

JAPAN SETS POLICY OF RETRENCHMENT TO AID THE ARMY

Activities On War Fronts Shift As Vague Reports Heard Of New Efforts To Halt Conflicts

BY THE ASSOCIATED PRESS There were vague reports today of new efforts to end the Spanish and Oriental wars.

Cliff Slayer Makes Query, 'How Long?'

ALPINE, June 23 (AP)—Francis Marion Black, Jr., who confessed a bizarre insurance plot, lapsed into silence today, his laconic "how long will it be before it's over with?" immediately after a West Texas jury yesterday condemned him to the electric chair remaining unanswered.

The thin-faced San Antonio filling station operator stolidly awaited the next step in the fast-moving court drama which will come with a motion for a new trial and an appeal to the highest tribunal in the state, if expressed intentions of his counsel are carried out.

In less than 30 minutes the jury sentenced him to die for the murder of Marvin Dale Noblitt, 13, whose plunge from a 400-foot cliff precipitated a case District Attorney Alan R. Fraser said was "the toughest I ever had to crack."

Women Silent Mrs. Robert Smith, widowed mother of the youth, who said she put her son in Black's care in order to find him a better home than she could provide, had departed for Harlingen, where she resides, but Black's mother, Edna M. Black, Sr., and his wife, Mrs. Guinevere Kern Black, remained here.

"The only thing Black said was 'How long will it be before it's over with?' and I told him I didn't know," Sheriff Elmer Taylor related. Taylor said neither Black's mother nor wife made any statement on the trial, and the state had no case against Black's wife, who was absolved on the state's own motion Monday.

However, because she had not pleaded guilty to the indictment, Fraser said, a subsequent charge could be brought. "But we have no case against her," Fraser said. "The only way we can convict Black was through his confession and I couldn't use that as evidence against his wife under the law."

Fraser revealed that the "break" on the case came while he was questioning Black. "While I was talking to him the telephone rang. It was a San Antonio insurance company. They told me about an application Black had made for insurance on the boy other than the one in which he had a \$5,000 policy issued by another company. I didn't let Black know who it was called and questioned him further. Finally, I asked him about the application. He denied making it. Then I knew he was not telling the truth about the whole thing."

GERMANS MUST SERVE STATE

BERLIN, June 23 (AP)—Field Marshal Hermann Wilhelm Goering, chief executive of the nation's four year program for economic independence, today ordered that from July 1 on all German men and women, of whatever profession or trade, will be liable to temporary labor service for the state.

29 Million In Allotments From PWA

Agency Advances More Projects Under New Program

WASHINGTON, June 23 (AP)—The Public Works Administration, swinging into the second day of President Roosevelt's lending-spending program, made allotments totaling \$29,592,081 today.

When the campaign was opened yesterday allotments totalling \$77,500,000 were made to states and municipalities in loans and grants to finance construction of schools, bridges and other work-making projects.

The total for the two days runs to \$107,406,000, with another batch of allotments in prospect for this afternoon. Allotments announced today included (figures given are grants unless otherwise specified):

Texas Jobs Galena Park, Tex., school, \$40,365; Hebbronville, Tex., school, \$45,000 grant, \$55,000 loan. Huntville, Tex., dormitory and home economics building, \$58,090 grant, \$71,000 loan; Livingston, Tex., fire station-city hall, \$15,750; Lubbock, Tex., school, \$157,909 grant, \$193,000 loan; Palestine, Tex., auditorium-gymnasium, \$33,750; Petrolia, Tex., waterworks, \$22,090 grant, \$27,000 loan; Plainview, Tex., agriculture building, \$12,285.

ARMY PROJECTS WASHINGTON, June 23 (AP)—The army engineers swelled further today the flow of federal funds to local communities by allotting approximately \$20,000,000 additional for New York on 86 rivers and harbors projects.

The engineers last week allotted \$12,000,000 for other rivers and harbors improvements and flood control works.

THOMPSON SPEAKER ON KBST TONIGHT A speaker representing Col. Ernest O. Thompson, railroad commissioner who is one of the strongest contenders for the Texas gubernatorial nomination, will be heard in a 15-minute address over station KBST, it has been announced for the local Thompson-for-Governor club.

The program is logged for 7:30-7:45. The speaker will be Professor John Spratt, faculty member at the San Angelo Junior college, recognized as an able orator and student of public affairs.

Thompson himself will be in the city Saturday, and will be heard in a 30-minute program over KBST beginning at 12:45 p. m.

PROMINENT RANCHER CLAIMED BY DEATH KERRVILLE, June 23 (AP)—S. A. Orcutt, 69, prominent rancher died at his home near here early today. He had lived in Kerr country for 12 years, moving here from Tulsa.

Survivors were two daughters, Mrs. R. L. Keifer, Mt. Home, Tex., and Mrs. E. L. Whitley, San Antonio; two brothers, W. A. Orcutt, Harlingen, and H. A. Orcutt, Brownsville, and a sister, Mrs. Daisy Gregory, of Corpus Christi.

SCHMELING IS REPORTED OK NEW YORK, June 23 (AP)—Conflicting reports on the condition of Max Schmeling, confined to Polyclinic hospital following his one-round knockout by Joe Louis, were clarified this afternoon by an official hospital statement that the transverse process of only one vertebra, instead of two, was fractured.

This changed the original diagnosis which stated Schmeling had "suffered fractures of the third and fourth lumbar vertebrae, with a hemorrhage of the lumbar muscles."

Following a re-examination of X-ray plates it was determined that the fracture was confined to the left side of the third lumbar vertebra. The confirmation came from A. A. Jaller, executive officer of the hospital, after the following formal statement had been issued: "After a thorough examination, we find Mr. Schmeling's condition very satisfactory. His temperature and pulse are normal. He is resting comfortably."

COUNTY SEEKS \$135,000 PWA GRANT TO CONSTRUCT A NEW COURTHOUSE

FIGURES IN SPY INVESTIGATION

NEW YORK, June 23 (AP)—Federal Judge Murray Hulbert reserved decision today on the government's application for an order restraining the New York Post from publishing the "inside" story of the espionage investigation.

A temporary restraining order, issued yesterday, was continued.

NEW YORK, June 23 (AP)—Leon G. Turrou, who was the government's chief investigator in the German espionage inquiry until he resigned recently, today declared he had signed confessions from the four spy suspects now in custody.

"They are self-confessed spies and they have already involved many others," he said. The four defendants pleaded innocent to espionage charges yesterday.

Turrou issued his statement in a corridor of the federal building just before a hearing started on an order to restrain the New York Post from publishing a series of articles written by Turrou.

"The articles were advertised as the 'authentic inside story' behind the U. S. grand jury indictments of 14 German officials."

United States Attorney Lamar Hardy obtained the order yesterday on the eve of the scheduled publication of the first of the articles, requiring the Post to show cause why it should not be restrained from printing them.

Wound Hamper Inquiry Hardy contended publication of the series at this time would hamper the progress of the investigation, which is still under way.

In his statement, Turrou said: "I never intended in any way to interfere with the administration of justice but merely to reveal the sinister forces behind this spy ring, which will not be revealed at any trial."

"I have signed confessions from all four defendants in custody. The evidence against them is so overwhelming that they cannot escape. They are self-confessed spies and they have already involved many others."

Pictured above are Erich Glessner (left) and Theodore Schuelz (right), two of 18 persons indicted in New York on charges of conspiracy and espionage. Below is Leon G. Turrou, special agent of the federal bureau of investigation who resigned after many weeks of work on the spy case, who came into court himself as federal officials sought to halt publication of articles he wrote about the affair.

Rodeo Being Advertised Widely To Be Given Boost In WBAP Broadcast Saturday

Preparations for the fifth annual Big Spring Cowboy Reunion and Rodeo here July 2-4 were pointing for the home stretch Thursday with the opening lively more than a week away.

Approximately 2,000 folders advertising the rodeo and several booths showing attractions were sent out by the chamber of commerce to 15 surrounding towns.

The West Texans, vocal trio composed of Mrs. R. E. Blount, Mrs. Willard Read and Ruby Bell, completed plans to go to Fort Worth Saturday for a broadcast over WEAP at 9:30 p. m. in interest of the rodeo.

Burke Summers, parade director, said three more entries were received for the parade on the afternoon of July 2 preceding the opening of the three-day celebration.

Box seats sales were opened by Ira Driver, rodeo association secretary. Plans were made to receive more than 100 head of rodeo stock over the weekend.

Directors of the association were rounding out a repair program at the rodeo plant in the eastern edge of town in anticipation of the largest crowd on record for the venture.

Judge Reveals Plan To Get Govt. Help

\$165,000 Would Be Financed By Bonds Or Property Sale

In a surprise declaration before the Kiwanis club Thursday noon, County Judge Charles Sullivan disclosed a plan looking toward a \$300,000 county courthouse at little or no cost to the Howard county taxpayers.

Addressing the club on county finances and problems, Judge Sullivan announced that an application had been submitted to the regional PWA office for a \$135,000 grant on the proposed project.

The remaining \$165,000 he said, could be raised in either of two ways: Voting bonds, or selling off the north half of the courthouse square.

The latter procedure, the judge explained, could be effected without interruption since the one obstacle which could block it has been removed. It was understood on good authority that the Texas & Pacific Railway Co., which gave the courthouse square to the county for courthouse purposes, would be amicable to the plan.

County officials, Judge Sullivan continued, were not disposed to force the undertaking on the public. Realization of plans for a new courthouse structure, he asserted, would be wholly dependent upon a favorable public reaction.

Although his pronouncement came as a surprise, it was the result of months of maneuvering. When it became apparent that congress would be called upon to pass the major relief work appropriation, Judge Sullivan and commission members felt that it would be wise to play safe and submit an application.

"I'm not the greatest," he said, "but I might use it or I might not, depending upon how our people felt about it. But at any rate, I would have the grant in event we did wish to use it."

Following up on the idea, he held conferences with T. & P. officials. The judge it was not confirmed by the judge or his court members it was understood that the results were entirely satisfactory.

Leaning more to the plan for selling the north half of the courthouse square and building on the south side, Judge Sullivan felt that it would be better to do this and have taxable values on the third street front increased by an estimated half a million dollars than to have to return from the property.

Response at the club meeting indicated that commissioners and many private citizens shared the same view. One commissioner pointed out that by building on the south half of the square, expensive upkeep of a spacious lawn would be reduced by at least half.

Leading up to the disclosure See COURTHOUSE, Page 7, Col. 8

STOCKS ADVANCE FOR FOURTH DAY

NEW YORK, June 23 (AP)—The "bulls" had everything their way again today in the stock market, as prices of leading issues advanced \$1 to \$5 a share in the fourth consecutive day of "bid 'em up" optimism.

The demand for stocks was so heavy that at one time, at the height of the mid-day rally, the ticker tape was six minutes behind. Shortly before the noon-hour, the rally started, after a slight decline in early trading caused by cashing of profits made the first three days of the week.

The tape at once went behind as traders bid up the prices, particularly, of railroad stocks, motors, heavy industrials, metals, chemicals and favored specialties.

Barbara Keeps Guard Over Son, Count Tries To Patch Up Rift

Heiress Gets Restraining Order Against Danish Nobleman

LONDON, June 23 (AP)—Countess Barbara Hutton Haughwits-Reventlow today locked herself and her baby son behind legal and physical barriers while in Paris her husband and father tried to patch up a family rift.

A person authorized to speak for the Woolworth heiress said she had obtained a court order making possible restraining steps against her Danish husband, 42-year-old Count Count Haughwits-Reventlow.

The count and his father-in-law, Franklin Hutton, who arrived there Monday from the United States, were at the same hotel in Paris.

It was reported they might come together to London tonight, in spite of the fact that the countess has taken steps to have British courts and police keep the count away from her and her son, two-year-old Lance.

Meets Attorneys She conferred with attorneys again today. She also called to her barrister and guarded mansion in Regent's Park the famous physician-in-ordinary to the King, Baron Horder, apparently to help her soothe a bad case of nerves.

Little Lance meanwhile took the air in his pram in the mansion grounds. Scotland Yard men were said to be at Croydon airport this morning prepared to serve papers on the count if he returned. One report said he might fly from Paris.

The action of the American-born heiress to a five-and-ten store fortune was understood to be based on a dispute with the count over custody of Lance, who it has been estimated would inherit \$200,000,000 from his mother.

A spokesman for the countess said her husband's "recent behavior" caused her to take legal steps for protection.

The countess was reported to be planning to make application to have the boy made a ward in chancery, which would require that he be kept in the jurisdiction of the court.

FLOYD HAMILTON'S COMPANION HELD DALLAS, June 23 (AP)—Dallas County Sheriff Smoot Schmid announced today capture of a man who Schmid said admitted he was a companion of Floyd Hamilton and Ted Walters part of the time since the two escaped from the Montague county jail.

Low Interest Continues On Land Loans

Land Bank, Commissioner Loans Are Affected

Reduced interest rates on Federal Land Bank and Commissioner Loans have been extended by federal legislation for a period of two years, Ira Driver, secretary-treasurer of the Big Spring National Farm Loan association, was advised Thursday by the Federal Land Bank.

Federal Land Bank loans will continue with the temporarily reduced interest rate of 3 1/2 per cent per annum on all interest installments payable prior to July 1, 1940.

The temporarily reduced rate of four per cent on Land Bank Commissioner loans is continued for the same period.

"The temporary interest reduction does not change the contract interest rate, that is, the rate written in the mortgage at the time a loan was made," Driver said.

"At present the contract rates on new land bank loans are four per cent for loans through unimpaired associations. The contract rate on all commissioner loans made through the land bank is five per cent. Under the law, as now amended, both land bank and commissioner borrowers will resume interest payments at their respective contract rates on July 1, 1940."

"Farmers who now obtain new loans through an association at the four per cent contract rate," Driver continued, "will get the benefit of the 3 1/2 per cent rate for all interest installments payable prior to July 1, 1940, and after that will not have to pay more than the four per cent contract rate for the balance of the term of the loan, which may be as long as 20 to 30-year terms."

At the present time there are 528 Federal Land Bank loans totaling \$1,486,055 and 234 land bank commissioner loans, totaling \$352,300, of a grand total of \$1,838,355 serviced through the Big Spring N. F. L. A. Driver declared. This, he said, gave a picture of the large number of farmers who would benefit by the continuation of the low interest rate.

Time Extended On Oil Mill Stock Following a conference with representatives of Big Spring and surrounding territory, Vester Smith, speaking for a large cotton mill concern, extended time until Tuesday for the subscription of \$25,000 in local stock toward an oil mill.

The \$25,000 local stock requirement was reiterated by Smith at the meeting. The company represents plans to install a mill valued at around \$100,000 where the requirement is satisfied, he indicated.

TELEVISION SET 'PICKS UP' GIRL'S DEATH PLUNGE

NEW YORK, June 23 (AP)—A mobile television transmitter making street shots in the vicinity of Rockefeller Center picked up an unprecedented scene today—a girl's body hurtling from the 11th floor of the lofty Time and Life building.

The set was being tested and its output was not on the air, although it was being fed by cable into the National Broadcasting company studios where engineers sat horrified.

The girl was identified tentatively as Marian Perloff of Brooklyn. It was reported she had fallen from a window of Girl Scout headquarters.

NEW YORK, June 23 (AP)—Lillian Havati, 20-year-old Bronx girl who killed her father with a bread knife last Christmas morning, won't have to serve a prison term for the crime.

In county court today, Judge Lester W. Frateron stayed execution of a five-to-ten year sentence which he imposed on Miss Havati, and placed her under supervision of probation authorities until the term has expired.

GIRL WON'T HAVE TO SERVE PEN TERM

LONDON, June 23 (AP)—The state visit of King George and Queen Elizabeth to France was postponed until July 19 because of the death early today of the queen's mother, the Countess of Haremore and Kington. The visit had been scheduled for June 25.

'I'M GLAD THEY'RE DEAD' MAN SAYS AFTER ATTORNEYS SLAIN LOS ANGELES, June 23 (AP)—Plat shot that shattered the solemnity of a Los Angeles courtroom found two attorneys dead today and their confessor slayer, a former South Dakota farmer, in jail without bail.

"I did it," Arthur Emil Hansen, 38, formerly of Wagona, S. D., was quoted as saying by Sheriff's Captain William Penrose. "I regret nothing I did; I had nothing to lose. I'm glad they're dead; they can't hurt anyone else."

Slain as they were seated side by side in the hall of records courtroom were R. D. McLaughlin and J. Irving Hancock, the latter a cousin of G. Allan Hancock, multi-millionaire Los Angeles oil man, scientist and philanthropist.

A legal fight between Hansen and Hancock's father, John Hancock, led to the killings, it was indicated.

Hansen won judgment of \$7,000 several months ago against J. W. and Katherine Coykendall. Later, the elder Hancock won a judgment against Hansen and levied on the judgment Hansen obtained.

The proceedings became more entangled as several other parties levied on Hansen's judgment.

The shooting took place a few minutes before Commissioner Kurt Knuffman was to give his findings in the litigation.

# Townsendites Pilgrims To Palm Beach

### It Was There That Doctor Conceived Pension Dream

LONG BEACH, Calif., June 23 (AP)—Thousands of silver-haired delegates from the third National Townsend convention journeyed like pilgrims today to Long Beach—birthplace of the Townsend old age pension plan.

They came to the ocean resort where a gaunt-country doctor, fired from the city health department, envisioned back in 1933 the time when all over the age of 65 would be given \$200 a month by the government.

Sight-seeing before a final burst of convention oratory in the afternoon, the delegates repeated the story of that first pension dream.

It was a blue day, they said, that day in 1933 when Dr. Francis E. Townsend, then 65 and retired from practice in the Dakota Black Hills, faced the future without a job. He was shaving in the bathroom. Glancing out the window, he saw two old women in the alley, groping in trash cans for bits of food.

Dr. Townsend swore so heartily that his wife rushed in to remind him of the presence of the neighbors. He went back, silenced, to his shaving, but before he was finished he had thought the nucleus

of his pension scheme—to be financed by a 3 per cent tax on business transactions.

As the main sessions of the convention closed in Los Angeles last night, Dr. Townsend urged the 3,000 registered delegates to speed the plan into operation. "I am getting old fast, I don't want to wait any ten years for a consummation of our hopes," he said.

### BOOKS PRESENTED TO UNIVERSITY

ARILENE, June 23 (AP)—Judge James P. Stinson of Abilene, Hardin-Simmons University trustee, has presented several hundred books from his personal library to H-SU.

The collection includes works on theological and historical subjects, and numerous volumes by Texas authors.

Unusual are several compilations of the works of southern authors.

Several lives of Christ are in the collection. In this group a two-volume "Trial of Jesus From a Lawyer's Viewpoint," by Walter M. Chandler, prompted Judge Stinson, Taylor county democratic chairman, to reminisce.

"The tornado tragedy at Clyde recalls the storm that devastated Cisco in 1893. It was just after the death of Jefferson Davis, and we heard about it at Killen, near my boyhood home in Bell county," as Mr. Chandler, author of that work on the Life of Jesus, was delivering the memorial oration for the late former president of the Confederacy," Judge Stinson said.

Robert Louis Stevenson, Scottish writer, was first a lawyer.

FOILED AGAIN, two girls lunge at rubber ring in arduous fencing beach tennis in Spring Lake, N. J.

# Plains Wheat Yield Will Be Heavy

### Harvest Underway, 20-Million Bushel Turnout Seen

AMARILLO, June 23 (AP)—The bread bowl is preparing to receive the reaper. The wheat harvest will be under way soon.

Despite the drought, spring blizzards, hail, wind storms, dust and grasshoppers, the Texas Panhandle will produce many a loaf. Grain men and county agents estimate the north plains production at 20,000,000 bushels.

Harvest has started in the Seymour and Wichita Falls areas and the fields on the South Plains, in the Lubbock territory, are rapidly turning from green to straw yellow. The peak of the South Plains harvest, later this year than usual be-

cause of weather conditions, will be reached about July 1, and at that time harvesting will be getting under way in the Panhandle.

In the Wichita Falls, Vernon and scattered South Plains areas about 100,000 acres were seriously damaged by hail.

Yields up to 20 bushels an acre are being predicted for the South Plains, although production in general in that section likely will fall short of the yield in sections of the panhandle.

A large part of the once famous Panhandle bread basket, especially in counties bordering the Oklahoma "strip" forming the thick lip of the dust bowl, has been planted to soil-saving sorghums the last few years, resulting in the development of a successful row crop business in that section.

But the dust bowl, the vast section of the southern great plains that fell victim to drought and clouds of dust, is producing some wheat this year. Rain the last few weeks has greened the range and brightened the prospect for row crops in the dry sections of Oklahoma and Texas.

# Theatres Pay New Awards

### Other Plans Replace Bank Nights; State Collects Tax

AUSTIN, June 23 (AP)—The state is still reaping some revenue from awards made by theaters in schemes to increase patronage even though bank nights have been held illegal, tax officials said today.

Owners of some theaters, particularly those in larger cities, have searched diligently for something they could substitute for bank nights and which would not violate anti-lottery statutes. The situation has given rise to "buck nights," "acrosso" and other plans. Weekly prizes range from \$5 to several hundred dollars.

Officials of the comptroller's department said, however, that the number of theaters handing out prizes in plans to stimulate attendance was not nearly as large as it was when bank nights flour-

ished. The 20 per cent tax on merchant and theater awards aggregated only \$26,772 for the nine-month period ended June 1 whereas it was \$85,472 for the seven-month period ended June 1, 1937.

Department officials estimated about 85 per cent of collections of the award tax came from theater prizes.

The duty of determining whether a theater plan violates the law rests with the district or county attorney of the respective counties. No state agency has taken a hand in suppressing such schemes.

**NYA GAVE HELP TO 16,000 STUDENTS**

AUSTIN, June 23 (AP)—More than 16,000 high school and college students were aided through part-time NYA student aid jobs, J. C. ...

state director of the National Youth Administration, announced. About 8,200 were students of high school grades, and 5,900 college and university students, he said. High school students earned as much as \$6 a month and college students were enabled to earn an average wage not greater than \$15 a month.

## Ernest Thompson For Governor

**Against Tax Increases**  
He is against any new taxes, including a sales tax, until a sound savings program is put into effect, and until it is determined whether the Social Security program, as outlined above, can be financed out of savings.

**Organized Labor**  
He is in favor of Organized Labor and of collective bargaining. He is in sympathy with all the efforts of labor organizations to improve the wage, hour and living conditions of laborers and their families.

**War On Unemployment**  
The real problem of labor is that of unemployment, and the real problem of the State Government is that of unemployment. Thompson pledges an active and continuous program of encouraging new industries and the development of natural resources in Texas to the end that more jobs can be provided for Texas citizens.

**Higher Prices for Farm Products**  
He is for all sound programs designed to raise the prices of farm and ranch products. The farm must be given an even break with industry. Will lend the influence of the Governor's office in co-operation with all agencies seeking to better farm prices and further the conservation movement.

**Political Advertising Paid For By HOWARD COUNTY THOMPSON CLUB**  
J. G. Bristow, Chairman

## Indians Take Town Of Livingston As Ancient Corn Festival Revived

LIVINGSTON, June 23 (AP)—A band of Indians captured this town today without firing a shot.

It was the first time Indian war paint had been seen on the street in 102 years, yet none of the 3,000 residents took to the hills because it was all in fun.

Today is the day of the almost forgotten Alabama-Coushatti tribe's green corn festival, a colorful affair of feathers, gaudy paint and gaiety.

War whoops were merely friendly salutations and the few guns in evidence were loaded with blanks—that is, all but the sheriff's six shooter. He stood around to make sure none of the town's expected 20,000 visitors slipped any of the redmen a shot of red eye.

Young braves, more accustomed to the shag than their tribal dances, were eager to go into the green corn dance. A few of them cut a few capers in front of their downtown tepees just to keep in trim for the colorful dance later.

Gov. James V. Allred was to arrive for the first official visit ever paid the Indian tribe—the last in the state—by a Texas governor.

The Indians plan to adopt Governor Allred, Lieut. Governor Walter Woodul and J. E. Josey, Houston publisher.

Squaws and long-haired maidens, one of whom will be crowned tribe princess, pittered around the tepees at daylight getting things ready for the big parade and wild west show.

The Indians, who live in a village 17 miles from here, hope to raise enough money through a public ceremonial to provide for indigent tribesmen during the coming winter.

The green corn festival is the ancient Thanksgiving holiday of the tribe. It was abandoned when the Indians buried their tomahawks 90 years ago and decided to live peacefully here in Texas' big thicket.

Man is the only animal that does not swim instinctively.

Sweden is a more fertile country than Norway.

Managers And Employes Of Gas Company Have Chicken Barbecue

District managers of the Empire Southern Gas in session here for a three-day annual parley and employes of the local company and their friends were entertained with a chicken barbecue at the country club Wednesday evening.

Others there were Mr. and Mrs. Roy Green, Mr. and Mrs. E. O. Beauchamp, Mr. and Mrs. J. P. Kenney, Mr. and Mrs. C. D. Reed, Mr. and Mrs. C. L. Ponder, Mr. and Mrs. L. M. Brooks, Mr. and Mrs. F. Charles Landers, Jr., Mr. and Mrs. James Little, Lesley Clawson, Mrs. Donald Anderson, Mabel Robinson, Jeannette Barnett, Chester Wiley, Allen C. Cox, Will A. Sullivan and Mrs. Frank Holmes of Jacksonville, Tex.

There is no reason why it would not be sensible to go through your house and weed out the undesirable, keeping only that which is of use or of superb beauty. Provided you have ample room in the home, you might set aside a compartment for the aged pieces that have served well. Put all of the antiquated articles—cracked pitchers, plates, cups and saucers—in the special compartment and show your appreciation of their service by protecting them from the second-hand store and antique hunters.

California and Florida haven't had a thing on West Texas the past day or so except a beach or two and a couple of umbrellas because we've had more than our share of chamber of commerce sunshine.

Mr. and Mrs. E. A. Picard of Longview spent Wednesday with friends in Big Spring. They were en route to their home after spending some time at Portales, N. M., where Mr. Picard is superintending construction of a new courthouse. Mr. Picard is construction engineer for the C. S. Lambie & Company of Amarillo, and will be remembered here as superintending construction of the municipal auditorium in 1932.

The pause that refreshes... makes housework easier

Coca-Cola advertisement featuring a woman and a child, with text: 'When you spend hours in a hot kitchen, spend a minute for an ice-cold Coca-Cola from your refrigerator. Enjoy the pause that refreshes... and cools. Buy a handy six-bottle carton from your dealer.'

Chalk To Sponsor Benefit Party At The School Friday

The Chalk Home Demonstration club is sponsoring a bridge, forty-two and domino party at the Chalk school house Friday night and extends an invitation to everyone to attend.

The club met with Mrs. E. F. Ragsdale on the Gulf lease Wednesday afternoon for a demonstration on the grading of eggs for the market by Miss Lora Farnsworth, home demonstration agent.

Refreshments were served to Mrs. M. A. Holland, mother of the hostess, Mrs. O. N. Green, Mrs. J. P. Shave, Mrs. E. L. Rippstone, Mrs. O. A. Ruffin, Mrs. B. D. Caldwell, Mrs. A. R. Rude, Mrs. Reuben Schuessler, Mrs. Ballard, Miss Farnsworth and the hostess.

V-8 Members Meet With Mrs. Madison And Play Rook

Rook was the diversion of the afternoon Wednesday when Mrs. Carl Madison entertained the V-8 club at her home. She employed the primary class, Mrs. Ansl Lynn the juniors and the Rev. Ansl Lynn the intermediates.

Two Are Guests Of No-Trump Bridge

Evelyn Lewis of Houston and Mrs. Aaron Scott were guests of the No-Trump bridge Wednesday afternoon when Mrs. Elmer Dyer entertained.

Ice Cream Supper

Wesley Memorial Methodist church is sponsoring an ice cream supper Friday evening on the church lawn. Proceeds will be applied on the conference benevolence and a cordial invitation is extended to all to attend.

### Regulations Given On Amount Of Loans To Be Made On Wheat

COLLEGE STATION, June 23 (UP)—Under the new farm act a wheat loan must be offered at the rate of 52 to 75 per cent of parity if the June 15 price of wheat is below 52 per cent of parity, or if the July crop estimate is above normal domestic and export needs, says W. E. Morgan, Texas extension service economist in agricultural planning.

"The amount of the loan will have a long time bearing on the welfare of wheat growers and they should study the matter from all angles before asking a loan on any definite level," he said.

"The loan rate on wheat this year will have a bearing on the price of the entire crop," he added, "so we must think not only of the 800,000,000 bushels put up for loans but also about the price of the other 750,000,000 bushels.

"We have a carryover of approximately 200,000,000 bushels, and it is estimated the winter wheat crop will be 700,000,000 bushels and the spring crop another 250,000,000.

"The normal domestic consumption and export of wheat is around 750,000,000 bushels annually, so we will have about 450,000,000 bushels to store. Exports should be approximately 80,000,000 bushels.

"The prospects for the export figures are holding up pretty fair, but if we put the loan far above the world price of wheat, we will shut off our exports and leave us a larger carryover than we had."

The decision whether growers must make, Morgan said, is whether to ask for a high loan and let the future take care of itself, or ask for a loan at a level which will allow foreign markets to absorb some of the potential supply of 1,200,000,000 (billion) bushels.

### Work Reduced 20-Fold Since 1838 On Farm

#### Agriculture Experts Say Labor Saving On Par With Industry

WASHINGTON, June 23 (UP)—Farm production has been mechanized to a degree comparable with industry, according to the department of agriculture.

Power machinery has largely replaced horses and mules during the past 20 years in most sections of the country, W. M. Hurst, of the bureau of agriculture engineering, said.

Machinery development makes it possible for individual farmers to grow 100 acres of corn with the same amount of labor that his grandfather used in growing and harvesting five acres in 1838, R. E. Gray, of the same bureau, said.

Labor Saving Shown

Recent investigations, Gray said, show that the modern farmer expends no more time or labor in producing 5,000 bushels of corn than did the farmer 100 years ago in producing 250 bushels.

In 1855, Gray said, the corn farmer used a walking plow, and planted and harvested by hand. He needed 33.6 hours of labor to grow

one acre of corn. The amount of labor per acre was cut to 15.1 hours in 1885 and 6.9 in 1935, he said.

"Further improvements in machinery within the past eight years—including four-row planters and cultivators and general purpose tractors—make it possible now to produce an acre of corn with five hours of labor," Gray said.

The development of the general purpose tractor, Hurst said, "probably has affected American agriculture as much as, if not more than, the development of the reaper and steel plow of a century ago."

Tractors More Practical

Only during the past 10 or 12 years, he said, have tractors been developed suitable for planting and cultivating row crops, for plowing, disking and belt work. Use of pneumatic tires has greatly increased the practicability of tractors for both farm work and road hauling.

"Adapting of field machinery to use with tractors," Hurst said, "constitutes the major recent development in what is generally known as farm implements. New machinery permits higher speed and increases effectiveness in turning under cover crops."

Mechanization has progressed further in the cultivation and harvesting of grain crops than in cotton. Labor in cotton fields will be reduced by half when a mechanical cotton picker becomes commercially available, it was said.

### BIG DEMAND NOTED FOR FSA LOANS

DALLAS, June 23 (AP)—The greatest demand for community and cooperative service loans through the farm security administration occurred in May, when 48 were completed in Texas and Oklahoma. Twenty-two were filed for completion, compared to 10 in the first three months of the year, C. M. Evans, regional director, announced.

Most of these loans were for harvesting machinery with baby combines marking the trend toward smaller units and wider distribution of farm machinery, he said.

The loans ranged in size from \$175 for a hay press and bull rake to \$2,495 for complete threshing units, and totaled \$44,169.97, of which \$6,583.55 was in Texas, the director said.

A similar demand is expected for loans to buy ensilage cutters, feed mills, and syrup mills as the peak season for the use of these facilities approaches, Evans indicated.

Twenty-nine nations were on the allied side in the World war. The Thousand Islands number about 1,700.

**RE-ELECT**  
**C. V. TERRELL**  
**RAILROAD COMMISSIONER**  
Democratic Primary July 23, 1938

The need for continuing the services of an experienced man on the Railroad Commission of Texas, should insure the re-election of C. V. TERRELL, its present Chairman.

His policy of oil and gas conservation has added millions of dollars to the permanent school funds, and should not be disturbed.

His successful efforts for lower freight rates on livestock, cotton, and other commodities have greatly benefited Texas.

Thousands have profited from his orders lowering gas rates to the consumer.

His honesty and efficiency in office are unquestioned.

His devotion to the cause of Texas education has characterized his entire public career.

100% in favor of organized labor.

**WITH A NEW COIFFURE**, the Duchess of Windsor started second year as wife of Edward, with whom she poses near Antibes, France. The waves are softer, nearer the part.

**HOW NOT TO HIT THE BALL** is demonstrated—but unwillingly—by Alex Kampouris, Cincinnati Reds second baseman acquired by the Giants in a deal involving Wally Berger.

**BRAZIL'S BRIDE** No. 1 was Jandyrá, daughter of President Vargas, whose husband is Ruy da Costa Gama, Pan American pilot. Ceremony was at Rio de Janeiro palace.

**PONY EXPRESS FLAG** was placed on grave of famous rider, Wm. "Buffalo Bill" Cody, by reverent Denver Boy Scouts.

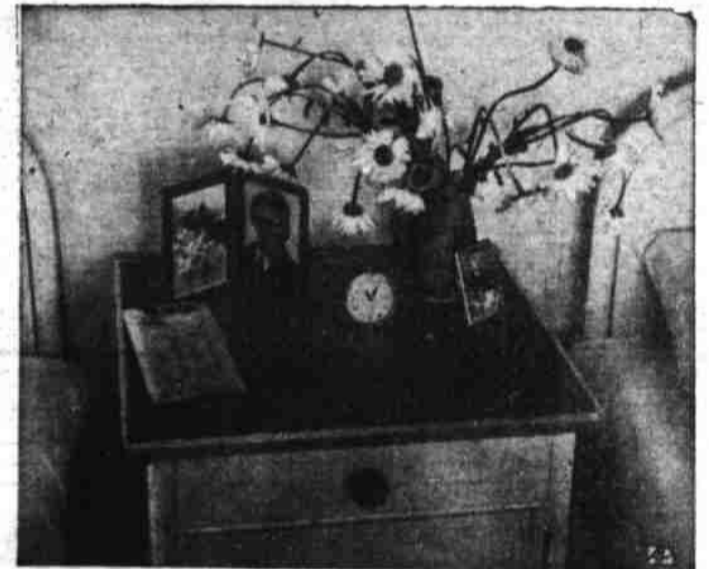

## NAZIS TRAIN BRIDES

**WHAT BRIDES SHOULD KNOW** about household and cooking arts is being taught in Nazi "School for Brides" of which above Schwanenwerder school near Berlin is the model.

**POTATO-PEELING** is included in Nazi school for brides. The frauleins study six weeks, pay 120 marks (about \$5.75) for room and board. They're coached well in baby care.

**'HIS' PICTURE** is promptly displayed by German bride-to-be. Nazis boast that under their regime the bistratre has risen from 971,000 in 1933 to 1,276,000 in 1937.

**STAND-UP STANCE** proved useful for Senators Sherman Minton (D.-Ind.), and Walter F. George (D.-Ga.), at right, whose appetites kept pace with the "speed-up" of congress as adjournment neared. Occasion was a stand-up luncheon.

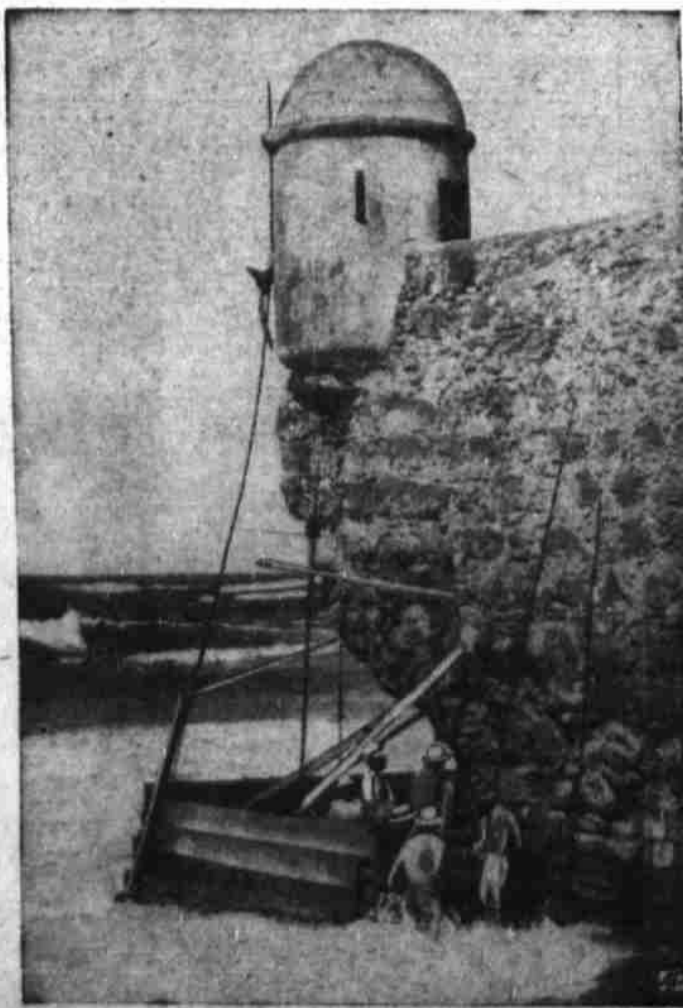

**SEWING** seams is prerequisite to course in dress-making at Nazi brides school.

**WOODEN** clogs thus slipped on protect shoes of bride-student going about her chores.

**WPA THEATER** on wheels started its 1938 summer season in New York with dramatization of "Treasure Island." Above is a scene in rehearsal. Last year about 1,500,000 persons saw the rolling theater's shows in parks, playgrounds.

**NO GHOSTS** did WPA workers find, repairing seawall in San Juan, Puerto Rico, where legend says a sentry who disappeared after entering this single-door sentry box became a ghost. WPA is using \$573,000 to repair historic forts, walls.

**HEADIN' FOR THE FIRST ROUNDUP**, more than 300 wild elephants were captured at Lobbur, Siam, and driven into this enclosure. After the roundup, which army authorities had ordered, 50 elephants were kept and remainder turned loose again.

Stuart Brings Campaign Here

Seeking RR Commission Post On Qualifications, He Says

Robert A. (Bob) Stuart of Tarrant county personally brought his campaign for railroad commissioner here Thursday afternoon with an address on the courthouse lawn in which he denounced the professional politician and the chronic officeholder as being a menace to Texas.

R. A. (BOB) STUART Candidate for Railroad Commissioner

TO ASSIGN YIELDS ON COUNTY FARMS

Community committees of Howard county meet Friday to assign yields to farms with incomplete records. These assigned yields, together with those on farms with complete records, will be tabulated to ascertain if the county is in line with production statistics.

The meeting is held Friday in order that compliance work can be started Monday. In examinations given to 15 applicants for supervisor's positions in connection with compliance checks starting Monday, five passed the tests Wednesday and six were passed conditionally. The six will be given a second examination Saturday, following two days of drilling.

COTTON DEALER IS TAKEN BY DEATH

NEW ORLEANS, June 23 (AP)—William A. Lighter, 61, international known cotton dealer, died here last night. Funeral rites will be conducted tomorrow in Covington, La., where he lived in recent years. Lighter, a linguist, studied for the Catholic priesthood as a young man in Chicago but came south in 1888 and became associated with the A. L. Wolff and company, Dallas. In 1918 he founded Lighter and Sons, Inc., here. He retired three years ago.

Japan

(Continued from Page 1)

warfare necessitates further control over economic functions, it added, and consequently the cabinet approved the plan formulated in a five-minister conference.

The plan contains eight planks: 1. Restricted use of metals, chemicals, oil, gasoline, rubber, wool, linen, leather and lumber.

2. Promotion of thrift among the people whereby it is estimated \$2,320,000,000 could be saved during 1938.

3. Reconstruction of export trade. (The import control law will be relaxed to allow entrance of raw materials intended to become exportable manufactures.)

4. Control of commodity prices to halt the current upward trend.

5. More intensive use of synthetic materials.

6. Further curtailment of imports except war materials and raw materials for exportable manufactures.

7. Distribution control.

8. Increased promotion of mining and home industries.

CCC ENROLLMENT UP TO 300,000

WASHINGTON, June 23 (AP)—Director Robert Fechner of the Civilian Conservation Corps announced today the agency would enroll 79,607 men in 48 states and the District of Columbia.

Enrollment, he said, would start July 1 and was calculated to bring the corps strength to its maximum of 300,000, exclusive of Indians and territorial.

Fechner said the corps would enroll 67,470 "juniors" between the ages of 17 and 23, inclusive; 5,317 war veterans and 6,820 project assistants.

The enrollment of juniors and veterans by states included: Oklahoma, 700 and none; Texas, 1,335 and 115.

TELLS OF TROUBLE WITH JAP SENTRY

SHANGHAI, June 23 (AP)—J. C. Thompson of New Brunswick, N. J., on whose behalf United States Consul John M. Allison at Nanking protested to Japanese authorities yesterday because of a blow from a sentry, arrived in Shanghai today.

Explaining the incident, he said he was stopped and searched by the sentry while riding in a jirikisha from the Japanese embassy after securing a pass.

"In the midst of the examination I said in English, 'I shall have to report this to the Japanese embassy,'" Dr. Thompson said, "whereupon he instantly struck me a stinging blow with his hand across the face."

Dr. Thompson is connected with Nanking university.

MAN IS NAMED ON PERJURY CHARGE

SAN ANTONIO, June 23 (AP)—A perjury indictment against Clayton H. Eaton, prominent San Antonio and Corpus Christi oil operator, was returned today by the Bexar county grand jury.

The indictment is the aftermath of a divorce suit in 67th district court in which the oil man was sued by Mrs. Irene C. Eaton. Eaton, on Oct. 5, 1937, filed a sworn inventory in which he declared that he had less than \$5,000 in cash on hand, according to the indictment. Actually, the indictment charges, the operator had \$23,000 in his possession, including \$19,000 on deposit in a bank at Pleasanton and \$4,000 in a bank here.

The Eaton divorce case is now pending in the higher courts.

ADMIRAL INSPECTS YANGTZE TERRITORY

SHANGHAI, June 23 (AP)—Admiral Harry E. Yarnell, commander-in-chief of the United States Asiatic fleet, sailed today on the 710-ton naval yacht Isabel for an inspection voyage on the Lower Yangtze river, now under Japanese domination.

Much interest attached to the admiral's voyage because of recent incidents of foreign authorities that the lower river be reopened to navigation, now prohibited by the Japanese, who are using the Yangtze as the main avenue of their drive on Hankow, China's provisional capital.

'STAY OUT' SAY JAPANESE

Indicated on this map is a vast "no man's land" Japan marked out for foreigners in China. She requested foreigners to evacuate the zone extending from Pakhoi (Peking) on the Gulf of Tongking to Sian, capital of Shensi province. The northern limit is the Yellow river on a line extending almost 700 miles northeast to the coast from Sian. Also indicated by arrows on this map is the direction of the Japanese drive on Hankow, and, by boxes, the Yellow river flood area, where Japanese are blasting at a river barricade and where Chinese planes sank Japanese warships.

SUGGESTS ROTARY AID IN SETTLING LABOR UNREST

SAN FRANCISCO, June 23 (AP)—A suggestion that Rotarians of the world take a hand toward settlement of the conflict between workers and employers as a means of preserving established social institutions came today from the battle-scarred San Francisco waterfront.

It came from Rotarian Almon E. Roth, president of the Waterfront Employers association, which represented the steamship lines in the memorable west coast maritime strikes of 1934 and 1936.

Roth told the Rotary International convention there was evidence in waterfront labor agitation of "a universal plan and program for the accomplishment of social revolution through means of the interruption of world commerce."

In Conference On Concho Dam Project

City Manager E. V. Spence was in Galveston for a conference Thursday morning with Col. F. S. Benson, U. S. district engineer for the war department, concerning a proposed dam above Sterling City.

From Houston early Thursday the manager made no statement concerning the \$225,000 grant PWA announced for Big Spring water works improvement. Spence's mission, however, is primarily one of water supply.

He planned to return to Big Spring Friday, however, he may stop in Austin for a second conference with the state board of water engineers.

CAN'T ACT AGAINST MEXICAN STATIONS

WASHINGTON, June 23 (AP)—A communication commission official said today the commission was powerless to act on charges of the Texas state board of medical examiners that radio stations across the Mexican border were violating the medical practice act.

The official said the matter was outside the commission's jurisdiction as the broadcasts were in foreign country. He said, however, recent articulation by the United States of the inter-American radio treaty might result in mutual cooperation efforts between this country and Mexico "to clarify some of these sore spots." Numerous complaints on the situation, he said had been received.

PLEAS GUILTY TO HARBORING KARPIS

LITTLE ROCK, Ark., June 23 (AP)—In a surprise appearance before federal district court here today, Ruth Hamm Robinson, alias Connie Morris, pleaded guilty to a charge of harboring former Public Enemy Alvin Karpis and was sentenced to a year and a day in federal prison.

Seven other persons, all residents of Hot Springs, Ark., were indicted on the same charge. They are at liberty under bonds pending trial at the October term of court.

BARGAINING AGENCY

WASHINGTON, June 23 (AP)—The International Longshoremen's and Warehousemen's Union (I.L.W.U.) has been certified as the sole exclusive collective bargaining agency for longshoremen working under member of five west coast employer associations.

The national labor relations board, announcing its decision yesterday, said 9,557 of 13,960 longshoremen employed at Pacific coast ports voted for the I.L.W.U.

Marion Talley made her debut at the Metropolitan Opera House without any previous stage experience. Robert Fulton's Clermont ran from New York to Albany, 154 miles, in 23 hours.

Spy Suspects

(Continued from Page 1)

here and abroad who will be tickled to death because of today's proceedings.

At the hearing on the show cause order, Assistant U. S. Attorney John W. Burke contended it would be an obstruction of justice and contempt of court to publish information which may be presented to the federal grand jury.

"Mr. Turrou was a witness before the grand jury and will be a necessary witness at the trial," Burke said. "On June 30 he resigned, that is, he resigned from active duty. His resignation won't become effective until Sept. 20."

Through his participation in the case, Burke said, Turrou became acquainted with all the government witnesses, documents and other exhibits.

In addition to the four suspects who were held in \$25,000 bail each at yesterday's arraignment, the grand jury returned indictments last Monday against 14 persons in Germany, including two officers of the German war ministry. They cannot be extradited.

The four held here are: Johanna Hoffmann, who was a hairdresser on the North German Lloyd liner Europa until her arrest last February; Guenter Gustave Rumrich, former U. S. army sergeant; Private Erich Glaser, of the U. S. army air corps; and Otto Hermann Voss, expert airplane mechanic.

When he resigned, Turrou said his health had been impaired by the strain of the long investigation. He announced then that he would become a writer.

CLAIM ESCAPING GAS NOTICEABLE BEFORE SCHOOL EXPLOSION

HENDERSON, June 23 (AP)—Two witnesses testifying in a damage suit in district court here today said that escaping gas was noticeable at the New London school before the explosion which wrecked it and killed hundreds of students and teachers.

C. R. Story, teacher of instrumental music, told the court that escaping gas was noticeable almost every day for a three month period before as well as on the day of the explosion, March 18, 1937.

A senior in the school at the time of the mishap, Miss Rosa Brister, testified that escaping gas was so strong on numerous occasions that her teachers would open windows, necessitating students putting on wraps.

The testimony was in the case of Walter Harris against the Parade Gasoline Co., et al., in which Harris seeks \$2950 damages in connection with the death of his son, James 12, who was killed in the explosion.

SCOUT LEADERS TO MEET HERE TUESDAY

At Stiles, Sweetwater, area scout executive, announced here Thursday that an executive board meeting of the Buffalo Trail scout council would be held here Tuesday evening.

Important matters, he said, were due to come before the board in the session starting at 7 p. m. It is to be a dinner affair.

Courthouse

(Continued from Page 1)

Judge Sullivan reviewed rental requirements of the various agencies to which the county contributes. Erection of a spacious, well-planned courthouse would result in a saving on this point, he indicated.

The present red granite courthouse was erected in 1926 after bonds had been approved in the amount of \$60,000 on June 29, 1927 by a margin of 585-82. All of the bonds have since been retired.

In the past few years proposals for a new courthouse have been voiced on several occasions. During the boom era there was some talk of selling the entire square and building elsewhere in the downtown section. A year ago when cracks began to appear in the courthouse interior walls, proposals for a new plant were revived. However, it became apparent it would be largely a bonded proposition and when a school bond vote came up, the county had to back away.

Judge Sullivan's proposal, confirmed by county commissioners who attended the meeting, was received with considerable enthusiasm. Comment by club members was very favorable.

CHINA PORT RAIDED

SWATOW, China, June 23 (AP)—Japanese seaplanes which flew low over the United States gunboat Asheville and British destroyer Dilnty in the harbor today twice raided this South China seaport.

PLANS CHANGED ON 4-H ENCAMPMENT

A 4-H club boy county encampment on the Concho river, scheduled for this weekend, has been cancelled it was announced Thursday.

Instead, the county club boys will join in the district encampment July 31 and August 1 and 2 at Tankersley, between San Angelo and Mertzon on Spring Creek.

Gay Hill club boys, and a few members of other clubs in that area, will leave Friday for a weekend encampment on Bull creek, 20 miles east.

TESTIMONY HEARD I NOIL LEASE SUIT

LAKE CHARLES, La., June 23 (AP)—The defense in trial of a dispute over leases on Zwolle oil lands here today presented testimony in refutation of the claim of Charles H. Lawrence that the Sutton-Zwolle Oil Co., fraudulently acquired holdings which recently have become productive.

Lawrence asked cancellation of the assignment of leases to three individuals from the J. G. Sutton company and claimed a \$50,000 payment in oil he said was due him from the leases.

The Sutton-Zwolle company, the J. G. Sutton company, Suttup Boudreau and Stone are defendants in the case.

'SCOUT LEADER' is one of five jobs he'd like. Thomas Corcoran (above) once told newsmen. Attorney with the R.F.C., Corcoran is credited with having drafted much New Deal legislation.

REACH AGREEMENT IN NEWSPAPER LABOR DISPUTE

PITTSBURGH, June 23 (AP)—W. G. Hooker, secretary of the Pittsburgh Newspaper Publishers association, said today union representatives and publishers had reached a verbal agreement for the settlement of a week-long strike of office workers of two afternoon newspapers.

Hooker said both sides made concessions and the A. F. of L. Newspaper and News Distributors Office Workers Union had given up its demand for a closed shop, over which the publishers said negotiations had been deadlocked.

Hooker reported it had not been determined whether or not the two newspapers, the Sun-Telegraph (Hears) and The Press (Scriffe-Howard), would resume publication tomorrow.

BAYLOR PLANNING A NEW BUILDING

WACO, June 23 (AP)—President Pat M. Neff of Baylor university said today the school had purchased property on the corner of Speight and South Eighth streets here for construction of a practice hall for the Baylor music school, enlargement of dormitory space for women, and campus beautification projects.

The announcement followed a meeting yesterday of the board of trustees. Neff said a committee had been appointed to let the contract for the \$150,000 administration building.

The new \$275,000 Rena Marrs McLean physical education building will be inspected by the donor Mrs. Marrs McLean, and the building committee of the board of trustees met Tuesday, Neff said. The trustees will then accept the building, he said.

MRS. JOHNSON ILL AT SPRINGFIELD

Word has been received from Mrs. Jess Johnson, who was taken ill and had to enter a hospital at Springfield, Ill., while en route to the home of her mother, Mrs. Charles Schwartz, in Falkner, N. Y. Mr. and Mrs. Johnson left here Friday for New York, but Mrs. Johnson became suddenly ill and had to stop at Springfield. She was reported in serious condition.

Brazil exceeds the size of continental U. S., excluding Alaska, by 250,000 square miles.

### National Farm Leaders At Short Course

Adult Section To Meet At A. & M. July 13-15

COLLEGE STATION, June 27 (AP)—National agriculture leaders will speak July 13-15 at the adult section of the farmers short course at Texas A. and M. college, which for the first time will be divided into two sections. Boys and girls will meet here July 6-8 and the adults July 13-15.

As a preview, C. W. Warburton of Washington, D. C., director of extension service for the entire country, will speak to Texas extension workers in the Kyle Field stadium, Tuesday night, July 12. The motion picture truck used by the Louisiana state university extension service has been loaned to A. and M. and will be used to show pictures and provide music.

The short course will open formally Wednesday morning when Dr. T. O. Walton, president of A. and M., welcomes visitors to the campus and introduces Hon. Harry Brown, Washington, D. C., assistant secretary of agriculture, who will deliver the keynote address.

Miss Mildred Horton, vice-director, Texas extension service, will preside at the Thursday general assembly and present Mrs. Mattie Lloyd Wooten, dean of women, Texas State College for Women, Denton. The same evening at the stadium M. M. Harris, editor of the San Antonio Express, will speak on the people's library movement.

**Rep. Kleberg To Speak**  
Frank Shelton, vice-director of the Texas extension service, will be in charge of the final day program Friday. Speaker at the morning general meeting will be Richard Kleberg of Corpus Christi, member of the house of representatives.

After the general assembly each morning the men and women will divide into groups for study of their problems. Wednesday meetings for men will deal mainly with soil conservation and live-stock problems. Members of commissioners' courts will explain the system of terracing with county-owned equipment. C. E. Bowles, extension cooperative marketing specialist will be in charge of the men's discussions.

Cotton problem discussions will occupy the second day. Several cotton farmers will read reports or growing one-variety cotton. P. K. Norris of Washington, D. C., U. S. D. A. bureau of agricultural economics, will discuss foreign cotton markets and Burris Jackson of Hillsboro, chairman of the Texas Cotton Improvement Committee also will speak.

**Other Speakers**  
The economic situation facing Texas agriculture will be discussed the final day. Featured speakers will include E. J. Kyle, dean of the A. and M. school of agriculture, and J. R. McCrary of Calvert, president of the Texas Cooperative council.

Solution of consumer problems will feature the women's short course program with Mrs. Isla Mae Chapman, home industries specialist of the Texas extension service, in charge.

With the increased distribution of electric power by the Rural Electrification administration, the problems of its employment in the home will form the basis of several talks for the women. How to buy so that the housewife will get the most for her money will be discussed in another series of talks by extension specialists.

Other leaders in woman's work who will assist Mrs. Chapman include: Dr. Jessie Whitacre, chief of the rural home research, Texas agricultural experiment station; Prof. Mozelle Craddock, institutional home economics, Texas Tech, Lubbock; Paul Gosser of Chicago, Ill.; national meat and livestock board; and Miss Ethie Eagleton of the history department, North Texas Agricultural college, Arlington.

## THE SPORTS PARADE

By HANK HART

### Campaigning

Doug Jones, the local golfer who hasn't been beaten in tournament competition but twice this season, will probably enter the Brownwood meeting this weekend.

Young Jones is enjoying the greatest season of his career. He was beaten in the Texas Amateur at Fort Worth by Jamie Gough of Dallas and at Mineral Wells by Obie Bristow but since has captured first flight honors in the West Texas Invitational at Lubbock and championships in the Cisco and Midland meetings.

### Vacationing

Carmen Brandon, he of the high school athletic coaching staff, must be spending his vacation here in good style. Tuesday while playing with the Foran Continental Oilers against the Halliburton Cementers Carmen fielded all right because no apples landed in his garden but he really was the star at bat.

He solved one of Dick Stone's offerings in his only trip to bat with a "bleeder" down the short stop side of the infield. The red shirt infielder picked the rock up, dropped it, juggled it and Brandon waddled to the bag.

He was playing it safe and thinking, probably, of something far removed from the game when Otto Utt, Duncan catcher, could see the least bit of daylight between him and the bag. He tossed the pellet to Lowell at first base in an effort to chase the runner back but, for some reason, Carmen elected to stick it out from where he stood and Lowell cut him down.

Among the boys who will be working for the VFW softball team, which Ben Daniel says will be sent to Columbus, Ohio, in August, are Van Ed Watson, Bobby Savage, H. C. Burrus, Howard Hart, Charles Read, Alton Bostick, Bobby Martin, Johnny Miller, Harold Bethell, Lefty Wells, Tabor Rowe, Leamon Bostick, Horace Bostick, Hal Battle, Owen Brummett, David Lamun, Earnest Bostick and Frank Barton.

Chuck Smith, regular of last year's team, will not be eligible.

### Still Potent

The Mexican Tigers, who have been rather active of late, defeated a Lamesa team, 9-3, in a seven inning game played in Lamesa last Sunday.

Old Pappy Payne twirled for the Tigers allowing only seven hits and managed to scatter those well over the route.

Payne has been playing baseball off and on here for 20 years. He's the kind of a fellow whose curve ball never seems to age. It's just as fresh and cuts up just as much now as it ever did.

And speaking of old men, Jack Smith tells us that Spike Henninger, the aged ex-school master, who used to toss a softball around these parts with plenty of vim, is still associated with the racket. He's stationed at Pocatello, Idaho, and he must be managing a team for he's still pitching.

Spike bossed and played with the Cosden Oilers here when the Muny league was hardly that.

Our Barons are in a bad way. Billy Cappe was spiked in the hand in Tuesday's victory over Clovis and will be out for several days. That means Hank Henderson must go to third and one of the outfielders, probably Al Sweet, to second.

Incidentally, Sweet collected two hits in four trips in the game while Pat Stasey broke his long batting slump with a triple, double and single in three trips.

### YESTERDAY'S STARS

By the Associated Press

Mel Harder, Johnny Humphries and Johnny Allen, Indians—Harder and Humphries combined in pitching eight-hit 3-1 opening victory over Yankees; Allen hurled four-hit victory to win second game, 7-1.

Sam Chapman, Athletics—Hit triple and double, driving in two runs, in 7-1 victory over Browns.

Joe Medwick, Cardinals—Clouted homer and triple to send home three runs as Cards beat Boston, 4-2.

Henry Stenbacher, White Sox—Hit safely six times in six trips to plate, tying modern major league record, in 16-3 triumph over Senators.

Sam Leslie, Giants—His single with bases full in eighth drove in winning runs against Cincinnati.

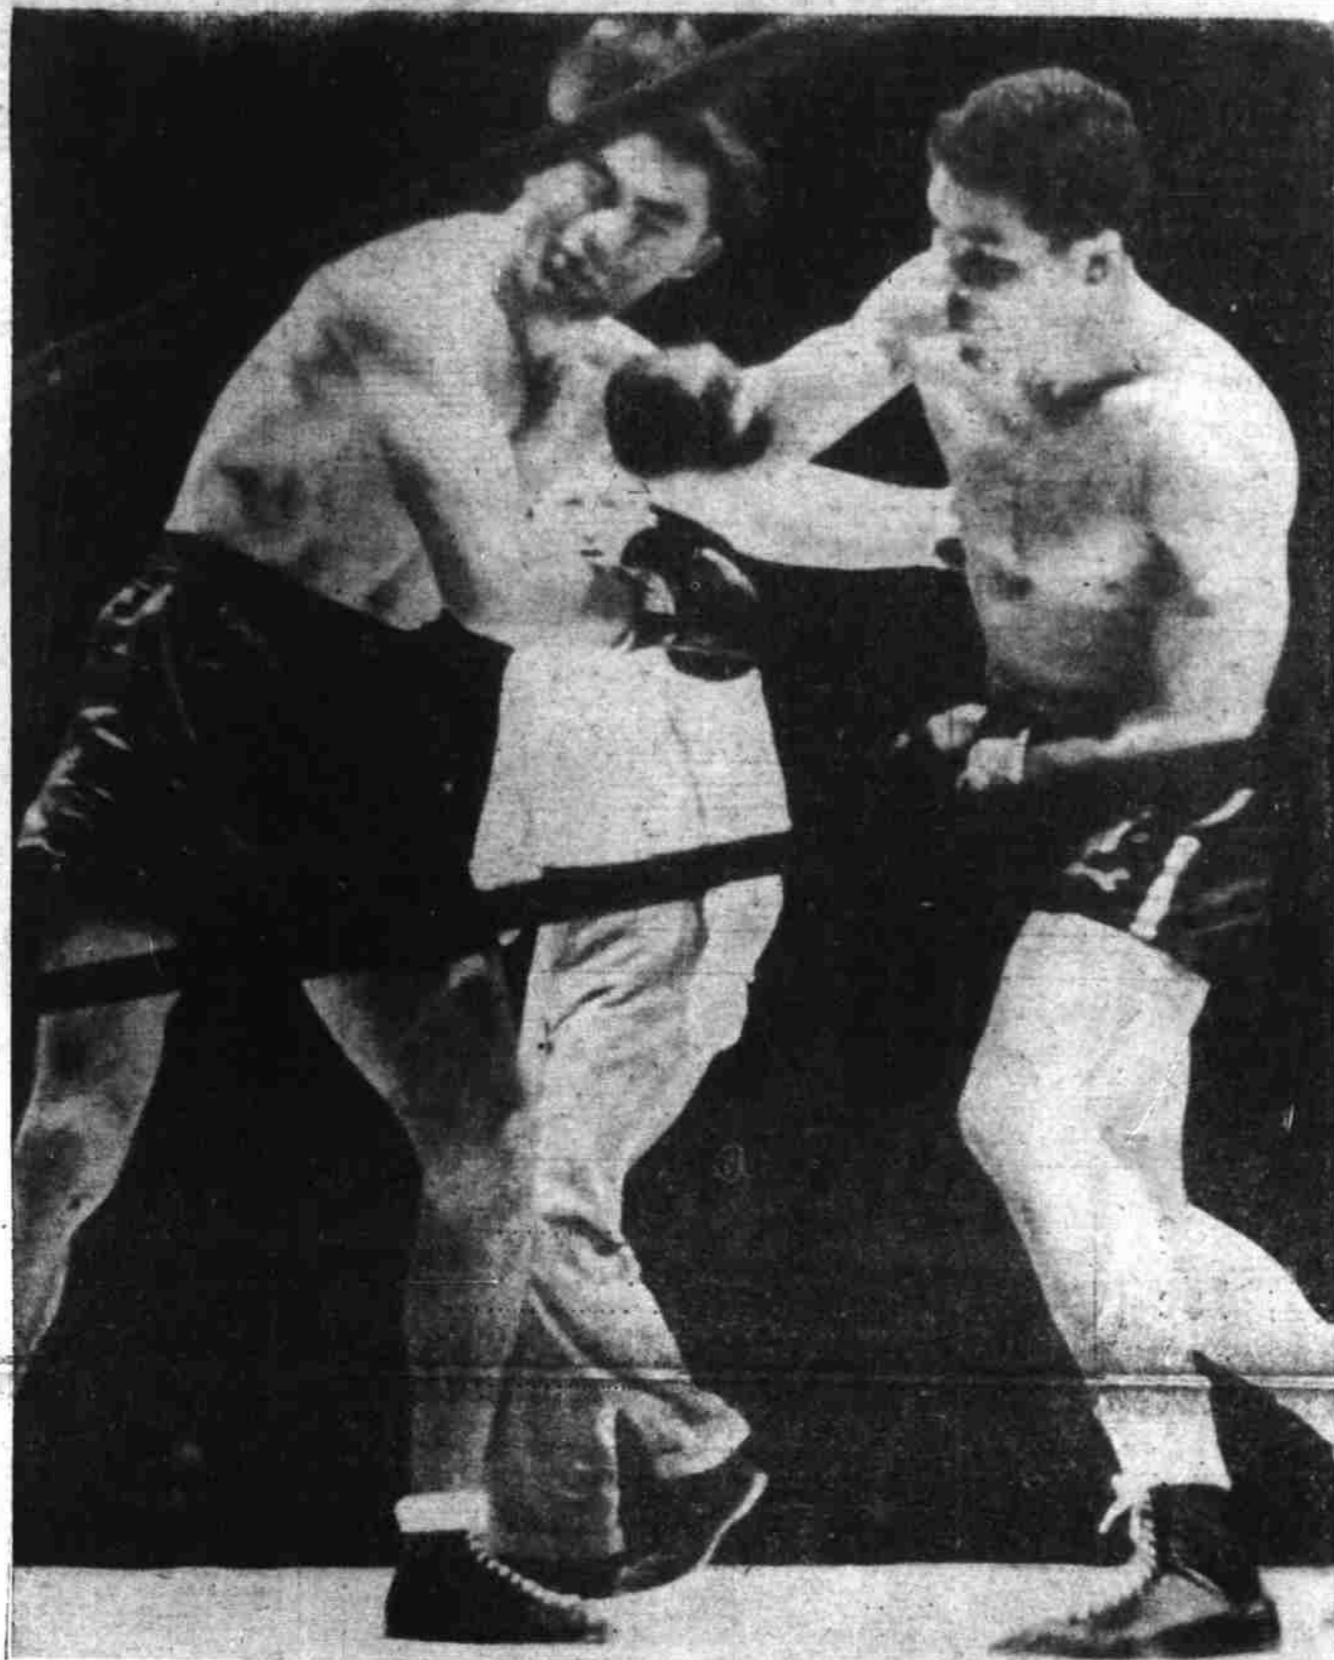

Hank Greenberg and Vernon Kennedy, Tigers—Greenberg's 17th homer featured five-run first inning rally while Kennedy held Red Sox to eight hits and fanned seven to win 5-3.

Cooper Union in New York City was the first structure in which iron beams were used throughout in the floor construction.

### WATERFILL AND FRAZIER FAMOUS WHISKEY

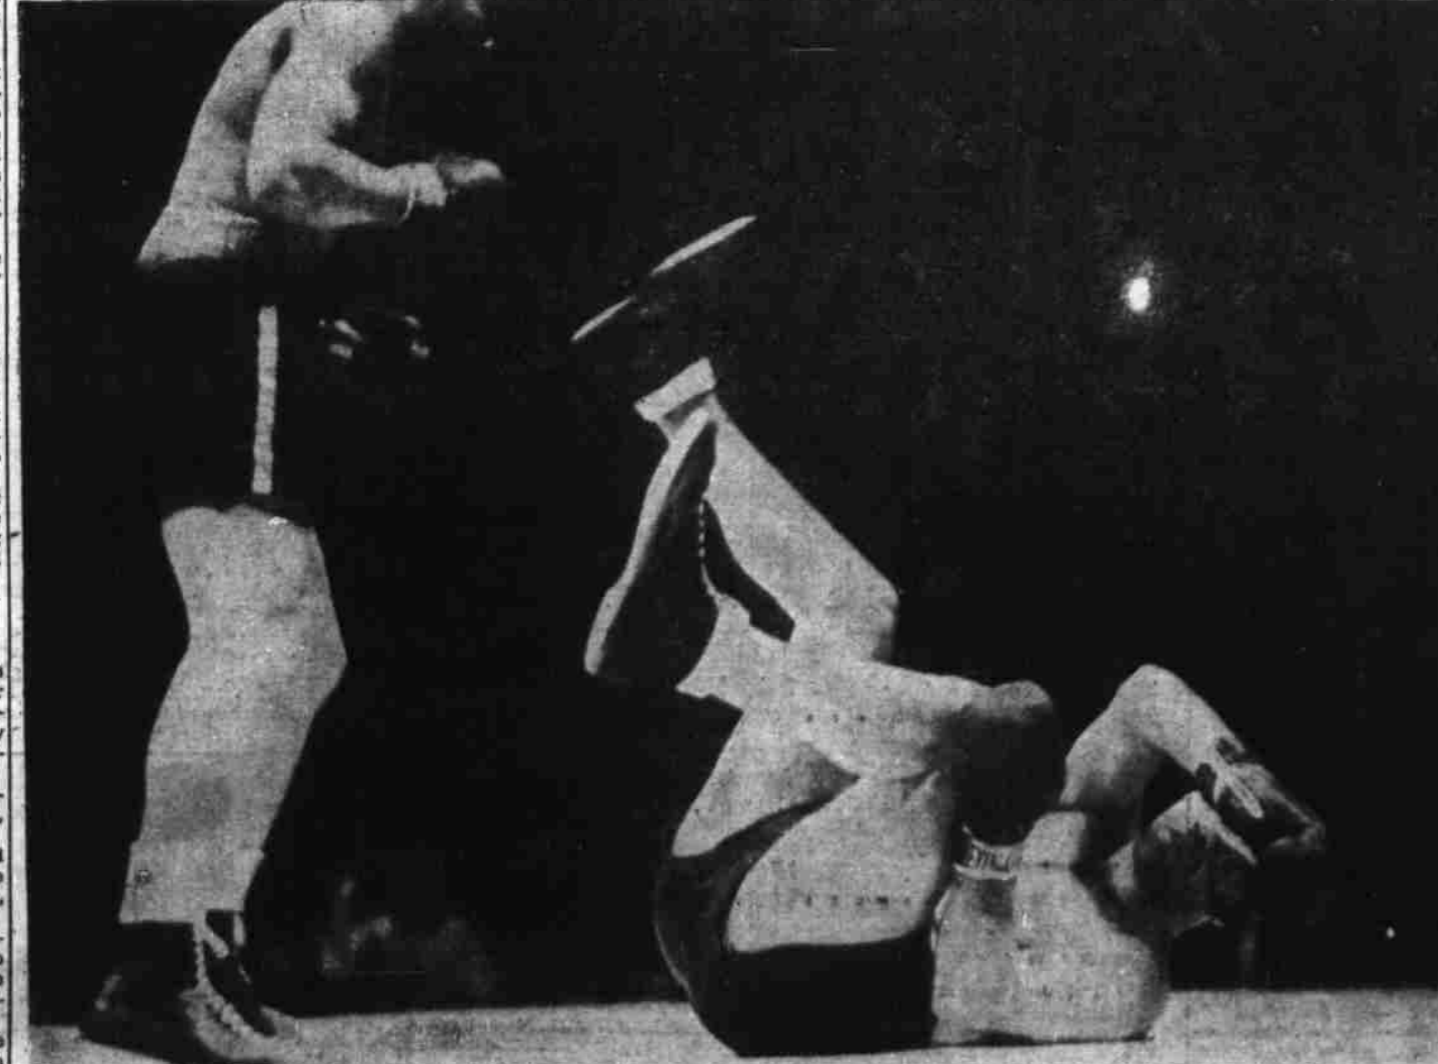

# Detroit Bomber Can Now Claim Rightful Crown

## THE SOCK AND THE KNOCKDOWN

With this blow Joe Louis gained revenge on Max Schmeling for the licking the German handed him two years ago. Louis knocked out Schmeling in 2 minutes 4 seconds of their scheduled

15-round bout at the Yankee Stadium June 22. Note the agonized expression on Schmeling's face as his head snaps with the hammer-like blow. (AP Teletmat).

Max Schmeling, challenger for the heavyweight boxing crown, is shown here as he hit the deck for the last time in his match with

champion Joe Louis in New York's Yankee Stadium June 22. Max lasted but 2 minutes, 4 seconds of the first round. (AP Teletmat).

### MARSHALL NOW 2 GAMES AHEAD

By the Associated Press

There was ample "breathing space" between all the first division teams of the East Texas league today. Incidentally, the margin was the same in all instances.

The Marshall Tigers, who last night downed Tyler, 10-7, were two and a half games ahead of Texarkana, which downed Jacksonville, 2-1, was two and a half games in front of third place Henderson, which need out Long-

view, 2-1, in 16 innings. Henderson, with the victory, advanced to two and a half games ahead of fourth place Longview.

Palestine defeated Kilgore, 5-1, in the fight between the cellar teams.

Marshall used 11 hits to beat Tyler while Jim Reisinger held the Trojans to eight. Horton and Daise hooked up in a sizzling hurling duel in the Texarkana-Jacksonville game, the former allowing the Jaxarkans to score four runs and Daise limiting Texarkana to four.

George Studvant and Joe Davis hit consecutive doubles to give

Henderson victory over Longview in the long-drawn-out battle.

The Palestine Pals hit in the clinches to beat Kilgore while Cueslar managed to keep the Kilgore blows well-scattered except in one frame.

### Guldahl In Field Of Goodall Meet

CINCINNATI, June 23 (AP)—Fifteen top-flight pro golfers sighted down the Kenwood fairway today toward the end of 126 holes of round-robin play and \$3,000 in prize money offered by Elmer Ward, a

millionaire sportsman, in the first Goodall Invitational tournament.

Led by Ralph Guldahl, national open and western champion, they promised to pop the par figure of 71.

Today's schedule:

Thomson, Cooper and Smith; Dudley, Little and Guldahl; Revolta, Walsh and Sneed; Armour, Ghezzi and Saracen; and Burke, Penna and Picard.

On Sept. 14, 1914, a German submarine, the U9, sank three British cruisers in one hour, with a loss of 1,400 men.

### MAX STRUCK BUT PAIR OF BLOWS

NEW YORK, June 23 (AP)—From out in Polyclinic hospital Max Schmeling could testify today to the power in Heavyweight Champion Joe Louis' fists.

Knocked out in two minutes and four seconds of the first round of his 15-round title match with Louis in the Yankee Stadium last night, Schmeling was under observation at the hospital for a severe back injury suffered in the opening minute of fighting when Louis landed a smashing right above the kidney.

After a thorough examination, Dr. Robert Brennan, professor of surgery at the Polyclinic, confirmed an earlier diagnosis that Max had suffered a fracture of the transverse processes. This was described as fractures of projections from vertebrae on the right side of the back, just below the kidney.

Meanwhile Promoter Mike Jacobs delayed his plans for having Louis sign to defend the championship again in September against Max Baer, former title-holder. Mike first wants to get Baer under a long-term contract in order to keep his hold on the leading heavyweights.

Under original plans, Louis and Baer were to have signed at a New York state athletic commission meeting today. This meeting now has been called off.

By GAYLE TALBOT

NEW YORK, June 23 (AP)—Joe Louis, 24-year-old Alabama negro, today very likely is the complete fighting man, the incomparable destroyer that the world thought he was two years ago.

Last night, before 80,000 bug-eyed witnesses at Yankee Stadium, the

young champion removed the last doubt of his greatness by blasting Max Schmeling, his one formidable rival, into stic oblivion in two minutes and four seconds, quickest heavyweight championship knock-out in history.

Today there isn't a man left to truly debate Joe's right to the crown he won last summer from Jim Braddock.

He probably will be matched today to fight Max Baer in September, but last night when the laughing Baer was introduced he encountered one of the most whole-hearted boos that ever echoed through the Bronx.

A terrible right to the kidneys that caused Schmeling to scream with pain and that partially para-

### Seventh This Season—Pioneers Beat Barons In 10-Inning Battle

Playing without two regular infielders, the Big Spring Barons lost their seventh extra inning game of the season in Clovis Wednesday afternoon as the Pioneers counted a run in the tenth frame to win, 10-9.

The Barons rallied strongly in the fourth, fifth and sixth innings to score all their runs and chase G. Jones from the mound but Lefty Nelson came in to stop the attacks and receive credit for the victory.

The two teams meet in Clovis again today for the final game of the series. Johnny Soden, who finished up for Marvin Keller Wednesday, was slated to get the starting call.

In Lubbock, Frankie Grabek set the Hobbs Boosters down with three base hits to earn his third victory of the year for Lubbock. The Hubbers won, 4-2, counting three of their runs in the first three innings.

Midland lost a close one to Wink on enemy grounds, 7-6. The win was accomplished when the Spudgers rallied for the winning runs in the seventh frame.

Scores by innings:

Big Spring	.000 252 000 0—9 6 4
Clovis	.104 201 001 1—10 11 6
Jaeset, Keller, Soden and Berndt;	G. Jones, Nelson and Sturt.
Hobbs	.000 100 001—2 3 3
Lubbock	.012 000 01x—4 3 0
Needham and Henderson;	Grabek and Melito.
Midland	.002 011 200—6 8 0
Wink	.102 101 20x—7 11 4
Franklin and Ballinger;	Armstrong, Ferguson and Bates.

### Golfers Play In Colorado Sunday

Leaders In Last Out-Of-Town Match This Season

Big Spring's Sand Belt golfers play their last league match of the season on foreign soil Sunday afternoon when they move into Colorado for a series of encounters with the team of that city.

The locals will be heavy favorites to bring all honors back to Big Spring. At the present time they are pacing the Sand Belt loop, having scored two points more than Midland.

Other matches on the locals' card this season will pit them against Midland on the local country club course July 10 and against Stanton July 17 here.

### NETTERS PAIR OFF

Only two singles matches will be played in the first round of the city tennis tournament beginning Friday morning. Jim Brigham will oppose George Tillinghast and Jimmy Myers will meet Sam Adkins.

All other entrants drew first round byes.

Pairings for the second round singles matches will be: Harry Jordan vs. T. J. Turner; H. C. Burrus vs. Addison Cotton; J. W. Elrod vs. winner of Brigham-Tillinghast match; Marvin House vs. Winner of Myers-Adkins match.

In doubles play the team of Tillinghast-Turner will oppose the duo of Brigham-Jordan and Myers and Elrod will vie with Burrus and House.

First round singles matches will begin at 9 a. m. and doubles will begin immediately following the completion of the singles matches.

### PLAYGROUNDS ARE REOPENED

The ABC playground will be the scene of the recreational department's Friday pet and doll show H. F. Malone, director, has announced.

Mrs. Winnie Redwine and Loyal Whatley, regular playground directors, will be in charge.

Two playgrounds have been reopened for summer. The East Ward grounds, under the guidance of Mildred Clark, was opened last week while the South Ward grounds, now in charge of Walter Smith, began operating Monday.

### Improvement Noted In Oil Industry

**Lifting Of Texas Shutdowns Is One Question Mark**

TULSA, Okla., June 23 (AP)—The refined oil market is strong and the petroleum picture generally is looked on as better than it was a week ago, chiefly because of sustained improvement in the Mid-Continent area.

Texas is considered the question

mark in the crude oil outlook, the big state's railroad commission having announced unexpectedly that state-wide Sunday as well as Saturday shutdowns would be lifted July 1.

The announcement drew from producers a warning that an increase of more than 300,000 barrels daily in Texas production probably would be too heavy a load for the now steadily improving crude oil situation.

A difference of 225,485 barrels daily existed between the bureau of mines recommended Texas production for next month and the commission's estimated current daily allowable, not considering the two-day shutdowns.

In some quarters, the view was held that the commission would lift the Saturday but would retain the Sunday closing.

With good gasoline demand in-

creasing and production continuing, refineries were reported active in seeking crude oil in the Mid-Continent.

Total production in the United States continued at least 150,000 barrels under current refinery purchases, as measured by stock figures, the Oil & Gas Journal reported.

Calls for gasoline, tractor fuel and kerosene were reported keeping stocks low at Oklahoma, Kansas and East and North Texas refineries.

Another advance of 1-8 of a cent in the wholesale price of gasoline in this area brought to 2-8 of a cent the increase in two weeks. Oklahoma and Kansas had about 13 per cent lower stocks than at this time last year.

Tahiti is about 3,400 miles from San Francisco.

### Four Years Spent On Big Mirror To Go Into Texas Observatory

CLEVELAND, June 23 (UP)—The second largest telescope in existence in being completed at the Warner and Swasey company.

When it is polished the 82-inch mirror will be installed in the McDonald observatory, of the University of Texas, atop Mt. Locke in the Davis mountains.

The reflector will be at an elevation of 2,731 feet and will bring closer to human eyes stars 900,000,000 light years distant.

The mirror has taken nearly four years to grind and polish.

The balance of the unit is so perfect that the movement for setting the telescope for position will be driven with a 3-4 horsepower

motor. The moving parts of the telescope, however, weigh 41 tons.

The slow movement, which will move the telescope at a rate of one revolution every 24 hours, will be obtained from a 1-4 horsepower motor.

Astronomers will be able to look into this telescope from three places. The 82-inch mirror's surface will be finished to an accuracy of one-millionth of an inch.

A reflector this size is necessary to gather enough light from the stars to register on a photographic plate.

Photographing a star sometimes requires six, eight or 10 hours. This time may be during different

### Pretty Girls Best Sellers Of Air Tickets

By the AP Feature Service

ST. PAUL, Minn.—Airplane tickets sell faster if the seller is a pretty girl.

Speed and low fares are part of the formula, too, but the third ingredient—pretty girls with a smile in their voice—made it click.

Leslie B. Farrington, general traffic manager for Northwest Airlines, started it. Now his enthusiastic about it.

"Make no mistake," he says, "this plan of using girls in the ticket office is not an outgrowth of hostess service. These girls are young business women, trained especially for the work they have

### McDonald Here Campaigning

**Makes Statement In Defense Of Land Leasing Policy**

"Critics of my oil leasing policy," Land Commissioner William H. McDonald said while in Big Spring Thursday, "have failed to arouse serious opposition to my plan to get the greatest possible amount of money for the state, rather than merely the highest initial cash bonus."

McDonald is at present touring West Texas in the interest of his candidacy for a second term.

"My political opponents are having difficulty arguing against two producing oil wells on state lands that were leased on a high royalty and overriding oil payment basis, rather than on a high cash bonus basis," the commissioner declared.

"While they are arguing," he continued, "these wells kept right on flowing, with the result that the school fund profits far more than it would if high cash offers had been accepted."

The commissioner, who carried 178 counties while his opponent was carrying 76 in the last election, is stressing three points in his campaign:

His land leasing program in coastal and submerged areas produced more than \$2,000,000 in bonuses for the school fund. Millions will accrue to the schools from royalties as development progresses, he states.

During his first year in office his department collected \$3,000,000 more for the state than had been received in any previous year in the history of the land office.

The filing, bookkeeping systems in the land office have been revised to insure more efficient service to patrons.

to do. They weren't hired to keep passengers happy but to sell tickets.

Last fall, he says, several comedy girls were put behind the ticket counter in Northwest's Chicago office. They "produced." Now, as far as girls can be trained here, it takes six to eight weeks—they are being sent to other ticket offices.

Farrington says a new profession for women is being opened up. "I estimate 85 per cent of our selling will be done by our women traffic representatives over the counter and by telephone," he says. "As for the future, it's unlimited as far as the girls are concerned. They are breaking into a new field for women, and that means endless possibilities as the system expands."

Male traffic representatives say men clients delight in being served by an attractive, efficient girl. Women find it reassuring to talk to members of their own sex about flying. And to top it off, the girls have shown they can handle obstreperous customers with finesse.

Different types are chosen for various sections. It takes one type of girl, Farrington says, to handle a metropolitan office, and quite another to work in smaller cities and vacation areas; while in the west, the young women selected for selling jobs are athletic, outdoor types.

**Stanton Officer Shares Honors**

EL PASO, June 23 (AP)—The United States border patrol, the Dallas police team and the Stanton police department today held championships of pistol shooting matches sponsored by the City Marshals and Chief of Police Union of Texas.

Charles Askins, Jr., of the border patrol won individual honors in the meet, which ended yesterday, with a total of 870.

The border patrol's first team won the team championship and the Dallas group won the state police team championship.

The state police individual title went to J. N. Woody of Stanton, who shot 558.

Laredo finished second in the police team matches with 3,275, being 50 back of Dallas.

**Prison Add's Legal Service**

FOLSOM, Cal. (UP)—Free legal advice will be offered the 2,800 inmates of the Folsom penitentiary by Fred G. White, former county and probate judge of Pontiac, Ill., now an inmate of the prison. The appointment was made to put a stop to the activities of a number of self-styled lawyers in the prison whose qualifications were doubtful.

**Town Doubled by Trouble**

ALVISO, Cal. (UP)—Troubles never come singly at Alviso. Former Mayor Fred Huxman resigned and there isn't enough money in the treasury to order a new election. Simultaneously, Patrolman Alex Berryessa reported two girls took his pistol, blackjack and handcuffs from his parked car and he can't enforce the law.

**Krispies**

Children eat Kellogg's Rice Krispies without coming—and come back for second helpings! Because these toasted rice bubbles actually snap, crackle and pop in milk or cream! Young folks love that toasted, fluffy flavor.

Always ready to serve. Rice Krispies are sold by all grocers, served by restaurants. Made by Kellogg in Battle Creek.

### Trust Probe After Facts, Not Laws

#### FD's Fireside Chat May Refer To Investigation

WASHINGTON, June 23 (AP)—The pen of the economist may replace the big stick of the traditional trust-buster in the government's forthcoming monopoly inquiry.  
Reports from conferences now in progress from federal officials and some of the nation's biggest industrialists indicated today that the investigation would be designed to produce facts first and laws second.  
For a clue to the exact direction the study may take, many persons look to President Roosevelt's "fireside chat" tomorrow night. The president, expected to discuss the work of the last congressional session, also may outline the immediate problems before his administration.  
Among these is the revision—possibly the complete rewriting—of the anti-trust laws, suggested by Mr. Roosevelt when he asked congress to authorize the broad inquiry to be undertaken this summer.  
With this long-range attack on

the nation's economic life in mind, administration leaders looked anxiously for signs of business improvement in the near future.  
Secretary Roper announced that stocks of goods on hand for wholesale distribution were 14.5 per cent lower than a year ago. That fact, he said, indicated "excess inventories as one cause of the present depression have been largely removed." He predicted a decided improvement this summer or fall.  
Charles V. McLaughlin, acting secretary of labor, reported on the other hand that factory employment and payrolls for May showed a continuation of the "sharp downward movement" which started last August.  
He estimated that about 200,000 workers lost jobs and that weekly wage payments declined \$2,700,000.  
Administration officials were hopeful that the start of the \$3-753,000,000 spending-lending program would check the decline.  
The Public Works administration announced yesterday grants and loans of \$77,814,620 to states and municipalities for 590 projects. They estimated that state and community payments also to be made on these projects would raise the total expenditures to \$148,795,895.

**Time Passes Slowly on Ranch**  
SANTA ROSA, Cal. (UP)—When Ketterlin Brothers, local hardware men, received an order for mesh wire from a ranchman quoting prices in one of their newspaper advertisements, they were a bit puzzled by the prices. Investigation developed that the ad had been clipped from a local paper of 28 years ago.

REASON TO BRAG has Col. Wm. Schaeffer, Jr., who caught 387-pound swordfish off Jersey coast, using a dart.

### Delay Water Pact With Mexico

#### Group Would Help Texas With Rio Grande Problem

PHOENIX, Ariz., June 20 (AP)—The river conference called by Governor Stanford of Arizona tentatively abandoned plans today for an immediate agreement with Mexico respecting waters of the Colorado river and pointed toward siding Texas to obtain a treaty governing usage of water from the lower Rio Grande.  
Judge Clifford Stone, of Denver, heading a program steering committee, said his group would submit such a proposal to the conference and recommend its adoption.  
Alma Davis, chairman of the

Arizona river commission who is presiding, said Arizona would be favorable to such an arrangement.  
"We are not ready for a treaty on the Colorado as yet," Davis said. "We will help Texas now and they can help us later."  
The Rio Grande treaty discussion was taken up in the face of a warning from Secretary of State Cordell Hull that deliberations on that point were premature because "no negotiations for a treaty are under way between this country and Mexico."  
Stone's committee prepared a resolution for submission this afternoon calling for "speedy and comprehensive development of the water resources of the Colorado river basin."  
Members of the committee were A. T. Hannett, New Mexico; J. A. Mulcahy, Arizona; Alfred N. Smith, Nevada; Evan T. Hines, California; Harry W. Jenkins, Wyoming; and William R. Wallace, Utah.  
Permanent Organization  
The conference decided that a permanent organization should be effected consisting of two representatives from each basin state. Reports of W. E. Anderson, vet-

eran Texas water engineer, and R. J. Tipton, engineering adviser of Denver, dispelled reports that Texas as desired to trade Colorado river waters to Mexico for a better division of Rio Grande waters, but speakers insisted Mexico wanted the streams considered jointly in any negotiations with this country.  
A tense feeling of misunderstanding which was evident in the early sessions yesterday was swept away by a unification committee, consisting of one representative from each state. Anderson, a member of that committee, immediately announced in open session that Texas:  
1. Had no intentions of using the Colorado river flow into Mexico as a lever to bring that republic into agreement on the lower Rio Grande.  
2. Could conceive of no benefits from linking the two problems.  
3. Had no quarrel with Arizona or any other state on river matters.  
4. Desired a "happy family" discussion of mutual problems in Mexican usage of water from the two streams.  
Bull fights were common in ancient Greece.

### NEW BILLS GIVE PRESIDENT 13 MORE POSITIONS TO FILL

WASHINGTON, June 23 (AP)— President Roosevelt will have 13 more key jobs on his "men wanted" list when he signs three major pieces of legislation now on his desk.  
The civil aeronautics bill, the wage-hour bill and the amendments to the maritime commission act will create new offices with salaries ranging from \$7,500 to \$12,000 a year. Other vacancies already waiting to be filled offer paychecks up to \$17,500 a year.  
Five board members and one administrator would receive \$12,000 a year as officials of the proposed new civil aeronautics authority. Three air safety board members would get \$7,500 each.  
A wage-hour administrator would be paid \$10,000, and three members of a proposed maritime labor board would be paid \$10,000 each.  
The president can fill these jobs this summer subject to senate confirmation after congress convenes. In vacancies which existed before congress adjourned, however, appointees could receive no salary until confirmed by the senate.  
Ministers' Posts  
Highest-paid job in that category is ambassador to the Soviet Union, who will receive \$17,500. Two other important diplomatic posts are open—minister to Canada and minister to Iran—at \$10,000 each.  
Congress created 21 new federal judgeships during the last session.

Thirteen district judges, who are paid \$10,000 a year, and four circuit court judges at \$12,500 each are yet to be appointed in that group.  
In addition, there are one circuit and two district court vacancies due to retirement and death.  
Some of the best-paid jobs in the government have been vacant for long periods. The office of comptroller-general, with a 15-year term and \$10,000 a year salary, has been vacant since 1936.  
There has been no comptroller of currency since May. The job pays \$15,000 a year. The office of budget director, paying \$10,000 has been unfilled for several years. A \$15,000 a year job on the federal reserve board also is vacant.  
The president has not appointed a successor to Dr. Arthur E. Morgan, who was ousted from the board of the Tennessee Valley Authority last spring. TVA directors get \$10,000 a year.  
Commissioner John W. Hanes of the securities commission has been appointed assistant treasury secretary, but has not yet resigned his SEC post. When he does, another vacancy will be created.

### Has No Doubt Billy The Kid Really Dead

ALBUQUERQUE, N. M., June 23 (AP)—Efego Baca, who swung a mean six-shooter himself in the old quick-trigger days, believes the famed boy outlaw, Billy the Kid, is just as dead as the history books have said all these years.  
Baca, who knew the kid personally, chuckled when he learned that Major Gordon W. (Pawnee Bill) Lillie and three other frontiersmen were coming here to get his version of Billy's sometimes debated demise.  
"I know two men who were Billy the Kid's palbearers, and I think that's pretty good evidence he is dead, all right," he remarked.  
Baca, man and boy, peace officer and self-defender, claims nine notches on his self-cocker. Billy, who the history books agree met his death at the gun of Sheriff Pat Garrett way back in '81, was credited with 21—as many as his years.  
Coming here with Major Lillie the Rev. J. W. E. Airey, Houston, Texas, president of the National Frontiersmen's association, B. F. Barbart, Taos, N. M., and Eddie Botsford of Littlefield, Tex. They want to verify the kid's death for the records of the association. Some have reported the kid was still alive.  
"I'll tell them that Martin Sanchez, who died in Santa Fe, and another man who is still alive but whose name has slipped me were palbearers for the kid in Fort Sumner, where he was shot," said Baca.  
Two nabbed after man is slugged  
McKINNEY, Texas, June 23 (AP)—Two men who officers said held up and slugged a Durant, Okla., filling station attendant were captured here yesterday by Policeman A. G. Mitchell.  
The filling station attendant, robbed early yesterday, came here and identified the men last night and the two were returned to Durant by Sheriff Williams of the Oklahoma City, police said.  
Officers were holding the automobile in which the men were riding when captured.

## Kermit Rodeo This Weekend

\$2,000 in Prizes Offered; Free Barbecue Each Day

KERMIT, June 23—Forty-five wild-eyed Brahma cows, steers and calves and a string of bucking horses Thursday milled in the corral erected in the infield of the high school stadium, awaiting the opening gun of Winkler county's first annual rodeo and celebration which begins in Kermit at 10 o'clock Saturday morning and continues through Sunday with performances each afternoon and night.

The barbecuing of 10,000 pounds of beef, donated by Winkler county ranchers for the free barbecues to be given each day at noon, was to begin late Thursday night and will continue until enough meat has been prepared to serve the thousands who are expected to attend the American Legion sponsored affair.

Offering \$2,000 in cash prizes and trophies, the first county-wide rodeo to be staged in Winkler county has attracted some of the outstanding cowboy talent in the Southwest. Keeble Duncan, who manages the annual Pecos rodeo, will be in charge of the rodeo in Kermit and Tom Donaldson, owner of Cry Baby, one of the world's most famous educated horses, will

assist him. Cry Baby will perform at each of the afternoon and night shows.

In joint proclamations issued Wednesday, Mayors Ray Clapp of Kermit and F. F. Bronzale of Wink declared Saturday a holiday in both cities and designated it as the official Wink day. Kermit merchants and residents will take over the stadium Sunday and stage a special parade of floats and exhibits.

## Texan Opposes Rodney Bliss

LINCOLN, Neb., June 23 (AP)—Bill Progro from the hectic first round which saw many a favorite son plowed under, survivors in the Trans-Mississippi golf tournament plunged into the second day of match play today with two 18-hole "sudden death" rounds their menu.

Defending Champion Don Schumacher of Dallas had as his second round opponent Rodney Bliss, Jr., Nebraska state champion. Medalist Ed Kingsley of Salt Lake City met the dangerous Des Replage of Oklahoma City. Traylor Bill Holt of Syracuse met Gordon McEntire of Lincoln, who went out three under par in winning his first round match.

Schumacher eliminated a dangerous contender in Matt Zadalis of Omaha, 4 and 3, and Kingsley won by the biggest margin of the day when he downed Chuck Taylor of Dallas, 5 and 7.

IN THE LAND OF THE SPHINX, an American nun went riding on a camel. She and other nuns who'd been in Damascus for the Eucharistic congress, saw the sights near Cairo.

## Conoco Makes Start Tonight

Expected To Figure Largely In Second Half Race

Forsan's Conoco softball aggregation makes its first start in industrial loop schedule tonight in the opening game of the second half play. Manager Tommy Tarbro and his forces will oppose the Lone Star Chevrolet team in a game slated to begin at 8:30 p. m.

The Oilers made an impressive showing against the Big Spring Motor several weeks ago and will be one of the favorites in this half's race.

The Anderson Devils and the West Riders meet in tonight's aftermath. The Devils, who won the championship of the first half, will be heavy favorites to repeat their runaway.

## Hospital Notes

**Big Spring Hospital**  
Born to Mr. and Mrs. W. D. Lovelace, 1806 Runnels street, at the hospital Wednesday evening, a son.

T. W. Branan of Lather was admitted to the hospital Wednesday evening for treatment.

Billy Hardin of Achesty, who underwent an appendectomy at the hospital several days ago, is improved.

Roberts and Dora Lee Wheeler, daughter of Mr. and Mrs. R. M. Wheeler, who have been under treatment since June 12th, following injuries received when a storm demolished their home northwest of Big Spring, were dismissed from the hospital Thursday morning.

Syncope rhythm is found in the music of nearly every savage or semi-civilized nation.

Sugar cane was brought to Europe by the Crusaders.

# Thanks

To every one for the wonderful cooperation you accorded us last Saturday on the opening of our new grocery store and market.

We appreciate very much your liberal patronage, and the many compliments we received on the store, throughout the opening day.

As we have said before, it will be our aim to offer you the best in foods, fruits, vegetables and market products at the VERY LOWEST PRICES, every day in the week.

## PEACE OFFICERS END CONVENTION

EL PASO, June 23 (AP)—Texas peace officers and identification experts had departed for their homes today after a state convention that brought a wide variety of subjects relating to their work.

The City Marshals and Chiefs of Police Union named Dallas the 1938 convention city and elected Chief of Police L. B. Maddox of Beaumont president.

## Small Percentage Of Pen Inmates Are Graduates Of Colleges

### THE STANDINGS

DALLAS, June 23 (AP)—College graduates who become criminals in Texas usually are forgers, burglars, or murderers. This is the conclusion of Charles Lee Price in a master's thesis written at Southern Methodist university after determining the educational status of inmates of the Texas prison system in one year.

Statistics gathered by Price showed that one per cent of the prison population was college graduates and that two per cent of the prisoners had attended college. Thirty-three per cent of the criminals said they had graduated from high school or had attended high school. Sixty-four per cent either had quit school before they finished the sixth grade or were illiterate.

Of the prisoners who had entered college but had not graduated, 85 per cent were imprisoned for embezzlement, swindling, forgery, or bribery.

Price found a general tendency for prisoners with similar educational status to follow the same or related types of crime. He found no evidence to support belief that education, especially college education, tends to promote crime, although he admits that offenders having an education are probably more successful than the uneducated in avoiding arrest and conviction.

Until recently Texas had done little to educate the prisoners, Price said. The Texas prison school was organized in 1911 but until 1930 little effort was made to improve the literacy of the inmates. Laws passed in 1930 required all illiterates to receive five hours of instruction a week, but school attendance by others is optional. However, both students and teachers were given credit on their terms.

The belief that prisoners are sent to prison to be punished and not to be reformed has contributed much to the slowness of school development in Texas prisons, Price concludes.

A sledge team of five Eskimo dogs can travel 80 miles a day for several days.

## Cherries

are now at their best for Jelly or Jam

Full of juice, rich in flavor, the cherries now on the market are low priced and just right to make firm, sparkling jelly without a chance of failure by using Pen-Jel. It adds to the ripe cherry juice what Nature left out—pectin.

## Easy Cup-for-Cup Method

No complicated book of recipes necessary—simply follow our directions on the package... just one recipe for all fruits.

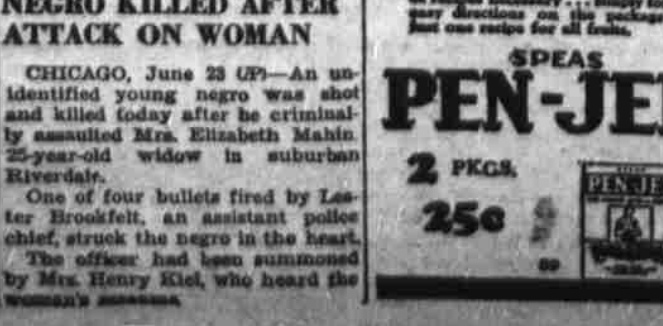

NEGO KILLED AFTER ATTACK ON WOMAN

CHICAGO, June 23 (AP)—An unidentified young negro was shot and killed today after he criminally assaulted Mrs. Elizabeth Mahin, 25-year-old widow in suburban Riverdale.

One of four bullets fired by Lester Brookfield, an assistant police chief, struck the negro in the heart.

The officer had been summoned by Mrs. Henry Kiel, who heard the woman's scream.

## TVA And Rival Operate In Same Town

Private Company Asserts It Will Hold Its Ground

GUNTERSVILLE, Ala., June 23 (UP)—A municipal distribution system using Tennessee Valley Authority power and a private utility are competing in Guntersville for the first time in the history of the government's venture in electricity.

With proponents of the TVA-supplied municipal system claiming more than 85 per cent of the town's electric consumers, the Alabama Power company announced it has "no plans for discontinuing service" here.

The municipal plant began supplying power in May at rates approximately 30 per cent lower than those charged by the power company. Financed by a private bond issue of \$130,000 the system is expected by city authorities to pay for itself within 10 years.

Mayor Makes Statement "Practically everybody except employes of the power company and their relatives has switched over to our system," said Dr. E. H. Couch, mayor of Guntersville.

The private utility, however, apparently has no intention of quitting the field in favor of the TVA-powered system. "The company holds a valid franchise in Guntersville which has many years to run," the power company said in an advertisement in the Guntersville paper.

"It has furnished good and satisfactory service over a period of years. It has endeavored to treat its customers fairly and has made many staunch friends in the community."

No Plans To Disband "It appreciates their patronage and support and the company has no plans for discontinuing its service in the community."

Mayor Couch said the municipality repeatedly attempted to purchase the power company's facilities for distribution of electricity here, but that the company refused to set a price.

The power company has been operating in Guntersville for 23 years and previous to the opening of the municipal plant, supplied service to approximately 800 customers here.

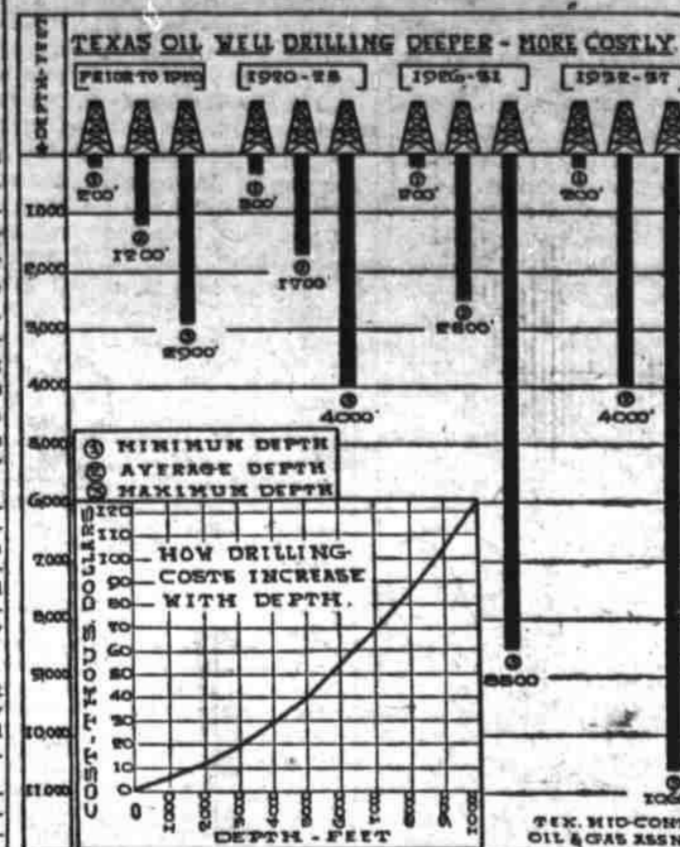

In some instances, lines of the private utility and the municipally-owned plant parallel each other on the city's streets.

Alabama Power is a subsidiary of Commonwealth and Southern corporation, major rival of the TVA in the government-private utilities controversy. Negotiations are underway for purchase of the corporation's holdings in the vast TVA-served area.

**GOP'S ONLY VOTE IN ONE COUNTY OF ARKANSAS**  
MARSHALL, Ark., June 23 (UP)—When in most Arkansas counties on August 9 democratic voters go to the polls to nominate candidates for county offices, the republicans will be doing the voting in Searcy county.

Reversing general procedure, democrats here nominate by county conventions while the republicans use the primary election. Searcy county democrats will vote in the primary only for the state and national candidates.

## Average Depth Of Texas Oil Wells Over Three Times Greater Than That Of Wells Prior To 1920

DALLAS, June 23.—The average depth from which oil is produced in Texas today is three and one-third times greater than the experience recorded prior to 1920, according to a survey just completed by the Texas Mid-Continent Oil & Gas association.

Today, according to the survey, Texas oil is produced from wells having an average depth of 4,000 feet, with a maximum producing depth of 10,000 feet. Prior to 1920, the average depth of producing oil wells in Texas was only 1,200 feet with a maximum producing depth of 2,900 feet. Since 1926, the average depth of Texas oil wells has shown an increase of 1,500 feet, while the maximum depths recorded during this period have shown an increase of 2,100 feet.

The extent to which depth affects drilling and completion costs is shown by the fact that the cost per thousand feet of hole ranges from \$6,000 for the first thousand feet to \$20,000 per thousand feet when the depth reaches 11,000 feet. Thus, while a thousand-foot well may cost \$6,000, this does not mean that an 11,000-foot well would cost \$66,000, but actually entails a cost of \$143,000 because of ascending rates of cost to depth of hole recorded by actual experience. In a 4,000-foot well, where the first thousand feet of hole costs \$6,000, the last thousand feet costs \$10,000, making the total cost of such a well about \$32,000.

This is due to the fact that greater depths involve not only more time for drilling and more expensive equipment which is necessary to stand the stress and strain of penetrating deep sub-surface formations. Deep drilling involves great hazards, among which is the breakage and loss of drilling equipment, entailing tedious and expensive delays and frequently results in the complete loss of a prospective well. One "fishing" job, to recover broken equipment from a deep well often costs as much as the total cost of the hole.

The deepest producing wells in Texas today are located in Brazoria county, in the Gulf Coast, where oil is being produced from a depth of 10,000 feet. Wells ranging in depth from 7,000 to over 9,000 feet are common today in the Gulf Coast oil fields. Deep wells are being drilled today in practically all sections of the state, with the average trend of all drilling showing a constantly greater depth at a constantly increased cost to the oil industry.

**FEDERAL PURCHASE OF TOMATOES TO END SATURDAY**  
JACKSONVILLE, June 23 (UP)—Federal purchasing of tomatoes in East Texas to relieve a price-riddled market will end Saturday.

J. P. Hatch of the Jacksonville office of the Federal Surplus Commodity corporation said yesterday a total of 316 carloads had been bought and shipped to relief agencies for distribution to their clients. A maximum of 50 carloads will be taken daily the remainder of the week.

**AMENDMENT MAY BE BEFORE VOTERS IN ARKANSAS**  
LITTLE ROCK, Ark., June 23 (UP)—Arkansas probably will vote in the November general election on former Education Commissioner W. E. Phipps' proposed constitutional amendment which he said would "take the state department of education and textbooks out of politics."

The petition for submission of the proposal was filed with the secretary of state yesterday. State board of education members would be elected by congressional districts instead of appointed by the governor as at present and would become constitutional officers to serve without pay under Phipps' plan.

Lucretia Borgia was a patroness of art and learning.

## QUEEN ELIZABETH'S MOTHER SUCCUMBS

LONDON, June 23 (UP)—King George VI decreed only family mourning for Queen Elizabeth's mother, the 78-year-old Countess of Strathmore and Kinghorne, who died early today. He still had not decided, however, whether to alter plans for a royal visit he and Queen Elizabeth are scheduled to make to Paris next Tuesday.

The official announcement that there would be no court mourning for the countess, did not mention plans for the sovereign's visit abroad.

This country was among the last to grant woman suffrage after 70 years' agitation.

Hollywood Sights And Sounds by ROBBIN COONS HOLLYWOOD—Families with various mental screws loose have cavorted upon the screen too freely for several years now as part of the insane comedy cycle. Erratic mamas and bawdy papas, surrounded by helter-skelter children in varying stages of innocuous dimness, motivated film after film until the public, loving it at first, finally said "enough."

Chapter 41 THE BIG, BAD BIFFER "All I got to say," Assey twirled the Colt, "is that you better find him an' bring him back in just fifteen minutes. Brother Strutt, or you'll be struttin' into a jail. Do I make myself clear?" Roddy's father was almost in tears. "But I tell you—" "Neither Elliott nor me," Assey said, "was born yesterday. You find Roddy, an' find him quick, or the house of Strutt'll be cold turkey—" "He's gone," Carveth sobbed. "He was here before you came, an' now he's gone. That man's got him!"

FLASHES OF LIFE By the Associated Press The New Order AUGUSTA, Ga.—Reversing the usual order of a stamp on a letter, a would-be customer of the post office here put his letter on a stamp. Postal clerks said the address and a message was written, legibly too, on the back of a regulation three-cent stamp. But it was refused. Too small, said the clerks, and might get lost.

Man About Manhattan by GEORGE TUCKER NEW YORK—Today was the best treat of all...Sick man's treat...But to explain, I'll have to go back...For a long time now Milton Caniff and Noel Sickles and this temporarily unhired trooper have made a study of the Civil War...We have read nearly everything on this subject that has been written...We have bought most of the recent books on it...The Lee books, the Jackson biographies, the whole dusty battalion of chronicles of Stuart and Sherman and Morgan and Beauregard and the others.

Manmy with her "passel" of young blacks...An ammunition wagon stood in yonder corner in the shade...You could tell by the looks on their faces that something untoward was happening...Something you couldn't quite put your hand on, yet you knew it must be something of grave concern...And then you knew. For under the picture was the simple caption: "Colonel Tucker is ill." Flattered of course I was. I couldn't get it framed and hung quickly enough. Noel Sickles drew it. And with it came a caricature of myself as a trooper in Colonel Morgan's Virginia riflemen, drawn by Milton Caniff. It was pasted in the front of "Rabble in Arms," a chronicle of the wars of 1776. And with it this explanatory note: "My dear T.: Since we are abandoning this post on the morrow, I beg you to take this little sketch to insert as a frontpiece in your copy of the chronicles of our armies in the war against the British, as set down by Peter Merrill of Arundel." "You being ill at the time the volume was sent you, and me being so far away in the woods, I was unable to put the drawing directly on the pages, as I had hoped to. "One of General Farley's men has consented to carry this to you, and he is anxious to be off. I hope you soon will be well enough to rejoin your command to carry on in our glorious cause." The letter was signed: "Yr. Ob't Serv't. M. Caniff, Brevet-Major, New York Militia."

WTC Session At Wichita Falls Was Self-Sustaining ABILENE, June 23—Report just completed on the 20th annual convention of the West Texas chamber of commerce held in Wichita Falls, April 25-27 shows the convention, the largest of its kind in the world, was self-sustaining. Policy of the WTC is to make the annual convention pay its own way and it is doing that, says Manager D. A. Bandon. Minutes of the business meetings, copies of programs, registration cards and badges are contained in the report. The minutes show 121 towns registered delegations, Abilene leading with 600 persons registered. Seventy-six towns were represented by their WTC directors. Thirty-five bands, 25 town sponsors and 25 home town speakers took part in convention concert.

Mike Mulligan and Cosden Vagabonds On KBST Airings MIKE MULLIGAN...14. Music on the swing side will be aired at 6:50 o'clock this evening when Mike Mulligan and his orchestra assemble at KBST for another regular broadcast. The Cosden Vagabonds of the Prairie, those hot-shots of the radio entertainment world, will present another fifteen minutes of rollicking fun and amusement at 7:45 o'clock tonight. Friday morning at 9 o'clock ofers another "Radio Bible Class" conducted by Mrs. George O'Brien. Every week day morning at 11:30 o'clock, the Western Melodians take the air for a general good time and joy by all. The boys have received loads of fan mail and try to answer as many requests as time will allow. Tune in for this thirty-minute program with the Western Melodians, Jack Maynard, Harold Moon and Kitty, the newest member of the outfit.

Jennings is nabbed, tomorrow. The only place in China's vast areas where trout can be found are in the streams of the imperial hunting grounds in the extreme northeast. L. F. McKay L. ## Louis Collects Close To 400 G's For Brief Job; Farr Collects, Too

By **EDDIE BRIGHT**  
**NEW YORK, June 23 (AP)—**Old Tex Rickard once remarked: "I never seed anything like it." Neither has this chronicler... Joe Louis had Max Schmeling on the ropes, then on the deck almost before the German could holler "Ach himmel!"... Schmeling was downed almost from the start... He didn't use a crouching attack as he did in the first bout and really gave Louis a shot at his kisser... Hariem went high and wild, but there was gloom in Yorkville and the "prospects" were few and far between.

**Tommy Farr** bet \$125 at even money at the ringside that Louis would win by a knockout and collected in less than 16 minutes... If anyone in the Schmeling entourage visited Louis' dressing room to congratulate him, this coliseum was scooped... Among the guys with red faces are several former heavyweight champions who picked Schmeling... Jim Braddock was the only

## MR. AND MRS. A Prophet In His Own Country

one to hit the nail on the head... He picked Joe in seven, then to five, and if the fight had been postponed a day, probably would have called the round.  
**Louis** collected in the neighborhood of \$400,000 for less than three minutes' work... Max got around \$200,000 which will go a long way toward healing those bumps and aches... Prof. Paul Mickelson, who did the round-by-round for the AP, said: "It was my easiest fight."  
**General Phelan**, chairman of the boxing commission, waved ushers aside with a sniff and personally conducted Postmaster-General Farley to his seat in the working press... Saddest guy was a fellow from Houston who flew here in a plane, bought a \$30 ticket for \$75, found his seat behind a post and had a drunk sit on his new \$10 Panama.  
Today they are supposed to sign articles for Max Baer and Louis in September but after what he saw last night (and felt

a couple of years ago) Mr. Baer better be looking at a California time table... Schmeling might have hollered foul because of the body punch Louis landed... Only you can't win on a foul in this state.

**COWHAND KILLED BY LIGHTNING**  
**FREER, June 23 (AP)—**Ed Perez, cowhand, was killed instantly and three other men were shocked late yesterday when a bolt of lightning struck in the midst of the four mounted horsemen herding cattle on the A. J. Wiederkehr ranch near here.  
Woodrow Wiederkehr was burned and shocked. A. J. Wiederkehr and Kiran Manka were momentarily shocked. Three of the horses were killed.

**SEEK TO FACILITATE HIGHWAY HEARINGS**  
**AUSTIN, June 23 (AP)—**A plan to facilitate monthly hearings before the highway commission to provide county delegations with more satisfactory service was announced today by Julian Montgomery, state highway engineer.  
Montgomery asked delegations to register sufficiently in advance to permit department engineers to gather data on matters to be discussed by them.  
The eyes of infants do not coordinate properly until the age of three months.  
There are Esperanto clubs in nearly all large cities.

Donald Budge Wins Again At Wimbledon

Henkel Beats Boussus To Advance

THROUGH THE BRIDGE formed by Third Basemen Owen's legs slid Bobby Doerr of the Boston Red Sox in the second inning of a Boston game between the Sox and Chicago White Sox.

All Seeded Stars In Victories, Yankee Star Is Tops

WIMBLEDON, Eng., June 23 (AP)—Don Budge, looking for the first time like the champion he is, moved into the fourth round of the All-England tennis championships today with a 6-0, 7-5, 6-1 victory over G. Lyttleton Rogers, lanky Irish star.

Rogers put up a better fight in the second set but the American Davis cup ace withstood seven service aces to win.

The world champion swung back in stride in the third set, however, allowing Rogers only 13 points and one game.

Roderich Menzel, giant Czechoslovakian ace, completed the parade of the seeded players into the third round when he beat W. C. Choy of China, 7-5, 3-6, 4-6, 6-2, 8-6 after their match had been halted yesterday, because of rain.

Henner Henkel, German star picked as the most serious rival of Don Budge, was the first of the ranked players to move into the fourth round. He whipped Christian Boussus of France, 6-2, 6-3, 6-2.

Gene Malo gained the fourth round with a four set victory over E. Anderson Brooks of England, 6-2, 6-2, 5-7, 6-2. The only trouble Budge's doubles partner had was in the third set when he was troubled by blistered feet and lost the first three games.

Mrs. Sarah Paley Fabian and Alice Marble, members of the U. S. Wightman cup team, advanced in women's doubles, defeating Jadwiga Pedrzewowska of Poland and Mrs. M. A. Thomas of England, 7-5, 6-3 in a second round match.

TEXAS SANITARIANS FORM ORGANIZATION

LUBBOCK, June 23 (AP)—Promotion of better sanitary and health conditions in Texas and of a fraternal attitude among public health and sanitation workers was the aim today of the Texas Association of Trained Sanitarians.

The organization was formed here yesterday at the public health workers and sanitation officers short course at Texas Technological college, with R. N. Hancock of McAllen being named president.

Membership is restricted to persons who have enrolled in the short course or one of the three similar courses offered in the United States.

BUSINESS CLUBS END CONVENTION

AMARILLO, June 23 (AP)—The national convention of American Business clubs, which closed here yesterday, selected Washington for the 1939 meeting place and elected Joe Dekle of Atlanta, Ga., president.

Plans for a national survey on juvenile delinquency on which to base a "big brother" movement were discussed.

PLENTY OF NEWS

TOKYO, June 23 (AP)—Joe Louis' one-round knockout of Max Schmeling—story and pictures—was front page news in Japan today.

Boxing fans said pre-flight sentiment overwhelmingly favored Schmeling.

POLLARD INJURED

Max

(Continued from page 1)

lyzed his 32-year-old legs gave Louis the revenge he had sought ever since the German knocked him out in 12 rounds two summer ago.

A Right Fight. Three other smoking Louis rights the canvas. The third time he was down on his hands and knees trying vainly to rise. Referee Arthur Donovan stopped the slaughter. But it was the right to the body, delivered with every ounce of Joe's strength after about a minute of mixing, that settled the issue.

Schmeling still grumbled from the pain of the blow in his dressing room as he explained to the German ambassador, Heinrich Dieckhoff, what had happened. His left eye was swollen almost shut. He said his head had been clear right to the last, but the ringsiders thought he looked dazed.

Max Machon, Schmeling's trainer, threw in a towel when the count over the third knockdown had reached five. "I saw the man couldn't move, so what could I do?" he asked later.

Donovan first threw the towel from the ring, then turned and quickly lifted the struggling Max to his feet. The count by then had reached eight. After a few minutes in his corner, Schmeling shook across to his conqueror, shook his hand and mumbled "You are a good fighter."

Was Confident. It must have been a bitter thing for the proud ex-champion to say. He had been completely confident that he would tear Louis apart again with his right fist and take the title back to Germany.

In the fury of the champion's attack, Schmeling scarcely had a chance to use his one great weapon. He was caught cold, despite the fact that Louis had been proclaiming for weeks his intention of forcing the fight.

So busy was Max warding off his fan pursuer that he threw only two rights. The first was in close during a mix-up at the outset, and did no harm. The second he shot

in desperation, after he had been hurt. The crowd saw it go and there was a brief, sharp cheer, but it was high on Joe's cheek and the champ paid no attention to it.

The moment the bell rang it was all too evident that Louis meant business. He went right across after Schmeling, pumping punches, and giving Max no chance to stand his ground. Schmeling's face was red after the first flurry.

Cries With Pain. His back still was against the ropes when Louis suddenly brought over a right to the head that turned the German half around, and followed it with his blast to the kidneys. It draped Schmeling over the ropes and his yelp of anguish was heard across the ring. The referee shielded him for several seconds before he continued.

Louis charged in and lugged him on the chin with another right. Down he went for a three-count, his mouth bloody and his face twisted. He barely was up before Joe clipped him again. This time, clearly confused, he bounced up at the count of one.

Now Louis made sure of his kill. As the tottering Teuton stood there, his guard barely up, Joe measured him carefully and sent a terrific right to his chin. Max fell straight forward, his face nearly striking the floor.

The sheer brutality of Louis' assault must not have been lost on Baer, who sat in a ringside chair. Though he signs today to fight the negro, it is doubtful Max believes down in his heart he can win. He took a bad hiding from Louis before, and Joe is a far better man now.

As for Schmeling, his future clearly is all behind him. He said he would like to fight Louis again, but the odds are long that he never will get the chance. He is returning to Germany July 1 to receive whatever sort of reception awaits him.

The first society for the prevention of cruelty to children was founded in New York in 1875.

The British Museum contains between 3,500,000 and 4,000,000 printed books, 55,000 manuscripts,

Indians Open Up To Shell Yanks And Increase Lead; Giants Win

By SID FEDER Associated Press Sports Writer

Unless those Yankees of Col. Jake Ruppert soon get around to their closest pursuers, the Terry Terriers boosted their lead to 2-1-3 games.

Monte Stratton's eight-hit pitching, backed by a 17-hit assault, gave the White Sox a 16-3 win over the Washington Senators. The Athletics landed on Rookie Howard Mills with a four-run outburst in the sixth to sink the St. Louis Browns, 7-1.

Len Warneke's pitching and Ducky Medwick's bat combined to lead the Cardinals to a 4-2 victory over the Boston Bees. The Cubs-Phillies game was rained out, and the Pirates and Brooklyn Dodgers weren't scheduled.

Of course, there'll be a lot of Colonel Jake's brew poured before they wrap up the pennant on this year's American league wars.

But with the season approaching the halfway mark, Gehrig and company in third place today, 4 1/2 games back of Cleveland's galloping Indians, and that certainly shouldn't make those who invested a few bobs at the 7 to 10 pre-season odds feel any too comfortable.

Humiliate Yanks. The late Murderers' Row had its best chance of the season to do something about the whole business this week in a four-game series with the tribe. But Mr. Vitt's revitalized Indians came from behind for a 10-5 decision in Tuesday's opener, and then humiliated the Yanks all the way in taking both ends of a doubleheader yesterday, 3-1 and 7-1.

Lefty Gomez lost another of his heartbreakers in the opener, making a two-run wild throw in the first inning to hand the Tribe all its runs, and then pitching one-hit ball the rest of the way, which his mates failed to back up. In the nightcap, Johnny Allen tossed a four-bitter for Indians and Bruce Campbell's three-run homer led a 14-hit attack.

With the second-place Boston Red Sox dropping an 8-2 decision to the Tigers, in which Vernon Kennedy handed Lefty Grove his second defeat of the season, the double win boosted the Indians' margin over their nearest rivals to 3 1/2 games.

Giants Boost Lead. Terrible Bill Terry's Giants, at the head of the National league parade, also gained ground by coming from behind with a five-

run outburst in the seventh and eighth frames to clip the Cincinnati Reds, 6-4. By knocking off their closest pursuers, the Terry Terriers boosted their lead to 2-1-3 games.

Monte Stratton's eight-hit pitching, backed by a 17-hit assault, gave the White Sox a 16-3 win over the Washington Senators. The Athletics landed on Rookie Howard Mills with a four-run outburst in the sixth to sink the St. Louis Browns, 7-1.

Of course, there'll be a lot of Colonel Jake's brew poured before they wrap up the pennant on this year's American league wars.

But with the season approaching the halfway mark, Gehrig and company in third place today, 4 1/2 games back of Cleveland's galloping Indians, and that certainly shouldn't make those who invested a few bobs at the 7 to 10 pre-season odds feel any too comfortable.

Humiliate Yanks. The late Murderers' Row had its best chance of the season to do something about the whole business this week in a four-game series with the tribe. But Mr. Vitt's revitalized Indians came from behind for a 10-5 decision in Tuesday's opener, and then humiliated the Yanks all the way in taking both ends of a doubleheader yesterday, 3-1 and 7-1.

Lefty Gomez lost another of his heartbreakers in the opener, making a two-run wild throw in the first inning to hand the Tribe all its runs, and then pitching one-hit ball the rest of the way, which his mates failed to back up. In the nightcap, Johnny Allen tossed a four-bitter for Indians and Bruce Campbell's three-run homer led a 14-hit attack.

With the second-place Boston Red Sox dropping an 8-2 decision to the Tigers, in which Vernon Kennedy handed Lefty Grove his second defeat of the season, the double win boosted the Indians' margin over their nearest rivals to 3 1/2 games.

Giants Boost Lead. Terrible Bill Terry's Giants, at the head of the National league parade, also gained ground by coming from behind with a five-
