April 18, 1991

Welcome Home Kenny

Kenny Gutierrez is pictured above as he thanks the crowd at his homecoming celebration!

This week another of Eldorado's servicemen returned home. Kenny Gutierrez, son of Victor and Margaret Gutierrez returned to Eldorado from Saudi Arabia. Kenny is a Specialist in the United States Army. He was greeted by a large crowd of people at the Eldorado High School Football Stadium. Lt. Col. Harry G. Kingsbery from the Eldorado Air Force Station gave a welcome home speech as did School Superintendent Larry Blair.

A special welcome was given by the Elementary school. The High School Band played a medley of patriotic songs. Jo Ella Parker and the Elementary students sang "I'm Proud to Be an American."

Kenny is with the Second Seventeenth Field Artillery and is stationed at Fort Sill in Lawton, Oklahoma. He will be in Eldorado for about a month before returning to Fort Sill. Kenny joined the Army in February of 1989.

A graduate of Eldorado High School, Kenny attended Sul Ross University in Alpine, Texas.

He has three brothers, Victor, Craig, and Ricky.

According to his mother, Kenny is "thrilled to be home." He is grateful to the people of Eldorado for their love and support.

Pictured above are members of the Eldorado Elementary School as they sing "I'm Proud To Be An American" at the homecoming of Kenny Gutierrez.

Lt. Col. Harry G. Kingsbery welcomes Kenny home.

Project Mainstreet

You can change the world around you! KLST-TV8 invites the Concho Valley civic minded organizations to improve their surroundings through PROJECT MAINSTREET, a program to help you sponsor worthwhile community/neighborhood projects and win a \$500 grant to help you get the job done. Upon completion, KLST-TV8 will feature the four winning communities/neighborhoods and their projects on the KLST News.

TO NOMINATE A PROJECT, SEND THE FOLLOWING INFORMATION TO KLST:

1. Name, address, phone number and a contact name for the project.
2. Description of the project to be completed.
3. How will your community/neighborhood benefit?
4. How much do you expect it to cost?

PROJECTS MUST HAVE COMMUNITY APPROVAL AND BE SUBMITTED BY AN ORGANIZATION WILLING TO ACCEPT RESPONSIBILITY FOR COMPLETION OF THE PROJECT. ALL PROJECTS MUST BE COMPLETED BY

SEPTEMBER 1, 1991.

* Entries must be received by April 24, 1991.

* Projects must be completed by September 1, 1991

* Limited to one winner per town.

Some popular community projects have been: community tree plantings, renovations of old buildings for youth or meeting centers, restocking the public library, or sprucing up Mainstreet! What does your community need? You supply the ideas, and KLST-TV8 will help you get started, or complete a current project.

A panel of judges will choose four winners in May and KLST will award each winner a \$500 grant. Entries will be judged on value to the community, feasibility, and commitment of the submitting organization. You'll have all summer to complete your project. In September, the KLST-TV8 camera crew will visit you and your community to feature you and your finished project on our KLST News.

The Concho Valley's best resources are our people, their energy and ideas. So, look around and let KLST know what needs to be done in your hometown.

Mail all entry's to:

PROJECT MAINSTREET
KLST-TV8
P.O. BOX 1941
SAN ANGELO, TEXAS 76902

or, for more information, call The Eldorado Success at 853-3125.

Academic Excellence Banquet Planned

On Tuesday, April 30, 1991, the Eldorado Lions Club will host their annual Academic Excellence Banquet in the Memorial Building at 7:00 p.m. Students that have a 90 or above average in all subjects will be honored guests. These students will be recognized with a dinner and the presentation of an Academic Excellence medal.

Tickets for this banquet are for sale from any member of the Eldorado Lions Club and we encourage and invite the parents and community to come and help in honoring this outstanding group of young men and women.

The students being honored are: Farley Dakan, Shanna Edmiston, Lindsey Johnson, Joani Lee, Katy McGregor, Adrienne Pina,

Christy Robinson, Justina Saunders, Luby Trevino, Cory Barton, Shannon Chrisman, Shelly Chrisman, Lindy Hardy, Tara Holley, Leeann Lamb, Belinda Martinez, Hope Martinez, Joel Martinez, Trey Morrison, Stephanie Nolen, Hele Sanchez, Jana Sterling, Patti Thomerson, Matt Williams, Lolly Barrera, Rachel Edmiston, Lacy Finley, Whitney Fuessel, Emma Gallegos, Maria Huichapa, Stephanie Ledbetter, Jennifer Lee, Matt Lloyd, Roxanne Martinez, Mondee Nelson, Traci Paxton, Rudy Saldivar, Estella Sandate, Kris Aguiro, Lindsey Bass, Hector Chapa, Ca-Tina Dacy, Katie Hardy, Amy Henderson, Dena Lloyd, Angie McGregor, Wade Rinehart, and Cole Turner.

Fuessel Wins Contest

Whitney Fuessel, an advanced art student in Eldorado High School, was the winner of the National Historical Pictorial May Contest for our congressional district. This represents a significant accomplishment for Bill Wells and Whitney, and would indicate that she has gained a meaningful understanding of the early history of geography of our nation.

In accord with the guidelines of the map contest, the \$100 award is to be used to purchase educational materials for the school. In this way the Commission hopes to encourage other students to learn more about the founding period of our country and the significance of our Constitution.

Additionally, Whitney received certificates that recognize her as the winner of the map contest.

Public Notice

Effective April 8, 1991, anyone desiring to use the rodeo arena and/or slab at the arena, should contact the county judge's office at 853-2766 to book the facilities. This applies to anyone wanting the use of the facilities for major events such as rodeos, ropings, dances, etc.

Kindergarten Registration

Registration for the 1991-92 Kindergarten enrollment will be held at a very important parent meeting in the multi-purpose room at the School Administration building. This meeting will be held Thursday, April 18 at 3:00 p.m. Dads and Moms of

children born on or before September 1, 1986, need to bring their child's birth certificate, immunization record and Social Security card.

Please help notify any neighbors who will have children turning 5 on or before September 1, 1991.

Life Among The Fishes

by Thomas Giovannitti

Every family with more than two people, and even a few two people families, have an "Always and Everything" person. I am not even going to mention who the "Always and Everything" person is in my family since she can now read very well and someone might put her up to reading this article.

Oh, I know you know what an "Always and Everything" person is! That is the person in your family who says "Why do I "always" have to do "Everything" around here?"

What amazes me is that the one who most often says it in my house has the least to do. In fact, up until she could reach the kitchen sink she didn't even have

to get her own glass of water.

She tends to add insult to injury by adding that not only does she have to do "Everything" but Nicolas does not have to do "Anything." The "A & E" folks have this keen sense of equity, but not necessarily justice. See, equity has to do with equality justice has to do with correctness. (Those are not

always synonymous in the courts, or in the rest of life.) She is not interested in justice she wants equity.

Annamarie is not my only child who kept score but the oldest is now learning that equity does not "Always" occur once you leave home and sometimes even justice doesn't happen.

County Agents Report

External parasite control is an important component in the management of sheep and goats in Texas. With the recent emphasis on integrated reproductive management, this component will become increasingly important.

This management will discuss first external parasites that are somewhat unique to either sheep or goats, then some pests common to both. Included will be the general biology of the parasite, the damage it causes and ways to manage or control it.

SHEEP

Two pests which seem to be becoming increasingly important to sheep producers in Texas include biting lice and sheep keds. The primary reason for this, in my opinion, is because producers have become very lax in the good management practice of spraying sheep immediately after shearing. For many years producers sprayed sheep after shearing to keep screwworms from infesting cuts and scrapes obtained during shearing, in addition to controlling lice and keds. Since screwworms are no longer prevalent in Texas, this practice has been discontinued by many producers.

Lice: Lice on sheep as well as other animals are of two distinct types, blood sucking lice and biting or chewing

lice. Blood sucking lice are usually the more serious species since they actually extract blood from the animal and may cause scabby, bleeding areas which invite bacterial attack, fly attack or other complications.

Chewing lice feed primarily on hair, wool, skin scales or other materials on the host. The primary damage done by chewing lice is due to the action taken by the animal to relieve the "itch" caused by lice crawling on the body. This may include scratching, rubbing, or biting the skin or wool. Evidence of infestation of chewing lice normally observed by producers is wool strung out on fences, trees or feed troughs.

Two species of lice are important on sheep in Texas. One, the foot louse, is a blood sucking louse which infests the lower hairy parts of the body including the shanks, belly and scrotum. Young lambs are most heavily infested and large infestations can result in lameness, although this is rare.

The sheep biting louse, *Bovicola ovis*, is the louse which I have most commonly observed on sheep in the Edwards Plateau. It is small (about 1/20 inch long) and generally white in color except for the darker head and thorax. This louse is active and moves rapidly over the wool fibers near the skin. It infests the whole body but generally

favors the upper sides of the sheep. It is the louse that is commonly observed at shearing time.

The life cycle of the sheep biting louse is about 1 month, with all stages occurring on the host. The heavily infested-fleece becomes ragged and torn and reduced in value. Also, heavily infested sheep tend to be unthrifty or stunted. A few heavily infested sheep may infest a whole herd.

Probably the easiest and most efficient time to control lice is immediately after shearing. This is true for several reasons: 1) the sheep are already gathered and penned and treating at this time saves labor, 2) the short fleece makes penetration of insecticides to the skin level much easier, and 3) the population of lice is much reduced after shearing due to physical removal of a portion of the population and due to habitat modification, survival of the remaining lice is actually lower.

Insecticides which may be used for lice control on sheep include Ectrin, Co-Ral, Ciodirin, diazinon, and lindane among others. Good coverage is important for lice control. If lice infestations are heavy, a second application might be necessary 14 days after the first to kill lice which hatch from eggs present during the first treatment. Most insecticides will not kill eggs.

Spray should be applied early in the day to allow time for sheep to dry. Sheep being moved into a flock which has been sprayed should be checked for lice and, if lice are present, the sheep should be sprayed before putting them with the main flock.

Keds: The sheep ked, *Melophagus ovinus*, more commonly called the sheep tick, is a wingless fly with a tick-like appearance. It can be distinguished from true ticks by the following characteristics: (1) Keds have six legs, adult ticks eight legs. (2) Keds have three body regions, ticks two body regions.

This insect has an unusual way of reproducing. An egg hatches within the uterus of the female ked and the young larva develops to maturity on food secreted by the nutritive glands of the mother. Only one larva develops at a time. The mature larva is cemented to the sheep's wool after about eight days of feeding. It then transforms into a red, barrel-shaped puparium. After about 22 days it develops into an adult.

The entire life cycle is spent in the fleece and keds that fall off usually die within a week. These present little danger of infesting a flock. Ked populations are usually highest during

Hear and Their

by SHERRY LUX

A HOMECOMING CELEBRATION is planned for Shawn Hamilton on Monday, April 22nd at 2:45 at the High School Football Stadium. Attend and welcome Shawn home from Saudi Arabia!

DANCE: The Schleicher County 4-H Young Riders will be sponsoring the 1st Annual Bluebonnet Ball on Saturday, April 20th. The dance will be for grades K-6, at the Ag Barn from 8:00 p.m. - 10:00 p.m. The cost is \$2.00 per person.

TENNIS: Eldorado courts were busy again this weekend hosting the Jr. High Area tennis meet. Teams in 7th and 8th grade divisions included McCamey, Iraan, Ozona and Eldorado.

7th grade girls' singles: competition showed Eldorado's Jamie Hardy as champion. She defeated Mimi McKee from McCamey (6-1, 7-5). In earlier matches, Jamie Hardy defeated Ashley Farris from Ozona after drawing a bye in 1st round. McKee defeated Cassie Martinez of Ozona 1st round and Misty Lovingood from Iraan in the semifinals. Consolation was won by Cassie Martinez who defeated

Alisha Wink. Third place bracketed Farris against Lovingood with Farris winning.

7th grade girls' doubles: Erin Meador teamed with Misty Williams defeated Lynch and Yust from McCamey in the semis to advance to the finals. Eldorado's second team, Cari Green and Estella Montalvo, defeated Morgan and Cervantez from Ozona for the right to advance to the championship bracket. Yes, once again, Eldorado v. Eldorado. Meador and Williams defeated Green and Montalvo (6-2, 6-1) for 1st and 2nd place. The 3rd place went to Morgan-Cervantez after defeating Lynch and Yust. Bolen-Gomez from McCamey played Ozona's Glasscock-Gonzales with the McCamey team winning consolation.

7th grade boys' singles: Can you believe this? Cody Bill Whitten, first place over Wayne Jenkins, both of Eldorado (6-4, 6-1). Eric Flores from Iraan, was defeated by Blue Bradley from McCamey to advance to the consolation bracket. Bradley played Raul Barrera or Iraan

and was defeated. Chris Jaramillo of McCamey played John Elizondo of Ozona for 3rd place; winner was Elizondo. Consolation winners in 7th grade boys doubles was Brandon Dresner and Randy Adame of Eldorado. They defeated Williams & Killam from Ozona. Third place went to Adair-Montoya of McCamey over Tommy Robledo and Stony Harris-Eldorado. Martinez-Porras from Ozona defeated Barrisa-Sanchez of McCamey for 1st and 2nd places.

8th grade girls' singles: In the semis, Kimberly Williams of Eldorado defeated Toika Mason of McCamey, 6-0, 6-0. Jennifer Cheatham-Eldorado defeated Melissa Porras of Ozona, 6-0, 6-0. Porras later won 3rd place over Mason. Mindy Smith of Iraan played Jennifer Gasser, laso of Iraan, for consolation. Smith won the match. In the championship games, with split sets of 6-2, 4-6, 6-2, Kimberly Williams defeated Jennifer Cheatham. This was another 1st and 2nd place for Eldorado.

8th grade girls' doubles: Lynch-Lashway from McCamey won consolation. In the semi-final matches the Eldorado

Only when we walk in the dark do we see the stars.

●●●●●●●●●●
Last week, a friend of mine told me that I criticized too much. Made me stop and think. How can a person criticize a person for criticizing without being criticizing himself? Is criticizing the criticizer as bad as the criticizing that the alleged criticizer does. AND IF NOT why not?

They say that a person shows what he is by what he does with what he has. I would like to take that a step further and say that a person shows what he is by what he criticizes. If a person is critical of evil, then that person is probably on the right track. If a person is critical of "good", then there is a distinct possibility that the person may be off the track.

When I stopped and thought about it, I realized that many times I was not too awfully concerned with who or what I was criticizing. I think that sometimes I criticize just because I am "in a mood".

I know an undertaker who signs all of his letters, "Eventually yours." I am certain that before I eventually wind up at the undertaker's place of business I will be unfairly critical. But you know, I don't think that it would hurt me to be a little more concerned with whom or what I criticize.

Till The Next Time... MAY GOD BLESS!

Unofficial City Council Minutes

A Regular Meeting of the Eldorado City Council was held Tuesday, April 9, 1991, at 7:30 P.M. at the City Hall with all Councilmembers in attendance with the exception of John Callison. Meeting was called to order by Mayor Preston.

CITIZENS PRESENT:
Vida and Harry Mercer met with the Council to make the Council

aware of problems experienced due to loose trash and traffic from the Texaco Star Stop behind their property in Block 49, Original Townsite. According to their report the dumpster is not adequate and trash blows either onto their property and toward the school from the store. Also, persons either supplying or making purchases at the store have used both the City alley and the property adjacent to

their residence for parking or for exiting the store. They requested the Council consider the situation. The Secretary stated that she would contact John Phillips to report the situation.

Ray Lewis Ballew of the Schleicher County Tax Appraisal District reported on the February 5 tax sale in which 3 properties were sold and 7 properties remained in trust for disposition. According to legal advisors, if any jurisdiction expressed a need for any of the remaining 7 properties, a Quit Claim Deed could be issued by the other jurisdictions. Discussion was held concerning Lot 9, Block 105, O.T. which is adjacent to a City sewer lift station and would allow correction of drainage from East Street as well as servicing of the lift station on occasion. Final disposition of any properties could also be sold by public auction, sealed bid or private treaty, according to Mr. Ballew. Mr. Ballew was asked to pursue the possible acquisition of Lot 9 and meet back with the Council at the next meeting of the Council for action by the Council. Mr. Ballew reported the % of tax collections up over previous years.

GARY HARRIS (PARKHILL, SMITH & COOPER):

Engineer Gary Harris met with the Council to introduce his firm, give the Council some history of the firm and to review his work in solid waste management, specifically as representative of SPEG (Sparsely Populated Entities Coalition) in dealing with the EPA for relaxed standards in West Texas. After review of the status of the City's landfill, Mr. Harris recommended that the Council begin steps to make evaluation of the future usage of the local landfill and options available. The EPA final regulations have not yet been published.

BETA SIGMA PHI REQUEST FOR STREET CLOSING:

Barbara Jackson conveyed request from the local BSP sorority to block off the street for a street dance on July 20. It was stated that part of the proceeds from the dance would benefit the Schleicher County Historical Restoration Committee's projects. After brief discussion, John Nikolauk made the motion that the temporary closing be authorized. Motion was seconded by Dora Bosmans. Motion carried.

MARCH MINUTES, TAX REPORT, FINANCIAL REPORTS & BILLINGS:

Minutes of the March 5, 1991, meeting were reviewed, and motion was made by Dora Bosmans and seconded by Debbie Ballew that they be approved. Motion carried.

Prior to attending to other business, the Council reviewed the problems reported by the Mercer's and discussed the use of chat and an additional dumpster.

Mayor Preston circulated information supplied by Parker & Parsley for the Wilson 137-2 well. The information included a Gamma Ray Log, water sample analysis, and note from David Chrobak. Parker & Parsley's new application for a waterflood proposes use of non-potable water from a zone below the Edwards Formation.

Regarding Gary Harris' presentation, the Council decided to not make an evaluation at the present time but to keep the timeframe in mind so that an alternate site may be located and be permitted should the need arise. According to Supt. Dean, the current landfill should have an additional 7 years.

The March Tax Report was circulated for initialing and the Financial Reports for March and YTD were distributed to the Councilmembers. The Secretary pointed out several areas in which the budgeted funds appeared to not be sufficient for the remainder of the fiscal year. After discussion, motion was made by John Nikolauk and seconded by Barbara Jackson that Amendment #1 be passed which would move \$300 budgeted funds in New Water Meters to Water Meter Repair and \$1000 from Sewer Plant Expense to Sewer Pump Repair. Motion carried. Use of funds will be closely monitored to prevent budget depletion.

The current billings were reviewed, and motion was made by Debbie Ballew and seconded by Dora Bosmans that they be approved. Motion carried.

T.W.C. ENFORCEMENT UPDATE:
The letter from David Todd to the T.W.C. was clarified, particularly the dates shown on the schedule for sewer

plant repairs. The Secretary reported that the dates were a duplication of the timetable set out in the Urgent Need Grant which would allow for flexibility and also would alleviate the Council seeking amendment of the submitted Plan for Correction at a future date should there be problems with bids, weather, etc. It was reported that the engineers are readying specifications for a bid.

IRRIGATION PERMIT/CHRISTIAN LEASE:

The Secretary reported that she had visited with Joe Charles Christian and that terms, as presented, have been agreeable. Mr. Christian had asked Mrs. Mayo to contact WTU regarding metering and Johnny Griffin regarding maintenance and pumping costs. According to Mr. Christian, the 200 acres would allow for flexibility with application of water on the pastureland. Mr. Griffin had proposed a split of maintenance costs on the pump, with a ceiling designated due to the age of the equipment. The Council was agreeable to a split of costs with a ceiling, and Mrs. Mayo was asked to contact Mr. Christian with the findings and request a proposal from the other parties involved.

DRUG TESTING:

It was reported that Terry Pardo with the Railroad Commission would be making a Safety Evaluation of the gas system on Thursday, April 11, and the drug testing program would be reviewed at that time.

MISCELLANEOUS DAMAGES TO CITY PROPERTY:

The Secretary reported no progress on the Garves Yates and Floyd Butler damage payments. She stated that the R&H/Trey Trucks billing of January

16 had been paid. Approximately \$30 in damages had occurred in February when a mobile home transfer company had damaged a City water line; however, it was determined that no billing be pursued due to the amount and time lapsed.

SUPERINTENDENT'S REPORT:

Jack Dean reported that his crews had been patching holes and were working their way across the City. He stated that he had plans to top SW Main Street; otherwise, the street would be lost due to cracking.

Mr. Dean reported that the water line replacement in Block 52 was proceeding well; however, problems from previous gas line replacements were being discovered.

Concerning the gas system, he reported that there were plans being made for replacement of the line crossing under Hwy 277S near the gin and to move the gas meter at the gin.

Mr. Dean reported on incident involving the City crew's apparent removal of 5 1/2' insulated tin sheets from behind Shop's. According to the owner of the tin, the value was approximately \$100.00. After discussion, it was the unanimous decision of the Council that the City reimburse Mrs. Ledbetter \$100.00 after receipt of a written claim. Should the amount run over the \$100.00, the Council would re-consider. Funds will be disbursed out of the City's Self-Insurance Liability Fund.

Upcoming schools - Basic Wastewater School in Leakey, Road and Highway School in San Angelo and a Recycling Seminar in Austin - were discussed, with no Council opposition to

Woman's Club

by Juanita Taylor

The Woman's Club met at the Memorial Building Club room.

Meeting was called to order by Ora Deal, President. Jewel Bailey gave the prayer and led the pledges to our flags. We then adjourned to the auditorium for the program. The sixth grade of the middle school presented a play, written by the sixth grade class, based on the real life of C.C. Doty. In writing the script, the students used information from the History of Schleicher County and Ross McSwain's presentation to the Schleicher County Historical Society.

The young folks did a super job and acted their parts well.

Business was resumed by the reading of the minutes. Correction was made from Dr. Ramesh to Dr. Rahman. Minutes were approved.

Treasurer's report was given. Recommendations from the executive meeting were: 1. That we have a free will offering for improvements to the club house in Austin. 2. That we put

Fellowship Bible Study has completed the book of Genesis and will discontinue meeting until fall. Please look for the announcement. The study will be Exodus.

At that time, all those interested will be welcomed. The group will continue to meet in the Fellowship Hall of the First Baptist Church at 9:30 a.m. each Thursday.

plants at the post office and the care of them in cooperation with the beautification committee.

After discussion, it was voted that we approve both recommendations. Our President appointed Isabell McCutcheon, Sue Glidden, Lucy Burk, and Mary McGinnes as a committee for the Post Office Project.

We received several awards from the spring convention at Rochelle in March.

1st places for yearbook, Federation Programs, Needlepoint, afghan, basket decoupage; 2nd place for adult clothing; and 3rd place for afghan.

Roll call was answered by 22 members.

Pat Sykes, historical restoration and beautification committee member, spoke on the presentation of our historical buildings in Eldorado.

Sue Glidden presented a nice check from the Glidden store for the products of the Parade brand bought by the members during the Month of March. Thanks, Mr. Glidden.

Meeting closed with the club collect. Lovely refreshments were served by the hostess.

Mittel Insurance presents...

Eldorado Spotlight

Juakin Rojas

This week's spotlight shines on Juakin Rojas. Juakin is married to Soila. They have four children, Suzie, Selina, Chris, and Charlene.

Juakin has over 900 volunteer VIP hours at Eldorado Elementary School.

He is a coach for 3rd and 4th grade basketball, he coaches summer baseball for 13 and 14 year olds, and enjoys fishing and camping. He is also a member of the Eldorado Lions Club.

Coach Rojas is dedicated and truly loves children. We are most fortunate to have him working in our physical education program.

FRIDAY, APRIL 19th

No School. Weather Day.

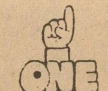

Save Time and Money!

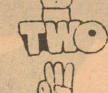

If you do not already have a Griffin Fuels credit card to purchase fuel at our cardlock system, just call or come by our office.

(853-2616 or 853-2880)

You will enjoy our system because:

You can purchase our fuel 24 hours a day, 365 days a year.

Our fuel is sold with 30 day credit terms.

You can use your CHEVRON, TEXACO, VISA, DISCOVER or AMERICAN EXPRESS card if you wish.

You have a complete computer record of all your purchases.

Our fuel is priced at or below local convenience store prices.

Griffin Fuels is locally owned and operated. The owner and employees live here and put money back into the community by paying taxes, banking, supporting local activities such as Boy Scouts, Churches, Livestock Show, Rodeo, school programs, Little League, and by trading in Eldorado.

A Touch Of History

Pictured above is the First National Bank in 1907.

by Rene Calcote

1905, Farm and ranch land was selling cheap in Schleicher County. The county was just opening up for farming and good land could be bought at a reasonable price. The large open range was being divided into small tract farms and ranches. Many people were moving into this new Southwest Texas area.

On December 29, 1906, a group of investors met in Eldorado with the idea of forming a bank to meet the needs of the community. The original incorporating officers were: Sol Mayer, Chairman; W.B. Silliman, secretary; stock holder committee: M.B. McKnight, C.H. Murphy, R.W. Murchison, William Bevans, and Ave Mayer. The name formed was The First National Bank of Eldorado, Texas. It was agreed that a new rock building would be erected to house the new institution.

February 18, 1907: The directors of the First National Bank of Eldorado met and voted to purchase a lot from I.H. Elder for the purpose of erecting a stone building. This motion, and also a motion to close a contract with Drew & Harvey for construction, carried.

This old bank building still stands on Main Street, the second oldest building in Eldorado. It is very important to save this proof of Eldorado's beginning for the future. The old bank building, as well as other old buildings, needs some restoration. The community can help save our heritage by contributing to a fund established at the First National Bank called "Historic Restoration Fund."

In order to meet the standards set for Texas Historical Markers, these

one day! Herman Walker generously donated his time and donations were made for his help.

The canopy had collected water for years, causing excessive rotting of the wooden frames on the upper portion of the windows. This condition will require tedious replacement, but hopefully will begin within a few weeks, as

Bank, work was begun and completed on this project in just funds are available.

The Historic Restoration Committee would like to thank all those concerned citizens who are contributing to this fund. If you would like to be a part of preserving Eldorado's heritage in this way, please contact Pat Sykes, Chairman, or the First National Bank.

City Council Minutes

Continued from Page 5

Mr. Dean attending. The balance of budgeted education and certification funds was reviewed.

The new Commercial Driver's License renewal fee was discussed, with Mr. Dean requesting that the Council consider reimbursing the City employees (\$36-42 each). He reported that the County and State had done so. After discussion, his request was unanimously denied. The Council further discussed previous action by the Council to require the passage of the CDL test by April, 1992, as a condition of employment, with no change in policy or exceptions.

FAIR HOUSING MONTH PROCLAMATION:

Mayor Preston executed Proclamation designating April, 1991, as Fair Housing Month. A copy of the Proclamation will be run in the local newspaper. This is a requirement of the TCDP Grants program.

AMENDMENT #3 TO UTILITY ORDINANCE #101-89:

A draft the proposed Amendment #3 was distributed, with the Secretary reviewing the changes, which had become necessary due to regulations and Council action regulating the landfill operations. After review, motion was made by John Nikolauk that the changes be approved as drafted and that publication be made with a public hearing scheduled prior to Amendment execution. Motion was seconded by Barbara Jackson. Motion carried.

CATELLUS PROPOSAL (SANTA FE REALTY):

As a followup to the Secretary's letter of June 14, 1990, a written proposal from Catellus Management Corporation was read. The proposal offered 6+ acres of the AT&SF Railway Company property North of the sewer plant and South of Rudd Road for a cost of \$12,000. After brief discussion, the proposal was unanimously rejected.

WORKERS COMP PROCEDURES:

Upon recommendation from the TWCC and legal counsel, the Secretary requested the Council adopt a procedure whereby a person be

authorized to handle Worker's Comp claims and payments, with a guideline or ceiling, in order to expedite timely handling of claims, medical payments, and indemnities, where necessary. After discussion, motion was made by John Nikolauk and seconded by Dora Bosmans that the office of City Secretary be formally authorized to handle the claims and to make payments for medical expense up to \$500 and/or indemnity payments per TWCC guidelines not to exceed 1 month. At the time expenses exceed the limits, the Council will review the claim for further handling. Motion carried.

OSHCN PROGRAM (TWCC HEALTH & SAFETY DIV.):

The Secretary reported on conversation with OSHCN representative regarding the establishment of a Safety Program for the City. Written material will be forwarded for the City's use; however, an on-site inspection will not be allowed for governmental entities due to OSHCN regulations. Any inspections must be contracted with a consultant.

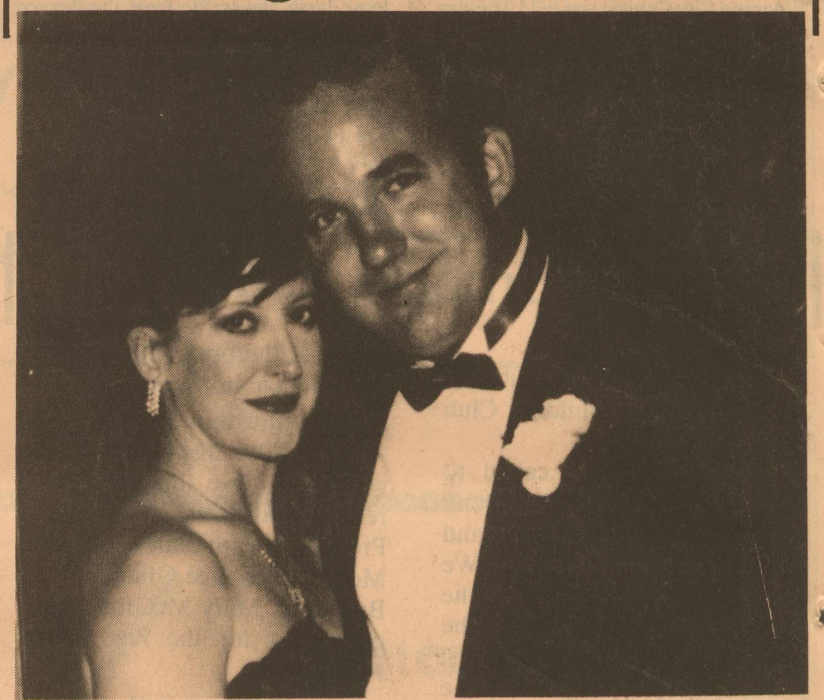

PERSONNEL POLICY CHANGES:

Due to exceptions and changing regulations, the Secretary reviewed proposed changes to the Personnel Policy. After review, she was asked to prepare a final draft for Council approval at the next meeting. The Drug Abuse and Drug Testing Procedures will be completed for adoption at a later date, when all model policies have been reviewed for compliance with TWCC and DOT regulations.

Prior to adjournment, Jack Dean asked the Council consider the costs of making water taps vs. the outlined Ordinance fees. The Secretary will draft amended fee schedule for the Council's consideration.

With no further business, meeting adjourned at 1:30 P.M.

Wedding Announcement

Mr. and Mrs. W.G. Crippin, Jr. of Eldorado are pleased to announce the engagement and approaching marriage of their daughter Susan Crippin to James Worley. James is the son of Mr. and Mrs. Billy Worley of Canton, Texas. The wedding will take place on June 15 at Sierra Vista Methodist Church of San Angelo. Susan is a 1980 graduate of Eldorado High School. She attend Texas Tech and will graduate from ASU in May with a B.A. in Drama. James is a graduate of Coppell High School. He is an ASU graduate with a B.A. in Drama and a M.A. in Theatre Management. He is the Artistic Director for the San Angelo Theatre for the 1990-91 season.
