11th Hour Compromise **Averts Haitian Invasion** Port-Au-Prince, Haiti

A mere hour before the first units of the 82nd Airborne Division were scheduled to begin air drops over the Haitian capital of Port-Au-Prince, Haitian General Raul Cedras struck a deal with American envoys led by former President Jimmy Carter. Carter along with Senator Sam Nunn (D) Georgia and former Chairman of the Joint Chiefs of Staff, Colin Powell were dispatched to Haiti by President Clinton in hopes of preventing a military invasion.

According to published accounts, terms of the agreement reached by the negotiators and accepted by President Clinton would require General Cedras to step down from power in Haiti by Oct. 15th of this year. U.S. troops would come ashore as Peace Keeping troops and would be unopposed by Haitian military personnel General Cedras would not, however, be required to leave Haiti as he and his supporters were promised a "general amnesty". Also, there was no mention of deposed Haitian President, Aristide in the agreement. American forces went ashore in Haiti on Monday of this week meeting with no orga-

Oklahomans Approve **Term Limits For Legis-**

Oklahoma City. Oklahoma

Voters turned out in Oklahoma to approve an amendment to that state's constitution which would limit the number of terms a U.S. Representative or Senator from that state could spend in Congress. According to the amendment, Oklahoma, the first state in the union to limit the terms of its state legislators, now will limit the terms of its Congressmen to three terms of two years and Senators to two terms of six years.

Congressional Pay Raise Derailed

Washington, D.C.

An automatic \$3473 Congressional pay increase slated to go into effect Jan. 1, 1994 was blocked by a procedural vote on a resolution sponsored by Jim Lightfoot (R) Iowa. Lightfoot, a vocal opponent of automatic pay raises for legislators rejected a compromise offered by the House leadership and brought his resolution before the House. Stating that "not one American in a hundred" believes Congress has earned a pay increase, Lightfoot blasted Congressional leaders who he claims were prepared to allow an automatic pay raise to slip through, "like a thief in the night."

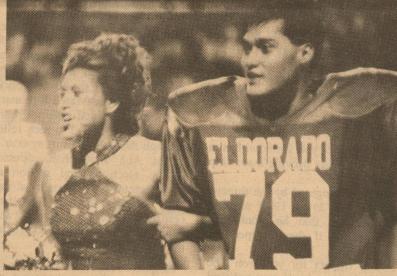

Eagles Defeat Sonora

Defense Holds Broncos For 14-10 Homecoming Win

Pictured above, Eagles Cornerback Cody McCravey #90 and Defensive End Eric McGinnes #89 corral a Sonora Broncos running back. The Eagles Defense held the Broncos to only 168 yards of total offense in the 14-10 Eldorado Homecoming

Ruby Gonzalez Crowned Homecoming Queen

During half-time at last Friday's Homecoming Game, Ruby Gonzalez was named this year's Homecoming Queen. Ruby, 17year old daughter of Raul and Diana Gonzalez was escorted onto the field by Larry Sanchez. She was visibly surprised when her name was announced. She was crowned by Christie Ramirez, the 1994-95 Eldorado High School Student Council President.

Ruby has had an active High School career. She has been a Cheerleader all four years plus she was a cheerleader for two years in Middle School. She has also participated in the Eagle Band all four years in High School. She is a member of the National Honor Society and the Spanish Club.

Away from campus, Ruby enjoys going to dances with her friends, drawing, singing in church and around the house. But above all, Ruby says her favorite activity is shopping.

Ruby attends church at Primera Inglesia Bautista and plans to attend college after graduation.

Prior to the announcement of the Homecoming Queen, the three senior finalists and the three Duchesses from the other classes were presented to the crowd along

their escorts. Freshman with Duchess Sonia Herrera and her Santos Trevino: escort, Sophomore Duchess Ester Arispe and her escort, Bobby Quintana; Junior Duchess Misty Williams and her escort, Michael O'Daniel; Senior Queen Candidate Ruby Gonzalez and her escort, Larry Sanchez; Senior Queen Candidate LeeAnn Lloyd and her escort, Travis Whitten; and Senior Queen Candidate Kimberly Williams and her escort, Cody McCravey were introduced to the standing-room only crowd.

Another long-standing Eldorado High School Homecoming tradition was carried out just before the game began. Prior to the kickoff, the Eagles members, Varsity Cheerleaders and Mascot took time-out to honor their parents. In a moving ceremony, the Eagles, one by one, were introduced as they met their parents at the sideline and presented them with long-stemmed roses. The parents then escorted their son or daughter to the end of the field in preparation for the player's and cheerleader's customary entry into the stadium

grand style as the Eldorado Eagles moved their season mark to 3-0 last Friday night by knocking off half. the Sonora Broncos 14-10. The win has propelled the team upward in the statewide polls from 18th to 15th. The hard fought contest provided the Eagles with their first serious challenge of the young season and should lay to rest any question as to whether the Eagles team is for real.

With swirling winds and a field still damp from the previous night's rains both teams found the going tough. Sonora was pushed back early as Eagles' kicker Shylowe Middleton boomed the opening kick-off into the endzone where the Broncos elected not to attempt a return.

The Eagles scored first as Travis Whitten tossed a screen pass to Reagan Bownds who picked up a block on the sideline and then split two Broncos defenders in the secondary. The play was good for 53 yards and a touchdown. Eagle's kicker, Shylowe Middleton tacked on the extra-point to give Eldorado a 7-0 lead as time expired in the first quarter. But, the Broncos came back as kicker Trini Banda hit a

Eldorado High School cele- 29 yard field goal and running brated its 1994 Homecoming in back Adrian Mata found the endzone on a one vard run to give the Broncos a 10-7 lead at the

The Eagle's put together a 10 play-54 yard drive in the 3rd quarter capped off by Reagan Bownds' 7 yard run for a touchdown. Shylowe Middleton converted on the extra-point to give the Eagles a 14-10 lead which they never relinquished.

The Eagle's defense turned in a sterling performance, holding Sonora to 9 first downs and 168 yards of total offense. The Broncos' leading rusher, Justin House was limited to only 29 yards on 10 carries. Reagan Bownds was the leading tackler with 15 tackles and 1 interception. Eric McGinnes had 10 tackles, a batted ball and forced a fumble. Landon Neal tallied 14 tackles in the game.

On the offensive side of the ball, the Eagles picked up 16 first downs with 268 yards of total offense. The ground game contributed 159 yards while 109 yards were gained by the pass. Reagan Bownds carried 16 times for 124 yards and caught 3 passes for 74 yards. Cody McCravey carried 4 times for 8 yards and

hauled in a pass for 7 yards. Michael O'Daniel gained 20 vards on 4 carries and connected on one pass for 7 yards. Travis Whitten carried 12 times for 2 yards and was 6 of 15 and 106 yards passing with two interceptions. Landon Neal gained 2 yards on one carry and Wayne Jenkins carried three times for 3 yards. Eric McGinnes caught two passes for 21 vards and Randy Adame snared one for 7 vards.

September 22, 1994

Following the contest, Eagles Head Coach Doug Kuhlmann said, "It was a big win for us. I am really proud of the players ability to win a tight football game against a good football team."

After viewing the game films, the coaching staff named Eagles' Center Larry Sanchez as Offensive Player of the Week. Linebacker Landon Neal was named as Defensive Player of the Week.

This Friday night the Eagles travel to Junction to meet the Sabinal Yellow Jackets. Sabinal's record is currently 1-2 and they were picked by pre-season polls to be in the Class 1-A playoffs. Although the game is in Junction, it is technically a home game for the Eagles and everyone should turn out and support the team.

SWCD Brush Management Tour

submitted by Cindy Cawley

The Eldorado-Divide Soil & Water Conservation District will co-host a brush management tour and director's election on October 6th at the Perry Bolin Ranch located approximately 6 miles southwest of Ft. McKavett, Texas. The tour/election will begin at 10:00 a.m. and will consist of viewing the vegetative response and control of cedar which was chained and burned.

Also, Conley Lott Nichols to choose a director for Zones 1 &

Bobcat Company will demonstrate a method of mechanical/chemical brush control using an attachment to a bobcat called the Tree Shears. The Tree shears cuts the tree at ground level and sprays the stump with chemical. The attachment can also aid in stacking of brush.

Persons attending the tour will receive 1 (one) CEU towards their Private Pesticide Applicator's li-

The Director's election will be

2. Currently the director for Zone 1 is Billy Hausenfluck and the director for Zone 2 is Roy Gene Lloyd. All persons owning farm and/or ranch lands within Schleicher County and are actively engaged in agricultural production are eligibly to vote.

The Sutton County Steakhouse will be catering lunch for \$6.50 per person. For more information, please call either Carrol Green or Cindy Cawley at (915) 853-2720.

SCMC 25th Annual Barbecue

Pictured above, residents of the Schleicer County Medical Center Nursing Home, employees and families enjoy a Fiesta atmosphere at SCMC's 25th annual barbecue.

The Schleicher County Medical Center held it's 25th annual Employees and Residents Barbecue last Saturday. According to Annie Arispe, Activity Director at the Nursing Home the facility was host to 248 hungry participants.

During the evening, residents, employees and guests were treated to delicious barbecue prepared by Bill Clark, Jerry Edmiston, David Smith and Randy Kendirck. After the meal, the group was entertained by magician Oscar Zapata, or as he is better known, "The Wizard of Oz"

The event this year featured a 'Fiesta" theme with Employees and residents attired in Sombreros. It was evident that everyone enjoyed themselves thoroughly.

TOP OF THE DIVIDE

by Thomas Giovannitti

So far no lives have been lost in the invasion of Haiti and a few of the Haitians have shown some joy in the fact that the Junta may be going. Bob Dole did come out against the invasion as did Phil Gram. Actually there is an invasion but not, so far, a violent one. I'm going to leave this subject but before I do I want to explain one more thing. I am not trying to have anything both ways. Calling our President a "Draft Dodger" is not a criticism of his policies, it is a personal attack. Criticize policies all you want; harbor whatever personal antipathy you have toward Bill Clinton; but don't call is policy debate.

Services

Your grandfather sounds like an interesting man. My grandfather also talked to me but since he did it in a foreign language (to me at least) I really did not gather any sage wisdom from him. Actually in any language I don't think Giuseppe Giovannitti was given to wise oratory. He seldom spoke at all even in Italian. He was the only grandparent I knew and he passed away when I was thirteen.

He used to tell us stories in broken English about fighting Indian

when he worked for the railroad Actually he worked on the railroad in Pennsylvania in 1910 when most Indian were somewhat father

Louie were the authors or rather the singers of the "Chicken Opera". It was done in Italian, as are most really good operas, and translated by my aunt Jennie.

It seems my grandfather had a

I do not know whether any of this is true but it made for a good story and it taught me only one lesson and that is to keep my fences mended and not to let the hens run loose

He also was the main human character in his sons' "Chicken Opera". My dad and my uncle

real taste for chicken. He raised fighting cocks (I'm sure he did not fight them as that was illegal in New Jersey). Now these roosters were beautiful to see. Also, the neighbor raised chickens. The Bullock underwent heart bypass story goes that my Grandfather cut a hole in the fence and as his roosters strutted by, the neighbor's infatuated hens would come through the fence and before they knew what happened, they were

by Randy Mankin

In recent weeks, many of you have asked me to divulge the name of the person I wrote about a few weeks back. You remember, the one who gave me all the free advice at one of our local coffee shops. I would love to tell you but I'm afraid I must protect my sources. Anyway, he sort of likes the idea of nobody knowing who he is. He says he's afraid if I tell his name he'd spend too much time signing autographs and not enough time "pondering the mysteries of life." So, to make things easier for us all, I'll just refer to him as "D.W."

D.W. has been pondering a lot lately about politics. Being somewhat interested in politics myself, I spent a few hours with him recently being "enlightened" as to his views on things. "Did ya ever hear a politician answer a simple yes or no question with a simple yes or no?" he asked. "They always have to expound on this or that and make sure they have ever' base covered." I thought about that statement awhile and guizzed D.W. as to why he thought politicians are so hard to pin down. "Just the nature of the beast." he said. "They're afraid somebody's gonna quote 'em and they want to make sure they say somethin' that'll please ever' body."

"Sure is funny how a politician begs and pleads

with the voters and promises 'em ever'thin' under the sun, before he's elected -- and then quick as a wink caint remember who they are, after he's in office." continued D.W. "But, never fear, just as soon as he's up for re-election, why he up and recalls how you an' him were old school chums an' he sees to it that your road gets paved. That is, if he has an opponent. Otherwise, you can forget it for another four years"

D.W. has also been pondering some of the deeper questions of life. Questions like, "Are redheaded women actually hot tempered or is it just propaganda they spread to get us to leave 'em alone?" or "Why is it when I change the oil in my pickup, I caint pour it on the ground -- but the Highway Department sprays it all over the place ever' time they work on a road?"

I'm sure your starting to realize what a prize D.W. really is. If the national press ever finds out D.W.'s true identity, why, we might lose him forever. So, for the time being, I'll protect his privacy and share his pearls of wisdom with you as often as I can. On the other hand, it could be fun to watch D.W. on the David Letterman Show. He could pontificate on the dangers of fluoridated water or demonstrate his recipes for "Sweet & Sour Spotted Owl or Southern Fried Yellow-cheeked Warbler."

State Capital

By Lyndell Williams & Ed Sterling

TEXAS PRESS ASSOCIATION

AUSTIN - Lt. Gov. Bob surgery Sept. 16, three days after greeting more than 1,000 supporters who contributed more than \$1.5 million toward his reelection campaign.

Eight of 11 Republican state senators running for re-election attended the Austin fund-raiser for Bullock, a Democrat, who is serving his first term as lieutenant

"The fact that you're here, that you're my friends, I will never forget it as long as I live," Bullock told the conspicuous eight senators: Teel Bivins, Amarillo; Jerry Patterson, Pasadena; Chris Harris, Arlington; Don Henderson, Houston; Jane Nelson, Flower Mound; Bill Ratliff, Mount Pleasant; David Sibley, Waco and Jeff Wentworth, San

A Bullock spokesman told The Dallas Morning News that the Texas Republican Party warned those senators not to attend the annual reception for Bullock or risk censure by the party's executive

Bivins said he and other legislators received complimentary tickets to the event, and that he would support Bullock's opponent, Tex Lezar, on the November ballot.

Lezar, however, said he thought it "inappropriate" for Republicans to attend, and accused those who attended of being "afraid" of Bullock.

Bill Price, president of the "prolife" group, Texans United for Life, said the GOP senators who attended "betrayed" their party and "engaged in political treachery and back-stabbing of the worst sort."

In the Morning News report, Patterson said he respects Bullock, and "Whether you agree with him or not, he does provide leadership for this state."

Bullock, angered by the threats, sent a letter to all GOP senators telling them that he would not be offended if they skipped the reception. "My respect for you won't be

diminished one bit if your political safety prevents you from attending this event," he said in his letter. Grover Wants on Nov. Ballot

Henry C. "Hank" Grover has filed an emergency motion in U.S. District Court for a restraining order prohibiting the Texas Secretary of State from printing Nov. 8 election ballots without his name on

Grover, a former state senator from Houston, who ran for the U.S. Scnate as a Republican in

1984, also wants the state election voter turnout." law declared unconstitutional because, he said, it is "specifically designed to keep the name of any prospective independent candidate for statewide office from appearing on the general election ballot."

According to the Texas Election Code, an application must be filed not later than the 30th day after the runoff primary election day, and the candidate must secure a petition signed by 1 percent of the total number of people who voted in the last governor's race.

By the 1 percent rule, Grover needed more than 38,000 people to sign his petition, and the law also required he collect the signatures during the 30-day period that followed the March 8 primary election. With that deadline long past, Grover decided to seek relief through the federal court system.

But Ann McGeehan, director of the election legal section of the Secretary of State's office, said Secretary of State Ron Kirk certified candidates on Sept. 12 and counties are now authorized to print the ballots.

Negative Ads Hurt Elections Attack ads may be helpful at cutting down an opponent, but they also cut down the turnout at

election polls. Secretary of State Ron Kirk, Texas' chief election officer, blamed political campaign professionals putting the negative slant on races for public office.

"I think they are hurting voter turnout," Kirk said. "They can justify it because they can say, 'Our job is to get somebody elected.' They don't care about

Kirk estimated about 9 million Texans will be registered to vote by the Oct. 9 deadline, and that about 50 percent of those would actually

Secondhand Smoke in Prisons

Texas prison inmates' complaints - and lawsuits - about secondhand cigarette smoke are getting the attention of the Texas Board of Criminal Justice.

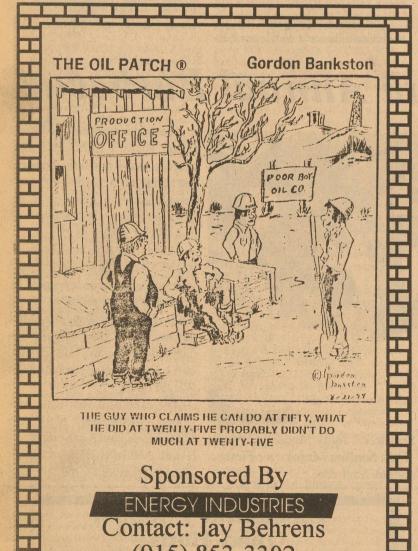

More than half of Texas 92,000 convicts smoke, and though TBCJ chairman Carol Vance said she didn't think a smoking ban was under consideration, she did say that establishing designated smoking areas might be the answer.

Prison system spokesman Charles Brown said smoking policies vary from prison to prison, including no smoking, smoking in designated areas only, and smoking in most ar-

Other Highlights

Former U.S. Treasurer Catalina Vasquez Villalpando was sentenced last week to four months in prison for evading taxes and obstructing justice. Villalpando, 54, a native of San Marcos, pleaded guilty earlier in the year to three felony charges, which included conspiring to hide outside income while she served in the Bush administration.

■ Eighty-six percent of Texans say the Legislature should allow voters to decide whether the state legalizes casino gambling, according to a new opinion poll by the Houston-based Tarrance Group. The survey also found that 52 percent of respondents said they favor allowing a limited number of

Put the Biodiversity Treaty on Hold

he federal government not only needs to get off of our backs — but out of our fields and range lands, away from our springs and rivers.

Texans have come to feel increasingly threatened by their own government. Our private property rights are under attack. Federal regulations designed to protect the environment are being used to, in effect, seize control of privately owned property and restrict its use so as to render it economically

As if that weren't intolerable enough, the U.S. Senate is being asked to ratify a treaty that may well encourage even more government de facto seizures of private property, and allow foreign countries and multinational organizations to interfere as well.

This treaty, called the Convention on Biological Diversity, outlines global rules for protecting and sharing genetic resources. Its intent is to prevent the extinction of species, especially plants, in order to promote the

development of new drugs and foods.

But that high-minded statement of purpose does not begin to describe the potential for mischief the treaty contains. This is one of several agreements which grew out of the 1992 "Earth Summit" in Rio de Janeiro which President Bush wisely decided not to sign, in part because it requires industrialized nations to pay developing nations to participate.

President Clinton did sign the treaty after negotiating a series of "understandings" regarding its interpretation. The Senate, however, has delayed its ratification for a number of valid reasons: The treaty is vague, its details have not yet been spelled out.

But in practical terms, the most disturbing aspect of this treaty is the door it opens for unwarranted interference with both private property matters and state law within the United States. Since 1920 the U.S. Supreme Court has held that local and state laws which conflict with a ratified treaty are void. This treaty would override our local decisions and decisionmakers. Therefore, it is more than likely that every land-use permit, water right, waste disposal ordinance or other rule which affects the use of land and water resources in this country will be subject to challenge as not being in compliance with the broad language of the treaty. For example, both American and foreign environmental groups could challenge cattle ranches as being not "compatible with conservation or sustainable use requirements."

On August 5, I sent a letter to Senate Majority Leader George Mitchell requesting that we delay consideration of the treaty. There are simply too many questions about its potential impact on U.S. domestic law and environmental policies — which are controversial enough without international

The goals of the Biodiversity Treaty are laudable. But, as usual, the devil is in the details. And, in this instance, the details could be used to bedevil the owners of private property on an even broader scale than they are being interfered with now. Until those details are down on paper, in an acceptable form, this treaty should not be ratified.

ADAN RODRIGUEZ, SR. living in Limerick, Republic of

ELDORADO -- Adan R. Rodriguez, Sr., 63 died Friday, Sept. 16, 1994, in a San Angelo hospi-

Services were held Monday, Sept. 19th, 1994 at Our Lady of Guadalupe Catholic Church in Eldorado with burial in the Eldorado Cemetery, under the direction of Kerbow Funeral Home.

He was born Aug. 8, 19031, in Ciudad Acuna, Coahuila, Mexico, and had lived in Eldorado since 1962. He was a retired roustabout and rancher, and was a member of Our Lady of Guadalupe Catholic

Survivors include his wife, Elena Rodriguez of Eldorado; two sons, Rogelio Rodriguez of Eldorado and Adan Rodriguez, Jr. or Eunice, New Mexico; two daughters Elena Aguilar and Berta Nicholson, both of Eldorado; two brothers Ponposo Rodriguez of Eldorado and Abel Rodriguez of Ciudad Acuna; six sisters, Pilar Rodriguez, Antonia Trevino, Juana Ortiz and Rebecca Rodriguez, all of Ciudad Acuna, Elena Alcala of Del Rio and Manuela Rodriguez of Eldorado; 10 grandchildren; and a great-grandchild.

DAVID WILLIAM "BILL" SPENCE

David William "Bill " Spence died Wednesday, July 6, 1994 at Otsego Memorial Hospital in Gaylord, Michigan.

Bill was born in San Antonio, Texas on August 21, 1922, to Thomas and Fay Baugh Spence. During Bill's early years his family moved about much of Texas as his father was a civil engineer. Bill was graduate from Bryan, Texas, High School. He served in the Army Air Corps in the Pacific Theater during World War II, attaining the rank of First Lieutenant. He graduated from the University of Texas at Austin with a degree in Electrical Engineering in 1949, earning membership in two honorary societies, Eta Kappa Nu and Tau Beta Pi.

Bill's first job was in Syracuse, New York, where he worked for the Power Company, taught engineering classes, wrote a textbook, and attained a Masters Degree in Electrical Engineering. He moved to Houston in 1956 to work for Houston Lighting and Power, then went with Texas Instruments.

He later joined Infotronics and served as their liaison in Europe,

Ireland, for four years. As a design engineer, he created medical analytical instruments and was granted several patents during this time. For the past several years Bill worked again for Texas Instruments, until his retirement in 1991. He continued his work on the Small Computer System Interface(SCSI) standards, taught SCSI seminars, and consulted for customers with power supply problems until his death.

Bill was a registered professional engineer and a Life Senior Member or the IEEE. He served as treasurer, secretary, vice president and president of the Central Texas Chapter.

Bill was descended from families with deep roots in Texas. His mother was born at The Grove and traveled West with her family to Schleicher County where they homesteaded several sections about 1907. In that ancestral line were Abner and Mary Kuykendal who arrived in Texas from Arkansas Territory about 1821 to receive land grants as members of the "Old Three Hundred" Colony of

Bill's paternal great-grandfather, Joseph Spence Sr., arrived in Austin from Tennessee in 1859. He later was appointed Commissioner of the General Land Office. Bill's great uncle, Joseph Spence Jr., was active in the early development of San Angelo and was Tom Green County's sixth judge. A great-grandfather, Captain Sidney Green Davidson, was killed while fighting Indians near Big Spring in 1861. Bill's grandfather, David Wendell Spence, was a civil engineer who became Dean of Engineering at Texas A & M College. Another great-grandfather, Thomas Sidney Reese, who resides in Hempstead, was a Judge of the Texas Court of Civil appeals at Galveston.

Bill and Linda were vacationing with Linda's mother Jane Doremire at the time of his death. Following cremation of the body. Bill's ashes was buried in the family plot in Oakwood Cemetery at Austin, Texas. A memorial service was held Graveside on Saturday, September 17, 1994. Reverend Arlen Jones presided. A memorial service was held on July 10, 1994 in Michigan for family and friends there with the Reverend Robert Shaffer presiding.

Bill was at his happiest at the

family ranch near Eldorado, Texas. he spent many hours there preparing their home where Mrs. Spence will reside. He loved his work and he loved to travel. His hobby was "home improvement" and he served as Mr. Fix-It wherever needed.

Survivors include Bill's wife, Linda Doremire Spence of Eldorado and Round Rock, Texas; sons Tom of Austin, Texas, Kart of Beaumont, Texas, and Alan of Synovial, California; daughter Laura of Synovial, California; step children Melanie, Steven and Deanna Berg; grandson Derek Berg and granddaughter and

granddaughter Leisel Spence; brother and sister in law, George and Catherine Harris Spence of Eldorado and San Angelo, Texas; daughter in law Violet and many

The family requests "no flowers, please." An engineering scholarship memorial fund will be set up in Bill's name at the First National Bank in Eldorado, Texas, 76396. A portion of the fund will be dedicated for minorities Bill was a great believer in education and achievement for everyone. He was a very special person. Please take this opportunity to share in preserving his memory

"Nutrition of the 21st Century Now"

How Hudson Livestock Supplements Work

The special enzyme producing premixes we use are produced by a unique fermentation process that stimulates the natural production of certain enzymes within the animals. The improved rumen fermentation results in increased digestability of protein from roughage and reduces the need for supplemental protein. The process breaks down the carbohydrates in the feed to obtain the most nutrients available. In the break-down process, the complex carbohydrates are changed to simple sugars to speed up the fermentation process which increases the passage of properly processed feed stuffs into the progressive stages of digestion. Our products contain a high concentration of specific trace elements, vitamins, proteins & minerals. It is a hard cooked molasses based product that also provides energy to

Ragles View

Pictured above, #77 Cory Reeves and #62 Randy Spears open a hole for an Eagles' runner during the Eagles JV 22-0 win over the Sonora Broncos.

The Eldorado Eagles JV team traveled to Sonora last Thursday evening to take on the Sonora Broncos' JV. The Eagles were able to capitalize on strong Defensive play to take home a 12-8 victory

Both teams had to contend with a constant rain which made moving the ball difficult and turnovers plentiful. But, the Eagles scored first on a 55 yard run by Clay Butler to make the score 6-0. However, a two point conversion attempt was fumbled and Sonora ran it back to move the score to 6-2. Sonora added a touchdown on a 70 yard run but failed on their 2-point conversion attempt. At half-time the score stood at 8-6 in favor of the Broncos.

A trick-play in the third quarter saw Eldorado's Cory Reeves rumble for 53 yards from punt formation to score the Eagles' go-ahead touchdown. The two-point conversion attempt failed and the Eagles' defense held on to secure the 12-8 win

In the game, the Eagles had 7 first downs on 245 yards of total offense. Of that total, 220 came on the ground while 25 was gained by passing, the Eagles fumbled 4 times, losing 3 to the Broncos.

Offensive Leaders for the Eagles were Clay Butler with 10 carries for 82 yards and a TD, Cory Reeves one run for 53 yards and a TD, Garrett Bownds 8 tries for 34

yards, Ricky Gibson 6 carries for 24 yards, Beau Sallee rushed 9 times for 24 yards and Brandon Dresner carried twice for 3 yards. Casey Snelson connected on both of the two passes he threw. Wade Dakan hauled in one pass for 17 yards while Clay Butler caught the other for 8 yards.

Defensively, the Eagles held the Broncos to 2 first downs and 86 yards of total offense. Sonora players fumbled the ball 6 times and the Eagles recovered 3 of those.

Coach Paul Michalewicz stated after the game, "Because it rained the whole game, it made it difficult to move the ball offensively. Our kids did a good job of maintaining their composure. The Offensive line did a good job of blocking and we controlled the ball enough to rest our Defense.

"The Defense did an outstanding job." continued Michalewicz.
"Sonora had only two first downs.
One was by penalty and the other on their 70 yard TD run."

Aaron Turbeville was named Eagles' JV player of the week for his determined play against the Sonora JV and for his strong play during the week in helping the Eagles Varsity prepare for their game against Sonora.

The Eagles JV has an open week this week, but will face Wall at 6:00 p.m. Thursday, Sept. 29th at Eagle Stadium.

EMS Eagles Split Pair With Sonora

The Eldorado Middle School split a pair of games with the Sonora Broncos here last Thursday evening. In a steady rain, the 7th Grade Eagles upended the Sonora 7th Graders by a score of 22-0. In the second game of the night, the Eagles 8th Grade squad fell in a close match with the 8th Grade Broncos by a score of 8-0.

In the 7th Grade contest, Running Back Lance Mitchel provided lots of excitement. He scored the Eagles first points after dropping the ball on a sweep around the right end. Mitchel recovered his fumble, reversed his field and scored from 29 yards out. The Eagles second score came when Lance Mitchel hit Tight End Steven Valero on a 40 yard sweep pass play.

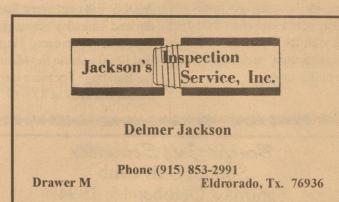

On the opening kick-off of the second half, Lance Mitchel returned the kick 65 yards for yet another score. The 7th Grade Eagles have improved their season mark to 2-0.

Coach Larry Mitchel commented after the game that "The offensive line led by Bobby Adame and Kary Gibson did an outstanding job! Joseph Wink, Casey Poyner and Francisco Garza had good defensive plays for the Eagles to keep Sonora from scoring "

Following the 7th Grade Game, the 8th Graders kicked-off in a steady downpour. Neither team was able to move the ball very effectively due to the wet conditions. Dropped passes and fumble, killed several Eldorado drives. Sonora scored on an 80 yard punt return and converted on the two point try to account for all the scoring in the game.

Coach Tom Dean stated after the contest, "A loss like this is hard to take, especially when we played well defensively. The kids played hard and fought up till the very end." According to Coach Dean outstanding efforts were turned in by Victor Pina, Mitch Wilkerson, Dusty Nolen and Anthony Pena.

The Middle School Eagles will next take the field in Wall against the Wall Hawks on Thursday, September 29th. The 7th Grade game is set to begin at 5:00 p.m. and the 8th Grade contest will begin around 6:30 p.m.

Loomis On The Law

It has been another hectic week, plus my first chance to see the Eagles play football for a fantastic Homecoming win, so I only have one movie to talk about.

It is The Crow starring Brandon Lee and is Rated "R" due to its graphic violence and adult language. This is one of this year's most talked about films by the critics, not only because it is so unusual, but because the star was accidentally shot and killed during its filming. Brandon Lee (Rapid Fire) plays Erick Draven, a young rock guitarist, who, along with his fiancee, is brutally killed by a ruthless going of criminals. Actually, the adjective "ruthless" doesn't do these guys justice.

I've never seen such a bunch of purely evil characters. Exactly one year after this death, Eric returns - watched over by a hypnotic crow - to seek revenge, battling the Light.

by Raymond Loomis, Attorney at Law

what a Will is and the advantages

of having a Will. Your Will may

contain a provision, or provisions,

which create a trust, or trusts, to hold

some or all of your assets. A trust

created in a Will is referred to as a

testamentary trust. A trust is a 3

party agreement or document. It

consists of a grantor (sometimes

referred to as the "settlor"), the

trustee, and the beneficiary or

beneficiaries. (However, a person

can be in more than one of the

positions of the same trust.) The

grantor creates the trust and puts

assets into the trust. The trustee

holds and manages the assets for the

benefit of the beneficiaries. The

Kerbow **Funeral Home** **MEDITATION OF MY HEART**

In Mark 5:22-42, there is an account of a man named Jarius who entreated Jesus to come and heal his dying daughter. In the last part of verse 36, Jesus tells Jarius, "Be not afraid, only believe." Those words were spoken to encourage Jarius to continue on in spite of what the circumstances were. Let us look at those circumstances.

When Jarius found Jesus in verse 24, it states "much people thronged him." Can you imagine this anxious father trying to get Jesus to his house and all of these people getting in the way? In addition to the throng of people, some woman touches Jesus, gets healed and Jesus stops to find out who touched him. Delays! Delays! I am sure Jarius was worried that they would never reach his daughter in time.

Just when it seems they are ready to go again, some people from Jarius' household come to say "Thy daughter is dead, why troublest thou the Master any further?" It is at this point that Jesus steps in and says "Be not afraid, only believe." He clears out the crowd. then Jesus, Jarius, Peter, James and John continue on to Jarius' house. Look at how in the face of the impossible the Master himself clears the way and speaks words of hope and promise to this anxious father's heart.

Arriving at the house, the sounds of futility met them in the cries of the mourners. Within the house, Jarius comes face to face with the impossible, the lifeless body of his beloved daughter. Still the words of Jesus, "Be not afraid, only believe." give him hope and peace. Then Jesus takes hold of the problem and the impossible must yield to Him. Jesus restores the daughter to Jarius, well and whole.

Many of our petitions are subjected to the delays Jarius experienced. Everything seems to be going so slowly. Then other people receive their answers and we are still waiting. Finally, there comes that moment when only the word "Impossible" can describe our situation and we are tempted no to "trouble the Master" anymore. But, when Jesus speaks to our hearts, "Be not afraid, only believe." the delays start to clear out. When we are faced with the sights and sounds of the impossible, his words brace us up and give us courage and faith to continue on. the impossible must yield to His will and give way to the miracles He performs in our lives.

Today in the face of the impossible, let the Master of the impossible speak to you heart, "Be not afraid, only believe."

Good Neighbors Club Meets

By Ruth Barbee

The Good Neighbor Extension Club met with a Luncheon at the barbecue house of Mrs. Elenor Powell.

Nancy Lester gave the program on food nutrition. She shared some wonderful recipes with us and served some of the delicious

dishes at the luncheon.

Those attending were Linda Daniels, Ola Ruth Barbee, Margaurite Gillaspy, Bobbie Killebrew and Nancy Lester.

Our next meeting will be in the home of Linda Daniels, October 18th at 2:30 p.m.

and Janice Ratliff, Thomas and Joyce Dunn, Mr. and Mrs David

Blum, Mr. and Mrs. James Blum.

Kenneth and Barbara Smith. Rick

and Jan Fuessel, Buddy and Doris

Smith, Dave and Edie Curran, L.R.

Ag Groups Endorse Perry

Texas Agriculture Commissioner Rick Perry passed through the area last Friday afternoon to kick-off his fall re-election campaign. Touring the state with Perry were representatives of several agriculture groups which were endorsing his campaign. Among the groups are: Texas Farm Bureau, Texas and Southwestern Cattle

Raisers Association, Texas Cattle Feeders Association, Texas Cotton Ginners Association, Associated Milk Producers and the American Meat Goat Association.

Perry told assembled farmers and ranchers that he would continue to "work for the best interests of Texas agriculture."

Pictured above Tom Green County Farm Bureau President, Pete Case greets Texas Agriculture Commissioner Rick Perry at one of Perry's recent campaign appearances.

Schleicher County EMS Seeks Funds

The Schleicher County EMS is Hay, Sanders and Co. L.L.P., J.T. seeking donations to help underwrite its operating expenses. Annually, the EMS receives contributions from Schleicher County, the City of Eldorado, the Schleicher County Independent School District and the Schleicher County Medical Center. Those funds, however, are set aside and dedicated to purchasing new ambulances as they are needed.

Day to day operations of the service depends on depends on payments received from insurance companies and patients. Since the sevice is limited in what it can charge for transporting Medicare patients, and since a good number of the services patients are indigent, there is seldom money left over at the end of the month.

One way the EMS has been receiving funds is through memorials. Many times, loved ones will make cash contributions to the service in memory of a departed relative or friend. Such donations are always promptly and gratefully acknowledged by the EMS

FOR MORE INFORMATION CALL 1-800-565-3126 By Order of the United States District Court for the Southern District of Alabama, a class action has been conditionally certified for settlement purposes on behalf of Settlement Class Members (as defined below) who may now or later have claims against Ciba-Geigy Corporation arising out of work-related exposure to Galecron®. On January 30, 1995. a fairness hearing will be held at the Courthouse, United States District Court, Southern District of Alabama, 113 St. Joseph St., Mobile, Alabama, 36602, at 9:00 a.m. Central Time, so the Court can determine if the class action should be finally certified and if the Settlement summarized in the Notice should be approved as fair, reasonable and adequate. This hearing may be continued without further notice.

DEFINITION OF CLASS

Under the Settlement, Galecron® is defined as chlordimeform or any chlordimeform-containing product, either manufactured, formulated, packaged, distributed or sold by or on behalf of Ciba-Geigy Corporation or related parties, regardless of the trade name of the product; or any metabolite of Galecron®, including the substance known as 4-COT or 5-CAT.

- All persons who fall into one of the following categories, and who reside in the United States as of the date of filing of the Class Action Complaint, who have been exposed in the United States to Galecron® ("Exposed Persons")
 - Plant Workers: An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment at Ciba-Geigy Corporation's St. Gabriel, Louisiana or McIntosh, Alabama sites, was exposed to Galecron®, including, without limitation, individuals who worked in manufacturing, formulating or packaging Galecron® or in the waste disposal of Galecron®, or worked in the construction, demolition or maintenance of any facilities used for the foregoing activities at such St. Gabriel, Louisiana or McIntosh, Alabama sites; or
 - Formulators: An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment was exposed to Galecron® while at a plant or site which was involved in mixing, blending, packaging, handling or otherwise formulating pesticides which contained, in whole or in part, Galecron®; or
 - Applicators: An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment, was exposed to Galecron® while involved in the application of pesticides which contained, in whole or in part, Galecron®, including, without limitation, aerial and land applicators, flagmen, mixers, blenders, loaders and other individuals who handled such pesticide prior to or during the application process; and
 - Other Covered Workers: An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment was exposed to Galecron® at the Clean Land, Air, Water Corporation or Environmental Purification Advancement, Inc. disposal sites located near Bayou Sorrel, Louisiana; at Empak, Inc. in Deer Park. Texas; or in a testing or research laboratory, whether or not owned by Ciba-Geigy Corporation; or

The spouses, parents, children or other relatives of the Exposed

(Collectively "Settlement Class Members"). Note: If you are an Exposed Person, you are a Settlement Class Member whether or not you have been diagnosed with an illness. Spouses, parents, children or other relatives are Settlement Class Members but the claims they are settling are limited to those arising from an Exposed Person's exposure.

Relevant Dates Galecron® was registered for use from 1968-1989. Some Exposed Persons may have been exposed before or after those dates.

IMPORTANT MEDICAL NOTICE To Plant Workers, Formulators, Applicators and Other Covered Workers (as defined above):

You may have an increased risk of developing bladder cancer if ou had on-the-job exposure to Galecron®. Workers exposed to Galecron® should participate in a medical monitoring program bereatment. As part of the Settlement, Ciba-Geigy has agreed to establish a medical monitoring program for the detection of bladde cancer for those individuals who do not exclude themselves from the awsuit. Within six months, this program should be available free of charge to all Exposed Persons who do not exclude themselves from

that you or your doctor call 1-800-565-3126 to learn how you can obtain further medical information or enroll in the medical monitor

BRIEF SUMMARY OF LITIGATION

On February 8, 1994, a class action lawsuit was filed against defendant, Ciba-Geigy Corporation ("Ciba-Geigy"), in Alabama State Court, which lawsuit was later removed to the United States District Court for the Southern District of Alabama. The Complaint, as amended, alleges that the Settlement Class as defined above is entitled to damages for medical monitoring and other compensation as a result of Exposed Persons' exposure to Galecron®.

Ciba-Geigy has filed an Answer denying all essential allegations of the Complaint, and asserting affirmative legal defenses. The Court has decided that the case can proceed as a class action for purposes of settlement only. This does not mean that the Class Representatives would have been successful had the case gone to trial. The Court has made no such determination, and the proposed Settlement is not to be construed as an expression of any opinion by the Court as to the merits of any of the claims asserted against Ciba-Geigy.

IV. PROPOSED SETTLEMENT

A Settlement has been entered into between the Class Representatives, Class Counsel and Ciba-Geigy, which will resolve all past, present and future claims against Ciba-Geigy arising out of Exposed Persons exposure to Galecron®. The Settlement provides for the establishment by Ciba-Geigy of two funds to provide medical benefits and compensation to Exposed Persons or their legal representatives.

The Medical Monitoring and Treatment Fund ("The MMT Fund"). If the Settlement is approved, Ciba-Geigy will make an initial deposit of \$5,000,000 into the MMT Fund, and will thereafter make additional deposits on an as-needed basis. There is no limit to the amount of money Ciba-Geigy can be required to contribute over the life of this

The MMT Fund will pay for a medical monitoring program de signed to detect at an early stage the form of bladder cancer alleged to be associated with Galecron®: specifically, primary urothelial carcinoma of the urinary collecting system, i.e., renal pelvis, ureter, bladder and urethra. The MMT Fund also will pay for all medically necessary treatment not paid for by Medicare or Medicaid if the Exposed Person has been or in the future is diagnosed with such bladder cancer

The MMT Fund will pay for medical monitoring to Exposed Persons for a period of 20 years, and will pay for medical treatment until one full year passes with no claims for treatment being filed but in no event less than 20 years. Ciba-Geigy will have no obligation to continue the medical monitoring and treatment program if the Settlement is not approved. Only Exposed Persons, i.e., eligible Plant Workers, Formulators, Applicators and Other Covered Workers, as defined in this Notice, will be entitled to medical monitoring and treatme

The Disease Compensation and Administration Fund ("The DCA Fund"). If the Settlement is approved, Ciba-Geigy will also make an initial deposit of \$30,000,000 into the DCA Fund. In addition to medical treatment paid for by the MMT Fund, the DCA Fund will make cash payments of up to \$410,000, as set forth in more detail below, on behalf of an Exposed Person who, after exposure to Galecron®, has developed or in the future develops the form of bladder cancer alleged to be associated with Galecron®: specifically, primary urothelial carcinoma of the urinary collecting system, i.e., renal pelvis, ureter, bladder and urethra. Cash payments will vary depending upon the Exposed Person's age, smoking status and participation in the health screening program For Exposed Persons who are non-smokers and participants in the health screening program, the cash payments will be as follows: (a) \$10,000 in the event of treatment involving an invasive procedure (this is a onetime payment regardless of the number of procedures); (b) up to \$150,000 in the event of a radical cystectomy (bladder removal) with diversion of the urinary tract, which amount will decrease with a person's age to a

minimum of \$10,000 if the Exposed Person is 85 years or older; and (c) up to \$250,000 in the event an Exposed Person's death is found to be caused by bladder cancer, which amount will decrease with age to a minimum of \$17,500 if the Exposed Person is 85 years or older. An Exposed Person may collect separately for (a), (b) and (c) above, so that the maximum payment to an Exposed Person is \$410,000. The cash payments described above will be reduced by 12.5% if the Exposed Person had smoked in the five years prior to diagnosis. A separate 12.5% reduction will be made if he or she had failed to participate in the health screening program in each of the three years prior to diagnosis (or in each year that the program was available, if less than three years). The DCA Fund also will pay \$1,000 to any Exposed Person who was diagnosed with hemorrhagic cystitis within three months following exposure (this is a onetime payment regardless of the number of manifestations). In addition the DCA Fund will pay for administrative costs, and class counsel's attorneys' fees, costs and expenses as determined by the Court. All cash payments from the DCA Fund are paid only on account of a compensable claim of an Exposed Person, i.e., an eligible Plant Worker, Formulator Applicator or Other Covered Worker, as defined in this Notice. Cash payments to a spouse, parent, child or other relative will only be made if they are the legal representative of an Exposed Person.

The benefits of the DCA Fund will continue as long as the MMT Fund continues, or until the DCA Fund is exhausted as set forth below Ciba-Geigy has agreed to pay up to a maximum of \$45,000,000 for the benefits afforded by that Fund. If the DCA Fund is exhausted, Ciba-Geigy may continue paying for compensable claims. If Ciba-Geigy does not continue to pay, Settlement Class Members will be able to opt-out of the DCA Fund and will regain their right to pursue any legal claims they may have, except for claims for medical monitoring, medical treatment fear of illness or cancer, or increased risk of illness or cancer, because medical monitoring and treatment will continue to be available

(3) Other Conditions. The Stipulation of Settlement presently provides for medical monitoring, treatment and compe ments for certain medical conditions set forth in this Notice. In the event however, that a Court approved Epidemiology Panel determines to a reasonable medical certainty that any other medical condition is caused by Galecron® exposure, that condition will be deemed a compensable claim and will be eligible for medical monitoring (if feasible); medical treatment; and cash payments. The cash payments will not exceed the maximum amounts payable for the covered medical conditions set forth above.

Administrator. A nationally recognized entity or entities with substantial investment and medical claims administration experi Administrator will determine whether a Settlement Class Member is eligible for benefits under the settlement. Any disputes concerning a Settle ment Class Member's entitlement to benefits will be resolved by a Medical Advisory Panel or by a single arbitrator, depending upon the issue in dispute. The decision of the Medical Advisory Panel or arbitrator each have the effect of an arbitration decision and shall be binding upon all parties, including the Settlement Class Member

(5) Release. Settlement Class Members who do not exclude themselves from the Class release all past, present and future claims: (i) relating to the covered medical conditions listed above; and (ii) relating to an Exposed Person's exposure to Galecron®, including all claims al leging that any other cancers, personal injuries or risks are caused by exposure to Galecron®. This means that claims that Galecron® exposure caused any condition other than those medical conditions listed above will be released, but will receive no compensation or treatment, unless the Court approved Epidemiology Panel finds that such other condition is caused by Galecron® exposure. The release is effective as against Ciba-Geigy and certain additional releasees as defined in the Stipulation of ement, including Ciba-Geigy, Ltd., the parent of Ciba-Geigy.

If you believe you are a member of the Settlement Class, and have any questions regarding any of the benefits set forth above, you are urged to call 1-800-565-3126 for further information.

CLASS REPRESENTATIVES AND

The Court has designated the following Settlement Class Members, Russell W. Price, Leslie E. Hoven, Grady W. Brown, Jennie Ropp Brown, Jack Harley Woodward, Alta Woodward, Joe H. Bowman and Martha Annie Bowman, as class representatives to represent all Settlement Class Members. The Court has also designated as Class Counsel the following individuals: Timothy E. Eble; J. Cecil Gardner; Joseph J McKernan; S.C. Middlebrooks III; Charles W. Patrick, Jr.; and Patrick

The Class Representatives and Class Counsel believe that the proposed Settlement is fair, reasonable and adequate. Class Representatives and Class Counsel have entered into the proposed Settlement after weighing the substantial benefits against the probabilities of success or failure, and the long delays that would be likely if the case proceeded to

There has been no agreement between the parties regarding attorneys' fees. At the fairness hearing, Class Counsel will request the Court to award attorneys' fees and reimbursement of costs and expenses, to be paid from the DCA Fund. Class counsel will request a percentage fee award not to exceed 20% of the benefit conferred on the class, half of which will be requested to be paid over a 4-year period while legal work

VI. RIGHTS AND OPTIONS OF SETTLEMENT CLASS MEMBERS

If you are a Settlement Class Member, you have the following

(1) You may do nothing and remain a Settlement Class Member. If you choose to take no action, your interests as a member of the Settlement Class will be represented by the Class Representatives and Class Counsel, at no cost to you individually. You will be bound by any judgment or final disposition of the litigation, and may participate in the benefits available as a member of the Settlement Class. tant, however, to fill out the REQUEST FOR INFORMATION FORM in order to learn how to receive benefits.

(2) You may remain a Settlement Class Member and either represent yourself or hire your own attorney to represent you at your own cost. You or your attorney must file an Entry of Appearance with the Clerk of the Court and send a copy to Class Counsel and Ciba-Geigy, at the addresses set forth below. Such Entry of Appearance must be filed by December 16, 1994.

You may remain a Settlement Class Member and object to the Settlement. Any Settlement Class Member who does no elect exclusion from the Settlement Class and who objects to the proposed Settlement must mail such objections and any supporting papers to the Clerk of Court, at the address set forth below, on or before December 16, 1994. If the person filing the objection intends to appear personally at the January 30, 1995 Fairness Hearing described above, he or she must file with the Clerk, on or before December 16, 1994, a Notice of

Intent to Appear. Any Settlement Class Member who does not file objections in the time and manner described above is forever foreclosed from raising any objection to such matters. Any Settlement Class Member whose objection is overruled will still be bound by any judgment or final disposition of the litigation. Copies of all objections and Notices of Intent to Appear that are mailed to the Clerk of Court must also be mailed to Class Counsel and to counsel for Ciba-Geigy at the following

Class Counsel Galecron Class Action Charleston, SC 29402 Counsel for Ciba-Geigy Henry B. Alsobrook, Jr. Adams and Reese 4500 One Shell Square New Orleans, LA 70139

(4) If you choose to remain a Settlement Class Member (under Options 1, 2 or 3 above), you may receive the benefits afforded by this Settlement within six months of the Court's Order directing this Notice. Ciba-Geigy has agreed to make all benefits afforded by this Settlement available to Settlement Class Members on an interim basis prior to final Court approval of the Settlement. The appropriate Proof of Claim forms will be required (see Section VII below). and an appropriate release will be required for any cash payments made. During this interim claims procedure, class counsel's fees and expenses will be paid upon approval of the Court and ultimately deducted from the DCA Fund initial deposi

(5) You may request exclusion from the Settlement Class. If you elect to be excluded from the Settlement Class, you will not be bound by any judgment, disposition, or settlement of the class action, but you also will not be able to participate in the Settlement. You will retain and be free to pursue any claims you may have. If you wish to exclude yourself from the Settlement Class, you must mail a request for exclusion to the following:

> Clerk of Court United States District Court For the Southern District of Alabama 113 St. Joseph Street Mobile, Alabama 36602

Your exclusion request must set forth your full name and current address. Your written request for exclusion must be post-marked no later than December 16, 1994.

In order for an Exposed Person to receive medical monitoring he or she will be required to submit proof of certain employment-related exposure to Galecron®. In order to receive medical treatment or the disease compensation outlined above, a Settlement Class Member will also be required to have been diagnosed, subsequent to exposure, with one of the covered medical conditions listed above. A Proof of Claim to participate in medical monitoring may be submitted at any time during the duration of the program. A Proof of Claim for a covered medical condition must be submitted within one year of diagnosis (or, if the condition has already been diagnosed, within one year after approval of the

The Proof of Claim is designed so that you may complete it yourself. Class Counsel is available to answer questions you may have about claims procedures, without charge to you. If you desire legal assistance, you are free to retain an attorney of your choice

To obtain a Proof of Claim Form for medical monitoring, medical treatment or disease compensation, please call 1-800-565-3126 or fill out the REQUEST FOR INFORMATION FORM below and mail it to Class Counsel at P.O. Box 974, Charleston, SC 29402. No benefits will be available to any member of the Settlement Class unless he or she submits the necessary Proof of Claim Form.

VIII. FOR FURTHER INFORMATION THIS NOTICE IS ONLY A SUMMARY. The complete terms of

the Settlement, and all other pleadings and relevant documents in this litigation, are on file and may be examined or copied during regular business hours at the offices of the Clerk of the Court, United States District Court, 113 St. Joseph Street, Mobile, Alabama 36602. DO NOT CALL THE CLERK OF COURT if you have any questions about this Notice or the Settlement. Address any questions regarding this Notice or Settlement in writing to the Class Counsel at P. O. Box 974, Charleston, SC 29402, or by calling 1-800-565-3126. Any requests for additional information, like the Proof of Claims

Forms or a complete copy of the Settlement, should be made by 1-800-565-3126, or by filling out the REQUEST FOR INFORMA-TION FORM below and mailing it to Class Counsel. It is recommended that all Settlement Class Members who do not wish to exclude themselves mail the REQUEST FOR INFORMATION FORM, as it will facilitate further communication if the Court approves the Settlement. If you do not mail the attached form, the Court may not be able to communicate with you directly and you may not learn how to receive your
