"Serving West Texas Since 1901"

A Positive Forecast

A Good News Review

Volume 89 #44

The Eldorado Success

November 1, 1990

The Eldorado Middle School was honored as an Exemplary School by Governor Clements and a Select Committee on Educational Excellence. 354 schools were honored out of 6035 in the state. The teachers pictured above accepted the flag and certificate presented by the committee and Governor Clements on Saturday, October 27. They are: (L-R) Nell Edmiston, Martha Spinks, Staci Dunlap, Glenda Nix, Betty Robinson, Christy Meador, Scott Barton, Jill Preston and Dr. Larry Blair. Middle school teachers not pictured are: Lois Dean, Julie Griffin, Marcy Willis, Harvey Wink, Larry Mitchel, Rick Singleton, Linda Thomas and Lessa Albin.

## Health Fair Held

by Evelyn Stigler

The Annual Health Fair was held on Wednesday, October 24 at the Memorial Building with a number of different organizations sponsoring the event, including Shannon Hospital, Bel Tone Hearing, West Texas Rehab, Schleicher County Medical Center Auxiliary and the Clinic.

Women from the Hospital Auxiliary worked at the Registration desk and kept records. They also helped to furnish doughnuts and snacks of all kinds along with coffee throughout the day.

Some of the booths available were: children's fingerprinting, sponsored by Beta Sigma Phi; blood typing; height; weight; blood pressure; cholesterol level and blood sugar level. Approximately 150 people registered.

Dr. Peaslee furnished a display of children's books.

Lewis Whitten draws blood from Tonya Mahanay at this year's Health Fair.

## Unofficial City Council Minutes

A Special Meeting of the Eldorado City Council was held Tuesday, October 23, 1990, at 7:30 p.m. at the City Hall. Present were Barbara Jackson, John Callison, Dora Bosmans and Debbie Ballew. A quorum being present, Barbara Jackson acted as Mayor Pro Tem and called the meeting to order.

### CITIZENS PRESENT:

Gary Smith, representing both the newspaper and as a citizen, addressed the Council concerning his understanding regarding complaints being filed for violations of the livestock and chicken ordinances. The process by which a written complaint is filed and the procedure followed by the Municipal Court to act on the written complaint were reviewed. A question and answer period was held in which traffic control was discussed, particularly in the area of the school. The possibilities of a City Marshal was discussed, with the Secretary instructed to check with the Texas Commission on Law Enforcement and other small communities. Information was distributed to Mr. Smith from the City's efforts to obtain Ordinance enforcement through the Sheriff's Office.

### NIGHTWATCH:

Nightwatch personal, Andrew Spinks and Bobby Phillips, met with the Council to review policies, time allocation, patrol perimeters, and discuss any problems. It was reported that there were still problems with getting the radios in good working order.

### PHILIP BRYANT:

Philip Bryant, representing Fidelity Security Life Co., presented formal quote from the company for supplemental health coverage for the City employees during working hours. Procedures were discussed, including the establishment of a reserve fund. After discussion, motion was made by John Callison and seconded by Debbie Ballew that a letter be prepared for Mayor Preston's signature submitting notice to the TML Workmen's Compensation Joint Insurance Fund that the City desires to cancel coverage effective 1/1/91. Motion carried.

Motion was made by John Callison and seconded by Debbie Ballew that application be executed by Mayor Preston for submittal to Fidelity Security Life Insurance for budgeted workmen's compensation premiums with monthly premiums to Fidelity Security Life to be paid from the fund and any accrued funds to be reserved for approved expenditures. Motion carried.

### TRUCK BYPASS:

John Callison reported that he had not received any further word from the owner of Blocks 88 and 89 proposed for truck bypass.

### 1987 GRANT UPDATE:

Letter from Todd Engineering was distributed to the Councilmembers. The letter outlined the options available to the Council to complete the lift station in the project. According to the letter, changeout of the pumps to single phase would cost approximately \$1700 whereas the installation by WTU of three-phase power for the pumps would run approximately \$4800. After discussion, motion was made by John Callison and seconded by Dora Bosmans that Todd Engineering be contacted to proceed with the changeout in order to cut costs and speed completion prior to the October 31 deadline. Motion carried.

### STREET LITES:

The Secretary reported that WTU had surveyed post availability for the street lights in Christian Addition and the installation of 4 additional lights could be accomplished without problem; however, 3 out of the 5 lights proposed to be moved from the downtown area to the East Hill Avenue and East Warner Avenue area were not possible due to a lack of poles at proposed locations. The Council will review the situation further as the need arises after the changeouts are made.

### 1989 GRANT UPDATE:

The Secretary reported that the survey crews had completed their survey work at the proposed water tower site without incident, but that the bore test crew had caused damages to the 6" water line serving the area. Damages were estimated by Mr. Dean to be \$381.66. Mr. Dean further stated that should the tap for the water line to the water tower supply line not use the damaged portion, the section would need to be further repaired with additional damages to be assessed. A discussion of procedures was held with emphasis given that all contractors make prior arrangements with the City and the property owner before starting work. The Secretary reported that she had visited with WTU personnel to alleviate any problems with the location due to proximity to the high voltage line serving Christian Addition, and the WTU personnel are to check out the situation and report back as soon as possible.

### MOSQUITO CONTROL:

As a followup to the previous meeting's discussion, it was reported that

the County Commissioner's Court did not approve sharing of expenses at this time to treat the lakes in the City. It was suggested that Spring of 1991 would be a better time, and that all property owners grant permission prior to the City and/or Health Dept. proceeding with any treatment.

### PARKER & PARSLEY:

The Secretary distributed copies of letter drafted to the Texas Railroad Commission for the Council's signatures. The letter stated opposition to the proposed injection of fresh water from the Edwards Formation in order to recover oil. Due to the amount of water to be used, the formation involved, possible contamination, breakdown of the formation, and setting of a precedent, it was the unanimous decision of the Council that the letter be forwarded as soon as possible.

After several months of planning and preparation, the charter for a unique program has been submitted to the Internal Revenue Services for approval. The charter establishes a non-profit scholarship fund for ANY Eldorado High School graduate who maintains a specified academic average. The scholarship will be funded by the interest earned on tax deductible donations made as memorials, gifts or contributions to academic excellence.

The fund will be overseen by seven unpaid trustees who will administer proceeds deposited in the First National Bank of Eldorado. Trustees for the Eldorado Excellence Fund are Dr. Larry Blair, Judge Johnny Griffin, Joe Ed Hill, Lucy Page, Judge Mickey Pennington, Mary Barton Robinson and Dr. Wayne Williams.

Administration of the scholarships and maintenance of

### DRUG TESTING CONTRACT:

A draft of a Contractual Agreement between the City of Eldorado and Damon Clinical Laboratories, Inc. was reviewed by the Council. Following discussion, motion was made by Debbie Ballew and seconded by Dora Bosmans that the Mayor be authorized to execute the contract as drafted proper to forwarding to Damon for their acceptance and execution. Motion carried.

### BILLINGS:

Bills received since the last meeting of the Council were reviewed, and motion was made by Debbie Ballew and seconded by John Callison that a letter be prepared to the Eldorado Animal Clinic requesting justification for charges for boarding fees for 7 nursing puppies of mother dog held for rabies observation, and that payment be withheld pending a response. Motion carried.

Other billings were reviewed and initialled, and motion was made by Dora Bosmans and seconded by Debbie Ballew that the billings be paid. Motion carried.

### OTHER BILLINGS:

The Secretary distributed Surplus Property Listing as made available; however, such listing did not include the type equipment Mr. Dean requested.

It was announced that John Nikolauk was replacing Richard Preston on the civic leader tour of Chanute AFB, Illinois, and Nellis, AFB, Nevada, on October 25 and 26, and that Mr. Nikolauk was attending the TML Solid Waste Options meeting in November in Austin along with Jack Dean.

Discussion of the City's Inter-Local Agreement with Schleicher County Commissioner's Court was held, and it was pointed out that the annual review as specified in the last agreement was

overdue.

### SUPERINTENDENT'S REPORT:

Jack Dean reported that the new landfill pit was nearing completion.

He reported that no problems were encountered with infiltration at the East Street Lift station during the last rain. With regard to the wastewater facility, he reported that the BOD's were still out of compliance due to the weather conditions affecting the operation of the plant. The plant is continuing to gain fluid causing the ponds to rise, and he proposed that a proper meter must be installed to calculate influent. The contract from the State for the Urgent Need Grant has not yet been received, delaying startup of work to make wastewater plant repairs.

Continued on Page 4

## Eldorado Excellence Fund

student data will be through Schleicher County Independent School District. According to the by-laws for the foundation, only the earnings of the fund will be distributed as scholarships. The body of the fund will continue to grow as contributions accumulate. Ultimately, the fund will support any qualifying student for an entire undergraduate program.

The fund was created for one purpose--to reward academic excellence. It is uniquely Eldorado and has not been copied after any other known program for public schools. It will rely solely on future donations to fund it. It is an attempt by Eldorado High School graduates of the past to provide an opportunity for Eldorado High School graduates of the future to better prepare themselves.

It is hoped that the fund will become a significant factor for students and parents when decisions must be made about

academic preparation while in high school. When the potential exists for any high school student to earn a semester scholarship by maintaining a 92 average in the basic academic subjects for a semester then decisions about whether to study or do something with less potential reward should be easier made.

In the near future, an attempt will be made to contact every graduate of Eldorado High School to better acquaint them with the Eldorado Excellence Fund. Several individuals have

already contacted the school to make donations as memorials. Anyone wishing to know more about the fund or to make contributions should contact Dr. Larry Blair, Superintendent, Schleicher County I.S.D., P.O. Box W, Eldorado, Texas 76936 or phone (915) 853-2514. All donations are fully tax deductible.

This is an opportunity to make a lasting and worthwhile contribution to some things important to all of us--education, our community and our future.

## Editor's Journal

### Life Among The Fishes

by Thomas Giovannitti

Randy, Randy, Randy, you were doing so well arguing for change, removing those awful bureaucrats, making welfare recipients work for the basic necessities of life, and all the while cutting taxes. Randy, our taxes are not high! And it is okay to look at what other countries tax their people, especially when those countries tax their citizens more heavily than we do, have lower infant mortality rates, less crime, violent or otherwise, have higher literacy rates.

Work fare, that is correct because it surely wouldn't be work fair. And what about all of those bureaucrats. We will still need them to monitor and supervise those poor we're going to put to work. And considering that most of the adults receiving

welfare are females with minor children or elderly who did not have the foresight to amass a fortune to live in luxury through their declining years, who is going to watch those minor children or tend to those elderly too weak to do much more than stuff envelopes? Not all of the people on welfare are able bodied sloths. Many are willing to work and as you yourself said are not encouraged to seek employment because their benefits are immediately cut off. Why not have them go find work, then provide cheap or free day care for those tots, keep giving them the benefits provided until they reach an annual wage that will support their household? Ah, but that sounds suspiciously as if it would cost more money not less. You are right I am a tax and spend

Democrat because I don't want to be a tax and keep it Republican.

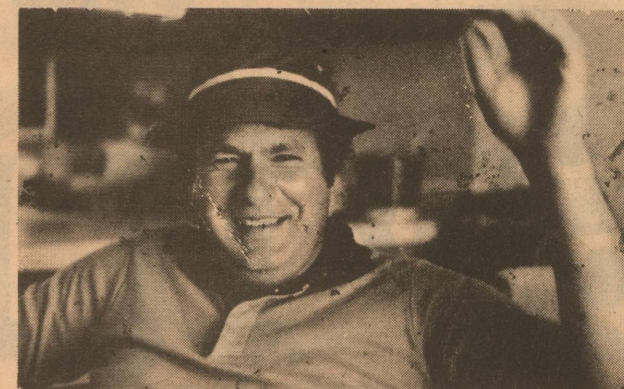

Randy I feel sorry that you so whole heartily believe that all of our fiscal woes are caused by that bunch of spendthrift Democrats. Read further into that Constitution you so freely reference and see where the President has the power to veto any bill passed by Congress and then see if Congress can override that veto. Our last President never vetoed those so called tax and spend budgets that that Democratic Congress sent him. In fact, that Democratic Congress gave him, much to the chagrin of we true Democrats, every tax cut and every defense spending he asked for. That, Randy is where the deficit came from. That great communicator didn't have the

political courage to veto any of those budgets that he asked for and promised us through his Economic advisors was going to balance the budget. Sorry, Randy, you can no longer use continued repetition of that tired old slur about tax and spend Democrats when it was Mr. Republican himself that signed everyone of those budgets.

All of the facts and statistics I read, and it is not all from party literature, says that the gap between rich and poor has grown larger, that the size of the middle class has declined, that those in the lower economic classes pay a majority of the taxes and yet you want to blame this on a democratic congress when the Republican President we had and we now have could just veto those taxes but did not.

### Laugh and Live

by Gary Smith

If you don't make a choice, someone will choose for you.

During this year's Primary election, my answering machine received a call. "Just who do you think you are? Coming in here...getting involved in our politics. You don't know what you're talking about. You are stupid...", said the anonymous caller.

I kept the tape.

Since, I am clearly not entitled to endorse any candidates, I will make no attempt to do so.

I will, however, make a few predictions about this upcoming election.

1. In the gubernatorial race, I predict that Clayton Williams will be the victor. (It would be surprising if \$20 million couldn't buy enough advertising to win the election.)
2. Bob Bullock will be elected Lt. Governor. (Just a hunch.)
3. Gramm and Smith will both be re-elected. (The power of incumbency is unbelievable.)
4. Harvey Hildebran will defeat Lester Dahlberg. (Folks found out about Lester's affiliation with Lyndon LaRouche.)
5. Roy Lynn Love will be Schleicher County's new Constable.
6. A majority of the states that have referendums to limit terms will pass those referendums. (Texans are not permitted this luxury.)
7. Texas will have a low voter turn-out. (Most folks feel like they have no voice in government and that their vote means very little.)

We will be getting a mixed bag, no doubt. Some winners--some losers.

Unfortunately, there are a great number of people who think that the real loser in this election is Texas. Be that as it may, I have a differing opinion. No matter how it turns out, the people of the Great State of Texas will overcome.

Sooner or later, more and more people will understand that "we the people" are still here. That even though "we the people" have let our government get out of hand, someday, "we the people" will answer back.

**"Till The Next Time... MAY GOD BLESS!"**

### Letters To The Editor

Dear Mr. Smith,

Please discontinue my Eldorado Success subscription. I have sold my home and moved back to Michigan. Must tell you how much I have enjoyed your "Laugh & Live" section. The whole paper has improved greatly under your leadership.

Jane Doremire

Dear Editor,

It has occurred to me that until now, Randy Mankin has been the only Republican in Schleicher County to speak out regularly in defense of the Republican Party and what we are trying to accomplish. I am writing this letter to help in his lone endeavor.

There are many people in this state who are simply "in the habit" of voting Democrat and have not stopped to consider what the Republican Party has to offer. The Republican candidates who are on the ballot in the upcoming general election are all well worth considering even if you are "in the habit" of voting Democrat.

Phil Gramm has proven his great value to this area during a successful career in the U.S. Senate. His knowledge of economics is invaluable for this state and this nation.

Clayton Williams is a successful business man with a love for this state and a vision for its future. He is so committed to his beliefs and ideas that he has even spend his own money to campaign for the governorship of this state. The Democrats have a hard time understanding that kind of commitment.

These are only two of the many Republicans on the ballot for this general election. I will not go into detail about all of them. I only wish that all the voters of this county would seriously consider all the candidates on the ballot

regardless of party affiliation.

I would also like to be sure everyone understands that you are not obligated to vote a straight Democrat or Republican ticket just because you voted in either the Democrat or Republican primary elections. Even if you did not vote in either primary, you are still eligible to vote in the general election, and I encourage everyone to go ahead and vote absentee to be sure you do not miss this opportunity to exercise your truly valuable right to vote.

In closing, I would like to publicly thank Randy Mankin for all the hard work he has put into the Republican Party of Schleicher County. His leadership has been invaluable in the revitalization of the party here.

Sincerely,

Jimmy R. Heath, Jr.

Dear Editor,

Election day will soon be upon us. I know a great many people are dissatisfied with the tone of the current campaign. Some are even threatening not to vote at all. It seems that campaigns grow longer with each election and the content of the campaigns grows more and more trivial. We as citizens must look beyond all this and cast our votes for the persons we think can best represent us.

Of course, it is the Governor's race that is generating the most interest. Even the national media is getting involved in this one. On the one hand we have Clayton Williams who is criticized for not thinking before he speaks. His many off the cuff remarks are well known and widely reported. On the other hand we have Ann Richards who is criticized for not speaking enough. She continues to duck questions regarding her

past and refuses to answer charges concerning drug and alcohol abuse. I think it is the low tone of this race that is turning voters off the most. There are, however, many other important races on the ballot and they all deserve careful consideration.

One such race is the one for Agricultural Commissioner. Incumbent Democrat Jim Hightower is facing a strong challenge from Republican State Representative Rick Perry. Perry's background in agriculture is solid. A Haskell native, Rick Perry has earned the endorsement of the Farm Bureau. Hightower's renowned antics have earned him little respect from the state's farmers and ranchers. His emphasis on "exotic agriculture" and apparent disinterest in the day to day problems of the average farmer and rancher could cost him the election.

Another important race is the one for State Representative. Harvey Hilderbran, Republican from Uvalde, is facing Lester Dahlberg, Democrat from Eldorado. Representative Hilderbran is finishing up his first term. In that term he has been instrumental in the fight to protect our water rights, stood up for an equitable school financing package and has demonstrated a clear understanding of the problems facing rural health care. His Democrat opponent seems to be mostly concerned with the trials and tribulations of convicted felon Lyndon LaRouche. I think our State Representative should concern himself with representing us, not Lyndon LaRouche.

In many countries the right to vote has been long withheld. Leaders gain office by coup or revolt and little thought is given

to the best interests of people. That is not the case here. You may still argue that our leaders don't give a rip what we think but at least we get the option to renew their contracts.

In places such as Bunker Hill, Normandy and Iwo Jima the right to vote was secured for us. Bought and paid for in the blood and misery of patriots, this right (perhaps the most fundamental of our rights) should be cherished -- and exercised.

I want to remind everyone that regardless of how you voted in the Primaries you may still vote for any candidate you wish. If you don't have your voter's registration card go to the polls anyway. If your name is on the list of Registered Voters you will be allowed to vote.

I encourage everyone to vote.

Sincerely,  
Randy Mankin, Chairman  
Schleicher County  
Republican Party

Dear Editor,

Election day is nearly here. Please consider the important choices we must make as voters. We have the opportunity to elect as our State Treasurer one of the most qualified candidates ever to appear on the ballot for statewide office.

KAY BAILEY HUTCHISON, as a small business owner, banker, former Texas Legislator, Presidential appointee, and attorney, is the experienced fiscal conservative that Texas needs.

My vote is for Kay. She is an outstanding candidate and will be a great State Treasurer.

Please exercise your choice --- VOTE!

Sincerely,  
Barbara Behrens

TEXAS AGRICULTURAL EXTENSION SERVICE

### County Agents Report

by Jerry Swift, County Extension Agent - Schleicher County

The Texas Agricultural Extension Service, in cooperation with the Internal Revenue Service, is a Tax Practitioner Workshop in San on November 12th and 13th. This workshop will be by CPA's and attorneys who are experienced in the field of income tax reporting and planning. They provide valuable continuing education opportunities for tax professionals seeking CPE and MCLE credit.

In addition to the General and Advanced Workshops, there will be four each of the Partnership Taxation and Estate Planning Workshops,

and three each of the Income Taxation of Trusts & Estates and Problem Resolution Workshops. The Agricultural Tax Problems Workshop, which was introduced in 1989, will be offered this year in two locations - San Antonio and Amarillo.

For a brochure with a complete listing of the sixty Tax

Practitioner Workshops offered in 1990, please contact your County Extension Agent, Jerry Swift at (915) 853-2766. Or you may contact the Tax Practitioner Workshop Office, Department of Agricultural Economics, Texas A&M University, College Station, Texas 777843-2124, or call (409) 845-5446.

### An Apple A Day

by Lee R. (Smokey) Taylor, R.Ph.  
Couch Potatoes On The Rise: A number of population studies have shown that there is a significant increase in childhood and adolescent obesity and super-obesity in this country. Additionally, it appears that those who are obese are gaining even more weight.

One of the primary factors contributing to obesity in both children and adults is

inactivity. One study found that obesity increased 2% for every additional hour of TV viewed by adolescents per day.

There also was a greater prevalence of obesity among adults as their TV viewing increased.

Although dieting and exercise can reduce the size of fat cells, the number cannot be decreased.

*1/2 pint of milk will be offered with each breakfast.*

### Marching On To Regionals

The Mighty Eagle Marching Band traveled to Brady last weekend to compete in District Marching Contest. The Eagle Band received a Division I, or Superior rating, from all three judges in Class AA. They will now advance to the U.I.L. Region Contest to be held in Wichita Falls on November 3rd. The band will perform at 2:48 p.m. at Memorial Stadium. The admission fee to the contest is \$2.00. The Eagle Band-aide Booster Club would like to thank the parents, the local sheriff's office, the fire department, and the local townspeople for the welcome home parade last Saturday night. Your support is greatly appreciated. Also a special thanks to band directors, Mike Marsh and Robin Konop for all the hard work, love and support they give the kids. Everyone is urged to travel to Wichita Falls this Saturday to support the Eagle band as they compete in Regional Marching Competition.

Members and friends of the E.H.S. Band celebrate after winning District Marching Competition at Brady.

### Eagles Stampede Buffaloes

The Eldorado Eagles ended a four game losing streak by defeating the Forsan Buffaloes 23 to 15. The win improves the Eagles record to 4-4 for the season. The Eagles elected to receive the ball to start the ball game and drove the ball down to the Buffalo 15 yard line. The Eagles missed on two pass attempts and a sweep play to the right resulted in no yardage. So on 4th and 10 the Eagles decided to kick a field goal. With a good snap and good protection, Justin Paxton made a 32 yard field goal. "During the year we have missed

some extra points, but Justin was hitting from 40 yards before the game, so we were confident we could make it," explained head coach Doug Kuhlmann. The score stood at 3-0. On the kick-off, the Buffalo receiver dropped the kick and Justin Paxton recovered the fumble. The Eagles drove down to the 12 yard line and faced another fourth down situation. This time the Eagle went for it and Cy Griffin found a wide open Justin Edmiston for the touchdown. "We saw a weakness on the back side of their defense, Justin ran a good route and Cy

threw a good pass to score the touchdown," Kuhlmann said. No other scores occurred during the first half and it ended 10-0. The start of the second half saw the Eagles play good defense and the Buffaloes had to punt on its first possession. Ramiro Barajas had a good return by breaking many tackles and set the tone for the Eagle offense. The offense put together a 10 play drive and Justin Paxton, who had most of the yardage on the drive, scored the touchdown. With Fito Gonzales kicking the extra point, the score was 17-0 in favor of the Eagles.

The Buffaloes came right back and scored early in the fourth quarter to make the score 23-15 as they also made the 2 point play. The Buffaloes got the ball back late in the game and made it exciting. On the lat play of the game, Cy Griffin intercepted to stop the threat. "We didn't have the killer instinct and Forsan never quit, which made the game too interesting," Kuhlmann replied. The Eagles play the Wall Hawks on Friday, November 2nd at Wall. They are 7-1 for the year and 5-0 in district play. The game begins at 8:00 p.m.

### Rodeo Team Ends Fall Season

Pictured above is the 1990-91 High School Rodeo Team. They are: Top Row (L-R) - Justin Paxton, Cy Griffin and Stoney Harriman. Middle Row (L-R) - Crissi McCormick, Traci Paxton and Jamie Belk. Bottom Row - Mondee Nelson.

The Eldorado Rodeo Team's final performance for the fall season was held in Marfa over the weekend. On Saturday, Cy Griffin won 7th in Tie Down. Stoney Harriman won 3rd in Bull Riding. Traci Paxton won 9th in Barrels and 6th in Goat Tying. Mondee Nelson won 3rd in Cutting and 4th in Poles. Crissi McCormick won 1st in Barrels, 2nd in Poles, 3rd in Goat Tying, 4th in Cutting, and 4th in Breakaway. Coming back on Sunday,

Cy Griffin won 2nd in Tie Down, and 4th in Team Roping with Jamey Belk. Traci Paxton won 7th in Barrels and 6th in Goat Tying. Mondee Nelson won 6th in Cutting and 6th in Poles. Crissi McCormick won 2nd in Barrels, 3rd in Poles, 4th in Breakaway and 3rd in Cutting. In Bull Riding, Justin Paxton won 5th and Stoney Harriman won 6th. Everyone is ready to turn their horses out and give them and themselves a much needed rest, until March when they start all over again.

Sponsored by these Merchants:

- Eagle Dairy Mart
- First National Bank of Eldorado
- McCormick's Exxon
- Lantana Winery George Gower
- Eldorado Wool Co.
- Southwest Texas Electric Co-op, Inc.
- Hayloft
- Star Stop

### Sample Ballot

INSTRUCTION NOTE: Vote for the candidate of your choice in each race by placing an 'X' in the square beside the candidate's name. You may cast a straight-party vote (that is, cast a vote for all the nominees of one party) by placing an 'X' in the square beside the name of the party of your choice. If you cast a straight-party vote for all nominees of one party and also cast a vote for an opponent of one of that party's nominees, your vote for the opponent will be counted as well as your vote for all the other nominees of the party for which the straight-party vote was cast.

(NOTA DE INSTRUCCION: Vote por el candidato de su preferencia para cada candidatura marcando una "X" en el espacio a la izquierda del nombre del candidato. Usado puede votar por todos los candidatos de un solo partido politico ("straight ticket") marcando una "X" en el espacio cuadrado a la izquierda del nombre de un partido politico. Si usted vota por uno de los partidos politicos y tambien vota por el contrarios de uno de los candidatos de dicho partido politico, se contara su voto por el contrarios tanto como su voto por todos los demas candidatos del partido politico de su preferencia.)

Table with columns for Republican Party, Democratic Party, Libertarian Party, and Write-In. Rows include various state and local offices such as United States Senator, Governor, and State Treasurer.

#### PROPOSED CONSTITUTIONAL AMENDMENT (ENMIENDA PROPUESTA A LA CONSTITUCION)

#### INSTRUCTION NOTE (NOTA DE INSTRUCCION)

Place an 'X' in the square beside the statement indicating the way you wish to vote. (Marque con una "X" el cuadro al lado de la frase que indica la manera en que quiere usted votar.)

No. 1  FOR (A FAVOR DE)  AGAINST (EN CONTRA DE)

The constitutional amendment to clarify the authority of the senate to consider certain nominees to state and district offices and to provide for filling vacancies in those offices.

### It's A Girl

Dusti Lea and Kelley Joe Charboneau, of Brownwood wish to announce the birth of their daughter, Kelsi Marie. Kelsi was born on October 22, 1990 and weighed in at 6 pounds and 14 ounces and was 20 and 1/8 inches long.

Proud grandparents are Pat and Ron Murph of Eldorado, Joe Charboneau of Eldorado and Carolyn Charboneau of Portales, New Mexico.

Harvey Hilderbran does the Girl Scout handshake with Jennah Richters after presenting her with a Texas Flag.

### Attention

The Fellowship Bible Study will meet Thursday, November 8 at 9:30 a.m. in the Fellowship Hall of the First Baptist Church for the continuing study in Genesis.

The group will not meet on November 15 or November 22, but will resume at the regular time on November 29.

All those interested are cordially invited to attend.

#### CITY COUNCIL

Continued from Page 1

Mr. Dean further reported that the fire hydrant across from the Catholic Church and the one in Christian Addition have been changed out with work ongoing to repair the other plugs.

With no further business, meeting was adjourned at 10:15 p.m. Carolyn Mayo City Secretary

by Kymm Nixon

The Eldorado Girl Scouts met last week at the new scout building and were honored with a presentation of a Texas Flag which had flown over the State Capital in Austin.

Republican, Harvey Hilderbran, our State Representative, presented this flag to the Girl Scouts. Leticia and Brandy Nixon taught him the Girl Scout Promise.

**WORKING CLEARANCE**

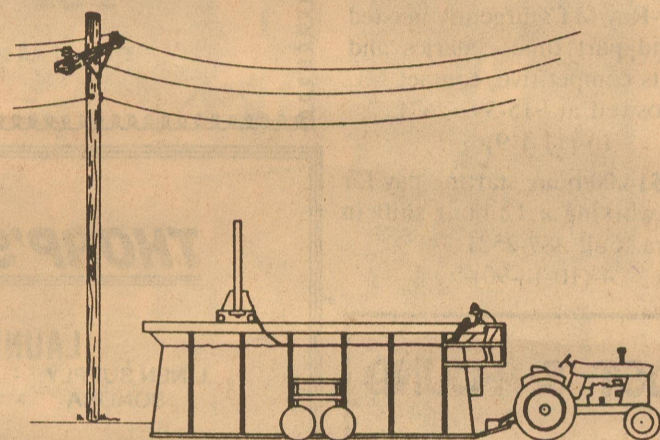

Maintaining the proper clearance from a high-voltage electric line is not just a good safety practice, it's the law. In Texas, any contractor, corporation or individual not affiliated with the utility must follow these guidelines:

- No person will perform any activity within six feet of overhead lines.
- No person will operate or use any tool, equipment, machinery or material where it is possible that these devices will come within six feet of overhead lines.
- No person will operate any equipment, such as derricks, cranes, power shovels, hayloaders, pile drivers, hoisting equipment or similar devices, within ten feet of overhead lines.

When work must be performed within these clearances, the organization or individual responsible must contact the utility and make arrangements to ensure safe clearances.

Violations of these provisions of the law can result in fines, confinement in jail or liability to the utility for damages and all liability incurred.

**LESTER DAHLBERG  
Candidate of the 67th District**

Do we want to stay on the free trade dope Colonial Adamsmith Oligarchy system which consists of pouperisms, ignorance, deprivations and barbarianism? Or do we want "the American System of Economics," which our forefathers fought the American Revolution against free trade and for protectionism which increases wealth, comfort, intelligence and a educated civilization.

As a candidate of the 67th District I will call for parity prices to keep the producers purchasing power at a high level to stop the degrading that happens when the evil free trade monopolies are on the people that are forced to live like beast to survive. The producers has to overcome this with a cost of production and reasonable proffit to clothe, feed and educate their families.

So a surplus should always bring a 90% of parity to prevent a depression which would cut production so low that we later would have inflation. This is the reason we have a problem with gas price now. So a price \$26 a barrel cap when prices were

\$10 a barrel would have stopped the Saving & Loans from going under. This tariff could have paid a lot of taxes in the balance of the Budget. The cost of production should have a cap of 115% to prevent too much cost to the consumer.

"The Harmony of Interest," which puts labor, producers, civil rights, agriculture, industry working side by side with reasonable income to become a productive person is a true American System of Economics. I will call for parity legislation and also industrialized development programs of LaRouche Leibnize "Triangle of Texas Mass transit to big cities and also the taking of water from Alaska and Canada down through the Rocky Mountains to Texas."

As long as we keep money in productive sector, we will have economic prosperity.

**Candidate of the 67th District  
Lester Dahlberg**
