Bradley Graduates From Naval Academy

Mitchell Bradley

Ensign Frank Mitchell Bradley graduated from the Naval Academy on May 29, 1991. He graduated with Distinction (top 10% of his class) with a Bachelor of Science in Physics. He was awarded the Olmsted Scholarship which is a post graduate scholarship. The Olmsted Scholarship sends him to a foreign country of his choice to study Political Science and that country's culture for two years. This scholarship will not take effect until he has served five years with the Navy; during this time he will be working with the Navy SEALs.

During the summer of 1988 Mitchell graduated Honor Man from the Combat Scuba Diver School in Panama City, Florida. He also went on an Amphibious Cruise to the South Pacific, Philippines, Thailand, and Australia. In the summer of 1989 he participated in an introduction to Naval Warfare Specialties which took him to

Pensacola, Florida for aviator training; Quantico Va. to train with the Marines, and Andros Island, Bahamas for submarine training. During the school year of 1989-90 he served as Brigade Commander in charge of 4500 students at the Academy.

During the summer of 1990 Mitchell spent one month flying jets at Jacksonville, Fla. and attended a one-month training session with the SEALs in Coronado, Ca. entitled mini BUD's (Basic Underwater Demolition). At the school he graduated Honor Man (#1 in the class). The last part of the summer he did an internship with John Hopkins Applied Physics Laboratories where he worked with a team on a revolutionary satellite navigation system.

Mitchell is the son of Frank (Pancho) and Pat Bradley and a 1987 graduate of Eldorado High School.

"A Day in Old Eldorado"

by Mary Barton Robinson

"A Day in Old Eldorado" is the theme of the special celebration beginning at 9:45 a.m. on Saturday, July 13, in downtown Eldorado. The event commemorates the 60th Anniversary of the Schleicher County Library with the formal opening of the library's new facilities and a full day of unusual entertainment.

The day's events will begin with the presentation of the colors and a ribbon cutting, officially opening the newly refurbished building and will continue with activities of interest to young and old and the in-betweens!

Many of the buildings on Main Street will be open and will provide hosts and special exhibits and demonstrations.

The library itself will offer light refreshments and an opportunity to visit with well known Texas author Elmer Kelton and with Mrs. North, the widow of Fred Gipson, author of the classic, *Old Yeller*. Featured there also, will be noted western artists Herman Walker and Ray McGuffin with some of their paintings and sculptures.

A highlight of the day will be a tour of the Eldorado Woolen Mill, established in 1941 and containing all the original equipment including a carding machine made in Germany over 100 years ago.

Other of the old buildings will house demonstrations in furniture making and woodworking, arrowhead making along with arrowhead collections, and displays featuring the oil and agricultural industries, plus folktales.

The Schleicher County Museum will be open for those interested in West Texas pioneer artifacts and a huge marble collection.

The Way Off Broadway Players will provide entertainment in the community theater. A display next door at "The Gallery" will feature a potpourri of Eldorado artists.

Local wholesalers J.J. Fuessel-Decorator-Custom Tile, The Holley House, Pieces of the Past, and Eldorado Designs will be at 120 Main Street with their assortment of unusual wares.

Available at the Old Main Street Cafe will be sack lunches that include sandwiches on homemade bread from The Bluebonnet Bakery.

Eldorado's old jail, which has a Texas Historical Marker, will contain school memorabilia.

For an entertaining break or to top off a fun day there will be wagon rides.

Be sure to mark your calendars and plan to attend this exciting event celebrating Eldorado and the Schleicher County Library.

Annual 4-H Rodeo

Lots of activity will be going on at the local rodeo arena this weekend as the Annual 4-H Rodeo is held this Friday and Saturday night.

Rodeo activities will kick off with the annual parade to be held at 5 p.m. on Friday afternoon.

A special award will be given for the best decorated bicycle. Parade participants need to gather behind the hospital at 4:30 p.m. For more information on the parade, please call the County Extension Office. We hope to have a lot of bicycles in the parade!

The rodeo performances will start at 7 p.m. each evening, featuring local contestants as well as out of town cowboys and cowgirls. Committees have been working for several months to put together a good show.

Everyone is encouraged to come out and support the 4-H Club Program. A concession stand with barbecued brisket will offer something for everyone.

A dance will be held on the slab starting at 9 p.m. Saturday night featuring the music of Red Line.

Ozona Centennial Tennis Tournament

The Ozona Centennial Tennis Tournament will be held June 26 and 27 (Youth) and June 28 and 29 (Adult).

The Youth Tournament will consist of boy's and girl's singles and doubles in two age divisions: 14 and under, and 18 and under.

The men and women will divide into Championship, 35 and over, and Novice divisions. (Novice is defined as anyone who has not won a

tournament match in the last five years.)

The doubles will be held in three divisions: Golden (partner's ages add up to 50 years or more), Diamond (partner's ages add up to 75 years or more), and Centennial (partner's ages add up to 100 years or more).

To register, contact the Chamber of Commerce, P.O. Box 1135, Ozona, Texas 76943, phone: 915/392-3737.

Crockett County Centennial Celebration July 1-7

All roads lead to Ozona July 1-7 as Crockett County celebrates its centennial.

Festivities begin Monday, July 1, with a reenactment of the first commissioners' court meeting under the same tree that shaded the original court.

The evening of July 3 is set aside for an all-male beauty pageant.

Craft, food and game booths on the town square, a parade, walking tour, 8 p.m. historical pageant, fireworks and street dance fill the program on July 4.

On July 6, registration for the all-school reunion begins at 9:30 a.m. in the civic center. A reunion of pioneer families is scheduled for 2 p.m. in the Crockett Room. The historical pageant will have its second performance

that evening at 8 p.m.

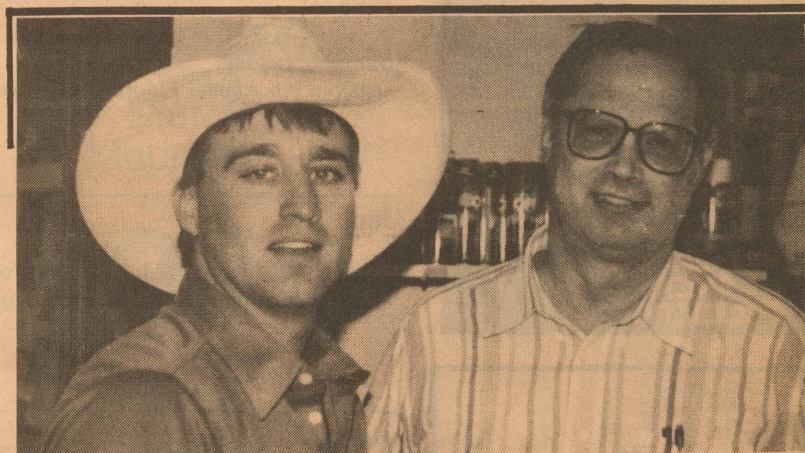

Sunday's activities conclude the celebration. A 10:30 a.m. church service on the town square will be followed by a picnic lunch. Dedication of the E. M. Powell historical marker at 1 p.m. on the square ends centennial events. Powell drilled the first water well and donated land for a school, courthouse, jail, water works and the town square in Ozona.

Related activities planned prior to centennial week include a trail ride June 22-23, youth tennis tournament June 26-27, adult tennis tournament, washer pitching contest and softball tournament June 29-30.

For additional information, call Ozona Chamber of Commerce at 915-392-3737.

NOTICE

The Eldorado Success office will be closed July 1st through July 5th. News items may be placed in the news slot on the Success Office door. Information received during this time period will appear in the July 11 Edition.

Walter Foxworth, co-owner of the Foxworth-Galbraith Lumber Co. chain, visited the Eldorado store last week. Mr. Foxworth (right) is pictured here congratulating Steve Lanick, Eldorado store manager, on a successful year.

NOTICE

Dr. Johnson's office will be closed for two weeks from June 24-July 7. Dr. Peaslee's office will also be closed from July 1-7. Dr. Scaff, from Clarksville will be filling in from July 1-7.

To make an appointment with Dr. Scaff, call Dr. Johnson's office.

Editor's Journal

Our Sympathy

SALLIE M. CHRISTIAN

Sallie M. Christian, 84, of Eldorado and formerly of San Angelo, died Sunday evening in the Schleicher County Nursing Home.

Graveside services were held at 2 p.m. on Wednesday, June 19th in Lawnhaven Memorial Gardens in San Angelo with Reuben Stanley officiating. The service is under the direction of Kerbow Funeral Home.

She was born October 4, 1906, in Corinth, Mississippi. She moved to Eldorado in 1930, to San Angelo in 1965 and back

to Eldorado about six years ago. She was married to L.D. Christian on January 7, 1928, in Colorado City. He preceded her in death in May 1970.

Mrs. Christian was a seamstress and a member of the Eldorado Woman's Club, the Home Demonstration Club and the Church of Christ.

She was preceded in death by one brother, George McCalla.

She is survived by one son, Maurice Christian of Portland, Oregon; two brothers and three sisters-in-law, Gene and Vernell McCalla of

Eldorado, Herbert and Donna Leta McCalla of Lone Camp, and Alice McCalla of Santo; one grandson, Bill Christian of Virginia; and numerous nieces and nephews.

ELUTERIO (LUTHER) GUERRERO

Eluterio was born April 18, 1922 and the Lord called him to his presence on June 9, 1991. He was 69 years old. He married Lupe Martinez on March 3, 1949. They had three daughters: Rebecca, Delia and Diana.

Luther was a member

of the Baptist Nueva Vida Mission. He was baptized in 1960 by Rev. Jose Orena. He was an Army Veteran. He worked for R&H Well Service until his retirement in 1985.

Luther is survived by his wife, Lupe, his daughters and sons-in-law, Rebecca and Oscar Martinez, Delia and Fidel Herrera, and Diana and Raul Gonzalez. Nine grandchildren: Belinda, Trisha, and Chris Martinez, Fidel, Sonia, Johnny and Clara Herrera, Ruby and Benji Gonzalez. Four sisters and many nieces and nephews.

He will be missed greatly.

Letter To The Editor

Dear Editor,

As most of you know, Dan will be home on leave June 26th-July 13th. I would like to thank each of you who called and wrote to us during the war to support and comfort us. Your thoughts and prayers sustained us during the most difficult time in our lives. The students and teachers at school were wonderful to write and send

packages to Dan and the soldiers who served with him. Cathy Niblett worked diligently preparing care packages for the soldiers from Eldorado and I know Dan and the other soldiers appreciated the packages that the people of Eldorado provided. A special thanks goes to Wayne McGinnes and the postal employees who put up with my

many packages, questions, and for their understanding ear. Dan's friends have been so very faithful to call and visit us which has helped keep us from being so lonely. The Love and Support we have received from Chris and the First Baptist Church has been immeasurable. Eldorado may be the City of Gold, but first and foremost it is a City of Love. May God Bless each of

you in a special way. You are wonderful, caring people.

Our Love,

Charles & Helen Pfluger

P.S. The Chamber of Commerce is planning a Welcome Home Rally on Wednesday, June 26th at 8:00 p.m. at the Courthouse Square. We hope to see you there where Dan can thank you personally for all you have done for him.

Hear and Their

by SHERRY LUX

WELCOME HOME DAN

There will be a welcome home celebration for Dan Pfluger on Wednesday, June 26th at 8 p.m.

WOOL JUDGING TEAM

The National Wool Judging Open and Jr. Wool & Mohair shows and Range Contest were held in Sonora on Tuesday, June 11-Thursday, June 13. The Schleicher County Jr. Range Team placed second. Coached by Bill Dykstra, team members include: Cody Andrews, Stuart Lux, James Lloyd and Russell Clark. With 4 places handed out for high

individual, James was 4th high and Cody Andrews was 1st high. Way to go, men! They have had an outstanding season and all will be Juniors again next year.

BASEBALL STANDINGS

Baseball has started its second half of play. Team standings for the minor league teams for the 1st half were: *Astros - Larry Mitchell, Coach - 3 wins, 0 losses; Rattlers - Harvey Wink, Coach - 2 wins, 1 loss; Rangers - Felipe Pina, Coach, 1 win, 2 losses; Badgers - Ronnie Middleton, Coach - 0 wins, 3 losses.*

Major league standings were a 3 way tie at the end of

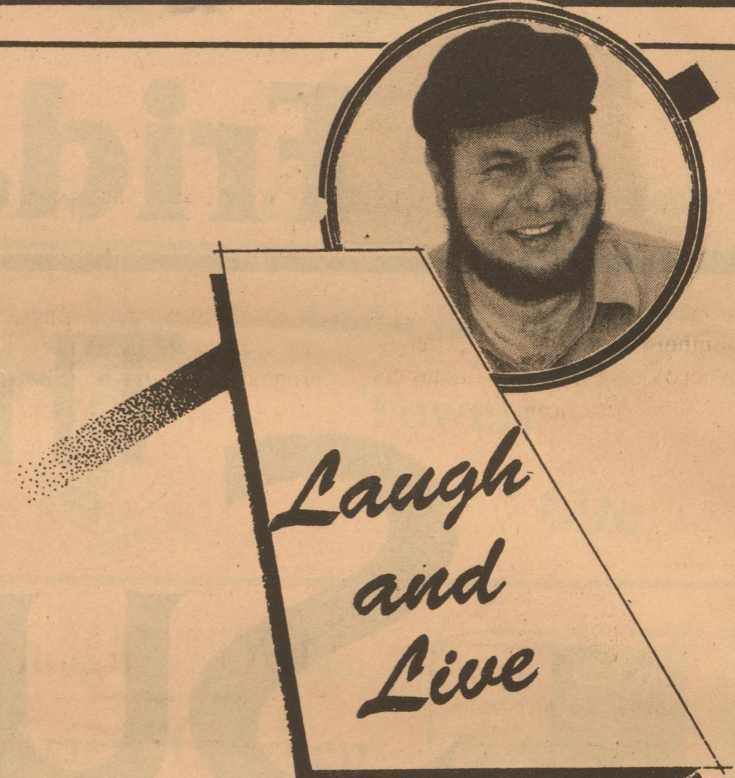

first-half play. *White Sox - Steve Nelson and Steve Snelson, Coaches - 2 wins, 1 loss; Red Sox - Bob Andrews and Jacky Willis, Coaches - 2 wins, 1 loss; Cougars - Al Estep and Harold Steele, Coaches - 2 wins, 1 loss; Tigers - Metro Belman and Mario Robles, Coaches - 0 wins and 3 losses.* Highlights of first half play included Grand Slam Homer from Kristal Nelson to come from behind and win for the White Sox in the bottom of the inning, 2-way. Tony Martinez of the Red Sox also hit a Grand Slam Homer.

Weather permitting, baseball's second half will be

through June 20th. Eldorado is sponsoring an All-Star Tournament on June 27-29. Teams from Rankin, Ozona, Iraan and Sonora will compete against the Eldorado team. This is a double elimination tournament with the first games played at 7:00 p.m. - Rankin vs. Ozona, and Eldorado vs. Sonora at 9:00 p.m. Friday night, the winner of Rankin and Ozona will play Iraan at 7:00 p.m. All the games will be played Saturday, all day, beginning at 9:00 a.m.

T-BALL

T-Ball results will be reported at a later date.

'The world would be a better place if there was no one in it.'

—Ilse Williams

Have you been paying attention to National Religious Groups this summer? In case you haven't, let me bring you up to date.

The Presbyterians have been debating homosexuality. Should homosexual people be allowed to be ministers? Should the church "marry" homosexuals? Touchy subjects. There are men and women and they want to get married. The men want to marry other men and the women want to marry other women. I assume that most of these marriages will not produce children. Then again, things are changing. Some of them don't want to get married. They just want to be able to marry other people and bury other people. I fell relatively certain that the people that they will be burying will not be overly concerned about their sexual preference. I don't know how the couples who are getting married will feel. If the Presbyterians allow it, the dead people will be just as dead and the married people will be just as married. I'm just glad that this is a Presbyterian problem and not mine.

The Baptists have had an interesting time of late. Seems that they (Southern Baptists) have declared Col. Ollie North a prophet. WOW! A prophet. I looked in the dictionary and found that a prophet was "a person who speaks for God." Now, I wonder: Did Ollie start speaking for God before or after he lied to Congress? I had always thought that God was truth. Maybe, I misunderstood what the Baptists were declaring. Maybe they were saying that Ollie was a "profit." That would make more sense.

Now, I don't know how many homosexuals want to be ordained. If there are quite a few and the Presbyterians decide not to ordain homosexuals, they could have a shortage of preachers. NOT TO WORRY! Since Ollie North has already achieved religious superiority, maybe he could take over the leadership of the Presbyterian Church and "recruit" ministers. Brings a whole new dimension to "Onward, Christian Soldiers." Actually, I think that all of these groups should follow the Methodist's example and do what they have been doing for the past twenty-five years...not a bloomin' thing.

'Til the next time...MAY GOD BLESS.

Health News

by Dr. Rico J. Forlano

Instead of enduring the pain of natural childbirth or taking pain-killing drugs, an increasing number of women are learning self-hypnosis and using this technique to ease the onset of labor. According to a large number of obstetrician-gynecologists who are members of the American Society of Clinical Hypnosis, patients who use self-hypnosis have less pain, can control their contractions, and recover quickly after

delivery; most women are walking a few hours after delivery. Another major benefit is that only 5% of these women require cesarian deliveries compared to the national average of 25-30%.

Chiropractic physicians are trained to gently care for pregnant women who experience back pain or injury during their pregnancy. This is especially important since relief can be obtained without exposing the unborn baby to harmful drugs.

Senior Ambassadors

Twenty-eight Senior Ambassadors of the First Baptist Church of Eldorado left June 12th in four vans to go to Canyon to see "Texas." They rode the "Sad Monkey Railroad" down into the Canyon for a tour. They enjoyed a barbecue supper before the play in Pala Dura Canyon. The night was spent in Canyon. The next morning they toured the museum, ate lunch and started for home. In Abernathy, the Domingo Pina van had trouble and had to be left to be repaired. All returned in 3 vans.

Mary Barton Robinson is the tour director for the First Baptist Church Seniors and is planning a trip for October to the Smokey Mountains.

Theatre Schedule

The 'Way-Off Broadway Players' will perform "Be Gone Begonia" on Friday, June 28th at 9:00 p.m. at the Rodeo Grounds.

There will be a special performance by 'The Players' on Saturday, July 13th in the Theatre at 11:00 a.m. and 3:00 p.m. There will be no charge for this performance.

"Be Gone Begonia" will be presented at a Dinner Theatre on Saturday, July 14th at 2:00. The dinner will be held at the Old Main Street Cafe at 12:00 and 1:00.

Tickets are available at C.R. Sproul's office at 915/853-3343.

For the past week, Joyce Ann Speck has been remodeling the outside of the Success office. We just want to say thanks, Joyce Ann!

TEXAS AGRICULTURAL EXTENSION SERVICE

County Agent's Report

by Jerry Swift County Extension Agent - Schleicher County

Garden Checklist for June

Dr. William C. Welch, Landscape Horticulturist

- ✓ Take a critical look at your landscape at the height of summer development. Make notes of any plants that need replacement, overgrown plants that need to be removed, better arrangements for your landscape, and possible activity areas that can be enjoyed by family members. These are good projects for next winter.
- ✓ Check for insects and diseases. Spider mites can be especially troublesome at this time.
- ✓ During the summer, water or soil moisture is essential for good plant production. Because continual watering is often costly and time consuming, it pays to conserve moisture around plants.
- ✓ The best way to conserve garden moisture is mulching. A good mulch not only retains valuable moisture needed for plant growth, but also improves overall gardening success.
- ✓ Mulches are usually applied 2- to 6-inches deep, depending on the material used. In general, the coarser the material, the deeper the mulch. For example, a 2-inch layer of cotton seed hulls will have about the same mulching effect as 6 inches of oat straw or 4 inches of coastal bermuda hay.
- ✓ There is still time to plant some of the colorful, heat-tolerant summer annuals. You can direct-seed zinnias and portulaca, and purchase periwinkle, salvia, marigold and purslane plants for transplanting. Be sure to water transplants adequately until roots become established.
- ✓ Removing faded flowers from the plant before they set seed will keep the plants growing and producing more flowers. A light application of fertilizer every four to six weeks will also be helpful.
- ✓ Houseplants can be moved outside this month. Sink the pots in a cool, shaded garden bed to prevent them from drying out too quickly. Water pots, container plants and hanging baskets often. Monthly feeding with a houseplant fertilizer encourages continued growth.
- ✓ Now is the time to plan for next spring. Consider digging and dividing any crowded spring bulbs. Once bulbs have matured and the foliage has turned brown, it is time to spade them up and thin out the stand. Crowded bulbs produce fewer and smaller blooms. They usually need thinning every three to four years.
- ✓ June is the month to select day lily varieties as they reach their peak bloom.
- ✓ Continue to spray roses with a good black spot control such as Funginex, Benlate or Manzate.
- ✓ Fertilize rose beds every four to six weeks. Apply small amounts of fertilizer high in nitrogen immediately after a flush of bloom or every four to six weeks.

The Chamber Pride Committee

would like to thank

FLOYD WEST

for the prompt removal of the tree from the hotel lot.

We thank you and your friend very, very much.

When replacing your old worn out air conditioner, ask your Cooling & Heating Dealer about the DUAL-FUEL HEAT PUMP!

The DUAL-FUEL Heat Pump allows you to use your present gas furnace, duct system and electrical wiring. It replaces your old worn out air conditioning unit, but does much more -- it cools and heats. The heat pump provides the most efficient heating for your home during normal winter weather and uses your existing gas furnace to assist during extremely cold conditions if needed.

As a WTU customer you can qualify for

\$500⁰⁰ cash

when you install an Electric Heat Pump with a SEER rating of 10 or more and your home meets WTU Energy Saving Plan requirements

Unofficial City Council Minutes

June 11, 1991

1991, at 7:30 P.M. at the City Hall with all Councilmembers in attendance with the exception of Debbie Bailew. Meeting was called to order by Mayor Nikolauk.

PUBLIC HEARING, AMENDMENT #4, ORDINANCE #101-89:

Public Hearing on proposed Amendment #4 to the Utility Ordinance (#101-89) was opened by Mayor Nikolauk. No citizens were present with regard to the proposed Amendment which raises the fee for 1" and larger water taps. After discussion, motion was made by Randy Mankin and seconded by John Callison that the Amendment be passed as proposed. Motion carried.

RECYCLING COMMITTEE:

The Schleicher County Recycling Committee, represented by Dr. Deborah Peaslee and Nancy Lester, met with the Council to request input from the Council and to report on their proposed program for the startup of recycling in Schleicher County. A Paper Drive is planned for June 18 from noon until dark with the paper to be transported to San Angelo on June 19. Separation centers were proposed, and the problem of transporting articles was discussed with the Council expressing interest and support as possible.

The possibility of purchasing a chipper/shredder was briefly discussed with cost estimates given by both the Committee representatives and City personnel.

Concern was expressed over need for Land Use Ordinance, with a model to be obtained from the Council of Governments.

CHAMBER OF COMMERCE:

Ronnie Sauer, President of the Schleicher County Chamber of Commerce, outlined plans for the Grand Opening of the new Library and Extension Service offices in the County Annex building at 201-203 SW Main St. He requested the Council approve temporary closing of 2 blocks of SW Main Street from the FNB toward the Feed Store as well as Gillis Avenue between Glidden's alley and the Foxworth-Galbraith alley for the day's activities, which includes Woolen Mill tour, visiting artists and authors, theatre production, chuck wagon, and flag raising, among other activities. Unanimous approval was granted by the Council with the use of barricades and ribbons as necessary. In conjunction with the July 13 Library opening, Mayor Nikolauk executed Proclamation for the week of July 7-13 to be designated Schleicher County Library Week.

CITIZENS PRESENT:

Mike Mankin, representing the citizens in Blocks 9, 12 & 13, Original Townsite, presented a petition with 12 names requesting a street light for their area. After review of the facts concerning existing lights and existing poles, motion was made by John Callison and seconded by Randy Mankin that a light be installed at the southern end of the alley in Block 9 facing W. Mills Ave. Motion carried.

Mr. Mankin also requested consideration by the Council to improve situation with the traffic control signs at the intersection of W. Mills and S. Oak to improve safety. This situation will be checked and reported on at the next meeting of the Council.

HEUSSNER CO., INC.:

Randy Rankin and George Heussner, representing Heussner Co., Inc., met with the Council to make proposal to shock treat the wastewater plant with active bacteria in order to bring the plant into compliance and then to assist with continued compliance. They proposed a heavy introduction for the first 21 months and then gradual reduction of product while closely monitoring the test results. Estimate of costs were \$1500.00 initially and between \$100 and \$200 per month thereafter. The product is proposed to eliminate built up sludge as well as improve the system when introduced at lift stations. References were provided. Jack Dean stated that he would check with the TWC and the Secretary was asked to check with references and to report back to the Council at the next meeting.

FIRE DEPARTMENT:

Jerry Jones, Chief of the Volunteer Fire Department, provided list of fire hydrants needing repair. Needs were prioritized. After review of available funds, Mr. Dean was instructed to obtain necessary materials and make repairs and improvements as soon as possible.

Mr. Jones also reported on incident at the Landfill when he Landfill was not open according to schedule and that he had inserted a Fire Department lock into the City's chain. The need for the Fire Department to be able to have access in case of fire was approved, and Councilman Callison volunteered to maintain key to avoid future similar problems.

DELIA HERRERA - SALES PERMIT VARIANCE:

Delia Herrera met with the Council to request consideration to her request that her daughter be allowed to sell snowcones during the summer months from small Jeep with portable machine. She stated that the normal procedure had been explained and that she had paid a sales permit fee on two occasions. After discussion, motion was made by Dora Bosmans and seconded by John Callison that a variance be allowed for school-age children who seek permission in advance and that Mrs. Herrera's fees be refunded due to the variance. Motion carried.

FINANCIAL REPORT, MINUTES, TAX REPORT, BILLS FOR MAY:

The Secretary distributed May Financial Reports to the Councilmembers and reviewed possibility for Amendment #3 to the current budget, pointing out areas needing additional funds for the remaining 3-month period as well as her recommendations for sources of funds within the budget. After review of her proposals, motion was made by John Callison and seconded by Jeri Whitten that Amendment #3 as proposed be approved. Motion carried.

The May Tax Report was circulated for initialing and motion was made by Dora Bosmans and seconded by Randy Mankin that the Minutes for the May 7 meeting be approved. Motion carried.

While the bills were being circulated for review and initialing, the Secretary distributed copies of the Annual Housing Authority report and Sworn Statements of Office Holders for completion by the Councilmembers prior to the July 15 deadline. After bills were reviewed, motion was made by Randy Mankin and seconded by Dora Bosmans that they be approved for payment as presented. Motion carried.

ELECTION OF MAYOR PRO-TEM:

Following discussion John Callison was elected by majority vote to be recognized as Mayor Pro-Tem for the upcoming one-year period.

UPDATES:

Mayor Nikolauk related correspondence from various sources indicating that the proposed transfer of the Community Development Block Grant Program from TDOC to TDCA has been closely studied and such transfer is not likely, which will facilitate the two current grants projects.

Resolution designating John Nikolauk as the Chief Executive Officer of the City per TDOC requirements was reviewed with motion made by Randy Mankin that the Resolution be executed and witnessed. Motion was seconded by John Callison. Motion carried.

The Secretary reported that preliminary specifications, as submitted to the Texas Department of Health for approval, have been received and reviewed by Mr. Dean. Mr. Dean reported that he had a minimum of two requests for change and following Jim Allen's review of the plans, they will approach Todd Engineering for questions and change order requests.

It was reported that the Urgent Need Grant for repairs to the Wastewater Plant was still in design stage with TWC approval of plans still further into the summer.

PERKINS SEWER PAYABLE:

The Secretary reported that Frank Perkins had requested the \$325.00 offered in November, 1990, as accrued payments due him for installation of sewer line in 1975 under the previous sewer extension ordinance. Ownership of the property has transferred, and she requested the Council's input regarding the balance of Mr. Perkins' previous claim for expenses. After discussion, motion was made by John Callison that the payable be cleared with no further action by the Council. Motion was seconded by Randy Mankin. Motion carried.

PERSONNEL POLICY:

The proposed Personnel Policy incorporating the old policy with changes and various additions was reviewed. Following discussion and additional changes, the Secretary was asked to draft a final copy for Council approval.

DRUG ABUSE POLICY:

The Secretary reported that the RRC had not yet completed a checklist; however, she was in the process of revising the current policy, incorporating both the TWCC and DOT requirements. She also reported that due to the City's collection agent not being available for testing and the City's need to have a Medical Review Officer to meet DOT requirements, she had been in contact with local medical center personnel who might be able to assist the City as approximately the same costs. She will report back to the Council.

SUPERINTENDENT'S REPORT:

Jack Dean followed up on his request for salary increase for Steve Hill who had recently obtained his "D" certification in Wastewater. Mr. Dean requested a 50c/hr. increase. Motion was made by John Callison and seconded by Randy Mankin that the increase be approved effective 6/10/91. Motion carried. Mr. Dean also requested the Council consider granting a standard % increase for employees who obtain their certifications; however, the Council agreed to retain case-by-case recommendation.

Mr. Dean further reported that the crews had been making several deep sewer taps and a problem being encountered providing service to Lot 9, Block 4U, Christian Addition. He stated that the grant to provide services had stopped 188' short of the property and

that the rock and depth required was a problem. After discussion, motion was made by Randy Mankin and seconded by John Callison that Mr. Dean be authorized to make an exception to the Ordinance provision for 100' by the City and extend the line the entire 188'. Motion carried.

Mr. Dean reported that a fence contractor had hit the new 6" water main servicing Edgfield Addition within the 10' right-of-way. The property owner had been billed for the damages (\$300.85).

Mr. Dean's review of the workorders requesting gas leak checks revealed 75-84% of the customers had leaks which were located. A sizeable service line leak had been located and repaired on ISD property by inserting a smaller line within the service line saving pavement repair expense.

As a follow-up to the Council Orientation of 6/10/91, it was the unanimous opinion that possibilities be pursued in the area of additional land and equipment needs for the Landfill and grant funds. Mr. Dean reported that he had checked again on the loader and the price was negotiable. After brief discussion, motion was made by John Callison and seconded by Randy Mankin that he be authorized to purchase the used loader with funds not to exceed \$7500.00. Motion carried.

Concerning paving projects, Mr. Dean requested input on the paving of SW Main Street in the downtown area which will necessitate working over the weekend or barricading the street during the week. It was reported that if the work was not done soon the street would be lost to deterioration.

Charts showing water main pressures were reviewed with the Council with Mr. Dean reporting fluctuations during the early morning hours. He will report back to the Council after further study.

NIGHTWATCH:

After discussion, motion was made by John Callison and seconded by Randy Mankin that the nightwatchmen be asked to keep a daily log of their activities and that the log be turned in to Jack Dean on a daily basis.

WTU FRANCHISE:

The Secretary reported on changes proposed in WTU Franchise agreement which expires shortly (9/10/91). The one major change in term from 50 years to 40 years was reported. Due to the lateness of the hour and the importance, the Council requested to adjourn until June 19, 1991, at 7:30 P.M. to continue the meeting. Meeting adjourned at 12:45 P.M.

A Touch Of History

by Rene Calcote

Dust flew as the sun bronzed cowboy slapped his leather chaps with his sweaty old

hat. He could taste the grit of dirt from the day's work herding cattle.

Silhouetted in the

horizon of the sinking sun stood the tired cattle, ready for a night's rest.

The quietness of the evening air was filtered with the

smell of wood burning over an open campfire. The smell of boiling hot coffee filled the nostrils of the weary cowboy.

The evening meal around the open campfire was the best time of the day for the wandering cowboys, usually far from home. The meal prepared by the trail cook usually consisted of baked biscuits, boiled beans, "son-of-a-gun" and lots of hot strong coffee. After eating, the men usually swapped tall tales or did a little pickin' and singing - maybe some letter writing.

The chuck wagon was one of the most important items on a trail drive in the early days. The wagon was a traveling kitchen, built from heavy wood. A cupboard on the back of the wagon served as a table or work counter. The inside of the cupboard was partitioned and shelved to hold such items as beans, lard, coffee, flour, salt, pepper and other staple groceries. There were cubby holes to store tin cups, plates and bowls. Large iron skillets, lids, pots and a grill for the open fire hung on the back of the chuck box.

It was the responsibility of the trail cook to keep supplies, to cook, and maybe do a little first aid, or even console a few young home-sick cowboys.

This era of campfire cookin' will be simulated on June 29th and 30th during the Chamber of Commerce's Campfire Cookin' Rodeo and Ropin'. It is a beautiful way to make the pioneer days alive again, and revive this era. Come on out to the Rodeo Grounds and join the fun as well as support your community.

Wedding Announcement

Susan Worley

The Maid of Honor was Nancy Chartier of Dallas. Bridesmaids were Shelly Roberts-Word of San Angelo, Marla Judd of Lubbock, Betsey Home of Hudson, WI, Laura Gentry of Arlington, and Lindy Worley of San Angelo.

The Flower Girl was Kristy Crippin of Houghton, LA, and Joey Crippin also of Houghton was the Page.

The Best Man was Hal Coon of Dallas. Groomsmen were Richard Nance of Austin, Tracy Rosson of Athens, Texas, Brent Jenkins, David Morrison, and Mark Cullimore, all of San Angelo.

The Ring Bearer was Jake Kauffman of Falls Church, VA. Candlelighters were T.J. and Erin Rosson of Athens, Texas.

Susan is a 1980 graduate of Eldorado High School. She attended Texas Tech University from 1980-1984, and is a 1991 graduate of Angelo State University with a B.A. Degree in Drama. She is a professional actress.

James is a 1983 graduate of Angelo State University with a B.A. Degree in Drama, and a 1985 graduate of Angelo State University with a M.A. in Theatre Management. He is the Artistic Director of Angelo Civic Theatre for the 1990-91 season.

The couple will reside in Dallas.

Susan Michele Crippin and James Glenn Worley were married on Saturday, June 15th, 1991 at Sierra Vista United Methodist Church in San Angelo, Texas. The Rev. Robert Parsons, of the Sierra Vista United Methodist Church of San Angelo, officiated the ceremony.

Susan is the daughter of Jan and W.G. Crippin, Jr. of Eldorado, Texas.

James is the son of Norma and Billy D. Worley of Canton, Texas.

OES Update

Monday, June 10 at 8:00 p.m. the Eldorado Chapter # 140 of the Order of Eastern Star met for a regular meeting with Maxine Locklin and Elton McGinnes presiding.

Reports from the retiring Worthy Matron, Isabella McCutcheon, treasurer, and auditing committee were given and filed.

Plans were discussed concerning a special meeting in August for anyone interested in Eastern Star and Masonic work. Details will be announced later.

Refreshments were served by Neva Boyer and Geneva Wade. The next meeting will be July 8th at 8:00 p.m. Any Eastern Star member is invited to attend.

An open installation of the officers for the Eldorado Chapter #140 of the Order of Eastern Star for the year 1991-1992 was held at the Masonic Lodge Hall, June 3, at 8:00 p.m.

Daisy Lee Kane of Big Lake acted as Master of Ceremonies. Gary Smith gave the invocation. The American Flag was presented by Gaston Gamoa and the pledge was given followed by the singing of the Star Bangled Banner.

Kaleta Shepperson of Ozona was the Installing Officer with Darla McKissack of Sonora as Installing Marshal. Others serving as installing officers were Mozelle Houston of Ozona, Installing Chaplain, Mary Leigh Kerby of Ozona, Installing Organist and JoAlice

Poehler of Big Lake, Installing Secretary, pro-tem.

The following officers were installed: Maxine Locklin, WM; Elton McGinnes, WP; Isabella McCutcheon, Asso. M; Richard Palmer, Asso. P; Mary McGinnes, Secretary; Charlene Edmiston, Treasurer; Geneva Wade, Asso. Conductress; Jesse Lee Spencer, Chaplain; Ron Murph, Marshal; Charlotte Wilson, Organist; Jo-Ann Palmer, Ruth; Neva Boyer, Esther; Pat Murph, Martha.

Mrs. Joy Galbreath sang accompanied by Charlotte Wilson.

The benediction was given by Elton McGinnes.

It's A Boy!!!

Joyce and Randy Erwin are proud to announce the birth of their son, Seth Nathaniel Erwin. Seth was born on May 27th at 8:58 a.m. in Springfield, Missouri. He weighed 7 pounds and 8 ounces.

Proud grandparents are Telsforo and Maria Martinez

of Grand Prairie, Texas, and Ken and Eva Erwin Sr. of Augusta, Georgia. Proud great-grandmother is Julia Martinez of Eldorado, Texas.

Seth was welcomed home by brother Adam and sister Elaine.

New Office Hours

Mon.: 8:30-11:00 a.m. & 1:00-3:00 p.m.
 Tues.: 8:30-11:00 a.m. & 1:00-3:00 p.m.
 Wed.: 8:30-11:00 a.m. & 1:00-3:00 p.m.
 Thurs.: 8:30-11:00 a.m. Closed Afternoon
 Friday: EMERGENCIES ONLY

Dr. Logan will continue to practice at 101 N. Ave. H in the building adjacent to Crockett County Hospital, in Ozona. He will see patients by appointment during the week and on Fridays can be reached at 392-3236 or 392-3210 for emerg. only.

Mesquite Control

Summer has arrived... mesquite trees are leafed out, and some ranchers have begun to consider mesquite control.

The most common treatment for dense stands of mesquite mixed with pricklypear the past few years has been the aerial applications of 1/4 lb. rate of Reclaim (chlorypyrid) mixed with a 1/4 lb. of Grazon PC (picloram). Rates of kill have varied greatly amount treated areas. However, through continued research since Reclaim's introduction several years ago, it has been found that soil temperature is an important key to an effective root kill on mesquite. With this in mind, it is recommended that the usual mix of Reclaim and Grazon PC be used only when soil temperature at 12 inches is 75 degrees or greater.

There are other factors to consider in timing of mesquite spraying. Stage of leaf growth and degree of leaf damage are critical to the efficiency of the application.

Translocation of the chemical to the roots occurs when the leaves are mature and plant growth other than root growth has stopped. At this time carbohydrates being transferred to the roots act as a transport of the chemical to the roots. Care must be taken to inspect trees before spraying. Approximately 45 days, following budbreak, is required for leaves to reach a state of maturity susceptible to absorbing the chemical.

Leaf maturity can be delayed or altered by late freezes and significant amounts of rainfall causing periods of new leaf growth. Spraying needs to be delayed until the leaves reach the proper maturity. At this stage the leaf is a dull dark green color. This stage will last for 45 days until the leaves become shiny with a wax covering, reducing the ability for most chemicals to penetrate.

Decreased surface area, due to leaf damage, decreases

the ability of the plant to absorb enough chemical to kill it. Insects and hail storms are the major causes for leaf damage.

Another important period of growth to avoid application is during flowering and bean elongation. It is at this time that the carbohydrates are being transferred from the roots to the upper parts of the tree to produce this growth. Remember the chemical needs to be applied when this transfer will be going to the roots, otherwise you may kill only the leaves or tops of the trees.

The Texas Agricultural Experiment Station has been conducting research the past couple of years on a new mixture which has proven to be successful in herbicide trials in this area. Reclaim plus Grazon ET (trichlopyr), used at the 1/8 lb., 1/8 lb. rate has been found to achieve about the same mortality rate as Reclaim and Grazon PC but with only slightly higher than half the cost. It should be noted that both of the aforementioned treatments have only minimal effect on liveoak.

When applying chemical by aerial application, volume per acre should carefully considered. A volume range of 2-4 gallons per acre of mixture is recommended. However, the distribution pattern of the chemical will be changed with the varied range. The 2 gallon rate yields a larger droplet size than the 4 gallon rate, however the 4 gallon rate will get a better distribution. The drawback with the 4 gallon rate is the smaller droplet size being more susceptible to drift. Also, the cost of the application will probably be higher for the 4 gallon rate. The difference in cost may not be a factor when you can improve your percent kill. A volume somewhere between 2-4 gallons may provide more satisfactory results.

For those interested in individual plant treatment of misquites, there are several options which offer excellent results.

One of the oldest and most successful means of treating mesquites individually is basal treatment with diesel fuel. By adding 2 oz. of Grazon ET per gallon of diesel fuel, a higher percentage of root kill may be obtained than with diesel alone. The lower 12" or so of each stem should be wet to the point of runoff accumulation. Best results are achieved when soil is dry.

Root kills of 75% or more have been achieved when Reclaim is mixed in about equal amounts with Grazon PC, Grazon ET, Banvel, or Grazon P + D in a foliar spray.

The soil-active herbicide Velpar L is very effective in controlling small mesquite. It should be applied by a hand-held drench gun to the soil beneath the canopy but not on the plant. Best results occur when soil moisture is good so as to ensure chemical translocation in the plant. However, Velpar is very deadly to live oaks (as was recently demonstrated in the loss of a large part of the Treaty Oak in Austin), so do not use it within 100 feet of oaks.

For those interested in cutting wood for firewood purposes, it has been found that Grazon PC mixed in a 5% solution with water and painted on the exposed of the mesquite works well to eliminate resprouting.

For specific application procedures for any of the above treatments, contact the Soil Conservation Service personnel in Eldorado.

Public Notice

INVITATION FOR BIDS

The City of Eldorado will receive bids for 1989 TCDP Water Storage Facility Improvements until 1:00 p.m., Tuesday, July 9, 1991, at the Eldorado City Hall, Eldorado, Texas. The bids will be publicly opened and read aloud at 1:00 p.m., Tuesday, July 9, 1991.

Bids are invited upon the several items and quantities of work as follows:

Construction of a 50,000 gallon elevated storage tank will all necessary appurtenances.

Bid/Contract Documents including Drawings and Technical Specifications are on file at Todd Engineering, Inc., 2500 South Willis, Ste. 202, Abilene, Texas 79605.

Copies of the Bid/Contract Documents may be obtained by depositing \$35.00 with Todd Engineering, Inc. for each set of documents obtained. The deposit is not refundable.

A bid bond in the amount of 5% of the bid issued by an acceptable surety shall be submitted with each bid. A certified check or bank draft payable to the City Eldorado or

negotiable U.S. Government Bonds (as par value) may be submitted in lieu of the Bid Bond.

Attention is called to the fact that not less than the federally determined prevailing (Davis-Bacon) wage rate, as issued by the Texas Department of Commerce and contained in the contract documents, must be paid on this project. In addition, the successful bidder must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin.

The City of Eldorado reserves the right to reject any or all bids or to waive any informalities in the bidding.

Bids may be held by the City of Eldorado for a period not to exceed 30 days from the date of the bid opening for the purpose of reviewing the bids and investigating the bidders qualifications prior to the contract award.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION AUGUST 10, 1991

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 42 proposes a constitutional amendment that would authorize the newly created county education districts to hold elections to exempt from ad valorem taxation a percentage of the market value of the residence homestead of a married or unmarried adult. The percentage exempted could not exceed 20% of such market value, and the amount exempted could not be less than \$5,000. The amendment would also authorize county education districts to hold elections to exempt from ad valorem taxation not less than \$3,000 of the market value of the residence homestead of a disabled person or a person sixty-five years of age or older. Finally, the amendment would authorize elections in county education districts for the taxation of certain tangible personal property exempted from ad valorem taxation by the legislature.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the voters of a county education district to adopt certain exemptions from the district's ad valorem taxation for residence homesteads and to provide for the taxation of certain tangible personal property."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance educational loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds to provide educational loans to students."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el 10 de agosto de 1991. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamo al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.
