

YOUNGER QUEENS

SEATTLE, Feb. 15 (AP)—Bees like their queens young—so beekeepers are sacrificing their aging royalty to sex appeal.

W. Findley, British Columbia apiculturist at a convention here yesterday, "are requesting their hives with young queens every season, destroying the older ones. They have discovered that bees are not nearly as inclined to swarm away from a young queen as an old one."

Now To Hold FALSE TEETH

More Firmly In Place Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store. (adv.)

CASE IS REVIVED

MONTGOMERY, Ala., Feb. 15 (AP)—Alabama's nine-year-old "Scottsboro rape case" was revived again today as the state board of pardons and paroles scheduled a hearing on freedom applications from five negro defendants still in prison.

Dawson Stock Show Dates Feb. 22-23

LAMESA, Feb. 15—According to announcement made this week by B. J. Baskin, Dawson county agricultural agent, plans are nearing completion for the 1940 Dawson county junior fat stock show, to be sponsored by the Lamesa chamber of commerce February 22 and 23, through its agricultural committee headed by L. B. Vaughn. The show this year will surpass the 1939 show by about four times in size, it is calculated from the number of entries already registered and those expected before the opening date.

W. I. Marschal, Tom Green county agricultural agent, of San Angelo, has been named official judge of the Dawson show. Only calves fattened by 4-H club boys of Dawson county will be entered this year, according to Baskin, but it is anticipated the interest in fat show stock will be next year that FFA boys in vocational classes will be able to enter. Entries will be separated into four distinct divisions: milk-fed heavyweights, senior class, over 825 pounds; milk-fed lightweights, junior class, 825 pounds and under; dry-lot heavyweights, senior class, over 750 pounds; dry-lot lightweights, junior class, 750 pounds and under. Five awards will be offered by Lamesa merchants and business men in each class, with an award also offered for the grand champion of the show, one for the reserve champion, and one to the herdman judged the most outstanding in cleanliness and conduct.

Baskin explained that likely eight to twelve of the less desirable calves would be auctioned the final afternoon of the sale to local buyers, while top animals will be held for entry at shows in Fort Worth, San Angelo, Lubbock, Big Spring and Odessa during later dates. Some of the breeders from whom 4-H boys purchase their stock are John Henry Dean, Frank Jones, Lazy S ranch, F. A. Youngblood, Bert King, M. V. Smith, Jack Smith and Douglas Brown. Boys who to date have entered one or more calves are Paul Edgmon, Gene McLendon, W. L. Hancock.

Arjan Youngblood, Mack Hancock, Stanley Applegate, Grady King, D. L. Adcock, Jr., Jiggs King, Dalton Adcock and Douglas Brown. Entries will be accepted up to five days prior to opening date of the show. The show will open at 11 o'clock the morning of Feb. 22, at which time all entries must be in the show barn.

Publisher To Make Address From Chicago

Col. Robert McCormick, publisher of the Chicago Tribune, will be the principal speaker at the annual banquet of the Lincoln Club, Jackson, Michigan, Thursday from 9:00-9:30 over KBST-Mutual. The subject of his speech will be "The Attempt to Communize America."

A new array of comic talent, featuring some of the prominent comedians will make it a bow over Mutual-KBST Friday from 8:30 to 9:00 pm under the title "Comedy By." Each program will bring to the microphone acknowledged masters of mirth, starting off with Tom Howard and George Shelton. These broadcast originals in Mutual's Playhouse stop the New Amsterdam Theater, Times Square, New York City. Bob Stanley and his orchestra will feature the musical end of the new radio production.

FARMERS' MONEY GOES TO PAY ON DEBTS AND TAXES

WASHINGTON, Feb. 15 (AP)—What do farmers do with the more than half a billion dollars distributed annually for complying with federal crop control programs? The agriculture department, after hearing this question debated by friends and critics of the programs, conducted a survey in a "typical" rural county—Woodruff county, Arkansas. It showed that 45 per cent of the farmers paid on old debts and 14 per cent paid taxes with the money. Nine per cent used art or all of the checks to build ne homes, 10 per cent painted houses, and 33 per cent screened their homes. Among other purchases were shrubbery, tractors, automobiles, farm trucks and other machinery, cos, baby chicks, land, radios, furniture, refrigerators and washing machines.

EXCHANGE MEMBERS AIR VIEWS ON GOVT. REGULATIONS

NEW YORK, Feb. 15 (AP)—The New York stock exchange finds that 47 per cent of its member firms' customers evidently favor present government regulation or more, while less than one out of six think there should be no regulation at all. Little more than a third want some government regulation, but less than now. These were among results of a poll of 1,000 stock exchange customers—900 men and 100 women—selected to "fairly represent a cross-section of the cast body of American stock and bond buyers." The poll was conducted by Elmo Roper, scientific opinion sampler, whom the exchange, worried by slack business and trying to see itself as others see it, retained to make a survey.

Ballet Russe At Lubbock Monday

LUBBOCK, Feb. 15—High point of interest in Artist course programs at Texas Technological college for a number of years will be the appearance of the famed Monte Carlo Ballet Russe Feb. 19, Monday, matinee and night, at the Lubbock high school auditorium. The company comprises 125 members, 84 of whom are dancers, traveling in a special train. Other Texas engagements on this tour are at Dallas, San Antonio and Houston. It is probably the highest paid group of any nature ever to have an engagement in Lubbock. This same company appeared for three weeks last fall at the Metropolitan Opera house in New York.

Reserved seat tickets are on sale at the Tech Bookstore or may be had by addressing Prof. R. A. Mills, chairman, Artist Course committee, Tech College. Prices are \$1.25; \$1.50 and \$2.00.

GASKIN HERE S. P. Gaskin, council scout executive, conferred with leaders of local scout troops Wednesday evening on prospects for the six troops operating here. Activities also were discussed at the meeting, held on the Settles mezzanine.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, loss of pep and energy, getting up unable to void, stiffness under the eyes, lassitude and dizziness. Frequent or scanty passages with smearing and burning sensations show that it is something wrong with your kidneys or bladder. Things may seem like the stars in bowls, as you are urged for Don's Kidney Pills. Don's Kidney Pills are made by nature for over 40 years. They are the only pills that will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Don's Kidney Pills.

Hindu Rope Trick To Be Performed By Magician Here

Birch, the world's Master Magician, has solved the most famous of all mysteries—"The Hindu Rope Trick," and will present it as one of the many features of his great magical performance on the stage of the high school auditorium on February 21. Two programs, under auspices of the high school band, are slated at 8:30 and 8:15. For centuries the East Indian rope trick has been talked about by travelers from the Orient, and many persons have claimed to have seen it performed. But investigators who have visited India

have never been able to witness a performance of the mystery. It has proven a veritable will-o-the-wisp that has eluded their constant efforts to discover it. It has always been the same old story. Always it has been somebody else's first cousin's aunt's first husband's brother who saw the Hindu boy climb the rope and vanish into thin air! But Big Spring audiences will see the Hindu rope trick at first hand. With their own eyes they will see Birch toss a rope into the air where it will hang apparently in space. Then they will see Mahamel Bey, the Hindu assistant, actually climb the rope and vanish into space, just as they have read about it in the fascinating pages

of Kipling and Marion Crawford. It is a visualization of a long lost mystery, and represents the triumph of American magic—the dream of the centuries realized through the skill of the modern magician, combined with the greatest secrets of India.

Kiwanis Committee Chairmen Report On 1940 Plans
At the heaviest attended luncheon meeting of the year, members of the Kiwanis club today heard reports from committee chairmen on their plans for the year. Two vocal selections were rendered by Ed River, the program being in charge of Clyde Waits.
J. C. Allen, chairman of the attendance committee, presented a large attendance record board for the remainder of the year which will show each member's absent dates and will be on display every Thursday. This committee also has a rumor afloat that unless certain Kiwanians get the attendance habit a little better a "stem" will be introduced.
Members were reminded of the Sunday showing at the auditorium of "Zolgotha," a talking motion picture showing the crucifixion of Christ, now on a special tour of America and being shown locally under the sponsorship of the American Legion.
Club guests were Cliff Wiley, Jimmie Greene, J. B. Collins, C. L. Rowe, Miss Anita Bonds and B. Sherrod of Lubbock.

NOTIFIED OF ESCAPE
City police were notified Thursday morning to be on the watch for Douglas Lavie, who weighs about 175 pounds and stands around five feet and 11 inches in height, an escapee from the Tom Green county jail. The report from the police radio said he made his getaway in a jailbreak.

Film On Life Of Christ, To Show Sunday, Called A Major Spectacle

Scene from "Golgotha"
An expenditure of \$800,000 is said to have been made in the production of "Golgotha," outstanding sound motion picture on the life and crucifixion of Christ, to be shown here Sunday.

The presentation, under auspices of the local American Legion post, will be at the municipal auditorium, with screenings at 2:30, 7:30 and 9:15 p. m. Afternoon prices are 35 cents for adults, 15 cents for high school students and 10 cents for elementary students. At night, the admission will be 35 cents for adults and high school children, and 15 cents for elementary pupils.

"Golgotha" has been described as an outstanding spectacle, with cast, costumes and settings combining to make it a great drama. Scenic backgrounds are accurate in all details, and the technical production has received the acclaim of critics.
Special projection and sound equipment and a screen will be installed in the municipal auditorium for the showings.

MARKETS Wall Street

NEW YORK, Feb. 15 (AP)—Traders continued to ride with rallying specialties in today's stock market although recently leading managers managed to pick up a little patronage.

Light offerings seeped into the list after a forenoon upswing and gains of fractions to more than a point were reduced or converted into small declines for some at the close. Modest plus signs were well sprinkled over virtually all departments.

Dealings, fairly active in the morning, slowed as the proceedings neared the end. Transfers were around 700,000 shares.

Republicans Meet To Set Site, Date For Convention

WASHINGTON, Feb. 15 (AP)—Republican leaders from California, Washington and the Dakotas joined as one man today in declaring that the nation was swinging heavily toward their party.
On the eve of a national committee meeting which will select a convention date and site, William F. Knowland, member from California, said his state "will vote with her sister states" for sensible government.
"The republican swing" he said, "grew from a dislike of administration wasteful policies."
Miller Freeman, Washington state committeeman, was similarly optimistic of a republican victory in November.
From William Stern of North Dakota came a suggestion for "a rather late" convention date and a short campaign. He noted also a "dissatisfaction" among Dakota farmers with the administration's farm program.

Witnesses Indicted On Perjury Charges

MUSKOGEE, Okla., Feb. 15 (AP)—A federal grand jury today indicted for perjury "several" persons who testified in the long litigation over the oil fortune left by the late Jackson Barnett, "world's richest Indian."
The names and the number of those indicted were withheld pending arrests. Barnett, an eccentric Creek on whose allotment oil was found, left an estate estimated in excess of \$2,000,000.

Britons Sign Up To Help Finland

LONDON, Feb. 15 (AP)—A steady stream of volunteers, some in British and Canadian uniforms, called at the Finnish recruiting station in London today as a result of the government's sanction of general enlistment for the Finnish armed forces.
There was no hint from official quarters as to what ruling would be made on British and Canadian soldier volunteers.
The frankly encouraging attitude of the government toward bolstering Finnish manpower led the belief, however, that troops would not find transfer to Finland too difficult unless they have special qualifications useful for Britain's own military services.

To Go To Court In Efforts To Expand Pension Rolls

AUSTIN, Feb. 15 (AP)—The twin-brother legislative team, Sen. Doug and Rep. Ross Hardin, said today they would file a suit in supreme court next week in an effort to enlarge the Texas old age pension rolls.
The Hardin last spring sponsored a law designed to boost the number of pensioners. The rolls now are as small as they were before enactment of the law.

Mrs. E. C. Dalton and children, Lavern and Mary Nell and Mr. and Mrs. Fred Doster of Kermit are here to attend the golden wedding celebration of Mr. and Mrs. N. I. Dalton to be held Friday.

FD's Route A Deep Secret

ABOARD ROOSEVELT TRAIN, enroute to Pensacola, Fla., Feb. 15 (AP)—President Roosevelt swung inland to the deep South today, heading for a seagoing vacation on a navy cruiser whose sailing orders were as secret as if she were on a war mission.
The president's immediate destination was Pensacola, Fla., where the cruiser Tuscaloosa stood by to pipe him on board and nose out into the Gulf of Mexico.
The only well-established facts about the voyage were that it would last about ten days and that Mr. Roosevelt wanted to get in some fishing.
Never before has such secrecy been thrown around one of Mr. Roosevelt's journeys. That fact gave rise to conjectures whether fishing was a primary objective of the trip, particularly since there have been some navy training and landing exercises in the Caribbean.
One reason advanced for the secrecy was that it was desired to mask presidential movements in waters where Mr. Roosevelt reported the sighting of foreign submarines last fall.
While the cruise was intended to give the president a measure of relaxation, the navy's radio system was ready to keep him apprised of any important development at home or aboard.

HONOR COURT FOR COAHOMA SCOUTS

Advancement awards will go to seven Coahoma Boy Scouts in a court of honor ceremony in the Coahoma school auditorium at 10 a. m. Friday, W. C. Blankenship, chairman of the activity, said here Thursday.
Merit badges will go to Harold Boswell, Jimmy Landers, Herbert Lindley, Joe Pevehouse and Buddy Young. All five of these boys also will receive their Star scout awards. W. L. Bell and Billy Gay will be given their first class badges. The boys are members of troop No. 8, of which George M. Boswell is scoutmaster.

JEWELRY STOLEN

EL PASO, Feb. 15 (AP)—Diamond jewelry and watches valued at \$25,000 were stolen from a jewelry store here last night by burglars who gained entrance by burrowing through a wall below street level.

HUTSON TWINS, BROTHERS TO DON, TO ENTER ALABAMA U.

By ED L. CAMPBELL
PINE BLUFF, Ark., Feb. 15 (AP)—When it's touchdown time at Bama, the Hutson twins will be on hand.
Trained to wear big league boots like those so capably filled by All-America Brother Don of the Green Bay Packers, Rob and Ray waved aside a host of attractive invitations and took the Crimson Tide pledge. What was good enough for brother is good enough for them.
The twins finish their sensational high school careers here in June.

They'll show up at Tuscaloosa when the University of Alabama starts its grid grind next fall.
Meanwhile, they are busy helping Pine Bluff campaign for a state high school basketball title. They have some further honors to compete for in baseball, softball and swimming next spring and summer.
Rated as Arkansas' greatest twin combination in a decade, Rob and Ray led Pine Bluff to a state football championship last fall, then clinched their prep pigskin records by copying major honors when Pine Bluff defeated Baton Rouge, La., at the Louisiana Sports Association's "national championship" game in December.
Rob, one inch shorter than his 5-11 twin, Ray, is the sparkplug of the pair. Happy-go-lucky, full of fire, he was a 60-minute quarter-back in most games last season. He averaged better than six yards per try on scrimmage plays, did most of the expert passing and kicking.
Quiet, soft-spoken Ray, running at right half, completed Rob's passes, blocked for him on ground plays and occasionally crossed up the opposition by passing, punting or running with the ball himself.
When the defense boxed one twin, the other did the damage. Each weighs around 160 and they can hardly be told apart by chance acquaintances.
They're All Athletes
Athletic ability is a family birthright. Papa Roy Hutson was a football star and professional baseball player in his youth. Brother Don helped Alabama to some of its greatest victories, including the Rose Bowl triumph of 1935, and last fall capped or shared in just about all the professional honors that can go to an end.
Rob made every Arkansas all-state high school team picked last season and was named on the Associated Press all-Southern eleven. Ray made the all-Southern in both 1938 and 1939.

Westex Land Rapidly Being Put In Shape

Good earth of Howard county is being turned rapidly in preparation for the growing season while range lands continue to show signs of revival with winter grass and weeds cropping out.
It was estimated Wednesday that fully 100,000 acres of cropland in this county had been put up and that the balance of the cultivated acreage—about 65,000 acres—would be listed mostly within the next two weeks.
Soil is turning much better than many had figured, and they give the abnormal cold, wet spell in late December and January the credit for this. They had feared that prolonged drought during the 1939 growing season, sapping the subsoil moisture as it did, would make the land lumpy and hard to work.
Snow and moisture that froze after it penetrated the soil seemed to have fluffed it to a degree. In fact, listing by some had to be halted temporarily in January when frozen soil offered an insurmountable obstacle.
Likewise, snow and light rains have worked wonders with winter grass, particularly rescue grass, commonly known in these parts as wild rye. On sandy slopes and in low places this palatable grass is getting high enough for grazing. Weeds are breaking through, although it may be a few weeks yet before they will be ready for any heavy grazing. As yet they are hugging the ground too closely to be eaten.
On both farm and range, however, there is a common need. It is moisture. Helpful though the mid-winter moisture has been, it is none-the-less far short of what is needed. Observers say it will take three inches to turn the trick.

Hatchery Capacity Here Increased, And Output May Jump

If the growing poultry business in this area justifies it, two Big Spring hatcheries are all set to turn out considerably more than half a million baby chicks during the next four and a half months.
Capacity of the two concerns in operation here has been increased by more than 50 per cent over last year. Consequently, the output may be 250,000 to 300,000 higher than 1939.
Addition of 50,000 units has brought the Logan Hatchery capacity to 125,000 and the Neal Hatchery has made a 50 per cent addition, bringing its potential to 30,000.
Nature, however, has seen to it that there is no step-up in the hatching period of 21 days, a factor which prevents any other acceleration of production. So, in the half dozen distinct hatching periods between now and the middle of June, when the "spring" season normally ends, the two hatcheries can put on 990,000 eggs and have reasonable expectations of around 990,000 chicks hatching.
A third local hatchery, the Co-op, is not in operation. It has no operator, although equipment is in hand in two units for 19,000 eggs.
Demand Slow
Demand during the first three weeks of the season that chicks

have been available has been lagging, with signs of picking up sharply here of late. Cold weather has played a part in this. Poultry raisers shy off trying to start baby chicks off in this world of woe in sub-freezing weather.
Egg supply has been ample to date, with both hatcheries paying a 10 per cent premium above the produce listings for eggs. This brings the dozen price to 22 cents. All eggs, of course, are tested. One hatchery has added a man to carry on blood testing with the view of regulating an egg supply from these tested flocks.
Chick prices are steady at the standard for the past two years. Average price on untested mixed lots is \$6.90-95, and the majority of business will be in this bracket. Blood tested lots on leghorns run 7.00 with heavier breeds such as reds and barred rocks drawing up to 8.90. Cockerels are as usual, down around 3.95 but choice sexed lots of pullets are pegged in the neighborhood of 13.75.
Those out for layers usually want leghorns, although there are others who are confirmed believers in their own favorite breeds. Usually Rhode Island Reds and Barred Rocks are preferable for those trying for layers and fryers both. For

IT DOESN'T PAY TO BE OPTIMISTIC

BLOOMINGTON, Ind., Feb. 15 (AP)—W. H. (Billy) Thom is through with being an optimist.
At the start of the wrestling season Thom expressed the opinion his Indiana university wrestling team would be the best he has ever had. His list of candidates included 10 lettermen and two Big Ten champions.
But then—Angelo Lazarra, Big Ten 155-pound champion, stumbled scholastically; Homer Faucett, promising 165-pounder, was run over by a truck, missed final examinations, is out for the season; Gus Paulite, heavyweight, was lost for the season with a knee injury; Jim Trim-

ble, another heavyweight, quit school; a 128-pounder and a 136-pounder suffered injuries which kept them off the mat indefinitely; another 136-pounder went down with the flu, and a 165-pounder incurred a stomach ailment which may force him to drop the sport.
Coach Thom is through with optimism.

MILLIONS OF POUNDS HAVE BEEN USED BY OUR GOVERNMENT

Rob, one inch shorter than his 5-11 twin, Ray, is the sparkplug of the pair. Happy-go-lucky, full of fire, he was a 60-minute quarter-back in most games last season. He averaged better than six yards per try on scrimmage plays, did most of the expert passing and kicking.
Quiet, soft-spoken Ray, running at right half, completed Rob's passes, blocked for him on ground plays and occasionally crossed up the opposition by passing, punting or running with the ball himself.
When the defense boxed one twin, the other did the damage. Each weighs around 160 and they can hardly be told apart by chance acquaintances.
They're All Athletes
Athletic ability is a family birthright. Papa Roy Hutson was a football star and professional baseball player in his youth. Brother Don helped Alabama to some of its greatest victories, including the Rose Bowl triumph of 1935, and last fall capped or shared in just about all the professional honors that can go to an end.
Rob made every Arkansas all-state high school team picked last season and was named on the Associated Press all-Southern eleven. Ray made the all-Southern in both 1938 and 1939.

Radios To Be Used To Beat Censorship

WASHINGTON, Feb. 15 (AP)—A get-behind-the-censorship move has been launched by the state department to help American diplomats abroad keep in touch with world developments without relying on the closely-supervised press of foreign countries.
The department has arranged to purchase short-wave radios for 12 embassies and legations—Belgium, Denmark, Estonia, Finland, Greece, Hungary, Latvia, Lithuania, The Netherlands, Rumania, Turkey and Jugoslavia.
Each radio is powerful enough to get United States short-wave news broadcasts and European stations.
Censorship is not stringent in all those countries, but since most of them are small, extreme care is taken in the news they print concerning their powerful neighbors.

Tractors Not Guilty

Decrease in Texas farm population of about 27,000 persons in 1938 is shown by a bulletin issued from Texas A. & M. college, and the writer offers some reasons for this shift in residence and occupation of farm families. He says the largest rate of decrease was shown in the black prairie areas. Populations of the coastal area, of the Corpus Christi cotton area and the East Texas piney woods section were somewhat smaller in the percentage of decrease while the Rio Grande Valley and plains and the post oak areas showed some gains.

The rapid increase in the number of farm tractors has been one of the most important causes in the decline of farm population, the writer of the bulletin believes. Another is turning of so much cotton land to pasture. It is a fact that machinery is used more on the farm than some years ago, and that much cotton land has been diverted to pasture.

As to machinery causing loss of employment, it does not do that. It causes some shift in employment, but eventually makes more work for more men because it reduces the cost of products, either of the field or factory, and puts those products within the reach of more buyers. The mower and reaper were looked on as ruining farm labor but they did just the opposite, and so would be with the tractor if there had been no interference by the government, with its reductions of acreage and consequent dismissal of farm workers.

The land put into pasture, in the black land belt at least, is because the cotton acreage was reduced. This may prove a good thing eventually, but for the moment it also has the effect of reducing the demand for labor. But the machine should not be blamed for taking people off the farm. The failure of the Technocracy scare that faced us a few years ago should be proof of that.

Ambitious Senator

Morris Sheppard let it be known Wednesday that he will be a candidate for reelection to the United States senate from Texas in 1942.

The early announcement is indicative of the senator's ambition. But his real ambition, curiously enough, is to be able to say that he will have served in congress longer than any other person.

We confess inability to plumb the depths of the senator's platform. Senator Sheppard, with already 28 years of congressional membership to his credit, should be astute enough by now to know that a record of statesmanship is more to be envied than one of mere number of years.

George Tucker

Man About Manhattan

NEW YORK—A few years ago, when hits were plentiful on Broadway and he was among the top flight producers, Earl Carroll was summoned by Jersey officials and asked to design a new uniform for the New Jersey state police. They wanted something with verve and dash, something military and snappy, something that would knock your eye out. They got it. Today N. J. troopers acknowledge pre-eminence to no outfit, not even to the famed Canadian mounties with their scarlet tunics and wide-brim Stetsons. Coming up a squad of them unaware is like running into a road company of the Student Prince.

I mention this because it seemed curious at the time, and still does, that a sister state should come to Broadway for a man to streamline their state troopers.

But apparently Broadway producers have what it takes. A little while ago the New York Post, one of the oldest of the great metropolitan daily newspapers, delivered itself into the hands of Norman Bel Geddes, himself a producer of note. "Make me over," it said. "Lift my face and change my personality. You can change everything about me except my name and my editorial policy. Departmentalize me, and paint my nails. Make me easy on the eyes."

So Geddes, a printer's devil at heart any way, and also an artist of imagination, took the Post in hand, and today its only remaining features that are recognizable are its liberal views and its by-lines. Whether the new format is a success or not is for the men on the street to decide. He is the fellow who steps up to the counter and lays down his three cents. But in any case, here is an event in the history of metropolitan newspapers, and, as such, should not go unnoted.

Suzanne Silvercray, whose studios afford a wonderful view of the park and who has been interested in religious art ever since her statuette of Saint Theresa was accepted by the Church of the Saint at Lizeux in France, is now busily arranging a special exhibit of religious art for the spring. It is being sponsored by Fordham university, and is the first time any Catholic organization in New York has sponsored a single contemporary artist. Ten, she has a lecture tour on tap, and her lectures are popular because she always plucks some listener from the audience and sculpts him, or her, right before her wide-eyed friends. But despite her crowded schedules, she took time out recently to become the bride of Ned Stevenson, N. Y. promoter and advertising man.

BLOOD RUNS COLD

By Ann Demarest

Chapter 22 TIM LATHROP Mrs. Evans, attired in a flagrant red and very unbecoming coolie coat, was at the top of the stairway glaring down at the very flushed and perspiring Sergeant Long. He was limping up to the second floor swearing at the top of his lungs. It seems that he had come back from the hospital and was on his way to Joan's room to poke around a little more. At the top of the stairs he caught his heel on the brass ring of the step and fell the whole flight. I was surprised that he hadn't broken his neck, because he was a very heavy man. His ankle was wrenched badly, though, but that didn't prevent him from buttonholing a man who was coming up the stairway. I had to look twice and then I wouldn't have recognized Mr. Whitefield if it hadn't been for the heavy coat. He was the sort of man you could meet every day and never recognize. "Just a minute there," he caught Whitefield by the arm as he came up to the hall. "There's something I'd like to ask you."

Washington Daybook

WASHINGTON — We cannot escape recording Hollywood's film actors and actresses do not glow so glamorously in Washington as a party might first suppose.

Maybe it is just a matter of local pride, but we think your average congressman stacks up pretty well beside Jimmy Cagney or "Bad Man" Bill Robinson. Seeing congressmen and movie actors in the mass, you get a feeling that Rep. Joe Binbo from Middleton is more nearly worth his \$10,000 a year than boyish Mickey Rooney his \$5,000 a week.

But we'll concede at once that Washington gets a bigger kick out of a visiting movie actor than out of a whole house full of congressmen. An average gallery in house or senate will not exceed 200. When Dorothy Lamour hove into town, 2,000 dotting Washingtonians mobbed the theater, broke through police lines to scream:

"Lemme touch her, lemme touch her!" Anybody who thinks this city is altogether politically-minded is wrong he ought to set himself right.

Political Note: The hand that rocks the cradle also casts some votes, so we hear Presidential Candidate Paul V. McNutt speaking:

"In bad times, it is the man who do most of the complaining but the women who do the economizing. If you will look around at your neighbors—your own family always is an exception—you will find that during the lean years the man's needs are the last to feel the pinch. He'll smoke his cigars—and drop the ashes on the carpet—long after his wife has cut down on her beauty treatments. His country club dues will be paid even if her sewing club cuts out the refreshments to save expense. He continues his golf game long after she has materially reduced the household expenses."

Reporters can hardly wait for Associate Justice Frank Murphy to write his first opinion on the Supreme Court. His press conferences as attorney general were so sermonizing in tone the reporters suspect he may cite a case from Leviticus or Paul's epistles to the Corinthians to help decide a railroad right-of-way case. And perhaps it would be a good idea, at that.

Culinary Item: Wise eaters at the capitol never order the senate's famous bean soup early in the week. The bean soup cook seems never to get the brew right until about Wednesday or Thursday.

Idahoans were not greatly surprised that Borah had \$207,000 saved up as a nest egg, although they thought it would be a trifle less. He had in excess of \$100,000 when he came to the senate in 1907, and his re-election has been such a pinch ever since that campaign expenses have been trifling. He probably never had to hire a hall in Idaho in his life. Most members of congress figure campaigning will take \$2,000 to \$4,000 a year out of their \$10,000 salaries.

Society Note: "I have been a member of the foreign relations committee for a long time and I never yet have been in a foreign embassy. I take that back. One time I was in the Russian embassy to get some cigar."—Senator Harrison of Mississippi.

Notes on the wing: Heading the Anglo-French purchasing board are a pair of cryptic names—Hyde and Forget. . . . It is G. Miller Hyde for the British and Andre Forget for the French. . . . he would pronounce it "Forgy" with a soft G. . . . Senator Connally of Texas, even when sick, has a telephone at his bedside where his office can reach him. . . . Desks supplied for senators in the senate office building cost \$600 and chairs \$150. . . . So cold has it been in Washington that the little white "bombs" the starlings drop from high perches on government buildings bounce when they light, instead of splattering.

Robbin Coons

Hollywood Sights And Sounds

HOLLYWOOD—Walter Wanger, the producing man, is engaged in a noble experiment. He is seeing whether six writers, working together, can tether time and tide long enough for him to make a movie.

The movie is "Personal History." Vincent Shean wrote the account of his newspapering adventures abroad when Europe was setting the stage for hell to break loose, and Wanger bought the film rights shortly thereafter. Shean's book was not film fiction, and Wanger needed a script to carry the title. He had in mind an up-to-the-minute background, with an American reporter in the thick of it.

Writer John Howard Lawson was first up at bat. He wrote a thrilling tale involving oppression of Jews in Germany, the Spanish civil war, the communist element in France—all red-hot topics. Then Lawson went east to write a play, and Wanger wasn't ready to make the picture, and time and tide—ah—history—swept on.

Back in Hollywood, Lawson revised his story: the limelight was off Nazi oppression of the Jews, the Spanish war had ended, but now Hitler had marched into Austria and had been to Munich. "There," said Lawson, and went east again.

But history turned whirling dervish. Wanger called in writer John Meehan. Meehan, trying to keep up with Hitler and Stalin and the rest, wrote three new versions—and then there was Poland, and the second World War.

That was when Alfred Hitchcock, the director, took over. Hitchcock and five other writers—his wife Alma Reville, and Joan Harrison, and Charles Bennett, and James Hilton for dramatic stuff and Robert Benchley for comedy—have been piecing the script together—a story, by now, in which an American newspaper character on a roving assignment in Europe meets adventures that won't be changed, essentially, even if Hitler should bomb the Kremlin.

Nelson Eddy, the singing man, wouldn't be the type for "Personal History" but he was a newspaperman himself once.

In Philadelphia, he worked on three papers in three years. Funniest, most typical cub yarn he tells is the one about the time he was covering baseball and took a notion to do a "color story" on the bleachers during a game at the Athletics' park. It was a fine, a very fine story, he thought, and he walked in to tell the sports editor all about it, with drama and gestures.

"That's swell, Mr. Bolacoo," said the editor, "but what about this?"

And he held up an earlier edition of an opposition sheet, the bannerlike of which read: "Riot at Athletics' Ball Park!"

Japs Reach Their Limit In China?

SHANGHAI, Feb. 15 (AP)—Foreign military sources said today they saw unmistakable signs that Japan had reached the limit of her ability to win and hold Chinese territory.

In their view, the Japanese "have stopped winning the war without achieving their objectives" and now are incapable of striking an effective blow to China's resistance.

The invaders' men and materials are beginning to wear out, they said, and their strength is so scattered over thousands of miles of China that their punch has lost its snap.

These statements were made in comment on the Japanese proclamation yesterday urging Generalissimo Chiang Kai-shek to surrender. These foreign sources regarded it as a significant admission that Japan already has made her maximum military effort.

The part of the proclamation declaring that Japan will not extend her operations further "but will await your offensive," they interpreted as a confession that the invaders were unable to carry out their oft-repeated vow "to crush Chiang even if we have to pursue him to Tibet."

Through the proclamation and Japanese Premier Admiral Mituama Yonai's statements to the diet, it appeared to foreign observers that the Japanese would be more willing to deal with Chiang if a face-saving formula could be found.

"One expert declared that "from a strictly military point of view the Japanese have almost shot their bolt and have stopped winning the war."

The Chinese have not started to win but in his opinion, their chances of ultimate victory are improving. If Chinese morale stays up and China's resistance continues, he said, there are growing signs that the Japanese will find they have "tackled a task too immense for their human and economic resources."

LOOKOUTS POSTED LONDON, Feb. 15 (AP)—Special lookouts for Irish Republican Army bombs were posted in London railroad stations and post-offices today as the result of time-bombings in Birmingham last night.

When Adolf Hitler was a boy he was "captain" of a wooden-armed, paper-helmeted army of youths which paraded the streets.

MAN VICTORIOUS IN ELECTION OVER HIS ESTRANGED WIFE

OAK BLUFFS, Mass., Feb. 15 (AP)—An election contest between a husband and his estranged wife on St. Valentine's Day resulted in victory yesterday for the husband.

The voters of this island town returned State Representative Joseph Sylvia to his post as chairman of the board of selectmen, giving him 424 votes, to 12 for his estranged wife, Lida, who, during her campaign, promised "action and not cheap talk."

ENGINEER FACES A SPEEDING CHARGE

DENVER, Feb. 15 (AP)—J. B. Kallemejn, 50, the engineer of a locomotive involved in a fatal crash with a gasoline truck, has been charged with speeding.

A little-used 1927 ordinance restricts locomotives to a 10-mile speed in the district where the accident occurred Monday. Detective Sergeant Charles J. Burns said Kallemejn and Fireman R. B. Schurnbush, 45, admitted the engine was traveling 15 miles an hour.

Eatle Hogue, 21, of Alamosa, Colo., was burned to death when his truck skidded broadside into the locomotive, exploding a 3,000-gallon load of gasoline.

Dates Approaching For Club Boy Livestock Shows In This Section

Club boy stock shows in this section are just around the corner. Dates for these shows, three of them county affairs, have been set to date. In all the affairs may attract an aggregate of 500 head of livestock—calves, sheep, and pigs.

Leading off with the Dawson County Junior Fat Stock Show in Lamesa on Feb. 22 and 23. Entry totals have not been released there, but County Agent Ben J. Baskin has, in former years, had a large number of boys feeding stock.

Next county show on tap is the third annual Glascock County Livestock show, Feb. 24. This is a combination adult and boy show and this year includes a new class for colts. About 100 head of stock are due to be entered, including 20 colts, 30 steers, 30 individual fat fed lambs, 15 registered sheep and 15 registered cattle.

On Feb. 28, the fourth annual Martin County 4-H Club Boy Livestock show will be staged at Stanton and prospects are that well over 50 head of stock will be shown there.

Here the milked calves will be in preponderance, for under George Bond, county agent, this class of feeding has won wide acclaim in former years. The event is sponsored by the Stanton Service Club.

The third annual district 4-H club and Future Farmers of America Livestock Show will be held here on March 15-19 with the prospects of upwards of 250 head of stock entered. The dates were set back in order to use the county warehouse, now under construction, if possible.

Applications and entry blanks have been dispatched to 26 agents and vocational agriculture teachers in 24 counties. Previously, 19 county agents, who conferred on show dates and plans, indicated that they would have some 92 dry lot and 56 milk fed calves along with 50 pigs and 80 lambs for entry.

Prize lists for the show approximate \$200, a slight increase over previous years. With new quarters to show in, the event promises to eclipse any previous show staged in Big Spring.

thick brown hair he was bandaged. And even that didn't detract from his good looks. He was one of the handsome men I've ever seen.

When Dirk introduced us, though, Tim Lathrop spoke almost listlessly. His voice was low and held an unexpected warmth and his gray eyes were deep and penetrating. Mary Ann, I noticed, was all of a flutter over him.

"I got part of your story from the officer," the Sergeant said. "But I want to hear it from you. When did you meet your wife last night?"

He faced Tim Lathrop, who had seated himself on the low stool close to the fireplace. And Dirk sat down on the arm of my chair.

Tim Lathrop started haltingly, as though he were having a difficult time gathering his thoughts. "When I left this house, Louisa, my wife was waiting for me. Her car was parked a few doors down

New Division Mgr. Named By Calvert

The appointment of H. T. Thomas as manager of the western division of Calvert Distillers corporation has been announced by C. F. Emerson, assistant to the president in charge of sales. Thomas has been with the Calvert organization since 1935 and was formerly manager of the company's New England division.

Thomas, who will make his headquarters in San Francisco, will have under his supervision the states of California, Nevada, Arizona, Colorado, New Mexico, Nebraska, Western Texas and the territory of Alaska.

The appointment of Thomas to this important post is in line with the Calvert policy of making promotions from within the ranks wherever possible.

FISHING CONTRACTS ARE UNDER PROBE

PORT ISABEL, Tex., Feb. 15 (AP)—James A. Bunting, local union leader, said today a number of fish houses in Galveston are being investigated in connection with reports that two dealers who signed union contracts were forced by others to close their doors.

Bunting is a delegate for the Port Isabel branch of the Inland Boatmen's division in the National Maritime union. The union here has called a strike with 350 fishermen joining.

Bunting said the state attorney general's office is conducting the investigation at Galveston.

Port Isabel fishermen and dealers are awaiting arrival of a national labor relations board mediator to arbitrate the dispute, here in which union fishermen are asking closed shop contracts.

WOMAN ACQUITTED

LITTLETON, Colo., Feb. 15 (AP)—A district court jury deliberated less than an hour and a half before deciding that Mrs. Mildred Brown, 23-year-old expectant mother, was innocent of the slaying of her husband, Lewis Brown, 31-year-old odd job worker, last Nov. 12.

Brown was shot, his widow testified yesterday, during a quarrel that arose when he refused to give her collection money for his three children by a former marriage to take to Sunday school. He was an assistant Sunday school superintendent.

MAD MOTORIST

OAKLAND, Calif., Feb. 15 (AP)—There's a motorist in Oakland who isn't afraid of anyone.

His car knocked down nine-year-old Edward Conley yesterday. "He picked me up," Edward told Policeman Howard Sorrells, "then he pushed me so I fell again. He was mad. He grabbed from my hand the Valentines I had made and tore them up and drove the car over them. Gee, he was mad." Edward's hip was bruised.

Francis E. Townsend, the pension planner, was once a country doctor in the Black Hills of South Dakota.

THREE BOYS KILLED IN GRADE CRASH

THATCHER, Colo., Feb. 15 (AP)—While the father of one of them waved frantically to attract their attention, three Thatcher school boys drove into the path of the streetcar Saturday. Fe Chief and were killed instantly at a crossing here.

William Talbott, 16; his brother, Bob, 11, and Bruce Smoot, 12, were killed in the crash late yesterday.

NEW STATE BANK CHIEF IS NAMED

AUSTIN, Feb. 15 (AP)—Texas has a new state banking commissioner, the second appointed by Governor W. Lee O'Daniel.

Lee Brady, 51-year-old Mar banker, was sworn in and took office yesterday, succeeding Fred C. Branson of Galveston, O'Daniel's first appointee, whom the governor recently named to the University of Texas Board of regents.

NAZI RAIDS HALTED

PARIS, Feb. 15 (AP)—French machine gunners halted two German raids during a snowstorm on the western front, French military sources reported today.

The French said several German dead were found in no man's land. (The German communique today said, "As a result of patrol activity south of Saarbruecken, numerous prisoners were taken.")

The French reported one German plane was shot down.

MOVE AGAINST FD CALLED A 'SIN'

NEW YORK, Feb. 15 (AP)—Secretary Ickes says anything done now by business to shake public confidence in either President Roosevelt or the government "is a sin against free enterprise, individual liberty, political democracy and your own self-interest."

The secretary, suffering the discomfort of a cold that almost had caused cancellation of his speech, debated with Ernest T. Weir, chairman of the National Steel corporation, on the current relationship between industry and the administration at an Economic Club dinner last night.

Weir, accusing Washington of seeking not regulation but "definitely government control" asserted it was "killing the venturesome spirit" of business.

AUDIENCE WINS ACTORS' APPLAUSE

PHILADELPHIA, Feb. 15 (AP)—For their fortitude in braving one of the century's worst blizzards, actors applauded a small but determined audience last night.

To the 100 men and women who had bucked snowdrifts and lashing winds to attend the performance Ted Shawn, dancer, said in a curtain speech:

"Audiences like you are courageous and receptive."

Then he and the entire cast applauded.

TAAF Boxing Tournament May Be Staged Here In Summer

We hear that Big Spring can have the district TAAF boxing tournament next summer. The big fight is not as well known as the Golden Gloves shows but is growing.

Two years ago, Louis Heuvell, the Coahoma Oilers' basketball star, played in the state semi-pro basketball tournament at Waco as a member of the Conroe Oilers, a meeting in which a Forsan team managed by Marion Forbes competed.

Heuvell is one of the speediest athletes to ever play in this section of the country.

Pat Patterson, Big Spring right handed hurler who is wintering here, begins workouts for the 1940 WT-NM league season the 24th of this month.

He intends to have his legs in top shape by the time Skipper Tony Rego calls his boys into camp around the 8th of April.

Tex Walton, the Barons' bespectacled center fielder of the 1939 campaign, who led the entire league in three-base hits and strikeouts, will probably play ball in the East Texas league the coming season.

Lamesa's popular athlete, George Sturdivant, is one of four hold-overs eligible to play ball for Jackie Atz at Henderson of the East Texas circuit the coming summer.

The other members of last year's crew were ruled free agents by Commissioner Landis recently.

Texas Open Golf Tournament Was Financially Successful

Hollis Parker, Coahoma's M-C league quint's center, insists on playing basketball despite painful finger injuries he received while working at Forsan.

A cage tournament for independent teams will be conducted in the Lake View (San Angelo) gymnasium March 1-2.

Most of the M-C loop teams will compete both in T. J. Turner's meeting at Garner the same weekend and the one planned at Sterling City a week later.

The recent Texas Open golf tournament at San Antonio was one of the most financially successful meetings ever conducted for the touring pros.

The tournament committee ex-

pects to bank more than \$2,000 after meeting all expenses.

About 1,300 season tickets, at \$2.50 a throw, were peddled for an intake of about \$3,250. Sold for the Sunday duels were approximately 1,700 tickets, which accumulated \$550 for the coffers.

\$85 Saturday were good for \$885, \$58 Friday, \$225 Thursday, \$500 for the Nelson-Hogan playoff Monday, \$1,125 in entrance fees and \$290 for the pro-amateur event. Grand total was about \$8,800.

Approximately \$5,310 was dedicated toward prize money while about \$1,200 went toward other expenses, a combined total of about \$6,510.

McCarthy and McKechnie to Manage All-Star Teams for Relief Fund Game at Tampa

By GAYLE TALBOT TAMPA, Fla., Feb. 15 (AP)—The 1939 world series will be fought all over again, as far as the managers are concerned, in the all-star game for the benefit of the Finnish relief fund between picked teams from the National and American leagues here on March 17.

Joe McCarthy of the New York Yankees and Bill McKechnie of the Cincinnati Reds have been chosen to pilot the two outfits. They were offered the posts last night and promptly accepted, McKechnie displaying a commendable fortitude in view of the lacing

his Reds took from McCarthy's Yankees last October. Bill possibly felt that nothing worse could happen to him. If his National leaguers should catch it in the neck this time he at least will be able to blame it on the sports writers who will get together early in March and select the two squads.

The National leaguers won't have to tackle quite so many Yankees this time as they faced in the world series and in last year's all-star game. As tentatively planned, no more than four players will be chosen from each team in the two leagues, and only one performer will be brought here from each of the five clubs training on the Pacific coast.

Otherwise, the contest here will follow closely the pattern of the annual all-star game. Commissioner Keneasa M. Landis will have absolute control, even to naming the umpires and frowning from a front box.

Union Planning Cage Tourney

UNION, Feb. 15—A basketball tournament for independent teams will be conducted in the Union school gymnasium Feb. 29 and March 1-2.

Cash awards of \$7.50 to the winner, \$4 for the runnerup and \$3 for consolation winner will be offered. Appropriate prizes of equivalent value are optional to teams having high school boys who have not completed their eligibility.

Entrance fee for each team will be \$3. Jeff Dean, Union coach, and P. K. Humes, superintendent, will be in charge of the meeting.

Favorites Reach Semifinals in Tourney Play

PALM BEACH, Fla., Feb. 15 (AP)—The favored team of Robert Sweeney, former British amateur golf champion, and Grace Amory of Palm Beach, lined up today against Marion Miley of Lexington, Ky., and Tommy Goodwin of New York in the semifinals of the Everglades club mixed two-ball tournament.

Clara Callender of Long Beach, Calif., and Hugh I. Willoughby 3rd of Port Strevia, Fla., encountered Mr. and Mrs. Briggs S. Cunningham of Green Farms, Conn., in the other bracket.

LONGHORNS PLAY FINAL HOME GAME TONIGHT

Coahoma Hobbles Phillips, 22-18

Gain The Inside Track In Race For Title

Coahoma's Oilers topped the Phillips' Tire quint's playhouse, 22-18, in the Major-City basketball league's feature game at the high school gym Wednesday evening, thereby gaining the inside track in the race for the second half title.

Bitterly fought throughout, the victory was wrapped up in the final minute of play when Hollis Parker's field toss from under the basket clinched the outcome.

The Oilers' Bobby Asbury hobbled the Tirenmen's classy forward, J. E. Harland. The circuit's leading tally maker could rack up but three field tosses.

The Oilers' Bobby Asbury hobbled the Tirenmen's classy forward, J. E. Harland. The circuit's leading tally maker could rack up but three field tosses.

Heuvell Outstanding Louis Heuvell was outstanding for the Coahomans, counting 11 points during the battle and playing a consistently good floor game. He committed three fouls during first half play but managed to keep in the bout.

In the evening's opening skirmish, the Ackerly Eagles had an easy time with Montgomery Ward, winning as they pleased, 21-8.

The Retailers could count but two points in second half play. C. Bristol was outstanding for the Dawson county team.

Vaughn's Piemen effectively handled the R-Bar Wranglers in the final bout, winning, 21-22.

The Sugar Coats led all the way but had trouble in first half play. Pat Patterson's eight points topped the Vaughn's scorers but couldn't match the total compiled by Thomas South, R-Bar, who had three field tosses and as many free goals.

STAGES TO COACH AT GLADEWATER

DAISETTA, Feb. 15 (AP)—Bill Stages, coach of the Hull-Daietta Bobcats for the past two seasons, announced Wednesday night he had accepted the position of head football coach at Gladewater High.

During Stages' regime, Hull-Daietta lost only one football game, and while he was coach, the Bobcats ran their winning streak to 44 straight.

A former Texas A. and M. grid star, Stages will succeed Jake Hanna who recently was named head coach at Centenary.

Denis Cardinal Dougherty of Philadelphia was the first American Catholic bishop in the Philippines.

Odessa Broncos To Form The Opposition

Bobby Savage Nears Scoring Record; 4 Seniors Bow Out

The first of two scheduled games between the Big Spring Steers and the Odessa Bronchos will be played at the high school gym this evening, 7:30 o'clock.

The two quintets are slated to meet again in Odessa Thursday evening, February 22.

This evening's exhibition will close out the Bronchos' home schedule.

Practically every big name golfer teed off against the layout's 25-36-71 par, a figure hard to better because of fast, rolling greens and a profusion of dog-legged holes.

Byron Nelson, lord of golf and defending champion; Ralph Guldahl, who won the title three in a row; Ben Hogan, Slammin' Sam Snead, Jimmy Thomson, Lawson Little, Jimmy Demaret — all the siege guns were ready for their last chance to get the feel of the course.

The only missing satellites were Henry Picard, a Ryder Cup team member; Harry Cooper, the little Scotchman who injured a thumb doing the rubs, and Gene Sarazen, the gentleman farmer.

The amateur list includes Ellisworth Vines, former tennis king; Wilford Wehrle of Chicago; Ed White, ex-Walker Cupper; Don Schumacher and Jack Munger of Dallas and Johnny Dawson of Chicago.

The tournament proper opens Friday and continues through Sunday.

Eagles to Play Lamesa Quint

The Ackerly Eagles, Major-City basketball league team, will invade the Lamesa high school courts Friday evening to play the Earnest Motor Parts team of Lamesa.

The Eagles recently won a decision over the Lamesans.

Record Number Of Entries For Derby Are In Prospect

LOUISVILLE, Ky., Feb. 15 (AP)—That fellow hurrying to the mailbox down on the corner today might be one of a hundred-odd horsemen with one eye on a Kentucky Derby victory and the other on tonight's midnight nominating deadline for the annual classic May 4.

Indications are plentiful that a record list of colts and fillies will be named for the 66th running of the top-ranking three-year-old race, but chief among them is Churchill Downs' new "share-the-wealth" derby program.

The purse has been upped from \$50,000 to \$75,000 and not only will owners of the first three horses share in the distribution but breeders and trainers for the first time will get their "cut" of the cash awards.

It seems a good bet that Col. E. R. Bradley, whose four derby triumphs hold a record, will have several hopefuls in the list, headed by his ace, Bimelech. Other strong probabilities are Roman Flag, Andy K and Carrier Pigeon.

COCKER SPANIEL GARDEN WINNER

NEW YORK, Feb. 15 (AP)—It ended on a note of utter exhaustion. The Westminster Kennel club's purple and orange colors drooped from the balconies of Madison Square Garden. The dog-food salesmen had lost their fixed grins.

Everyone was dog-tired, except a fine bodied, perfectly coated black cocker spaniel, My Own Bruce, America's dog of the minute, winner of best in show at Westminster and best American bred dog in the show.

For Bruce, for whom 7,000 people almost wore out their hands applauding, trying to influence Dr. Samuel Milbank into making the decision they hoped would make—and did, had turned back a predicted foreign invasion that was threatening the supremacy of American pooches.

The fresh-as-a-daisy Bruce had the situation well in hand—and seemed to know it. His handler and owner, Herman E. Mellenthin of Poughkeepsie, N. Y., was a lot more nervous than Bruce. So were his admirers. But Bruce came through.

Ex-King Ferdinand of Bulgaria is so fond of unset precious stones that he carries around a lot of them in his vest pocket.

Warner To Assist Ben Winkleman At San Jose State

SAN JOSE, Calif., Feb. 15 (AP)—Glenn Scobey "Pop" Warner will be back for another season as advisory coach of San Jose State's football team.

The veteran strategist was "signed" to a verbal one-year contract yesterday by T. W. Masquarrie, college president, and Glenn "Tiny" Hartranft, newly-appointed athletic director.

Warner will work with the Spartans' new coach, Ben Winkleman, former Stanford assistant coach who succeeded Dud DeGroot, who resigned to coach at Rochester university, New York.

Pro-Amateur Duel Higgins Says Tigers Will Be Tough

Most Big-Game Golfers Play At Houston

By WILLIAM T. RIVES HOUSTON, Feb. 15 (AP)—The Western Open golf scramble started unofficially today with the pro-amateur competition, a normally innocuous event which held special significance because a little extra change dangled in front of the professional entrants.

Sponsors offered \$75 to the professional turning in the day's lowest score and \$25 to the runnerup. Kibitzers at the River Oaks course felt the additional prize money insured a healthy output on the part of the star-jammed field and possibly would provide a clue to the winner of the \$5,000 Open.

Practically every big name golfer teed off against the layout's 25-36-71 par, a figure hard to better because of fast, rolling greens and a profusion of dog-legged holes.

Byron Nelson, lord of golf and defending champion; Ralph Guldahl, who won the title three in a row; Ben Hogan, Slammin' Sam Snead, Jimmy Thomson, Lawson Little, Jimmy Demaret — all the siege guns were ready for their last chance to get the feel of the course.

The only missing satellites were Henry Picard, a Ryder Cup team member; Harry Cooper, the little Scotchman who injured a thumb doing the rubs, and Gene Sarazen, the gentleman farmer.

The amateur list includes Ellisworth Vines, former tennis king; Wilford Wehrle of Chicago; Ed White, ex-Walker Cupper; Don Schumacher and Jack Munger of Dallas and Johnny Dawson of Chicago.

The tournament proper opens Friday and continues through Sunday.

Westbrook And Loraine Clash

WESTBROOK, Feb. 15 — Bill Fletcher's Westbrook high school cagers will square off with Loraine's representatives in a third round game of the Mitchell county basketball tournament here tonight.

If the Wolves win they will play Colorado City Friday evening in Colorado City.

Bill deCorrevont To Stay In School At Northwestern

EVANSTON, Ill., Feb. 15 (AP)—Bill deCorrevont, the prep football sensation of 1937, has two more years of intercollegiate grid activity ahead of him, and like the first, they're still going to be at Northwestern, he said today.

The blond halfback hasn't been "too happy" about his first fling at intercollegiate football. He al-

most quit the Evanston campus last month to enter Southern California. But "everything is all right now," he declared.

He admitted he had sent a telegram last month asking a Los Angeles friend to find out if he could enroll at Southern California.

"I wanted to get away from here," he explained. "I figured I would be better off at another school."

Wranglers To Play Outlaws

FORSAN, Feb. 15 — R-Bar's Wranglers will invade the Forsan high school courts this evening to battle the Forsan Outlaws in an exhibition basketball game.

The Wranglers hold two victories over Tommy Yarbrough's crew.

FINDS HIS COW

CLARK, Mo., Feb. 15 (AP)—Farm-er R. L. Butler missed his cow and called neighbors to help find her.

Ten days later, Butler struck a pitchfork into a straw stack and there she was—still mooring, but weak from lack of water and feed.

SEE WHAT HE FOUND—Explorer Hassoldt Davis picked up some odd-looking friends during his movie-making trek through Africa, few of them odder than this tall bush chieftain. Davis recently arrived at New York.

WHERE'S THE HORSE?—Snow might flurry outside but New York could still have a fashion show of spring hats, among them this red "coachman's" straw with the saucy red and black grosgrain cockade in front.

THEY'RE NAVY 'TOPS'—Admiral J. O. Richardson (seated), new commander-in-chief of the U. S. fleet, checks over naval matters with Admiral Charles P. Snyder, new commander of the battle force. They're on the U. S. S. Pennsylvania.

TWO AGAINST ONE—Though they opposed each other in Louisiana's recent gubernatorial primary, Sam H. Jones (left) and James A. Noe (right) have buried the hatchet to plan for the runoff primary in which Jones will face Gov. Earl K. Long. Jones came out second in the voting, and Noe finished third. Now they hope to keep Long from continuing as governor.

ALL TRUSSED UP AND NO PLACE TO GO—Old Man Winter really played mean tricks on the oyster boats out of Cambridge, Md., for ice choked Chesapeake bay and held boats in Cambridge harbor (above) just when prices were exceptionally high.

HOUSE IN COLD STORAGE—When zero temperatures swept the Hudson river in upstate New York this river lighthouse south of Bear Mountain presented a desolate, icebound sight.

Judges Meet On March 21

DICKENS, Feb. 15 — Dates for the spring convention of the West Texas County Judges and Commissioners association have been set for Thursday, Friday and Saturday, March 21, 22 and 23, County Judge Marshall Formby of Dickens, president of the association, announced this week. The convention will be held at San Angelo with headquarters at the Cactus hotel.

Judge Formby said the program is being arranged and will be announced soon. A number of prominent speakers for Texas are being lined up for the three-day program. Registration for convention attendees will begin on Thursday afternoon, March 21 at 3 p. m. Business sessions will be held on Friday morning, Friday afternoon and Saturday morning. The banquet, one of the highlights of the convention, will be held on Friday night at 7:30. A dance will follow the banquet and one will also be held on Thursday night. The convention closes Saturday at noon following report of the resolutions committee and selection of the September convention city.

On Saturday morning it is planned to hold a "question box hour" at which time questions which will have been submitted during the convention will be answered. This feature of the convention is being used for the first time in several years in the West Texas association. It has proven highly interesting in the past, Judge Formby pointed out.

THREE'S A CROWD, ESPECIALLY ON A HONEYMOON

LOS ANGELES, Feb. 15 (AP) — Mrs. Beale Polshov told a judge that her husband took along another woman friend on their honeymoon. She won a divorce.

She identified the other woman as Linley McDaniel, who had "kept company" with William P. Polshov for four years prior to their marriage six years ago.

Mrs. Polshov added that Miss McDaniel told her several months ago Polshov had been "seeing" her again.

Auction Sale Of Herefords At San Angelo

SAN ANGELO, Feb. 15—West Texas ranchmen seeking to improve their Hereford herds will have an opportunity to do so in San Angelo on March 2 at the annual auction in connection with the San Angelo Fat Stock Show and Rodeo, in which 22 breeders have consigned 46 bulls and four heifers.

Most of the bulls entered in the San Angelo sale range in age from 18 to 24 months old, are of outstanding pedigree, are ready for service, and are well conditioned, according to the members of the sales committee who have completed checking the entries.

Committee Checks Entries

Members of the committee include John P. Lee, George Broome, Abe Mayer, Jake Johnson and Pat Jackson.

The 22 breeders and their entries are as follows:

Cox & McInnis, Byrds, three bulls; I. A. Bird, Sanco, three bulls; J. A. Queen, Big Lake, three bulls and two heifers; Silver Creek Farms, Fort Worth, three bulls; C. C. Sanders, Big Lake, three bulls; Pat Martin, Christoval, two bulls; Broome Ranch Co., Broome, two bulls; Brook Hereford Ranch, Brady, one bull.

22 Breeders Entered

Norman Martin, Dublin, three bulls; Arledge Stock Farms, Knox City, two bulls; J. B. Pettit, Stiles, two bulls; John Henry Dean, Jr., Fort Worth, three bulls; Parks Hereford Ranch, Clifton, two bulls; Black & Largent, Granbury, two bulls; Otto Mund, Sonora, three bulls; Baugh Bros., Eldorado, three bulls; J. B. Walker, Silver, one bull; S. C. Benningfield, Sanco, two bulls; Jay Hargrave, Mertzon, one bull; W. W. Boswell, Paint Rock, two heifers; Jim H. Dyer, Valera, one bull; and Hugh Lee Rozelle, Millersview, one bull.

Home Folk Backing Allison For Senate

LEVELLAND, Feb. 15—The citizenship of Levland and Hockley counties strongly aligned itself behind the candidacy of Alvin R. Allison for the Texas senate when near fifty businessmen and other citizens met and organized an Allison-for-Senate club.

An organization was expected that will carry Allison's campaign to every nook and cranny of the 24 counties in the 30th senatorial district. Officers chosen were: Ray Watson, Levland merchant, president; R. H. Hester, secretary; treasurer; and J. P. Shofner, merchant, vice-president.

The club launched immediately into business of Allison's campaign. Committees are to be appointed and coverage of the entire district is planned. The Allison-for-Senate club will meet twice monthly.

Representatives of all civic organizations in Levland and others pointed out highlights in Allison's political career that carried him from the Hockley county judgeship to presidency of the West Texas County Judges and Commissioners association. He is now state representative from the 119th district.

Not present at the Friday night meeting, Allison was already at work in the district.

LAUNCH CAMPAIGN TO USE MORE LARD

CHICAGO, Feb. 15 (AP)—Competition for the billion dollar household cooking fat market between the nation's hog producers and manufacturers of so-called lard "substitutes" enters a new phase this week.

Livestock farmers, seeking to increase consumption of lard, are planning a nationwide campaign for the housewives to use these agents in shortenings and frying. It will mark the first time in the history of agriculture's development of the lowly hog into a multi-billion dollar trade that hog producers have joined in a widespread effort to sell their products.

The promotional organization of hog men has been incorporated in Illinois as "American Pork Producers Association." On Thursday livestock raisers from all sections of the farm belt will meet here to perfect the organization.
