HOMECOMING OF ELDORADO GIRLS

One of the most outstanding occasions of this season was the first meeting of the Mias Amigas Club at the home of Mr. and Mrs. C. C. Doty in Eldorado on June 25th and 26th. The organization of the club was completed on the afternoon of June 25th with Mrs. Josephine Murchison Hill as President and Mrs. Ida Conner Neill as Secretary and Treasurer. This club is composed of girls who spent most of their childhood in or near Eldorado.

Mias Amigas was decided upon as the name for the club because its meaning (My Friends) proves that thru the stress of every day affairs and crowding years, sentiment and love and youth always live.

It was only thru the perseverance and loyalty of the fathers and mothers of these girls that they are privileged to call Eldorado, The Land of Gold, "Home."

It was only thru the memories of their school days and the many happy hours spent together. Dozens of old photographs were "dug up" and passed around, causing peals of merry laughter as they saw themselves as others saw them.

New pictures were taken in various poses so that they might have something else to have fun over next year. Although fun reigned supreme each girl responded readily to the sound of the dinner gong which called them to many good things to eat, including "brown beans."

The club gave a rising vote of thanks to Mr. and Mrs. Doty for opening their home to them for their first get together gathering.

The following girls were present: Mesdames Lula Mae Evans Smith, Ozona, Texas; Annie Maria Doty Perner, Ozona, Texas; Mary Ellen Tisdale Hughes, Mertzon, Texas; Lucile Hill Walker, Plainview, Texas; Mattie Whitten Royster, Eldorado, Texas; Suelena Halbert Byrd, San Angelo, Texas; Olga Benton Meador, Eldorado, Texas; Lavita Christian Brooks, Eldorado, Texas; Elsie Berry Reagan, Eldorado, Texas; Lummie Pelt Whitten, Eldorado, Texas; Josephine Murchison Hill, Eldorado, Texas; Ida Conner Neill, San Angelo, Texas; Ruby Jones Dameron, Sonora, Texas; Gladie McKnight Davis, Sterling City, Texas; Misses Evelyn Hinyard, San Angelo, Texas; Lucy Lee Williams, San Angelo, Texas.

The Club voted to have the Homecoming in Eldorado the last of June each year.

Everyone is looking forward with much pleasure to the gathering of the "Old Bunch" at the home of Mr. and Mrs. D. C. Hill in June 1932.

R. L. Bricker was in from the ranch Tuesday looking after business, he reports fine crops on his ranch.

F. R. Keele and daughter Miss Pansy, were out from San Angelo the past week end guest of Paul Keele and other friends of our city.

Angora Goat Raisers Prepare For Rocksprings Meet

The World's fair of the goatman, the annual gathering of the Texas Angora Goat Raisers' Association, will be held at Rocksprings on July 8 and 9 and 10, when an industry that has felt the kicks and bites of a vicious depression will lay plans for renewing its old-time friendship with that far and fickle lady known as "Miss Prosperity."

There will be three days of fun-making, serious business discussions and an auction sale of the pick of the State's and Nation's angora goat breeding stock. Rodeo, dancing, barbecues and tales told about the camp fires lit on a score of hills will draw the thousands to the event.

The president of the organization is J. E. Robbins, banker of Camp Wood, and a foremost authority on the goat business.

The Texas Angora Goat Raisers' Association numbers its members by the hundreds and has been a factor of great importance in the industry in recent years. Rocksprings has one of the best fair grounds in West Texas and it is at this place that the meeting will be held.

The officials and directors of the association are: J. E. Robbins, president, Camp Wood; Sam F. Cooper, vice-president, Leakey; L. A. Clark, second vice president, Rocksprings; Arthur Davis, secretary-treasurer, Rio Frio. The directors are: L. A. Clark, Rocksprings; T. C. Hampton, Rocksprings; O. C. Cowsett, Rocksprings; J. E. Thuman, of Bracketville; Sim Reid, Con Can; T. O. Smith, New Braunfels; J. A. Ward, Jr., Sonora; Sam F. Cooper, Leakey; W. W. Nipper, Bracketville; Leslie Nunn, Uvalde; Fred Earwood, Sonora; Bob Davis, Rio Frio; M. D. Taylor, Vance; John Guthrie, Rocksprings; J. L. Gully, Uvalde; W. H. Rawlings, Johnson City; C. A. Pepper, San Antonio; F. O. Landrum, Laguna; J. E. Robbins, Camp Wood; W. B. Patterson, Rio Frio; C. F. Biggs, Del Rio.

On July 9 and 10 an auction sale to the finest angora bucks in the world will be conducted by Colonel Ed McGinnis of McAllen. Two bids will constitute a sale for any animal offered. One dollar a head is charged for each animal present but that amount will be credited to the sales commission. There will be a big free barbecue on July 10. Last year it was attended by several thousand people. The grounds are owned by the Edward County Fair Association, are spacious well drained and watered with plenty of shade and the longest goat shed in the world as well as the best arranged goat shed. Practically every breed of importance in the State has his goats at the show and sale each year.

One flag has been received to date here according to Postmaster Atkins.

Necessary data and instructions are to be furnished the postmaster together with sufficient flags, enabling him to issue a flag promptly to be used at the burial of any deceased veteran and afterwards given to his nearest kin. Only those receiving an honorable discharge are subject to the drape, it is pointed out.

The provisions are made under Section 201 of the World War Veterans' Act, 1924, amended by act of Congress July 3, 1930. The flag is regulatio burial size as furnished by the Veterans Bureau, 9 feet and 6 inches by 5 feet, made of wool.

Schleicher County Man Heads Wool Growers

J. A. Whitten succeeds Robert Massie As President

Last Friday, at a meeting of the directors of the Wool Growers Central Storage, J. A. Whitten, for 30 years a resident and ranchman of this county, was elected to fill the presidency of that institution, a place made vacant by the death of Robert Massie. Mr. Whitten has been a director and vice-president of the institution since its organization in 1909, and is capable of carrying on the work of his predecessor, better than most anyone else. He is familiar with the work and is one of the best posted men in West Texas on the stock business and especially sheep and wool.

He has served as county Judge of Schleicher County, Cashier of the Eldorado State Bank while it was in operation and was vice-president of the First National Bank, at present he is chairman of the State Live Stock Sanitary Commission, on appointment received under Gov. Moody, and re-appointed by Gov. Sterling. He is also president of the Baptist Encampment at Christoval.

He has a large acquaintance throughout West Texas, and believes that the sheep business will make a man money, under all circumstances. If taken care of, the sheep brings in money to his owner three times a year and furnishes good eating the year round, stay with a sheep and it will bring you money says Judge Whitten. The Success predicts that Mr. Whitten will keep the work of the Wool Growers, growing, as he has always figured in its plans and business methods since its organization.

THE SUCCESS JULY 3rd, 1931.

And now comes Jim Ferguson and says, "If I run for Congress," he just as well said boy my hat is in the ring and lets step on the gas.

The American Legislators' Association reports that thirteen bills to repeal or modify state prohibition enforcement laws have already been defeated this year.

Eldorado has planned no July celebration. We presume we are planning a big Fair this fall. The conditions are most favorable for exhibits in both field crops and live stock, the only thing that is not favorable is the money crop. We spent all our money last year and so far can't find what we bought with it. But anyway Schleicher County could have a real Fair this fall.

The Sonora celebration drew a large crowd, but if we understand it, the cats were larger than the crowd, but that is the way of Sonora, plenty of cats is their motto, together with plenty of entertainment.

The Beautiful yard contest is getting along nicely with every home expecting to be awarded the grand prize. Much improvement has been made in yard beautifying and it adds luster to our little city.

TIMELY TOPICS

This year's crop of honorary degrees has been large, as usual, many new Doctors of Laws and what not having been created. Unique among recent titles conferred was that of "Knight of the Kingdom of God," bestowed upon John D. Rockefeller, not by a college, but by Euclid Avenue Baptist Church of Cleveland, for his "distinguished service to humanity." Time was when the head of Standard Oil was looked upon as a prince of the lower regions.

An attack of appendicitis did not prevent the presentation of Miss Virginia Dawes, daughter of the American Ambassador, to King George and Queen Mary at the royal court recently. Although suffering severely, Miss Dawes stuck it out until her great experience was over, then had the offending appendix removed.

A dying request that pet animals be killed need not be heeded, according to Judge Hanby of Los Angeles. As a result of his decision three fine dogs and two Persian cats will be allowed to live. They belonged to the late Mrs. Winterman, who ordered that they be killed upon her death for fear they would fall into unfriendly hands and be unhappy. Thousands of letters and telegrams were received protesting against the execution of the animals. They will be cared for by Mr. Winterman.

An unusual collision occurred on the Great Northern railway in Min-

nesota a few days ago, when the crack limited train Empire Builder, running at full speed, collided with a tornado. All eleven Pullmans composing the train were lifted into the air and strewn along the right of way, only the locomotive remaining on the tracks. One man was killed and twenty or more were hurt out of 119 passengers on board.

An illustration of the art of playing safe comes from Kansas City, where a strange lunch room customer casually asked the proprietor whether he would fight if someone held him up, and received this reply: "No sir; I'd put up my hands." The customer then said, "That's sensible; stick 'em up," and robbed the restaurant man of \$7.

A tifle odd is the discovery that Clara Bow and John Gilbert are on the payroll of a tobacco manufacturing plant at Louisville, Ky. Stranger still is the fact that the tobacco factory Clara, like her movie-talkie namesake, is red-headed.

FARMERS MAY HAVE BALES WRAPPED IN COTTON THIS YEAR

AUSTIN, Texas, July 1.—Farmers may obtain cotton wrappers for their bales this year without penalizing themselves, as a result of efforts of the Association for the Increased Use of Cotton.

J. E. McDonald, commissioner of agriculture and vice-president of the national association, reported today that cotton mills of the south are "lining up enthusiastically" behind the proposal that they allow seven pounds extra weight to be added to all bales wrapped in standard 100 per cent cotton bagging, the added weight to offset the difference in weight between the jute and cotton bagging. This weight difference has been the principal barrier to the substitution of cotton for jute in making bagging.

The association first presented the matter of the seven pounds allowance to Cason J. Calloway, president of the American Cotton Manufacturing Association. Mr. Calloway not only agreed to make the allowance at mills with which he was connected, but sent a letter to all cotton mills in the south, requesting that they do likewise.

McDonald was informed today by Harold C. Booker, Columbia, S. C., and secretary of the association, that enough mills have reported their willingness to grant this extra weight to assure success of the plan.

"It is now squarely up to the farmers to demand that their cotton be wrapped in cotton bagging," McDonald said, "and thus use up many thousand bales of cotton this fall which have been helping to depress the market. It is very conservatively estimated that 65,000,000 pounds additional cotton will be consumed if this type of bagging is generally adopted and used. Surely every one in the South can see that this will have its effect on the market."

Booker's list of mills agreeing to the plan—with new ones coming in since his letter not included—follows: Lane Cotton Mills, New Orleans; Hillside Cotton Mills, Elm City Cotton Mills, Elm City Cotton Mills, Unity Cotton Mills, and Rockweave Cotton Mills, all of LaGrange, Ga.; Manchester Mills, Manchester, Ga.; Millstead Manufacturing Co., Millstead, Ga.; Calumet Mills, Hogaanville, Ga.; Mount Vernon-Woodbury Mills, Inc., Baltimore, Md.; Columbia, S. C., and Tallasee, Ala.; Rock Mount Mills, Rocky Mount, N. C.; Shuford Mills, with nine separate mills, Hickory, N. C.; Locks Cotton Mills, Concord, N. C.; Roxboro Cotton Mills, Roxboro, N. C.; Appalachian Cotton Mills Co., Knoxville, Tenn.; Pickett Cotton Mills, High Point, N. C.; Republic Cotton Mills, Great Falls, S. C.; Wallace Manufacturing Co., Jonesville, S. WOOL PRODUCERS ENCOURAGED BY HOOVER PROPOSAL

Immediate reaction to President Hoover's proposal of a one-year moratorium on international world war debts and its resultant stimulating effects on stock markets of the world, has come from the woolgrowing industry, according to reports received by the National Wool Marketing Corporation from its local units in districts where considerable volumes of wool are yet held by producers and their representatives. The prospect of stimulated international business, and the regain of confidence in the world financial structure through acceptance of the Hoover proposal, appears to hold promise of better wool prices to the producers. Since the President's suggestion was made public there has been a reluctance on the part of growers to sell their wools at prices now offered in the field.

The most pronounced effect of the moratorium proposal has been among agricultural bankers, who control the marketing of a considerable volume of wool. Paul A. Draper, president of Draper and Company sales agency for the National Wool Marketing Corporation, now visiting growers in Montana, reports that bankers and growers in that state are greatly encouraged and feel that the reaction of business to the Hoover proposal justifies anticipating higher price for wool. J. B. Wilson, secretary-treasurer of the Cooperative, also in the West, reports a similar reaction in wool producing circles.

Officials of the National believe that if growers and their representatives, who have control of the 1931 wool not yet sold or consigned, are inspired by the Hoover proposal and the reception given it, to resist low offers, it will mark the beginning of a stronger and more active wool market. For the last month to six weeks growers have been sacrificing wools in large volume at below their real value, even on the depreciated Boston market of today. These wools, quickly moved into consumption at a very low dealer margin, have had a depressing effect. The National believes that these widespread sacrificial sales of wool, which now appear to have reached an end, have been responsible for the low market of recent weeks.

Mr. Sol Mayer, president of the National, spent most of June in Boston, studying the Cooperative and the wool market. He was greatly encouraged at the outlook for wool, and shortly before his return home to San Angelo, Texas, he issued a statement in which he expressed the opinion that wool was probably in the most favorable position of any commodity, and strongly urged growers to resist below-market sales. Mr. Mayer urged growers to consider the steadily rising wool consumption, pointing out that the outlook had not been brighter in many years.

During the period when growers were selling their wools at the best cash price they could obtain, the National urgently pleaded with them to consider the outlook and desist from such practices. In many sections these appeals brought results. Soon after the National issued these pleas, new high grease weight prices were established for his wools. The price for the medium weight wool, which had been held to resist the temptation to sell at the low price, has risen from the 10-cent level to 12 cents. The price for the heavy weight wool, which had been held to resist the temptation to sell at the low price, has risen from the 12-cent level to 14 cents. It appears that the stimulus is now being felt in Texas and Wyoming.

The principle of prohibition seems to me the only safe and certain remedy for the evils of intemperance. This opinion has been strengthened by the hard labor of more than twenty years in the temperance cause.—Father Theobald Matthew (Leaflet by John F. Cunneen, Chicago).

CLUB GIRL'S GARDEN FURNISH FAMILY FOOD

COOPER, June 24.—One hundred and ten 4-H Club girls of Delta county are serving vegetables on their family tables from the gardens which are the productive demonstrations of their club work. The report of Eveyln Lancaster of the Rattan club is typical. By the end of May she was serving English peas, mustard, carrots, cabbage, onions, beets, radishes and spinach, and had canned 10 quarts of her surplus products. Fifty of the girls report that in the care of their gardens it had been necessary to spray for insects.

COTTON ADVISORY COMMITTEE NAMED FOR TEXAS GROUP

AUSTIN, Tex., July 1.—Selection of a former attorney general, a banker, and a legislator as an advisory committee to the Texas division of the "use more cotton" campaign projected by the National Association for the Increased Use of Cotton has been announced by officers of the group.

W. A. Keeling, former attorney general, Austin; H. T. Davis, president of the Austin National Bank; and Lawrence Westbrook, member of the Texas House of Representatives from Waco, were selected by J. E. McDonald, commissioner of agriculture, and C. D. Ulrich, general manager of Sugarland Industries, president and vice-president respectively of the Texas group.

The advisory committee, McDonald said, will work with officers of the Texas division in planning a state wide campaign to enroll workers in the campaign to stimulate consumption of cotton, both in its well-known and its lesser-known uses.

A meeting of the advisory committee with state officers will be called in the near future, McDonald said.
