No Other Dentifrice Offers Proof of Such Results! Proof That Using

**COLGATE DENTAL CREAM HELPS STOP TOOTH DECAY!**

**2** Years' Research by LEADING UNIVERSITIES Proves That Using Colgate's Right After Eating Helps Stop Tooth Decay Before It Starts!

YES, THE MOST CONCLUSIVE PROOF IN ALL DENTIFRICE RESEARCH ON TOOTH DECAY! Proof based on 2 years' research at leading universities--hundreds of case histories! Conclusive proof that when used right after eating, Colgate's helps stop decay before it starts! Colgate Dental Cream has been proved to contain all the necessary ingredients, including an exclusive patented ingredient, for effective daily dental care.

THE TOOTH PASTE YOU USE TO CLEAN YOUR BREATH WHILE YOU CLEAN YOUR TEETH, now offers a safe, proved way to reduce decay! Modern science shows decay is caused by mouth acids which are at their worst right after eating. Brushing teeth with Colgate's as directed, helps remove these acids before they can harm enamel. And Colgate's active penetrating foam gets between teeth where food often lodges.

CHILDREN LOVE COLGATE'S FLAVOR! By the time they enter school, 9 out of 10 children have one or more decayed teeth. Children love Colgate's flavor--so it's easy to start them on the proved Colgate way to reduce decay! No dentifrice can stop all tooth decay, or help cavities already started. But using Colgate's as directed is a safe way to reduce cavities--help stop tooth decay!

Always Use Colgate's To Clean Your Breath While You Clean Your Teeth--and Help Stop Tooth Decay!

**NO OTHER DENTIFRICE OFFERS PROOF OF SUCH RESULTS!**

# TOOTS CASPER

CASPER, I SAW THE CUTEST HAT IN THE WINDOW OF THE SPIFFY SHOP.

YOU'LL HAVE TO FORGET IT, TOOTS.

I CAN'T BUY IT FOR YOU NOW WITHOUT FEELING A PINCH ON THE OLD PURSE.

TOOTS, I HAVE AN IDEA--- WHY DON'T YOU SAVE A LITTLE HERE, A LITTLE THERE, UNTIL YOU HAVE ENOUGH TO BUY THE HAT?

CASPER, DID YOU THINK OF THAT ALL BY YOURSELF?

I'LL ADMIT IT MAY TAKE A LITTLE TIME--- YOU MIGHT HAVE TO SCRATCH AROUND A BIT, BUT YOU'LL HAVE THE SATISFACTION OF DOING IT BY YOURSELF.

ON SECOND THOUGHT, I LIKE YOUR IDEA, CASPER.

DO ME A FAVOR, CASPER. STOP BY THE SPIFFY SHOP AND PUT A \$10.99 DOWN PAYMENT ON THE RED HAT IN THE WINDOW SO THEY WILL HOLD IT FOR ME. I'LL SCRATCH AROUND FOR THE REST.

SURE, I'LL HELP YOU GET STARTED ON YOUR HAT SAVING PLAN!

HERE'S A \$10.99 DOWN PAYMENT ON THE LITTLE RED HAT IN THE WINDOW. HOLD IT!

YES, SIR, I'LL TAKE IT RIGHT OUT AND PUT IT AWAY.

HELLO, CASPER, I'VE BEEN WAITING FOR YOU. I GOT MY HAT!

HOW DID YOU MANAGE THAT?

IT WAS EASY. YOU PUT A \$10.99 PAYMENT DOWN TO HOLD IT. THE FULL PRICE WAS \$10.98, SO I SCRATCHED AROUND AND GOT THE 98¢ TOGETHER!

TRICKED AGAIN! ONE OF THESE DAYS I'M GONNA LEARN TO KEEP MY IDEAS TO MYSELF.

JIMMY MURPHY

So Extra-Rich in Flavor  
You Are Urged to try Using 1/4 LESS than with lesser flavored Brands

# Prince Valiant

IN THE DAYS OF KING ARTHUR

BY HAROLD R. FOSTER

**Synopsis:** PRINCE VALIANT AND HIS PARTY REST FROM THE HARDSHIPS OF THEIR LONG SEA VOYAGE, WHILE A MESSENGER IS SENT OVER THE HILLS TO THE KING OF THULE.

IN HIS GREAT HALL THE LONELY KING HEARS THE MESSENGER TELL OF HIS SON'S RETURNING AND HIS EYES GROW MISTY.

"I MUST ARRANGE A HUNT SO MY SON AND I MAY ONCE AGAIN RIDE SIDE-BY-SIDE! AND YOUNG PEOPLE MUST BE INVITED TO COME AND STAY. A BANQUET! I MUST HAVE HIS ROOMS PREPARED.....!"

"..... AND ALETA WILL COME TOO, TO UPSET MY QUIET WITH HER LAUGHTER AND SILLY SONGS, TO MEDDLE IN AFFAIRS OF STATE AND TO TEASE ME LIKE A MISCHIEVOUS SMALL SUNBEAM!"

AGUAR, KING OF THULE, LETS OUT A ROAR THAT BRINGS HIS STAFF ON THE RUN:—"CLEAN UP THIS UNSIGHTLY STABLE! WASH DOWN THE WALLS! SCRUB THE FLOORS! POLISH THE FURNITURE! HANG FRESH TAPESTRIES! SHINE UP THIS OLD BARRACKS UNTIL IT IS FIT FOR THE FUTURE QUEEN OF THULE!"

DOWN BY THE SEA OLD FRIENDS BID FAREWELL. THERE IS MUCH LAUGHING AND LOUD TALK TO HIDE THE SORROW OF PARTING.

TILLICUM SITS QUIETLY APART, HER FIERCE EYES FIXED ON THE MAN WHOSE LIFE SHE HAD THREATENED, WHOSE RAID SHE HAD FORBIDDEN. BOLTAR STRIDES TOWARD HER....

....AND FROM HIS NECK TAKES A HEAVY GOLDEN CHAIN AND DROPS IT IN HER LAP:—"I WILL RETURN!" HE WHISPERS.

MANY RIGHTEOUS PEOPLE WILL NOT APPROVE OF BOLTAR, THE PIRATE. BUT HE LIVED IN THE BOISTEROUS DAYS WHEN THE RAIDER WAS LOOKED UPON AS A RESPECTABLE BUSINESSMAN WHO MADE HIS PROFITS BY RISKING HIS LIFE RATHER THAN BY SHREWD TRADING.

NEXT WEEK—Home Again.

# GRIN and BEAR IT

"Come again, comrades... we have a discussion of world affairs and a general division of Capitalist property every Sunday."

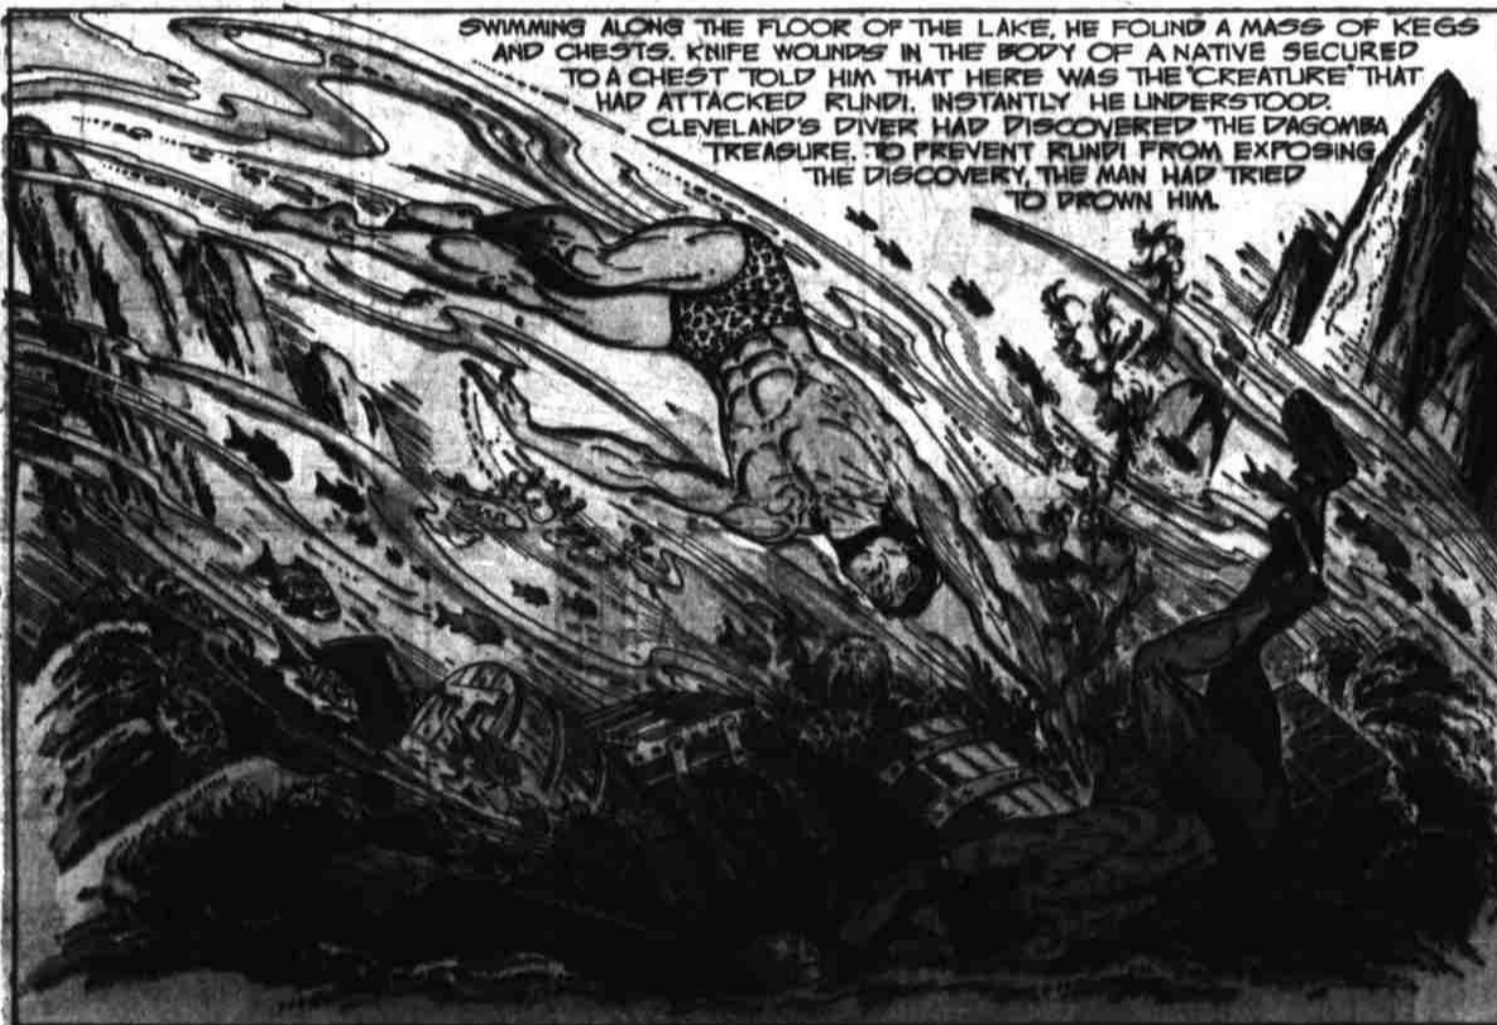

"Keep your eyes on the trail... watch them reckless Dinosaurs... don't run into that cliff... MUST you speed?..."

"Just a flycock on the chart, eh?..."

## TARZAN

by EDGAR RICE BURROUGHS

SWIMMING ALONG THE FLOOR OF THE LAKE, HE FOUND A MASS OF KEGS AND CHESTS. KNIFE WOUNDS IN THE BODY OF A NATIVE SECURED TO A CHEST TOLD HIM THAT HERE WAS THE "CREATURE" THAT HAD ATTACKED RUNDI. INSTANTLY HE UNDERSTOOD. CLEVELAND'S DIVER HAD DISCOVERED THE DAGOMBA TREASURE. TO PREVENT RUNDI FROM EXPOSING THE DISCOVERY, THE MAN HAD TRIED TO PROWN HIM.

TARZAN SLASHED THE RESTRAINING BONDS AND SHOT UPWARD WITH THE BODY.

WADING ASHORE, THE NATIVE STARED CURIOUSLY. "POOR MAN! MUTTERED. I DON'T SEE THE SNAKE SIGN! BUT SET FOR TROUBLE!"

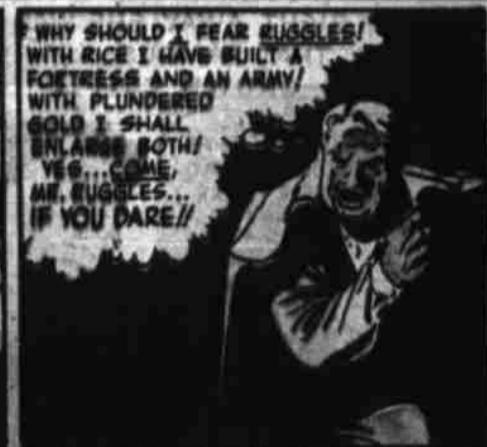

## Chewy Ruggles

HAVING TASTED POWER, JOLLY ROGER PLANS TO ENLARGE HIS "EMPIRE OF TILLYVALLY"... BUT FEAR HAUNTS HIM!...

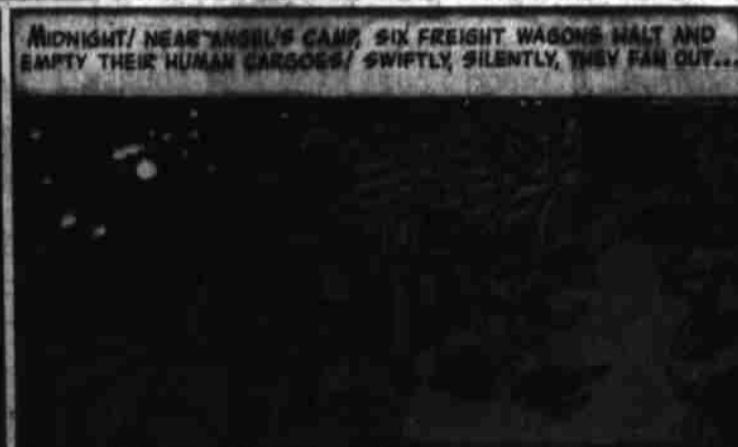

by WARREN TUFER

"...RUGGLES! BAH! WE GOT 100 CHINESE RAIDERS AND YOU WANT TO WASTE 'EM HUNTING RUGGLES! NO! LET 'EM RAID! AND IF RUGGLES SHOWS UP, WE'LL BE READY!"

"PERHAPS YOU ARE RIGHT, MY PRINCE... GO! TAKE YOUR RAIDERS AND STRIKE!"

MIDNIGHT! NEAR ANGEL'S CAMP, SIX FREIGHT WAGONS HALT AND EMPTY THEIR HUMAN CARGOES! SWIFTLY, SILENTLY, THEY FAN OUT...

FIFTEEN MINUTES PASS, THEN...THREE SHOTS! THE SIGNAL! STRIKE!!

CHIEF CASEY...WHY YOU GRIND TEETH? YOU EATING SOM' THING? LET'S SADDLE UP, KIT FOX -- WE'VE FOUND OUR MAN!...

# Experts Doubt Russia Is Prepared For War

LONDON, March 4.—How much tin has Russia got for vital industrial needs in war or peace? No westerner knows for sure. The answer is a closely guarded secret like most Soviet industrial statistics.

But most western experts believe, however, there is a fairly pressing shortage. Russia needs more and more tin for its huge industrial expansion program.

It is also important to the architects of the cold war. A strategic stockpile is as urgent to Russia as to the United States.

But Russia may not find the metal so easy to acquire. She is practically cut off from the world markets which sent some 12,000 tons of tin a year into the U.S.S.R. before the war.

The Communist conquest of China, possibly opening the way for the Soviet Union to tap that nation's rich tin reserves, prompted western experts recently to probe once more the Russian tin enigma. Some of their findings were published in several periodicals, including the British trade journals Tin and Metals Bulletin.

It is generally agreed that Soviet tin consumption in 1935 will be at least 14,000 tons. Domestic output was very small until 1933. The tin mining industry in Russia dates back only to 1934.

Where will Russia find tin for

vast electrical schemes, strategic stocks, and growing engineering, mining and other industries? From two main sources. The first, an unknown quantity, its imports from world markets. Since the war Russia has received no tin directly from western nations.

Experts agree, however, that some metal—perhaps a considerable amount—has found its way to Russia from the outside world, either by smuggling, by illegal re-export from eastern European satellite countries, or from Russian agents who scoured Germany and other occupied nations for scrap and metal stocks after the war.

However big such imports may be, the experts say, they are an unsatisfactory expedient and most unlikely to satisfy the continually growing Soviet needs.

The second source of supply is domestic output. Here the experts, although lacking precise knowledge, are prepared to hazard estimates.

Most Soviet tin deposits are believed to lie in the extreme Far East, or in the Urala, remote from communications. During the past ten years prospectors there have been intensely active.

Before the war it was generally believed 65 per cent of Soviet tin, probably only a few hundred tons a year, came from ore deposits in Transbaikalia, in far eastern Siberia, some 13 miles from the Mongolian border. Other deposits were known to be worked nearby.

Newer mines are now believed to be under rapid development in frozen northeast Siberia near Verkhoyansk, where there were reports that 5,000 men were employed in 1934.

Deposits also exist at Sinacha and other parts of the Soviet Far East, some of considerable economic importance. They are reported to be complex ores containing tin, lead, zinc and silver.

A German observer who spent many years in Russia just before the war put total Soviet output at a few hundred tons in 1933 — and many observers consider that the figure of 2,000 tons by the end of the first stage of pre-war expansion in 1940 to be a fair estimate.

Output of the Kazakhstan and Transbaikalian smelters in 1934 was reported by the Russians to be 122 per cent of 1940—which gives a total of 4,200 tons. Under the present five year plan this is to be raised another 170 per cent, making 12,000 tons in 1950.

But it still leaves a gap of 4,000 tons to be filled by imports, recovery of scrap or drawing upon stocks.

The role of Chinese tin in filling this gap may be important. There are enormous technical difficulties both of transport and ore extraction in the way of any large-scale expansion of Chinese tin exports to Russia. But a balance of several recent expert appraisals gives this significant picture:

Chinese tin mines are still primitive, and the largest deposits contain concentrates which are extremely fine in their natural state, as well as being contaminated with impurities such as lead, bismuth,

cobalt, arsenic and selenium. The technical problems of economic extraction are therefore huge.

Yunnan province deposits are known to contain a vast reserve of tin. Tin is also being produced in the province of Kwangsi and Hunan. In Kiangsi the ore is clean and the quality of the resultant metal as good as Malayan tin. Present output is some 2,000 tons a year. There is little possibility of large-scale development. Hunan output is about 300 tons a year. China's only other known source of supply is a small one on Hainan Island.

Russia may already be receiving 2,000 tons of tin a year from China, and one estimate recently suggested that the total of 5,000 tons in the near future is not beyond reach.

If this could be achieved, it would mean that China had probably filled the immediate gap between domestic output and consumption—leaving all other Soviet overseas purchases for stockpiling.

Hamilton First To Acquire Title of Philadelphia Lawyer

PHILADELPHIA, (AP)—The term "Philadelphia lawyer" generally implies shrewdness and sharpness of Quaker City attorneys. But Arthur Littleton, chancellor of the Philadelphia Bar Assn., says few people know the term's exact origin.

He says it goes to pre-revolutionary war days in 1735 when Alexander Hamilton, a Philadelphia lawyer, successfully defended John Peter Zenger of libel charges in New York City. Zenger was a poor printer who published the New York Weekly Journal. He wrote exposes of New York's graft-ridden administration and incited the ire of the governor. Most New York attorneys, fearing disbarment, refused to defend Zenger. So Hamilton—America's first secretary of the treasury—was hired to defend the printer.

"Without a shred of law with him," Littleton says, "Hamilton carried on one of the most magnificent defenses ever conducted before a jury." And in earning acquittal for Zenger, Hamilton earned an enduring tribute to the sagacity of the Philadelphia lawyer.

Wonderful Bridge Leaves Him Cold

NATURAL BRIDGE, Va., (AP)—"Everybody says this Natural Bridge is so wonderful. Well, maybe so, I ain't never been nowhere else," says Joseph Mitchell. He was born at Natural Bridge July 12, 1871. He began work at 10 as a stable boy, but was soon apprenticed as a gardener. He has been at it ever since.

"I guess nobody's told me to do anything in 10 years. If I didn't rummage around and find something to keep busy at, I guess I'd just vegetate," he says. Asked advice on how to keep a job 68 years, he said: "Keep out of the boss' sight."

Accidents Reduced

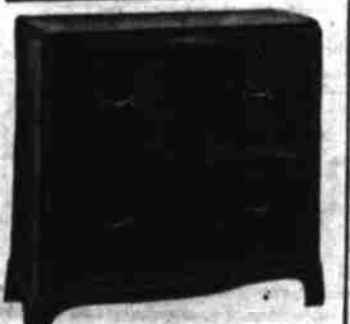

CHICAGO, (AP)—Accidents in the home killed 30,500 persons in the U. S. last year. That was three per cent under the 1948 toll. The gray and graying folks, who are supposed to use the caution that comes with the passing year, had the worst record. Fatalities went down in all age groups but one—the 45 to 64 bracket.

Hoover Was First Video President

NEW YORK, (AP)—The first President to be televised, and via "network" at that, was Herbert Hoover. It happened while he was still secretary of commerce in 1927, two years before he became chief executive.

The demonstration used early apparatus developed by the Bell telephone laboratories and comprised the transmission of a head and shoulders picture of Hoover from Washington to New York, partly by wire line and partly by radio.

Where will Russia find tin for

# RHONDA FLEMING THE GAL Bob Hope Scores As A Great Lover

The old reliable is back again at the Ritz theatre today and Monday, so the customers are being told to come prepared to stay in stitches.

The old reliable would be Bob Hope and his newest production in "The Great Lover."

Imagine Sgt. Nose living up to such title and you will have an idea of the fun in store. The object of his affections is Rhonda Fleming, the luscious sweetie first found by Bing Crosby in "Connecticut Yankee."

Bob is seen as the harried leader of a boys' group which is returning to America from a bicycle trip through France. Life on the luxury liner is made anything but luxurious for him because of repeated scoldings from the youngsters when he smokes, drinks, or flirts with a girl. Although he promises to give up these pleasures, he throws caution to the winds when Rhonda Fleming, as a devastating Duchess turns up. He starts running after her, followed by the boys and an eccentric character who always loses at cards—and strangles the winner. You guessed it, Bob's a heavy winner.

Merriment and music surround the plot, which doesn't seem to care. In addition to Hope's antics and Miss Fleming's looks, Roland Young appears as a bearer of bad news, and Roland Culver is seen

## Report Made On Fair Employment

CHICAGO, (AP)—Eight U. S. cities now have fair employment practices laws.

"Cleveland is the latest city to adopt an ordinance that requires both public and private employers to hire their workers on the basis of qualifications for the job regardless of color, religion, race or national origin," reports the Civil Service Assembly.

"Chicago, Minneapolis and Philadelphia are the only other cities having fair employment laws that apply to both public and private employers. Fair employment acts in Milwaukee, Phoenix, Ariz., and Richmond, Calif., apply only to city governments and their contract or franchise holders. Cincinnati's law applies to city employees only."

Ten states have fair employment practices acts.

## Farm Students Don't Come With Farms

DAVIS, Calif. (AP)—Modern farm students sometimes don't come from farms. In the old days it was assumed that farm boys already had experience. What they needed was theory.

Now the University of California College of Agriculture is changing all that. Some of the students come from cities. Others come from specialized farms and need general experience. These students are required to work on farms in summer or take leave for a semester to get experience.

A plan is being considered to pair students for farm work. One would work one semester, the other the next. Thus the farmer would have needed labor the year around.

Phone 392

BE CAREFUL, RHONDA!—The beautiful Rhonda Fleming has as an admirer no less a Don Juan than Bob Hope. They appear together in Bob's latest laugh hit, "The Great Lover," which is at the Ritz theatre today and Monday.

TAKE SOME ADVICE—William Powell as a has-been movie star gives some advice to a rising star, Betsy Drake. This is a scene from the Technicolor "Dancing in the Dark," in which they appear at the Ritz Tuesday and Wednesday.

## Audie Murphy Gets Tough As Billy The Kid

They've taken the war's hero and made a real bad man out of him. Young Audie Murphy, most decorated GI of the last conflict appears in the role of Billy the Kid, in "The Kid From Texas," featured at the Ritz theatre the last three days of this week.

And the story of Billy the Kid gives Audie plenty to do with a gun. In this picture he kills—count 'em—no less than 21, all but three of the people who start out with him in the Technicolor film.

That's going western in a big way but they say Audie plays his role realistically because he knows something of guns.

One of nine children, he was born on a farm near Kingston, Texas. His father was Emmett Murphy, a cotton sharecropper, who could scarcely provide for his large family. As soon as the children grew old enough to handle a plough or hoe, they were put to work.

Audie was still very young when he started hunting. It was hardly a sport for him, for whatever game he killed was badly needed for the family larder. Sometimes he could afford but one shell; so he learned to shoot swiftly and accurately, an ability that came in handy during the war. As he grew older Audie worked on farms.

When the war broke out Audie tried to enlist, first with the Marines then with the Paratroops. Both branches of service turned him down cold. He was underweight. The infantry finally accepted him. He went to Farmerville to say goodbye to his sister, and she recalls that his parting words were: "I'll try to do my share of the fighting." His deeds on the battlefield now are legendary.

Gale Storm co-stars with Murphy in "The Kid From Texas" and such actors as Albert Dekker and William Talman appear in the cast.

## The Week's Playbill

**RITZ**  
SUN.-MON.—"The Great Lover," with Bob Hope and Rhonda Fleming.  
TUES.-WED.—"Dancing in the Dark," with William Powell and Mark Stevens.  
THURS.-FRI.-SAT.—"The Kid From Texas," with Audie Murphy and Gale Storm.

**STATE**  
SUN.-MON.—"Corregidor," with Otto Kruger and Elissa Landi.  
TUES.-WED.—"Call Of The Forest," with Robert Lowery.  
THURS.—"Crime Doctor's Diary," with Warner Baxter and Stephen Dunne.  
FRI.-SAT.—"Lone Star Pioneers," with Bill Elliott.

**LYRIC**  
SUN.-MON.—"Bride For Sale," with Claudette Colbert and Robert Young.  
TUES.-WED.—"The Decision of Christopher Blake," with Alexis Smith and Robert Douglas.  
THURS.-FRI.-SAT.—"Navajo Trail Raiders," with Rocky Lane.

YOUTHFUL BADMAN—The young Texas hero, Audie Murphy, portrays a notorious figure of the Southwest as Billy The Kid in "The Kid From Texas." Gale Storm is the lady. This newest shoot-em-up version of the outlaw's life is at the Ritz Thursday, Friday and Saturday.

## HIGHLIGHTS ON KBST

# Wagner Concert Scheduled Monday

Wagner's "Siegfried Idyll" will be among the orchestral selections on ABC's American Arts Orchestra series to be heard Monday March 6 at 8 p. m. over KBST.

Under the baton of Dr. Karl Krueger the 35 piece orchestra's complete program will include:

- Overture in B. Flat - Arne.
- Sinfonietta - Lopatnikoff.
- Waltz from "Serenade for Strings" Op. 48 Tschalkovsky
- First Gymnopaedie - Satie (Arr by Debussy)
- "Siegfried Idyll" . . . Wagner.

Narrator on American Arts Orchestra is David Randolph.

"TOWN MEETING" will move from the auditorium of Town Hall, 123 W. 43rd St. to the ballroom of the Ritz-Carlton Hotel, New York, for the first broadcast in its Spring tour series, Tuesday March 7, from 8 to 8:30 p. m. The program is on KBST.

The broadcast emanating from a dinner forum of the Mexico Pilgrims Group will feature John W. Snyder, secretary of the treasury and Spruille Braden, consultant and former ambassador to Colombia, Cuba and Argentina, debating the question, "What Should American Business Do About Point IV (of President Truman's economic program)?"

George V. Denny Jr., president of Town Hall and originator of America's Town Meeting, will act as moderator in the discussion.

"THE GREATEST STORY" "The Parable of the Lost Coin," is the Biblical drama to be presented on The Greatest Story E.V. of Told today at 4:30 p. m. over ABC-KBST.

Sarah, a poor widow in the town of Emmaus, is disgraced by her

# 'DANCING IN THE DARK' Hollywood Turns Spotlight On Self

William Powell, Betsy Drake and Mark Stevens share honors in "Dancing in the Dark," Technicolor musical playing at the Ritz theatre Tuesday and Wednesday.

The story is described as being an authentic presentation of Hollywood itself. Powell plays a has-been movie star, Emery Slade, who leads the comeback trail through mentoring a young starlet for the lead in a picture.

Miss Drake, who quickly rose to fame as the scatterbrained ingenue of "Every Girl Should Be Married," displays a whole new string of abilities in "Dancing in the Dark." The role of the starlet who, with the connivance of veteran Powell and her press agent boy friend, played by Stevens, usurps the leading role in a picture that had been intended for a reigning Broadway star, affords Miss Drake both dramatic and musical opportunities.

Aside from the casting of the three top stars, Powell, Drake and Stevens, "Dancing in the Dark" offers a prominent role to Adolphe Menjou, who plays the head producer of Twentieth Century-Fox Pictures. Under the supervision of "Dancing in the Dark's" producer, George Jessel, the real life counterparts of Menjou's role, as well as all the other reel duplications of real life in Hollywood that turn up during the course of the picture, can be said to have been amusingly but faithfully depicted.

Others in the cast of the Technicolor film are Randy Stuart, Lloyd Corrigan, Hope Emerson, Walter Catlett and Don Reddo.

## Family Half of Club

CAMDEN, Ark. (AP)—The Jeffus family has a lot to do with running a 1-member Fellowship Home Demonstration club in Ouachita county. There are eight members of the family in the club and seven of them hold offices.

**Pictures Tell Japanese Story**

TOKYO, (AP)—The Japanese, who have difficulty understanding their own language, are being taught by a traveling show of murals and picture slides what the occupation has done to free them from feudalism. The pictures show how the Zaibatsu, the 60 families who controlled Japan's finance and industry were broken up.

The pictures present the story as ancient fables, with which all Japanese are familiar, in modern dress. They try to induce the common man in Japan to invest in the industry the Zaibatsu once controlled.

A Bible Thought For Today

Fitness and preparation are as important in creating a better world as in destroying it. Life is a battle, we do not drift up hill. "Soldiers fit to go out to war and battle."—1 Chron. 7:11.

New High School Would Not Only Supply Need But Enrich Program

The question of a new high school plant is to be decided by the property taxpayers of the Big Spring Independent School district on Tuesday. This time the atmosphere appears to be much clearer and opinion crystallized. Indications are that approval is more a question of degree than anything else. What is needed, therefore, is that the largest possible number of people will go to the polls and vote. The expression on this important measure ought to be decisive and extensive.

It would be one thing for the district to barely get a much needed high school plant; it would be quite another for the community to give a demonstration of wholehearted unity in supporting a still better system by turning out in large numbers at the polls. There can be little serious challenge of the statement that a high school plant is sorely needed. The one in use has been utilized for nearly 25 years, thanks to expansion more than a score of years ago. Meanwhile, enrollments have gained steadily. The press in the lower grades, felt for many years, is rapidly approaching the high school level. Three years ago when the issue was first submitted, the high school was needed; now it is almost imperative. Not only will it provide for superior high students for many years to come—and with facilities geared to modern methods,

"Well, Here Goes"

Around The Rim—The Herald Staff

Revival Of Jazz Music Of '20s Recalls Some Sharp Saxophoning

It looks like we're in one of those history repeats-itself periods. One doesn't have to read much of the style notes to learn that the mode for 1950 is definitely a revival of the styles of the 20's. This pertains to feminine apparel and also includes the short haircut. I suppose flapper's galoshes will be in demand if it ever rains. And about the rolled hose and the rouged knees—er, well, your observation is as good as mine. But not only in the world of fashions is this revival observed. It's taking over on the dance floor, too. The news reports have it that the Charleston is getting to be the rage again, and I guess we'll be having a fling at the dance around here now and then, just to relieve the monotony of Canasta.

Affairs Of The World—DeWitt MacKenzie

Solon's Idea Of UN Peace Talks In Moscow Seems Impracticable

THE PROPOSAL BY SENATOR McMahon (D-Conn) that the United Nations hold peace talks in Moscow, in an attempt to establish global controls over atomic weapons, is being received with mixed emotions. Many observers are viewing the idea somewhat after the approach of the stage magician who starts his sleight-of-hand with the remark: "This is a good trick if I do it—and it's a good trick if I don't." That is to say, the consensus is that every possible effort should be made to achieve peace and atomic control. However, there is a widespread feeling that hopes of a UN meeting in Moscow are nil.

The first barrier to carrying out the McMahon idea at this time is that Russia since January 10 has been boycotting 13 organs of the United Nations over the Chinese question. Once this issue is settled, and Russia has abandoned her boycott of the UN, the question of a meeting in Moscow could be taken up. But here again you come up against a stone wall. THE MAJORITY PLAN FOR ATOMIC CONTROL by unlimited inspection of atomic plants in all countries has been approved by 49 of the 59 members of the UN. Only the Soviet bloc has voted against it. There are many who believe that it would be a good thing for all concerned if in due course there could be a meeting of the UN assembly in Moscow, and in other major capitals for that matter. However, the staging of such a meeting would be a titanic job, involving the transfer from Lake Success of an army of personnel and mountainous equipment. The cost also would be huge, though peace at any monetary price would be cheap.

Merry-Go-Round—Drew Pearson

Americans Looking To Truman For More Information, Guidance And Leadership

Washington. Honorable Harry S. Truman, President of the United States, Washington, D. C. Dear Mr. President: While you and I may not agree on some things, we do, I think, agree heartily on the nation's desire and need for peace. And I personally have a very high regard for your sincerity and devotion to that cause. In that connection I believe you will be interested in a letter which I received from a stevedore in Philadelphia shortly after I visited that city in connection with the departure of the American Legion's Tide of Toys to Europe. The letter, signed by Francis A. Mock of 8525 S. Front Street, Philadelphia, follows: "Today I worked on a ship loading toys for tois, or Tide of Toys as the program is called. After loading 12,000 cases of C.A.R.E. we proceeded to load the toys. I want to take my hat off to the American Legion for sponsoring this program. There is a lot of thought behind it, and you could almost feel it as I did today. "During my lunch hour, I strolled around the various piles and looked at the names of the towns and cities of the United States that were represented there. Big towns and little towns all alike. You know it made me feel good to look at those various piles of toys! A pile would measure about 40 feet x 30 feet by 10 to 12 feet high. Some were marked England, some Italy, some Germany, others Czechoslovakia, Belgium, France. It was a great feeling to know that the people who sent these toys were American, possibly your next door neighbor. "GET TOGETHER" "You know, stevedores and longshoremen are a cynical group and it takes a lot to make them proud of anything. Longshoremen are noted for their pilfering ability. But you can rest assured that cargo wasn't even considered for that purpose. Take my word for that. Every case handled was treated as though it was their own personal property and we were proud of the privilege of handling them. "You know when the American Legion and other veteran organizations were organized the cry went up that the vets were organized so they could ride a perpetual gravy train, paid for by the government and playing upon the sympathy of the public for their part in the 1st and 2nd world wars; or perhaps they were out for some personal glory, or for sponsoring a bonus, or other reasons. "However, this effort belies these rumors. It looks like a step forward. I only hope that some people in government have the same trend of thought and have as much far-sightedness as the originator of this idea for amity among nations. "I could go on for ages about career men in key government positions, who know little about what is going on in the world today. In closing I want you to know that all the effort you are putting on this behalf isn't going to be forgotten. And perhaps the future holds the solution, and let's hope that we can get our nations and the various others to get together and have lasting

peace. Sincerely Yours, Francis A. Mock. GREAT JOB I thought you would be interested in reading this letter, Mr. President, because it so eloquently expresses how thousands of Americans feel regarding our individual efforts for peace. They are willing to do anything in their power to improve good will if it will prevent another war. The great job of the American Legion in its "Tide Of Toys" is an illustration. The Legionnaires got busy one day after Christmas, when most people wanted to rest and enjoy the holiday season. And they put countless hours of effort into the Herculean job of collecting toys for the children who can be our best friends—or the enemy soldiers—of tomorrow. I could cite many other examples. You would be surprised at the number of American towns which have adopted European towns, not only to help feed and rebuild them, but to exchange citizens. Then there were the "Make Democracy Live" letters—about seven million of them—that went to Italy during the Italian election; and countless friendship letters exchanged between Americans and Europeans, many of them following in the wake of the Friendship Train and the French Mercet Train. And there have been the spontaneous movement by scores of American college students to bring European and Asiatic students to this country together with the efforts by various ju-

Capital Report—Doris Fleeson

Third Term Would Put Truman Among Front Rank In History

WASHINGTON, March 2.—Why should President Truman want to run again in 1952? Those people who are ready to dispense with him insist that he and Mrs. Truman have little to gain personally by his continuation in office. They argue that he has vindicated himself and his administration by the stunning 1948 upset and that it is well known that neither of the Trumans likes White House living. They put most of their diminishing hope in Bess Truman, who certainly is as free from Potomac fever as anyone who ever hit Washington. A lady of simple tastes, Mrs. Truman resisted moving from their apartment to the White House immediately after Roosevelt's death, pleading vainly for a stay of sentence. She has done her duty as White House hostess with kindness and sincerity; it has been equally evident that the unique opportunity to broaden her horizons has not interested her. It was widely believed for a long time that she would pull for the ease and informality of private life among friends in Independence, Mo. But there is evidence now that, once familiar with the hated fate of the White House, the Trumans have passed beyond enduring to embracing it. Mrs. Truman is a mother and a White House background has been the essence of Daughter Margaret's success as a concert artist. Those who know her well say that it is unthinkable that she would allow any personal desire or inclination on her part to interfere with her husband's career. So it actually is Mr. Truman's present point of view that becomes important. When he fell heir to the presidency that dark April 12, 1945, he was awe-struck and frightened. He was confronted with the direction of the greatest war in history, the management of the most complex government on earth, Roosevelt, tired and preoccupied, had not bothered to take his

Today And Tomorrow—Walter Lippmann

Soviet Leaders Lay Groundwork For Another Deal With Germany

Writing recently from Berlin Mr. De-maree Bess of "The Saturday Evening Post" reported on "a growing impression that Moscow was side-tracking its plan for a German Communist dictatorship, and is now chiefly interested in an old-fashioned nationalist alliance—that some Soviet leaders who have made two previously mutually profitable deals with Germany are laying the groundwork for a third deal." Mr. Bess is an experienced and objective observer. What he has reported has been foreseen as most prob-

able for some time past and it is supported by much independent evidence. Yet his estimate has never been taken seriously enough by the British and American architects of the existing German policy. They have had the will to believe that a Western Germany could and would become a dependable and contented member of the Western alliance, and they have tended to treat all the evidence to the contrary as a kind of hangover of Nazism and nationalism. Their theory has been that because the election showed that only about 20 per cent of the voters were openly Communist or nationalist, there was a solid democratic majority of 80 per cent behind their hopes for a West German state. This was the basis of Mr. McCloy's speeches in the United States and at Stuttgart after he returned to Germany; that there was only a minority which need cause concern; that by dealing sympathetically with the great pro-Western majority and firmly with the unreconstructed minority, our policy could be made to work.

But this theory that the majority of Germans feel and think and will act as our policy requires is itself based on a remarkable collection of theories,—namely that the West German state, cut off from Eastern Germany and Eastern Europe and beyond, can prosper; that it can absorb 10,000,000 expeles and refugees; that the West Germans are sufficiently non-nationalist to accept the partition of Germany, the indefinite military occupation of Germany, the disarmament of Germany, and the subordination of Germany as a second class member of the Atlantic community.

But even if these far-fetched theories were true, the whole conception would still rest on a most remarkably improbable assumption. It is that Stalin will not play the ace which he holds in his hands.

Mr. Bess has found, however, that Stalin is playing his ace. He can offer the Germans the end of the partition and a reunited Germany with its capital in Berlin. He can put an end to the military occupation. He can offer the German expeles and refugees the hope of a return to their homes in the annexed territories, and the additional hope that even if these territories are not wholly or partially recovered by Germany, they might be given a certain autonomy, or in some degree neutralized or jointly administered by Germany and Poland.

Hollywood—Bob Thomas

Adele A 'Nicer Girl' In Her Newest Film

HOLLYWOOD, (UP)—Adele Jergens, who has made a handsome living as a sexy doll on the screen, says she feels "so refined" in her current role. "I play a nice girl for the first time in years," the blonde remarked about her "Sugarfoot" part. "Actually I'm still a saloon entertainer, but underneath I'm nice. "I dress conservatively in this one, too. I just have two dresses that even hint of sex, and they're just off the shoulder. I've got to depend on my eyes and shoulders for all the sex." Her part in the Republic Scott western is tame compared to what she usually plays. From the start of her career, Adele seemed destined to enact sexy females. She began as a model and she tells the story of a billboard in Newark, N. J., on which she displayed her gams for a holiday ad. She claims that a series of auto accidents occurred in rapid succession near the billboard. After an investigation, the ad was removed in the interests of public safety. Adele's first big Broadway break was another hint of the shape of things to come. She replaced Cypsy Rose Lee in "Star And Garter."

Again—as a strip teaser. Her most recent role was in "Code 3"—as a strip teaser. Most Victory - starved baseball team in the major leagues is the Philadelphia Phils; last Phillie flag was won in 1915. "Just a rough and ready den," I cautioned. "Nothing fancy." Well, a carpenter came and hammered out a high-priced built-in typewriter cabinet. The door is so hard to open that I have never managed to get the typewriter out—and that is why the great American novel has never been written. Then a thin-faced, ascetic-voiced gent arrived from a department store and perpetrated some draperies by the window. The draperies had brown horses rearing against a chartreuse background. "Look, Man-O-Way might like those—but I don't," I complained. "They're real manly," said Frances. "What did you want on the draperies—men chasing pretty ladies across a meadow?" Why not? NEXT A BEAUTIFUL WHITE BIRCH desk and still upright chair arrived. I am afraid to use the desk for fear of getting fingerprints on it, and I'd rather lie

Electric Tube Has Memory

NEW YORK—A new type oscilloscope, which is similar to a television tube, has been developed. It has a visual "memory," lasting a full minute. Used in laboratory and testing work, it holds on the screen traces of electrical current occurring in a billionth of a second.

Light For Pigs

DES MOINES (UP)—Researchers of the Iowa Agriculture Experiment Station at Iowa State College say an ordinary 100-watt light bulb can prevent the loss of many early pigs during the critical first two weeks.

Big Cotton Yield

FRESNO, Calif. (UP)—Way down South in the land of cotton they usually settle for one bale to the acre. Henry Keltz has grown more than four bales to the acre near Fresno. In fact he got 21 bales off five acres.

Notebook—Hal Boyle

Hal Discovers A Man's Den Is Likely To Be His Wife's Idea

NEW YORK, (UP)—ANIMALS HAVE dens, and ever since I was a small animal I wanted a den, too. Let me tell you about my den. When we finally became rich enough to afford a four-room apartment a couple of years ago, the wife of my bosom said: "For 10 years you have been hawking to have a den. Now I want you to take the small bedroom and make yourself a den. And from now on please do all your growing in it." I TOLD HER I WANTED IT IN RED and green and blue. I said I wanted a beat up old pine desk to work on, and a broken down old oak swivel chair to dream in. I said I wanted to cover the walls with a montage of photos from the war days—and pictures of old friends who had died during prohibition. "Just a rough and ready den," I cautioned. "Nothing fancy."

Well, a carpenter came and hammered out a high-priced built-in typewriter cabinet. The door is so hard to open that I have never managed to get the typewriter out—and that is why the great American novel has never been written. Then a thin-faced, ascetic-voiced gent arrived from a department store and perpetrated some draperies by the window. The draperies had brown horses rearing against a chartreuse background. "Look, Man-O-Way might like those—but I don't," I complained. "They're real manly," said Frances. "What did you want on the draperies—men chasing pretty ladies across a meadow?" Why not? NEXT A BEAUTIFUL WHITE BIRCH desk and still upright chair arrived. I am afraid to use the desk for fear of getting fingerprints on it, and I'd rather lie on the floor than sit on the chair. It's more comfortable. The other day I saw Frances measuring a space by the wall. "For a television set," she explained. When I objected I didn't want to turn the room into a theatre, she asked: "Are you going to be stingy with your den?" "It is this a den," I said, "for a different kind of hyena than you married." "I don't see what you're hawking about," she said. "This is a nice room now. I love to come in here and do my sewing." And that is why I am going to buy a pup tent and pitch it in the living room. A man's den is just his wife's idea.

# South Plains Assemblies Of God To Close Convention Here Today

The Rev. H. M. Fuller of Tucuman, superintendent of the New Mexico district, who has been the principal speaker for sessions of the annual spring convention of the South Plains section of the West Texas District of the Assembly of God church, will fill the pulpit at both services at the local church today. The convention opened Friday and will close today.

The Rev. J. A. Thomas, district superintendent of Lubbock, has been the presiding officer during the sessions. The Rev. C. R. Love is the host pastor.

All day dedicatory services will be held at the First Baptist church in Stanton today. Guest speakers will include Dr. J. Howard Williams, executive secretary of the Baptist General convention and the Rev. J. William Arnett, local missionary to district eight.

The church building was completed in December of 1946, but the remaining indebtedness against the building was not eliminated until January of this year. This work was done under the direction of the finance committee composed of Guy Eiland, J. C. Sale, Grady Cross, John Pinkston and B. F. White.

The Rev. T. R. Hawkins has served as pastor of the Stanton church since November 1946. A basket luncheon will be served at the church. During the afternoon, a musical program will be presented under the direction of Duke Jimeron of Midland.

St. Thomas Catholic church will conduct special Sunday services at 7 p. m. throughout the Lenten season. Stations of the cross and the benediction will be under the direction of the Rev. Theo Francis, pastor. Mid-week services will be Wednesday at 7 p. m. and will consist of a question-box, sermon and benediction. Sunday masses will be at the regular scheduled time of 7 to 9:30 a. m. Confessions are heard before the daily mass and from 7 to 8:30 p. m. Saturdays.

At the Sacred Heart Catholic church (Latin American) Lenten services will be at 7 p. m. on Sunday and Wednesday. Sunday masses are at 8:30 and 10:30 o'clock under the direction of the pastor.

The Rt. Rev. George H. Quarterman of Amarillo, Bishop of the North Texas District will observe Holy Communion at St. Mary's Episcopal church this morning at 8 o'clock. He will also direct the morning prayer and sermon at 11 o'clock.

Sunday school will convene at the church at 9:45 a. m. under the supervision of Otto Peters, Jr. Mr. and Mrs. D. M. McKinney will sponsor the meeting of the Young People's Service League at the church at 6:30 o'clock.

The Rev. C. C. Hardaway will be heard on the subject, "I Believe In Prayer," at the morning worship hour at the Wesley Methodist church. During the evening service, the Rev. Hardaway will discuss, "Having the Right Enemies." Mrs. Joe Percy, soloist, will present the selection, "Nearer My God To Thee," by Jarome during the morning service.

Announcement is made of the coming spring revival at the Wesley Methodist church beginning March 12 through the 19th. The Rev. Herschel L. Thurston of the First Methodist church in Brown field will serve as guest speaker.

At the First Baptist church, Dr. P. D. O'Brien will address the congregation on the sermon-text, "Where Are the Lost?" from Luke 15:1-8. The sermon will be broadcast over KTXC. A religious moving picture will be projected at the church at 4 o'clock. During the evening worship service, Dr.

nel will speak on the "The Infinitely Safe Way," from Matthew 7:13-14.

"Mix and Stir Well," will serve as the subject to be discussed by the Rev. Cecil Rhodes during the morning service at the Westside Baptist church. Scriptural references may be found in Exodus 36:2, which reads: "And Moses called Bezaleel and Aholiab, and every wise-hearted man, in whose heart the Lord had put wisdom, every one whose heart stirred him up to come unto the work to do it." During the evening service, the Rev. Rhodes will compare "Eternal Life to Eternal Death," from John 3:15.

The Rev. R. Gage Lloyd will present the sermon, "High Time To Awake," during the morning service at the First Presbyterian church. Mrs. C. R. McDaniel, soloist, will sing "My Creed," by Garrett prior to the sermon. During the evening, the Rev. Lloyd will speak on the "Essential Call of Christ To Man." A quartet, composed of Helene Phillips, Mrs. L. B. Edwards, Mrs. Joe Brooks and Mrs. A. B. Brown, will sing the selection, "I Heard the Voice Of Jesus Say," by Sparh.

The Rev. Lloyd Thompson will speak on "The Successful Church," at the First Christian church this morning, and on "The Shepherd's Psalm," during the evening.

"The Doctrine Of The Blood," will serve as the morning sermon to be presented by the Rev. Everett M. Ward at the State Street Baptist church. The sermon text is found in Hebrews 9. Sunday school will meet at 10 o'clock and Baptist Training Course will be held at 7:45 p. m. Mid-week prayer services will be led by the pastor Wednesday evening.

The Rev. Ad H. Hoyer will speak on "Over-Estimating Our Money," at St. Paul's Lutheran church this morning. Sunday school and the Bible class will be held at 10 o'clock.

The Rev. J. M. Foshe, pastor of the Church of God, will speak on the subject, "Work While It Is Day," this morning. Sunday school is at 9:45 a. m. and morning devotional at 10:45 o'clock.

"Man" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, and in the local reading room, 217 1/2 Main, today. The Golden Text is: "Know ye that the Lord He is God: It is He that hath made us, and not we ourselves; we are His people, and the sheep of His pasture." (Psalms 100:3)

Among the citations which comprise the lesson-sermon is the following from the Bible: "Mark the perfect man, and behold the upright: for the end of that man is peace." (Psalm 37:37). The lesson-sermon also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God is the creator of man, and, the divine Principle of man, remaining perfect, the divine idea or reflection, man, remains perfect." (Page 470).

"Christ's Second Coming," will be discussed by the Rev. John E. Kolar at the Main Street Church of God, corner Tenth and Main, this morning. Scriptural text may be found in Acts 1:6-11. The Rev. Carpenter of Bismarck, Ark., will start a series of special meetings Sunday evening, at 7:30 o'clock. Services will continue throughout the week.

Members of the Ackerly Baptist church will formally observe the opening of their new church building with all-day services today. Dr. Floyd Chaffin of Dallas will speak during the morning service and Dr. P. D. O'Brien will address the group at 2:15 o'clock. Luncheon will be served at noon.

Two services are scheduled today at the Lees Baptist church. One hour following the 10 a. m. Sunday school, the Rev. J. Tilden Johnson, pastor, will speak on "Live or Die." His topic for the 7:30 p. m. worship is: "Will I Murder My Brother or Friend?" A revival meeting scheduled to begin today has been postponed due to the influenza epidemic.

J. Howard Williams

O'Brien will speak on "The Troubled Waters," from John 6:4.

"The Mark of True Repentance," from Luke 13:3 will serve as the sermon-subject to be discussed by Church of Christ, East Fourth and Benton, this morning. During the evening, Minister Love will discuss "The Conversion Of The Pentecostian," from the second chapter of Acts.

Each Monday morning at 9:05 o'clock, Minister Love may be heard over KTXC, bringing a series of sermons based on the "New Testament Churches" Monday morning. Minister Love will be heard on the subject, "Distinctive Features of A New Testament Church."

The Rev. Lewis Patterson, pastor, will speak at 11 a. m. on "Why I Am a Nazarene," highlighting a series of doctrinal messages this month at the church of the Nazarene, Fourth and Austin. Sunday school is at 10 a. m. evening worship at 7:30 o'clock.

During the morning worship service at the East Fourth Baptist church, the Rev. James S. Parks will discuss the subject, "The Highest Stake At The Gambling Table." Scriptural reference may be found in Acts 24:22-25. Prior to the sermon, Billy Rudd and Mrs. A. W. Page, will sing "Ivory Palaces."

The Rev. Parks will speak on "The Damning Sin of Unbelief," from John 3:36 during the evening service. Members of the Young Men's Quartet will sing the special selection, "I Want My Life To Tell For Jesus." Members of the quartet include Gorman Rainey, Arnold Tonn, Jerry Bond and Loy Anderson.

"What Memorial Have You?" will serve as the sermon-topic to be discussed by the Rev. Aisie H. Carleton at the First Methodist church. During the evening the pastor will speak on the subject of "The Man Who Loved the World So Much He Lost It."

Pastor Marvin H. Clark will be heard on the subject, "Four Things God Wants Us To Give Him," during the morning service at the Trinity Baptist church. The evening sermon will be broadcast over KTXC. Subject for the sermon will be "The Way Home."

"The Parable In Matthew 13," will serve as the subject for lecture by the pastor at the Wednesday evening prayer service to be held at the church at 7 o'clock. Pastor Clark may be heard over KTXC each afternoon at 1:30 o'clock Monday through Friday.

At the Church of Christ, 14th and Main, Lloyd Connel, minister, will discuss "The Last Supper," based on John 13:1-30 this morning. During the evening, Minister Con-

nel will speak on the "The Infinitely Safe Way," from Matthew 7:13-14.

"Mix and Stir Well," will serve as the subject to be discussed by the Rev. Cecil Rhodes during the morning service at the Westside Baptist church. Scriptural references may be found in Exodus 36:2, which reads: "And Moses called Bezaleel and Aholiab, and every wise-hearted man, in whose heart the Lord had put wisdom, every one whose heart stirred him up to come unto the work to do it." During the evening service, the Rev. Rhodes will compare "Eternal Life to Eternal Death," from John 3:15.

The Rev. R. Gage Lloyd will present the sermon, "High Time To Awake," during the morning service at the First Presbyterian church. Mrs. C. R. McDaniel, soloist, will sing "My Creed," by Garrett prior to the sermon. During the evening, the Rev. Lloyd will speak on the "Essential Call of Christ To Man." A quartet, composed of Helene Phillips, Mrs. L. B. Edwards, Mrs. Joe Brooks and Mrs. A. B. Brown, will sing the selection, "I Heard the Voice Of Jesus Say," by Sparh.

The Rev. Lloyd Thompson will speak on "The Successful Church," at the First Christian church this morning, and on "The Shepherd's Psalm," during the evening.

"The Doctrine Of The Blood," will serve as the morning sermon to be presented by the Rev. Everett M. Ward at the State Street Baptist church. The sermon text is found in Hebrews 9. Sunday school will meet at 10 o'clock and Baptist Training Course will be held at 7:45 p. m. Mid-week prayer services will be led by the pastor Wednesday evening.

The Rev. Ad H. Hoyer will speak on "Over-Estimating Our Money," at St. Paul's Lutheran church this morning. Sunday school and the Bible class will be held at 10 o'clock.

The Rev. J. M. Foshe, pastor of the Church of God, will speak on the subject, "Work While It Is Day," this morning. Sunday school is at 9:45 a. m. and morning devotional at 10:45 o'clock.

"Man" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, and in the local reading room, 217 1/2 Main, today. ## The beginning OF THE HARVEST

Some folks think that the first day of reaping begins the harvest.

But the farmer knows that the real beginning of the harvest is the first day of plowing. Furrows come before fields of golden grain. Without the labors of Spring there can be no sheaves in the Fall.

The Greatest Teacher taught that. He said His Truth was like seed . . . some of it might fall on poor ground and die . . . but when it was sown in rich, well-plowed soil it would bring a fruitful harvest.

Every Sunday our Churches plow deep furrows in the good soil of humanity . . . so that God's Truth can take root and grow . . . so that the world may realize its long-cherished hope, a harvest of peace and goodwill.

But remember, the harvest begins with the plowing. Worship God in Church next Sunday!

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four essential reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Military Experts Agree Future Arctic Forces Will Be Small

WASHINGTON, March 4.—Men who led the recent mock warfare in the Alaskan sub-Arctic agreed that large masses of men never could be pitted against each other in Alaska as they were in the last war, but they couldn't agree on why this is so.

This correspondent, covering the Canadian-U. S. joint maneuvers, heard from various commanders two theories why the forces that could be employed would be relatively small.

One was that only a limited number of men could be supplied there because of transportation difficulties. This is the accepted view of the national military establishment, according to officers who help do the planning in Washington.

Another view, expressed by a high ranking officer with important experience in military transportation, was that there just wasn't room enough, not enough battle-ground, for masses of men to fight. He said he could transport ample supplies for all the men who could be used in the region.

A third opinion about limitations on Arctic warfare was expressed by a Canadian ground officer in a highly responsible position. He said air power would be decisive. With out air superiority, he said, either big or little armies in Alaska could be quickly wiped out because of the limited space in which men and equipment could be deployed.

All these men were looking at the same picture, a land just under the Arctic Circle which has been developed relatively little. Few people or towns are found anywhere but in the area southeast and southwest of Fairbanks, in south central Alaska.

Highways are so few that they

can be quickly described. The main one is the Alaska highway, with its northern terminus at Fairbanks and extending 1,523 miles south to the railhead at Dawson Creek, in central Canada. Only five roads extend west from that highway in Alaska to connect with cities on the coast.

The only sizeable railroad is the single-track line between Fairbanks and Anchorage, both in Alaska. Sometimes in winter it is out of commission for days because of snowdrifts, landslides and damage along the roadbed. Another short, narrow-gauge, single-track railroad connects the port of Skagway, Alaska, with Whitehorse, Canada. It goes through passes which sometimes are choked with 50 feet of snow.

A pipeline carries oil from tankers at Skagway through Whitehorse to Fairbanks. This is one of the most important links between interior Alaska and the sea.

The men who see the problems of supplies and transportation as most important believe the roads and railroads would be strained to the limit in providing all the paraphernalia of modern warfare to even a relatively small force. They are thinking in terms of 24,000 Army and Air Force troops in Alaska by the time housing, warehouses and other facilities can be provided—they estimate by June 30, 1952.

They believe that force will be sufficient to defend Alaska. According to theories of military strategy, an invader would have to use three times that many men to defeat the American force as long as the Americans defended well fortified, well supplied positions.

They doubt that an enemy could employ effectively even a small fraction of that number in the region as long as the United States held the railroad, the highways and the three great airfields—one at Anchorage and two in the vicinity of Fairbanks.

The officer who said he could supply all the troops that could be employed said that with unlimited funds and equipment the roads and railroad could be made to work miracles. Also, he would count on gigantic airlifts. In winter, when the ice is deep, he pointed out, each of the thousands of lakes and rivers is a potential airfield.

But, he declares, masses of men can't be deployed through frozen jungles of spruce, tamarack and low willows and alders, so thick in many places that men can't see more than 10 yards ahead.

**FIGHT ALONG HIGHWAY**

Nearly all the fighting in the recent maneuvers was done on the Alaska highway. Camps didn't extend more than 100 yards on each side. Only small patrols went as far as a mile or two off the highway, and they didn't carry heavy equipment.

The front lines were composed of fairly widely-spaced machine-gun and automatic-weapon emplacements. Two-man patrols maintained contact between gun positions.

One man is never sent alone to fight in that climate, where winter temperatures range from 20 to 60 below zero and he isn't kept on the front line for more than half an hour except in an emergency.

A Canadian commander, seeing the battle forces closely packed in a 200-yard strip along mile after mile of the highway, looked at the

## Aid In Making Tax Returns Available

Personnel of the Bureau of Internal Revenue's office remained on duty here Saturday and will again on Saturday, March 11 in order to lend assistance to tax payers who have not completed returns on 1949 income.

Tax payers can call at the office, located in the basement of the post office building, anytime now and March 15 if they desire forms on which to make their returns or advice on completing them.

The department will keep its doors open until midnight on March 15 in order to service local people fighting such a late deadline.

## Driver Heads City Association Of Insurance Agents

E. P. Driver was named president of the Big Spring Association of Insurance Agents at the organizational meeting of the unit here Friday.

Other officers elected were R. B. Reeder, vice-president; Joe Pond, secretary; Robert Stripling, secretary. Officers, together with R. E. McKinney, Mrs. Olive Ruth Cowden and Mark Wentz, will comprise the executive committee.

Underwriters who operate agencies in Big Spring for fire and casualty insurance, and who are affiliated with the state association are eligible for membership.

Purpose is to stimulate professional improvement through schools of instruction and exchange of ideas, and to deal with common problems.

Next meeting is set for Monday noon, and meetings will be held weekly until the pattern of operation becomes clear. Then sessions will be held on a semi-monthly basis.

## Dogs Chase Reds

SINGAPORE, (U.S.)—Police dogs are to be used in Malaya's jungles by security forces to ferret out Communist terrorists. The Far East Air Force has assigned two experienced dog-handlers to the Police Training School, at Kuala Lumpur. After getting preliminary obedience tests, the first batch of dogs bagged their first victim—a wounded insurgent in hiding.

# Aggression Land Making Things Lively For U. S. Armed Forces

WASHINGTON, March 4.—The most daring and wildly ambitious nation in all history has plagued U. S. armed forces in their training maneuver for the last three years.

He has struck with great force and cunning from Hawaii to the Caribbean, from Alaska to the Gulf Coast of Florida. He always gets latched, but he always comes back for more. You can't afford to kill him off, because that would spoil the story.

Aggression Land and its fantastically mobile armed forces were invented by the military minds in the Pentagon to give reality to battle exercises. Through the post-war Aggressor has acquired a complete history and personality.

Before the war troops on maneuvers were simply divided up into "reds" and "blues." They practiced fighting against each other, but there was nothing to distinguish them except colored arm bands.

Now when the Armed Forces prepare for maneuvers they select certain units to be aggressors. These are trained for months to impersonate foreign soldiers, sailors and airmen. They wear differently colored uniforms, have distinctively different helmets, insignia and ranks. Their armies are organized differently. They even have a hodge-podge language of their own.

Any Aggressor Land prisoner you capture can tell you his nation's history.

It is a dictatorship, spawned by the chaotic conditions that followed World War II. Dissident elements from many nations banded together and seized land. They now have Northern Spain, Southern

France, Northern Italy, Spanish Morocco and the Tyrol region. By political trickery they have set up puppet governments in several Caribbean countries.

The aggressor language is a combination of English, Spanish, French, German and Italian. It has no distinctive grammar, just vocabulary. Aggressor troops in the field speak only a shattering of it. But at Aggressor's general headquarters, orders are written in the Greek language, and everybody from general's down has to learn a veritable volume of aggressor words.

Aggressor launched his first attack on the United States in 1946, when he seized a part of Southern California. He was kicked out in exercises that centered at Coronado. He has struck again, year after year. Aggressor always is successful in his airborne or amphibious landing but invariably gets a beating when U. S. forces take the field.

It happened when he invaded the Gulf Coast of Florida, aided by subversive American citizens; when he struck in the north, attempting to seize the St. Lawrence seaway; when he made an airborne invasion of Kentucky; when he seized the western half of Cuba. He captured Oahu, in the Hawaiian Islands, in October 1948 and for eight months the American High Command went through all the motions of preparing to retake the island. That happened in June 1949.

At this moment aggressor is closing in on the United States in a great pincer movement. He has seized Vieques Island, off Puerto Rico, ready for a leap at the U.S. eastern seaboard. An American fleet is now carrying a joint force

to the rescue.

(The battleship Missouri was heading for Vieques when it went aground.)

Aggressor seized Alaska some months ago, attacking by air from bases in Siberia or the Northern Japanese Islands. He sat astride the ice-hardened Alcan Highway, ready for a plunge down through Canada and into the American Middle West. But Canadian and American maneuver forces mobilized and trounced him again on the Alaskan border in mid-February.

The joint Canadian and American forces fought a real battle in the bitter sub-Arctic winter weather in temperatures 20 and 30 degrees below zero. Aggressor, employing every dirty tactic of psychological warfare, was beaten back from the frozen forests of the Yukon, but he is only licking his wounds and soon will strike again. The fighting was imaginary, but the cold wasn't. It was a merciless test of men and equipment.

Now joint U. S. forces are massed in operation Forttux, largest peacetime drill ever staged by the U. S., to meet the second massive blow from the Caribbean at the opposite end of the temperature scale.

Aggressor is adept at all kinds of ruses, espionage and sabotage. He specializes in psychological warfare. To beat him, U. S. forces are trained exhaustively to match his wits as well as his weapons.

U. S. commanders credit aggressor with doing more to sharpen American fighting power than any other training invention.

## McDonald Changes Mind, To Run Again For Farm Commissionership

AUSTIN, March 4. (AP)—J. E. McDonald, who said Jan. 24 that 10 terms as agricultural commissioner was enough, reversed his decision Thursday. He will run for re-election.

## Illegal Parkers Face Fines Here

Motorists parking in the restricted zone at the south end of the post office are making it difficult for individuals who desire to drop mail in the box fronting Fourth street.

A space of some 30 feet around the depository is restricted to motorists wishing to mail letters and packages without leaving their cars but Postmaster Nat Shick said he had counted as many as a dozen empty vehicles parked there in a day's time.

Violators are liable for traffic tickets and fines in corporation court, Shick stated.

First National Bank Bldg.

two years ago, a college teacher of vocational agriculture, and a former newspaper promotion man have been eyeing the job since McDonald's January announcement.

Some of the candidates may drop out. McDonald has never lost a race since he was first elected in 1930.

McDonald explained his new decision this way in a prepared statement to the press:

"Many agriculture people believe that within the next two years a constructive and enduring agricultural program must be provided and that as Texas commissioner of agriculture I could be helpful."

"Therefore, I have re-considered and am a candidate for re-election."

Asked later to amplify his announcement, he said:

"The present and last Congress have been working on plans for a constructive, enduring agricultural program. My friends think I am deserting at the wrong time."

"I would like to retire, but Texas has been good to me. If my friends feel that I can be helpful in drawing plans for the future, I'm willing to give two more years."

McDonald had said his earlier decision to retire was based on his age, 68, and his desire to move to the valley where four of his five children live.

Definite candidates for the agriculture commissionership include Rep. R. E. (Peppy) Blount of Big Spring.

## City VA Hospital To Be Inspected By Engineers Monday

Shakedown inspections, looking toward a final one by engineers from Washington, are due this week at the Veterans Administration hospital.

Engineers from Dallas and Albuquerque offices of the U.S. Corps of Engineers are due here Monday to join Louis G. Bradley, project engineer, in an inspection of the plant.

Action on their findings is due to set the stage for the major inspection by engineers from Washington. As exceptions, if there be any, are noted and corrected, the new plant will pass from the U.S. engineers to the Veterans Administration.

Currently, there are minor items still pending. Some painting remains. Last of kitchen equipment is reportedly enroute. Soapstones for the laboratory have not been received. Otherwise, the project, after two years, is just about ready to be polished off.

Meanwhile, the staff is being assembled under the direction of Dr. Lloyd Andrews, superintendent, and his chief aides.

## Farmer Moves All His Belongings

GLEN MACRIE, Islay Inner Hebrides, moved a 20-car train and a boat to move everything he owned 366 miles here from Derbyshire.

The load included four tons of furniture, tractors, farm implements, seeds, fertilizers, poultry, 18 cattle and 15 sheep.

## China, Atom Issues Headed For UN Meet

By FRANCIS W. CARPENTER AP Staff

LAKE SUCCESS, March 4.—The critical issues of Red China and the atomic bomb appeared headed today for a special session of the UN General Assembly in New York in mid-May. But UN leaders privately expressed little belief that such a meeting would entice the Russians back to the fold unless an unexpected break comes.

The Soviet delegation and its eastern European allies have been on a walkout strike against UN organizations since January, refusing to sit with delegates of Nationalist China.

Informed delegates at the UN said the feeling is growing that something must be done; that the UN cannot go on forever with some of its members refusing to take part and with the East-West tension increasing.

So far, these sources said, the best bet appeared to be a special session.

The session might be called primarily to settle the China question and get the Russians and their satellites back into the meetings if possible.

Then, the assembly could be faced with the atomic control question. If there is a special session it might begin about mid-May. The regular 1950 session is scheduled next fall.

## Korean Finds Old Piano Teacher

BLOOMINGTON, Ill., (AP)—Miss Hyung Sook Roe came from Korea to study music at Illinois Wesleyan university.

If she felt she was among strangers, it was not for long. For one of the members of the faculty is Miss Wha Young Chung, who used to be her piano teacher at Wha college in Korea.

## New Cancer Test Is Good, But Not At All Infallible

NEW HAVEN, Conn., March 4. (AP)—A new blood test is 75 to 80 per cent accurate in detecting whether a person has cancer.

It has been tried on more than 2,500 persons in the last two years. It misses some who do have cancer. In others, it gives a "yes, cancer" reply in people who don't have cancer.

Its batting average is thus much like those of several other tests recently developed. They all show we are very close to having useful, quick blood tests to spot cancers early, and thereby save thousands of lives annually.

The new test was developed by Dr. E. Everett Clifton, surgeon of Yale University School of Medicine. He measures the amount of a chemical called an anti-enzyme, in the blood. It counteracts an enzyme that digests protein, the stuff that body tissues and cancers are made of.

In cancer, the blood contains more than normal amounts of the anti-enzyme. This extra amount may, in effect, smother the enzyme that keeps a brake on growth of cancer or other tissues.

This blood test has been correct in about 75 per cent of patients who actually did have cancer, Dr. Clifton said.

But it also says "yes" in most people who have acute infections, have just had major operations, or in pregnant women. These conditions also raise the amount of anti-enzymes in the blood.

If such cases aren't counted, the test went wrong by saying "yes" in only five per cent of some 911 people who didn't have cancer. Dr. Clifton said. Really sick people, or pregnant women, wouldn't likely be going to cancer detection centers.

The test also misses spotting some people who really did have cancer. It seems to give false answers of "no cancer" more often when the cancers are spreading than when they are confined to one site.

The test was best at detecting the cancers hardest to spot by usual means, Dr. Clifton added. It was 92.8 per cent accurate in finding

cancers of the lung, 90 per cent in cancers of the kidneys, liver or pancreas, and 80 per cent in stomach and bladder cancers. It was only 40 per cent accurate in finding breast cancer, and about 33 per cent for cancers of the cervix, uterus and ovary.

It misses skin cancers unless they are about 3-10ths of an inch in size. Skin cancers, however, are the easiest to find by regular means.

The test still is being studied, to find possible improvements, or to learn which kinds of cancers it is best at detecting early. A technician can run about 20 tests a day. The materials for the test are relatively cheap, Dr. Clifton said.

The test itself is made by adding definite amounts of trypsin, the digesting enzyme, to diluted samples of blood serum. Fibrinogen, a blood clotting protein, and thrombin also are added. These should make the blood clot. But trypsin digests fibrinogen, preventing a clot. If the anti-enzyme is above normal, the trypsin can't do the digesting and a clot forms. The test can show how high the anti-enzyme is above normal amounts.

No cancer test has yet been found that is perfect.

Some authorities urge waiting for a perfect one, before using blood tests in cancer detection centers.

Other authorities believe the tests would be valuable. Early cancers can be missed even in the most elaborate examinations. Using one or several blood tests could help in spotting unrecognized cancer. They feel this would be worth the risk of worrying non-cancer people who came up with the "yes" answers.

## New Hearing Device Has No Receiver Button In Ear

Chicago, Ill. — Deafened people are hailing a new device that gives them clear hearing without making them wear a receiver button in the ear. They now enjoy songs, sermons, friendly companionship and business success with no self-conscious feeling that people are looking at any button hanging on their ear. With the new almost invisible Phantomold and Beltone you may free yourself not only from deafness, but from even the appearance of deafness. The makers of Beltone, Dept. 40, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement they will gladly send you their free brochure (in plain wrapper) and explain how you can test this amazing device in the privacy of your own home without risking a penny. Write Beltone today. (Adv)

GET BAYLOR WATCHES—Dave Clark (left) district traffic manager for Pioneer Air Lines, and J. L. Fargerson (right) local manager, receive Baylor watches from Vic Alexander, Zale's manager here, to mark adoption of the Baylor watch as official timepiece throughout the Pioneer system.

**Pioneer Air Lines Adopts Baylor Watch**

Pioneer Air Lines has adopted the new Baylor automatic watch as the official timepiece for the company. In ceremonies here this week, two of the Baylor watches were presented to Pioneer representatives, Dave Clark, district traffic manager of Midland, and J. L. Fargerson, local manager. The

presentation was made by Vic Alexander, local manager of Zale's jewelers. All pilots, dispatchers, station managers and executives of Pioneer Airlines are being given Baylor watches for the accurate timing of all flights and other company operations. "The model approved," Alexander

pointed out, "is a 17-jewel water-resistant and shock-resistant Baylor movement with automatic rewind feature. It uses the Beryllium balance which makes the movement completely anti-magnetic. The dial is luminous with a sweep second hand for extremely accurate 'second' timing. Case is in stainless steel with matching metal band."

"Because of the high traffic flow over Pioneer Air Lines and the exceptional accuracy with which they must meet connecting schedules out of the Southwest's five major air division points, Dallas, Houston, El Paso, Albuquerque, and Fort Worth, we are particularly proud that Baylor Watches were selected for this job," Alexander said.

**EWEN TO LEAD RITUAL**

**District KP Meet Set Wednesday**

The Big Spring Knights of Pythias lodge will host Wednesday to several hundred members of West Texas KP lodges who are to gather here for a district No. 8 convention.

Approximately 300 of the visitors, recently elected to membership in the various lodges, are expected to participate in the Rathbone Bible class, obligatory ceremony to be administered by the national secretary of the organization, Mel M. Ewen, of Minneapolis, Minn. A number of other officers, representing the state lodge, will also be on hand for the ritual. A unique feature of the obligation ceremony, will be the 105-year-old Bible which was used by Supreme Court Justice Henry Rathbone in 1864 in giving the obligation to original KP members in Washington, D. C.

Delegations from KP lodges in Abilene, San Angelo, Lubbock, Tahoka, Lamessa, Midland, Spur, Odessa, Brownwood, and Austin are to be present for the district convocation. The chapters have announced. Visiting lodges as well as the Big Spring body are to administer the obligation to all new members.

State officers to be present include Bryan Thomas, grand chancellor from Electra; Clive Pierce, grand vice chancellor from Abilene; Theo Yarbrough, grand secretary, Weatherford; and Jack Needham, district No. 8 regional director, and Royal G. Phillips,

MEL M. EWEN

special representative, from Austin. Ewen will administer all ritualistic work. He is to bring the Rathbone Bible in a special case from Minneapolis. Local preparations for the affair are being directed by H. M. Rainbolt, Big Spring, who is deputy grand chancellor for the area. He is assisted by Paul Darrow, grand chancellor for the local lodge. The meeting will be held in the high school gymnasium, starting at 8 p.m. Wednesday.

# Red Cross Campaign Goes Forward On Many Fronts

Another phase of the local Red Cross campaign gets underway Monday, as women volunteers join in a residential membership solicitation.

This drive is under direction of Mrs. E. J. Hughes, who has summoned all workers to meet for a preliminary session at 9 a. m. Monday.

This conference will be in the Mavrick room of the Douglass hotel, and coffee and doughnuts will be served.

The residential areas have been zoned, with workers making calls in the different zones.

Meanwhile, the total contributions to the Red Cross fund to date

had inched up to \$2,300. A total of \$11,000 is the goal. All funds to date were represented in the advance solicitation which is directed by Schley Riley. Not all reports have been made yet in this phase, because they have delayed some workers. Riley is urging a prompt report on all prospect cards.

The business district canvass has gotten under way, with Truman Jones heading up this effort. He is asking that reports be made to him by workers in this particular field.

On other fronts, Everett Lomas has started solicitation in the rural areas. Bill Cox has a group working special sources; and Neel Barnaby has a team of volunteers on the industrial front.

"We feel that progress is being made," said Champ Rainwater, general chairman of the annual campaign. "We ask now that volunteers do their work as promptly as possible, and make reports just as promptly. We hope to be able to report appreciable gains on all fronts this next week."

A campaign headquarters has

## 31 Job Placements Are Made By TEC

Job placements outnumbered the new work applications at the Texas Employment Commission office here during the last week.

A total of 31 placements were made while 28 new applications for work were filed, Leon M. Kinney, TEC manager, said Saturday. However, a total of 309 active applications for work remain on file with the TEC.

There were a total of 386 visits to the office during the week, Kinney reported. The TEC received 37 new job orders and accepted 52 claims.

## Talks Set On C-C Broadcast Today

Two discussions are scheduled for the chamber of commerce radio program to be presented over station KBST at 3 p. m. today.

Rev. Albie Carleton pastor of the First Methodist church, will speak on the need for church expansion. W. C. Blankenship, school superintendent, is to discuss the school bond election which will be held Tuesday.

Music for the program will be both vocal and piano selections. Louis Lovelace, vocalist, and Lu Ann Nall, pianist, will be featured during the program. Cornelia Frazier will sing a group of light operatic selections, accompanied by Mrs. Omar Pittman and Mrs. Bill Edwards.

## Road Fencing In Glasscock County Near Completion

GARDEN CITY, March 4 — Fencing is to be completed this week on the three miles of road being opened in the northern part of the county.

The route will connect with the Big Spring-Garden City highway below Lee's and extend to the Lomax-Garden City road. It will lie along the south side of the Laris McDowell ranch and the north side of the Sohn Schaffer place. Farmers and ranchers moving toward Big Spring will thus be able to move on more miles of pavement. Travel for some along the Lomax-Lee route may be expedited by the road. Plans call for it to be graded and maintained by Glasscock county.

# Red-Haired Preacher Hits Political Trail

OKLAHOMA CITY, Mar. 4 — A handsome, red-haired preacher, his eye on the U. S. Senate, is giving Oklahoma something new in the way of politics.

The Rev. William H. Alexander, pastor of the First Christian Church, one of Oklahoma City's largest, announced himself as a Democratic candidate for the Senate before a packed Sunday morning church service.

Political observers don't know what to make of Alexander.

"Either he will sweep the state in a landslide, or he will be left far behind," they conclude.

Politicians say he probably started his campaign with more votes already decided—pro or con—than any other candidate.

The affable, 35-year-old native Missourian who once was offered a Hollywood movie contract, made interesting news stories almost immediately after his announcement.

Alexander chose an investment company executive as campaign manager. In Oklahoma that's not recommended as a method for winning the "little people's" vote. Headquarters were set up in an Oklahoma City hotel. Alexander's personal pilot was placed in charge.

One campaign plan is use of a helicopter to fly him about the state. But that may be abandoned as too expensive.

Alexander also is going to get help from cowboy movie star Roy Rogers, who said in Hollywood he would come to Oklahoma before the primary to campaign. Alexander married Rogers and his leading lady, Dale Evans, at a ranch near Sulphur, Okla., two years ago.

Alexander handed practical politicians a severe jolt in his first political speech. He endorsed more liberal treatment of Negroes in Oklahoma — historically southern in that respect.

The energetic minister gained national publicity last year when he criticized liquor bootlegging in this dry state. At the same time he hinted he might favor a proper repeal measure.

However, he took no part in the repeal election last September in which prohibition won. His criticism of Oklahoma's liquor situation incurred the wrath of many ministers who were fighting hard to prevent an election being held.

Alexander's Hollywood offer came a few years ago when plans were made to film his life story in a picture to be called, "Hand On My Shoulder." The film has not been made but is still a possibility.

If elected to the Senate, Alexander says he would keep his ministerial post by flying between here and Washington on week ends.

His philosophy as a minister and candidate for office:

"We ought to make Christ a secretary of human relationships. . . . My candidacy . . . wouldn't inject religion into politics but we need to bring Christian principles into government."

Alexander had no plans for the ministry as a youth. His first public appearances were as a master of ceremonies for a St. Louis nightclub.

He attended four universities — University of Missouri, Phillips University, Enid, Okla., Tulsa University and Chicago University.

He jumped into national prominence as soon as he took the Oklahoma City pastorate. Pool tables, table tennis, bowling alleys and bridge playing became a part of the church's youth program. Many conservative church people in Oklahoma didn't agree with him — and said so.

Alexander's theory is that young people need church activities to compete with other entertainments not in keeping with Christian training.

So far his Senate campaign has been held to a minimum due to previously-made speaking engagements. It probably will be April before his race starts in earnest.

Oklahoma politicians can't agree on how well he will run but they are sure of one thing: He will give the state a colorful campaign.

# BAYLOR WATCHES

TIME THE SKYWAYS FOR

# PIONEER Air Lines

Pioneer Air Lines now depend on the split-second accuracy of Baylor watches to meet the exacting schedules so important in air line operations. Dependable Bayers are worn by all of Pioneer's executives, pilots, station managers and dispatchers.

As you can imagine, we who distribute Baylor watches are proud of the honor awarded this fine watch. For we know Pioneer's selection of an official timepiece was made only after the most exhaustive tests . . . tests in which the precision, dependability and rugged stamina of Baylor watches were proven beyond question.

It's the same timekeeping excellence which accounts for the phenomenal growth in popularity of Baylor watches. Doctors, nurses, railroad men, business executives . . . men and women in all walks of life are discovering Baylor offers the ultimate in accuracy and smartness of design . . . and at a price everyone can afford. Come in and see the large new selection of these fine watches at Zale's TODAY!

### Scholastic Census Of City District To Be Tabulated

Tabulation of the 1950 scholastic census of the Big Spring Independent School District will begin next week, Dean Bennett, elementary school supervisor, reported Saturday. Elementary school teachers completed initial calls throughout the district during the past week.

Bennett estimated that about 90 percent of the eventual total had been accounted for during the first few days. The census enumerators will begin making call-backs next week, however, to pick up those who were missed on the first trip. The lists will then be checked against enrollment of the various schools and against the 1949 census. The district probably will continue to add scholastics to its census rolls for the remainder of the month.

**NEW SUPER MARKET**—Well illuminated by a battery of overhead fluorescents and offering a complete and sweeping view, the Newsom Super-Market at 3rd and Bell was presented to the public last week. In the foreground may be seen quartet of checking stands, neatly arranged. While staples and notions may be seen on the various counters in the center, meats, dairy, poultry, fruit and vegetable products may be spotted easily along the walls. Thousands took in the opening. Managers of the store were announced Saturday. James Stueville is to be in charge of the grocery department, while Bill White is market manager and Horace Williams is produce manager. (Mathis Photo)

### Army Recruiting Personnel Meet In City Saturday

First March meeting for canvassers in the Big Spring Army Recruiting district was held at the Recruiting Main station here Saturday. Col. John F. Taylor, district commander, and Main station personnel conducted various phases of the training program which was held for sub station commanders from Monahan, Snyder, Del Rio, Eagle Pass and Odessa. Capt. Walter Alonks discussed advertising, Sgt. Ernest E. Runyan spoke on public relations media, and Sgt. Marion Roach outlined eligibility requirements and enlistment procedure. Sgt. Tom Bunch explained government directives and administrative activities in general. The area meetings will be held twice monthly in the future with half the substations in the Big Spring district attending each session. Col. Taylor told the group. Purpose of the division is to permit Main station personnel to hold vehicle inspections on the same day recruiters are in Big Spring for conferences.

## Free European Trade Is Goal Of Hoffman

WASHINGTON—Marshall Plan Director Paul Hoffman has come to Congress after failing to put it across in Europe—with a plan which may still force Western European nations to loosen up their trade with each other. He tried in January in Paris to get the Europeans to let down some of their trade barriers. Europe didn't bite. But American experts still believe that Western Europe must buy more from each other to fill in a gap now largely supplied by American gifts. So now Hoffman has proposed to a joint session of the Senate and House Foreign Relations Committees that \$600 million of this year's Marshall Plan funds be put into a sort of European clearing house that might stir up European trade. A "clearing union" is a fancy banker's term, but the plan is easy enough to understand. Here is how it would work, and why Hoffman thinks it may help Europe along the road to independence of American help. Let's take a Britisher who runs a top-notch wine shop in London. He buys wines, brandies and cordials from France, Italy and Portugal. That used to be easy. He just placed an order with an importer and paid in his own money, the British pound sterling. But since the war he's had trouble. He could buy in those three nations only if the Bank of England had a supply of those three nations' monies, and then only if the government okayed the use of such funds for beverages. That means Britons can buy in Italy only if Britain is selling a good deal in Italy. That sort of roadblock also slows down the French who may want to buy Danish cheese, the Belgian who may want French autos and so on. Under Hoffman's clearing union idea European business men could again buy where they wanted to. Periodically—whether each month or every three months has not been decided—the clearing union would add up the various nation's balances to find out which owed money to the other. Then those debts would be settled under a program which would spread the burden three ways: 1. The debtor nation would pay part of its debt in either gold or American dollars. 2. The clearing union would pay off part of the debt with its Marshall Plan funds.

3. The creditor nations would forgo part of the debt a while. They would set up accounts with the clearing union for that part of the debt still owed them, and the union would slowly pay it off. The union could make triangle deals which the individual nations who now, do not feel free to do. It could step in, for example, when Britain was short of Italian liras but had too many French francs. It could take Britain's surplus of French francs and give it liras, thereby permitting Britain to go on buying in Italy. The franc could be held by the union until some other nation wanted to make another such swap and wanted francs. Hoffman's plan has brakes which he says could be applied to the buying of any nation that slipped too easily into debt. He proposes that the deeper any nation slides into debt, the more of its own gold and American dollars it must use to settle accounts. Since most European nations have very small margins of gold and dollars, Hoffman thinks this provision would force the government to pull up on their citizens' spending. This plan of Hoffman's must be okayed by Congress. So it will probably be thoroughly debated in both Senate and House before it is adopted—if it is.

**Business Horizon In Texas Is Darkening**

AUSTIN, March 4. (U. S. — Clouds are apparently boiling up on the Texas business horizon. The way business started the year off has University of Texas Bureau of Business Research Director John R. Stockton somewhat concerned despite almost unanimous forecasts for a rising trend to continue into 1950. Texas experienced a 3 per cent dip in its business activity in January. Not a big drop—but the factors behind it may be significant, Dr. Stockton thinks. Here's why.

1. It is the second straight month of decline.
2. Every category of business measured during the month showed declines with only one exception.

The December decline was not unusual in that it followed a month in which resumption of coal and steel production had caused an upward spurt. December could have been simply a "settling back" period.

"But for approximately the same decline to occur for the second consecutive month suggests that it may not be simply an erratic fluctuation," the analyst observed. January drops included retail sales, 1 per cent; industrial power consumption, 16 per cent; crude oil runs to stills, 6 per cent; electric power consumption, 11 per cent; freight car loadings, 2 per cent; crude petroleum production, 0.5 per cent.

Only increase was in building permits, up 58.9 per cent.

The industrial part of those figures show declines substantially greater than consumer expenditures.

"This fact is reason to be somewhat concerned, and raises some doubt as to the accuracy of the forecasts of no decline in activity for 1950. The industrial portion of the business economy is more dynamic than retail trade, and it is probably more important as a cause of the changes in business activity," Dr. Stockton said, adding:

"The decline in January should be a warning to watch carefully for further developments that might signal a general decline in business."

**U.S. Delivers More Blasts Against Russia, Hungary**

WASHINGTON, March 4. (U. S. — The United States added two more charges Friday to its growing list of accusations against Russia and her satellites.

The State Department declared that 32 American citizens have been kept in forced Soviet labor camps for an average of five years. It also accused Hungary of violating a treaty of friendship and commerce by seizing property owned by Americans.

In its charge against Russia, the United States renewed a complaint that the Soviet Union is refusing to let some 2,000 persons with claims to American citizenship leave the country.

Earlier Friday, news stories from Moscow had reported that 23 of the 32 persons the embassy listed as Americans in prison camps have now been permitted to depart for western European countries.

The Russians termed the forced

labor complaint "a malicious lie," and said in turn that the U. S. is forcibly detaining in Germany and Austria "tens of thousands" of displaced persons who are Russian citizens.

The State Department retorted: "This is an old-repeated charge based on the unwillingness of this government to effect the forced repatriation to the Soviet Union of displaced persons unwilling to return to their pre-war homes."

The accusation against Hungary was contained in a note delivered by the American legation at Budapest to the Hungarian foreign office.

The note said that Hungarian laws and authorities are "openly hostile to American interests." It repeated a U. S. invitation to the prompt settlement of a dispute Hungarians to open negotiations for over compensation for American-owned property nationalized by the Hungarian government.

**PRICES STILL ARE HIGH IN RUSSIA DESPITE SLASHES ON COMMODITIES**

By EDWARD E. BOMAR  
WASHINGTON, March 4. (U. S. — State Department officials figure it costs about \$277 to buy a man's suit in a Soviet store these days, despite price cuts Moscow announced Tuesday.

The officials started to check available price lists soon after the Russians (1) fixed a gold value for the ruble at four to the American dollar; (2) cut prices on a wide range of commodities. Only the percentages of the price cuts were announced.

To find out what a dollar will now buy in Moscow stores, State Department experts applied the announced reductions to price lists on file here. Some of the results:

White bread, six rubles per kilogram (2.2 pounds)—or 68 cents a

pound; black bread, 23 cents a pound; potatoes, 10 cents a pound; sweet butter, 85 a pound; rice, \$1.67 a pound; second grade beef, or soup meat, \$2.40 a pound; pork, \$4.00 a pound; chicken, \$3.04 a pound; sausage, \$3.63 a pound; milk, 38 cents a quart.

On other commodities, the rate of one dollar to four rubles figures out this way:

Man's suit, \$277.25; man's shoes, \$85; woman's suit, \$128.75; woman's dress, \$111; silk stockings, \$8; woman's shoes, \$87.50; table model radio, \$272; package of 25 cigarettes, kasbrik brand, \$1.08; Soviet-made portable typewriter, \$249.50; wrist watch, \$100.

By American official calculations, Soviet wages average something less than 600 rubles—or \$130—a month.

**No Dessert Base Is So Versatile Or Popular As Brown Gingerbread**

No dessert base is so versatile or popular as a good brown gingerbread. Concocting new desserts with gingerbread is easy for its spicy flavor blends happily with both tart and sweet sauces. From the very same basic recipe you can make a new cottage pudding, a pineapple upside down cake or cream cheese squares that double as a dessert or sweet sandwich with tea.

Here's how. Start with this new recipe for ginger bread. It's made with crisp ready-to-eat bran cereal and has a texture you'll like better than the usual variety.

**Bran Gingerbread**  
1-3 cup shortening  
1-3 cup sugar  
2 eggs  
¼ cup molasses  
¼ cup boiling water  
¼ cup ready-to-eat bran  
2 cups sifted flour  
¼ teaspoon salt  
1 teaspoon baking powder  
1 teaspoon soda  
2 teaspoons ginger  
2 teaspoons cinnamon

Blend shortening and sugar; add eggs and beat until creamy. Add molasses and mix well. Pour boiling water over bran and add to first mixture. Add flour sifted with remaining ingredients and stir until batter is smooth. Bake in greased pan, with waxed paper in the bottom, in moderate oven (350 F.) about 45 minutes.

Yield: 12 servings (8x8 inch pan).

For a pudding dessert serve the gingerbread in pie-shaped wedges and top it with a foamy raisin-orange sauce.

**Foamy Raisin-Orange Sauce**  
2 egg yolks, slightly beaten  
¼ cup sugar  
¼ cup orange juice  
1 teaspoon grated orange rind  
2 tablespoons lemon juice  
2 egg whites, stiffly beaten  
¼ cup seedless raisins

Combine egg yolks with sugar in top of double boiler; add orange juice, orange rind and lemon juice and raisins. Cook mixture over hot water until slightly thickened, stirring constantly. Remove from heat; cool. Fold in stiffly beaten egg whites.

Yield: 2 cups sauce.

Try this sweet pineapple mixture with gingerbread. It's a wonderful sweet-tooth satisfier.

**Pineapple Upside Down Gingercake**  
2 tablespoons butter  
1-3 cup brown sugar  
4 slices canned pineapple OR  
1 cup crushed pineapple, drained  
Melt butter in pan; add brown sugar and distribute evenly over bottom of pan. Arrange fruit on top of sugar mixture. Spread gingerbread batter on top of fruit. Bake in moderate oven (350 F.) about 45 minutes.

Yield: 8 to 9 servings (8x8 inch pan).

Gingerbread topped with a spread of cream cheese is "something new" for your afternoon hostessing. It takes the place of sandwiches with tea. Larger wedges do for family dinner dessert.

**Cream Cheese Topping**  
Moisten two packages of cream cheese with sweet milk or cream. Add ¼ cup finely chopped nuts. Spread mixture on cool gingerbread.

**Doctor Couldn't Believe Truman Was Calling Him**

CINCINNATI, March 4. (U. S. — Dr. Reed Shank, busy at Christ Hospital, wasn't going to be taken to by any of those phony telephone calls.

It took two calls from the switchboard plus anxious assurances from the supervisor to convince him that he was being called by President Truman.

The President was calling to inquire as to the condition of Secretary of Commerce Charles Sawyer. Secretary Sawyer underwent an operation here this week.

When Dr. Shank finally answered the call he informed the President that Mr. Sawyer was improving. He said the President told him he was worried about Mr. Sawyer and wanted to get direct information as to the secretary's condition.

**Demos Seek Veep As Keynote Speaker**

AUSTIN, March 4. (U. S. — State Democratic party leaders were hopeful today that they can get Vice President Alben Barkley as the keynote speaker for one big statewide party dinner this spring.

Four dinners were held last year to raise funds for the party.

National Committeeman Wright Morrow of Houston said plans for the dinner, which will probably cost \$25 a plate, were discussed at a luncheon conference with Gov. Allan Shivers.

Mrs. H. H. Wehnert of Seguin, national committeewoman, and John C. Calhoun of Corsicana, state executive committee chairman, were also present.

There has been talk of having the dinner somewhere in East Texas about the middle of May, but nothing definite has been determined, Morrow said.

**Explorer Scout Bivouac Set At Ranch March 17-19**

The first annual Explorer Scout Bivouac will be held at the Buffalo Trail Council Boy Scout Ranch on March 17-19, it was announced at a planning session Friday night in Midland.

Explorer unit leaders and other Scouters from throughout the 17-county council estimated that approximately 175 senior Scouts would participate in the bivouac.

Attending the planning session from Big Spring were J. B. Apple, D. M. McKinney, Bill Easley, Arnold Seydler, J. Saurer, Lynn Thames, Oakie Hagood, Jimmie Porter, Marshall Ross, Neal Lottis and Jimmie Hale.

### Scout Honor Court Set Tuesday Here

Big Spring Boy Scouts will move to the High school gymnasium for their March court of honor Tuesday night, John Dibrill, advancement chairman, announced Saturday.

Plans for changing the site for the March court were made to avoid conflict with the Texas Rural Roads Association meeting scheduled for Tuesday night in the district court room.

The court of honor will meet at 7:30 p.m. Several advancements and awards are due to be presented at the court.

### Coffee Is Monday

Announcement is made that all some chairmen for the Volunteer workers residential Red Cross Drive will meet for a coffee in the Maverick room of the Hotel Douglas Monday morning at 9 o'clock. At that time, material will be distributed for the drive and workers will leave the hotel to launch the residential campaign.

### RIBBON RAMBLINGS

By Mildred Young

We promised in Friday's paper to express some of our ideas on the subject of reality since it seems that there's a so-called "country house," who is probably a "city slicker," who seems to have some complaint about the appearance of reality in our paper.

We'll gladly admit that what we'll term as "heart throbs" might find their place a little more in the individual columns of our publication. But we don't think that our reader knows what little inspiration is actually found in a piece of paper and a typewriter. Neither does he know that to make a reader laugh or cry every day, it takes a wealth of living and hearing about other people's lives to place something on paper that will always click.

But back to our proposed subject. If any publication on earth deals with reality, it's the newspaper. To the reporter, murder, floods, robbery, death, destruction, weddings, births and yes, even yoyos, school days, airplane rides and school chums are a part of his business. Scientific discoveries, the weather and a thousand other things are important only so far as they make news. It has always been our opinion that to be a good reporter, you are sorta paid not to have a heart and yet you have to have a heart in order to make a living. Life becomes somewhat of a business matter. You don't have much time to cry on other people's shoulders or let them cry on yours, but you still need to let your heart in on what you're doing.

The purpose of our column is to keep a few things aired that we think need airing. It's also somewhat of a catchall for some bits of information that we pick up now and then and which are not from the usual news sources, and though they might be interesting to someone, will not get in local print except through someone's column.

We're saying all of this to say reality or escape from reality is all a matter in how you look at the situation. Sure, Tillie, the mechanical lady, may not be such a heart warming subject, but she's no more reality than a yo yo. It takes a little bit of everything to make this real world in which we're living.

We hope that as time goes on, we'll be able to write columns that have more and more heart in them. But we have no desire to write anything that is an "escape from reality."

We wonder who ever told our reader and made him believe that beauty, truth, love, happiness, kindness and all that's good are NOT just as real as crime, pain, destruction, heartache, and death and all that's disagreeable.

We want to reach into our hearts now and then, but we hope we never reach there for an "escape from reality."

### Garden City Couple Given Home Shower

GARDEN CITY, March 5. (Sp.) Mr. and Mrs. V. L. (Slim) McWhirter were complimented with a shower in the recreation room of the Presbyterian church Tuesday evening. The McWhirters lost their home and furnishings in a fire Thursday, February 25. Their home had been completed about one month prior to the fire. The Rev. E. L. Bowman made the presentation address. Gifts of money and household supplies were presented to the couple.

Those attending were Mr. and Mrs. A. J. Cunningham, the Rev. and Mrs. A. C. Durrant, Mr. and Mrs. Max Fitzhugh, Mr. and Mrs. Lester Ratliff and sons, Mr. and Mrs. Tom Asbill and children, Mrs. Joy Wilkerson and children, Mrs. Vera Lawson, Mrs. Ila Keathley, Mrs. Belle Wilkerson, Mrs. Alton Cook, Mrs. W. K. Scudder, Mr. and Mrs. Jim Ratliff, Myrtle McMasters, Mr. and Mrs. Clay Wells, Mr. and Mrs. Ray Hightower, Mrs. Clyde Berry, Mrs. Ed Cline, Mr. and Mrs. J. H. Cox, Helen Cunningham, Mr. and Mrs. J. L. Parker, Mr. and Mrs. Carl Hightower, Mrs. E. M. Teale, Mr. and Mrs. I. L. Watkins, Mrs. Walter Teale, Mrs. Sam Cox and Bob of Tarzan and Mr. and Mrs. Gordon Cox of Tarzan.

Mr. Y. C. Gray entertained the members of the Afternoon Bridge club in her home Wednesday. High score was won by Mrs. W. K. Scudder. Mrs. Ila Keathley won second high and Mrs. I. L. Watkins and Mrs. Alby Crouch binged. Refreshments were served to Mrs. I. L. Watkins, Mrs. Alby Crouch, Mrs. Glenn Riley, Mrs. J. C. Cunningham, Mrs. W. K. Scudder, Mrs. Ray Hightower, Mrs. Ila Keathley

and the hostess, Mrs. Y. C. Gray.

Edward Weyman was installed as president of the newly organized high school student council in a special assembly program Tuesday. Other officers installed included Barbara Lu Currie, vice-president; Fred Christie, secretary and treasurer. Representatives named to serve on the Council are John Venable, junior; Johnnie Faye McHenry, sophomore; Bryant Harris, freshman and Mickey Cunningham, eighth grade. Principal speaker for the occasion was the Rev. Johnson of the Lees Baptist church. H. L. Lovell, high school principal, presided at the installation service.

Work was begun on plastic ornaments at the meeting of the Garden City Brownie troop at the scout hut Thursday afternoon. Outdoor games provided the entertainment. Darla Kay Cook served refreshments to the group. Those attending were Dorothy Durrant, Darla Kay Cook, Lynda Ruth Balingier, Lynda Ann Mohler, Patsy and Shirley Coomer, Retha Lee Huggins and their leader, Mrs. A. C. Durrant.

"On Our Doorstep," served as the study-topical of the Week of Prayer program for Home Missions at the meeting of the Lois Glass Girls Auxiliary at the Baptist church Tuesday. Refreshments were served to Mrs. Cal Pruitt, Mrs. A. Wade, Mrs. Fred Ratliff, Martha and Mary Gillispie, Marjorie Self, Marceline Gill, Fred Christie and Annet Ward.

### Big Springers Attend Abilene Credit Meet

Some two dozen Big Springers are attending session of the Retail Credit Executives of Texas, District 2, being held in Abilene today. Mrs. Lloyd Wooten, Mr. and Mrs. Cecil Parker, Mr. and Mrs. James T. Caldwell, Velma O'Neal, Faye Colihary, Doris Carr, Mable Hayden, Johnnie Morrison, Odie Lane, Pauline Sullivan, Richard M. Johnson and O. F. Priest were reported to be planning to leave for the convention Saturday afternoon or Sunday morning. It was probable that others might go from here today.

About 500 persons from over West Texas were expected to attend the one-day convention today with all activities scheduled to be held in the Windsor Hotel.

Among early arrivals were a bus load of some 40 persons from the Fort Worth Retail Credit Man-

agers association.

Three speeches were scheduled for the joint business session this morning, beginning at 9 a. m. "Credit Bureau Procedure" will be the subject of a talk by Carlos L. Carter, president of the Retail Merchants Association of Texas and the Credit Bureau of El Paso.

A panel board discussion covering 10 different credit categories will follow the joint opening session.

Concluding address of the convention on "Your Problem and My Problem," will be given by Carol Fielder, advertising and public relations manager for an Abilene dairy.

Social activities of the convention got underway Saturday night. Highlight was a dance at the Windsor, with other entertainment for non-dancers.

### June Patton Marries L. Holland On Friday

Informal marriage vows were exchanged by June Patton and Lowell Holland in the sanctuary of the Church of Nazarens Friday afternoon.

The bride is the daughter of Mr. and Mrs. J. D. Patton. The bridegroom is the son of Mr. and Mrs. E. E. Holland, 509 N. E. 9th. Officiating at the wedding was the Rev. Lewis Patterson, pastor. The couple repeated their vows in a nuptial tower formed before an archway decorated in candytuft, fernery and other floral arrangements.

For her wedding, the bride chose a pale blue taffeta ensemble with navy accessories. She carried a bridal bouquet of white carnations atop a white Bible. She wore a navy blue off-the-face hat with matching veil.

Alma Ruth Patterson, pianist, played the traditional wedding marches. She played "The Bridal Chorus," from Lohengrin by Wagner as the processional and "The Wedding March," from Midsummer's Night Dream by Mendelssohn. Vester Patterson, soloist, sang the selection, "I Love You Truly," prior to the ceremony.

Mrs. Lewis Patterson served as matron of honor. Mrs. Patterson was attired in a pink taffeta frock. Candelighters were Lillian O'Donnell and Mrs. Jimmy Williams of Terrell, both sisters of the bride. Wilfred Holland was best man.

A reception was held in the church parsonage immediately following the ceremony. Mrs. Wilfred Holland cut the cake and Mrs. Curtis Hood poured from the crystal punch service.

For traveling, Mrs. Holland

chose a grey dress with navy blue accessories and a carnation corsage.

Following a short wedding trip to Carlsbad and other points in New Mexico, the couple will be at home in Big Spring.

### Alabama Flogging Suspect Acquitted

BIRMINGHAM, March 4. (Sp.) — An Alabama jury last night freed Coleman A. (Brownie) Lollar, admitted Ku Klux Klansman, of the accused masked flogging charge brought against him in four months.

Lollar, an ex-special deputy sheriff, was charged with flogging Willie Stevens at Pumpkin Center, 20 miles west of here, the night of May 26.

He denied he accompanied a band of hooded and robed night-riders that whipped three persons that night.

Lollar was acquitted last November of a charge he beat Mrs. Hugh McDaniell, 42-year-old West Jefferson grandmother, June 18.

### Chic Miss

Coming or going you're really the 'Chic Miss' in your Jackie Nimble exclusive basket PICOLAY print. From the flirty winged collar, that buttons with tiny linked buttons, the darts in both bodice and skirt, to the back skirt-pockets it gives you figure flattery at its best.

## Smart Styles To Sew

Softness is sweeping the Spring silhouette! You'll see its touch in the general suppleness of dress bodies, in the smooth tucking tricks—and in kimono cut sleeves. With this comes the shift to subtle fabrics. Sheers get a star role—especially chiffon and crinkled nylon. Renewed interest in silk brings shantung to the fore.

2925. For sheer beauty, the soft dress with exciting draped bodies, easy flare to the skirt. No. 2925 is cut in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, and 66. Size 18 takes 3 1/2 yds. 39-in.

2085. The surprise dress—always flattering—is new, too, when it has a bolero offering cover-up for various occasions. No. 2085 is cut in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, and 66. Size 18 dress takes 3 1/2 yds. 39-in.; fabric; bolero takes 2 yds. 39-in.

Guaranteed accurate and easy-to-follow patterns for making these garments are obtainable at 25 cents each. Write name and address plainly, state pattern number and size, and send with proper remittance to FASHION PATTERN BUREAU, Big Spring Herald, Box 369, Madison Square Station, New York, N. Y. For special handling of your order to be delivered via first-class mail include an extra 5 cents per pattern. The Spring 1950 issue of the Home Sewer's Fashion Book shows more than 120 other styles, all sizes, all ages. 25 cents a copy.

## COSDEN CHATTER

### Weekend Trips On The Calendar For Cosdenites

J. W. Harris and Melvin Dinklage of Houston, Bob Waldon of Tulsa, and M. L. Ellis of Abilene were here this week to inspect the current installation of new A. O. Smith meters at the Big Spring bulk plant. Geo. A. Carlson of Tulsa visited in the office.

R. L. Tollett and M. M. Miller spent Thursday and Friday in Houston on oil business. C. W. Smith spent Thursday in Abilene.

L. T. King, J. A. Coffey and Wayne Williams spent last weekend at Possum Kingdom. The fishing was good, at least good enough for a hearty meal. Several weekend trips are planned; Mr. and Mrs. Fred Wilson are seeing the Carlsbad Caverns. Mr. and Mrs. Jesse Kelley are attending the Fat Stock Show in San Angelo. Alma Gollnick and Ann Mae, Berry are visiting in Fort Worth.

Mrs. Florine Davis is a new service department employee. Honora Honey's mother has been ill with the flu. Neel Bumgarner underwent an emergency appendectomy Wednesday. Employees who are confined to the hospital are R. D. West, E. O. Wilkerson, A. B. Mason, C. L. Patterson, N. R. Harvell, Sr., George Coote, Bill Conger, Rip Smith and Loyd Ar-

## CAMPUS CHATTER

from HCJC—By Lois Reagan

Students got a preview of the Lions Minstrel Thursday when several acts from the show were presented at the assembly program. Joe Pond introduced the various acts.

Louis Loveless, HCJC student, sang "Mandy," accompanied by Mary Jane Hamilton.

Featured in tap and precision dance routines were Susan Houser, Kitty Roberts, Marilyn Miller, Mitty McCormick, Wanda Petty, Ann Crocker, Diana Faulkner, and Beth McGinnis. Joyce Howard and Les Kornfeld also were on the program.

Several members of the agriculture department were in San An-

## Samovars Go Modern In Soviet Russia

MOSCOW, U. S. — Samovars are now to be manufactured of aluminum. The samovar is a famous and ancient piece of Russian household ware. It is a large bulbous vessel with a small spigot which is placed in the center of the table and furnishes boiling water for tea.

Samovars are generally of copper and fine samovars of silver. The new aluminum samovars will be one-half as heavy as copper ones. Another recent improvement in samovars is electric heating which in some models sold here.

## Plans Art Show

VENICE, Italy. (U. S. — Britain, France and Belgium have announced plans to participate in the 25th international art exhibit here in June.

Monroey, Mrs. C. A. Tonn, and Mrs. J. K. Watts have been hospitalized.

Jack Smith left today for Dallas to attend the Texas Safety Conference which is being held Monday and Tuesday.

Mr. and Mrs. Roy Roxburgh are hospitalized in Abilene after an automobile accident. Roxburgh suffered a broken hip and Mrs. Roxburgh has a chipped shoulder.

The iron lung which has been on display all last week will be carried to the Fire station on West 18th street where it will be available when needed.

# HI-TALK

By Dolores Franklin

One of the big events of this week was the Lion's Club minstrel which was given Thursday and Friday nights at the city auditorium. The benefits of this musical program will go to the Big Spring High School and other causes. Some of the couples seen at the minstrel include: Mary Jane Collins and Speck Franklin, Shirley Wheat and Bobby Hayworth, Jean Munselle and Kenneth Williams, Gayla Mosier and Bill Nichols, Mona Moad and Cecil Drake, Nona Faye Campbell and Donnie Carter, Peggy Carter and Roy Bailey, Peggy King and Norman Brown, Anita Forrest and Jimmy Floyd, Darlene Montgomery and Billy Cook, and Betty Wright and Tommy Cretzberg.

Last Friday a group of the members of the Hi-Y and Tri Hi-Y clubs journeyed to Amarillo to attend a three day conference. Among the students making the trip were: June Cook, Hollis Harper, Sandra Swartz, Mary Frances Norman, James Daniell, Fritz Smith, Elliot Williams, Peggy Toops, Jean Stratton, Dolores Franklin, Woody Wood, G. H. Hayward, Jim Dimitri, Larry Dillon, Gayle Rice, Rodney Stages, Carroll Reed, Jeff Hanna, Wayne Bartlett, Allen Holmes Jimmy Wilcox, Lawrence Wilson, Archy Thompson, Joanne Smith, and Evelyn Wilson.

It seems like the time of graduation is growing near for all the seniors this year. Preparations are already being made for this time. Tuesday, Earl Erzell will be at the high school to take the individual orders of the seniors for their graduation needs such as invitations and caps and gowns.

Since this is the season for volleyball, many of the kids went to Odessa Friday night to see the "A" and "B" string games between Big Spring and Odessa. The winners of these games were decided by the best two out of three games.

We want to extend our congratulations to Beth McGinnis, who was elected as the "Ranch Queen" this year. Beth was crowned by Tom Montgomery, who was chosen the best-dressed cowboy. She received a new Stetson hat as her crown. Pearl Mae Clanton was the runner-up for the honor. The Court of Honor was made up of the other nominees and their escorts who were: June Cook and Culin Grigby; Rita Wright and Wayne Horne; Joyce Choate and Raymond Phillips; Shirley Wheat and Bobby Hayworth; Wanda Petty and Jack Little; Marilyn Miller and Harold Rosson. Rose Mary Rice and Mona Lue Walker were also nominees, but were unable to be present at the coronation.

The Wesley Methodist Church seems to be holding a series of parties lately. Friday night one was held at Mary Bailey's house. Some of the guests attending were: Joanne Touchstone, Weldon Low; Laverne Trollinger, Bob Patterson; Anita Forrest, Jimmy Floyd; Kenneth Bern and the hostess, Mary Bailey.

The Big Spring F.F.A. chapter will be represented in the district live stock show at Abilene next week. Kenneth Plew, Gene Lockhart, Marshall Burrus, J. D. Stevenson, and Truett Vines, the director, will be among those attending. Last week some of the future farmers attended a district F. F. A. meeting in Midland. Among those attending were: Kenneth Williams, Calvert Short, and Director Vines.

## Coahoma Resident Is Named Honoree At Dance In Home

COAHOMA, March 4. (Sp) — Melba Neill, daughter of Mr. and Mrs. Henry Neill, entertained with a dance in her home Friday evening. Refreshments were served to Don Sheffield, Bill Winters, Edna Earl Bullock, Betty Pearl Bullock, Joyce Hicks, Henry Hicks, Wanda Shackelford, Joe Kennedy, Lavern Kennedy, Norma Barr, Bob Byrd, Durwood Rowel, Jimmy Neill, Gail Neill, the hostess and per parents.

Mrs. S. A. Riddel entertained the ladies of the Coahoma Church of Christ in her home Thursday. Quilting comprised the entertainment. A covered dish luncheon was served at noon. Present were Mrs. Rayford Brubaker, Mrs. Jack Roberts, Mrs. N. E. Reid, Mrs. M. L. Watis, Mrs. Grady Acuff, Mrs. C. A. Denton, Mrs. Albert Robinson, Mrs. Lee Moore, Mrs. Winfred Vack, Mrs. J. A. Callcutt, Mrs. L. Halliwell, Mrs. Fred McCann and the hostess, Mrs. Riddel.

Members of the Homemaking 1 class of the Coahoma high school served breakfast Monday morning. The Home Economics department used its new china and silverware in the table setting. Present were Virginia Gorrell, Shirley Alexander, Frances Darden, Mary Alice Harrington, Melba Sue Neill, Betty Jane Bennett, Francene Walker, Helen Hopper, Wanda Shackelford, Fern Blacklock, Lavern Kennedy and Joyce Hicks.

Mrs. Owen Winn of Sayre, Okla. is visiting her parents, Mr. and Mrs. H. T. Moore, 806 W. 5th, and her sisters, Mrs. C. B. Sullivan, Mrs. Bernard Mayo and Mrs. Herman Taylor.

## Jan Livingston To Become Bride Of Tommy Weaver

Wedding plans of Jan Livingston and Tommy Weaver are being announced here. Miss Livingston is the daughter of Mr. and Mrs. A. B. Livingston, 1801 Johnson. Weaver is the son of Mr. and Mrs. H. A. Weaver of Sulphur Springs. The Rev. James S. Parks, church pastor, will officiate when the couple exchange vows in the East Fourth Baptist church on May 15th.

## Ten Families Are Welcomed Here By Local Hostess

Ten new families were welcomed to Big Spring this week by the city hostess, Mrs. Jimmie Mason.

Mr. and Mrs. A. C. Brown, Betty Gene, 7, and Judith Ann, 2, have moved from Abilene to 602 State. Brown is with the National Biscuit company as a salesman.

Mr. and Mrs. Buck H. Buchanan are residing at 404 East 9th. Buchanan is an engineer with the Texas Electric company.

Mr. and Mrs. Joe J. Pitts and their two daughters, Sara, 10, and Martha Jane, 8 months, have moved to 1110 Owen from Houston. Pitts is a party chief with the Robert H. Ray Geophysical and Oil company.

Mr. and Mrs. Joe R. Parker and son, Robert, 9, have moved to 507 East 15th from Anton. Parker is a derrick man for Parker Drilling company.

Coming here from Cisco, Mr. and Mrs. Charlie Kimmel plan to open a business entitled Charlie's Drive-In sometime during the month. Mrs. Myrtle Miller, also a former resident of Cisco, is making her home with the Kimmels.

Mr. and Mrs. Bob L. Stanley and Sievie, 19 months, have moved here from Coleman. They are residing at 907 Scurry. Stanley is a mortician for Eberley's Funeral home.

Mr. and Mrs. Glen H. Burdon, 1000 East 3rd, No. 9, have one son, Dale, aged nine. They are from Galveston. Burdon is with the Sawyer Drilling company. He is a driller.

Mr. and Mrs. William A. Faulkner are also from Galveston and Faulkner is with the Sawyer Drilling company as a driller. Mrs. Faulkner is a beautician at the Colonial Beauty shop. They are residing at 108 11th Place.

Mr. and Mrs. Wann Barr, 1000 East 3rd, No. 20, are from Tioga. Barr is a roughneck with the Sawyer Drilling company.

Mr. and Mrs. M. L. Keith, 100 East 18th, are from San Angelo. Keith is a salesman at the Big Spring Motor company.

## Knott IOOF Group Holds Meeting

KNOTT March 5 (Sp) — Members of the IOOF lodge met at the hall Tuesday evening. Those attending were W. M. Nichols, J. J. Kemper, Milton Gaskins, O. B. Gaskins, Porter Motley, P. P. Coker, and C. O. Jones.

Mr. and Mrs. Ellis and three children of Goldthwaite were recent guests of Mr. and Mrs. W. M. Nichols.

Mrs. A. Kemper visited her son and daughter-in-law, Mr. and Mrs. J. J. Kemper Tuesday evening.

Mr. and Mrs. W. A. Jackson, Neva Jean and Karen spent the week end with Mr. and Mrs. Cecil Schafer and Billy and other relatives in Colorado City.

Fire destroyed a tenant house and all its furnishings on the Claude King farm Wednesday evening. The house was occupied by a Mexican farm laborer.

Mr. and Mrs. R. H. Unger are on the sick list this week.

Mrs. W. A. Jackson and Karen, Mr. and Mrs. Dick Clay, Mrs. Elsie Smith, Mrs. Oliver Nichols and Lonnie and E. C. Ahrhart were recent guests in the home of Mr. and Mrs. Herschel Smith.

## Mrs. Pat Lamb Named Honoree At Shower

LEES STORE, March 4. (Sp) — Mrs. Pat Lamb, the former Mary Ellen Dolan, was honored with a bridal shower at the Lees Baptist church Friday.

Co-hostesses for the affair included Mrs. LeRoy Dolan, Mrs. Richard Dobbs and Mrs. R. W. Dolan.

The honoree was attired in a beige suit with white accessories. Her corsage was of pink and white carnations. Mrs. R. W. Dolan, mother of the bride, wore a green dress with black accessories. Mrs. LeRoy Dolan, hostess, chose a green ensemble with black accessories.

The reception rooms were decorated in colors of pink and white, chosen by the bride. The refreshment table was laid with a lace cloth and centered with an arrangement of pansies. Crystal and silver appointments completed the table setting.

Mrs. R. W. Dolan and Virginia Jones alternated at the refreshment service. Mrs. LeRoy Dolan presided at the guest register and Mrs. Frank Theime presented the gifts to the honoree.

Those attending were Mrs. Lloyd Jones and Virginia, Mrs. Chester Bowden, Mrs. Cecil Bell, Mrs. Sandy Little, Mrs. A. G. Albert and Pat, Mrs. Jess Bailey and Frances, Mrs. J. C. Pye, Mrs. Lynn Gandy, Mrs. J. C. Kirk, Mrs. A. W. White, Mrs. Price Stroud, Mrs. McArthur, Mrs. James Overton, Mrs. George Burt and Marlene Jewel of Midland, Mrs. Frank

Theime, Iris June Hahn, Mrs. R. W. Dolan, the honoree, Mrs. Lamb and the hostess, Mrs. LeRoy Dolan.

Mr. and Mrs. Pat Lamb have recently returned from a short wedding trip to Carlsbad, N. M. The couple was married in Livingston, N. M. Tuesday, February 21. Mr. and Mrs. George Burt of Midland, aunt and uncle of the bride, attended the couple.

## Rainbow Girls Have Initiation

Mary Ella Bigony and Doris Ann Daniels were formally initiated into the Order of the Rainbow for Girls Tuesday evening.

Those attending were Kitty Roberts, Geraldine McGinnis, Joy Williams, Charlotte Williams, Jackie Marchant, Peggy Carter, Evelyn Wilson, Mary Frances Norman, Jean Stratton, Fern Crabtree, Peggy Toops, Pat Dillon, Martha Hughes, Francys Price, Joyce Anderson, Madalyn Guess, Mary Jane Collins, Mary Sue White, Lillian Howe, Anita Forest, Sue Blankenship, Frances Miller, Clain, Joyce Gound, Jo Ann Miller, Patsy Maddux, Jane Robinson, Peggy King, Anelle Puckett, Barbara Smith, Jane Thomas, Mrs. Tracy Roberts, Mr. Crabtree, Mr. Bigony, Mr. and Mrs. Daniels, Mr. White and Mrs. McCleny.

## Mrs. Underwood Directs Program Friday Afternoon

Mrs. Alton Underwood presented the last in a series of Annie Armstrong Week of Prayer services for Home Missions at the meeting of the Woman's Missionary Union at the First Baptist church Friday.

Mrs. Underwood discussed the work of the Home Mission Board in all the states of the Southern Baptist convention and also in Alaska. She described the type of mission work done by the convention in Mississippi, Illinois, New Mexico and Alaska.

Mrs. Della K. Agnell led the call to worship: "With thanksgiving let your requests be made known unto God." She also read the scriptural lesson from Psalms 100.

Mrs. Theo Andrews offered the opening prayer. Mrs. R. D. Ulrey directed the group singing of "Christ For the World We Sing," accompanied by Mrs. J. L. Haynes. Prayers were offered by Mrs. R. C. Hatch, Mrs. Roy Odum and Mrs. R. D. Ulrey.

Attending were Mrs. J. L. Haynes, Mrs. R. C. Hatch, Mrs. Leo Jenkins, Mrs. Roy Odum, Mrs. R. D. Ulrey, Mrs. Della K. Agnell, Mrs. Alton Underwood, Mrs. W. R. Puckett, Mrs. A. L. Hobbs, Mrs. Beulah Bryant and Mrs. J. E. Hardesty.

# Senators Back Campaign to Bring All Dixie Back Into Party Fold

By JACK BELL  
 WASHINGTON, March 4. (AP)—The Administration's drive to bring all of the South back into the national Democratic party organization won support today of Alabama Senators Hill and Sparkman. With some Alabama House members, they urged election in the Alabama primary of a state political committee pledged to put May 2 regular Democratic electors on the ballot in the 1952 presidential race.

They came out against a States' Rights Democratic slate, headed by state Chairman Gessner T. McCorvey, who spearheaded a successful fight for election of presidential electors pledged to the States' Rights slate in 1948. No electors pledged to Truman were on the ballot in the general election in Alabama, which has 11 electoral votes.

Those votes went to a States' Rights ticket, headed by Governor J. Strom Thurmond of South Carolina, along with others from Louisiana, Mississippi and South Carolina for a total of 39.

Hill asserted he thinks "the interests of Alabama and the future of her people lie in the Democratic party."

"The power and influence which the Alabama delegation and other southern representatives hold by virtue of their membership and positions in the Democratic party has

made possible the defeat of FEPC and other so-called civil rights bills," Hill said.

Sparkman said he thinks "the Democratic party is big enough to fight out our differences on the inside."

He said he opposes "splinter parties." Sparkman said many people didn't realize what was happening when the State Committee took the state out of the party two years ago.

"We have had differences among Democrats," he said. "We always have had and always shall have. In the past we have worked them out. We do not have to sacrifice any of our convictions or traditions."

Administration officials regard Alabama as a test case in their drive to wipe out the revolt that started within the party over President Truman's civil rights proposals.

## COOLED MORE THAN USUAL

WACO, March 4. (AP)—The cooler was cooler than usual Friday.

The automatic steam furnace heating the city jail broke down.

Officers borrowed 60 blankets from the National Guard to keep the 46 prisoners warm.

TEN LONG DAYS—Andrew C. McCauley holds his fainting wife after their son Andrew, Jr., 23, was found dead in his jail cell at Golden, Colo. Sheriff Carl Enlow said he hanged himself with his belt. The son was held on charges in 15 different states. "Nobody could send him a note. Nobody could speak to him. Ten long days in that damn cage," McCauley shouted at police. Deputy Sheriff Carl Beckman is in the background. (AP Wirephoto)

## WINGS OVER BIG SPRING

# West Coast Flyers Halt Here Tuesday

Probably the outstanding eventpowered craft, which landed here at Municipal airport last week was the arrival Tuesday of 55 West Coast flyers who landed in 19 planes enroute from Portland, Ore., to Havana, Cuba.

The visiting airmen (and women) were participating in the annual aerial tour sponsored by the Portland chamber of commerce. The delegation that landed here for fuel were greeted by a number of Big Springers and treated to refreshments and information about the city.

They were part of an 85-plane flight making the trek to Havana from Portland.

Another unusual visitor paused briefly at the local field last Sunday. It was a Navy F4F Panther, jet-

## SOUTHERN PACIFIC BORROWS CARS TO HANDLE WEST COAST LUMBER YIELD

By WILLIAM C. BARNARD  
 AP STAFF

The Southern Pacific is borrowing boxcars from every railroad in the country, moving them westward.

A thousand empty cars a day are rolling to the Pacific Northwest

to haul the big 1950 lumber yield. Hundreds of these cars are going right out of Texas—rattling through Del Rio and El Paso and westward.

"We're using every spare boxcar of our own and borrowing them wherever we can," said a Southern Pacific spokesman. "When we hear of available car, we send for it."

The Southern Pacific pays a daily rental of \$1.75 per day on boxcars it borrows—the standard fee. During the war one railroad found it difficult to rent cars from another for in those days boxcars could earn \$50 a day carrying freight.

C. P. Wasson, a Texas official of the Assn. of American Railroads said: "The Southern Pacific is finding surplus cars in Texas now. Business is off at this time."

Between 300 and 400 empty cars a day are going through Del Rio. All Southern Pacific railroad men out there—even those on the "extra board" are at work.

The San Felipe Country Club at Del Rio had planned a golf tournament for railroad men but it was postponed because the men were all working too hard to play golf.

Boxcars headed westward are so-called "rough load" boxcars—cars not in good condition. Perhaps they have holes in the floors, sides or roof, but they are good enough to transport such things as heavy machinery, baled cotton and logs.

W. H. Haft of the M-K-T railroad explained to us that boxcars are graded. The top grade is AA—for hauling flour. The next grade is A—used for grain. Then comes the B cars which tote bulk cement and the C cars which haul merchandise in barrels, cartons, boxes and sacks. The lowest grade "X" cars are the rough load cars.

The life of a box car is 30 years and in that time it is likely to travel over the tracks of every railroad in 48 states and perhaps it will even get a seartrain trip or two to Cuba. Haft said. Edward H. Ames of the M-K-T said tank cars built in 1909 are still in use. A couple of years ago, Haft saw a caboose, built in 1890, that was still rolling.

### John White Pays Fee

WICHITA FALLS, March 4. (AP)—John White, candidate for state agriculture commissioner, has mailed his \$100 filing fee to state Democratic Chairman John Calhoun of Corsicana.

## West Bros. Indoor Circus To Appear In City Thursday

Under the auspices of the Junior Chamber of Commerce, the West Bros. indoor circus has been booked for an appearance here Thursday.

Tickets for the affair are now on sale by members of the Jaycees. There will be showings at 3 p.m. and 8 p.m. at the city auditorium.

Children unable to attend for financial reasons will be guests of the club at the matinee, it has been announced. Several business and professional men have underwritten a block of tickets for such children.

The West Bros. will present their entire show here. Included will be equilibrist, gymnasts and acrobats. A number of trained animals will be shown along with gaily costumed clowns. Of course there will be peanuts, popcorn, cotton candy—and even a small but highly trained elephant.

## Capitol Builder Dies

PASADENA, Calif., March 4. (AP)—A man who supervised building of Idaho, Utah, and Oklahoma capitols is dead. Construction Engineer Harry William Baum, 75, died here Friday.

## Bus Strike Averted

LOS ANGELES, March 4. (AP)—A tentative agreement shortly averted a walkout of 200 union drivers of the Transcontinental Bus System's western lines. Terms were not made public.

## Folk Singers-Dancers To Appear On Tuesday

Big Spring's Town Hall Association will present the third program of the season Tuesday at 8 p. m. in municipal auditorium. Bascom Lamar Lunsford and his Appalachian Folk Singers and Dancers will be featured.

Bascom Lamar Lunsford is recognized as a skillful and experienced entertainer with a large repertoire of the traditional folk songs, ballads and dances of America and particularly of his own mountain region. Most of his texts have a distinctive folk flavor which adds interest to the themes. They do not have the "show worn" effect of the songs and ballads regularly used by radio and road show entertainers. Variations used by Lunsford, stem from his own discoveries in his capacity as a folklorist and ballad collector.

For instance, many of the age-old traditional ballads such as "The Daemon Lover," "Sweet William And Lady Margaret," "Lass Of Rock Royal," "Young Emory," "Barbara Allen," "Merrie Golden Tree," and others may be found in the publications of the Child Collection of English and Scottish Popular Ballads. Lunsford's variations of these ballads are said to be authentic, his own discoveries.

In the part of the program dedicated to the Negro and White spirituals, his selections will not be as well known as "Swing Low, Sweet Chariot." His "Star In The East," "Not Agonna Lay My 'Ligion Down," "Drinking Of The Wine," are the tunes and words that have really become a part of the man in his search for the true American folk music.

Work songs such as "Swamnono Tunnel," "Nine Pound Hammer," "Engine Number Nine," "Alabama Horses," "Georgia Mules" will be included in the program.

Songs of home and sentiment will admit a great variety of feeling. Some of these include "Two Little Children Were Roaming," "Roanoke River," "Down By The Fair Riverside." The spirit of hilarious banjo picking and singing will be invoked by the rendition of such songs as "Sugar Tree," "Possum Up The Gum Stump," "John Kirby" and others. These last songs will be played and sung to the accompaniment of the fast-clogging step of the skillful mountain dancers. The colorfully dressed dancers present a gay and imposing spectacle as they interpret the tunes in the original American style.

Lunsford's programs are informal. It is said that he includes just enough and never too much explanation. Some information is necessary to give an authentic, appreciative and cultural background for the proper understanding of these very entertaining selections. His masterful understanding of most of the works of our traditional American culture, published and unpublished, enables the audience to appreciate these traditions, say the critics. The music and dance were brought to America in the early pioneer days, were added to and improvised upon by the liberty-loving American people, not because of any gain to be derived, but out of sheer love for the themes and melodies.

The dances are presented by a well-trained group of 16 dancers who live in the mountain territory. The dances are derived and have been evolved from many sources and will be demonstrated to the accompaniment of the lively mountain music. The dances vary quite a bit, from the fast shuffling steps to the slow gliding movement of the stately dances which existed in Governor Tryon's court during early North Carolina history.

A combination of the best in entertainment and the most authoritative in the education of people about our own great heritage, the American folk dance and song, say the critics, that is the program presented by the very unusual and talented group known as the Appalachian Folk Singers And Dancers.

## Mrs. Steve Baker Is Club Hostess Friday Afternoon

Mrs. Steve Baker was hostess to a meeting of the Junior Women's Forum held in her home, 406 Goliad, Friday afternoon. Mrs. Bob Flowers was the co-hostess.

Mrs. Clyde Johnston gave a talk on Friendship Week. Mrs. T. J. Williamson presented a discussion concerning Australia. As a Texas Day observance, Mrs. Steve Baker gave a history of the Texas Federation of Women's clubs.

Attending were: Mrs. Steve Baker, Mrs. M. B. Berryhill, Mrs. L. D. Crane, Mrs. Bob Flowers, Mrs. S. Marie Haynes, Mrs. Clyde Johnston, Mrs. Omar Jones, Mrs. Arnold Marshall, Mrs. L. E. Phillips, Mrs. Zolie Mae Rawlins, Mrs. Howard Salisbury, Mrs. Jack Smith, Mrs. T. J. Williamson, Mrs. H. J. Roberts and Mrs. Ethan Allen, a guest.

### Returns Home

Mrs. Bill Bonner has returned to her home, 401 Washington, following her recovery from the flu and dental surgery in the All-Saints hospital in Fort Worth.

## Anniversaries Observed By Local Eastern Star

This week in Fort Worth, Eastern Stars of Texas celebrated their 100th birthday. To Big Springers, 1950 means a 62nd anniversary. In passing the milestone, local Eastern Stars have been entertained in a series of special activities including a banquet, an anniversary program and a tea given last Sunday in the home of Mrs. Agnes V. Young.

This week the order will sponsor a school of instruction to be held Wednesday. It will be conducted by Mrs. Pauline Baker of Amarillo, District Deputy Grand Matron, assisted by the Deputy Grand Matron of District 2, Section 8, Mrs. Cora Heath of Andrews.

Special guests for the school will be Worthy Grand Matron, Mrs. Mabel Harle of Port Arthur, Dean Gaudine, Worthy Grand Patron of Dallas, and Mrs. Elsie Bills, Grand Examiner, Fabens.

Registration will begin at 8:30 a. m. with Mrs. Bernard Fisher, Mrs. Jim Allen and Mrs. Claudia Adams in charge. Sessions will open at 9 a. m. and close at 5 p. m. There will be a luncheon in the Maverick Room of the Douglass hotel at noon, a banquet in the Settles at 6 p. m. and a special program in the Masonic hall at 7:30 p. m.

In addition to the school of instruction, local Eastern Stars will also have a regular meeting at 7:30 p. m. Tuesday.

UPPER LEFT—Mrs. H. F. Williamson, Mrs. J. D. Benson, and Mrs. James T. Brooks are Past Matrons of the local order.

UPPER CENTER—Mrs. Agnes V. Young, a Past Grand Worthy Matron of Texas, and a Past Matron of the local order, is pictured with the present Worthy Matron, Mrs. Roy Carter.

UPPER RIGHT—Mrs. Fed Eaker and Mrs. W. E. Carnrike, Past Matrons, serve themselves at an Eastern Star tea.

CENTER—Highest officers in the local order are: Mrs. Roy Carter, Worthy Matron, Mrs. Gene Gross, Associate Matron, Dorothy Driver, conductress, and Mrs. Tom Helton associate conductress.

LOWER CENTER—Always important in an organization are the members of the entertaining committee. Serving in that capacity when this photo was snapped were: Mrs. Floyd T. White, Mrs. Fred Winn and Mrs. Earl Cato.

INDIVIDUAL PHOTOS—At left is Durward Lewler, Worthy Patron of the local order, and at right is Charlie Stovall, Associate Worthy Patron. (All photos by Bradshaw.)

## Spoudazio Fora Has Program Meet

"Different Types of Courts and State Governments," served as the subject discussed by Elton Gilliland, district attorney, at the meeting of the Spoudazio Fora in the home of Mrs. Tommie Elliott Tuesday evening.

Refreshments were served by the hostess.

Those attending were Mrs. J. F. Neel, Mrs. Ray Rhodes, Mrs. Jimmy Jones, Mrs. Andy Afcand, Mrs. M. A. Chisholm, Mrs. Stanley Feurifoy, Mrs. Ray Clark, Mrs. Wally Slate, one guest, Doris Brown and the hostess, Mrs. Elliott.

## Mrs. Joe Mac Gaskins Is Hostess To Club

KNOTT, March 4. (Spl)—Mrs. Joe Mac Gaskins entertained the Knott Home Demonstration club in her home Tuesday. Mrs. W. A. Burchell served as program chairman. Mrs. Shirley Fryar gave a demonstration on coffee cake. Attending were Mrs. P. P. Coker, Mrs. Robert Brown, Mrs. H. E. Barnes, Mrs. O. B. Smith, Mrs. Oliver Nichols, Mrs. W. A. Jackson, Mrs. Dick Clay, Mrs. W. A. Burchell, Mrs. O. B. Gaskin, Mrs. Elsie Smith, Mrs. Shirley Fryar and Mrs. Joe Mac Gaskin.

## Bingo Party Planned By Golf Association

Plans were made to sponsor a bingo party for children, ages 8-12, to be held on March 18 from 2-3 p. m. when the Ladies Golf Association held a regular meeting Friday afternoon at the country club. Hostesses for the luncheon were

Mrs. Clyde Walls, Jr., Mrs. O. M. Edwards, Mrs. Ova Mae Edwards. Games of bridge, canasta and golf provided the entertainment for the evening. Mrs. J. W. McCoy won the door prize.

## Legion Panel Seeks Action On Sex Crimes

DALLAS, March 4.—An American Legion panel representing twelve Southern states voted here for immediate legion action on the problem of sex crimes against children.

The panel of twenty-nine men and women talked for three hours about the growing national epidemic of sex perversion, and then adopted a 5-point resolution proposed by Erie Cocks of Dawson, Ga.

The resolution which was to go to several hundred delegates here for an area legion conference on child welfare, asks:

That the American Legion take prompt steps to jar the public out of its indifference toward sex perversion and crimes against minors.

That the legion sponsor a national conference of experts—judges, psychiatrists and so on—to map what is known about the cause and cure of abnormal sex behavior and to plan for research in the field.

That the legion throw its weight behind the adoption of uniform state laws for sex criminals.

That the legion encourage local clinics for prevention of sex deviation, and treatment clinics where sex offenders could get psychiatric help.

That the legion sponsor a drive to get the co-operation of other national organizations.

The resolution passed after a varied crop of suggestions were made, ranging from the sterilizing of sex criminals to the opening of a federal crime prevention bureau with a chain of federal mental hospitals.

Miller Almsworth, Luling attorney and a member of the legion's national executive committee, presided at the meeting in the Baker hotel.

## LaVerne Kinman To Marry Soon

Mr. and Mrs. L. B. Kinman, 201 N. E. 8th, have announced the engagement and approaching marriage of their daughter, LaVerne, to Robert M. Kinzey, Jr., son of Robert M. Kinzey, Sr. of Hermaligh.

The wedding will be solemnized in the East Fourth Baptist church Saturday evening, March 11. The Rev. T. M. Harrel will serve as officiant. The ceremony will be informal.

Miss Kinman is a graduate of the Big Spring high school. She has been employed by the Big Spring Herald and is now associated with the West Texas Compress company. The bridegroom is a graduate of the Hermaligh high school.

Following a short wedding trip, the couple will be at home at 208 Nolan street, Big Spring.

Mrs. Shirley Robbins, Mrs. Lee Rogers, Mrs. Tom Stalcup and Mrs. Herbert Whitney were named hostesses for April.

Mrs. H. J. Roberts, Mrs. J. L. LeBlou and Mrs. Carl Strom were named new members.

Attending the meeting were: Mrs. J. W. Burrell, Mrs. Ova Mae Edwards, Mrs. Clyde Walls, Jr., Mrs. Marvlin Miller, Mrs. O. M. Edwards, Mrs. H. J. Roberts, Mrs. Grace Henry, Mrs. Dixie Littlepage, Mrs. Curtis Driver, Mrs. Lee Rogers, Mrs. Tommy Hutto, Mrs. S. L. McNary, Mansfield, O., a guest, Mrs. James J. Bogart, a guest, Mrs. Dub Harkrider, Mrs. K. L. Tollett, Mrs. Douglas Orme, Mrs. Omar Elliott, Mrs. William H. Clark, a guest, Mrs. J. B. Williams, Mrs. J. L. LeBlou, a new member, Mrs. C. H. Ralovator, Mrs. M. K. House, Sr., Mrs. E. L. Powell, Mrs. O. O. Craig, Mrs. Carl W. Smith, Mrs. Richard Johnson, Mrs. Tommy Jordan, Mrs. Raymond Liles, Mrs. M. S. Goldman, Mrs. Tot Stalcup, Mrs. G. H. Wood, Mrs. Earle Reynolds, Mrs. Dee Davis, Mrs. Obie Bristow, Mrs. Travis Reed, Mrs. Bob Parks, a guest, Mrs. D. M. Penn, Mrs. Roy Townsend, Mary McCoy, Mrs. Ayra McGinn, a guest, Mrs. C. A. Jones, Mrs. Otis Craft, Mrs. Hack Wright, Mrs. Rhea Anderson and Mrs. R. E. Anderson.

Approximately 15 members attended the meeting.

## Mrs. Gene Martin Leads Program For Sunbeams

Mrs. Gene Martin told the story, "They Walk With Boldness," at the meeting of the Sunbeams at the First Baptist church Wednesday.

An offering for Home Missions was accepted. The group sang the Sunbeam song, "Jesus Wants Me To Be A Sunbeam." Mrs. B. T. Faulkner read the scriptural lesson. A friendly-chain was formed as the group sang, "Jesus Loves Little Children," accompanied by Mrs. B. D. Uirey.

Approximately 15 members attended the meeting.

# Custody Of Child Still Undecided

GROESBECK, March 4. (U) — Who will have custody of the child that 1,000 couples want still was undecided Saturday after a court hearing.

The child is Dale Daily, two years old, whose mother is in the state hospital at Rusk. Recently after publicity about the child 1,000 applications to adopt Dale were received.

Saturday's court hearing was brought by Mr. and Mrs. Ruff I. Batey of Galena Park, who say they are the great uncle and great aunt of the child. Both are school teachers. They seek custody of the child.

Their action followed that of the Rev. A. W. Deguire of Mexia, Limestone Red Cross chairman, who placed Dale with Mr. and Mrs. R. J. McKowan of Llano. McKowan, 62, is a highway contractor. His wife, 42, is a former school teacher.

Judge R. W. Williford, who heard the case, ordered that Dale be placed in the custody of the court. The judge left him with Mr. and Mrs. McKowan. He ordered that the State Department of Public Welfare investigate the background of the two couples and the condition of the mother. He said he would make a final decision when this information is received.

Dale was not in court but remained with the Rev. Deguire's daughter in Mexia.

## LIFE RECOMMENDED

# Clary Found Guilty Of Murdering Wife

COLORADO CITY, March 4. — Cliff Clary, Ballinger cowboy, today unblinkingly heard himself pronounced guilty of murdering his wife.

It was the second time Clary had heard such a verdict. This time it came at 2 a. m. Saturday after a 32nd district court jury had deliberated his fate for five hours.

Clary, who was sitting beside his brother, Ollie Clary, San Saba, did not change expression when the jury recommended he be given a life sentence. He did not blink as Frank Oglesby, foreman, read the verdict and each member of the panel was polled.

In June 1948 Clary had been sentenced in Runnels county to life imprisonment, but the court of criminal appeals reversed and remanded the case. He had been indicted for the alleged murder of his wife, whose body was found in the charred ruins of their ranch home near Ballinger on Jan. 31, 1948.

Clary was committed to the Mitchell county jail pending formal sentencing. Defense counsel gave notice that a motion would be filed for a new trial.

Between midnight and 1 a. m. the jury asked Judge A. S. Mauey for further instruction defining the term "malice aforethought."

When the verdict was brought

## WAS ALMOST BURNED UP

MERION, Pa., March 4. (U) — Fourteen-year-old Jerold Panati picked up a slip of paper on the front lawn of his home yesterday intending to burn it with some trash.

The paper turned out to be a government check for \$17,374 made out to a neighbor, W. A. Ritter.

Ritter couldn't understand how the check got on the Panati lawn. He said he had been expecting a refund for overpayment of 1947 income taxes.

## Convict Sues For Pay, Duffelbag

JEFFERSON CITY, Mo., March 4. (U) — A Missouri Penitentiary convict, convicted of murder, filed a suit for \$32,087.

He is Willie F. Melodie, 41, serving 25 years from Morgan County for second degree murder.

Melodie filed two suits in Cole County Circuit Court today. In one he claims that the Missouri National Guard owes him \$20,287 as staff sergeant pay during nine years, eight months and 28 days. It includes \$384 as expert rifleman's pay.

In the other suit he claims that the Railway Express Agency, Inc., owes him \$11,800 for a duffelbag which was shipped from Harlingen, Tex., to Myrtle, Mo. He says the bag never reached him but was delivered to the sheriff instead.

Melodie brought both suits as melochianic liens.

## Airlines Strikers Voting On Truce

NEW YORK, March 4. (U) — Ground crews of American Airlines, striking from coast-to-coast, will vote tomorrow on a truce to end their four-day walkout that has grounded 80 per cent of American's flights.

Union leaders in New York called for the vote after the Federal Mediation Board in Washington promised full scale negotiations Monday if the men would go back to their jobs.

The walkout started Wednesday morning after bargaining talks collapsed.

Agreement had been reported on most major issues, but after the strike began the union revived its demand for a 50 cent hourly pay raise.

Ground crewmen now get \$1.02 to \$2.14 an hour.

## Corpus Tarpons End Great Year

CORPUS CHRISTI, March 4. (U) — The University of Corpus Christi held the best basketball record in the Southwest and one of the best in the nation today but had no place to put it.

Winners of 22 games out of 26, the Tarpons Friday night leaked Oklahoma City University, 25-22, to wind up the season.

Corpus Christi had hoped for a berth in the Texas NAIB play-off but Texas Wesleyan last night was chosen by the selection committee to represent the independent colleges.

## Stock Traders Win Gamble On Coal Agreement

NEW YORK, March 4. (U) — Stock traders won a long-shot bet this week.

Despite the threat of economic disaster in the coal strike, the market bet the coal miners would be back at work before an industrial slow down reached such proportions. It seemed likely that the market had been right.

A surge of buying was the first response Saturday to overnight news of the strike settlement. In the face of heavy profit-taking, a little progress was made. More than 50 issues sold at 1949-50 highs.

Steels, rails and motors were bought — and sold — heavily. These industries will benefit immediately from coal peace.

The Associated Press average edged up .1 to 74.3. This compared with the 1950 high of 74.3 touched Feb. 4.

Of 938 issues, 485 advanced and 194 declined.

Sales expanded to 940,000 shares. Pittsburgh Consolidation coal was an outstanding strong spot with a gain of 1 1/2 at 29.

## State Funds Show \$149,047,963 Total

AUSTIN, March 4. (U) — The net total in all state funds at February's end was \$149,047,963, the state treasurer reported today.

The general revenue fund showed a net of \$39,045,678.

## Grid Workouts Are Set Down For April 17

The Big Spring high school football team will officially begin workouts Monday, April 17, Coach Carl Coleman stated Friday.

The Longhorns, who won three of ten starts in 1949, made elaborate plans to launch workouts on Feb. 15 but 35 boys turned up with the flu on that date and Coleman hastily rescheduled the workouts.

Workouts will begin immediately after track workouts end for most of the lads. There'll be nothing to interfere with the football drills then save baseball, and most of the regulars out for the Steer diamond corps are seniors.

Eight lettermen return to the football team next fall. Their number include Bobby Jack Gross and Aubrey Armstrong, co-captains; Bob Kuykendall, end; Robert Cobb, Bobby Wheeler and Kenneth Williams, backs; Dick Lawwell and Jack Little, tackles. Gross is a back, Armstrong an end.

The drills are due to be high-lighted each Friday by intra-squad games. A group of last year's seniors may team up to oppose the 1950 team in a game on the final day of practice.

## Army Plane Crashes

MILWAUKEE, March 4. (U) — An Army Air Force plane carrying five men crashed into Lake Michigan near here tonight.

Coast Guard cutter, a fire boat and a rescue plane were seeking survivors.

## A&M Mermen Win Over Cayuses

COLLEGE STATION, March 4. (U) — Texas A&M College won from Southern Methodist University, 43 to 33, in a swimming and diving meet here today. The Mustangs won three of the free-style races, but the Aggies captured both relay races and the diving event as comes from behind and win.

COLLEGE STATION, March 4. (U) — Texas A&M College opened its 1950 track season by defeating the North Texas State Eagles, 72 to 42, on a slow track in wintry weather here today.

The Aggies scored first in 12 of the 15 events and made clean sweeps in the pole vault, mile run and 440-yard run.

# Jayhawks Turn Eyes To Region V Tournament

Howard County Junior college's Jayhawks, 36-50 losers in consolation semifinals to Blinn JC of Brenham in the State Junior College basketball tournament at College Station Friday afternoon, turn their attentions next weekend to the Region Five tournament at Amarillo.

The Hawks copped consolation laurels in the regional meet last year by drubbing Frank Phillips JC of Borger, 52-38, after dropping a 57-45 decision to Sayre, Okla., the ultimate champion, in the title round.

Regardless of how they fare in the Amarillo meet, the Hawks have set an all-time record in victories for the school. When they defeated Del Mar of Corpus Christi, 44-41, in first round consolation play in College Station, they achieved their 13th win of the year. Last season, they copped only 12, which also set a record for the school.

Lon Morris staged a massive upset in the College Station tournament by defeating Tyler in the championship finals, 73-71. Tyler carried an undefeated record into the tournament. Jackie Henderson's field goal in the last 45 seconds of play turned the trick. Henderson scored 22 points in the game.

The win stopped Tyler's victory streak at 33 games.

Amarillo beat Wharton, 52-51, to cap third place while Lamar of Beaumont was declared consolation winner after tripping Blinn, 50-48.

# Steerettes Win 56-8 Decision

ODESSA, March 4.—Big Spring ran roughshod over Odessa in three high school girls' volley ball games played here Friday night.

Arah Phillips' A team made it nine victories in 11 starts by subduing the Odessa regulars, 56-8, in the feature attraction.

Mona Lue Walker and Sue Craig drove home 13 points each for the Big Springers while Patzy Klier performed sensationally in setting up shots for the scorers. Kay Clements tallied four points for the losers.

The B string from Howard county romped to a 61-11 victory. Luan Crighton played a big role in the win with 21 points while Rose Rice, Joy Jordan and Fernie Mae Clanton all performed creditably. Jill Tindall was Odessa's standout player with five points.

Anna Smith's Junior high team from Big Spring walloped the Odessa C team, 56-28, in the evening's first game. Doris McNew, with 28 points, and Betty Wolf, who had 19, were the standouts for the visitors while Modena Phillips led Odessa with eight points.

The Steerettes play Midland in Midland Monday evening.

YMCA CAGE CHAMPS—it proved a long haul but the American Legion basketball team (above) finally won title honors in the YMCA basketball league, which wound up here recently. Left to right, top row, they are Larry McCulloch, Bill Bell, Frank Hardesty, Paul Selden and Ray Clark. Front row, John Rudessel, Manager Roger Miller and Skeet Salisbury. Bobby (Pepper) Martin and Gil Barnett, other members of the team, were not present when Alonzo Cooper snapped the picture.

# Fifth Annual Girls' Volley Ball Meet Begins Thursday

## Ringgold Six Early Favorite

Sixteen of the best girls' volleyball teams in West and North Texas will take part in the fifth annual Big Spring tournament, which begins in Steer gymnasium Thursday and continues through Saturday night.

The field will be headed by the powerful Ringgold sextet from northwestern Montague county, which last year nailed down first place in the meet by subduing Water Valley in the finals, 40-17.

Leading the Ringgold team into play again this season is pretty Betty Blackman, named the outstanding player of the 1949 show.

The Ringgold team, coached by C. B. Crenshaw, has won 22 of 24 starts this season. Three members of the team were chosen to the all-tournament team in a meet held at Byers in December.

A team which might give Ringgold plenty of trouble this year is Byers, which has won one of five decisions from Ringgold in practice games played to date.

In 40 contests, the Byers club has left the court with 36 decisions. The Byers sextet, which has C. J. Hughes as coach, advanced to the Havana this year to look over a crop of rookies in training there.

The entire team is expected here March 25. The hopefuls, defending champions in the Longhorn circuit, will probably begin workouts the following morning at Steer park.

An eight-game exhibition schedule has been lined up for the Steers, six games of which will be played at home. The Cayuses will meet Del Rio March 26, Rowell April 2, Abilene April 4, Lamesa April 5, Sweetwater April 7 and San Angelo April 8 in home contests.

Their road assignments are in

copped the inaugural show in 1946, edging Odessa, 25-24, in the finals. Eola grabbed the 1947 honors with a 24-22 victory achieved at the expense of Water Valley.

Water Valley returned to the throne room in 1948, battering Seminole in the finals, 47-18.

In last year's show, Forsan won third place by kayaking Fort Stockton in its last assignment, 27-18, while Big Spring grabbed off consolation laurels with a 32-30 win over Lamesa.

Sponsor of this year's meet is the American Business club of Big Spring. Five trophies are to be given away, along with 12 miniature volley balls to tournament players and eight similar awards to individuals of the championship team.

Six spikers and six 'set-up' specialists will be chosen to the all-tournament squad.

Big Spring is in a position to offer its most serious threat for the championship. Coach Arah Phillips is fielding her strongest team in history.

First round schedule (with starting times):  
THURSDAY — Water Valley vs San Angelo (game to be played in Angelo by agreement); Lamesa vs Garden City, 7 p.m.; Forsan vs Big Spring, 8 p.m.

FRIDAY — Ringgold vs Midland, 2 p.m.; Byers vs Denver City, 3 p.m.; Fort Davis vs Abilene, 4 p.m.

SATURDAY — Seminole vs Sweetwater, 9 a.m.; Lubbock vs Andrews, 10 a.m.

Semi-final games are down for the 3 and 4 p.m. Saturday while the title will be decided at 9 p.m. that night.

Stasey and Aton Leave Next Weekend For Miami And Meeting With Players

Pat Stasey and Al Aton, co-owners of the Big Spring professional baseball club, plan to leave next weekend for Miami, Fla., and Havana, Cuba, where they will greet members of the 1950 Bronx team.

The local men will go on to Havana this year to look over a crop of rookies in training there.

The entire team is expected here March 25. The hopefuls, defending champions in the Longhorn circuit, will probably begin workouts the following morning at Steer park.

An eight-game exhibition schedule has been lined up for the Steers, six games of which will be played at home. The Cayuses will meet Del Rio March 26, Rowell April 2, Abilene April 4, Lamesa April 5, Sweetwater April 7 and San Angelo April 8 in home contests.

Their road assignments are in

Stanton Cage Awards To Ten

STANTON, March 4.—Ten players, all of them juniors, have won basketball numerals at Stanton high school, Coach Leo Fields has announced.

The Buffaloes, winners in 26 of 30 starts during the 1949-50 season, should field one of the strongest B teams in West Texas next season.

The Bisons were unbeaten in regular District 23B play but lost to Coahoma's rangy Bulldogs in a special playoff.

Those winning monograms included LeRoy (Red) Gibson, Kenneth Hanson, Bobby McClain, Gerald Koonce, James Tunnell, Dwayne Peterson, Marshall Huff, Fred Church, Alvis Fisher, and Elvis Fisher. Manager Albert Johnson was awarded a letter.

Alice Baseball Parley Tuesday

# Twenty Track Teams Enter Local Relays

Twenty high school track and field squads have accepted invitations to compete in the seventh annual Big Spring Relays, which will be staged under American Business club sponsorship at Steer stadium Saturday, April 1.

Conflict in dates with two other meets, the District 3AA show and the Texas Relays, prevented the field from being still larger.

Latest teams to enter the carnival are Amarillo and Andrews. Amarillo nosed out Odessa for team honors two years ago but did not compete in the 1949 games, going instead to Childress.

A flock of new records may be set. Dean Smith, Graham speedster, may prove capable of setting marks in both the 100 and 200 yard dash, if he lives up to expectations.

The Big Spring team is working hard for the meet but is not due to make a serious threat for the team title. Bobby Jack Gross, discus thrower, is due to be the Steers' best bet for points.

Teams which have already entered include Kermit, Graham, Forsan, Lake View, Seminole, Abilene, Cisco, Lubbock, Montahans, Brownfield, Pecos, Denver City, Buena Vista, Sweetwater, San Angelo, Garden City, Coahoma, Amarillo and Andrews.

# Stanton Bisons Hard At Work In Grid Drills

STANTON, March 4.—Coach Leo Fields' line remains a question mark but his backfield at Stanton high school should be one of the best in Class B football circles next fall.

Fields said Saturday he was transferring Kenyon Henson, letterman end, into the secondary. Veteran backs who return next season include LeRoy (Red) Gibson, who made the all-district second team in 1949, Gerald Koonce and E. Koonce.

Alvis Fisher, who would have lettered had he not broken his foot in the first game last fall, will also be a candidate for a backfield post in the fall. Fisher is a fullback and a hard hitting one. He'll weigh 180 by fall.

Fields' biggest loss in the line was Wayne Cook, 200-pound tackle, who was named to the all-district team. Returning lettermen in the forward wall include Bobby Lindsey, tackle; and Lee Grapes, guard.

Whistle Lindsey, who called signals for the Buffaloes, will be missing but Henson is due to step into his shoes.

Fields has eight games booked for the fall and would like at least one more, preferably on Nov. 3. He'll play it either at home or away. The Buffs had a game lined up with O'Donnell but that was cancelled out. Stanton opens its 1950 season in a home game with the Big Spring reserves Sept. 16.

The Bisons begin their second week of spring drills Monday. Intra-squad games will probably be played on March 17 and again on March 24.

Mutt Cotton is helping Fields coach the team.

Danny Gardella Is All Business

ST. PETERSBURG, Fla., March 4. — Remember Danny Gardella? He's the fellow who sued baseball for \$500,000. Now he's trying to land a outfield job with the St. Louis Cardinals.

The Cards took Danny's contract from the New York Giants last October when his suit was withdrawn. Nobody ever found out who got what or how much.

# HENRY RANSOM HOT

# Harbert Deadlocks Burke In St. Pete Golf Open

ST. PETERSBURG, Fla., March 4. — Red hot Chick Harbert in 65 strokes for the second day in a row to catch Jack Burke in the St. Petersburg Golf Open today.

They were tied at 203 after 54 holes with one more 18 hole round to play tomorrow.

Burke added a two under par 69 to his paid of 67's over the 4,285-yard layout.

Henry Ransom of St. Andrews, Ill., added his name to the course record holders when he birdied the last five holes for a 64 today. That gave him 205 and a third place tie with Toby Lyons, Warren, Pa. Lyons had 69 today.

For Harbert it was about the same story as yesterday, but even more so. He three-putted three holes but made up for it with eagles on the 18th.

Another fine round today came off the clubs of George Bolesta, Danville, Ill., pro whose family home is nearby Tampa. Bolesta carded a 66 for 208 and shared fifth place with George Fazio of Conshohocken, Pa. Fazio had 70 today.

Jim Ferrier of San Francisco came next with 209. Johnny Palmer, Badin, N. C., pro, dropped back when he went two over par with 73. His 54 hole total was 21, the same as Jack Harden of El Paso, Texas, who moved into the picture with a 66.

Five Jayhawks To Olympics

Five members of the Howard County Junior college track and field team will accompany Coach J. A. Jolley to Laredo next weekend, where they will compete in the annual Border Olympics.

Those who will make the trip are Charley Seydler, Jimmy Jennings, Cleome Russell, Harold Baker and James Fannin.

Jolley said Seydler would compete in the 440-yard run and the mile relay, Russell the 800, mile and mile relay, Baker and Fannin both the mile. The latter will also run on the Jayhawk mile relay team.

Russell recently turned in a 2:05 half, which is fair time for this stage of the season. Fannin not long ago nipped Russell in a mile race.

Russell's specialty in high school was the 800 while Fannin ran the mile.

All the boys are local products with the exception of Baker, who hails from Sterling City.

Jolley said he would probably take his hopefuls to meet at Brady and San Angelo, as well as the state meet at College Station.

# 35 DUE

# Coahoma Gridders Open Work Monday

COAHOMA, Mar. 4 — Spring football training is scheduled to start Monday for the Coahoma Bulldogs.

Approximately 35 boys are expected to turn out for the 30-day training period, according to Coach Ed Robertson.

The 1950 Bulldog machine will probably be built around veterans Jack Wolf, R. J. Echols, and Maurice Duncan, Robertson said. Rodney Cramer, Jim Knight, and Gary Hoover will also go into the nucleus of the single wing team.

Wolf is being shifted from the backfield to a tackle position and Echols will move from quarter-back to halfback post for the new team, Robertson said. Duncan, two-year all-district guard, will continue at that position.

Cramer, a center last season, will either remain at that post or be shifted to right end. Knight will be fullback, and Hoover will hold down the left end position.

Johnny Turner, 200-pound sophomore, will likely fill the other tackle slot, Coach Robertson indicated. Bill Read will probably see action in the backfield.

Two probable members of the Bulldog grid team will miss the spring practice because of track workouts, the Coahoma coach said. Red Dickson and Paul Shedy, Coahoma's two-man track team, will start training in that sport Monday.

Both boys will stick to the field events for the season, Robertson said. Dickson will enter high jump, pole vault, shot putt, and discus. Shedy is to concentrate on high jumping and pole vaulting.

They are slated to enter the Big Spring Relays as well as conference meets, the coach stated.

# Second Tri-County Loop Session Scheduled Today

Organizers of the Tri-County baseball league will hold their second meeting of the year at 2 p.m. today in the chamber of commerce conference room in the Settles hotel.

Representatives from Welch, Tahoka and O'Donnell have been invited to convene with the directors to talk of an expanded league, a loop that would embrace teams of five or six counties.

Snyder men reportedly are interested fielding a team in the circuit and may be present at the session, too.

Three teams were represented at the initial meeting two weeks ago. They were Howard County Junior college, Forsan and Ackert. There is indication Texas and Pacific may seek entry.

T & P fielded one of the strongest semi-pro outfits in all of Texas around two decades ago and could probably field a rugged nine again.

T & P, Forsan Meet Tuesday For Cage Title

Corpus Christi Wins State AA Basketball Title, 40-34

Crozier Wolf Pack Has Top Cage Record

Helen Stephens Still A Sports Standout

PORT WORTH, March 4. (AP) — Eight teams will be here Friday and Saturday for the second annual State City Conference Schoolboy Basketball Tournament...

FULTON, Mo., Mar. 4. (AP) — Back in 1935, Helen Stephens won the 100-meter dash in the Olympic games. Her time was 11.5 seconds, a mark since equalled but never bettered.

HELEN STEPHENS

The 17-year-old Missouri girl came home to acclaim and honor. She ran some exhibition races after that but dropped out of competition.

Mrs. Stephens, dubbed the "Fulton Flash", still is in sports, but now it's basketball. During the day she audits the accounts of finance officers of the departments of the Army and Air Force at the general accounting office in St. Louis.

Heled the great Polish star, holder of most of the world track titles for women. Helen drew: "Who's Stella Walsh?"

Crozier Tech of Dallas brings the best record to the tournament. The Wolves lost only one game this season — that to Forest of Dallas. They won 21.

Sam Houston, the Houston champion, with a 25-4 record, appears the general choice to win the title with Crozier Tech the strongest contender.

Noor Outruns Citation Again

ARCADIA, Calif., March 4. (AP) — Noor won the \$50,000 San Juan Capistrano Handicap at Santa Anita Park today.

The fleet Britisher caught the mighty Citation at the wire, to win by less than a nose in a photo finish. The time of 2:32 4-5 is a new American record.

It was a two-horse race down the stretch of the long mile and three-quarters, with the pair never more than a head apart. Noor was nodding at the right time as they hit the wire.

He paid \$8.80, \$3 and \$2.50. Citation, the favorite, paid \$2.30 and \$2.10. The third place Mocoop paid \$2.60.

Thus ended, at least temporarily, Citation's bid to become the leading money winner of all time. Had he won the \$40,000 purse today, he would have topped Bigmie's \$318,485 mark by \$21,115.

Noor, which beat Citation in last week's \$100,000 handicap, became the first horse to beat Citation twice.

When Rogers Hornsby, baseball great from Texas, signed his first baseball contract, he drew a \$600 bonus. I. B. Palmer, the former WT-NM leaguer who signed recently to play with Mecon, Ga., has spent the winter working for an implement company in Littlefield.

Ernie Lane issues open challenge. La Marga, an Earnie Lane horse that is qualified to run in the April 23 Futurity here, continues her winning ways at New Orleans Fair Grounds.

When Rogers Hornsby, baseball great from Texas, signed his first baseball contract, he drew a \$600 bonus. I. B. Palmer, the former WT-NM leaguer who signed recently to play with Mecon, Ga., has spent the winter working for an implement company in Littlefield.

FORSAN, March 4. — The T&P Railroaders of Big Spring and the Forsan Service Club will tangle at 9 o'clock here Tuesday night to determine the champion of the 1939 Forsan Independent basketball tournament.

T & P had a narrow squeak with the Forsan Pipeliners Friday night but won, 47-44, thanks to some nifty shooting on the part of Dewey Stevenson.

Virgil Bennett and Wendel Shive kept the Pipeliners in the game all the way with some expert work under the baskets.

Stanton and Water Valley will meet in an 8 o'clock game Monday that will determine the consolation winner.

Stanton drubbed the Texas Electric Service company aggregation Friday night, 39-21, while Water Valley was getting past Center Point, 38-25.

Mustangs Lose 3rd Place Go

AUSTIN, March 4. — Corpus Christi's Buccaneers tonight won the Class AA schoolboy basketball championship of Texas, beating Vernon 40-34 in the finals.

It was a glittering battle which saw the teams tied 20-20 at the half.

It was Corpus Christi's second state title within a year. The Buccaneers last spring took the state track and field championship.

Canyon and Gruver, a couple of smooth shooting teams from West Texas, sacked up the state Class A and B titles.

Canyon smothered South San Antonio, 49-25, and Gruver smashed three of the eight Class B records broken today in slumping Wealdier, 43-34, for this division crown.

It was strictly "no contest" in the Class A championship game as Canyon used a bounding little guard, Joe Abbott, and three great big boys to smother the scrappy Alamo City Team.

South San Antonio, the team that finished second in its own district, tried hard but just couldn't overcome Canyon's height advantage in the persons of Troy Burrus, Brother Ray Burrus and Bruce Winn.

Abbott's 17 points was high for the game. Troy Burrus had 16 points while Johnny Vick of South San Antonio topped his team's efforts with nine.

Gruver broke the Class B championship team scoring record with its 43 point total and the 34 points scored by Wealdier's scrappy, sizzling Wildcatters was the most ever scored by a losing team in the title game.

The aggregate score of 77 points was also a new mark.

The old team scoring record in the championship game was set last year by Martin's Mill with 59 points. Mt. Enterprise's 33 points was the highest previously scored by a losing team — in 1945. The old aggregate was 72 points, set last year by Martin's Mill and Big Sandy.

The Greyhounds — a team without a senior on it — jumped into the lead to start and lost it only once. They used the same formula to win the championship they did in winning two one-point victories en route to the finals — lots of hustle.

Cayuga won third place in Class B and set five records in this division with its 68-34 victory over Forrester.

Blinn Uses Foul Rule To Defeat HCJC Jayhawks Friday, 56 to 50

COLLEGE STATION, March 4. (Sp1)—The Howard County Jayhawks were enroute home today, and as far as they're concerned, the five-person-fouls-and-you-can-go-back-into-the-game experiment isn't so hot.

It was the direct reason for the Jayhawks' 56-50 defeat at the hands of the Blinn Buccaneers in the consolation semi-finals here Friday.

Actually, the rule worked fine in all other tournament games but Blinn saw a chance to beat the spirit of the rule by repeatedly committing one-shot fouls against the Jayhawks.

The Southeast Texas quintet did this so effectively that Howard went six minutes without getting a field goal. During this time, Blinn was building up a 12-7 lead.

Harold Berry, Louis Stallings and Delmer Turner of Howard cashed in seven of ten free throws given them, but as Coach Harold Davis explained to a reporter, "no team can hope to win a game on free throws alone—even if you make all of them."

Finally, little Stallings managed to drive in for a lay-up, then he and Turner and Melvin Norris led a rally that saw Howard move in front, 27-25, at halftime. But

Bennett Flies To Polo Match. Dr. M. H. Bennett, Big Spring's leading exponent of polo, files to San Antonio this morning to take part in a match featuring some of Big Spring's outstanding mallet wielders.

Gus White, Jr., Dutch Evenger and the Berry brothers, Roy and Bill, are among those who will probably get into the fray.

the lead melted quickly in the second half as David McMullen popped in six straight field goals and his teammates used their tactics of keeping the Jayhawks from moving the ball into scoring territory. Howard made a fine showing in the tourney and now starts getting ready for the regional meet in Amarillo.

Matt Harrington

this question:

My neighbor's garden swing was accidentally burned the other night and it set me to wondering—are things of that sort covered under our Dwelling Fire Insurance policy?

On any insurance problem, consult TATE, BRISTOW & HARRINGTON, Ground Floor, Petroleum Bldg., Big Spring, Phone 1230

Hogs Land No Men On Team

DALLAS, March 4. (AP) — Five schools placed men on the 1950 all-Southwest Conference basketball team selected by the coaches—Arkansas, which tied Baylor for the championship, wasn't among them.

Baylor got one on the team as did Texas A&M, Texas and Texas Christian, while Southern Methodist came up with two. Rice didn't place.

Three players were unanimous choices. They were Don Hestings, Jewell McDowell, Texas A & M guard, and Tom Hamilton, Texas forward.

Lacking three votes was George McLeod, Texas Christian center.

That's the same night Joe E. Brown, the baseball player turned comic, appears here for a show. Red Worley, the ex-Golden Glover from Angelo, will probably fight on the Louis card, by the way.

Johnny and Mick Mason of Lamesa, former members of the ACC track team, were pall bearers at LaVerne Roach's funeral in Plainview last week. So was J. R. Callahan, the ex-Wink grid great. The biggest crowd ever to see a wrestling match anywhere was 35,675, which turned out in Chicago to see a charity bout between Ed Lewis and Jim London 18 years ago.

Mayne, well liked here as a grappler, a couple of years ago, is now headlining wrestling programs in Salt Lake. Charley Parker heads a team of 16 university of Texas trackers that will compete in the West Texas Relays in Odessa March 25.

at ends and up to par in the center of the line. The team was hit hard by graduation at tackle. Jess Neely, the Rice grid mentor, will serve as instructor at schools in Atlanta, Ga., and Logan, Utah.

The Georgia clinic starts Aug. 18 and runs for four days while the Utah course gets underway June 5 and continues through the 9th. Around 150 coaches have applied for the head coaching job at Allee, which pays \$5,200 per annum, no less. The Texas Western football eleven will play seven of its 11 games next fall at home but will be one of the best traveled teams in the country.

The miners go to Cincinnati, Albuquerque, Lubbock and Honolulu, Hawaii.

Red Camelia First. NEW ORLEANS, March 4. (AP) — Red Camelia won the \$25,000 New Orleans Handicap today in the mud at the Fair Grounds Track. The Joe W. Brown entry ran the mile and 1-16th in 1:49 2-5, paying \$7.50, \$4.20 and \$2.00. Sue Thinks was second and Dart By third. The favored John's Joy was scratched.

Races Carded Here Today

A full afternoon of racing is in prospect at Shertis' Posse oval west of town today.

Most of the sprints will be arranged on the spot.

Futurity time is little more than a month away and additional horses, many of them eligible for the April 23 feature, are moving onto the racing grounds and furthering their training.

The horses generally are in better shape than were last year's entries at this stage of the season, since the weather has been fairer and the trainers have had more time to run their horses.

Today's program will get underway around 2 p.m. and continue until dark.

THE WEEK

(Continued from Page One)

William V. Boyles, 63, Succumbs After Extended Illness

Services will be held at 3:30 p. m. today for William Virgil Boyles, 63, retired farmer and rancher who died at his home at 1307 Runnels early Saturday.

Mr. Boyles had been in failing health for the past three years and seriously ill for several weeks. Death came at 6:15 a. m.

The body is to lie in state at the residence until time for services, in charge of Lloyd Combs, minister, at the Church of Christ, 14th and Main. Burial will be in the city cemetery with McDaniel-Bouillon Funeral home in charge of arrangements.

Mr. Boyles was a native of Llano county. He resided at San Angelo for a time, then Lamesa before moving to the Luther area in 1934. Ill health forced his retirement three years ago. He was a veteran of World War I, having served 13 months overseas in an artillery battery of the 90th division.

Survivors include his wife; three brothers, Lindsey Boyles, Brownwood, Floyd and Leslie Boyles, Brady; three sisters, Mrs. Willie Penn and Lucy Boyles, Mercury. Pallbearers will be Don Yates, Roy Hoover, Dr. Mark Gibbs, G. D. Rice, D. H. Petty, and Mr. Johnson, Sterling City.

LIONS MINGREL CREDITED WITH AVERTING THEFT

The Lions club minstrel was indirectly responsible for breaking up an attempted safe cracking here Friday night.

Rolly Seawell Jr., janitor for the Southwestern Investment company and son of the firm's manager, waited until after the minstrel to do his cleaning chores Friday night. When he entered the Southwestern office about 10:30 p. m. he spotted the would-be burglar near the safe at the rear of the building.

Young Seawell yelled at the man who heeded to a waiting car at the rear of the building on E. 3rd street. He and a companion made good their escape.

The pair left behind a chisel, which had been used to knock the knob off the safe, and a bottle of nitroglycerine with which they apparently planned to "blow" the strong box. An electric detonator cap and wire was also abandoned.

The SIC office. Seawell, 19, is a high school senior here and is captain of the Steer band.

COAL

(Continued from Page One)

sary to windup the agreement which was causing the delay.

A union spokesman denied that the had been last minute demands. He said the committee working on the contract had made progress. He emphasized much legal work had to be done.

The UMW representative asserted there had been no change in the agreement on fundamental principles reached last night.

In the fields, happy miners who had held out grimly for a contract, made it clear that most of the 372,000 miners were eager to get back on the job Monday.

"John L. did it again," was a typical comment.

The sudden accord caused President Truman to toss out his request for power to seize and operate the mines. He will press Congress to set up a Commission to study how to strengthen the coal industry, which he says is sick.

The ICC cancelled its new order for a slash of 15 per cent in coal-burning railroad passenger and freight service.

For Lewis it was a mighty triumph, adding benefits totalling \$1.40 a day per man. The extra cost per ton of coal was estimated at 20 cents.

The \$1.40 included a raise in daily pay of 70 cents, an addition of 10 cents to the 20-cent welfare fund royalty paid on each ton of coal mined. This also comes to 70 cents a day, figuring an average production of seven tons a day per man.

18 Killed in Riots

CALCUTTA, India, March 4. (U) - New outbreaks of Hindu-Muslim fighting in India's West Bengal have resulted in 18 killed, at least 10 wounded and the arrest of 95 persons, the government announced tonight.

Texas Student Dies

NORMAN, Okla., March 4. (U) - Richard S. Redmond, University of Oklahoma senior from El Paso, was found dead, apparently from natural causes, in his dormitory room tonight. He was seen the last time Thursday.

Gas Main Explosion Rocks Arlington

ARLINGTON, March 4. (U) - A 18-inch gas main exploded two miles from here early this morning. The blast rocked this area. Gas service was interrupted in some areas.

A United Gas Co. official said the line probably deteriorated from chemicals from the Arlington sewage disposal plant.

Gas Main Explosion Rocks Arlington

CANDIDATES

(Continued from Page One)

Spring if given proper encouragement.

JOHNNIE D. GRIFFIN

Griffin, who operates an auto service store under his own name, said he hoped to aid in the development of Big Spring and to help "keep it the city of opportunity it has always been."

He said he had no criticism for the present city commission, but was merely interested in serving and working for a bigger Big Spring. Griffin has lived here for the past 18 years.

B. F. LOGAN

B. F. Logan is a pioneer resident of Howard county and has a record of public service. He has lived in Big Spring five years and previously was mayor and alderman of Coahoma for six years and was a member of the Coahoma school board for an equal length of time.

Logan said he would pledge his cooperation with other commissioners and citizens to improve the city in any way possible. He said he was particularly interested in eliminating fire and traffic hazards and stood for strict enforcement of all traffic laws.

C. C. BALCH

Balch has been in business here since 1928, operating a shoe repair and leather craft shop. He said he was anxious to help improve Big Spring as a place to live in any way possible.

In any decision he might be called upon to make as a commissioner, Balch said he would act in the way he believed would "do the most good for the most people."

Death of Brownwood Man Investigated

BROWNWOOD, March 4. (U) - Officers are investigating the death of James Franklin Johnson, 54, whose body was found Friday in his Brownwood home with bruises on his face.

Texas Ranger Lawrence Nordyke said an autopsy "showed a skull fracture above and behind the right eye."

Johnson's son, Jesse Franklin, 12, found the body Friday afternoon. Mrs. Johnson was at work at the time.

Greeks to Elect Parliament Today

ATHENS, Greece, March 4. (U) - The Greek people will elect tomorrow a parliament that is expected to produce a coalition government just as delicately balanced as others of the postwar past.

The government will be Greece's 12th in a period of four years.

How long it will live is a matter of conjecture.

It is a foregone conclusion that no single party will get an absolute majority of the 250 parliamentary seats. The winner must compromise with others to form a cabinet.

Carter Injured in Automobile Mishap

Roy Carter, injured in a car mishap near Sterling City, Thursday night, is convalescing at his home at 300 Dixie.

He was shaken when his car hit a soft shoulder and rolled several times. Carter was enroute home from San Angelo where he had attended the San Angelo rodeo opening.

A total of 16 teams and 210 girls competed in the tournament.

Paint Rock, March 4. - Melvin won the fifth annual Paint Rock Women's Invitational Volleyball tournament here tonight, defeating Eola, 29-18.

Consolation honors were won by Rochelle which dumped Eden, 29-24.

The team sportsmanship trophy was awarded Forsan. The all-tournament team was composed of Maurice Mitchell and Rita McMillen of Melvin, Tommy Kropp and Dorene Smith of Eola, Betty McCartney and Joyce Stewart of Rochelle, Nelda Stephens of Eden, Johnita Griffith of Forsan, June Caswell of Paint Rock, Joyce McCutchen of Robert Lee, Dorothy Scott of Bronte, and Shirley Snyder of Water Valley.

Johnita Griffith All-Star Choice

PAINT ROCK, March 4. - Melvin won the fifth annual Paint Rock Women's Invitational Volleyball tournament here tonight, defeating Eola, 29-18.

Consolation honors were won by Rochelle which dumped Eden, 29-24.

The team sportsmanship trophy was awarded Forsan. The all-tournament team was composed of Maurice Mitchell and Rita McMillen of Melvin, Tommy Kropp and Dorene Smith of Eola, Betty McCartney and Joyce Stewart of Rochelle, Nelda Stephens of Eden, Johnita Griffith of Forsan, June Caswell of Paint Rock, Joyce McCutchen of Robert Lee, Dorothy Scott of Bronte, and Shirley Snyder of Water Valley.

A total of 16 teams and 210 girls competed in the tournament.

Walker To Face Redskins, Baugh

DETROIT, March 4. (U) - The Detroit Lions announced today they will meet the Washington Redskins in an exhibition game next Aug. 30 in the Cotton Bowl at Dallas, Texas.

It will pit a pair of Texas grid greats, Doak Walker, Lion freshman from Southern Methodist, against slinging Sammy Baugh, former Texas Christian pass-master, who will be starting his 14th season for the Redskins.

Agreement Reached On Surplus Spuds

WASHINGTON, March 4. (U) - A tentative agreement to spend a few more million dollars on surplus potatoes "rather than see them rot" was reached late today by a Senate-House conference on farm price supports.

Sen. Elmer Thomas (D-Okla.) told reporters the agreement was still subject to final approval of the seven senators and seven House members trying to work out a compromise on emergency legislation covering potatoes, cotton, wheat and peanuts.

Publisher Going To School At 78

CORAL GABLES, Fla., (U) - A 78-year-old New Jersey publisher, theater owner and former state legislator is spending his spare time this winter by going to school.

William C. Hunt, publisher of three weekly newspapers in Cape May County, N. J., owner of seven theaters, president of the county chamber of commerce and Wildwood's first citizen, is taking a University of Miami course in "English Composition and Communication."

Hunt attends four afternoons a week with a special tutor in a University classroom.

M. S. GOLDMAN

Enumerators For Local Census To Be Recruited

Recruiting of a staff of enumerators for the important decennial census will begin this week. M. S. (Sam) Goldman, county supervisor, is to be in Lubbock Tuesday and Wednesday for a brief conference with district census officials. Returning Thursday, he will be ready to begin recruiting a staff of field workers.

Meantime, Goldman urged all persons interested in applying for the places to make inquiry by writing him at Box 429 and taking care to include name, address, and telephone number (if any).

Goldman hopes to have the staff shaped as far as possible by March 15 when he is scheduled to return to Lubbock for a six-day period of instruction. This schooling will deal with the census forms and gathering of information.

In turn, he is due to hold a school of instruction for county workers on March 28. This is to familiarize all field representatives thoroughly with questions to be asked on the census, and procedure to be followed in filling the forms.

Actual taking of the census is to start on April 1 and will be pressed rapidly. It is due to be completed by the forepart of May.

Johnita Griffith All-Star Choice

DAVIDSON'S STEER IS GRAND CHAMPION

County 4-H Clubbers Exhibit Prize Herefords At San Angelo

Topped by the grand champion steer exhibited by Ronnie Davidson, Howard county 4-H club members dominated the Hereford division of the San Angelo Livestock Show Friday.

No less than seven Howard county animals, including the grand champion, placed in the lightweight class, and local entries topped first and fifth places in the heavyweight class.

To complete the series of triumphs, the champion group of five steers from one county was exhibited by County Agent Durward Lewter's junior feeders.

In the lightweight class Ronnie Davidson's champion took first place, Wayne White fifth, Perry Walker sixth, Pat Lamb, eighth, Darrell Robinson 10th, Delbert Davidson 18th and Doyle Lamb 20th.

Lowe Rice exhibited the first place heavyweight Hereford, and Perry Walker's entry placed fifth in that class.

Ronnie and Delbert Davidson, sons of Mr. and Mrs. L. J. Davidson of the Center Point community, bred the champion steer, and Ronnie fed the animal out as a 4-H project.

All of the Howard county animals in the show, except the grand champion and the entries of Perry Walker, were carried to Abilene Saturday for another exhibition.

The grand champion was sold at San Angelo, and Walker planned to exhibit his steers at the Amarillo show.

Animals will be judged at Abilene Monday and at Amarillo on Tuesday.

SAN ANGELO, March 4. (U) - An all-time high price of \$9.50 per pound was paid for the grand champion fat lamb of the 17th annual San Angelo Fat Stock Show & Rodeo here Saturday morning.

Sam Ellington of Plinkie's Liquor Stores was the successful bidder. The lamb, first place winner in the fine wool class and fed and exhibited by Eugene Wester, San Angelo FFA boy, weighed 104 pounds. Price was \$988.

Ellington did not send the lamb on to the packer, but kept it for his own use.

Buying the grand champion calf, Howard Fride, a Hereford, was a Homer Nickel, operator of Nick's Liquor Stores. He bid in Ronnie Davidson's 689-pound steer at \$1.65 per pound, \$1,136.85.

Nickel was the major buyer of the auction. He spent \$3,954.97 for lambs, calves and pigs.

SCHOOL BONDS

(Continued from Page One)

eration). One reason why this figure would be adequate is increased state support under the foundation program; another is a normal increase in values through property development.

Financial soundness of the issue is not an opinion held by the board alone. Bondsmen, who are prospective buyers, have reached the same conclusion. In fact, it is probable they will bid the interest rate substantially under the maximum three per cent set in the election call.

Thus, it may be seen that the high school plan is needed to meet a rapidly increasing enrollment in the upper levels and at the same time provide more space for elementary and junior high levels; that the proposed plan will be both modern and adequate and subject to expansion; that the district can finance it without increasing cost for the individual taxpayer.

Those who have resided within the state a year and the district six months who have rendered real (real estate) or personal (automobiles, merchandise, household goods, or any personal belongings) for taxes to the district; and who are otherwise qualified to vote—may ballot in Tuesday's election.

The place is the city hall fire station. The hours are between 8 a. m. and 7 p. m. Because of new state election law requirements, voters must present their poll tax receipts or exemption certificates so that they may be stamped as voted.

Wegner To Receive Service Award Of Jaycees On Monday

Distinguished service award of the junior chamber of commerce will go Monday evening to F. W. H. (Fritz) Wegner.

Presentation of the key, signifying Wegner as the outstanding young man in Big Spring during the past year, will climax the annual banquet of the Jaycees in the Settles ballroom at 8 p. m.

Speaker for the occasion will be Delbert Downing, Midland chamber of commerce manager and widely known as an after-dinner speaker.

Lewis Heflin, president of the Jaycees, said that tickets for the affair are still available and may be had Monday from any member of the junior chamber of commerce.

Wegner was chosen by a special committee outside of the Jaycees. The honor was accorded him upon the basis of community activities in many fields during the past year and of lasting contribution to community good.

Wegner is an immediate past president of the Rotary club, has headed the polo chapter fund drive, has been active in community chest and Red Cross campaigns, chamber of commerce and other affairs. In addition, he was a division head in the successful centennial association last year.

In business, he is assistant district manager for Texas Electric Service company.

Texan Defeated By Mary Wall

ORMOND BEACH, Fla., March 4. (U) - Mary Agnes Wall of Mesquite, Mich. broke a jinx of a decade and won the 22nd annual South Atlantic Women's Golf Tournament here today.

Playing perhaps the best golf of her career, Miss Wall defeated veteran Polly Riley of Fort Worth, Texas, 2 and 1, in the 18-hole final over the seaside links of the Ormond Beach Country Club.

Fem Tournament Opens Wednesday

WACO, March 4. (U) - First round pairings of the annual state tournament of the High School Girls Basketball League of Texas opening here Wednesday have been announced.

The defending champion is Seagoville of Dallas County.

The first round Wednesday schedules:

1. Noon - Aliso vs Cotton Center; 2. Noon - Bullard vs Denton Valley; 3 p. m. - Rysum vs Dimmitt; 3 p. m. - Avery vs Lava; 6 p. m. - Rogers vs Meridian; 7 p. m. - Seagoville vs Leckney; 8 p. m. - East Chambers vs Meadow; 9 p. m. - Sweeny vs Dalhart.

First round winners play quarterfinals Thursday night. Championship games will be Saturday night.

# Central-North Scurry Well Completed For 436 Barrels

Progress Petroleum Company of Texas No. 1 Buffalo, a new Canyon reef discovery in Central-North Scurry County, has rated a daily flowing potential of 436 barrels of 41.5-gravity oil and no water.

The 24-hour potential was calculated from 17 hours and 15 minutes actual flowing through a five-eighths inch choke.

The new producer was not treated. Gas-oil ratio was gauged at 730. Flowing tubing pressure was 320 pounds.

Canyon reef pay was topped at 6,787 feet, on an elevation of 2,432 feet. Total depth is 6,900 feet. A five and one-half inch oil string was set at 6,782 feet.

This new producer is three miles north of the nearest producing well in the North Snyder-Canyon pool, and is separated field by dry holes.

Exact location is 467 feet from south and east lines of section 55, block 97, H&TC survey, and nine miles north of Snyder.

One location north of the discovery well, Progress has staked the No. 2 Buffalo, already reported.

Two miles to the northwest, in a direct line, and half way to the Cogdell Canyon-reef pool in Central-North Scurry County, Castleman & O'Neill No. 1 Feldman & Pardo has set casing in a porous reef section—high enough to be a possible producer.

Due to the irregularity of a reef formation, many theories are being offered as to the importance of these recent reef discoveries. The Progress and Castleman & O'Neill wells could be the beginnings of separate pools, extensions to either the Cogdell or Scurry reefs; or links between the Cogdell-Canyon and North Snyder pools.

# Castleman To Test New Strike In Same Area; Also Stakes Outpost

Castleman & O'Neill of Midland, and associates, are to start operations at once on their No. 2 Feldman & Pardo, which is to be a one-location east outpost to their No. 1 Feldman & Pardo, prospective Canyon reef line discovery in Central-North Scurry County.

The new venture will be 853 feet from east and 487 feet from north lines of the north half of the southeast quarter of section 651, block 97, H&TC survey.

Drilling to around 6,900 feet to test the Canyon reef will begin at once. The project is 15 1/2 miles north of Snyder.

Castleman & O'Neill, et al, No. 1 Feldman & Pardo has cemented a string of 5 1/2-inch casing at 6,740 feet. Total depth is 6,965 feet. As soon as the plug cures it will be drilled out and operators will make production tests on the open hole. It is expected to develop commercial production—despite the fact that no drillstem tests were run before the pipe was cemented.

Official top of the Canyon reef line, according to electric log is at 6,716 feet. Elevation is 2,445 feet. That gives a minus datum of 4,273 feet.

On that marker the No. 1 Feldman & Pardo is correlated to be 82 feet higher than the discovery

well of the Cogdell-Canyon field, two miles to the northeast. It is also 81 feet high on the top of Canyon to that point in the Progress No. 1 Buffalo, flowing discovery from the reef three miles to the southwest.

Drilling samples from the Castleman & O'Neill No. 1 Feldman & Pardo indicated that they carried petroleum and operators drilled 160 feet of the pay and then bottomed out.

The project quit a considerable distance above the point at which the Canyon water is expected.

This apparent new discovery is three miles north of the nearest completed producers on the north side of the North Snyder-Canyon field.

Its location is 2,173 feet from south and 47 feet from west lines of section 51, block 97, H&TC survey.

# PRICE CUT? Oilmen Eye Demand Drop

By MAX B. SKELTON

HOUSTON, March 4. (U.P.)—Fear of an oil price slump is striking close to home, the oil rich Southwest.

Oilmen have kept a close eye on price fluctuations ever since production hit the skirts early last year. Adjustments have been numerous in Midwestern and Eastern consumer areas.

Several companies this week cut 15 cents off their per barrel prices on No. 6 bunker C fuel oil, an old, popular fuel used particularly by ocean vessels. Announcements for three of the companies joining the parade were made in Texas.

The economic importance of bunker fuel to the industry is a far cry from crude oil or gasoline but one major oil company spokesman had this reaction:

"It is a definite sign of distress."

Another spokesman said the 15-cent bunker cut seems to be the first step in a general reduction.

Some were not too pessimistic, saying bunker fuel prices are controlled by the Atlantic coast market, with changes not necessary indicative of changes in other petroleum products.

Regardless of opinions on the significance of the change, there was an upsurge in concern over prices in general. Industry economists long have predicted the crisis will come for crude and gasoline—this spring if market demand has not leveled off.

Texas this week began its twelfth production cutback in 15 months, this time a big 92,000 barrels daily. Louisiana's March allowances were 42,000 barrels daily below February.

K. S. Adams, president of Phillips Petroleum Co., discusses the market and price situation in his latest monthly "Philnews" note to employees.

He said the loss of much of the normal domestic market for foreign oil already is curtailing production severely, and added:

"Unless imports are now reduced substantially, the oil industry faces the prospects of reduced prices for crude oil."

This, he said, would cause severe repercussions throughout the industry. Price reduction, he said, would cause a slackening in exploration and development, and contribute further to unemployment and lowered income.

# Stanolind-Hutto Has Another Show

For the fifth time, Stanolind No. 1 Louie Hutto, eastern Howard county wildcat, had a showing on drillstem test Saturday.

Details of the test were not available immediately, but it was reported that gas-cut mud was returned on a drillstem test in the Mississippi to 2,115 feet. Previously it had returned gas-cut mud on a test in the same formation.

Times there were shown (two with free oil) in the Wolf camp. Location is 690 feet out of the southeast quarter of section 4-31-1s, T&P.

Northwestward across the county and in the Vealmoor pool, Sea board No. 1 E. L. Clanton, 600 feet from the north and east lines of the southeast quarter of section 33-32-3n, T&P, was bottomed at 5,099 feet after setting intermediate string at 3,172 feet. This is the most southeasterly test in the pool.

# Scurry Engineering Meeting Scheduled

The final organizational meeting of oil operators in the Scurry county area interested in forming a cooperative engineering committee has been scheduled for Wednesday at Midland.

The engineering committee will be composed of present and potential operators in Scurry County fields and possibly those of adjoining counties. It will have as its purpose the collection and dissemination of factual data on a field-wide basis for conservation purposes.

The first meeting of the operators was held at Midland February 8th and was attended by representatives of 21 operators in Scurry County fields. At this meeting called by D. V. Carter, chief petroleum engineer for Magnolia, the necessity of forming an engineering committee at the earliest possible date was stressed because of the intensive development of Canyon reef reservoirs in the Scurry County area.

All interested and potential operators in Scurry County as well as those in adjoining counties are invited to be represented at the final organizational meeting which will be held at 1:30 p.m., at Midland's Scharbauer hotel.

# Triple-Pay Midland Wildcat and Coke Strawn Strike to Complete

JOHN B. BREWER

SAN ANGELO, Tex., March 4.—An indicated triple-pay discovery in Midland county was preparing to complete from the Ellenburger and the second well in the Davenport field in Coke county was flowing oil at the close of last week's West Texas oil activity.

Drilling Ellenburger perforations with acid, General American No. 1 Mrs. Josie Faye Peck, indicated triple-pay discovery in southern Midland county palled swab and kicked off, flowing 763 barrels oil in 15 hours. Shakedown was six percent load water and acid water. Later, another test flowed 549 barrels oil in 13 hours. The test is still flowing. No. 1 Peck had good shows in the Wolfcamp and flowed oil from the Pennsylvanian and Devonian. It is in the C NW NW 21-41-4s-T&P.

Tex Harvey No. 1 L. B. Floyd, Midland county discovery from the Spraberry sandy lime of the lower Permian, indicated production from the Devonian when it flowed about 2 1/2 barrels of oil hourly plus some acid water.

Production in Texas during perforations at 11,222-260 feet, completed as a Spraberry discovery in March, 1949 when it pumped 135 barrels of 40.2 gravity oil plus 17 barrels water through perforations at 7,865-75 and 8,045-48. No. 1 Floyd failed in the Ellenburger to 12,063 feet. It is 2,900 feet from the north, 600 feet from the east line of section 16-37-3s-T&P.

Completed as the fourth and largest producer in the Cogdell (Canyon reef) in southern Kent county, Chapman & McFarlin No. 2 D. M. Cogdell flowed 2,200-32 barrels of 41.7 gravity oil. The half-mile

# Northwest Kelly Extension Seen

An extension of approximately one mile to the northwest side of the Kelley-Canyon field in West-Central Scurry County has been indicated at Wilshire Oil Company No. 3 Lanford.

This development is 487 feet from north and west lines of the northwest quarter of section 253, block 97, H&TC survey, and six miles northwest of Snyder.

It topped the Canyon reef at 6,797 feet, on an elevation of 2,539 feet, to give it a datum of minus 4,258 feet on that marker.

The venture is coring ahead below 5,211 feet in porous lime. It will core to about 4,990 feet and then set casing and complete.

No drillstem tests have been run on this exploration since it entered the Canyon reef. However drilling samples and cores show strong evidences of production.

# Hamm to Abandon Mitchell Wildcat

William Hamm, Jr. of Fort Worth is preparing to abandon his No. 1 J. Miller in the Ellenburger of Northeast Mitchell County.

Electric surveys were being run at 7,528 feet. The Ellenburger was topped at 7,482 feet, with an elevation of 2,194 feet.

Sulphur water was recovered on a one-hour drillstem test at 7,494-7,529 feet. No production possibilities were logged in any formation drilled.

Location of the failure is 1,960 feet from west and 660 feet from south lines of section 38, block 28, T&P survey, and two miles east of Colorado City.

# Outmost Staked As Venture Fails

A possible east extension to the Von Roeder—Canyon pool in Southeast Borden County has proven a failure.

R. E. Smith of Houston No. 1 C. V. Thompson will be abandoned at 7,381 feet in the lower Canyon.

The failure is 660 feet from south and west lines of section 162, block 25, H&TC survey, and four miles west of production in the Sharpe Ridge-Canyon field in Scurry County.

Amerasia Petroleum Corporation has staked a one location south offset to its No. 1 Von Roeder, which was recently completed for flowing production of 185 barrels of 38.5-gravity oil, plus 32 barrels of salt water daily.

The south outpost will be Amerasia No. 1 Cora Weathers, located 1,558 feet from west and 666 feet from north lines of section 94, block 25, H&TC survey.

Barnes No. 1 Wilson, 600 feet from the north and east lines of section 16-37, H&TC, two and a quarter miles west of the recently abandoned Standard No. 1-4 Griffin on the Howard-Borden line, drilled to 6,093 feet in shale with streaks of sand.

P. R. Rutherford No. 1 Griffin, 600 feet from the northwest corner of section 57-25, H&TC, three miles southwest of Amerasia No. 1 Von Roeder, drilled past 8,233 feet in

# Shallow Test Sited South of Sterling

M. A. M. Production Company of Midland is to start operations at once on a 2,000-foot wildcat in Central Sterling County, two and one-half miles south of Sterling City.

The prospect will be M. A. M. No. 1 D. C. Buchanan-Amerasia. Location is 230 feet from north and 1,350 feet from west lines of section 13, block 12, SPRR survey. Cable tools will be used to dig the venture.

# Good Pool Gets New Producer

One completion was reported in the Good pool of southwestern Borden county, giving a producer on the southeast edge.

Details were not immediately available, but the well was reported to have rated 901 barrels of 43.3 gravity oil on a 24-hour flowing test. It is located 600 feet from the south and west lines of the east quarter of section 37-33-4n, T&P.

Seaboard No. 13 Good, in the northeast quarter of section 46-33-4n, T&P and on the southeast edge of the pool, progressed to 5,786 feet. Packer was set at 3,068 feet and prepared to drill plug. Seaboard No. 14 Good, 1,980 feet from the north and 1,500 feet from the east lines of section 37-33-4n, T&P, waited on cement to set at 3,147 feet. Seaboard No. 15 Good, northern extension, was bottomed at 3,126 feet. The nine and five-eighths inch string was set at 3,126 feet with 1,500 sacks. Location is slightly west of the center of section 26-33-4n, T&P.

Seaboard No. 1 Modesta Simpson, 1,977 feet from the north and 2,127 feet from the east lines of section 10-33-3n, T&P, two and a quarter miles southwest of the Good pool, drilled past 8,576 feet without shows.

Seaboard No. 1 A Clayton, in the northeast quarter of section 27-33-4n, T&P, four miles northeast of the Good pool, drilled to 7,582 feet in lime.

# Oil Average Daily Production Dips

AUSTIN, March 4. (U.P.)—The Railroad Commission today reported a 100,748-barrel decrease in average daily oil allowable production in Texas.

The allowable for the week ended Feb. 25 was 2,945,136 barrels daily. For the week ended today the allowable was 1,944,413 barrels daily.

The commission also reported 1,585 oil well completions thus far this year compared with 1,201 in the same period last year. There were 137 completions for the week.

# Quartet Fined \$100 Each on Driving and Liquor Charges

Four persons appeared in county court Saturday with guilty pleas, three of them on charges of driving while under the influence of intoxicants and the other accused of transporting liquor in a wet area without a permit.

They were Jess Raymond, Holdridge, William H. Muse, Jr., and Marcus Merando, all charged with DWI violations, and Raymond Johnson, accused of violating liquor transportation statutes.

Each was fined \$100 and expenses by Judge Johnny Dibrell.

# Seaboard Finals Hanks Discovery

Seaboard Oil Company of Delaware has completed a new flowing discovery from the Canyon line in Southwest Borden County, in the undeveloped region between the Vealmoor and the Good fields, and has staked a location for a due north offset to the new producer.

Seaboard No. 1 Hanks, 600 feet from north and 1,800 feet from west lines of the northwest quarter of section 19, block 25, TP survey, T-3-N, reported a calculated 24-hour potential of 218 barrels of clean oil, flowing through a one-quarter inch tubing choke, from perforated section in the Canyon at 8,171-85 feet.

Gas-oil ratio was not reported—but there was sufficient gas to flow the well steadily. Flowing tubing pressure was 600 pounds.

The 24-hour potential figure was based on an actual flow of 132 barrels of oil in 14 hours.

This project drilled to a total depth of 8,225 feet. The section at 8,201-25 feet developed some oil and considerable water.

It was plugged back to 8,201 feet, and completed through the perforations in the 5 1/2-inch casing which is cemented at that point. The Canyon reef was topped at 8,167 feet, which is on a datum of minus 4,531 feet.

This new producer is two miles northwest of the Vealmoor field and four and one-half miles southwest of the Good field. Production in both those areas is from the Canyon reef.

Seaboard No. 1 Good-Porter is to be one-quarter of a mile due north of the new producer. It is located 600 feet from south and 2,126.4 feet from west lines of section 18, block 32, TP survey, T-3-N.

No. 1 Good Porter is one and one-half miles northwest of Seaboard No. 1 Clanton, a dry hole in section 20. That venture drilled to a total depth of 8,340 feet in the Ellenburger.

Seaboard No. 1 Good Porter is slated to dig to 8,300 feet to test

# Dawson Completion Looms as Prospect

One completion was in prospect for southeastern Dawson county at the end of the week.

Seaboard No. 4-D Shaker, 600 feet from the west and 1,500 feet from the south lines of section 48-34-2n, T&P, loomed as a Spraberry well. For three hours it flowed through three-eighths choke at estimated five to 10 barrels per hour into pits.

Seaboard No. 3-D Robinson, in the southeast quarter of section 37-34-2n, T&P, was drilling cement plug after being bottomed at 8,250 feet. Seaboard No. 3-D Robinson, in the same quarter, drilled to 8,604 feet. Seaboard No. 4-D Lee, in the southeast quarter of section 47, progressed to 6,824 feet in sand and shale. Seaboard No. 1-D Jeter, in the southeast quarter of section 36, waited on cement.

# Westbrook Deep Tests Continue Operations

Gulf No. 1-E-A Dillingham, eastern outpost to the Dockery Ellenburger pool southwest of Westbrook, continued its bid for some sort of production.

It was preparing to core four feet at 7,992 feet in shale. The venture was operating in side-tracked hole. Gulf No. 1-E Plaster, in the southwest quarter of section 4-28-1s, T&P, east offset to the Superior No. 2 Plaster, progressed to 6,854 feet in shale and sand.

# Southwest Kent Test Reports No Shows

Slick-Moorman Oil Company, and associates, No. 1 E. E. Wallace, Southwest Kent County wildcat, three and one half miles northeast of the Polar-Ellenburger field, and 600 feet from south and east lines of the north half of section 28, block 5 H&GN survey, was bottomed at 7,693 feet in Ellenburger lime, and was conditioned the hole to run a drill stem test.

Unofficial top of the Ellenburger was called by some geologists to be at 7,588 feet. Elevation is 2,139 feet.

This prospect is 15 miles southeast of Clairmont.

Up to now it has not logged any shows of possible production.

# Gaines Stepouts Seek Clear Fork

East and West outpost have been staked to the one-well Nichols field, in Central-West Gaines County, by Humble Oil & Refining Company.

One mile east of the Clear Fork discovery Humble No. 1 James W. Dines is slated to go to 6,000 feet from section 8, block A-10, pal survey. Location is 1,980 feet from west and 900 feet from south lines of section 8, block A-10, pal survey.

One-half mile west of the discovery well, Humble has staked the No. 1 John S. Jones, which will be 1,980 feet from north and 1,312 feet from east lines of section 6, block A-10, pal survey.

Discovery well of the Nichols pool is Mid-Continent Petroleum Corporation No. 1 L. R. Nichols, which rated a daily pumping potential from Clear Fork perforations at 4,400-4,448 feet of 97 barrels of 34-gravity oil, plus 10.2 per cent water.

This new field is 23 miles west of Seminola, within two miles of the state line.

# Test Of Strawn Shows Some Oil

On a drillstem test in the Lower Strawn, recovery by the Standard Oil Company of Texas No. 1 Goldie West, Ellenburger wildcat in Northeast Scurry County, was 60 feet of oil and gas cut mud.

Section tested was at 7,443-7,578 feet. Tool was open two hours. Flowing bottom hole pressure was 123 pounds, and shut-in pressure was 200 pounds.

This venture is three and one-half miles east of the North Snyder producing area. No production possibilities have been logged in any section thus far drilled.

The Strawn was topped at 7,943 feet, with an elevation of 2,340 feet. Another test is due at 7610 feet.

Location is 660 feet from south and 1,980 feet from west lines of section 268, block 2, H&TC survey, and 14 miles north of Snyder.

## SUNDAY DINNER MENU

MARCH 5, 1950

Chicken A La Royal Soup	Shrimp Cocktail
Tomato or Orange Juice	Fruit Salad

*NOTE THESE STYLISH LINES WELL. They're straight out of the Buick Riviera book—and they cloak interiors that are roomy as much-higher-priced cars.*

## FORE AND AFT — a Beauty and a Buy

It's lithe, long and lovely—and it calls not just for one look, but for two.

See how this sleek Sedan looks coming down the road—bold grillwork shining, broad bonnet purring with power, and the wide, curving, unbroken sweep of a one-piece windshield giving you horizon-wide outlook.

And spot the pretty picture you make going away.

The broad, wrap-around rear window and topside styling in the Buick Riviera manner.

The graceful, spacious trunk, the "double bubble" taillights, the sense of high-fashion fitness in everything from rear fender lines to the curve of the roof.

Yes, that's beauty—beauty in the unmistakable Buick manner. But observe also:

Interiors are extra roomy in all dimensions. The biggest you can buy for the money, we believe—and bigger than many higher-priced cars.

And, since this is a Buick SUPER, there's sensational new power under the hood—Buick's own F-263 Fireball straight-eight, this year's big news in valve-in-head power.

Yes, when you go stepping in this one, you'll really step—with roominess and top-drawer styling and the level going of all-coil springing—yes, and Dynaflo Drive\* too, if you choose—making your pleasure complete.

The price? Well, drop in on your Buick dealer, ask about the SUPER 126 and be prepared for happy listening. Here's a buy—so grand a buy you'll lose no time getting behind a Buick wheel.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

*"Better buy Buick"*

Phone your BUICK dealer for a demonstration—Right Now!

When better automobiles are built BUICK will build them.

**MAN POWER SAVES TRUCKS**—Spectators supplied the motive power to move a box car loaded with new trucks as fire destroyed a rock crusher (background) and four warehouses at San Rafael, Calif. Tons of paper stock, composition table tops and 27 new automobiles were destroyed with an estimated loss of \$150,000. (AP Wirephoto)

## West Texas Shares in \$7 Million Road Program

By The Associated Press  
A dozen West Texas counties, including Tom Green, Sterling and Mitchell, will share in highway projects totaling 799.4 miles to draw low bids approximating \$7 million March 14 and 15.

It is the largest mileage total to be awarded by the Texas Highway Department in several months, said an Associated Press dispatch which listed the projects Saturday.

Most important to the immediate area is the improvement and single asphalt surface treatment of 20 miles of State Highway 101 in Sterling and Mitchell Counties.

The project (in two items) calls for 5.08 miles in Mitchell County from 7 miles southwest of Colorado City to Spade; and 15.9 miles

to Sterling County from the juncture of U. S. 87 four miles west of Sterling City to the Mitchell County line.

This leaves the stretch from the Sterling-Mitchell County line to Spade unchanged for the present, at least. The projects call for grading, structures, flexible base and single asphalt surface treatment.

The Tom Green County project is on U. S. 87 from 8.5 miles southeast of San Angelo 15.6 miles to the Cochran County line and toward Eden. This is a hot mix topping to be applied on the present concrete base.

Other projects by counties include:

Cochran, Hockley, Dawson, Lynn, Garza, and Gaines — 141.9 miles from Morton to New Mexico state line; Hockley County line

WALTER GRICE

## Winter Plagues Northeast U. S.

Winter kept up its belated attack over the northeastern part of the country Saturday. The rest of the country was enjoying near spring-like weather.

Record low temperatures for the date were set in the cold belt, which extended from northern lower Michigan and eastern Ohio to parts of Virginia and into North Carolina and northward into Maine.

The mercury plunged to 17 below zero in Albany, N. Y., Portland, and Caribou, Me.

At the same time, the mercury was 30 above at Billings, Mont., 40 at Kansas City and 30 at Chicago. Readings west of the Rockies were at or above normal levels and spring-like weather was in prospect over the weekend for much of the area from the Mississippi Valley to the Pacific Coast.

There was a line of rain along the Gulf of Mexico from East Texas to northern Florida and southern Georgia.

## Walter Grice Is Candidate For Co. Judge

Walter Grice announced Saturday that he would seek the democratic nomination for the office of county judge of Howard county.

In entering the race, Grice said that he felt his 23 years of residence in the county served a doubly useful purpose.

"First of all," he said, "it certainly makes me familiar with the problems of the people and area I seek to serve. In addition, it affords the people an opportunity to check on me as a citizen and as a public servant."

During the eight years in which he served as justice of peace, no case appealed from his court to county court ever resulted in a reversal, he said.

Grice retired from the office a year and a half ago and has been engaged in private business since that time. He is a home-owner and taxpayer, has had civic connections and is a Baptist.

If honored by voters of the county, Grice said that he would be in a position to devote his full energies to conduct of the office. He asked consideration of his candidacy and said that he would attempt to present his case in person to as many voters as possible before primary time.

## Search for Missing C-44, Crew Ended

EDMONTON, Alta., March 4. (AP) — The organized search for a long-missing U. S. Air Force C-54 and the 44 persons aboard has ended.

The Royal Canadian Air Force said today it will continue to check all possible clues to their fate. The big four-engine plane vanished in the Yukon Jan. 26 on an Alaska-Montana flight.

## Rape Count Against Father Dismissed

BROWNWOOD, March 4. (AP) — District Judge O. A. Newman dismissed a statutory rape indictment Friday against L. D. Penny, 35, at the request of District Attorney Bill Allcorn.

Allcorn and the court-appointed defense attorney, Levie Old, heard statements from Newman's 10-year-old daughter concerning her father's alleged guilt which conflicted with previous statements.

## 'Disc' Sighted Below Border

CHIHUAHUA CITY, Chihuahua, Mexico, March 4. (AP) — Army officers here say they saw a "flying disc" in the sky Thursday but when military pursuit planes went after it, the "disc" vanished "with incredible rapidity."

The object, say the officers, seemed to be directed "by beings, alive and intelligent" and made them suggest it might be piloted by "an inhabitant of Mars."

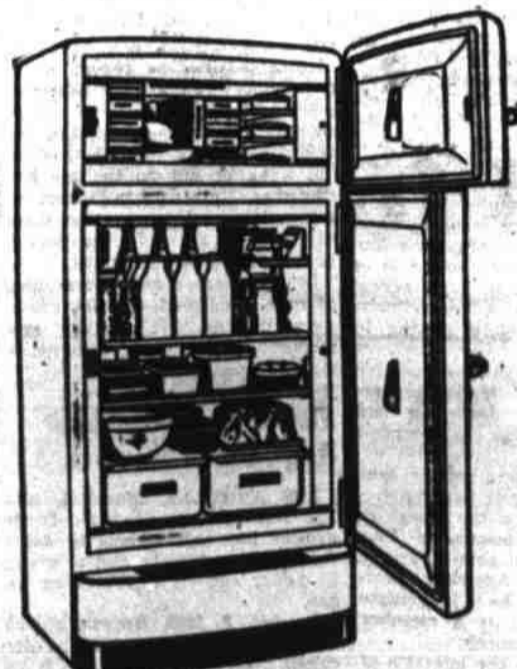

# JUST RECEIVED OUR FIRST CARLOAD OF NEW 1950 GE REFRIGERATORS AND NOW ON DISPLAY AT HILBURN'S!

## The New GE Refrigerator Models Are Better Than Ever!

...New G-E Refrigerators are more efficient — built to last even longer than old G-E models, which have been giving their owners faithful service for a dozen years and longer! And greater efficiency means lower operating cost, too. Remember, General Electric's record is unexcelled for dependability—more than 2,200,000 G-E Refrigerators have been in use ten years or longer!

...Today, General Electric is proud to say that there has never been a better refrigerator than those that G-E is making for you now. But don't take our word for it — ask your neighbor!

NE-10

## One Of These GE Refrigerators Is Made For You

Now being shown are the 10 new GE refrigerator models. Surely a wide selection to choose from. For the large families, there are the spacious 10 cubic-foot models, and for the small family, there are the compact "six" models... and the smallest trailer house model. Come in now, see the new General Electric models, compare the features and make your selection. Prices start at only \$189.50 and you may buy on easy payment terms, if you prefer.

## 10 Models To Choose From

### Look At These Features:

NC-8

**Deep Drawers.** Both fruit and vegetable drawers are of generous capacity, and have a depth up to 6 in. — deep enough to accommodate king-size melons, grapefruit, or large heads of lettuce or cabbage.

**Stainless-steel Superfreezer.** Cannot flake, chip, or corrode. Generous storage capacity for frozen foods in addition to four freezing trays. Very fast freezing of ice cubes and desserts. Front and rear are enclosed.

**Sliding Utility Basket.** Handy for storing eggs and small jars and packages such as cheeses. Can be removed entirely to provide ample storage space for large items such as turkey, watermelon, or bulky containers.

**Meat Storage.** Meats stay market fresh for days in the moist cold atmosphere of the meat drawer. Its generous storage capacity (up to 6" deep) will easily accommodate high standing roasts, large fowl, etc.

**Bottle Storage.** Generous bottle storage for milk and other beverages is located right next to the cold of the Superfreezer. Plenty of height, too, to accommodate tall bottles, fruit juice cans, and pitchers.

**General Electric Refrigerator**  
Prices Start At Only **\$189.50**

**Stalin Prize Won By Discoverer Of Hydrogen In Stars**

MOSCOW, March 4. (U.P.) — Soviet Scientist Dr. Gregori Shain was awarded the Stalin prize of 200,000 rubles (\$50,000) today for discovering the presence of "heavy hydrogen" in the atmosphere of certain stars. The significance of the discovery was described as "immense."

Shain, director of the Crimean Astrophysical Observatory, was said to have proved that in the atmosphere of certain stars there is an immense quantity of a heavy isotope of hydrogen (a certain nuclear form of the element) with an atomic weight of 13. Ordinary hydrogen has an atomic weight of 1.

(Heavy hydrogen has been described by American scientists as the possible basis for the projected hydrogen super-bomb. Western scientists have discovered the existence of two heavy hydrogens—

**Business Profits Show Decline**

NEW YORK, March 4. (U.P.) — Business profits are dropping. Not too seriously, not unexpectedly, and not in all industries.

But the important thing, in the view of many business observers, is that the drop comes without benefit of excess profit taxes or price controls, as some had demanded.

Instead, the high profits of recent years, which caused such a hullabaloo in some quarters, contributed to their own demise, in a natural application of the law of supply and demand.

In the last four years, more than one-half of the net earnings of all corporations were used to expand facilities and increase the flow of goods into the market. The Nation heavier than the other—in the earth's atmosphere!

Shain was among the 277 announced winners of 20,100,000 rubles (\$5,025,000) in Stalin prizes for science and invention awarded by the Soviet Council of Ministers.

ditional City Bank of New York says today in its March letter this use of earnings to step up production did the most to end inflation. With prices slipping, and competition rising, the drop in profits followed in course.

The curative and regulatory powers of profits, as the bank sees them, work like this:

Postwar inflation stemmed from an abnormal demand for goods greatly in excess of supply. High prices and great demand brought big earnings and gave businessmen the incentive and the means to expand plants and step up output. Thus they laid the ground for last year's reversal, when the supply of most goods was built up in excess of demand. Inflation was over, except where bolstered by government action. Competition was back. And profits began to slip.

Although more companies are reporting deficits now than a year ago, the great majority are still in the black. Profits may be lower

but the descent, for most, has been fairly gentle. The bank notes that: "The fact that declines were generally from high levels tended to soften their impact, and in many cases to leave adequate margin for maintenance of current dividends in view of lessened demands upon cash for plant and equipment expenditures."

The bank tabulates the earnings reports of 2,127 companies, although it does not specify if they are all for the calendar year 1949, or for fiscal year covering only part of 1949. It finds a combined net income of \$6.3 billion, a drop of 9 per cent from the \$6.9 billion they reported in 1948.

**Proffer Announces**

AUSTIN, March 4. (U.P.) — Sen. R. L. Proffer of Justin announced today he would be a candidate for re-election.

**THIS POLICY SOLD EASILY**

FARMINGDALE, N. J., March 4. (U.P.) — Mrs. Betty Kornfeld listened carefully while two salesmen tried to sell her an accident insurance policy and a newspaper subscription Friday in her home.

Suddenly there was a terrific bang.

The oil burner had exploded. After the salesmen, Al Lischitz and Frank Trask had carried Mrs. Kornfeld and her grandmother from the house, shut off the power and cleaned up the debris, Mrs. Kornfeld signed up.

**Three Little Girls Perish in Flames**

GARY, Ind., March 4. (U.P.) — An exploding oil heater set fire to a steel worker's small home in nearby Hobart last night and took the lives of three little girls.

Their mother, Mrs. James Robert Stamey, 27, said their oil burner had gone out, and before she noticed it the fumes had filled the stove. She said it exploded when she tried to relight it.

The young mother got out of the house but tried to re-enter it to rescue her children. The home was a mass of flames and she was held back by firemen.

The little girls, the only children in the family, died in their bedroom. They were Brenda Sue, 3, Wilma Jean, 2, and Shirley Ann, 10 months. Their deaths were attributed to suffocation.

Mrs. Stamey suffered severe shock and was brought to Methodist hospital in Gary. Her husband was at work in a Gary steel mill when the fire broke out.

**UAW To Demand Nine-Cent Raise**

DETROIT, March 4. (U.P.) — The CIO United Auto Workers are going to demand \$125 monthly pensions and a nine cents a hour pay raise from General Motors.

They're major parts of a 31 cent an hour package which the auto union will present to big GM at forthcoming contract talks covering 235,000 workers.

As the UAW unfolded its program today, industry viewed it as a possible hint of the pattern which the CIO will try to set up nationally for 1950.

The UAW also will demand improvements in hospitalization and wage fringe benefits, particularly in Sunday and holiday extra pay. Heretofore, the UAW announced its intention to get rid of the escalator wage system with GM which ties the worker's pay to the

cost of living.

The UAW's demands, drawn up by the union's GM conference, will be presented formally to the corporation at a later date.

Bargaining with GM may begin as early as April 1.

The proposed \$125 monthly pension is a 225 hike over what the UAW already has secured in the industry.

It compares to the \$100, including social security, which Ford granted and which is now in dispute over its terms at strike-bound Chrysler.

Chrysler, now tied up for a 20th day by the strike, Friday rejected a UAW offer to call off the strike in return for a "10-cent package" in wages or pensions, or a combination of both. Other issues would have been left to negotiation or arbitration.

The company said this was the same offer the UAW made at the outset of the strike Jan. 25.

U. S. railroads had \$125,000 invested in road and equipment per mile of line in 1948.

**ON EUROPEAN TOUR**

**Haley Will Write Of Cattle Origins**

J. Everts Haley, widely recognized historian and writer of Texas legendry and folklore, has sailed for Europe with special assignments for the Big Spring Herald. His articles on the origin of cattle breeds in Europe will hold special interest for West Texas ranchmen and others connected with the livestock industry.

A variety of other subjects will be discussed by Haley, too, as he tours the Continent. With his wife and son and Mrs. L. L. Dent of Colorado Springs, Haley will land at Le Havre. The party's station wagon will carry them south through the chateau country, across the Spanish border and on to Seville and Madrid.

In Spain, Haley will study the origin of cattle bred there and shipped to the Southwest when the territory was young. This information will be a valuable addition to his

library of facts on the history of ranching in the Southwest.

Haley also will travel to Herefordshire, England, to study the history and lore of the Hereford brand.

One of the high points of Haley's trip will be the observance of Easter in the Holy City in Rome. He and his party also will attend the internationally famous Passion Play at Oberammergau in southern Germany.

Author of the "XIT Ranch" and other books of Texas lore, Haley is ready for publication his newest book, "History of the Fort Concho Country." His study of European breeds of cattle will play an important part in this book as well as other works Haley is to publish in the near future.

The Haley's will be abroad for approximately three months.

**TRAGIC MISTAKE**—Fireman Bob Coley of Oklahoma City is shown holding a "crying mama doll" he carried to safety by mistake as a two-year-old girl suffocated in a bedroom fire. Coley made three attempts to rescue Carolyn Thompson, daughter of Mr. and Mrs. C. W. Thompson. He found the little girl lifeless on his final dash into the smoke-filled room. (AP Wirephoto)

**Suspect Questioned In Burglary Series**

MUSKOGEE, Okla., March 4. (U) — Texas officers are questioning a former convict in connection with recent Texas and Oklahoma burglaries.

The man, Virgil Johnson, 47, of Colgate, Okla., was arrested at McAlester, Okla., Feb. 11 and charged here with possessing morphine stolen Dec. 14 of last year from a Memphis, Tex., pharmacy.

Johnson was questioned by John Wilkinson, Pampa, Tex., police chief who said \$2,500 in loot from December burglaries at Pinalview, Tex., and at Duncan, Okla., was found in Johnson's automobile.

**Crippled Navy Plane Makes Safe Landing**

NORFOLK, Va., March 4. (U) — A Navy patrol bomber limped into Norfolk and landed safely with its crew of 13 early today after one of its two engines failed 300 miles at sea.

The bomber was heading for the Caribbean area to participate in history's biggest mock amphibious assault, operation Portrex.

**Polite Robbers**

PARIS, (U) — Two robbers who raided the home of Count Exelmans, descendant of one of Napoleon's Marshals, at Neuilly, asked Madame Exelmans: "Would you care to keep a few family jewels for yourself?" the surprised Countess gladly took a necklace given by the Princess Murat, but the robbers made off with other jewels estimated to be worth \$4,500.

**CRYING DOLL IS MISTAKEN FOR CHILD IN FIRE**

OKLAHOMA CITY, March 3. (U) — A fireman mistook a life-size doll that cried "just like a baby" for a two-year-old girl and carried it from a flaming bedroom Thursday. The child suffocated.

Carolyn Thompson, daughter of Mr. and Mrs. Charles W. Thompson, was alone in her parents' upstairs apartment when the blaze broke out. The home is in the Will Rogers field veterans housing unit.

The hysterical mother screamed for firemen to rescue her baby as they arrived on the scene. She couldn't reach her because of dense smoke.

Fireman Bob Coley said: "I crawled on the floor to the bed. I couldn't see a thing because of the smoke but I felt something wrapped in a blanket. When I pulled it off the bed, it cried, just like a baby."

"When I got outside I saw it was just a doll—a big baby doll that cries."

Coley brought the child out on his next attempt, but was too late.

Starch is found in large quantities in corn, wheat, rice, beans, potatoes, sweet potatoes and cassava.

**Clyde Thomas Making Bid For District Judge**

CLYDE E. THOMAS

Clyde E. Thomas announced Saturday that he was a candidate for the democratic nomination as judge of the new 118th judicial district.

In announcing his candidacy, he pointed out that the legislature recently created a new judicial district composed of Howard, Martin and Glasscock counties. "The voters of these three counties will, in July, for the first time elect their district judge," he said.

He explained that during the past 10 years or more the population as well as the wealth increased in the old judicial district, which included also Midland and Ector counties, to such an extent as to cause the court dockets to become congested beyond any possibility of being cared for by one judge.

Although the three counties have been cut off from the old judicial district, even now the court dockets of Howard, Martin and Glasscock counties are extremely heavy and far behind.

"If I am elected judge of this new district, I shall clean up these court dockets and keep the cases current. With my experience in the practice of law in these courts," states Thomas, "and with my aspirations to make a good judge, I believe that I can do a good job in this new district, and take care of the judicial duties with courtesy, kindness and fairness."

"I solicit the support of each and every person in the district, and I assure the public that fairness to any and all business men, to the poor, to the weak, and to the rich alike to whom the law is expected to render assistance and service."

**Arson Suspected As House Burns**

DALLAS, March 4. (U) — A one-story frame house in a white section of South Dallas which was to have become the home of a Negro family today was gutted by fire late last night.

Battalion Fire Chief F. H. Colbert said the "fire appears definitely to be arson."

The house is only a few blocks from a house that was bombed the night of Feb. 3 after a Negro family had moved into it. No one was injured.

**Fire Warden Guilty Of Plotting Blazes**

SAN RAFAEL, Calif., March 4. (U) — A Marin County fire warden was convicted Friday of plotting grass fires to create work for himself.

Lawrence Ramatocci, 37, and Stuart Shriver, Jr., testified they set grass fires at the urging of Robert F. Pagani, 38.

The court set Wednesday for sentencing Pagani.

**Jaycocks Hit A-Bomb**

MARILA, March 4. (U) — The International Junior Chamber of Commerce today adopted a resolution calling for outlawing atomic and hydrogen bombs.

**Vietman Chief To Be Honored**

WASHINGTON, March 4. (U) — American Navy planes will stage a demonstration this month in the air above the Communist-harrassed Indo-China state of Vietnam.

Government quarters said that planes from the Aircraft Carrier Borer will take part in the review honoring Vietnam Chief of State Bao Dai.

Ships from the Seventh Fleet, including the Destroyers Stickle and Anderson also will visit the capital city of Saigon for the occasion, scheduled March 16 to 20. Vice Admiral Russell S. Berkey, fleet commander, will be aboard the Stickle.

The Borer will anchor off the Indo-China coast, 25 miles down river from Saigon.

The fleet visit will follow closely a visit to Saigon next week of a State Department economic mission headed by Allen Griffin, California newspaper publisher.

Bao Dai's French-sponsored government, recently given U. S. diplomatic recognition, is opposed by the Red-recognized regime of Moscow trained Ho Chi Minh.

French troops have been warring with Ho's forces since the Japanese pulled out of Indo-China in 1945.

**Final Lions Show Performance Draws Crowd Despite Flu**

Despite the flu epidemic, a large crowd turned out for the final performance of the Lions club's third annual minstrel Friday evening.

Although the audience was not too demonstrative in the latter stages of the two-hour production, most went away pleased with the colorful show. What it lacked in smoothness and punch in the minstrel interludes, it made up in costumes, scenes, and gag lines.

General Chairman Gilbert Gibbs issued a statement of thanks to all who had participated in the show, to all who supported it in any way—by ticket purchase, advertising candy sales, or otherwise.

The show was assured of a net profit, although the extent was not known Saturday. The high school P-TA was assured, too, by the Lions club that it would make good on an offer to secure a large drinking fountain for the high school.

Members with unreported ticket sales were urged to turn in receipts promptly, and those with outstanding bills were asked to submit them at once. Uncertainty caused by the flu epidemic was evidenced in a large percentage of ticket sales at the gate.

**Lafleur Given 99 Years in Shooting**

NEWTON, Tex., March 4. (U) — Paul Lafleur, 30, of Houston received a 99-year sentence Friday after being convicted of robbing and shooting Dan Hulsoppie, 19, of Orange.

Lafleur already was under a life sentence conviction in the rape of Hulsoppie's young girl companion near Grange last December.

The state had asked for death in both trials.

The state charged that Lafleur held up Hulsoppie and his companion, and that Hulsoppie, a high school athlete, was shot and wounded while attempting to protect the girl.

**Modern Way To Control Cockroaches**

Bothered by roaches or ants? Johnson's NO-ROACH applied by a brush to a few spots in the kitchen kills roaches, ants and waterbugs. The coating is invisible, stainless and sanitary.

What's more the coating is effective for months, and kills any strays that come in and walk over it. Use Johnson's NO-ROACH, the modern way to control roaches, ants and waterbugs! Prices are: 8 oz. 50c. Pt. \$1.49. Qt. \$2.99. Exclusive with Cunningham and Phillips (Adv)

## Federal 'Invasion' Hit by Thomas At C-C Banquet In Colorado City

COLORADO CITY, March 4.—Government spending and invasion into traditionally private domains were scored here Friday evening by J. B. Thomas, Fort Worth, in an address to the annual chamber of commerce banquet.

The president of the Texas Electric Service Company lauded Colorado City upon securing its water supply without "having to stoop to federal aid." Colorado City has entered into contract to take water from a dam raised across Morgan Creek by TESCO for its steam generating plant.

"A city as well as men, should discharge its own obligations and stand on its own feet," said Thomas. "So long as it is possible for cities to finance their water supplies with private capital, to control them at home and own and manage their civic water supplies, they should do so."

His address was the highlight of a program which attracted approximately 300 persons to the junior high school gymnasium. Dr. Harry Logsdon presided at the installation of Pat Bullock, state senator, as the president of the Colorado City chamber of commerce. Other officers installed

J. B. THOMAS

were George W. Leonard, Jr. and Gus Chesney, vice-presidents, and G. B. Slaton, treasurer. Thomas was introduced by Delbert Downing, Midland chamber manager who presided as toastmaster. Walter Whipkey, Colorado City publisher, introduced some 30 out-of-town guests.

Thomas rapped government entry into business. Regulation of and competition in business was like a referee playing in the game he called, said the TESCO head. At the same time, it involves spending in fields that force "you to always be on the run to keep even with other cities and towns over the nation seeking the same things."

He had a contrivance rigged to ring a bell every 13 minutes during the program. "that means the government has just spent another million dollars of your money," he said. "Do you want the interval narrowed?"

A danger of government spending and intrusion was in socialization of the nation's enterprise. Thomas estimated it had been 20 per cent accomplished to date. He adjured his listeners to look at England and call a halt.

## Roy M. Bruce Announces For Commissioner

ROY M. BRUCE

A veteran of World War II and resident of Big Spring for nearly 20 years, Roy M. Bruce, has announced his candidacy for commissioner from precinct 2 on the Howard county court. His name will appear on the lists of the Democratic primaries.

Bruce is 37, resides at 605 East 13th street. For the past 15 years he has been associated with Texas Electric Service company, and is in charge of the company's line service maintenance. Bruce is a graduate of Ranger high school and had two years at Texas Christian University before moving to Big Spring.

Bruce had four years of service in the Army, spent two years overseas in both the European and Pacific theatres, and was wounded twice in action in Europe. He entered the service as a private, was discharged as a first lieutenant.

He is a member of the American Legion and the Veterans of Foreign Wars, and has been active in the affairs of the American Business club, of which he is immediate past president. He is a member of the Methodist church.

"I want to serve the interests of all the people of Howard county to the best of my ability," said Bruce in his announcement. "And if elected I will give to the commissioner's office my full attention to see that the county's affairs are operated soundly, efficiently and progressively. I solicit the vote and support of my friends, and hope they can see fit to speak a good word for my candidacy. I will present myself to all the voters in my precinct that I possibly can see."

## Jet Take-Offs to Be Shown at Love Field

DALLAS, March 4. (U)—A demonstration of jet-assisted take-offs by a DC-4 airliner will be held at Love Field here Sunday by Braniff Airways.

Braniff has installed the jets for possible emergency use at La Paz, Bolivia, where the airport is 14,404 feet above sea level. However, so far the jets have not been necessary.

The jet takeoff will take the plane 1,000 feet at a 45-degree angle in a few seconds, company spokesmen said.

## Big Springer Gets Occupation Ribbon

KOZUMI, Japan—Private Paul T. Howell, son of Mr. and Mrs. John B. Howell, who reside at 400 North 6th street, Big Spring, has been awarded the occupation ribbon for service with the 1st Cavalry Division Artillery in occupied Japan.

Private Howell is assigned to Headquarters Battery, of the 7th Field Artillery weapons Battalion, which is stationed at Camp Drew, Kozumi, Honshu, Japan. His present job in his unit is driver for the Battery motor pool.

Entering the Army in April, 1948, Private Howell underwent basic training at Fort Ord, California. After completion of basic training he sailed overseas in June, 1948, from Camp Stennis, California.

## Flu Epidemic Is Falling Off

Influenza began to lose its grip on Big Spring and Howard county last week, according to the communicable diseases report of the city-county health unit Saturday.

A total of 608 cases were reported for the week—more than 200 below the total of 1,000 reported for the week ending on the previous Saturday. This was not taken as a complete total, however, as many cases were probably unreported, health unit directors stated.

Other diseases and the number of cases included on the report were mumps, 17; chicken pox, three; measles, two; pneumonia, 31; and meningitis, one.

## Court Upholds Last Request of Author

LOS ANGELES, March 4. (U)—The last wish of Author Lewis Browne has been upheld by court and so little Wendy Rubin whom he never saw—is \$5,000 richer today.

On Jan. 2, 1949, Browne placed a \$5,000 treasury bond in an envelope with the request that it go to the then unborn child of his doctor. Then he committed suicide because of falling eyesight.

Browne also left \$5,000 to Diane, another daughter of Dr. and Mrs. Henry Rubin. Court approval came Friday.

## Youthful Dallas Pianist Wins Award

DALLAS, March 4. (U)—James Mathis, 16-year-old Dallas pianist, is the winner of the 1950 G. B. Dealey Memorial Award.

He will receive \$250 and an appearance next season with the Dallas Symphony Orchestra. The award, announced last night, is donated by the Dallas Morning News in memory of its late publisher, who gave the prize personally for many years.

Competing for the Dealey award were winners of the Dallas Civic Federation's sixth annual statewide young artist competition.

Jack Query, pianist, North Texas State College; June Sikes, pianist, University of Texas student; and Jeanne Marie Widgren, contralto, University of Texas student, will receive \$50 as winners in the federation contest and a solo recital in Scott Hall here next season.

## Conscience Hurts Preacher-Hunter

AUSTIN, March 4. (U)—A Texas minister is sorry he killed "three or four sparrows."

The remorseful preacher wrote the Game, Fish and Oyster Commission his conscience hurt.

"I can not preach against lawlessness until I have cleared myself of this matter," he said.

Howard Dodgen, executive secretary, fixed him up. He told the minister the law does not protect sparrows.

FUN WITH CAR TAGS—Now that the 1950 Ohio auto tags are out anybody can play this game. Marjorie Hammer of the State Bureau of Motor Vehicles, Columbus, Ohio, displays a sentence from a nursery rhyme. Many combinations can be made and it looks like a new game is in the making on Ohio highways. (AP Wirephoto)

MEETING CALLED HERE

Reports On Water Project Due Monday

Bureau of Reclamation reports on a proposed plan for meeting water needs of four West Texas cities will be received here Monday. R. T. Piner, president of the Colorado River Municipal Water District, (Big Spring and Odessa) has convoked the report session for 10 a. m. in the Settles. In addition, the bureau has invited representatives of Snyder and Midland to be present, as well as some from the Upper Colorado River Authority.

Harry P. Burleigh, Austin, area engineer for the Bureau of Reclamation, is due to make the report, aided by Harry M. Seipt, who has been acting as area engineer. Directors from the CRMWD, four each from Big Spring and Odessa, have been notified of the meeting, and city officials and key staff members of the two member cities have been invited. The bureau invited Snyder and Midland to be represented because the planning has been of a nature that might include either or both in development of a major source of supply. Possibility that a plan might involve the Upper Colorado River Authority and its proposed dam near Robert Lee led to inclusion of representation from that interest. Monday's session is the climax

Reviewing The Big Spring - Week - With Joe Pickle

Like the song, spring is breaking out all over. While fruit blossoms—plum and apricot—have been popping out and peach have been venturing slowly. Lilacs are showing leaves, elm are sporting seeds and first leaves. Almost overnight lawns have begun to turn green. It's not all surprising that spring should come along the first week in March—for we haven't had any winter as yet.

While some have grumbled about the unseasonably mildness, the big objection is drought. In five months, precipitation has totalled only about two inches. This could get serious.

The vital issue concerning a new high school comes up for a decision at the polls Tuesday. Epey person qualified to cast a ballot

U. S. Refuses To Trim Budapest Legation Staff

Hungary Charges America Operating Anti-Red Spy Nest

WASHINGTON, March 4. (AP)—The United States indignantly rejected today a Hungarian suggestion that the American Legation Staff in Budapest be trimmed down on the ground that it is an anti-Communist spy nest.

The State Department disclosed this by publishing the text of a strongly worded reply to a note which Communist Hungary sent to Washington Feb. 23. The Hungarian note asked the United States to consider reducing the Legation Staff.

Today's answer turned down the suggestion without reservation, but it also managed, by a piece of diplomatic footwork, to get across the idea that the Legation Staff probably will be reduced anyway.

This apparent contradiction was similar to the circumstance which arose a year ago when the Hungarians demanded the recall of American Minister Selden Chapin. The United States then denied that Hungary, as a former enemy state under peace treaty control, had any right to toss out an American minister.

But having thus secured its legal position the State Department called Chapin home and replaced him by the present Minister Nathaniel P. Davis.

The Hungarian note of Feb. 23 and today's reply revolved around the recent trial of Robert A. Vojler, American businessman convicted in a Communist court of spying against the Red regime in Hungary. Charges and testimony which the United States government has denounced as false—implicated other Americans and Hungarians.

FLYING FARMERS MEET FORT WORTH, March 4. (AP)—More than 500 civilian "airmen" are expected here Monday for the annual regional operators' conference and the National Agricultural Aviation Conference the following two days.

to studies started several months ago, shortly after organization of the CRMWD board. The directorate invited the bureau to make studies of its proposed project of a dam on the upper Colorado, approximately 25 miles northeast of here. In accepting, Burleigh promised to report as near March 1 as possible.

While he is due to furnish anticipated cost of water to each of participating cities under whatever plan the bureau proposes, the figures will be tentative. They will hinge upon further studies and upon ultimate participation.

However, in conversations with district and city officials, Burleigh indicated that he believed the data to be presented here Monday would be of sufficient reliability to enable the leaders of cities to determine whether they wish the Bureau of Reclamation to conduct a detailed investigation required for project authorization. If this course were followed, it then would be necessary to seek congressional approval and appropriations.

Bonds Can Be Carried With Present School Tax

(This is the last in a series of articles dealing with the school bond issue up for a vote on Tuesday—Ed.)

Other articles have discussed the need for a new high school plant for the Big Spring Independent School district, and what is proposed to meet that need.

There remains one major question always connected with any story of proposed public improvement. It is that of cost.

Face of the proposed issue, on which voters will pass Tuesday, is \$300,000. This, plus a rate of

See SCHOOL BONDS, Pg. 8, Col. 3

UPHELD BY PARTY—John Strachey (above), Britain's newly named Minister of War, who was called a Communist by London papers supporting the Conservative Party, got a clean bill of health from the Labor Government. In a statement issued from Prime Minister Attlee's official residence it was denied that Strachey ever had been or is a Communist. (AP Wirephoto)

MONEY CAN'T PROTECT U. S.

NEW YORK, March 4. (AP)—No amount of money can give America 100 per cent protection from atomic bombers in event of war, Defense Secretary Louis Johnson said last night in a talk on the country's armed strength.

"There is a risk to living in the middle of the 20th century," he said. "It is a risk that ever community must take in an atomic age."

"Some enemy pilot with the zeal and fanaticism of a kamikaze might get through our net on a one-way suicide mission and the United States might United States put all its eggs in one basket."

Johnson said that even if the fence money—13 billions a year—into air defense it would not guarantee immunity from atomic attack.

Seek Missing 'Lonely Hearts' Bridegroom In House Basement

DETROIT, March 4. (AP)—Police dug in the basement of a rambling old house in suburban Wyandotte tonight but failed to find any clues of a missing "lonely hearts" bridegroom.

Police Chief Martin Lilienthal said the search would continue elsewhere. The missing man is Guy J. Moxley, 41, a native of Plainview, who disappeared March 23, 1949, three months after he was married.

Moxley's wife, Constance, 42, watched, smiling at times, as a police crew made an inch-by-inch search of her home. The searchers broke up a slab in the basement and dug until dark, without finding anything.

Mrs. Moxley carried on her household chores, stopping occasionally to joke with the sweating policemen about the excavations.

Armed with shovels and a search warrant, police entered the Moxley home this afternoon. Police said Mrs. Moxley had forbidden entrance to the basement even to her closest relatives.

Officials said the thrice-married woman had not reported her husband missing until five months had passed. The hunt was touched off by a letter from his brother, Texas Ranger S. M. Moxley, who wrote Wyandotte authorities when letters from his brother ceased a year ago.

The Ranger was joined in his request for an investigation by the missing man's sister, Mrs. W. O. Whitley of Kerrville, Texas.

When officers first went to Mrs. Moxley's house, Det. Sgt. Earl Hooks said she identified herself as "Mrs. Donovan" and told them "those nice Moxleys went to New York."

After Moxley's car was observed parked for weeks in front of the home and Ranger Moxley wrote police, Hooks said the woman admitted she was Mrs. Moxley. She said she had quarreled with her husband, he'd left and she was glad.

She said she didn't know where he had gone. Ranger Moxley told police here:

"I'm a trooper and I know that something has happened. I have his income tax refund check and other uncashed checks . . . that a man just doesn't forget."

As the search warrant was being drafted Ralph Garger, chief assistant prosecutor, said: "We particularly want to search the basement because of reports by neighbors, substantiated by Mrs. Moxley's daughters (by a previous marriage), that large pieces of concrete were carried recently from the house to the barn behind it."

"I have his income tax refund check and other uncashed checks . . . that a man just doesn't forget."

As the search warrant was being drafted Ralph Garger, chief assistant prosecutor, said: "We particularly want to search the basement because of reports by neighbors, substantiated by Mrs. Moxley's daughters (by a previous marriage), that large pieces of concrete were carried recently from the house to the barn behind it."

"Brown's health condition requires immediate extended rest and medical attention. "Regret necessarily to suspend tour. "Will arrange postponed appearance at satisfactory date to be agreed upon."

"Brown had been most enthusiastically received in cities where he first started his tour, and his admirers are hopeful that he can be restored to sound health and make his appearance in West Texas at a later date."

"Will arrange postponed appearance at satisfactory date to be agreed upon."

New Coal Contract Strikes Legal Snag

Two Injured as Train Hits Car, Leaves Tracks

FREESTONE, March 4. (AP)—Burlington Zephyr hit an unoccupied automobile and went off the rails today at the edge of this East Texas town. Two women passengers on the crack train were slightly hurt.

Seconds before the impact, Mrs. Ernestine Madeville of Freestone plucked her two-year-old daughter, Brenda, from the stalled automobile and leaped from the path of the onrushing train.

The Sam Houston Zephyr, bound from Houston to Dallas and Fort Worth, slammed into the car and tossed it aside. But the train's cow-catcher was bent and 50 yards up the rails it caught on a switch.

This threw the engine off the track. It dug into the earth, plowing up rails. Neither the engine nor any of the cars turned over.

"After the accident, the engine and all the cars were off the track," said Mrs. Bob Crow, Teague, newspaperwoman. "They were in zig-zag positions up and down the track."

Freestone is approximately 30 miles south of Corsicana.

Mrs. A. E. Eberidge of Kerens suffered a sprained ankle and Mrs. Nancy Mann of Houston had a skinned nose.

"It was a miracle a lot of us weren't killed," said Mrs. J. E. Waddell of Breckenridge, a passenger on the train.

THREE PLACES VACANT

7 Announce For City Commission

List of candidates for the city commission jumped to seven Saturday night, just before the time expired for filing for a place on the April 4 ticket.

Three places on the council are to be filled in next month's municipal election.

Saturday's announcements came from Cecil D. McDonald, Bill Merrick, Johnny Griffin, B. F. Logan and C. C. Balch. Previously Jack Y. Smith and Frank Hardesty had announced. Smith is the only one of the group standing for reelection, since two incumbents, C. W. Deats and H. W. Wright, did not submit their names this year.

CECIL McDONALD

McDonald, native of Big Spring and member of a pioneer family, has operated the automobile agency bearing his name since 1939. His business career here was interrupted by a two-year hitch in the Navy during World War II.

He was graduated from Big Spring high school, later attended Peacock Military Academy.

McDonald has been identified with various activities, is a member of the Lions club, the American Legion, is also a Mason, a Shriner and a member of the Knights of Pythias. He is a steward in the Methodist church.

"I take this step with full awareness that it represents a big job," McDonald said. "I want only to serve my city, and will do my best at the job. If elected I will ask for the help of all citizens in helping do for Big Spring what needs to be done."

BILL MERRICK

Another native Big Springer and graduate of the local high school is Bill Merrick. He also served in the Navy in the last world war, following attendance at John Tarleton State. He is a member of the Legion, the Jaycees and the Elks. He is assistant manager at Big Spring Motor company.

Merrick, in offering his candidacy said he wanted to work first of all for expansion of the city's water and sewer facilities, and for continuation of the paving program.

He will work also on highway matters and for traffic safety, he said.

Merrick added, "I think Big Spring can become another Tulsa, with the new oil development near our town. As a member of the city commission I would work in full cooperation with oil companies who would center activities in Big Spring."

See CANDIDATES, Pg. 8, Col. 7

Lawyers Toiling To Get Around Court Order

Reports of Fresh Demands by Lewis Are Denied Quickly

WASHINGTON, March 4. (AP)—Efforts to reach a final agreement on a new soft coal contract failed tonight, but both sides reported substantial progress and prospects appeared good for a resumption of mining by Monday.

WASHINGTON, March 4. (AP)—Legal snarls tonight slowed the job of writing the soft coal peace agreement into a new contract to end the strike imperiling the nation's economy.

There were reports—followed by swift denials—that John L. Lewis had tossed substantial new demands on the bargaining table at the eleventh hour.

The reports came from operator sources. But the denials came from other operators and the United Mine Workers. One operator spokesman said "everything is running well" and expressed optimism that the signatures would soon go on the dotted line.

One of the hardest jobs facing the attorneys for both sides was to make the agreement fit a federal court injunction which specifically called some of its points illegal.

Some operator representatives emerging from the drafting room this afternoon said that Lewis spokesmen had brought nearly every issue in the proposed contract up for discussion.

Harvey Cartwright, an Indiana operator, declined to predict that a contract would be finished tonight. There were some indications that the job might not be completed before tomorrow.

Union representatives leaving the meeting indicated that it was the volume of paper work necessary for discussion.

See COAL, Pg. 8, Col. 6

"SORRY, CAN'T ANSWER"—Dr. Hermann N. Sander puckers his lips as he briefly refuses to answer a question in courtroom at Manchester, N. H., during recess in his trial. Sander is charged with the "mercy killing" of a cancer victim. (AP Wirephoto)

Military Service Quarrel Is Fatal

JACKSONVILLE, March 4. (AP)—Charges of murder were filed here today against Travis Jowell in the fatal shooting of Melvin Burford Pope, 42.

Pope, a sawmill operator, was shot six times yesterday during what officers described as an argument over military service.

It's Dollar Day Again In Big Spring Monday

If Spring is here, then the first Dollar Day of Spring is at hand. First Monday of March brings the customary special-value day as sponsored by Big Spring merchants, and another city-wide Dollar Day will be observed here tomorrow.

Items for Spring are featured among the thrift-priced offerings which are available in Big Spring stores, and shoppers from the city and adjacent territory are expected to appear in volume to take advantage of them.

Featured Dollar Day listings are to be found in advertisements in today's Herald.

As a Dollar Day attraction, The Herald again is cooperating with Bucher Bus Lines in offering free bus transportation to town for women shoppers. The coupon appearing below may be clipped. It will be accepted by any Bucher bus driver in lieu of the regular fare, in accordance with stipulations printed thereon.

FREE BUS RIDE. CLIP THIS COUPON. This coupon entitles one adult woman to ride downtown FREE between 9 a. m. and 11:30 a. m. and between 1 p. m. and 3 p. m. March 6, 1950—on any Bucher bus. GOOD ONLY THIS DOLLAR DAY MARCH 6. Courtesy of Day Bucher Bus Lines & The Herald Day

PROPOSED HIGH SCHOOL—Here's an architect's eye view of the proposed high school and auditorium, part of a proposal before voters in balloting Tuesday. The units shown above cover a distance of approximately 500 feet and do not include the gymnasium, which will be a major structure within itself. Location of the proposed plant would be on a 66-acre tract and would start about 200 feet east of Goliad and proceed eastward on the north side of Eleventh Place. At extreme left is the auditorium, capable of seating 1,500. Besides containing usual facilities, the unit would

have a projecting room. Back of the stage would be practice rooms with rising tiers, for the band and choral groups, four private practice rooms, uniform and instrument storage compartments, offices etc. The one-story section in the center, would house most of the demonstration and laboratory class spaces. For instances it would house the bookkeeping and typing work rooms, food and clothing laboratories, and a complete home layout for homemaking students; chemistry, biology, physics laboratories and lecture room; office, and student guidance room. Between this wing and the two-

story unit on the left is the main entrance. This leads to a wing behind or to the north. In this unit, not shown, would be offices, storage vaults and rooms, a waiting room, and beyond a cafeteria with small stage and commercial kitchen. The wing which extends toward the street from the main entrance is to house the school library. The two-story section would be devoted in general to classroom purposes. The top floor would contain eight rooms plus a larger one with small stage for demonstration and visual programs. The lower floor would contain seven class spaces plus a large study

hall area. It will be noted that the design is "zoned," that is, class spaces are grouped according to kindred use, generation of students, noises, etc. The main classroom building, therefore, is kept in a "quiet" zone. The gymnasium with 1,500 seating capacity possibly would be located to the east, and a power unit to the north. All floor would be asphalt tile, all walls acoustically treated. The plant was designed by Puckett & French, Big Spring, over a three-year period.
