Comptroller's office with their tax returns. The state keeps its six percent share and each month sends cities and counties their portion of the sales tax.

This month's checks reflect taxes collected on December sales and reported in January by businesses filing monthly tax returns. Also included in this month's payments are sales tax collections reported by quarterly and yearly filers.

Eldorado's payment for this period was \$7,919.82, as compared to \$8,517.48 for the same period a year ago, a decrease of 7.02 percent. Total payments to date for 1990 are \$15,112.79 as compared to \$13,220.94 last year, an increase of 14.31 percent.

Schleicher County received a payment of \$3,954.68 for this period. Total 1990 payments to date are \$7,483.28.

Lanik Named New Manager Of Local Store

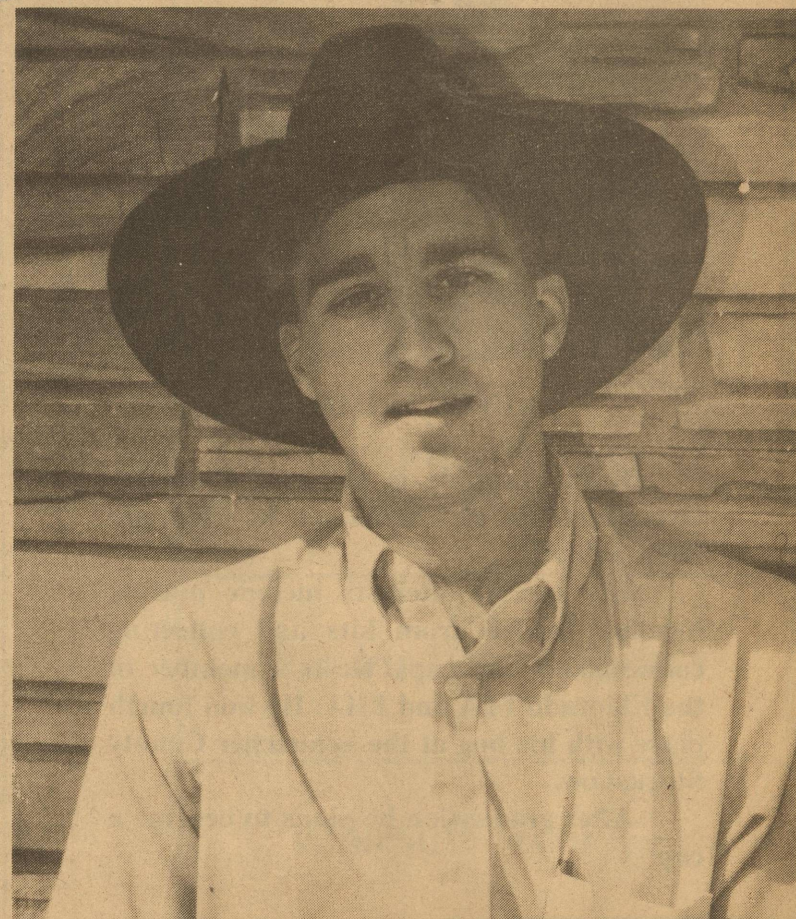

Foxworth-Galbraith Lumber Company in Eldorado is now under new management. Steve Lanik, formerly head of yard operations at Foxworth-Galbraith in Kerrville, has moved to Eldorado to manage the local store.

Lanik, who has worked with Foxworth-Galbraith five years, is a graduate of Madison High School in San Antonio. He then attended Southwest Texas College in San Marcos where his major was Wildlife Management and his minor was Criminal Justice.

After graduating from college, he worked in the taxi-dermy business in Kerrville. Shortly after this he began working for Foxworth-Galbraith.

Lanik stated that things would not change too much at the local store. "We do plan to be a little more competitive with San Angelo. And we do plan to put the yard on computer, hopefully before May when we have our mid-year inventory."

Lanik has one daughter, three year old Savannah.

Life Among The Fishes

By Thomas Giovannitti

There is one parental saying that I have saved for last. I saved it because I use it myself and it is probably the one I shouldn't use at all.

I've got this little confession to make before I go on so it will make a lot more sense why I say I, of all people, shouldn't use this saying. You see, when I was a kid, I was a "cry-baby". To be honest I still cry easily over most emotional situations, but ever since the advent of Alan Alda films, that has turned out to be a virtue rather than a vice. But, when you're a boy growing up where and when I did, crying for "no reason" was a crime worse than nearly any other.

Even my Dad would tell me, "Stop that crying for no reason, or I'll give you something to really cry about!" I knew what that meant all right. He was going to give me a spanking if I didn't stop crying. It was like crying had a time limit. Even if I started out crying for "a reason" such as running into a pole or

being hit with a bat, there was some point when I was supposed to stop; and if I didn't then I was subject to the unreasonable cry rule and could be subject to punishment that would, of course, make me cry even more. You figure it out!

Here comes the real bummer. I use this rule on my own kids. I mean, you would think that after my own childhood experiences with the crying question I would be more sensitive to their little feelings, but I am not. There is something about getting to adulthood, or maybe it's be-

cause now I can't cry over the stuff I really want to cry about, that I am so touchy about them crying for "no reason".

I should remember that I had reasons when I used to cry back then and they were pretty good reasons. I ought to assume that my own children also have valid reasons, especially since I can usually tell the fake tears pretty easily.

On the other hand, when I come home and mention to, say, Annamarie, that her bed needs to be made or that it is time to go to bed and she begins to cry, all

reason leaves my brain and all I can think of is that this little girl is crying for "no reason". In fact, they don't even have to cry, if they just sulk I am ready to give them "something to cry about".

What change took place in me or in my life that makes me pretty sure that whatever it is that has my kids on the verge of tears is of so little importance, or that they live such lives free of cares, that only physical pain is a legitimate reason for a child's tears.

You know, it makes me want to cry!

Lamar Smith Responds

Congressman Lamar Smith noted that there is "good news and bad news" in the designation of all 200 miles of the 21st District border as a "high intensity drug trafficking area."

"The good news is that the southwest border will become a priority in the drug war. The bad news is that the border earned this dubious distinction at all," stated Smith.

"Two of my goals for fighting the drug war in Texas are support for local community efforts and stopping drug trafficking along the Southwest border. Additional law enforcement per-

sonnel are desperately needed. This designation calls for those personnel to be sent where they're needed. My hope is that local law enforcement officials will be able to work much more efficiently with this support from the federal government."

"But let's not fool ourselves -- the job is difficult. If we have learned one thing throughout the history of anti-drug initiatives, it is that government cannot win this war alone. The combination of personal accountability, community action and government support will prove most effective."

"What is said in the living

rooms, the classrooms and the community rooms will make the real difference," concluded Smith.

Five counties in Smith's Congressional District are considered "high intensity". They are the border counties of Presidio, Brewster and Terrell along with Pecos and Crockett counties.

Smith's involvement in the 21st District's war on drugs includes working with local officials to bring an additional DEA agent to Midland, fighting to retain funding for local drug task forces and introducing a bill to grant arrest authority to border patrol agents.

Editor's Clips

By Mary Jenkins

Last week I wrote about the new video screens being put on shopping carts in supermarkets in the larger cities. I have had several people ask me if it is really true. Yes, it is. They have them in Los Angeles, Chicago and Atlanta. They say they will be the "standard" within ten years.

Yesterday was Valentine's Day, known as the lover's holiday. Nearly everyone has a sweetheart -- a friend, a wife or a husband. I found the following poem for sweethearts and I share it with you.

SWEETHEARTS ALWAYS
By Daniel O'Connell

If sweethearts were sweethearts always, Whether as maid or wife, No drop would be half as pleasant in the mingled draught of life.

But the sweetheart has smiles and blushes when the wife has frowns and sighs,

And the wife's have a wrathful glitter for the glow of the sweetheart's eyes.

If lovers were lovers always -- the same to sweetheart and wife, Who would change for a future of Eden the joys of this checkered life?

But husbands grow grave and silent, and care on the anxious brow

Of replaces the sunshine that perished with the words of the marriage vow.

Happy is he whose sweetheart is wife and sweetheart still -- Whose voice, as of old, can charm; whose kiss, as of old, can thrill;

Who has plucked the rose to find ever its beauty and fragrance increase, As the flush of passion is mellowed in love's unmeasured peace.

An Apple A Day

By Lee R. (Smokey) Taylor, R.Ph.

Follow the directions: It has been estimated that as many as 50 percent of prescribed medicines are not taken correctly, and approximately 25 percent of hospitalizations of older people are due to misuse of prescription drugs.

Poor communication between patient and professionals is the most common problem, lead-

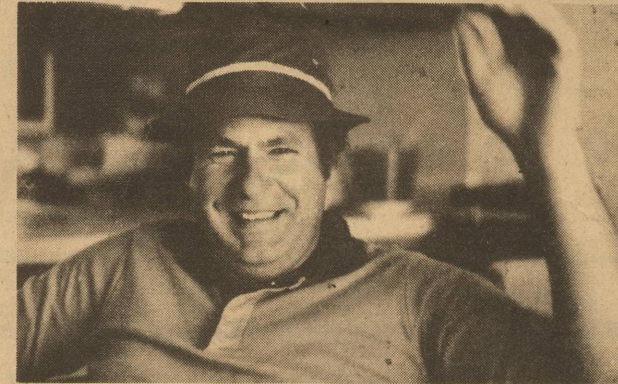

ing to taking of drugs at the wrong time, taking more than are prescribed, stopping them too soon, and never getting prescriptions filled.

Other problems include not understanding why the drug is being prescribed and the patient not telling the doctor about any other medications he or she is currently taking.

Laugh and Live

by Gary Smith

Don't worry that your job is small and your rewards are few. Remember that the mighty oak was once a nut like you.

Have just about decided that most of what we do in life is not nearly as important as *how* we do it.

Friend Lola Squyres has a bit of wisdom hanging on her wall. I asked her for a copy of it so that I might pass it on to you.

"Class is respect for others. It is a deep and genuine respect for every human being, regardless of his status in life."

"Class is having manners. It is always saying 'thank you' and 'please'. It is complimenting people for any and every task that was done well."

"Class is treating every other person as you want them to treat you in a similar situation."

"Class never makes excuses for one's own shortcomings, but it always helps the other person to bounce back from their mistakes."

"Class never brags or boasts about one's own accomplishments, and never tears down or diminishes the achievements of another person."

"Class does not depend on money, status, success, or ancestry. The wealthy aristocrat may not even know the meaning of the word, yet the poorest man in town may radiate class in everything he does."

"If you have class, everyone will know it, and you will have self-respect. If you are without class -- good luck, because no matter what you accomplish, it will never have meaning."

'Til the next time...MAY GOD BLESS.

Air Force Airman Barry C. Johnson has arrived for duty at Barksdale Air Force Base, Louisiana.

Johnson is an apprentice aircraft pneudraulic systems specialist with the 2nd Organizational Maintenance Squadron.

The airman is a 1988 graduate of Irion County High School in Mertzon. He is the son of Jim and Dee Johnson of Mertzon.

Human Services Releases Figures

The state spent a total of \$622,321 last year for major welfare programs in Schleicher County, according to Ray L. Dunavant, Regional Administrator for the Texas Department of Human Services.

"Medical assistance had the biggest impact, with \$317,832 spent for aged and disabled residents of the county and \$92,370 for families and children in the county," Dunavant said.

Food stamps worth \$186,622 were issued for the fiscal year which ended August 31, while Aid to Families with Dependent Children (AFDC) totaled \$25,497. Food stamps are funded entirely by the federal government, while the department determines eligibility of applicants and issues the food coupons.

The state and federal governments share in the cost of AFDC to families where needy children are deprived of support because of the absence or disability of one or both parents.

In addition to services and assistance to low-income residents

of the county, the department extended protective services to eight abused and neglected children and their parents or caretakers. These services, furnished without regard to family income, were designed to reduce or eliminate danger to children.

Senior Citizens Enjoy Valentine Party

Senior Citizens, 34 all total, gathered at the Memorial Building Sunday at noon to enjoy a covered dish dinner as a tribute to Valentine's Day.

The tables were decorated in red and white, with white cloths, red flowers, balloons and bows.

Entertainment was furnished by Debbie Clark with guitar. She sang several Valentine songs.

After the meal, which everyone helped to provide the food, everyone sang Happy Birthday to Viola Finnigan. She was presented with a large birthday cake which she cut and served.

Names were drawn for Valentine King and Queen. Jessie Sudduth was crowned Valentine Queen and Ray Wolf was crowned Valentine King. Runners-up for queen were Cleone Schrank

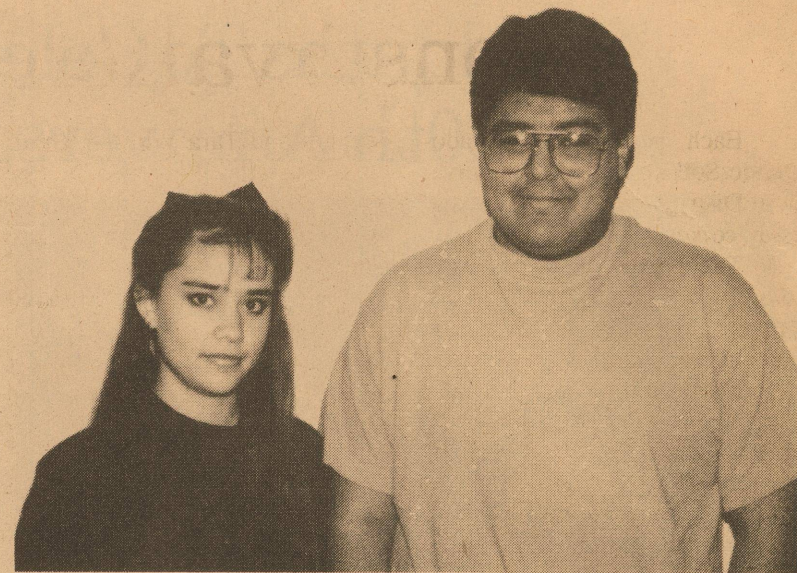

and Blanche West. Runner-up for king were Pat Joiner. Each one received a heart-shaped box of candy.

Josie Knight, director, thanked everyone for all their help in making the day such a success. She also gave some information on the Meals on Wheels program, which serves 32 meals daily, five days a week. The meals are delivered by community volunteers. The program is funded in part by the Department of Human Services and by City and County funding. Contributions are always welcome.

Ms. Knight also informed the group that starting in March, the local office will be open and volunteers will be there during the day.

A Senior Citizen Dental Program is available. Call 1-800-252-9377 for information. There is also an Eye Program available through Eye Institute in San Angelo. Information on it may be obtained from Concepts of Care.

John and Jo Callison invited all the Senior Citizens to visit Eagle Dairy Mart on Tuesday of each week, around 1 p.m., for a special treat.

Mr. and Miss EHS were crowned at the high school Valentine Dance held last Saturday night. Winning the honor this year are Carolina Gonzales and Danny Esquivel.

Duplicate Bridge Winners Told

The Duplicate Bridge Club has had a busy two months in December and January.

Knock-Abouts Present Concert

By Evelyn Stigler

Terry and Cindi Knock, known as the Knock-Abouts, presented a concert of Gospel music at the First United Methodist Church of Eldorado on Sunday, February 11. They sang a variety of music, some old and some new, in their own unique way.

Terry played accompaniment on the guitar while they sang. Most of the songs were duets with beautiful harmony, but they each sang a few solos.

An interesting feature was Terry's whistling which sounded almost like a flute.

Terry started singing with his brothers and sisters about nine years ago. They traveled

around the country much as they do now. Terry met Cindi at one of his concerts in South Dakota. They married about six years ago and Cindi joined the group.

Terry's brothers and sisters have slowly quit traveling, leaving Terry and Cindi, who enjoy sharing their music.

Terry and Cindi have two children, Jeremy, who is four years old, and Rachel, who is one. Jeremy ads his talents to

their musical ministry. He sang several songs during the concert, making him "a chip off the old block."

The Knocks spend about 300 days a year traveling. They tour throughout the U.S. and Canada. They spend the remainder of the year at their home in Watertown, South Dakota with Terry's family.

"Their music reflects their life, a sweet Christian life."

Free Tax Help Offered

Volunteer Income Tax Assistants will be in Eldorado soon to offer free tax help. They will be in the Club Room of the Memorial Building on February 15, March 8 and 29, and April 11, from 6 to 9 p.m. There is no charge for this service.

The purpose of this is to provide free tax help in the community. Volunteers help people with basic tax returns, particularly the elderly, handicapped, and non-English speaking tax payers.

Merry Makers Meet

The Merry Makers 42 Club met Thursday, February 8 at the Main Street Cafe with Jessie Sudduth as hostess. Games of 42 were played.

Those present were Virginia Griffin, Maudie Bassinger, Louise Logan, Opal Parks, Estella Baker, Lillian Mikeska, Ada Bell Taylor, Daisy Mikeska, Gladys Gunn, Geneva Wade and Florence Hinton.

The hostess served refreshments to those present.

Conservation Poster And Essay Winners Told

Each year the Eldorado-Divide Soil and Water Conservation District hosts a poster and essay contest.

The poster contest is open to fourth through sixth graders. Posters are judged on their perception of conservation of our natural resources.

The essay contest is open to seventh through 12th graders. Essays are judged on content of positive conservation aspects. Prize money and ribbons go to the top winners in each category.

This year the poster contest was quite competitive as the children turned their conservation knowledge into creativity. Winners of this year's contest include:

Mrs. Moore's Fourth Grade: Kirk Curtis, first; Macario Esparza, second; and Madolyn Joy, third.

Mrs. O'Harrow's Fourth Grade: Estella Guzman, first; Lesli Green, second; and Sonia Herrera, third.

Mrs. Griffin's Fourth Grade: Andrea Sterling, first; Renee Edmiston, second; and Justin Behrens, third.

Mrs. Dean's Sixth Grade: Cari Green, first; Cody Andrews,

second; and Tara Whitten, third.

Overall Winners in the Poster Contest were: Cari Green, first; Kirk Curtis, second; and Andrea Sterling, third.

The Essay Contest required not only skill in writing but knowledge of conservation methods and the importance of our natural resources. Essay winners were as follows:

Mrs. Moore's class: Estella Sandate, first; Traci Paxton, second; and Gabby Guzman, third.

Mrs. Chalmer's class: Rhonda Jenkins, first; Yvonne Terry, second; and Melanie Stricklan, third.

Coach Helmer's class: Amy Robertson, first; Matt Williams, second; and Phillip Gauna, third.

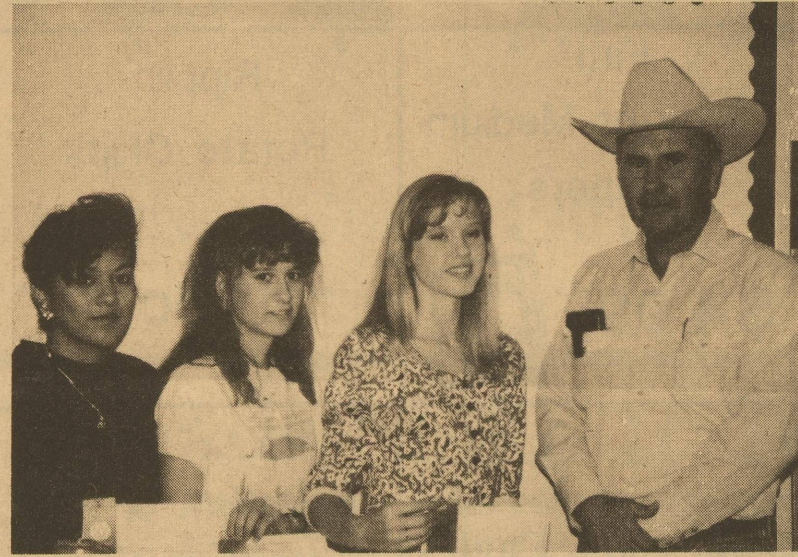

Coach Hardy's class: Tara Holley, first; Ericka Olson, second; and Adriana Martinez, third.

Overall winners and prize money went to the following: Estella Sandate, first; Rhonda

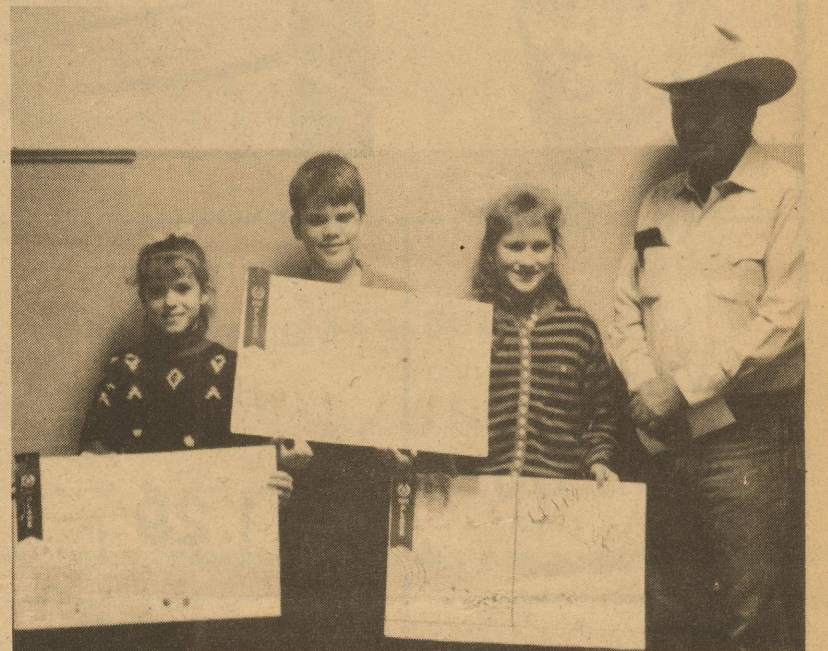

Jenkins, second; and Tara Holley, third.

Posters and essays were judged by the Directors of the District which include Tom Enochs, Billy Hausenfluck, Mary

Leigh Dunagan, Douglas Buchholz and Mike Moore. The Directors would like to thank the students and teachers for their interest and participation in these contests.

Essay winners in the Soil Conservation Contest are, l-r, Estella Sandate, first; Rhonda Jenkins, second; and Tara Holley, third. Billy Hausenfluck is pictured with the winners.

Soil Conservation Poster Contest winners are pictured, l-r, Andi Sterling, third; Kirk Curtis, second; and Cari Green, first. Billy Hausenfluck, director for the conservation district, is pictured standing at right.

Literary Students Compete In Tournament

Eldorado High School speech and literary students competed in the 44th Annual Sonora Forensics Tournament Friday and Saturday, February 9 and 10. There was a total of 36 schools competing in this tournament, which included 1A to 5A schools. This tournament is known as the oldest speech tournament in Texas.

The following Eldorado students placed at the tournament: Laura Johnson, fifth in spelling and fifth in calculator; Kace Chalmers, seventh in literary criticism; Juanita Chavez, fifth in feature writing, fourth in news writing, and fifth in headline writing; Carisa Porter, fifth in typewriting; and Andra Robledo, eighth in typewriting.

The following students competed in the tournament: Marla Walthall, poetry; Lacy Finley, informative speaking; Cory Barton, persuasive speaking; Ginger

Sterling and Rachel Edmiston, prose; Matt Williams and Jennifer Smith, C-X debate; Trey Morrison and Liz Olson, C-X debate; Juan Ramirez, science and ready writing; Lee Ann Lamb and Kace Chalmers, number sense; and Rachel Edmiston, spelling.

Also competing were: Stephanie Ledbetter, Mondee Nelson and Rhonda Jenkins, typewriting; Katie Hardy, ready writing, news writing and feature writing; Kace Chalmers, Chuck Fitts, Hope Martinez and Estella Sandate, calculator; Lindsey Bass, news writing; Kris Agucro and Teresa Lux, headline writing; Tuedee Halbert and Kris Agucro, feature writing; Kris Agucro and Juanita Chavez, editorial writing; Estella Sandate, literary criticism; Ginger Sterling, accounting; Laura Johnson, Hope Martinez, Kace Chalmers, Chuck Fitts and Estella Sandate, math contest.

The following sponsors attended the meet: Judy Blair, Teresa Baker, Ruthie Chalmers, Robert Jay, Linda Thomas and Su Scott.

BASKETBALL

Continued From Page 1.

district championship at the moment.

We were led in scoring by Michael Kotsch with 20 points, Jeff Patton and Robert Martinez each had 13 points and David Nolen had 10 points.

I would like to give a word of praise to David. David has shown, in the last two ball games, that he can handle the job under pressure. He has been playing out of position really all year long, playing point guard, and has been doing a pretty good job, but the last two ball games I thought that he really came of age and played very well.

Robert, once again, played very well on defense, shutting their McAlister kid down to 12 points, who had 19 against us there.

This makes us 21-7, and it clinched the second half of the district. This assures us of a play-off game. Now we play Ozona for the right to the district championship or the district runner-up. If we play as well as we have been, then it will be no problem and we'll win the ball game. Ozona has been up and down and you never know how they are going to play.

We will probably play Friday night at a site not yet determined. Hopefully it will be part of a double-header package with our varsity girls.

I would like to say that these last five ball games have been played real well and the kids have done an excellent job. I would also like to say that we

had courage and determination when being backed against a wall and that it took total team effort. I didn't mention other kids like Juan Romero, Justin Edmiston and J.J. Martinez, that have come off the bench and played well for us at times. The bottom line is that we had some doubters in the first half of the district that didn't think that we would come through. I think the kids showed great determination in overcoming great adversity and gaining a play-off birth.

I would like to say thanks to our fans, from our team, especially for the Ozona and Stanton games. They were great and I hope to see at least as many, possibly more, at our play-off games.

J.V. Girls

By Coach Frankie Hardy

On Tuesday, February 6, we played Ozona, and won 41-33.

Those girls scoring were Fuessel with 10, Hardy with 7, Martinez, Barton and Romero each with 6, Rodriguez with 4 and Adame with 2 points.

On Friday, February 9, we played Stanton, and won 42-30.

Those girls scoring were Martinez with 13, Hardy with 9, Fuessel and Rodriguez each with 6, Romero with 4 and McGregor and Barton each with 2 points.

The J.V. girls had an overall season record of 18-2. Our only 2 losses were early in the season to Wall and Ballinger. We ended up beating Ballinger when we played them again.

We won the Rankin Tournament and our own Eldorado Tournament. We were

undefeated in district with an 8-0 record which makes us 6-AA J.V. district champions.

The girls were great to work with, and this made it a most enjoyable season to coach. They worked hard and steadily improved as the season progressed.

Coach Helmers took Stephanie Ledbetter up to the varsity for the last two games, but the girls worked together, took up the slack and continue their winning streak. It feels great to have had a winning season and to be district champs, but the best part of it was the teamwork the girls displayed, and the fun we all had.

The cumulative scoring record for the season is as follows: Roxanna Martinez with 164 points, Lesa Romera and Lindy Hardy with 104 points, Stephanie Ledbetter with 102 points, Cory Barton with 88 points, Whitney Fuessel with 75 points, Ermelinda Rodriguez with 25 points, Angie McGregor with 19 points, Rosemary Adame with 11 points, Marylu Romero with 4 points and Dena Manning with 2 points.

J.V. Boys

By Coach Matt Chalmers

On Friday, February 9, we played Stanton and won 37-33. We kind of reverted to our early season, cold shooting, like we did against Ozona on last Tuesday. We reverted back to that for a couple of quarters, but in the second half we came out and played better and shot better.

We got behind at one time and then got back out ahead in the very last couple of minutes of

the ball game and won. It was one of those nail-biting sort of things.

We wound up for the year 7-13. At one time during the year we were 2-12. This shows how hard the kids worked and in the latter part of the year, those kids that didn't have a whole lot of experience at the first of the year, got some experience during the year, started playing better, and at the end of the year we ended up being a pretty good ball club.

I am very proud of the kids for their effort. I know they worked very long hours and put lots of sweat into it and I think that it all paid off and showed up during the latter part of the year where they started playing better.

Our district record is 4-3. I think we played pretty well in district. If the kids keep working hard and so forth I think next year some of them will see some playing time on the varsity and will do o.k.

Freshmen Boys

By Coach Harvey Wink and Chris Meador

We played Wall on Thursday, February 8. We had already played them four times and we had beaten them twice and they had beaten us twice.

This game was kind of like a tie breaker and we ended up winning, after over-time, by 2 points, with the final score being 56-54. It was a pretty close game.

Chris Meador played a real good game and was leading scorer with 21 points, followed by Matt Williams with 12 and Daniel Martinez with 10.
