## Objections Arise To Postal Change

### Chamber Manager Asking Co-operation

With an announcement this week that all out of town mail sent out of Muleshoe will no longer bear a Muleshoe postmark, various objections are beginning to be voiced.

Mail from Muleshoe now joins mail from Brownfield, Littlefield, Lamesa, Post, Tahoka, Levelland and Morton in being processed and 'cancelled' in the Lubbock post office. This is part of three-areas in the state pilot program and all out of town letter-size mail is being sent to Lubbock to be handled by a high-speed cancelling machine.

This makes a total of 42,000 more letters per day to be handled through the Lubbock office. This bigger load is an experiment in the nation's Area Mail Processing Program which post office officials is designed to save time and manpower in the smaller post offices.

Although the high-speed machine is supposed to facilitate handling of mail, area persons, especially business people say there is a definite slow down in mail being processed through the Lubbock office. One parts manager said orders formerly mailed on Friday were received in the Dallas warehouse on Monday, and now they are not received before Wednesday.

Chamber of Commerce Manager Jerry Hutton said the Muleshoe Chamber of Commerce is working with area towns in an attempt to secure the local postmarks back for the towns involved. He said that presently, petitions are being circulated, asking for signatures of people objecting to moving the Muleshoe postmark for out of town mail to the Lubbock post office.

Officials said that since Muleshoe and the other towns in the pilot program transport their mail through Lubbock, they believe it may be cheaper to do all the processing in the main office rather than have it made up the slow way in the smaller offices.

The local Chamber manager said that more than signing a petition, they are asking that everyone in the area write to their congressman or representative. He said more effective words can be spoken if the residents of Muleshoe either write or call, and using their own words, tell why they would like to keep the local postmark here.

The Chamber of Commerce is asking that letters and calls be made to Senators Ralph Yarborough and John Tower: Re-Cont'd, on Page 4, Col. 3

### Local Church Sets Revival For This Week

Paul McClung, a graduate of Abilene Christian College and well known gospel preacher, will conduct a revival at the Muleshoe Church of Christ from July 6-12. He presently is serving as minister of the Faith Village Church of Christ in Wichita Falls.

Services will be held at 10 a.m. and 8:15 p.m. on weekdays, with Bible Study at 9:30, worship services at 10:20 and evening services at 6 p.m. on Sunday. Songleader will be Jacque Baker of Muleshoe.

The minister served 10 churches in Ardmore, Okla.; Plainview, Lamesa, Wichita Falls and Amarillo. He has conducted revivals throughout the United States and Canada during his 30 years in the ministry.

In the summer of 1955, McClung made a six-week tour of countries of Europe and the Bible lands, during which time he visited some 17 countries.

The picture slides he took on their trip through Lubbock, this trip have been shown several times by McClung in connection with lectures he has presented on Bible geography. Royce Clay is minister of the Muleshoe Church of Christ.

### Nixon's Hospital Veto Overridden

For the first time in ten years, Congress has overridden a presidential veto to approve a \$2.76 billion hospital construction bill. By a 76-19 vote, Congressmen overrode the presidential veto to

unanimously approve the Hill Burton bill.

The Senate action was five days after the House voted 279-96 to repass the measure authorizing further construction under the Hill-Burton Act. With a two-thirds vote required, 212 Democrats were joined by 67 Republicans to pass the measure with 27 more votes than required.

Generally, the southern wing of the Democratic Party has backed President Nixon's policies, but no Democrat lined up for Nixon's veto. GOP leader, Hugh Scott, joined 22 other Republicans and 53 Democrats in the Senate override. The measure passed with 12 votes over the two-thirds majority required.

The Nixon administration has been trying to phase out the Hill-Burton program of direct grants and replace it with a program of guaranteed loans. The bill Congress enacted authorizes \$1.26 billion in grants over the next three years, a round \$350 over budget requests.

Included in the bill is a provision of \$1.5 billion in guaranteed loans but for the first time it requires the president to spend the grant money. According to a Washington spokesman, this prevents him from ignoring it, which past chief executives have done.

When Nixon vetoes the Hill-Burton bill last week he said the measure is "a long step down the road of fiscal irresponsibility, and we should not take that road."

He called on the Democratic-controlled Congress in his veto message to "join me" in holding down federal spending. Democrats, however, assailed the president's priorities.

### Two Floats Honor All Vietnam Vets

In honor of the more than 140 local boys and men who have served or are presently serving in Vietnam, a special dual float honored the servicemen in the 4th of July Parade.

Parade Marshal Jeff Smith and Businessmen Activities Chairman R. A. Bradley expanded on the brain-child and the float idea was born. Beginning originally as an idea to honor returned servicemen from Vietnam, it was expanded to honor the two local youths who lost their lives during the conflict and the servicemen who are presently serving in that Asian country.

The red, white and blue floats definitely feature the patriotic theme, complete with a fluttering American flag and two honor rolls listing the names of all known servicemen in the Vietnam war.

The Hospital Auxiliary was contacted and offered to build the float and Mrs. Frank Ellis was named chairman. Those helping Mrs. Ellis build the float were Mrs. Vivian Stevenson, Mrs. Hugh Young, Mrs. Howard Solawn, Mrs. Jerry Hutton, Mrs. J.B. Young Jr., Mrs. Cooper Young, Mrs. Earl Henry, Mrs. Oscar Allison, Mrs. Vic Benedict and Mrs. J.E. McVickers. Elizabeth Black, art teacher from Muleshoe High School, made the special gold eagle featured. Bradley did the lettering, Curby Brantley the frame work and Earl Henry the base. Mrs. Ellis said she would like to extend a special 'thank you' to all who had a part in the floats through time, efforts or materials contributed.

Although every effort was made to secure the name of every Bailey County serviceman who has been in the Vietnam War, Parade Marshal Smith said he was afraid some names may not be on the honor

roll. He said he would like to assure the parents of any man not listed it was strictly an oversight, and would have been included had they had the information.

The names on the honor roll include: Amado Aguirre, Joe Alcala, Jose Alfaro, Mack Allison, Troy R. Anders, Smitty Aylesworth, Steven Bass, Terry D. Bass, Charles L. Bell, Dale E. Bell, Gary Bell, Ricky Bell, Bobby J. Bryant, Jim Bryant, and Jimmy Cabrera.

Also Mike Cabrera, Carl W. Calhoun, Sammy Cardenas, Ronnie Carthel, Ronny Cawthron, Richard D. Chitwood, Zoal Cody, Bob Copeland Jr., Ramon Cortinas, Bill Cunningham, Don Dale, Walter Denny, Benjamin Elizonado, Joe Elizarraraz, and Cary D. Elliott.

Also B. A. Espinoza, Jessy Espinoza, Kenneth Evins, Ray Fabela, Roberto Flores, Gary Foster, Gerald Foster, R.L. Gabbert, Freddie Gallegos, Jose Galvez, Walter A. Gammon, Alexander Garcia, Jose Garcia, Juan A. Garcia and Juan B. Garcia.

Also Willie Garcia, Juan Garza, Billy Gilbreath, John Gillettino Gonzales, Gonzalo Gonzales, Raul Gonzales, Danny Gulley, Noe Gutierrez, Pete Guinn, Arthur R. Haberzer, Wayne C. Harris, Richard Hayes and Lenard Henderson.

Also Zane Henderson, Garland Henexson, Jerry Hicks, Jimmy Hicks, Wayne Holmes, Adan Huerta, Gregorio Huerta, Richard Hutchins, Ronnie Johns, David Jones, Jimmy Jones, Morgan L. Knight, Malcolm D. McDaniel, Alfredo Mesa and Joe Mesa.

## Sweden, United States Not So Different

Two very special people arrived in Muleshoe June 29. They are Karstin Sunnerheim, from Fannbyn 4056 Ostersund, Sweden and Claes Nyberg, who lives at Fagersta, Sweden. They are sponsored on this trip by the Lion's Clubs of Texas and Sweden. Both of their fathers are Lion's Club members in Sweden and they are staying with members of the Lion's Club while in Muleshoe. They will be in Muleshoe for approximately one month. The first two weeks, Karstin will be staying with Mr. and Mrs. Ernest Kerr and Claes will stay with Mr. and Mrs. Buck Johnson.

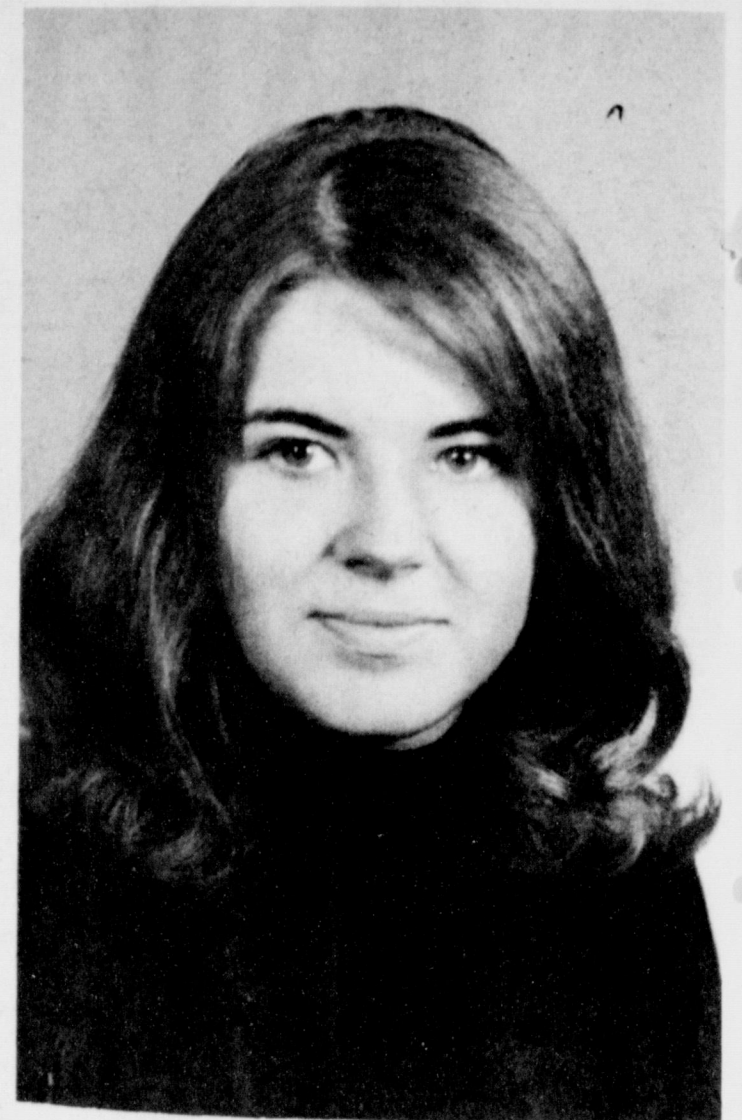

For the second two weeks, Karstin will be staying with Judge and Mrs. Don Cihak and Claes will stay with Mr. and Mrs. Bert Blair.

In an interview, the Journal learned that Claes is fifteen years old and will be in the ninth grade the next school term in Sweden. His father is a baker and he has three brothers and one sister. After school he has a job working at a concession stand selling hot dogs, candy and cold drinks. During school vacation, he works there all day. He seemed very impressed with America and Muleshoe and said he liked "everything". In the winter

months in Sweden he enjoys skiing. Last year he said he broke his leg while participating in his favorite sport.

Karstin is twenty years old, has completed her twelve years of schooling and taught in primary school this past year. She hopes to go to college and learn to be a qualified teacher. In Sweden, one goes to college to learn trades like teaching and goes to the University to become a doctor, lawyer or some other professional person. She enjoys skiing and owns a horse which takes up a great deal of her time. She is anxious to go to a rodeo and see a "real cowboy". She loves bicycle riding which she said was very popular in Sweden at the present time. She recently went on a weekend bicycle trip which covered 50 miles. She also enjoys taking long walks in the woods. She said she likes the United States and Muleshoe is much like her native home except that Muleshoe is flat and Sweden is much more mountainous. She did not like New York City because it made her "feel like a rat in a cage."

Education is different in Sweden because the pupils are much more independent. They learn early in school to use

**AUGUST WEDDING PLANNED . . .** Mr. and Mrs. C. H. Sledge of Hale Center announce the engagement of their daughter, Scharlene, to Don Jay Winingham, son of Mr. and Mrs. B. H. Winingham of Muleshoe. Miss Sledge is a 1969 graduate of Hale Center High School and is a sophomore at West Texas State University. Winingham is a graduate of Muleshoe High School and holds a B.S. degree from West Texas State University. He was a member of Alpha Omega and was treasurer of the West Texas State Geological Society. The wedding is planned for August 7.

their dictionaries and to find out things for themselves. Sweden requires nine years of schooling, but one may go three additional years if he is interested in learning more. The students are taught Swedish, English, German, French, History, Chemistry, Physics and Philosophy in their first nine years of school.

Family relationships are somewhat different in Sweden than in the United States. In Sweden the parents go one way and the children go another. They do not participate in things together. The parents teach their children to be independent much sooner than American parents.

Summer in Sweden is almost always light through out the day. The sun sets for an hour or two but it never gets completely dark. On the longest day of the

year, they have a summer celebration.

In the winter the sun only shines from about ten or eleven a.m. to two or three p.m.

Swedish kids are no different from American kids in the respect that they listen and dance to modern music, and attend motion pictures. "Swedish movies usually require more thinking, they have deeper thoughts," Karstin said she enjoyed the American movies, but preferred the Swedish ones because they required more thinking on her part.

Karstin and Claes are learning many new things about the American way of life and they are teaching some of the people in Muleshoe a little about Sweden.

## Your house should be as good-

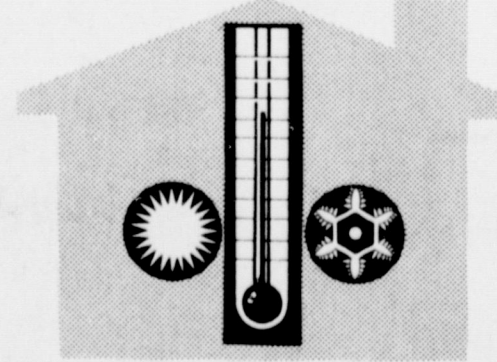

### □ ADEQUATE WIRING

Somebody once figured out that the average automobile has more wiring than the average house, for its size. Your car is adequately wired to serve the many purposes needed. And, so should your house.

### □ LIGHTING

The same person figured out, too, that the average car has more special purpose lights for convenience, safety, and beauty than a house. But, for the same reasons, shouldn't your house have the right kind of lighting, too?

### □ COMFORTS

And, how about comforts... heaters, radios, air conditioners, convenience switches, power steering, power brakes, tape recorders, electric windows, and lots more. Does your home measure up to your automobile? It should, because you probably spend more time there.

When you're building a house... make it a home... make it as good as your automobile... make it a total electric, gold medallion!

**P.S.** Lots of electric power in our area. No worry about shortages. Use it... enjoy it!

## Miss Yerby Goes To Girls State

LEAVING FOR GIRLS STATE . . . Lee Ann Yerby pauses as she departs for Bluebonnet Girls State in Sequin, Texas at Texas Lutheran College.

EDITOR'S NOTE . . . The following is a story submitted to the Journal by Lee Ann Yerby about her trip to Bluebonnet Girls State which was sponsored by the Muleshoe American Legion Auxiliary, The Veterans of Foreign Wars, The Muleshoe Branch of American University Women and Kappa Kappa Iota Sorority.

By Lee Ann Yerby  
It was one of the most fulfilling and enriching experiences I have ever known. I am, of course, speaking of my stay at Bluebonnet Girls State. The program is very educational and lots of fun. One of the main things that I realized was that it is a wonderful, God-given privilege to be a citizen of this glorious country of ours. Involvement was the key word at Girls State. I was involved in one capacity or another from the day I arrived until the moment I stepped off the bus in Lubbock, June 26.

The day I arrived, I was assigned to the Senate and the Nationalist Party. I had party, city, and legislative interviews that day. After the interviews, I went to my political party rally. Immediately afterward, I literally fell into bed.

The next few days were filled with lectures, city and county organization, legislative sessions, and party and city elections. One had to begin campaigning almost immediately upon arrival, because state elections were Sunday night, four days after our arrival.

We heard many interesting speakers during our stay. Some of our distinguished guests were: Henry Hill, Commander American Legion, Mrs. Clayton Mann, President, American Legion Auxiliary, George Bush, Lloyd Bentsen, Paul Eggers, Barbara Jordan, State Senator, Harris County, and the Honorable Preston Smith.

The highlight of my stay was our visit to the Capitol in Austin. There, our state officers were inaugurated in the Capitol rotunda. Our governor-elect was escorted to the Rotunda by the honorable Senator Grady Hazlewood. The oath of office was administered to our officers by the Chief Justice of the Texas Supreme Court.

We had legislative sessions at the Capitol that day. The House convened in the House Chambers, but since the Senate Chambers were being remodel-

ed, the Senate met in the Court of Criminal Appeals in the Supreme Courts Building. It was a great feeling to be working on legislation in the State Capitol.

All legislation passed by Girls State is sent to the Texas legislature for consideration. Some of the issues that were considered by Girls State were: abortion laws, stricter drug control laws, voting age, limiting a doctor's liability at the scene of an accident to that of a private citizen, and revision of the Texas constitution. All in all, my stay at Bluebonnet Girls State was a wonderful time that I shall never forget. I would like to take this opportunity to publicly thank all of the organizations who had a part in sponsoring my trip to Girls State. I wish that every girl in Muleshoe could go and receive from this wonderful program all of the great things I received. I want to remind everyone, especially during this 4th of July weekend, to be very thankful and appreciative of this wonderful America of ours.

### SHE'S A CHISELER, BUT SO WHAT!

Dear Amy:  
I live in a high-rise apartment building and practically every morning we girls get together at our coffee shop for some coffee, buns, bagels, toast or what have you. There is one woman who is constantly on a diet though we see no improvement in her figure in the eight years she has lived here.

Being on a diet, naturally she has to limit the calories she eats, and that's where the fun begins. The rest of us order what we want, eat just what we want and leave what we don't feel like finishing. She, in turn, looks at everybody's plate and then starts begging a half a slice of toast, or a half a bagel and then chisels a pat of butter from our plates. She pays for her own coffee but never offers to share the cost of the rest of the food she grubs. Further, we cannot embarrass her, can we?

Got an idea?  
A Member of the Coffee Club

Dear Member:  
If everybody did things the conventional and right way, we would have very little to talk about, and it would leave a void in some of our gay and funny conversations.

So I say let her chisel. I think you're all having a better time than she is.

Dear Amy:  
As a resident of Kentucky, I am sending this short letter to all the "Diane's" in N.J. and elsewhere.

There is quite a bit of talk about the pill these days. You single girls get the idea that you can sin against yourselves, your parents, and country and have no big catches in later life. Some time after life you may want a worthy band to share with you the pleasures of life as companions. But you will find out too late that husbands who are forced to marry you as a burned-out ball will hate you more than you thought he loved you.

No decent man wants a harlot for a life companion. Many of you, and others, get in trouble and then you lean on Amy's shoulder crying for help.

Why not be sensible and claim your husband, knowing within yourselves to be a clean companion?

Mr. W. G. Farmer  
(Tyner, Ky.)

Dear Amy:  
Please print this letter in hopes that it might remind mothers of their responsibilities as a parent to their daughters.

I have had a step-mother since a very young age. She always seems to skip telling me anything about sex. I suppose she just didn't find the words to explain it or was too embarrassed. But it has always been kind of embarrassing for me to hear jokes and not quite understand them because I wasn't told of these things.

In school I was informed (to an extent) in Health Class. I think it is a good idea for teachers to include facts about sex. Others may have a similar situation.

A Teen

Dear Teen:  
The primary purpose of sex education for teen-agers, be it at home or at school, is not for young people to understand jokes . . . but to acquire a better understanding of life.

Dear Amy:  
My problem may sound silly, but to me, it isn't. It seems every-time I go any place with a certain friend (we'll call her Mary), she always tries to out-do me or she thinks she does. She is one of my best friends, and I don't want to lose her. So I am always . . . . . Second Best

Dear Second Best:  
The only way a person can out-do another is through the expression of their personality or in the selection of their clothes to look more attractive. It is usually an attitude that one has toward another that makes one feel "out-done".

A friend likes this can be a tremendous asset to you by forcing you to undertake a self-improvement program . . . and it could do wonders for your ego. Get on the ball, honey!

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.--A governor's committee has come up with proposals to withhold state money from segregated school districts and to create a Texas fair employment commission and department of housing.

Far-reaching recommendations in other areas were offered by the 50-member Governor's Committee on Human Relations which also urged that a permanent commission with increased funds and power be set up in the civil rights area.

A sub-committee panel was told there are 36 Texas school districts which have at least one all-Negro school. State funds finance about 80 per cent of school operations.

Dr. Abner McCall, president of Baylor University, Waco, led an unsuccessful fight to defeat the recommended cut-off of funds, arguing that the action would "punish children", not responsible officials. McCall said the remedy for segregated schools lies in federal courts.

All recommendations of the Committee, when finally drafted, will go to the Legislature, where many obviously will face cool reception. Among the proposals were these:

- \*Adoption of state housing and building codes;
- \*Open housing legislation and state aid on low-cost housing;
- \*Review of school textbooks to eliminate those which are "culturally or historically biased;"
- \*Free lunches in schools for needy;
- \*A state minimum wage law in line with federal scales (now \$1.60 an hour);
- \*Broadened vocational-technical education;
- \*Establishment of a civil grievance mechanism;
- \*Review of methods of juror selection in trials to eliminate racial discrimination;
- \*Better training for all police officers and more rigorous selection and review procedures for officers;
- \*Study of more humane crowd control methods, prompt punishment for police brutality and strengthened community relations programs for police and prosecutors.

**NEW VOTERS UNDER 21?**  
Secretary of State Martin Dies Jr. calculates there could be as many as 395,000 voters under 21 added to Texas registration rolls if the federal 18-year-old vote act stands.

State's chief election officer cited the Bureau of Census and University of Texas studies estimating there are approximately 594,000 Texans who are over 18 and under 21. About 66 per cent of eligible voters of all ages now register and in general elections about 75 per cent of those registered actually vote.

Dies predicted the U.S. Supreme Court will rule on the constitutionality of the new federal act before January 1, its effective date. He said he hopes the ruling will be before October 1, start of the state's voter registration period for the 1971 voting year.

If there is no decision by that time, Dies said, problems will be created for registrars. In event the statute is ruled unconstitutional after October, tax-assessors would have to go back and remove newly-added names of 18 to 21-year-olds.

**COURTS SPEAK**  
U.S. District Judge Jack Roberts in Austin held that a suit for libel and slander brought by a former Richmond State School superintendent against state mental health-mental retardation officials posed no substantial federal question.

State has appealed to the U.S. Court of Appeals in New Orleans a June 12 ruling by Federal Judge Reynaldo Garza at Brownsville taking jurisdiction in Platono Inc. suit claiming treasure it recovered from Padre Island shipwreck.

State Supreme Court set arguments for July 22 on whether irregularly scheduled tour-charter buses need state per-

mits to operate outside city limits.

Federal court in Albuquerque granted a temporary order restraining New Mexico ranchers and cattle raisers from spraying insecticide toxaphene on 2,000,000 acres of land which is a portion of the Canadian River inter-state watershed from which 11 Texas cities get their water supply in Moore, Hutchinson and Potter Counties.

State Supreme Court held that a firm that circulated an erroneous report of bankruptcy about a Midland man was not responsible for damages.

Atty. Gen. Crawford Martin is appealing a Dallas federal court decision that Texas' abortion laws are unconstitutional.

**AG OPINIONS**  
Coordinating Board, Texas College and University System has no statutory authority to fix enrollment limits for public colleges and universities, Attorney General Martin has held.

In other recent opinions, Martin concluded that:

- \*Texas Department of Corrections is authorized to make application for a permit to conduct a barber school and receive a license on meeting rules.
- \*Sheriff of Harris County is authorized to seize goats running at large in the county and impound them at fee.

**APPOINTMENTS**  
Raul Tijerina Jr. of Brownsville and Dr. Joe W. May of Edinburg will be named to Pan American College, Edinburg, Board of Regents by Gov. Preston Smith.

Governor reappointed Gilbert Gresham of Centerville and Dr. Jess Boyd Heath of Madisonville to the Trinity River Authority Board of Directors; Dr. John T. King of Austin to the Governor's Committee on Aging and named Jack H. Drake of Weslaco to the Good Neighbor Commission of Texas.

**PATROLMEN STAY**  
Governor Smith concurred in the Department of Public Safety's recommendation that Highway Patrolmen Jerry Byrd and Kenneth Stafford be retained on duty in the Mathis area.

Mathis City Council had asked that the patrolmen be removed for beating prisoners. San Patricio County grand jury later found the officers guilty of no wrong and handed them commendation for "excellent work."

Smith produced a thick file of eyewitness affidavits stating the officers were trying to restore peace and that the prisoner who was "slapped" was struggling and cursing.

Mathis Mayor Winston Bott took strong exception to the finding and said he would appeal to federal agencies for investigation.

**FUNDS ALLOCATED**  
Criminal Justice Council has received another \$5.3 million for anticrime work in 1970. Council promptly granted \$134,900 to be divided among 14 regional councils of government for training teachers for drug instruction program.

Grants of \$9,600 each went to:

- Golden Crescent Council of Governments, Victoria; Lower Rio Grande Valley Development Council, McAllen; South Plains Association of Governments, Lubbock; East Texas COG.

Petitions are available at the Chamber of Commerce, First National Bank, Muleshoe State Bank, Tri-County Savings and Loan, Cobb's, St. Clair's, Anthony's, the barber shops and groceries in Muleshoe.

The Chamber manager said we will lose at least one employee in the post office and it will affect local service as is evidenced by a general 'slow-down' of outgoing mail at this time.

According to the Lubbock post office official, if few or no problems arise, Lubbock will continue to process mail for the smaller cities.

Also, beginning July 1, the parcel post size limit was increased to 78 inches in combined length and girth for most shipments and changes are expected in handling parcel post for the post office. The post office officials said the Post Office Department is building specialized facilities for handling parcel post and other bulk mail in a number of major transportation centers across the nation. Eventually, parcel post and bulk mailings will be handled through separate facilities for economical reasons.

The Chamber of Commerce Manager concluded that the only way Muleshoe can get its post-mark back and keep it here in Muleshoe is through the cooperation of everyone in the area contacting their congressmen and letting their wishes known.

There are too many people ready to lead any effort to organize or promote anything.

## A Radiant CLEAN LIFE

The housewife cleans her home until it shines with a radiance that gives contentment and joy to those who view it.

It pleases God to see our lives clean and wholesome. We all need help, to keep our lives clean.

David prayed to God for help in this matter.

*"Create in me a clean heart, O God; and renew a right spirit within me."*

Lean upon the Lord. Seek his help and he will not deny it. Attend church this Sunday and let your life be centered in the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.
