The Eldorado Success

October 11, 1990

Jesse Vasquez makes an end run during the Ozona game.

Injuries, Mental Mistakes Plague Eagles

The Eldorado Eagle football team lost to the Ozona Lions by a score of 20-8. This was the Eagles second district loss. Their season record stands at 3-2.

The Eagle defense held Ozona's offense on their first drive to a 4 yard gain and forced the Lions to punt. The Eagles started with good field position for the offense at the Eldorado 38 yard line. The Eagles drove the ball down to the Ozona's 18 yard line. On a third down with short yardage for a first down, Justin Paxton took the hand-off on the offensive right side and crossed the goal line for an apparent touchdown, but a holding penalty brought the ball back and the Eagles were unable

to score on the drive.

The Ozona offense put together a 95 yard touchdown drive to make the score 6-0 as the extra-point attempt was no good. The touchdown occurred on third and short yardage for a first down. The Ozona quarterback sprinted out to his right and found the tight end open in the end zone for a touchdown pass.

The Eagles had an opportunity to score just before half-time. The Eagles moved the ball down to the Ozona 26 yard line with two minutes left in the half. Three passes were dropped by receivers and the Eagles faced fourth and ten. On the fourth down play, pressure from the Ozona defense caused the ball to

be thrown high and the Lions intercepted to stall the drive.

The second half saw the Eagles start slow and the Lions took advantage of two turnovers and scored two touchdowns early in the third quarter. This made the score 20-0.

"We made an adjustment at halftime and when we tried to execute the play, our receiver was not set and then we did not run the correct route. We are not playing with the same intensity as we did at the beginning of the year and, at this point, we are not mentally tough. We have to execute properly and play mentally smart," instructed head coach Doug Kuhlmann.

The next game places the Eagles against Iraan. Iraan has

not lost a game this year and is 2-0 in district. The game will be played in Eldorado on October 12th at 8:00 p.m.

Injury Report: Cole Turner - finger injury. Reconstruction of the finger by surgery. Will be able to play in 2 weeks. Josh Blair - Broken Collar Bone. Will not be able to play the remainder of the year. Reyes Lazano - Neck Injury. Muscle soreness. Hector Chapa - Neck Injury. Muscle soreness. Gabe Schooley - Dislocated Patella. Knee Injury. Questionable for the remainder of the year. Chris Meador - Finger Injury. Ligament Damage. Clifton Brown - Knee Injury. Deep bruise. Wade Rinehart - Shoulder Injury. Ramiro Barajas - Shoulder Injury.

October 7-13 Proclaimed Fire Prevention Week

Citing the loss of 300 lives and more than \$1 billion in property damage to fires during 1989, Governor William P. Clements Jr. has proclaimed the week of October 7-13 as Fire Prevention Week.

"Fire continues to be a major threat to all Texans, particularly the very young and the very old," said James E. Saxton Jr., chairman of the State Board of Insurance.

During 1989, fires in Texas killed 292 people, injured more than 2,200 and destroyed an estimated \$1.125 billion in property, according to reports submitted by Texas fire departments to the State Fire Marshal's Office, State Board of Insurance. The largest incident included in these statistics was the Phillips 66 Houston chemical manufacturing fire, which caused 23 deaths and property damage estimated at \$750 million. Thirty-

two injuries were reported; however, total injuries were estimated at more than 100.

Saxton noted that 20,000 residential fires that caused almost 200 deaths and 1,800 injuries merit the attention of all citizens.

"Much of this tragic loss could have been prevented," Saxton said. "We have the knowledge and technology today to prevent much of the needless loss of lives and property in this state. We urge every Texas to practice fire prevention every day to help conserve our valuable Texas resources."

State Fire Marshal Ernest A. Emerson added that fire prevention efforts in the home can be increased by three simple actions. "First, we know that making sure each home has an adequate number of working smoke detectors and that practicing escape procedures in

the home can greatly improve your chances of surviving or avoiding a fire," he said.

"Second," Emerson added, "always watching the stove or range while cooking could help avoid cooking fires, the leading type of residential fire. And third, exercising great care while smoking and using heating equipment could reduce the number of fatal fires, especially those in which more than person dies."

Fire Prevention Week was

City Council Agenda

Notice is hereby given of a REGULAR MEETING of the Eldorado City Council that was held on Tuesday, October 9, 1990, at 7:30 p.m. at the City Hall, at which meeting the following items of business were conducted:

AGENDA

1. Call to Order.
2. Meet With Any Citizens Present.
3. Meet With Philip Bryant Regarding Alternative to Workman's Comp Coverage; Discussion by Council.
4. Unfinished Business: Reading/ Approval of September 4 & 18 Minutes; September Tax Report; Review/Approval - September and October Bills; Update - Frank Perkins Claim for Reimbursement; Update -

Truck Bypass Route; Update - '87, '89, & '90 Urgent Need Grants; Update - Tire Disposal.

5. New Business: Review of Petitions Submitted Regarding Lot Cleanup and Junked/Abandoned Vehicles; Review of Nightwatch Procedures.
6. Superintendent's Report Including Review of Mobile Home Cleanouts/Taps.
7. Updates: Drug Testing Lab; Election School; Damages to City Property.
8. Adjournment.

I certify that the above Notice of Regular Meeting was posted on the front door of the City Hall at 5:15 p.m. on Friday, October 5, 1990.

Carolyn Mayo

City Secretary

FUMC Hosts Barbecue

There will be a barbecue supper on Friday, October 12 at the Educational Building of the First United Methodist Church of Eldorado. Supper will be served from 5:30 p.m. to 7:00 p.m.

The cost of each plate is \$5.00 for adults and \$3.50 for

children 12 and under. The meal will consist of barbecue, beans, potato salad, onions, peppers, pickles, bread, dessert and drink.

Tickets are available at The Eldorado Success or the Old Main Street Cafe. For more information call 853-2905.

Crockett County Arts & Crafts Fair

The Crockett County Arts & Crafts Guild 1990 Fall Arts & Crafts Show will held on November 3, 1990 at the Crockett County 4-H Barns in

Ozona, Texas.

For application and information, write the Guild at Post Office Box 141, Ozona, Tx. 76943, or you may call T.K. O'Bryant, (915) 392-3557.

"Off Broadway Players"

Present

"Noah & The Great Auk"

by Jo Ann Sproul

A good cast, costumes, sound effects and lighting will make "Noah And The Great Auk" a memorable theatre experience.

The auk (a bird) and the ewe are played interchangeably by Rachel Edmiston and Lindsey Bass. The timid little ewe is protected by the intelligent auk, who is the peacemaker in the play. The lion, played by Kathy Mankin, is a proud and boastful king of beasts. The comical bear, portrayed by Nancy Lester, will make you laugh, while Trudy

Niblett's cunning, vicious hyena and Pat Ragsdale's kindly Noah round out the cast.

A special thank you to Shelly Hughes, Nell Edmiston and Diana Ragsdale for their work on the costumes.

Tickets are \$4.00 for adults and \$2.00 for children under twelve. They may be purchased in advance at C.R. Sproul's office, the ASC office, at the door, or by calling (915) 853-3343.

Don't miss this special play directed by Gary Smith, assisted by Jo Ann Sproul!

Beds Available At SCNH

by Steve Goode

Schleicher County Medical Center currently has two beds available in its nursing home. The openings are in men's bedrooms; however, if there two ladies needing to be placed here, it would be possible to reshuffle room assignments to make room

for two ladies instead of two men.

Those patients on our waiting list have declined to be admitted at this time or have already made other arrangements.

If you are interested in nursing home placement, please contact Steve Goode, Administrator, at 853-2507.

CRIMESTOPPERS Needs Donations

The local CRIME-STOPPERS organization needs money to start a fund for rewards. CRIMESTOPPERS offers rewards for information leading to the indictment of any criminal. Any donations may be sent to P.O. Box 145, Eldorado,

Texas 76936 or you may call Billy Williams at 853-2492 or the Sheriff's office at 853-2737.

CRIMESTOPPERS meets the first Tuesday morning of every month at the Eagle Dairy Month. The next meeting is scheduled for November 6.

Catholic Church Plans Fall Festival

Our Lady of Guadalupe Catholic Church is having its Annual Fall Festival at the Memorial Building on Sunday, October 21st. Barbecue brisket will be served with all the trimmings. Prices are \$5.00 for adults and \$2.50 for children. Hamburgers will be available after 2:00

A variety of booths and

games, such as a fishing pond, dart throw, cake walk, jungle hunt, putt-putt, face painting, bingo, hand made crafts and washer pitching will be available.

The church is also raffling a quilt and chances to win cash prizes. The drawing will be held at 4:00 p.m. Raffle tickets are \$1.00 and they can be obtained from any parishioner.

Arts & Crafts Fair

October 13th & 14th

What do boot and saddle makers, arts & crafts and Fort Croghan have in common? They will all be on display the weekend of October 13th and 14th in Burnet, Texas.

On October 13-14th weekend, visitors may enjoy:

The Fall Arts & Crafts Show; All items are hand-crafted by artists and craftspersons from around the entire state. Food and drinks will be available all day. The show will be in the Burnet Middle School, just 2 blocks off Highway 29, behind the H.E.B. grocery store. For further information, contact Stephanie Johnson at 512/756-1031.

Fort Croghan Days; Relive the days in 1849 when Fort Croghan was the western-most fort in Texas. Company A of the Second Dragoons was stationed here as protection against raiding Indians. Reenactments, pioneer skills and arts, and tours of the fort will be featured. Located on Highway 29, west of the Highway 281 intersection. For further

information, contact the fort at 512/756-8281.

Boot, Saddle-Makers, and Tack Show; feast your eyes on some of Texas' finest leather workers who specialize in boots, saddles, and horse tack. There is a true western flair to the unique event. For more information, contact Jack Reed at 512/756-7047.

All events are free to the public.

Visitors are reminded of the wealth of attractions in the Burnet area: the Fall Creek vineyards are open every Saturday, the Vanishing Texas River Cruise is offering daily cruises up the Colorado River, Longhorn Cavern State Park is open daily as is Inks Lake State Park, and don't forget the Wild Bunch Museum of Traditional Art. Fine hotels and restaurants are waiting to serve travelers who wish to make a weekend stay in Burnet.

For additional information contact the Burnet Chamber of Commerce at 512/756-4297.

The Editor's Journal

Life Among The Fishes

by Thomas Giovannitti

I am not usually in the habit of using this column to promote any group or organization but I felt I would say something on behalf of the "Way Off Broadway Players", Eldorado's own little theater.

What with 16 cable channels, Friday night high school football, church on Sunday and whatever else we might have to distract us, having live theater in our little town is no mean accomplishment. Many of the people who put in time to put on the several productions

done each year have many other activities to keep them busy.

I am sure many of them participate because being part of a theater production satisfies some part of them that all of the other activities available to them do not.

Aside from the effort expended, the time spent, and the rewards, if any, received, I also believe many of the people involved do it because theater, especially live theater is one form of our culture that does not require its audience to know ahead of time what is going to

happen but always leaves that audience more sophisticated, understanding, tolerant, and better educated than they were before they saw the play.

This weekend the "Players" will put on a production of just the sort of play that all Eldoradans should see.

"Noah and the Auk" is a production that will delight and entertain both adults and children of all ages. (I mean adults of all ages also.) This play has successful runs wherever it has played and it should receive no different a reception from

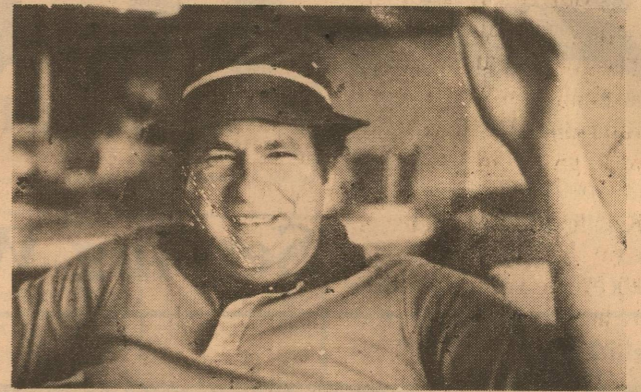

Eldorado.

Now, these productions take a little money, not much but some. Many of you received or will receive an application to become a patron the our local theater group.

The donations are tax deductible and just think how good it will look on your resume. Ten dollars is not a lot of money but if all of our former patrons renew and we ad a few more, then who knows, maybe next year the Players can do even more, or you might find you yourself wanting to play.

Laugh and Live

by Gary Smith

Ugly Photo Contest

The two gentlemen people pictured below told me that if I would put their picture in the newspaper, many more papers would be sold.

Being the astute business man that I am, I jumped at the opportunity to sell more newspapers.

Trouble is, I just can't figure out why this picture would cause people to buy more newspapers. I tried to come up with possible uses for this picture and the best that I could do was to use it as an insect repellent You know, hang it in the bathroom to keep the flies away.

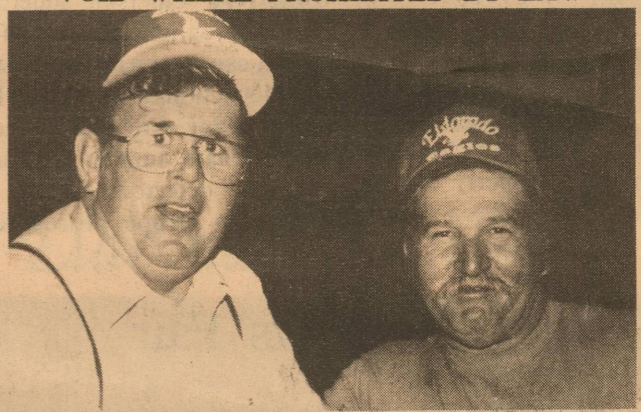

I feel sure that one of you, dear readers, may know a suitable use for this photograph. If you do, please send your idea to...

Ugly Photo Contest
Box 1115
Eldorado, Texas 76936

The best idea for this picture (that is printable) will earn it's author a bright shiny new TWENTY DOLLAR BILL and 1 (one) 3.5"x5" photograph suitable for framing.

TEXAS AGRICULTURAL EXTENSION SERVICE

County Agents Report

by Jerry Swift, County Extension Agent - Schleicher County

IDENTIFICATION OF MINERAL PROBLEMS IN CATTLE

The cheapest, easiest and first step in identifying mineral problems is to learn to evaluate hair visually.

Coarse, faded, dull off-colored hair is often an early indicator of mineral problems frequently by growth depression and fertility problems if the deficiency is not corrected. Other nutrients such as vitamins, protein and energy will also affect the bloom on hair but a typical cattleman does a better job of supplementing these nutrients.

Bloom, luster and vitality of hair usually indicates cattle are performing well. Too many producers accept dull, faded, bleached, off-colored, coarse hair as normal, just an indication of hard times or changing seasons.

Hair is expected to lose its luster and take on a dead appearance just prior to shedding, but this shouldn't take place months ahead of shedding. Winter hair will be long and possibly shaggy but should have luster and bloom in a healthy animal. Failure to shed properly and quickly is an indication of mineral deficiencies where protein and energy is adequate and intestinal parasites are not involved.

Cattle that continue to have that dull, wormy haired look following repeated deworming should be investigated for mineral deficiencies and diseases such as Johne's disease. The chances are great that these cattle are deficient in copper and possibly other minerals.

Loss of hair color is very sensitive to lack of copper, especially if caused by high sulfur or molybdenum interactions. Depigmentation usually shows up first around eyes and ears,

especially the peripheral hairs of the ears, but can effect all hair. Graying of hair is typical, but in Herefords red turns to yellowish dun color and in Angus, black turns to reddish-brown, mouse colored. The reddish-brown frequently shows up on the face, forehead and on the back behind the shoulders.

Planting Double in a Single Bed

Dr. Sam Cotner

Extension Horticulturist

Many gardeners wonder what should be transplanted and what should be seeded. Tomatoes, peppers and eggplants should be transplanted. Crops such as broccoli, Brussels Sprouts, cabbage and cauliflower can be transplanted for early harvest and to avoid the cost of expensive hybrid seed. These crops may also be seeded directly into the garden area since they can tolerate frost and are relatively fast-maturing.

When planting seed directly into the garden, it's customary to plant a single row on each raised bed. But this is wasteful. Why not plant double rows on a single bed?

The logic of planting double on a single bed is obvious. The soil has already been meticulously fertilized, so why not produce as many vegetables as possible from the space available? If a drip irrigation system is being used, simply place the drip hose between the two rows planted on the same bed. With the same amount of water that would normally be used, you will produce twice as many vegetables.

If the two rows per bed system is so wonderful, why isn't everyone using it? First of all, only certain vegetables which produce small plants can be used. These include such vegetables as beets, carrots, onions, parsley, radishes and turnips which should have plants spaced four inches apart; and chard, collards, kohlrabi and mustard should be spaced six inches apart.

Vegetables producing larger plants such as broccoli, Brussels sprouts, cauliflower and peppers which should be spaced 12-24 inches apart can also be planted using the two-rows-in-a-single-bed technique if plants are staggered. Avoid plants which require more than a 24-inch spacing when using this double-row planting scheme.

Gardeners must also

realize that judicious use of water and periodic (every three weeks) side-dressing with ammonium sulfate or ammonium nitrate is necessary with this system to insure maximum yields. Weed control in the space between plants in double-row plantings will be more tedious during the first few weeks of establishment. As crops mature and compete with weeds for nutrients and sunlight, weeds will become less of a problem.

And, Some Useful First Aid...

For fainting: Rub the person's chest, or if a lady, rub her arm above the wrist.

For fractures: To see if the limb is broken, wiggle it gently back and forth.

For dog bites: Put the dog away for several days. If he has not recovered in 7 days, then kill it.

For nosebleed: Put the nose lower than the body.

To remove dust from the eye: Pull the eye over the nose.

For head colds: Use an agonizer to spray nose until it drips into your throat.

For snakebite: Bleed the wound and wrap the victim in a blanket for shock.

For asphyxiation: Apply artificial respiration until the patient is dead.

National Breast Cancer Awareness Month

Transamerican Diagnostic services and Schleicher County Medical Center plans National Breast Cancer Awareness Month Activities for Wednesday, October 24th.

October is National Breast Cancer Awareness Month. Transamerican Diagnostic Services, Inc. has joined this nationwide program, dedicated to educating American women and their families about the importance of early detection of breast cancer. Early detection provides the best opportunity to treat breast cancer successfully.

Breast cancer is the most common form of cancer in American women: one out of ten women will develop breast cancer in her lifetime. In 1990, over 150,000 new cases are projected, and 44,000 women will die of the disease.

"Every woman is at risk for breast cancer, and risk increases with age," said a spokesman for Transamerican Diagnostic Services, Inc. "By following a simple early detection program, many women could save their own lives."

The board of sponsors of the October program are urging all Americans to learn the facts about breast cancer, and to join with their physicians in monitoring their health. During October, the unit will be at Schleicher County Medical Center in Eldorado, Texas on Wednesday, October 24th, call 853-2507 for an appointment.

Experts recommend this three-step early detection program:

1. Schedule regular mammograms--an initial

screening mammogram by age 40, one every year or two to age 49, and every year after 50.

2. Practice monthly breast self-examination--a woman's physician can show her the proper method or ask the technician on the Breast Cancer Detection Unit to show you.

3. See a physician for regular breast examinations--at least every three years until age 40, then every year.

The five year survival rate for localized breast cancer has risen to 90% because of advances in early detection, improved surgical procedures, hormonal therapy, and chemotherapy.

Letter To The Editor

Dear Editor,

Due to a recent job offer, my family and I will be moving from Eldorado. I would like to take this opportunity to thank all those who have been so helpful to me as Schleicher County Democratic Chairman. I have resigned this position as of October 5, 1990. I urge voters of

Schleicher County to support the Democratic candidates in November, and also give full support to whomever is chosen to be County Chair. Once again, thanks to everyone who has helped me so much.

Sincerely,
Brian Holsey

An Apple A Day

by Lee R. (Smokey) Taylor, R.Ph.

Short-term Memory Loss After Heart Surgery: Many people are very forgetful after open-heart and bypass surgery. While the stress of this life-threatening situation and the interrupted sleep that often happens during treatment may contribute to the problem, the

primary culprit appears to be the cardiopulmonary assist (heart-lung) machines that take over the actions of the heart and lungs while doctors work. These may cause very tiny strokes that affect the patient's recent memory. The condition usually goes away about 6 months after the surgery.

--HeartCare

Publisher's Notice

Due to the increase in costs of petroleum and paper products and a forthcoming rise in Postal costs, we are forced to raise our Subscription rates.

Beginning in November, our

yearly rates will be \$20.00 for local subscriptions and \$25.00 for out of county subscriptions.

Of course, we will continue to offer a 10% discount to Senior Citizens.

Beta Sigma Phi

by Glenda Harris

Beta Sigma Phi met on October 8, 1990 with 14 members and 6 guests present. This was our model meeting at which time we introduce new members to our organization in the hopes they will join us.

The roll call and reading of the last minutes were given by Shelia Prater and the treasurer's report was given by Barbara Jackson.

Kathy Cheatham reported we had been granted permission by the commissioners court to hold the Halloween Carnival in the old McCalla's building. The carnival will be held on October 31, 1990 from 6-8 p.m. Anyone who would like

to have a booth should contact Dorothy Dacy at 853-3020 or 853-3174. The more booths we have, the better the carnival. The cost of a booth is \$10.00. Remember, this carnival is for the kids, so help us support them.

Beta Sigma Phi will be doing fingerprinting on October 24 at the Health Fair, sponsored by Schleicher County Medical Center. Look for more details in the days to come.

Due to an illness contracted by Dale Caveness, medical bills have reached an unproportionate amount for this family. At this time, Beta Sigma Phi will be opening an account at the First National Bank and

cans will be placed in business in town for anyone who would like to make a contribution to help this family in a small way. We want Dale and his family to know our prayers are with them.

Beta Sigma Phi will again be contributing to the Beta Sigma Phi State Service Project. This year it is the Texas Children's Hospital at Baylor College of Medicine. We hope our contribution will help these doctors in finding cures for our future generations.

Following the adjournment of the business meeting, refreshments were served by Shelia Prater and Donna Newton. The Sunshine Gift was won by Donna Newton.

B.A.S.S. Chapter Organization Meeting

All serious Bass fishermen interested in a membership in a Bassmasters Federation Club are invited to attend an organization meeting on October 16th at 7:00 p.m. in the basement of the Memorial Building.

There are many benefits of a B.A.S.S. (Bass Anglers Sportsman Society) Chapter such as the fun and fellowship derived from association with fellow anglers and the opportunity to learn from them. Affiliation with your State Federation of B.A.S.S. Chapters which is organized to promote and protect your bass fishing interests on both state and national levels. All chapters

will have access to a large film library of entertaining bassing films along with special program materials and suggestions to make the meetings entertaining and informative.

Other benefits include the eligibility to compete in state tournaments, the prestigious B.A.S.S. Federation Divisional Tournaments and National Federation Championship for

cash awards and five BASS Masters Classic berths and eligibility for the B.A.S.S. Chapter Federation Outstanding Achievement Awards. These special awards are presented to chapters, federations and individuals for outstanding programs and activities on a divisional and national level. Presentations are made at the BASS masters Classic each year.

New Tax Rate For Self-employed

Self-employed people will find significant changes in computing their 1990 Social Security taxes, Franklin H. Upp, Social Security manager in San Angelo said. Both the Social Security tax rate and the formula used to compute the taxes changed this year.

The 1990 tax rate for self-employed people is 15.3 percent, up from 1989's 15.02 percent rate. In 1989, a 2 percent credit reduced the effective tax rate to 13.02 percent.

Beginning with the 1990 tax year, the credit has been replaced by two new deductions which reduce the tax liability for the self-employed. The new deductions are designed to treat the self-employed in much the same manner as employers and em-

ployees are treated for tax purposes. For many self-employed people, the result will be lower taxes than in previous years.

Internal Revenue Service Publication 505, Tax Withholdings and Estimated Tax, provides detailed information on the change in computing 1990 self-employment Social Security taxes. Contact the Internal Revenue Service for copies of this publication.

Additional information is available from Social Security, Upp said. Call 1-800-234-SSA (1-800-234-5772) and ask for Fact Sheet No. 4, If You're Self-Employed. The San Angelo Social Security Office is located at 2214 Sherwood Way, and the telephone number is 949-4608.

O'Harrow To Wed Reid

Mary Lisa O'Harrow will become the bride of C.K. Reid of Hillsboro in a November 24 wedding at First United Methodist Church of Eldorado.

The bride-elect is the daughter of Mr. and Mrs. Jimmy O'Harrow of Eldorado. The prospective bridegroom is the son of Claude W. Reid of Hillsboro and the late Shirley Reid.

Miss O'Harrow is a 1983 graduate of Eldorado High School and received a bachelor's degree in agricultural business from Tarleton State University in 1988.

Her fiance is a 1979 graduate of Eldorado High School, a 1981 graduate of Hill

Junior College and received a bachelor's degree in agricultural business from Southwest Texas State University in 1985.

Notice

All are cordially invited to the continuing study of Genesis taught by Mary Barton Robinson each Thursday from 9:30-10:30 a.m. in the Fellowship Hall of the First Baptist Church.

Local Karate Classes Cancelled

by Rita Reeves

The Karate Institute of Eldorado will be postponing classes until January or February of 1991. This is due to our rapid growth in classes in San Angelo and Sonora. We hope to have enough black belts to serve all three of our schools in January. We want to thank those who

practiced under our supervision in Eldorado.

Our Eldorado students will be attending classes in Sonora on Thursday from 6-8 p.m. and in San Angelo on Monday, Tuesday, Wednesday and Friday. Classes are under the direction of Clarence 'Daddy-O' Smith and Walter Bryant.

Go for the GOLD and win with results in the classifieds

Eldorado Rodeo Set

The High School Rodeo Team will be competing in Eldorado on October 13th and 14th. Admission will be \$3 for adults and \$2 for students.

We will start on Saturday with Cutting at 3 p.m., then the Queen's Contest at 5 p.m. followed by the rodeo performance at 6 p.m. Following Saturday nights performance there will be an 8th grade and under jackpot, with breakaway, barrels, poles and goat tying, the entry fee is \$15 with 100% jackpot.

There will be a dance at the Ag Barn on Saturday night

from 9 p.m. to 1 a.m. featuring Red Line. Admission will be \$5 per person. The dance is sponsored by the FFA. Everyone is invited to come out and join in the fun.

There will be church services on Sunday morning at 9 a.m. with the rodeo beginning at 10 a.m.

There two girls running for Queen from Region II, Traci Paxton, 16 year old daughter of Mr. & Mrs. Ronnie & Paxton of Eldorado and Jo Nell Cardwell, 16 year old daughter of Mr. & Mrs. Jamie Cardwell of El Paso. Good luck to both of these girls

TAFE Hosts BYOB

A TAFE (Texas Association of Future Educators) BYOB (Bring Your Own Bun) hamburger party was held at Marcy Willis' home on Sunday, September 30, 1990. Approximately twenty people enjoyed hamburgers prepared by Jackie Willis and played assorted relay games.

Those present included:

Jackie and Marcy Willis, Linda Thomas, Kim Mitchell, Andra Robledo, Belinda Martinez, Brooke Richards, Justina Saunders, Trey Morrison, Cory Barton, Jana Sterling, Lee Ann Lamb, Sonja Richards, Amy Hamilton, T.C. Willis, Luby Trevino, Adriene Pina, Jamie Sanchez, Casey Triplet and Casey Willis.

Cross Country Results

A Cross Country Meet was held in Coleman on Saturday, September 29. Several local youth did very well at this meet.

The Eldorado Eagles varsity girls won the meet with good times from Hope Martinez 12:57; Cory Barton 12:58; Roxanne Martinez 13:00; Claudia Martinez 13:31; Jana Sterling 13:51; and Kris Aguerro 13:54.

The eighth grade girls ran in the JV division and won their division also. Ericka Schooley 2nd; Jenny Wink 4th, Amber Hamilton 6th, Mary Ann Rodriguez 10th, Tamra Robledo 12th, and Christy Rodriguez 14th.

The seventh grade girls ran in the Jr. High division and came in 6th. with Amy Massey at 8:05; Tara Hunley 8:41; Estella

Montalvo 8:51; Erika Pina 8:53; Alicia Wink 9:24; Jennifer Lively 10:26.

The Varsity boys came in 4th. Felix Ochoa time was 18:37; Hele Sanchez 19:17; Joaquin Covarrabuz 19:24; Daniel Henando 19:56; Ernie Gonzales 20:03.

The JV boys placed second. Times were Rene Alfarn 20:24; Hunter Preston 20:32; Jesse Sanchez 20:40; Michael Martinez 21:56; Trent Manning 25:43.

The Jr. High boys also placed second. Times were Pepper Nix 7:10; Brandon Chreshey 8:09; Joe O'Conner 8:10; Michael O'Daniel 8:13; Codie Bill Whitten 8:41; Rocky Meador 8:51; Chris Hudson 8:59; James Lloyd 9:01; Creel Goodman 9:24; Adam Salle 9:25.

Football Highlights

The seventh grade boys football team has had one win and one tie. They defeated McCamey 14-12 and tied Ozona 6-6.

This is a small team, but the boys are very scrappy. They have a lot of heart and they play to win. They will play Iraan this afternoon at 5:00. The team is coached by Larry Mitchell.

The eighth grade team has one win and one loss. They

defeated McCamey 40-0 and lost to Ozona 19-6. Some injuries that occurred during the McCamey game have had an impact on this young team. Several key players were hurt in this game. This team, is small in number but big in heart. With injuries, this team has played with as few as 15 players. Rick Singleton.

The Junior Varsity football team won their first three games, but lost the last two games that they have played.

The JV Eagles defeated Eden 20-6, Menard 28-0, and Eden again 16-6. They lost to McCamey 40-14 and Ozona 26-16.

The team started out really well, but injuries in the past few weeks have been problematic. According to Coach Paul Michaelawiez, the intensity of the players has not been great enough. "We have just not been getting after the other teams intensity wise.", stated Michaelawiez.

Duplicate Bridge Winners

The duplicate bridge winners for August and September are as follows:

August 2nd - Trouba Kaplan and Hector Escalera, Sonora-1st; Jan Mobley and Helen Blakeway-2nd; Sadie Davidson and Dick Bearce-3rd.

August 9th - Jan Mobley and Melissa O'Harrow-1st; Ethel Olson, Sonora and Trouba Kaplan-2nd, Bea Porter and Raymond Mobley-3rd.

August 16th - We had a Grand Nationals Playoff game with 7 tables of players, with our club members winners as follows: NORTH-SOUTH - Sammie Espy, Sonora and Candy Richards-Tied for 1st and 2nd;

Judy Griffin and Jan Mobley-3rd. EAST-WEST - Melissa O'Harrow and Hector Escalera-2nd; Ethel Olson and Trouba Kaplan-3rd.

August 23rd - Trouba Kaplan and Hector Escalera-1st; Metha Trainer, Sonora and Helen Blakeway-2nd; Sammie Espy and Candy Richards-3rd.

August 30th - Evelyn Wimer and Metha Trainer-1st; Leota Cox and Kitty Montgomery, Ozona-2nd; Sammie Espy and Candy Richards-3rd.

September 6th - Bea Porter and Evelyn Wimer and Trouba Kaplan and Ethel Olson-Tied for 1st; Melissa O'Harrow

and Hector Escalera-3rd; Flora Hubble and Metha Trainer-4th.

September 13th - Ethel Olson and Trouba Kaplan-1st; Evelyn Wimer and Flora Hubble-2nd; Melissa O'Harrow and Hector Escalera-3rd.

September 20th - Helen Blakeway and Raymond Mobley-1st; Lottie Puckett and Fred Adkins, Sonora and Candie Richards and Trouba Kaplan-Tied for 2nd.

September 27th - Ethel Olson and Trouba Kaplan-1st; Lottie Puckett and Fred Adkins-2nd; Sadie Davidson and Dick Bearce and Melissa O'Harrow and Hector Escalera-Tied for 3rd.

Denise Edmiston, 17 year old daughter of Brian and Loretta Edmiston of Hutto, has been selected to represent Texas as a delegate to National 4-H Congress, December 1-8, 1990 in Chicago. She was chosen for this honor based on her outstanding sheep record book which was named state and national winner in the sheep and goat category.

Denise is a nine year member of the Hutto 4-H Club and has excelled in project areas of sheep, livestock judging, leadership, foods, clothing, and community service. Over the years, she built a breeding sheep operation to approximately 50 ewes and has shared her skills by teaching sheep selection/feeding clinics across Central Texas.

Denise has participated in Citizenship-Washington, D.C. Focus and was an International 4-H Exchange participant to Australia for 8 weeks during the summer of 1988. She was a member of the Texas 4-H Council in 1989 and represented 4-H at various activities and leadership trainings across the state.

As a result of her national win, Denise will receive a \$1,000 scholarship. State sponsors for the 4-H Sheep Project are the Texas Sheep and Goat Raisers Association and the Texas Wool and Mohair Warehouse Association.

Denise is the granddaughter of Mr. and Mrs. Orval Edmiston of Eldorado.

Denise Edmiston

CRIMEWATCH Joins CRIMESTOPPERS

by Evelyn Stigler

CRIMEWATCH association will fund the new CRIMESTOPPERS of Eldorado. CRIMEWATCH will no longer be an active organization, the remaining members decided to

take the funds that were left and apply them to CRIMESTOPPERS.

Signs will be put up over town to inform citizens that something is being done to try to prevent crime in our city of Eldorado.

Historical Society Meets

by Ola Ruth Barbee

The Schleicher County Historical Society met on the first Monday in October for their business meeting. Rene Calcote opened the meeting with the Pledge to the Flag.

The museum will have a new display once a month. The Halloween Carnival was discussed. We will have a "Wheels For Toys" booth.

Those attending were Mable Freitag, Jean Brazelle,

Willie Blanche Johnson, Ethel Etheredge, Ola Ruth Barbee, Rene Calcote, Ola Mae McDonald, MARY McGinties and Bell Neff.

The Texas Historical Commission from the State of Texas presented the Historical Society with a Citation for Distinguished Service.

Rene Calcote was elected to keep the museum opened 3 days a week. The tentative days are Tuesday morning 9-12, Wednesday afternoon 2-5 and Friday afternoon 2-3. This is a total of 9 hours and she will be paid \$4.00 per hour.

The Chamber of Commerce will have a barbecue soon with the Lions Club.

A week of dedication to Tom Meador will be the first week in January with coffee and cookies.

Three plaques were shown with the names of the people who dedicated the carpet.

Two Sutton County History books will be bought by the Schleicher County Historical Society.

SCMC Auxiliary Update

by Jean Meador Brazzel

The Schleicher County Medical Center Ladies Auxiliary met on Thursday, October 1st with 16 members and Tonya Mahanay, Activity Director, present. Welcome to Inez Buckholt, our new member, a thank you note from the Chamber Pride Committee for our Participation on E-Day: Keep Our "E Gold" Goal Going!, Sally Christian, Charlie Bryan and our lifetime friend Dick Bearce.

The birthday celebration is scheduled for Wednesday, October 10th at 2:30 p.m. Visitors and friends are welcome. Volunteer of the Month: Patsy Kellogg. Resident for the Month: Charlie Bryan. Employee for the Month: Virginia Rodriguez.

The Annual Health Fair will be held on Wednesday,

October 24 from 9 a.m. to 6 p.m. Mark this date on your calendar and be sure to attend for your health's sake! The Schleicher County Medical Staff and the Ladies Auxiliary will assist at the health fair in the Memorial Building. The fine doctors, staff and volunteers of the Auxiliary give their time! Please give us your time! We will be serving Cookies and Coffee.

Halloween is Wednesday, October 31st. The Ladies Auxiliary will have treats for the children from 5:30 until 6:30 p.m. in the lobby. The third graders are planning a program for the Nursing Home at 2:00 p.m. The Residents are looking forward to their program.

Have a safe Halloween and have fun. (Don't forget the Health Fair on October 24th.)

ELDORADO, TEXAS
Call 853-2507 for appointment
According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as a result of breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$60.00 ± \$4.50 S&H. A mammogram can detect a cancer this small, even before it can be felt.

"Firefighters"

What would you do without them?
Fires happen to other people; at least that's what we all like to think! But fire can happen to you and when it does, it's a frightening experience. Your first thought, after everyone's safety, is to get help - but what if the fire department weren't there?
Imagine your home or place of business in flames, without professional firefighters to the rescue. Fortunately, they are there, not only to answer the call for help but also to teach you about fire prevention. Get acquainted with your local fire department!

First National Bank
of Eldorado
Fire Prevention Week
102 SW Main Member FDIC

National Fire Prevention Week October 7-13

What is a Fireman?

He's the guy next door.
 He's a man's man with the sharp memory of a little boy who never got over the excitement of engines and sirens and smoke and danger.
 He's a guy like you and me with warts and worries and unfulfilled dreams; yet he stands taller than most of us.
 He's a fireman. He puts it all on the line when the bell rings.
 A fireman is at once the most fortunate and the least fortunate of men.
 He's a man who savors life because he has seen death.
 He's a gentle man because he has seen too much of the awesome power of violent forces out of control. He's a man responsive to a child's laughter because his arms have held small bodies that will never laugh again.
 He's a man who appreciates the simple pleasures of life...hot coffee held in numbed, unbending fingers...the flush of fresh air pumping through smoke and convulsed lungs...a warm bed for bones and muscles compelled beyond feeling...a comradeship of brave men...the divine peace of selfless service and a job well done in the name of all men.
 He doesn't wear buttons or wave flags or shout obscenities and when he marches, it is to honor a fallen comrade.
 He doesn't preach the brotherhood of man;
 He lives!!!

Fire Prevention Guidelines

The State Fire Marshal's Office, a division of the State Board of Insurance, offers the following guidelines for practicing fire prevention in the home:

For the entire home:
 --Make sure that heating and cooking appliances are properly installed and used according to instructions.
 --Keep basements, closets, attics and garages cleared of combustibles, such as papers, cartons, old furniture, clothes or oil-soaked rags.

--Furnaces, stoves and stove pipes should be kept well away from combustible walls and ceilings. Be sure that these appliances are installed and maintained by qualified service people.

Flammable liquids:
 --Do not use gasoline or flammable liquids for cleaning in the home. Do not use them to start or freshen a fire for heating or cooking.
 --Store gasoline and other

flammable liquids in closed containers away from heat, sparks and children, preferably away from the house. Never store flammable liquids in glass jars, old bleach bottles or other makeshift containers.
 --Keep paint stored in closed metal containers. Discard paint-laden brushes.

Heating:
 --Provide proper ventilation for portable gas and oil heater and fireplaces.
 --Have your heating equipment checked yearly by a qualified service person.

Smoking:
 --Do not smoke in bed.
 --Before going to bed each evening, check upholstered furniture to ensure that smoking materials are not lodged in the furniture.

--Dispose of smoking materials safely. Store them outdoors in a metal container and immerse them with water to make sure that they are completely out.

Children:

--Keep matches and lighters away from small children.
 --Never leave your children at home alone - at night or during the day.
 --Always monitor your children's activities. Be aware of their activities to reduce the risk of an accidental or malicious fire.

Electricity:

--Make sure that all electrical cords are safe. Electrical cords should not be placed under rugs, over hooks, in door openings or in other traffic paths. Do not puncture electrical cords with tacks, nails or other sharp objects. Do not use cords that appear to be cracked, pinched, punctured or otherwise damaged. Immediately disconnect and dispose of electrical cords that are worn or damaged.
 --Use only the correct size fuses in fuse boxes.
 --Do not overload electrical circuits with too many appliances.

--Have a qualified electrician install new electrical wiring or appliances.
 --Use only special circuits for heavy-duty appliances such as air conditioners.
 --Use only appliances that carry the seal of a nationally recognized testing laboratory.

Be prepared for a fire emergency:

--Purchase a smoke detector with a nationally recognized testing laboratory label, and install one or more at least outside the sleeping areas of your home. Check your detectors every week to make sure that they work properly. Clean the detectors according to the manufacturer's instructions. If detectors are battery powered, put in a new batteries at least yearly.
 --Determine at least two ways of escape from each bedroom. Draw a floor plan to indicate the location of doors, windows, stairs and roof tops that can be used for escape. Plan to use the normal exit from the house or apartment as your primary escape route and a window or a second door between bedrooms as your alternate route. Consider installing escape ladders from windows.

--Always keep escape routes free from obstructions.
 --Agree on a warning device, such as a whistle, to be used when a fire is discovered. Set a meeting place outdoors for a head count of occupants.

--Sleep with your bedroom door closed. It could increase escape time. However, if you do sleep with your door closed, install a smoke detector in the room and make sure that detector alarms can be heard through the closed door.

Practice emergency escape procedures:

--Have everyone take their places as if they were sleeping.
 --Have someone sound the smoke detector or other warning device. When you hear the alarm, stay as low as possible as you get out of bed. Crawl to stay below toxic gases and smoke if you can still move quickly.

--If you sleep with your bedroom door closed, feel the door. If it feels warm, there may be smoke and fire outside the door so go out your alternate exit. If the door feels cool, brace your shoulder against the door and open cautiously. Quickly close the door if smoke or heat rushes in and use your alternate route.
 --If you sleep with your bedroom door open, be aware that smoke and toxic gases can enter your bedroom more easily. Stay below smoke and use your alternate exit route if your primary route is blocked by smoke or fire.
 --Go to your prearranged meeting place outdoors.

--Designate someone to call the fire department from a nearby public telephone or a neighbor's house.

Windbreak Tree Sale

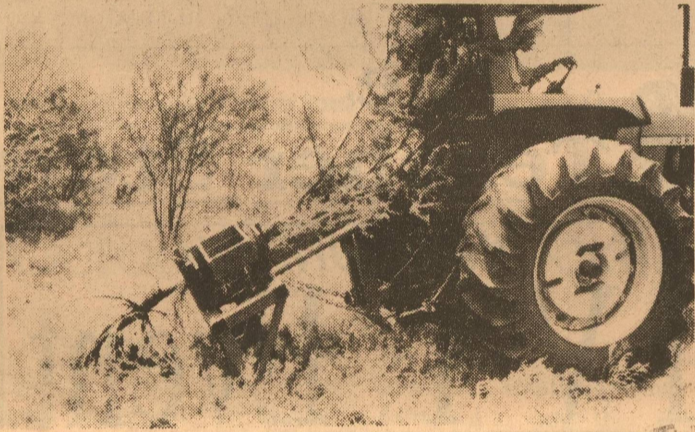

The Eldorado-Divide Soil and Water Conservation District is sponsoring a windbreak tree sale. If properly designed and maintained, windbreaks can protect life and property for 40 years or more.

Windbreaks help reduce soil erosion and damage to crops, provide shelter for livestock and

supply food and improve habitat for wildlife. They also help decrease heating costs in winter and cooling costs in the summer for home and buildings. Wildlife packets are also available.

Orders are being taken now and the supply of trees is limited. Call 853-2720 or 853-2983 for more information.

'The Shark' Demonstration

The Eldorado-Divide Soil and Water District will host a demonstration of The Shark on October 15, 1990.

The Shark is an economical method of removing and killing most unwanted brush and small trees. The brush puller works in moist or dry soils, in sand or rocks, and doesn't leave the ground rough as do plows and grubbers. The Shark attaches to 100+ HP tractors and is a one man operation.

The demonstration will take place at approximately 2:30 p.m. on the Stanford Ranch leased by William Edmiston one mile west on Will Davis road off the Mertzson Highway. Signs will be posted to direct traffic to the site.

Immediately preceding the demonstration the District will have their Zone 1 and 2 Directors election.

All landowners,

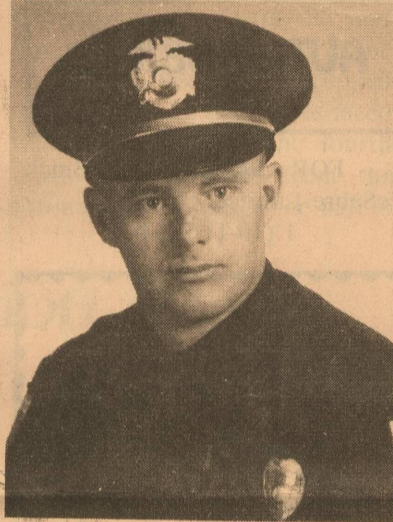

managers, contractors and interested parties are invited to come.

Blair Completes Law Enforcement School

Charles Blair, a former Eldorado student, completed Law Enforcement basic training in graduation ceremonies held on Friday, September 14, 1990, in Santa Fe, New Mexico.

A banquet was held on Thursday night, September 13 and a reception on Friday morning before the graduation ceremonies.

Those attending from out of town were his wife, Brenda, son, Aaron and Mr. and Mrs. George Bartlett of Carlsbad, New Mexico and Mr. and Mrs. Gene Gibson and Sabrina Samuels of Eldorado.

What's an Energy Saving Plan Home?

It's a home that gives you extra comfort plus lower energy bills. So check out the features an ESP home can offer.

Attic Ventilation

Proper ventilation controls summer heat build up and moisture accumulation in winter. This adds life to the building and its components.

Insulation

Insulation in the ceiling and walls in the amount appropriate for this area and climate keeps ESP homes cooler in summer and warmer in winter.

Air Distribution System

Correctly sized air ducts and proper placement of supply and return air are important considerations for an ESP home.

Heating and Cooling Equipment

Equipment is properly sized to the structure for highest efficiency. WTU recommends the all-season electric heat pump that heats in the winter and cools in the summer for year-round savings. Call WTU for details.

Air Infiltration Control

Air infiltration control helps stop uncomfortable drafts with weatherstripping, caulking, and insulation.

Windows and Doors

Insulated or storm doors and windows greatly improve both efficiency and comfort by reducing heat gain and loss in both summer and winter.

THINKING ENERGY EFFICIENCY IS SMART THINKING!
Look for energy efficiency when you shop for that new appliance. Your investment will mean big savings for you over the years.
• Enjoy quality lighting indoors and out by investing in efficient bulbs. New quiet, color-corrected fluorescent bulbs can be three times cheaper than standard bulbs.
• Wrap your electric water heater tank with an insulating jacket, and install new water-saving shower heads and faucet aerators.
• And ask us for more ideas on how to save on energy costs at home and at work. It's the smart thing to do.

Lacy Finley
Lacy is the daughter of Tip and Janee Finley. She has two sisters, Summer and Ashley. Lacy is a Junior at Eldorado High School and is the Drum Major for the Eagle Band.
DON'T FORGET TO REGISTER FOR THE BIG BUCK CONTEST!

Two ways to reduce the cost of your prescription drugs
I. If you are taking medicine over a long period of time, savings can be yours by buying in larger quantities. We can check with your doctor and work out the best quantity for you.
II. When a good quality generic drug is available, it will usually be less expensive than the brand-name product. We are adding to our generic drug inventory as they become available.
Inflation is hurting us all. We constantly strive to hold down the cost of prescription drugs without sacrificing quality. Feel free to visit with us any time about your medicine.
