STAR

Running-in-oil

You will find in the new running-in-oil STAR the many features you have always wanted in a windmill—one oiling a year—your choice of Timken Tapered Roller Bearings or "NO-OIL-EM" Bearings—two gears, two pinions and two pitmans—direct center lift to pump rod—crosshead, guides and pitman bearings flooded with oil—a scientifically designed wheel with angle steel arms and braces and ball-bearing turn table.

The fans of this new Star are curved to give great efficiency in an 8 to 10 mile an hour wind. Plunger pump in crank case floods crosshead, guides and pitman bearings with oil, and tight cover keeps out dirt, rain or snow.

One filling of crank case with oil each year will save many trips up the tower. May be fitted on any tower.

The new STAR is the last word in Windmill construction. Come in and let us show you this mill. You will want to know about it whether you are needing a new mill right now, and we want you to know what a really fine windmill we have in this new Star.

SCHOOL OPENS MONDAY, WITH ENTHUSIASM.

The patrons and friends of the El Dorado High School met for regular opening of school Monday morning, the school auditorium not being complete, the Methodist church was used.

The people began coming early and by 9:15 the church was full to overflowing with an enthusiastic people, all eager to do or say something for the good of the occasion. The speaking was interspersed with musical numbers from Miss Turner's orchestra, and added much to the morning's entertainment.

The program was opened with an invocation by Rev. J. C. Young and followed by speeches from Dr. E. B. Newsom, Rev. W. P. Ray, Judge W. F. Ford, J. B. Smith, Mrs. R. A. Evans, Joab Campbell, and each of the faculty.

The presence of our former friend and Superintendent J. P. Smith, added greatly to the enthusiasm, because it carried us back some 20 years and pictured to us the school in a small three room box house with between 50 and 75 pupils, with a struggling people for a better institution of learning. Many who pushed forward then have moved away, some have passed on to where school troubles and pleasures will be heard no more, others along with this writer is still clamoring for the higher, the nobler, the sweeter things of life, and a greater institution of learning. Today we can see the fruits of our labor, where the little box house once stood stands a magnificent brick structure, with several hundred pupils, the sight of which makes us turn our thoughts Heavenward and thank God that we had a small portion in helping to build the pride of our community, we have ever stood for its needs and can plead not guilty of any words or act detrimental to our school. Its troubles have been our own and we suffered when it suffered. But Monday morning we buried the past anew, forgetting the bad and clinging to the good we enter the present school year with a smile for all and bushel of "pep" for ourselves, a good wish for the faculty and a sympathetic feeling for the school board.

The program closed at 11:45 the pupils were instructed to return Thursday morning for actual work.

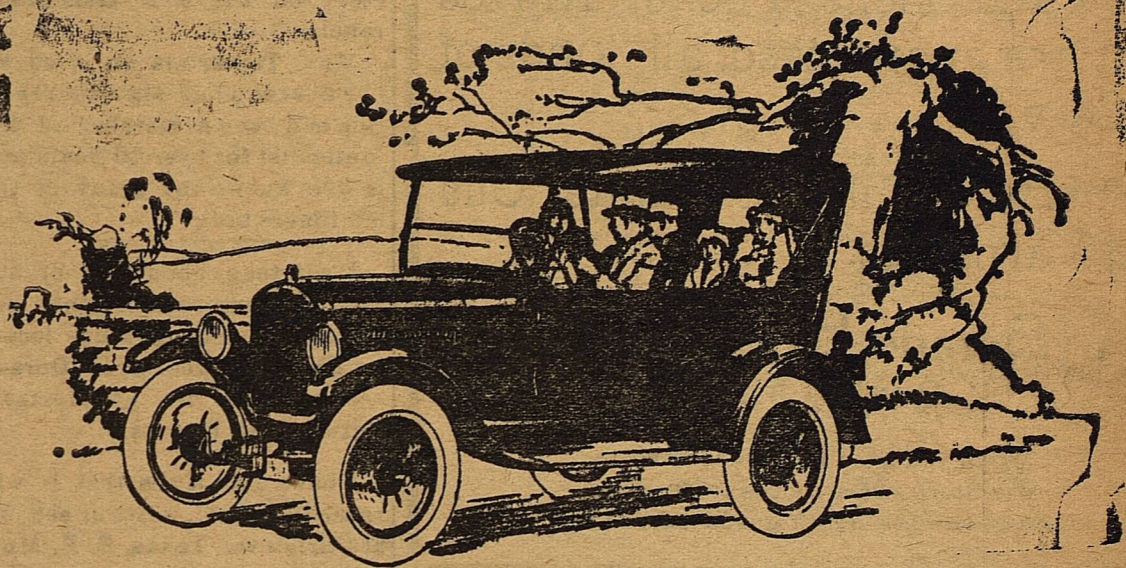

The books for the school have been delayed and have not yet reached the school, this should have been attended to at the close of the school in the spring but was not done and consequently the community suffers for neglect of someone paid for service he fails to perform however the present faculty is not responsible for the situation.

ATTENTION! RANCH- MAN AND FARMER.

I can loan you any amount from \$2,000.00 to \$50,000.00 at 6 per cent interest on 83 years time. Loan made on same plan as the Federal Farm Loan except that you do not have to buy bonds and are not held responsible for your neighbors losses. Call and lets talk it over.

The Smart
New Tudor Sedan
Will Especially
Appeal to You

The Ford Tudor Sedan, recently announced, is an attractive closed car with all-steel body in deep Channel Green, and bright nickel radiator.

A pronounced stream-line effect has been achieved by dropping the chassis and lowering and lengthening the body. This also results in greater riding comfort because seats are low and deep, and the car is roomier.

Judge Duval West of San Antonio, a Federal Judge fired a jury last week after they returned a verdict of not guilty in the case of Fritz Etter and Phillip Eckhardt, charged with liquor violation, the Judge said he had no use for a jury that could return a verdict of not guilty after the charge they had from the court.

A letter from our friend Eliza Keeney at Uvalde says that they have a young California in his section of Texas, hear his warblings "You had better come down and buy a home while land is cheap, it is selling now for \$65 and \$75 per acre. We are going to have a "Young California" here someday, as people are beginning to realize that this is not merely a hog and cow country.

"We have growing here in Uvalde County, Grape fruit, oranges, with grapes and figs by car load. The pear industry is also beginning to thrive here." Our friend says what more can you say for El Dorado. We are not stumped, the name "El Dorado" stands for more than that. Sentimentalism regarding the recent misfortunes of airmen no doubt will lead to much agitation to do away with further experiment in aerial travel and to stop appropriations for increasing the aircraft for commerce and defense. The heart of a nation is saddened over the fate of the Shenandoah. Other exploits and misfortunes which places human life in precarious condition in attempts to fly above the earth have seemingly piled one upon the other in rapid succession. But these should not, nor will they, discourage or deter further development of both the airplane and airship. Men are prone to marvel at birdlike attempts to conquer the air. Fatalities of this nature appear more dreadful than those of other pursuits, but are they? The yearly toll of other disasters in mine, in workshop and in transportation by land does not call for the cessation of industry or travel. The automobile continues its frightful toll, and even with its daily harvest there is no sane thought of discontinuing its use.

In many ways air travel, like the subway, will be found to be the safest kind of transportation. Those who have gone would say "carry on!" The martyrdom of science and invention fills the pages of history and comes as a matter of course in human industry. What we need is not less experiment but more, until here results a development so technically sound and scientifically certain that the millions will travel in safety through the dangers for which the few have given their lives as warning signals.

CONDENSED AUSTIN NEWS

The Attorney General has approved
an issue of \$60,000 of Ennis water
system bonds, payable serially and
bearing 4 3-4 per cent interest.

Dr. Walter Splawn, president of
the University of Texas, predicts
that more than 5,000 students will at-
tend the institution this year.

The Attorney General approved a
\$500,000 issue of special road bonds
of Galveston County maturing

Big life insurance companies which
withdrew from Texas upon enactment
of the Robertson insurance law,
eighteen years ago, have virtually
abandoned the idea of returning to
Texas, despite the ruling recently by
Attorney General Dan Moody that
these companies may return.

Attendance at the teachers' insti-
tutes held since the last week in
August in different sections of the
State has been large, despite the
efforts of the Thirty-Ninth Legisla-
ture to abolish them. S. M. N. Marrs,
Superintendent of Public Instruction,
and L. W. Rogers, assistant, reported
upon their return to Austin.

L. M. Lee of Austin, who has had
cattle in Kentucky and in New Mex-
ico, plans to leave shortly for the
State of Durango, Old Mexico, with
several cars of Texas cattle, mostly
stock cows. Mr. Lee said that the
range in Durango is exceptionally
fine, with plenty of water, no flies
or ticks and no freezing northers.

The Railroad Commission, accord-
ing to Commissioner C. V. Terrell, is
in receipt of a request from the
Texas Grain Dealers' Association, the
Fort Worth Grain and Cotton Ex-
change and others, asking that no
further authorities be granted to
railroad companies of Texas for half-
rate on feed to the drought-stricken
areas without first granting protest-
ant hearing.

R. L. Daniel, an attorney of Vic-
toria, has been appointed by Gov.
Miriam A. Ferguson to be State In-
surance Commissioner, succeeding
John M. Scott, resigned. Mr. Scott
who is here attending the national
insurance commissioners, resigned
to become a Fort Worth branch of-
ficial of the International Life In-
surance Company of St. Louis. Ex-
Gov. James E. Ferguson announced
Daniels' appointment.

After approval by the Attorney Gen-
eral an amendment to the articles of
incorporation of the San Antonio &
Aransas Pass Railway Company,
authorizing that company to extend
its line from Edinburg, Hidalgo
County, to Harlingen, Cameron
County, has been filed in the office of
the Secretary of State. The proposed
extension would run from Edinburg in
a general easterly and southeasterly di-
rection through Hidalgo and Camer-
on Counties to Harlingen.

University oil royalty accumulating
since April 3 exceeded \$1,000,000,
when the Big Lake Company paid
royalty amounting to \$113,932, which
brought the total to \$1,052,913. The
Big Lake's payment covered oil
produced on University lands during
August, and was \$5,467 less than its
payment on July production. The
Texon is yet to pay its August roy-
alty, which is expected to be about
the same as that of July, when it
amounted to \$101,486.

\$2,690,000 has been forwarded to
public schools of Texas, the first
payment under the apportionment for
the scholastic session of 1925-26. It
was announced by Prof. S. M. N.
Marrs, State Superintendent of Pub-
lic Instruction. It represents \$2 for
each of the 1,345,000 children enumer-
ated within the scholastic age. An-
other \$1 per child will go forward
in October, making \$4,035,000 during
the first forty days of the session.

Fifty thousand connected acres in

has announced. Provisions have al-
ready been made for the appointment
of two deputy game wardens to aid
in the protection of quail and other
game birds with which the preserve
is to be stocked.

SPENCER-COPPLE.

On Sunday afternoon at 3
o'clock a beautiful wedding was
solemnized at the Bailey Ranch
Church when Miss Gertrude
Copples became the bride of Mr.
H. L. Spencer. Long before the
appointed hour a large number
of relatives and friends had gath-
ered at the church to be present
on this happy occasion.

The church was beautifully de-
corated with flowers and pot
plants, Mary Ruth Ray sang "I
Love You Truly" accompanied at
the piano by Miss Maude Kent.
To the strains of Lohengrin's
Wedding March, with Mrs. Carl
Reagan at the piano, the bridal
party entered, led by little Miss-
es Dorothea Spencer and Marjo-
rie Parks acting as ribbon girls,
bearing streamers of pink
ribbon. These were followed
by the flower girls, Little Miss-
es Margaret Ray and Lois Parks,
carrying baskets of flowers
which they scattered in the
paths of the bride and groom.

Immediately following these
came the bridal party proper
consisting of Mr. Otto Williams
and Miss Etta Ruth McDonald,
Mr. Vernon Copple and Miss
Lena Spencer, Mr. Peyton Cain
and Miss Fannie Blaylock and
the bride and groom to be. Rev.
W. P. Ray pronounced the cere-
mony that united the lives of
this happy young couple.

The bride was lovely in a gown
of a beautiful shade of tan can-
tored crepe richly embroidered.
She wore a large picture hat
harmonizing in color with her
gown. Miss Spencer was gow-
ned in blue satin and Misses
McDonald and Blaylock wore can-
ton crepe. The little ribbons
and flower girls were beautif-
fully dressed in pink.

Mrs. Spencer is the charming
and accomplished daughter of
Mr. and Mrs. V. O. Copple of
the Bailey Ranch Community.
Mr. Spencer who is temporar-
ily farming and in the ginning busi-
ness, is a student of A. & M. Col-
lege and expects to resume his
studies there in the near future.
These young people have made
many friends since coming into
the Bailey Ranch Community all
of whom wish for them much
joy and happiness in their wed-
ded life.

T. B. STIDHAM DEAD.

News of the death of T. B. (Babe) Stidham, 40 years old, has been received here. Mr. Stidham died instantly in an automobile accident when a Dodge roadster that he was driving overturned several times with him on a curve in the road near Yerington Nev., on August 21. He was dead when the doctors reached him. Two other boys were unhurt. The car plunged through a fence and stopped with its right side up and with Mr. Stidham under the wreckage.

Mr. Stidman, who is the brother of Mrs. James A. Lee of Sherwood, left the employment of J. D. Sugg on a ranch near Merton three year ago and went to Nevada where he was employed as a cowboy. Prior to his coming to Texas he
