

# THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXII

Eldorado, Schleicher County, Texas. Friday, October 21, 1932.

No. 43

## Rev. McWhorter Goes To Conference Next Week

This week will wind up the conference year for the local Methodist Church. Rev. McWhorter will leave next week for the Annual Conference to be held at San Antonio. He will preach at the church next Sunday that he would day night for the last time, at which time the work for the local church would be closed for this conference year.

There will be no preaching the next Sunday on account of the moving of preachers from one charge to another. Where there is a move to be made, and Bro. McWhorter announced that the Elder had decided to make a change here and had so informed him of such.

## Methodist Held Zone Meeting Here Thursday

The last meeting of M. E. Auxiliaries of Zone No. 1 was held in Eldorado Oct. 13, with 16 visitors from Sonora, 6 from Ozona; no representatives from Mertzon or Christoval.

A good program was rendered on "The Spirit of Giving", how and why give? The kind of giving approved of by God in Morning Session. Lunch served at noon hour by Eldorado consisted of baked chicken plate luncheon, with pie and cream dessert.

In the afternoon several enjoyable readings were given by Miss Cooke, expression instructor from San Angelo.

An excellent paper on "Sacrificed Giving," by Mrs. Lem Johnson of Sonora. Business session: year's report on finances of Zone, gave \$15.00 and expended on Korean Bible Woman, our special voted on in District meeting in May; \$4.75 expenses of Conference Supt. of Study's expenses to San Angelo.

Election of officers for ensuing year resulted in the following:

Chairman, Mrs. Jim Smith, Mertzon; Vice-chairman, Mrs. Lewis Holland, Christoval; Sec. Treas., Mrs. Joe Thorpe, Mertzon; Chairman of program com. Mrs. E. P. Neal, Sonora assisted by Mrs. J. F. Isaacs, Eldorado; Mrs. Warren Clayton, Ozona, and those of Mertzon and Christoval to be elected later.

Meeting adjourned to meet in Ozona January, 1933.

Mrs. J. D. McWhorter, chairman.  
Mrs. J. E. Tisdale, Sec.-Treas.

## Fergusons Open Drive Saturday In San Antonio

AUSTIN, Oct. 17.—Mrs. Miriam A. Ferguson, Democratic nominee for governor of Texas, decided today to open her general election campaign at San Antonio next Saturday night.

Mrs. Ferguson and her husband, James E. Ferguson, both former chief executives, each planned to speak. They announced other speaking dates as follows: Waco, Thursday night, Oct. 27; Fort Worth, Friday night, Oct. 28; Ennis, Saturday afternoon, Oct. 29; Houston, Thursday night, Nov. 3; Dallas, Friday night, Nov. 4; and Tyler, Saturday afternoon, Nov. 5.

## Jim Ferguson Backs Down On Statements

John A. Valls, district attorney of Webb County, had Jim Ferguson subpoenaed to appear in that county to testify before the grand jury, in regard to the illegal votes he charged were cast in that county. But Jim wired the attorney that he had been misinformed and apologized for his statement, acknowledging he had erred. His statement follows:

"I very much regret the occurrence which has brought about this unpleasant situation. I am glad to advise you that I was misinformed concerning the voters in Webb county and I have the kindest feelings and friendship for the people of your section. I believe the election in Webb county was fairly and legally conducted."

**FOR SALE: Two Cast Iron Heaters, burn coal. One Batchelor Heater and one large heater, in good condition and will sell cheap.**

The Success Office

## PROGRESSIVE REPUBLICAN BACKING ROOSEVELT

Johnson of California, LaFollette of Wisconsin, and Norris, of Nebraska, have all announced for Roosevelt for President. They are Progressive Republicans.

It will be necessary for the Democrats to get lots of Republicans to bolt their party if they hope to win. They must not only recover democrats that bolted four years ago, but they must gather some extra republican voters to their cause.

J. O. Willoughby and wife were in from the ranch Monday shopping and looking after business.

## Stands By Garner Rather Than Relative

AUSTIN, Texas, Oct. 17.—An inherited aptitude for things political prompted Harold Byrd, of Dallas, to actively enter the service of the Democratic Party as Associate Director of Finance for the campaign in Texas.

Mr. Byrd, who is a successful young independent oil operator with extensive holdings in several Texas fields, became interested in John Garner's candidacy for the nomination for president because of his appreciation of Mr. Garner's successful work in behalf of the excise tax on oil, which had a very favorable effect on the price of Texas' second most important product.

There was also a personal reason for his interest in John Garner's campaign, for Byrd's family were neighbors of the Garners in Red River County. The two families were living in the same block when Byrd was born.

Had it not been for the neighborly feeling and the gratitude that Byrd felt for Speaker Garner, he would probably have been found in the ranks of the supporters of Harry Flood Byrd his distinguished cousin, who was Virginia's choice for the Presidency.

Byrd is a member of the famous family by that name that has furnished the Old Dominion with Governors since old Colonial days, and he is very fond of Governor Byrd and his brother, the noted explorer Admiral Richard Byrd.

The Byrds of Texas and Virginia spent a great deal of time together in Chicago during the Democratic convention, where they discussed the possibilities offered the Democratic Party with their New York cousin, A. R. Byrd, well known attorney who is an intimate and a supporter of Roosevelt. All of the Byrds, however, are now actively espousing the candidacy of Governor Roosevelt.

Mr. and Mrs. Luke Thompson and son, Luke Jr., accompanied by Mrs. H. T. Finley, Mrs. L. T. Barber and Mrs. Jim Hoover, visited in San Angelo Wednesday.

P. O. Box 678

## Lions Luncheon Drawing Larger Crowds Now

Since the Lions began their weekly meeting instead of twice a month, the interest is becoming greater and larger crowds attend their meetings. A good crowd attended Wednesday and when they arrived they found they were in the show business. They went in with the High School football boys to help build a new bath house for the boys at the school building and now they are invited to take part in a negro minstrel that the boys are going to put on, and you ought to hear the Lions sing. They are falling in line to help make the show a success.

The meeting of the Sheep and Goat Raisers here for November 3rd, was discussed and the committee notified to have the town in shape for their coming. Twenty one Lions were out and a visitor with one new member reported.

## Dance Friday Night

The dancing folks of our city have announced that there will be a dance at the Rock Filling Station Friday night (tonight), beginning at 9 and running until 2 o'clock.

W. F. Parrent has moved his black smith shop back to the Bearce building down in town and reports that business is considerable better.

## Sheep & Goat Raisers To Meet Here November 3rd

The Executive Committee of the Sheep & Goat Raisers Association will meet in Eldorado November 3rd, in executive session. The Lions Club has a committee appointed to see that the visitors are well entertained while in our city, and serve them with a barbecue lunch. W. T. Whitten being chairman of that committee.

Roosevelt-Garner Medallion, this emblem is being distributed to contributors to National Democratic campaign.

E. C. Hill, county chairman of the County Democratic Executive Committee, has received a few of the above bronze buttons and wants to sell them at \$1.00, to assist in helping to raise the Texas quota of the National expense of the presidential election.

## Announcement Of Approaching Wedding Made At Tea Party

Mrs. V. G. Tisdale and her daughter, Mrs. Lewis Ballew, gave a tea party Monday afternoon at the ranch home six miles east of Eldorado, announcing the approaching marriage of Miss Margaret Tisdale to Mr. Dobie Timming Jr., of Hutto, Texas, on Nov. 16, 1932.

The beautiful ranch home was artistically decorated for the occasion. The reception room was darkened and lighted by candles, and bore colors of pink and white. The flowers being pink and white roses.

Mrs. Tisdale assisted by her two daughters, received the guests, they being invited to come in two groups, the first and older group came from three to four and the second and younger group from four to five-thirty.

After entering the home each guest was asked to register where Miss Cyndia Isaacs was in charge. After all the guests had arrived the program began with a violin solo played by Miss Vivian Reagan, accompanied at the piano by Mrs. C. B. Reagan. The guests then formed in two lines facing each other and then to the tune of "Here Comes the Bride", played by Mrs. Reagan, at the piano, entered Little Miss Patsy Ballew, niece of the bride-to-be, carrying a basket of flowers and dressed as a bride. To each flower in the basket an envelope was attached, which was given to each guest. The envelope containing the following announcement:

"When two souls have but a single tho't,  
And two hearts beats as one,  
All is over but the wedding,  
The fatal work is done.  
Pat's and Dobie's single tho't  
Got them into trouble,  
For instead of staying single,  
They're going to try it double.  
November 16, 1932."

After the announcement the guests were ushered into the dimly lighted dining room which was also decorated in pink and white, with Mesdames E. C. Hill, C. M. McWhorter, and Joe Edens, at first group; Jim Hoover, L. T. Barber, Ben Hext, Van McCormick, H. T. Finley serving the following, sandwiches, macaroons, nuts, olives, mints, and tea or coffee, served in buffet style.

There were something like 50 guests in the first group and 25 in the second group. Miss Margaret is the youngest daughter of Mr. and Mrs. V. G. Tisdale and attended Southwestern University at Georgetown last year.

## Mrs. B. K. Cheek Suffers With Membranous Croupe

Mrs. B. K. Cheek was taken seriously ill last Saturday evening while at the home, with membranous croupe. She was brought to Dr. Pennington's office and Dr. Patton was called in and it was thought that for several hours she could not survive it, but Monday afternoon she was able to be carried back to the ranch in the Ratliff Ambulance.

## Mrs. A. H. Green Confined To Her Bed

Mrs. A. H. Green was stricken ill while attending the Zone meeting last Thursday at the Methodist church, with a light stroke of paralysis and has been confined to her home and bed since, but is some better as we go to press.

Lark McClary received a message Wednesday that his brother Doc McClary was killed at Marble Falls. He and his wife left immediately for Marble Falls. No particulars could be learned about the death.

J. C. Crosby made a business trip to San Angelo Monday.

### The Eldorado Success

A. T. Wright Editor  
 Agnes Wright, Associate Editor  
 Subscription per year \$1.50  
 We appreciate any item of news you might know. Call 77 and we will do the broadcasting.

OCTOBER 21, 1932

The cotton crop for Schleicher is hard to estimate, some has the amount to be ginned down as low as 4,500 bales. Some had it as high as 5,000 bales. Our first estimate was 6,500, but the recent rains and some damage by the worm will lower this estimate to some where below 6,000 bales, and if the price continues to be low that will take another shrinkage from the list as there will be no scrapping of cotton if the price continues low. So it is hard to guess just what the total ginning will be. This week end will probably see around 2,000 bales ginned.

The duck season will soon be open and our local sportsmen will have something to do besides playing golf. They will accomplish more too. They can bring something back to eat, and not the dreadful story of a few lost balls.

We note from the Bronte Enterprise that Judge E. O. Gerron, formerly of Eldorado, but now of Robert Lee, and Democratic nominee for County Judge of Coke County, is the father of a son, named Jim Reed, a son and an election to County Judge office all in a short time will likely call for a new hat for the Senior Gerron.

Renew your subscription while the \$1.00 per annum rate is on. We need what you owe us badly and am making a one-third reduction on renewal rate, as well as on the past due account.

#### THE SUCCESS

#### ON TEXAS FARMS

By W. H. Darrow,  
 Extension Service EIdtor

Twelve new log and mud potato storage houses have been built recently in Jasper county by plans furnished by the county agent. They are cheap and efficient, he says.

Clarence Anderson, 4-H Club boy living near Sanger in Denton county has produced 1,577 pounds of lint cotton on five acres, giving him \$97.19 for his labor and investment and use of land.

"I didn't fully appreciate my terraces," said a Comanche county farmer to the county agent recently, "until I compared my 50-bushel-to-the-acre oat yield with the 20-bushel yield of my neighbor who hasn't terraced. He's doing it now, though."

List Robert Randow of Dewitt county among the converts to Hubam clover. Five acres of it grazed 20 head of cattle for 30 days in the spring and then cut 4 1/2 tons of hay. "It produces more grazing and lasts longer in the spring than any clover I've tried," he says.

"They may not be golden eggs but those my flock of 114 white leghorns are laying are the source of some mighty silver these days," says Mrs. J. V. Green, poultry demonstrator for the Sand Hill Home Demonstration Club in Floyd county. Mixing her own laying mash from home grown feeds she has netted \$1.17 per hen above feed cost the first 10 1/2 months of the poultry year.

"Eliminate the poor producer from the flock and reduce the feed bill" is the slogan adopted by the 4-H club girls of Wharton county. Records kept on 258 hens by 14 girls show a profit of \$253.29 so far this year, with 355 pullets on hand.

The home owner is the pillar of government, and its greatest beneficiary. He should think twice before he attempts to cure his tax ills by drinking the nostrum of homestead exemption. For it may prove to be, not a cure, but an opiate, designed to lull him into sleep while tax eaters sillage his savings and plunder his castle.

### Garden Of Experience

F. G. CLARK.

#### INSPIRATION

With reference to belief in the word of God, there are three classes of people: First, there is the multitude of nominal christians, who accept the Bible on authority—that is they have been taught from childhood to accept the Bible as true, and they so accept it without question. They have either not read it all, or read it very casually. I am not knocking this class. They are the salt of the earth, the savor that preserves human society. But for them there would be no church and no public school, and but little moral force with which to combat social iniquity. They are the salt of the earth, but not the light of the world. Second: This class has made a serious study of the Bible, but they have studied it from the earthly side. The only light they have been able to turn upon it, is that which emanates from human intellect and human learning. This class is certain to arrive at a stage of doubt and misgiving. For beyond doubt, the Bible, looked at from the human side, is shot thru with difficulties and even contradictions. The person who stops there is lost. Not only lost, but if he is in a position of authority, he is apt to lead others astray.

What is the remedy? If he continues on until he can look at God's word from the spiritual side all these seeming discrepancies will disappear. For the Bible is a spiritual book, just as God is a spiritual God, and it must be interpreted spiritually. We must look at God's word from the God's side—the spiritual side. The carnal mind, no difference how brilliant cannot understand God's Word, because the carnal mind is enmity against God; it is not subject to the law of God, neither indeed can be. Rom. 8-7. Keep on, Bible student until you are able to look upon His Word, from the same side it came from i. e., the spiritual, and then, its marvelous consistency and divine truthfulness will never be doubted again. Not only, that you will have exchanged carnal weapons for spiritual and you will be able, in your combats of the world, the flesh, and the devil, to wield the sword of the spirit, which is the word of God. For the weapons of our warfare are not carnal but spiritual, but mighty thru God, to the pulling down of strongholds. II Cor.: 10-4.

Some legal minds incline to the opinion that exemption of the homestead from the state ad valorem tax may result, automatically, in its exemption from county, school, city and other ad valorem levies. If that be true, the money saving to the tax payer would become worth while, but the effect would be chaos. Moreover, is there any reason to believe that the amount subtracted from the state's tax bill actually will be saved? Obviously, the state must replace the money thus lost by the imposition of some other tax. Will the home owner pay the same, or an increased, contribution to government through some other agency? Upon his light bill, for instance? Or his gas or telephone bill? \*\*\*

### 1932 Brings New Racing Champions

Tells Of A. A. A. Victories And Records, All On Firestone Tires

The five A. A. A. Championship Races of 1932 and the Annual Pike's Peak Climb — the big events of the automotive racing world—have brought new records and a new crop of young dare-devil drivers, according to Meers Motor Company, Firestone dealer in this city.

"The Indianapolis 500-Mile Championship, May 30, brought to the front ranks Fred Frame, who came from Los Angeles to at 104.114 miles per hour—three faster than the record that had stood since 1925. 'Howdy' Wilcox, an Indianapolis boy, was second.

"The 100-Mile Championship at Detroit, June 5, was won by Bob Carey, another daring driver who came from the Pacific Coast, and who won fourth place at Indianapolis even after a delay caused by a crash into the wall. Wilcox again was second.

"The 100-Mile Championship at Roby, Ind., June 20, was won by H. W. Stubblefield, who also has forged into the limelight as one of the most formidable racing drivers.

"The 100-Mile Championship at Syracuse, July 2, witnessed another victory for the intrepid Bob Carey, and 'Stubby' Stubblefield roared into the second prize money.

"The 100-Mile Championship at Detroit, September 10, the fifth of the series included in the 1932 A. A. A. computations for championship rating of racing drivers, was won by Sam Rose, adding another new name among the major victors.

"The most spectacular and coveted victory outside of these did not go to a newcomer, but the veteran Glen Schultz set up a new record for the hazardous, jagged 12 1/2 mile grind in the Annual Pike's Peak Race. The amazing time was 16 minutes, 47.2 seconds compared with the old mark of 17 minutes, 10.3 seconds.

"All of these daring drivers chose Firestone tires, which have won for thirteen consecutive years at Indianapolis

and six at Pike's Peak. "The motorist may need the extra safety and protection afforded by the 'Tires of Champions' for only one instant, but that instant may mean disaster. Tires at present prices are the best investment in safety the motorist can make."

Mrs. L. M. Hoover returned home Sunday from the Sanitarium at Temple where she was operated on several weeks ago. She was able to be up Monday after her arrival Sunday. Her many friends are glad to see her back and hope she will soon be able to be out again enjoying the best of health.

Ford Oglesby was in from the ranch Monday.

Mrs. Lelah Belle Davis Muller and daughter, Mary Rebecca, and Mrs. J. C. Crosby visited Mr. and Mrs. J. N. Davis in San Antonio last week end.

## Trade In Your Worn Tires for Safe Gripping Non-Skid Firestone Tires

**LIBERAL** trade-in allowance—now—on all Firestone High Speed and Heavy Duty Tires!

Why take a chance on worn, smooth, uncertain tires when you can buy Firestone non-skid safe, proven tires at lowest prices.

Firestone Tires are designed to grip the road. The non-skid tread is thick, tough and gives 25% longer non-skid safety. Glen Schultz only last month set a new world's record in climbing Pike's Peak, in 16 min. 47 sec. His top speed was 78 miles per hour—negotiating many hair-raising turns where a skid or a tire failure meant death.

It's that kind of stamina that makes Firestone Tires safe and economical for you. That's why race drivers use Firestone Tires. They won't risk their lives on any other make.

No tire in the world has the Firestone endurance. That is because Gum-Dipping, the patented Firestone process, transforms the cotton cords into tough, sinewy units. It means that the liquid rubber penetrates every cord and coats every fiber, assuring protection against internal heat. Two Extra Gum-Dipped Cord Plies under the Tread, give 56% stronger bond between tread and cord body.

Don't buy cheap tires that are only made to sell. Don't risk your life on wet, slippery pavements these October days—Use the same precaution race drivers use. Trade in your old tires—We will give you a liberal allowance on Firestone Tires—the safest tires in the world.

The Firestone tread is designed with angles and projections to give the maximum traction and non-skid. Firestone Gum-Dipped Tires hold all world records on road and track for Safety—Speed—Mileage and Endurance.

## MEERS MOTOR CO.

Houston reports the Sinclair Co. expanding its facilities in that city, that the Humble Co. is constructing a 28-mile pipe line from the Conroe field at a cost of \$300,000, and that the Cyrus W. Scott Manufacturing Co., makers of men's work clothes, has this year added 275 workers and reports its output sold to the end of the year. The

Shell Refining Co. has awarded contract for a 1,120,000-barrel storage tank farm at Pasadena.

There is food for thought in the observations of the Longview editor. For, unless the defects in our law are remedied, we may anticipate recurrences of the shameful condition that plagues us today.

### We Want To Handle Your Wool And Mohair

The Sonora Wool & Mohair Company solicits the Wool and Mohair business of Schleicher County.

We keep in touch with the market at all times and closely connected with all Eastern buyers.

Wool and Mohair shipped to Sonora has the same rate to Boston as from San Angelo.

We will sell directly or will place with Co-ops, as producer wishes.

We handle Wool Bags, Fleece Twine, Sewing Twine, Marking Liquids and Fly Repellent.

A. C. Elliott, Sec't and Treas.  
J. H. Evans, Manager.

### SCHOOLBOY PATROLS A SAFETY VANGUARD

Four times a day more than 150,000 youngsters in 800 American communities guide their schoolmates in crossing dangerous street and highway intersections safely. These youngsters make up the "Schoolboy Patrols." Theirs is a commendable and important work. One of the fastest growing phases of child safety education, it is one credited with some of the best results. Statistics show that child pedestrian fatalities have decreased 25 per cent in the last four years.

This fine condition is reflected all along the line in the reports of individual cities—Washington, D. C., for example, having experienced no child pedestrian fatality in four years and only one or two minor injuries in districts patrolled by the "safety scouts."

Reviewing the work of the schoolboy patrols, Dr. Herbert J. Stack, Safety Supervisor of the National Bureau of Casualty and Surety Underwriters, says: "The schoolboy patrols are more than fulfilling expectations. They have not only made a greatly effective contribution to the adult job of reducing automobile accidents, but have also proved the worth of a system of education which builds character and develops such personal traits as self-control, self-discipline, mental alertness, courtesy, consideration, and a sympathetic understanding of the other fellow's point of view.

"These patrols are one of the finest means of protecting school children on their way to and from school, from street and highway accidents. Every schoolboy patrolman concentrates his attention on directing his classmates in crossing intersections at the proper time. He does not direct traffic, and is never in danger himself."

Every city should have its schoolboy patrol. The sooner that is done, the sooner a still finer record will be achieved in preventing accidents to children.

If you want Hot Tamales, we serve them with all other Spanish Dishes, at any time.

No tax relief is sound, except it results from a decrease in the cost of government.

### ORVILLE BULLINGTON Republican Candidate for Governor

"The people of Texas have demonstrated on many occasions that they put principle above party. They will not fail to do so now."—Bullington excerpt.

Running for Governor as a Republican, but making an appeal also to Democrats not satisfied with the outcome of the Democratic gubernatorial nomination contest, Orville Bullington declares: "My election can not and will not be considered a party victory in any sense of the word, but it will be a glorious triumph for civic righteousness and responsibility in government."

Who is Orville Bullington? is answered in the following biography:

Orville Bullington, attorney, Wichita Falls, was born at Indian Springs, Mo., Feb. 10, 1882. Had his father, a Presbyterian minister and school teacher of the Tennessee mountains, not been forced to halt his covered wagon trek to Texas in Missouri because of low funds, Orville might have been born in Texas. Orville was 2 years old when the family was able to resume its journey to Texas, arriving in Parker County in 1884. Bullington obtained his early education from his father; enrolled at Sam Houston State Teachers' College in Huntsville, operating a laundry wagon to pay his expenses, graduating in 1901, aged 19; worked way thru law school of University of Texas, graduating in 1905; began law practice at Munday, Knox County, and elected County Attorney there; opened law office in Wichita Falls, 1909.

Over age at World War time Bullington nevertheless joined the Texas National Guard as a private and was a Lieutenant Colonel in the Eighth Texas Infantry when the armistice was signed. He is married, has one son, Billy, aged 9. Has farm, ranch and oil interests; is leader in civic and school affairs. Following in the footsteps of his forbears, Bullington was a Jack-sonian Democrat until 1919 when the Underwood tariff chased him out from under the Democratic banner.

"We Texans have stood enough," Bullington declares, pointing to past and threatened political conditions in Texas as a major plank in his platform.

### PASTURE PAYS \$17.25 PER ACRE

Clarksville—A 115-acre improved permanent pasture owned by F. M. Watkins of Bogata, Red River county, kept the feed cost for 10 Jersey cows down to \$19.86 for five months ending August 31st, and maintained production above 30 pounds of butterfat per cow per month, reports C. M. Knight, county agent. The pasture carried an average of more than 38 head of cows and work stock through out the year. On a feed replacement basis the land returned \$17.25 per acre for the five month period. Last year it was worth \$34.10 per acre for the full 12 months. Mr. Watkins began improving this pasture several years ago as a demonstration by sowing improved grasses and clovers in the Bermuda sod. He won the East Texas Permanent Pasture Demonstration Contest last year and is competing for high honors again this year.

### THE HOMESTEAD EXEMPTION AMENDMENT

(This Week's Opinion)

In all probability, the constitutional amendment exempting \$3000 of homestead value from the state ad valorem tax will be adopted. And, in all probability, that action ultimately will be found to have been a mistake.

In the first place, it will not relieve homeowners of the burden they have been led to expect. The state ad valorem tax on a \$6000 homestead, rendered for taxation at \$3000, is exactly \$20.70—no more, no less. The saving, it will be seen, is less than \$2 per month, an item comparatively inconsiderable to the taxpayer, but to the state, in the aggregate, a tremendous sum.

### IS A RAILROAD A GOOD CITIZEN?

One of the best examples of what a railroad means to any community is given in the following editorial from the Williston, North Dakota, Herald:

"The Great Northern sent a check Monday for its taxes. It was for \$198,487. It is the biggest check for taxes annually received. It may always be depended upon. The Great Northern is never a delinquent taxpayer. Most of us never think of it as a citizen of this community. Few of us realize, until the matter is called to our attention as in this case, what a part it has in keeping things going hereabouts. It helps pay for our schools, roads and bridges, and takes care of our needy. It discharges all the duties of citizenship on the paying end with little complaint. . . .

"We can afford to be most patient with all our railroads. They face conditions of change that are not yet fully or clearly developed. In them is invested a lot of the money of plain everyday people. . . . What they mean in a community sense is perhaps best expressed for popular appreciation in a check for \$198,487 in taxes. That will go a long way toward keeping schools open and cash in the treasury to pay the salaries of policemen, firemen, county officials and other public servants. Thousands of American communities depend upon these railroad tax checks. What would happen to the small taxpayer if railroads were government-owned and tax-exempt? His taxes would probably be so high he could not pay them.

Government always has and always will cost money. Eventually the beneficiaries of government pay its cost, if not from one pocket from another. And the history of most attempts to evade or shift the cost of government has been sad, invariably resulting in failure and invariably imposing a penalty for the attempt to defy the inexorable law that he who dances must pay the fiddler.

### ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor  
A net profit above feed cost of \$4.32 per head on 680 beef calves fed in 12 feeding demonstrations in McCulloch county last year is reported by the county agent.

A great increase in deaths and increase in egg production was reported from Bexar county poultry flocks during the extreme heat of the summer where owners did not have an abundance of green feed, the county agent says.

Killing mesquite trees by spraying up two feet on the trunks with kerosene oil is resulting in a 50 per cent kill in two weeks, a 75 per cent kill in one month, and indications of a complete kill eventually in some pasture work on the 6666 Ranch in King county. The county agent reports, however, that the smaller growth seems to be unaffected by the spray.

At a cost of \$1.90 and with the help of her husband, Mrs. M. M. Goodmar of Sebastian beautified her farm yard so much that she won first place in the yard contest for Willacy county home demonstration club members recently. Improve ments included under-pinning the house, sodding lawn, making a hedge of senesia shrubs, developing foundation plantings of coyote, and setting out acacia for shade.

An investment of \$1 in a garden brought \$84 this year to Mrs. C. L. Hurt, Rosewood Home Demonstration Club woman in Upshur county. She has a 3-4-acre plot which is now growing a fall garden. In addition to fresh vegetables used and sold Mrs. Hurt canned 313 containers.

"My canned chicken brings me 75 cents per hen while the ordinary market price per hen is 20 cents," says Miss Nora Walters of the Blue Bonnet Home Demonstration Club in Haskell county. She says the groceryman who handles her product is calling for more.

### Electric Refrigeration Offers You Greater "Bargain-Day" Savings

Your grocer each week offers Friday and Saturday prices that give you an opportunity for real cash savings—provided you buy for the whole week and are able to keep the perishables in fresh, healthful condition. Many times these savings amount to more than 25% . . . always they will aggregate several dollars each month!

With modern Electric Refrigeration you can capitalize on these "Week-end specials," for the new Frigidaire enables you to buy in quantity and refrigerate your week's groceries safely and economically. Spoilage is eliminated, so you gain the double advantage of eliminating loss from spoilage and profiting by exceptionally low prices.

Frigidaire users have found that this grocery saving alone bears out the truth of the statement, "It Pays for Itself." Then think of the many additional economies, conveniences and superiorities by which you'll benefit!

See one of our Trained Representatives for an interesting and valuable demonstration—or call in at your Electrical Dealer's. . . . Your investigation will involve no obligation, of course.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

OCTOBER 21, 1932

The Government had some pink-bill-worm men here last week testing out the cotton in this county in regard to the pink boll-worm pest, as far as we could find out there was not signs of them found.

Jim Ferguson is to make eight speeches in his wife's behalf during the next few weeks, yet he says Bullington will not get 75,000 votes. Just why he is to make his speeches and spent as much as he did in the first campaign is beyond us, unless he thinks different from the way he talks.

"Uncle Bill" over at Sterling City is having a hard time getting his crow where he can swallow it, and Editor Pruitt, of Robert Lee, is making it hard for him to swallow it after he has made up his mind to do the thing he knows is not right. When Editor Pruitt said Ferguson would be seated as Governor if they had to seat him with shotguns. "Uncle Bill" had to talk back just a little and chastise his friend Pruitt for his unbecoming statement.

If you have a radio, you have had the pleasure of hearing some of the big guns of the Nation. First one side and then the other will tell you of all their virtues, and after November 8th, we will have the same old job of digging out a living the best we can, regardless of who is elected, neither side can hand our living to us on a silver platter.

The Eagles will play Sonora here next Saturday. They will need your presence, being Saturday it will be hard for the business men to see them crown themselves with victory.

The Eagles won another victory Saturday at Ozona, which paves their way toward the conference title again this year, so far they have not lost a game.

### TEXAS INDUSTRIAL ACTIVITIES

The Kraft-Phenix Corporation, makers of cheese, mayonnaise, egg powder, etc., paid out for milk alone at Denison the past year several hundred thousand dollars, and at Muenster, Cooke County, where a co-operative cheese factory disposes of its entire output to that corporation, several hundred thousand more. When the Kraft-Phenix Corporation acquired the Denison plant three and a half years ago daily milk receipts averaged 6,000 pounds. Today it frequently runs as high as 80,000 pounds. In spite of business conditions the Denison plant has shown a steady increase in business, even in 1932.

Texas in 1931 produced one-fourth of all the gasoline in the United States. Of the total production of 16,957,806,559 gallons Texas was responsible for 4,077,175,334 gallons, valued at \$181,738,261. Texas also led in the production of illuminating oils and greases, valued at upward of \$38,000,000. Average number of employes in oil refining in Texas was in excess of 16,000 with wages of \$23,343,479. Of the billion and a half dollars value of refinery products, Texas contributed \$307,000,000.

For every spool of barbed wire manufactured in Texas, \$1.25 of the sale price goes to pay Texas labor. This is considerably more than any discrepancy in price between American-made and foreign-made wire, saying nothing of the fact that the Texas product is made particularly to withstand climatic and weather conditions that prevail in the Southwest. The Texas Nail & Wire Manufacturing Co. of Galveston has the facilities for supplying Texas with both barbed wire and nails and if it were given that opportunity would have very largely to increase the number of its employes and wage-earners.

## THINKS ROOSEVELT WOULD NOT SUPPORT FERGUSON

I read an Associated Press report from Austin which states that Jim Ferguson is proudly exhibiting a letter from Franklin D. Roosevelt which he is seeking to have construed as Governor Roosevelt's indorsement of Fergusonism and of the Ferguson Forum. The letter is in reply to one from Ferguson to Roosevelt, deliberately attempting to link the Ferguson candidacy for Governor with the Roosevelt candidacy for President.

No one ought to be deceived by this maneuver. I am sure it will be found that this Roosevelt letter is a part of the routine grist of the national campaign headquarters.

I am sure that Franklin D. Roosevelt is as strongly opposed to Fergusonism, and to everything the Ferguson Forum stands for, as Ferguson and his Forum were to Franklin D. Roosevelt in 1919 and 1920. In those years, Governor Roosevelt was Assistant Secretary of the Treasury, and a part of Woodrow Wilson's great administration and Ferguson and his Forum were bitterly denouncing the administration of which Roosevelt was a part.

On Aug. 21, 1919, Jim Ferguson said: "Lo and behold! As soon as the Democrats got in power they have made the corruption of the Republicans look like 30c and we who have been members of that party are truly ashamed of the record." (Ferguson Forum, Aug. 21, 1919.)

And in a signed statement in his Forum of March 4, 1920, he said: "What interest has a Democratic President ever shown for the welfare or even the rights of the Texas farmer or Texas ranchman? Who wants to be a Democrat, anyhow? It is past history, present trouble and a future disgrace."

And in a signed statement in the Forum of April 15, 1920, Jim Ferguson said: "The Democratic party is a blowed-up concern and everybody knows it. It is dead and it ought to die. It has betrayed the people and belied its principles."

The Democratic national convention of 1920 at San Francisco nominated Franklin D. Roosevelt for Vice President and Jim Ferguson and his Forum bitterly opposed his election, and openly worked for the election of his Republican opponent.

Ferguson had himself nominated as the presidential candidate of the American party and urged all Texas Republicans to vote for him as the most effective means of insuring Harding's election. In the Ferguson Forum of Oct. 14, 1920, over his signature he said "A Republican vote in Texas for the American party ticket is equal to half a vote for Harding. Every Republican voter who wants his vote to count and be effective will add his vote to the American party ticket (on which Jim Ferguson was running for President) and thereby make a cinch of beating the Democrats in Texas."

During the same campaign, in his fight against the Democratic candidates, Cox and Roosevelt, on Oct. 21, 1920, in a signed statement Ferguson declared: "Our only hope is to carry Texas for the American party electors and take Texas out of the Democratic column and thereby insure the election of a Republican President, who will give us some relief, just to show us how bad the Democrats were. The Texas politicians, all Democrats, have not got the pride of a jackass or the decency of a skunk. They stand for nothing and they are nothing."

And a week later on Oct. 28, Jim Ferguson declared over his

signature in his Forum: "Every body knows, whether they will admit it or not, that the national Democratic party is gone for ever. Deserting its principles its name has become a national disgrace and its organization is a complete wreck."

In the Ferguson Forum Oct. 7, 1920, in a signed statement Jim Ferguson showed his Democracy and his devotion to Franklin D. Roosevelt, the Democratic nominee for Vice President, as follows:

"The infernal Democratic party can't run the schools.

"The infernal Democratic party can't build roads without graft.

"The infernal Democratic party can't run the State government without vicious extravagance.

"The infernal Democratic party is already condemned and beaten in the national campaign. Cox is a joke, and Wilson is a memory.

"Whether you are a farmer in the country or a laboring man in the city; whether you are a stockman on the ranch or a business man in town; ask yourself, with your conscience to answer: 'Why should any Texan vote the Democratic ticket?' (See signed statement of James E. Ferguson, Ferguson Forum, Oct. 7, 1920.)

In this same campaign Ferguson urged Democrats to vote against Roosevelt for Vice President and Cox for President, and every other Democratic nominee, regardless of the pledge they had taken in the Democratic primaries. In a signed editorial in the Forum of Sept. 23, 1920, headed: "Do Not Be Bluffed or Bulldozed," he said:

"There is a set of bulldozing politicians telling the people that if they go to the polls and vote the American party ticket after they have voted in the primary that they will be prosecuted in the courts. By this means they expect to intimidate a lot of good people and either keep them away from the polls or threaten them into voting the infernal Democratic ticket. Do not pay any attention to such threats. You are an American citizen—free and independent. Go to the polls and vote as you please, regardless of whether or not you went into the Democratic primary." (See signed statement of James E. Ferguson, Ferguson Forum, Sept. 23, 1920.)

And then, after Franklin Roosevelt's defeat for Vice President, in a signed statement in the Ferguson Forum of Nov. 4, 1920, Jim Ferguson gloated over the result as follows:

"The American party has much to be thankful for. While we did not win but a few of the offices, it has done its part in wiping the infernal Democratic party from the face of the earth. The Democratic party is only a coterie of 'titt-suckers' who will soon be choked off from living off the people and giving them nothing in return."

Be not deceived. Rooseveltism does not include Fergusonism and it does not condone it. If Franklin D. Roosevelt were a citizen of Texas he would vote to keep Ferguson out of power. Within the last few weeks in a speech in Nebraska he declared: "The citizen who permits his party spirit to control his vote when his conscience tells him that such action is wrong, disregards his patriotic duty which he owes to his family, his home and his country."

### DEFECTIVE ELECTION LAWS

(This Week's Opinion)

Governor Sterling's contest of the August primary election was said to point out 55,000 instances of unlawful voting. The Ferguson answer recited another long list of alleged irregularities. However much good citizens may deplore this spectacle of wrangling and wolf-crying, they must realize that so much smoke can not exist without a little fire.

In other words, there must be some fundamental effect in Texas election laws.

It is quite possible that the Longview Dailey News has placed its finger on that defect.

Except for certain specifically exempted voters, Texas citizens qualify for the ballot by the payment of a poll tax. But if a man moves to a new county, and lives there for six months, he may vote regardless of compliance with the poll tax provision of the Texas law. If he moves into Texas from another state, and lives in Texas a year, he may vote whether or not he has a poll tax.

No fault could be found with this provision of the law, provided the newcomer were qualified to vote in his former home. But the Texas law requires no evidence that the non-poll tax payer was so qualified at his prior legal residence. And, as the Longview newspaper pointed out, this defect in the Texas election law is the cause of most of the irregularities against which the present election

THE SUCCESS

## SPROUT-DAMAGED MILO MAY BE FED ON FARM

College Station—Milo maize heads that have sprouted on the stalk in the field due to rain followed by warm weather will do to feed to livestock, says John H. Jones, agent in animal husbandry at Texas A. and M. College. Many inquiries are being received by him from West Texas as to the feeding value of this field damaged grain. "Such milo is damaged as a feed, how much we do not know," he says, "but it is safe to say that with the exception of poultry, such heads and the threshed grain therefrom may be freely used on the farm. It will not be so palatable as bright feed and when thoroughly dried and ground will make a dusty feed. If fed to cattle it would be well to use with it a relatively large amount of cottonseed meal (about one-eighth of the entire grain and hay ration) to make it more palatable."

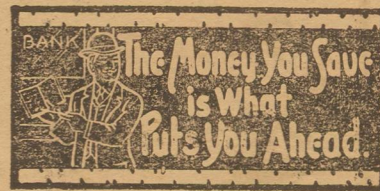

### CARD OF THANKS

We take this method to thank our many friends for the kind favors and assistance rendered us during the death and burial of our beloved husband and father. May God in his mercy smile upon each of you as you go about doing good to mankind, and when such trouble comes to your home may some tender hand render you such aid.

Mrs. W. J. McDonald and children.

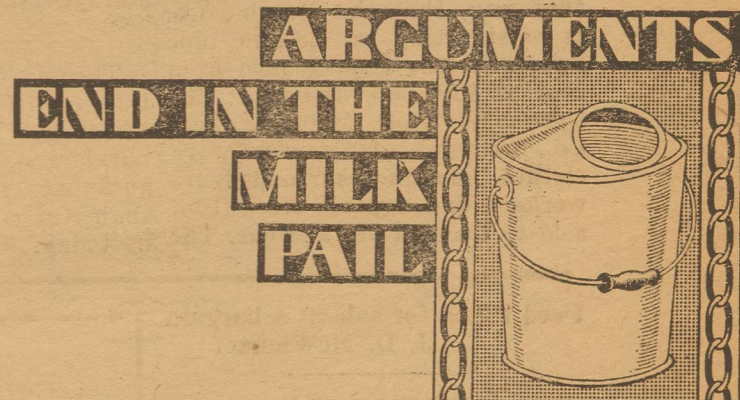

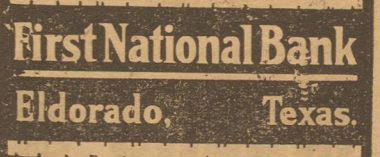

contest complains.

The Longview paper would remedy this defect by requiring the exhibition (in case of long-time Texas residents) of two poll tax receipts—one for the present and one for the previous

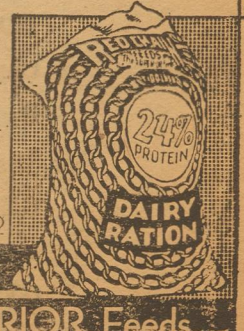

ACCUSTOMED to handling your financial problems over a period of twenty-five years—

## NEW IMPROVEMENTS BEING MADE OF BATH HOUSE

Charles Ratliff  
There are several new improvements being made to make the bath house more attractive and more satisfactory.

The trustees were called together and decided they would stucco the building instead of siding it with lumber. This will make it a more attractive than before. They have decided to put a good asbestos roofing on the top. This will make the building more attractive.

The building is going up nicely in every way. They have the frame up and the showers ready for use. We hope it won't be long until we have it finished and ready to use.

## —BEAT SONORA— NEGRO MINISTREL BY FOOTBALL BOYS

For the purpose of raising funds to build a new bath house the football boys are working up a negro minstrel, under the direction of Miss Karr. The Lion's Club is helping by several of their members being in the dialogues, monologues and songs.

The minstrel is to be put on Oct. 28 and 29 in the high school auditorium and should be one of the best plays of the season. The title of the minstrel is "Trouble at Coonholler School House" with two dialogues, a monologue and four negro songs in addition.

Don't forget the date. Tell your friends and remember the

## —BEAT SONORA— SO THEY SAY

Cecil Moore  
The football boys are going to get a new bath house. Harold Isaacs is studying hard this year.

The Eagles Beat Menard 13 to 6.

Miss Allen is grading more closely.

William McWhorter talks in the study hall.

The eighth period has been started.

Samuel Smith had a good time at Menard Saturday.

## —BEAT SONORA— SPANISH CLUB

Bell Sample  
The members and officers of the Spanish Club are: Lillie Belle Kent, president; Artie Mae Wood, vice-president; Willie Ruth Johnson, secretary and treasurer; Belle Sample, reporter; Margaret Shoen, song leader; Aris Carr Luther Kent, Arnold Farrington and Miss Meyer Spanish teacher. At the last meeting there was a short program given by members of the club and then a game was played.

## —BEAT SONORA— THE END IF FIRST SIX WEEKS

Cecil Moore  
The first six weeks are over and we will find out Tuesday what we made. The first of the school was muddy and the last so far has been fair and that is the way the grades look.

The dignified Seniors have ordered their rings and cards. They act like its just a little while till school is over. The freshmen act like they had already been through high school.

The clubs have already been organized and started. The new

subject is being taught which is agriculture and the students have made few trips in the line of agriculture and everybody likes it so far.

At first it was hard to get started off after being out three months so lets all of us do better the next six weeks than the first.

## —BEAT SONORA— SCHOOL HELPS PREVENT CRIME

The difference between destroying the neighbor's flowers by a child at the age of four and robbing a gas station at twenty is only a matter of degree. While Mr. Wickersham is looking for the basic cause of increasing crime, he would do well to observe the general breakdown of parental authority in the American home. This breakdown is typified by two types of mothers—the pathetic and the futile. The pathetic mother is too frail or too cowardly to make her little children obey her commands; she wears herself out attempting to live with her own offspring who have never recognized authority in her.

God pity the child who has not learned the meaning of "No" before his third birthday! His life will not be safe, he will be dangerous to property, and he will jeopardize the rights of others. He has already spent three years of elementary training in crime. Happiness is not for him, nor for those who love him, for they will have to spend anxious hours protecting him and protecting other persons from him.

If such a child learns the meaning of "No" in later life, it can only be at a tremendous cost. A court of justice and a penal institution may be required to give him lessons with his life. Meanwhile many other

people will have suffered from his failure to comprehend the vital importance of this one monosyllable.

Once the child has learned the meaning of "No" he should hear it very rarely. Each day I grow in my conviction that every child should learn very early that there are some things he must not do; that fundamental inhibitions are acquired most easily before the child is three years old; and that the most practical and common sense means of teaching these basic lessons is the good old fashioned spank.

The public schools are anxious to work with the home to help build a better citizenship. Too many of the school children of today will be convicts of tomorrow if we do not see to it that our educational system is kept up to standard. The home and school must work together for the welfare of the future citizens, but the state has a part by furnishing means with which the work can be done.

## —BEAT SONORA— TOPPING THE EAGLES

The game tomorrow is going to be of interest to every team in this section. It will especially interest Rocksprings, because the Eagles are the only obstacle in their way for a district Championship.

Sonora's defeat does not lower them any. Several of their stars were injured in the Iraan game and they did not practice last week. They will have full power for the Eldorado game and they will be two tough.

Everything went wrong in the Ozona game. The plays were executed poorly and the line did not function as it should. The backs could not block. Coach Williamson has a hard task to round the Eagles into form for the game tomorrow.

## —BEAT SONORA— EAGLES TO CLASH WITH SONORA BRONCHOS TOMORROW

The Eldorado Hi Eagles will clash with the strong Sonora Bronchos tomorrow. The game will be one of the best of the eevens on the field. Most critics say that tomorrow's game will decide the section championship although Rocksprings defeated Sonora 7-0.

The Eagles showed poor form in defeating the Ozona Lions 14-0. Coach Williamson will try to bring the boys back to their form. Every department of the game was played poorly. The Eagles should have had at least six touch downs.

Sonora has the strongest team in their history. They have a line that averages 165 pounds. Who could want a better team. Kring is one of the best full-backs in this section. Treiss was one of the fastest at the track meet last year. Archer and Ory are two other backs that are hard to beat. They have a powerful line around Smith, veteran center. Barton and Hill help make the line one of the best.

This game will probably be the best battle ever to be held on the local field. Come help the Eagles for they are going to need plenty of it.

## —BEAT SONORA— EAGLES DEFEAT OZONA LIONS 14-0

The Eagles journeyed to Lionsville last Saturday and defeated the Lions 14-0. The game was the poorest of the season for the Eagles. They would put the ball on the ten yard line and then fold up. Ozona threatened to score only once. They blocked a kick but the line held them for four downs. The Eagles took the game too lightly and the Lions displayed unknown power. Coach White has a squad that will ship a surprise to some unexpected team.

## —BEAT SONORA— WHY GO TO SCHOOL?

Mary Dell Williams  
I'd like to know, why go to school, And learn so many terrible rules, Just study today and must study tomorrow.

Oh Gee! It's an awful horror,

But just the same, Ma says, "You must go," And there's Pa who says, "do everything just so."

First you must study Chemistry for weeks and weeks, Then Public Speaking just to learn to speak.

Wonder why we must study civics at all, Oh just to learn government and all its downfalls,

Seniors have so much, there's Mata and English too, And then you'll hear the remark, that's not much to do

But say, you can't regret it all cause its lots of fun, To go to football games and watch the r.u.s,

It's worth all your effort, every inch

Just to learn sportsmanship rules, that's a cinch, Cause all through life from day to day,

You can make use of them in every way.

## —BEAT SONORA— MAKE THE BEST OF WHAT YOU HAVE

Mary Dell Williams

Though it may seem to you that life is but an empty dream with only disheartening and discouraging words for you, make the best of what you have. Why sit idle and say "I can't" or "or I don't know how."

Our business in this world is to learn how and to try, try, and try again. Life is what we make it, either cheerful or sad, hopeless or helpless. Do your best and say "I'll try" with a cheerful smile. Though you may think you have little, take what you have and make the best of it. In school each hour and each day try with all your might. Put your whole heart and soul into your work

Things will be brightened in the future if you do your best today. Stop and ask your self today, "Am I doing my best, am I making others happy? Am I cheering my own pathway by cheering others or am I just dragging sleepily and lazily along waiting for someone else to do my part as best they can? See if you can answer these questions by saying yes and by saying I'm making the best of what I have.

No one can do our part like we can ourselves for we were put in this world for a definite purpose so why not fulfill that place by saying "I will," or at least "I'll try." Making the best of what you have is mastered by trying.

What is life to one who does not try? It is merely a selfish, unhappy, deceitful, and self-pitiful life. Try! Making the best of what you have should ever be our watchword and guiding star.

Make your teacher happy by having a good lesson, a neat paper and a cheerful attitude toward her. Make mother and father happy by being kind and helpful and willing. Then you are trying. Ambition! Ambition! Why not try to amount to something. It's just as easy and much more pleasant than being a "ge. by" or a "don't care" always.

If you are not doing anything begin something now for it is not too late. Though you have stayed in the same old way a long time you can at least make a new start if you get no further. As you go to bed tonight, ask yourself this question "Am I making the best of what I have and if not am I going to begin now to do so?"

These things, such as making the best of what you have, getting your moneys worth out of life, and doing your part in this world are things that are very essential.

They are here for you so why don't you take them? Whose fault is it if you are not getting them? Whose business is it too see that you do get them? It is yours, of course, so let's make a contract saying, "I will do my best at all times and am resolved to do my part."

Then here is another question if you have resolved to do your part make an additional resolution that you will at all times endeavor to make some one else see its importance as it has been shown to you

—BEAT SONORA—

## I'VE BEEN TOLD

Thelma Taylor  
That Hassell likes to study!  
The Willie Ruth isn't good in Chemistry.

That Jack Shugart is helping build the bath house.

That the football boys get tired of being skinned up.

That Shorthand forms are easy to get right on tests.

That some typing students can write and not look at their machines.

That e are going to beat Sonora.

That everyone likes to debate. That the football boys are going to build the bath house.

That some students can make straight A cards. That Math is easy.

That Fae Belle doesn't like Christoval.

That you can sew fast and do a good job.

That caps and gowns will look good on the graduating students.

## —BEAT SONORA— JOKES

J. R. Conner  
Hassell: (To the butcher who was weighing up a steak that contained a large amount of bone.) "Hey, there you are giving me too large a bone."

Butcher: "Oh, no, I'm not. You are paying for it."

Mr. SSmith: But were not you absent just last week to go to your grandmother's funeral?

John I: Yes, Sir. Poor granny came near being buried alive that time!

R. L.: What are you doing now?  
Harold: I'm an exporter.

R. L.: An exporter?  
Harold: Yep, the Pullman company just fired me.

John Alexander had just come inhome from his first day at school and his mother asked him what he learned.

"Oh, not much," replied John "I've got to go back again."

Miss Meyer: (At the Menard game): Boy, those boys kick like mules!

Miss Turney: Yes, but they are Yellow Jackets.

And we have one of the school teachers that tried so hard to make the touchdown at Menard but couldn't get the ball

Jack Ratliff: (boarding street car): Well, Noah is the ark full?

Conductor: Nope, e need one more mule; come on in.

Elnora: The man I marry must be square, upright and grand.

Hassell: You don't want a man you want a piano!

Mr. Holt: Ah, my boy, you must indeed have used much patience, much equanimity to capture such a fine string of fish?

Edward Cox: No sir, I used worms,

—BEAT SONORA—

There once were some teachers who were very horrified To think that the pupils would not by the rules abide. They fussed and quarreled and pled and pled and pled But when the report cards came out there was a big F in red. "Of all outrageous things" said one smartaleck boy "To think that I can't play football now. They've taken all my joy."

In truth this young man had deprived himself of his rights And the same had gotten him into many plights. The moral to this is very plain to see, Don't misbehave and your report card good will be!

G. C. Crosby was in from the Middle Valley ranch Monday meeting friends and buying supplies. Mr. Crosby is one among those that came to Schleicher County during the land rushes of 1901.

J. C. Crosby is trucking lambs from his ranch in Kimble County to the home place in this county where he will feed them out for the winter market.

We are in position to do your printing

in a neat and Artistic way, in fact we guarantee to please you in both price and quality.

Why send away your printing when the local printing office can do the same work right here in your town.

We have thousands of dollars invested in our printing plant and are equipped to do the best work in short notice.

We have samples to show you what we can really do and can assure you that any job that is entrusted to our care is guaranteed to please before you are asked to pay for same. What fairer proposition could you crave or desire?

### THE FERGUSONS START CAMPAIGNING SATURDAY

Jim Ferguson has announced that they will begin their speaking Saturday night at San Antonio. The Fergusons lost about 2,000 votes between the first and second primary in San

Antonio this summer. San Antonio has been electing a Republican for many years and the Fergusons undoubtedly think that it would be a good place to speak against their republican opponent.

An amusing thing will be to hear Jim plead for loyalty to

### FLAYS G. O. P. ATTEMPTS TO PANIC VOTERS

WHEELING, W. Va., Oct. 19—Governor Roosevelt, Democratic candidate for the presidency, in a speech here today challenged the claimed Republican contention that "things will be worse if I am elected" and declared that "what is wrong with the nation" is "mismanagement."

Speaking after a motor drive from Pittsburgh, Mr. Roosevelt said:

"You have had placed before you the spectre of fear by the Republican candidate and the Republican leaders. You have been told that things might have been worse, and will be worse if I am elected to office. But I say to you, 'yes things might have been worse; indeed we might all of us have been destroyed. But on the other hand remember that things might have been better, should have been better, and will begin to get better with a change of administration on the 4th of March.'"

**The Answer in One Word**  
If the nation wants to know "what is wrong with its national government, I will give them the answer in one word," said Mr. Roosevelt. "That word is 'mismanagement.'"

"I refuse to believe that the people of the nation can be made to fear false bogies," said the Democratic nominee.

He asserted: "To attempt to instill panic into the electorate at a time when we must all have courage and a firm belief that the American characteristic of finding answers to problems will bring us back on the upward trail, is a method of campaigning which does little credit to leaders still at this time entrusted with the welfare of the United States."

the party when he himself has been the most disloyal cuss of them all.

You only have to read what Jim has published in his own paper over his own signature, in the past, to know what he really thinks about the democratic party. And our guess is that many democrats will swat the Ferguson at the general election

Pat Finley was among the Eldoradoans in San Angelo Monday.

Mrs. Jess Ramey and Mrs. Otis Kent were shopping in the city Saturday.

### WALTER RAMSAY HOME FROM HOSPITAL

Walter Ramsay, son of Mr. and Mrs. W. N. Ramsay, who has been teaching school at Rosco, Texas, and who had to give up his school on account of illness. Has been brought home from the San Angelo hospital where he has been under treatment. His many friends here wish for him a speedy recovery.

### WHAT IT REALLY MEANS

George B. Cortelyou, President of the National Electric Light Association, made a precise statement of the duties of an electric utility when he said:

"Its obligations are: First, to furnish an adequate and continuous supply of electricity at a fair and reasonable price. Second, to supplement this with a series of definite human contacts through which the relations between company and customer may be maintained on a basis of mutual respect, understanding and good will."

"This is the kind of service our customers have a right to expect of us. More they cannot ask; less we should not give."

The whole "power problem" has become confused the past few years. We have been led to think of the industry as a remote and gigantic thing, whereas, so far as we are concerned, it is an institution rendering a very personal service. Its job is to provide us with kilowatt-hours, at an equitable price. So long as it does that, it is doing a good job. When it fails to do that, the time for complaint has arrived.

Bickerings between the friends and enemies of the electric industry should not be allowed to confuse this fact. It is within the power of each of us to appraise the benefits we receive from electricity, and then relate them to the price they cost us. When we do that, we get the clearest possible understanding of what electric power, and utility service, really mean.

### SAN ANGELO ATTORNEY OUT FOR BULLINGTON

Robert T. Neill, San Angelo attorney, and old school-mate of Orville Bullington will introduce his college friend, Orville Bullington, candidate for Governor, in San Angelo, next Tuesday night, when Mr. Bullington candidate for Governor on the Republican ticket will speak in his behalf for governor.

Mr. Neill is well known in this section of Texas and is a Democrat.
