

Our Water Problem

Water Rights Can Be Retained, Even If District Inactive

This is the sixth in a series of articles attempting to give readers the full background on the Colorado River Municipal Water District...

Confirmation of the Colorado River Municipal Water District by Big Spring and Odessa voters July 12 does not mean immediate launching of a lake project on the upper Colorado River.

Far from it, confirmation is simply the first essential step on the journey into the home stretch of a search started three years ago for an adequate water supply.

There is nothing in the CRMWD act which would prevent either Big Spring or Odessa, or both, from stopping short of the ultimate goal.

Suppose, after final studies are received, the cities conclude that the project is not now feasible or desirable. Matters would go into a state of suspended animation at that point.

The district would still exist and inactive, it would be available for immediate and possible use in the future. Its inactivation would be assumed, having no source from which to obtain funds.

What is more important, the district would possess the water rights granted to it by the State Board of Water Engineers. These could not be put on the shelf and maintained indefinitely, but so long as the district had reasonable hopes of utilizing those rights, they would be water in the water bank.

Once the rights were gone, the most vital asset of the district would be gone—and with it the main reason for existence.

In reality, the district is subject to the will of the member cities. Directors could come only from those residing and owning taxable property in member cities, and upon appointment by governing bodies of the member cities.

Granted confirmation on July 12, it can go to work in completing engineering studies, working out tentative water sales agreements, and arriving at detailed facts as to the costs of the project and the costs of water to each city.

At subsequent elections, voters of the cities would then say whether they wanted to embark upon other steps toward final realization of a long-range joint water supply. Without confirmation, voters will never have the opportunity to make the really critical decisions.

Water Production In City Reaches All-Time High

Big Spring water production hit an all-time high in the 24-hour period ending at 8 a. m. Thursday.

H. W. Whitney, city manager said this morning. Consumption for the day was 5,252,000 gallons.

Nearest approach to the figure was on June 22 when 5,004,000 gallons were consumed. Normally, daily water consumption ranges around 4,500,000 gallons, Whitney said.

A drop in production was registered yesterday when only 4,015,000 gallons were consumed. Consumption was expected to be lower today due to cloudy and cooler weather during the morning.

BIDS ON ADDITIONS EXPECTED JULY 21

Big Spring School Buildings Undergoing Extensive Repairs

A summer repair program involving various school buildings in the city is making rapid progress and a substantial number of bids on proposed additions to buildings are expected on July 21, members of the school board were informed Thursday night.

Pat Murphy, school business manager, said about half of the planned repairs had been completed and others will be finished before the opening of schools in September.

Projects completed include construction of a concrete barrier to prevent water from undermining the foundation, and provision of foundation ventilators at West Ward school; re-roofing of the building at the Airport school; and general improvements, including painting, repairs to windows, doors, etc. at other buildings.

ADMITS RENTAL HERE FAIR Berry In Reversal On Guard Facilities

In a swift about-face, Gen. K. L. Berry, adjutant general of Texas, has advised city officials that facilities used here by the National Guard are "well worth \$100 per month."

In a letter addressed to City Manager H. W. Whitney, Gen. Berry said his sole object in a previous letter was to "try and get rentals for city owned property lowered to a figure more in keeping with that charged the board for facilities in several other cities in the state."

Earlier Gen. Berry had written Mayor G. W. Dabney that the \$100 per month rental here was "particularly unfair." He took that position, he said, because the property was cityowned and was a "gift or near gift from the Armed forces."

The second letter was in answer to a reply to the first, which was forwarded by Whitney under instructions from the city commission.

Local city officials had charged that Berry's first letter was undiplomatic, since the rental fees for the national guard facility here were established at suggestion of the Army board.

In his second letter, Gen. Berry said he still wanted to call the city's attention to a law which permits cities and counties to pay each local National Guard unit up to \$100 monthly for its support. This generally is \$25 monthly from both the city and county, he said.

However, Gen. Berry said he realized that his first letter was "undiplomatic and devoid of tact, for which I apologize."

Local Teachers To Get Salary Hikes

Big Spring school trustees discussed some of the Gilmer-Alkin program's complexities Thursday night, but the only conclusion that could be reached in lieu of more detailed information was that eventually all faculty and administrative personnel in the local system will receive salary increases.

First step for participation in the Gilmer-Alkin program involves a tentative budget to be filed by July 20. The local school district will have its tentative budget ready before the deadline. A final budget is not required until October.

Salary scales for most teachers are established definitely by the Gilmer-Alkin bill, but contracts for principals, coaches and special teachers require some adjustments by the district to provide distribution of pay increases. Adjustments for such personnel composed the chief topic of the Thursday night discussion.

Trustees also heard a report on an audit of the school tax department, which was authorized after the resignation of Mrs. F. M. Purser as tax assessor-collector. Condition of the tax department at the time Mrs. Purser retired was described as "good" in the report, which was submitted by Merle Stewart, auditor. In a summary of the report, Stewart said all tax receipts subsequent to the preceding regular audit were traced "into the bank."

Cotton Acreage In 14.2 Per Cent Hike Over 1947

Agriculture Dept. Says 26,380,000 Acres Cultivated

WASHINGTON, July 8. (U. P.)—The Agriculture Department reported today 26,380,000 acres of cotton were in cultivation on July 1. This is an increase of 14.2 per cent over a year ago.

No forecast of production was given and none will be made until next month. But the crop would be about 14,770,000 bales of 500 pounds gross weight if the yield per acre equaled the five-year 1944-48 average of 269 pounds. At last year's yield of 211 pounds to the acre, the crop would be 16,490,000 bales.

Production last year was 14,068,000 bales compared with a 10-year average of 12,614,000 bales. The acreage planted to cotton last year was 23,110,000 acres compared with 22,015,000 for the 10-year average. The department had set a planting goal of 21,985,000 acres for this year's crop.

The big acreage indicated by today's report foreshadowed a new cotton surplus and a return in 1950 to pre-war acreage allotments and marketing quotas to hold down production.

The acreage planted to American-Egyptian cotton was put at 6,000 acres compared with 4,000 last year and 65,200 for the 10-year average.

The acreage of cotton in cultivation on July 1 by states and the percentage of last year's acreage, respectively, by states included: Oklahoma 1,200,000 acres and 112 per cent of last year's acreage; Texas 10,400,000 and 118; New Mexico 323,000 and 150.

Big Spring Gets Some Relief From Torrid Weather

Low clouds which moved into with area thundershowers late Thursday brought Big Spring some relief from a heat wave this morning.

The mercury, which jumped to a torrid 102 degrees Thursday, was due to level off at about 94 today, and the weather man predicted that the clouds would hang over the area for the next 24 hours.

Thundershowers late Thursday afternoon soaked a narrow strip north of Big Spring. A fall of three quarters of an inch was reported at Dr. O. E. Wolfe's farm about 17 miles north of Big Spring, while M. Weaver of the AAA office said Monte Hamlin reported about one inch of moisture at his place north of town. There were also reports of scattered showers in the Vincent area.

Soe feed crops in the county are reported needing moisture; and rains are needed on ranges. Cotton, however, apparently is not suffering.

Hardesty Elected Local Legion Head

Frank Hardesty, drug store operator, is the new commander of the Howard County post of the American Legion.

He was named at the post's annual meeting Thursday night, as successor to Neel Barnaby. John Ray Dillard, first vice commander; Jack Cook, second vice commander; Thomas South, third vice commander; O. S. Womack, adjutant; George Zachariah, finance officer; Culin Grigby, service officer; Al Dillon, chaplain; Henry Bugg, sergeant-at-arms; and Kay Bugg, historian.

Two Injured In Highway Mishap

Mrs. Chesney McDonald and Treva Beth Reid, daughter of Nick Reid, were admitted to a local hospital last night after they were involved in an automobile accident which occurred east of Sterling City during a hard rain Thursday.

Mrs. McDonald suffered a broken collar bone and cuts and bruises. Treva Beth was believed to be less seriously hurt. Several children riding in the car with the two women escaped injury.

Mrs. McDonald is the wife of a former Sterling City high school coach and is a Sterling rancher at the present time. She may be confined to the hospital for as long as six weeks.

British Will Buy Grain From Soviet Union

Secret Deal Made Before Dollar Ban Statement Issued

LONDON, July 8. (U. P.)—Dollar-short Britain has secretly agreed to buy nearly 1 million tons of coarse grains from Russia in the next year, official sources disclosed today.

The informants added that part of a barter deal agreement was initiated in private in Moscow last week—a few days before Britain's economic planners announced a three-month standstill on dollar spending.

Talks for a one-year British-Russian trade pact have been going on for some time. The grain deal would form part of that year-long pact.

Negotiations for a longer term British-Soviet trade agreement are expected to follow. Russia is to supply a big quantity of wheat over and above the coarse grains—oats, barley and corn, the informants said. They declined to say how much.

Britain and Argentina signed a five-year trade agreement in Buenos Aires on June 27. That pact was entered into despite United States objections that such two-nation agreements violate the spirit of free competitive international trade.

Board of trade spokesmen made no comment of the British-Soviet trade negotiations. They said there is a complete shutdown on information about the negotiations at least until talks going on in London now for the full year-long trade pact end.

Texas Decontrol Law Said Legal

DALLAS, July 8. (U. P.)—Housing Expediter Tighe Woods' top lawyer said today Texas' rent decontrol act "complies legally with provisions of the federal housing and rent act."

Ed Dupree of Washington, D. C., announced he will advise Woods of his opinion on his return to the capital. Dupree has spent two days studying the Texas law and conferring with the regional officials.

"I shall advise the expediter that the Texas decontrol measure complies in every way with all provisions of the federal law and that there is no legal bar to his removing rent controls from Texas when the time comes," Dupree said.

The Legislature, which adjourned Wednesday, passed a bill which would decontrol rents in Texas 90 days from the date of adjournment, plus another 15 days during which the expediter may issue the formal order decontrolling rents.

Dupree declined to say flatly that Woods would decontrol Texas rents but pointed out that the expediter is required to act favorably on the state's actions if it is found to comply with the federal law.

CONFERENCE SET MONDAY Ching Moving To Bar Steel Strike

PITTSBURGH, July 8. (U. P.)—A deeply concerned federal government moved today to prevent a threatened nationwide steel strike.

Cyrus S. Ching, director of the Federal Mediation and Conciliation Service, summoned Philip Murray, president of the United Steel Workers, and John A. Stephens, vice president of the U. S. Steel Corp., to meet in Washington Monday.

Both Murray and Stephens promptly agreed to appear. The U. S. Steel-USW negotiations—in recent years a major factor in the wage agreements reached by other industries—bogged down last Wednesday.

Benjamin F. Fairless, U. S. Steel president, rejected the steel workers' demands for a fourth round post-war wage boost. Fairless previously turned down the union's demands for pensions for its 800,000 members.

Murray quickly called a meeting of his police committee here next Tuesday. This committee has the power to call a steel strike.

refusal to sign a non-Communist affidavit would be brought up. Should he and other USW officials sign such affidavits, the union could make use of the National Labor Relations Board machinery in charging U. S. Steel with an unfair labor practice in refusing to bargain on pensions.

Murray has described a wage boost as "an absolute essential." So far, however, he has not disclosed how much of a raise he wants for his steelworkers who now average \$1.65 an hour.

Senate, House Reach Accord On Compromise

President Scores Big Victory For Domestic Program

WASHINGTON, July 8. (U. P.)—Congress today completed action on multi-billion dollar long range housing legislation and sent it to President Truman.

The Senate shouted approval of the compromise measure shortly after the House okayed it by a voice vote.

That gave Mr. Truman the first major victory for the far-flung domestic program he calls the "fair deal."

But housing was about the easiest on his program. On this issue he had with him—Sen. Taft (R-Ohio) who has been the administration's arch-enemy on some other measures, particularly labor legislation. Taft got a similar housing bill through the Senate in the Republican 80th Congress but the House refused to pass it.

The legislation sent Mr. Truman provided for a vast slum clearance program and sets up funds for farm housing aids.

It also provides for \$10,000 public housing units. There was no debate in the Senate and only a brief flurry in the House.

Rep. Phillips (R-Calif.) contended in the House that there were not sufficient safeguards to assure that persons displaced by slum clearance would get adequate consideration for housing in public housing.

Sen. Spence (D-Ky.) told Phillips "there is no discrimination in this bill."

The discrimination argument, Spence said, seemed to involve the Negro population. He declared that no other segment of the population has benefited more than Negroes from government housing.

Mitchell County Votes On School Merger Saturday

COLORADO CITY, July 8.—Voting on the proposed school merger for a large part of Mitchell county will take place Saturday, July 9. The election will be the second try at the polls for an issue which has been hanging fire for more than a year.

Saturday, seven common school districts of the county and Colorado City Independent district, largest school in the county, will decide by ballot whether or not they will consolidate. Common districts where elections will be held are Buford, Horns' Chapel, Payne, Lowe, McKensie, Seven Wells and Longfellow.

In a previous election, held May 28, the consolidation proposal was defeated by a tie vote in the Cuthbert community where eight persons voted, four for consolidation and four against. Cuthbert, which lies in the western part of the county, petitioned County Judge Sam Bullock for an election to decide whether or not they will consolidate with Westbrook Rural high school. Westbrook now has an expanded district having already consolidated with Conway, Carr, Lathan, and Rogers.

Saturday, Cuthbert will vote for or against merging with Westbrook. Because the first election, as called, stated that all districts must vote for the consolidation with Colorado City, the May 28 vote was declared void on the basis of the tie vote in Cuthbert.

# Should Be No Road Blocks To Military Reorganization

Rep. Vinson (D-Ga.), chairman of the House Armed Services Committee, is a persistent man. Defeated in his effort to keep a light congressional rein on military affairs under the reorganization law, he has bounced back again with the first of a series of crippling amendments which would have the effect of nullifying the reorganization plan—under which the President has authority to shuffle departments around—insofar as the National Military Department is concerned.

### Cross Theme Taken At Caravan Meeting

A flaming cross formed the worship center for the closing outdoor service when a group of Big Spring youth gathered for Thursday night's Methodist Youth caravan program held at the First Methodist Church. Jean Cammack of Longview, and Jean Clark of Kansas, directed the service which emphasized the cross of Christ and the cross which Christian people are to take up if they are to be true followers of Him.

Caravan week will go into its final sessions when a supper is served in Fellowship Hall of the church tonight at 8 o'clock. The supper will be followed by a forum, recreation and a communion and consecration service. The highlight of any caravan week is considered to be the dedication night. Attempts are made to make it a climax to a week of study and discussion as well as work for the improvement of local youth movements.

Members of the caravan team are: Dorothy Jean Hurley, Minden, La.; Robert Cooper, Iowa; Jean Cammack, Longview, Nelda Comer, Fulton, Miss.; Selma Baird, counselor, Vernon, and Jean Clark, Kansas.

### RIBBON RAMBLINGS By Mildred Young

In spite of the fact that most of us enjoy ignoring rules and regulations, someone is always coming out with a new set of rules for living.

Thomas Jefferson, who wrote the Declaration of Independence, but never spoke for it at the time of its adoption, took time out to give us a set of rules which look pretty good on paper.

Jefferson is the one who said: "Never put off until tomorrow what you can do today." "Never trouble another for what you can do for yourself." "Never spend your money before you have made it." and "Never buy what you don't want because it is cheap."

He also warned us that "Pride costs more than hunger, thirst or cold." "We seldom regret having eaten too little" and that "Nothing is troublesome that we do willingly."

"How much pain the evils that have never happened have cost us" and "Take things always by the smooth handle" were other observations of Jefferson.

It is said that Jefferson, who married a widow, was not a churchman, that he rode his horseback and alone, tied his horse to the fence and walked into the Senate unannounced. He was the first man to wear long trousers in polite society in the capital and to send his written address to the Congress, a custom which was respected until 1913.

Jefferson did have his own Bible. He cut out the verses he liked best and pasted them together and made his own holy book.

Jefferson was quite a person in his day, he left some good and sound advice for this day. His rules for living could well be followed by the citizens of 1949.

### White House Gets Reimbursement Bill

WASHINGTON, July 8 (Sp)—The Senate has passed and sent to the White House a bill for the payment of \$150 to James Fred Girdley and Percy Bridgewater, both of Midland, Tex.

The sum is reimbursement for social security taxes erroneously collected between Jan. 1, 1937 and June 30, 1941.

### High Voltage Wire Electrocutes Man

LULING, July 8 (Sp)—A high-voltage wire fell on two workmen yesterday, electrocuting one and seriously burning the other.

La Verne Huber of Austin was killed instantly. Jim Nolan of Austin was taken to a hospital here. Both were members of an ICRRA transmission crew.

### Murderer, 23, Cheats Noose

BALTIMORE, July 8 (Sp)—A 23-year-old murderer cheated the noose by killing himself less than 90 minutes before he was to have gone to the gallows early today at the Maryland penitentiary.

He was Roy Arnold Wood, bricklayer turned hoodlum. Wood killed a Baltimore policeman last year and was sentenced to death.

The Rev. Joseph J. Ayd, S. J., penitentiary chaplain, was intoning Catholic prayers for the dying outside Wood's cell late last night.

The priest noted that the condemned man failed to give the proper responses.

Father Ayd called Warden Edward T. Swensen. They found Wood lying on the floor, limp and bleeding, but still alive.

"He died a few minutes later from what the prison doctor described as a self-inflicted internal throat wound. How Wood did it was a mystery.

While officials ran in and out of the cell, nine other condemned men on "death row" sat tense and silent.

One of them was Howard A. Fram, 32-year-old Kensington, Md., baker. Fram had killed a Baltimore grocer during a robbery, and like Wood, was to have been hanged a few minutes after midnight.

Fram sat dazed in his cell until the guards came for him. Silently, he walked through the door to the death platform and was sent through the trap at 12:25 a.m. He was pronounced dead 15 minutes later.

### Mrs. Velma Cain Is Class Hostess

Members of the First Baptist TEL Class met in the home of Mrs. Velma Cain, 708 East 17th, with Mrs. G. W. Martin as co-hostess.

After the opening prayer was led by Mrs. Theo Andrews, a guest, Mrs. Wayne Williams, also a guest, gave a devotional based on John 14:5-6 and entitled "Our Journey: Through Life."

Mrs. C. E. Richardson was in charge of the business session. Mrs. H. H. Squires led the closing prayer.

Refreshments were served to the following: Mrs. H. H. Squires, Mrs. Theo Andrews, Mrs. Wayne Williams, Minnie Moore, Mrs. W. E. Mann, Mrs. Beatrice Mittel, Mrs. J. L. Haynes, Mrs. Stewart Womack, Mrs. C. E. Head, Mrs. A. H. Baker, Mrs. R. D. Ulrey, Mrs. Dehila Gordon and Mrs. J. E. Brown.

# Casey Stengel Is Miracle Man Of Year In His Loop

## Yankees Beat Off Contenders

By JACK HAND  
Associated Press Staff  
How about Casey Stengel for manager of the year?

While the wise guys wait for Casey's New York Yankees to win the title, they continue to knock off the contenders, one by one. Connie Mack's Philadelphia A's were the latest, dropped five full games behind the Yanks by last night's 6-2 setback.

The boys shed a tear for "Good Old Case" when he stepped into Bucky Harris' job last winter. The Yanks were aging, coming apart at the seams.

"He'd better be funny," said more than one reporter as the club headed south for spring training. When Joe DiMaggio was lost with his sore heel, they said Stengel didn't have a chance.

Casey seems to have performed a minor miracle of rebuilding. No matter how badly they stumble, the Yanks can't miss leading the American League at the all-star game break Sunday night. Many think they never will be caught. Allie Reynolds' route—going performance against the A's must have been encouraging to Stengel who kept "Wahoo" in his regular starting turn despite his many knockouts.

Reynolds' 9-1 record is deceiving but there was nothing phony about his five-hitter at Shibe Park. A two-run homer by Hank Bauer broke a 1-1 tie in the fifth to give Allie a working margin over Lou Brissie, like Reynolds an all-star pitching selection.

Cleveland, making another move, crept to within a game and a half of the A's by smothering Chicago, 8-2, with a 17-hit attack. Everybody except Joe Gordon shored in the hit parade that enabled Bob Lemon to coast home with his ninth victory.

The Boston Red Sox trampled Washington, 8-3, and chased Mickey Hatcher right off the Senators.

**Snead Leading Reading Field**  
READING, Pa., July 5. (AP)—Sammy Snead, as usual, was out in front today in the \$15,000 Reading Open Golf Tournament.  
Since the beginning of the 1949 tour, Snead has won four tournaments, including the Masters and he gave Cary Middlecott a real run for the Open title. So it was no surprise to find Sammy shooting 30-33—63, seven strokes under par for the 6,001 yard Reading Country Club course, to lead the field.  
Only a putt that hit the cup and bounced out on the 18th green kept Lawson Little from tying for the lead.  
After today's second round, the field of 153 will be reduced to the low 60 and ties and none of the "name" players appeared in danger.

**TYPE PUTTER USED BY DISQUALIFIED YANKS**—John Gaertner (above), local pro and inventor of golf putter, holds the type putter which brought about the disqualification of Charles Rotter of Canton, Ohio, from the British Open Golf Championship at Sandwich, England. Gaertner, of San Francisco, Calif., said he turned out his first model several years ago and will go on making them despite the British ban. (AP Wirephoto.)

ball club. Owner Clark Griffith, dissatisfied with Gaertner's "indifferent" performance, gave the pint-sized lefty his walking papers after a 6th inning. Gaertner walked five, mused up a grounder and allowed one hit as the Sox rolled up a five-run lead. That was more than enough for young Chuck Stobbs in the game that was called at the end of the sixth to permit the Sox to catch a train home.  
Detroit teed off on Red Embree for six runs in the first inning to snap its five-game losing streak with a 9-3 romp over the St. Louis Browns. The Tigers had only three hits in their ringer game. A costly tumble by Bob Dillinger meant four unearned runs.  
Brooklyn boosted its National League lead to two full games by trimming the Boston Braves, 5-2, in a night game after runner-up St. Louis bowed to Pittsburgh, 2-0, in the afternoon.  
Joe Hatten survived a threatening ninth inning to record his seventh victory on the strength of a three-run Dodger attack on Warren Spahn in the first inning. Gil Hodges, with a two-run double, boosted his league-leading RBI total to 64.  
Ernie Bonham shut out the Cardinals with six hits for Pittsburgh's sixth straight victory. Dino Restelli, the Pirates' lone rookie, drove home both runs with a double off Gerry Staley in the sixth inning.  
Lefty Davenport had a night he'll never forget as he hit his first two major league home runs, driving in five runs in the New York Giants' 11-5 slaughter of the Phillies. Kolesko now has a 9-0 career record against the Phils.  
Despite 17 Chicago hits, Cincinnati eked out a 7-4 edge over the Cubs on Ted Klusawski's single following Bobby Adams' triple in the last of the ninth. Walker Cooper got his fourth homer in two days. It was No. 11 for Cooper, seven since he left New York July 26.

brother, came through in the last match.  
Raymond Gafford, Fort Worth, figured in one of the ties, deadlocking with Earl Stewart of Longview. They split the pot, one half to each team.

**TEXAS AMATEURS WIN CUP TILTS FROM PROS FIRST TIME IN 9 YEARS**  
FORT WORTH, July 5. (AP)—The amateurs hold the Texas Cup Matches golf championship today—for the first time in nine years.  
The pros lost their grip yesterday when Fort Worth's Royal Hogan came from behind in the last four holes to win his match with Don Murphy of Texarkana, 2 up.  
Joe Conrad, a San Antonio amateur, set a new record for the River Crest Country Club course in the morning round with a six-under-par 64 on the first 18 holes. Pro Frank Champ of Lake Charles, La., was his victim.  
The amateurs were out front in nine of the 13 morning matches. They had tied the pros, 5-3, in team point totals.  
The pros rallied in the afternoon with four victories and two ties. That kept the championship a toss-up until Hogan, Bantam Ben's brother, came through in the last match.

**Denham Leads in Strikeouts**  
SAN ANGELO, July 5.—If you wonder why they say that top brand softball is a pitcher's game, take a look at the Texas Softball League records.  
A quick glance at the pitcher's marks show 844 strikeouts in 82 games or an average of over 16 fannings per game. In the same number of games there have been eight no-hitters and 28 shutouts.  
The ring-leader in this affair is Red Denham of Crane who has fanned 140 while winning 10 and losing 2 and has six shutouts, allowed only six walks and has two no-hitters.  
Mackey of Abilene won two from Stamford to toss the Eastern Division race into a tie between Stamford and Brownwood's Howard Payne. McCamey and Lubbock split as did San Angelo's Maurice Shop and Crane to leave Crane a half game in front.  
Stamford played Mackey at Abilene Thursday night in the Eastern Division and San Angelo goes to Lubbock and McCamey to Crane in the West.  
Curly Hays of Stamford and D. Wally Fowler of Lubbock lead the hitters with 432 and 405, respectively. Another look-in on the hurling efficiency shows only one other man, Joe Goodwin of Crane, above the 300 mark with 324. Hays and Rusty Stewart of Crane are tied in extra bases with three triples and four doubles each. David Williams of Crane has four homers.

## LOOKING 'EM OVER

Beginning in 1950, the baseball fans will be saddled with the job of selecting the personnel for the West and East teams in the Longhorn league. No promises. Hal Sayles, president of the organization, says, who headquarters in Abilene, points out its a bit late to get the people who pay the freight to participate in such a poll this season—the game will be unveiled a week from next Monday night—but there is no reason they can't have their say by next season.

The East, by the way, will be seeking its first win in history in this year's classic, which will be played in San Angelo.

In 1947, the West nine, composed of players from Odessa, Midland and Big Spring, waited to an 11-4 win in a contest unrecalled at Ballinger.

In the '48 debate at Odessa, the West repeated with a 5-4 triumph. That year, players representing Midland, Odessa, Sweetwater and Big Spring were members of the West squad.

SAN ANGELO CROWD WILL PROBABLY SET RECORD  
Last year, the Odessa crowd totaled 3,200. This year's turnout will probably exceed that, since San Angelo has become a torrid baseball center. The throng will, as a matter of fact, probably exceed the crowd which showed up for the W-T-N-M league's all-star bout in Albuquerque, when 3,300 paid their way through the gates.

Sayles, in a communication to this and other papers in the league, revealed that the late Clarence Brown, Jr., league umpire who died here last Monday, and his wife lost a baby at birth shortly before his tragic passing.

Like San Angelo and Big Spring, all other clubs in the league will take up collections for the deceased's family which has now returned to Iowa.

ANGELO A MAN SHORT WHEN SHELTON NOT THERE  
Several local fans have openly wondered how San Angelo is able to carry Lefty Shelton, the Foran pitcher, on their roster when he doesn't pitch any more often than he does.

Truth of the matter is, the Colts operate with a man short when Shelton isn't available. They no doubt figure Shelton is worth his salt simply by beating Big Spring everytime he faces them.

What's this about Sam Van Housar, the Midland hurler, insisting he won't report to Lamesa? (Sam was traded to the Lobos for Leon Hayes recently.)

VETERANS, LIMITED-SERVICE MEN DISTINGUISHED  
There has been more than one party ask this writer in recent weeks as to what constitutes a class-man, limited service operative and rookie in Longhorn league play.

A class-man, as distinguished by league statutes, is any player who has been a professional for 45 or more days for each of as many as three seasons. A limited-service man is one who has been 45 or more days of professional service but has not played enough to be classed as a veteran, or class-man.

A rookie is one who has not been under contract to a professional team for as long as 45 days. An example of the latter is Kenny Jones of Midland, who was with Sweetwater in spring training in 1947 and spent part of last year with Midland but did not play often enough to be called as a limited-service man.

**Dallas First Sacker Bangs 28th Homer**  
By HAROLD V. RATLIFF  
Associated Press Sports Editor  
Sports writers of the Texas League appear to have committed a faux pas (that means booting one) when they didn't put Jerry White, Dallas first sacker, on the all-star team that plays Fort Worth next Tuesday night.  
Last night JERRY rapped his twenty-eighth home run of the season to go one ahead of the league record for the period. In 1934 Clarence Kraft of Fort Worth, in clubbing 55 homers, didn't get his twenty-eighth until July 5.

Jerry also tops the circuit in runs batted in with 94.

He was the big gun last night as Dallas climbed back into the win column by socking Oklahoma City 12-5 and gaining a game on the leading Fort Worth Cats, who fell to Tulsa 5-2. The Eagles now are five and one-half back.

Third-place Shreveport also moved up a game as the Sports dashed Houston 12-4. Shreveport finished over seven runs in the sixth to sew up the game.

Beaumont lashed out for 20 hits in crushing San Antonio 12-3. Gale Pringle won his ninth pitching victory of the season.

**ERROR FOUND IN RAY DEATH SENTENCE VERDICT**  
CORNICANA, July 5. (AP)—An error will be made tomorrow to correct an error that blocks passage of the death sentence against William B. Ray, convicted rapist.

Ray was returned here yesterday. He was convicted July 8, 1948.

After the case had been appealed and confirmed, it was found that the jury's death sentence judgment had not been entered in the minutes of the local district court.

Judge A. P. Mays will have a "nunc pro tunc" motion, which would enter the judgement "now (as if entered) then."

Ray was tried here on a charge of venia from Fort Worth, where he was accused of raping a nine-year-old girl. He was brought here yesterday from the Dallas County jail, where he had been held several months.

## HELBA WINS TENTH

**Steads, Odessans Halve Double Bill, 4-12, 9-4**

In one of the most ridiculous exhibitions of baseball ever seen at Steer park, Odessa and Big Spring halved a double header Thursday night, the Braves coming back to win the second go, 9-5, after the Oilers had capped their first decision of the season over the Hooses by a 12-4 count in the opener.

At its best, the show was had theater. Heralded as a bargain bill, it was certainly no bargain to the several hundred fans who braved threatening weather to sit through the four hours of bouffe opera.

The Hooses, coasting with a nine-game burl in the standings, made no genuine effort to grab off the initial skirmish. It was Odessa's show all the way. A rookie pitcher by the name of Ralph Villacussas came and went for the Hooses in the first inning. Then two infielders stepped in to finish out the farce.

Rusty Walters, hurling his first game for Odessa, had easy sailing. His mates made merry at the expense of Villacussas, Bert Baez and Carlos Pascual, combining the trio's offerings for 15 assorted blows.

In the morningcap, the Oilers—sentencing a rain might wash out the proceedings before it could become a ball game—went into a stall that had all the players moving in slow motion.

A mist fell through most of the game but Umpire Mill Eiler and Eddie Hammond made the boys keep at it and Big Spring finally managed to get home first.

Staked to an eight-run lead in the first three innings, Lefty Gumbel Helba coasted to his tenth pitching success of the campaign. He has lost twice. Helba struck out 13 men in the seveninning engagement and won on his way to a shutout until Frank Mormino blasted a sixth inning homer with Alex Monchak on base.

In the seventh, the Oilers broke loose for three more tallies after Helba had retired two pinch hitters on strikes.

GLEANINGS—Rex Peares, nifty Oiler third sacker, was struck in the eye by a ball hit by Bert Harnaden in the third inning of the opening game but continued to play. He proceeded to steal two bases with a great show of speed. A short time later, Frank Mormino, Odessa backstop, was injured when hit by a foul tip off the bat of Felix Gomez but returned to action. Les Palmer, the guests' left fielder, argued loud and long he caught Cookie Vaquer's short fly in the fourth inning but Umpire Eiler ruled he had taken it on the first bounce. In the second game, Felix Gomez started things off for Big Spring by beating out an infield hit. A short time later, Pat Stacey hit a long homer over the left center field barrier. The win in the second game assured the Hooses of at least a season's split with the Odessans. The teams play 20 games during the campaign.

**BOMBERS AWAIT WEST'S WINNER**  
Playoff for the American Legion Junior baseball district championship will be unrolled next week but just who the Big Spring Bombers, champions of the Eastern half, will play hasn't been decided yet.

Odessa trounced Midland, 13-4, Wednesday in Odessa to deadlock Lamesa for first place in the West hall.

Those two clubs will play within the immediate future to decide title round.

The district winner advances to the state meet.

Odessa made the most of ten hits and nine Midland errors to gain its decision.

**RODRIGUEZ DUE TO GO TO HILL**  
The Big Spring Braves and Odessa's Oilers close out their four game set at Steer park in a single contest set down for 5:15 p.m. this evening.

Manny Rodriguez will go to the pitching rubber for Big Spring staking his eighth win of the campaign. He has lost three times.

Odessa's mound choice may be either Jess Grimes or Marty Diaz.

After tonight's contest, the Cayuses hit the road for Roswell where they play three games in two days. The Braves and the Rockets have at it in a single game on Saturday night and a double bill on Sunday.

SUNDAY SCHOOL LESSON
Israelites Go Singing On-Way To Jerusalem

Psalm 120:1-24.
By NEWMAN CAMPBELL.
Is there anything more enjoyable than for a group of people to get together for a good sing?

The many woes that plague the world today seem to melt away when we join our voices in song. We sing when we are happy; when we are in church or Sunday school; and the songs we have sung in our childhood days in Sunday school remain with us all our lives.

Young people (or older ones) on hikes, or gathered around an outdoor fire, almost always feel the urge to break into song. Happy is the home where the members of the family sing together.

In the home of this writer, all the family sang. On Sunday evenings we would sing the hymns of our church, and today it is one of the pleasantest of home memories.

Such singing should be encouraged. It is not everyone who can play a musical instrument, but most can sing, and who can be angry with his brother, sister or friend if they join in song?

Possibly if men and women of different nations could—sing together instead of arguing over this and that, tensions would lessen and we really would live together as brothers instead of enemies, scowls which one can take advantage of the others.

We find the title, A Song of Degrees, over each psalm, has no significance for us. These seem to be marching songs, probably sung as caravans of pilgrims walked on their way to Jerusalem for the holy feasts.

Going to see Jerusalem, the Holy City, where the great temple was, must have made these people very happy, and they sang as they were on their way, thanking Jehovah for their blessings and for His help in past troubles.

The first Psalm in our lesson today—the 120th—seems especially appropriate for us of today when we have ended a terrible war and fear that another may be near.

"In my distress I cried unto the Lord, and He heard me. Deliver my soul, O Lord, from lying lips, and from a deceitful tongue. My soul hath long dwelt with him that hateth peace. I am for peace; but when I speak, they are for war."

The 121st Psalm is so beautiful and comforting that we love to dwell on it: "I will lift up mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord, which made heaven and earth. He will not suffer thy foot to be moved; He that keepeth Israel shall neither slumber nor sleep. The Lord shall preserve thee from all evil; He shall preserve thy soul. The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore."

Too many people in these days do not know the comfort that church going gives. They would not be able to say with the marching pilgrims: "I was glad when they said unto me, Let us go into the house of the Lord. Our feet shall stand within thy gates, O Jerusalem. Whither the tribes go up, the tribes of the Lord, unto the testimony of Israel, to give thanks unto the name of the Lord. Pray for the peace of Jerusalem: they shall prosper that love thee. Peace be within Thy walls, and prosperity within thy palaces. For my brethren and companions sake, I will now say, Peace be within thy walls. The word 'Jerusalem' means 'City of Peace.' Alas, that it has seen so little peace. We can, however, now be hopeful for its future. Psalm, 123 begins: 'Behold, how good and how pleasant it is for brethren to dwell together in unity!'

The last psalm assigned us is short, and is addressed to the night-watchers of the temple, and the teacher should explain to the pupils the procedure as related by the commentator.

11 Cities in Texas Pushing Water Project

WASHINGTON, July 8.—A House Public Lands subcommittee unanimously approved today a bill authorizing an \$85,000,000 program for the Canadian river in the Panhandle and High Plains areas of Texas.

By TEX EASLEY
AP Special Washington Service
WASHINGTON, July 8 (AP)—Tenan a backing a proposed \$85,000,000 development program for the Canadian River presented their case in force today to a House public lands subcommittee.

Representing 11 towns and cities, they were armed with data to back legislation to authorize construction of a dam on the temperamental, sandy-bottomed stream that is deep enough at times to float a battleship and sometimes small enough to step across.

Main features of the development, as outlined in a report by regional Reclamation engineers, include: Construction of a \$27,500,000 dam near Samford, Tex.; laying of a 27-mile concrete pipeline aqueduct system costing \$54,500,000 over and reconstruction of the Amarillo sewage disposal plant, \$1,000,000; irrigation facilities in the Amartillo area, \$774,000; irrigation features in the Lubbock area, \$742,000; fish and wild life and recreation facilities, \$727,000.

Mayor Klein said that about \$79,000,000 of the entire project cost would be repaid to the government over a 50-year period by water users.

Resolutions passed by the governing bodies of all 11 cities concerned state they intended to buy the water if and when it should become available.

They pointed out that every bit of water now consumed in their areas is drawn from wells, and that these are steadily showing lower levels. Some towns face desperate shortages within five years, it was added.

Under the proposed project, all of the towns would receive the water delivered at the same rate regardless of their distance from the dam. The figure is estimated at approximately 7 1/2 cents per 1,000 gallons, a figure which might be raised or lowered somewhat as engineering details take more definite shape.

The cities now get their water at about 8 cents, but are threatened with higher costs as wells go dry.

Worley urged the committee to approve the measure. He expressed hope that it could get to the House for consideration before Congress adjourns.

He pointed out that even though it might be too late in the session to get House passage, favorable committee action would place the bill in a good spot for passage early next year.

Andrew Sheridan, 36, Jersey City, N. J., and John M. Dunn, 38, of New York, died in the prison chair six minutes apart.

They were convicted of murdering Boss Stevedore Anthony Hintz in a Greenwich village apartment two years ago. The slaying, Sheridan said later, was "just like ordering a cup of coffee—no more trouble than that."

Neither of the two made any statement. Dunn went to his death without offering to "talk" about waterfront crime.

The New York district attorney's office had been alerted to send a man to the death house in case Dunn volunteered to talk.

A third man convicted in the case, Daniel Gentile, 40, a one-time boxer, was saved from the chair on the eve of the execution.

Gov. Thomas E. Dewey commuted his sentence to life imprisonment after being told Gentile had given valuable information about crime along the city's sprawling waterfront.

Hintz, boss stevedore of a Manhattan pier, was ambushed in his second-floor apartment Jan. 8, 1947. Six bullets were fired into his body as he sat with his sleeping child. Hintz died a few days later at a hospital.

The murder, authorities said, came from a waterfront quarrel over control of hiring and firing at the pier where Hintz was boss.

STANTON SCHOOLS To Be Repaired.
STANTON, July 8 (Sp1)—Work is expected to begin soon on an extensive remodeling program for the Stanton school plant.

Architect John G. Becker of San Angelo has prepared plans to submit to contractors for bids.

The work will include addition of two-class rooms, exterior and interior painting of buildings, installation of a new lighting system, repairing of windows, floor refinishing and heating system repairs.

The Buffalo football field also is undergoing vast improvements, including plowing, leveling and sowing of grass seeds.

RED PRESS SAYS CATHOLICS SEEK ONLY CHAOS IN CZECHOSLOVAKIA

PRAGUE, July 8 (AP)—The official Communist press today accused the leaders of Czechoslovakia's Roman Catholic Church of "trying to unleash an anti-state movement to create chaos in our country."

An editorial in the party organ, Rude Prava, further charged that "criminals and brutal violence and an anti-state underground are hiding under the cloak of defense of religious freedom in Slovakia."

This was the Communist explanation of last week's disorders in strongly-Catholic Slovakia. There, according to previous accounts in the controlled press, village Catholics fought with Communist police to prevent the arrest of their priests.

Now the Communists apparently are attempting to build these scattered incidents up into a charge of church-inspired insurrection against the government.

(The unofficial Vatican organ, Osservatore Romano, had cautioned about this last week. It asserted that reports about Catholic partisan action in Slovakia might be "a provocative trick to build up charges of insurrections, of attempts against public order and the security of the state in order to strike some harder against ecclesiastical leaders.")

Ex-Mines College Faculty Member Succumbs In City
Lemuel H. Robinson, 36, former faculty member of the Texas College of Mines in El Paso died at a local hospital Thursday afternoon.

Mr. Robinson had been in failing health for about four years. He had retired from the Texas College of Mines staff about six years ago.

Survivors include his wife, Mrs. Agnes Robinson; a son, Jack Robinson, who is a missionary in South America; one daughter, whose name was not immediately learned.

The body was to be forwarded overland this afternoon to El Paso by McDaniel-Bouillon Funeral home. Funeral arrangements in El Paso are in charge of the Harding Orr Funeral home.

Bruce Is Elected City AB Club Head
Roy Bruce was named president of the local American Business Club at a regular luncheon meeting held in the Crawford Hotel Friday. Bruce succeeds Pats Green.

Other officers elected for new six-month term were: J. W. Purser, first vice president; Merrill Creighton, second vice-president; George Zachariah, third vice-president; Harold Salisbury, secretary; and R. E. McKinney, tall twister.

Gene Thomas, Ted Phillips, Mac Rogers and Horace Garrett were elected to the board of governors. Other business included announcements concerning the importance of voting in Tuesday's water district election and the sale of centennial certificates.

Klan Official Is Jailed For Failure To Produce Records
BIRMINGHAM, Ala., July 8 (AP)—A high Ku-Klux-Klan official is in county jail here because he refused to comply with the grand jury's request that he produce Klan records.

William Hugh Morris, state director of federated Ku Klux Klans, was sentenced for contempt of court yesterday by Judge Robert J. Wheeler. Length of the sentence was not determined.

Judge Wheeler told Morris, a Birmingham roofing contractor, that he would remain in jail until he turns the records over to the grand jury.

Cap Rock Co-Op To Be Host At Meet July 22-23
STANTON, July 8 (Sp1)—The Cap Rock Refrigeration Cooperative will be host to the Texas Cooperative Frozen Food Association at a meeting here July 22-23.

O. B. Bryson, Cap Rock REA manager, is president of the association.

Speakers on the two-day program will be Carl B. Crawford, REA locker plant specialist, Washington, D. C.; Roy Snider, meat specialist, Texas A&M college extension services; A. H. Herring, locker plant manager from Eddis, Tex.; Jack Meggison, locker plant manager, Hempstead; A. L. Holly, locker plant manager, Quitman.

Denton Rites Set In Hereford, City Saturday, Sunday

Rites for O. G. Denton, Hereford, formerly of Howard county, will be held in Hereford Saturday afternoon and in Big Spring Sunday afternoon.

The Hereford service is set for 4 p. m. Saturday at the First Methodist church. Afterward the body will be brought to Big Spring for services Sunday at 2 p. m. at the First Methodist church. The Rev. Davis will conduct the Hereford services, while the Rev. Alste Carleton will officiate at the rites here.

Mr. Denton died early Thursday in a Hereford hospital from injuries he received when his tractor overturned. The mishap occurred at the victim's farm about one mile from Hereford.

Mr. Denton had operated a farm five miles southwest of Knott for some 20 years before moving to Hereford in 1947. He is survived by two brothers, two sisters, two sons, four daughters and five grandsons.

Burial will be in the Big Spring cemetery beside the grave of his wife who died in 1946.

Sperry was found dead in the Scurry county jail on the night of June 27. Strickland was one of five prisoners confined to the jail at that time.

A grand jury returned the murder indictment against Strickland on Wednesday afternoon. Strickland was being held here on an indictment for automobile theft.

Strickland's trial probably will come up late this month, said District Attorney Eldon Mahon.

Rankin Girl Taken Back To Her Home
DALLAS, July 8 (AP)—They took Joan Edwards—still unconscious 173 days after an accident—back to her West Texas home today.

Dallas physicians had been unable to improve the condition of the 24-year-old daughter of the Rankin postmaster.

She is suffering from a mid-brain injury, received in an automobile crash near Odessa, Jan. 17.

Joan was brought to Methodist hospital here last month from Odessa. Today the frail, attractive, paralyzed girl was placed on a bed in the back of a private car for the trip back to the home of her parents, Mr. and Mrs. Marion J. Edwards, at Rankin.

## Two Revivals In Progress At Local Churches; Two More Are Announced

Two revival services are now in progress in Big Spring and two more have been announced. The Rev. Derhl Dority is the evangelist speaker at the meeting of the Church of God and Dr. P. D. O'Brien is conducting services at the Westside Baptist church. The Church of Nazarenes will hold a week and revival starting July 20 and continuing through the 24. The Trinity Baptist Church will hold their open-air revival August 1-14. Another highlight of the Sunday services will be at the Park Methodist church where H. D. Norris, former resident of Big Spring, will be the lay speaker.

The revival which is now in progress at the Church of God will continue until Sunday, July 17th. The Rev. Derhl Dority will speak Friday night, July 8, on the subject "Lame Feet". Other subjects to be used during the revival are "The Mystery of Godliness", "Christian Perfection", "Will a Merciful God Send a Sinner to Hell?", "Three-Fold Secret of a Successful Life", "The Doom of Delay", "Acceptance With God", "The Street Called Straight" and "That Blessed Hope".

The Rev. John E. Kolar will be heard on the topic "Heralds of Truth" from Ezekiel 2 at the 10:30 morning worship hour of the Main Street Church of God. At the evening service his sermon topic will be "The Devil's Pay Roll" from Jeremiah 31:27-30. Church school will be at 9:45 and Youth Services at 7:00 p.m. with Miss Georgia Stroope as leader.

Sunday is the closing day of the revival at Westside Baptist church. Dr. P. D. O'Brien will be heard at the morning worship hour on "Our Inheritance in Christ" and at the evening hour on "One Thing Thou Lackest".

The Rev. Lewis Patterson will be heard on "The Lord Is My Shepherd" at the 11:00 o'clock worship hour at the Church of Nazarenes Sunday morning. The text will be the 23rd Psalm. Sunday School will be at 10:00 a.m. At the evening service the pastor will continue a series of sermons on "Five Word Texts" and speak on "I See Four Men Loosed". The young peoples meeting is at 7:30 p.m., the evening service at 8:00. A contest is being conducted in the Sunday School, it will be concluded with a week-end revival starting July 20 and continuing through July 24. The Rev. Patterson will be the speaker.

An open-air revival will be held at 7th and Johnson by the Trinity Baptist church August 1-14. This revival will be in connection with the observance of the Rev. Marvin Clark's second anniversary of service at the Trinity Baptist church. Special music will be rendered each night by the Trinity Baptist quartet.

The Rev. Clark will be heard from 8:00 to 8:30 over KBST Sunday morning. He will talk on the ninth chapter of Revelations as a continuation of the study of the

H. D. NORRIS

REV. DEHL DORITY

At the 10:00 o'clock Sunday school hour the 5th and 6th chapters of Exodus will be studied. "Measuring the Love of Christ" is the title of the sermon to be delivered at 11:00 by the pastor. The text will be Ephesians 3:12-21.

At the evening service Rev. Clark will speak on "So Great a Salvation" from Hebrew 2:1-3.

Henry Norris of Sweetwater and former Boy Scout executive here will be the lay speaker at the Park Methodist church Sunday morning. Norris is a former member and worker of the Park Methodist church.

Sunday set-off will be at 9:45 and Junior and Senior League at 7:00 p.m. There will be no evening service but the membership will visit the Wesley Methodist.

The Rev. R. Gage Lloyd will be heard on the sermon topic "Religion—For Now and Forever" at the First Presbyterian church Sunday morning. The text is 1 Timothy 4 and 8 from the Moffet translation which reads: "Religion contains the promise of life both for the present and the future."

At the evening service the pastor will continue a series of sermons entitled "What Jesus Taught About the Moral Law".

The Women of the Church will convene Monday at 10:00 a.m. for an all-day meet. There will be a covered-dish luncheon at noon. In the afternoon the Rev. Lloyd will lead a study entitled "What We Believe".

The Business Women's class will meet Monday at 7:00 p.m. at the home of Mrs. Agnes Currie for a covered-dish supper.

Sunday masses at St. Thomas Catholic church, 508 North Main are at 7 and 9 a.m. Confessions are heard before the daily mass from 7 to 8:30 p.m. Saturdays: At the Sacred Heart Catholic church (Latin American) Sunday masses are at 8:30 and 10:30 a.m. and week day mass is at 7 a.m.

"Sacrament" is the subject of

the lesson-sermon which will be read in all Churches of Christ, Scientist, and in the local reading room, 217 1/2 Main Street, Sunday morning.

The Golden Text is: "Thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly" (Matthew 6:6).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Let the words of my mouth, and the meditation of my heart, be acceptable in thy sight, O Lord, my strength, and my redeemer" (Psalms 19:14).

The Lesson Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure heart see God and are approaching spiritual life and its demonstration." (Page 241). The Wednesday service will be at 8:00 in the Reading Room.

"God Is Able" will be the sermon title of the Rev. A. H. Carleton Sunday morning at the First Methodist church. The sermon heard will be "O Rest in the Lord" with Herbert Keaton as soloist.

Sunday evening the Rev. Carleton will be heard on the subject "A Startling Statement".

The Rev. Lloyd Thompson will be heard on the subject "Two Sides of a Wonderful Fellowship" at the 10:50 service of the First Christian church.

At the evening service the pastor will speak on "Value of Young People's Conference". The young people who attended the conference at Brownwood last week will give reports at that time.

Wesley Mickey, evangelist of Odessa will be the speaker at the revival meeting of the Coahoma Church of Christ which starts Sunday and will continue through July 17th. Mickey is the minister of the Odessa and has been there several years. The evening services will be on the church lawn.

### Stanolind Oil Scout Killed

MIDLAND, July 8. (AP) — An oil company scout who went into his yard to see what had excited his dogs was shot to death last night. Police said they had no clues.

The scout was Homer A. Stillwell, 28, of Stanolind Oil and Gas Co.

Mrs. Stillwell told officers she and her husband heard their dogs "raising a fuss." Her husband went outside to check up.

Mrs. Stillwell said she heard voices and noise she thought was the report of a firecracker. When Stillwell didn't come back, she went into the yard and found him lying on the sidewalk.

Officers said Stillwell was shot twice in the chest, apparently with a .38 caliber pistol. He also had jagged wounds on the right temple, right forearm and left knee.

### New Coordinator For Vocational School Appointed

George W. Elliott, Lubbock, has been assigned here as coordinator for the Howard County Vocational school, it was announced today.

Elliott, who has been employed as an instructor in the Lubbock County Vocational school, expects to begin his duties here Monday.

He has called a meeting of all students enrolled in the two vocational classes of Big Spring for 8:30 p.m. Monday in the district courtroom. At that time plans for continuing the vocational classes here will be made.

Three instructors for the two Big Spring classes are expected here today.

The vocational school was operated by the Howard County Junior college until July 1, at which time the county school board assumed administrative control of the program.

The schedule for the Big Spring classes was suspended temporarily, but will be resumed next week. The Howard County Vocational School also has classes at Knott and Vincent. W. E. Berry is instructor for the Knott class, while Olsen Sweet, Mitchell county coordinator, is teaching the Vincent class temporarily.

Elliott said he hoped to have a complete staff of instructors within the next few days.

### 20 Vocational Instructors Meet In City Today

Some 20 instructors representing vocational schools in six counties are meeting in the Settles hotel here today.

Purpose of the session is to discuss contracts for the new fiscal year and other routine matters, said Zane Brewer, Lubbock, who is presiding. Brewer is regional supervisor for the state board for vocational education.

Vocational school instructors are attending from Mitchell, Tom Green, Glascock, Martin, Midland and Howard counties.

**Man Electrocuted**  
PLAINVIEW, July 8. (AP) — R. L. Hopkins, 35, was electrocuted yesterday while drilling a hole in a water pipe under his home. He was using an electric drill to fit the pipe for use with an air conditioner.

### Notice To Tax Payers

We have attempted to contact every person owing delinquent taxes to either or both the City of Big Spring or the Big Spring Independent School District. We have tried our best to make these contacts but out of over one thousand tax-payers no doubt the mails have not reached some of them.

We are now filing suits for all the delinquent taxes, and intend to complete the job, including every piece of property on which there exists delinquent taxes, and, if the taxes are not paid, sell the property in accordance with the requirements of the Statutes.

A homestead is liable for the payment of School and City Taxes, and can be sold in liquidation of the taxes the same as any other property. If a tax payer wishes to borrow money to pay the taxes, the School Board and the City, or either of them, can transfer the tax lien, at the instance of the owner of the property, to the person loaning the money for such purposes. The Statutes do provide for the transfer of such a lien.

We will be pleased to be of any assistance possible, but ask that if in doubt, the tax payer contact the tax collector of the School and the City as to whether there is owing any delinquent taxes, and thus prevent added costs for collection.
