

Some Supporters Urging FD To Take The Stump In Campaigns

WASHINGTON, May 9 (AP)—Some of President Roosevelt's supporters in congress proposed today that he stump the country this summer in an attempt to defeat legislators who have opposed his policies.

They cited the renomination last Tuesday of Senator Pepper (D-Fla.) as evidence that the power of the White House is still great at the ballot box, despite any insurgency in congress.

Early in the Florida democratic primary James Roosevelt, the president's son and secretary, said Pepper should be returned to the senate. It was one of three direct "blossoms" the White House has given senatorial candidates. The others were bestowed by the president on Democratic Leader Barkley of Kentucky and Senator F. Ryan Duffy of Wisconsin.

Administration supporters have contended Pepper's victory demonstrates that Mr. Roosevelt should strike a bold course by carrying his policies directly to the country in the primaries as well as in general election in the fall.

Tax Revision Approved By The Senate

Bill Designed To Help Business Now Goes To House

WASHINGTON, May 9 (AP)—The senate gave its final approval today to the compromise tax revision bill.

The five-billion-dollar measure, which sponsors contend will encourage business expansion and melt frozen capital, now goes to the house.

When that body adopts the agreement reached in conference between the two chambers, the bulky bill will be ready for President Roosevelt's signature.

Senate approval was given after only a few minutes of debate. There was no negative vote. No negative votes were heard.

Drafted by a conference committee to reconcile differences between separate senate and house measures, the bill would retain for two years a modified version of the undistributed profits tax.

This taxation principle, originally rejected by the senate, was written into the bill after President Roosevelt had endorsed it in a letter to the conference committee.

The compromise measure also would overhaul the existing capital gains tax structure, substituting a system of flat rates for the present graduated scale.

Prompt house approval is expected, and senate leaders said the revenue bill may go to the White House this week.

Senator Borah (R-Ida.) previously had said he would oppose the compromise bill because it omits legislation to make federal securities taxable.

Borah pointed out that amendments to eliminate tax exempt securities twice had been stricken from tax bills by conference committees. The first case occurred three years ago; the second applies to the pending bill.

"The president has said he wants these tax exempt securities eliminated," said Borah, who had succeeded in having the senate insert such a provision. "We had a chance to do something immediately, but the conferees have killed that chance."

Duce Giving Hitler A Free Hand With Czech Problem

CITIZENS RALLY TO SUPPORT MAYOR HAGUE

Rallying to the banner of Mayor Frank Hague, women and children are shown in a night parade at Jersey City, N. J., supporting Hague in his fight to keep "radicals" out of the city. The immediate objective of the group above was to prevent Sen. Jerry O'Connell (D-Mont) and John T. Bernard (Tl-Minn) from speaking at Journal square. The two didn't speak, their engagements being cancelled.

Friendship Assurances Renewed

Both Dictators Win Concessions During Conferences

ROME, May 9 (AP)—Germany's Fuehrer Hitler carried away from Rome today fresh assurances of Italian friendship, and high fascists indicated this included a pledge by Premier Mussolini to let him have a free hand in Czechoslovakia, so far as Italy is concerned.

Greatening the Trouble Points

After six days of military display, princely entertainment and intensive talks with Premier Mussolini, the Fuehrer's program allowed him ten hours to taste the rich, medieval culture of Florence.

The day was a national holiday, second anniversary of the founding of the Italo-Balkan empire, helping to swell the crowds along his route to the Tuscany capital.

It appeared that the major result of the Hitler visit was a strengthening of friendship by application of grease to possible trouble points in the Rome-Berlin axis.

Hitler's gains were believed to be the pledge by Premier Mussolini to give him the freedom he may want in Czechoslovakia, where resides a German minority population of 3,500,000 of which Hitler considers himself the ultimate protector; postponement of Mussolini's ideas about a peace pact (Italy, Germany, France, Britain), and an assurance that neither the new Italo-British accord nor conversations with France would affect solidarity of the Rome-Berlin axis.

Points for Duce

Mussolini was believed to have received from Hitler recognition of Italy's economic and political interest in Central Europe, and a promise the Italian port of Trieste would not lose all its Austrian traffic as a consequence of Austria's absorption by Germany.

Hitler, in addition, and to the disappointment of some of his followers, renounced any design on German population in the Italian south Tyrol, before the war a part of Austria.

The German Fuehrer made his guarantee of the present frontier between Germany and Italy at Saturday night's state dinner, a high light of his visit.

Some Germans—minor members of his delegation—indicated they had hoped until Hitler rose to speak that Mussolini might cede the German-speaking portion of South Tyrol.

20 Violent Deaths Recorded In Texas Over The Weekend

Traffic Mishaps Account For 13 Fatalities

By The Associated Press

Twenty persons died by violence in Texas during the week-end, thirteen of them in traffic accidents.

J. W. (Bud) Martin, 22, and O. L. (Buster) Cox, 24, both of Irving, Dallas county, were killed early Monday morning when the automobile in which they were riding rammed a bridge and burned on a highway near Dallas.

Mr. and Mrs. James V. De Loach, 28, and 24, respectively, their son, Billy, 5, and Mrs. M. B. De Loach, mother of James, all of Dallas, were killed in the collision near Grand Prairie of their automobile and the Sunshine Special, crack Texas and Pacific passenger train.

Hit-And-Run Victim

Charles Lee Hollingsworth, 21, died at Corsicana from injuries received when he was struck by a hit-and-run motorist; Scottie Kent, 18-months-old, was crushed to death at Pittsburg by an automobile backing from a driveway; Arnold Funk, 34, of Kansas City, Mo., was injured fatally at Fort Worth under the wheels of a truck.

Mrs. W. R. Cammack, wife of a Steyler county judge, was killed in an automobile accident five miles north of Guthrie. Florence Millen, 23, died when her automobile crashed into a concrete bridge on highway 12 near Houston; Cooper Nait, 40, was run over and killed by a car at Houston. He was struck when he fell into the street from another machine.

Charlie Wood, 22, was injured fatally in an automobile crash at Balinger.

Suicides

The body of John Driver of Laird Hill was found in the Big Spring river at Jefferson. Thomas Edwin Cushman, 30, of Dallas, died at Galveston from a fractured skull, suffered in a fall.

O. J. Arbuckle, 23, a farmer, was killed near Terrell by lightning which struck a flue as he worked on a stove.

Coroners returned verdicts of suicide in three deaths at Dallas. E. B. Cauthorn, 63, assistant superintendent of Dallas public schools, shot himself to death, Justice of the Peace W. J. Stovall held. The same justice rendered a verdict of suicide in the death by shooting of Cecil Waldo Williams, 22, and us-lice John Baldwin found that Harold J. Abrams, 53, adviser to the trustee of the Texas and Pacific Land Trust, shot himself.

Two-year-old Octo Duhon, Jr., was drowned in a shallow drainage ditch in front of his home in the farming community of Hamshire, southwest of Beaumont.

CURVES IN THEIR MARRIED LIFE

"A very big boy" is the way Lefty Gomez (left), heard himself described by his actress wife, June O'Dea (right), who sought a separation from the Yankee baseball pitching star. The actress is pictured as she told at a New York hearing of her tempestuous married life with the left-handed pitching star. She said Lefty once threatened to make her the victim of "the perfect crime." Lefty listened calmly. Today, Miss O'Dea withdrew her suit.

Senator Norris (Ind-Neb.), argued also that prompt action would minimize changes of a complete split between the democratic party leadership and the La-Follette's new liberal party.

Reports have been circulating for several weeks that Mr. Roosevelt might tour the country this summer, although he has given no personal indication of such a course.

Political interests would not have to be announced purpose. Any national tour would give him opportunity to express favor for his chosen candidates in train platform speeches and friendly visits and in many other ways.

Senator Norris said the president "can either take the stump—by radio—and tell the people that those who have opposed him ought to be defeated or he can be partisan and say that all democrats ought to be re-elected."

Should Mr. Roosevelt follow the latter method, he said, he would face defeat on major issues in the next congress.

WITHDRAWS HER SUIT AGAINST GOMEZ

NEW YORK, May 9 (AP)—Pretty June O'Dea, actress wife of Vernon (Lefty) Gomez, Yankee pitcher, withdrew her separation suit against him today.

She received, said her attorney, a "lump cash settlement," the amount of which was not announced.

Gomez also withdrew a counter-claim for separation.

Mrs. Gomez had accused the baseball star of cruelty and desertion.

Agriculture Fund Is Approved

WASHINGTON, May 9 (AP)—The senate approved today expenditure of more than \$1,100,000,000 next year for agriculture.

It sent the agriculture department appropriation bill back to the house for consideration of nearly \$50,000,000 in items added by the senate. The measure was approved without a record vote.

The senate designated \$500,000,000 to be used in paying benefits to farmers who comply with the new crop control act. This was \$10,000,000 larger than the amount voted by the house.

Before the vote, Senator Vandenberg (E-Mich.) charged that government farm expenditures had increased six-fold in the last decade without appreciable improvement in the financial condition of farmers.

MONAHANS BABY TAKEN BY DEATH

Services were to be held at 10:30 a. m. Tuesday at the Eberly chapel for the infant son of Mr. and Mrs. A. D. Weiler of Monahans. Dr. C. E. Lancaster will be in charge.

The child died in a local hospital at 3:30 a. m. Monday. Beside his parents, the baby is survived by one brother, A. D. Weiler, Jr. The Weiler family resided in Big Spring for five years before moving to Monahans two years ago.

'Jury' Decides On An Operation For Stricken Chicago Infant

CHICAGO, May 9 (AP)—Science decreed "operate," and two rabbits approved, so the left eye of Baby Helaine Colan was removed today on the recommendation of an unusual medical council which shouldered her parents' task of deciding whether she should live, at least partly blind, or die eventually of a cancerous growth.

CHICAGO, May 9 (AP)—A council of medical specialists decided today an immediate operation should be performed on Baby Helaine Colan whose parents face the dilemma of letting her live in at least partial blindness or die eventually of a cancerous tumor.

The decision was announced by Attorney S. S. H. Hoffman.

Adjournment Delayed?

Quitting Date In Doubt As Legislative Calendar Studied

WASHINGTON, May 9 (AP)—President Roosevelt talked over his legislative program with congressional leaders today, receiving a report on the progress of his spending-lending program and the success in forcing the wage-hour bill to the house floor.

There was no immediate word as to the chief executive's views to ward the legislative program, but Speaker Bankhead hinted he had abandoned hope that congress could adjourn by June 1.

Asked the prospects of adjournment, he replied:

"I've quit guessing. You will know when the gavel falls."

Representative Rayburn of Texas, the house democratic leader, said, however, he thought adjournment may be reached by June 1.

He added the president was told the wages and hours bill, forced out of committee by petition, could not be taken up in the house under the rules before May 22.

Others at the conference were Vice President Garner and Senator Barkley of Kentucky, the senate majority chieftain.

The new relief-public works program, the subject of separate conferences at the White House in the forenoon by the president, Secretary Ickes, Relief Director Hopkins, Budget Director Bell, and house appropriations leaders, will be brought up in the house tomorrow, Rayburn said.

Plan Council Of Churches

Group Would Work To United Protestant Membership

UTRECHT, The Netherlands, May 9 (AP)—Church leaders from many countries and many faiths gathered today under the leadership of England's archbishop of York to form the nucleus of a world church structure for greater religious cooperation and influence.

They came to write a constitution and to work out other details for a world council of churches, uniting as many protestant groups as possible.

The United States has one of the largest delegations. It includes four members of the Archbishop of York's committee of 14 which arranged the conference.

In all there are more than 50 delegates representing 32 denominations and 20 countries.

Not represented is the German Evangelical church.

A public service at Utrecht Presbyterian cathedral Monday night, with devotional addresses in five languages, will inaugurate the conference.

For three days the delegates will sit in executive session, seeking to reconcile views on a form of organization. No public announcement is expected until the end of the conference, Thursday night or Friday.

WOMAN DIES

SAN ANTONIO, May 9 (AP)—On her way to the courthouse to testify in a damage suit in which she and her husband were the plaintiffs, Mrs. Esther Andersen, 45, collapsed and died from a heart attack.

CATTLE RECOVERED

Recovery of three head of cattle stolen in Howard county was announced Monday by the sheriff's department.

Deputy Sheriff R. L. Wolf went to Sweetwater where two Jersey heifers and one steer had been marked at a packing house. While no trace was found of the men who sold the cattle, a good description was furnished.

The cattle were stolen here from Walter Robinson and Dick Miller.

FUGITIVE IS HELD

AUSTIN, May 9 (AP)—State police said today they had positively identified a man arrested in Houston as William Miller alias Scott Coleman who escaped from the state reformatory in Granite, Okla., 15 years ago.

He was arrested by Houston police on a bulletin issued by the federal bureau of investigation.

New Plans For Meetings In Jersey City

Congressman Says He'll Get Others And Return

JERSEY CITY, N. J., May 9 (AP)—Two new efforts to hold open meetings in Jersey City were planned today as the most highly publicized in a recent series of attempts to defy Mayor Frank Hague's ban on unauthorized public speeches spluttered and died.

One of two congressmen, whose appearance was called off within a 20-minute tube train ride from a crowd estimated by police at 65,000, had averted a riot in which Hague's foes would have been "beat up."

An earlier attempt to hold an open meeting was announced by Norman Thomas, socialist party chairman, who said he had applied for a permit to speak a week from tomorrow.

Both O'Connell and Thomas called for Hague's removal as vice chairman of the democratic national committee, a position he had held since 1924.

Declaring "Hague's violation of constitutional rights is a disgrace to the democratic party," O'Connell said he would ask President Roosevelt to see him personally about it.

ARMS EMBARGO DUE TO STAY IN FORCE

WASHINGTON, May 9 (AP)—President Roosevelt's first post-vacation conference with congressional leaders produced a strong indication today the administration will not support efforts to lift the embargo on arms shipments to Spain.

Representative Rayburn of Texas, house democratic leader, said after the conference that he was firmly opposed to modification at this time of the neutrality act as applied to the Spanish civil war.

The Texan said in response to questions, that the Nye resolution which would lift the arms embargo was mentioned "incidentally."

Woman Tells Of Kidnaping

Says She Was Seized And Later Thrown Out Of Car

SANTA FE, N. M., May 9 (AP)—Mrs. Louis C. De Baca, Jr., 25, attractive daughter-in-law of a former New Mexico lieutenant governor, reported to state police today she was kidnaped by a group of men shortly after midnight and thrown from their automobile a few hours later near Pecos, 25 miles east of here.

Mrs. De Baca, whose husband is a former assistant state school superintendent, appeared at Pecos this morning, severely scratched and bruised.

State Police Sergeant H. K. Dalbey said one of four patrolmen sent to Pecos to question Mrs. De Baca, telephoned that she related she was leaving a dance at a Pecos tavern at 1:30 a. m. in company with another woman and was just getting into an automobile already occupied by her companion when the men suddenly grabbed her and shoved her into their machine.

Japs Change Their Attack

Report Capture Of Town In Fresh Offensive

SHANGHAI, May 9 (AP)—Stalled in their desperate and costly efforts to reach Suchow from the north, the Japanese army today reported rapid progress for two secondary thrusts from the south toward that nerve center of the Central China battle area.

Japanese dispatches declared that two columns driving northward through Central Anhwei province along the highway from Pengpu had captured Mengcheng, 85 miles southwest of Suchow after a desperate battle.

Another column moving up the Tientsin-Pukow railway was approaching Kuechen, 70 miles south of Suchow, said a Japanese army spokesman. This force had gained 20 miles in 48 hours.

Suchow, junction of the Tientsin-Pukow and the East-West Lungai railway, is the prize for which Japan and China have been contending nearly five months.

County Fund Balance At High Level

Total \$20,000 Over That Of The Month Preceding

Rush of car license payments during the last days of March and around the first of April injected new strength into the county's finances and was instrumental in building up the aggregate balance at the end of April to the highest point in several seasons.

Report of Treasurer T. F. Shelley, approved by the county commissioners court Monday morning, showed a total balance of all funds as of April 30 of \$110,862.83. This was more than \$20,000 above the \$90,204 for March and still better than the \$89,670 at the end of April in 1937.

The marked increase was attributed in a large measure to \$26,485 received into the highway fund, the place for car license registrations.

HOSPITAL HERE TO HOLD OPEN HOUSE ON THURSDAY

When national hospital day is observed here Thursday, as it will be in 1,000 other cities of the country the Big Spring hospital will hold open house from 2 p. m. to 5 p. m.

The public will be invited to inspect the hospital plant, its equipment and various departments. So far as possible, attendants will carry visitors through the hospital, explaining the various facilities.

National hospital day is observed over the nation on the anniversary of the birth of Florence Nightingale, who pioneered in modern nursing methods and made signal contributions to hospitalization. The day is designed to inform the public of the service these institutions render to the community in helping people to get well.

YOUTH BELIEVED DEAD AND BURIED RETURNS HOME FOR MOTHER'S DAY

MASONTOWN, Pa., May 9 (AP)—The identity of a youth buried in a little cemetery near this southwestern Pennsylvania mining community became a mystery today with the return of 15-year-old Donald Fiore from a two-year hitch hiking trip.

For Donald's parents buried there a year ago the body of a lad they believed was their son, missing since February, 1936. The body was that of a boy shot accidentally while playing "porteflor" in a kissing game in a darkened room of an Olive Hill, Ky., home.

On a little steel marker above the grave, tended carefully and covered with flowers by a grieving mother, was a card inscribed "Donald Fiore, died April 26, 1937."

Donald, a tall, handsome lad with a friendly smile, came home Saturday—for Mother's Day—a visit he said he had planned as a surprise for his mother for months.

Completing the last 17 miles of the journey home afoot, he stopped first to visit Father Francis Kolb. As he walked into Father Kolb's home, the priest looked up from his desk, immediately.

"Why, I buried you a year ago didn't I?" he exclaimed.

Then Donald heard for the first time of his "death." Donald told the priest he had hitch hiked to the west coast, drifted south, picked oranges in Florida, and last worked on a farm in South Carolina.

West Side Children Are Appreciative Of Pool And Park

Speaking in behalf of the West side children and parents, Mrs. L. E. Jobe said Monday that they truly appreciated the American Business club park and wading pool, the latter of which was dedicated Sunday afternoon, and wished to thank the city officials and Red Cross chapter for their interest in children of that section of town.

Due to the illness of Mrs. Jobe's father, W. H. Mitchell, the American Legion auxiliary did not take part on the dedication program with the ABC club Sunday, but the auxiliary plans to present a program later when a building is moved to the park.

The playground superintendent reports that from 400 to 500 children go to the park daily. As soon as a new club building is arranged, Mrs. R. A. Eubank plans to organize a girl scout unit for the West side and the ABC club is to organize a boy scout troop.

Mr. and Mrs. Charles Ed Prichard of Midland spent Mother's day as guests of Prichard's mother, Mrs. J. L. Prichard.

Sweetness To Stage Come-Back In The 1938's Graduation Dress

FOR EIGHTH-GRADERS
White shadow-printed Swiss organdy makes this youthful graduate's frock. It is topped by a puff-sleeved bolero and trimmed with criss-cross banding of the same material.

By ADELAIDE KERR
AY Fashion Editor
Graduation frocks—class of '38—are youthful and demure. The super-sophistication of late years will take a back seat on May 10 and June commencement platforms, it seems. This year's sweet girl graduate is going to look like one.

Her frock will be cut simply with a swirling skirt and puffed sleeves,

ARMY OFFICER IS UNDER ARREST

SAN FRANCISCO, May 9 (AP)—The San Francisco Examiner said today Staff Sergeant Samuel E. Edgeman was under arrest at the San Francisco Presidio awaiting court martial for alleged misappropriation of secret army personnel records.

Edgeman was arrested April 29 and his court martial is expected to be held Friday, the paper said.

Col. Irving J. Phillipson, commanding officer of the post, was represented as having confirmed reports of the sergeant's arrest. He was quoted as saying: "Sergeant Edgeman is in the guard house awaiting court martial."

The papers involved, The Examiner said it was told, were chiefly reports on activities of various men and officers of the 30th regiment. All but one of the papers have been found, it added.

Colonel Phillipson or other post officers could not be reached. Guard house men refused to comment.

and it will be trimmed with a ribbon or a pastel nosegay. A ribbon or flower also may appear in her hair to put further accent on youth.

The color of those graduation frocks, which will be the cynosure of all eyes on commencement day, will depend on custom and the community. White is still a leader, since many smart schools insist upon it, but pastels are chosen by a number of girl graduates because colored frocks can do duty in more directions during the summer.

Marquisette, net, chiffon, mousseline de sole and organdy are favorite fabrics, while cloque pique is used occasionally.

There are some distinctive features in this year's designs. One is the "double skirt," made of marquisette, mousseline de sole or net over a net underskirt which often is trimmed with horizontal white ribbon bands in the fashion of grandmother's petticoat. The dress is worn over a slip of the same color.

Dresses for high school graduates either are designed with low front necklines and high backs or are cut with an evening décolletage and topped by a bolero, thus making them wearable on many occasions after commencement. A youthful ribbon girle of contrasting color, twin nosegays caught in puffed sleeves or a pleated frill trim many of the dresses which are generally designed with full skirts.

The length of the grammar school graduate's frock depends on the school. Designers say most schools prefer a short, normal-length dress for a commencement, though a few note for ankle-length frocks.

Crash Kills 4 In Family

Automobile Struck By Train At Grand Prairie

GRAND PRAIRIE, May 9 (AP)—A Dallas family of four was killed near here yesterday when their automobile was struck by the Sunshine Special, crack Texas and Pacific passenger train.

The dead were Mr. and Mrs. James V. De Loach, 29 and 24, respectively; their son Billy, 5, and Mrs. M. B. De Loach, mother of James.

The victims, all badly crushed, died almost instantly. Their automobile was tossed into the air about as high as the top of the locomotive, witnesses said. The machine was demolished.

De Loach was a filling station operator. With his family he was en route to an airport where he planned to take a ride.

Investigators said De Loach apparently did not see the train until he was on the tracks. L. L. Oliver of Fort Worth, division superintendent of the railroad, reported that the crash occurred at an "open" crossing protected by flasher signals.

TRAVELERS' BABY CLAIMED BY DEATH

OPELOUSAS, La., May 9 (AP)—Mr. and Mrs. Dave Sweat mourned today the death of their infant daughter whose birth halted a 700-mile trek from Brownsville, Texas.

The father, mother and four other children arrived in a home-made wagon which Sweat said he had pulled all the way from Texas. The wagon was loaded with all their possessions.

The baby, named Geneva Pearl, was born a week ago Saturday. Civic clubs provided clothes, food and hospitalization.

Mrs. Sweat was reported "doing nicely" today and her husband said they would remain here indefinitely because "the people are friendlier than any other place I have lived."

Byron Vorheis and R. Hughes of Pecos spent Saturday and Sunday as guests of Vorheis' parents, Mr. and Mrs. Byron Vorheis. The boys came to Big Spring with Guy Norris, also of Pecos, who spent the weekend visiting his wife.

Mrs. S. E. Jones of Dallas is here visiting her sister, Mrs. Herman Scott, who is in a local hospital.

Mr. and Mrs. J. P. Utley were Sweetwater visitors Sunday.

Ward School To Give Annual May Program Tonight At Auditorium

PERSONALLY SPEAKING

Miss Rhea Travis spent Saturday and Sunday visiting friends and relatives in Lubbock.

Mrs. R. L. Jenkins of Dallas returned Sunday to her home after spending several days with her mother, Mrs. J. L. Maxwell, who is ill, and with her sister, Mrs. Byron Housewright. Mrs. M. C. Brooks, another daughter of Mrs. Maxwell's, from Greenville, is also here with her mother.

Mr. and Mrs. Guy Tamsitt and two children of Midland spent Mother's day in Big Spring as guests of Tamsitt's mother, Mrs. J. O. Tamsitt, and Mrs. Tamsitt's mother, Mrs. A. R. Kavanagh.

Mrs. Raymond Winn spent the weekend in Marshall visiting her husband who is in a hospital there. Winn, who is chief dispatcher of the T. & P. railroad here, will be brought home this week.

Mr. and Mrs. Jim Zack left Sunday for California to spend ten days vacationing.

Mr. and Mrs. Alton Underwood and two children, Betty Jean and James Lee, spent Mother's day in Abilene as guests of Mrs. Underwood's parents, Mr. and Mrs. L. McDaniel. They were accompanied as far as Abilene by Underwood's brother, Jack, who went on to Winters.

Mrs. James Ripps, who is teaching school at Morton, was home for the weekend to visit her husband and daughter.

Mrs. Ray Wilcox returned Monday from Midland where she spent Sunday as a guest of her daughter, Mrs. George Ballasfont. Mrs. Jack Wilcox of Van Horn, who has been a guest of Mrs. Wilcox for several days, returned home Monday.

Wife On The Way To Join Poker-Playing British Squire

LOS ANGELES, May 9 (AP)—Police refrained today from entering the social sphere of Harry T. Clifton, poker-playing squire, despite a request telephoned 8,000 miles by his wife in England.

"Keep your eye on my husband and that ghost woman," pleaded Mrs. Lillian Clifton, former Boston society matron, in an unusual Sabbath conversation with Capt. F. M. Post.

"Put him in jail, if you have to," she urged.

But Captain Post, a bluecoat Chesterfield, demurred.

What prompted Mrs. Clifton to incur a \$19.70 telephone bill, police inferred, were reports of the squire's \$150,000 paper losses over the poker table and his friendship with the Rev. Violet Greener, pastor of the Mystic Agabeg Temple.

On Captain Post's assurance that "I think Mr. Clifton will wait for you," his wife made known she would speed toward California, via the Normandie and transcontinental plane.

"Oh, jolly!" exclaimed the high-stake gambling Briton when informed of his wife's plans.

"That's a bit of all right, you know. Why only last Friday, I rang up but she was much too ill to speak to me."

Since his \$150,000 poker losses to Lew Brice were cancelled last week, Squire Clifton has been in a jovial mood.

EXECUTION TONIGHT

HUNTSVILLE, May 9 (AP)—Paul Lays, convicted slayer of Martin Salazar, Rio Grande valley vegetable grower, will die as Texas 156th victim in the electric chair here shortly after midnight tonight unless Governor James V. Alford intervenes.

Lays was sentenced to death after the court of criminal appeals affirmed a trial court's judgment of Feb. 16, 1938. The crime occurred in Hayes county, near Buda, Tex., on January 21, 1937.

Annual May program presented by pupils of the Kate Morrison Americanization school is to take place this evening at 8 o'clock at the municipal auditorium. The public is invited and no admission is to be charged.

Choral club and rhythm band are to be featured in the forefront of the program followed by an operetta entitled "In a May Garden." Miss Emma Cecil Nalley, head of the public school music department in the ward, is to have charge of the music with Mrs. W. E. Martin and Miss Lynn Bishop directing the dances and games. Miss Willie Weir is the accompanist.

Violin interludes will be played by Mrs. Valdeva Childers, accompanied by Mrs. H. G. Heaton.

The program is as follows:

YOUR LIFE INSURANCE—Quarter-Million Dollars An Hour Paid Out On Insurance Policies

(This is the first of a series of articles to appear this week in The Herald in connection with the Annual Message of Life Insurance. The series will deal in an informational way with life insurance. — Editor's Note.)

One quarter of a million dollars an hour, more than one and one-half times the pay received by every public servant in the United States and nearly three times as much as automobile factory payrolls, was paid out by American life insurance companies to policyholders or their beneficiaries during 1932, according to a statement by the Big Spring Association of Life Underwriters.

Payments of more than one quarter million dollars an hour every hour of the day and every day during 1932, were made by the 315 life insurance companies, an indication of the influence of insurance in the life of the nation, declared the committee.

These payments to life insurance owners or their beneficiaries were sufficient to pay one and one-half times every public servant in this country—every regular employee of federal, state, county, municipal or other governmental units in the United States. Life insurance payments approximated \$2,400,000,000, while payrolls of all types of government units were estimated at \$1,572,000,000.

Life insurance companies, in paying out \$2,400,000,000 to policyholders, their dependents or beneficiaries, distributed nearly three times as much money as did automobile and automotive parts manufacturers through factory payrolls during 1932.

These disbursements by life insurance companies, like the payrolls of governmental units and automobile factories, were shared by the direct recipients with many thousands—families, relatives and

friends. "In many instances," the committee explained, "life insurance payments restored to the family something of the value which was lost when the breadwinner died, such as the fruits of his labors. In other cases these payments provided for total or presumably permanent disability of the breadwinner and his family, while in other instances the life insurance payments furnished the means for retirements of the breadwinner from active work. Life insurance companies payments, however, were used for a score of other purposes—education, travel, marriage, starting businesses—besides the three types of economic disease, premature death, total disability or retirement."

Sixty years ago \$50,000 was the largest amount issued on an individual life by any company in the United States. Individual owners of more than \$100,000 of life insurance then were a rarity.

The largest total life insurance payment on an individual policyholder during 1932, according to preliminary figures of the National Committee for Life Insurance Education, was \$2,990,000, which contrasts with \$2,250,000, the largest payment on an individual in 1931.

The United States and Canada have nearly 75 per cent of the life insurance protection of the world, according to the National Committee for Life Insurance Education, which puts life insurance in force in the two countries at the end of 1932 at \$115,000,000,000.

MARITIME STRIKE IN FRANCE SETTLED

PARIS, May 9 (AP)—The government today announced settlement of the maritime strike at Le Havre which had tied up sailings of the French line for nearly a week. The announcement, which did not state terms of settlement, came a few hours before the scheduled arrival of the liner Normandie, whose crew had been expected to join the walkout.

Trouble began May 4 when the crew of the liner Champlain, just before she was due to sail for New York, declared themselves dissatisfied with the color and cut of their uniforms.

GAP IN HIGHWAY NO. 5 IS CLOSED

WICHITA FALLS, May 9 (AP)—State Highway 5 was an unbroken stretch of hard-surfaced road from Texline to Texarkana today with the opening Sunday of a 12-mile asphalt section between Saint Jo and Muenster in Montague and Cooke counties.

One of the major objectives in the Texas highway commission's program to eliminate unpaved gaps in the state system, the completion of the project will be celebrated June 6, probably at Nocona, under tentative plans.

MEN WEEP AS THEY TELL OF CRASH

SEATTLE, May 9 (AP)—Bradford Washburn, Jr., Cambridge, Mass., author and explorer, and James Borrows, Seattle, wept yesterday as they told Coroner Otto Mittelstadt and government officials of an airplane crash which claimed the lives of their two women companions.

Borrows' fiancée, Miss Dorothy Mathews, 24, and Mrs. Oona Daiber, 27, were drowned when a rented airplane, piloted by Washburn, crashed Saturday on Lake Union, within Seattle's city limits, and sank.

Washburn told Mittelstadt he got out of the sunken plane by kicking out a pane of glass in the cockpit.

Washburn blamed his unfamiliarity with the plane's new type of pontoons for the accident.

Washburn was to have sailed yesterday for Valdez, Alaska, on an aerial mapping expedition sponsored by the National Geographic Society.

FORD LABOR CASE MAY GO TO COURT

COVINGTON, Ky., May 9 (AP)—The Ford Motor company won in U. S. circuit court today an amended order forbidding the National Labor Relations Board from withdrawing records of its case against the company.

The effect of the decision, said Chief Ford Counsel Frederick H. Wood of New York, would be to prevent the labor board from vacating its order of last December 22, and would permit hearing of the case before the court.

Wood asserted in oral arguments preceding the court's action that it was "permitted to withdraw its record of the case, did not intend to give a 'full and free hearing' of the case prior to an announced intention of producing new findings.

Political Dispute In Pennsylvania To High Court

PHILADELPHIA, May 9 (AP)—The state supreme court took under advisement today a move on behalf of leaders of the democratic state administration to block a grand jury investigation of bribery and coercion charges in Pennsylvania's bitter democratic primary campaign.

Chief Justice John W. Kephart announced the decision after a motion was presented by Attorney William A. Schneider on behalf of Governor George H. Earle and Attorney General Guy K. Bard.

Schneider, a republican, was defeated by Earle for the governorship in 1934.

The charges on which the grand jury investigation was ordered to start May 11—less than a week before the May 17 primary—were made by Charles J. Margiotti, an independent candidate for the democratic nomination for governor.

Margiotti, at the time attorney general, was dismissed after he refused to make public his evidence.

Governor Earle is seeking the U. S. senate nomination on primary ticket backed by the democratic state committee, which is supporting a Pittsburgh lawyer, Charles Alvin Jones, for governor, in opposition to Margiotti and to Thomas A. Kennedy, backed by United States Senator Joseph F. Guffey and CIO chief John L. Lewis.

CAFE MAN DIES

MANILA, May 9 (AP)—Octave Suarez, 71, a native of New Orleans and one of the leading American cafe operators in Manila, died today after a long illness. Survivors include two sons, Edmund J. Suarez, of Alexandria, Louisiana, and Harold Suarez, of Manila.

MORE ACTIVITY IN U. S. SHIPYARDS

WASHINGTON, May 9 (AP)—The department of commerce reported today an upturn in activity at American shipyards with 181 vessels under construction or contract for private shipowners.

The tonnage under construction or contract April 1, the department said, totalled 383,649, compared to 152 vessels with a tonnage total of 368,079 on March 1.

The construction reports by shipyards included: Pennsylvania Shipbuilding Co., Beaumont, Texas, six steel vessels with total gross tonnage of 2,800.

CRUDE RUNS LOWER DURING MARCH

WASHINGTON, May 9 (AP)—The bureau of mines reported today that crude petroleum runs to stills declined 56,000 barrels in March to 3,093,000 barrels.

The total March run, however, was 48,000 barrels more than a year ago. Crude oil imports averaged 83,000 barrels daily, an increase of 16,000 barrels over February.

Stocks held at refineries were virtually unchanged at 53,460,000 barrels.

BRITISH CABINET CHANGES FORESEEN

LONDON, May 9 (AP)—A realignment of Prime Minister Neville Chamberlain's conservative government appeared in prospect today.

Political commentators predicted guardedly but confidently a cabinet streamlining to carry out with harmony and efficiency the premier's policy of appeasement in Europe, which thus far has brought an accord with Italy and helped start negotiations between France and Italy for a similar pact.

A shakeup of some sort has been predicted for several months, and accession to the house of lords by the colonial secretary, William George A. Ormsby-Gore, may bring the change soon.

The feeling is that if a reorganization is undertaken now, it will extend to junior ministerial posts.

MARLIN, May 9 (AP) — Funeral services were scheduled here today for A. C. Dunn, reading clerk of the Texas house of representatives, who died yesterday.

TYLER BACK ATOP EAST TEXAS LOOP

By The Associated Press Tyler's Trojans, swept back from third place to the top of the East Texas league by victories 10-8 and 6-5 over Marshall's Tigers yesterday, engage the Kilgore Rangers tonight.

While the Trojans went up, Longview plummeted down from first place to third, its 11-game winning streak stopped 3-2 and 6-5 by the Texarkana Liners, who moved up from fourth to second place, supplanting Henderson.

The Jacksonville Jax took Henderson into camp 12-10 and 9-6 while Kilgore split a double bill with Palestine, losing the first 4-2 and taking the second 14-8.

THE SPORTS PARADE BY HANK HART

Hubbers Can Come Back Any Old Time

As far as Big Spring baseball fans are concerned, the Lubbock Hubbers can come back to town anytime they want. Despite the fact that the invaders made away with the series here, such pleasing action on a baseball diamond has rarely ever been witnessed in these parts.

Of the three games that were played here, none was definitely decided until the final out was made. Conclusive proof that the Barons were going to make it very tough for Hank Miller and company was brought out the first day (Thursday) when Charles Barnabe paced his charges to a 9-6 victory over the reputed top pitcher of the league, Jerry Blanchard.

Matters began to shape up well for the locals along about the ninth inning of the second battle when George Quigley managed to get around to third base with what would have been the winning run but somehow the Lubbockites pulled out the victors and both teams went into that third game with everything to lose and almost nothing to gain.

The Merrilwell ninth inning rally that the Barons, sparked by Hank Henderson, put on was too good to be true. The Hubbers lasted three more innings and then won out by combining two hits with two free passes and an error.

Taking the words of Manager Miller of the visitors, "the Lubbock club can well realize that it has been through quite a campaign and was darn lucky to escape with what it did."

The Hubbers next play here Sunday, June 5.

Trantham Choice

After looking Jerry Blanchard and his "mackerels No. 2's" over, we're still inclined to like our own Clarence Trantham better. "Peavine" has far better control, has as much ball magic as is needed and boasts a smokie ball that Blanchard could never possess.

Within a few days, Doug Harkley may take Pat Stacey's place on the local pitching staff and Patrick may be moved into that middle garden. If Harkley comes through (he won 14 games for Monahans last year) and Stacey continues to hit as he has been doing, the Barons need not worry.

The Big Spring squad is now within the 14-player limit as required by the WT-NM league. Marvin Koller Saturday was indefinitely suspended due to the fact that he is not in shape. Marv, however, is hanging around and hopes to round into winning form. President Hutchison by no means has let him go and hopes to see the big boy out there chinking within two weeks.

Oilers Asked To PB Membership

The Forsan Continental Oilers have been asked into the Permian Basin league but Business Manager Marlon Forbes is undecided as to whether his outfit would gain anything by the move. That fast organization has but five members at the present time and have been searching for a sixth since the finish of last season.

Forbes is interested but he doesn't have a park at Forsan and can't see possibilities here yet.

High School Coach Pat Murphy struck out for Austin and the state track and field meet last week and the scheduled intra-squad football game was called off.

Forsan Oilers Defeated By Angelo Herders Tommy Hutto Clouts Three Home Runs, PB Team Rallies To Win

SAN ANGELO, May 9—San Angelo's sheep Herders spurred twice to win a Sunday afternoon game on the San Angelo diamond, defeating the Forsan Continental Oilers, 13-1.

For six innings the visitors from Howard county held the upper hand and, with Lefty Maxie Beard twirling evenly, seemed on their way to victory but the Permian Basin leaguers broke loose in the seventh, scoring five runs, and came back in the eighth to take the lead with a quartet of tallies.

Tommy Hutto clouted out three home runs to feature the Oiler attack while Paul Johnson and Aubrey Harlow each had a four base fly.

Bill Brown, tall right hander, relieved Beard on the hill in the seventh but he could not hold the Angels and gave way in favor of Allen Batte.

LUCK OF DRAW STRIKES YANX HEAVY BLOW

ST. ANDREWS, Scotland, May 9 (AP)—The luck of the draw today struck a heavy blow at America's hopes of lifting the British amateur golf championship starting at Troon May 23.

Two members of the United States Walker cup team, Johnny Fischer of Cincinnati and Charley Yates of Atlanta, were drawn against each other in the first round while seven other Americans, six of them Walker cup players, were drawn in the second quarter.

These included Francis Ouimet of Brookline, Mass., Walker cup team captain, Charles (Chuck) Kocsis of Detroit, Marvin (Bud) Ward of Olympia, Wash., Johnny Goodman of Omaha, Roy Billows of Foughkeessie, N. Y., Reynolds Smith of Dallas, and Charley Munson, Yale captain.

Other American contenders include Fred Haas of New Orleans. Smith is drawn against Koch de Goeyrind and Ouimet against P. J. Urwin Smith in first round matches.

WESLEY ALLEN RAU... This Washington lad is not new to professional baseball, having seen service with Jonesboro in the Northeast Arkansas league last season but he's counted as a freshman nevertheless. He spent only two weeks as a member of that club and had a perfect won-lost record, having relieved the starting pitcher for the victory. He went back to Jess Orndorff and the National Baseball School this spring, his second year of enrollment. Was born in Rochester, Wash., May 18, 1917. Lettered two seasons in football, playing about everything but the pivot position. Was a pitcher on one of the district high school championship baseball teams of Rochester. Went from school to the Milltown semi-pro aggregation where he chalked up nine victories in 10 starts. Was under Lou Warneke in the Ray Borah school at Hot Springs, Ark. Claims Orndorff was the best teacher he ever had. Before he came to Texas and Big Spring he got his fill of semi-pro ball along the west coast. Likes West Texas and thinks he'll stick. Has a beautiful delivery, bringing that old left hand bone sweeping up, over and down just like that. Nothing worries him much. May be used more as a relief pitcher than anything else. Likes the American League but then he likes the Giants, too. Is a clouting pitcher, at least he has shown up well with the bat so far. May have missed his calling.

SITUATION IN WT-NM LEAGUE IS UNCHANGED, LEADERS WIN

Midland moved out of the West Texas-New Mexico league cellar Sunday with a twin victory over the Clovis Pioneers on the latter's home ground but the situation among the leaders remained unchanged with but one game separating the three top teams.

Stagehand Is Almost Ready Howard Nag May Run In Preakness At Pimlico Saturday

NEW YORK, May 9 (AP)—The unexpected victory of Herbert M. Woolf's Lawrin in the Kentucky Derby Saturday did little to settle the three-year-old turf situation.

The lanky, Kansas City-owned son of Inaso-Margaret Lawrence is not eligible for another important stake until the \$50,000 Arlington Park classic July 23. And then, too, there still is the Alling Stagehand to be reckoned with.

Stagehand, if sufficiently recovered from the sore throat that forced his withdrawal from the derby two days before the race, will start in the renewal of the \$70,000 Preakness at Pimlico next Saturday. But even the star trained by Earle Sande is not in the \$50,000 Belmont Stakes June 4.

All of this means that as far as the three-year-old situation is concerned, the Preakness and Belmont will be just two more rich stakes. The classic figures to be the race to settle matters for good.

Although Lawrin ran a game race under Arcaro's guidance to give the Kansas City, Mo., merchant and Trainer Ben Jones their first derby victory in their initial try, the performance was far short of the gauntlet heavyweight championship in a decade between Max Schmeling and Joe Louis.

Only the imminent arrival of Herr Schmeling from Germany is needed to set the ballyhoo drums to thumping earnestly. The former champion is expected to pitch his camp at Speculator, N. Y., and settle down to his customary long, methodical get-ready. Louis will begin lining up his left jab a little later, probably at Pompton Lakes, N. J.

Ross, the welterweight king, and Armstrong, his sturdy challenger, already are hard at it. Their scrap, incidentally, could have high-lighted any normal summer. It is certain to be a savage thing—one of those spectacles that makes the heart try to climb out of its socket.

The Admiral and Seabiscuit, who match strides for a tidy prize of \$100,000 on May 30 at Belmont Park, are up and out on the track at dawn each day, slowly rounding up to what their trainers hope will be top form for the big day.

KNOW YOUR BS BARONS

When the Giants were winning those eleven straight from eastern rivals, they were warned: "Wait until you meet those Cubs. It won't be so easy then."

They met the Cubs yesterday and beat them just like everybody else, 4 to 2, with as neat a three-man performance as you'd see anywhere. Carl Hubbell took care of the Chicago batters, scattering nine hits, ambling seven and pulling out of his one bad inning, while Mel Ott and Jimmy Rippie handled the job of scoring four times on six hits off Larry French. Ott hit two home runs, each with Rippie on base, and that was all there was to increasing New York's lead to 5-1-2 games.

MINOR INJURIES While they got past that first and hardest game in Chicago safely, the Giants haven't come through entirely unscathed. Hal

Oilers Battle For 3rd Win Over Buffs

SAN ANTONIO Climbs To Third Place With Twin Win By The Associated Press

Tulsa's Oilers, Texas league leaders by a comfortable margin, but hot after a tenth straight win, clash with the Houston Buffs at Tulsa again tonight. The Oilers were victors by scores of 2-1 over the Buffs in a double-header yesterday.

The Texans were affected by unexpected turns early in each game. Pitcher George Munger was sent to the hospital with an injury in the second inning of the opener and Umpire Joe Pate banished First Baseman Watwood and Catcher Poland after they protested a decision in the first frame of the nightcap.

A line drive struck Munger just above the heart.

The Oilers were able to grab only five hits off Munger and John Grodzicki, who replaced him, while the Buffs amassed nine in the first game, but the Oilers' blows were bunched and Parker's single drove in two Tulsa runs for the victory.

Pitcher George Misteard barely shaded the Buffs' Jim Winford in a pitcher's duel in the second game. The San Antonio Missions downed the Dallas Steers 13-1, and 7-1 in another twin bill to climb to third place above Houston in standings. Shreveport beat Oklahoma City 4-3 and 3-1, and Fort Worth trounced second place Beaumont 2-1 in an opener, but dropped the nightcap 8-6.

Barons Divide Double Bill Dauber, Sun Egret In Pimlico Limelight

Lawrin Is Not Eligible For The Preakness; Compton Nag Is Ready BALTIMORE, May 9 (AP)—Pimlico's railbirds divided their attention today between Sun Egret's attempt at a comeback and arrival of four Kentucky Derby horses for Saturday's \$70,000 Preakness, the year's richest purse for 3-year-olds.

Sun Egret, dark chestnut colt owned by A. C. Compton, sent hopes of his backers soaring sky-high with two flashy victories in the mud at Bowie this spring, then dashed them with two disappointing performances at Havre de Grace.

He was given another chance in today's \$2,500 Jennings handicap, six furlong dash. Hal Price Headley's Preamment was the favorite to best Sun Egret.

Dauber, chestnut colt owned by William C. Dupont, Jr., led the parade of derby horses to Pimlico for the Preakness and a chance at the year's 3-year-old crown. War Admiral won that title last year with victories in the Derby, Preakness and Belmont. Lawrin, the Kentucky winner, is not eligible for the last two but Dauber, second at Churchill Downs, is.

Duport's colt, a great stretch runner, must out race strong competition to win the mile and a sixteenth Preakness, a sixteenth short-early speed will make him a target in the shorter Pimlico race.

MEXICAN TIGERS WIN Julian Vega's Mexican Tigers eked out a 6-3 victory over Robert Moore's Brown Bombers Sunday afternoon in Baron park to hand the local colored team its second setback in Big Spring.

Home runs and hurt players marked the day's other games as well. Bill Werber, who had homered earlier, hit a single with the bases full in the tenth to give Philadelphia's Athletics two runs and a 7-6 decision over Detroit after Hank Greenberg had hit for the circuit in the same frame.

At Todd of Pittsburgh belted Lou Fette's first pitch of the 12th inning out of the park and beat the Boston Bees, 2-1. Johnny Mize, with two homers and a double, and Lou Warneke, who pitched seven-hit ball, accounted for the St. Louis Cardinals' 4-2 triumph over Brooklyn. Warneke was hit on the hip by Cookie Lavagetto's liner in the sixth but continued to pitch.

Without the aid of homers, the Phillies downed the Cincinnati Reds, 2-0 as Bucky Walters bested Johnny Vandermere in a mound duel. Ernie Lombardi, Cincinnati catcher, went out with a split finger in the first inning.

DENVER, May 9 (AP)—After staging a fairly close battle for the track and field title in the Big Seven's eastern division last week, Colorado and Denver will add another stanza to their old rivalry in a dual meet here this Saturday. Colorado, as expected, won the championship by piling up 97 points, but D. U. put up a canable fight as her 78 1-2 points showed. Colorado State scored 37 and Wyoming 21 1-2.

GIANTS AND YANKEES BEGIN TO SHAPE UP AS TOP TEAMS AGAIN; CUBS ARE BEATEN

By HUGH S. FULLERTON, JR. Associated Press Sports Writer

Safely past the first barrier that threatened difficulties, Bill Terry's New York Giants appear to be riding high along the National league pennant road—if they can escape the injury plague that has been affecting a large number of the other major league clubs.

When the Giants were winning those eleven straight from eastern rivals, they were warned: "Wait until you meet those Cubs. It won't be so easy then."

They met the Cubs yesterday and beat them just like everybody else, 4 to 2, with as neat a three-man performance as you'd see anywhere. Carl Hubbell took care of the Chicago batters, scattering nine hits, ambling seven and pulling out of his one bad inning, while Mel Ott and Jimmy Rippie handled the job of scoring four times on six hits off Larry French. Ott hit two home runs, each with Rippie on base, and that was all there was to increasing New York's lead to 5-1-2 games.

MINOR INJURIES While they got past that first and hardest game in Chicago safely, the Giants haven't come through entirely unscathed. Hal

Schumacher got in front of a line drive in Pittsburgh Saturday and was badly bruised, and yesterday Catcher Harry Danning split a finger.

They got off easy compared to the Chicago White Sox and a few other teams, however. The Pale Hose lost first baseman Joe Kuhel for a week or so in addition to dropping a 7-5 game to the New York Yankees yesterday.

Kuhel caught his spikes on the bag sliding to second and was carried off with a badly wrenched foot. Saturday Clint Brown, veteran relief pitcher, discovered a chipped bone in his elbow.

Shortstop Luke Appling has been out with a broken leg since the training season.

With a makeshift lineup, the Sox couldn't do much when Red Ruffing fanned nine of them and Lou Gehrig, Joe DiMaggio and Tommy Henrich belted homers.

The Yanks, however, failed to break their tie with Washington for second place, as Cecil Travis knocked in five runs with a homer and two singles to pace the Senators to a 9-7 victory over the St. Louis Browns. These two teams, with Boston's aid, cut the Cleveland Indians' lead to a half game. With Jack Wilson pitch-

ing four-hit ball and fanning 12, the Red Sox blanked Cleveland, 5 to 0. A triple by Jimmie Foxx with two on and Manager Joe Cronin's homer were too much for Bob Feller.

WERBER STARS Home runs and hurt players marked the day's other games as well. Bill Werber, who had homered earlier, hit a single with the bases full in the tenth to give Philadelphia's Athletics two runs and a 7-6 decision over Detroit after Hank Greenberg had hit for the circuit in the same frame.

At Todd of Pittsburgh belted Lou Fette's first pitch of the 12th inning out of the park and beat the Boston Bees, 2-1. Johnny Mize, with two homers and a double, and Lou Warneke, who pitched seven-hit ball, accounted for the St. Louis Cardinals' 4-2 triumph over Brooklyn. Warneke was hit on the hip by Cookie Lavagetto's liner in the sixth but continued to pitch.

Without the aid of homers, the Phillies downed the Cincinnati Reds, 2-0 as Bucky Walters bested Johnny Vandermere in a mound duel. Ernie Lombardi, Cincinnati catcher, went out with a split finger in the first inning.

Trantham In Third Win Of Year

HOBBBS, N. M. (Sp)—Clarence Trantham had to go ten innings to win his third game of the season for the Big Spring Barons here Sunday afternoon, the Texas invaders copping the opening game of a twin bill, 7-5, but Johnny Sodden couldn't hold the Boosters in the aftermath and fell, 10-4. The Hobbs victory was the first in five games that the New Mexicans have been able to score over the forces of Charlie Barnabe.

TUCSON NEGRO NEW HOPE FOR '40 OLYMPICS

TUCSON, Ariz., May 9 (AP)—The flash of a lithe, dusky figure across the sports horizon during the week-end caused southwest track enthusiasts to envision a coming negro star, fully as great as Jesse Owens, Eulace Peacock or Eddie Tolan.

Built like a greyhound, and standing six feet one inch in height, Joe Batiste's performances during this—his sophomore year in high school—are so phenomenal that his veteran coach Don Van Horne is predicting Olympic honors for him.

On Saturday for example, Joe proved the star of the University of Arizona's high school invitational track and field championships, by topping the 120 high hurdles in 14 2-5 seconds, which beats the national interscholastic record by a full one-fifth of a second and comes within one-fifth of a second of tying the American track record set by Forrest Towns two years ago.

Joe also ran the 220-yard low hurdles event in 23.4 seconds, which is so bad for an 18-year-old youth. He leaped only 6 feet 3 3-4 inches, compared with his performance of six feet 3 3-4 inches in the Southern conference meet here a week ago.

Two Games Are Set For Munny Four teams will initiate their regular softball schedules tonight on the Munny diamond. T&P Clerks and the Wooten Grocers will take the field in the first game and Lone Star Chevrolet and the West Siders are set to follow.

The two games were postponed from last Tuesday night due to rain.

The Clerks-Wooten setto is set for 7:30 p. m. while the second battle will begin at 9:15 o'clock.

Worry about what would become of my wife and baby, if anything should happen to me." "Then this morning, I decided to do something about it. So I talked it over with a friend of mine—a life insurance man." "He showed me how a life insurance policy I could easily afford, would give my wife at least some security if the unexpected happened. Did I sign up? You bet I did—and what a load that lifted off my mind!" "Then he told me how, by adding to my life insurance, little by little, I can build up a plan that will pay me a regular monthly income in later years." "Believe me—that's what I'm going to do. RECOVERY, NOT RECRIMINATION: For some time saner elements of the country have been urging Americans to unite in a recovery effort.

There is increasing recognition of this need. Some distinctly helpful steps have been taken to bring about co-operation between government and business.

Some business men object to the President's tax-exemption and anti-monopoly measures as ill-timed, but excessive disturbance over them is open to the same description.

They were put forward in temperate spirit. And it should be recognized that the President is merely chinking holes in his lines with a paper program.

The meeting of the United States Chamber of Commerce need be no more disturbing to the effort for co-operation. The Chamber has proposals of its own.

But there can be and should be an effort on both sides to refrain from recriminations and backbiting. Even for reforms the President needs recovery.

THE EMBARGO AGAINST LOYALIST SPAIN

Congress should never have passed the so-called neutrality bill, which from the very beginning has characterized by this column as an "unneutrality bill," and which we predicted back in February 1937 would very soon rise up and plague us.

That has become absolutely clear in the case of Spain. We put an embargo on arms to Spain. We thought that we were supporting non-intervention in Spain.

On the other side, the war has been fought by General Franco and a large proportion of the officers of the Spanish army, assisted openly by Germany and Italy.

Now, the unfortunate thing about all this is that far from decreasing tensions in our own country, this so-called neutrality act has divided the American public into two camps in which the Spanish war is being fought out.

There is no question that pro-Franco quarters are alarmed at the possibility that the United States may lift the embargo and in Washington the British have brought every possible influence to bear against our changing the neutrality legislation.

But it's not America's business to play anybody's diplomatic game. Unless we are prepared to stop selling arms to everybody in the world on any terms whatever, whether they are at peace or ought to go back to simply selling them to anybody who can pay for them.

And even the stopping of the sale of all arms would not be an act of neutrality. For that would simply mean that by negative action, ally ourselves with those countries that have plenty of arms and don't need any from us.

In framing this whole neutrality legislation we seemed completely to have forgotten the Kellogg pact, which denounces aggression, and we put ourselves in a position to aid and abet aggression wherever it may start in the world.

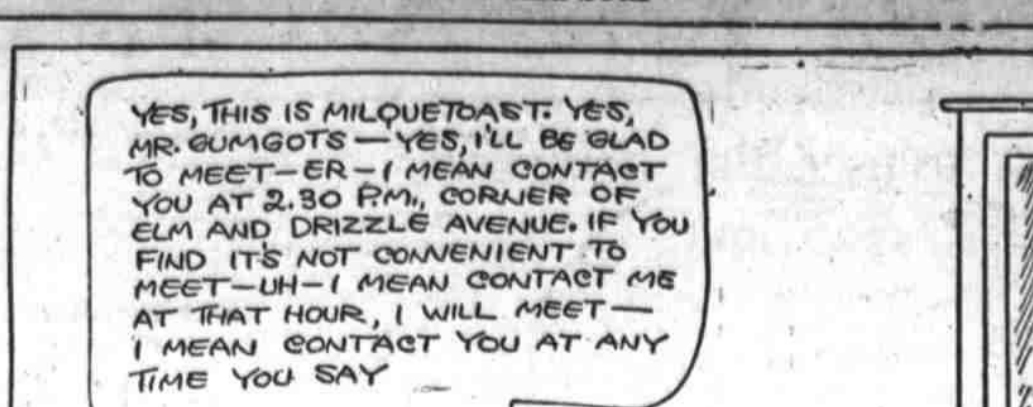

Therefore, we ought to lift the embargo on arms to Spain, not because our sympathies are with the loyalists, but because it is not the business of the United States to use a so-called neutrality act as an instrument of national policy.

It is unfortunate that we ever put the embargo on, because now the lifting of it will be interpreted as aid to the loyalists, just as the embargo itself actually became aid to Franco.

But it is nothing of the kind. We have never put an embargo on the shipment of arms to Italy and Germany or Russia. And all these countries are engaged in fighting the war in Spain, and Italy most heavily, and so openly that Mussolini claims it as his war.

Therefore, in lifting the embargo

Man About

Manhattan

by GEORGE TUCKER

NEW YORK—Sally Rand, who is fairly burning to be a real legitimate stage actress, always has been an ambitious girl. When she was 15, and apprentice to a milliner out Missouri way, Sally craved the better things of life and turned to invention as the quickest means of lifting one by one's bootstraps. Only what Sally invented was not a bootstrap; it was a brassiere.

And it has been acquiring the needed capital that has occupied the lady of the fans and bubbles ever since.

Only now the capital is needed to promote Sally herself as an actress. Her schedule of summer stock appearances reads like a list of the New England resorts. She'll start with a role in "They Knew What They Wanted" at Baltimore, which isn't summer stock or New England either, but a spring play festival in Maryland's dramatic oasis. After that will be appearances at Dennis, on Cape Cod; Mt. Kisco, N. Y.; Westport, Conn.; Ogunquit, Maine, and several others I can't recall.

Playing summer stock costs Sally plenty. Not only does she have to maintain her retinue, consisting of a secretary, a chauffeur, a dresser... but she has to turn down all offers that conflict with playing dates and an advance week of rehearsals.

Sally's goal is a Broadway play next winter and what she says about it is: "Not only do I want to appear on Broadway, but I'm going to... and that's that."

OCTAGON HOUSE

BY PHOEBE ATWOOD TAYLOR

Chapter Two: "I'm pulled together now," Pam said. "Assey, after I finished bawling, the problems involved suddenly burst on me. There I was, three miles up the beach. The tide was coming in, licky larrup. The ambergis was almost awash. I couldn't carry it, or even lift it. I didn't dare leave it, to go back for a barrow, or a car, or anything. And I began to wonder what would happen if anyone came."

"Uh-huh," Assey said. "It ain't like \$50,000 worth of stocks or bonds registered in your name. If you happened to meet someone who felt like claimin' it, an' if they happened to be bigger than you."

"You mean," she said, "that the nail squarely on the head?"

What happened to the ambergis? Continued Monday.

IN THE MATTER OF DAVID MERKIN, and MERKIN'S Dry Goods Store, Bankrupt. No. 1829 in Bankruptcy. Abilene, Texas, May 7, 1938.

BEFORE D. M. OLDHAM, JR., REFEREE IN BANKRUPTCY

To the Creditors of David Merkin of Big Spring in the county of Howard and District aforesaid, a bankrupt. Notice is hereby given that on the 5th day of May A. D. 1938, the said David Merkin was duly adjudged bankrupt, and that the first meeting of his creditors will be held at my office in the City of Abilene, Taylor County, Texas, on the 8th day of May A. D. 1938, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

D. M. OLDHAM, JR., Referee in Bankruptcy.

Accused Man Keeps Silent

Refuses To Tell Where Victim's Bones Buried

WALLA WALLA, Wash., May 9 (AP)—Where the bones of James Eugene Bassett lie was a secret De Casto Earl Mayer, his confessed murderer, kept today despite hours of grilling.

Mayer and his mother have confessed killing Bassett and dismembering his body in September, 1928, to obtain possession of his car. But Mayer has refused to tell King County Prosecutor B. Gray Warner where he buried the remains.

Ernest Yorls said they planned to return Mayer to Seattle for further investigation either today or tomorrow.

No charge will be filed immediately against the sullen life-terminer, Warner said.

Mayer's mother, Mrs. Mary Eleanor Smith, 73, was unable to lead officers to Bassett's burial sites in two trips over the roads she said they took in disposing of the body in 1928. Her confession related details of the killing, but Mayer's admission to Warden McCauley of the state prison did not give details of the crime.

Mayer remained defiant throughout the grilling yesterday. He even told Yorls, the detective captain declared, that he did not care if his mother hanged for the murder. Warner has said that Mrs. Smith's confession establishes Bassett's death, and that the pair could be tried for first degree murder even though Bassett's bones should not be found.

Train Runs Wild At 180 Miles An Hour, Hits Switch, Cars Wrecked

COLORADO SPRINGS, Colo., May 9 (AP)—Spattered boxcars and smashed steel littered the Rock Island yards in Northern Colorado Springs today as evidence of what happens when a runaway freight train traveling 180 miles an hour hits a derailing switch.

Eighteen freight cars were demolished in the crash—one of two freight train accidents in Colorado yesterday.

Steers scattered bawling from two stock cars as the train piled up. Two of the steers were the only casualties.

One of the freight cars described a 100-yard arc through the air. Wheels and truck springs were hurled in all directions, some broken into small fragments.

The train made the 18-mile "run" from Falcon in nine minutes. Railroad men estimated its speed when it arrived here at 180 miles an hour. It tore around curves so rapidly that rail spikes were pulled up two and three inches.

William Marquand, car inspector at the Rock Island roundhouse at suburban Rowley, received a frantic telephone call from Falcon, warning that the train was "wild." He ran from the roundhouse and threw the switch from the main line to the roundhouse tracks. An instant later the train piled up in the yards.

Trainmen said airbrakes had been set at Falcon, but became loose.

25,000 PRODUCING WELLS IN EASTEX

AUSTIN, May 9 (AP)—The East Texas oil field, for the first time in its history, has passed the 25,000 mark in the number of producing wells.

The railroad commission reports the field, which was discovered in December, 1920, had 25,001 producers on May 8.

In addition there were 48 wells off production, some of which might be restored, and 94 dead wells.

In all the state, there were approximately 80,000 producers.

Production of the field currently is about 565,000 barrels daily like the rest of the state, it is shut down on Sundays.

Early Action On Wage-Hour Bill Sought

O'Connor Wants Rules Waived To Speed Measure

WASHINGTON, May 9 (AP)—Chairman O'Connor (D-NY) of the rules committee proposed today that the house expedite action on the controversial wage-hour bill.

The house has signed up a petition to force action on the legislation, but under existing rules it cannot come up before May 23. O'Connor introduced a resolution to waive the rules and permit the petition to be called up at any time. He said if the house leadership desired to advance the date of consideration he would "make every effort to prevail upon a majority of the committee on rules to report out the resolution" waiving the rules.

Rules committee opponents of the wage-hour bill showed no immediate disposition to go along with O'Connor's proposal. Representative Cox (D-Ga) said he doubted the committee would approve it. Representative Dies (D-Tex) merely asserted: "I have nothing to say about it at this time."

Senator Harrison (D-Miss), a leader of the senate's southern bloc, said he would oppose the wage-hour bill if the measure is approved in the house.

Mr. and Mrs. Paul Rix and daughter, Carol, of Odessa, spent Sunday afternoon here with his parents, Mr. and Mrs. Harvey L. Rix.

BAPTIST GROUPS TO MEET TONIGHT

Two brotherhood meetings were in prospect for Monday evening at the First Baptist and the East Fourth Baptist churches.

At the First Baptist church, Edward Love and Walter P. Wilson were to be speakers at the dinner affair starting at 7:30 p. m. Alton Underwood and Roy Cornelison are in charge of the musical features.

Judge Charles L. Klapproth, judge presiding of the 70th district court, is to be the featured speaker at the East Fourth church meeting at 8 p. m. H. C. Hooser is arranging the program and George O'Brien, president, will preside.

FOLLOW OGDEN CLUE IN FROME CASE

EL PASO, May 9 (AP)—The El Paso county sheriff's office requested additional information today of police in Ogden, Utah, concerning women's clothing two men attempted to sell in Ogden Saturday. The information was sought in connection with the six-week-old Frome murder case.

Officers said some of the clothing answered in a general way descriptions of dresses belonging to Mrs. Weston G. Frome and her daughter, Nanacy, of Berkeley, Calif., who were killed March 30 near Van Horn, Texas.

Mr. and Mrs. Edward Studer of Odessa visited here during the weekend.

Co. Funds
(Continued from Page 1)

necessary to turn the trick.

Disbursements from the officers salary fund during April amounted to \$4,344. Receipts exceeded this amount in jumping to \$5,501. The tax collector contributed \$3,790 of the amount in February and March fees and the county clerk, high last month, was second with \$824.

Road and bridge fund disbursements aggregated \$6,129 for April against receipts of \$434. General fund increased to \$2,280 with receipts of \$482.

A comparison of the general fund balance with that of a year ago shows the \$23,720 on hand is \$8,000 better than last April. Likewise, the highway fund's balance of \$44,556 is better \$15,000 than a year ago.

Balances by funds follow: Jury, \$10,056; road and bridge, \$3,776; general, \$23,720; road bond, \$7,883; good road bond, \$3,176; highway, \$44,556; permanent improvement, \$7,568; courthouse and jail, \$1,289; viaduct, \$1,402; special No. 1, \$132; special No. 2, \$191; special No. 3, \$2,286; officers salary, \$4,822; total balance, \$11,862.83.

Musical Program Is Well Attended By People Of The City

An oratorio composed of more than 30 voices, "The Holy City" by Gaul presented at the First Christian church Sunday evening by the Music Study club was attended by a large and appreciative audience. Double piano numbers given by Mrs. Omar Pitman, Mrs. Harry Hurt, Mrs. Virginia Parrott and Mrs. Ann Gibson Houser were well received as was the chorus numbers and solos of the oratorio. Mrs. G. C. Schurman was director of the splendid musical presentation.

WORLD DISCONTINUE TRAIN SERVICE

AUSTIN, May 9 (AP)—The railroad commission has set a hearing for June 1 in Alpine on application of the Panhandle & Santa Fe railway to discontinue passenger trains 45 and 46 between Fort Stockton and Alpine.

It has granted permission to the Gulf, Colorado & Santa Fe to discontinue passenger trains 27 and 28 between Fort Worth and the Texas-Oklahoma state line. The order said the trains had operated at a loss and the public would suffer no great inconvenience by their discontinuance.

Authority to consolidate passenger trains 16 and 26, between Fort Worth and Marshall, and 15 and 3, between Longview and Fort Worth, was granted the Texas & Pacific railway. It was said service to the public would not be lessened.

Trade, Highways Topics Talked By C-C Directors

Various activities of the trade extension and highway committees were discussed at a luncheon session of Big Spring chamber of commerce directors Monday. Routine reports were heard and regular business transacted.

The directors accepted a program of the trade extension committee to sponsor another monthly merchandising program to appeal to buyers throughout Big Spring's trade territory.

Discussion also centered on plans for local observance of air mail week, May 15-21. The city will stage a big celebration on May 19, day mail will be picked up at other points in the area to be dispatched out of Big Spring.

Dr. P. W. Malone, president, was in charge of the meeting. Others present were J. H. Greene, manager; L. A. Eubanks, George White, Bob S. Schermerhorn, V. A. Merriek, C. W. Norman, Albert Darby, Pat Kinney, Albert Fisher, J. W. Nelson, Joe Gishman, Carl Elomshield, Vic Mellinger, Ted Groehl, Joe B. Harrison, Shlne Phillips, Merle Stewart and M. E. Cooley.

the medical history of the case.

CLEVELAND, May 9 (AP)—Mrs. Maurice Wohl, whose baby went blind with retinal glioma, said today she would advise the parents of Edna Mae Colan, Chicago baby victim of the disease, to let their child die.

Mrs. Wohl's son is two years old. A year ago he went blind in one eye. It was removed. The other was treated with X-ray. But now the boy is sightless.

Choral Club Picnic To Take Place Tonight At First Methodist Church

Choral section of the Music Study club which was to have a picnic this evening at the park will meet instead in the basement of the First Methodist church at 7:30 o'clock. The entertainment is for choral club members and their families.

Invitations Go Out For Gathering Of City Officials

Letters went out from the city of Big Spring Monday inviting 55 municipalities in this district to attend the sectional parley of the League of Texas of Municipalities here May 18.

Many of the leading figures in the state league will be here for the one day conference, including E. E. McAdams, executive secretary of the league. Common problems in administration will be discussed at the gathering in the municipal auditorium.

Privileges of the municipal swimming pool and golf course will be extended to all visiting city officials.

At least 150 representatives of cities in the territory from Lubbock to Del Rio, and from Abilene to El Paso are expected to be on hand by opening time at 9:30 a. m. on the day of the conference.

MEDICAL MEN MEET AT GALVESTON

GALVESTON, May 9 (AP)—Medical men from all parts of Texas were gathering here today for sessions in advance of the opening of the 72nd annual convention of the state medical association tomorrow. The house of delegates, policy-making body of the association, will be in conference. Reports will be made Wednesday.

Related groups in session today were: women's auxiliary; state, county and city health officers; Texas railway surgeons; Texas Neurological society; medical anesthetists; State Heart association, and dermatological society.

Delegates will be guests of the local county association at a dinner dance tonight.

UNIT FORMED TO COMBAT UNION OF METHODISTS

ATLANTA, May 9 (AP)—G. Seals Aiken, Atlanta attorney, filed a petition in superior court today for incorporation of Loyal Southern Methodist to combat Methodist unification.

It was the first of a series of legal actions considered by southern opponents of the merger, which was approved recently by the general conference of the Methodist Episcopal Church, South, in Birmingham, Ala.

Among "specific purposes" of the proposed corporation were listed:

- "To preserve at all hazards the Methodist Episcopal Church, South, with all its property and its glorious achievements for the advancement of the Kingdom of Christ and the benefit of mankind."
- "To preserve x x x the sacred christian principles and articles of religion of the Methodist Episcopal Church, South x x x"

The apparent agreement on division of Central Europe and the Balkans into Italo-German spheres of influence was expected to involve Czechoslovakia, Yugoslavia, Bulgaria, Hungary and Rumania.

Ethiopian Move Faces A New Obstacle

GENEVA, May 9 (AP)—The unexpected growth of a movement to call the League of Nations Assembly into session ahead of schedule threatened today to wreck the French-British "realistic" policy of opening the way for recognition of Italy's conquest of Ethiopia.

This would seriously delay an essential part of French-British rapprochement with Italy.

Both British Foreign Secretary Viscount Halifax and French Foreign Minister Georges Bonnet, in private talks with other delegates in connection with today's opening of the 101st session of the League council, urged them to speed action to free League members to recognize Italy's sovereignty over Haile Selassie's old domain.

Halifax and Bonnet wanted public discussion of their "de-sensu-please" proposal to start tomorrow if possible.

CARRIER OFFICIALS ON STATE TOUR

Price Bankhead, star route carrier out of Big Spring and president of the auxiliary to the National Star Route Carriers association, and W. R. Fleming, Channing, national director, left here Sunday on a tour of the state.

They planned to contact all star route carriers in the state before terminating their trip. The task will require approximately 30 days, Bankhead estimated.

COLLEGE STUDENTS ARE CALLED IN ELECTION PROBE

STILLWATER, Okla., May 9 (AP)—Sixty-seven Oklahoma A. and M. college students were called today to appear before a Payne county grand jury investigating reports college boys voted illegally in the last city election.

When the question of whether to continue employing students to maintain Stillwater's ball park was made an issue, students voted in large numbers and helped elect officials favoring the project.

Opponents petitioned for a grand jury; disloyal students voted without registering, registered too close to election, were registered by other persons or were under age. Students replied that their activity followed calls by opponents to fraternity houses saying students had no right to vote.

WICHITA GIRL WINS AIRMAIL CONTEST

DALLAS, May 9 (AP)—Miss Billie Watson, Wichita Falls high school senior, is the winner of the statewide essay contest held for National Air Mail week, May 15-21, C. J. Crampton, chairman for Texas, announced today.

She said second place went to Miss Frances Segner, student in the St. Gerard high school at San Antonio.

Miss Watson will be given a free airplane trip to Washington, where she will be an honor guest along with other state winners at a banquet on May 15.

I eat BREAD FOR FOOD ENERGY

I'm Serving More Bread—because this is TEXAS BREAD WEEK

"I KNOW that bread and other baked wheat foods provide quick energy for building up vitality. I know that everyone in my family gets through the day better when we eat lots of bread.

"I expect to observe TEXAS BREAD WEEK. I'm going to serve plenty of toast, sweet rolls, and lots of good bread and butter—bread and milk, and sandwiches for the children—and bread pudding or a nice cake for dessert. My family will benefit from these energy foods."

You, too, can benefit by observing TEXAS BREAD WEEK. See your baker and serve the many delicious products he makes for you.
