

44 Die As Airliner Crashes In Colorado

By GORDON G. GAUSS
LONGMONT, Colo. (U. P.)—A four-engine DC6B New York-to-Seattle United Air Lines plane crashed on the windswept northern Colorado plains last night in near freezing weather, killing all 44 persons aboard.

The disaster was the airline's second in this area within a month. Unlike the UAL crash which killed 66 persons Oct. 6 when a plane smashed into Medicine Bow Peak near Laramie, Wyo., this accident happened over comparatively level country a few miles east of the Colorado Rockies. The Medicine Bow Peak crash was the worst commercial air lines disaster in United States history from the standpoint of lives lost.

Chief Gilbert R. Carrel of the Colorado Highway Patrol said he

Philip Whitmarsh, left, 52-year-old member of the Adventurers' Club of Los Angeles, gets some last minute route information from Dr. Daryl of the Automobile Club of Southern California before starting for Fairbanks, Alaska. When he gets there, Whitmarsh plans to turn around and embark on an Arctic-to-Antarctic motor trip. He hopes to make the 13,500-mile trip from Fairbanks to Ushuaia at the southern tip of South America in a Volkswagen Microbus.

Arctic To Antarctic

of Nina's since high school days, was matron of honor.

The couple told the judge they wanted to be married before midnight because yesterday was the three-month anniversary of their meeting.

The blonde Miss Warren wore a dark blue dress. The hotel had decorated the suite with flowers and after the ceremony brought in a big wedding cake.

Miss Warren, born in Oakland, Calif., and known to intimates since childhood as Honey Bear, is the youngest of three Warren daughters. Her father was elected three times as governor of California.

She was stricken with polio in November 1950 but recovered fully from paralysis of the legs and attended UCLA.

Chief Justice's Daughter Weds California Doctor

LAS VEGAS, Nev. (U. P.)—Nina (Honey Bear) Warren, 22, daughter of Chief Justice and Mrs. Earl Warren, and Dr. Stuart Briant, 33, Beverly Hills, Calif., physician, unexpectedly flew here from Los Angeles last night and were married.

The ceremony was performed by Justice of the Peace John Mendoza in a penthouse suite of the Riviera Hotel.

The elopement was a surprise because the couple obtained a marriage license only two days ago in Santa Monica, Calif. It is the first marriage for each.

Best man for the single-ring ceremony was Saul Bihari, president of Modern Records Co., Los Angeles. His wife Linda, a friend

Group Would Defer Highway 80 Bypass

A movement to bring about postponement of a proposed Highway 80 four-lane "bypass" across north Big Spring was launched Tuesday by a group of local business people.

Some 25 persons, mostly representatives of service stations, tourist courts, motels and other businesses along Third and Fourth Streets, attended a meeting at the Settles Hotel.

They established preliminaries for an organization, with election of Worth Peeler as chairman, H. W. Wright as vice chairman and Leonard Coker as secretary. The president was authorized to appoint a committee to report a suggested name for the organization at a meeting scheduled for November 15. The president also was instructed to appoint a committee to confer with proper authorities concerning plans for the new highway construction, and to determine if postponement can be arranged.

Copies of a petition were distributed, with the request that signatures be obtained. As prepared, the petition asks that buying of right-of-way for the bypass be postponed. The petition says "we feel that our traffic problem has been solved for the present time by the opening of one-way traffic on Third and Fourth Streets. We feel that this will take care of our traffic until such time as Big Spring grows to make the

City Withholds Powell Waters From CRMWD

City Commissioners, Tuesday evening, decided against yielding Powell Lake to the Colorado River Municipal Water District for sale of the water to oil operators in the Howard-Glasscock field.

The commissioners said that, if possible, the city should sell the water to the operators and not to the District for resale. The CRMWD agreed to pay maintenance cost for the Powell dam under the arrangement.

Requests for a larger water line running northwest of the city to be constructed, was temporarily put off by the commissioners. The request was made jointly by A. H. Bugg and D. M. McKinney, Texas Electric Company.

The water pressure in the northwest part of the city gets very low at times, the men said. City Manager Herbert Whitney pointed out that the area affected was outside the city limits. The city does not assume responsibility for the area.

McKinney asked that the six-inch water line at Twelfth and Lamaza Drive or the six-inch line in the Banks Addition be extended to the northwest corner of the city limits and let the individuals provide their own water pipe from that point on.

However, as that area is the site of the projected Highway 80 bypass, commissioners decided to delay consideration of the problem until the definite site of the highway has been determined.

Air Ace, Wife Among Dead In Disaster

AMARILLO (U. P.)—Mr. and Mrs. Horace B. Bynum, killed last night in the crash of a United Air Lines plane near Longmont, Colo., were returning to their Portland, Ore., home after celebrating their first wedding anniversary here with Bynum's parents.

Bynum, a World War II air hero, was a geologist for Sinclair Refining Co. He held the Distinguished Flying Cross and the Air Medal with seven clusters after flying 74 combat missions in the European theater of operations as a fighter pilot.

Relatives here said the Bynums had intended to return to Portland last Thursday but had been delayed when some UAL flights were cancelled because of a strike. They had taken a later plane on another line to Denver where they boarded UAL's ill-fated Flight 629.

Bynum graduated from Texas Technological College, Lubbock, in 1950 and was recalled to active duty during the Korean War but saw no Far East action. He was a native of Amarillo, the son of Mr. and Mrs. Horace A. Bynum.

Relatives said the Bynums expected their first baby in February.

Police Find Body Of Pilot

GRANTS, N.M. (U. P.)—State police today found the body of a missing Hawaiian pilot on his crashed plane at the center of a forest fire.

The dead man was identified as Thomas E. Creighton, about 40, a marine warrant officer from Honolulu.

State policeman Ed Bell reported from the scene about 12 miles north of this Western New Mexico city that Creighton was dead and his body burned. The crash and fire were in rugged terrain. About 25 Zuni Indian firefighters were called in to stop the fire, which destroyed an area about a mile long by half a mile wide.

It was not determined whether the plane started the fire, first spotted by a Trans World Airlines pilot.

Gulf Exploration Platform Launched

LONGVIEW, Tex. (U. P.)—R. G. LeTourneau Inc. announced today that its big two million dollar self-elevating platform for oil exploration in the gulf was launched early today near Vicksburg, Miss.

The big platform was built on the banks of the Mississippi river then towed into the water.

The company said the platform uses three legs powered by 63 electric gear motors that makes possible complete raising or lowering of the platform in less than two hours.

Today's announcement said the platform was designed with the aim of increasing mobility and speed and lower costs in tideland operations.

Pilot Of Fated Airliner Was H-SU Graduate

SEATTLE (U. P.)—Capt. Lee H. Hall, pilot of the United Airlines plane which crashed in Colorado, was born in Seymour, Tex., attended Hardin-Simmons University at Abilene, Tex., and had flown for United since 1942.

All-German Council Proposed By Reds

Personnel of Webb AFB has put its shoulder to the United Fund wheel and so far have raised \$5,584. Dick Simpson, president of the United Fund, received the check from Col. Charles M. Young, wing commander, while Col. David L. Lewis and Lt. Col. Jack T. Goode, staff members, look on. They made the presentation on behalf of the Webb family and said that some additional may be raised. The total exceeds last year's contribution.

Voters Okay C-City School Bond Program

COLORADO CITY — Voters of the Colorado City Independent School District approved a half million dollars in school bonds Tuesday 302 to 169.

Early confusion as to the majority required caused a report to be circulated that the bond issue had failed. School officials and backers of the measure thought at first that passage required a two-thirds majority. A telephone call to the school's bonding company in Abilene was required to put the matter straight.

Although voting was light, the measure brought forth a record number of "no" voters in a school bond election. In the last bond election in 1952, with 983 votes cast, only 166 negative votes were received. Opposition to the measure was sparked by the nature of the issue, which many parents of school children thought ill-advised at this time because the issue did not contain any emergency items and a shortage of schoolroom space was not a factor.

Funds from the bond issue, school officials say, will go to the building of a new gymnasium to replace one of the three present gyms, and to remodel the high school building. In addition, about 10 per cent of the bond issue will be used to build two or more classrooms at the Hutchinson School.

Support for the issue came from the school board, employees of the school district and local businessmen. It was endorsed by the Chamber of Commerce. Expenditures for the project are expected to give downtown business a shot in the arm. Construction could begin in as little as three months, according to Jim Watson, secretary of the school board.

Abilene Man Dies In Crash

CHERRY POINT, N.C. (U. P.)—The Marine Corps today identified a pilot killed in the crash of his FJ2 Fury jet fighter as 1st Lt. Mattson R. Ivey, 33.

He was the son of Mr. and Mrs. Ted H. Ivey of (3801 Pine St.) Abilene, Tex.

His plane crashed and exploded about 10 miles southeast of Beaufort, N.C., yesterday while on a training flight. He was a member of the 2nd Marine Aircraft Wing, headquartered here.

Ivey was commissioned in December, 1953, after flight training at Pensacola, Fla., and Corpus Christi, Tex. In addition to his parents he is survived by his widow, the former Stella Francine Travis of Abilene, and their one-year-old daughter, Roge, who live at nearby Havelock.

Narcotics Suspect Disappears Before Charges Are Filed

Search was on today for Tiburcio (Chongo) Nunez, charged Tuesday with a narcotics violation.

Nunez, who was seen in the courthouse Tuesday morning, disappeared shortly before the charges were filed by the district attorney's staff. Officers had one report today that he had left Big Spring.

Being held on another narcotics charge was Manuel Pineda, who was arrested Sunday night.

Both Nunez and Pineda were charged with possessing marijuana. District Attorney Guilford Jones said officers seized 18 marijuana cigarettes at the Nunez residence on Oct. 21. Pineda was charged with having marijuana in his possession when he was arrested at the bus station Sunday.

Both men have records of narcotics convictions. Pineda was sentenced following a conviction last July. Nunez was released from prison several years ago after serving a sentence assessed following a conviction in 1952.

SHORT OF GOAL

'Emergency Call' Sounded For UF

The 1955 United Fund appeal is three-fourths of the way toward its goal, but Adolph Swartz, general campaign chairman, sounded an emergency call Wednesday.

Reason for this was that only one day remains before the scheduled end of the official campaign.

"Time is short," said Swartz, "and so is the total so far raised. I plead with all my being for workers to complete their assignments at once. The need is not only urgent — it is imperative."

The last scheduled general report meeting is Thursday noon.

Tuesday's general report session showed the greatest gain for a single week — \$16,020.88, which boosted the total so far to \$66,955.22. This is 74.45 per cent of the objective of \$89,755.

This leaves nearly \$20,000 to go if the Boy Scouts, Girl Scouts, YMCA, Salvation Army, Red Cross, Servicemen's Center, West Side Recreation Center, the Citywide Summer Recreational program, and Cancer and Heart agencies are to receive the amounts set up for their budgets.

Clean-up squads are being organized, said Swartz, in an effort to see that as many of the prospects cards as possible are worked. He urged workers who find it impossible to make contacts promptly to return their cards to headquarters on the Settles mess hall at once.

"We started out well, but early success caused many of us to delay too long about making contacts," Swartz declared. "Now I

Jury Mulls Verdict In Strangling Case

MINNEAPOLIS (U. P.)—A jury of seven women and five men resumes deliberations today in the first degree murder trial of Dr. A. Arnold Axilrod. Minneapolis dentist charged with strangling a young woman patient.

As it did, the 50-year-old defendant was taken to the courtroom from the jail cell he voluntarily entered after the case was submitted to the jury. Axilrod, freed on \$15,000 bond shortly after his arrest April 23, placed himself in custody for the balance of the jury deliberation.

The panel failed to reach a verdict yesterday after weighing the case from 2:51 p.m. to shortly before 7:30 p.m.

The jurors spent the night locked in their rooms in a downtown hotel.

Before them was a choice of six possible verdicts — guilty of first degree murder, second degree murder, first degree manslaughter, second degree manslaughter, acquittal by reason of insanity and outright acquittal.

The state charged Axilrod strangled Mrs. Mary E. Moonen, 21, and threw her body into an alley

Solution Posed In East-West Differences

GENEVA (U. P.)—The Soviet Union introduced to the Big Four foreign ministers' conference today a plan to set up an all-German council to bridge the differences between the Bonn and Communist East Berlin regimes.

The plan follows in its broad lines the ideas presented by the East German government in a 3,000-word statement submitted yesterday.

The Russian idea envisages the continued division of Germany for some unspecified period. It also is designed to win recognition for the East Germans from the outset by the establishment of an all-German council consisting of representatives of both East and West German governments.

Soviet Foreign Minister V. M. Molotov's proposal contained no surprises and in its form was regarded by Western quarters as certain to be rejected by the United States, Britain and France.

Its principal points:

1. Creation of the all-German council by the parliaments of the two rival governments.
2. Establishment of mixed committees under the council to deal with questions of economic and cultural ties, German currency, finance, customs, post and telegraph and transport.
3. Search within the council for accord on strength, armament and location of units required to ensure the defense of the two German republics.
4. Work in the council on European security and on questions relating to "the bringing about of prerequisites for the unification of Germany as a peaceful and democratic state."

Western officials earlier today said the British government is abandoning its plan for an East-West German buffer zone at the urging of the U. S. government.

These officials said Molotov therefore was trying to breathe life into an already dead Trojan horse by his sudden support of the idea of a semimilitarized zone along the East-West frontier.

The proposal was first put forward by British Prime Minister Eden at the July summit conference here. The United States, however, feared the Eden plan would freeze the division of Germany and fix the present status of Soviet satellites in Europe.

As a result of a shift in the British position two or three weeks ago, the informants said, Britain, France and the United States now support the creation of a buffer zone only after Germany is unified.

They said Molotov apparently hoped to put Britain and Russia on the same side of one issue at least, and thus divide Britain and the United States by his adoption of the earlier British plan.

Fresh evidence of Molotov's basic opposition to German unification, except on his own terms, came in a report from an off-the-record briefing of Communist bloc correspondents by Leonid Ilyichev, the Soviet press officer here. Some of those present quoted Ilyichev as saying "there will be no German unification" at this conference.

THE WEATHER

BIG SPRING AND VICINITY: Clouds to partly cloudy, with strong winds and dust this afternoon. Air and calm tonight and Thursday.

High today 65, low tonight 50, high tomorrow 65, low tomorrow 50.

Big Spring, Tex., Nov. 2, 1955. Forecast for the 24 hours ending 11:59 p.m. today: High 65, low 50, wind S, 10-20 mph, variable clouds.

Shepherd Cut Short In Appeals Hearing

AUSTIN (AP)—Atty. Gen. John Ben Shepperd launched a fiery defense of himself and Judge A. S. Broadfoot in connection with Duval County prosecutions today but was cut short by the clock before he could complete his remarks.

Shepperd had requested an extra 15 minutes for presentation of his arguments before the Court of Criminal Appeals but presiding Judge W. A. Morrison announced at the outset that the motion had been denied "by a majority of the court."

The attorney general was less than one-third of the way through his prepared statement when Judge Morrison announced that only one minute remained of the allotted time allowed by Court of Criminal Appeals rules.

Shepperd, who had been speaking at high speed, immediately halted his argument and asked permission to file written copies of his prepared remarks. Permission was granted.

Shepperd was preceded by Dist. Atty. Sam Burris of Allice, who used five of the 15 minutes allowed the state for argument on its motion to reconsider a case involving validity of 104 indictments in the Duval County investigations.

Under rules of the court, attorneys for the winner in the case under the court's earlier decision, R. L. Adame, were not entitled to argue orally on the motion for rehearing.

The case first came to the appellate court as an appeal by Adame, former school superintendent of Duval County.

Adame's conviction on a felony theft charge was knocked down by the court on grounds the grand jury which indicted him was illegally constituted. The decision also invalidated 103 other indictments brought by the same grand jury.

As he had done in his motion, seeking extension of time, Shepperd said he felt the language used by Judge Lloyd W. Davidson in the opinion which knocked out Adame's conviction raised "questions as to the propriety and motives of the handling of my office and of those of the honorable Judge A. S. Broadfoot of Bonham."

"One might conclude from the court's opinion that Judge Broadfoot and I had 'collaborated' in Austin, after which this fine retired judge rushed to Duval County, held a hurried 'secret session,' then precipitously discharged the old grand jury and appointed commissioners who would be subservient to my wishes," continued Shepperd. "This version cannot withstand the light of the uncontradicted facts in the record in this case."

Judge and Mrs. Broadfoot were in the courtroom to hear the arguments.

Shepperd had said in his written motion yesterday that it was plain from the context of language in Judge Davidson's opinion that "a reflection has been cast upon the honesty, integrity, and professional conduct of both the attorney general of this state and the trial judge, A. S. Broadfoot."

Both Burris and Shepperd insisted Judge Broadfoot's action in throwing out an old grand jury and appointing a new grand jury commission was based on a thorough court of inquiry, not hearsay as to probable fairness and impartiality of the old grand jury in pending investigations.

Burris said in a written motion that the Adame decision had reversed a May, 1954, ruling of the appellate court in a related case from Duval County. He said the 1954 decision

'BE Day' Plans Moving Forward

Plans are moving along for the BE Day celebration here, according to Jimmie Greene, manager of the Chamber of Commerce.

There are 36 companies now signed up to participate in the program, Greene said.

The call for the businessmen to visit with them in the business houses Nov. 18. The program is designed to familiarize the teachers with the actual workings of the capitalist system.

Companies who have agreed to take teachers so far are J. C. Penney's, Woolworth's, Hemphill Wells, Barry Photoenter, Hester's, White's, Auto, Texas Electric Service Company, First National Bank, Anthony's, The Record Shop, Zack's, Stanley Hardware, Thomas Office Supply, Retail Merchants Credit Association, Tidwell Chevrolet Company, J and K Shoe Store, Cosden Petroleum Corporation, Empire Southern Gas Company, Zale's Jewelers, Big Spring Herald, Swartz's, Malone and Hogan Hospital, Cowper Hospital, Elmo Washmen's Store, Coca Cola Company, Cabot Carbon Company, Lone Star Motor Company, Stripling Wholesale Grocers, State National Bank, First Federal Savings and Loan, Tarbox Motor Company, J. D. Jones Construction Company, Southwestern Bell Telephone Company, McEwen Motor Company, Cactus Paint Company, West-Tex Oil Company, Settles Hotel, and Joe Ford Insurance Agency.

Tests Performed On Pair Of Wildcats In Dawson County

Two Dawson County wildcats had tests this morning. Operator is pulling the tool for inspection on the Shell No. 1 Clay site. Tool was open three hours on the test and had weak blows for an hour.

The Weiner No. 1-123 Pool project recovered 10 feet of mud on a drillstem test and is now drilling deeper. The test had weak blows for about 10 minutes.

The Howard field in Borden County had a new location spotted this morning. It is Fleming Oil Company and Fleming and Kimbell's No. 8-H Denman.

In Borden County, Forder O 11 will spot its No. 2 Brown in the Arthur (Spraberry) field about five miles northeast of Ackerly.

Borden

Ponder Oil Inc. No. 2 Brown is an Arthur (Spraberry) pool location about five miles northeast of Ackerly. Drilling to 8,400 feet will go with rotary tools. Drillsite is 890 from north and east lines, southwest quarter, 41-33-4n, T&P survey.

Johnson No. 3 Brown is drilling at 8,184 feet. This wildcat is 14 miles west of Gall and is C SE SE, 23-33-3n, T&P survey.

Johnson No. 1 Canon is drilling at 4,546 feet. This prospect is 13 miles west of Gall and is C SE SE, 11-33-3n, T&P survey.

Dawson

Shell No. 1 Clay is pulling tool after a test of perforations between 11,550-60 and 12,531-61 feet. Tool was open three hours and had weak blows that died after an hour. The total depth is 12,534 feet and plugged back to 12,610 feet. Drillsite is C NW NW, labor 4, league 37, Moore CSL survey.

Felmont No. 1-A Kendrick is drilling in anhydrite and shale at 3,348 feet. This wildcat is 11 miles northeast of Lamesa and is C NE NE 9-1 J, Politecant survey.

Fryer No. 1 Cox, wildcat about seven miles north of Lamesa, is drilling in lime and shale at 6,909 feet. It is C NE NE 52-45-6n, GRRR survey.

Drilling and Exploration No. 1 Wells has bit turning in lime and shale at 2,336 feet. This wildcat is C NW NE Tract 30, Munger subdivision, Taylor CSL survey.

Texas Pacific No. 1 Adams is waiting on cement to set the 5 1/2-inch casing at 8,420 feet. This wildcat is C SE SE 1-34-4n, T&P survey.

Weiner No. 1-123 Pool is drilling in lime at 12,414 feet. This wildcat had a drillstem test of perforations between 12,375-400 feet. Tool was open 1 1/2 hours and had weak blows that died in ten minutes. Recovery was 10 feet of mud and the flow-pressure was 25 pounds. Drillsite is C SE NE 123-M-ELRR survey.

Glasscock

Texas No. 1-A Hülger, wildcat about 8 1/2 miles northwest of Garden City, has bit turning in lime and shale at 8,210 feet. This project is C NE NE, 13-34-3s, T&P survey.

Howard

Fleming Oil Company and Fleming and Kimbell No. 8-H Denman is an Istan-East Howard field location about eight miles south of Coahoma. Drilling will be with combination tools to 2,200 feet. Site is 330 from south and 890 from west lines, northwest quarter, 10-30-T&P survey.

Meza Petroleum Company No. 3-C Hyman is an amended Howard

Farewell To Arms
With the Colors massed behind him, Maj. Gen. William F. Dean, hero of the Korean fighting, gives a snaj salute as he watches his honor guard pass in review during his retirement ceremony at the Presidio of San Francisco, Calif. His retirement ended 32 years of distinguished Army service.

Johnson, Kerr In Demo Planning Talk

STONEWALL, Tex. (AP)—Majority Leader Lyndon B. Johnson and Senator Robert Kerr of Oklahoma today discussed the congressional program which they hoped would enable the Democrats to defeat the Republicans in the 1956 presidential election.

Kerr, in response to reporters' questions said he thought Oklahoma would go along with Texas for Johnson for a favorite son candidate for President but Johnson quickly interposed:

"I'm just running for recovery." Disclaiming any presidential or vice presidential ambitions, Johnson said his chief hope now was to be declared physically sound enough to resume his post in the Senate in January.

He has been recuperating here from a heart attack suffered in July and has already been given the tentative okay by physicians.

Johnson and Kerr in a joint news conference mentioned farm legislation, stepped up flood control

and road legislation, aid to public school construction, social security and tax relief for low income groups if possible as points in the proposed Democratic program.

Johnson said he wanted to make it perfectly clear, however, that these were matters in which Kerr was specially interested and they did not encompass the entire program which will be sought by the Democrats in the next Congress.

Flower Grove School Sets Homecoming

Annual homecoming of the Flower Grove school in Dawson County is scheduled for Friday, and all former students and teachers are invited to attend.

A football game between the Flower Grove Dragons and the Knott Hillbillies is one of the highlights of the day. The game is to be played at 1:30.

Dinner will be served in the school lunchroom at 7:30 p.m., and the following there will be entertainment and a business meeting.

Run-Away Suspect Is Picked Up Here

A 15-year-old lad was picked up by city police Tuesday night for suspected runaway and held over night. Juvenile officer A. E. Long reported this morning he probably would be released.

The youngster told officials he did not know the whereabouts of his parents — he thought they might be in some Southern state — and he was en route to Denver looking for a job.

MARKETS

COTTON
NEW YORK (AP)—Cotton prices at noon were 30 cents a bale higher to \$1.31 lower than the previous day. December 22-28, March 22-31 and May 21-27.

CARD OF THANKS

For prayers, for words, for flowers, food, and every act of sympathy and concern which brought comfort to us at the death of our father and brother, Walter Deats, we give thanks. May the Lord bless you and keep you.

The Family of Walter Deats

Mrs. Rushing Rites Set At Lamesa Church

LAMESA — Funeral for Mrs. Callie Brownlow Rushing, 72, was to be held here at 2:30 p.m. Wednesday at the First Baptist Church. Elder U. S. Landers, Coleman, was to officiate and burial was to be in the Lamesa Memorial Cemetery under direction of Higginbotham Funeral Home.

Mrs. Rushing died Monday at a hospital in Temple. She was a native of Tennessee where she was born Dec. 2, 1882 and came here from Athens, Texas, 30 years ago. She was a long time member of the Baptist Church.

Surviving are four daughters, Mrs. Arthur Kinsey, Athens; Mrs. Walter Brownlow, Paducah; Mrs. E. L. Perry, Lamesa; Mrs. W. T. Parker, Kuleshov; four sons, L. E. Brownlow, O'Donnell; Earl I. Brownlow, Morton; Carl Rushing, Anton; Wesley Rushing, Plains; four stepsons, H. U. on Rushing, O'Donnell; Orbin Rushing, Comanche; Terry Rushing, Phoenix, Ariz.; Preston Rushing, Andrews; three step-daughters, Mrs. S. Eason, Washington; Ellen Rushing, Denver, Colo.; Mrs. Omar Bessiere, Muleshoe; three sisters; two brothers; 41 grandchildren and 58 great-grandchildren.

Palbearers were to be C. L. Taylor, Odell Bessiere, Carrell Bessiere, C. M. Haygood, Roy Cox, and Purvis Vandeviere.

Potter Wins Verdict In Suit

A verdict for the defendant, J. G. Potter, was returned by a district county jury last night in the trial of the \$230,000 suit for damages filed by Mr. and Mrs. T. S. Firth and Mr. and Mrs. E. L. Dorris against Potter.

The jury found that Firth's failure to stop for a stop sign at Tenth and Gollard was the "sole proximate" cause of a traffic accident on Dec. 7, 1953. Mrs. Firth and Mr. and Mrs. Dorris were passengers in the Firth car, which was in collision with a vehicle driven by Potter.

Ronnie Shepperd, a Big Spring High School senior, testified in the case that the Firth car didn't stop at the intersection. He said he saw the mishap from a classroom. Verdict Phillips also testified that the automobile didn't stop before entering the intersection.

In their suits against Potter, Mr. and Mrs. Dorris asked judgment for \$143,000 and Mr. and Mrs. Firth asked judgment for \$187,000.

Members of the jury were W. U. O'Neal, E. W. Richardson, F. W. Hazlewood, D. A. Sellers, Bob Statwhite, Mrs. Nina Carter, J. W. Blackwell, M. D. Sims, Dan Conley, Harvie Lee Adams, William L. Cox and E. E. Gill. They answered all 33 special issues in the defendant's favor.

City Pastors On College Boards

Appointment of two Big Spring pastors on boards of Baptist schools has been announced by the Baptist General Convention of Texas.

Dr. P. D. O'Brien, an alumnus of Hardin-Simmons University and honored with a Doctor of Divinity Degree by that institution, has been named to the H-SU board. Dr. O'Brien is pastor of the First Baptist Church here.

The Rev. Mable Avery, pastor of the East Fourth Baptist Church, has been named to the board for Wayland College at Plainview. The Rev. Avery is an alumnus of Howard Payne and Baylor.

These appointments were part of the actions of the convention in Houston when Texas Baptists adopted a cooperative budget of \$9 million for 1956, re-named Dr. Ralph Grant, Lubbock, president, and chose Corpus Christi as the 1956 meeting place.

Concern Will Honor Long-Term Workers

Members of the Quarter Century club of Texas Electric Service Company will be honored at their annual dinner tonight.

Speaker for the occasion will be Robert R. Gros, vice president of Pacific Gas & Electric Company. Besides being a top advertising and utilities executive, Gros has been in wide demand as a lecturer. In the past 10 years he has delivered more than 2,000 lectures and addresses, usually on current affairs.

J. B. Thomas, president of TESCO, also is to speak briefly to the group at the dinner affair which starts at 6:30 p.m. in the Settles Ballroom.

29 Liquor Cases Filed In September

Agents of the local Liquor Control Board report that 29 criminal cases were filed in the area during September. Fines and costs for the month totaled \$4,784.

The Board obtained 33 convictions resulting in three jail terms. There were two dismissals and one acquittal. Eleven non-criminal cases were also reported.

Throughout the state, agents filed 281 criminal cases and 159 non-criminal cases. These resulted in 253 convictions with 11 jail terms. There were 14 dismissals and six acquittals. Fines and costs totaled \$37,233.95.

East Ward Parents Request Traffic Light At 6th-State

A traffic light at East Sixth and State Street was requested of the city commission Tuesday evening. A petition was signed by about 25 persons who said they were parents of East Ward school students living on the east side of State Street.

The petition stated the children crossed the street at the intersection four times a day and that signs recently placed there had not slowed down the traffic enough for the safety of the children.

The commissioners decided to place the signs in the center of the street instead of at the side where they are now. The signs are white with red letters, saying, "Stop for pedestrians in crosswalk."

Officials felt that too many other signs would ask the right to post signs on city property and the precedent would give them no alternative.

The commission agreed to allow Webb APD airman use of the old Airport Terminal on West Highway 80 as a "hobby shop." The building is not presently being used, Whitney said, and the airman have agreed to assume responsibility for the maintenance of the building.

Approval was with the understanding that the airman agreed to give it up should the city need it at any time.

Jack Smith, representing the Cosden Country Club, asked that the commissioners reconsider the recent request for a lower water rate. He said that the club plans to do extensive gardening and planting and that considerable water would be used.

Smith pointed out that the wells on the property could be put to use if the commissioners do not lower the rate. The city rate for water is 35 cents per 1,000 gallons for the first 100,000 gallons; 30 cents for the second 100,000 gallons, and 25 cents for the rest. The club pays the rural rate which is 30 cents for the first 100,000 gallons, 45 for the second, and 40 cents for the remainder.

Councilmen said they would consider the problem.

The commissioners refused to approve two parking restrictions on Johnson Street between Third and Fourth. One was a request by Mildred White, King Apartments. She had asked for a loading zone in front of the "House of Art." There is a parking meter in the location now. The commissioners agreed that a special loading zone was probably not needed for light objects like art.

The Tidwell Chevrolet Company's request for head-in parking in the same block was also denied. The request had been made to prevent blocking of the sidewalk. Commissioners said no special arrangements need be made as the company was moving to a new location in a few months.

Mrs. O. G. Ward and Mrs. Mamie Morrison asked the commissioners for lower tax rates on their property near the end of West Eighth Street. The commissioners instructed City Manager Herbert Whitney to investigate the situation and make a report at a later meeting.

Israeli Premier Calls For Talks With Arab Leaders

JERUSALEM (AP)—Premier David Ben-Gurion today called for face-to-face talks with leaders of Arab States "as soon as possible" to end Arab-Israeli strife.

Ben-Gurion, now 69, resumed his place at the helm of Israel's government which he relinquished in 1953 to go into retirement. He returned to politics last February as defense minister under Premier Moshe Sharett. Sharett will be his foreign minister.

Ben-Gurion, who was Israel's first premier, returned to power at a moment of mounting tension, with Egypt and Israel accusing each other of almost daily aggressions. Feeling is also high between Israel and her other Arab neighbors. There is much uneasiness in Israel over Communist waters with offers of arms to the Arab States.

The new premier promptly told parliament he wants to meet Egyptian Premier Gamal Abdel Nasser and every other Arab ruler at the earliest possible date. He added:

"Without any prior conditions, the Israeli government also is ready for a lasting and enduring peace settlement and for long-term political, economic, and cultural cooperation between Israel and its neighbors."

"The Egyptian government and other Arab rulers now have an opportunity to show the world what they really want — war or peace," he said.

Ben-Gurion made no bones about the peril he said his country faces, declaring that "the Arab

Stanton Jaycee Election Slated

STANTON — A second meeting, this one to complete organization and election of officers, is slated for the Jaycees here Thursday.

The session will be held at 7:30 p.m. in the American Legion Hall. All young men from 21 to 35 years, inclusive, are especially invited to participate, and others beyond that age will be welcomed and may be accepted as associate members.

Midland Jaycees are sponsoring the organization of the unit in Stanton.

At the first meeting last Thursday, Bob Davenport was elected as temporary president, and O. L. Snodgrass as temporary secretary. There were 11 who were present as members and four others had signed the charter application.

Permanent officers are due to be elected at the meeting this Thursday, and committee appointments may be made. Among chairman named so far are Jack Ireton, publicity chairman; Dr. Bill Melville, membership; Kenneth Dismuke, sports.

30-Degree Low Is Expected Tonight

Temperatures are expected to drop below the freezing mark tonight for the second time this season, with the U. S. Weather Bureau looking for the mercury to hit 30 degrees.

The temperature has been below 32 once earlier, Oct. 25. The mercury dipped to 29 the morning of that day.

The colder weather is supposed to bring with it fair skies, though, with the dust and wind expected to die out tonight.

Woman Held In Beer Transportation Case

LAMESA — Sheriff Henry Mayfield said today he was holding Leota Baylor after a quantity of beer had been confiscated when a car was stopped on U. S. 87 three miles south of here.

The woman already has three cases of transporting intoxicating beverages in a dry territory pending against her, and she was free on bond when Sheriff Mayfield brought her to the courthouse last night.

HOSPITAL NOTES

BIG SPRING HOSPITAL
Admissions — Edna Casey, 409 Johnson; Sheila Marvin, Rt. 1; Julia Bonfield, 608 W. 18th; Sylvia Lewis, Snyder; Joanna Davalos, City.

Dismissals — J. T. Anderson, 912 E. 12th; Carl Rodriguez, 109 NE 3rd; Mrs. Evelyn Van Open, 711 Ayford; Gladys Stephens, Rt. 1; Mabel Hodse, Lubbock; Annie Howard, 1500 Lancaster; Ruth McClure, Midland.

Burglars Ransack Highway Store

LAMESA — Burglars broke into the Charles Walker Grocery and Service station 12 miles southeast on the Big Spring highway last night.

Sheriff Henry Mayfield said a hurried check showed an adding machine and several cartons of cigarettes were missed. A more detailed check was in progress during the morning. The sheriff said it had not yet been determined how burglars gained entrance to the store.

Jail Term Fixed In Assault Case

Bonds of \$500 each were set in three cases in County Court Tuesday, and one woman was sentenced to 30 days in jail for aggravated assault.

Released on bond after pleading not guilty were Alvin Henry Darden, charged with driving while intoxicated, Robert L. Walker, also charged with DWI, and Jose Luis Cevallos, aggravated assault.

Mamie Lee Foster pleaded guilty to aggravated assault and was sentenced to 30 days in jail. She was charged with assault on Julia Mae Jackson last Monday.

Cevallos is charged with assaulting Ismael Juarez Monday.

Two other DWI charges have been filed in County Court. They are against Hubbard Thurman Eubank and George William Homan. Both were involved in wrecks Monday night. Homan turning his pickup over near Big Spring. Eubank was in a two-car collision on the Snyder Highway 11 miles north of here.

Although no plea has been entered, Homan has been released on \$500 bond.

A fine of \$5 and court costs has been assessed against Jake Humphries. He was charged with defrauding with worthless check, and the fine was paid at San Angelo.

Lakeview High School Queens

Crowned football queen for Lakeview High School during the weekend was Floyd McIntyre, left, while Miss Lakeview was announced as Cynthia Woods, second from right. Shown in the "royal" party are Floyd McIntyre and her escort, Melvin Wright, Doris Brown, an attendant, and Arbin McIntyre, Cynthia Woods and R. J. Kinar. Not pictured were Joyce B. Evans, attendant, and Alvin Webster, escort.

Minister Turns Down Big Quiz, Takes \$32,000

NEW YORK (AP)—The Rev. Alvin Kershaw, Episcopal Church rector and jazz expert, has taken his \$32,000 winnings and passed up a chance for the grand prize on "The \$64,000 Question," CBS radio and television show.

He says he will use the money—after income taxes—to support settlement of displaced persons in his parish. He also will make a contribution to the National Assn. for the Advancement of Colored People.

The 36-year-old clergyman announced on the program last night that he would keep the \$32,000, rather than risk losing it in a try for more, because it was a "resource and opportunity to support many movements in our world—movements laboring and struggling for brotherhood."

The Rev. Mr. Kershaw, rector of Holy Trinity Episcopal Church, Oxford, Ohio, won the \$32,000 in three steps answering questions in his chosen category of jazz.

Odessan Says Clary Sought 'Freedom'

DALLAS (AP)—An Odessa woman testified yesterday that T. Clifton Clary told her he was "going to get his freedom" several months before he was accused of murdering his wife near Ballinger.

Mrs. Bertha Ellen Banta said she had known Clary 16 or 17 years and had dated him during the first four years of the acquaintance at a time when he was married.

She said Clary, 56, made the statement in the fall of 1947. Mrs. Clary's body was found in their burned ranch home Jan. 31, 1948.

"I asked him if he was going to lose his wife because of his trifling and she was going to give him a divorce," Mrs. Banta continued. She said Clary answered, "Nothing like that."

Mrs. Banta testified that Clary called her after his wife's death and asked her not to tell officers anything.

She said he came to her house later and said someone was getting a court order to exhume the body.

"I asked him what did he care whether they exhumed her body four times. He told me, 'I'm afraid they won't find any butane in her body.'"

The witness said Clary told her he had gotten up to light a fire when an explosion knocked him outside the home and intense flames kept him from rescuing his wife.

Dr. P. B. Montgomery, Dallas County pathologist, testified that Mrs. Clary could not have bled to death from burns. He spent most of the day on the witness stand.

The trial was enlivened by a clash between Defense Atty. Clyde Vinson of San Angelo and a television cameraman, Ken Martin, 31, of WBAP-TV Fort Worth.

Martin brought charges of aggravated assault against Vinson, claiming the lawyer struck him as he tried to take pictures of a witness. Mrs. Mildred Blackstone, outside the courtroom. Vinson was booked at the county jail and released under \$500 bond.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your druggist. Money back guarantee.

Motel Owner Kills Hunted Cop Slayer

NEPTUNE TOWNSHIP, N. J. (AP)—A 26-year-old man shot and killed a state trooper, and then met violent death today at the hands of a motel owner he held captive almost an hour.

The man, identified as Sammy Alvarez of Brooklyn, N. Y., burst into the Fernwood Motel early today as state police beat through nearby woods in an intensive hunt for him.

The owner of the motel killed Alvarez with a rifle blast, police said.

Alvarez fatally wounded State Trooper John Anderson late last night when the latter stopped him for a check on the Garden State Parkway in the vicinity of Red Bank.

Anderson, 32, managed to crawl back to his patrol car and called for help. He was found slumped in the front seat, his service revolver missing. He died later in Riverview Hospital, Red Bank, after furnishing a skimpy description of his assailant's car.

According to Township Officer Edward Reid, Alvarez made his way to the motel on Rt. 66 here, forced his way inside and cornered the owner, Edward Whritenour, and his wife.

The frantic gunman, who police said may have originally been fleeing from a service station holdup in Keyport, ordered the wife to tie up Whritenour. Then he blindfolded and gagged the couple.

Alvarez made the pair change positions frequently in the 45 minutes he held them captive. During one of the shifts, Whritenour stumbled backwards into an open closet and his captor closed the door on him.

Inside the closet, the motel owner worked free his bonds and spotted his hunting rifle. He pushed open the closet door and fired point blank at Alvarez's head.

The captor fell dead. At his side was found Anderson's service revolver.

Scores of police who had been hunting for the slayer soon arrived at the motel scene.

Rotarians See Football Movie

The Humble film, highlights of the 1954 Southwest Conference football season, was projected Tuesday at the Rotary Club luncheon.

Dan Krusse, club president, outlined programs for the remainder of the month and read a letter from Chaplain Clarence Thiele of the Big Spring State Hospital enumerating some of the hospital's needs.

Thiele wrote that patients are in need of Bibles and other worship material, Christian and American flags, irons, mirrors, card tables, radios and television receivers.

Krause said W. C. Blankenship, superintendent of Big Spring schools, will present a National Education Week program at the Rotary luncheon next week. An Air Force program is planned for Nov. 22, with about 75 of Webb's personnel to be guests of club members. A "Ladies Day" is scheduled for Nov. 29 at the Copen Country Club, with Rotary Ann to be in charge of the program.

The guests Tuesday included Ira Boothe of Stanton, Marshall Erwin of Snyder, and Edward Mays, Freedom Austin, Bill Frank and Norman English of Big Spring.

Master Plan For Wartime Ports Told

HOUSTON (AP)—A master plan for wartime operation of U. S. ports was described yesterday by the chief of mobilization planning for the Interstate Commerce Commission.

Francis A. Silver said the plan, under study since 1951, provides for a port controller to govern overall nationwide port activities in the event of war. It has been approved by the Joint Chiefs of Staff.

Townsend Gets British Spotlight

LONDON (AP)—Britons turned today from sympathetic thoughts about Princess Margaret and her blighted romance to speculation about the future of Peter Townsend, the man who loved and lost.

Margaret, after making her decision not to marry Townsend, an RAF group captain and divorced father of two children, spent yesterday in seclusion with Queen Mother Elizabeth at their London residence, Clarence House.

Tonight the Princess will make her first appearance since her decision, attending a service at St. Paul's Cathedral. The occasion is the 50th anniversary of the death of Dr. Thomas John Barnardo, who founded a group of homes for British foundlings.

With a full schedule of ceremonial events stretching before Margaret this week and beyond, Prime Minister Eden's government was reported prepared to lighten her load of official duties while she recovers from her shattered love.

The handsome 40-year-old Townsend found, some refuge in his thwarted romance with the 25-year-old Princess by remaining at Uckfield House, the Sussex country place of his friend, Lord Rupert Nevill.

He was reported sorting dozens of job offers from prospective employers in Britain and America. Newspapers, news syndicates and

No Broken Windows In This Atom Test

LAS VEGAS, Nev. (AP)—The quietest series of atomic tests yet has started.

The Atomic Energy Commission issued this statement yesterday: "In a test today there was a detonation of a nuclear device. No fall out problem exists because there was no measurable nuclear detonation, even though fissionable materials were involved."

Residents of this resort city heard and saw nothing.

The AEC is trying to find out whether atomic weapons can be exploded accidentally. It said the tests would continue today, weather-permitting.

book publishers were hopefully bidding large sums for the inside story of his ill-fated romance.

But his friends said it was unthinkable that the gentlemanly airman who was a fighter pilot hero of the battle of Britain, would decide to cash in by publishing details of the courtship which stirred the British throne. They added it is not unlikely he soon may end his air force career and seek private employment, perhaps in the aircraft industry.

Townsend gave no hint to newsmen of his plans. All that is known is that his tour of duty as British air attache in Brussels ends in January.

Talking to reporters last night at Uckfield House, he said: "I shall be going back to Brussels at the weekend, possibly Sunday. But before I do, I want to spend a few quiet days down here going for walks, perhaps riding a little, and paying an occasional visit to my family."

As RAF group captain, Townsend receives 1,800 pounds—\$5,040 a year. If he were to retire at his present age—he will be 41 Nov. 22—he would get an annual pension of around 700 pounds—\$1,900.

The Laboring Daily Herald quoted an unidentified friend of Townsend as saying the flier has not definitely decided to retire, "but he feels his service career has 'had it.'"

Permanent Antarctic Group Under Study

WASHINGTON (AP)—A growing U. S. interest in the South Polar region has developed tentative government plans for a "permanent unit for antarctic activity."

Retired Rear Adm. Richard E. Byrd, a Veteran of polar expeditions, was designated today as "officer in overall charge" of all U.S. antarctic activities and was directed to prepare plans for a permanent program.

The disclosure was made in a letter to Byrd signed by Reuben B. Robertson, deputy secretary of defense. Robertson said he was acting by direction of President Eisenhower on the recommendation of the Joint Chiefs of Staff and the Navy.

Byrd told a radio audience in September the area "is becoming more and more important where world strategy is concerned." He noted that the Soviet Union already claims "a good deal" of antarctic territory. He also advocated the establishment of permanent human settlements there.

Although the United States has sponsored several expeditions to

Antarctica — and is starting another this year — it never has made any claim to territory there. It likewise has never recognized any claims made by other countries which have sent expeditions to the frozen wastes.

The Defense Department, in making public Robertson's letter to Byrd, gave no indication that any territorial claims are planned now.

Filing of such claims would be a logical development, however, in a long-range permanent program. Byrd earlier had been designated officer in charge of the expedition being started this fall in preparation for the International Geophysical year 1957-58.

He was instructed to advise and help other government agencies in the preparation of any laws that might be necessary to set up a "permanent unit" within the government to coordinate antarctic matters. He will exercise wide supervisory and legislative aspects of U. S. activities in the antarctic.

The icebreaker Glacier left Norfolk, Va., yesterday as the lead vessel of the current U. S. expedition, organized to support scientific observations and explorations.

The Navy task force assigned to the preparatory stages of the expedition will include 1,800 men, seven ships, two tankers, two cargo vessels and 13 aircraft. Byrd is expected to leave for New Zealand within the next month to join the first of several trips the force will make to the antarctic continent in the next three years.

Well-Improved Farmstead

This rural home, like others in The Herald's series of "Mystery Farms," shows its owner's pride. Note the well-kept appearance of the house and grounds, neat fences and outbuildings. The farm is located somewhere in the Big Spring area and the first person to supply its identification wins two passes to Big Spring theatres. The owner of the place will receive a mounted photograph of his home, as well as two theatre tickets.

No Comment

PARIS (AP)—The Duke of Windsor, who once renounced the throne of England "for the woman I love," made it known through his secretary today he had no comment on Princess Margaret's decision to give up marrying Group Capt. Peter Townsend.

Campaign Moves Adlai Putting Hopes In California Race

WASHINGTON (AP)—Adlai E. Stevenson may put most of his primary eggs in a California basket in his expected race for the 1956 Democratic presidential nomination.

Stevenson is reportedly ready to announce his candidacy at a caucus of Illinois Democrats in connection with a three-day national party rally beginning in Chicago Nov. 27.

While he probably will not be prepared to discuss campaign details then, associates said Stevenson has decided to enter selected primaries, of which the June 5 California contest could be the most critical.

The former Illinois governor won the 1952 nomination without venturing into contested state primaries. But friends said he recognizes the necessity of fighting it out next year with some other potential aspirants for the nomination and welcomes the chance to show what he can do as an intensive campaigner.

However, the Stevenson strategists will pick their own battlefields. They intend to pass up the March 13 New Hampshire primary, where Sen. Estes Kefauver of Tennessee trounced President Truman before the latter announced in 1952 that he wasn't running again.

Stevenson also said it expected that its pork sales will continue to increase as a result of "the cumulative effect of our newspaper advertising which started in September."

October Building Hits \$324,175

Building permits for the month of October totaled \$324,175 and numbered 91. These figures placed the month second in value and number of permits issued so far this year.

Taxpayers Urged To Keep Records Current

Taxpayers subject to withholding tax should be careful that their exemption records are current. Ben Hawkins, director of the local Internal Revenue office, noted he said one of the difficulties experienced by the service is straightening out withholding tax errors.

The total for the year thus far is \$2,012,980 and the total number is 792. June had the largest value of building permits issued. In that month, the total reached \$410,205. August had the most permits issued with 92.

October Building Hits \$324,175

Such factors as marriage, divorce, the birth of a child, or assumption of the support of a recognized dependent can alter the tax status. Hawkins noted that such changes given to the employer benefits both the Internal Revenue Service and the employer.

Faure Plans New Vote Of Confidence

PARIS (AP)—Premier Edgar Faure goes before the National Assembly for the third time in 18 days tonight to ask for a vote of confidence.

Even his most bitter enemies were likely to hesitate before voting against the Premier in the session beginning at 3 p.m. EST. The Premier's idea of dissolving the present Assembly Jan. 2 and holding a quick election in December appeared popular throughout the nation. Any deputy voting against the government might seem to be in a position of wanting to avoid a test of his own popularity at the ballot box. The present Assembly's five-year term is not up until next June.

A government proposal for a vote of confidence from a department (county) to the party which got more than half the votes, was rejected by the Assembly, 459 to 145. In departments where no party got a majority, the seats would be split on the basis of the vote they received. Departments have from 2 to 11 seats, according to their population.

Faure asked for the vote of confidence after the Assembly refused to consider his plan. If he is sustained it would be on the question of dissolving the Assembly Jan. 2 and holding a new election in December. The

question of changing the election law would have to come up later, but it was not likely to arise unless it seemed a majority could be found for a new method.

Drive it at your Plymouth dealer's—the car that's going places with the Young in Heart!

FABULOUS AERODYNAMIC STYLING!

The look that goes with Push-Button Driving and 90-90 Turbo-Torque in the new Plymouth '56

Here is a car more truly representative of our jet air age than any you have ever seen . . . in startling, sweeping new Aerodynamic Styling . . . in bold new concepts like Push-Button Driving. There's 90-90 Turbo-Torque Power and the great new Hy-Fire V-8 or new PowerFlow 6 to give you Top Thrust at Take-Off. And Plymouth is larger and longer outside . . . roomier inside . . . with sparkling new "miracle" fabrics. It's all breath-takingly ahead of its time—at your Plymouth dealer's today—to see and drive!

PUSH-BUTTON DRIVING
With a finger-tip touch on a button you select your driving range. As easy as flicking a light switch! Then Plymouth's fully automatic PowerFlow — the world's smoothest, most advanced transmission — takes over. It's the ultimate in driving ease and another Plymouth first in the low-price 3.

All-new Aerodynamic **PLYMOUTH '56**

200 V-8 hp available with PowerPak in all 4 lines—Belvedere, Savoy, Plaza and Suburban. Or choose 187 hp in Belvedere and Suburban lines. In Savoy and Plaza lines you get 180 V-8 hp. If you prefer the super-economy of Plymouth's PowerFlow 6—also available in all 4 lines—you get 125 hp, or 131 hp with PowerPak.

Flower Show Planned On Feminine Theme

A theme of femininity will be followed throughout the Fall Flower Show to be presented Thursday in the gymnasium of Howard County Junior College.

Hours of the show are from 3 to 8 p.m., and tickets may be bought from garden club members or at the door Thursday afternoon. Price of the tickets is fifty cents.

Decorations of the building and the names of various classes of arrangements will all point to the fact that "It's a Woman's World." Sponsored by the Garden Club Council of Big Spring the show is open to any garden club member of the city.

An arrangement using the triangular shape is named "Her Weakness - Hats," and another is "Her Powder Puff." This is an arrangement to be not under three inches and not over eight inches in size.

"Three Meals a Day" will feature a composition in a kitchen utensil, made of fruit or vegetables, alone or in combination with or without flowers. "Her One and Only" will stress a vertical line, which will be one flower in a bottle.

A mass arrangement in a basket is titled "A Stitch in Time," while "Her Washday" will exhibit an all-white group, stressing the vertical line. Foliage will be permitted in this arrangement. "Her Green Thumb" is the division for an all-green exhibit.

The Hogarth Curve will be featured in the group named "The Secretary." Accessories may be used with the compositions to be shown in "Among Her Souvenirs," which will be made in an antique or period container.

"Her Necessary Evil" is a class for men only and may be any kind of arrangement, using any kind of container. For children only will be the class of "Fruit of the Vine" which will feature three divisions. These are for ages six and seven, eight and nine, and nine to eleven.

"The Church Hour" will be any arrangement suitable for a church sanctuary. "Counting Calories" will be a mass arrangement, and "Her Allowance" will be a miniature not to exceed three inches over all.

Any composition of dried material will be used in the class for "Her In-laws," while "Her Spare Time" will feature any type of arrangement made by novice arrangers. Such arrangers are those who have never won an award in the arrangement division in any standard flower show.

In charge of the entire show is Mrs. J. W. Dickens as general chairman. Mrs. Dewey Mark is chairman of the staging committee, and Mrs. Tip Anderson heads the classification group. Mrs. Obie Bristow made arrangements for obtaining judges and is in charge of the hospitality extended to them.

Mrs. Don Burk heads the committee for clerks and awards, while Mrs. John Knox is responsible for the exhibit of conservation material. Mrs. Frank Wilson is head of the hostess committee.

Ticket sales have been under the direction of Mrs. O. W. Sparks, while the schedule was made by a committee headed by Mrs. Dale Smith.

Holiday Wear

Sew these easy-to-make charmers now to add a dash of color, fancy to your holiday wardrobe.

No. 2073 is cut in one size. Either Apron: 1 1/2 yds. 35-in. No. 3003 is cut in sizes 11, 13, 15, 17, 19. Size 13: 4 1/2 yds. 39-in. Send 35 cents in coin (no stamps, please) for each Pattern, with Name, Address, Style No. and Size. Address PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New York 11, N. Y.

For first class mail include an extra 5 cents per pattern.

The new FALL-WINTER FASHION WORLD, just off the press, features all the important changes in the fashion silhouette. Beautifully illustrated IN COLOR, this book brings you scores of easy-to-sew pattern designs for all ages and occasions. Send now for your copy. Price just 25 cents.

First Methodist WSCS Has Fourth Indian Study

The circles of the First Methodist WSCS had the fourth lesson Tuesday on the American Indian. Meeting in the home of Mrs. M. A. Cook, 511 Main, the Fannie Stripling Circle studied the education of the Indians. The devotion was given from Matt. 5:16, "Let Your Light So Shine," by Mrs. Orion Carter.

The Indian study and discussion was led by Mrs. John Custer. There were five present.

Next Tuesday at 9:30 a.m., the group will meet in the home of Mrs. Custer, 2208 S. Monticello.

Slides were shown of Indian life to the ten members present Tuesday morning at the Fannie Hodges Circle meeting at the home of Mrs. Merle Stewart, 504 Washington.

Mrs. Howard Stephens, president, reminded the group of World Community Day Friday. The devotion from Psalm 119 was by the hostess. Guest for the day was Mrs. Clyde Thomas Sr. who showed slides of her recent trip to Alaska. She also had movies of

the Indian Festival in Gallup, N.M. Pictures of the Cliff Dwellers of Colorado were shown by Mrs. Hugh Duncan.

Next meeting will be at 9:30 a.m. Tuesday at the home of Mrs. Julia Wells, 1508 Runnels.

Thirteen members were present when the Sylvia Lamun Circle met Tuesday morning in the home of Mrs. John Dibrall.

The meeting was opened with the "Lords Prayer." Announcement was made of the World Community Day Friday and that their duffel bag has been sent overseas. Prayer was led by Mrs. Glen David.

Mrs. Allen Adams brought the devotion. Mrs. W. A. Hunt led the study on "Reservation Life and Off-reservation Life Among the Indians." She told of many tribes and their problems of life off the reservation.

Next week at 10 a.m., Tuesday, the circle will meet at Mrs. John Davis's home, 601 Edwards Circle.

Doll Clothes

Roundup the little dolls in your house and give them brand new sets of clothes for Christmas! Pattern instructions include an outfit for a 10-inch baby doll - pants, jacket, bonnet, booties of blue and white wool; for a 6-inch doll; a party dress and bonnet for an 8-inch doll. All stitches illustrated, complete crocheting and finishing instructions.

Send 25 cents for PATTERN No. 483. YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y.

The NEEDLEWORK GUIDE, 36 pages, 150 designs for knitting, crochet, embroidery, hairpin lace, dozens of beautiful color transfers. Order as you do needlework patterns. Only 25 cents.

Student Council Tells Homecoming Activities

Student Council made final arrangements for the Homecoming activities for Nov. 23-24 when they met Monday.

A complete outline of the Homecoming schedule is as follows: Nov. 23, an assembly, parade at 4:30 p.m. and a bonfire at 9 p.m. The next day the game will be in Sweetwater at 2 p.m. where the queen will be crowned, followed by a reception from 7 to 9 and then a semi-formal dance from 9 to 12 p.m. back at Big Spring.

Petitions for Homecoming queen were filed Tuesday, and elections will be Nov. 8. A sportsmanship plaque will be awarded to Sweetwater at the game.

Reports were given by Gary Tidwell, assembly chairman, who stated that since they are honoring the classes of every tenth year back, he will contact someone from each of these classes to present a skit for the assembly.

Janet Hogan gave a short outline of how the Homecoming Queen would be crowned and announced that Mrs. Ruth Burnam would act as chairman to send out the invitations. Sue Boykin explained how the gym would be decorated.

With the aid of Bobby Overman and Bettie Anderson, J. T. Baird will make a large poster for the foyer announcing each class meeting. Publicity chairman, Rodney Sheppard, stated that all the surrounding towns' papers would be given a story about the Homecoming for all eyes to see. If they did not receive an invitation.

Valjean LaCroix was appointed to investigate a chartered train to the Sweetwater-Big Spring game. Brenda Gordon and Opal Hancock are in charge of refreshments at the homecoming dance.

Bennie Compton, parade chairman, reported that he had sent letters to civic organizations and elementary schools urging them to enter a float in the parade. Kenda McGibbon stated that Mrs. Jim Mack will be in charge of the reception arrangements.

The football game has been elected and will be crowned at the Vernon game.

Delphian Club Has Program On Safety

LAMESA - Safety and water dominated the program for the Delphian Club at its regular meeting last night.

Robert Millican, chairman of the Lamesa Safety Council, addressed the group on safety in the community and projected motion picture films. Mrs. J. P. White, program chairman, introduced him and Stansell Clement.

Clement led a discussion on the Canadian River Municipal Water Authority, for which member cities will ballot on bonds Nov. 8. Members of the panel with Clement were Carroll Taylor, city manager, Mayor Bob Crawley, and Roy Renner, a local director in the CRMWA.

Next meeting of the club will be an art tea at which work by various school children will be displayed from 3 p.m. to 5:30 p.m. Nov. 13 at an open house.

Initiations Are Held By Rebekah Lodges

A candlelight service was used for the initiation of six members Tuesday evening at a meeting of the John A. Kee Rebekah Lodge at Carpenters Hall. Received into the group were Mrs. L. C. Collins, Mrs. Audrey Gibson, Mrs. Richard M. Thomas, Mrs. Robert L. Stowe, Mrs. Robert R. Caldwell and Mrs. Roy Bell.

An announcement was made of the meeting of the Scribe and Clerk Association to be held in Odessa Nov. 19. A report was given on the clothing to be donated to the State Hospital. Plans for a bingo party on Nov. 15 were discussed.

Mrs. J. C. Pye will conduct a school of instruction Tuesday, Nov. 8. Mrs. Martine McDonald of Wink and Mrs. Cassa Hill of Nowata, Okla., were introduced as guests. Refreshments were served to 52 by Mrs. Keith Henderson, Mrs. Evelyn Sims and Mr. H. F. Jarratt.

Mrs. R. E. Digby and Mrs. Ernest Cole were initiated into the Big Spring Rebekah Lodge Tuesday evening at a meeting in the IOOF Hall. Candle light was used for the formal ceremony, which was in charge of Gene Crenshaw, team captain.

Applications of Mrs. S. L. McCormick, Mrs. Ethelyn Forbis and Mrs. George T. Palmer were approved. Mrs. Lonnie Griffith reported on the treasury, and various members gave accounts of 26 visits to the sick.

It was announced that a visit will be made Tuesday evening to the lodge by Mrs. Sadie Patterson.

Bobo Hardy, associate general secretary of the YMCA, will be the speaker Thursday evening for the Family Education Group, when they meet at Washington Place School.

Green Thumb Club Has Demonstration Of Flower Arranging
Mrs. M. T. Kuykendall of Faye's Flowers was guest speaker for the Green Thumb Garden Club Tuesday morning, when the group met in the home of Mrs. Arch Carson.

FARM ESTABLISHED IN 1909
It was third place settled in its area

Bernie Cline Has Owned Farm Near Fairview For 46 Years

Last week's mystery farm, the Bernie Cline place, is about the fifth or sixth one located west of the Lamesa Highway between Big Spring and Fairview. It is two miles west of the Fairview Gin and a half mile north, and is well known to residents of the area.

The farm has belonged to Cline a long time, ever since the fall of 1909 when he came to Howard County from Waco. At that time, he said, it was the third farm settled in the area.

The whole country was rangeland then, but it began to settle up fast soon afterwards. Within a few years most of the grassland had been plowed up and farm houses appeared on every quarter or half section.

The only road in 1909 was a meandering trail that led to Lamesa. It was used by freighters who carried goods from the railroad at Big Spring to Lamesa and

points north. Evidently the ranchers along the route resented the wagon teams going across their land, because they built the gates very narrow. Cline said the freighter drove the teams four abreast, but would have to unhitch at the gates and go through only two abreast.

The only watering place in the community was at Buzzard Wells on the Slaughter Ranch to the north. There were two small schools at the time — one called Auto between Cline's place and the present site of Knott, and another named Davis a mile or so toward Big Spring.

Though the pioneering type of life lasted for several years, farmers from the east soon settled up the area and houses were almost as close together as they are today.

Cline owns 567 acres and most of it is in cultivation. The land is still in good condition after nearly half a century of farming, and pro-

duces well when the rains come. The first bad year of the present drought was in 1952, though Cline says the dry spell had been coming a couple of years before that.

He made very little in 1952 and hit bottom in 1953 when only one bale of cotton was gathered. In 1954 he made a fair crop, but has a better one this year. He says the cotton will probably average a third of a bale to the acre.

Mrs. Cline died in 1923, but he stayed on the farm and managed to raise their six children. They are all grown and living in various parts of the country now, though two of them are still on the farm.

Mrs. Gertrude Unger, the oldest daughter, is staying with her father while her husband is stationed in England. Ray Allen, the oldest son, lives in Las Vegas, Nevada. Mrs. Minnie Smith lives in Central Texas where her husband is foreman of a telephone construction company. Mrs. Dairy Wood is in Borger with her husband who is foreman of a soft drink bottling company. Robert, the younger son, helps farm the place, and Mrs. Dorothy Winterbauer is employed at the Collins Loan Company in Big Spring.

Cline says a lot of time has passed since 1909 and farming has changed. The place has been much improved during that time and life is considerably easier than during the first years.

"It's not the best land in the country," he said. "But you will find some drawback to every place. This section of the country probably is not much better or worse than hundreds of other communities.

He came from Tennessee originally, then migrated to Waco before coming on to Howard County. He went back to Tennessee a year or so ago, but found things changed a lot. Many of the kinfolks had passed on or moved away, and the green hills looked different than they did when he was a boy.

Now he says he will live the rest of his life in Howard County. Cline says a person may never learn to like the sandstorms and droughts of West Texas, but after nearly half a century he can become reconciled to them.

Street Stabilization Ordered As An Aid To City Drainage

City commissioners gave the "go-ahead" to stabilization of certain city streets for drainage purposes at a meeting Tuesday evening.

Reports from City Manager Herbert Whitney concerning the stabilization process got approval. The

process has been used on two streets so far, as an experiment. Two blocks on North Bell, connecting Lamesa Drive with Tenth, have been stabilized.

Cost for this process on the two streets totaled about \$250 per block, Whitney said, or about 16¢ cents per square yard. When used over a larger area, the cost would probably be much lower, he added.

Whitney then requested that commissioners approve stabilizing North Lancaster between Twelfth and Lamesa Drive, a distance of five blocks. This street, he said, carries a lot of water and has a heavy maintenance cost. The commissioners approved the recommendation and suggested that North Scurry be the next street to receive the semi-paving.

The paving of Lancaster will require approximately \$900 and cover about 5,800 square yards, Whitney said.

Councilmen agreed, however, that the stabilization will not be used except on streets where bad "wash-outs" occur and only where there is little likelihood that the street will not be normally paved by the residents.

The stabilization now being used consists of mixing asphalt with the surface of the road, forming a crust about four inches thick. It is believed that this will keep the streets from losing their soil during rains.

Commissioners agreed to foot a

share of the cost for paving Morrison Street in the Monticello Addition.

The request for the city's participation was made by Otis Grafe, developer of the area. Original plans called for a "penetration" process which requires the heat of the sun to mix properly. However, Grafe pointed out, this type of material must be laid before Oct. 15 or after April 1.

In order to finish the project, Grafe asked that the city participate in using "hot mix" which can be laid any time of the year. It is mechanically mixed and can be purchased for 17¢ cents per square yard. The commissioners agreed to pay 10 cents per square foot of the bill, a total of about \$800 dollars.

The streets to be paved are Birdwell Lane, between Fourteenth and Fifteenth; Morrison, between Birdwell and Barnes; and a half block on Barnes.

Grafe said he would take the proposition to the Monticello Corporation and, if approved, notify the commissioners of the decision.

Cold Front Moves South

By The Associated Press

Winter weather made a second stab at Texas Wednesday in as many days.

This time, said the Weather Bureau, the invading cold front would plunge deeper into the state. And at 5:30 a. m., the cold air was past Lubbock and reaching southeastward.

The new front, observers said, would strike the Dallas-Fort Worth area around mid-afternoon and drop temperatures to the middle 30s during the night. A Weather Bureau spokesman called it the "coldest yet, this fall."

Temperatures at 5:30 a. m. ranged from 36 at Dalhart, well behind the new front, to 76 at Brownsville, far to the south of the northern. Other temperatures at the same time included 75 at Galveston, 72 at Dallas, 39 at Amarillo, and 50 at Wichita Falls.

If the predictions held true, Dallas would undergo a temperature drop of about 35 degrees between sunrise and midnight. Temperatures as low as 29 degrees were expected in the top of the Panhandle and some South Plains points.

As the sun came up, West Texas was generally clear and the rest of the state partly cloudy.

Commissioners agreed to foot a

share of the cost for paving Morrison Street in the Monticello Addition.

The request for the city's participation was made by Otis Grafe, developer of the area. Original plans called for a "penetration" process which requires the heat of the sun to mix properly. However, Grafe pointed out, this type of material must be laid before Oct. 15 or after April 1.

In order to finish the project, Grafe asked that the city participate in using "hot mix" which can be laid any time of the year. It is mechanically mixed and can be purchased for 17¢ cents per square yard. The commissioners agreed to pay 10 cents per square foot of the bill, a total of about \$800 dollars.

The streets to be paved are Birdwell Lane, between Fourteenth and Fifteenth; Morrison, between Birdwell and Barnes; and a half block on Barnes.

Grafe said he would take the proposition to the Monticello Corporation and, if approved, notify the commissioners of the decision.

Lost 18 Pounds With Barcenterate

"I am glad to recommend Barcenterate to any overweight person. I have lost 18 pounds taking Barcenterate." Signed: Mrs. Lewis Cathey, 2621 Woodlawn Drive, San Angelo, Texas.

Barcenterate is the original liquid home recipe for taking of ugly fat. If the very first bottle doesn't show you the way to reduce safely, easily and without starvation diet, return the empty bottle for your money back. Get Barcenterate at any Texas drugist. You will be surprised at the low cost.

City Asked To Take Action Barring 'Transient Traders'

A petition signed by over 25 merchants on the North Side requesting that the city commissioners prevent "transient traders" from operating in the city was received at the commission meeting Tuesday.

J. W. Rasco, operator of a store in the area, was on hand at the meeting. He pointed out that the permanent businessmen pay taxes, rent, and utilities and that the transients pay none of these, but still get a large share of the profits.

The commissioners agreed that

the permanent merchants should be treated more fairly, but on advice of City Attorney Walton Morrison, they further agreed that there was nothing they could do about it. Morrison said there was nothing that could be done within the charter about the problem.

He did say that he had information about a city in Michigan that had handled the problem and he has written them asking for a copy of the ordinance. If it proves applicable here, a special meeting of the commissioners will be called to put it into effect and protect the permanent merchants on the North Side.

Commissioners agreed to foot a

share of the cost for paving Morrison Street in the Monticello Addition.

The request for the city's participation was made by Otis Grafe, developer of the area. Original plans called for a "penetration" process which requires the heat of the sun to mix properly. However, Grafe pointed out, this type of material must be laid before Oct. 15 or after April 1.

In order to finish the project, Grafe asked that the city participate in using "hot mix" which can be laid any time of the year. It is mechanically mixed and can be purchased for 17¢ cents per square yard. The commissioners agreed to pay 10 cents per square foot of the bill, a total of about \$800 dollars.

The streets to be paved are Birdwell Lane, between Fourteenth and Fifteenth; Morrison, between Birdwell and Barnes; and a half block on Barnes.

Grafe said he would take the proposition to the Monticello Corporation and, if approved, notify the commissioners of the decision.

Peron Leaves For Nicaragua

ASUNCION, Paraguay (AP)—Juan D. Peron, deposed president of Argentina, slipped aboard a plane at Asuncion's airport at dawn today for a sudden and unexpected flight to Nicaragua, the government press office announced.

Peron was granted political asylum in Paraguay when he was deposed by a military revolt. At the request of Argentina's new provisional government, he was removed from Asuncion, the Paraguayan capital, to internment on a country estate farther from the Argentine border.

New Water Unit Okayed

ABILENE, Tex. (AP)—The Central Texas Municipal Water District created by the last Legislature was approved yesterday by voters of Abilene, Albany, Anson and Breckenridge.

The vote: Abilene, 1,549 for to 50 against; Albany, 185 to 50; Anson, 243 to 50; and Breckenridge, 886 to 44.

A site on Hubbard Creek in Stephens County is being considered for the 10 million dollar lake.

Parley Called On Drainage Problem

The Big Spring City Commissioners agreed to meet with representatives of the Texas and Pacific Railroad, the State Highway Department, and the county commissioners on Nov. 9 at 5:15 p. m. to discuss drainage problems. All persons involved in the drainage problem which extends from the Birdwell Lane area to the west side of the city are expected to attend the meeting.

MERCURY'S OCTOBER SALES SMASH ALL-TIME RECORDS

Biggest October in Mercury history starts the big move to THE BIG M

On September 29th THE BIG M—the new 1956 Mercury—was unveiled for the first time in dealers' showrooms. By November 1st, actual sales figures indicated immediate, overwhelming public acceptance far greater than in any previous first month following the introduction of a new Mercury model. It's still another new all-time record month for one of the fastest growing cars in automotive history. Come in now—see why so many people are making the move to THE BIG M.

- CHECK THE BIG M'S LEADERSHIP FEATURES!**
- New 225-hp SAFETY-SURGE V-8 engines
 - New high in usable power for pickup, passing, hill-climbing
 - Ten big, new Safety-Engineered features
 - Exciting, new Flo-Tone color styling
 - 13 glamorous new models, including a whole fleet of low-silhouette hardtops
 - New, wider price range
 - Consistently higher resale value

The big move is on—

to **THE BIG MERCURY**

Prowler Reenacts Woodward Thefts

MINEOLA, N.Y. (AP)—A prowler has reenacted on a Long Island estate the two intrusions that Mrs. William Woodward says had her upset and nervous on the night she shot her wealthy sportsman husband to death.

Police took Paul W. Wirths, a convicted burglar, to the sprawling Woodward home at dusk yesterday. They said he had admitted breaking into the garage and bathroom of the estate on two occasions several days before the shooting.

Mrs. Woodward had told police that evidence of these break-ins caused her and her husband to arm themselves with shotguns before going to bed early last Sunday morning. At 10 or so later, the statement to police continued, she fired at what she thought was the prowler on a return visit. Instead she hit and killed her husband.

After questioning Wirths for hours, Inspector Stuyvesant Pinnell, chief of Nassau County detectives, said he was convinced the 22-year-old German refugee was "not on the Woodward property" at the time of the shooting. Pinnell said Wirths at that time was raid-

ing a golf course snack bar at a nearby country club.

While Nassau authorities continued their investigation, Mrs. Woodward remained in Doctors Hospital in New York City. She was taken there in what her doctor called a state of deep shock and under sedatives for hysterics on the day of the shooting.

Although her doctor's reports have indicated steady improvement in her condition, he said yesterday he would forbid the striking blonde widow to leave her bed to attend her husband's funeral in New York City.

The 35-year-old Woodward, owner of this year's outstanding racehorse, Nashua, was a member of one of New York's most socially prominent families. From his banker father he inherited the famous Belate Stud Farm at Bowie, Md. In addition he had a fashionable town house in New York City and his Long Island estate at Oyster Bay.

The Woodwards, parents of two young sons, were spending the weekend at Oyster Bay when the shooting occurred. They moved in to level social circles and that evening had attended a party given on a nearby estate for the Duchess of Windsor.

A former model and radio performer, Mrs. Woodward married her husband 12 years ago. She became recognized as one of society's most attractive young matrons.

The Woodward investigation includes a check on whether the couple's marriage was harmonious. There have been reports from various sources of discord, but so far police have not reported any such findings. There also were reports the two were quite happy together.

Among persons whom Pinnell said authorities would probably talk to in connection with the case is Woodward's mother, Mrs. William Woodward Sr.

Pinnell said he also intended to continue interviewing the socially prominent group who were with the Woodwards at the party for the Duchess Saturday night.

Pinnell said he has not questioned the Duchess, but added, "if we believe she can help us we will attempt to interview her."

The investigation yesterday was largely confined to Wirths. Police had been seeking him in connection with a number of housebreakings even before the Woodward shooting. He was held on a burglary charge not directly related to the Woodward case.

Pinnell said Wirths told police he did not hear any dog bark when he was prowling around the estate on the two occasions prior to the shooting.

Interest in the dog stemmed from Mrs. Woodward's statement to police that the noise that woke her could have been her dog barking.

Pinnell said Mrs. Woodward answered "yes" when he specifically asked her: "Does the dog bark usually on the first strange noise it hears?"

ARTHUR WENGER

First Christian Fall Revival To Begin Sunday

The annual fall revival of the First Christian Church is to start Sunday and continue through Nov. 13. Rev. Clyde Nichols, pastor, has announced.

Arthur Wenger, director of religious activities at Texas Christian University, will be the preacher. Services will be held at 7:30 p.m. daily during the week and at the regular hours on the two Sundays.

Vincent Larsen will direct the song services and Jack Hendrix will serve as organist. There will be prayer services at 7 each evening in the church parlor.

The Men's Fellowship of the church will serve a dinner for the entire congregation at 6:30 Monday. No program is planned for the dinner, and those attending may go directly to the Monday evening revival service.

Wenger joined the TCU staff in 1952 as director of special promotion, with responsibilities primarily in the area of ministerial education. He formerly was assistant to the president of Atlantic Christian College, Wilson, N. C., where he also served as director of public relations.

He is a graduate of Bethel College, Newton, Kan., and TCU where he received his graduate degree in religion in 1945. While attending TCU, he served as pastor of Christian churches at Hamilton and Arlington. He also served for two years as associate pastor of the First Christian Church, New Castle, Pa. He was an Army chaplain in Europe during World War II.

11 Per Cent Of School Taxes Paid

Receipts on 1953 taxes have exceeded 11 per cent with an avalanche of mail yet to be worked, according to J. O. Hagood, assessor-collector for the Big Spring Independent School District.

Total collections through October, exclusive of the mail, stood at \$69,920.42, said Hagood. Of this \$66,848.93 was in current taxes. Breakdown showed \$48,632.20 to local maintenance and \$18,216.73 to interest and sinking fund purposes.

Discounts allowed (three per cent was allowed for payments during October and bearing postmarks prior to midnight Oct. 31) stood at \$2,006.

Delinquent collections have reached \$3,048.49, said Hagood. Miscellaneous collections for the month were \$23.

Payments during November merit a two per cent discount.

2 Late Bandits Named In Killing

FORT WORTH (AP)—Officers were positive today they know who killed and buried pudgy gangster Edell Evans, but they can't figure out exactly how he died.

Sheriff Harlan Wright and Police Chief Cato Hightower said that two other dead bad men, Cecil Green and Leroy (Tincy) Eggleston, put away the ex-convict, gambler and panderer.

A pathologist reported that Evans, 39, wasn't shot or slugged.

The officers said Evans may have bled to death from a severed artery. The body was in such condition that the pathologist couldn't tell whether the arms or legs had been slashed.

Digging for the body, found yesterday in a shallow grave near Lake Worth, started Oct. 4 after an anonymous phone call from a woman.

She said that Green and Eggleston boasted at a drinking party of their "private graveyard" near Lake Worth after Evans disappeared April 2. She said the one-time underworld leaders told her Green almost overturned Evans' Cadillac in driving away from the spot.

Evans' blood-stained car was found near Dallas the day after he left his fashionable suburban home to keep an appointment with

a man named Cecil.

The body was found buried four feet deep in a sandy field about 10 miles northwest of downtown Fort Worth. The bald head was wrapped in a bloody shirt. A .38 revolver lay at the feet.

"It didn't take much excuse for those guys to kill you," Chief Hightower said. "It also helped that extortion racket they were using by building up fear of them." They used threats to force other criminals to split their loot with them.

Sheriff Wright said there was "no doubt" Evans was slain by his two underworld buddies.

Mrs. A. C. Burns, Fort Worth, identified the corpse as that of her brother, the sheriff said.

Officers didn't see any connection with Evans' death and the slaying of a wealthy Fort Worth oil man, William P. Clark.

Clark was shot to death May 19, 1953, in what authorities called a fake holdup. The state charged Mrs. Clark paid Green, Eggleston and Harry Huggins to kill her husband.

Green was ambushed outside a closed tavern and killed by several gunmen last May. Eggleston got away but disappeared in August. His body was found in an abandoned cistern Aug. 31 with a shotgun wound in the skull.

Missing Child Believed To Be Kidnap Victim

EAST MEADOW, N. Y. (AP)—Little Stephen Damman, still missing after a painstaking search of this New York suburban community, is now believed by police to have been kidnaped.

The house-by-house, ditch-by-ditch search over 20 square miles was called off last night.

Several thousand volunteers, including hundreds of the father's fellow airmen at nearby Mitchell Air Force Base, had joined in the search for the child, who is just 2 months short of 3 years old.

The father, Jerry Damman, 26, a Continental Air Command sergeant, broadcast an appeal to the supposed kidnaper, saying: "My wife and I are beside ourselves with worry and anxiety. We'll promise to forgive you if you'll only bring him back to us."

The boy disappeared Monday from in front of a supermarket where his mother, Marilyn, had left him and a carriage holding his little sister, Pamela, 7 months.

The boy, the baby and the carriage were gone when she returned from her shopping.

The baby girl was soon found in her carriage behind the store.

How she got there remained a mystery. It was apparent that the boy could not have pushed the carriage there himself since he would have had to buck traffic and go over rough ground.

Doctors Pick Nov. 11 As Date For Letting Ike Out Of Hospital

DENVER (AP)—President Eisenhower's doctors, satisfied with his recovery progress, have picked Nov. 11—one week from Friday—as a target date for letting him out of the hospital.

The tentative decision, subject to review at a full scale medical consultation this weekend, was made known by the White House as the President arranged to confer today with Secretary of Labor Mitchell.

Mitchell is the eighth Cabinet officer to come to Denver for a hospital conference with Eisenhower since the Chief Executive's Sept. 24 heart attack. The other two members of the Cabinet — secretary of Commerce Weeks and Secretary of Welfare Folsom — may visit him here next week.

James C. Hagerly, White House press secretary, said Fitzsimons Army Hospital physicians have discussed with both the President and Mrs. Eisenhower their tentative plans to let him fly back to Washington Nov. 11, Veterans Day.

Hagerly told a news conference late yesterday "it's a good guess" those plans will hold. But he added there will be no final decision until the hospital doctors and the President's physician, Maj. Gen. Howard M. Snyder, have conferred this weekend with Dr. Paul Dudley White, noted Boston heart specialist.

White will arrive Saturday or Sunday for his fourth examination of the President since he was stricken. At the time of his last visit, Oct. 22, White said Eisenhower would be able to leave the hospital sometime in the Nov. 5-12 period if his recovery continued to go as well as it has.

The possible time of discharge was narrowed a good bit yesterday when the White House announced that President Carlos Castillo Armas of Guatemala will visit Eisenhower at the hospital, Nov. 9, a week from today.

When he does travel back East, Eisenhower will remain in Washington for a few days of rest before going on to his farm at Gettysburg, Pa., for further convalescence. The farm is 85 miles north of Washington.

Mrs. Eisenhower will observe her 60th birthday Nov. 14, and Hagerly said there's been some discussion of having the President and the First Lady arrive at Gettysburg in time to celebrate the anniversary there.

Meanwhile, the big question of

the President's 1956 political plans cropped up here again.

Newsmen told Hagerly that Dr. Snyder, the Chief Executive's physician, had been quoted as saying Eisenhower will be in no position to say before Jan. 1 whether he will seek re-election.

Steers Have Beaten Lions Only 1 Time

Deep in their studies concerning the Vernon problem, the Big Spring Steers went through one of the hardest workouts of the season Tuesday afternoon. Vernon's record is like that of the Steers' opponent last week—very deceptive. Though the Lions have been bowled over by Snyder and Sweetwater, they made it tough on each team. The Lions have a big line and a fine aerial game, probably as good or better than the Steers have seen all season.

LOOKING 'EM OVER

With Tommy Hart

Snyder should be on the main line now, a through express to the throne room, with no stops along the way. Biggest obstacle in the way of the Tigers on the route to the state football championship will probably be Garland of District 2-AAA but the Owls don't appear to have the horses to cope with the Bengals.

What a shame James Washburn had to get hurt in that automobile accident last summer and miss his last year of eligibility in schoolboy football here. Washburn, a toy bulldog, would have been a lot of help defensively to the Big Spring Steers.

Too much rough stuff is cropping up in schoolboy football out this way. Too many boys are getting hurt. It's a rough sport but it doesn't have to be that rough.

This week, Johnny Johnson's Ninth Grade Yearlings of Big Spring have a large order. The Junior High team invades Snyder to test a team that hasn't suffered a defeat as a unit in three years, or ever, for that matter. The boys over there have been playing together since they were in the Seventh Grade and the closest they've come to getting beat was when they nosed out Big Spring here, 14-13, Oct. 6.

The Yearlings were on Snyder's two-yard line when time ran out on them in that one. Johnson's team had rather have that one above all others. Their whole season is built around it.

Congratulations are in order for Wayne Bonner, the former Big Spring grid assistant, whose Anson team won its first game of the season (against Haskell) Friday night.

If the Anson people will give him time, Wayne will give them a winning football team.

Area newspapers are constantly referring to the Big Spring Steers as a "big ball club," pointing out that their own clubs are outweighed ten to 25 pounds a man, on the average.

That's so much hogwash. The Steers have played several teams this year who have outweighed them considerably, among them Monterey last weekend.

The Steers have several big boys, true, but the starting 11 is not bulky.

Bobby Bryant, a Plainview product, has become one of the leading offensive ends on the University of Texas freshman football team. He's a favorite target for passer Vince Matthews.

Jack Poppell, the Georgia Cracker who played baseball here for a while last summer, writes this department to praise the fans here. He said they were "wonderful" to him.

At the present time, Jack is in the insurance business in his native Augusta.

He may go to spring training with either Detroit, Philadelphia or Washington next year.

A. B. Sykes, the former Longhorn League umpire, is presently a salesman for the local Firestone store.

ACADEMY REBELS DON'T WIN BUT THEY SCORE

KERRVILLE, Tex. (AP) — This is one of the Schreiner Academy Rebels' better football years.

True, they haven't won a game, but they've scored in each of their five contests, which is a moral victory of sorts for the Rebels.

In fact, they haven't won a regularly scheduled game since they first fielded their high school team four years ago. They got a tie, though.

Friday night the Rebels meet

Kittens Upend Forsan Club

FORSAN, (SC) — Garden City's Junior High gridgers turned the tables on Forsan here Tuesday night, winning a 21-14 six-man decision.

Forsan had spoiled Garden City's perfect record in a game at Garden City last week.

Ben Cox scored three touchdowns for the Kittens, along with two extra points. Harold Jones also made an extra point.

Randall Fowles and Dewey Howard made touchdowns for Forsan while Howard and Tommy Willis added extra points.

Garden City led at half time, 14-0.

Coco Ratliff and Willis played outstanding ball for Forsan while Cox sparked for Garden City.

Airplane Hurries Mantle Homeward

HONOLULU (AP) — Yankee outfielder Mickey Mantle got a big boost from the jet stream yesterday in the key home run of his career.

The fast wind stream that circles the earth at high altitudes sped Mantle in a Pan American plane the 3,900 miles from Tokyo to Honolulu in 12 hours 11 minutes—much faster than normal flights.

Mickey, who has been playing with the Yankees in Japan, is rushing to Commerce, Okla., where his wife is expecting a baby, possibly twins.

Mantle left for San Francisco at 8 p.m. (1 a.m. EST Wednesday).

Trinidad Man Is First In Draw

DALLAS (AP) — The name of John Fellrath of Trinidad, Tex., was the first one drawn yesterday for a ticket to the Jan. 2 Cotton Bowl football game.

Suspended

Wes Santee, the nation's fastest miler, appears unworried as he poses at the Quantico, Va., Marine base following disclosure that the Missouri Valley AAU has suspended him for accepting "excessive" expense money from track promoters. The former Kansas star now is a Marine second lieutenant. Santee declared he never has done anything to violate amateur athletic standards and expressed the hope that he can compete in the 1956 Olympics. (AP Wirephoto).

Sooners, Terrapins Are Blasted For Soft Cards

ATLANTA (AP) — Ed Danforth, sports editor of the Atlanta Journal, today praised Jim Tatum and Bud Wilkinson as fine football coaches but blasted Maryland and Oklahoma for their "soft schedules."

In his daily column for Wednesday, Danforth wrote: "Maryland and Oklahoma currently lead 1-2. In The Associated Press football ratings... The Sooners and the Terps are highly regarded by the eager newsmen in The AP poll."

Oklahoma and Maryland are undefeated this season. They often are at this point. Everyone who has watched them play has marvelled at the power and precision of their operations. Obviously, Bud Wilkinson at Oklahoma and Jim Tatum at Maryland again have done a fine job of teaching.

Just how good Oklahoma and Maryland are is open to challenge. They usually play and are now engaged in soft schedules unworthy of their resources.

The Sooners for years have dominated the Big Six-Seven Conference which is slow company as college football leagues go. In eight years, 1947-54, Coach Wilkinson's teams have won 43 conference games and tied 2. Not a defeat by

Local Fem Keglers Win At Midland

Both local women's bowling teams which went to Midland last night for league competition came home winners.

Cosden defeated Lone Star of Midland, 2-1, to run their won-lost mark for the year to 11-13, good for sixth place in the standings.

Pinkie's belted West Texas Brick and Tile of Midland, 3-0, and now is in fifth place, with a 13-11 mark. Dot Caudle of Cosden paced all local point-getters with 203-513. Olive Caudle of Cosden had second high series, 494. Ruthie O'Connor of Pinkie's posted second high game, 186.

Cosden had a team effort of 717-2128. Pinkie's posted 781-2255.

Warriors Picked To Win Crown

MINNEAPOLIS (AP) — The Philadelphia Warriors, also-rans in the National Basketball Assn. for years but now toughened by rookie Tom Goza, were picked as the 1953-54 champions today by league sports-writers. The season opens Saturday.

The Warriors shaded defending champion Syracuse by one vote in the annual pre-season poll conducted by the Minneapolis star.

CONOCO Super Gasoline with TCP

You're missing all the excitement of Top Car Performance...if you've missed trying TCP!

TAKE THE WORD OF MORE THAN 8 MILLION TCP* BOOSTERS, MRS. SMITH. HERE'S THE DISCOVERY THAT GIVES YOU EXTRA ENGINE POWER, BETTER GAS MILEAGE, LONGER SPARK-PLUG LIFE...AND ALL THE BENEFITS OF AN ENGINE TUNE-UP!

WHAT'S MORE, THIS ASTONISHING NEW KIND OF FUEL IS DESIGNED ESPECIALLY FOR ALL OF TODAY'S HI-COMPRESSION ENGINES. EVEN IN STOP-AND-GO DRIVING, IT HELPS THESE ENGINES PERFORM AT THEIR BEST!

THAT'S BECAUSE CONOCO SUPER GASOLINE WITH TCP ACTUALLY NEUTRALIZES POWER-ROBBING LEAD AND CARBON DEPOSITS WHICH FORM ON PLUGS AND IN COMBUSTION CHAMBERS. IT'S THE BEST THERE IS... FOR YOU AND YOUR CAR!

FOR THE POWER YOU WANT, USE CONOCO SUPER GASOLINE WITH TCP. AFTER TWO TANKFULS, YOU'LL FEEL THAT POWERFUL DIFFERENCE!

THE BEST there is... in POWER plus PROTECTION!

FOR THE PROTECTION YOU NEED, CHANGE TO NEW CONOCO SUPER THE ALL-SEASON MOTOR OIL. IT'S THE OIL THAT ASSURES YOU YEAR-ROUND PROTECTION AGAINST ENGINE WEAR! IN THE CAN WITH THE GOLD BAND!

TEAM UP BOTH SUPER PRODUCTS AND REDUCE SURFACE IGNITION... ENJOY FASTER, SAFER STARTING... AND GET MORE POWER FROM A CLEANER, SMOOTHER-RUNNING ENGINE!

Baxter Beaten By Sanders

MEXICO CITY (AP) — Doug Sanders, Cedartown, Ga., and Vidal Palacios, 17, a Mexican citizen who is a high school student at Laredo, Tex., meet today in the finals of the Mexican Amateur Golf Tournament.

Sanders beat defending champion Rex Baxter, Amarillo, 3 and 2 in the quarter-finals and David Boies, Brownwood, 5 and 4 in the semi-finals.

Palacios defeated Mexico's ace, Juan Antonio Estrada, 4 and 3 and won a close semifinal match from favored Howie Johnson, Houston, 2 and 1.

In the women's semifinals, Sandra Clifford, 17, beat Enriqueta Martinez, 6 and 3, and Nan Hervey, Mexico, defeated Lee Coffman, Houston, 5 and 4. Miss Clifford's father is the Mexico Golf Club professional. She is favored to win tomorrow's finals.

Her father, Percy J. Clifford, won the Mexican Amateur six times, first early in 1928 and the last time in 1938.

Boies advanced with a 3 and 1 victory over Armando Rivero, Mexico. Johnson downed Hillman Robbins, Memphis, Tenn., 1 up in the quarter-finals.

These were among the many changes made in the monthly boxing rankings released today by Ring Magazine, the boxing publication.

Robinson, who meets middleweight king Bobo Olson in a title fight in Chicago, Dec. 9, was second a month ago. Humez was dropped to third because of inactivity. Rocky Castellani advanced to second.

Sugar Ray Rated Top Challenger

NEW YORK (AP) — Sugar Ray Robinson has replaced France's Charley Humez as the No. 1 middleweight contender and Cuba's Nino Valdes has moved ahead of Hurricane Tommy Jackson in the heavyweight class.

These were among the many changes made in the monthly boxing rankings released today by Ring Magazine, the boxing publication.

Robinson, who meets middleweight king Bobo Olson in a title fight in Chicago, Dec. 9, was second a month ago. Humez was dropped to third because of inactivity. Rocky Castellani advanced to second.

Oklahoma City Gets 1956 Trans-Miss

OKLAHOMA CITY (AP) — The 53rd annual championship of the Trans-Mississippi Golf Assn. will be played at the Oklahoma City Golf and Country Club June 18-24, officials announced today.

"The long string of losses," he says, "might be attributed, in part, to the administration in not being able to schedule a game we can win."

Ponies Warned They Face Rugged Cage Competition

By The Associated Press

Defending champion Southern Methodist led the way Tuesday as Southwest Conference basketball squads went through their second day of conditioning for the long, fast grind ahead.

The Methodists drilled on fundamentals again after hearing a warning from Coach Doc Hayes that they face stiff competition for the title. SMU lost only three lettersmen from last year's championship outfit.

Temple Tucker, 6-10 sophomore, was the standout at Rice when 28 men reported for the varsity and freshman basketball teams.

At Austin, Coach Sius Hull of the Texas Longhorns had 15 candidates out for the basketball team. Included among the Steer prospects were seven lettermen from last year's team, led by high-scoring Raymond Downs.

Coach Big 'Un Rose of the Arkansas Razorbacks also welcomed seven returning lettermen, but six

of them are returnees from last year's squad which tied for second place in the season's conference standings. Rose said his squad was weak at center.

The Texas Aggies, rebounding in football, had 25 men out for the varsity basketball team and nearly as many, 22, but for the freshman team. Coach Ken Loeffler said he would reduce the two squads to 12 men each in a couple of weeks.

Coach Buster Brannon at Texas Christian had only 12 candidates out and only three lettermen among them. Brannon expects big Jim Swink, the Frogs' star football halfback, to bolster the basketball team after football season is over. Swink was an All-State star in high school.

The Baylor Bears felt pretty good about it all. They boasted more height than last year with a squad of 15 including 7 lettermen. Most of the teams swing into action on Dec. 1.

Complete Successful Season

The Coahoma Junior High School Bullpups (above) wound up a very successful football season by beating Lorraine, 19-0, last week. The gridders, coached by Jimmy Ray Smith, registered eight straight wins and scored 200 points to 12 for the opposition.

Rice Nemesis Is Named AP's 'Back Of Week'

By ED WILKS
The Associated Press
Quarterback Bob Hardy, the Duke of Paducah who kept Kentucky's Wildcats purring against Rice last weekend with a clutch performance that set up the winning touchdown, today was named the Associated Press Back of the Week.

...six times in the final push, including an 18-yard pass completion on a fourth-down-and-10 situation that mended the drive just as it seemed to crack. The pass put the ball on the Rice 24 and when two plays carried to the 12, Hardy carried himself, circling left end on a keeper and shanking off two ankle-high defensive stabs to score standing up.

It was his second TD of the game (in which he scored 14 points) and climaxed a splendid one-man show. Hardy completed 10 of 17 passes for 125 yards and rushed for 35 yards on 11 carries. He completed three passes in the first touchdown drive and played 56 minutes, 7 seconds.

Turkey Shoot Set Sunday

A turkey shoot will be held at 2 p.m. Sunday on the rifle range maintained near the Boy Scout hut south of town by the Western Sportsman Club.

Knott Can Clinch Playoff Berth

KNOTT, (SC)—The Knott Hill Billies can clinch a place in the six-man football playoffs by defeating Flower Grove this weekend.

Ranking right behind Hardy were quarterback Paul Hornung of Notre Dame, who scored once, passed for one TD and intercepted two passes to help beat Navy; halfback Jim Swink of Texas Christian, who ran for 158 yards against Baylor; fullback Tom Berry of Oregon State, who scored both touchdowns in a 13-7 upset of Washington; halfback Leon Burton of Arizona State (Tempe), who took off on scoring jaunts of 90, 79 and 67 yards; fullback Dick Borstad of Minnesota, who scored twice, blocked kick in upset of Southern California, and halfback Jimmy Brown of Syracuse, who despite bad leg powered Orange in 49-9 rout of previously unbeaten Holy Cross.

Angelo Nearing Clinch On Tie

San Angelo can clinch a tie for the Pioneer Conference championship Saturday by beating Tarleton State at Stephenville. The way the Rams dominate the league they will be favored to do it, too.

Swink's Lead In All-Attack Dept., To Be Short-Lived

AP Science Reporter
Jim Swink, Texas Christian's successor to Doak Walker in the Southwest Conference, has become the offensive whirlwind in taking over the lead in the major college football total offense and rushing departments.

regain the honors against Texas Tech. Bill Beagle of Dartmouth is the passing leader with 67 completions in 135 attempts for 740 yards and an average of .496. Ken Ford of Hardin-Simmons is in second spot with 65 completed passes for 747 yards and a .546 percentage.

Arnett's 634 rushing-passing yards rank him 15th, but he has returned kickoffs 290 yards, raced back 265 yards on punt returns and caught passes for 66 yards.

The leaders:

New Arteries Seen For Heart Victims

By ALTON L. BLAKESLEE
AP Science Reporter

CHICAGO (AP) — Within a year surgeons may be able to give victims of heart attacks new coronary arteries, or to unplug their own clogged ones, a prominent heart surgeon said today.

Exactly this kind of replacement or unpluging has been done successfully on dog hearts, he announced.

Still needed is an improved test to pinpoint where the artery is clogged, but that should come, said Dr. C. Walton Lillehei, University of Minnesota Medical School.

Coronaries — such as called President Eisenhower — come in arteries feeding blood to the heart muscle become clogged with fatty material. Part of the heart muscle is damaged, or dies.

"For the first time, now there is

hope that we can open up the heart to repair the artery, or substitute another artery for it," Dr. Lillehei, in a prepared talk, told the American College of Surgeons.

A heart-lung machine would be used to put the person's heart on a temporary holiday for half an hour or so while repairs were made.

And Minnesota researchers have developed a brand new heart-lung machine, the simplest one yet, using a 32 plastic lung and a couple of pumps.

There are two possibilities for repair: One, to cut open the ailing artery, scrape out the fatty plugs, and sew it back together. Two, to take out the diseased length of artery and replace it with a healthy section borrowed from someone else, or using one of the patient's own arteries.

Artery transplants are not new. What is new is that the smaller-bore coronary arteries can be replaced. This was shown feasible in dog experiments on heart arteries by Drs. Karel B. Absolon, Joseph B. Aust, and Dr. Lillehei.

Such repair of coronary arteries would not overcome the damage already done to the heart by a first attack. But it could reduce the risk of new blockages or pluggings occurring later, bringing more attacks.

One reason for optimism is that most of the blockages occur in a part of the coronary arteries which is relatively easy to get at and work upon, Dr. Lillehei said.

New Styling For 1956 Buicks

The beauty of Buick styling for 1956 is exemplified in this photo showing the new front, the distinctive rear end design, and the profile of the new four-door hardtop. For 1956 Buick offers a four-door hardtop in every series, higher compression engines with greater horsepower, and a new variable pitch Dynaflo transmission. The new models will be shown here Friday at McEwen Motor Co., 403 Scurry.

NEW MODELS TO SHOW FRIDAY

88 Design And Engineering Changes In Buick's '56 Line

Buick's entry in the parade of 1956 cars comes into view Friday. The new cars, to be shown here at McEwen Motor Co., 403 Scurry, feature a four-door hardtop in every series, have bold new style lines and boasts a more powerful engine.

Horsepower has been increased to 255 in the Roadmaster, Super and Century series and 220 in the Special. The company lists 88 major improvements in styling and engineering.

The new variable pitch Dynaflo transmission has been improved for 1956 through addition of a second stator which increases torque multiplication.

Style highlights include an all-new front end with a handsome new V-shaped grille, a refinement of the rear end design which proved so popular last year, exquisite new interiors and a colorful new instrument panel that features the Redliner speedometer in each series.

Safety features include seat belts, available as dealer installed equipment on all models; door locks with an interlocking feature that prevents them from flying open in event of a collision; a foam rubber pad across the top of the instrument panel, and more effective brakes for faster stops.

Full rear wheel cutouts, which lend a sports car look to the Buick line, are featured on all models in 1956.

The new V-shaped grille has a wide screen which is chrome-plated and buffed to a high luster and is centered with a large medallion carrying the nameplate, year and series. Headlamps also have been redesigned to give the front fender a longer look.

The rakish rear end design, introduced with such spectacular success last year, has been refined for 1956 to make the car look longer. The basic design of the taillamp is the same on all series — in the shape of a horizontal V pointing forward. The combined stop, tail and directional signal light is

housed in the upper section of the assembly with the backup light in the lower section.

All models feature new interiors in many combinations of nylon and corduroy and genuine leather. Also new for 1956 is the option of all-corduroy interiors in the two-door hardtops in the Century and Special series.

A colorful new instrument panel.

identical on all series, has been designed for 1956 with the Redliner speedometer standard on all models.

Direct acting shock absorbers are now used on the rear end and a new front end suspension, plus improvements in power steering, give more of a sports car feel to the new Buicks, and improves handling and stability.

The ratio of the power steering has been reduced for quicker response to the steering wheel and the power has been stepped up to make steering easier.

The rear axle has been redesigned and strengthened to compensate for the increased horsepower and compression ratio.

Performance has been increased by additional horsepower and the improvement of the variable pitch Dynaflo transmission.

Compression ratios have been increased to 9.5 to 1 in the Roadmaster, Super and Century engines, and to 8.9 to 1 in the Special.

Firestone Gets Use Of Airport

MARFA, Tex. (AP)—The Firestone Rubber Co. yesterday was offered the use of the Marfa-Alpine airport for testing tires if it builds a control tower and operates it on a 24-hour basis.

The Civil Air Patrol at Fort Worth set this condition in notifying County Judge W. R. Johnson of its approval.

The Chamber of Commerce offered the Akron, Ohio, firm a 10-year lease and said, "The general opinion in Marfa is favorable to joint operation of the testing" project.

Safeway Faces New Charges

WASHINGTON (AP)—The Justice Department yesterday reinstated its antitrust charges against Safeway Stores, Inc. It claims the stores have attempted to monopolize the retail grocery business in various Texas and New Mexico cities.

An antitrust indictment was returned against Safeway at Fort Worth in early July but was dismissed with the consent of the government. Atty. Gen. Brownell said yesterday that this was done to avoid the delay and expenses of testing certain legal questions raised by Safeway in attacking the validity of the grand jury.

The new action consists of a criminal information alleging violations of the Sherman and Robinson-Patman Antimonopoly acts. It has a companion civil suit asking that the chain be enjoined from alleged "predatory business behavior."

Clifton To Attend Insurance Parley

Dick Clifton has been selected as the Equitable Life Insurance representative from the West Texas agency to the annual south-central departmental meeting in St. Louis Nov. 10-11.

There are 18 cities in the West Texas Agency.

The departmental meeting is for the purpose of having the agency representatives express to management the ideas and problems of men in the field. Two agents will be selected at St. Louis to go to the national meeting in New York Nov. 14-16.

Negro Convicted In Belton Attack

BELTON, Tex. (AP)—Pfc. Johnnie Akers Jr., 21, Phenix City, Ala., Negro, was convicted yesterday and sentenced to life in prison for raping the white wife of another Ft. Hood Tex. soldier.

The 24-year-old mother of a 9-month-old boy testified he threatened to kill her and choked her into submission in her home Sept. 14.

She said he pounded on the front door shortly after her husband left for Ft. Hood. Refused admission, she and other witnesses said he tore the screen from a window and entered.

Akers' wife, a Negro friend and a white cook at Ft. Hood testified in a defense effort to establish an alibi.

The jury took a little less than two hours to return a verdict after the two-day trial.

Fire Burns Hotel

MEADVILLE, Pa. (AP)—Fire broke out early today in the 80-room Lafayette Hotel in the heart of the business district. Sixty guests fled the burning structure.

Uncle Ray:
South Carolina Had Pioneer Rail Line

By RAMON COFFMAN

Yesterday I spoke about a pioneer rail line at Baltimore, but South Carolina was ahead with a train pulled by a steam locomotive on a regular schedule. The people of South Carolina can be proud of leading the way in this field.

The first steam locomotive on the South Carolina Railroad was made in New York 125 years ago. It was carried by sea to Charleston, S. C.

After being placed on tracks which had been laid in advance, the locomotive was tested. It was called the "Best Friend of Charleston," and later simply the "Best Friend."

The "Best Friend" traveled 30 miles an hour on a solo run. When four cars were hitched to it, it made a speed of 21 miles an hour.

In January, three months after that locomotive reached Charleston, the opening of a steam railroad was celebrated. Here is a shortened account of the event:

About 150 stockholders assembled in the morning, together with invited guests. The first trip was performed with two pleasure cars attached, also a small carriage containing a cannon and some United States troops.

"Another trip was made at about one o'clock in the afternoon, with upward of 100 passengers in three

McGregor's "Anti Freeze"

the warmest jacket in the world for its weight . . .

Dupont's Nylon outside, with Super lightweight princeton knit Nylon fleece

Inside . . . completely washable in brown, charcoal, maple and champagne.

Sizes 36 to 46.

Attend Dedication Program In Waco

Dr. Orion W. Carter, Big Spring district superintendent, and Cecil D. McDonald, commissioner for the district, were in Waco Tuesday for dedication of a new administration building for the Methodist Home.

They attended the ceremonies at 3 p.m. and remained overnight, each staying in one of the cottages which are maintained so that youngsters will be able to have a family-size, home-like atmosphere.
