ONE AND ONE-FOURTH INCHES OF RAIN TUESDAY NIGHT.

El Dorado and vicinity received one and one fourth inches of rain Tuesday night, which was very beneficial to the farming interest here, with the crops about worked out this rain will insure a yield here if the insects and pests do not get bad. The farmers are already making preparations to combat the insect or grasshoppers if they come, and which are appearing in some places.

AN ANNOUNCEMENT.

It gives me pleasure to say to my friends that my new place of business, to be known as the "Cash Service Station" will be ready for business in a few days more. I have worked at the business for practically two years, and believe that I have learned what the public wants in the way of service, and how to meet the demand.

I am going to sell only the best grades of gas and oil, Gulf gas exclusively and Mobil and other oils, also a line of tires, tubes and accessories. I will appreciate your patronage and try in every way to please you by giving, "Quick and efficient service at reasonable prices for cash," which is my slogan. Watch this space.

J. N. Davis.

FAIR MEETING.

A meeting of the subscribers for stock in the Schleicher County Fair has been called to be held at the Courthouse in El Dorado Saturday, June 5th at 3 o'clock. Everyone who has subscribed for stock in this Company should be present and participate in the organization. Directors will be elected, by laws adopted and application for a charter authorized. Before a charter can be had each subscriber for stock must pay in at least one-half of the amount subscribed before the secretary of state will recognize the application, and in order that there will be no delay in getting started each one interested should be at the meeting.

The Gents Furnishing Store the place where you may buy the best clothes for less money. Come in and look at our goods. You are not obligated to buy. We just want you to see the class of goods we handle. Will appreciate a portion of your patronage. All goods sold for CASH.
Williams Tailoring Co.

Leonard May, teacher of the Mexican school at Melvin, was in the city, Saturday. Young May is the son of J. S. May, merchant, recently moved from Melvin to El Dorado. He is quite young but received his training at Howard Payne College and is making good.
—Brady Sentinel.

Johnston and Wilson will reopen their Cafe Friday June 4th, they have been out of business some two or three months now, and are re-entering at the same stand they first entered business, they need no introduction to the public as they have been in business here before.

Mr. and Mrs. W. D. Swift were in from the ranch Tuesday visiting and shopping.

ELDORADO DEFEATS MENARD.

Sunday quite a few of El Dorado people went to Menard to see the ball game between El Dorado and Menard, in which El Dorado captured the game by a score of 3 to 1. The El Dorado people carried their lunch and had dinner on the river, also had supper on their return home.

Delivery of 879 yearling steers sold by Harold B. Opp and Ed Roe, Menard county ranchmen, to a Mr. Holland of Fort Worth, was completed in San Angelo Friday night. The cattle were shipped to Fort Worth. Forty dollars a head was paid for the high grade, dehorned, white faced animals. The deal was made through Will Allison and John Renfrow, Menard live stock commission men. Standard

Bats and balls at
Sharp's Variety Store.

We wish to call attention to those bringing in cream, or expect to, that the Mistletoe people or any other people who buy cream do not pay for the net weight of the cream that you may bring in but they test it and pay only for what butter fat it tests out. Those who have sold to creameries before will understand this but those who have never patronized one, are some times disappointed at the price they received for their cream.
Wright's Cash Store.

The Eldorado Woman's Club was hostess to their friends in a formal tea, at the home of Mrs. Van McCormick on the afternoon of May 19th, 1926.

The President and other officers stood in receiving line to welcome their guests, and conducted them on to other members of the club, who made them feel at home, and served delightful refreshments of brick ice cream and Angel food cake. A color scheme of pink and white was carried out, and favors of pink roses presented to each guest. Music interspersed by reading by Mrs. Frank Jones added cheer and entertainment to the occasion, and each guest seemed to feel the spirit of hospitality and good will.

The Woman's Club is to be congratulated on the creation of an environment for progress and higher attainments for the women of El Dorado.

An Appreciative Guest.

Come to see us, we appreciate your business.

MRS. T. V. MORGAN DEAD.

R. C. Morgan was called to Field Creek last week to the bedside of his aged mother, Mrs. T. V. Morgan, who had died before he reached her, she was 67 years of age and lived in our midst for some time a few years ago, but returned to Field Creek. She died from a stroke of paralysis having fell in the yard while alone and was found by Mr. Morgan when he returned. The funeral was held Thursday near Field Creek.

Mrs. Morgan was a devoted member of the Primitive Baptist Church and was loved and honored by all who knew her and has only been transferred to her heavenly home.

Billy Stewardson who has been attending Schriener Institute came in this week, as that school is out.

Don't worry about Zim not being able to put over his platform he will do about as well as the man who will be elected.

Lynch Davidson would make a good governor, but his rich friends it is hard for us poor folks to vote for him.

While Jim and Dan are trying to explain the things each other is telling the other fellow. Zim is sawing wood right down the line, and Lynch is putting out stuff that will be harder for Dan to explain that Jim is telling.

Quite a few of the El Dorado people went to Christoval Thursday to a picnic, but it coming on Thursday was a preventative of The Success force attending.

Jim Ferguson will speak in San Angelo July 16, all Ferguson followers will please keep the date in mind.

El Dorado has the name of being the best baseball town in west Texas, we give as a reason that El Dorado has never had a ball game on Sunday, lets keep up our good name, play ball on week days, and boost our ball team when they have their game on week days.

It is real amusing to watch the Dan Moody crowd try to get around Dan's rash act in gambling off the state office, most people did not expect any better of Ma and Jim, but feel disappointed in Dan's action, well if you want to vote for a good clean man get in Zim's band wagon.

Malone Hill who has been attending the Medical school at Galveston, is at home for a while.

Ed Finnigan was in the city Monday shaking hands and introducing a McCulloch County School teacher, who is wanting to come to this county to teach.

Paul Keele accompanied by Misses Pansey and Bettie Keele, spent this week in Abilene on business.

ANNOUNCES FOR COMMISSIONER

W D Swift was in the City Wednesday and authorized us to announce him for Commissioner of Precinct 4. Mr. Swift has been in Schleicher County for a number of years and is qualified to fill the office for which he aspires, Mr. Swift is making the race subject to the democratic Primary in July, and solicits the vote of all the voters in Precinct 4. He will strive to fill the office in a manner that will please all.

R. M. MURRY GETS OIL LEASES AT CHRISTOVAL.

R. M. Murray was in the city Monday from his ranch and reports that he had closed a lease at Christoval whereby he has leased the 80 acre track of land from Tom Wilkerson across the river from Christoval, and that he will drill several tests for shallow oil beginning this week. This track has already had some oil stuck on it and Mr. Murray plans to put one of these wells on the pump. W. F. Parrent will run the drill for Murray.

Otis Buie was in the city Thursday trading.

Miss Coalea West came in Wednesday from San Antonio for a visit with her parents Mr and Mrs. C. C. West.

ATTENTION, RANCHMEN AND FARMER

I can loan you any amount from \$2,000.00 to \$50,000.00 at 6 per cent interest on 33 years time. Loan made on same plan as the Federal Farm Loan except that you do not have to buy bonds and are not held responsible for your neighbors losses. Call and let us talk it over. G. D. Hines, El Dorado, Texas.

FUTURE BECKONS YOUNG AMERICANS

Achievements of Past Only Show Great Opportunity Ahead.

Great events of the past quarter century which lead some young men to complain that all the big things have been done, leaving no opportunity for them, as a matter of fact only go to show that even greater opportunity today lies ahead of them, F. N. Shepherd, Executive Manager of the American Bankers Association, recently told members of the American Institute of Banking in New York. After reviewing the outstanding accomplishments in science, industry and finance during the last twenty-five years, Mr. Shepherd emphasized the reward given men of achievement in America, especially in the financial field.

"The achievements of the past are the groundwork for the opportunities of today and tomorrow," he said. "There never was a time when so great were the potentialities of the individual. The world was never so ready and able to pay well for what it wants. For superior service to society under competitive conditions, whether through invention or production or organization or distribution of useful articles, no reward is begrudged, particularly here in America.

"Adding to human comfort and human needs, these things make life and better. The world has led, but it is in America that they reached their highest development and utilization. The American spirit of useful enterprise, however, does not confine itself within our own borders. It permeates the entire world and renders great service to peoples other than our own.

"Let us pass over America's service to humanity in the war and consider what is being done now. Largely to rebuild the economic life of a world shattered by the war and its devastating after effects, America has, since the war, loaned other peoples over ten billion dollars. Last year alone a billion and a half in foreign financing was consummated in the United States. American financial genius has so far readjusted our banking machinery to meet enlarged international obligations that stupendous foreign loans, such as the \$100,000,000 Dawes plan credit to Germany, are concluded and the books closed after being open to public subscription only a few minutes.

"With our new world viewpoints we in America have many great things yet to do. These things are typical of the broadminded world viewpoint of American finance. It shows the vision necessary to the men who guide our business affairs today. Certainly there is an inspiration in this and the great opportunities which await us."

Bankers and business men of the leading towns of Taylor county, Texas, employed a county agent last spring, and requested that he vigorously promote boys' and girls' club activities. As a result of his work over 300 club members were enrolled. Work is being concentrated this year on poultry culling and grain sorghum seed selection. This fall there will be exhibits and contests, for which the business men are contributing generous prizes.

Saffron Skin from Sour Bile

South Georgian Drives Out Enormous Quantity Sour Bile with Dodson's Liver Tone

After a long period of the worst form of weakness and the terrible feeling of sickness that comes from a system loaded with sour bile, Mr. Sam Puckett says: "When I kept getting those bilious attacks reckon I took enough calomel to kill a mile. Got worse all the time. Finally I turned saffron color all over. My wife happened to read about Dodson's Liver Tone in the Weekly Constitution, so we drove to town and got a bottle. It was like magic. It drove quarts of sour bile out of me as black as ink. From that day I have felt as if I had a new liver, and whenever I begin to feel weary and bilious, with no appetite, a dose of Dodson's Liver Tone puts me to rights." This wonderful, quick-action, liver starter ought to be in every household, if for no other reason than to stop the use of dangerous calomel. Dodson's Liver Tone is pleasant to take, even for children, and never makes you sick.

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

MOTHER AND CHILDREN SEPARATED BY BIBLE

Literal Interpretation of Scriptures Is Cause for Rift in Kansas City Family.

Kansas City, Mo.—Mrs. Leona Benedict, thirty-one, widow, with the aid and advice of Juvenile Judge Henry Meade, Kansas City, Kans., mapped out a definite campaign to win back the love of the three older of her six children.

To win that love and change their determination not to live with her, she must drive from their minds the belief that she is wicked in that she has bobbed her hair, wears a red hat and has jewelry in the form of a wedding ring.

During this love drive the children will live with families neutral between the mother and the officials of a children's home operated by the Mennonite church in Kansas City, Kans.

Slowly but persistently the mother hopes to persuade the children they need not interpret literally the fifth and sixth verses of the eleventh chapter of First Corinthians, which says: "But every woman that prayeth or prophesieth with her head uncovered, dishonoreth her head; for that is even all one as if she were shaven."

"For, if the woman be not covered, let her also be shorn, but if it be shame for a woman to be shorn or shaven, let her be covered."

When the father of the children died, leaving the mother without means, she accepted an offer of the Mennonites to care for them temporarily.

She obtained employment as a housekeeper in a Kansas City home, and, after months of saving and arranging to have two rooms in the employer's house, she sought to obtain custody of the children.

Ella, nine; Catherine, eight, and Lester, five, were willing, but Helen, thirteen; Edith, twelve, and Roy, ten, rebelled.

The mother employed a lawyer and appealed to the juvenile court. There the children pointed to their mother's hair and hat and ring and quoted the Bible verses.

The children frankly said they had formed their beliefs since entering the institutional home.

"Mother does not read the Bible every day," Helen, spokesman, told the judge.

A second hearing found the children equally determined and then it was that Judge Meade assumed the Solomon role and devised a plan whereby the mother might have a chance to win back her children's love.

If, after a few months, she is unable to change their views, the children will be adopted in homes where they now are living.

Testimony was that Mrs. Benedict was of good moral character. "I'll win them yet," said the mother. "Mother love is not weighed by length of hair."

Mrs. Benedict's greatest worry is that she has to continue to earn her living and that of the younger children by doing housework in Missouri and will have only infrequent opportunities to visit the older children in Kansas farm homes.

Call Cancer Noncontagious After Experiments on Self

Berlin.—Cancer is not contagious when brought in contact with a healthy human body, in the opinion of Dr. Hans Kurtzahn of the surgical clinic of Koenigsberg university.

Doctor Kurtzahn has astonished a convention of German surgeons now in session here by reporting that he had experimented on himself, transferring a patch of cancerous growth from a patient's pectoral gland to his own thigh. The cancer cells, he reported, soon died, being unable to live in a healthy body.

In an effort to test whether cancer could be cured through a serum, Doctor Kurtzahn also extracted blood from himself after an injection of cancer bacilli. He reported that he had found negative results in the serum made from this blood.

The experiments, which were made five months ago, left Doctor Kurtzahn perfectly healthy. The German physician's willingness to experiment upon himself in the study of cancer has been acclaimed by his colleagues as an act of rare heroism.

Gold Hoarding Proves a Boomerang in India

London.—Many Englishmen residing in India have come home on vacation lately bringing bags of gold coins such as have not been in circulation here since the war.

They explain that sovereigns are so plentiful in India that money changers have been offering them in exchange for rupees at a lower rate than English notes. Sovereigns can be bought in the bazaars for 13 rupees and 5 annas at the present, whereas at the end of the war it took 20 rupees to buy a sovereign.

The reason for the glut is the greed for hoarding gold in India, which absorbed half the world's output last year. Now there is more gold on hand than the hoarders and banks know what to do with.

Owl Visits Cal

Washington.—There's an owl in the White House grounds. It called on the President when he was having a nap; just flew in, perched on a corner of the fireplace and flew right out again.

STAR

Running-in-oil

You will find in the new running-in-oil STAR the many features you have always wanted in a windmill—one ciling a year—your choice of Timken Tapered Roller Bearings or "NO-OIL-EM" Bearings—two gears, two pinions and two pitmans—direct center lift to pump rod—crosshead, guides and pitman bearings flooded with oil—a scientifically designed wheel with angle steel arms and braces and ball-bearing turn table.

The fans of this new Star are curved to give great efficiency in an 8 to 10 mile an hour wind. Plunger pump in crank case floods crosshead, guides and pitman bearings with oil, and tight cover keeps out dirt, rain or snow.

One filling of crank case with oil each year will save many trips up the tower. May be fitted on any tower.

The new STAR is the last word in Windmill construction. Come in and let us show you this mill. You will want to know about it whether you are needing a new mill right now, and we want you to know what a really fine windmill we have in this new Star.

Young At 60, Or Old At 40? Diet Decides

Women are as old or as young as their state of health. A woman may be young at sixty years or old at forty. It all depends on her physical well-being.

Youth and beauty have a foundation in sound health. And food is easily the most important item in health. In giving consideration to the subjects of diet and beauty, women should not forget the food essentials that make for the preservation of teeth, hair, figure and complexion.

Blame for round shoulders, flat chest and poor teeth among women is due in large measure to faulty diet, or, specifically, to a lack of lime and phosphorus. Milk, or evaporated milk, which is simply cow's milk with 60 per cent of the water taken away, is especially rich in lime.

Because of the concentration of evaporated milk, which is regulated by government standards, it is of

double the richness of ordinary market milk, as is shown in the following table:

Ordinary Milk.	
Fat	3.5 to 4 per cent
Sugar (lactose)	4.5 to 4.75 per cent
Proteins	3.5 to 4 per cent
Minerals	.7 to .75 per cent
Evaporated Milk.	
Fat	7.8 to 8.2 per cent
Sugar (lactose)	9.5 to 10 per cent
Proteins	7.5 to 8.2 per cent
Minerals	1.4 to 1.6 per cent

A quart of milk a day for adults is recommended by doctors not only because of its high mineral content, but for the reasons that it helps keep the digestive tract in proper condition, strengthens the body to resist disease, and gives proper balance to the diet.

Salads also play an important part in the dietary. Some sort of a salad, lettuce, tomato, fresh fruit, cabbage or vegetable, should be eaten at least once a day. Neither is the daily menu complete without a generous quantity of coarse, leafy vegetables valuable for their high vitamin content. Fruit juices also have very beneficial properties.

If a woman follows out the rules of diet, birthdays to her will be nothing more than an excuse for a celebration.

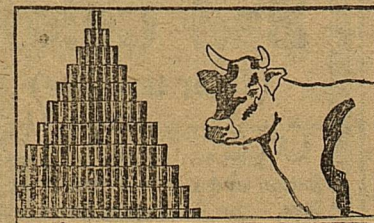

Purity of Milk Protected Now By Scientists

By KATHRYN ST. JOHN

Careful housewives constantly make it a point to ascertain the quality of each item that goes on their tables. Preparing food for the family is an extremely important job, for the proper selection and preparation of foods make in a large measure for the health and happiness of the family.

Milk is the most nearly perfect food, but it is a very delicate one as well. The keeping qualities of milk are slight. Danger from contamination is ever present. Evaporated milk, which is double rich because of the removal of 60 per cent of the water, is science's solution to these conditions.

Safeguarding evaporated milk is worked out as perfectly as man's ingenuity has been able to make the process. From cow to can, the milk which goes into the evaporated product is watched every step of the way.

Cows of the dairy herds are guarded with constant care and are subjected to regular inspections by veterinary surgeons. Herds are carefully groomed, and their yards and barns are kept scrupulously clean, as are all utensils. Milk condenseries are located in the heart of the big dairy regions to facilitate speedy handling, for this is essential if the milk is to be canned at "its moment of maturity." Canvas-covered trucks haul the milk to market, thus protecting the product from contamination on the way. Arriving at the condenser, the milk goes through tests for acidity, sediment, flavor and butterfat content before it is accepted.

Experts watch the progress of the milk through every step of its way. It goes into the evaporating machine; to the homogenizer, which breaks up the fat globules so that the milk may be easily digested by the consumer; by way of the almost human filling machine into sterilized cans; then into the sterilizer, where the cans are surrounded by steam and boiling water, destroying any possible bacteria. Inspectors handle the product as the last step to see that the canning job has been perfectly done. Labeling and packing follow. The housewife obtains the milk as fresh and sweet as when it came from the cow.

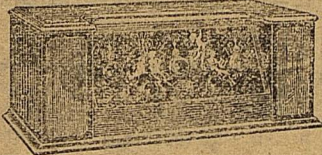

ASK Any Radio Engineer

What the Wheatstone bridge introduced into each stage of radio frequency means in the way of perfect tone and clear, undistorted sound?

And ask him, too, about the greater volume and higher degree of selectivity such a device creates in a set.

"WHITLING BILL"

There is a man in our town,
We'll call him "Whitling Bill"
He sits and whittles all day long
And never gets his fill.

One time he owned a little ranch,
But sold and moved to town,
And joined the "town band
of whittlers"

And soon became renown.
His wife toils late and early,
To feed this hungry elf;
While he sits 'round and whittles,
And boasts about himself.

He "whitts" at filling stations,
At Parker's, Brooks' and all,
From early morn 'til dinner,
He steady, "hits the ball."

Now if you have some whittler,
You are anxious to have done,
Just bring it to this whittler:
He'll do it just for fun.

If whittling still continues,
More boxes we must rob;
To keep this famous whittler,
From throwing up his job.

And now I hope these merchants
To satisfy this 'hcb';
Will buy just lots o' boxes,
To keep Bill on the job.

Respectfully dedicated to all
famous whittlers by,
W. A. Spencer.

"Uncle Kip and Annt Alice"
two of El Dorado's prominent
citizens celebrated their 37 Wed-
ding Anniversary Thursday
June 3rd. Mr. Doty is one of
Schleichers earliest settlers,
having come here in the late
seventies. Their many friends
congratulate them on the long
and pleasant "Honey-moon" they
have had.

(© 1926, Western Newspaper Union.)

Lesson for June 6

JACOB AND ESAU

LESSON TEXT—Genesis 33:1-11.
GOLDEN TEXT—Be ye kind one to another, tender hearted, forgiving one another, even as God for Christ's sake hath forgiven you.—Ephes. 4:32.
PRIMARY TOPIC—Two Brothers Make Up a Quarrel.
JUNIOR TOPIC—Esau Forgives Jacob.
INTERMEDIATE AND SENIOR TOPIC—Brotherly Love and Forgiveness.
YOUNG PEOPLE AND ADULT TOPIC—A Lesson in Reconciliation.

I. Their Birth (25:21-26).
In answer to Isaac's prayer, seed was given unto him. Before the children were born God revealed unto Rebekah the fact that the elder should serve the younger. God reversed the ordinary law concerning the position of the elder son.

II. Esau Sells His Birthright (25:27-33).
1. It was right that Jacob should have the birthright and the blessing, for it was according to God's plan which had been preannounced, but his scheme to get them is to be condemned. He took advantage of a brother's weakness to drive a sharp bargain.

2. Esau the profane (Heb. 12:16, 17).
Many think that profanity is only swearing, but swearing is not the most common profanity. To be under the sway of appetite is to be a profane person. Esau was a supreme example. He sold his birthright for a bowl of pottage. This birthright was the right of being at the head of the patriarchal family, a position of honor and influence, as well as being the inheritor of a double portion of the father's estate. This being a gift of God, it should not be despised. In the moment of his distress he thought only of that which would bring him some carnal satisfaction. He was willing to relinquish all claims on the future if only his present desire could be gratified. A profane person, therefore, is one who for the enjoyment of the present will forfeit all claims upon the future.

III. Jacob Secures the Blessing (Gen. 27).

1. Esau requested to get venison for his father (vv. 1-4).
Isaac loved Esau because of his venison (Gen. 25:28). He ought to have loved him because he was his son. It is a sad commentary upon a father that his love for his son had such a sordid basis as that of his stomach.

2. Rebekah's scheme (vv. 5-33).
God had said to her that the elder should serve the younger. It was His plan that Jacob should be at the head, but God was able to bring His own plans to pass.

3. Esau's remorseful cry (vv. 34-36).
When he came to realize that he had not only lost his birthright but the blessing, his conscience smote him and he earnestly begged for a blessing, even seeking it with bitter tears.

IV. Jacob Meets Esau (Gen. 33:1-11).

1. As a result of Jacob's cunning and deceit he was obliged to flee from home to save his life. In spite of his selfishness and sin God appeared to him at Bethel.

2. Prayer for deliverance from Esau's wrath (32:9-12).
He was about to meet his brother, whom he had wronged some twenty years before.

(1) He made his plea on the basis of God's covenant. Jacob came in line with the Abrahamic covenant, so he had a right to plead that relationship.

(2) He pleaded that he was in God's way. We should assure ourselves that we are going according to God's will, then make our pleas before Him on that ground.

(3) He made a definite plea. He told God plainly of his danger. He said, "Deliver me from the hand of my brother."

3. The angel wrestles with Jacob (32:22-36).

Observe that it was not Jacob wrestling with the angel, but the angel wrestling with Jacob. Jacob did not get the blessing because he wrestled, but he was not blessed until he had been crippled and in his helplessness clung to God.

4. Jacob gets a new name (32:27-30).

This experience at the ford of Jacob wrought a mighty change in Jacob. "Jacob" with his cunning and deceit was left behind and "Israel," "a prince with God," entered the land.

V. Esau and Jacob Reconciled (33:1-11).

At Jabok Jacob got right with God, so now he easily got right with Esau. It is easy to get right with our brother after getting right with God.

In a Trackless Wilderness
He who sees no star can never be stable. He wanders vainly in a trackless wilderness.—G. H. Morrison.

Ill Thoughts Leave a Trail
An arrow may fly through the air and leave no trace; but an ill thought leaves a trail like a serpent.

Tomorrow
Tomorrow!—I dare not ask; I know not what is best. God hath already said what shall betide.

PRONUNCIATION AID

June Webster, descendant of the famous lexicographer, Noah Webster, presents a copy of her ancestor's work to the Publicity Department of the Sesqui-Centennial International Exposition Association to help them in pronouncing properly the name of the big events which opens June 1 to celebrate the 150th anniversary of the signing of the Declaration of Independence. There are many types of pronunciations heard but there is just one proper way Noah says. It is "Ses-Kwuh-centen-nial" with the accent on the first syllable of the "Sesqui" and on the second syllable of the "centennial."

Bad Color

(liver trouble)

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Thedford's Black-Draught when I feel a spell of this kind coming on, for it saves me a bad headache. My color gets sallow at times. I get real yellow, showing that the trouble comes from the liver."

"I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it, along in small doses for several days. I have never found anything that served me so well."

"Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indiscreetly, and I immediately resort to Black-Draught to straighten me out."
