Shipment Of Fall Mohair Completed; Advance Of \$225,000 Goes To Growers

(Kerrville Sun)

Account sales slips approximating \$225,000, covering 1,324,000 pounds of fall mohair shipped out last week, were being mailed Wednesday by Schreiner Wool and Mohair Commission Company.

Within the next day or two this mohair money will be in the hands of growers in the Kerrville area, and will serve as a stimulus to better business conditions generally. The returns to mohair growers represent advances of 15 cents for grown hair and 35 cents for kind hair made by the National Wool Marketing Corporation.

Twenty-seven cars were required to move the fall clip held by the Schreiner Company, which was the largest single accumulation in the mohair pool of 7,000,000 pounds taken over by the co-operative marketing organization, a unit of the Federal Farm Board.

A new record for handling the stored clip here was set this season, when the 27 cars were loaded out in four days. The cars also were the heaviest loaded ever to move out of the Schleiner warehouses, an average of 150 bags being placed in the cars. Twenty-four of the cars averaged 50,000 pounds and three others averaged 37,000 pounds.

About 10 per cent of the Kerrville accumulation was kid hair, it was announced.

The Southern Pacific Lines moved the mohair shipments to Houston and Galveston. From these ports, the cargoes will be handled by steamers of the Morgan Line to destination at Philadelphia and Boston.

Felix Susen was a business visitor in the city Tuesday.

Mrs. Jim Hoover, accompanied by Mrs. L. T. Barber, spent Thursday, October 15 in San Angelo.

The Stanolind Oil & Gas Co.'s No. 1 W. H. Williams, 18 miles northwest of Eldorado, was shut down Wednesday at 6,725, for repairs. They had encountered a slight showing of Gas and Oil in white sand, early in the week and should be drilling again as we go to press.

SCHOOL ROOM REPORTS

Miss Ashmore and some of her students were gathering up boards at recess. We didn't know whether they were to build a fire with, or to keep order in the school room.

Monday afternoon we noticed Pearl Faught winking at Howard Faulk. We wondered if this is getting serious.

Carl Stevens turned in his resignation as the assistant editor of school news. His alibi was that there was too much work. We suppose he loses too much sleep over this problem. We know he isn't afraid of work because he can sleep with his head on his book.

J. T. Kerr was elected by the students to take Carl's place.

THE SUCCESS
 FRIDAY, OCTOBER, 23, 1931

Coach Dave Williamson is to be congratulated for the splendid work he has brought out in our football team this year. He has a team that plays together well and all play to the finish, and so far this season he has been able to play most all the team in some of the games. The Success not only congratulates the coach but the team as well. They have the right spirit to win and are bringing home the bacon. The game played Saturday makes them winner of this half of the conference district. They go to Sonora next Saturday.

From the amount of hogs being brought to Eldorado the past 10 days, it seems like that some of our neighboring counties have been going back in the hog business. There is plenty of feed in Schleicher county to fatten most any amount of hogs that can be brought here.

Then again it means spare-ribs and backbone for our farmer families and good living at home.

If the continued fair weather holds on for two or three weeks longer the cotton crop in Schleicher County should be near completion, and if the present rate of ginning holds up, we will have ginned about 6,000 bales. It will take about 3 more weeks of heavy picking to get the large end of the crop picked.

While the United States government and Great Britain are in conference trying to keep China and Japan out of war a news dispatch from Washington has the following head lines: "War Department After Planes To Outspeed Those of Britain." These planes are to be ready for service within eight months. We cry for peace when there is no peace.

The Sonora Coach and part of his team were up to witness the football game between Eldorado and Rock-springs, Saturday. The Eagles go to Sonora next Saturday for their first game for this year. Quite a few fans are going down to witness this game.

Another thing we think Coach Williamson should do is to get "Bul" a new pair of trousers before the next game, in fact they should be re-enforced.

The Methodist Church is having an old time singing every Wednesday night. And are learning some new songs as they go along. Come sing with them.

About 400 bales of cotton is being transported to Corpus Christi this week by truck, sent here from Corpus by cotton buyers, which gets \$3.00 per bale for the haul. Just how they get by the law on these hauls is hard to find out. A law that will allow freight to Corpus Christi at 60 cents per hundred, and the same law have an Eldorado merchant to pay 50 cents from San Angelo is unjust and in favor of

"THIS AND THAT"

By Jimminy

About this fellow Murray: the man has a way. He's different, pleasingly different, from the ordinary run of governors. When he was campaigning for the governorship of Oklahoma he lived on cheese-cracker sandwiches and hitch-hiked over the state to deliver his speeches. People snickered and said he was just an old fossil trying to climb his way to the governor's chair. He was taken lightly by most people outside the borders of his own state. But he clicked and now he's the governor of Oklahoma, and has an eye on the president's seat—believe it or don't.

He taught our own portly Governor Sterling a few things the well-informed governor should know. He was won the respect of editorial writers throughout the nation. The man has a way!

Last week when Governor Sterling by military order, closed down five oil wells in the East Texas oil fields in defiance of a Federal court injunction, he got his cue from Governor Murray. Alfalfa Bill knows his constitutional law—that much he has proven.

Instead of being the ignoramus people credited him with being, he appears to be a man who has given much study and thought to governmental offices and duties. Obviously, he has had political ambitions for a long time, and long ago set about to equip himself for such offices as would afford him opportunity to put his theories into practice. Whether or not a public servant, who has given much study and thought to the duties of a public officeholder is better than one who has given no thought whatever to the office, other than the glory of the title, makes a better executive is open to question. But William H. (Alfalfa Bill) Murray is not doing a bad job of being governor of Oklahoma.

It's the custom of the Democratic party to put a candidate in the race for president every four years. The time for another candidate will soon roll around again. Alfalfa Bill Murray is a native Texan, delightfully American, a Democrat of the people and for the people. Why not lead him to the slaughter?

B. F. Denton, of Kerrville, a brother-in-law to Geo. Williams, and an uncle of John and Joe Williams, was visiting here this week. "Uncle Ben" has lived at Kerrville all his life. His stay in our city has been pleasant. He finds a friendly people here and enjoyed meeting them.

A CORRECTION

Mrs. J. N. Davis received word Saturday, October 10 that Mr. and Mrs. Dobbs Locklin had a baby girl, named Patsy Joe, and born at Liberty Hill, Texas.

The big boys and detrimental to the general public. The country would be better off if Texas did not have a railroad Commission.

The cotton movement from Eldorado this week of 400 bales by truck, takes about \$150.00 of money that should have been paid to local labor and about \$1,000.00 to the local railroad.

These Annual Dividend Checks
 have reduced Your Electric Bill

60% since 1923!

AS an electric customer of the West Texas Utilities Company, you have received each year a substantial dividend—paid to you merely because you are a user of electric service! These annual dividends, in the form of reduced rates for electric service, have been made possible through efficient utility management, finance and operation. Since 1923, the year in which the West Texas Utilities Company was organized, these rate reductions have saved customers of this company a stupendous sum.

The West Texas Utilities Company has been in existence as a corporation for nine years—and during this time the average electric rate of the territory served has been reduced over 60%. You have reaped the benefit of this substantial reduction—by way of a lowered bill or through a greatly increased use and enjoyment of the comforts and conveniences of electric service.

In past years, many of you paid as high as 20 cents per kilowatt-hour for electric service in your home. Reductions made in the domestic or residential rate alone have amounted to 53%, and you are now receiving a more dependable and higher type of service at an average rate of less than 6.5 cents per kilowatt-hour. When you realize that this reduction has been accomplished in the short span of nine years, and that it has been made in a territory of small and widely scattered towns and communities, you will appreciate the magnitude of the task accomplished for you by the West Texas Utilities Company.

Electricity is your cheapest servant. It will work for you hour after hour—day after day—for an entire salary figured in pennies! Under the present modern rate schedule of this company, your additional use of service is billed at a surprisingly low rate, and adds but little to your regular bill.

Do You Know?

- ... that electric service is the only item in the household budget that has decreased continuously since 1913?
- ... that the cost of electric service represents less than 2c out of every dollar of the average family's household expenses?

BOYS' GLEE CLUB

By Junior Isaacs

There have been many questions asked about the various noises, wails, and queer sounds that have been issuing from the auditorium every Monday morning at 7:45. People have been wondering if John McCormick or Eddie Cantor and a few of their cohorts have come to Eldorado to practice their singing. However it is only the Boy's Glee Club.

There are at present only six members, but more are expected to join.

The Boy's Glee Club has been meeting every Monday morning at seven forty-five, but it has changed to Friday morning at seven forty-five.

The members have good voices, and are expected to develop into good singers. They have been learning two songs. They are "Eagles, Eagles," and "Three Men Went A-hunting."

There have been few improvements so far, but those taking part have been having a good time.

The members are Miss Karr instructor, Jack Ratliff, leader. Others are Edward Cox, Hollis Alexander, Hollis McCormick, Gerald Gafford and Junior Isaacs.

The Bookkeeping class has been studying about accounts receivable and invoices. Also learning how to write checks. We have completed one practice set and started on another that is some what deeper problems.

The Physics class is composed by Bernard Carr, Bell Sample, Max Leaman, Jack Kerr, Clydia Pruitt, Ell Thompson, Jack Ratliff Carl, Kerr, Albert McGinty, and Hollis McCormick.

We have been studying about weights, screw and wedge, incline plane and fulcrum. The other day something was said about earthquakes and Jack Ratliff spoke up, "Coach, I discovered why we have earthquakes, for it is slipping of rocks underneath the earth."

Coach, "Why certainly that has been known hundreds of years."

The Solid Geometry class has been making some figures with 4, 8, 16 and 20 sides. They are not so hard to cut out for I don't think most of them had forgot how to cut paper dolls but trying to put these figures together is some problem itself.

English IV class has learned that there are a few kinds of speech this past week. They also reviewed their knowledge of scansion of poems as well as writing original poems.

PHYSICAL EDUCATION

By Thelma Taylor

As we all know at school, Mr. Holt made an announcement about every one having to take part in physical education of some kind. This announcement was made at the first of school and as some of the pupils did not take part in this it is now being enforced where we (we referring to girls) have to take part in physical education at one of our study Hall periods once a week. A teacher will have charge of this activity. This will add one fourth of a credit to our other credits if we ever get any others.

CHAPEL PROGRAM WEDNESDAY

OCTOBER 14

By Anna Ruth Spurgers

Miss Karr was in charge of the program last Wednesday morning, the Girls and Boys's Glee Clubs singing two selections—"Croon, Croon Underneath de Moon," and "Eagles." Three pupils from grammar school, Roseland Jones, Betty Jo Whitten, and C. F. Jones, dressed as pumpkins sang "Song of the Jack 'O Lantern." The Dramatic Club gave a Spanish play, Hollis Alexander, Isabelle Isaacs, Helen Craddock, Pauline Rape, Ovida Faught, Dahlia Fae Johnson, Mary Delle Williams, Lola Davis, Aris Carr and Fae Keeney taking parts.

Since Wednesday October, 21, is "Pop" day, the Rado Pep Squad under the direction of Misses Meyer and Turney shall give a pep rally. Every one is cordially invited to attend this and every other program of this year.

A TIP FROM "THE CAR DRAMATIC CLUB"

By Lola Davis

Toot! Toot! "Watch the CAR-GO". Perhaps you will know more about the preceding statement when you notice the members of the CAR dramatic club wearing a little Austin around on a pin. Just a moment! Perhaps I had better begin at the beginning and tell all about it.

The Dramatic Club met for the serend time Tuesday. The first thing that was done was to elect officers. With Miss Karr acting as chairman, Dahlia Fae Johnson was elected president of the club. Dahlia Fae took charge and Isabelle Isaacs was elected secretary and Hollys Alexander and Lola Davis reporters.

The club is very glad to have Miss Karr as its instructor. In fact, so glad that the club was named for her, being "The Car Dramatic Club." It is also chose "Watch the CAR-GO" for its slogan and the little Austin for a symbol.

We, like the little Austin car do not have to be cranked and choked to get started. In the very first meeting, "The Sale of the Cabaret" was started. Everyone is already very interested

in the club work and really want to "get there".

AN ESTIMATE OF OUR SENIORS

By Thelma Taylor

Gusta V. Graves: It's nice to be natural, if you're naturally nice."
Lucile Oglesby: Pleasant to look at, joyful to meet, dandy to talk to, and hard to beat!"

Albert McGinty: In football he was noted. On sarcasm he just doted. Carl Kerr: If silence were golden, then Carl would be a pauper.
Grace Ratliff: Listen well when she speaks for her words are few but they bear meaning or I should say men-ance.

Hollis McCormick: Happy am I from care I'm free. Why aren't they Carl contented like me?
Pauline Rape: Bashful? No, it doesn't pay.

Vance Morgan: If all the world were wise, How lonesome I would be.
Dahlia Fae Johnson: She's a peach, she's a dream, but for some reason she won't yell with our pep squad team.

Pauline Kent: Pretty, jolly, curly hair, neat always happy and I think, that will get it.
Melba Jones: Great fun in basket ball and studious scholar.
Francis Ballew: Preparedness is success.

Bernard Carr: Quiet and studious but slow in speech.
Dixie Faught: Independence personified.

Evelyn Anderson: Friendly, capable, and sincere.
Lawrence Morgan: Don't judge the contents by the size of the package.

Bernice Brilker: She's bound for the scholarship and success.
Morris Bricker: He's quiet at times but few are the times.

Clyda Pruitt: Quiet and a great history student.
Ellie Thompson: She's smart and gets along fine.

PEP SQUAD RALLY DAY

By Thelma Taylor

On Wednesday, October 22, 1931, the pep squad have a program in Assembly. All of the Pep Squad wore their pep squad dresses all day. We are all very proud of our uniforms and very soon we will have head bands with E. H. S. on them. The girls first formed a line in the assembly hall on either side of the middle row of seats. Then singing a song called "Those Eldorado High School Eagles," which is to the tune of "Stars and Stripes Forever," they marched to the front of the Hall where seats had been reserved for them and sat down. Elnora Andrews, Albert McGinty and Fae Keeney all gave talks pertaining to some topic in regard to football. Then the whole school gave a yell and then the smaller children were allowed to try their skill. After this the Pep Squad marched upon the stage and gave some yells which concluded (thought I was going to say ruined didn't you?) the program.

VICTORY OVER ROCKSPRINGS

By Thelma Taylor

Mr. and Mrs. Doc. Kerr gave a party in honor of our victory in football over Rocksprings, Saturday, October 17, 1931. We had all the popcorn we could eat and it really was good because Mr. Kerr helped cook or I should say pop it. We were all very glad to have been invited to the party and I'm sure we're all glad we went. Those present were as follows: Carl Kerr, Jess Ella Johnson, Clyde Mills, Lorene Shoemake, Albert McGinty, Pauline Rape, R. J. Page, Margaret Bradley, Anna Ruth Spurgers, Tommy Smith, Fae Keeney, Grace Ratliff, Pauline Kent, Bill Smith, Jack Smith, Hassell Ratliff, Bob Evans, Anna Florence Page, Isabelle Isaacs, Jack Kerr, Ruth Nix, John I. Jones, Thomas Richard Jones, Gene Koy, Ruby Spurgers, Hollis Alexander, J. R. Conner and Thelma Taylor.

DOES BOOKKEEPING PAY?

By Lucile Oglesby

What causes failure in business? There is not a person who cannot give some reason for business failure possibly. But does one really know the answer? In an August 1930 issue of The American Magazine, Mr. M. K. Wisheart showed how 57,280 men "went broke" and how they might have avoided it. Six outstanding reasons in the order of their importance are as follows:

- 1. "Failure to keep proper books of account."
- 2. "Negligence in applying bookkeeping facts."
- 3. "Diverting funds from the business for speculation or for extravagant living."
- 4. "Giving too much credit."
- 5. "Accepting too much credit."
- 6. "Errors in judgement."

It has been found that ninety per cent of failures in businesses of any where from three to fifty thousand dollars a year is due to non-kept books. Still, it is a common, everyday test of a man's right to be in business. Mr. Wisheart went further into the article asking what could be done about it. In England, a business man who does not keep proper books is regarded as a criminal. That is one lacking in the United States today. It can very easily be avoided.

In these six reasons, we find that the first is due to lack of bookkeeping records; the second is due to negligence in applying bookkeeping records; the fourth, fifth and sixth are merely other ways of stating how men have failed because they did not correctly interpret his records. The last and least important of the six do not involve a matter of bookkeeping. With these causes of 57,280 failures may I squarely face the question: Does bookkeeping have a place in the high school course of study? Judge and answer for yourself.

SPORT SLANTS

By Jack Ratliff

The Eldorado High School team is nearing the goal of championship of this district. They put one more game

to their credit last Saturday when they beat Rocksprings 12-0.

Standing of this District Conference

Name	Won	Lost	Pct.
Eldorado	3	0	1.000
Rocksprings	2	1	.667
Junction	2	1	.667
Menard	0	1	.000
Ozona	0	2	.000
Sonora	0	2	.000

There was several scouts here Saturday from Sonora getting dope on the game next Saturday. Eldorado expects to beat them just the same. Sonora has not won a conference game but they have one of the heaviest lines, one of the fastest men in this district, and one of the best line plungers. Eldorado is doped to win this game but they must outplay these things before they can beat Sonora.

We have no injuries from last Saturday's game except Raymond, a tackle, got kicked in the neck. He will be in the game next Saturday putting the "old fight" in the lineament. Carl Kerr, an end, will be in the game. He has been out on account of broken ribs.

Eldorado is not going to be over confident next Saturday because Sonora has the kind of a team that is liable to surprise anyone. The boys will go into the game with plenty of fight and will fight until the end. Go to the game at Sonora, and help the boys win. This is the first team Eldorado has ever had that has come this close in winning a district championship. Give your high school team support and they will win an honor that Eldorado has never had.

The team certainly did enjoy the luncheon that the Lions club gave them last Wed. The Lions club has given them a luncheon every since they have been in Eldorado.

Insure Your Feed!

It will not sell for much on the market, but it has the same food value it has always had. The cost of insuring it is so small you can't afford to do without it. Let me tell you about it.

MORE MILK--and a SAVING IN FEEDING COSTS

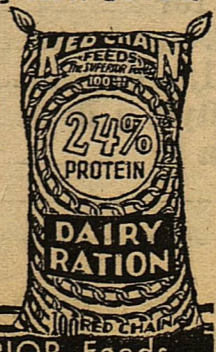

SOUTHWESTERN dairymen who are making the largest net profits from their herds are raising their own roughage (wherever possible) and providing good pasture; BUT they are buying the best concentrates the market affords.

And more dairymen every day are using RED CHAIN 24% Dairy Ration as the best concentrate for their cows. They find that RED CHAIN may cost a few pennies more per bag—but IT LOWERS THE COST PER GALLON OF MILK, OR POUND OF BUTTERFAT.

RED CHAIN Dairy Ration will lower YOUR feeding costs--and increase your production and profits.

BOGUS CURRENCY PASSED IN CITY

(Kerrville Sun)
Business houses of the city were warned to be on the look-out for counterfeit currency following the passage last week end of a number of bogus \$10 bills.

The passers of the "queer" victimized service stations during the visit to the city, making small purchases and being paid their charge in genuine money. The counterfeit bills, all Federal Reserve notes, were detected when they reached banks.

A gang of counterfeit money passers was broken up in San Antonio last week end when seven arrests were made by Government Secret Service agents. It is believed that the bogus bills were passed here by members of this gang before they were rounded up and arrested.

NATURALNESS MAKES WILL ROGERS GREAT COMEDIAN

"The one thing that makes Will Rogers the outstanding film star of today is his own ability to make audiences forget that he is a comedian."

The above statement was made by Frank Borzage, while he was directing Rogers in his new Fox picture, "Young As You Feel," which opens Sunday at the Ritz Theatre.

"This quality of his becomes very apparent," continued Borzage, "in scenes where Rogers is called upon to portray the simple human emotions that touch the very soul of mankind. The sincerity and conviction with which he does them is what we might expect of a great tragedian. Audiences forget Rogers as a wisecracker and think of him only as a human being torn with emotion. And I know, for "Young As You Feel" is the second Rogers' picture I have directed, the first being "They Had To See Paris"—and I have sat with audiences during the showing of every Fox picture Rogers ever made."

Another favorite of Borzage's is in the cast of "Young As You Feel." She is Fifi Dorsay, who made her talking picture debut under his direction in "They Had To See Paris." In the present Rogers production she has the leading feminine role, that of a young French dancer, who makes Rogers, in the character of the old, woe-begone and dyspeptic millionaire meat packer forget his years and troubles and rejuvenates him into such a fast stepper that his two spirited sons are soon outdistanced.

Luhien Littlefield is another noted comedian who is to be seen in support of Rogers. Other members of the well balanced cast are Donald Dillaway, Terrence Ray, Lucile Browne, Rosalie Roy, C. Henry Gordon and Brandon Hurst.

"Young As You Feel" is the talking screen's version of the famous stage play, "Father And The Boys," which was written by the eminent humorist and slang linguist, George Ade. The screen play was adapted in continuity and dialog by Edwin Burke, and according to advance reports from critics who have already seen it, the photoplay suits Rogers' homely style of wit and philosophy much better than any of the previous Rogers' successes.

ELDORADO DEFEATS ROCKSPRINGS 12 TO 0

One of the best football games of the season was played at Eldorado Saturday afternoon, when the Rocksprings boys came over to play a conference game.

The game was one of the best played games on the local grounds, and the score was 12 to 0. It looks as if the game might have been a little one-sided, but although the Eldorado boys laid up 12 points it was only by hard work, and the Rocksprings boys were threatening to score more than three times.

The Eldorado boys completed 5 successful passes in succession, which was really their only advantage over the visiting team.

FLOWERS FOR THE LIVING

"Uncle Bill" Kellis, of the Sterling City News Record was in Eldorado Monday and Tuesday meeting friends he had never seen before and friends of other days. He was a witness in the Lightfoot case transferred here from Sterling. Editor Kellis was our former Representative in the Legislature and seems to be one man that public office did not defile, but the temptation being so strong, he did not choose to run for re-election and voluntary retired. Bro. Kellis has promised his readers the second chapter of Jim Ferguson when Ferguson runs for Congress.—Eldorado Success.

I certainly do appreciate the good will and kind words of Brother Wright the daddy and builder of the beautiful little city of Eldorado. The Success which Brother Wright publishes, is a credit to Eldorado and it is all the name implies. Eldorado is blessed with a fine newspaper and a splendid God fearing citizenship. That is the reason it is such a good place in which to live.

Speaking of the time when Eldorado, Mertzon, Sherwood, San Angelo and other places sentenced me to serve four years in the 36th legislature, the only temptations that I experienced during the service was to cuss, or beat the hound out of some roughnecks who tried to intimidate the legislature by threats of all kinds of bad things, if we dared to interfere with the union while its nigger longshoremens were killing people and burning buildings at Galveston. The leader of that bunch said if we passed a law to stop their devilment, his men were ready to make the "supreme sacrifice" before they would obey it. The law was passed, but none of them felt called on to make the "supreme sacrifice," because the rangers were so bad at that time.

As to other temptations, I want to say that during that time no one ever offered, or even suggested a bribe for my vote or favor to any measure, I assume that I was not worth buying, but if I had been, my price would have been so high, that no one was rich enough to make the purchase.

As to the lobbyist I rather liked him. He was a cheerful cuss, and full of information. After I got his information, I considered his wishes along with those of the common people and did the best I could for all concerned. The lobbyist is not to be feared by a legislator who has a mind of his own and who is disposed to think and inform himself.

I introduced but few bills. I thought and still think we have too many laws. I originated some bills which are laws on the statute books and which do not bear my name. I gave these honors to some of the boys who needed them—I didn't. I want to say that during that four years, the people of my district were mighty good to me and I certainly thank them for it.—Uncle Bill.

Mrs. Andrews has made considerable change on the interior of her store which adds to the convenience and looks of the store and stock.

Mr. and Mrs. A. L. Stewardson were here from the Ft. Stockton Ranch the first of the week, guest of Mr. and Mrs. E. W. Mandy and Mr. and Mrs. A. R. Ashmore of Bailey Ranch.

F. R. Keele and daughter, Miss Pansie, of San Angelo, were in Eldorado the first of this week, visiting and looking after business.

Mr. and Mrs. Francis Christie were in from the Campbell ranch Tuesday.

Mrs. Lewis Baller and daughter, Mrs. A. G. Tisdale, accompanied by Leonard Isaacs and wife were in from the ranch Tuesday visiting and shopping.

Joe Tisdale was in from the ranch Tuesday looking after business.
