

Dates Set For San Angelo Fat Stock Show

SAN ANGELO.—With a total premium list in excess of \$8,000, catalogues for the Eighth Annual San Angelo Fat Stock Show and Rodeo, have been mailed over the Southwest, publicizing the event, sponsored by the San Angelo Board of City Development, that has become one of the most outstanding regional livestock shows in the nation.

Dates for the 1939 show are March 3, 4, 5 and 6.

Premiums and trophies in the stock show division aggregate more than \$3,600, while for the rodeo prizes, plus entrance fees, will be in excess of \$4,500.

As last year, premier rodeo events are scheduled, the stock having been contracted from the World's Champion Rodeo Corp., which plays each fall in Madison Square Garden, New York City. Boston and other major eastern cities.

Everett Colborn, manager of the corporation, has promised Culberson Deal, San Angelo show manager, the best of the firm's rodeo stock. Champions and top performers in the rodeo game will be among the contestants here.

In the stock show division, where the pride of West Texas sheep and cattle ranges are to be paraded, Mr. Deal said arrangements have been completed to have men with national reputations serve as judges.

Work has been completed on a new barn at the Fairgrounds to provide additional facilities for those exhibiting here. This need developed in 1938 when accommodations were crowded beyond capacity.

John P. Lee, pioneer ranchman, is general chairman of the show, and Abe Mayer, banker and ranchman, is vice-chairman. Other members of the executive committee include H. E. McCulloch, immediate past president of the B. C. D., W. I. Marshall, J. Willis Johnson, D. T. Jones, Arthur Broome, W. D. Taylor, Foster Rust, E. E. Young and Deal. The boys' fat stock auction will

O'Daniel to Continue Co. Parole Boards

FORT WORTH, Tex.—County parole boards which have been set up by Gov. James V. Allred are to be continued by Gov. Elect W. Lee O'Daniel, it was announced here Monday.

In a formal statement, O'Daniel said in part: "I want to warmly commend the work of these county parole boards and urge them to continue their fine services on these boards. As I understand it, these boards are non-political and were appointed by the present Governor upon the recommendation of luncheon clubs and civic organizations throughout the state.

"As soon as I am inaugurated I expect to write each of the 1-100 fine citizens who compose these boards and reappoint them and request that they continue this great work of working with the underdog and the unfortunate men after they have paid their debt to society and emerged from the penitentiary friendless and unemployed."

Wool Growers Group To Visit Kerrville

Kerrville, Tex.—L. A. Schreiner, Kerrville banker and wool and mohair commission merchant will be host on Jan. 27 at a barbecue for the delegates to the 47th annual convention of the National Wool Growers' Association to be held in San Angelo Jan. 24 to 26.

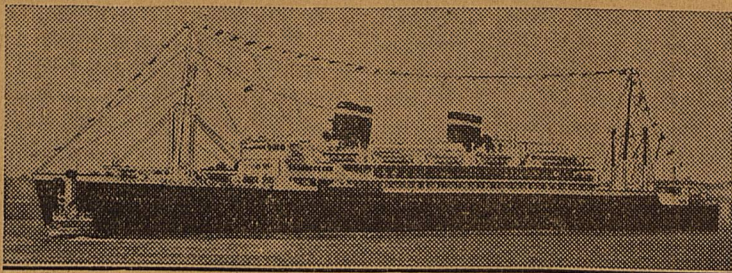

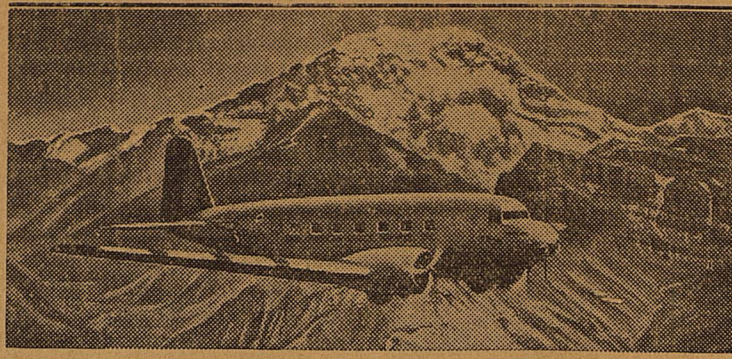

The visitors, expected to number 200 and to include wool industry leaders from Idaho, California, Oregon, Wyoming, Utah, Montana, New Mexico and other states, will make a tour of the Texas wool sections after the convention.

Their stop will be at the suburban home of Schreiner, a livestock fancier with blooded cattle, sheep and goats on the acreage that adjoins his home. The banker recently was made a member of the advisory board of the Texas Sheep and Goat Raisers' Association by invitation of its president, C. B. Wardlaw of Del Rio.

The delegates' tour is planned to take them also to the ranch experiment station near Sonora and to Del Rio and across the Rio Grande to Villa Acuna.

Travel In Twentieth Century Style

Transportation facilities to South America have gone a long way since the turn of the century. Then the quickest route to South America was by way of Europe. Today such giant airliners, as this Pan American-Grace Douglas DC-2, a fourteen passenger plane cruising at 170 miles per hour bring New York within four and one-half days of Buenos Aires. While by sea, the Grace Line "Santa Lucia" has reduced the one-way sea trip from 62 days under sail to 19 days by steam.

Rev. Merrill Sulzman, Catholic priest of Matanuska, Alaska, besides attending to the spiritual needs of the settlement, also acts as fire chief of the nine valley camps.

Several Sundays after the home of Rev. F. R. Dolophin of New York City was robbed of \$70, the collection plate held \$70 and a note saying: "Did not know you were a minister. Here it is back."

Luncheon To Honor Southwest Cattlemen

Fort Worth.—Officers and directors of the Texas and Southwestern Cattle Raisers Association will be honored with a chamber of commerce luncheon Friday at the Blackstone Hotel. The association leaders will hold a directors' meeting earlier in the day and following the luncheon the executive committee will meet.

CHURCH'S JOB ONLY BEGINS, COUNCIL TOLD

San Antonio.—The Christian church, far from being at the end of its missionary enterprise, is just at the beginning, Arthur J. Moore, Southern Methodist Bishop in charge of missions in Europe, Asia and Africa, told the General Missionary Council of the church Wednesday night. He described as frightful urgencies conditions as he has viewed them first hand in Czecho-Slovakia and the Orient.

As he spoke there was a movement for the council to call on Methodists to raise funds to rebuild war-devastated church properties in China. The council's findings committee, which is headed by Bishop Clare Purcell, Charlotte, N. C., will report resolutions for adoption later.

Mrs. Frank G. Brooks correspondent for India and Burma, Woman's Foreign Missionary Society, Methodist Episcopal (Northern) Church, shared the evening program with Bishop Moore.

Speakers Wednesday, as on Tuesday, included leaders from Southern and Northern and Methodist Protestant Churches, whose triple merger in April has been voted.

Because of embarrassment she suffers when she is unable to kneel in church and when her husband has to scrub the floors, Mrs. Barbara Urbach was awarded \$3,250 in an Omaha, Neb., court. She sued a merchant because she injured her knee in a fall in his store.

S. M. U. and T. C. U. To Tangle Saturday In Basketball

DALLAS.—Southern Methodist's Mustangs, contenders for the 1939 Southwest Conference basketball championship, train this week in preparation for a bout with the Horned Frogs of Texas Christian in Fort Worth Saturday night.

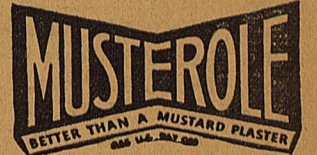

Fresh from a double victory over the long and tall Arkansas Porkers, Coach Whitey Bacus' squad might count the Frog tilt as a breather—except for the fact that a Frog is the mortal enemy of a Mustang.

"Most coaches don't have to worry about T. C. U. this season," pointed out Coach Bacus, "but it might be our luck to have those Purple boys put one by us."

In the garden to use now besides the three vegetables named above are colards, swiss chard and carrots. Onions and beets will soon be ready to use. Mrs. Ratliff plans to plant English peas soon. These will be of a small variety and early to mature.

Busy Bee Club Has Meeting Thursday

"Producing food at home is just that much toward the family income," said Miss Margaret Stewart, county home demonstration agent, as she talked to the Busy Bee home demonstration club on planning poultry flocks, Thursday, January fifth in the home of Mrs. Milton Spurgers with Mrs. Savolia Bolt as hostess. The old saying "Like begets like" is the key note of successful poultry breeding. Weak stock lay weak eggs which hatch weak chicks. Strong stock produce strong healthy chicks that develop into money making pullets and cockerels.

Mrs. Ratliff cans these while she has them on hand then when orange bread is wanted it takes less time to make it.

METHODIST CHURCH

—The Open Window—

"Now his windows were open toward Jerusalem" Dan. 6:10.

Those are not vain hours that a man spends at the open lattice of this heavenly hope. In the city full of fascinating lures and shameless enticements, it brought home to his heart every day the sweet, stern morality of the Be-brew ethical ideal. The breath from that open window kept his life clean. But for it he might have been drawn into the dark current of Babylonian sensuality and sinfulness.

If life's western window is never opened; if the breath from the hills of God plays in vain around its closed and dust-laden lattice, if morning, noon, and night the vision is that of Babylon, then is the seal of the city set ever more broadly upon a man's forehead and it's passions make their home in his heart. The men who bless the world are the men who see beyond the world.

Mrs. Tom Johnson's Sausage Recipe

This is the best sausage recipe that has ever been originated in Mrs. Tom Johnson's opinion:

15 pounds of meat cut in small pieces, five heaping table-spoons of salt, three heaping table-spoons of sugar, three table-spoons of sage, two small table-spoons red pepper, and two small table-spoons black pepper.

Mix seasonings in bowl. Sprinkle layer of seasoning and layer of meat and let stand for an hour or longer before grinding. By letting the seasoning stand on the meat before grinding it gives the sausage a better flavor.

This recipe probably had its origin back at the World's Fair in Chicago in the 80's.

Beef Show At Treasure Island Exhibiton

San Francisco. — Simultaneous with the Western World's Fair Premiere on February 18 and 19, the world's greatest beef cattle show will open on Treasure Island.

This was assured today as entries to the beef exhibition near the 1,200 mark, the livestock bluebloods lining up from every section of continental United States and Canada, their owners' eyes glancing covetously at the \$74,000 in prize cash, premiums and trophies.

As the entry date deadline—than 500 Herefords, already entered, are being groomed and fitted for the showing; like numbers of Shorthorns and Aberdeen Angus stock are in prospect, the entries indicate, according to Ezra J. Fieldsted, Chief of the Division of Livestock.

The beef cattle showing will run from February 18 to 28 in the mammoth Livestock Pavilion and California Cattle Barns nearing completion on Treasure Island.

100,000 TO WELCOME O'DANIEL TO OFFICE AT GALA HOMECOMING

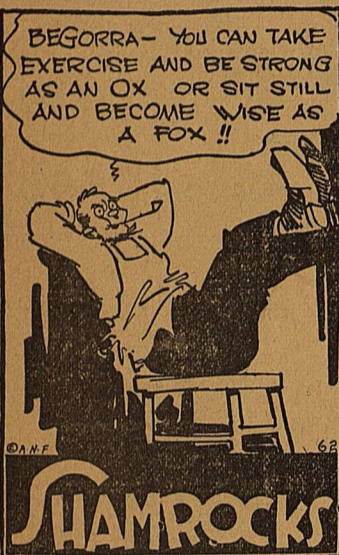

AUSTIN, Jan. 10.—Enveloped in gayest festivity ever accorded an incoming governor of Texas, Governor-elect W. Lee O'Daniel will take oath of office January 17 while an anticipated 100,000 visitors gather in Austin to participate in "Homecoming" merry-making of the common citizens.

Banners, flags, pennants streamers of multi-colored lights strung a twelve block approach to the state capitol, scores of gauds, and throngs of dancers will transform the entire city into an emblazoned replica of movie-screen triumph to climax the record-smashing victory that swept O'Daniel into office in the state primary in July.

A huge curved neon sign flashing "Welcome Gov. O'Daniel" will span the entrance to the capitol grounds. The governor's portrait has been processed on cloth banners for use as a centerpiece in each decorative unit in the business section. Two blocks of Congress Avenue north of the capitol will be roped off and decorated for dancing the night of January 17.

Plans have gone forward to hold the inauguration ceremonies for O'Daniel and Coke Stevenson, lieutenant governor-elect, who takes oath of office with the new governor, in Texas Memorial Stadium, weather permitting, to accommodate the huge crowd. Local hotel managers report that reservation requests have already exceeded their capacities; and rooms in private homes, rooming houses, and vacant apartments will be utilized for visitors' use. The mid-day inaugural ceremonies will be followed by a series of Austin-planned reception for the new state officials.

Winner In WTCC Farm Contest To Be Announced

ABILENE.—The first annual West Texas Chamber of Commerce Soil and Water Utilization contest closed December 31. All that remains to be done in this year's contest, which was entered by 108 West Texas counties representing 70,000,002 acres of farm and ranch land, is to determine the winners.

Survey blanks on which participating counties will report 1938 accomplishments in soil and water conservation and utilization will be mailed soon and are to be returned to the WTCC by February 1. Counties previously have been asked to file reports showing conservation work done prior to 1938.

The contest will be judged by representatives of the WTCC, Texas Extension Service, Texas agricultural experiment stations, Texas Technological College, the farm press, Vocational Agriculture Department, Soil Conservation Service, and Texas Federation of Women's Clubs.

First place county will receive \$500, second place county will receive \$300, and third place county will get \$200. Winners will be announced at the WTCC annual convention in May. The prize money will be administered by the local soil and water utilization committees of the winning counties in promoting junior agricultural work.

"The winning counties will have substantial amounts of money with which to aid outstanding farmboys and girls in their work, but the chief benefit of the contest to any county is conservation of its soil and water resources. Many of the participating counties have shown wonderful accomplishments in the past year and every one of the 108 counties have benefited materially," says Clifford B. Jones, Texas Tech president and chairman of the WTCC agricultural board.

ONE THING And THEN ANOTHER

By Fred Gipson

SAN ANGELO—It's a clear, cold, moonlight night and a tinge of white frost is already fringing the straggling leaves that have fallen on the sidewalk since it was last swept. I'm ambling along, headed for my room, but taking time to kick at a leaf once in awhile, like a man will who likes to kick leaves as he ambles along. It's Sunday night, and I hear preaching and singing going on inside the church I'm passing.

Just then, I happen to look up in a tree overhead. And there, sitting on a limb, framed by the rising moon back of him, is a big old 'possum. He's sitting just as still and looking toward the lighted church windows, like maybe he's wondering what on earth all the commotion is about on the inside.

And I just can't keep from stopping and thinking how natural that old 'possum looks sitting up in a tree like that and how many I've crawled up a tree after as a kid. Only, of course, I've never found one listening to preaching before.

Right off, then, my mind sets in to back-trail itself, hitting a fast pace over this and around that, until it finally pulls up at a point where me and the Little Brother are just old knobby-kneed, overgrown boys with nothing on our minds but hound dogs and hunting. . . .

And again, it's a cold, moonlight night, with frost tinged the leaves. And me and the Little Brother and one of the Gerisch boys are deep into the post oak and blackjack country north of Mason. And the two old hounds are sitting back on their tails with their noses in the air and telling the whole cockeyed world, with great vigor that they've put something up a tree. And the six spotted pups of my old bitch hound are all sitting on their tails and telling the same story. Only, of course they're lying. This is their first hunt and they're just along and don't have any more idea than a bull bat what it's all about. But they aim to do their part to help out, so they point their noses at the moon and bawl, too. They think it's a heap of fun.

We set fire to the fallen top of a dead blackjack and get to looking, and pretty quick the Little Brother claims he sees a 'possum's eyes, shining like a couple of mesquite coals up in the top of the trees. So I grab hold of

a bottom limb and start climbing up. But I don't get far when the Gerisch kid sings out:

"It ain't no 'possum! It's a 'coon! 'N he's coming out."

And, sure enough, out of the top of that tree jumps an old he-coon, big as a fattening hog. And he squalls when he quits the tree. And he squalls when he hits the ground. And the big dogs pile on him and then start helping him spull. And the fool pups— They don't know any better, and pile on, too. And then their spulls drown out all the rest.

And a dead limb up in the tree breaks with me and I lose some hide and clothes on the way down, to land flat of my back right in the middle of the fight.

And a dog sets his hind foot in my mouth and shoves. And I roll over and try to get to my feet, but can't, on account of the 'coon's hunting more altitude to do battle in and waltzes right up my backbone, clawing hunks of hide out of my back as he goes it, and doesn't more than get perched on the back of my neck when one dog hits me from one side and another from the other side, and I'm knocked down under the scap again and the pups are gnawing my ankles and growling their worst.

Those pups are gritty little devils.

Well, of course, I finally come out from under it, else I wouldn't be here writing this story. But then, what with all the leg-chewing and ear-biting and hide-shaking and squalling and twisting and clawing and squirming that's taking place it looks mighty doubtful whether I'll ever get out all in one piece and live to amount to anything afterwards.

That old-he-coon's a salty devil. He whips out me and the old dogs and sends the pups yelling for cover, with their tails tucked tight between their hind legs. And by that time, he's plenty riled and has made up his mind to more blood and carnage and pitches into the little Brother and he Gerisch boy, aiming to clean their plows, too, before he leaves out. And the Little Brother ges erited and lams him over the head with the back of an axe and that finishes the fight, but for having to carry home half the pups what are whimpering and bleeding, too torn up to travel. . . .

About that time, I'm aware that the singing and praying is all over in the church and people are coming out to stand and stare at me while I stand and stare at the 'possum up in the tree that's sitting and staring at them. So, I amble on off down the sidewalk, kicking at the frost-tinged leaves.

Nobody's Business

AUSTIN—Featured by the most elaborate and spectacular pageantry and whoopee that has ever characterized the inauguration of a Governor of Texas, the formal induction of Gov. W. Lee O'Daniel next Tuesday was occupying the attention of Austin this week. The Legislature quietly, and without the usual excitement of rival candidates for the speakership and other key posts, quietly met, organized its two branches, and stood marking time, awaiting the first message of the new Governor, which is expected to precipitate the battle royal over pensions and taxes. With committee appointments out of the way, Emmett Morse, popular Houston veteran seated as speaker without contest, and the first flurry of the 1200 to 1500 bills that will fall into the legislative hopper during the next 60 days in their way, the solons generally took the attitude that the pensions and the methods of raising the money to pay them is Gov. O'Daniel's "baby" and they will wait for his suggestions. Then the fight will start.

MANN IS BUSY

Meanwhile, it appeared that the voters didn't make a mistake last summer in retiring certain State officials to private life, as lawsuits were launched, and policy changes indicated, to undo certain last-minute acts of retiring officials. Attorney General Gerald Mann promptly filed suit to void a vacancy granted by Land Commissioner Bill McDonald during the last two days of McDonald's incumbency, to Worth Ray, a former Dallas legislator. McDonald sold a strip of land being the former bed of the Trinity River through the heart of the Dallas industrial district, to Ray for \$10 an acre, and gave him 40 years to pay for it. Ray paid \$46, cash. The river was moved into a new channel several years ago when a levee was constructed. The "vacancy" includes land upon which railroads, in re-arranging their tracts, have spent several hundred thousand dollars. Mann alleged the \$10 an acre price "shocks the conscience of any reasonable persons" and moved to void the sale.

The regents of the University of Texas also moved to act with Mann and the University' attorneys to void another "vacancy" sale made by McDonald as he left office, in which 2,652 acres of Ector County University land, upon which there are 56 producing oil wells, was sold to R. L. York of Midland, for \$3 an acre. A suit had already been filed to clear the University's title to this land, which it has controlled for many years, and Maj. J. R. Parten, chairman of the land committee, declared State officials had agreed to suspend further action until the suit had been settled. He said McDonald's action came as a "distinct surprise."

Mann also held up sale of 126,714 barrels of confiscated oil, upon which court orders had been obtained by his predecessor in office. The new attorney general, commenting upon the sales of several hundred thousand barrels of oil after the July elections, remarked "something has been wrong somewhere, when 75 cent oil is sold for 18 cents and only one person is there to bid on it." Mann indicated he will seek legislation, if necessary, to enable the state to protect itself from having to sell confiscated oil at figures substantially under its value.

COUNTIES TO GET AID

Abandonment of the plan recommended by Norman Taber, New York expert, calling for a state bond issue of nearly \$200,000,000 to retire county road bonds and substitution of a simpler program, under which the State would pay the principal and 2 percent of the interest on out-

standing county road bonds, was indicated here this week. The plan, worked out by the State Association of County Judges and Commissioners, headed by Judge Jake Loy of Sherman, has the approval, it is said, of the Highway Department, the county officials and the Board of County and District Road Bond Indebtedness. It calls for assumption of the county debt not now taken over by the State, and the use of the surplus which has accrued through assignment of 1-cent of the 4-cent gasoline tax, to the retirement program. Sponsors of the plan claim the 1-cent gas tax allotment will enable the State to pay the principal and 2 percent interest, and that through refunding by the counties, made possible by allocating the cent gas tax for a period of 25 years, will immediately give substantial relief to the general funds of the affected counties by relieving them of most of their road bond debt servicing charge. Legislation to effectuate the plan will be offered early in the present session.

KELLY OFFERS BILLS

Rogers Kelley, new senator from the Valley, lost no time in making good on two of his campaign promises. He offered a series of bills to provide a stronger drivers' license law, providing a small fee for examination of applicants for licenses, and other bills to amend the present law which limits the loads of trucks on the highways to 7,000 pounds. Kelley would permit larger truck loads but only under scientific regulation as to size of trucks, tires, air pressure, and other factors which affect the safety of the general public. His Valley constituency is strongly in favor of a larger truck load limit, as are other large groups in the State, because much of the Valley's citrus and vegetable crops are moved out of the area by truck, and lower freight rates will be possible with larger load limits.

ALLRED STEPS OUT

Gov. Allred plans to leave Austin immediately for his new home in Houston, after the inaugural ceremonies. He will not take his seat on the Federal bench until the U.S. Senate confirms him, expected to be within a few days. . . . He has leased a colonial residence in Houston, and will take Mrs. Alma Albert, his secretary for the past eight years, with him as secretary in his new job. . . . P. D. Smith, headquarters manager for Bill McCraw, during the summer gubernatorial race, has sued the former Attorney General for \$4,166 which Smith claims he advanced McCraw during the campaign. . . . Tom Beauchamp, of Tyler, new Secretary of State, will reduce the staff of 54 persons employed in the office and field, hedeclared on arrival here. . . . Lots of hiring and firing by Jerry Sadler, new rail commissioner, has created a furore in the Railroad Commission offices, but virtually all those fired have been replaced, netting little sav-

ing so far in the cost of operating the commission, despite economy talk. . . . Harry Knox, flour distributor of Brownwood, is reported as O'Daniel's choice for adjutant General. Knox is a National Guardsman. . . . Another flour man, A. J. Wylie of San Angelo, will be O'Daniel's secretary. . . . The Railroad Commission will make no further efforts to prorate gas production in the West Panhandle field until the

Legislature enacts new legislation, following the striking down of the latest order by a three-judge Federal court on petition of Texahoma and Cities Service, chief producers in that field.
