Prison Proposed to Sutton/Schleicher Counties

by Sherry Lux

In the September 10th edition of the Standard Times, the governing bodies of Schleicher and Sutton Counties were invited to a town meeting in Sonora to discuss the possibility of a minimum-to-medium security prison between Eldorado and Sonora.

The counties would be responsible to provide land for the facility - 300 acres - along with access roads. Utilities would have to be provided by the cities and counties involved. The consulting firm, Tram Management Service, offered a \$160,000 is to be divided between the county and city

governing bodies of each county as consultants.

There was a commentary on the KLST News at 6 & 10 p.m. on Wednesday, September 11. The town meeting in Sonora attracted 250 citizens. The citizens seemed to be more worried about the prospects of prisoners families moving in rather than the prospects of the facility helping the economy. The citizens went on to say that there were enough undesirables in the area that pass through on Interstate 10 without having families move in.

The reason that the Schleicher/Sutton County line was picked is because of the relatively flat land surface. The

facility, if built, will be in the middle of the 300 acres with a fence around it, and a fence around the 300 acre boundary. Ernie Prugel summed up his idea of this as, "Prisoners do escape and then they have to borrow a vehicle. Well, they need some cash, so they go take it from the convenience stores. If don't know how that will help anyone."

According to Judge Johnny Griffin, the Schleicher County Commissioners will probably discuss the possibility of a prison in the area, but has received such negative responses from local people that they will not make a decision without input from a the public first.

Eldorado Golf Club Championship Set

The Eldorado Golf Club will be having it's Club Championship Tournament Saturday and Sunday, September 21st and 22nd beginning at 1:00 both days. This tournament is for members only. We already have a lot of members signed up, and we are hoping for a good turnout. All golfers (women and men) are invited for this fun tournament.

A meal will be served to all participants Saturday evening. The entry fee is \$10.00. We will have at least four flights so everyone has a good chance to win.

Come out and join your friends.

Please call Gary Warnock at 853-3711 or leave a message on the golf course answering machine at 853-2036 to sign up for this tournament.

If your unable to support our tournament, there are other ways you can help the club. Donation of trees are needed to replace the dying cottonwood trees. We are in the process of recognizing the donation of trees by having the names of the persons who contributed placed on a permanent plaque inside the Clubhouse.

The word is spreading about the great golf course we have. The golf course has gained

over 25 members during the summer months.

Hope to see everyone on Saturday!

The Eldorado Golf Club wishes to thank and acknowledge the following companies, organizations, and individuals for their generous financial and physical donations toward the Eldorado Golf Club Tree Project:

Halbert Propane, Hondo Oil & Gas, John Meador Construction, R&H Well Service, Pool Company-Sonora, Schleicher County I.S.D., Trio Specialties, Western Company, Eddie Albin, J.B. Brame, Bill and Mabel Freitag, Jo Ed Hill, Eddie Mae and Weatherly Kinsler, Sherry Lux, Geneva McWhorter, Jim Nance, Jeannie Snelson, Ren Thomas, and Raymond Wilson.

Cross Country Results

The Cross Country teams traveled to Abilene early Saturday morning for the A.C.U. Invitational.

The Junior High Girls competed with 13 other schools. There were 117 contestants for the 1.2 mile run. Eldorado won second place with a score of 58. They were bested only by Munday, who had a score of 48. Amy Massey was 1st high individual; Michelle Mora, 5th; Mitzi Lux, 8th; Tara Hunley, 10th; Alisha Wink, 36th. Amy recorded a time of 8:05, michelle-8:14, Mitzi-8:15, Tara-8:21, and Alisha-9:01. Congratulations Girls! The team was awarded a nice trophy.

The Junior High Boys had 49 runners from 6 schools competing. Winning second place, the team received a big trophy. Randy Adame was 4th high individual, 7:02; Stuart Lux, 10th, 7:29; Brandon Dresner, 12th, 7:33; Arisdell Hernandez, 16th, 7:42; Cody Bill Whitten, 18th, 7:45; Fonzie Covarrubiaz, 21st, 7:54; Caleb Estrada, 31st, 8:35; Rocky Meador, 32nd, 8:42; Arden Gonzalez, 35th, 9:06; and Manuel Vasquez, 38th, 9:42. The High School Boys

On Sunday, September 15, the First Baptist Church of Eldorado celebrated the 90th anniversary of the founding of the church.

The ministers pictured above served the church for more than thirty years.

(L-R) Cliff Johnston, Bill Kirkpatrick, Chris Graham, Douglas DuBose, Don Williford and Kenneth Vaughn.

P.T.A. Organizational Meeting

There will be a P.T.A. Organizational Meeting tonight in the Multi-Purpose Room of the Administration Building at 7:00 p.m.

This meeting is being held to organize the P.T.A. for the 1991-1992 school year. A report will be given on the first money making project that was held this year.

A decision will also be made on the cost of yearly membership dues to the P.T.A.

"E" Day Approaching

by Mary Barton Robinson

Eldorado Needs You! - on September 28th for the 2nd Annual "E" Day.

Be Prepared! - by getting your own property in shape beforehand so that you can join in sprucing up Eldorado's neglected lots and yards. Bring your mowers, non-electric trimmers, rakes, hoes, brooms, dust pans, and whatever tools you have to help keep your town a source of pride.

Registration and assignments will take place on the courthouse lawn at 9:00 a.m. A complimentary lunch for all

workers will be served in the Memorial Building from 12:00 to 1:00 p.m.

The City cannot remove trash from private property. As you get your yards ready in anticipation of "E" Day, please gather grass, limbs, etc. into the alley by the dumpster (without blocking the alley), or at the front curb, and call 853-3343 for pick-up. Please call by September 23rd to ensure your trash is picked up.

All those who need some help in getting their yards ship-shape, please call 853-3343 by September 23rd.

Help Keep Eldorado Beautiful!

Freshman Parent Orientation

A Freshman Parent Orientation will be held on Tuesday, September 24th at 6:00 p.m. This will be a covered-dish dinner and will be held in the school cafeteria.

The agenda will consist of information about: Discipline

Management, Attendance, Campus Improvement Committee, T.A.A.S. Testing Dates, and Graduation Plans.

Some teachers may give information about elective classes offered in High School.

All parents of freshmen students are invited.

Delia Pina To Go To Brazil

With the encouragement of the WMU from the First Baptist Church, Delia Pina, R.N. has decided to join a 10 day effort to Brazil during the month of October. She will depart on the 4th.

The group consists of a variety of individuals drawn from the churches of the Concho Valley Association and available to the Foreign Mission Board of the Baptist General Convention of Texas. This group of volunteers are going in response to a real need, and become part of the people of God in mission. Normally, participants pay their own way, however, Delia will be sponsored by the First Baptist Church here in Eldorado.

The group will be divided into 3 groups: 1) Teaching Seminars, 2) General Evangelism and Church, and 3) Health Care Professionals. Delia's presence on this team will be of great value because of her medical experience. She will be helping the Brazilian doctor screening children and possibly

some adults doing general physicals, examinations, and immunizations. Another of Delia's jobs will be to see the health problems there and to pave the way for other Health teams to come later. There will also be ways and means available for the health persons to share their faith and testimonies as they feel led.

Southern Baptists who go overseas to serve as volunteers come from all walks of life and from a variety of ethnic and economical backgrounds. Most have never seen themselves as having the ability or skill to fill needs around the world. Nearly all are surprised at the profound sense of satisfaction and fulfillment this kind of involvement brings.

Delia's comment is "I am ready, happy and excited." As a witness to her personal commitment to the Great Commission and to be able to serve and help in a small way to the people at Camp Grande, Mato Grosso do Sul in Brazil.

Eagles Win Over Menard

by Coach Doug Kuhlman

The kicking game of the Eldorado Eagles turned out to be the deciding factor in the Eagles win over the Menard Yellowjackets Friday night. The eagles converted an extra point attempt by Jorge Arispe while Menard was unable to convert either of their PAT's.

On Menard's first drive of the night, they scored a touchdown over the Eagles right side of the defensive line by running through 3 Eagle players. The Eagles offense answered Menard's touchdown with a 17 play, 60 yard drive. The Eagles touchdown was scored by Jason Whitten.

Eldorado's second touchdown came on the second drive, highlighted by Michael Gamez's 55 yard run. The touchdown was made by Cy Griffin on a 5 yard run.

The last touchdown of the night was made by the Yellowjackets on a 20 yard touchdown pass. With the score 13-12, Menard went for a 2-point conversion. The Eagles covered the intended receiver and, as a result, the pass fell incomplete.

In the last five minutes, Eldorado was able to intercept twice to keep the Yellowjackets out of Eagle territory and win

the game.

	Stats	Menard
Eagles	First Downs	14
12	Rushing Yards	33-171
45-196	Passing Yards	89
51	Passes	7-14-3
3-5-0	Punts - Avg.	2-37
4-27	Fumbles-Lost	4-2
3-1	Penalties-Yards	8-58
7-37	Jamey Belk	- 1
	interception, 1 fumble recover	
	Cy Griffin - 17 rushes,	
	89 yards, 3-5 passing, 51 yards	
	Jason Whitten - 17	
	rushes, 37 yards	
	Michael Gamez - 4	
	rushes, 56 yards	
	Reagan Bownds - 4	
	rushes, 17 yards	
	Chris Meador - 4	
	rushes, 7 yards	

The Eagles Travel to Mertzson Friday night to play the hornets. Kick-off will be at 8:00 p.m.

by Coach Paul Michalewicz

The Eldorado J.V. played the Menard Yellowjackets last Thursday night. Unfortunately, the J.V. lost 33-12.

Farley Dakan threw two touchdown passes; one to Pepper Nix and one to Sammy Prater. The Eagles hope to get back on the winning track on the 19th in Sterling City.

Art League Meets

by Jackie Napier

The Eldorado Art League will meet September 23 with instructor Ray McGuffin for those persons wishing to continue work on their painting. Copies of the landscape used for instruction are available at the library.

The second meeting of the Art League had a good attendance of seventeen

members. Anyone who has not attended the previous meetings, but desires to be a part of this group is most welcome at any time. Meetings will be held the second and fourth Monday evenings at 7:00 p.m. in the Memorial building, for the present time. Questions may be directed to Mabel Blaylock, Jeri Whitten, or Jackie Napier.

Car Wash Set

The Eagle Band-aid Booster Club will be having a Car Wash on Saturday, September 21, 1991 at the Courthouse Square. The car wash will begin at 10:00 a.m.

The Band-aid Booster Club will also be selling snowcones at the car wash. All proceeds will go towards the bands Spring trip.

TOP OF THE DIVIDE

What is it they say? Build a better mouse trap and they will beat a path to your door. Well, the mouse trap builders are at it again. It seems that someone had decided that putting a little rancid bacon or a piece of smelly cheese on the old spring loaded neck breaker trap was more than a person could stand, so they added specially prepared plastic simulated cheese bacon. The advertisement on the package states that this simulated bait has a smell that mice can't resist.

Now, how did they ever discover that mice like the smell

of some things and not others? But this smell is supposed to be irresistible. I can see the poor mice now, behind the refrigerator panting from the frustration of smelling this plastic and thinking how they just have to have some of that or they will go crazy.

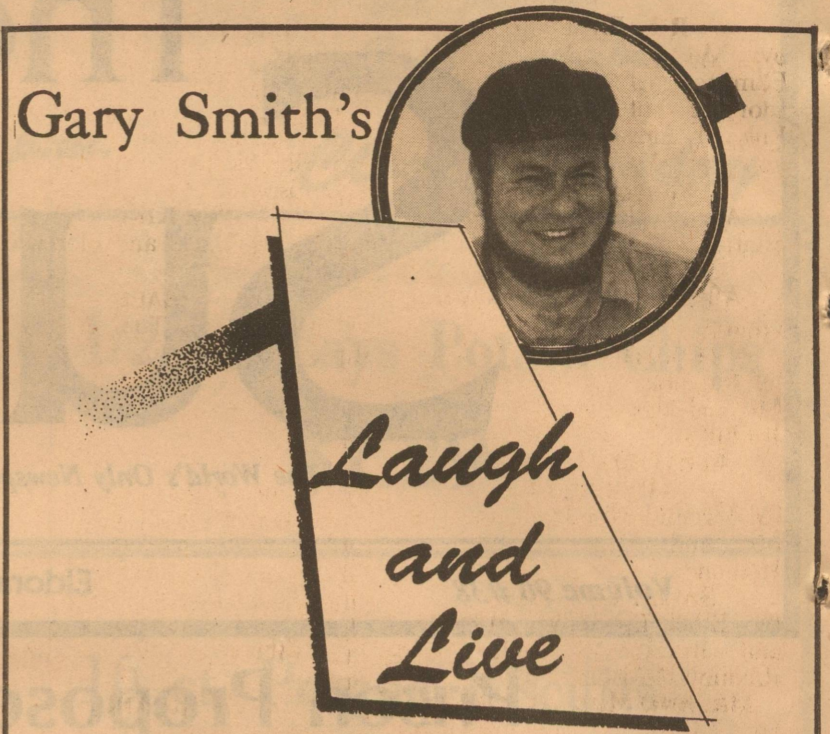

I am sure that the mouse trap company scientists tested this scent on laboratory mice. The only problem with that is that laboratory mice seem to do just what the scientists want them to do. These mice may have become so used to laboratory conditions that they

no longer remember what it is like to be a field mouse where the variety of food available has no resemblance to chemically concocted scents created by their human keepers.

Field mice probably look at the simulated cheese piece and spot it for what it is - fake food. The fake cheese even has little holes to make it look like Swiss cheese, as if the mice care what flavor. As for this irresistible scent, the mice that have come to stay the winter with us have got some real will power. Just my luck, I get the

more determined mice, or maybe the ones with hay fever so they can't really smell anything and have to use vision. My only hope is that when they see that silly looking fake cheese they will go into such mighty guffaws and unstoppable laughter that their little hearts will stop!

The only reason I am trying to get rid of the mice is that I don't want my elephant to see them. If your elephant sees a mouse it gets frightened and runs all over the house wrecking the furniture.

County Agents Report

PLAN NOW FOR SPRING FLOWERS

Dr. William C. Welch, Landscape Horticulturist

If you want to have an abundance of winter and spring flowers in your garden, now is the time to begin work. Much of Texas enjoys mild enough winters to develop a long-lasting and good quality crop of such favorites as pansies, snapdragons, calendulas, candytuft, larkspur, petunias and sweet peas.

Annuals planted in fall will usually bloom 3 to 6 weeks earlier than spring-planted annuals, depending on variety and species. Occasionally, plants may be damaged by extreme temperature changes, prolonged low temperatures or high winds, but many gardeners consider it worth the risk.

Primary attention must be given to bed preparation and watering. Beds should be prepared several weeks prior to planting and should be raised enough to insure good drainage during prolonged wet periods. When starting plants from seed, it is especially important to keep the soil moist. Any drying during the germination period is hazardous. Water should be allowed to flow slowly through shallow irrigation furrows or a fine sprinkler any time surface drying is observed.

Seeds should be planted closer together than in spring planting. A close stand of seedlings seems to have more chance of survival from winter cold. This insures a sufficient number of plants even if part of them are winter-killed.

A light mulch of straw, hay, pine needles or similar

material can help retain moisture, prevent packing of the soil, and maintain even moisture levels.

Well-rotted manure is an excellent soil conditioner and fertilizer. Chemical fertilizers containing nitrogen, phosphorus and potash are more convenient to use, but offer no soil conditioning qualities. Peat moss, pine bark, compost and other organic matter are essential to the success of gardening. Organic matter should make up at least 20 percent of the garden soil by volume. For best results, prepare the soil several weeks prior to actual planting.

This allows the soil to settle, reducing air pockets, and dilutes most chemical fertilizers, thus reducing the risk of burning tender seedlings.

Letter To The Editor

We the people must give rights to all people and nations to have national sovereignty over their country or state. The protection of their right to have economic development and raise their living standards.

The past administration has looted poorer nation at the expense of using the cheap production of the third world to bring down the cost of good in the U.S.A. so the American farmer, rancher, industry and productive sector of the U.S.A. has been destroyed. We have lost our profit to the new world order.

The solution is to have United Nations to debate evil parts of Adam Smith free trade which make paupers out of all people and end up with Marx picking up whats left and creating war and evil destruction of man.

The United Nations was once used for the one world order to do away with national sovereignty of countries, but here is where we the people come in and change for the good of all.

Lets put back the American system of economic to raise all living standards and get LaRouche out of jail.
Lester Dahlberg

It isn't the size of the dog in the fight. It's the size of the fight in the dog.

Heard a story about a crook who broke into a wealthy home late one night. He was filling his sacks with stolen goods when he heard a nasty growl. Looking down, he saw the biggest, meanest looking Doberman Pinscher that he had ever seen.

Before he had a chance to do anything he heard a small voice say: "What's happening? What's happening?" He looked around but couldn't find anyone or anything that was saying it and then he moved and the dog just sat there. So he continued to rob the house until his bags were full. Then as he was getting ready to leave the house he noticed a parrot in a cage.

As he walked over to the cage the parrot said, "What's happening? What's happening?"

The crook looked at him and said, "You stupid bird. Is that all that you can say? 'What's happening? What's happening?'"

And the parrot replied, "No. Sic em!"

I am not sure that there is a moral to this story. If there is one, it might be that when we hear small voices, it may be wiser to ignore them than to treat them rudely.

Till The Next Time...

MAY GOD BLESS!

Right Of Capture?

by **Cindy Cawley**
Water rights have been an issue that has long been discussed, debated and fought over. Since the early 1800's the citizens of Texas have had the right of capture. The term "right of capture" refers to the water rights that are normally a part of land ownership.

Last week I attended an Underground Water Protection Seminar in San Antonio. The seminar dealt with programs that can be initiated to protect our groundwater. Agencies such as the Texas Water Commission and Texas Water Development Board discussed their functions, various methods of preventive ground water protection, etc. The Environmental Protection Agency spoke on the EPA's strategies and goals for groundwater protection.

I brought back a wealth of information on programs that can be implemented to prevent a major catastrophe i.e. the contamination of the best water in Texas. But I also learned of something else. There are forces that are strongly pushing the idea of abolishing the right of capture laws. Weir Labatt, councilman for the City of San Antonio, talked on his views of controlling underground water

in the Edwards Aquifer. Mr. Labatt insinuated that in order to protect the aquifer, all wells must be metered and the water used, paid for in the future. Later in the day, another man from San Antonio said that we should do away with right of capture and pay for all water. His reasoning was that city people pay for their water, why shouldn't the farmers and ranchers? Such information needs to be met with the truth. As stated above, normally landowners purchase the water rights when they acquire the property.

I have been asked why we need to have an active water district here in Schleicher County. There are the obvious reasons such as prevention of contaminants reaching our water source through abandoned wells, injection wells, chemical spills and sewage. Others are education and protection of our most precious natural resource. However, there are the less obvious reasons too. What's right for a large municipality is not necessarily the wishes of a rural area such as ours. If we as a community want a say in the future of our water we must take an active part in decisions being made around us...and protect our rights!

Health News

by **Dr. Rico J. Forlano**

The failure rate of surgery for low back pain is very high. About 53 percent of all disk surgeries fail to produce relief of symptoms. Often the patient ends up in worse shape than before the surgery; a common reason for this is lack of indication for the operation. On the average, 90-97 percent of all low back pain and leg pain is caused by spinal misalignment or muscle spasm, or both. Lower back pain and leg pain caused by spinal misalignment can be mistaken for a disk syndrome by physicians who are not trained in lower back problems. There are several

muscles, when in spasm, that can cause pain in the lower back and down into the legs. If you are suffering from these problems a Chiropractic Physician may be able to correct your problem since they specialize in musculo-skeletal problems. Surgery may be required, but it should only be done if the conservative treatment fails to give satisfactory results.

New Book in the Schleicher County Library - **Great for Kids** - **WHERE'S WALDO?** by Martin Anfort

SCISD Board Meets

The regular meeting of the Board of Trustees of the Schleicher County Independent School District was held on September 9, 1991, at 6:00 P.M. in the Administration Building.

Middle School Principal Scott Barton reported to board members that the student council on his campus is studying parliamentary procedure. He also noted that a riding club is being organized and should be in operation in about a month. Mr. Barton presented a comparison of TAAS (Texas Assessment of Academic Skills Test) scores of local 5th and 7th graders on the 1990-91 test administration and those of area schools and schools in the comparison group designated by TEA. Districts included in the comparison were Eldorado, Sonora, wall, Huntsville, Killeen, Ozona, San Angelo, and Mertzon. Local students compared favorably. Barton reported that attendance has been good at "Nightline," tutorial sessions held in preparation for this year's TAAS administration. Sessions are being held at the school on

Monday and Wednesday nights from 6:00 until 8:00 P.M. He emphasized that students not only need to be able to pass the test but also should strive for academic recognition indicating a near perfect score. After discussing recent football and cross-country events, Barton noted that the theater arts class is planning a skit and pep rally for Thursday, September 12th in the auditorium. According to Barton, Sylvia Bellman, Parental Involvement Officer, is now on duty and is in the process of receiving training. Also the industrial technology class has gotten some materials and has moved out of the classroom into renovation of actual buildings. And the middle school media center is being wired as a computer lab to house 20

PROTECT YOURSELF . . .

by reporting potential electric utility hazards. Occasionally, hazardous situations arise that the electric utility is not aware of. You may see one of these hazards on your way to work or to the grocery store, or even in your own backyard. If you spot one, please report it immediately to your electric utility.

- Possible hazards you might see include:
- Damaged utility poles or crossarms (examples include woodpecker damage or damage from being hit by a vehicle)
 - Power lines too close to other objects (such as TV or CB antennas, flag poles or buildings)
 - Broken glass on meters
 - Leaning utility poles
 - Service drops running through trees
 - Broken or damaged guy wires
 - Broken or low-hanging power lines
 - Broken insulators on utility poles

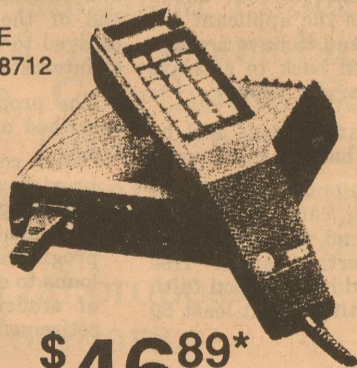

For your own safety and the safety of others you should report any hazard you see. If a serious emergency exists, call for service immediately. Then, remain at the site and protect everyone from the hazard until the repair crew arrives. Remember, be alert and don't get hurt!

Davis Reunion Held

Folks in pick-ups, cars and vans, with their tents, cots and bedrolls, began to move in for the Davis Reunion, by 5:00 on Friday. Davis brothers Chalmers, Walter, Charles, Weldon and Winiford, came with children and grandchildren, ice chests and food.

The Davis men and boys did a lot of visiting and

some hunting, children swam and ate, and women screamed, fought, worried, laughed and cried over wild Wahoo games, during a Wahoo Tournament. Barbecue goat, brisket and chicken was the menu of Saturday evening.

Outside meals were cooked by Winiford, James Larry and Floyd Davis. Seventeen dozen eggs were

consumed for breakfasts, served with Texas toast and bacon or sausage, with jellies of every kind, from Cactus to Mulberry, Strawberry, Plum, Peach, Apple, Corncob and Grape.

Those in attendance were Mr. and Mrs. Hubert Davis of DeSota; Mr. and Mrs. Floyd Davis, Chad, Brad and Marcie, of McKinney; Mr. and Mrs. Walter Davis, Billy, Jason and Jarrod, Mr. and Mrs. Charles Davis, and Freddie Davis, Mr. and Mrs. Chalmers Davis, Mr. and Mrs. Joe Davis, Stacy, Meggie, Lori, Beth, Vincent and Jon of Lancaster; Winiford and Stephen Davis, Mr. and Mrs. Kim Davis, Brooke, Linsay, Ashley, Kimmil, Miranda, and Loralee Collins, all of Clyde; Mr. and Mrs. Howard Davis, Kent and Sylvia, Mr. and Mrs. Brent

Davis, Wesley and Cole, or Red Oak; Mary Bowman, Matt and Brooke of Midlothian; Vicki Davis, Nicole, and Vanessa Perry of Dallas; Tom Lauderdale, of Austin; and Mary Perry of San Angelo.

Travis and Gloria Perry of San Angelo came in their new travel home, and their mothers, Fay Watson and Ellie Perry, spent the night with them, at the reunion.

Mr. and Mrs. James Larry Davis, Janay and Kelsey, of San Angelo; Jacques Davis Wilson, Jana and James of Pearsall; and Janet Davis Rutledge, Jeremy, Julie and Joshua, of Houston hosted the reunion along with Mr. and Mrs. Weldon Davis. This was the sixth year that the reunion has been held at the Davises in Eldorado.

Senior Ambassadors Meet

The Senior Ambassadors of the First Baptist Church met on September 16th. The meeting was called to order by Harry Mercer. It was good to have the Mercers back after a two month absence. They have been in Victoria, staying with their son, Steve, who has been very ill. Steve is now recuperating here in Eldorado.

Leon Stricklan led the opening prayer. Refreshments of drinks and cake were served. Pastor Graham told us of a new booklet out by Readers Digest and left some to be examined. Dana Owens thanked everyone for the great cooperation and work done for the 90th Anniversary of our Church.

Mary Robinson accepted the final payment for all who are making the Fall Foliage Trip beginning October 24th. There are 28 or 29 signed up for the trip. Committees were organized for the Devotional, Entertainment, and Foods Committee on the bus.

Guests were Ida Alexander of Austin, Mr. and

Mrs. L.E. Wright of San Angelo, and Winnie Helen Ratliff. There were 27 in attendance. At the next meeting, we will view pictures of Ireland.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION NOVEMBER 5, 1991

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 114 proposes a constitutional amendment that would authorize home rule cities having a population of 5,000 or fewer inhabitants to amend their city charters by a majority vote of a city's qualified voters at an election held for that purpose. The amendment makes clear that home rule cities that have declined in population below the population required to initially adopt a charter may nevertheless continue to amend their charters.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular vote."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 10 proposes a constitutional amendment that would allow the legislature to authorize the Texas Department of Transportation to expend money, from any source available, for the costs of the turnpikes, toll roads, or toll bridges of the Texas Turnpike Authority, provided that any monies expended from the state highway fund shall be repaid to the fund from tolls or other turnpike revenue.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment mandating the repayment to the Department of Transportation of monies expended to assist the Texas Turnpike Authority in the construction, maintenance, and operation of turnpikes, toll roads and toll bridges."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment that would authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Land Fund which are not immediately committed to the payment of principal and interest on bonds issued by the Veterans' Land Board, the purchase of lands, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment would also authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Housing Assistance Fund which are not immediately committed to the payment of principal and interest on general obligation bonds issued by the Veterans' Land Board for the benefit of the Veterans' Housing Assistance Fund, the making of home mortgage loans, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment gives the legislature power to implement the amendment and to delegate such duties and authority to the Veterans' Land Board as it deems necessary.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to authorize the legislature to further implement and enhance the administration of the veterans' housing assistance and land programs and to expand the investment authority of the Veterans' Land Board."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would allow the legislature to authorize the issuance of a maximum of \$1.1 billion in general obligation bonds. The proceeds of the bonds are to be used to acquire, construct, or equip new prisons and substance abuse felony punishment facilities, mental health and mental retarda-

tion institutions, and youth correction institutions, to repair and renovate existing facilities of those institutions and to acquire, repair, or renovate other facilities for use as state prisons or substance abuse felony punishment facilities. The \$1.1 billion in addition to the \$900 million currently authorized by the constitution to be expended on bond issues for facilities of correctional and mental health and mental retardation institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the state treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth correction institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 39 proposes a constitutional amendment that would allow a county, junior college district, or municipality to exempt tangible personal property from ad valorem taxation if: (1) the property is acquired or brought into the state in an enterprise zone to be forwarded outside the state, (2) the property is assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone, (3) the property is transported outside the state not later than 175 days after being acquired or brought into an enterprise zone, and (4) the person who acquired or brought the property into an enterprise zone is a qualified business. A county, junior college district, or municipality may exempt such property by entering into a written agreement with a qualified business that states the duration of the exemption and the terms on which the exemption is granted. Any action to exempt property must be taken before April 1 of the first year in which the property would otherwise be taxed. The term "enterprise zone" means an area that (1) has been designated as such by a state agency responsible for economic development, and (2) has pervasive poverty, unemployment, and economic distress. The term "qualified business" means a business that meets the qualification established by general law and requires that the qualified business is actively engaged in a new business in the enterprise zone or is expanding a business that is already active in the enterprise zone. An enterprise zone is created to foster economic development in an area of pervasive poverty and unemployment.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the exemption for ad valorem taxes of certain property in an enterprise zone."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would establish a Texas Ethics Commission with the powers and duties provided by law. The commission would consist of eight appointed members selected as follows: two members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the house of representatives from each major political party; two

members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the senate from each major political party; two members of different political parties appointed by the speaker of the house of representatives from a list of at least ten names submitted by the members of the house from each major political party; and two members of different political parties appointed by the lieutenant governor from a list of at least ten names submitted by the members of the senate from each major political party. A major political party is a political party required by law to hold a primary. With the exception of the initial appointees, commission members would serve for four-year terms. A member who has served for one term and any part of a second term would not be eligible for reappointment. The commission would be authorized to recommend the salary of the members of the legislature and may recommend that the salary of the speaker of the house of representatives and the lieutenant governor be set at an amount higher than that of other members. If the commission recommends a change in salary, the voters would be authorized to accept or reject the salary change at the next general election for state and county officers. If the voters approve the recommended salary, that salary would take effect January 1 of the next odd-numbered year; if the voters reject the recommended salary, no change in salary would occur. The commission would set the per diem of the members of the legislature and of the lieutenant governor. The per diem could be raised or lowered biennially as necessary to pay members' costs, but could not exceed the amount allowed as of January 1 that year as a federal income tax deduction for living expenses incurred in a legislative day in connection with a member's business as a legislator, disregarding any federal income tax exception for legislators residing near the Capitol. The commission would have other powers and duties provided by the commission's enabling act (Senate Bill 1, 72nd Legislature, Regular Session). The amendment would also provide that an increase in the emoluments of the office of Lieutenant Governor would not make a legislator ineligible to serve in the office of Lieutenant Governor.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school land for which there is not a valid transfer of title from either the State or the Republic of Texas to a private party. A patent is a document of title issued by the state. On application to the School Land Board, a person is entitled to receive a patent if: (1) the land is surveyed public free school land, (2) the land was not patentable under the law before the adoption of this proposed amendment, (3) the person acquired the land without knowledge of the title defect out of the State of Texas or the Republic of Texas and held the land under color of title, the chain of which dates from at least January 1, 1941, (4) the person has a recorded deed on file in the county courthouse and, in conjunction with his predecessor in interest, has claimed the land for at least fifty years as of January 1, 1991, and (5) the person, in conjunction with his predecessor in interest, for at least 50 years has paid taxes on the land together with all interest and penalties associated with any delinquency. If the applicant is denied a patent, the applicant may file suit against the School Land Board in a district court in the county where the land is located within 60 days from the date of denial. The proposed amendment does not apply to beach land, submerged land, or islands, and may not be used to resolve a boundary dispute. The proposed amendment also does not apply to land found by a court to be state-owned or to land on which the state has given a mineral lease that is in effect when a patent is sought. A patent under this proposed amendment for land within five miles of mineral production shall reserve minerals to the state in the manner provided by law for reservations of minerals in sales to claimants of unsurveyed school land within five miles of production. An application for a patent under this proposed amendment must be filed with the School Land Board before January 1, 1993.

This proposed constitutional amendment is similar to the version of article VII, section 4A, that was in effect between 1981 and 1990. The main difference is that under the earlier version the applicant for a patent to land had to have a chain of title that dated back to at least as early as January 1, 1932.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school land held in good faith under color of title for at least 50 years."

The proposed amendment will be described on the ballot as follows: "The constitutional amendment mandating the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to a limit."

The proposed amendment will be described on the ballot as follows: "The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

The proposed amendment will be described on the ballot as follows: "The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

Weight Loss Surprises Researchers

WASHINGTON -- A nutrition organization was hopeful that a nutritionally complete "hi-tech" food tablet would help erase world hunger problems, until a study revealed that one of the ingredients could cause significant weight loss.

Although other studies and scientists may not agree, researchers in Europe found that the ingredient, a natural plant colloid, actually caused people to lose weight, even though specifically instructed not to alter normal eating patterns, according to one study published in the prestigious *British Journal of Nutrition*. Researchers in an earlier study had speculated that the weight loss was due to a decrease in the intestinal absorption of calories.

While the project of National Dietary Research, aptly named Food Source One, would not be used to successfully fulfill its original goal, the formula which has since been improved with other natural colloids has been a windfall for some over-

weight people. A Daytona Beach, Florida woman fighting a weight battle for 12 years used the product on the recommendation of her physician and lost 30 pounds. She stated, "Not only have I lost 30 pounds but my cholesterol has dropped from 232 to 143. I have two closets full of clothes which have not fit me in two years that I can now wear." In a separate report, a telephone interview revealed that a Wilmington, North Carolina pharmacist lost 14 pounds in 3 weeks on the product and was never hungry.

Food Source One tablets are part of National Dietary Research's comprehensive plan to bring a rapid end to obesity in this country. A variety of nutritionally sound diet plans, specially prepared by NDR, accompany each bottle and provide a natural, drug free alternative for confronting the problem of obesity.

on dissolution, the assets remaining after the discharge of the corporation's indebtedness will be transferred to an entity providing water supply or wastewater service, or both, which is exempt from ad valorem taxation. The transferred assets must be property that is reasonably necessary for and used for water supply and wastewater services.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the legislature to exempt from ad valorem taxes certain property of a nonprofit corporation that supplies water or provides wastewater service."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to pass laws to authorize the State of Texas to operate lotteries and to enter into a contract with one or more legal entities that will operate lotteries on behalf of the State of Texas.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing a state lottery."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that would increase the total amount of bonds that may be issued by the Texas Water Development Board to provide wholesale and retail water and wastewater facilities to economically distressed areas of the state. The proposed amendment increases the maximum principal amount of the bonds from 20 percent to 50 percent of the \$500 million amount authorized by article III, section 49-d-7, of the Texas Constitution. The proposed amendment would increase the maximum aggregate dollar amount of bonds that the Texas Water Development Board could issue from \$100 million to \$250 million.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to increase from 20 percent to 50 percent the percentage of Texas water development bonds previously authorized by Texas voters that may be issued for economically distressed areas."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 2 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance education loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interest.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds not to exceed \$300,000,000 to continue existing programs to provide educational loans to students, with repayments of student loans applied toward retirement of the bonds."

Estos son los informes explicativos sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 5 de noviembre de 1991. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

Unofficial City Council Minutes

Jay Ray Holley Appointed To Council

A Regular Meeting of the Eldorado City Council was held Tuesday, September 10, 1991, at 7:30 P.M. at the City Hall. All Councilmembers were present with the exception of Dora Bosmans. Mayor Nikolauk declared a quorum present, and the meeting was called to order. No citizens were present.

PUBLIC HEARING - AMENDMENT #5 - UTILITY ORDINANCE #101-89:

After brief discussion, motion was made by Debbie Ballew and seconded by Randy Mankin that the Amendment #5 to the Utility Ordinance #101-89 be passed to increase the service charge for reconnection from \$5.00 to \$10.00 effective immediately. Motion carried.

RECYCLING COMMITTEE:

Pat Sykes and Nancy Lester with the Recycling Committee reviewed progress and asked for site to set-up the recycling barrels. After discussion, motion was made by Randy Mankin and seconded by Jeri Whitten that the Council approved the use of City lots adjacent to Poyner Construction (Lots 2ABC18/OT). The possibility of using a Green Thumb worker to man the site will be explored. Plans for "E" Day (September 28) were reviewed.

AUGUST MINUTES, TAX REPORT, FINANCIAL REPORT & BILLINGS:

The Minutes of the August 13 and August 28 meetings were reviewed and motion was made by Jeri Whitten and seconded by Debbie Ballew that they be approved. Motion carried.

The August Monthly and Year-To-Date Tax Reports were initiated, and the August and 12-Month Financial Reports were distributed to

the Councilmembers. End of year figures were reviewed.

Current billings were reviewed, and motion was made by Debbie Ballew and seconded by Randy Mankin that they be approved for payment. Motion carried.

The Councilmembers were reminded of the SCAD Budget Hearing set for 1:00 P.M. on Monday, August 16, as well as the Preconstruction Conference for the water tower at 3:00 P.M. on the same day. The construction contracts are being reviewed by City Attorney Tom Giovannitti prior to execution by Mayor Nikolauk.

Regarding the presentation of Minutes into the newspaper, it was suggested that the Secretary prepare brief outline and if more information was needed, that it be requested and made available.

UTILITY RATE STUDY, DISPOSAL FEES, ILLEGAL DUMPING:

The Council reviewed the various service rates, including sanitation rates. After discussion, it was proposed that the Secretary make study of commercial sanitation charges and present a plan for equalization based upon volume for the next meeting. It was also proposed that businesses preparing food should be picked up five times per week. Mr. Dean and the Secretary reported on a recurring problem with a dumpster being used for disposal of tires. After discussion, motion was made by Randy Mankin and seconded by Jeri Whitten that a hearing be called for an Amendment to the Utility Ordinance stating that a violation of the non-acceptable items rule either in the dumpster or at the landfill would be subject to a fine of not less than \$100.00

plus costs nor greater than \$500.00 per costs. The unacceptable items would include tires, petroleum products, and wire due to these items violating State law. Motion carried. Hearing will be called for the next meeting of the Council. Regarding illegal dumping, the Secretary was asked to check into purchase of stickers stating additional unacceptable items for placement on the dumpsters.

According to estimates prepared with Heussner's assistance, it was recommended that the 50c/bbl. wastewater and grease trap disposal fees should be increased to \$2.00/bbl. based upon cost to specially treat the wastes. After discussion, motion was made by Jeri Whitten and seconded Debbie Ballew that the fee be increased to \$2.00/bbl. effective 10/1/91. Motion carried. Vacuum truck companies will be contacted by letter of the fee change.

APPOINTMENT OF COUNCILMEMBER & MAYOR PRO TEM:

After brief discussion, motion was made by Debbie Ballew and seconded by Jeri Whitten that Jay Ray Holley be appointed to fill John Callison's unexpired term. Motion carried. Mr. Holley will be sworn in at the next regular meeting.

Regarding the open Mayor Pro Tem position, Jeri Whitten made the motion that Randy Mankin be elected Mayor Pro Tem until the May election. Motion was seconded by Debbie Ballew. Motion carried.

SUPERINTENDENT'S REPORT:

Jack Dean reported on his meeting with Schleicher County Commissioners' Court, and stated that they would share in the expense of

purchasing a chipper/shredder with their portion to be approximately \$6000.00. Regarding the digging of additional future pits at the landfill, the Court had offered to dig the pits with County equipment rather than bid out the job.

Mr. Dean reported that on or around September 2 the WTU lock had been cut at the landfill, and that on or around September 9 when the landfill was closed due to State regulations, someone had dumped garbage at the landfill gate. He has recovered evidence, and it was the unanimous decision of the Council that he proceed with filing of formal charges with the County Court. A discussion was held on the ownership of the road from the highway to the landfill with research to be completed prior to the next meeting.

Mr. Dean reported that treatment products had started September 5. Treatment will continue for 30 days, 7 days per week and then drop off September 10 with results pending.

Mr. Dean reported that Tony Nix had been informed of the Council's decision to not extend the sewer line at the present time due to extensive costs involved. The decision was not acceptable to Mr. Nix. Mr. Dean reported on progress prior to the stoppage by City crews and costs involved per GTE contractor estimates. The Council requested that the City attorney be contracted regarding the City's liability to provide sewer service per Ordinance #101-89/Section 18/Paragraphs 4a and 4b.

Supt. Dean reported on street work and plans prior to cold weather.

OTHER BUSINESS:

The Secretary brought the Council up to date on outstanding accounts receivable for damages. After discussion, it was suggested that the Utility Ordinance be amended to include statement declaring property owner responsibility for damages to City water and gas meters and/or cutoffs should the property owner or his repairman fail to contact the City to request City make proper cutoff for repairs.

The Secretary also asked for the Council's input regarding adoption of automatic Updated Service Credits/Annuity Increases under the Texas Municipal Retirement System as provided by HB 538. No interest was expressed for the present time.

With no further business, meeting adjourned at 10:00 P.M.

Carolyn Mayo
City Secretary

7th Grade Beats Brady

Coach Larry Mitchell's 7th Grade Eagles had their work cut out for them against Brady Thursday night.

Eldorado kicked off to Brady. Brady moved the ball down-field from their own 38 back to back penalties put Brady at 2nd and 25, then 3rd and 22. The next play, Brady made it back to the original line of scrimmage. Brady went in for the score with 2:15 left on the clock; the PAT attempt failed. The score 6-0, Brady.

Brady kicked to Eldorado. The Eagles had the ball on the 42 yard line. Zane Bruce connected with Casey Willis on a pass play for 1st and 10. A pitch-out to Justin Leggett picked up 6 yards to set up 2nd and 4. There was a fumble on the play, recovered by quarterback Zane Bruce. This was the end of the 1st quarter.

In the 2nd quarter, Justin Leggett and J.B. Barker were in on several carries, but the highlight of the quarter for the Eagles was when Bruce pitched-out to Justin Leggett and Leggett connected with Casey Willis on a big pass play that resulted in a touchdown for Eldorado: PAT failed.

With 4:43 left in the 1st half, the score was tied 6-6.

Eldorado kicked to Brady. Brady moved the ball consistently down-field from their own 40 to score a second time with 4 seconds left in the 1st half. Half-time score was 12-6, Brady.

To start the second half, Brady kicked to Eldorado, and the ball went into the end zone for a touchback. With the ball on the 20, J.B. Barker got loose for a 65 yard run to the Bulldogs 15 yard line. Leggett carried for a 4 yard gain and Barker carried next to about the one foot line. A penalty against Eldorado put the ball on the 6 yard line with 1st and goal. With 3:15 left in the 3rd quarter, the game was tied 12-12.

The 4th quarter was a defensive battle for both teams. Key tackles were made by Ricky Gibson for no run-back on a punt, and catching a back 10 yards behind the line. The Eagles held Brady and Brady kicked to Auden Gonzalez. Several plays later, there was a loose ball and Eldorado recovered. The ball went back to Brady with less than a minute left on the clock. Jason Richters and Zane Bruce were in on a tackle as the buzzer sounded. Final score 12-12 tie.

8th Grade Triumphs Over Brady

Coach Rick Singleton could not have been more pleased at the outcome of his game as the 8th Grade Eagles beat Brady 22-12.

The Eagles got off to a slow start. Brady moved the ball well and scored with 3:22 left in the 1st quarter. Brady kicked to Eldorado. Wayne Jenkins brought the ball up to the 36 yard line. Johnny Joe Arispe made a 1st and 10 and although they moved the ball a little each play, it was not enough for a 1st down. Eagles kicked to Brady. A penalty on the play against Brady, set up a 1st and 10 on the 35 yard line. Cody Bill Whitten and Joe Rocha were in on a key tackle. Michael O'Daniel knocked a ball down. Brady later made a 1st down.

On the next play, Randy Adame covered a pass play for an incomplete pass. With 6:40 left in the half, Brady went in for their 2nd score. The 2 point conversion failed. On the

kick-off, Jose Chavez ran the ball up to the 45 yard line. Louis Massey picked up 5 yards, and Johnny Arispe 1 yard. Eagles called time-out with 5:24 left in the half. On a reverse, Louis Massey ran in for the score; PAT failed. The score was 12-6, Brady.

The Eagles held Brady on their next possession. Brady did likewise to Eldorado, so with 4th and 7, Eldorado faked a punt and quarterback, Michael O'Daniel gained 19 yards for a 1st down. O'Daniel then picked up 5 yards for a 2nd and 5. A pitch-out to Arispe and pass to Joe Rocha was incomplete. With 4th and 8, Eldorado went for a 1st on the 16 yard line. O'Daniel was caught behind the line. The ball went to Brady on the 24 with 10 seconds showing in the half.

To open the second half, Brady kicked to Eldorado. On their first possession, Eldorado made a 1st and 10 at

the 36 yard line. Two plays later, Jose Chavez carried the ball to Brady's 46. Jenkins, on a 3rd and 1, made a 1st down, but a clipping call against Eldorado made it 3rd and 16. Louis Massey gained 5, but with 4th and 10, Eldorado decided to kick. A bad snap caused the ball to go over to Brady on the Eagle 39. With 35 seconds left on the clock, Eldorado took possession. Brady held Eldorado, and Eldorado kicked.

On the second play into the 4th quarter, there was a fumble, and Eldorado recovered on the Brady 46. With 3:30 left in the game, on a 2nd and 4, Johnny Arispe went in for a touchdown. The 2-point conversion, by Michael O'Daniel, was good to put Eldorado ahead 14-12. Eldorado was fired up. Chavez threw a runner for a 7 yard loss.

Although Brady later made a 1st and 10, Caleb

See 8th Grade - page 6

Good Neighbor Club Meets

The Good Neighbor Extension Club met in the home of Ola Ruth Barbee on Sept. 16.

The program was conducted by Bobbie Killebrew in absence of Nancy Lester, who was called to Houston to her sister who has just had a baby

girl. Five women and one child attended.

The making of wall hangings which were hats decorated very beautifully. Ice cream, cake and punch was served by Mrs. Barbee.

Public Notice

The Commissioners' Court of Schleicher County, Texas will hold a Public Hearing at 6:30 p.m. on September 26, 1991 in the County Courthouse, Courthouse Square, State Highway 277, Eldorado, Texas, for the purpose of receiving and considering a proposed plan for redistricting the Commissioner Precincts, and receiving public comments with respect to such play, and redistricting of the Commissioner Precincts.

Noticia al Publico

El Corte Comisario del Condado de Schleicher, Texas, habra una Audencia Publica a las seis y media de la tarde el 26 de septiembre de 1991 en el County Courthouse, Courthouse Square, State Highway 277, Eldorado, Texas, para recibir y considerar un planpropuesto para repartir los distutos de los Precintos Comisarios, y recilir comentarios del publico a referencia a tal proposicion, y repartir los distritos de los Precintos Comisarios.

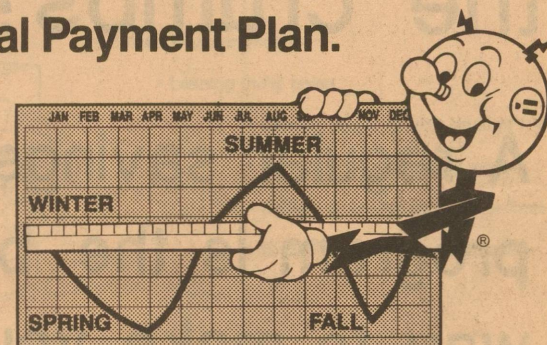

"Now you can pay the same amount every month of the year for your electric bill!"

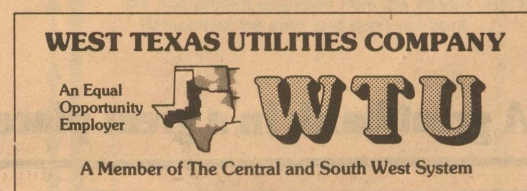

It's easy with WTU's Equal Payment Plan.

Electric bills peak in the Summer and Winter when demand is up and are lower in the Spring and Fall. With the Equal Payment Plan, you can level out your electric bill because the monthly payments are averaged and adjusted over a year.

Any WTU residential customer or church with approved credit and a monthly bill of \$15.00 or more can qualify.

"Level out your electric bills with the Equal Payment Plan."

For more information on the Equal Payment Plan, contact your local WTU office.

Wedding Announcement

Mr. and Mrs. Joe David Ross have announced the engagement of their daughter, Miss Mary Kathryn Ross, to Bob Buchholz of Driftwood. Parents of the prospective bridegroom are Mr. and Mrs. Douglas D. Buchholz of Eldorado. The engaged couple plans to be married October 19th at the Ross Ranch.

8th Grade

Continued from page 5
Estrada recovered a fumble. This set up a final touchdown for Eldorado, as Michael O'Daniel ran the ball to the 1 yard line. Jose Chavez scored the touchdown. Stoney Harris carried the 2-point conversion through, making the score 22-

12, Eldorado. Eldorado kicked to Brady with 28 seconds on the clock. Chavez threw the runner down with only a 1 yard run-back. The game ended with a score of 22-12. Congratulations Eagles!

Women's Club

Community Strength Through Balance was the theme for the first meeting of The Woman's Club, Tuesday, September 10, at 9:30 a.m., with 17 members and one guest present.

After visiting while enjoying coffee and finger foods, the meeting was called to order by the 1st Vice President, Imogene Edmiston. During the business meeting, it was agreed to give a donation to the library in memory of Mr. Tom Ratliff, a \$50.00 donation to the M.D. Anderson Golden Jubilee Fund, and a donation for winners for the up-coming Eldorado Clean-up.

An interesting report on

Home Life was given by Bobbie Sanders, Federation Counselor. A discussion on parliamentary procedure was also given, by Isabella McCutcheon, Parliamentarian.

Imogene Edmiston reviewed the Year Book for 1991 - 92.

It was announced that the club will hold a bake sale and rummage sale October 11, at the Carroll Building.

The Hospitality Committee, consisting of Florence Williams, Gladys Mittel, Isabella McCutcheon, and Dorothy Harris, were hostesses.

The club adjourned with the Club Collect.

Beta Sigma Phi

by Donna Newton

Beta Sigma Phi met on Monday, September 9th for our first meeting of the year. 11 members and 3 pledges were present.

Several fund raising suggestions were considered. We will be selling cookbooks at \$9.95 each. The "E" Day clean-up was discussed. Our Halloween carnival was mentioned, further details on this will be announced at a later date.

Dorothy Dacy presented our program on Friendship.

Refreshments were served by Kim Thackerson and Sheila Prater. Stacy Haynes assisted in Sheila's absence. Our next meeting will be September 23rd.

On Monday, September 16th, Beta Sigma Phi held a come-as-you-are Social at Mary Leigh Dunagan's home. Hostesses were Debbie Griffin,

SCISD Board Meets

Continued from page 3

computer stations. Furniture for the stations has begun to arrive.

Dr. Blair reported that Wayne Williams had offered to give SCISD a plot of land just off the Menard highway. The acreage has potential use in several areas including the G/T herd, FFA projects, and the middle school riding club. Board members voted to accept the gift.

It was also reported that enrollment on the first day in 1990 was 741 students as compared to 755 students this year. Current numbers by grade level are:

PK-20	6-63	10-49
K-56	7-57	11-48
1-54	8-54	12-49
2-65	9-74	

Board members voted to approve a tax refund of \$1,361.24 in the Eastern Petroleum Bankruptcy case, and the final financial report for the 1990-91 school year was given. In other business, Dr. Blair reported that SCISD will get back \$2,500 due to a lawsuit involving price fixing by milk producers. SCISD has also received \$123 due to oil overcharges. A safety program will be held every quarter for maintenance and cafeteria workers. The first such program given by Pat Ragsdale covered lifting and back safety. The meeting adjourned at 6:45 P.M.

Lion's Club Sale

The Eldorado Lions Club will be conducting their annual Mop and Broom Sale on Wednesday, October 2nd. This merchandise is all Blind Made Merchandise. The sale is to raise funds for the blind and for worthwhile local Lions activities, such as free glass for the vision-impaired.

Buy a broom, mop or

other quality product made by our blind citizens and support our Lions in this worthwhile project. The Caravan truck and all articles will be on display across from the bank where you may make your purchase directly, or call any local Lion to have your order delivered.

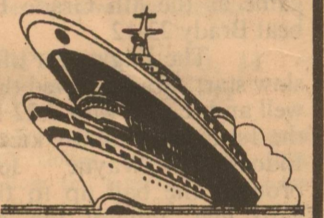

Thank you for your support.
