## Group To Help In Organizing Bank For City

### Confidence In San Angelo National Shown At Meeting

SAN ANGELO—A committee representing the citizens of San Angelo will be named today by Henry Ragsdale, president of the Merchants Board of Trade, to co-operate with the directors of the San Angelo National Bank in a reorganization plan, following a meeting Sunday at the St. Angelus Hotel at which the 75 business men present expressed confidence in the bank which closed Saturday.

With the interests of the depositors and the community in mind the group will function in an advisory capacity. W. S. Pickett, manager of the board of trade, in a statement to members and others stated that there were few firms which could pay off all outstanding obligations without warning. He said that was what had occurred in the case of the bank, and continued that idle talk was the chief cause of the trouble. The opening of the bank with full payment is desired and can be accomplished, the statement read.

Those making talks were: John Y. Rust, John D. Robertson, W. A. Hamrick, Mayor Brown F. Lee, Luther Carter, Emmett Cox and others. Praise for the directors of the closed bank and admiration for the manner in which the situation was handled here Saturday by the other banks was expressed.

G. I. Witt, examiner in charge of the San Angelo National, sent word that he was here to reorganize the bank and not to close it. Recommendations as to the procedure will be made the last of this week when the examination is completed.

Safety deposit box holders will not be able to open them until the reorganization plan is completed as Mr. Witt is not authorized to open them until the bank has been placed in the hands of new officers or a liquidating agent.

## MORE SOLDIERS GO TO SHANGHAI

### Japan Strengthens Force Kept In International Steelplant

TOKYO, Oct. 6.—It was announced today the cabinet has decided to send "several hundred" reinforcements to Shanghai. The date of departure was not given. Japanese forces in Shanghai at present total about 700.

In connection with the announcement, it was explained the Japanese force in the Shanghai international settlement at present is less than the other powers, America having 1,265 troops there, Great Britain 2,300 and France 13,800.

It was also announced that in case of emergency four cruisers, 24 destroyers and one airplane carrier stand in readiness to depart for China.

## WHITE MAN CONVICTED FOR KILLING NEGRO

The Dallas News says that Lellon Beard, white, was given 5 years in the state penitentiary for killing Brooker T. Barnes, negro, in Dallas. The first conviction of the kind ever had in Dallas.

## UNITED STATES FORECAST FOR COTTON IS 16,284,000

Radio Broadcasting Thursday morning informed the world that the estimated bales of cotton for the United States for 1931 was 16,284,000 bales, \$2.50 per bale.

More entries have been received in the Livestock Show at the 1931 State Fair of Texas, than have ever been received before, it has been announced here by Frank P. Holland and Otto Herold, directors in charge of the livestock department. This is true in both the beef cattle and the dairy cattle show. There will be a complete livestock show at the State Fair through out the 16 day exposition—Oct. 10 to 25.

"Mike and Ike" famous twin mid-gets who will be seen on the Beckman and Gerety Midway at the State Fair of Texas, are paying their first visit to Texas. The famous little twins are entertainers de luxe and have a band of other famous little people with them to help in their presentation.

## Hoover Business Plan Adopted.

WASHINGTON Oct. 7.—Formation of a new credit organization to draw out frozen assets, broadening of the facilities of the federal farm loan board, and a liberalization of the rediscount provisions of the federal reserve system were proposed by President Hoover last night at a White House conference with Congressional chiefs.

As the conferees left the executive mansion shortly after midnight it was said there was general agreement as to all of these points on which legislation eventually will be necessary.

**Democrats Endorse Plan**  
Some differences develop at the beginning of the discussion, which was in progress three hours, but in the end even the Democratic senators and representatives, who yesterday had shown some doubt, expressed willingness to go along with the president's proposals.

The general understanding among them was that no special session of Congress would be called, but Mr. Hoover would rely on the assurances given at the conference and go ahead with his plans.

The meeting was informed that private bankers already had pledged \$150,000,000 for a corporation to relieve frozen assets.

A total capitalization of \$500,000,000 is contemplated for this corporation which will have wide discretionary powers to make loans and rediscount paper.

**Government May Aid**  
If the total capital is not subscribed privately, the government will stand ready to fill it out along the lines of the war finance corporation which handled a similar situation during the war.

While details were left for further study, the amount of additional capital mentioned as needed for federal farm loan banks was \$90,000,000.

Suggestions for extending the moratorium on inter-governmental obligations was briefly touched upon, but no agreement even of a general nature was attempted.

It was understood by the conferees a possible moratorium extension would not receive serious consideration until President Hoover discussed it with Premier Laval of France.

## BIG LAKE BANK CLOSED WEDNESDAY

The Big Lake State Bank closed its doors Wednesday. The largest stockholders are Mrs. J. N. Shannon, Mrs. William Schneeman and Judge W. A. Wright.

## LINDBERGH STARTS HOME FROM FAR EAST

The death of Senator Morrow, Mrs. Lindbergh's father, has probably shortened the Lindbergh's stay in the far east. As they have started their journey by ship. They recently captured their plane in the flood waters of China and have had it repaired yet.

J. M. Lewis, who farms on the Pfluger farm west of town, says he will make 100 bales of cotton, has all ready ginned about 40. Tuesday he dropped \$1.50 in The Success bean bag for which he has our thanks.

Jess Ramey was seen coming in to town Monday with a bale of cotton, covered with a wagon sheet, owing to the dryness of the weather we asked, why the sheet? He said to take his money back home in.

Mr. and Mrs. Ford Taylor of Big Lake were guests of Mr. and Mrs. R. T. Trail Tuesday.

Lewell Alexander was out from San Angelo Wednesday visiting his parents Mr. and Mrs. W. O. Alexander.

Mrs. Sam Oglesby, Jr. of Eldorado, entertained the Blue Bonnet Bridge Club. Wednesday, October 7.

Mr. and Mrs. G. C. Crosby were in Eldorado the first of this week attending court.

O. F. Priest of the Eldorado Cash Grocery, made a business trip to San Angelo Tuesday.

A. B. Crosby was in the city Wednesday.

## Plenty Of Complaint Oct. 1, On Water Bills

The Editor was one among many that called at the office of the Inter-State Service Co. to complain about the highness of the September water bill, in fact we thought that when we called to investigate that an honest mistake had been made and we called to have same corrected. But were informed that the water rate had been raised back to the former price of \$2.50 for 3,000 gallons and 50c for each succeeding 1,000 gallons. One of the highest water rates in Texas if not the highest. There is nothing to do but pay the rate, but the flower gardens must perish. We love flowers, but like to eat better, and again flowers bloom to die and decay, so we say good bye until a water rate that will justify their growth.

## Wilson - Deaton

Lewis T. Wilsin Jr. returned Friday from Carlsbad, N. M., where he and Miss Johnnie Deaton were united in the Holy Bonds of wedlock, on Sunday September 27, 1931, by the Methodist pastor of Carlsbad.

Mr. Wilson is the only son of Mr. and Mrs. L. T. Wilson, well-to-do farmer just south of our city, and has been reared in our community, and is farming on his fathers place.

The bride is a daughter of Mr. and Mrs. J. H. Deaton of Longfellow, Texas, and a sister to Mildred Deaton, who was married to the groom's sister Miss Ruby Wilson, two weeks before.

The bride and groom after being married at Carlsbad, returned home via way of El Paso, intended on going to Phoenix, Arizona, but owing to the large cotton crop on the Wilson farm, had to return home. They will make their home on the home place.

The wedding of Lewis is the last of the Wilson children, three of them getting married in the past few weeks. L. T. Senior and wife will probably start living life over again.

## PRESBYTERIAN CHURCH NOTICE

Rev. Bristow Gray, who has been conducting a revival meeting for Dr. B. D. Greer of San Antonio, will return home Saturday afternoon and will preach in the Presbyterian church here both at eleven a. m. and 7:30 p. m.

The Woman's Auxiliary will meet Monday afternoon at 2:30 with Mrs. John Williams and Mrs. Lewis Whitton hostesses.

## MRS. M. H. CRABB IS HOSTESS

Mrs. M. H. Crabb entertained the Eldorado Bridge Club, Thursday October 1, at her home near Eldorado.

Contract bridge was played and delicious refreshments served to a number of twelve, including club members and guests.

High score among the club members was Mrs. H. T. Finley and among the guests was Mrs. R. T. Crair.

## MONDAY OCTOBER 12, LEGAL HOLIDAY; BANK WILL CLOSE

Next Monday being a holiday, all banks will probably be closed, so don't become alarmed if you find The First National closed Monday morning. Its almost time for Leslie Baker to go bird hunting again.

## W. R. NICKS WELL DRILLING AT 4,370 FEET

J. D. Wesner's No. 1 W. R. Nicks is drilling Thursday as we go to press at 4,370 feet in shale. The test resumed drilling Tuesday at 4,275 and are making good headway since.

The W. R. Nicks is expected to reach production at 4,850 feet, or at least another strong showing.

## ALBERT B. FALL TO SEEK PAROLE

Former Senator A. B. Fall, who is now serving a penitentiary sentence in New Mexico, will seek to gain freedom by parole after Nov. 2p. He becomes eligible at that time. He received a sentence for a year and a day and fined \$100,000, for bribery while a cabinet member.

Ed Finnigan was in the city Thursday buying supplies.

## 11-2 Million Pounds Of Wool Sold

Nearly one and one-half million pounds of western wool were sold during the week ending Sept. 19 by the National Wool Marketing Corporation for its western grower associations, it is announced by J. B. Wilson, secretary.

Movement of wool from huge Boston storage warehouses of the National continued steadily during the week to mills in face of rather quiet trading and a somewhat unsettled market, apparently brought on by fluctuations of the British sound in foreign markets.

During the period the National spurned underbidding and announced its permanent policy of orderly marketing would continue in efforts to stabilize wool prices.

California, Idaho, Texas, New Mexico, Wyoming Colorado and other western wools were among those sold to New England mills by Draper & Co., selling agents for the National at Boston, where corporation headquarters are located.

The National Wool Marketing Corporation has received approximately 106 million pounds of wool from the 1931 clip and more than two and one-half million pounds of 1931 mohair clip to date from the 32 co-operative member-owned associations with which it is affiliated.—Rock Spring Record.

## Eldorado Defeats Ozona Saturday, 20-0

The Eldorado Eagles did themselves proud Saturday when they met the Ozona Lions on the Eldorado field and won a 20-to-0 victory. The Ozona boys after a few tackles of the Eldorado line, found out if they were to win, it had to be done by the air route. They completed several passes but failed to make a score. Coach Bissett of San Angelo refereed the game. A nice game was played. Three games and no losses for the home team.

## LOCAL LUMBER YARD CLOSED WEDNESDAY

S. J. Loyd, manager of the local Wm. Cameron Lumber Co., closed the yard Wednesday, for the funeral of Mrs. Flora B. Cameron, 74, wife of the founder of the Lumber Co. The funeral was held at Waco, Wednesday at 3:30. The Company has 100 yards and offices over the Southwest.

## STERLING ISSUES CALL FOR RELIEF MEET OCT. 16-17

AUSTIN, Oct. 7.—Gov. R. S. Sterling today issued a call for an unemployment conference in Austin, October 16 and 17. He sent letters to 100 business and industrial leaders announcing the meeting but said the session would be open to all citizens of Texas.

## LIONS CLUB HAS LUNCHEON WEDNESDAY

The regular meeting was held Wednesday by the Lions Club in the basement of the Presbyterian church. During the Luncheon a resolution was read and voted approved by the Club. To be sent to West Texas Utilities asking that the users of electricity in Eldorado be given a cheaper rate. The secretary was instructed to forward same to officials of the West Texas Utilities Company. Similar resolutions are being passed by other organization of the City.

## THE LIFE OF JOSEPH IN PICTURE LECTURE

At the Methodist Church Sunday night, The Life of Joseph, in a picture lecture will be given and all are invited to come and hear and see this picture lecture.

Sunday School at 10:00 a. m. Preaching by pastor at 11:00 a. m.

## CHARLES W. FULLER ARRESTED AT SHERMAN

Charles W. Fuller who skipped his bond at the June term of court in Tom Green County, was arrested Saturday at Sherman. He is charged with shooting Hugh Rutledge to death in McCamey in 1929. He is now held in the Tom Green County jail.

## District Court Last Week And This Week And This

The District Court met in its second week, September 28, and the Porter will case was begun Monday, but Thursday, as we went to press had not finished, but the jury gave a verdict in favor of the defendant and the will is to stand as written by the aged ranchman.

Mrs. Mary Reynolds and other heirs of the ranchman wanted the will set aside, giving as their reason, the father was not capable of making a will at the age he was, and that he had been influenced in changing a previous will.

The Judge refused a new hearing in the Porter will case, Wednesday.

The cast of the Allen Manufacturing Co. Ltd. vs M. O. Shafer et al was continued.

## M. L. Lightfoot Given Five Years In Penitentiary

M. L. Lightfoot, charged with robbery with fire arm, case transferred here from Sterling County, was given five years by the jury who heard the evidence. The robbery occurred on the morning of August 23, 1929, about 4 o'clock. This is the second trial for the offense and second 5 year sentence.

## Senator Morrow Passes Away In Sleep

Dwight W. Morrow, Senator from New Jersey, and former ambassador to Mexico, died Monday morning early, from cerebral hemorrhage, came upon him while in sleep.

In his death the Republican party loses an influential man, and the anti-prohibitionists lose a leader.

God has chosen to move Senator Morrow from the walks of men, when he was supposed to be at the peak of his useful career.

## JAPANESE NAVY MOBILIZING

The press dispatches in our daily paper from China, say that great alarm is being felt by the Chinese, over the order issued by Japan for mobilization of Japanese navy at Kure and Sasebo. With Japanese gun boats sailing up the Yangtze River, the capitol at Nankin may be moved to Hanan.

## PACIFIC OCEAN FLIERS MAKE LONG HOP SAFELY

Clyde Pangborn and Hugh Herndon, two American fliers, landed safely at Wenatchee, Washington, Monday morning at 9:14 o'clock, and were handed a check for \$25,000, offered by a Japan Newspaper for the flight. They were in the air 41 hours and 13 minutes, covering about 4,469 miles.

## P. T. A. TO HAVE MEETING

Friday, October 9, is regular meeting day for the Parent Teachers Association and we have an interesting program in hand. All patrons are urged to attend this meeting Friday afternoon (today).

## FIRST NATIONAL BANK HERE GETS FINANCIAL CALL

The First National Bank received a call for September 29, and the call shows that the bank is in good financial condition. But should the call have been Oct. 5, it would have been considerable better, as much cotton has been sold since Sept. 29.

## COTTON PICKING DOWN TO 40 CENTS PER HUNDRED

A good many towns have published notices that cotton picking would be put back to 40c per hundred. Very best in Tom Green County say that 40c is all they can pay, with the present price of cotton.

J. M. Pfluger, of San Angelo, who owns several farms here says his farms will go to 35c, according to the San Angelo Standard.

Mr. and Mrs. Frank Reynolds were in the city Tuesday attending district court.

## One Of San Angelo's Leading Bank Suspend

The San Angelo National Bank, one of San Angelo's leading banking institutions, suspended business Saturday and placed its business affairs in the hands of the State Bank Examiners.

The reason given was a large continued withdrawals of deposits during the past 30 days.

The financial institution reaches into territory of this section and will probably effect the financial interest of many ranchmen. But it is thought by those in touch with the institution that it will pay all deposits in full and re-open for business in the near future.

## Clinic Sells At Christoval

### Dr. G. B. Miller Expects to Spend \$25,000 In Expansion

Dr. G. B. Miller, formerly of Big Lake and Dallas, has acquired the Christoval Health Clinic Sanatorium and will make improvements of between \$25,000 and \$30,000 before spring, he announced here today. W. O. Bernard, who had been operating the clinic, disposed of his holdings for \$15,000, releasing control effective October 1.

Dr. Miller said he planned to overhaul the present institution at once and to make additions providing facilities for keeping the patients there. The opportunity exists for building a real institution of great service, he said. He has reports on tests of the water at Christoval and has sent samples to other laboratories, expecting to make use in a large way. He declares the quality of water and its power the equal of that at Mineral Wells or Marlin.

Dr. Miller was at Big Lake for six years. He has an M. D. degree from Vanderbilt.—San Angelo Standard.

## SERIES WINNERS TO GET \$4,484 EACH; \$2,989 TO LOSERS

PHILADELPHIA, Oct. 7.—Each winning player will receive \$4,484.24 and each loser \$2,989.49 as his share of the 1931 World Series pool, if it is split 30 ways.

The Cardinals already have decided to cut their series "melon" on this basis but the Athletics may have fewer slices, thereby making each player's share larger.

The player's pool, derived from a big portion of gate receipts for the first four games only, amounts to \$320,303.45. It is the smallest since 1922. The series rivals split 70 per cent of this on a 60-40 basis. The other 30 per cent goes to the clubs finishing second, third and fourth in each major league.

These clubs split \$96,091 as follows: \$24,022.75 to each of the second place teams, New York Giants and Yankees; \$16,015.17 each to third place teams, Washington Senators and Chicago Cubs; \$8,007.53 each to fourth place outfits, Brooklyn and Cleveland.

## FAIR WEATHER AIDS COTTON PICKING

The fair weather since the 15th of September has aided cotton picking and many farmers have been very busy. The gins have reached a total of:

|                             |       |
|-----------------------------|-------|
| Eldorado Gin, (round, 1,266 | 633   |
| Eldorado Gin, (square)      | 100   |
| Luttrell Keeney Gin         | 535   |
| Batley Ranch Gin            | 400   |
| TOTAL in square bales       | 1,668 |

## FIRST CHRISTIAN CHURCH

Meeting at the New Ritz Theatre, Sunday School at 10 a. m. Morning worship at 11 a. m. Evening worship at 7:30 p. m. Attendance growing all the time, new people every service. Remember that a Cordial welcome awaits you.

## NOTICE

The Ladies of the First Christian Church will serve Ice Cream and Cake, all day Saturday, in front of the Theatre. Get your Sunday Cakes, and Pies here.

Vernon Porter was here Tuesday attending district court.

THE SUCCESS  
 OCTOBER 3, 1931

"Uncle Bill" Kellis, of the Sterling City News Record was in Eldorado Monday and Tuesday meeting friends he had never seen before and friends of other days. He was a witness in the Lightfoot case transferred here, from Sterling. Editor Kellis was our former Representative in the Legislature and seems to be one man that public office did not defile, but the temptation being so strong, he did not choose to run for re-election and voluntarily retired. Bro. Kellis has promised his readers, the second chapter of Jim Ferguson, when Ferguson runs for Congress.

### SCHOOLS FOR CRIME

The move in Texas looking to the segregation of youthful convicts from hardened criminals should gain much impetus as the result of Johnnie Martin's remarkable confession to a Harris County grand jury.

It seems that "Keggy" Jones was sent to the Texas prison system a youngster still in his teens. It is patent there was good material in him—a genius for organization that should have been salvaged to society. But the facts are that "Keggy" Jones was sent to a school for crime. Young, adept and impressionable, he made a brilliant student for the faculty of safe-breakers, hijackers and gun men.

In time he graduated from the "School for Crime" to which the State of Texas had sent him. Versed in the devious ways of criminality, he bent his talent for organization to the forming of a gang of criminals that victimized an entire state. Branches of his "super" organization looted safes in Fort Worth; another subsidiary robbed stores in Brownsville; and yet another trafficked in stolen automobiles in Beaumont.

"Keggy" Jones fell a victim, not to the law but to the lawlessness of criminals with whom he was associated. That the full story of the ramifications of his enterprise is now known, is due solely to the determination of one of "Keggy's" lieutenants that the men who murdered the "chief" shall pay the supreme penalty. Whether we like it or not, "Keggy" Jones, while he lived, successfully hoodwinked the constabulary of the greatest state in America.

Such is the fruit of a system that sends youngsters to a prison where they mingle with past masters in the art and science of criminality. It is a damning indictment of Texas' penal practice.

### THE DANGER LINE

Barratry is the practice of exciting and encouraging litigation. If an attorney-at-law too frequently is suspected of indulging the practice, his reputation suffers and he is fortunate if he is not jailed and disbarred. For barratry is a crime.

Upon consideration, the recommendation coming from the Fort Worth convention of the Texas League of Municipalities smacks not a little of barratry. That convention urged the cities of Texas, without so much as investigating the fairness of existing rates, to pass ordinances lowering the charges made by gas utilities. The expressed purpose was to flood the gas companies with so much litigation that lower rates would be had this winter, whether or no.

There is little question but that gas rates charged by some companies in some cities are much too high, but there is little reason to believe that every rate is too high. Moreover, there is little promise that such action as is recommended would secure the expected results. To the contrary, there is already precedent to encourage the supposition that quite the opposite result will ensue.

Wichita Falls lowered gas rates by ordinance. The company serving the city appealed to the railroad commission, which, in due course of time, will hold a hearing upon the equities in the case. Meanwhile, by posting a bond to indemnify its customers in the event a lower rate is ordered, the commission has authorized the company to continue to collect the old, established rate.

Before it can determine whether an existing rate is justified, the commission must appraise the value of distributing properties and pipe-lines.

### PRESENT PRICE OF COTTON DISASTROUS COMMISSIONER SAYS

AUSTIN, Texas, Oct. 5—The probable disastrous aftermath of selling cotton for present prices was pointed out today in a statement by J. C. McDonald, commissioner of agriculture. McDonald said he could not advise holding cotton, but suggested that every Texas "stop and consider what the marketing of our major commodity at one-half production cost will mean."

He said if other cotton states will follow the lead of Texas, within twelve or fifteen months cotton prices "should reflect more nearly cotton's intrinsic values." His statement: "With present prices for agricultural crops, the farmer is left without buying power so vitally necessary to sustain government, commerce, transportation, schools and society. All

Since it has been allotted approximately \$90,000 for this job, it may be assumed it is a task which will require some time. There is little reason, therefore, to hope that it can render a decision in the Wichita Falls case before late winter; and what would happen were the commission suddenly "flooded" with similar cases is readily guessed. Certainly, under such procedure, there is little hope for relief this winter.

To gain a point by improper use of superior force is seldom satisfactory in any event; the practice is neither fair nor sportsmanlike. The procedure urged by the Texas League of Municipalities is open to criticism upon both of these points; but the chief objection to the League plan is that it promises to defeat the very goal it seeks to gain. Cities which win lower rates by negotiations and arbitration, will enjoy those rates this winter. Cities which follow the League's recommendation will enjoy a winter of litigation and continue, meanwhile, to pay a rate which may, or may not, be too high.

The League's recommendation approaches too close to the danger-line of improper practice it smacks too much of barratry, to deserve the approval of Texas cities. If a city is entitled to lower rates, certainly it should demand them. But it should not follow a course that promises little relief at a time when the people need it.

must suffer. There is no escape. At this time, the price of middling 7-8 cotton averages less than 5 cents per pound at the primary markets of Texas. Such prices mean bankruptcy and despair, and all this when there has been abundant production.

"The south is again caught unprepared to market its cotton crop judiciously. Cotton of high grade, staple and extra spinning value is being thrown on the market for less than half of production cost and with a full realization that Texas has recently enacted a law limiting planting for the next two years to 30 per cent of cultivated acreage of each farm and with fair prospects for similar legislation by other cotton growing states.

"As commissioner of agriculture, I could not advise holding cotton; but I would suggest that every Texan stop and think what the marketing of our major commodity at one-half production cost will mean to our state, commerce, schools, society, labor and homes. If the cotton growing states adopt similar laws, and if adequate financing and sane marketing systems are established, for the 1932 crop, we should have within the next 12 or 15 months cotton prices reflecting more nearly cotton's intrinsic value, perhaps 15 cents, and should we choose to continue a demoralized mob in production and marketing we can very easily see 2 cents per pound or \$10 per bale, which will put the finishing touches on the cotton growing industry and a complete collapse of cotton land values.

"I appeal to every Texan to stop and think and lend full support to solution of our agricultural problems. Agriculture is fundamentally basic and confidence in values of farm lands and products must be restored before we can feel our financial and social structure is secure."

Mr. and Mrs. C. A. Spencer were up from Kerrville, Monday and Tuesday, shaking hands and visiting friends, and looking after business. Mr. Spencer looks well and says he is feeling better since the weather is cooling off some, but says it is dry from here to Kerrville.

Miss Chrissie Enochs was in from the Oakdale Stockfarm Monday.

Mr. and Mrs. Ervin Mund were in from the city Saturday, shopping and visiting.

 Phone 77 O. F. PRIEST, Mgr.

### ARMY-NAVY EXPENSE CUTS THE WAY OUT

If the public does not want to pay much heavier taxes, the public will have to force down federal armament expenses. Already there is a deficit of more than a billion dollars. By next July the estimated operating deficit will be upward of three billion dollars—maybe more. Some federal appropriations must be increased. No major cuts are possible except in the army-navy cost.

Therefore any talk of federal economies which does not center on armament reduction is political moonshine. Every year for a decade the public has been misled by the moonshine. That did not matter so much in prosperous times. It matters now. With the government plunging down the financial slide, and with hunger and job riots starting even before the severe winter ahead, our armament extravagance is suicidal.

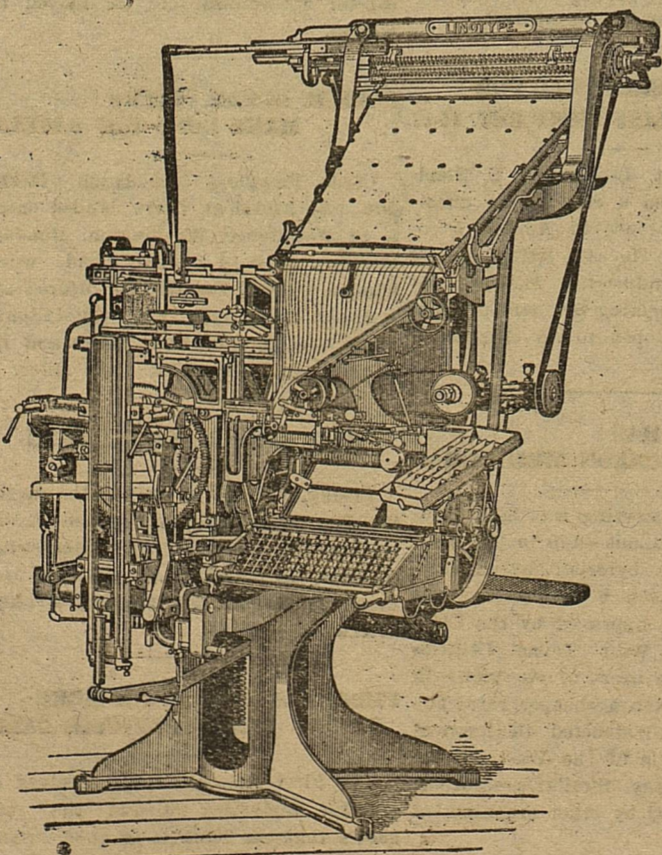

About two-thirds of the huge federal budget is eaten up by war charges. There are official figures; they cannot be ignored as propaganda. There is no chance of cutting the present and continuing cost of past wars. On the armament cost which is provoking another war can be cut. If the tax-payers object to a three-billion dollar deficit, it is time for public pressure on the President and Congress.

Henry Mittle was among the ranchmen that served as petit jurors, Monday.

## THE TALKING PICTURE

"A Tour Through the Ford Factory"

Thousands of people from all over the world visit the Ford plant every year. Now this vast industrial organization is brought direct to you by an intensely interesting Talking Motion Picture.

Come and see where and how America's most popular motor car is built. Only when you see and hear how efficiency, economy and craftsmanship have been put into volume production can you realize how so much extra value can be given in the Ford car without increase in price.

## Special Showing of Latest Ford Cars and Many Trucks

There are many other features on display that in themselves make this Special Ford Exhibit well worth a visit. You will learn about the safety of the shatter-proof glass windshield, the strength of the sturdy Ford steel-spoke wheels, the comfort of the Houdaille double-acting hydraulic shock absorbers, and the brilliance of the Rustless Steel.

Don't miss the new Ford De Luxe Body Types. Distinctive in line and color. Smart in their new appointments. Rich and luxurious in their interior trim and upholstery. You will be interested, too, in the reasons why so many manufacturers and stores have chosen the rugged Ford truck and the swift Ford delivery cars.

### LANDLORD LINES UP ON A. AND M. PLAN

BASTROP—Requiring every tenant to have a garden, and providing a "cook shack" equipped for canning for the free use of those who work his land, John Barton of Utley, Bastrop county, is lining up his tenant system on the Texas A. and M. College Farm Plan. He says: "Every tenant who tries earnestly to avail himself of this assistance in cutting the cost of production of his cotton and reducing the cost of living in this way will be looked upon with favor when time comes for renting land another year; those who do not avail themselves of this assistance and who cannot pay out at the fall settlement will be replaced with other families. The high cost of living or the cost of high living cannot hold up under present farm conditions."

The University of Texas College of Mines and Metallurgy at El Paso, has been recently expanded so that a four year college course is offered.

Range conditions in eastern New Mexico are the best in years, and it is estimated that thousands of heads of fat cattle will be shipped this fall.

Twenty-six graduates received their bachelor's degree from the Sul Ross Teachers College at Alpine, Texas, at the close of the summer school term, and one hundred and twenty teaching certificates were issued.

Fred Bruton was in the city Monday from the Gunn Stockfarm.

### THREAT OF FOREIGN COTTON COMPETITION IS OVER EMPHASIZED

AUSTIN, Tex., Oct. 6.—Texas farmers need have little fear that foreign countries will increase acreage and nullify their attempt at reducing cotton acreage, in the opinion of J. E. McDonald, commissioner of agriculture.

Foreign cotton producers are NOT in a favorable position to increase production to the extent that it would seriously affect this country's production, he said.

India, he pointed out, is the chief competitor of the United States, growing close to 5,000,000 bales a year, while the rest of the world outside the United States grows slightly over 8,000,000 bales. Because of the many difficulties confronting the Indian grower, it is not likely they will make any sensational increase.

First of all, the per acre yield in India is an average of 100 pounds to the acre—when southern cotton farmers have a hard time making a living with an average of 150 pounds to the acre. Indian farms, moreover, are underlaid with a deep-rooted wood, against which their usual farm implements are almost powerless; the natives do not know how to build up the fertility of their land; and use of poor planting seed is almost universal.

When cotton went to thirty cents a pound, India's acreage increased by only 20 per cent, and dropped by 15 per cent when cotton fell to seventeen cents a pound.

Russia plans to increase her production regardless, with a goal, under the five-year plan, of 3,500,000 bales a year—so an increase may be expected there no matter what the south does. China's 2,000,000 bales is less than she grew before the war, and as much as she is likely to plant next year because of famine, flood and political trouble.

Egypt is as sick as the south of over-planting. Legal restrictions have been passed, limiting the planting of the long staple variety for which the country is famous. Egypt has made the first move toward an international conference for stabilizing cotton. The conduct of the country when cotton was much higher in price does not indicate they will make any great increase in planting at this time, regardless of what the south does.

"The fact is," McDonald said, "an acreage reduction will help the south and put southern growers in a better position to compete with foreign growers in the future. It will promote diversification, keep down insect and plant diseases. That will mean, eventually, more cotton per acre and hence lower growing costs, and lower production costs will finally settle the struggle with foreign competition."

### CHEAPER RATION GIVES MORE MILK

GRAHAM—Shifting from a dairy cow ration that cost \$1.35 per hundred to one calculated by the county agent that cost only 80 cents per hundred, Carr Rutherford, dairy herd demonstrator of Indian Mound, Young county, obtained an increased milk flow on the cheaper ration at the same time that pastures were getting dryer. The first half of July on the \$1.35 ration the eight cows in the herd produced 1,814 pounds of milk, while the last half of the month on the much cheaper ration they produced 1,850 pounds. The mixture consists of 200 pounds each of finely ground wheat, oats, and barley, 100 pounds cottonseed meal, and 2 1/2 pounds salt.

### ECONOMIC PEACE MEANS WORLD PEACE

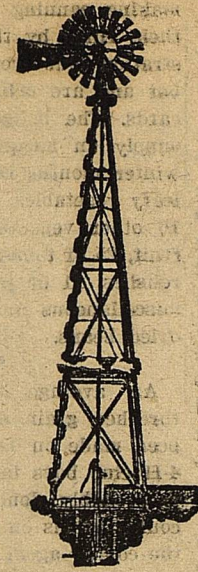

Economic peace must be the foundation stone of world peace. Any man who carries a gun does so because he is timid and frightened. The first step toward disarmament must be a restoration of confidence and of hope for the future. The Europe of 1931 is living from hand to mouth, from day to day. It is edgy and nervous and irascible. Men fight out of their misery and not out of their content. Debts and tariff barriers are burrs to prick the flesh and make for high-strung tension. These should go first.

After them we can begin more effectively to dismantle battleships and turn swords into plowshares. After all, before you can induce a man to turn his bayonet into a reaper you must give him something to reap, some present warmth of heart and some present warmth of heart and some palpable hope of future happiness and security.

H. M. Freund was attending district court Monday, from his ranch 16 miles southeast.

Those attending court here from Sterling City, this week were Sheriff Verne Davis, deputy; Sheriff S. D. Guinasin; Durham K. Durham; D. C. Durham; W. E. Stockton; W. F. Kelis and Ector Stockton.

### FIRE PREVENTION BEGINS AT HOME

In some European countries the owner of property where a fire originates through carelessness is legally responsible for any damage done to the property of others.

The principle behind the law is worth considering. It places the blame squarely where it belongs—on the individual whose carelessness or neglect is responsible for at least eight out of ten fires. We will never reduce the fire loss until we thoroughly understand that individual responsibility is the key to the entire problem.

This fact has been stressed time and again by public and private organizations. It has found expression in advertising, in the columns of newspapers, in speeches over the radio and from the platform. Our national fire loss averages close to half a billion dollars annually to which must be added the far greater yearly waste of ten thousand lives which fire destroys.

We must learn to guard our homes and places of business against fire. It must be made a regular household

duty, exactly as we light the furnace or rake the lawn. Poor wiring, refuse left in corners, careless disposal of cigars and cigarettes—these are little things in themselves but they may be the cause of a conflagration. The American people do not want such a law as the European one cited. And it should not take a law to awaken them to the responsibility which each citizen must accept if we are to control preventable fires.

### Insure Your Feed!

It will not sell for much on the market, but it has the same food value it has always had. The cost of insuring it is so small you can't afford to do without it. Let me tell you about it.

W. O. ALEXANDER

Mr. and Mrs. S. D. Harper were in the city Tuesday from the ranch. S. D. has never been able to walk since his burns in May, but is improving and is able to get about in automobiles.

F. B. Gunn is here this week looking after business on the farm.

## SPECIAL TRAINS TO BRING 50,000 TO SAN ANTONIO FOR W. O. W. AFFAIR

U. S. Senator Morris Sheppard, W. O. W. Treasurer, to Deliver Main Address

Special trains of Woodmen of the World members and their families from all sections of the United States and Mexico will bring more than 50,000 people to the formal dedication of the William Alexander Fraser Chapel and Bird Sanctuary, which will be held November 22 at San Antonio, Texas, according to W. A. Fraser, president of the Woodmen of the World with headquarters at Omaha, Nebraska.

Railroads have indicated that special rates will be offered from leading vicinities of the country.

The dedication program is to last three days. Leading speakers with national reputations have accepted invitations to make addresses during the program. The principal speaker on November 22 will be Senator Morris Sheppard of Texas, who is treasurer of the Woodmen of the World. Senator Sheppard is the author of the 18th Amendment and a speaker of national reputation.

A mammoth barbeque with pork, beef, and mutton products from the farm of the Woodmen of the World Memorial Hospital will be served without cost to the Woodmen of the World Pilgrims attending the dedication.

"Leading Church Dignitaries from all faiths will take part in the program," said Mr. Fraser. "The Woodmen of the World Chapel is a universal church in which every denomination will be represented. Regardless of religion, everyone can hold services in the Chapel."

President Fraser has announced the plan to a half million members of the association by which they

Senator Morris Sheppard

may earn their way to the dedication through the performance of service to the Woodmen of the World. The Woodmen of the World expects in this way to pay the expenses of several thousand members.

The Bird Sanctuary was built following a study of the Bok Tower and Bird Sanctuary in Florida and other such structures in various parts of the world.

The Chapel has a patio with a beautiful fountain especially designed, according to Mr. Fraser. The exterior of the Chapel is of Indiana limestone and of a unique architectural design. Dark oak with large ceiling beams are used in the interior. The main stained-glass window of the Church is a production of Tiffany of New York.

Another window of the Chapel contains an art memorial dedicated to the States in which the Woodmen of the World does business. Special landscaping has helped to make the Chapel one of the most beautiful structures in all of Texas. Phelps and Dewees of San Antonio are the architects.

THE SUCCESS  
 OCTOBER 9, 1931

When the City-Central Bank & Trust Co., of San Antonio, closed its doors rumors began to circulate that The Bevans State Bank at Menard would be affected. But they are two complete separate institutions and the Bank at Menard will feel no real injury. The Bevans Bank has always been a strong financial institution and will weather the storms of the present financial depression without sacrificing its friends and customers.

Plenty of work for every body in Schleicher County, and there is no need for any man to go without work. While the work is here, now is the time to do it and get it out of the way.

Don't blame any one for your financial condition, for if you have kept close tab on your self, you know what is the matter.

With a thousand cotton pickers in our midst and our city a living man of people every Saturday, Eldorado Merchants are seeing those good old days of the past, before the days of depression, and we hope before the holidays are passed and gone that the hard times will have been forgotten.

And now since "uncle Bill" has seen Eldorado with her Sunday clothes on, that is her paved streets, new business building and her glittering lights, he can tell his people at Sterling what a real town Eldorado is and not have to take The Success' word for it.

Great discussions are heard daily as to what brought about the depression, and it can be discussed from now until the next one comes and all minds will not be in harmony on the question. People cannot live in idleness and revelry without bringing on a depression.

The W. H. Williams well has found a new gas showing at 6,410 feet and it looks now like the Williams Well is liable to come in any time. The well is 18 miles north west of Eldorado in the corner of Irion county, and from former indications it is expected to make a producer between 6,000 and 7,000 feet. It is about 13 miles north-west of the J. A. Whitten well.

We have heard some good sensible people say that Hoover was to blame for the hard times and that the Republican party was to blame. We have witnessed them under both administration. It is the fast and wasteful lives we are spending. When we had it we did not save, now we need it and have it not. Aand blame somebody with our being without substance.

### KEEPING UP WITH TEXAS

Amarillo has the largest highway underpass in Texas. It is seven hundred and seventy feet long, connects two main portions of the city and carries the traffic of eight state highways. Three hundred carloads of steel and concrete were consumed in its construction, and it cost a quarter of a million dollars.

A Dalhart man recently offered to trade a house and lot for wheat at thirty-five cents per bushel.

A \$65,000 school building has been recently completed at Perryton, Texas.

A twenty-six inch gas line is under construction between Skellytown in the Texas Panhandle and the principal cities of Minnesota, Minneapolis and St. Paul.

Amarillo's American Legion unit, Hanson Post, with one thousand and twenty-eight members, is the second largest in Texas.

Feed water-melon was served to 1,500 guests of the Palo Pinto Watermelon Growers Association at a party given in Mineral Wells, Texas, recently.

The water mains in Canyon, Texas, are to be extended at a cost of \$18,000.

Tarrant County's tax valuations are \$190,000,000 for 1931.

Weatherford ships from twenty to thirty carloads of turkeys to the northern and eastern markets every year.

Haskell County now boasts its first paved highway with the completion

## ON TEXAS FARMS

By W. H. Darrow,  
 Extension Editor

More than half the farm families in Lubbock county are being helped in making canning budgets and getting them filled by the 252 home demonstration club women who have filled out and are using 4-H pantry budget cards. The budget for one person to supply an adequate diet through six winter months calls for 24 containers leafy vegetables, 24 starchy vegetables, 16 other vegetables, 30 containers of fruit, 25 of tomatoes, 11 of pickles and relishes, 11 of jelly and preserves, 10 miscellaneous and about 10 pounds dried beans.

An average of 2,725 pounds of threshed grain sorgums per acre has been made on 115 acres grown by 23 4-H club boys in Erath county, which is probably double the best previous county yields on such a large acreage, the county agent thinks. It is the first year pure line seed has been extensively used, and the land the boys used is unusually good.

Farmers in Deaf Smith county are feeding about 2,500 pigs shipped in from South Dakota a ration of whole wheat, cottonseed meal and tankage in self feeders.

By laying off 533,417 yards of terraces and spending 524 hours in building terraces for a grand total of 721,992 yards of terrace work on 69 farms, 31 Montague county 4-H club boys won the Texas terracing championship last year for the third successive time.

Joe Neil McNair, Madison county 4-H club boy, has produced a 270-pound pig at six months of age at a feed cost of \$3.65 by making full use of waste feed about the place. The ration consisted of skim milk, cane, table scraps, a little corn, and wheat middlings.

of pavement between Haskell and Stamford, Texas.

Three hundred thousand cans have been sold in Eastland County, Texas, this year for home canning and carrying out a live-at-home program.

Thirty-five men were provided with work at Ranger, Texas, recently when a rock crushing plant resumed operation after a several months idleness.

Stephens County, Texas, has one thousand producing oil wells and its principal city, Breckenridge, has eighteen casinghead gasoline plants in operation.

A Weatherford banker recently spun the thread and wove the cloth for the material out of which a local tailor made the banker a suit of clothes. Only thirty-five cents worth of cotton was used.

A two thousand barrel oil well was brought in near Hamlin, Texas, early in August, and two wells offsetting it have been spudded in.

The site for the proposed \$105,000 federal building at Big Spring has been secured.

The home demonstration agent of Floyd County, Texas, supervised the

 NEURALGIA, COLDS

Whenever you have some nagging ache or pain, take some tablets of Bayer Aspirin. Relief is immediate.

There's scarcely ever an ache or pain that Bayer Aspirin won't relieve—and never a time when you can't take it.

The tablets with the Bayer cross are always safe. They don't depress the heart, or otherwise harm you. Use them just as often as they can spare you any pain or discomfort. Just be sure to buy the genuine. Examine the package. Beware of imitations.

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylic acid.

**SAFE**

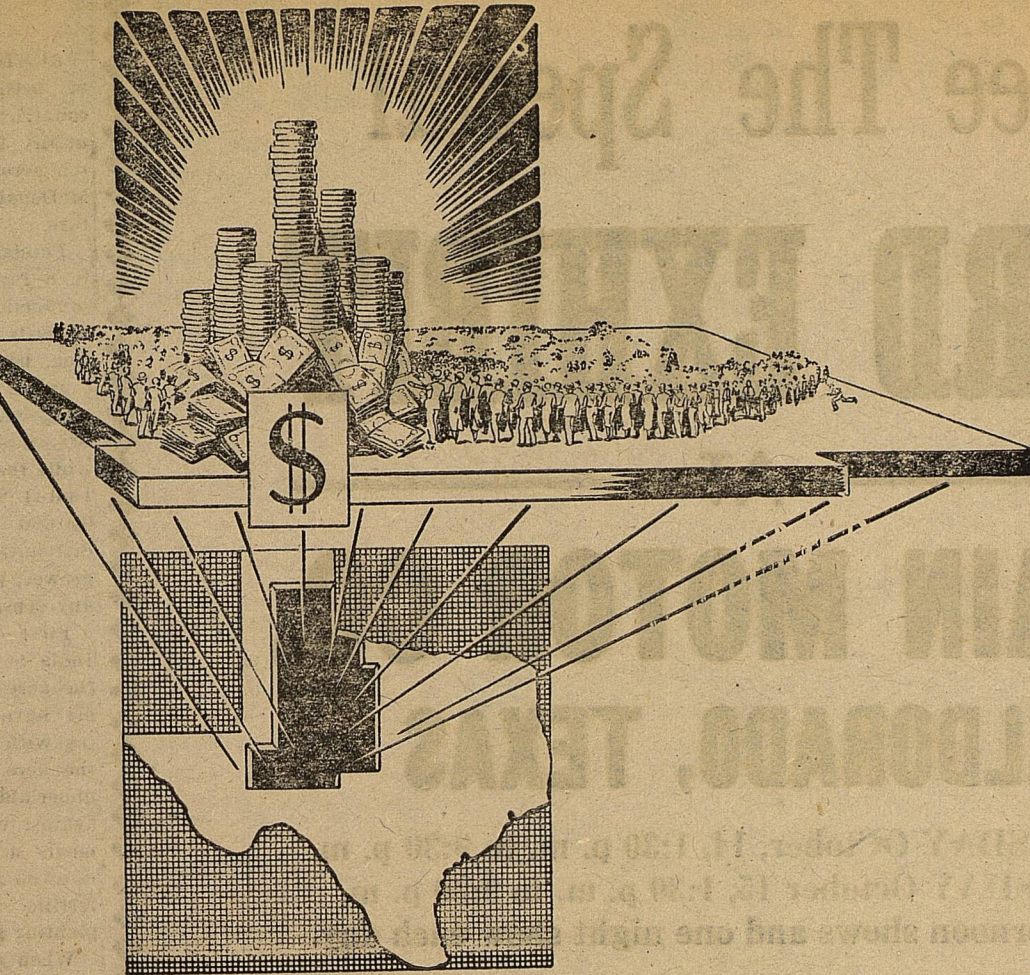

work of fourteen womens' clubs which canned four thousand quarts of vegetables during the present season.

The chamber of commerce at Spur, Texas, maintains a fully equipped canning kitchen for the free use of the public for canning the surplus food products produced this season.

All of the state highways in Hale County, Texas, are now paved with concrete, a total of sixty-seven miles radiating in four directions from Plainview.

A four year old Jersey cow owned by a farmer of Meadow, Texas, was recently designated a gold medal animal by the American Jersey Cattle Club, which is the highest distinction that can be given for production. The cow, Masterman's Pearl S, produced thirteen thousand pounds of milk and six hundred and seventy-five pounds of fat under test in one year.

Through irrigation, at a cost of one dollar per acre, a Bailey County farmer produced an average of forty-four bushels of wheat per acre as compared

## TWO MILLION DOLLARS PAID IN WAGES AND SALARIES...

A REAL CONTRIBUTION TO WEST TEXAS PROSPERITY

PROVIDING a livelihood for over 1,200 employes . . . many of whom are your friends and neighbors . . . the West Texas Utilities Company has contributed to the prosperity of West Texas, for the last three years, an annual payroll of over \$2,000,000.00.

Two millions of dollars is a powerful agency toward the stabilization of business conditions. . . Its expenditure means a substantial amount of trade for retail stores, grocers, laundries, doctors, dentists, and commercial establishments of all kinds.

Only the continued expansion and development of the West Texas Utilities Company has made possible the building of this payroll. Through efficient management and economical operation, this company has expanded its facilities, reduced rates and stimulated the industrial and agricultural development of its territory. To carry forward these important projects, the assembling of a loyal, enthusiastic and hard-working corps of native West Texan employes has been a logical outgrowth.

These employes are genuinely concerned over their company's activities. They are working for West Texas . . . its growth and development . . . just as you are working toward the same goal. To co-ordinate our activities is the constant aim of the West Texas Utilities Company.

Every dollar you spend for electric service . . . and more! . . . has, for the past eight years, been re-invested in the future of West Texas. Payrolls alone, for construction and operation, are equal to 30c out of every dollar you spend for electric service—a sum which goes back into this "Land of Opportunity" in salaries and wages paid to West Texan employes.

### Do You Know?

. . . that if you are an average user of domestic electric service you can increase your use and enjoyment of the comforts and conveniences of electric service by three times, and only increase your total bill by approximately 10c a day? This is made possible through a major transmission line electric system and an organization accustomed to doing large things in a large way.

## West Texas Utilities Company

## Telephone Service

When your Telephone Service is not what you think it should be, Telephone us at once. We deem it a favor, as we are prepared to render GOOD SERVICE.

And anxious for you to have good service.

Johnnie Fern Isaacs—7 A's

DEBATING IN ENGLISH IV

By Hollis McCormick  
The last two weeks the English class has been studying debating. In addition to studying it out of the book the class has had a debate each day. Miss Allen acted as temporary chairman until Lucille Oglesby was elected chairman by the class. Subjects were suggested for debate for the following

day.  
Carl Kerr and Gusta V. Graves were chosen leaders and they chose sides. Those on Carl's side were Morris Bricker, Bernice Bricker, Vera Blaylock, Clydia Pruitt, Pauline Kent, Grace Ratliff, Vance Morgan and Hollis McCormick. Those on Gusta V.'s side were Dixie Faught, Lola Davis, Francis Ballew, Bernard Carr, Pauline Rape, Bell Sample, and Lawrence Morgan.  
Miss Allen acted as standing judge through out the debates while one was chosen from each side by the chairman. To give you an idea what we debated on I will name a few of the subjects; Resolved that school should be turned out a month in Eldorado so the students could pick cotton and resolved that each student's standing should be read at the graduation exercises.  
Mr. Holt was our only visitor and when asked to give criticism of the debate he replied that he was not a critic although he gave two or three good points to a debator such as naming example about a certain question.  
A new secretary was elected each day to write up the minutes of the day.

We learned a great deal about debating in carrying it out in this manner and I am sure that some will make good future lawyers from the way they debated, if given a little more practice.

JOKES

By Hassell Ratliff  
Mr. Holt: "Have you done your outside reading, Harold?"  
Harold: "No, sir, not yet, it's been too cold to read outside."  
Fools ask questions wise men can't answer. That must be the reason so many of us flunk out on exams.  
John Alexander: "Why is history so hard?"  
Clifford Archie: "Well, we've had a stone age, a bronze age, an iron age, and now we're in a hard boiled age."  
Coach: "Are you going to have dinner anywhere tonite?"  
Miss Bradshaw (eagerly): "No, not

that I know of."  
Coach: "Gee, you'll be awful hungry by morning."  
Miss Allen: (during lecture): "Bell will you please refrain from making that noise! You are preventing the whole class from sleeping."  
Albert: "Robert why are you looking back at that girls so?"  
Robert Reinhardt: "Oh, I was looking back to see if she was looking back to see if I was looking back to see if she was looking back at me."  
—E.—H.—S.—

NEWSPAPER CLUB

By Elnora Andrews  
Tuesday afternoon the Newspaper club met in the typing room for their first meeting. Mr. Smith took charge and appointed Elnora Andrews as temporary secretary. He appointed Jack Ratliff, Thelma Taylor, Junior Isaacs, Hassell Ratliff and Anna Ruth Spurgers to find a name for the club.  
Mr. Smith brought before the club whether it should be divided or not, who finally decided not to divide it. Officers were elected as follows: Gusta V. Graves, Editor-in-chief, Lucille Oglesby, Assistant Editor, Hassell Ratliff, Joke Editor, and Jack Ratliff, Sports Editor. The Newspaper typists were temporarily elected as follows: Junior Isaacs and Thelma Taylor. The rest will be elected next time.

SPANISH CLUB

By Bernice Bricker  
The Spanish Club met at the Club period on Tuesday afternoon and organized for their work. The following are the members: Clifford Archie, Margaret Bradley, Bernice Bricker, Dixie Faught Lillie Bell Kent, Luther Kent, Pauline Kent, Karl Kerr, Clydia Pruitt, Grace Ratliff, A. J. Roach, and Margaret Sheen.  
Miss Meyer gave the expressions and words for use in the club and the club was organized.  
Los funcionarios son: Grace Ratliff, la presidente; Bernice Bricker, la secretaria y reporter; Karl Kerr, el presidente; Margaret Bradley, la tesar-

era. El comision para nombre es la senioriat Margaret Sheen y la seniorita Pauline Kent. El senior Luther Kent y la seniorita Dixie Faught escogeran la flor y el calor. La president, y las senioritas Meyer y Clydia Pruitt escogeran las programmas.  
Some games were played and words made from the name "Cristobal Colon" Te cierra la session.

PEP SQUAD

By Anna Ruth Spurgers  
The Eldorado Hi School has chosen Elnora Andrews for their pep leader. They yell everyday at noon and practice new stunts to perform during the halves of the coming games. Most of the girls have their pep squad suits, and they are hoping that the rest will get theirs. The girls try to be at every game and yell for the boys. The pep squad includes: Elnora Andrews, Lucille Oglesby, Dahlia Fae Johnson, Ruth Nix, Anna Ruth Spurgers, Thelma Taylor, Roberta Milligan, Jess Ella Johnson, Dixie Faught, Inex Cobb, Loleta Andrews, Pauline Rape, Grace Ratliff, Fae Keeney, Isabell Isaacs, Lucille Clements, Evelyn Anderson, Ruth Clark and Nell Campbell.

FOOTBALL ACTIVITIES

By Hollis McCormick  
Coach Williamson is preparing his team for this Saturday's game with Menard both on the defense and offense. As it was noticed the first game with Rankin there was only two passes, thrown. On one of these passes about fifteen yards was made. The rest of the yardage was made by line plunges. The last game with Menard passes were tried and we made considerable gains. Odon held Rankin to a tie of 0 to 0 and also had seven Dixie Faught letter men and two or three players from the oil towns. But how we did pass them up! Just to think of a score of 20 to 0. It was wonderful!  
Tommy played a beautiful game and so did Bull who pulled two or three men with him for about four feet every time he got the ball. Junior Isaacs is a promising young man who has already got our appreciation for quite a few plays which he has made.

Tuesday evening they had practice realizing the advantage we have in having Miss Karr as an instructor. We were playing defensive center while the offensive center, Jack Ratliff, was trying to keep Sharp from going through some way or another and Jack's eye made contact with Sharp's fist and later turned black and blue.  
The lineup for the Menard game Saturday will probably be as follows: Jim West, left end; Jack Smith, left tackle; Bernard Carr, left guard; Jack Ratliff, center; J. R. Conner, right guard; Carl Kerr, right tackle; Hollis McCormick, right end; and Albert McGinty, Jack Kerr, Junior Isaacs and Lefty Smith in the backfield with Lefty calling signals.  
We made a wonderful showing with the ticket sale of the Menard game in the last year, mostly freshmen. The people around town have heard about our fighting or I should say winning team and they want to see it. Another thing too was the way in which the game was advertised. A large sign on the corner of the old picture show building which was put there by one of the pep squad girls and one of the football boys told everyone just what it was and when it would happen and how much it would put them in debt.

The turning posts were very fancy in their decorated barrels. Sings were on the sidewalks where you just had to read them or stumble over them. The girls and boys really did go in for ticket selling and no fooling. If they were turned down by someone's, "Oh, passes, thrown. I don't want to see you get beat", they just came back with, "Don't kid us, we're not going to get beat." Don't ever bet against the home team or you'll get beat.  
—E.—H.—S.—

THE CHORAL CLUB

By Dahlia Fae Johnson  
The choral club has been having its regular meetings on Tuesday's and Thursdays from three twenty until four. Due to the extra period added in high school on Tuesday's the Choral Club will meet at four o'clock on Tuesdays instead of three twenty. The girls have certainly taken a great interest in the club work. They

realize the advantage we have in having Miss Karr as an instructor. We have had only a few absentees, and they have brought their written excuses, which is a requirement of the club.

GIRLS BASKET BALL

By Anna Ruth Spurgers  
The girls have started their practicing for the games later on, and which they hope to be successful. Miss Allen has taken charge of the team. Of the last years team there are only six players including Margaret Bradley, Lucille Oglesby, Anna Ruth Spurgers, Frances Ballew, Evelyn Anderson and Pauline Rape. There are many more in the team this year that were not in the last year, mostly freshmen. The freshmen are Jinnie Logan, Zona Claire Koy, Zella Mercer, Josephine Wall, Margaret Hill, Louise O'Larrow, Celeste Tisdale, Gussie Nolen and Aethea Faught. The upperclassmen are Thelma Taylor, Francis Ballew, Frances Mills, Lillie Bell Kent, Margaret Bradley, Pauline Rape, Melba Jones, Gusta V. Graves, Lucille Clements, Lucille Oglesby, Ruth Nix, Anna Ruth Spurgers, Evelyn Anderson, Nell Campbell, Lola and Mary Lee Davis, Aurora Willis, Vera Blaylock, and Dixie Faught. Out of this group we should be able to get a real first class basket ball team. Be at the games and watch them play.

PIONEER MUSIC CLUB PROGRAM

Meets Oct. 15, 1931.  
"Analysis of Pitch Notation"  
Introduction: Mrs. C. M. McWhorter  
Rythm Notation: Mrs. Otto Williams

BIG BUSINESS AND THE DEPRESSION

The first of what promises to be a long line of wage cuts by the country's greatest industries, proves that big business has not escaped the pinch of the depression. In all probabilities the step was inevitable; in fact, the lower cost of living may have warranted an adjustment of wage scales fixed when a dollar was worth

so much less than it is today. There are other defects in the organization of big business, however, which demand adjustment to a new condition.  
Before golf took so much of the time of big business executives, and before the unprecendented wave of prosperity fact, the lower cost of living may have warranted an adjustment of wage scales fixed when a dollar was worth

did a fairly good job of running a pretty big company. In time a vice president and general manager was put behind glass doors to relieve the president of some of his burden. Then came the prosperity hysteria—quite the counterpart of what we know as the depression hysteria. Presidents were made chairmen-of-the-board with higher salaries and less work. The vice president and general manager was made president and given a raise. The position of executive vice president was created, in order that a man in authority might be found on the job while the chairman of the board and the president settled a dispute on the golf links. A vice president was placed in immediate charge of every department of the company's business and, so that he could perfect his game against the time when he, too, would be a president, they created the position of assistant vice president. This expansion of executive organization worked so well there was hardly an hour of the day when you couldn't find an assistant vice president somewhere on the properties of a great business enterprise.  
Back in the "money days" this was

DR. BRINKLEY'S NEW STATION HEARD IN ELDORADO

The Success editor picked up the new broadcasting station of Dr. Brinkley, which has been installed at Villa Acuna, Mexico. The Station was just being tested for its regular opening October 21. The Station was on 736 Kilocycles and the announcements, were in English and Spanish. Dr. Brinkley was put off the air in the United States by the Federal Radio Commission. He formerly operated a Station at Milford, Kansas.  
The New Station came in clear and will be easily picked up in this portion of Texas, but is strong enough to cover the United States and Mexico. XER the "Sunshine Station" are the letters and name of the New Station.

NEW RECORD SET IN JURORS' FEES

Elissa Landi Tried Before Highest Paid Dozen, in "Wicked"  
A new high rate for juror's fees was established during the production of the Fox Film, "Wicked," starring Elissa Landi and opening Friday at the Ritz theatre.  
Likewise a new standard for screen jurors was set with an even dozen of famous stage and screen players enacting the roles of jurors.  
Debating as to the guilt or innocence of Miss Landi, on trial for an attempt to kill a detective while she was protecting and concealing her husband from the officers of the law, the jurors who sat in and decided the fate of the young wife were:  
Oscar Apfel, famous for years on the screen as a director and star; John Elliott and Spike Rankin, rated as two of the screen's leading character players; Claire MacDowell, who has mothered every famous screen star; Eddie Phillips who was featured in the Collegian series; Geneva Mitchell, former Ziegfield Follies star; Harry Dunkinson of Mack Sennett comedy fame; Clarence Wilson, the sheriff in "The Front Page"; Tom McGuire who played character leads in many of F. W. Murnau's screen productions; Eva Dennison, former stock star; Edward Eberle and Joe (For) Brown.  
Ordinarily jury duty on the screen merely means occupying a chair and saying nothing.  
In "Wicked," however, each juror has lines to speak as they are of vital importance.  
In addition to the jury mentioned it is apropos to write that the judge, who charged them on the legal points of the case was Frank McGlynn who starred several years in the stage production of "Abraham Lincoln." Victor McLaglen, Una Merkel; Allan Dinehart and Theodore Von Eltz head the supporting cast of "Wicked" which Allan Dwan directed.

TERING OF EXECUTIVE PERSONNEL MAY HAVE BEEN AS COMMENDABLE AND PROPER AS THE WATERING OF STOCK; BUT IN 1931 IT MAKES TOO GREAT AN OVERHEAD FOR STRUGGLING INDUSTRY TO CARRY. ADJUSTMENT TO PRESENT DAY CONDITIONS SHOULD NOT BEGIN AND END WITH THE WAGE EARNER AND SMALL-SALARIED OFFICE MAN. THE SUPERSTRUCTURE OF BUSINESS NEEDS A WORKING-OVER, TOO.

Mrs. R. T. Crain made a business trip to San Angelo Monday of this week.  
Mesdames Sam E. Jones, Lewis Whitten, John Williams and H. T. Finley spent Tuesday in San Angelo.  
Mr. and Mrs. Geo. Caraway and family of Station A were shopping in the city Saturday.

### STATE FAIR OF TEXAS

DALLAS, Texas, Oct. 8.—Everything is in readiness here for the opening on Saturday of the 45th annual State Fair of Texas, on what promises to be the greatest exposition in the history of the institution, it has been announced by T. E. Jackson, president.

Two departments of the State Fair will stand out above all others this year—the Agriculture and Livestock. Both of these shows have more entries and better quality displays than have ever been shown before in Texas. The agriculture show bids fair to be one of the greatest displays of farm products ever assembled in one State Show before.

"Three Little Girls," a musical romance produced by the Shuberts come to the State Fair auditorium after long runs in Chicago and New York, as the chief amusement feature. It will be presented for 25 performances. "Three Little Girls," brings to the South for the first time the sensational revolving stage, which makes it possible to present in this production a cast of 104 people and 16 scenes. It takes a total of 40 men to handle the stage and scenery for the production.

The first annual Pavilion Show—a combined circus and contest rodeo, will be presented in the Livestock Arena, while on the Midway, the Beckmann and Gerey's Worlds Best Shows and the State Fair Permanent Rides will provide the entertainment.

A full schedule of football games has been booked which will include 3 major inter-sectional clashes, nine inter-scholastic games, and 2 negro football games. Texas A. & M. and S. M. U., will meet out of state teams on 3 Saturdays of the fair.

"We believe we have the greatest exposition ever offered the people in this section of the country," Mr. Jackson said on the eve of opening. "All of our directors have worked hard to give the people the best and we believe we have done better than usual."

A football game between the University of Mexico, City, and the S. M. U. reserve team, is expected to attract widespread attention at the 45th Annual State Fair of Texas, Oct. 10 to 25. The game will be played in the 46,200 seat stadium at the Fair on the night of Thursday, Oct. 15.

L. Kent was in the city Tuesday, enjoying the cotton market.

### HI-LEAGUE PROGRAM

October 11, 6:30 p. m.

Margaret Hill; Leader. Song No. 2 (New Cokesbury) Unison call to worship, followed by prayer. "Sunday a Different Day"

By Leader No. 135 (New Cokesbury) "What was Christ's Attitude Toward the Sabbath?"

Zona Clare Koy "Sunday Duties and Play"

J. R. Conner No. 175 (New Cokesbury) read by leader

Discussion on Topics Mrs. J. D. McWhorter League Benediction.

J. Tom Williams was in from the ranch Tuesday buying supplies and meeting friends.

Otto Sauer was among the ranchmen in the city Tuesday, looking after business.

The World Series have been worrying Judge Bradley considerable and Thursday morning it was hard to tell just who would win.

If you have any bargains to sell, let the people know it. The business that thrives is the ones that advertise.

The State Fair of Texas will open at Dallas Saturday. We regret very much our inability to attend, we do not deem it necessary to explain why. Those that know us, know why and those that don't know us, don't give a darn.

Hense Matthews was in the city Tuesday.

Rex Mc Cormick was in the city Tuesday.

The Grandjury was called back Monday to investigate the giving of a bad check, but found no indictment.

Come Saturday, Oct. 10th 3:00 p. m. and buy Ice Cream Cones of the Juniors of M. E. Church on the Streets of Eldorado.

Money to be used on church debt.

Jess Koy was in the city Wednesday on business.

H. M. Freund was in the city Monday from the ranch south east of town.

### BUGS LIKE THESE

A visitor to an insane asylum saw a guard in charge of about a hundred inmates out for exercise. The visitor inquired of the guard if he was not afraid of being attacked by one of the lunatics. The guard replied: "No, I can lick any one of them." "Yes," said the visitor, "but suppose they all attack you?" "Oh, there is no fear of that," said the guard. "It would require organization, and the only people who do not organize are bugs like these."

### FAMOUS PRONOUNS OF HISTORY

I — Mussolini.  
WE — Lindbergh.  
US — Siamese Twins.  
IT — Clara Bow.

### ONE OF A THOUSAND QUESTIONS

Teacher—"Why do we use soap?"  
Johnny (feelingly) — "That's what I'd like to know."

The mosquito is queer. He never begins to bore you until he becomes silent.

Bessie had a new dime to invest in an ice cream soda. "Why don't you give your dime to the missions?" said the minister, who was calling. "I thought about that," said Bessie "but I think I'll buy the ice cream soda and let the duggist give it to the missions."

### TAKING NO CHANCES

A stranger asked for a ticket to Buffalo, handing in a \$20 bill. "Change at Albany," the clerk said. "None of that now," replied the stranger. "Oh want me change right here."

### ANOTHER MORAL

It was the first real snowstorm of

the year and the teacher felt it her duty to warn her pupils before she dismissed them.

"Boys and girls should be very careful to avoid colds at this time of year," she began solemnly. "I had a darling little brother only seven years old. One day he went out in the snow with his new sled and raught rold. Pneumonia set in and in three days he was dead."

The schoolroom was so quiet you could hear a pin drop. Then a youngster in the back row asked: "Where's his sled?"

### TIPS, FEES, ETC.

"I really don't know how to express my appreciation," said the cousin. "Well, you see," answered the lawyer, "since the Phenicians invented money a man does not have to worry over that question any more."
