ELDORADO AND VICINITY GETS RAIN

Schleicher County was again visited by one of the most beneficial rains this week that it has received in some time. Following the rain last week, this came as the finishing touch to the season of the ground and helping the grass go on with its progress.

It was estimated that from one to one and one half inches of rain fell this week. Most all the farmers are ready for planting and now they will be "sitting on top of the world". We do not hear any of the ranchmen kicking about this rain either. The grass that is just beginning to grow will be high enough for any kind of grazing with just a few days of warm weather.

If any one wants to live in an ideal county they had better move to Schleicher and enjoy the best "what is."

LIONS TO MEET NEXT WEDNESDAY

Next Wednesday the Lions will meet at the Methodist church. Every Lion should be present at this meeting, as one of Eldorado's most important problems will come up before the club, that being the sidewalk issue. The building of a sidewalk from the High School to town has been discussed for several years but no action so far has been taken to put this sidewalk there. It will be up the Lions to work and put this over as they have done many other projects.

There is nothing more needed than this walk. It is essential that it should be built. The reasons are numerous but the main and most important one is enough for the people of Eldorado and Schleicher county to wake up and do. The need does not merely mean the town people but the people living out of town should interested as well. The school children have no place to walk on to town except the highway. Cars travelling the highway endanger the child's life. Someday some child is going to be seriously hurt if not fatally. This reason alone should cause every citizen to wake up and look around.

Lions be at the meeting next Wednesday and help the club put over this project.

CARD OF THANKS

We wish to thank everyone for the loving words of sympathy, the beautiful floral offering and the help that was given us during the illness and death of Lorene. May God bless all of you.

Mr. and Mrs. Jesse Thompson and Children.
Mrs. E. T. Steffey.

ORIENT OFFICIALS VISIT ELDORADO

Mr. J. J. Lane, General Manager, A. J. Cleary, Superintendent and F. D. Abbott, Engineer, all of the Orient Railroad Co., were in Eldorado last Thursday, seeking data on the tonnage that this county would furnish. They want this information to furnish the Interstate Commerce Commission in obtaining a permit to build this road. Schleicher County and Eldorado will furnish considerable tonnage. The men were well pleased with the outlook of things here and seem to think that the Orient would soon be doing business in our city.

SHAW SPEEDSTER TO BE GIVEN AWAY MONDAY NIGHT

On next Monday night April 1, the Shaw Speedster will be given away at the Palace Theatre. All tickets must be there and you may be the lucky one so don't fail to be at The Palace Theatre next Monday night and some one will drive the little car home. —Adv.

MISSIONARY SOCIETY HAS PROGRAM

Wednesday March 27, a Missionary program was rendered in which two excellent topics from "The Voice" were given and an article from the "Bulletin" was read and commented on.

Delicious refreshments were served by the hostess and others.

J. H. Rodgers and E. E. Newlin made a business trip to San Angelo Saturday. They went over to meet Capt. Eaker, a kinsman of Mr. Rodgers and an old friend of Mr. Newlin. Capt. Eaker is becoming another idol of the flying world.

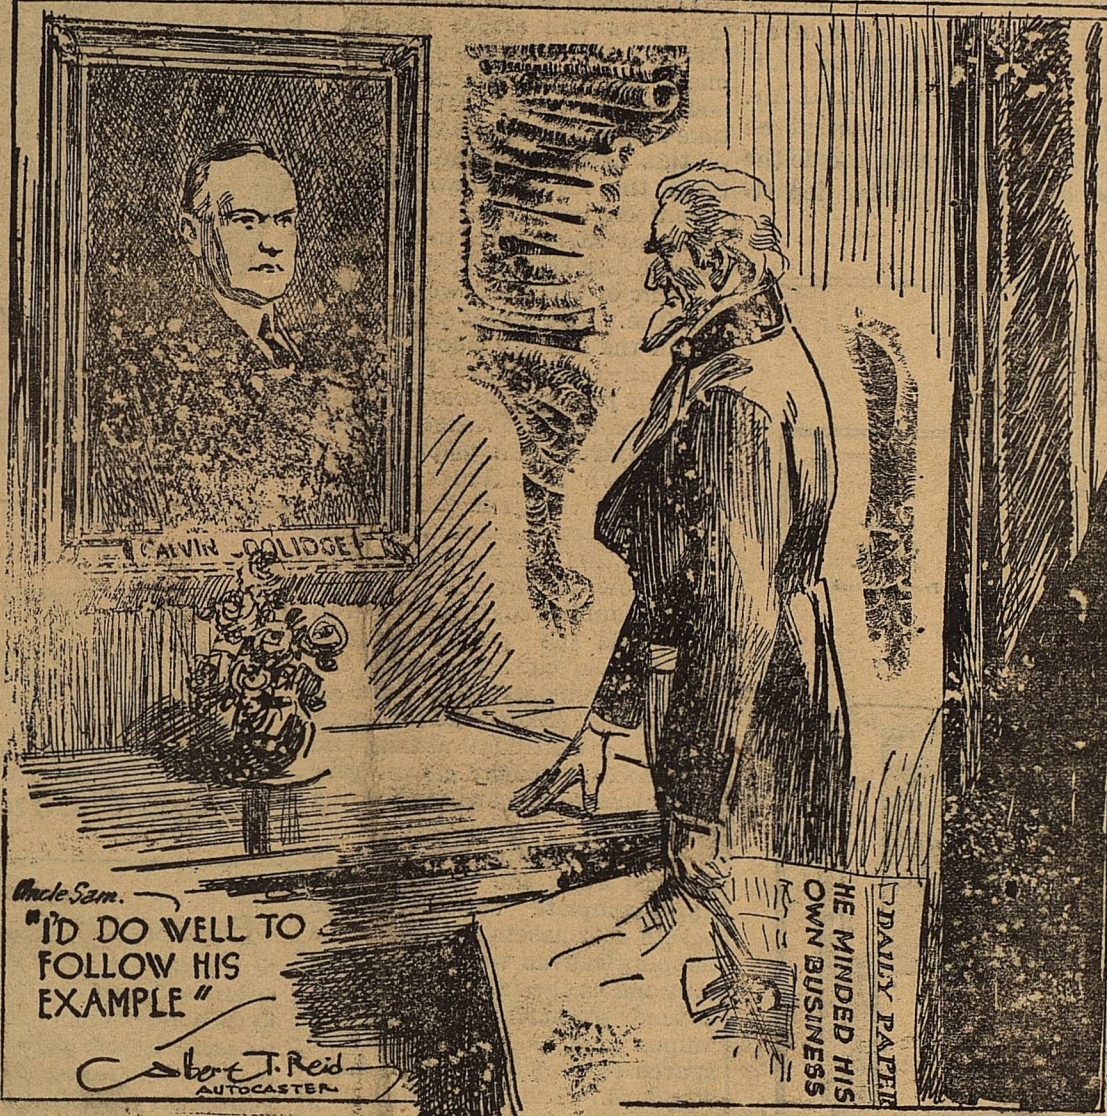

W. C. Mund was a business visitor in San Angelo Monday.

Big Boy—Do you see this muscle? I can stop a train with that right arm."
Wince—Whew, some athlete...
Big Boy—"No, I'm an engineer."

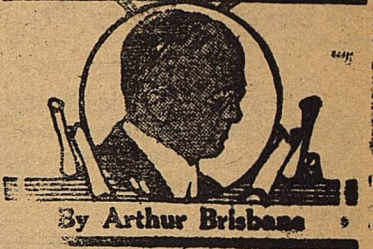

Be prepared for the treat of the season after Easter Sunday when our County Clerk, J. F. Isaacs blossoms out in his golfing clothes. John shoots a fair "stick" now but we will hazard a pound or two that he will be hard to beat from now on.

WARNING ON SPECULATION THE FEDERAL RESERVE BOARD

\$25 A DAY
\$2,000,000 MORE FROM J. D. R.

There are bad features about the generally ignorant speculation in stocks. Money thus invested in other ways might better be invested in other ways. Inevitably, buying ignorantly and recklessly, many are doomed to bear heavy losses.

It is necessary to issue warnings and the Federal Reserve Bank warning is based of course on excellent intentions.

But between warnings and ACTION there is a wide margin. To tell outside banks that they must not lend money on call, giving a monopoly to New York City banks and gigantic profit to holders of New York bank stocks, may not be the best way to solve the money and speculation problems.

Another week opening finds Wall Street refusing to be scared to death. Speculators are like "Old Dog Tray, ever faithful," Grief cannot drive them away.

Jack up the interest rate and still they say, "I think stocks are going to be worth more and so I am going to buy them." The prices lifted up their little heads as soon as the market opened and kept them up.

One comforting fact for gentlemen that speculate in stocks, paying ten, twelve and more per cent for money: Federal Reserve Bank in 1928 made a net profit of \$64,053,000, or \$21,000,000 more than in 1927. It seems only reasonable that the Federal Reserve Bank, efficient in putting up interest profit.

Corporations get good service and government, sometimes poor service. Colonel Lindbergh is named Federal Aviator Adviser, and when he works his Uncle Sam will pay him \$25 a day.

All Hollywood knows that Lindbergh could have had \$500,000 for making one picture which would have paid him about \$10,000 an hour for his work.

However, as Lindbergh says, flying is his business, and \$25 a day for work on government flying would suit him better than any price for standing before a camera. Besides, he has a job with General Atterbery, of the Pennsylvania, selecting landing places, etc., for the railroad which will pay him a salary considerably better than \$25 a day.

If men are welcomed in Heaven in proportion to their deeds on earth, there will be a special committee of welcome to meet John D. Rockefeller when he arrives. May it be fifty years hence.

President Angell of Yale University announced a gift of \$2,000,000 from Mr. Rockefeller for the expansion of Yale's medical department, the building of a laboratory, etc.

Mr. Rockefeller is the only man that has give away Hundreds of Millions of Dollars. Since the people do not know enough to use their unlimited resources for their own welfare, they are fortunate in having intelligent men that collect hundreds of millions and spend them usefully for education, health, scientific research, combatting disease, etc.

Easter Program At Methodist Church Sunday

There will be an Easter Program at the Methodist Church Sunday morning in connection with the Sunday School, or at the close of the Sunday School classes. The Pastor being away there will be no preaching service at the Church Sunday.

NOTICE

KANSAS CITY, MEXICO AND ORIENT RAILWAY COMPANY OF TEXAS hereby gives notice that on the 16th day of March, 1929, it filed with the Interstate Commerce Commission of Washington, D. C., its application for a certificate that the present and future public convenience and necessity require the construction by it of a line of railroad extending from San Angelo in the general southerly direction to Sonora, a distance of approximately 65 miles, in Tom Green County, Schleicher, and Sutton Counties, Texas.

ARMOUR TO GIVE DEMONSTRATION

Armour and Company will give a demonstration at the Roy Andrews Store next Saturday. At this demonstration, the Armour Packing Co., will have on display their many products, in meats and lunch goods, which they will demonstrate to the public. Wamba coffee and sandwiches will also be served free to all who attend. The public is cordially invited and requested to visit this store during Saturday.

Armour Products and Wamba Coffee are sold at this store. Roy Andrews

NOTICE

This is to notify those who gave notes due in six months as part of the purchase money on lots bought from Jonathan Keeney, that their notes will be due April 8th, 1929. These notes have been placed in my hands for collection. You will please call and take up your notes when due. G. D. Hines.

SAM ROBERTS TO INSTALL SHOWER BATH AND SHINE PARLOR

The Roberts Clothing Store, owned and operated by Sam Roberts of this city has informed the Success that he is installing in his building a Shower Bath and a Shine Parlor. The showers will be ready for use by next Saturday but he does not know definitely when the Parlor will be completed.

H. H. Murchison was a business visitor in San Angelo last Monday.

If the traffic gets much thicker in Eldorado, we are going to have to hire some traffic cops. Last Saturday night it was not safe for the old model Ford to be on the streets.

Don't try to slip around the town now after night. The night watchman will sure and see you. He does not have to carry his flashlight and can see from one end of the street to the other since the street lights have been turned on.

A JUBILEE ECHO

A letter from the Corresponding Secretary of the Missouri Conference contains the following interesting story:

"As Conference Corresponding Secretary of the Missouri Conference I receive many letters during the year regarding the different phases of our work in the Missionary Society, but I think the most remarkable one of this Jubilee Year came to me today. It was from Mrs. Victoria Tuggle, of Gallatin Mo., regarding an old gentleman in their church, Mr. N. A. Baker, who is used tobacco since he was seventeen, but a few years ago he read in the St Louis Christian Advocate about the great need for money on the foreign mission field and decided to give to the Woman's Missionary Society what he had been spending for tobacco. He has never used tobacco since and has given \$12 to Mrs. Tuggle, bringing it \$1 at a time with the request that it be used on the foreign field where ever the need is greatest.

A political ring usually forms from official circles.

Lindbergh is a lot safer flying over a city than the majority of the rest of us driving thru it.

A student of politics is any one of the millions of us common voters who remember even vaguely what the equalization fee was all about.

The new Attorney-General, William D. Mitchell, is listed in "Who's Who" as a Democrat. His appointment constitutes one of Mr. Hoover's first strokes of efficiency since assuming the duties of the presidency, for if Mr. Mitchell is a real Democrat he ought to be mad enough to do the necessary fighting of his department.

CHRISTY BROS. SHOWS IN SAN ANGELO MONDAY

Mommoth Parade to be Staged At Noon—Highly Trained Animals and a Galaxy of Love-Ly Stars.

The Christy Shows, the swagging aristocrat of the show world, and the largest show in the world that still retains the parade feature of show day, will be next Monday April 1st, in San Angelo, for two performances, and every child from six to sixty-six is planning to attend one of the performances.

The special trains of the Christy Shows will arrive at dawn carrying the mountains of equipment, the stock, the menagerie and the employees. It will not take long for the practiced hands of this national organization to build the mystic snow city of seventeen tents, each of which is of essential service to the public, and the travelling show settlement of 930 men, women and children. The street parade for which the Christy Shows is distinguished will leave the show grounds promptly at noon. There are a tremendous variety of features, extravagant displays, and superlative condition of people add things in the Christy Shows street pageant which has brought this great combined animal show an enviable prestige. All the animal cages are open to view, and the ponderous elephants, the clumsy camels, the herd of reindeer, the band of Cheyenne Indians, the six hands with their continual ruffare, and the scores of funny clowns give animation to the swiftly moving procession.

The menagerie this year is far and away the largest and most complete set of savage beasts ever assembled under the flapping canvas walls of a show tent and as the fame of the show depends primarily upon its great animal acts, no expense is ever spared to keep it up to its high standard. The stork has been unusually generous this year and there are baby lions, baby tigers, and baby yak, baby laughing hyena, baby leopards.

Performances are scheduled for two for the afternoon and eight for the night show.

The show will be here Saturday and we hope that some one will watch the short barber that works on the middle chair for the City Barber Shop. We hear that this show specializes in various freaks.

We don't want to lose our friend "Shorty."

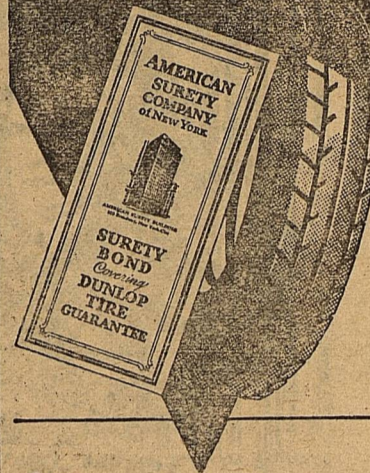

Mr. and Mrs. Leslie Galbreath and Mr. and Mrs. J. C. Crosby spent Sunday in Villa Acunia.

Leslie Galbreath and J. C. Crosby went to Old Mexico last Sunday. We do not know whether they went over to stop the revolution or to join the Rebels.

Mr. Buzzy Stokes of Sonora was a visitor in Eldorado Monday and reports that the Negro Minstrel put on there last Friday night by the Lions Club of that place was a great success and that they made quite a bit of money.

How can DUNLOP

offer the World's most sweeping GUARANTEE?

Simply because DUNLOPS are built to stand abuse

DUNLOPS must be extraordinary tires to stand so drastic a guarantee as this new Surety Bond. Dunlops justify the world's most sweeping guarantee simply because they are built to stand abuse. To remove all doubt, the guarantee is in the form of an iron-clad Surety Bond, issued by the American Surety Company.

Before you buy another tire, read this...

This Bond covers accidents, like collisions and broken bottles... abuses, such as mis-alignment, or rim-cuts. In fact, it covers almost every tire hazard you can imagine. Come in and see a specimen copy.

LOOKING BACKWARD

To attain success, look back. This may appear to a large class of observers as the wrong kind of advice. Ordinarily, those who go forward must look forward. There is a certain kind of back-trailing, however, that is absolutely necessary to all progress, especially in the development of the community.

We sometimes hear the criticism that Eldorado does not have this and that, and should have this and that, all of which may be sound reasoning because referring to the things that are highly desirable or thought inject such lamentations into conversations concerning community betterment are not wholly to be censured for so doing. It is the wish or desire, coupled with cooperative action, that brings about the useful, the beautiful, the efficient and the distinctive things. These build a city. But those who engage in expressions of bare wishes are identical with those who fail to take note of the accomplishments already existing. They fail because they had no part in bringing such accomplishments about.

The past achievements of Eldorado and vicinity in a public way represent the hard work and intensive study of the problems that confronted those that have gone before.

Count that administration successful whose President never has to assume his duties as commander-in-chief of the army and navy.

TIME

Time is valuable. So why try to find some insignificant thing to do, "to just pass away the time." "Lost time is never found." This old proverb is the truest that we have. Stand by it, and you won't be wishing that you could live times over again. Your lessons should be prepared the instant that you get time. Don't say, "Oh, I'll just get it when I come back," or "If I happen to have any extra time tomorrow, I'll get it then." You'll soon come to the conclusion that it would have been better to have got it up the instant that you found spare time.

Spend your time, like you should your money; that is, spend it wisely; and the first thing you know, you'll be "sitting on top of the world."

I Wonder If You Ever Saw;

- Mary Delong come through the study hall without prissing?
- Hassel Ratliff when he wasn't talking to someone?
- Vivian Reagan without wishing your hair was as pretty as hers?
- Bill Sproul take a book home?
- Helen Craddock talking to the boys?
- Clevie Mercer without thinking of an angel?
- Bernice Bricker when she wasn't working algebra?
- Jim West when he wasn't in a hurry?

PLAYS AT SCHOOL ARE A SUCCESS

These two plays which were given at the school auditorium last Friday night may be classed as successful from both a financial and intertainment standpoint.

It is impossible to tell you all that you missed if you were not at these plays but here are a few of the striking pictures.

Glenn's learning the ways of married life.

Miss Flanagan being large and fat.

Brownie Bullion's love for peanuts, candy, etc.

J. C. Bullion performs as an owl man.

We knew that Lorene Shoemaker could act but did not know she was "the best" at it until Friday night.

WHY NOT SET THE AGE LIMIT UP TO 15

Today there is much talk of placing the Junior age limit in Interscholastic League work up to 15 years instead of 14 as it is at present.

It is quite evident that if boys and girls under 16 years of age were allowed to take part in the Junior contests it would promote the standard of both the Junior and Senior classes as it would more competent entries in the Junior department and limit the Senior class to only those who were able to benefit the division.

Interscholastic League work means fun to a school, and we feel sure it is a fine thing as it is. The ideas is to raise the Junior Age Limit one year and in that way raise the standard of the interscholastic.

HIGH SCHOOL TO HOLD LOCAL TRACT MEET

Beginning Friday afternoon at 3:00 o'clock the Eldorado boys will show their stuff to the people of Eldorado. This meet compares with the county meet in other counties. A gold thack shoe with an "E" upon it will be given to the winner of each event.

The boys won the Sonora meet some time ago and have good prospects to make Eldorado show up at the District meet on April 12th and 13th in San Angelo.

Come to our local meet Friday afternoon at 3:00 P. M.

YOU will be glad to know

That we can now offer you, for your home use, the same exquisite DOROTHY GRAY PREPARATIONS which are used with such unfailing success in all the Dorothy Gray Salon treatments.

We cordially invite you to visit our Toilet Goods Department and inspect this beautiful line of facial creams, lotions, and cosmetic accessories.

LOCAL CONTESTS IN DECLAMATION AND EXTEMPORANEOUS SPEAKING TO BE HELD FRIDAY NIGHT MARCH 29

The tryouts in the speech events will be held in the school auditorium, beginning at 7:30 p. m., March 29th. There are four divisions of Declamation and one division of extemporaneous speaking. Some thirty speakers have entered these contests. Out of town Judges have been secured for all events. Gold medals have been offered for the winner in each event.

The public is invited to attend these tryouts at the Auditorium.

GRAMMAR SCHOOL EXHIBIT ON FRIDAY AFTERNOON AT 2:30

On Friday afternoon, March 29th, beginning at 2:50 p. m., the annual exhibit will be held. All the grades from the first through the seventh will take part in this. The High School will not be represented. The school exhibit is for the teacher and pupils in each room to show the parents what is being done. Both fathers and mothers are most cordially urged to come to the exhibit of the work in the elementary grades at 2:30 next Friday.

RUPTURE SHIELD EXPERT COMING TO SAN ANGELO ON

Thursday & Friday April 11 & 12 AT

ROBERTS' HOTEL
 from 10 a. m. to 4 p. m.
 Evenings by telephone
 Appointments only

TWO DAYS ONLY
 No Charge for Consultation

Mr. C. F. Redlich, the successful expert says:

The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening in a remarkably short time and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their natural retaining power, needing no further outside support. Stomach trouble, backache and constipation often caused by Rupture promptly disappear.

Truly remarkable and prompt results have been obtained not only with recent and not fully developed ruptures but also with old, long neglected ones.

Ingenious, recently perfected devices are now holding ruptures firmly which heretofore never had been retained.

No elastic belts nor filthy leg-straps are used.

I guarantee to hold the rupture and also the durability of my absolutely sweat and moisture proof, sanitary appliances. 75% of ruptured children recover completely through expert mechanical treatment according to statistics.

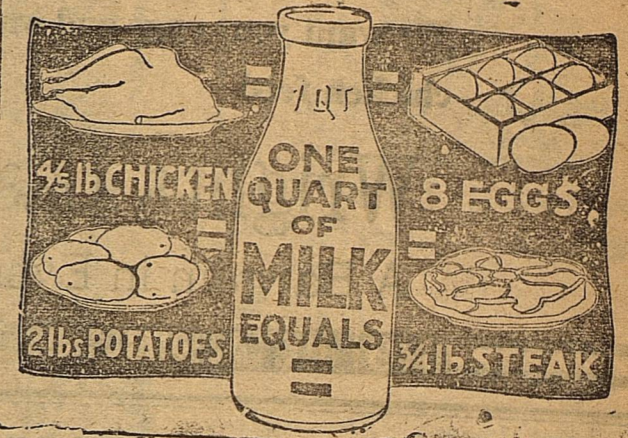

Do not waste your money on widely advertised mail order contraptions. You cannot fit your self.

An Oklahoma Mother Says:

"BLACK-DRAUGHT is a fine medicine to give to children. I use it for mine whenever I need to give them a laxative. They don't mind taking it when I make it into a tea, and it quickly relieves constipation and the bad symptoms which come from it. I can recommend it to other mothers, for I have found it useful in my home.

"When I was a child my mother gave it to me whenever I complained of not feeling well. I have always taken it for upset stomach and constipation. It is about the only medicine I have to take. A few doses of Black-Draught, now and then, keep my system in order. My husband takes it, too. I hardly see how I could keep house without Black-Draught. It has become a standby with us, in keeping the children and ourselves well."—Mrs. Luther Brassfield, Claremore, Okla.

HOME DEMONSTRATION RETURNS

College Station—Home demonstration work conducted by the A. & M. College Extension Service was worth \$5,284,812 to farm families last year as announced by Mildred Horton, state home demonstration agent. A total of 15,433 girls were members of home demonstration clubs and 19,063 women, making a grand total of almost 35,000 persons with whom the 99 county home demonstration agents contacted during the year. "Indirectly a much larger number and adult home makers were demonstrators and the improved methods they have put into practice are copied freely by neighbors."

The most valuable portion of the work as far as dollars and cents goes was the food preservation, with canned and preserved stuff put up to the extent of a little over \$2,000,000. Next in financial importance was poultry raising with products valued at nearly one and three-quarters million dollars. The value placed on members gardens was nearly a half-million dollars and dairy foods produced under home demonstration methods came to \$113,224. "The significance of these productive demonstrations is only in the fact that the farm income has been increased," Miss Horton states, but possibly more important is the increased measure of health that better food and their selection and preparation to form a balanced and healthful diet is an essential part of home demonstration work, for few people on farms or in towns, understand the importance of correct diet and how to balance it.—A. & M. College Extension Service.

Scout Meeting

Last Friday night the Boy Scouts met in the Scout Hall at 7:30 o'clock. After playing a few games the meeting was opened with the Scout Oath. Don McCormick our Scoutmaster came to the meeting and reviewed us on our military work.

We decided to have an overnight hike, Friday night March 29th. We will stay Friday night and Saturday until about 2 or 3 o'clock. All the Scouts are asked to be on the hike. This hike will not interfere with the Circus. If the weather is not favorable the hike will be postponed.

After a few more military drills we were dismissed with the Scout Oath.

Judge Whitten served us refreshments at Royster and Whitten's Drug Store.

A SCIENTIFIC PROVEN REMEDY

Guaranteed to destroy worms in sheep and goats when used according to directions and instructions. We gladly refund all money to any customer when it fails to do so. Puts vim, vigor, pep and life into them. A tonic that builds health. By keeping your goats and sheep healthier, they produce more Mohair and wool, and give higher percentages of kid and lamb crops. Growing kids and lambs get more growth. Old sheep and goats live longer, look younger, produce more. No handling, drenching, dosing; just feed this salt. Price \$3.00 per hundred at factory. Car load lots given prompt attention.
