A Good News Review

Volume 89 #39

The Eldorado Success

September 27, 1990

City Recieves Grant

The City of Eldorado has been awarded a grant of \$251,200. This grant was made by the Texas Department of Commerce.

According to William Taylor, Executive Director of T.D.O.C., the grant is for sewer treatment plant improvements.

These funds were appropriated through a 1990 Urgent Need Grant. 100% of this funding is by the T.D.O.C. (usually a percentage the grants have to be matched by local funds.)

This award is made

available through the Texas Community Development Program.

The funding will go to make repairs to the City's wastewater plant. The repairs to the plant are needed due to a variety of reasons.

Henderson - 1990 Homecoming Queen

Amy Henderson, (center) 1990 Homecoming Queen, is pictured above with her court Katie Hardy and Angie McGregor.

Linthicum Appointed CRCC Chairman

Horace Linthicum of Eldorado has been appointed area chairman for the 31st annual Cattleman's Round-Up for Crippled Children, according to James (Jim) Alexander, general chairman.

This Schleicher County supporter is among 225 volunteer chairman statewide assisting the CRCC fundraiser which benefits West Texas Rehabilitation Center in Abilene and San Angelo.

"Livestock donated by ranchers is collected at designated points in each community and transported to the auction site," Alexander explains. "The local chairman's

job is to make a personal pledge, then ask others to join him in this 'neighbor-helping-neighbor' drive which has a goal of \$183,000 this year."

Proceeds from the Round-Up activities are converted into treatment and children served annually. Each patient, upon proper referral, is treated without regard for financial status. The only time patients are charged is when specific equipment is secured for them to own.

Scheduled CRCC sale dates include Horse Sale - Sept. 29, Abilene Auction; Coleman Sale - Oct. 3; Stephenville Sale -

Oct. 3; Junction Sheep and Goat Sale - Oct. 8; San Saba Sale - Oct. 11 and Brownwood Sale - Oct. 30.

"If ranchers sell stock at other times of the year, Alexander adds, "we hope they will make a pledge now and later ask local auctions to send the Rehab Center a check when the stock does sell."

Persons wishing to make a donation of livestock or cash or those needing to arrange for transportation of animals should contact their local chairman or call the nearest WTRC facility -- Abilene at (915) 691-7200 or San Angelo at (915) 949-9535.

Local Agencies Recieve Gifts From Conoco

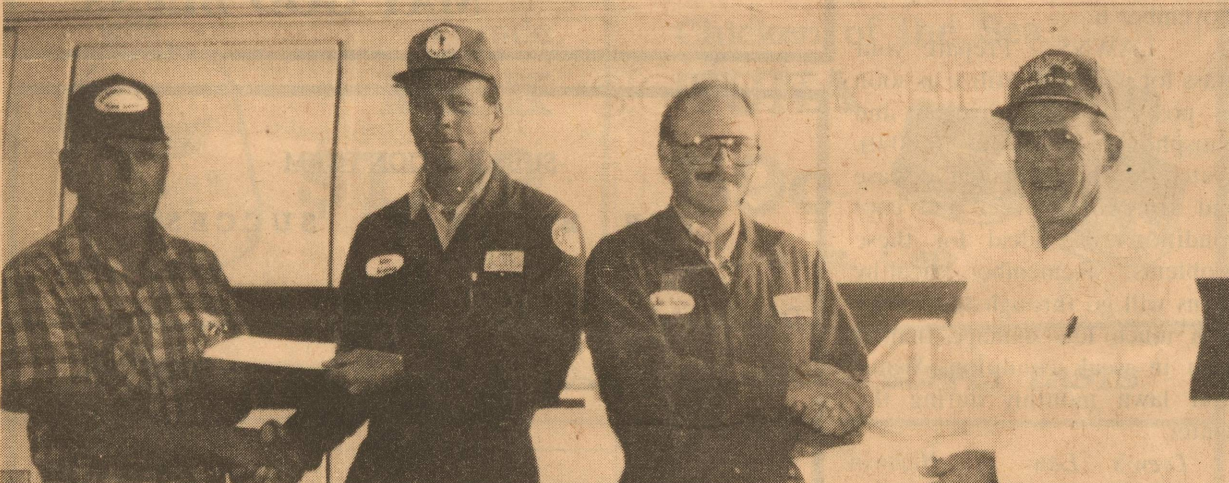

Jim Suter and Mike Mankin, presented donations to the Schleicher County Volunteer EMS, the Eldorado Fire Department and the Schleicher County Independent Schools this week, on behalf of Conoco. Suter is the local Plant Manager

for Conoco. Mankin is Conoco's Maintenance Supervisor.

Conoco, a subsidiary of DuPont, operates two natural gas plants in this area. A number of Eldorado citizens who are employed by Conoco work at these plants.

The donations were monetary gifts to the Fire Department and EMS. The school received a monetary gift and a Drug Awareness program.

Said Suter, "We are proud to be able to show our support for the community."

Mike Mankin and Jim Suter, representatives of Conoco, are pictured above presenting checks to Jerry Jones, Eldorado Fire Chief, and Ray Ballew, President of Schleicher County Volunteer E.M.S.

Bible Study Class Offered

All those interested are invited to the First Baptist Church Fellowship Hall on Thursday, October 4, at 10:00

a.m., for the first in a series of Bible studies from the book of Genesis. The study will be taught by Mary Robinson.

Notice

Last week it was reported that the rainfall for the Brazzel Ranch, since July 15, was 51.9 inches. This is incorrect. The actual rainfall is 43.4 inches through Sunday, September 23.

Jim Bowie Days

Jim Bowie Days, Menard, Texas Menard County celebrates the legend of the Lost Jim Bowie Mine. The fun begins Friday night, September 28, dancing under the stars with the Southern Image Band.

Start your Jim Bowie Day Saturday, September 29, with an Arts and Crafts Fair at 9:00 a.m. Scheduled throughout the day are gunfights and live musical entertainment.

There will be a Little

Miss and Mr. Silver Nugget contest, food booths a Bar-B-Que lunch and auction, a children's fair, the Ballet Azteca, wagon rides, demonstrations of quilt making, horseshoeing, dollmaking, and whittling.

Relive the Old West while you watch the outdoor theater production of "Song of Silver" at 7:30 p.m.

End your day of fun with the famous dancing band, Jody Nix from 9:00 p.m. to 1:00 a.m.

Eagles Swat Yellowjackets

The Eldorado Eagle Football team finished their non-district schedule with a win over Irion County by the score of 25-0. The win gives the Eagles a perfect 3-0 record.

It was homecoming and parents night as the rain waited to come down until 7:30, which was the exact time for introducing the parents. The rain never stopped throughout the event, but everything continued as scheduled and the night was a success.

The Eagles scored on their first possession with a key play occurring on the Eagles own 35 yard line. Ramiro Barajas took a hand-off from Cy Griffin and then threw the ball to Justin Edmiston for a gain of 36 yards. A few plays later, Cy Griffin

scored form 1 yard out. The try for 2 points failed and the Eagles were on top 6-0.

The second score was made by Justin Paxton around the left side of the offense and the third score was by Cy Griffin on a run around the right side. All three scores were made during the first quarter and the two point attempts were unsuccessful as the Eagles led 18-0.

Through the second and third quarters both teams defenses played well and neither team scored any points. The Eagle offense had difficulty handling the ball in the wet conditions and lost the ball on fumbles. The only other score came late in the fourth quarter on an eight yard run by Justin

Paxton. The extra point was made by Fito Gonzalez.

"We need to be consistent on offense and handle the ball better, even in wet conditions," explained Coach Doug Kuhlmann.

"Our next ball game is with McCamey and they were picked high in pre-season polls. We will have to play a complete game and avoid mistakes in our first district game to be successful."

The Eagles play the McCamey Badgers at home on September 28th at 8:00 p.m. This will begin the district 6-AA race which has eight teams. The district consists of Eldorado, McCamey, Ozona, Iraan, Coahoma, Forsan, Wall and Stanton.

At their September 24 meeting, the Commissioners Court approved the moving of the library from it's present location to the County Annex

building, which was formerly McCalla's.

The building will be remodeled. Half of the building will have offices which house other government agencies. Nancy Lester and Jerry Swift offices will be moved to this building.

When asked what she thought about the library being moved, Jerry Whitten said, "I am

very happy. The building will be larger and we will have access for handicapped persons. We will also have some much needed new shelving for our books.

In other business, the Court approved a subsidy to the local meals on wheels. It ordered the setting of the November 6 election and ordered the clerk to call for bids for the county agent.

Notice

The TSTA Tennis Tournament has been rescheduled for Saturday and Sunday, October 20 and 21.

For more information, please contact Chris McCravey at 853-2078.

The Editor's Journal

Life Among The Fishes

by Thomas Giovannitti

I don't know about these budget negotiations. I am a little concerned about a group of congressmen, whose party affiliation shall not be mentioned, who want to raise taxes on people or families with incomes of less than fifty thousand but lower the income tax on folks or families making over two hundred thousand dollars. I know which group I am a member of and it does not make me happy they want to

raise my taxes.

As far as reducing the capital gains tax it would have very little effect on my taxes. I am very lucky to keep my assets out of hot water let alone sell them for a capital gain. On the other hand, it appears to me that folks with really big assets should be able to live with having some of their excess used to help pay the National debt which is a pretty big load also.

I don't see what is so

wrong about raising the income taxes on all those taxpayers who make taxable incomes over two hundred thousand or more. This is a group of which I am not a member. That alone would recommend it for higher taxes, but I can't believe that it is a group with very many members who reside here in Schleicher County. Oh, I am sure there are a few but not so many as belong to the group who makes less than two hundred thousand

dollars a year. This top income group ought to be in favor of paying more taxes themselves. For one thing maybe if they paid more taxes and I paid less, I would be able to make more money and soon I would be in their group along with lots of other new members and we could throw out those rascals who made us rich people pay our fair share and put in a new bunch of congressmen who would change all that and tax the poorest which would only be right!

Letters To The Editor

Dear Editor,

What kind of State do you want Texas to be? Do we take up the policy of looting Mexico and Central America of their raw-materials in little colonial wars to survive only by the genocide of Central America and South America?

Or do we take up the Triangle of Texas, which is the industrialized development programs of LaRouche and "A Lebinizian Approach to City design?"

The result of this is an increase in population density, or potential population density, which means that, in terms of production of material, means of survival and development of man's condition, that is, we might call it an improving standard of living, in physical terms, in terms of technology, and physical production. So we have an increase, per capita, in man's power over nature. At the same time, this per capita power is reflected in man's power per

hectare per square kilometer, over nature. The power to produce, is correlated with the consumption of power, in the way the form of which power expresses itself, per production and life. And thus we see, that the relations we describe the geographical relations, water, power, transportation, and the location of urban centers, and so forth, reflect a deeper principle, the principle of man's relationship to nature, a

relationship which is determined by essential distinction which set man apart from, and above, all the beasts: the powers of creative reason.

We have to take water from Alaska and Canada down through the Rocky Mountains to Texas. This will bring many jobs to Texas and NAWAPA will make the precondition for developing high potential relative population densities.

Candidate 67 State Representative

Lester Dahlberg

Our Sympathy

EDGAR SAUER
Edgar Sauer, 72, died Tuesday in Schleicher County Nursing Home.

Services were held at 10:30 a.m. on Thursday at Mertzon Highway Church of Christ with burial in Eldorado Cemetery, directed by Kerbow Funeral Home.

He was born November 22, 1917, in Doss and had lived in Eldorado since 1928, where he was a farmer. He was a veteran of World War II and a member of the First Christian Church. He also was a member of the American Legion.

Survivors include his wife, Louella Reeves Sauer of Eldorado; two sons, Hyman Sauer and Norris Sauer, both of Eldorado; two brothers, Clemens Sauer of Eldorado and William Sauer of Van Horn; six sisters, Regina Williams, Rosa Faight, Bertha Lux and Irene Reynolds, all of Eldorado, Cora DeLounge of San Angelo, and Gertrude Perkins of Dumas; and four grandchildren.

EVA MAE BRYANT
Eva Mae Bryant, 86, died Wednesday in Schleicher County Medical Center.

Mrs. Bryant was born on September 20, 1903, in Robertson County, and had lived in Eldorado for 64 years.

Services were held Friday at First Baptist Church, where she had been a member for many years. The pastor, Rev. Chris Graham, brought an inspiring message on life and death as a loving tribute to a wonderful woman who had lived and loved

life to the fullest, doing what she loved best, taking care of children. He used scripture from Ecclesiastes 3:1-4. During the service, Sheri Belk sang "In the Garden," accompanied by Maxine Page, which was one of Mrs. Bryant's favorite hymns. At the close of the service, Carol Graham played Amazing Grace on her flute. Maxine Page played the organ before and after the service.

Almost every mother in Eldorado could say that sometime in the life of their children, Mrs. Bryant had kept them. They all loved her and she loved them.

Mrs. Bryant and "Daddy Pete," as the children called him, had two children: Betty Rogge of

Glenrose and Earl E. Bryant, who preceded her in death in 1978; five living grandchildren and 13 great-grandchildren. Two grandchildren, Monty and Gary Lee Bryant, sons of Earl and Laverne Bryant, preceded her in death. She had one brother, Harvey L. Cobb, Lubbock, and several nieces and nephews.

Burial followed the services in Eldorado Cemetery directed by Kerbow Funeral Home.

VERNIE H. LOGAN

Graveside services were held on Monday, September 24, for Vernie Humphrey Logan, 72, in the Gladewater Memorial Park with Rev. Billy Teague officiating under the direction of Stone

Goodwin Funeral Home of Gladewater. Mr. Logan died Saturday evening in Tyler Hospital after a long illness.

Born in Dallas, Texas on March 22, 1918, he had been a resident of Union Grave Community near Gladewater for seven years moving from Ft. Stockton. He was a member of the New Life Fellowship in White Oak and was a veteran U.S. Navy service in World War II. He was a retired carpenter.

He is survived by his wife Marlee Logan, Union Grove, one son, Richard Logan, Hampshire, Texas; two daughters, Jo Johnson, Tyler, and Darcus Teague, Gladewater; one brother, Fred Logan, Eldorado, and one sister, Minnie Skinner, Miles, Texas.

TEXAS AGRICULTURAL EXTENSION SERVICE

County Agents Report

by Jerry Swift, County Extension Agent - Schleicher County

GARDENING IN OCTOBER

Few flowers are more welcome than tulips and other flowering bulbs that bring the news of spring. They're even more appreciated because of the minimum work and care involved in getting them established. With proper treatment, tulips, hyacinths and many other bulbs bloom in almost any part of the country.

When you buy bulbs in a store, you can often separate the good ones from the bad ones simply by picking them up—healthy bulbs are firm, not flabby. Good quality bulbs are noticeably heavy in relation to their size.

PLACES TO PLANT

Tulip bulbs have an elegant, formal shape, but they are most often used in informal plantings. Formal planting is most successful in a geometric planting bed, usually a straight-edged mass planting. Tulip bulbs are best in clusters or groups of three to five bulbs. Bulbs of the same color and type are best together. Scatter groupings beneath trees, throughout shrubby beds, around evergreens, in flowerbeds—anywhere you need a beauty spot of every color. Be sure to plant only in well-drained areas—overly wet areas cause bulbs to rot away. For best results with tulips, dig up and replace them every year.

Hyacinths have wonderful fragrance and soft pastel colors. Because they are short-stemmed and soft-colored, it's best to plant them in front of dark evergreen shrubs or in the front of larger flower gardens. Choose a sunny area and be sure it's well drained. For the best show, plant several bulbs of the same color together.

Alliums are lesser known spring flowers. The small blooms, consisting of many small flowers, are round or tennis-ball shaped. The foliage is onion-like and the flowers are usually fragrant. Blue is the most common color, but others available.

Narcissus can often be planted earlier than other bulbs. Once planted, narcissus form into clumps over a period of years. Naturalistic plantings are ideal for narcissus (including daffodils) because they like to be left undisturbed. Since they bloom in early spring, these bulbs can be planted in shady areas where leaves might hide them later in the season.

Bulbs are basically self-contained food-storage mechanisms adapted to live underground. It's important to

know that a bulb often will not flower again unless its leaves are left to manufacture food and replenish the bulb for the coming year.

COTTON - The bids for the 1990 Schleicher County Boll Weevil Diapause Control Program were taken September 20. Receiving the flying bid was Aero tech of Bovina, Texas. The Chemical bid was awarded to Veribest Ag. The spray schedule is October 9, October 23 and November 6.

LAWNS - Prepare your grass for winter: Fertilize as soon as possible with nitrogen and phosphorus (example 16-20-0). Watch for brown patch disease and armyworms. Wet and cool conditions are ideal for these problems. Remember healthy lawns will go through the winter with much less damage than a lawn in weak condition. Water your lawn monthly during the winter.

Drew's Law of Highway Biology: The first bug to hit a clean windshield lands directly in front of your eyes.

Zappa's Law: There are two things on earth that are universal: hydrogen and stupidity.

An Apple A Day

by Lee R. (Smokey) Taylor, R.Ph.

Consensus on a Healthy Diet: Cancer, heart dietetic, diabetes, and pediatric associations as well as U.S. Departments of Agriculture and Health and Human Services and Centers for Disease Control have agreed on the basic components of a good diet.

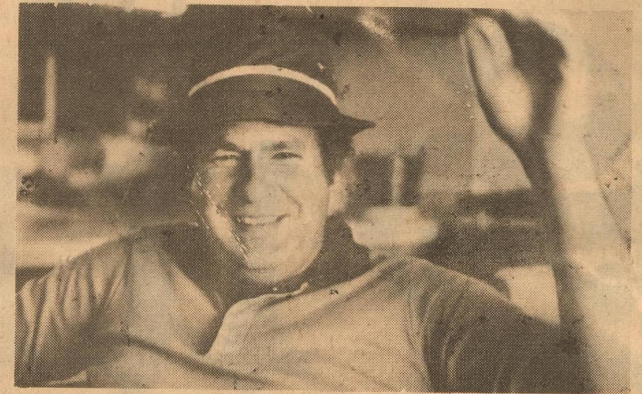

"The Healthy American

Diet" focusses on reduced fat, particularly saturated fat and cholesterol; maintenance of a reasonable body weight; increased consumption of complex carbohydrates and fiber; reduced sodium intake; and moderation in alcohol.

--Journal of the National Cancer Institute

Laugh and Live

by Gary Smith

"The years teach much which the days never know."

Ralph Waldo Emerson

Remember when my daughter was much younger. I was speaking with an elderly lady while Jennifer was standing there listening and looking intently at the lady.

Suddenly, she blurted out, "How old are you?"

I said, "Hush honey. You shouldn't ask a lady how old she is. That's her business."

With the honesty and forth-rightness of a six year old, she said, "Well, she must have been in business for a long time."

A friend of mine died this morning. P. S. Dudley was 95 years old. He had been in business for a long time.

Part of "Dud's" business was helping others. Part of his business was just in being a good husband, father, grand-father and friend.

You know, I'm willing to bet that he's still in business.

'Til the next time...

MAY GOD BLESS.

YFU Provides Student Opportunities

Have you ever wondered what it would be like to live in an exotic country as one of the "natives"? Ask Stan Meador who spent a year as an exchange student in The Netherlands, under the auspices of Youth For Understanding (YFU) International Exchange. Stan's second "home" was with the Bogaards family in Haarlem. In the United States, he is the son of Lynn and Christy Meador.

Stan, a 1989 graduate of Eldorado High School, is now a freshman at Texas A&M. "I have gotten a taste for traveling and a taste for meeting people and doing things in other, bigger, and more exciting places. A definite possibility for a career for me now would be some kind of international work. This extra year has given me a lot more opportunities to see a lot more things that are available these days." When asked what he enjoyed most about his experience, Stan replied, "being able to travel and learn the culture of the Dutch and especially meeting new people."

Stan's interest in the exchange program was aroused when he received an information packet. "I kind of threw it aside and thought it would be neat and

the idea sparked and I perused it from there. I remember lying in my bed wondering what people from other places do. I know what people do in Eldorado, Texas U.S.A. What do people do somewhere else do? How do they get up? What do they wear when they get up? What do they eat? Do they eat? How do they get to where they are going? Where are they going? These are just basic questions that everyone knows about here. We follow, for the most part, a pretty routine schedule. Now I have found that all over the world it is basically the same. People go places. Kids go to school, but they get there a different way and they might wear a little different clothes and that's what I wanted to see and what made me interested in the whole program."

"YFU's American Overseas program gives high school students a chance to immerse themselves in another language and culture, which helps them learn and grow in ways they never anticipated," said YFU President William M. Woessner. "The increased confidence and abilities with which students return home is invaluable."

Year exchanges are popular with American students

because they allow the teenager to adjust to and absorb a new culture, attend a full academic year at school, become fluent in another language, make friends and a new family, and have valuable experiences he or she will prize forever. As one student to Finland remarked, "It's the chance of a lifetime. I'll always remember it!"

Stan stated, "I thought I was a pretty independent person, and I was, for the most part. I think you have pretty independent to leave like I did and like other exchange students do each year, but you realize that after you are gone and you are 8,000 miles from Mommy and Daddy, and whoever else, that you have to make some decisions and learn how to be independent. There are people to help you, but it's not the same. You really grow up quick as far as being self-reliant. One of the biggest changes I see in myself is that I realize that people aren't stupid and people don't do stupid things. People are different and have different beliefs and people do what they think is right. To us, some people from other places do stupid things, but really they are not. They are doing what they know. Once you are

put into a different culture and different situation, where you have to accept what they do and do it without too much question. Then you realize that maybe this is a better way than what I thought was right."

"The school that I went to was an economic school. Schools in Holland are really different than those in America. There are no extra curricular activities in school. You go to school and you go home. There are no sports, no band, no anything. You have your friends from school and you have your friends from sports clubs and other things, so there is not the school spirit or the unity, but they don't gear it that way. It is strictly for learning. Most of their schools are geared more like a college, as far as courses, in that your schedule changes every day. I had more economic class. I also had typing and some general courses like computers."

"The family that I lived with did not have a car. There were four people living there. My host parents and one host sister. We each had a bicycle. My host father was a director of an orphanage. He oversaw it and took care of it and was also a sort of counselor for kids who

lived there and needed help. My host mother was a kindergarten teacher. My younger sister went to a different school than I did.

"Three of my friends are coming next summer to spend four to five weeks with me. They lived close to where I did and I probably did as much or more with them as I did with anyone else the whole year," ended Stan.

YFU year programs are offered in countries around the world, such as Japan, Germany,

Australia, and Brazil. Departures are offered in both the summer and mid-winter. YFU also offers summer and semester long programs. About 3,000 students participate each year in YFU's American Overseas program.

YFU, established in 1951, is one of the world's oldest and largest nonprofit international exchange organizations, dedicated to international understanding and world peace. For more information about YFU, call 1-800-TEENAGE.

Stan Meador

E-Day Huge Success

by The Chamber Pride Committee

"E-Day", Saturday, September 15th, was a huge success, with almost 200 people registering and participating. We gathered at the Courthouse at 9:00 a.m. for registration with Dana Owens and Imogene Newport in charge. Charlie Bradley played "Reveille" on the trumpet, and Reverend Chris Graham gave the invocation. We divided into groups and concentrated on cleaning properties on the San Angelo Highway, the Sonora Highway and Main Street. Several Churches had representatives working to beautify their grounds.

People brought mowers, shredders, weed-eaters, tree pruners, shovels, rakes, hoes, scythes, brooms, trash bags, and a back-hoe and front-end-loader. The county and city governments furnished dump trucks and several men to pick up trash in alleys and streets. The heavy equipment was especially needed. Several volunteers had mowed

vacant lots the previous week. All over town 80 neighborhood captains and residents chose that day to clean and beautify their own property. The Lion's Club, American Legion, and V.F.W. cleaned their two miles of highway they had adopted, then many came to help within the city. A hearty round of applause goes to Beta Sigma Phi Sorority who tackled and whipped several of our worst areas. Cheers also for the Boy Scout Troop 18 for adopting and cleaning the unused Episcopal Church. Hooray for Eldorado Middle School Student Council for cleaning an elderly lady's residence and other needed areas. Our schools participated en masse with the superintendent and all three principals, numerous teachers and aides, and many students from the elementary, middle and high school working all day. Oil drums donated by Griffin Oil company were made into attractive trash cans and painted by F.F.A. students, assisted by Ag teacher, Craig Menzies, then

decorated by art teacher, Bill Wells and high school art students.

A great lunch was prepared and served by Nancy Lester and her committee of volunteers including 4-H Students. The Schleicher County Hospital Auxiliary served iced tea and lemonade.

We had wonderful publicity for this special day. Our high school art students, Mike Sproul and Jackie Napier made posters which were displayed all week. We appreciate the fine cooperation and coverage our local paper has continually given us. In addition, we had a recent article in the San Angelo Standard Times. KLST-TV featured JoAnn Sproul and Ronnie Sauer interviewed by Lou Kordak on Friday, September 14th, at 5:00 p.m. Then a T.V. Newsphotographer was here Saturday. On the 11:00 p.m. news that night were pictures of our many workers, and an interview with General Chairman, Pat Sykes.

There is no way to list all of the dedicated workers, but each one received much satisfaction seeing the BIG difference their efforts produced. The participation and results of this giant community effort were awesome--a great beginning for a renewed feeling of civic pride. Several young teachers, as well as others, suggested another workday soon, for there is more to be done. Eldorado, you've outdone yourselves! There is a strong evidence of civic pride that is impressing our neighboring towns. WE'VE always known that Eldorado has the purest water, the nicest climate and the BEST PEOPLE in the world--thanks for proving it to everyone else!!!

PUBLIC NOTICE
 BRIEF EXPLANATORY STATEMENT
 OF PROPOSED
CONSTITUTIONAL AMENDMENT
 GENERAL ELECTION
 NOVEMBER 6, 1990

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 2, Sixth Called Session, 71st Legislature, proposes a constitutional amendment to provide that if the Senate, at any special session, does not take final action to confirm or reject an appointee of the Governor made during a recess of the Senate, the appointee is entitled to continue in office until the Senate rejects the appointee at a subsequent session or until the Governor appoints another person to fill the vacancy, but such a nominee whom the Senate does not act to confirm or reject at a subsequent regular session is considered to be rejected when the session ends.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment to clarify the authority of the senate to consider certain nominees to state and district offices and to provide for filling vacancies in those offices."

Este es el informe explicatorio sobre la enmienda propuesta a la constitución que aparecerá en la boleta el día 6 de noviembre de 1990. Si usted no ha recibido una copia del informe en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

A Touch Of History

by Rene Calcote

Throughout the years the Eldorado Eagles have always had moral and inspirational support from a group of girls called the pep squad.

The pep squad has a lot of responsibility, much more than leading the yells on game nights.

The squad and cheerleaders make posters, banners, plan pep rallies, attend camp, have fund raisers, practice - a lot, and do many other things to support our sports groups.

Let's give a cheer for the cheering section of the Eldorado Eagles!

Pictured above are the cheerleaders of 1962. They are: (L-R) Jan Davis (Davis), Frankie Blaylock (Hardy), Jonet Pike (Powell), Joan Griffin, Betsy Bruton (Thackerson).

Pictured above are the 1972 cheerleaders. They are: (L-R) Jill Edmiston, Janice Mikeska, Carolyn Page and Charlene Warnock.

Pictured above are 1977 cheerleaders. They are: (L-R) Cherie Niblett, Sammie Jay, Susan Mertz, Susan Warnock, Jeanette, Hanusch and Candi Draper.

Pictured above are the 1990-91 cheerleaders. They are: Top Row: Lee Ann Lamb. Middle Row: (L-R) Traci Paxton, Lolly Barrera and Angie McGregor. Bottom Row: (L-R) Lindy Hardy, Amy Henderson and Katie Hardy.

| THURSDAY, OCT. 4th | Pineapple Juice, Hot Biscuits - Bacon - Jelly, Peanut Butter. |
| FRIDAY, OCT. 5th | Banana, Choice of Cereal, Toast. |

Beta Sigma Phi

by Glenda Harris

Beta Sigma Phi met on Monday, September 24, with 14 members in attendance. The roll call and minutes were read by Dorothy Dacy due to the illness of Shelia Prater. The treasurer's report was given by Barbara Jackson.

Old business included a report from the girls who were on hand to help with the E-Day clean up force. It was agreed by all that the day was a success. We want to thank all those who helped us finish cleaning the two lots we started before lunch. There was really a difference.

Glenda Harris reported a new band was found for the New Year's Dance. The Rounders from Junction will be playing and a good time is expected by all.

We then discussed the Halloween Carnival and appointed chairpersons for various committees. Look for

further details to follow.

Mary Jenkins reported International had sent new cookbooks for us to sell as one of our ways and means functions. It was agreed we will order some of the books to have on hand to sell to the public at our bake sale in November. If you wish to have one of the cookbooks, give a sorority member a call.

Tonya Mahanay asked if we would be interested in helping with the Health Fair to be sponsored by the Medical Center on October 24th. It was a unanimous decision to do fingerprinting that day. We'll have more details as the time grows nearer.

Following the adjournment of the business meeting, the program was given by Kim-et Nelson. Mary Jenkins won the Sunshine Gift and refreshments were served by Mary Leigh Dunagan and Glenda Harris.

J.V. Football Highlights

by Coach Paul Michaelawicz

The Eldorado Junior Varsity improved it's record to 3-0 for the season by defeating Eden 16-6.

The Eagles offense could not get much going during the first half. Instead, they had to rely on stiff defense. Tough defensive stands inside the 20 prevented Eden from opening up a big lead early. Eden held a 6-0

lead at the half.

A halfback pass from Casey Triplett to Sammy Prater set up one of the two scores in the second half. The two point conversions were good on both scores to make the final score 16-6.

This week the J.V. travels to McCamey in pursuit of victory number four.

Unofficial City Council Minutes

A Special Meeting of the Eldorado City Council was held Tuesday, September 18, 1990, at 7:30 p.m. at the City Hall. Meeting was called to order by Mayor Preston. Councilmembers Dora Bosmans and Debbie Ballew were absent; however, a quorum was declared present. Gary Smith of the Eldorado Success was also present.

CITIZENS PRESENT:

Thelma Bosmans met with the Council reporting that the Clean-Up Day sponsored by the Chamber of Commerce had been on a Mexican Holiday and that many of the persons in the Christian Addition did not clean that day. She asked if the Council would authorize use of the City's shredder and dump truck if an effort was made by the people in the area. It was explained to Ms. Bosmans that only City personnel could operate the equipment and only on publicly owned property; however, should City employees volunteer to use the equipment during off hours, that could be authorized. The Council stated that debris stacked on public property would be picked up by the City crews as time allowed. The status of the previously proposed Lot Clean-Up Ordinance and the Junk/Abandoned Cars Ordinance

was discussed, and Ms. Bosmans was advised to contact the County Health Officer to see if she could be of any help. Complaints for Livestock/Animals will be handled through the City's Municipal Court.

Ms. Bosmans also requested the City Council's consideration to a portion of San Saba Avenue between El Paso and Laredo Streets being roped off for the Clean-Up Day scheduled for Saturday, September 22. After brief discussion, it was the unanimous decision of the Council that the temporary closing be allowed so that refreshments, etc. could be served to the workers during the day.

ANIMAL CONTROL:

Brett Dacy, the City's Animal Control Officer, met with the Council to discuss various Animal Control matters. With regard to a proposal to purchase a tranquilizer gun, Mr. Dacy reported that he had mixed feelings about using one. The Secretary reported that according to Guy Moore with the TDH office in El Paso and William Edmiston, DVM, the use of the gun is not recommended due to liability, use the DEA controlled drugs, and the availability of the drugs which are termed "abuse" drugs. After brief discussion, it

was the Council's opinion that the tranquilizer gun not be further explored. Regarding Mr. Dacy's entering private property when in pursuit of an animal termed "vicious", he was advised to use discretion. Mr. Dacy had reported several threats being made against him while in the conduct of his duties. The Council recommended that complaints be filed with the proper authorities with the Council supporting his actions. The Secretary reported that the Health Department would be conducting a two-day Animal Control School in Midland near the end of November. Mr. Dacy was encouraged by the Council to attend the school with the City to pay his expenses. The possibility of obtaining a better snare and a radio for Mr. Dacy's truck will be explored by City personnel. Mr. Dacy was advised to always check with Dr. Edmiston before releasing any animals from the Animal Pound and to continue working with him to follow the prescribed procedures.

WASTEWATER PLANT

UPDATE:

In the absence of the Utilities Superintendent, the Secretary reported that prior to the new rainfall, the plant was showing improved testing results. It was also reported that the

Extension Service needed some testing of the City's wastewater effluent at an estimated expense of \$12,000. It was agreeable by the Council that the City absorb the expense in conjunction with the proposed agreement with the Christian family for use of the wastewater on their irrigated farm.

TRUCK ROUTE:

John Callison reported on the value of the City Concrete property as listed on the tax roll. Discussion was held regarding the possibility of purchasing the land for use with the proposed alternate truck route for R&H and Trio as well as with the upcoming water tower grant. The Secretary relayed information from Todd Engineering and Gary Traylor and Associates with regard to the grant which could prohibit use of the land due to location and TCDP acquisition rules. It was agreeable that the purchase of the land be pursued by the Council for use with the 20' alley to provide the truck bypass only.

AUGUST FINANCIAL REPORTS/TAX REPORT/BILLINGS:

The Year End Financial Reports were distributed to the Councilpersons and the August Tax Report was circulated for initialing. The billings received

since the last meeting were circulated, and motion was made by Barbara Jackson and seconded by John Nikolauk that they be paid. Motion carried.

COURTESY UTILITY CONNECTIONS:

The Secretary reported that there was a need to offset City personnel trips to connect services so rental property could be cleaned for a new tenant and then an additional trip to disconnect the service. This was reported as a particular problem at the Eldorado Place Apartments due to the turnover rate. After discussion, motion was made by John Callison and seconded by John Nikolauk that a trip charge of \$6.00/trip be charged. Motion carried.

INSURANCE PREMIUM INCREASES:

The Secretary reported that while the Blue Cross/Blue Shield insurance premiums effective 11/1/90 increased by 12% the Workmen's Comp premiums through the TML were increasing by 53% effective 10/1/90. An alternate plan has been proposed, and she requested the Council's input and consideration which could save the City \$10,000 as proposed. After brief discussion, it was agreeable that the agent be asked to attend the next meeting to discuss the proposal with the Council.

OTHER BUSINESS:

The Secretary distributed brochures on the November 14 and 15 "Options for Solid Waste" meeting in Austin.

She relayed request for paving the Carson Street from the residents who had met with the Council earlier in the year.

Written bid proposal to Raytheon to provide trash collection/disposal services for the Eldorado Air Force Station was reviewed. After discussion, motion was made by Barbara Jackson and seconded by John Callison that the proposal to continue pickup at the rate of \$910,000/month be submitted. Motion carried with John Nikolauk voting against. Contract period begins 10/1/90 for one year period.

The Secretary reported that Frank Perkins had again requested reimbursement for connections to sewer line installed by Perkins in 1975. She brought the Council up to date on the chain of events as evidenced in the Minutes and Records since 1975. After brief discussion, she was instructed to contact the City Attorney for review and opinion prior to the next meeting.

With no further business, the meeting adjourned at approximately 9:30 p.m.

Carolyn Mayo
City Secretary

It's A Boy

Mr. & Mrs. Robert Sykes, of Midland, wish to announce the birth of their son, Grant Thomas Sykes. Grant was born on September 16 and weighed 8 pounds and 2 ounces. Proud grandparents are Pat & Bob Sykes of Eldorado.

It's A Boy

Raul and Christina Gonzalez are proud to announce the birth of their son Rolando. Rolando was born on September 14 at 5:00 p.m. at Angelo Community Hospital. Rolando weighed 6 pounds and 1 1/2 ounces and was 19 inches long. Amika Justina was happy to welcome her brother home. Proud grandparents from Eldorado are Mariano and Eugenia Gonzalez and Luis and Mario Aguilar.

B-B-Que Set October 12

There will be a barbecue supper on Friday, October 12 at the Educational Building of the First United Methodist Church of Eldorado. Supper will be served from 5:30 p.m. to 7:00 p.m. The cost of each plate is \$5.00 for adults and \$3.50 for children 12 and under. The meal will consist of barbecue, beans, potato salad, onions, peppers, pickles, bread, dessert and drink. The brisket is being

prepared by Orland Harris. Tickets are available at The Eldorado Success or the Old Main Street Cafe. For more information call 853-2905.

THANK YOU

THANK YOU
Thank you to everyone for your prayers, thoughtfulness and caring expressed to our family in the recent loss of my father.
Lola Squires

THANK YOU
Words seem so inadequate to express our appreciation to each and everyone who comforted us during our loss. We are so thankful to all who brought food, sent cards and flowers, made memorials, called or came by to personally express their sympathy. The community support and presence at the funeral service was overwhelming. The compassionate care and concern of the nursing staff during the past several years reminds us once again how thankful we are to have the Schleicher County Medical Center.

We would also like to express our appreciation to the American Legion members for the flag ceremony.

The void and loss in our lives is somewhat filled by the sincere concern of our precious friends and neighbors!

May God Bless you!
Sincerely,
The Family of Edgar Sauer

PUBLIC NOTICE

NOTICE OF SALE
THE STATE OF TEXAS
BY VIRTUE OF AN ORDER
COUNTY OF SCHLEICHER

Who's minding the store?

WILL RETURN AT

You are, if you're a member of a rural electric cooperative.

As a consumer-member, you have a voice and vote in co-op matters. You can attend meetings, speak up about whatever's on your mind and vote for members of the co-op board.

The co-op way of running an electric utility is tried and true with a track record of over half a century. And your electric co-op is one of 1,000 located in 46 states across the country.

Local ownership, local control - two vital ingredients that spell success for your co-op. What better way to mind the store?
