

On The Divide

We are, indeed, thankful for the compliments we receive on the type of newspaper that we are attempting to give our readers. "We like the home-town news," we are often told. These compliments are somewhat different to some received on our former paper down in South Texas when we finally managed to get out our two-page edition. Two pages were printed and the other side was blank, except for a single line which read: "Don't laugh, we had hell getting out this much."

Henry Speck purchased four yearling bull Herefords from the Pat Martin herd, it was announced this week. Three of the animals brought \$125.00 each and one \$150.00. This is the third year that Mr. Speck has purchased bulls from the Martin ranch.

Elaborate plans are being made for the J. E. Jones Palomino Auction Sale to be held here Wednesday, November 22. The event is classed as the largest sale of high grade Palominos ever held in Texas. These fine horses have become widely popular among stork men of West Texas and the corral will be well lined with interested bidders when Ray Lum of Vicksburg, Miss., climbs on the stump as auctioneer.

There is nothing more interesting to West Texans than a good day of horse-tradin'. Mr. Jones will probably have a couple plugs of Brown's Mule on hand. Chewing and whittling goes with horse tradin' kindly like "no further aggression promises" goes with a Hitler speech. They just seem to go together, that's all.

When the high school football team goes on the field here Saturday afternoon the lads will have the wholehearted support of local fans. Stores are throwing aside the old thought of Saturday afternoon business to observe Armistice Day and to attend the game. The Lions club has postponed a box-supper for Friday night in order that everyone might have full pep and enthusiasm for the game. Who wants to eat cake anyway, when we are going to have a football game, R. L. Sample stated when he announced postponement plans.

SECOND GUESSING

(By L. T. Barber)

Looking over the work outs this week, we believe that the boys have decided to play a little football Saturday. They are going hard with lots of fire and know they have a real job on their hands with Rocksprings. We have always had a good Wednesday ball club. But on the week end they seem to think they should have a holiday. Well, Saturday is a holiday and maybe the Eagles will try to start a war instead of just trying an Armistice.

We hope the boys have decided that it takes both a line and a backfield to win football games. This was quite evident last Friday in the intra-squad game at the football field. The results was 7

County Tax Collections Reach New High Mark

A total of \$37,000 in State and county taxes and \$13,000 school taxes had been collected in Schleicher county up to November 2, it was announced this week by County Judge C. L. Meador. This is the greatest amount of taxes that has ever been collected up to this date in the county and represents approximately 60 percent of all taxes due.

Mr. Meador contributed the passage of an order allowing discounts on advance payments of taxes, as being largely responsible for the increase in tax collections. In a recent order by the commissioners' court, 3 percent discount was allowed on taxes collected from October 1 to November 2. A discount of 2 percent is allowed on taxes paid from November 3 to December 2 and a 1 percent discount will be allowed from December 3 to January 1.

MOVE HERE FROM NEW MEXICO

Mr. and Mrs. Hassel Ratliff moved here Monday from Artesia, New Mexico. Mr. Ratliff, son of Mr. and Mrs. Ed Ratliff, moved here because of his health. He is ill from injuries received while working at an oil well.

F. F. A. Colt Project Draws Interest

Eldorado Vocational Agriculture students are learning to judge and select horses as well as to feed and develop them. Five boys, under the direction of E. O. Nevills, vocational agriculture instructor, now have 11 colts on feed. Billy Galbreath has three head; Sam Henderson, four; Ernest Sweatt, Jr., one; Billy McGraven, two; and Holvey Enochs, one.

Keen interest is being shown by the boys in this project and when the annual show opens here next spring, these youths will have their thoroughbreds ready for exhibition.

WILEY RATLIFF ATTENDS MEETING AT HOUSTON

Wiley Ratliff, local Gulf agent, left last Sunday for Houston, where he is attending a school of instruction for Gulf consignees. He will be away two weeks.

Local Man Kills Ten-Point Deer In New Mexico

Keno Ogden, local business man, returned this week from a hunting trip in New Mexico where he bagged a big 10-point, 228 pound black-tail deer. The animal is being stored in the ice house here this week and a large number of local nimrods, who are anxiously awaiting the approaching deer season here, have viewed the fine animal with envy. Mr. Ogden plans to have the head mounted.

Presbyterian Revival Is Success

The Presbyterian church closed a successful 10-day revival meeting when Rev. J. P. Kidd of Austin held the final services last Sunday night. Rev. N. P. Wilkinson termed the meeting a success.

The pastor is very pleased with the spirit of the revival left in the church and is confident that the church will improve as a result. Good crowds attended services throughout the meeting, he stated. Rev. Kidd spoke on "The Holy Spirit of God at Work in His Church," at the closing service Sunday night.

W. D. Doyle Takes Over Barber Shop

W. D. (Shorty) Doyle has purchased the Postoffice Barber shop here from W. M. Davis, effective Saturday morning, it was announced this week. Mr. Doyle has formerly been connected with the City Barber Shop.

Mr. Davis has been engaged in the barber business in Eldorado for the past 11 years. He has operated the Post Office Barber Shop since 1930. He states that he plans to enter the stock raising business here in Schleicher county, although definite plans have not been completed.

Mr. Davis expresses his thanks and appreciation to the people of Eldorado for the splendid business that has been given him.

H. D. Mercer who has been employed by the Post Office Barber Shop will continue in his present position, it was stated.

R. L. SAMPLES ARE GRANDPARENTS

Monetta Belle is the name of the daughter born to Mr. and Mrs. Bell Sample of Dallas last Monday, November 6th in a Dallas hospital. She weighed 7 pounds and 3.4 ounces at birth. Mr. and Mrs. R. L. Sample of this city are the proud grandparents. She is their first grandchild.

COUNTY FARM OFFICIALS LEAVE FOR TWO-DAY MEET AT BIG SPRINGS

W. G. Godwin, County Agriculture Agent; Margaret Stewart, Home Demonstration Agent and W. T. Whitten left Thursday morning for a two-day district meeting to be held at Hotel Settles in Big Springs.

Present farm and ranch problems and 1940 ranch and agricultural conservation plans will feature discussions at the session.

Mrs. John Williams Chairman Of County Red Cross Drive

Mrs. John Williams has been named chairman of the Schleicher county Red Cross Membership drive to be conducted November 11 to 30, it was announced here this week. A Lion's club committee composed of L. M. Hoover, W. O. Alexander and E. W. Brooks will assist in the work.

Mrs. Williams announces that the drive for memberships will begin Saturday. Plans are to exceed the membership of last year which amounted to a total of \$103.

DICK LAWHON SNAGS 35 POUND CAT

A mammoth 35-pound catfish was hauled in by J. W. Lawhon of Eldorado, while on a two-days fishing trip last week. Mr. Lawhon, accompanied by Ed Ratliff and Edward Ratliff, Jr., spent last Friday and Saturday on the banks of the Pecos River. The total catch was 9 fine fish, weighing a total of 140 pounds.

With eyes as large as saucers, Mr. Lawhon, with rod and reel, battled with the fish some time before calling Mr. Ratliff to his aid. According to Mr. Ratliff, they tore-up the motor of his car hauling all their fish back home.

Fire Destroys Ranch Home Near Here

Fire destroyed the ranch house on the Joe Funk ranch, about 15 miles north of Eldorado, one-half mile from the Tom Green County line, Tuesday of this week. Damage was estimated at \$2,500, it was reported. The ranch is leased to Atkins Bros. of Christoval. The ranch is the old A. E. Shepherd ranch.

GAME VITAL TO BOTH TEAMS; RECORD CROWD TO ATTEND

Stores Will Close Saturday Afternoon

Most Eldorado business firms will be closed from 2:00 to 5:00 Saturday afternoon in observance of Armistice Day and to permit employees to attend the Eldorado vs Rocksprings football game.

It is particularly fitting that the people of this nation celebrate Armistice Day, in view of present world conditions, it was brought out at the local Lion's club meeting Wednesday.

Flags should be prominently displayed at every business institution of the city, in commemoration of Armistice Day.

Citizens of Eldorado and trade territory are being urged to do their shopping early Saturday. The fact that Armistice day falls on Saturday, it is difficult for business firms to close their doors but special efforts are being made to enable them to do so. The cooperation of citizens is being asked.

Schleicher County Gets Publicity Over The Air

Drawing widespread publicity for the high quality wool produced in Schleicher county, last Friday's broadcast, "Swing Around West Texas," sponsored by the West Texas Chamber of Commerce, carried the following item: "Congratulations to: Pat Martin of Eldorado. A sample of wool from his Rambouillet flock in Schleicher county took fourth place in marketing class No. 1, 80's or above . . . this in worldwide competition among wool growers in the closing hours of the San Francisco Fair."

The next broadcast will be held Friday night, on KRBC, Abilene; KBST, Big Springs, KSYO, Lubbock; KGKL, San Angelo, and KFDA, Amarillo. The broadcast is set for 7:30 to 7:45, according to a letter this week from Chamber of Commerce officials.

Jerry Pennington Is Elected As Scout Master

Renewed enthusiasm has been created in the scouting movement in Eldorado and Jerry Pennington, manager of the local West Texas Utilities office, was elected last week as Scoutmaster. L. T. Barber will continue as leader of Senior scouts. N. P. Wilkinson, who recently resigned as scoutmaster, will assist Mr. Pennington in the work. New members on the committee are Tommy Barrow and R. O. Smith.

The scout committee has planned to meet regularly each second Monday in the office of City Attorney, Chas. L. Dennis. The scouts meet each Monday evening in the scout lodge near the high school building. Plans were being made this week to carry out some repair work on the scout house.

Committee assignments are as follows: E. W. Brooks, chairman; J. A. Whitten, finance; C. L. Dennis, health and safety; N. P. Wilkinson, advancement; Wiley Ratliff, property and equipment; R. O. Smith, outdoor; Tommy Barrow, troop activities; and Don McCormick, expansion.

The Rocksprings Bulldogs will invade the local field for a district tilt with Eldorado Eagles Saturday afternoon at 2:30. One of the largest crowds that has witnessed a football game here this year is expected to be on the sidelines as the two opponents engage in what is termed the biggest game of the season.

Most Eldorado business firms will close their doors from 2:30 to 5:00 Saturday afternoon to celebrate Armistice Day and to permit employees to attend the football game.

The dope points to a win for the Eldorado boys, but with a possible tie for district championship, the Bulldogs will be snarling no little amount here Saturday. In any event, the game will be a close matched struggle.

Reports coming from the Rocksprings ranks indicate that the lads from the hill country will be gunning for the local chaps. The two teams will be fairly equally matched and when the results mean as much to them as this decision does, the game is assured to be a thriller from start to finish.

GIRL SCOUTS WILL SELL POPPIES HERE SATURDAY

Local girl scouts will be on the streets Saturday to sell poppies which are made by disabled world war veterans. Proceeds from the sale will go to benefit disabled veterans and their families and for families of the dead soldiers. Mrs. Bailey Montgomery is in charge of the sale here. She urges the cooperation of Eldoradoans in boosting the sales.

Road Around Court House Is Being Conditioned

In order to relieve congested traffic on Post office street the street in front of the Court House is being recondition this week. The street is being graveled and conditioned for all-weather, it was announced by Commissioner Jess Koy and County Judge C. L. Meador.

The street will enable traffic to circle the park in front of the post office building and avoid congestion at this point and at the intersection of Main street, it was pointed out. It is understood that plans are being studied to route traffic one-way from Main street in front of the post office.

Since construction of the new post office building, traffic on this street and at the intersection has been of much concern to local officials. It is believed that the completion of this circle will relieve the situation and it is contemplated that the State highway department will install a traffic signal light in the near future.

Box Supper Date Is Postponed

R. L. Sample, chairman of a committee in charge of arrangements for a box supper to be sponsored by the Eldorado Lions club, stated this week that the date for the affair had been postponed to a later date. The exact date will be announced in the near future.

"We are going to win a football game this week-end," Mr. Sample stated, "and don't want to interfere with the box supper."

LINDBERGH'S CASE

Nearly every newspaper in the county has commented on Col. Lindbergh's recent radio addresses and much of the comment has been unfavorable, as he might have expected. His taking Canada to task for remaining loyal to Britain in the present war was perhaps the most stupid of his utterances, and well merited the rebuke it has received.

But why all the fuss about Lindbergh's speeches, whoever may have been their actual author? The Lone Eagle is a capable aviator and aviation expert, but he is not a statesman, qualified to discuss national policies and world affairs. He holds no position of responsibility, and has no authority to speak for anyone except himself. The opinion of any other intelligent layman would be as worthy of notice as his.

Parts of his speeches were in

exceedingly bad taste, and if coming from a more important personage might well have been taken seriously. But Lindbergh is not important, except in the field of aviation, where he is preeminent.

The fact that Lindbergh was decorated by Nazi Germany may or may not have influenced his utterances. However that may be, his speeches were very pleasing to the Nazis. But so have been the speeches of some good American statesmen on the embargo question.

We still believe Lindbergh is a good American. But as a statesman he is only an aviator.

FINLAND THREATENED

Following the bringing of the Baltic states of Estonia, Latvia and Lithuania under virtual domination, Russia is now making demands for certain territorial and other concessions from Finland, which may threaten that little country's independence.

Finland seems willing to grant some of Russia's demands without resorting to arms for defense, although her small army is being prepared to fight if Stalin insists on taking too much. The United States and other American republics as well as Norway, Sweden and Denmark, have interceded with Russia in Finland's behalf, but whether their pleas will have any effect remains to be seen. Armed resistance to Russia would, of course, be hopeless.

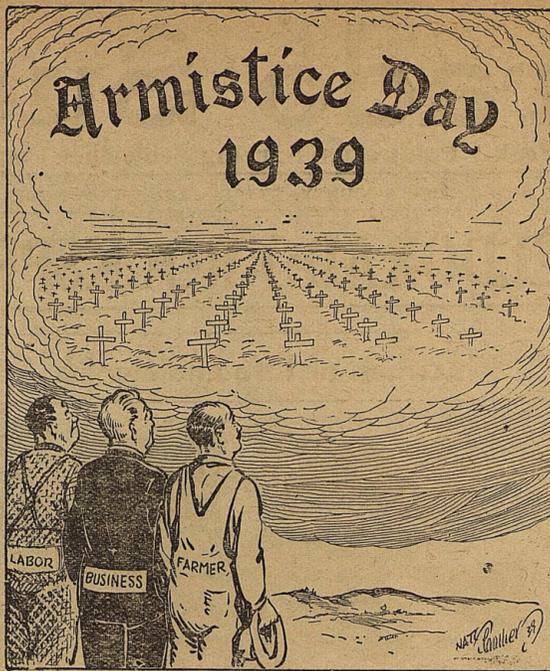

Before the World War, Finland was an autonomous grand duchy of the Russian Empire, but gained her independence after the downfall of Czar in 1917, aided to some extent by Germany. When Germany was defeated by the Allies in 1918, German troops were withdrawn from Finland.

The population of Finland is about 3,700,000, and it embraces 134,557 square miles of territory, equal to the combined area of New England, New York and New Jersey. Lying between the 60th and 70th parallels, north latitude, it is a very cold country, but agriculture and forestry occupy about 65 per cent of the population.

The Finns are a hardy, industrious and honorable people, peace loving but courageous. As the only nation to fulfill its war debt obligations to the United States, Finland has won the admiration of this country. All Americans hope she may not be the victim of Russian aggression.

Mayor Fiorlo H. La Guardia of New York City has just received a belated reward in the form of a leather bound testimonial from the Pratt business school. As a student at the school in 1906, he mastered the shorthand and typewriting course in 30 hours, immediately obtaining a job as stenographer at \$18 a week. His salary is about \$450 a week now.

A TIMELY REMINDER

Nobody's Business

By Julian C. Capers

AUSTIN—A thirty-day special session of the Legislature, beginning early in January, was regarded by most observers in Austin this week-end as a strong probability, in view of several significant developments. Chief among these was the ordering of special elections in three districts to elect representatives to succeed three House members who have resigned to accept State jobs. No election has been ordered in the Senatorial district served by Sen. Clay Cotten of Palestine, who has announced he will quit to take the job formerly held by Olin Culberson, as chief of the gas utilities division of the Railroad Commission. Cotten, however, has been ill, and has not yet offered his resignation, nor qualified in the new post. It is reported here he will delay resigning, and sit as Senator during the special session, if the latter is called soon.

Sales Tax Fight Seen

If Governor O'Daniel summons the legislators, he is expected to submit social security financing as the only major subject. He likewise is expected to make a drive for a statutory sales tax, as embodied in his bill which he calls a "Consumer's tax bill". Opponents of the sales tax, headed by Sen. Joe Hill of Henderson in the upper house, are expected to make a strong effort to substitute an omnibus tax bill, including substantially increased levies on natural resources, as the means of financing pensions.

Political strategists here regard O'Daniel's decision to call a session, if he makes it, as of distinct advantage to him in the forthcoming campaign for re-election. If the session raises revenue, he can claim credit for calling the solons; if it fails, he can claim he was thwarted by a recalcitrant legislature in carrying out his extravagant promises to the old folks. If he should fail to call a session, observers here point out, he would be open to considerable criticism by his opponents on the ground that he gave the legislature no opportunity to consider anything but the notorious SJR No. 12, at the regular session, and then refused to let the Legislature meet to consider other methods, when that failed.

Hill Boom For Governor

Sen. Joe Hill, of Henderson, fiery orator and untiring opponent of O'Daniel's sales tax plans, is reported giving serious consideration to running for governor against O'Daniel next summer. Hill is reported to have interested many O'Daniel opponents who feel that it will be difficult for a "professional politician"—meaning one who has made previous races for State office—to defeat

the Governor. They feel that Hill's gift of oratory, his command of forceful language, and his effective opposition to the sales tax plans sponsored by O'Daniel and the special interests, made him an effective opposition candidate who might be able to muster strength to oust O'Daniel in 1940.

Connally For Peace

The prominent part played by Texas' Junior United States Senator Tom Connally in the special session fight to repeal the arms embargo, and enact the "cash and carry" plan advocated by President Roosevelt, has won admiring comment throughout Texas during the past two weeks. Connally, up for re-election in 1940, had no serious opponent before the special session, and he is even less likely now to have to make a campaign, veteran political observers here say. Connally's independence of thought, which has influenced him to fight certain Roosevelt measures, like the Supreme Court plan, of which he did not approve, as vigorously as he has advocated other presidential legislation which Connally regarded as in the public interest, has won the admiration of both friends and foes of Roosevelt in Texas. Probably the silliest rumor published in Texas recently was one contained in the column of Walter Winchell this week, suggesting that Elliott Roosevelt would defeat Connally for re-election. Roosevelt will not be a candidate against Connally for many good reasons, not the least of which is the fact that Roosevelt, if elected, couldn't qualify to sit in the United States senate, because of the Federal constitutional age limit, which would bar Roosevelt for about seven years yet.

Then why in heck don't you put your advertising in the newspaper too?"

Second Guessing

(Continued from page 1)
to 6 in favor of the first string backfield but they will tell you it was rough bucking that line. The backfield for the first string line was made up of Spurgers twins, Tom Bradley and Jack Montgomery. They made considerable gains through the line and on passes but all around the game was very even except in the punting department. Hill kept the linesmen in a hole on his long punts.

We have heard from Rock-springs that they are going to tear our tackles up. They seem to think they are weak. Sometimes the entire line has been out of balance and looked very ragged.

There might be a different story after the game, if the linesmen get together and all go at once. A backfield has not much chance when the linesmen are coming through and bothering a bit.

Some of the boys have been missing practice and may not be in the best shape Saturday but the ones that have been coming out seem to be ready. Hill, Williams, Halbert and Jones in the backfield are making up a very good combination of backs. Wall has been out with an injured knee and David Williams has been doing some good work at the guard post. Wall will probably see service against the Bulldogs. If Rocksprings will stay on the ground they will have a hard day but if they go to the air lanes it might be a different story. The Eagles pass defense has been a bit loose but a fast charging line can help this cause a lot.

Joe Reynolds has been showing well at the tackle post but has had trouble with Old Man Studies and we hear that he will be on the side line for the game.

Good luck came last in picking the Southwest conference games. One thousand per cent was chalked up but we wear our points will hit hard this week. At any rate it does not cost anything to guess in this column. No bets offered. Just guessing. The top notcher of the Week; SMU vs A&M. at College Station. Boy, Oh Boy. This will be a dinger. The Aggies have steam-rolled over everything from three to twenty-seven points and the Mustangs have given a very good account of themselves in their games. The dope goes to the Aggies, but with Clements pitching, Johnson kicking and a few other outside tricks, they are going to make a ball game. We will have to take the Aggies, but don't weep from an upset. Baylor will be host to Texas. The ramblong jack rabbit Crain was held scoreless against SMU but we can not see the Baylor boys stopping him. The edge is given to Baylor but our guess rides with the Steers. TCU meets Tulsa and should eke out a win here. The Rice Owls and the Arkansas Razor backs will be fighting for the celler berth at Houston. Arkansas has won only one conference game, while Rice is still looking for a win. Arkansas has not wone a game away from their own lot but with everything on the up and up, they should push the Owles deeper in the celler.

Eldorado fans were very proud to claim home for one of the outstanding performers in the Southwest last Saturday. Johnny Clements, personally piched and run the SMU Mustangs to a win over the Texas Longhorns. Of course he did not do this by himself but he was the big gun in the scoring. Jim Hoover can vouch for his playing, as he was high in the stands and saying "That boy is from Eldorado", so am I. All ears were in their radio for the game and chests were expected for the Big Indian from the Divide. He may get to do some pitching against the Aggies. He seldom plays unless the chips are down, and they may down a lot Saturday.

Davis-Taylor Rites Read In Santa Anna

Miss Voncille Taylor, daughter of Mr. and Mrs. Amos Taylor of Santa Anna, was married to Marshall Davis, son of Mr. and Mrs. E. T. Davis of this city, last Sunday morning at 9 o'clock in the home of the bride's parents.

Elder Ollie Cantwell of Blanket, Texas read the single ring ceremony in the presence of a few relatives and friends. The couple stood before a mantel decorated with fall flowers and fern. Jewell Taylor, sister of the bride, was brides maid and Waldeen Suddeth of the Bailey ranch community served as best man. The bride wore a dress of royal blue chiffon velvet with black accessories. For travel she wore a manish suit of Laurel green with accessories of black and laure green.

Mrs. Davis was graduated from the Santa Anna High School with the class of 1939. Mr. Davis, better known in Schleicher county as "Bearcat", was graduated from the local High School in 1936 and is well known for his excellant foot ball record. He is now associated with his father in the ranching business.

Guest for the wedding include Mr. and Mrs. Amos Taylor, Mr. and Mrs. M. E. Mapes and Mr. and Mrs. Alton Taylor of Santa Anna; and Clarence Davis of Eldorado.

Mr. and Mrs. Davis are at home on thier ranch in the Kaffer community.

Mrs. W. R. Nicks and grandson, Jerry Johnson, are in Austin this month with Mrs. Willie Ruth Johnson who is attending the university there. This is Mrs. Johnson's third year of study. She plans to finish in the summer. Mrs. Johnson is the daughter of Mrs. Nicks.

by William Lyon Phelps, published

by Oxford University Press, 1939.

The News relies not alone on one great wire service—it has TWO—the greatest in the world—Associated Press and United Press. It also has the great wire feature service of North American Newspaper Alliance (NANA). Most newspapers would be content with these—but NOT The News, which also maintains its exclusively own bureaus in Washington, Austin, East, West and Central Texas . . . to say nothing of more than 200 local correspondents scattered over the Southwest... and the largest local staff of editors, reporters, artists and feature writers of any newspaper in Texas.

Mrs. Alexander of The County Woman's Club Merits First Place On Kitchen; Shows Much Can Be done With Little Money

The achievement day program of the County Woman's club was held last Wednesday afternoon in the home of Mrs. Claude Alexander, who is first place winner in kitchen demonstrations of the county. Reports were given by cooperators and demonstrators. Mrs. Tom Alexander is poultry demonstrator of the club.

Other winners in the kitchen demonstration are Mrs. R. C. Spurgers of the Eldorado club, second and Mrs. J. T. Williams of the Reynolds club, third. Mrs. Spurgers will tell her story and hold open house on November 10, at 2:30 o'clock.

The following is the story told by Mrs. Alexander of her kitchen.

"When I began on my kitchen it looked more like a smoke house than meat had been hung in to be smoked and cured, than it did a kitchen that someone was trying to prepare daily meals in.

The first thing we did before moving a thing into it, was to heat water in a wash pot and put a can of lye in it and scrub as best we could. We tore down old greasy, nasty shelves on both sides of the West end.

My kitchen is on the South West corner of the house, which is facing North. It is 9 x 12 ft., and has two large windows. One in the South, and one in the West wall.

Our first addition was electric lights. They are run off of a wind charger.

Water was piped into the house but there wasn't a sink, or cess pool. I bought a sink. It cost \$6.78. It is 18x30 inches. We piped the water disposal about 75 ft., from the house and dug a hole about 4 feet deep and put large rocks in it. Then we covered over the top of the rocks.

We begun to think about papering the walls, but they were so greasy and dirty we knew the grease would come through just

wall paper. So we decided we would first have to cover the wall with asphalt paper. Then put the canvas and wall paper on. We asked our land lord if he could furnish the material if we would do the work. He gladly did, and with a lot of hard work, we have a nice, clean kitchen. The asphalt paper cost \$3.00. The wall paper and canvass \$2.45. He also bought paint to re-do the wood work, which had been revarnished dark oak, when the house was built some 25 years ago. We went over the wood work with two coats of white paint.

The floors were badly worn and had cracks and holes in them. I bought crack filler and filled the spots that were worn the most. I bought linoleum to cover the floor from wall to wall. It has a white and gray back ground and has a black figure in it, with a little touch of red in it, which harmonizes with my wall paper. It also has a white back ground, with a black figure, and a touch of silver.

I have an ice box that was given to me. It was varnished a golden oak. I have a cabinet that had been enameled white, but the enamel was peeling off and was dirty, so I decided to remove the old enamel. This I did by mixing lye and starch to make a thick past. I took an old whisk broom and smeared the past all over the cabinet. I let it stay on about an hour, then I took an old broom and the water hose and washed the paste off and the old enamel came off with it. I let the cabinet dry over night, then sand papered it. I bought a quart can of white gloss enamel for \$1.25 and put 2 coats of enamel on the cabinet and ice box and they look like new. The hardware on the cabinet is enameled black. I had an old worn out, cracked up wood stove, when I discarded, and bought a good second hand oil stove for \$25. It is black and white Porcelain and has 5 burners. I didn't have scarcely any cooking utensils. I added a waterless cooker \$2.00 1 large stew pan 95c. 1 small one 50c. A double boiler \$1.60. A dutch oven \$1.50. A dripolator \$1.60, a cookey sheet 20c, 1 loaf pan 10c, a food chopper 95c, rotary beater, a gift, kitchen scales 1.30, clock \$1.25, wooden spoon 15c, small aluminum dipper 10c, paring knife 10c.

The hight of my cabinet working surface is 33 in. which is the correct height for me. Also my sink is 33 in. from the floor. The front of the sink is closed in, making a little closet, and that is where I keep my utensils that I use water in. I keep my baking equipment inside of my cabinet. My dishes are kept in a closet that we built mostly from scrap lumber. The lumber I bought cost

\$1.40. The hinges and fasteners 65c, costing \$2.05. I also added a broom and mop closet. All it cost me was 35c for hinges and latch for the door. I made a paper sack holder from an apple box. I made a memorandum holder from a piece of plywood. In the corner over my sink I have two shelves. One for my fish bowl and the other of a Pot plant. In the South window I have a shelf just higher than my head, on this I have pot flowers. I don't have window curtains, because I had rather have flowers in my kitchen than curtains. I have really worked on my kitchen to make it a place of convenience and comfort, I know the whole family will enjoy it as much as myself. And I must say I had the interest and cooperation of my husband, or I would never have accomplished what I have.

The total cost is approximately \$63.00."

Mrs. Tom Alexander, poultry demonstrator, also told her story. Her total expense was \$63.20 and her total income amounted to \$114.89. She now has on hand 100 chickens.

Present for the program include Mrs. Marion Wade, Mrs. L. E. Lloyd, Mrs. R. E. Cheatham, Mrs. L. Kent, Mrs. Wyatt Johnson, Mrs. Norman Hodges, Mrs. Palmer West, Mrs. R. C. Spurgers, Mrs. Silas Burk, Mrs. W. E. Bruton, Mrs. Gordie Alexander, Mrs. F. A. Watson, Mrs. R. J. Alexander, Mrs. Jack Clark, Mrs. Tom Alexander, Mrs. Ray Alexander, Miss Margaret Stewart, Mrs. T. J. Clark of Silver Valley and the hostess.

ODDS and ENDS

Where grandparents are concerned, R. L. Sample is the proudest one yet. He wanted to be sure to be the first to make a hit with his new granddaughter. He wrote her a letter the first of the week and told her if they weren't nice to her to pack her grip and her granddaddy would come get her. "I am looking for an answer Thursday", he added.

Mrs. Roy Davidson had to leave the Class meeting early Tuesday night in order to get home in time for that football boy of hers to get to bed early. "From now on", she sighed, but there was that proud look about her face that is characteristic of every parent with a football boy.

Charlotte Ann Williams is the name of the delightful little girl who speaks to everyone with the grace of a lady and a smile as pretty as the golden curls on her head. She is the daughter of Rev. and Mrs. Marvin Williams.

Mrs. Montgomery Is First Place Winner In Poultry Demonstration

First place winner in the poultry demonstration is Mrs. Will Montgomery of the Adams club. Mrs. E. M. Roberts of the Cliff club won second place and Mrs. G. L. Ballew of the Eldorado club third.

The following is the story of first place winner, Mrs. Montgomery. And will be told by her when the achievement day program will be held in her home next Tuesday.

"I took the Poultry Demonstration because I was interested in Poultry and wanted to see if there was anything in it. I begin Jan. 1 with 33 bufferphanton hens and 1 rooster. I had them Pullorum tested and cilled leaving 23 hens and 1 rooster. I bought a rooster later. I lost 3 hens and 1 rooster leaving me 20 hens and one rooster. I also had them tested and cilled in July leaving me 16 hens. The average egg production per hen 105 Plus eggs from January 1st to November. 1st.

They layed 194 doz. eggs. I hatched 436 chicks. We built a chicken house according to A&M Blueprint No 1113 at a cost of \$44.04 size 16x16 feet with dropping pits, nest to each 5 hens and adequate troughs. We made four troughs and one

FIRST MEAHODIST CHURCH

A GOOD SOLDIER (II-Tim. 3:3.)

November 11, 1939 will bring back to our minds those "good soldiers" of the World's war. They were a pillar of fire by night, and a cloud by day that protected democracy, in its swaddling clothes, from the Herods of their day. They were the star, of the world's war bethlehem, guiding the people of the world through the wilderness of war to the manger of peace. Many of them, young and happy, never crossed the river of armistice peace, they died on the other side. No paper article no advance of armies, no vote of Congress, on orator's appeal, no preacher's favor, can again cause the flame of patriotism to burst forth with that strength, that so characterized their day—so short a time ago. But some of us did cross over the armistice river made red with the blood of our brothers. And now, may we take the swaddling clothes from the child of democracy that it may ever be about its fathers business of beating swords into plowshares and spears into pruning hooks that our people know war no more.

Low L. C. R. A. Electric Rates

Slash For Rurals And Small Towns Announced By Lyndon Johnson

AUSTIN, Nov. 3.—Low cost Lower Colorado River Authority power Saturday became a reality for 20,000 more Central Texans. Rate reductions saving on the basis of last year's consumption, approximately \$78,500 a year for small town and rural consumers in the 16 county area recently purchased by the Authority from Texas Power and Light company were announced by Cong. Lyndon B. Johnson, ardent champion of low electricity rates, in whose district the L. C. R. A. generating plants on the Colorado river are located.

The reductions applying to towns of less than 400 consumers and for rural customers now served by the Authority, were worked out in conferences between Johnson and Authority officials.

They follow reductions of approximately 27 per cent for resi-

dential users and 20 per cent for industrial and commercial consumers announced some weeks ago for 11 larger cities in the L. C. R. A. area.

Lectures were given to workers of the different departments. Mrs. Williams represented the young people, Mrs. Harper the children, Mrs. Wheeler the adults, Mrs. Tisdale for childrens work and Missionary society and Mrs. L. L. Stuart substituted as district steward in place of D. E. DeLong. There was also a special meeting of pastors.

BOOK COVERS GIVEN ELDORADO STUDENTS

Book covers have been supplied to students of the Eldorado grade school by the Phillips 66 company, it was stated this week by the local Phillips agent. A letter of appreciation has been sent to the company by the school.

J. E. Jones sold a palomero, "Dr. Cox," to a Corpus Christi man, it was announced this week. The horse brought \$350.

Constipated?

"For years I had occasional constipation, awful gas bloating, headaches and back pain. Adlerika always helped right away. Now, I eat sausage, bananas, pie, anything I want. Never felt better." Mrs. Mabel Schott.

MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will invite you to dances and parties. BUT if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls along who are full of pep.

So in case you need a good general system tonic, remember for 3 generations one woman has told another how to go "smiling thru" with Lydia E. Pinkham's Vegetable Compound. It helps build up more physical resistance and thus aids in giving you more pep and lessens distress from female functional disorders.

You'll find Pinkham's Compound WELL WORTH TRYING!

TO THE CITIZENS OF ELDORADO AND SCHLEICHER COUNTY

I take this means of thanking all who have patronized my place of business during the past eleven years. Your patronage and the friendly association with others have made my stay here both profitable and pleasant.

ONE HELP TO GOOD MANAGEMENT...

a Kitchen Telephone

Other women often envy the woman who always "gets her work done" quickly and easily. Such a woman usually has the latest in household helps—including a kitchen telephone. A telephone for your kitchen

can be connected to your present line at very small cost. You'll be surprised at the time and steps it will save. Call our Business Office, or any telephone employee will help you place your order.
