

Senate Nearing Vote On North Atlantic Pact

Atomic Issue Not Expected to Halt Approval of Treaty

WASHINGTON, July 21. (AP)—The Senate came up to a vote on the North Atlantic Pact today amid a stormy wrangle over sharing atomic secrets with 11 other nations. Treaty foes demanded to know whether arms for Europe will mean giving the atomic bomb—or atomic secrets—to the Atlantic allies.

"We've got to have an answer before the treaty is ratified—not after," Senator Wherry (R-Nebr.) told reporters. The final treaty vote is scheduled later this afternoon.

Senator McMahon (D-Conn.), chairman of the Senate-Atomic Energy Committee, told the Senate last night that treaty approval will not obligate the U. S. to give the atom bomb or atomic secrets to pact nations.

The precise nature of military aid to be given to Europe must be determined when Congress acts on a proposed arms-for-Europe program, McMahon said in answering a question by Wherry.

Senate leaders said they were confident that even the atomic issue will not halt overwhelming approval of the treaty. They estimated no more than 15 votes—and perhaps less—will go against the pact.

The first show-down ballot was due shortly after 3 p. m. CST on a treaty reservation sponsored by Wherry, Senator Taft (R-O.) and Senator Watkins (R-Utah).

This reservation says it would be the understanding of the United States that Article 3 of the treaty carries no obligation to supply military aid to pact nations.

Pact critics say Article 3 would obligate this nation to rearm western Europe, if it is not made explicitly plain that it does not. Supporters of the treaty deny there is any such commitment.

Then the Senate is scheduled to vote in quick order on two other Watkins' reservations. One would state in brief the United States is not obligated by the pact to defend the North Atlantic area or to use armed force to resist attack until Congress approves. The second would say Congress is not obligated by the treaty to declare war in event of an attack on a pact nation.

Once the amendments are out of the way, the road will be clear for a resolution of ratification—the act which will instantly pledge the United States to a historic new foreign policy.

\$2,500,000 Dam Will Be Built By Sweetwater

AUSTIN, Tex., July 21.—

Sweetwater was granted a permit yesterday to build a \$2,500,000 dam on Oak Creek in Coke county. Granting of the permit by the State Board of Water Engineers was challenged by ranchers and other citizens of Coke and Runnels counties who said they will appeal to district court.

Opposition to the 30,000-acre-foot reservoir was based primarily on fear that ranchers and farmers bordering the proposed dam site will not get enough water to stay in business.

Grady Hanlewood of Amarillo, attorney for the protesting party, questioned the legality of diverting water from the Colorado river watershed to the Brazos river watershed in which Sweetwater is located.

Action of the board was by a two-man vote. Chairman E. V. Spence was absent, having disqualified himself voluntarily to sit at any hearings since his recent appointment as Interstate Compact Commissioner.

Sweetwater expects to complete a contract with a Gulf Oil refinery outside the city limits within a few days to deliver three million gallons of water daily after the reservoir is built, City Manager H. S. Thorgensen said.

Sweetwater will receive a daily average of six million gallons of water from the new source of supply. In addition to selling half the supply to Gulf Oil, it will sell 10 per cent to the Upper Colorado River Authority to care for needs by Bronte, Robert Lee and Blackwell.

26 Bids Ready To Be Submitted On School Construction

Twenty-six contractors had bids in the hopper in advance of opening on offers for classroom additions to Big Spring schools today.

Bids were to be opened at 2 p. m. at a special meeting of the board of trustees of the Big Spring Independent school district.

Puckett & French, architect-engineers for the schools, said that bids had been received from 10 general contractors, eight plumbing and heating and eight electrical.

More than 50 contractors, subcontractors and material salesmen were due to be on hand for the opening. This may necessitate moving the meeting to the school auditorium.

DETROIT, July 21. (AP)—The CIO United Auto Workers today filed a 10-day strike notice against the Ford Motor Co.

'Lonely Hearts' Affairs Related

NEW YORK, July 21. (AP)—Hawaian-born Raymond Fernandez, who admits he wooed and weded women as a business, returns to the witness stand today to continue his story of cross-country romancing.

He and his 105-pound sweetheart, Mrs. Martha Beck, 29, are on trial for the "lonely hearts" murder of Mrs. Janet Fay, 66, an Albany, N. Y. widow. They face similar charges for a double killing in Michigan.

Before a courtroom jammed with women, the 34-year-old Fernandez yesterday recited details of his affairs in such intimate terms that at one point a woman spectator fied from the room.

Some women jurors closed their eyes, and one covered her face with her hands.

Fernandez, telling of the strange union between him and Mrs. Beck, paused once to ask permission "from Martha to tell the story of their relationships. His bulky co-defendant said, "Go ahead. Tell it."

Fernandez then described various abnormal sex acts that marked their lives together. The bond that linked them, he related, was unbroken by his romances with other women.

But he spoke of Mrs. Beck's intense jealousy during periods when he was courting other women, and told of numerous attempts by her

to commit suicide.

Once when Mrs. Beck became pregnant, he said, she performed an abortion on herself.

Fernandez told of playing a three-handed strip poker game one night with Mrs. Beck and Mrs. Esther Henne, a Louisville, Pa., school teacher he had just married.

On the last hand, he said, he himself was the prize. Mrs. Beck won, Fernandez said, and she spent that night with Mrs. Beck instead of with his new bride.

He said he had sought to send Mrs. Beck back to her home in Pensacola, Fla., after his marriage to Mrs. Henne, but, as on previous occasions, she would not leave him.

Finally Mrs. Henne—who had walked out on him several times only to return—demanded that he choose between her and Mrs. Beck. Fernandez related. He stuck to his portly girl friend, and Mrs. Henne left for good he testified.

In his professional love-making trips about the country, Fernandez said, he was "both happy and unhappy" with Mrs. Beck. He said she told him she "just wanted to be with me and didn't care if we got married."

Their distorted love match—like the affairs Fernandez had with other lonely women—was started through a "lonely hearts" correspondence club. He said she agreed to join him in his profit-motivated love ventures.

Name Two Atom Scientists As Wartime Reds

House Spy Probers On Trail of Other Lab 'Cell' Members

WASHINGTON, July 21. (AP)—House spy probers named two atomic scientists today as members of a wartime Communist cell at a West Coast laboratory. They said they are tracking down others.

The House un-American Activities Committee put the finger on Giovanni Rossi Lomanitz and David Bohm as members of a cell at the radiation laboratory and the University of California at Berkeley. It did so in an official document that reproduced, with a forward, last month's hearings on Communist Steve Nelson, Communist Party organizer in the San Francisco bay area in the early 1940's and now operating in western Pennsylvania.

Lomanitz until recently was a professor at Fisk University at Nashville. Bohm is a physics professor at Princeton University.

The committee said Rossi first tried to use Nelson's acquaintance with "one of the learning physicists engaged in the development of the atomic bomb" for infiltration of the Berkeley laboratory. This physicist was not named.

The committee indicated Nelson scraped up the acquaintance through the physicist's wife. It said he met her in Spain in 1937, where her first husband, like Nelson, was a volunteer in the Spanish civil war.

The committee said an investigation cleared the scientist and his wife of any subversive activities and said their loyalty never has been questioned by the government.

But under Nelson's guidance, the committee said, a cell of five or six young physicists was developed in the laboratory.

"According to a sworn statement by a witness," the committee said, "Giovanni Rossi Lomanitz was the principal Communist Party organizer. The records of this committee also reflect that David Bohm was also a member of this cell."

Both men on two occasions refused to answer questions about membership in the cell on grounds they might incriminate themselves, the committee noted.

"Other alleged members of this cell at the radiation laboratory," it said, "are under investigation by this committee and such evidence of membership will be forthcoming in future hearings of this committee."

AIRLINE FINANCED STUDY

UT Savant Backs Pioneer Request

AUSTIN, July 21. (AP)—A University of Texas professor's report supporting Pioneer Airlines route request was in the record of a Civil Aeronautics Board's hearing here today.

One issue is whether or not Pioneer's certificate to operate shall be extended.

The report, by Dr. H. K. Snell, is called, "Study of Certain Problems of Feeder Airlines in Texas and New Mexico."

The business administration professor's report not only supported the renewal of Pioneer Air Line's temporary certificate but also advocated the granting of a permanent certificate.

The professor, called into university administrative offices Tuesday to clarify possible implication of the University of Texas, testified Pioneer Air Lines had supplied \$1,500 for the study he prepared.

He said the Pioneer grant was accepted by the board of regents, with the understanding Pioneer was not to influence the study.

"Our policy at the University of Texas is to aid any transportation industry that sees fit to use our service," he said. He testified that he had had experience in making similar studies for the government during the war.

Dr. Snell was questioned only by Pioneer officials yesterday. Cross-examination was delayed until two weeks after the close of the Austin hearing.

Attorneys for Braniff, American, and Continental Air Lines and the public counsel testified that they were not given the Snell report early enough to study it and have it examined by their staffs of analysts, thus could not cross-examine Dr. Snell Wednesday.

Pioneer Air Lines had not finished presenting its case yesterday. After Pioneer rests its testimony, American, Braniff, and Continental Air Lines have to present their cases. The public counsel, J. F. Bishop, will also call his witnesses before the Austin hearing closes.

House Votes To Kill Aiken Bill

WASHINGTON, July 21. (AP)—The House voted today to kill the Aiken Farm law enacted by the Republican 80th Congress.

There were only a few scattering "nays" on the voice vote.

The House moved on then toward a vote on what should replace it—a continuation of the present farm law or the administration's new plan.

Many Republicans joined Democrats in the vote to destroy the law authored by Senator Aiken (R-Vt.). The measure provided for a flexible 60 to 90 per cent of parity price support program for major crops beginning next year.

There was bitter debate before the House got down to voting. Rep. Pace (D-Ga.) argued that the issue is "whether you or a government will continue to buy food and destroy it."

Big Spring Water Charges Will Be Hiked This Month

Most Big Spring residents can look for a steep increase in water charges this month, Juanita Edwards, bookkeeper in the city water department, said this morning.

A spot check through 10 individual meter readings for two months showed that July consumption had more than doubled that of June. The 10 consumers used 47,500 gallons of water in June and 101,300 gallons in July.

Individual water usage was doubled in most cases, but the largest increase came as a one meter measured 19,000 gallons for July where only 5,000 gallons had been used in June.

Charge for water is increased at the rate of 25 cents per 1,000 gallons after a minimum of \$1.50 for 2,000 gallons is passed. Large consumers can expect an increase of several dollars in water charges for July, water department officials said. Average increase will probably range between 75 cents and \$1.50, it was indicated, however.

Typical of the increase in volume of water used during July, as contrasted to June consumption, are the following:

1,300 gallons to 3,600; 5,100 to 9,500; 4,300 to 9,300; 2,500 to 9,700, and 2,000 to 19,000 gallons.

Most of the additional water used in July was for irrigation purposes. Juanita Edwards opined. Grass and shrubbery was helped by frequent showers during early June.

100 MORE SHARES SOLD

Sales Of Big Spring Centennial Certificates Get Shot In Arm

Centennial certificates were beginning to revive Thursday after a full following the initial surge. Spontaneous sales Wednesday added more than 100 additional certificates to the total sold, pushing the figure at the moment above 2,200.

Booths were being set up downtown to make the certificates more readily available to the public. Sale of the \$1 certificates is the means by which the Centennial association leaders hope to underwrite the show. While providing working capital in advance of the time that show revenues will be coming in, they also hope to broaden the base of public interest and support.

Meanwhile, volunteers were asking for blocks of certificates to market to friends and acquaintances. A. McNary took a group with which to work his neighborhood. Gene Crenshaw also asked for a block to offer in the rural sections.

The Centennial was due for further plugs on a national basis. Conna Clark, secretary to John Nelson, Brice and Groom radio program master of ceremonies, notified H. F. Steek, publicity chairman, that Nelson would be happy to receive a certificate from Eve White, Big Spring.

Miss White is to be married to C. G. Stoval, San Angelo, Aug. 3 (1:30 p. m.) during the program over the ABC network. Efforts will be made to have the presentation during the broadcast. If time will permit, in addition to the certificate she will give a copy of Shine Phillips book, "Big Spring." Pictures will be taken.

Leaving Saturday with Texas delegates for the national star route mail carriers convention in Harrisburg, Pa., Earl C. Evans, Big Spring, Texas, association head, plans to publicize the centennial enroute.

Steek announced that line etchings of the official Centennial seal have been received. He urged that businessmen make use of them by having stationery over-printed for use before the celebration Oct. 28.

Preliminary plans for organization of a house to house canvass of the city were to be mapped at a meeting at 4 p. m. today at headquarters in the Settles. The ev-

Truman Says Public Need Not Be Alarmed By Atom Policy Talks

WASHINGTON, July 21. (AP)—President Truman said today that his Army aide, Major General Harry H. Vaughan has permission to testify if he is called before the Senate committee inquiring into operations of "five percenters."

The President declined to comment, at a news conference, on a story that he had decorated Vaughan in a mock ceremony after the general's recent brush with newsmen in Washington on the five percenters question.

Asked if he had given Vaughan a medal on that occasion, he said a simple no comment.

At the same time, the President said he has always favored inquiries to see that outsiders are not used to obtain government contracts and that is part of his continuing policy.

The President said he does not believe Gen. Vaughan was mixed up in the operations which brought about the congressional inquiry and the suspension of two generals.

He said he had read suggestions of that sort in the papers about Vaughan but did not believe them.

A reporter said Vaughan was reported to have said he believed 500 five percenters were operating in Washington.

Mr. Truman said he doesn't know anything about it if such operations are going on.

A newsman said that reporters trying to get information had been checked in official circles.

Mr. Truman laughed and said he had not tried to checkmate them, that he gave them all the information he has.

And he quipped that there are no secrets around the Blair House.

Senator Hoy (D-N.C.) said today there is a possibility Vaughan may be asked to testify in the Senate inquiry.

Truman Gives Aide Permission To Take Stand

Gen. Vaughan May Testify in Probe of 'Five Percenters'

WASHINGTON, July 21. (AP)—President Truman said today that his Army aide, Major General Harry H. Vaughan has permission to testify if he is called before the Senate committee inquiring into operations of "five percenters."

The President declined to comment, at a news conference, on a story that he had decorated Vaughan in a mock ceremony after the general's recent brush with newsmen in Washington on the five percenters question.

Asked if he had given Vaughan a medal on that occasion, he said a simple no comment.

At the same time, the President said he has always favored inquiries to see that outsiders are not used to obtain government contracts and that is part of his continuing policy.

The President said he does not believe Gen. Vaughan was mixed up in the operations which brought about the congressional inquiry and the suspension of two generals.

He said he had read suggestions of that sort in the papers about Vaughan but did not believe them.

A reporter said Vaughan was reported to have said he believed 500 five percenters were operating in Washington.

Mr. Truman said he doesn't know anything about it if such operations are going on.

A newsman said that reporters trying to get information had been checked in official circles.

Mr. Truman laughed and said he had not tried to checkmate them, that he gave them all the information he has.

And he quipped that there are no secrets around the Blair House.

Senator Hoy (D-N.C.) said today there is a possibility Vaughan may be asked to testify in the Senate inquiry.

PREACHER ARRESTED—The Rev. R. C. Lyons (above), Graysville, Ala., is accused of being the man who prayed for the flogging victim of a hooded mob just before the lynch was applied. Lyons, shown at the county jail after his arrest, was booked on a burglary warrant sworn out by Jack Alexander of West Jefferson, who was whipped the night of May 26. (AP Wirephoto).

President Hits Leak To Press Before Meeting

Name of Leaker Is Withheld by Chief Executive, However

WASHINGTON, July 21. (AP)—President Truman said today there is nothing for the American people to be alarmed about in current hush-hush talks about atomic foreign policy.

Mr. Truman was sharply critical at a news conference, however, of the man he said leaked information to the press in advance of an atomic policy meeting the President held at Blair House last Thursday.

Mr. Truman said he knows who the man is, but he did not identify him.

The Blair House conference, bringing together high government and congressional leaders, was the first of two major conferences which have been held on atomic matters.

The second was a meeting at the Capitol yesterday, called by the Senate-Atomic Energy Committee.

The second meeting appeared to have caused misgivings of some lawmakers that the President might act on his own to give British some A-bomb secrets.

They said they would not now press for a move to keep the President from acting by executive order in this field.

There had been talk of putting at least the Senate on formal record as saying that the atomic energy law forbids the supplying of atomic secrets to any foreign power unless Congress approves. Apparently, they now are satisfied that Mr. Truman plans to do by-passing of Congress at this time.

The Senate-Atomic energy committee held a two and three-quarter hour meeting with top state, military, and atomic officials on the British-Canadian matter on Capitol Hill yesterday. The participants included Secretary of State Acheson, Secretary of Defense Johnson, Gen. Dwight Eisenhower and the atomic energy commissioners.

At the end of it, Senator McMahon (D-Conn.), chairman of the committee, said no conclusions had been reached and that the question would be explored further. The first meeting was held at Blair House with President Truman a week ago tonight.

Bevin Blasts U. S. Policy For Germany

LONDON, July 21. (AP)—Foreign Secretary Ernest Bevin told Parliament today America's unconditional surrender policy for Germany led "a shamian" upon which to rebuild the German nation.

Winston Churchill, leader of the opposition to the Labor government, replied that the unconditional surrender phrase first was mentioned by President Roosevelt "without consultation with me."

Bevin, speaking in a foreign policy debate in the House of Commons, said the first time he had heard the phrase was in the newspaper. The foreign secretary was a member of Churchill's wartime coalition government.

Rites For Brother Of Local Man Set For Today At Roby

Services were to be held in Roby at 3 p. m. Thursday for Billy Bob Barnes, 23, brother of Kenneth Barnes, Big Spring.

Billy Bob Barnes died in the Fisher county memorial hospital early Wednesday following an illness of six weeks. A nativity of Roby, he entered the Army upon graduation from Roby high school in 1944 and had one year service in the European theatre. He was thrice wounded. He became a veteran officer for Fisher county and was married in 1946.

Services were held at the First Baptist church in Roby. Survivors include his wife; his parents, Mr. and Mrs. Charles Barnes, Roby; and his brother, who is Safeway manager here.

Want The Folks To Get Bids To Centennial?

Have you any relatives or the coupon below or call telephone friends who would like to come No. 2800 and give the name and back home for the Centennial? address. Invitations will be sent if so, perhaps you would like the proper time. They will not them to receive a special invite the Old Settler Reunion annual from the Centennial assoc. meeting and the homecoming feature of Oct. 3—the anniversary of the discovery.

Former Residents

(Clip and mail to Centennial Assn., Box 1381, Big Spring.) (Please print names and addresses plainly, in pencil) Following are names and addresses of former residents who would be interested in receiving a Centennial invitation:

ERNIE PYLE LAID TO FINAL REST—An Army bugler sounds taps as the casket containing the body of Ernie Pyle is laid to its final resting place in the new National Memorial Cemetery of the Pacific at Honolulu July 19. Pyle, the GI's reporter, was killed in a Japanese machine gun ambush April 18, 1945, on the island of Ie Shima, off Okinawa. (AP Wirephoto via U. S. Navy radio from Honolulu).

LEGION LETTER

By KAY BUGG

There will be an installation of new officers of this post Thursday evening 21 July. Every member is urged to attend the meeting. Delegates to the Convention at Ft. Worth will be chosen also. American Legion Auxiliary will also have their regular meeting Thursday evening. Mrs. E. J. Hughes will be guest speaker. Delegates to the Convention for the Auxiliary will be Mrs. Helen Steek and Mrs. Othafay Novins. Alternates are Mildred Stitzel, Mrs. Jewel Anderson and Mrs. Lennie Griffin. Buddy and Mrs. Harold Steek and Mildred Stitzel will spend this weekend in El Paso. We are very glad to hear that Mrs. Mary Booher is now at home and recovering from surgery. Buddy and Mrs. D. R. Garton and Buddy and Mrs. Johnny Brimmer have their bid in for the "Canon". Dr. and Mrs. T. J. Williamson are on their vacation. Buddy and Mrs. Johnny Griffin entertained Buddy and Mrs. Herbert Rule and family with a chicken barbecue dinner last Sunday evening in honor of Buddy Rule's birthday. C. U. in Grigory writes that it is snowing like mad atop Pikea Peak and a service officer can be found. Dr. Henry J. Roberts is a new member of the Legion and is associated with Dr. G. H. Wood with offices in the Petroleum Bldg. Dr. Roberts is married and has a daughter. Buddy Roberts is from Memphis, Tennessee and a graduate from the University of Tennessee. He took post graduate work in Eye Surgery at Tulane University and will specialize in Eye Surgery here. His father is Dean of the University of Medical School in Memphis, Tennessee. Buddy Roberts served four years in the Navy as a Flight Surgeon. Buddy and Mrs. Al Dillon have as their guest Mrs. Jessie McPhail of Denver, Colo. Mrs. McPhail is Mrs. Dillon's mother-in-law. Commander and Mrs. Neel Barnaby and

Stitch A Bit Club Has Regular Meet

Members of the Stitch A Bit Club met in the home of Mrs. Tip Anderson, Sr. for an afternoon of sewing. Mrs. Merrill Crowther and Mrs. G. G. Morehead were presented a cup towel shower in honor of their birthdays. Those present were: Mrs. May Covington, Mrs. Herk Agee, Mrs. Johnnie Knox, Mrs. Merrill Vethan, Mrs. Ray Boykin, Mrs. J. D. Jones and Mrs. G. G. Morehead.

Bevin Tackles New Problems

LONDON, July 21. (AP) — Ailing Foreign Secretary Ernest Bevin, trying to clear up loose ends before going on vacation, tackled Britain's mid-East problems today and explains his government's foreign policy to Parliament. The 66-year-old Bevin was to open a private conference of British diplomats from the Middle East to plot Britain's future line in that uneasy strategic area. Later, the secretary was to talk for the Labor regime in a debate on foreign policy in the House of Commons. The Conservative opposition asked for the debate since it is the first such debate since the big four agreed at the foreign ministers' conference in Paris on a working arrangement for Germany.

County Legion Officers To Be Installed Today

New leaders for the Howard county post of the American Legion will be installed at 8 o'clock tonight. Neel Barnaby, retiring commander of the post, will be in charge of the ceremony to be held in the Legion clubhouse west of town. Frank Hardesty will be inaugurated as new commanding officer of the local post. John Ray Dillard is first vice commander; Jack Cook, second vice commander; and Thomas South third vice commander. O. S. Womack will be installed as adjutant. George Zachariah as finance officer, C. U. Grigory as service officer, and Al Dillon as chaplain. Henry Bugg is new sergeant-at-arms while Kay Bugg is historian. New officers were elected at the last meeting of the organization July 7. At the ceremonies this evening, Barnaby is to be honored as retiring commander and a 100-membership winner. During his tenure the post added well over this figure.

TEC Unworried About Employment In Lone Star State

AUSTIN, July 21. (AP) — The Texas Employment Commission last night worried about the work situation in Texas. It reported yesterday that non-agricultural employment in June totaled 2,309,300 in the state—nearly 32,000 above the figure for the same month last year. Another encouraging view of the state's economic picture was brought out by TEC in its forecast for the next two months. An estimated 4,500 employment gains is expected by the end of August. Non-manufacturing employers expect to add an additional 4,000 to their payrolls, and manufacturing employers will put 5,000 more workers to work. Employment in the former stood at 1,321,700 in June, while the latter had a 357,800 employment total. Although the non-agricultural employment figure for June was 4,700 under the May employment total of 2,314,000, TEC said the drop was seasonal and primarily attributable to the vacation period employment of school teachers. These will return to their jobs in September.

SOLON LEARNS VALUE OF AP

WASHINGTON, July 21. (AP) — Senator McCarthy (R-Wis) is going to consult a newsmen whenever he feels bad in the future. Plagued with a heavy cold, the Wisconsin senator was talking with Jack Bell of the Associated Press. Bell remarked on McCarthy's hoarseness and said: "Senator, I think you've got virus pneumonia." Startled, McCarthy decided to visit Bethesda, Md., Naval Hospital for a checkup. Two hours later he telephoned Bell from his hospital bed. "You were right," he said. "It's virus pneumonia." Treated speedily with a new drug, McCarthy expects to be out long enough to vote on Senate ratification of the North Atlantic Security Treaty. After that, he will go back to bed.

Town Or Country

Typical of the casual feeling in this summer's gals' outfits, is this brief sleeved dress with front fullness and big patch pockets, matched by its own little topper to wear on when occasions call. No. 2554 is cut in sizes 10, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40. Size 28 dress 36 yds. 35-in.; bolero 1 1/2 yds. 35-in. fabric. CIO Union In About-Face On T-H Affidavits

CHICAGO, July 21. (AP) — The CIO Mine, Mill and Smelters Workers executive board, in a change of policy after two years, has voted to have the union's officers sign non-Communist affidavits. Under the Taft-Hartley law such affidavits are required of any union using the facilities of the National Labor Relations Board. The union, an executive board statement said, "has steadfastly maintained its boycott" of the NLRB for two years but that two recent developments forced a change in this policy. The board listed them as: "1. The shameful betrayal of labor's fight for repeal of the Taft-Hartley Act, and as part of that betrayal, 2. the adoption of raiding, gangsterism and strike-breaking as official policy by reactionaries in the leadership of the CIO." The statement added: "We can conclude that the kind of fight confronting our union demands a change in tactics. We want to make it very clear that we are not succumbing to the hysteria of Red-baiting that has become popular among some labor leaders. We condemn the present anti-Communist crusade as a violent attack on democracy." Some 500 workers at the American Zinc Co.'s plant at Fairmont, Ill., have been on strike since last August after the company refused to negotiate with the union because officers would not sign the non-Communist affidavits. After a rival CIO union, the progressive metal workers, failed to win a NLRB bargaining election in June the company put out fires in its furnaces at the plant. The NLRB said a new election would be held. A company official said at least six of the furnaces are ruined and it would cost about \$1 million to resume operations.

"Come As You Are" Breakfast Is Held

Mrs. Joe Williamson entertained the members of the Spoudazio Fora with a "Come As You Are" breakfast in her home Tuesday morning. Mrs. Stanley Peurifoy acted as co-hostess to the affair. Those attending were Mrs. Andy Arcand, Mrs. Paul Scherer, Mrs. Ray Clark, Mrs. Olive Cofer, Mrs. Wally Slate, Mrs. M. J. Chisholm, Mrs. J. F. Neal, Mrs. J. D. Caudle, Mrs. Cullen Chapman, Mrs. Bill Davis and the hostesses, Mrs. Peurifoy and Mrs. Williamson.

Make Extended Trip

KNOTT, July 21. (AP) — LaRue and Truman Tate have returned to their home here following an extended tour of Niagara, N. Y., Seattle, Wash., Vancouver and Victoria, Canada, Portland, Ore., San Francisco, Los Angeles and Hollywood, Cal. and the Grand Canyon.

Palette Club Meets

Games were played and refreshments served when the Palette Club met in the home of Mrs. M. L. Kirby Wednesday evening. Those attending were: Mrs. W. D. Green, Mrs. Tommy Malone, Jennie and Mike Malone, Lynn Kirby and the hostess. Bobby Joe Blum has returned to Big Spring following completion of the first summer term at Texas A&M College. He will remain here for the rest of the summer.

R. L. Bowman Is Speaker For Forsan Methodist Woman's Society Meeting

FORSAN, July 21. (AP) — The Rev. R. L. Bowman brought the devotional at the social meeting of the Women's Society of Christian Service at the First Methodist church Monday afternoon. Mrs. D. W. Parker directed the games. Mrs. Charlie Cox and Mrs. R. L. Bowman won the contest prizes. Refreshments were served to Mrs. H. A. Haynes, Mrs. T. L. Watkins, Mrs. D. W. Parker, Mrs. T. B. Ashill, the Rev. and Mrs. R. L. Bowman, Mrs. Charlie Cox, Ida Reeder, Myrtle McMaisters and Mrs. Susan Ringo. Work on the Tenderfoot badges was continued at the meeting of the local Boy Scout troop at the Scout hut Friday evening. Those attending were Tommy Rich, Don Gillispie, Neil Coburn, Mickey and Allison Cunningham, George Hall, Jimmie McCorquodale, Larry and Harry Love, Calverley and Donald Cox.

Theora Calverley entertained with a party at her ranch home Tuesday evening. Outdoor games comprised the entertainment. Refreshments were served by Mrs. J. B. Calverley, mother of the hostess. Present were Sandra Wilkerson, Anna Mary Gray, Martha Gillispie, Helen Cunningham, Neil Coburn, David and Mickey Cunningham and Larry Calverley. Many of the local ranchers are shearing their sheep due to the abundant seedle grass. Guests in the C. G. Parsons home during the week were Mr. and Mrs. Byron Hill of Christoval and Mr. and Mrs. Lawrence Parsons and Judy of Sylvester. Phyllis Durrant left for Shreveport, La. via train Sunday evening. She will attend Camp Mirical for one week. H. A. Haynes was in Abilene Sunday where he met Mrs. Haynes and Lee who have been visiting there for several weeks. Georgia Lee and Tommy Rich are visiting in Forsan. Mr. and Mrs. E. M. Ballard of Brownfield were here Tuesday to meet their son, Butch, who has been visiting in the home of Mr. and Mrs. W. K. Scudday.

Picnic-Barbecue Held By Catholics

Approximately 150 persons attended the church picnic and barbecue at the City park Tuesday evening given under the auspices of the St. Thomas Altar Society and the Knights of Columbus. The Rev. Theo Francis acted as host pastor. Out of town guests attending the affair were Father James Riley of Colorado City; Father Alfred of Sweetwater; Father Fred Hyland of Lamesa; J. J. Moore of Lubbock, state secretary of Knights of Columbus and Tony Bodo, district deputy of the 18th district of the Texas Knights of Columbus.

Do You Really Want to Take Off That Ugly Fat?

Recently there has been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored if the former eating habits are gone back to. So what to do? Well, here is a tip to you "overweight gals" who want to fight "the Battle of the Bulge" in a different way. Ask any well stocked Texas drugist for four ounces of Barcetrane. Mix with 12 ounces of grapefruit juice and take two tablespoonful twice a day. This preparation contains nothing harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help regain slender, more graceful curves. Barcetrane is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Barcetrane.

Mr. and Mrs. A. B. Sission are visiting in Paris. Mrs. Wanda White, who has been visiting her husband in Brownsville, will return here Sunday. On the following Monday, Mrs. White and her mother, Mrs. Edith LaVelle of 406 Washington Blvd., will leave for Spur. Mr. and Mrs. R. W. Thompson, 710 W. Park, will leave Friday for Ruidosa, N. M.

BRITISH KING'S NEPHEW TO WED COMMONER — The Earl of Harewood, nephew of King George VI, sits with his fiancée, Miss Marion Stein, 12-year-old Vienna-born pianist, at St. James Palace, London, England, after formal announcement of their engagement. St. James Palace is the London home of the Earl's mother, the Princess Royal, sister of the king. The 26-year-old Earl is 11th in line to the British throne. (AP Wirephoto via radio from London).

Eugene Long Family Has Reunion Here

Members of the Eugene Long family held a reunion at their home Saturday. All of the children with the exception of one, Jim Long, were present for the occasion. Those attending were Mr. and Mrs. Cecil Miller and family of Denton, N. M.; Mrs. Bruce Bishop and children of Floydada, the family of Cecil Long of Midland, Mrs. Donald Samanie and children from Galveston, Mr. and Mrs. D. E. Griffith and Jimmie, Mrs. Essie Baker and Mr. and Mrs. Henry Felber and children, Big Spring.

RIBBON RAMBLINGS

By Mildred Young

Ever have any trouble with those horrible little creatures called chiggers? If you haven't, you've really missed something. As someone has so neatly stated: "Anis may come to your picnic, but chiggers will go home with you."

Filet Crochet Apron

Design No. E-1008 This adorable apron is inexpensive and easy to crochet, featuring the popular rose design. Pattern No. E-1008 contains complete instructions. Patterns Are 30c. Each An extra 15c. will bring you the Needlework Book which shows a wide variety of other designs for knitting, crocheting, and embroidery; also quilts, dolls, etc. Free patterns are included in book. Send orders, with proper remittance in coin, to Needlework Bureau (Big Spring Herald) Box 223, Medicine Square Station, New York, N. Y.

Local Slough Is Being Drained

County equipment is being employed in the drainage of the slough east of town. Work on the project was started last week. Drainage of the low area will require the cooperative efforts of the county, city, and the Texas & all three agreed to their respective parts in the project recently. Railroad crews are expected to start drainage of the T&P right-of-way when the county's part of the work is completed. The city's old sewage disposal area will be emptied to complete the program. Lynette Blum has returned home after visiting in Fort Worth and Denton for the past two weeks. Lynette visited Mr. and Mrs. Jack Blum in Fort Worth and Mr. and Mrs. Will Cartwright in Denton.

Abilene Youth To Compete in Meet

DALLAS, July 21 (AP) — Dwight Worley of Abilene will talk for Texas Future Farmers of America in a tri-state public speaking contest at Oklahoma A&M College July 26. Worley won that right and a \$125 check in a contest yesterday at the state FFA convention. He defeated Harold Brannan of Dimmitt, Billy Hardegree of Victoria, George Milner of Grapevine, and Frankie Crocker of Nacogdoches.

HEADS HUGE RETAIL ESTABLISHMENT

Spencer Wells Still Carries Nickname Given 40 Years Ago

LUBBOCK, July 21 (AP) — Spunked Latin and decided to come to San Angelo and take the job Mr. Hemphill had offered him. His first week he made a trip with Earl Hudson, the senior traveling salesman of the Baker-Hemphill Co.'s wholesale department. They spent the first night at Sherwood, the next at Osona and after a week got back to San Angelo via Sheffield and Stiles. Wells advanced fast. In a few years he was the head of the shoe department. Hard working and ambitious, he set out to get ahead in an organization which had a reputation for expansion. Ben Fain, Brownwood, says Spencer Wells liked to sit in the boss's chair even in the early days. When Mr. Hemphill was away on buying trips to New York he'd go up to the wholesale department and sit at Mr. Hemphill's desk and use his old Oliver typewriter. One day the boys put some paper on the chair and covered it with oil of mustard. It was physically a warm seat but he never flinched. He finished his letter and deliberately got out of the chair. He never admitted it was hot. He says he has been in hotter places mentally and financially since. Returning to San Angelo from the army in the summer of 1919, he found there was a new boss in the shoe department and there wasn't much of a place left for a returned soldier. He took it easy for a while, but stayed with the store. In 1921 Baker-Hemphill bought the stock of goods of the Henry Wells Economy Cash Store, located in a 25 foot building south of the San Angelo National Bank. It was a successful close-out sale and Wells and M. L. Price, then a vice-president and treasurer of Baker-Hemphill Co., were in charge. The Grand-Leader, a sizeable department store occupying the ground floor of the Rust Building failed and at the bankruptcy sale Mr. Hemphill was the successful bidder. It had been dry in San Angelo for a year, but the day of the sale a two inch rain fell and good times were on again. After a successful sale of the merchandise, a location for the excellent fixtures of the store was sought. M. L. Price was to "get the next store" and he took Spen-

cer with him. They considered Plainview, but with the talk of the Texas Tech sweeping over West Texas they picked Lubbock as the most likely spot for a city. They made a good guess. On Oct. 22, 1923, the Hemphill-Price Co., was opened for business in Lubbock. It was a success from the start. Spencer Wells took on more and more of the management duties of the business as Mr. Price's health gradually failed. He died in California Jan. 14, 1925. A few years later the name of the store was changed to Hemphill-Wells Co., with W. M. Hemphill, chairman of the board and Spencer Wells president. With the oil boom in West Texas on top of a general boom of the late twenties both stores prospered beyond their wildest hopes. Then came the depression and cubic. The San Angelo store suffered severe setbacks. It had bank loans of \$125,000. An SOB was sent to Wells. He was in New York. An emissary met him in Little Rock and argued with him that his Lubbock store should take over the parent store at San Angelo. He was unwilling to risk spreading his own financial position too thin. Finally he offered the bankers \$35,000 for their notes. They gambled, but accepted. It was one of the most fortunate mercantile purchases in local history. ADDED BIG SPRING STORE. Rains fell again. Business picked up. Soon the store was back to its place of leadership in the business community. Grady Michals and Scottie Johnson, who had grown up in the store, were placed in charge and although Spencer Wells spent considerable time here, the younger executives were in charge of the business. Five years ago Hemphill-Wells Co. bought the Albert Fisher store in Big Spring. Lewis Price, the son of Mrs. M. L. Price of this city, and treasurer of the company since the death of his father, was placed in charge. Today the Lubbock store is building a \$1,100,000 building, which will give it the finest plant of any department store in West Texas. The building is being erected upon a thirty-year lease.

"The Hemphill-Wells Co. tries to be good citizens in the communities in which it does business," Mr. Wells said. "We believe our business will grow along with that of the communities in which we do business. We feel we have an obligation to support every phase of community and business activity. "San Angelo was a wide-open town when I came here 40 years ago. It was lively and its people were young and ambitious for their town and themselves. I found the same spirit in Lubbock in 1923. At that time Lubbock was about half the size of San Angelo. "I have never given up San Angelo as my home. I have merely taken on Lubbock as a home, too. Lubbock had a great break when it secured the Texas Tech. The college has been a great asset to the city. "But to me San Angelo appears to have become self-estimated. We do not have the energy and push here that I recall in the old days. Lubbock's business men are younger. They have made their own fortunes, either large or small. They are not satisfied with Lubbock as it is today and they will, I think, keep it growing. "I hear people talking about the oil development that is to come in West Texas, and everywhere but right here people seem to think San Angelo is on the verge of becoming the center of the new Permian oil development. I think we should begin preparing for it now. Where are we going to put the new people?"

DRIVE FOR BETTER DIETS IS SUCCESS

Revolution In Eating Occurs On Texas Farms; Aids Health

COLLEGE STATION, Tex., July 21.—It used to be quite an event in Texas in the old days—that selling the first bale of cotton. First part was when pa—coming back from the gin—pulled up the scales in front of the town's meat market. He'd crawl down from the wagon, wince into the market with cash money in his pocket, and order up a big half of round steak for the whole family. He'd get a few bones for the dogs, too. That was about the only beef the family had all year. The rest of the time it ate salt pork. An occasional chicken got the axe to provide a little fresh protein.

What a change a few years make! The Texas extension service about 1939 began teaching farm families new facts about the food they grew—about how a person with a well-fed feeling may be near starvation because of improper diet. In other words, he might be missing some food elements which his body badly needed. It wasn't and isn't always a matter of low income. Diseases caused by improper diet are found in homes of the well-to-do as well as in share-cropper's shanties. And the drive for better farm diets has been a rousing success. For instance: In 1940, the state nutrition council found more than 1,300 pellagra cases in Texas. Pellagra is caused by diet deficiencies. And even by 1940, farm families' diets had improved remarkably over previous years.

Eight years later, in 1948 there were only 400 cases. In a recent booklet, "The New Agriculture," published by the extension service, the agency says the diet improvement "was a matter of changing long-established food habits; of education."

The extension service began this education but it was the housewife who had the final job. She had to educate her family. The homemaker of the decade ago was required to learn the Texas Food Standard, a publication explaining about proper diet. Then she had to change her buying and menu habits. Most important, she schemed and cajoled her family into dropping old prejudices against some foods and into learning to like other items. Today her daughter doesn't have that trouble. She will serve a balanced meal as a matter of course. An instance of changed food habits is meat. The average Texas family used to eat three times as much pork as beef. Now it's down about half and a half, which is where nutritionists say it should be.

Hand in hand with education have come new methods of food preserving, without which education would be useless. The first food was canned in a semi-fresh state in 1799. It was only a partial success. Texas had a major part in the world food picture half a century later. It came through a famous Texas colonist, Gail Borden. A New Yorker, he came to the Lone Star State as a member of Stephen F. Austin's colony about 1833 and supervised the surveying of Galveston harbor. Borden became concerned about the milk supply and developed a process of canning milk—a move that not only benefitted the world but founded a great industrial firm.

Canning improvement continued but there were handicaps. Only 20 years ago, an extension service bulletin on canning warned of food sense of smell. After World War 1, commercial food canning increased, and so did home canning. The extension service appointed a nutrition specialist in 1924—the first state to do so. In 1931, after diet surveys, one of the most intensive educational campaigns ever conducted in Texas got under way. That's when modern diet practices really began in the state.

Sale Of Aggie Ducats To End

COLLEGE STATION, July 21.—This is the final week for the sale of season tickets to Texas A&M's 1948 home games. C. D. Ownby, business manager of athletics, reminded fans that all orders for the \$14.85 books must be postmarked before July 23, 1948.

ON WAY TO FINAL RESTING PLACE—While an American Legion honor guard (left) salutes, a Military Police honor guard places the coffin containing body of Pvt. Rodger Young aboard a train at Chicago, Illinois, after a brief train-side service. The body is being sent to Young's home town, Green Springs, O., for burial. Young who lost his life in the Solomons, was immortalized in Frank Loesser's composition, "The Ballad of Rodger Young." He was post-humously awarded the Congressional Medal of Honor. The body was brought from its battle ground grave to the Quartermaster depot here recently. (AP Wirephoto)

The season book includes one ticket each to the Aggies varsity games with Villanova Sept. 17; Baylor, Oct. 29, SMU, Nov. 5 and University of Texas, Nov. 24. The book also is good for admission to the Aggies' three home freshman football games and to varsity basketball, baseball and track contests next winter and spring. There is no limit on the number of season books one person may buy. Orders should be addressed to Athletic Dept., Texas A&M, College Station, Texas.

PARIS, July 21, (AP)—Czech diplomat Jemir Smutny has fled Communist-ruled Czechoslovakia and is now in Frankfurt, Germany, the Free Czech Council here announced Wednesday.

Egypt Nabs Reds

GAZA, Egyptian-Occupied Palestine, July 20, (AP)—Intelligence officers said the Egyptian army nabbed 33 alleged Palestinian Arab Communists, including several important leaders, in pre-dawn raids today in and around this ancient city.

Big Spring Gas Dealers To Attend Training Clinic

Two local butane dealers are due to participate in a two-day training clinic at Midland Aug. 8-9. S. M. Smith of Smith Butane and L. L. Stewart of Stewart Appliance and Western Transport are scheduled to enroll in the special session for dealers. Sterling S. Speake, credit training specialist, and Lester W. Griggs, appliance sales training specialist, will conduct the class sessions. Courses are designed for butane dealers, their credit managers, salesmen, office and truck personnel. The state butane dealers association cooperates with the University of Texas in staging the training clinics.

SIGHT NOT ESSENTIAL

SAVANNAH, Ga., July 21, (AP)—A blind-man bought a camera Tuesday from George Gillins, Savannah photo shop owner. The man came in, asked for a camera he could aim by sound, found one he liked, and bought it. "I was too flabbergasted to ask what he intended to do with the pictures," said Gillins.

Five Special Services Are Offered At New Rowe Garage

If it's an automobile you want, or something is needed to keep your present machine in operation it can be found at the Rowe Motor Co., 1011 Gregg street, Big Spring's newest auto dealer. There are no less than five specialties at Rowe's. First and foremost, the concern distributes new Packard Automobiles and Willys-Overland Jeeps in this area, and the salesman always are in a "trading mood."

In addition, Rowe's used car department offers choice buys and a liberal selection of late models in virtually all makes of vehicles. The service department at Rowe's boasts the new-st and best equipment available, and the dependable work performed by mechanics there needs no introduction to Big Spring automobile dealers. They service and repair all makes and models. The establishment operates on the theory that there is only one way to repair an automobile, and that is the "right way," says H. M. Rowe, owner and manager of the firm. In connection with the Packard

REAL CAR SERVICE — Operators take pride in the quality of service given each customer at Westex Oil company's Shell service station at 407 W. 3rd street. This involves not only the use of Shell's famous products, the fruit of one of the most extensive research programs in the world, but also know-how by experienced attendants. All grease jobs are charged and checked meticulously. A handy line of accessories is available for customer convenience, too. (Jack M. Haynes Photo).

Firm Takes Any Sheet Metal Job

"Customer Satisfaction" is the specialty of the Williams Tin Shop management and workmen. The four-man crew of heating, air conditioning and sheet metal experts never call a job complete until the customer is "absolutely satisfied." And no job is too large or too small for the industrious group.

Quality Uses Factory Method On Paint Jobs

Automobile painting is both an art and a science at the Quality Auto Top and Body Co., on the Lamesa Highway.

The establishment employs factory methods which are capable of duplicating original finish on an automobile. The process involves use of an enamel baking oven and a dust-free painting room which insures smooth, even distribution and correct drying of paints.

Red Germans Use Amateur Reporters

BERLIN — The "people's democracy" in the Soviet Zone of Germany is creating a new type of journalist—the "people's correspondent." He is usually a worker who reports from his work or his factory to Communist controlled dailies.

Their stories are featured in large Communist papers in East Berlin. Several columns are reserved for them.

Not all Russian-licensed newspapers like the new type of journalist. Said "Neue Zeit," a Christian-Democratic Organ: "The people's correspondents will hardly be in a position to satisfy the qualitative demands of the press."

But "Neue Zeit" was slapped back by "Neues Deutschland," the official Socialist Unity (Communist) Party daily which, criticized "the professional correspondents of those newspapers which do not know this direct contact with the essence of our social being."

The Williams Tin Shop is authorized agency for Comfort air conditioners and for Jansiro and Mueller heating equipment. Coolers and heater ducts are made at the shop and are adaptable in any type house. Free estimates will be made on the cost of desired work.

In addition to heating and air conditioning, Williams workmen can do all kinds of sheet metal work. The organization boasts one of the best equipped sheet metal shops in this area.

Assisting the owner in the operation of the busy plant are his son, Don Williams, Neal Bryant, and Herbert Mathis. Williams has been in the sheet metal business in Big Spring for three years.

Negroes Returning To Homes In Florida Town After Race Riot

GROVELAND, Fla., July 21 (U.P.)—Negroes began filtering back to their homes here today, they were calmed by national guard troops. Some looted on the long business street of this tiny lumber and truck farming town. They seemed at ease for the first time since racial violence broke out last Saturday after the rape of a white housewife.

Three Negroes were indicted for the crime late last night. Troops, 300 strong, looted beside 30-caliber machine guns and weapons.

Some townfolk hoped the guard

would remain over the week end, fearing another outbreak if they left.

Brig. Gen. Mark Lance, state adjutant general, was due here at noon to talk the situation over with Sheriff W. V. McCall. Gen. Lance said yesterday the troops would remain here indefinitely.

The guardsmen kept a weather eye out for trouble after noting a sudden influx of cars from Alabama and Georgia.

One man was nabbed by guardsmen late last night and a pistol confiscated after he had been observing a crowd near a Negro settlement at nearby Clermont. He was released.

The indictment of the three Negroes for the rape of Mrs. Willie Padgett was returned almost at the stroke of midnight by a special grand jury convened at the Lake County seat of Tavares, 23 miles from here.

Accused of the crime, a capital offense in Florida, were Charlie Greeno, Samuel Shepherd, and Walter Irvin, all about 20.

The indictment made no mention of a fourth Negro whom Mrs. Padgett charges also participated in the assault on her and the robbery-beating of her husband last Friday. This Negro is still at large.

In its finding, the jury ignored Sheriff McCall's charges against the Negroes of kidnapping and robbery, but asked to be called back later to continue its investigation.

City Mail Carriers To Attend Meeting In Pennsylvania

Texas delegates to the national convention of star route mail carriers will leave Saturday for Harrisburg, Pa.

Earl C. Evans, Big Spring, Texas association president and former national association vice-president, said the delegates would drive through together. Others making the trip will be Clyde Pain, Big Spring, Arnold Schubert, Comal county, Carl Hagus, La-Mesa.

They were chosen at the June 12 state meeting in Brownwood, which set not only a record for Texas but also exceeded national conventions in attendance, said Evans. A feature of that meeting was a barbecue. J. H. Beale, Sr. and W. L. Wilson, Sr., ranchers on Evans' Gail route, donated 800 pounds of beef for that occasion.

They were chosen at the June 12 state meeting in Brownwood, which set not only a record for Texas but also exceeded national conventions in attendance, said Evans. A feature of that meeting was a barbecue. J. H. Beale, Sr. and W. L. Wilson, Sr., ranchers on Evans' Gail route, donated 800 pounds of beef for that occasion.

Highway Body Plans Spending Of \$30 Million

AUSTIN, July 21 (U.P.)—Details of how the \$30 million voted for rural roads will be spent were being worked out today by the State Highway Commission.

Chairman Fred Wemple announced that designation of roads to be improved would be announced later today. He made the statement at the opening of a two-day public hearing on a long list of road projects.

The money, to be spent at the rate of \$1 million a year, was voted by the 51st Legislature.

Plans are virtually complete for all but about 15 of the state's 254 counties, Wemple said. The commission has been working with county commissioners' and civic groups on the huge road improvement program.

In the last two days, low bids totaling \$6,854,322 on a variety of construction jobs already approved have been tabulated by the highway commission in preparation for letting of contracts and actual start of work.

That included \$3,221,081 yesterday. The commission's public hearing on suggested new projects will continue through tomorrow.

Clowns' Diving To Be Featured At Local Swim Meet

Diving exhibitions by clowns B. B. Lees and Bobby Dillon will be featured at the annual YMCA Swim Meet and Water Carnival at the Municipal pool Saturday night.

High dives through a flaming hoop and other trick and fancy dives will be executed by the two. Bobo Hardy, YMCA athletic director, said. In addition, a comic relay will be staged by Billy Van Pelt, Eddie Houser, Jackie Little, and W. C. Blankenship.

Performances by the clowns and a water ballet by six Big Spring bathing beauties will be unveiled between competitive events of the yearly meet. A walking race across the shallow end of the pool will be held for non-swimmers.

Contestants in the meet will be entered in one of three divisions. The junior and senior boys' divisions will each include four events—diving, back stroke, breast stroke, and free style. Two events back stroke and free style, are on the card for the girls' division.

Performing in the Water Ballet will be Beverly Stulting, Pat McCormick, June Cook, Ann Crocker, Susan Houser, and Kitty Roberts. Glenn Puckett is to be starter for all the race events, while Hugh Cochran, Barbara Moore, and John Dibrell are to be judges. Ricki Cooper is recorder.

Water Production Here Near Record

Water production Wednesday was 5,219,000 gallons, closest the city has come to the record consumption of 5,252,000 gallons on July 7.

Daily usage exceeded the five million mark on one other occasion this year. On June 22, 5,004,000 gallons were pumped.

Consumption has been increasing steadily this week since hitting a low Sunday of 2,725,000 gallons. City Engineer E. L. Killingsworth had predicted Monday that daily production was likely to hit the five million gallon mark this week if hot weather continued.

FPC Okays Safes Of Gas From Pipelines

WASHINGTON, July 21 (U.P.)—The power commission yesterday gave the Texas Eastern Transmission Corp., Shreveport, La., the authority to sell a surplus of natural gas from the Big and Little Inch pipelines.

However, the commission ordered that the surplus be sold to regular customers and not to utility companies or other concerns not authorized as customers of the system.

Texas Eastern said the surplus, resulting from a reduced demand in some sections, would range from 60,250,000 cubic feet a day in July to 24,250,000 cubic feet daily in October.

Senators Assured Alaska Defended

WASHINGTON, July 21 (U.P.)—Secretary of Defense Johnson assured senators today that adequate plans for defending Alaska are in operation but he asked to tell about them at a secret session.

Johnson appeared before the Senate Armed Services Committee to urge quick approval of \$643 million worth of construction projects for the Army, Navy, and Air Forces.

Elks Meeting

A meeting of Elks has been called for 8 p. m. today at the Settles hotel. Carl Gross, who called the meeting, said that numbers of Elks in Big Spring had expressed an interest in reactivating a lodge here. He urged Elks to attend the party.

Let's Keep Them

LONDON, July 21 (U.P.)—Home Secretary Clauer Edd told Parliament today it would be unwise to abandon Britain's air raid shelters "in the present position of the world."

PHOTO PROVES FISH'S SIZE

KINGSVILLE, July 21 (U.P.)—Red McLaughlin of Kingsville has proof that "the fish that got away" was a big one.

He hooked it in the Missouri River but before he could land it the fish jerked free and swam away.

An interested onlooker with a camera snapped McLaughlin struggling with the fish and gave him the negative.

After a look at the snapshot, McLaughlin guessed the fish weighed 50 pounds.

Police Baffled As VA Hospital Nurse Vanishes

NEW ORLEANS, July 21 (U.P.)—What happened to a bespectacled, 23-year-old nurse who disappeared Sunday? Has she met with violence or is she a victim of amnesia?

Police admitted today they were baffled.

The nurse, Marybelle Joseph, has been missing from the veterans hospital on the shore of Lake Pontchartrain since Sunday.

Detective Chief Harry J. Daniels said teams of detectives and police have been unable to find a trace of her.

Daniels discounted a term phone call from a man who told the hospital, "I've got Marybelle Joseph," then hung up. The detective chief said he believed the call came from a crank.

Police searched shore waters of the lake for her body.

"There's no love angle or disappearance that we can find," Daniels advised. "We're puzzled about what could have happened."

Miss Marion Fox, hospital chief nurse, expressed the belief Miss Joseph was an amnesia victim.

The chief nurse described the missing woman as "the quiet, sober type," and said "she's the last person to disappear without telling anyone."

Klan Officer Quits In Row

BIRMINGHAM, Ala., July 21 (U.P.)—The presiding officer of the Ku Klux Klan in Alabama quit today after a row with another high Klan official.

"I differ with some of the elements that have wormed their way into the Klan—men who use Klan robes to go out and whip people," said Dr. E. P. Pruitt, Birmingham physician.

A grand jury is investigating the white-robed order in connection with a wave of floggings and cross burnings by masked mobs. It has been called into session tomorrow after a week's recess.

Dr. Pruitt, 72, said he is resigning as chairman of the Klan's board of governors and leaving the city.

William Hugh Morris, Klan Director, had announced yesterday that Pruitt is quitting. Morris made the announcement from a jail cell where he is in the 14th day of an indefinite sentence for contempt of court.

The Klan director was ordered held until he produced membership records of the order for the previous grand jury. This jury returned 44 indictments against 17 men for flogging, burglary, and boycotting in connection with the alleged mob violence.

In another move, State Attorney General Albert A. Carmichael, indicted on the Federal Ku Klux Klan, Inc., for a legal attack seeking revocation of the Klan charter.

Troops May Mine Coal In Waukout

SYDNEY, Australia, July 21 (U.P.)—The Australian government plans to send 3,000 troops to mine coal from open cuts in New South Wales Aug. 1, unless the crippling coal strike is over by that time.

The troops are expected to supply 55,000 tons of coal per week, enough to keep up the present ration of electricity and gas in New South Wales.

Six Syrians Executed

BEIRUT, Lebanon, July 21 (U.P.)—Six alleged members of the National Syrian Party, an outlawed political group, were shot to death this morning in a mass execution. They had been convicted of armed revolt against the government.

TIMES-HERALD SOLD Chicago Tribune Buys Capital Paper

CHICAGO, July 21 (U.P.)—The Washington Times-Herald, the country's first round-the-clock newspaper, she built a daily into the capital's biggest with a combined daily and Sunday circulation of 839,872.

The New York Daily News, a tabloid, founded by Capt. Patterson, claims the country's biggest circulation. The 1948 Editor and Publisher yearbook lists its daily circulation at 2,329,272 and the Sunday at 4,476,084. The Tribune's daily circulation is listed at 982,238 and Sunday at 1,566,544.

The Times-Herald lists itself as independent while the Tribune is Republican. Both newspapers have been sharply critical of administration domestic and foreign policies. Mrs. Patterson at one time was a director of the Chicago Tribune Co. and after the death of Capt. Patterson she served for a time as chairman of the board of directors of the News Syndicate Co., Inc., which publishes the New York Daily News.

The Washington Times was founded on March 18, 1894, and was operated by Hearst from 1918 until 1927 when Mrs. Patterson bought it. The Herald was founded on Oct. 8, 1906 and was bought by Hearst in November, 1927.

The executives of the Times-Herald named in Mrs. Patterson's will are William C. Shelton, general manager; Frank C. Waldrop, editor-in-chief; Edmund J. Jewell, advertising director; Michael W. Flynn, supervising managing editor; H. A. Robinson, circulation director; J. Irving Belt, mechanical superintendent; and Mason S. Peters, managing editor. They were given equal shares.

Wildcat Going Ahead Find Gas-Cut Mud On Drillstem Test

Slightly gas-cut mud was recovered on a drillstem test of the Sprayberry sand in the C. L. Norworthy, Jr. No. 1 Mary T. Christian, north-central Howard wildcat, Wednesday.

Tool on the test was opened for 30 minutes. There was a slight blow of gas and recovery was 540 feet of slightly gas-cut mud with no oil. Thursday morning the test was preparing to drill ahead.

The zone tested was from 3,889-5,000 feet. Location is 600 feet from the south and 1,300 feet from the west lines of section 46-33-28, T&P a deepening operation from the Santa Fe test abandoned at 4,150 in 1945.

Mitchell county's first Ellenburger well was completed officially Wednesday with a daily potential of 172 barrels.

The exploration, Superior No. 1 J. B. Dockery, 3 1/2 miles south of Westbrook and in the general area where the first commercial producer of the Permian Basin was recorded in October of 1920, showed 60 barrels of salty sulphur water along with its flow of 45.3 gravity oil through 11-64th-in x 4-3/8-in tubing. Gas-oil ratio was listed as 254.1. Ellenburger pay was topped at 7,004 feet and the test bottomed at 8,004 feet. Casing was cemented at 7,900 feet and the zone treated with 3,000 gallons of acid. Information filed with the railroad commission was the first official report since the well was drilled "light." Previously, it had been

Additional Tax Suits Removed

Two more property owners had delinquent tax suits filed against them removed in 70th district court through payments made to the district clerk Wednesday.

Their settlements with the city and school, which had filed the claims, amounted to \$67.83. The additional brings to \$2,899.53 the amount paid the two functions since the suits were first filed, the law firm of Thomas and Thomas, acting for the plaintiffs.

THE MARKETS

NEW YORK, July 21 (U.P.)—Room cotton prices were 5 to 10 cents a bale higher than the previous close. Oct. 26 74, Dec. 28 87 and March 28 95.

WALL STREET — For the first time this week the stock market was up. Leading issues showed signs of strength around a point. Few big gains showed but a wide variety of stocks remained at Wednesday's closing levels.

LIVESTOCK — CATTLE, July 21 (U.P.)—Cattle 1.20; calves 1.00; yearlings 1.20; beef steers and yearlings in small supply; medium grades in 20's; good yearlings up to 21.50; best cows 15.00-20.00; good and choice fat calves 20.00-25.00; steers and calves 15.00-20.00; good and choice fat calves 20.00-25.00; pigs and hogs 15.00; stocker steers yearlings 15.00-20.00; medium and good stocker steer calves 15.00-20.00.

POULTRY — HENS, July 21 (U.P.)—Hens 1.00; turkey hens 1.20; turkey toms 1.50; broilers 1.00; ducks 1.00; geese 1.00.

Buck Thinks Of Staff, Not Self

SINGAPORE, July 21 (U.P.)—Frank Buck, the American "Daring 'Em Back Alive" man, flew into Singapore to prepare for a new jungle film and said stoutly: "I am not afraid of hardships—but I won't be able to start filming until they clear off. I must think of my staff."

Buck plans to visit several parts of Johore, the southernmost province of Malaya, which he may use as locale for his film. Johore Bahru is the capital of the state of Johore. Although there is trouble in the outer parts of the state, the capital city is peaceful.

FULL EMPLOYMENT URGED

Labor Chief Says Jobless Are Falling Away To Communists

WASHINGTON, July 19. (AP)—A labor leader said today that many jobless workers already are paying attention to Communist preachings. Earl Rieve, president of the CIO Textile Workers, told a "Full Employment Conference" of Americans for Democratic Action (ADA) that cities and towns hard-hit by unemployment make a "conducive breeding place for Communism."

GRANDFATHER ON HONEYMOON

LOS ANGELES, July 19. (AP)—A 91-year-old great-great-grandfather is honeymooning today with his 90-year-old bride. "I've been wanting to marry her for a long time," said Albert R. Hummel, "but she didn't know. Finally she says yes. So yesterday I says, 'Well, we might as well get it over with.' We did."

Stevenson May Decide To Enter Governor's Race

DALLAS, July 19. (AP)—Former Governor Coke Stevenson would run for another term if "drafted by a tremendous amount of evidence that the people want him back in the capital," the Dallas Morning News said today.

Mitchell Segment Of Snyder Road To Be Constructed

Contract for construction of the Mitchell county segment of the Snyder (state 250) road was awarded Tuesday.

Covered are grading structures, asphalt treatment. Distance involved is 8,550 miles from the Howard to the Seury county lines. The Howard county portion of the highway is now under construction. The south half has been completed since last year, and the north half is expected soon to be in use.

SOLID FOOD REALLY SOLID

LOS ANGELES, July 19. (AP)—Buddies Brown, a six-month-old Dachshund puppy, likes solid food. Veterinarians had to excavate his stomach yesterday to remove 400 pieces of rock, weighing a total of two pounds. The dog had swallowed the stone at a new house his master is building. He will recover.

China Protests Alleged Abuse Of Her Flags

CANTON, China, July 19. (AP)—Nationalist China today called the attention of the United States and Britain to alleged abuse of their national flags by vessels in the harbor of Communist-held Shanghai.

The foreign office didn't exactly say so but it implied the flags were being used by other than U. S. or British ships for protection against Nationalist air attacks. After the notice went to embassy representatives, Dr. Shih Chao-ying, foreign office spokesman, told a reporter that reports from air force observers indicate a large number of small vessels at Shanghai were flying British or American ensigns.

Attends School

Ben Hawkins, deputy collector for Internal Revenue here, is due to return from Dallas Wednesday where he has been attending an audit school conducted by the bureau.

Hamrick Triplets Get Taste Of Rural Life

COLORADO CITY, July 19.—The much photographed and traveled triplets are back home for a romp on the farm.

They are Lynne, Glynn and Wynne Hamrick, sons of L. and Mrs. James Quinton Hamrick. The triplets were born in Denver, Colo. on June 20, 1945. Not long afterwards, L. Hamrick, a native of Colorado City, was transferred to the Big Springs Bombardier school and the triplets came to be familiar personalities as babies.

Visiting Chapter Members Present

Approximately 75 persons, many from visiting chapters, attended the covered dish supper prior to the business meeting of the Order of Eastern Star in the Masonic hall Tuesday evening.

As early as the 8th Century, a noted physician called Alexander of Tralles taught that prevention of disease was an important part of a physician's work.

Mitchell Strike Now Filling Second Tank

Superior No. 1 J. R. Dockery, west-central Mitchell Ellenburger strike, was reported unofficially Tuesday to be flowing into its second 1,000 tank.

Previous, unconfirmed reports said that the venture had filled a 1,000 and a 500 barrel tank. There were indications that the "light" discovery was preparing to test for completion. Last week it made 1,000 barrels in 16 hours. It is 3 1/2 miles south of Westbrook and 600 feet from the south and west lines of section 17-25-16, T&P.

Standard No. 3 B. F. Dunn, 1,000 feet from the south and 600 feet from the west lines of section 64-20-LaVaca, five miles east of Vincent, was at 4,000 feet in time. In northeastern Borden county Ryan, Hays & Burke No. 1 Miller, in the center of the southeast quarter of the southeast quarter of section 41-27, H&TC, drilled at 3,432 feet at Mississippi time and chart. It has had some light shows higher.

Big Spring Rodeo Judges Announced

Buck Jones, Wichita Falls, and Hobart Flowers, Calgary, Canada, have been named judges of the 18th annual Big Spring Rodeo and Cowboy Reunion, according to Charlie Creighton, president of the Rodeo Association.

Hike In Business Failures Reported

NEW YORK, July 19. (AP)—Business failures increased slightly in the week ending July 14, Dunn and Bradstreet reported today. The business reporting service listed 167 commercial and industrial casualties, compared with 153 in the preceding week.

Leonard Fined \$75

Lawrence Leonard was fined \$75 and costs in county court this morning after he had entered a plea of guilty to the charge of driving while under the influence of intoxicants. Leonard was arrested by members of the state highway patrol Sunday evening.

Water Production Is Boosted Here

Municipal water production climbed to 4,500,000 gallons yesterday after stumbling below the three million mark Sunday. City Engineer E. L. Killingsworth said this morning.

\$50 Will Be Awarded For Best Float In Local Rodeo Parade

The Big Spring Rodeo Association will award a \$50 prize to the business, organization or individual entering the best float in the opening parade of the 18th annual Rodeo and Cowboy Reunion. Charlie Creighton, president of the organization, has announced.

Rye Protects Home From Blowing Sand

Abruzzi rye cover crops kept sand from blowing into the house of W. A. Jackson two miles west of Klotz this year, Mrs. Jackson reported last week. Jackson, who is cooperating with the Martin-Howard Soil Conservation District, planted the rye last fall in his orchard and around the farmstead. Before planting the cover crop Mrs. Jackson said she had to sweep sand out of the house every time the wind blew. With the protective cover crop she has had very little trouble with sand blowing into the house.

Construction started last week on a 1100 cubic yard stock tank on Tom Good's ranch north of Vealmoor. Good is building the tank to furnish more water for his livestock. Diversion terraces to add water to another tank were staked out by the Soil Conservation Service.

Wesley Methodist Conduct Visitation On Monday Afternoon

Members of the Wesley Methodist Woman's Society of Christian Service conducted an afternoon of visitation in interest of the coming revival Monday.

Anti-Red Union Is Issue In Islands

MINALI, July 19. (AP)—The Anti-Communist Pacific Union gave signs today of forming a major issue in the Philippines' presidential campaign.

Four More Erase Tax Indebtedness

Four additional payments on delinquent school and city taxes have been made by as many local property owners, bringing to \$2,629.50 the amount paid the district clerk since the suits were filed several weeks ago by the law firm of Thomas and Thomas, acting on behalf of the plaintiffs.

Romanians Executed
