

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXI

Eldorado, Schleicher County, Texas. Friday March, 6, 1931.

No. 10.

THE INDIVIDUAL AND HIS BANK

By ROME C. STEPHENSON
President American Bankers Association

BANKERS recognize that their business carries especially heavy public responsibilities and welcome all sound measures to aid them meet the duties this imposes. Unceasing efforts to bring about continually improving methods to safeguard depositors in banks of all kinds have long been uppermost in the plans of bankers' organizations throughout the nation. They are not the outgrowth merely of the past year of business adversity, but have been carried on actively for many years and have resulted in great progress along lines of better, safer banking methods. Although banking along with all business has suffered reverses, conditions in this field have been far less severe than they would have been had not bankers been widely successful in their endeavors to develop the high standards of banking that now generally prevail.

The American Bankers Association and bankers' organizations in every state actively support the principle of government supervision of banking. The national banks, which receive their charters to do business from the federal government, are under the supervision of the Comptroller of the Currency at Washington. Through his efficient staffs of expert bank examiners in every section he has the duty and powers to keep watch of the way every national bank is being conducted, to suggest desirable changes in its policies or methods and even to step in and take control for the protection of the depositors if such action is warranted. The state banks, also, which are chartered by the various state governments, are subject to similar supervision and control by state bank officials. In addition banks in many places have long maintained voluntary clearing house associations which enforce even closer supervision over their members.

Bankers Favor Public Supervision
Present laws adequately enforced contain ample provisions for government supervision. Bankers universally believe in strong, capable banking departments manned by officials with the discretion and courage to enforce these laws and act under them as the common welfare demands. They believe that these public officials should be paid sufficient salaries to command the services of men of character, ability and a resolute spirit of public service. They believe also that the banking departments should be kept free from all political or other special influence in order to be able to act at all times with single-minded independence solely for the benefit of the public interest.

Although banks in the United States operating under state or national charters are thus subject to supervision of public authority, they are strictly private business enterprises. They are owned by their stockholders and administered by directors chosen through the boards of directors which their stockholders elect. No bank is owned or operated by the United States Government, nor, with one small exception in a western state, by any state government. The function of government in banking is to promote and enforce careful banking administration through the system of examination and supervision which I have described. This, however, does not relieve the individual depositor from the necessity of judging and choosing carefully as to his banking relations, just as in his other business or professional relations. He must inquire for himself into the character and type of institution and men he shall do business with, satisfying himself as to their reputation, reliability and capability. These qualities are essential to complete the element of safety and dependability in any human institution.

Teas & Gant Will Deepen Allison

Wesner Lowering Pipe; Eastland At 1,455

Teas & Gant's No. 1 G. C. Allison, Schleicher County wildcat, which measured up last Wednesday at 5,006 feet in hard lime, six feet past the contract depth, will be deepened, Paul Teas of Colorado, Mitchell County, has advised Mr. Allison. When drilling will be resumed or how much deeper the test will be carried was not announced.

No. 1 Allison landed 53-16 inch casing at 4,939 feet and the hole is in good shape. Location is 16 miles south east of Eldorado, in the center of the southwest quarter of section 37, block K, G. H. & S. A. Ry. Co. survey.

Eastland Oil Co. and others' No. 1 Joe Tisdale in Schleicher, in the center of section 29, block M, G. H. & S. A. Ry. Co. survey, had drilled to 1,455 feet in hard grey lime Sunday, after putting on a new stem while at 1,440. J. D. Wesner's No. 1 W. R. Nicks, 13-4 miles northeast of Eldorado and 2,310 feet from the north line and 2,302 feet from the east line of section 77, block LL, T. C. Ry. Co. survey, recovered underreamer lugs which had caused several weeks delay and was lowering 12-1/2-inch casing to resume drilling at 1,060 feet in shale.

Public Installation Of American Legion Officers

Rev. McCormick Post, Eldorado, Texas, will have a Public Installation of Officers next Monday night March 9 at the Court House.

R. O. Whitiaker, Department Adjutant will be here for the installation of the American Legion officials of this post.

Don McCormick announces that everybody is invited to the installation.

Encouraging News

Pecos County has raised its quota, Mr. Thomas A. Bond to assist in Work

Pecos County has raised its quota and to spare! Its percentage to date stands at 102-1/2 percent. Seventy-five sheepmen and business men of Pecos County are enthusiastic backers of the "Eat More Lamb" Club movement. Much commendation is due the County Chairman, J. T. Baker and his committee men, J. L. Trent, Arthur Harrell, H. G. Watson and Chas. Cannon. They believe in this campaign.

Mr. Thomas A. Bond of Sonora, a well known Sutton County ranchman, is enlisted in the "Eat More Lamb" Club and is to assist in the Campaign work.

While the percentage of the various counties have not changed to any great extent, good news has been coming into the office of work that is being done in some of the heretofore backward counties. Expressions have come from many of the counties whose percentages are low to the effect that their standing is not all to their liking and that they are doing something to remedy it. These counties must work for most of the campaign of enlistment must be in their territory in the future. From Kendall County comes the word from Adolf Steiler that increased activity could be expected. Concho County has an enthusiastic new committeeman in Mrs. Winifred Sansom Shultz of Paint Rock. She is assisting Jas. L. Daniel, the County Chairman. Virgil J. Powell the County Chairman of Menard County, states that in the near future the sheepmen are to give a barbecue. This barbecue will be in behalf of the "Eat More Lamb" enlistment campaign.

Percentages of the Various Counties February 26

County	Percentage
1. Reagan	111
2. Pecos	102-1/2
3. Val Verde	90
4. Kerr	83
5. Crockett	71
6. Uvalde	69-1/2
7. Terrell	65
8. Tom Green	60
9. Schleicher	47
10. Irion	44
11. Sutton	39
12. Sterling	37
13. Upton	37
14. Menard	31
15. Mason	25
16. Kendall	25
17. Nolan	25
18. Edwards	23
19. Kimble	19
20. Coke	14
21. McCallough	10
22. Concho	6-1/2

Bandera, Brown, Burnett, Coleman, Comanche, Gillespie, Glasscock, Hayes, Kinney, Lampasas, Llano, Maverick, Medina, Presidio, Real, Rannels, San Saba, Scurry and Taylor all have 0.

We regret that Kerr County's quota must be lowered in favor of Kendall County. At the "Eat More Lamb" Club meeting in Kerrville, several of the Kendall County ranchmen signed. These members were placed on the Kerr County list until the error was discovered by the County Chairman in checking over the membership lists.

FIRST PRESBYTERIAN CHURCH SERVICE

There will be services at this church next Sunday morning at 11, and in the evening at 7:30. The subject of the morning sermon will be "The Mistakes of a King" and for the evening service, "Making Religion Popular." The public is cordially invited.

Eldorado Cash Grocery To Have Opening Day Saturday

The new Eldorado Cash Grocery will open for business Saturday Mar. 7th, in the Wright building. Mr. O. F. Priest after buying the complete stock of Wrights Cash Store and the Grocery Stock of E. W. Brooks, has moved them together, and with additional new stock is opening for business. Mr. Priest and family came to us highly recommended and The Success wishes them a long and prosperous stay in our midst.

C. I. A. IS A PLACE WHERE MONOTONY NEVER REIGNS—NOT EVEN IN NAMES

T. S. C. W. is a place where monotony never reigns—not even in names. To be sure there is the regular horde of Smiths and Joneses, but the long list of names which are interesting for their unusualness or for their meaning, far exceeds the Smiths, etc. To be exact, there are 16 Smiths, 16 Williams, 12 Moores, and 10 each of the Johnsons and Joneses enrolled at present; but what a wealth there is of animals, birds, fish, to counteract the plain names. In reality there is only one Bird (and another Byrd) but of the same genus there is a Bunting, a Crane, Cockrell, Hawk, a Jay and a Swann, three of the latter, counting the two on the lake. Fish are not quite so abundant, there being only two Basses, one Herring and two Trouts. Animals come in for their share, with a Hogg, two Foxes a Wolfe and a Lamm.

It is surprising to find such a varied list of occupations and professions on the campus. Here are a few: eight Millers (and only two Mills!) one Officer, one Painter, one Peeler, three Porters, one Carver, six Cooks, two Bishops, one Farmer, two Paviors four Freeman, two Friends, three Gardeners, one Bottler, one Hunter, one Barganier, and one Barker. Royalty is represented also, with six Kings, two Knights, and one Jester. There are two Castles to complete the picture.

For lovers of nature there is plenty of scenery; three Brooks, one Cloud, one Mountain, four Hills, a River, Meador, Park, two Rhoades and a Rose. These are made more interesting by two Winter, one Summer, and one Fall.

It is encouraging during the financial depression, to learn that T. S. C. W. students are economical—there are five Fords on the campus and only one Carr.

There is one person on the campus whose responsibility is much too heavy; Mary Lou Quillen is the only "Q" for 1400 girls!

Some people are blessed with names which will undoubtedly win recognition for them as soon as they get out in the world. For instance there is Daisy Deane Seaquist, Mollie Spindle, Loretta Stufflebean, Freda Tobolowsky, Gardine Marek, Jane Jesse, Angeline Nemeck, Sally Bean, Iverlee Flados, and Lottie Gras. Then there are some tongue twisters such as Watanabe, Saibara, Schlesinger, Voelers, Obenhanse, Rausch, Eichhoff, Holsonbake, Krist, Alspaugh, Da Camara, Aschbeck and Bierschwale.

A few miscellaneous articles are interesting, such as a Day, two Burrs, a Derrick, Dial, two Coats, a Bone, Box, two Brims, two Davenport, two Graves and two Barnes. Every thing is not bad in the world, for there is a Goodman, a Goodson, a Goodnight and some Goodwine in T. S. C. W. at present.

And believe it or not, there are two Blanks and one Cheatham in our student body!

Eldorado Has Auto Laundry

W. T. Whitten and Reuben Dickens have rented the old Eldorado Garage building from J. A. Enochs, and have put in a business to be known as the Eldorado Auto Laundry, where you can get your car washed, painted and greased. Messers Whitten and Dickens needs no introduction to the public here.

Garth Clark Big Winner of Lamb; L. D. Mund Grand Champion Winner of Calf

Tuesday, March 3rd, was a gaily day for the 4-H Club Boys of Eldorado, the Calf and Lamb Club held their exhibit at the stock pens and the school dismissed at morning recess until 1 o'clock, and the entire school had the privilege of witnessing the exhibit. The stock was loaded immediately afternoon and left for the Fat Stock Show at Ft. Worth, under the supervision of L. E. Sumner, County Agent and J. E. Hill, Vice-president of the First National Bank, who will see that the stock is properly exhibited at Ft. Worth.

The Winners At Home

Garth Clark was the big winner of the lambs exhibited, the lambs were raised by Thomson Brothers and Lawhon. Garth Clark also won first and second prize on individual lambs and Eugene Koy won third on individual.

On group of three Garth Clark won first, Eugene Koy second and Garth Clark third.

Group of five, Garth Clark, first; Cecil Moore, second; Eugene Koy, third.

Calf Winners

L. D. Mund won Grand Champion over all, with a Hereford Calf bred by Thomson Brothers. L. D. Mund also won first on Hereford Calf. Slick Nolen won second and Dee DeLong won third.

On Black Angus Calves, George Williams Jr. won first, Charles Springston second and George Williams Jr. third.

The 4-H Club Boys have the backing of all, and about \$155.00 was awarded Tuesday to the winners, these donations being published last week, Schleicher County did exceedingly well last year at Ft. Worth.

MRS. MULLER ENTERTAINS ELDORADO BRIDGE CLUB

On Thursday afternoon, February 26, at 2:00 o'clock Mrs. Muller entertained the Eldorado Bridge Club at the home of her mother Mrs. J. N. Davis.

Only club members were present and after playing a few rubbers of Contract Bridge, each member cut the cards for the prize which went to Mrs. L. T. Barber who cut highest. Lovely refreshments were served to the following: Mesdames L. T. Barber, Lewis Ballew, H. T. Finley, Luke Thompson, R. T. Crain, James Hoover, Van McCormick, Melvin Crabb, J. W. Lawhon, Joe Williams, J. C. Crosby, and Tom Henderson.

Mrs. P. W. Sewell was shopping in the city Tuesday from the ranch.

Street Paving Begun; Two Blocks On Murchison Avenue

The work on paving two blocks on Murchison Avenue, running from the West Texas Lumber Company to Self-Serve Grocery, was begun last week and if favorable weather holds out the work will be speedily finished. The work is being done by the Dexter Construction Company, under the supervision of J. L. Neill. This is some work that is badly needed, and The Success rejoices to see the good improvement going on.

GRANDMOTHER BERSHWALE DEAD

Grandmother Bershwale, mother of Mrs. Frank Webb, died early Tuesday morning, age about 90 years. Funeral Services were held at the home of her daughter Mrs. Webb, the Rev. J. L. Ratliff, officiating, about 1 o'clock, and the body was taken to Harper for burial.

The many friends of Mrs. Webb extend condolence to her in the loss of her mother. Two other daughters were here from Harper.

NEW BRICK FIRE PROOF HOTEL FOR ELDORADO

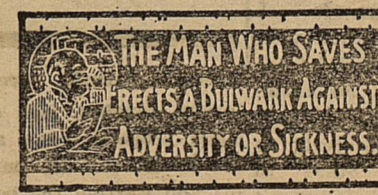

Geo. W. Williams, who operates the Christoval Hotel and Cafe, announces this week that he plans to erect a Modern Hotel in Eldorado. The building will be fire proof, and two stories with a basement, each room to have bath and heat. The building will be 90x100 feet and built of brick. Mr. Williams announces that the work will start just as soon as a few minor details can be worked out.

Eldorado will welcome the new adventure and looks forward to the completion of the New Fire Proof building.

The Boys 4-H Club Exhibit Tuesday

was a good one and L. E. Sumner, County Agent and J. E. Hill, vice president of the First National Bank accompanied the exhibit to the Fat Stock Show, Schleicher County made a good showing last year and those who visited the exhibit Tuesday believe that the exhibit will make a good showing.

Robert Shepperd, of Christoval, renewed his subscription to The Success this week. Robert is general manager, owner and proprietor of the Tourist Garage at Christoval, with Frank Vanhorn Jr. as part of the permanent fixtures. The fact that Robert is a natural born West Texan, he knows nothing else but pleasant dealings and courtesy to all. He can even smile when the wind and water customers leave.

"THIS AND THAT"

By Jimminy

Spurred on by the knowledge that they will get \$10 a day for 120 days Texas' official lawmakers have introduced close to one thousand bills and resolutions for and against the people of the state. It's mass production—or introduction—brought on by high wages and short hours.

Bills have been introduced that, should they be approved, would make it unlawful to drive a truck or bus weighing more than 5000 pounds on the highways; another would make it unlawful for anyone who has kinfolks to work for the state; still another would cut the pay of state employes 10 per cent; and another would raise the pay of the highway commissioners to \$10,000 a year.

Sponsors of these bills have reasons and arguments for wanting them enacted into laws.

Those sponsoring the bill to limit the size and weight of trucks and busses claim that they are destroying the highways. The people claim they are destroying their automobiles—and, in some cases, ruining them physically.

The legislator who wants the salaries of the highway commissioners raised to \$10,000 a year probably took the same view. No doubt he thinks it would be cheaper in the long run.

And don't forget the "boy" who wants to abolish the summer schools—for the sake of economy. His reasoning would place him along about the fifth or sixth grades—that being about the time most of us wanted to abolish all schools, summer and winter.

This legislature insists that we economize—even to the point of becoming stingy.

Representative Cox says there is too much job-trading going on at the capitol whereby officeholders are employing their relatives and that other provisions of the anti-nepotism laws are evaded, and that he wants it stopped. They say it's getting so bad that it's almost impossible to get a job at the capitol without giving the names of three or more relatives when making application. But people just naturally feel a little more kindly toward their own kinfolks than they do toward kinfolks that belong to somebody else.

TO THE CITIZENSHIP
 OF THE TWENTY-FIFTH
 SENATORIAL DISTRICT

AUSTIN, Tex. Feb. 23—It is apparent that during this session of the Legislature I will be called upon to express the views of my district in casting a vote in respect to the submission to the people of a proposed constitutional amendment as relates to the method of financing the construction and maintenance of State highways.

The State Highway Bond Plan here before discussed in the public press and on the stump was a plan to bond the State of Texas for several hundred million dollars without what appeared to me the proper safeguards.

I was not entirely satisfied with such Bond Plan, although I voted to let the people decide the question for themselves. The original idea was construed by some as requiring all property as well as the credit of the State, to stand behind the bonds. I am opposed to such a plan and have always been, and so stated to the people of my district when I was a candidate for reelection last summer. However, the original advocates of the Bond Plan have agreed and consented to a very radical change. There is now pending before the Legislature a plan to issue \$200,000,000 in bonds for the dual purpose of constructing additional highways and assuming the outstanding bonds of counties and defined road districts and reimbursement to counties and defined road districts of money heretofore expended by them on State designated highways. This proposition of refunding to counties and defined road districts all moneys heretofore put in State highways, appeals very strongly to me as an equitable proposition. In view of the fact that the counties and these defined districts are not the owners of the highways and for the reason that the poorer and weaker counties are paying an enormous tax in some instances more than \$2.00 on the hundred—and they would be relieved by the present proposal entirely of such tax. Furthermore, the present plan before the Leg-

islature exempts forever all farms, homes, ranches, real estate and personal property from any taxation in the future for the purpose of paying off and retiring the bonds issued, and provides that same shall be paid for solely from the traffic on the roads by tax on gasoline or other substitutes for gasoline, reserving to the School Fund, however, its one-fourth of said revenue. In addition, the present bond plan provides that the money repaid to the counties and defined road districts shall be used to retire the bonds for lateral roads now out standing, and if no lateral bonds are outstanding, them for the use and benefit of the Road and Bridge Fund of the Counties to be expended by the counties. Also, the present Bond Plan provides that the bonds shall never bear over four and one-half percent interest and shall never be sold at less than par, and not more than \$25,000,000 per year shall be issued for road construction.

The present plan further provides that only \$200,000,000 may be issued by the State, whereas the old plan was a revolving plan that enabled the Legislature to issue bonds continually; this feature having been particularly objectionable to me.

I am advised that thirty-five states have already adopted plans similar to

the one now pending before the Legislature, except the other states do not have all of the safeguards provided for in the present plan. It has occurred to me that since so many states have adopted State bonds as the proper method for the construction of their highways, I am wondering if their composite judgement is not the proper method of financing, and I would therefore like to have the views of as many of my constituents as possible as I feel constrained to vote for the submission of the present amendment in view of the fact that it will cause an enormous reduction of taxes upon the property of the people of my district, amounting to more than the entire State ad valorem taxes in some counties.

As above stated, the proposed amendment to the Constitution is somewhat different from the original idea and appears to me to be to the best interest of the people. If the proposed amendment is adopted by the people and carried out as intended, it will mean that in every county of my district where bonds have been issued to construct State highways, the counties will receive back every dollar they have spent in building and maintaining the highways in the counties and the State will then assume and pay off the bonds which have not been re-

tired by the counties. To illustrate the proposition more clearly, I mention the counties of Tom Green, Sterling, Runnels, Coleman, Brown, Mason and Gillespie. These counties have each and all heretofore issued bonds and by the sale of these bonds have obtained money with which to construct State highways. The people have been taxed since the issuance of the bonds have been and are being annually retired. Under the proposed amendment each of these counties and all other counties who might have issued bonds for such purposes, will receive back every dollar they have paid and will be relieved from paying the bonds yet outstanding. This of course, means that the local tax levied by the Commission-ers' Court to retire these bonds, will be taken off of the people. It will save hundreds of thousands of dollars to the people of my districts; in fact, my home county would receive several hundred thousand dollars and be relieved of paying the balance due and at the same time the people would be relieved of the payment of the tax in the future which is now being collected as a means of paying off the bonds not due. The proposed plan is not one whereby the roads are to be valued and the counties reimbursed, but the proposed plan is to actually pay to

the counties all moneys which have been expended in the construction of State highways. Runnels County is a fair illustration where this plan would be of material benefit, to-wit: that county has recently voted bonds and is carrying out the highway building program. Whatever money has already been spent in building the highways will be refunded; the State would assume all bonds yet unpaid and Runnels County, as all other counties, would be permitted to use the money refunded by the State to retire any bonds outstanding which had been issued for the construction of lateral roads or if no lateral road bonds are outstanding, then the money would go to the Road and Bridge Fund of the counties to be expended in the development of the lateral roads.

If I understand the proposed amendment, it is properly safeguarded so that there cannot be and never will be any tax imposed upon any property of any citizen of Texas as a means of obtaining money to pay the bonds and that the only method of obtaining money to pay the bonds will be the tax on gasoline or other substitutes for gasoline and at the same time the school fund will receive its one-fourth of the revenue obtained from the tax on gasoline. In other words, no tax or lien whatever can be placed on any

farm, home, ranch, real estate or any personal property whatsoever. Therefore, I invite the people of my district to write me in respect to their views in order that I may judge to some extent the sentiment of my district for I expect to be governed by what appears to me to be the conservative views of my district in respect to this important matter.

Respectfully,
 Walter C. Woodward, State Senator, 25th Sen. District.

KNOW TEXAS

Texas with 6,000 of the 40,000 miles in the United States leads in gas pipe line mileage. It also leads the 24 gas-producing states in production.

Texas has an Indian population of 2,109 and is the home of one tribe, the Alabamas, who have a reservation in Polk County.

Texas stands seventh among the states in lumber production.

Texas has 579 incorporated towns and cities, according to the 1930 census—136 of them having been incorporated since 1920.

HOWDY FOLKS!

We have purchased the A. T. Wright stock, also the E. W. Brooks stock of Groceries and will open for business, in the Wright Building, Saturday, March 7th.

We wish to hold the old friends of Messrs. Brooks and Wright and make new ones too.

We are not going to "Set The World Afire" but we do have some unusual bargains for you as long as our present stock lasts.

We think more of a "Feller's" everyday religion than we do of his Special Sunday "Efforts."

We think more of a store's every day prices than we do of it's week end "Specials."

We want you to come to see us any time whether you want to buy or just get acquainted and compare prices.

UNIQUE PLAN USED TO MULTIPLY SHADE TREES

PADUCAH—Enough Chinese elms to shade 300 Cottle country homes, 13 schools and seven churches were distributed recently in Paducah by H. M. Cantrell, county farm demonstration agent, from stock grown from tree seed imported direct from China and planted in July 1929 in a 50-foot plot. The county agent two years ago offered to direct this shade tree promotion if the chamber of commerce would buy the seed and the city furnish the wa-

ter for irrigation. The growing plot was irrigated by plaster lath tile as outlined in A. and M. College Extension Service plans. It was more work to keep out the weeds than to make the trees grow, according to Cantrell. In June 1930 the trees were pruned to give each one a smooth body, and when the stampede for trees began at daybreak on the distribution day the trees ranged in height from two to five feet. The record shows that 2375 trees were given away, six to the family, but many were taken of which no record was kept.

ELLIS COUNTY TO RAISE BETTER COTTON

WAXAHACHIE, Tex., Feb. 20.—A movement to raise the standard of cotton in Ellis county, until recent years the leading cotton producing county in the world, was put under way by the Ellis-co Bankers' Association at their quarterly meeting here last night.

The association unanimously adopted a resolution endorsing the seed-block program of the Texas Certified Cottonseed Breeders' Association and agreeing to finance the project in Ellis-co.

B. A. Stufflebeme, vice president and general manager of the seed breeders' organization, addressed the meeting and outlined the program, under which each cotton grower will plant a seed plot, using state-certified seed, large enough to provide for its increase sufficient seed of high quality to plant his entire acreage next season. The planting of the same variety of seed by all growers in each ginning community to prevent mixing of the seed at the gin is also advocated.

When put to a vote by D. H. Moyers who presided at the meeting, the attending bankers unanimously voted for the project. Financial aid will be given only to those growers who adopt this plan, the bankers decided.

Declaring that this action was the "greatest forward step ever taken to raise the standard of Texas cotton," Mr. Stufflebeme predicted that the example set by Ellis-co bankers would soon be followed by similar organizations in other sections.

"The 21 members of the Texas Certified Cottonseed Breeders' Association have pooled their resources this year to give cotton growers in the Southwest the opportunity to get rid of the bogey of short-staple cotton once and for all. Certified seed is being sold at a lower price than ever before, due to the elimination of competition between members."

The movement has been endorsed by the agricultural committee of the Texas Bankers Association, the Texas Cotton Cooperative Association, state and federal departments of agriculture and other agricultural leaders.

Ed Finigan made The Success office an appreciated visit Saturday and paid up his subscription to this broad casting station.

A JUDGE CRITICIZES ANTI-REVOLVER LAWS

At the recent annual meeting of the National Rifle Association, Judge Joseph E. Corrigan, Chief Magistrate of New York City, turned the searchlight of his experience on that city's Sullivan Law, which forbids the general possession of revolvers and pistols. The Sullivan Law is often held up as a model of legislative excellence by crime reformers agitating for similar laws in other parts of the nation.

According to Judge Corrigan, the law has been a "flat and absolute failure." It was passed in the hope of reducing homicides, but they have increased ever since its inception. And, he says, the law "disarms the reputable citizens for the benefit of the thug, and hold-ups are now a much safer pastime than before. . . . Every citizen is entitled to . . . have a gun for the protection of his home; the underworld has no trouble getting its guns."

He states that defendants brought before him have displayed permits to carry weapons, irrespective of the fact that they had criminal records.

It is to be hoped that Judge Corrigan's remarks come to the attention of those who are now busy seeking anti-gun legislation in other states. Restrictive legislation of any kind is usually a failure; restrictive legislation which seeks to make a criminal of any citizen who possesses a gun is a legislative monstrosity.

WHEAT MAKES GOOD HOG FEED

PERRYTON—Wheat brought \$1.03 per bushel when sold in the form of pork, S. B. Lewis found on his Ochiltree county farm in a demonstration in hog feeding with Guy R. Sheets, county agent. For 60 days Mr. Lewis fed 29 hogs 10 gallons of skim milk daily and let them run on green wheat pasture, during which time they increased in weight from 50 to 100 pounds. The pigs were then penned and fed 103 bushels of wheat and 250 gallons of skim milk for 25 days on which they gained an average of 2.12 pounds per day. The wheat was ground and poured dry in troughs and water added three times daily. The 29 hogs consumed about 60 gallons of milk and water, and four bushels of wheat per day. Selling at an average weight of 153 pounds for \$7.10 per hundred, Mr. Lewis figured his profit \$104.44, after deducting original cost of stock, pasturage, milk and labor.

The New Chevrolet Special Sedan—Product of General Motors

Performance, too, proves Chevrolet the Great American Value

The new Chevrolet Six is a fine performer. It maintains high road speeds at a low, easy-working engine speed. Its 50-horsepower engine operates with unsurpassed economy. Six cylinders enable you to creep along, accelerate, climb hills, go fast—and do it all smoothly, quietly—with little shifting of gears. Stop into a Chevrolet and drive. Let performance, too, prove Chevrolet the Great American Value.

March, 6, 1931.

A cool spell reached Eldorado Sunday afternoon and the first ice in several weeks was found Monday. This has been an exceptional warm winter. With the country green with young vegetation one of the best Spring in 33 years is at hand. In March 1897 everything was just as green, and one of the worse blizzards in history came that year in March.

Well we thought when we had a good Sunday everyone would want to go to church, but we guessed wrong. Sunday was a fairly good day and some nine-tenths of the people stayed away from church and Sunday school. Although it rained Saturday, Sunday morning cars could get about without mud chains.

The Success was in favor of the Ex-service men's Compensation bill, and we are glad that it was passed over President Hoover's veto. Yet we do not condemn Hoover for the veto, if he saw or was convinced that it was the wrong thing to do he should have vetoed it. We are bound to admire him for his firm conviction and nerve enough to fight against the odds he saw in front of him, but if he thought he was right it was his duty to veto it. They can't accuse him of using it for political purposes, for he was up against a big faction in national politics and an organization that reaches into every hamlet in America. So you must admit that he had the courage to do what he thought was right, even though you thought he was wrong.

Now the Soldier Bonus bill is to be paid up to half of its value, with a loan, several million dollars will soon be put in circulation.

HELPING TO BUILD TEXAS

Gregg Hotel, Longview, will build a \$125,000 annex to take care of crowds resulting from oil development—Capacity of the Sinclair plant on the Houston ship channel will be doubled with other improvements, total cost \$4,000,000...Corpus Christi will repair the Lake Lovenskiold dam, recently damaged by floods, estimated cost \$410,000...Santa Fe will build an 8-story office building with an 11-story tower at Galveston and a freight office and warehouse at El Paso to cost \$125,000.

San Angelo will spend \$18,000 on park improvements...Beaumont will spend \$600,000 on waterfront improvements, including two warehouses...Sabine Pass will receive the benefits of \$125,000 to be spent on repairing its west jetty.

Southwest Texas will benefit from the \$4,000,000 expenditure for expansion and improvements of Central Power & Light properties in that area, according to a McAllen report...Texas Public Service Corporation, Austin, has acquired the Texas properties of the Oklahoma Natural Gas Corporation, including San Angelo, Coleman and other cities in that part of Texas.

Things industrial...A new salt factory at Houston is expected to be in operation around March 1 with daily output of 250 tons. Muenster cheese plant's capacity has been increased from 25,000 to 40,000 pounds of milk daily... Oil refineries at Henderson and Longview, expected soon to be in operation, will have daily capacities of 4,500 and 3,000 barrels. A new refinery at Tyler with daily capacity of 5,000 to 10,000 barrels is projected. Operation of the Orange crate factory is to be resumed. Marshall milk plant will open a \$20,000 branch factory at Longview.

Appropriation of \$110,000 for the post office at Breckenridge has been raised to \$140,000. Site for the \$65,000 post office at Memphis has been surveyed. Big Spring expects to get a \$165,000 post office appropriation at the present session of Congress. Gal-

IMMIGRATION PATROL INSPECTOR EXAMINATION ANNOUNCED

Washington, D. C., February 2, 1931.—The United States Civil Service Commission has announced that until March 24 it will accept applications for positions of immigration patrol inspector at an entrance salary of \$1,800 a year.

The examination will be held only in the States of Arizona, California, New Mexico, and Texas. There is no need at this time for eligibles for immigration districts comprising the other States.

Appointees will perform guard duty for the purpose of detecting and preventing the illegal entry of aliens into the United States.

Full information may be obtained from the Secretary of the United States Civil Service Board at the post office or customhouse in any city in any of the four States named which has a post office of the first or second class, or from the United States Civil Service Commission at Washington, D. C.

COTTON BILL GETS UNITED FARM VOTE IN LOWER CHAMBER

Ag Committee Gives Enthusiastic Endorsement to Cotton Acreage Measure.

AUSTIN, Tex., Mar. 3rd.—Gratified that the Soil and Cotton conservation bill had cleared the first legislative barrier by unanimous and enthusiastic vote, Commissioner of Agriculture J. E. McDonald and Rep. J. J. Olson, for the Yonkum, sponsors of the bill, today called for the united support of all friends of the Texas cotton farmer in obtaining enactment of the measure.

Its sponsors believe the legislation would halt the rapid deterioration and impoverishment of Texas farm lands and restore an equitable price for cotton by bringing the supply within the demand. It was voted out of the committee on agriculture by unanimous vote, the chairman of the committee being forced to cut short the favorable speeches so that a vote could be taken.

One of the most enthusiastic supporters at the hearing was Col. Charles B. Metcalfe, outstanding West Texas farmer and banker, former member of the legislature, and father of Rep. Penrose B. Metcalfe prominent younger member, who is sponsoring the

vestition is to get a \$375,000 immigration station in the same bill. Recommendation also has been made for \$150,000 for purchase of a site for a new Federal building at Waco, while the \$150,000 appropriation for rehabilitating the old Federal building at Beaumont likely will be revised to make it \$680,000 for an entirely new structure.

Texas mills produced 54,204,000 yards of cotton cloth in 1930, according to the University Bureau of Business Research, a considerable reduction from the 75,465,000 yards produced in 1929...Texas produced 2,560,197 tons of sulphur in 1930, increase of 202,563 tons over the 1929 total, value of 1930 production being considerably more than \$30,000,000. The Texas output represents nearly all that produced in the United States and about 90 per cent of the world total.

HAWKS CHOSEN AMERICA'S GREATEST FLIER IN 1930

BOSTON, Feb. 23.—Captain Frank M. Hawks, holder of two American trans-continental speed records, was notified today he had been selected by the Ligue Internationale Des Aviators in Paris as America's outstanding aviator for 1930. The message said Diendonno Coste, French pilot, who flew from Paris to New York with Maurice Bellonte, had received the "ace of all aces" award.

restricting bills, Col. Metcalfe's prominence in farm affairs has been recognized for years, and he has served on several agricultural delegations to Washington.

The bill would set up a farm conservation commission, to study all factors affecting the cotton crop, including soil deterioration, diversification, and world markets, and on this basis of this study, the commission would regulate the acreage devoted to any one crop.

Commissioner McDonald saw in the measure an opportunity to halt demoralization of Texas farm land prices. "Our farm lands," he said, "are fast becoming a liability instead of an asset. Lands that cost \$200 an acre four years ago sell today for \$700 and less. Drained of their fertility, burdened by mortgages which are the result of many years of low prices for cotton,

the values of cotton lands have deteriorated to the place that the economic stability of the State is threatened."

Rep. Olson declared the fight was not alone for the cotton farmer but for the butcher, the baker, and the candle-stick maker.

"Cotton is still King in the South," Rep. Olson said, "but his sceptre wavers in his hand. It's up to us, to every class of people in the state, to come to the rescue, because interests of us

improvement of Texas farm lands all are wrapped up in the prosperity of the cotton lands."

Col. Metcalfe declared that while farmers generally favored cotton acreage reduction, they would never reduce until assured that the reduction would affect all alike.

"The \$500,000,000 advice of the Federal Farm Board—the highest priced advice on record—is to reduce acreage. We certainly ought to follow that advice," he declared.

SENIORS WORKING ON PLAY

After reading over the play the class ordered, everyone is very well pleased as the characters have been assigned. All members in the class have a part in it and all are very interested in learning their lines.

The play is a Mystery-farce in three good long acts. Below you will find a brief synopsis of the play.

Mrs. Van Horn (Hazel Bruton) has just purchased the Hoyt mansion and together with her daughter Alice (Margaret Williams) is awaiting the arrival of the guests she has invited for a "house warming."

Now, one is certain that Dr. Williams (Albert Martin), with his mania for inoculations, is the laughing guest; then suspicion shifts to Richard (Eli McAngus), who is bent upon eloping with Alice; then to Dr. Holmes (Joe M. Christian); then the Maid (Lorene Shoemaker); so guests and servants alike share in the suspicion and even at times the actions of the Reverend Smith (Carroll Green) are doubtful.

Between gasps, at the peculiar and weird happenings, one is convulsed with laughter by the antics and philosophy of the Butler, Randall; and Du Beck (Joe H. Moore) "an exponent of Detectology" and his many strange disguises.

Watch For Announcement Of Time For Senior Play.

TENNIS COURTS BEING CONSTRUCTED

Work was begun Tuesday, March 3 on two new tennis courts for the Eldorado high school. They have had one dirt court which could hardly be called a court but the prospects for two new hard surfaced courts are good now and if enough of the boys interested in Tennis will come out and help construct these courts they will be rewarded by getting to play on as good a court as can be made.

After the courts are built, there will be interclass games both boys and girls and the best players from these classes will be sent to the District meet at San Angelo. Quite a few of the girls are interested as well as a number of the boys.

SCHOOL GETS QUARTER HOLIDAY

School was turned out Tuesday March 3rd from recess until one o'clock in order that every one that was interested could go to the 4-H Club exhibit held at the Santa Fe Stock yards. Many students went down to see the exhibit and we believe that nothing was lost by releasing school.

SPANISH II STUDENTS VISIT MEXICAN SCHOOL

The Spanish Students of the Eldorado High School Spanish II class visited the local Mexican school Thursday, February 26. Mrs. Davis, the teacher of this school, had prepared a real program for these students. They sang songs in both English and Spanish and several of the Mexican students gave poems in English.

The Spanish students also sang songs and gave the play "Three Bears" in Spanish. This was given before by these students in an assembly program. Everyone reported they had an enjoyable as well as profitable time. There were also other visitors from town who enjoyed it very much.

The purpose of this visit was for the Spanish students to study the characteristics of the Spanish speaking people. Each student was required to write a theme on some observation made during this visit.

SENIORS WIN CLASS TRACK MEET

Last Friday, 27th of February, there was a track meet in Eldorado, second to none that had ever been staged here. All classes of the high school had representatives, and some very hotly contested track events came off.

In the 100 yard dash Eli McAngus took first, Luther Parker second, Fred Logan third, and Albert Martin fourth. Eli's time was 11 seconds.

In the 220, Luther Parker took first with Eli McAngus second and Raymond Smith third, Luther's time was 26 seconds.

The 440 was won by Jack Kerr. Albert Martin was second and Hollis third. Jack's time was 61 seconds.

The 880 was won by Fred Logan, his time being 2:46. J. R. Conner was second, Hollis McCormick and Brownie Bullion fourth.

In the mile, Aubrey Smith took first place, his time being 5:50, Joe H. Moore was second; Fred Williams third and Junior Isaacs fourth.

The Freshmen won the relay, the Sophs coming second, and the Seniors third.

In the field events Albert Martin won first in the broad jump with 17 feet. Luther jumped 16 feet and 6 in., and Fred 14 feet and 7 inches.

Albert Martin vaulted 8 feet and 4 inches, Brownie Bullion, Fred Logan and John Edwin Rodgers each jumped 8 feet.

Albert Martin also won the high jump, making 5 feet and 2 inches. Al-

bert McGinty was second with 5 feet and 2 inches, and Brownie Bullion Bullion third with 5 feet.

Bill Currie won first in throwing the discus. He threw it 85 feet and 3 inches. J. R. Connor threw it 82 feet and 9 inches and Jack Kerr threw it 76 feet and 6 inches.

Raymond Smith threw the javelin 115 feet and 2 inches. Carl Kerr threw it 99 feet and 8 inches. Eli McAngus threw it 99 feet and 6 inches and Jack Kerr threw it 94 feet.

Bill Currie won first in throwing the shot. His distance was 35 feet and 7 inches. Raymond Smith's distance was 33 feet and 2 inches and Albert's was 33 feet and 8 inches.

The boys who scored the highest for their classes were Albert Martin, 181-2 points, Luther Parker 121-2, Eli McAngus 101-2, Fred Logan 101-4 and Bill Currie 10, Jack Kerr 93-4 and Jack Smith 9 points.

The Senior class won, having 471-3 points. The Fish had 341-4. The Sophomores had 253-4, and the Juniors 19.

BOYS INTERCLASS BASEBALL GAMES; FISH WALLOP SOPHS 6-3

Amid much cheering and Soph raising the high flying Fish swamped the Sophs with a 6 to 3 victory Wednesday noon, February 25.

The victorious Fish are Fred Logan Alf Bruton, Aris Carr, Jack Christian Junior Isaacs, Dee DeLong, J R Conner, John Edwin Rodgers, Alvia Enochs and James Page.

The defeated and crest fallen Sophs are Jack Kerr, Jim West, Jack Ratliff, Lefty Smith, Clifford Archie, John Alexander, Bell Sample, and Hollis Alexander.

This left the Freshmen, Juniors, and Seniors to fight it out.

SENIORS CRUSHED BY JUNIORS

At twelve twenty-five, February 26, the Junior and Senior classes played to see who would play the Freshmen Friday. The Seniors lost the game to the Juniors with a score of 17 to 4.

The boys who played on the Senior side were Bill Currie, Fred Wil-

liams, Albert Martin, Joe H. Moore, Joe M. Christian, Eli McAngus and Carroll Green. The Seniors had only seven players while the Juniors had a full team. The Juniors players were Carl Kerr, Albert McGinty, Morris Bricker, Garland Bullion, Benard Carr Lawrence Mrogan, Vance Morgan, and Hollis McCormick.

JUNIORS VICTORIOUS IN FINALS

Friday at twelve twenty-five, the Juniors and Freshmen played for the championship in baseball. The Fish must have been a little over confident before they went into the game. It is true the grass was slick and the ball was hard to hold but the Juniors had the same problems to face. The Juniors had eight players, all of whom are enlisted above. The Fish had nine on the field and two or three substitutes. The Freshmen players are Jack Childress, Junior Isaacs, Bus Enochs, Hoot Gibson, Dee DeLong, Bert Page, Carr Logan, Rodgers and Conner.

The score at the end of the game was 33 to 4 in favor of the Juniors.

GIRLS INTERCLASS BASKET BALL GAMES

Don't ever treat 'em dirty. Be on the court at twelve thirty, Don't ever act cheap and say "I don't want to play."

Be on the court. And be a sport. They'll treat you right. For girls never fight; We'll all play just fine, Rain or shine. Cold or hot. We're on the dot. Someone always has to beat. So take it with a smile and never cheat.

Now listen! "Folks when you feel down-hearted and ashamed, Just come over and watch our snappy game."

HERE'S HOW THEY STAND

Wednesday February 25, the Fish and sixth grade girls played. The score was 5 and 3 in favor of the sixth grade girls. Thursday the Juniors and Seniors played the seventh grade and the score went in favor of the seventh. Friday the Fish were defeated 11 to 3 by the sixth grade. Monday the Sophomores played against the Juniors and Seniors, the score being 5 to 3 in favor of the Sophomores. The Sophomores team this time consisted of Nell Campbell, Mary Dell Williams, Thelma Taylor, Lola Davis and Roberta Milligan, Alice Burk. The Junior and Senior team players were Grace Ratliff, Cora Sauer, Clydia Pruitt, Hazel Bruton, Gusta V. Graves and Dixie Faught. There is still some more games to be played yet so don't forget the last line, "Come and see our snappy game!"

ELDORADO EXES

GEORGE HARMON NEILL
Mr. Harmon Neill was born in San Angelo in 1899. In 1907 he moved with his parents to Eldorado from the ranch 25 miles east of town. In 1914 he started working in a store after school hours and graduated from the Eldorado High School in 1917. Upon graduation he started work in the Eldorado Bank as office boy and in June 1917 he was promoted to bookkeeper. In 1918 he went to Sonora to assist in the bank there. In July, 1918 he enlisted in the Student Army Training Corps and was stationed at the University of Texas. He was honorably discharged on Oct. 1, 1918, and immediately went to Sonora to assist in the bank there during the flu epidemic. Mr. Neill has been with that bank ever since this time, being assistant cashier since January 16, 1920. He has been active in affairs of Sonora Lions Club since its organization and is serving as its first secretary and treasurer and is also a stock holder in the Sonora Park Association.

Attractive Lamps Create a Charming Atmosphere

WHETHER your home is large or small, richly or only moderately furnished, you can add immeasurably to its charm by placing attractive lamps at appropriate places throughout the house.

The soft and shaded illumination of stand and table lamps creates an atmosphere of distinction and quality impossible of achievement in any other way. Time and again you have commented on this very fact—are you applying it to your own home?

A complete and colorful assortment of lamps is on display in the Merchandise Showroom—priced to fit every pocketbook, and selected to fill every need. See them today; you are sure to find just the model you have been looking for—priced just as you will want it priced.

West Texas Utilities Company

MOHAIR GROWERS

The Mohair situation is serious! There is very little demand for mohair. The National Wool Marketing Corporation has been working very hard to find new uses and outlets for this product and improve the old but so far has been unable to accomplish very little in that direction. They feel that the situation will improve within the next few months.

The National Wool Marketing Corporation now has on hand approximately 14,000,000 pounds of mohair from the spring and fall clips of 1930 which they have been unable to dispose of. Some mohair has been used throughout the year, but this came chiefly from the previous year's holdover and also from dealers who are able to undersell the National Wool Marketing Corporation on account of some growers having sold their mohair outside of the co-operative system at a price far below that at which the National Wool Marketing Corporation is attempting to stabilize mohair.

In view of all this, it has been deemed wise to make smaller advances on this spring's mohair clip. The advances have been set at 15c per pound on grown hair and 25c per pound on kid hair. These advances are net to the grower.

HERE IS THE IMPORTANT POINT. If 90 per cent of the spring mohair clip goes to the National Wool Marketing Corporation they have assurance that they will be able to dispose of it at prices nearly double what the advance will be and this additional money will come back to the growers.

BUT if the growers fail to support this movement it will mean a demoralized mohair market with the result that a large part of the spring clip will go at low prices and not only that, but the 1930 clips on hand in Boston will be jeopardized and will probably have to be sacrificed at the demoralized price.

Thus you can picture the entire collapse of the mohair market. This will not only affect the grower but also the mills and it is quite likely that the mohair industry will be ruined for the next few years.

We are not trying to be pessimistic by painting a black picture. We are stating the facts as we see them. Instead of being pessimistic we will be quite optimistic if the growers will bring in 90 per cent of the 1931 mohair to the co-operatives. If this is done this clip will be sold immediately and returns made thereon by fall. Ten per cent, or a minimum of 3c per pound will be retained to carry over the 1930 clips which will be held until the 1931 spring clip is disposed of.

THINK BEFORE YOU ACT and you will send your mohair to the

Lone Star Wool-Mohair Co-operative Ass'n.

THIRD GRADE NEWS

We are glad to have Jack Whitley enroll in our class this week. Everyone in our class seems to enjoy learning to read and write Roman Numerals. The third and fourth grade girls are having much fun with the indoor baseball, furnished by the school.

We have been studying about our King, also why we celebrate Washington's birthday.

Venita Morgan and Wanda B. Rape, Reporters.

BOZO'S BOOKLET

(Or The Diary of a Freshman)
Hat dog, I get to make a long long trip pretty soon. A bunch of boys is going to take some sheep and hogs to Fort Worth and I'm going to go with them and take my cow. She sure is fat and we been milking her for a long time. Oh boy I'll get to ride on a train for the first time. I sure hope they don't put us in one of those cars that haven't got any windows in them cuz I want to look out all the time.

Well they got out somethin new now. They call it trak or sumthin like that. I went out there and coach told me to track around a little and so I went over to the only loose dirt I could find and walked around on it a while and went back and told him I had and when I showed him where everybody laughed fit to kill and I hoped it would kill them cuz I couldn't see any thing to laugh at. We'll, he told me to run as fast as I could and I asked him why cause I couldn't see any thing to run from and it was hot enough anyway but he finally told me what he wanted me to do and he said I had to work me over a hole lot. Well I don't see much to get on there and running in a big circle till you see give out, then come in and

jump over a pole for a while, then throw a big old windmill weight till your arm akes and several other things. Shoot id even rather play basket ball. Oh well it'll soon all be over and they say we'll play baseball. I wonder if thats any thing like any over.

FALCON FEATHERS

(By Joe H. Moore)
They were discussing the value of money in History III class, when Mr. Holt asked, "Dixie, had you rather have a silver dollar or a dollar bill?"
Dixie: "I'd appreciate either one!"

In the track meet at the school hours, one of the mile runners dropped out of the race and asked Coach how far a mile was.

In Biology class they were discussing the pear burner when Jack Ratliff asked "is a pear burner a large furnace in which they burn pears and feed the ashes to the cattle?"

Albert Martin had just cleared the 8 feet and four inches mark in vaulting as graceful as one could wish to see when Lorene Shoemaker, who had been watching every move, broke in "That's all right, Hack, they have been giving the other boys three chances to knock down that bar. You can surely make it in one of the next two tries."

Mr. Holt: "There has got to be something done about your little boy A. J. He will do anything that is mean."

Mr. Roach: "Well I think A. J. will soon get out of that. I notice he doesn't tie the cat and the dog's talk together so much as he used to."

"Bull" McGinty was about to clear the 5 ft 2 in. mark in high jump. You can imagine Hollis Embarrassment when he yelled "Stay in there Bull, I'm with you till the cows come home!"

ASSEMBLY WED, MARCH 4, 1931

Assembly was opened by the entire student body singing "America", then Dr. Gray, pastor of the Presbyterian Church, led in prayer.

The Students of the Mexican School furnished the program. Several songs were sung accompanied by the Guitar. Several of the boys then gave readings. The program was enjoyed very much by all and everyone hopes that we can have more entertainment along this line.

These first grade Mexican students showed real progress along the line of education. They seemed as pleased in getting to put on the program as the audience was pleased to see and hear it.

P. T. A. PROGRAM FRIDAY NIGHT, MARCH 6TH

An interesting and entertaining program will be given at the school auditorium Friday night, March 6th, beginning at 7:30. The Grammar School Rhythm Band and the High School Girls Choral Club will have parts on the program and there will be a number of other features well worth your attendance. The price of admission will be 10c and 15c.

S. I. Nicks was among the ranchmen that renewed his subscription to The Success last week.

Mr. and Mrs. O. F. Priest and three sons, moved in Saturday from Sonora, and have rented the Teed Cope home. Mr. Priest is opening up a Grocery business in Eldorado this week, having bought the stock of Wright's Cash Store and Grocery stock from E. W. Brooks, moving them together in the Wright building.

O. F. Priest made a business trip to San Angelo Monday, in buying supplies for his store, which he is opening up at Wright's Cash Store's old stand.

Sheriff's Sale

STATE OF TEXAS, County of Schleicher,

By Virtue of an Order of Sale issued out of the Honorable District Court of Schleicher County, on the 5th, day of March A. D. 1931, by the Clerk thereof, in the case of W. L. McWhorter, et al. versus H. W. Finley, et al. No. 426, and to me, as Sheriff, directed and delivered, I will proceed to sell, between the hours of ten o'clock a. m. and four o'clock p. m. on the FIRST TUESDAY in April A. D. 1931, it being the 7th, day of said month, before the Court House door of said Schleicher County, in the city of Eldorado, the following described property, to-wit:

Six Hundred and Forty (640) acres of land situated, lying and being in the County of Schleicher and the State of Texas, known and described as follows, to-wit:

All of Section No. One Hundred and Forty Four (144) in Block "A", located by virtue of Certificate No. Seventy Four (74) issued to the H. E. & W. T. Ry. Co.

Such sale to be made in accordance with said order of sale and in accordance with the judgement of said court rendered in said cause on the 11th, day of March A. D. 1930.

To satisfy a Judgement amounting to \$5,301.00 in favor of W. L. McWhorter, et al. and cost of suit.

Given under my hand, this 5th, day of March A. D. 1931.

O. E. CONNER, Sheriff.

RESOLUTIONS OF SYMPATHY

Whereas God has seen fit to call to Himself Mrs. Griffin, a Sister of Mrs. W. N. Ramsay, and that the family and friends have suffered a keen loss in her passing, there be it resolved by the Woman's Club of Eldorado, Texas that:

1. We bow in humble submission to Our Father's will in taking her to be with Him.

2. That we express our gratitude to God for her unusually consecrated life of service. Thru physical suffering she bore with Christian fortitude, ever loyal to her Lord and His Church. Her eyes now behold her Lord in undimmed vision of glory.

That we extend to her Sister and family our sincere sympathy in their sorrow and commend them to Him who alone is able to comfort.

4. That we include these resolutions in our records to her memory.

5. That a copy of these resolutions be sent to Mrs. Hamsay, here Sister, and to The Eldorado Success.

"And you shall know that lengthened breath
Is not the sweetest gift God sends
His friends;
And that sometimes the sable pall of death
Conceals the fairest boon His
love can send."

Mrs. R. D. Holt,
Ch. of Comm. on Resolutions,
Woman's Club.

There will be the election of our City officers in April, and at this time it would be well to get busy and encourage men who have the cities' best interest at least to run for office. The past administration has done good work.

Mr. and Mrs. Leonard Isaacs and son were in from the ranch Monday buying supplies.

An Illusory Law

The bank deposit guaranty law in any form is a snare and a delusion, declares a banker in a state where it has been tried, adding: "It is a license and encouragement to irresponsible banks and banking and penalizes capital solvency and prudent banking. It creates a sense of security in the minds of the unthinking and uninformed that is false and impossible to be realized on ultimately. To compare it to legitimate insurance is without reason and absurd. It jeopardizes the solvency of all banks and the safety of all depositors for the theoretical safety of a few. Guaranty schemes always have been, are and always will be impotent, futile and disastrous. It is not new. Has been tried, failed and discarded at intervals for more than 100 years in this country. No well-informed, honest and intelligent mind can accept it in principle or practice. Competent bank supervision and restriction of banks to territory that will warrant sufficient capital investment and accounts is the only sane and honest course and will afford all the guaranty the depositing public is entitled to as compared with all other human affairs."

Bankers Help

During the year 1930 the Bankers' Association of Langlade County, Wisconsin, worked out the finances for a cooperative milk plant, which entailed the raising of \$100,000, and also sponsored an active 4-H-Club campaign that culminated in an "Achievement Day" program, in which upwards of 400 young people participated. The increase in the number interested in this work was 200 per cent over the past two year period.

SELF-SERVE GROCERY

WHOLESALE AND RETAIL

Our January and February business shows a considerable improvement over the same period last year. Their is a reason for it. Goods bought right are easily sold, a few dollars will buy you lots of groceries at THE SELF SERVE. No bill to large for us to fill none to small to be appreciated. Bring us your eggs we want 100 cases this week. Below you will find a few of the many Specials We offer for
