

ELDORADO SUCCESS

Schleicher's Leading And Most Widely Distributed Newspaper

VOL. XXXVII

Eldorado, Schleicher County, Texas, Friday, January, 22 1937.

NUMBER 4

On The DIVIDE

HERE'S ROAD MONEY

Lots of money which becomes available each year for road work in Schleicher county is made available through automobile registrations in the county. A large portion of each car registration in the county goes to the road and bridge fund of that county.

The time is not far off when we must secure our 1937 automobile license tags. A portion of every dollar spent out of the county for this purpose goes to the county in which the tags were purchased and does your home county no good whatsoever. Spend this money in your home county and keep it working for you and your county.

There were quite a number of Schleicher county cars which did not have Schleicher county licenses in 1936. This was done, in some instances, without knowledge of the fact that the money thus expended went to build roads in other counties—while our own road building program was hampered because of lack of funds.

Let's buy our car licenses at home this year, and help in sponsoring the most needed thing for our county—better roads.

George Williams sold two truck loads of fat steers on the Ft. Worth market during the latter part of last week. A. J. Burk's truck lines made the haul.

Roy Andrews and A. J. Burk took a truck load of hogs to the Ft. Worth market last week also. The thirty head topped the market in the three classes in which they were placed.

7 SECTIONS LEASED

Seven sections of land comprising the Tom Springston ranch interests at Toenail was leased this week to E. R. Peel of Eola and Albert C. Lay, of Arizona, at 50 cents per acre. The deal was made through the Evans Commission Co.

YOUR POLL TAXES

This being what is termed an "off year" in politics, it is expected that poll tax receipts in this county will be much lighter than last year. Yet, it is just as essential that poll taxes be paid this year as it was last year.

It is probable that election will be held this year in which every citizen should be interested. To be a good citizen, you should pay your poll taxes from year to year and take part in all elections of your home county.

A movement is now under way for an election during 1937 which should have the voice of every citizen of the county. This election will be of interest to you, and surely you will want to have a part in determining whether or not such an election is carried in this county.

Pay your poll taxes before February 1, 1937.

Sheriff O. E. Conner has been aiding other officers of this section in breaking up the sheep theft ring during the past few days, offering his services whenever they may be needed.

New 1937 License Plates Delivered To Collector's Office

600 PASSENGER PLATES, 50 COMMERCIAL, 100 FARM PLATES DELIVERED

Employees of the State Prison Farm delivered the new 1937 automobile license plates to the office of O. E. Conner, sheriff, tax assessor and collector, recently. The new tags will go on sale February 1, it was stated.

A new ruling regarding the use of these plates has been announced. They may be placed on all automobiles which were registered in 1936 on March 1, but new cars which are purchased and all old cars not registered in 1936 must have the 1936 license plates for the month of March.

Schleicher county received 600 passenger car tags, 50 commercial tags and 100 farm truck tags. According to registrations announced for 1936, this is likely to be an insufficient number for the county.

Passenger car tags are black and ivory, ivory numbers on a black background. Schleicher county's numbers run from 917-451 to 918-050.

Numbers for commercial truck tags are 138-501 to 138-550, and farm trucks will be numbered from 76-251 to 76-350.

MEN'S BROTHERHOOD OF BAPTIST CHURCH HOLD MONTHLY MEET

Members of the Men's Brotherhood organization of the First Baptist Church held their regular meeting in the church basement last Monday night.

W. T. Whitten, president of the organization, led the group in a song, after which the pastor Rev. A. J. Quinn read the scripture lesson and led the prayer.

Chilli, red beans and coffee, which was prepared by Ed Ratliff, comprised the menu. Two cakes were made by ladies of the church and were served.

After the meal Rev. Quinn took charge of the service and made a very inspirational talk on the purpose of the brotherhood. Eleven men were present.

HIGH SCHOOL P. T. A. TO SPONSOR BENEFIT FORTY-TWO PARTY

Members of the high school Parent Teacher Association met last Tuesday afternoon at the high school. Sixty members were present.

It was decided to hold a benefit 42 party on the night of January 30th at the high school. The party is sponsored for the purpose of paying indebtedness against the cafeteria. Admission will be 25 cents, and the entire public is cordially invited to attend.

VISIT IN ARIZONA

Mr. and Mrs. J. L. Ratliff and son, Charles, left last Sunday afternoon for a short visit with Mr. and Mrs. Vernon Ratliff of Ray, Arizona. The arrival of a new grand daughter prompted Mr. and Mrs. Ratliff to make this trip and get acquainted with this new member of the family.

Joab Campbell Is Appointed Attorney For This County

TO BEGIN ORGANIZATION OF COUNTY COURT WITHIN NEXT FEW DAYS

Joab Campbell, local attorney, was appointed County Attorney for Schleicher county by a unanimous vote of the Commissioners Court last Friday. Mr. Campbell made bond for this office, and the bond was also approved by the court.

The ex-officio salary for this office was fixed at \$75.00 per month.

Mr. Campbell is expected to begin the organization of County Court within the near future, after which county court will be held regularly. All cases of such nature as to merit their trial in county court will be booked for trial by this court in the future.

JANUARY 31 LAST DAY FOR PAYING 1936 TAXES WITHOUT PENALTY

All 1936 taxes which have not been paid are due during the month of January, according to a statement issued from the tax collector's office Tuesday, and will become delinquent on February 1, 1936, at which time a penalty will be added.

Those in the county who have made the "split payment", paying the first half of their current taxes during November, will not be required to pay the last half until the month of June.

1937 poll taxes are also due and must be paid before February 1 to be entitled to voting privileges during this year. No poll tax receipts will be issued after February 1, it was stated.

Jess Koy was a business visitor in San Angelo last Saturday.

RANGE PROGRAM WILL BRING MONEY TO TEXAS RANCHERS AND STOCKMEN

LONE STAR STATE CATTLE-MEN TO SHARE IN CASH BENEFITS OF AAA

Washington, Jan 18.—For the first time in the history of the New Deal, the Texas and Oklahoma rancher and stockman is to share in the cash benefits. The 1937 AAA program, drawn up with the livestock interests, and of the livestock interests, has just been announced. The entire purpose is to encourage through a system of cash payments, adoption of range improvement practices in Oklahoma and West Texas.

All of the practices for which payments are offered were placed in the program at the request or suggestion of representatives of the range-livestock industry in Texas and Oklahoma. The practices have all been proved workable in Government experiments and by practical application on ranches. The program is similar to the range program in Western Division States last year except that some of the practices for which payments will be made are especially adapted to the Texas-Oklahoma area.

To Fix Grazing Capacity

Payments to an individual ranch will be based upon the "range-building allowance," establishing the limit on the amount of money that may be

Local Committee Completes Work On Cotton Analysis

PAPERS ON 1936 COTTON PROGRAM MAILED TO REVIEW BOARD

Members of the Schleicher County Cotton Committee met last week, at which time they completed the adjustments on the cotton analysis for farmers who participated in the cotton program last year.

The committee worked during Thursday, Friday and Saturday in completing the analysis. Figures were tabulated on the work sheets in the county agent's office Monday and the work sheets were mailed to the State Review Board on Monday afternoon.

Payments are expected to be coming in soon after the review board approves the work sheets.

COUNTY BOARD OF TRUSTEES TO MEET ON NEXT SATURDAY

A meeting of the County Board of School Trustees has been called for next Saturday afternoon at two o'clock by C. S. McKinney, county judge and school superintendent. The meeting will be held at the courthouse.

Members of the board are Arthur J. Mund, president; G. C. Crosby, Mrs. Minnie Wilson, Otto Sauer, and V. H. Humphrey.

LOCAL DEMONSTRATION CLUB TO MEET

The Eldorado Home Demonstration club will meet in the home of Mrs. Ernest Hill on Friday afternoon at two-thirty. All members are urged to be present.

Funeral Services For E. M. Barbee Held At Ballinger

SCHLEICHER RANCHER DIES AT EL PASO WEDNESDAY OF LAST WEEK

Funeral services for E. M. Barbee, well known West Texan and former resident of this county who died at El Paso on Wednesday of last week, were held at Ballinger on last Friday afternoon at three o'clock. Rev. Dwight L. Sharpe, pastor of the Presbyterian Church, officiated, with the King-Holt Funeral Home in charge of arrangements.

Mr. Barbee was a former rancher and banker of Eldorado, being vice-president of the state bank which was organized here several years ago. He moved from this county several years ago.

He was a member of the James J. Goodfellow, Jr., Post of the American Legion at San Angelo, and the Pat Williams American Legion Post of Ballinger was in charge of services at the grave.

Servivors include his widow, two sisters, Mrs. Bettie Wood of Paint Rock and Mrs. Sam Holland of Eldorado; two brothers, W. W. Barbee of Nogales, Ariz., and Wylie Barbee, and a half sister, Mrs. N. J. Wardlaw of Glen Rose.

The Success extends sympathy to the relatives in their hour of sorrow.

Oglesby To Set Aside Tract As Test For Bitterweed

HALF SECTION OF LAND TO BE TAKEN FROM GRAZING FOR FOUR YEARS

E. J. Compton of Texon, in charge of surface leasing of University of Texas Lands, was in Schleicher County Tuesday in connection with plans to remove a half section of land from grazing for four years and map it at least twice annually to determine the effect upon the growth of bitter weed. This poisonous plant, causing livestock losses, infests about 25,000 acres of university lands in Crockett, Irion and Schleicher counties.

Sam Oglesby, Jr., lessee of 11,124 acres of University lands in Schleicher county southwest of Mertzon, has offered a trap of one-half section for experimental purposes. The University will list the kind of weeds and grasses on the tract, note their growth or lack of it, and may plant certain vegetation. A record of the rainfall will be kept.

The spread of bitter weed has been attributed by some to overgrazing and the University's experiment on the Oglesby ranch is expected to reveal whether or not other vegetation will overcome the plant where there is no

McKinney Authorized To Ask For Contract For County Agent

COURT TO CONTINUE SEWING ROOM, ASKS BIDS FOR CO. DEPOSITORY

"It is ordered by the Court that the County Judge ask the Extension Service of A. & M. for a contract for a County Agent."

The above, which was taken from the minutes of the Commissioners Court, is a move by which the county agent's work may be continued in Schleicher county for 1937. District Agent E. C. Martin has been invited to attend the next session of the Commissioners Court, at which time plans for the work are expected to be completed.

Other business which was transacted by the court last Friday are included in the following excerpts from the court's minutes:

"It was ordered by the Court that the sewing room be continued and that the county pay the expenses of said sewing room as outlined by the P. W. A.

"It is ordered by the Court that bids be received for the Depository of County Funds at the next regular term, the same being the 8th day of February, 1937.

"It is ordered by the Court that the Sheriff's Prisoners Bill in the amount of \$97.20 be and the same is hereby approved and ordered paid."

THEY'RE STILL COMING

Subscriptions are still coming in nicely as our readers signify their desire to receive the Success for another year. Among our subscribers during the latter part of last week are the following:

Mrs. J. A. Nixon of Ft. Worth, W. H. Whitworth, F. R. Keele of San Angelo, H. E. Finnigan, C. A. Graves, W. A. Mullett, H. Dannheim, Dr. W. D. Patton, Joe B. Edens, W. E. Bruton, W. F. Meador and Dr. H. Z. Pennington.

Others who have subscribed this week are Mack Jones, N. Williamson, R. C. Williamson of Ft. Worth, W. A. Blaylock, Oglesby Ranch and E. D. Hazelwood.

LIONS TO SPONSOR THREE ACT PLAY FOR MONTH OF FEBRUARY

Announcement was made Wednesday that the Eldorado Lions Club will sponsor a three-act play, "From Coast to Coast" which will be presented here sometime in February. This comedy-drama will consist entirely of local talent. Definite plans will be announced later.

Twenty members were present at the meeting Wednesday. The program consisted of short talks from each member. This was conducted by Tail Twister Quinn, and since he was not allowed to fine anyone, most of the talks were of a more or less personal nature with the tail twister being the favorite topic of discussion.

Members of the Lions Christmas committee, after having talked with other club leaders

YOUR PROBLEMS, TOO

Your Commissioners Court has started off in a business-like manner. Those who are in a position to know stated after the meeting last Friday that this was the most efficient court that had ever been in session in Schleicher county.

We are not in a position to say whether this is true or not. But we can say that every member of this court is vitally concerned with the problems of this county, and is interested in working out a solution to the problems. They show an earnestness to have the affairs of this county carried on in an efficient, business-like manner.

The Commissioners Court represents the interests of the entire county and should have the cooperation of all citizens of the county. The problems that confront them are not those of a personal nature, but problems of an entire county.

Schleicher county should feel fortunate in being represented by a group of men as efficient as those who make up our present Commissioners Court, and we believe they will show their efficiency by a substantial saving to the county before they've been in office many months.

WORKABLE AUTOMOBILE
COMPENSATION LAWS

Proposals for compulsory automobile liability insurance appear perennially when state legislatures meet. Fortunately for the public only one state, Massachusetts, has so far passed such a law—but there is always the danger that other states may take the step.

Compulsory insurance in Massachusetts—where it has been given a long and exhaustive test—has been almost a complete failure. In theory the law may be good, but in practice it has produced grave and apparently insoluble problems.

For example, since the passage of the act there has been a substantial increase in Massachu-

settes liability insurance rates, due in large part to the increased litigation the act has caused. It is true that there have been increases in most other states as well—the inevitable result of a rising accident toll—but the Massachusetts rise has been well above the national average.

Worst of all, perhaps, the act has caused a tremendous court congestion. At times the Massachusetts courts have been months behind in handling cases, it being physically impossible to keep up with suits filed. Beyond question, the act has provided the accident racketeer with a fertile field—as all Massachusetts-licensed cars are insured, he can file actions promiscuously knowing that in a percentage of cases he will collect. All motorists pay, through the cost of insurance, for this kind of racketeering.

It would seem that the solution to the liability question lies in financial responsibility laws—tried out successfully in a number of states—under which a motorist guilty of an accident must pay any judgements against him, and provide for future judgements through insurance, and avoids the weakness and inequalities that have appeared in the working-out of the Massachusetts act.

COLOR HELPS HOME

"I think that color makes a room much more livable and it will certainly help in my kitchen," says Mrs. W. H. Whitworth, the Kitchen demonstrator of the Riverside Home Demonstration Club. "I am going to leave the cabinets and large fixtures already in the kitchen the color that they are—cream—and introduced bright touches of color such as orange, yellow, and brown in the curtains and chair cushions in the dining room and in the kitchen both."

All of the home improvement demonstrators are planning their color schemes before they begin their work—a wise plan because it prevents haphazard buying of accessories in colors that will not harmonize.

CIVIL SERVICE
EXAMS ANNOUNCED

The United States Civil Service Commission has announced open competitive examinations as follows:

Associate home economist, \$3,200 a year, Office of Experiment Stations, Department of Agriculture.

Associate exhibits designer, \$3,200 a year, assistant exhibits designer, \$2,600 a year, Forest Service, Department of Agriculture, and Social Security Board.

South Speeds Tempo
Of Industrial Boom
For '37 Records

Survey By All-South Development Council Shows Progress In All Lines

New Orleans, La., (Special). "Way down South in Dixie" is being set to the music of cash register bells for 1937, and the tempo is being speeded up to the pace of a boom-time crescendo by Southern industrial leaders.

A survey made by the All-South Development Council as the year ended indicates industrialists are preparing for an encore of the increased business enjoyed during the past year. They predict still higher notes in the commercial score will be sounded in the coming months by the hum of new paper mills, the blast of whistles on factories running on near-capacity scale and the roar of trains rushing record orders of cotton goods and other finished products to market.

Harmonizing with the trend towards greater expansion is the attitude of the South in clearing the way for industrial development by protecting its natural resources and manufacturing enterprises from harassment by excessive taxation, the survey points out. It emphasizes that the movement for stabilization of taxes, plus the co-operative and understanding spirit shown by state and local governments in discarding extreme tax proposals, will make for a flow of new capital to the South in 1937, bringing greater wealth and prosperity to the entire region.

"Forecasts of executives in various enterprises in the South show confidence that 1937 will bring expanded activity, with a general increase ranging from 10 to 15 per cent in value of goods produced and a similar increase in sales volume," according to a report of the Council.

"Increased employment for thousands of persons is indicated by renewed purchasing power, seen in retail sales gains of 14 new markets is assured by the influx of capital attracted to the South," the report states.

"Value of the 1936 cotton crop in the United States is estimated at \$744,000,000, as compared with \$590,140,000 for the preceding year—a gain of more than 26 per cent. It is virtually impossible to estimate the value of the 1937 crop at this time, but from the best available data it is believed that cotton consumption in 1937 will per cent, while the opening of reach 7,500,000 bales, although more optimistic observers predict it will go as high as 3,000,000 bales.

"Agriculture, always the principal activity in the South, is again on the upturn, after several years of decreased production. Sugar consumption was up to a remarkable degree in 1936, and may reach a new peak of more than 6,000,000 tons before 1940—an exceptionally favorable outlook for cane growers. There is every indication that

Don't put up with useless

PAIN

Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them.

Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.

improvement shown in marketing of other crops will be extended through 1937.

"Manufacturers reported renewed activity up to 20 per cent greater than in 1935, reflected in gains scored by the sulphur, coal, lumber, iron, petroleum, gas and other natural resource industries."

Research that overcame difficulties which prevented the use of millions of acres of Southern slash pine in the manufacture of newsprint and fine white paper, is opening the way for the South to cash in on "paper profits" to the tune of many millions of dollars.

"More than \$55,000,000 has been invested in nine new paper mills in the South," the Council's report disclosed; "with Texas and Louisiana in a position to assume leadership in expansion of the industry.

"In addition to these, the construction of a \$29,000,000 steel mill by the United States Steel Company at Birmingham, Ala., a \$500,000 addition to the Tubize Chatillon rayon plant at Rome, Ga., a \$1,000,000 plant of the U. S. Pipe and Foundry Co., at Chattanooga, Tenn., a \$4,000,000 factory of the Universal Bag and Paper Co. at Savannah, Ga., and the construction of 146 new coke ovens in Alabama by the Koppers Co., all indicate the tremendous industrial development taking place in the South generally."

CONTOUR RIDGES
ON PASTURE LAND

One hundred miles of contour ridges, seven miles of field terraces and listing and overseeding with pasture grass seed a cultivated field are conservation practices being established on the Glenn R. Lewis place in cooperation with the Soil Conservation Service. Also, contour tillage, strip cropping, crop rotation, control grazing, with water spreading on a cultivated field, will be used to form a complete coordinated soil and water conservation program.

One hundred and seventy acres of pasture will have one hundred miles of contour ridges to form a permanent barrier against the loss of water. On this fairly level pasture two extra acre inches of water can be held on the land by the contour ridges from one big rain. Twenty-seven acres that were in cultivation will be solid listed on the contour and overseeded with western wheat grass and blue grama. The overseeding will reduce by several years the time required for grass cover to be reestablished on this area. The area is being reseeded to grass for better land use since this is the most sloping land of the entire 400 acres and lies in position where outside water enters the farm.

A seventy-two acre field will be terraced level with ends of terraces closed to hold all the water. A second field with ninety-five acres will have a system of terraces and rock masonry structures with flood gates so as to use or by-pass the run-off water from four hundred acres of adjacent land. Experiment Station results indicate a much better vegetal growth is assured by use of all the rainfall common to this area.

WANTED:
INTELLIGENT
Men and Women

In every community there are a few men and women who do their own thinking. They are independent, courageous, realistic. They constitute the intellectual minority of America. For them, THE AMERICAN MERCURY is published. It offers them a brilliant critical picture of the world we live in. Highly readable, always entertaining, its only bias is against dishonesty, knavery and quackery of all sorts—political, intellectual, religious and scientific. It is America's most fearless and most widely quoted magazine of opinion.

Listed below are several of the articles which appear in the February issue now on sale:

- The American Future by H. L. Mencken
- Walter Winchell by Henry F. Pringle
- Abortion: The Million Dollar Racket . . . by A. J. Rongy
- How To Make Flying Safe by Kenneth B. Collings
- Oregon's Secret Love Cult by Stewart H. Holbrook
- The Bogus Era of Good Feeling by Albert J. Nock
- Steel vs. John L. Lewis by Gordon Carroll
- Russia's Private War in Spain by Lawrence Dennis

To introduce THE AMERICAN MERCURY to those readers of this newspaper who will appreciate it, this special low-priced introductory offer is made: send \$1.00 and THE AMERICAN MERCURY will be sent to you for the next six months.

Introductory Offer—6 Months For \$1

Send me the next six issues of The American Mercury. I enclose \$1.

Class Favorites Elected Last Week

The four classes of high school met in various class rooms and elected the favorite of their classes Monday afternoon. The sponsors met with them.

The favorite of the senior class is Paul Davis, their president, with Pancho Bradley second. Paul seems to be quite popular among the class members.

The favorite of the Junior Class is Ernestine Finnigan with Ed Reynolds, and Bonnie Mundt tying for second place. Ernestine ranked high in the election of the most popular girl of high school.

The sophomore favorite is Earl Bryant, with Genevieve Ramsey running second. Earl also ranked high in the election of the best all-around boy.

The freshmen elected Mary Heffley as their favorite. Joe Ed Hill was runner-up.

DISTRICT MEET TO BE HELD APRIL 16-17

According to a letter received from Superintendent F. E. Smith of the San Angelo Public Schools the District meet of the Interscholastic League will be held April 16-17 at San Angelo, with the events beginning Friday, April 16, at noon.

COMING SATURDAY

If you are coming to San Angelo this coming Saturday plan to visit our store and among the hundreds of other bargains you will find the following: 48 lb sack Kimbal's best flour, made in Texas, and a package Kimbal's Rolled Oats for \$1.75. A 48 lb sack Victor brand, Nebraska hard wheat, all purpose family flour \$1.49, or a 48 lb sack Golden Harvest brand flour \$1.39, a 10 lb sack Sugar cure-smoke meat salt 45c, 100 lb sacks Victor laying Mash Sat. only \$2.75 Victor Buttermilk laying mash performs wonders when fed along with ordinary field grain.

A Surety of Purity

COUNTRY WOMEN'S H. D. CLUB MEETS WITH MRS. BILL MCSWANE

"A pot holder is a kitchen necessity" said Miss Frances Bowen, Schleicher county home demonstration agent, to the country Woman's Home Demonstration club in the home of Mrs. Bill McSwane Wednesday, January 20.

Miss Bowen suggested turning the pot handles to the inside of the stove and use pot holders rather than let them extend out so there would be no danger of a child pulling them over on themselves and maybe causing a severe burn. She also gave other precaution for safety in the home.

Mrs. Bill McSwane gave a parliamentary drill.

Refreshments were served to Mrs. Richard Cheatham, Mrs. Claud Alexander, Mrs. Herman Glenn, Mrs. Truett Stanford, Mrs. Gordie Alexander, Mrs. A. L. Archer, Mrs. Will Lewis, Mrs. Fred Gillispy, Mrs. L. Kent, Mrs. Ray Alexander, Mrs. Bill McSwane, Miss Frances Bowen, Mrs. Marion Wade, and Mrs. N. B. McKnight.

BAPTIST CIRCLES MEET MONDAY AFTERNOON

The Dorcas Circle of the Baptist W. M. U. met in the home of Mrs. J. D. Ramsey on Monday afternoon at two-thirty. "Three women of the Old Testament" were studied by the group, led by Mrs. L. M. Hoover.

Mrs. Joab Campbell and Mrs. Hudson gave reports on the quarterly meeting of the Concho Valley Association of W. M. U. in San Angelo on Tuesday of last week. The social hour was spent quilting.

Refreshments were served by the hostess to the following Mrs. W. T. Whitten, Mrs. T. W. Johnson, Mrs. Hoover, Mrs. R. Spurgers, Mrs. T. C. Sproul, Mrs. Campbell, Mrs. W. B. Turpening, Miss John Alexander and Mrs. Hudson.

LOTTIE MOON CIRCLE

The Lottie Moon Circle met with Mrs. T. D. Riddle on Monday afternoon, with 7 members present. "Four Women of the Old Testament," was studied, the group being led by Mrs. W. N. Ramsay and Mrs. A. J. Quinn. Present were Mrs. Brown, Mrs. Bailey Montgomery, Mrs. W. N. Ramsay, Mrs. A. J. Quinn, Mrs. Ed Finnigan, Mrs. George Williams and the hostess.

Pay Your Subscription

RANCHMEN—Plenty of live-stock contracts, covering agreements on sale of livestock, on hand at the Success Office.

FIRE DRILL GIVEN THURSDAY AFTERNOON

The fire signal was given at one o'clock in the Eldorado Public School Thursday. Everyone was out of both buildings in 44 seconds. A good time for 650 students to vacate the buildings.

Everyone walked out, as they were supposed to, and acted very orderly. It seemed to be enjoyable because it was a rest from classes.

ENGLISH CLASSES DO INTERESTING WORK

English 1 Students have just finished their term themes, their autobiographies. They have been studying phases of verbs and especially do they like conjugation of verbs.

English 2 class has been reading "As You Like It", a drama by Shakespeare, and they are enjoying it very much.

English 3 students have been studying spelling and punctuation. This finished their grammar book and they will study Literature next term. Their term themes were short stories on any subject they wished.

English 4 class has been reading a historical English novel, "Henry Esmond", which proved to be very interesting. Term themes were written on phases of English Literature. This gave them good practice in research work.

SCOUT LEADERS TO HOLD CONVENTION AT ANGELO TODAY

West Texas Boy Scout leaders gather in San Angelo Friday for the annual Scouters' Convention and Meeting of the Concho Valley Council. A good delegation of local Scouters is expected to attend accompanied by the ladies who will be entertained during the afternoon sessions by a special committee of San Angelo ladies of which Mrs. Houston Harte is chairman. All sessions will be held at the St. Angelus Hotel.

Charles W. Hobbs, veteran financial and civic leader of San Angelo, will preside as toastmaster at the banquet at 6:30. Tom Taylor, president of Howard Payne College, Brownwood, will deliver the principal address. Mayor Dorsey B. Hardeman, San Angelo, will present the attendance banner to the community outside of San Angelo having the largest number present based on distance traveled.

The distinguished Silver Beaver Award will be presented to some leader for outstanding service to boyhood. Election of officers will be held at 5:40 p. m. The Del Rio Beadle Ensemble and a Scout play, "Memories", will provide the principal features of entertainment. Scout Executive Bob Billington will present the Annual Report for 1936.

The Scouters Convention which opens at 3:00 o'clock will be devoted to talks and discussions of the various phases of the Boy Scout Program.

BUYERS FOR R. A. FARMS BEING PICKED

Wichita Falls, Jan. 20.—Farmers from counties around Wichita Falls have been invited to make application for purchase of the 93 farms which are being developed near this city by the Resettlement Administration. Construction is well under way on buildings for thirty of these farms, and they will be occupied as soon as work is completed.

G. C. McGowan, project manager, and Ben S. Harrison, family selection specialist, are looking through the large number of applications which are coming in daily. Selection will be made from tenant farmers who are not able to obtain financing from any other source. This will include the best qualified of those farmers who have received rehabilitation loans, and those who have been receiving work from WPA. The list of eligibles, however, is not limited to these rehabilitation and WPA clients.

The farms will be around 45 to 50 acres, and are located in a group on irrigated land of the Wichita River Valley on a good highway a few miles west of here. The houses are being wired for electricity and will have modern plumbing. The layout will provide facilities for two cows, one brood sow and poultry. One or two acres will be laid out for truck, and the cropping schedule will be diversified, including cotton, corn and alfalfa among the main items.

The farmers now being selected will operate the farms for several years under lease, this providing a probationary period during which it will be determined whether or not they will receive a sales contract. When sales contracts are finally made, they will give forty years for paying out the farm with 3 per cent interest.

RULES OF THE GAME OF HEALTH

A full bath more than once a week.

Brushing the teeth at least once a day.

Sleeping long hours with the windows open.

Drinking as much milk as possible, but no tea or coffee.

Eating some vegetables or fruit every day.

Drinking at least four glasses of water each day.

Playing a part of every day out of doors.

Young Friend: 1937 Is Coming Up

Will you make 1937 the year you will always point back to with pride? Here is how you can do it. ATTEND BYRNE COLLEGE. Let them train you for business and place you in business.

Many of the outstanding men and women of the great southwest are pointing back with pride to the year they secured their Byrne business training and employment service.

Fill in for free literature, explaining our business training courses, their cost, time required, terms, employment, etc.

Secretarial Training Students Are Given Awards For Work

Several of the Secretarial Training students have received Gregg awards for typing and shorthand penmanship. There are a few students from this class that receive these awards each month.

Those receiving the awards are as follows:

Competent Typist Certificates were awarded to Johnnie Fern Isaacs with 58 words, Eloise Whitten with 53.2, Elizabeth Stanford 46.3, Helen Stanford 40.5, Raymond Rodgers 40.6, Ed Reynolds Jr. 44.3, Maxine Wilton 54.0, Bonnie Mund 51.0, and Raymond Rodgers 51.0. Those winning Junior O. G. A. Penmanship awards in shorthand were Raymond Rodgers, Mary Cloud, Maxine Wilton and Johnnie Fern Isaacs. Johnnie Fern Isaacs was awarded the Junior O. A. T. typing certificate. Raymond Rodgers won the Senior O. A. T. typing certificate.

PRESBYTERIAN CHURCH

Services Sunday as follows: Sunday School at 10:00. Studying the Gospel of John. A class for every age, and a friendly welcome for every pupil.

Morning Worship at 11:00. Preaching by the pastor. Sermon subject: "Christ as a Prophet." This is the first of three morning sermons dealing with the work of Christ as our Redeemer.

Evening Worship at 7:15. Sermon Subject: "A Warning from the Past". Wise people profit by past experience, not only by their own past experience, but also that of others. The past has something tremendously important to teach us.

"Pioneers" (Intermediates) meet at 6:30 in the church basement.

Officers of the church meet at 2:30 at the church.

N. P. Wilkinson

When HEADACHE Is Due to Constipation

Often one of the first-felt effects of constipation is a headache. Take a dose or two of Black-Draught! That's the sensible way—relieve the constipation. Enjoy the refreshing relief which thousands of people have reported from the use of purely vegetable Black-Draught.

BLACK-DRAUGHT
A GOOD LAXATIVE

ELDORADO P. T. A. DISCUSSES CURRICULUM REVISION PROGRAM

The Eldorado Parent-Teachers Association met in regular session in the high school clothing laboratory, on Tuesday, January 19, at 3:05 p. m.

In the business meeting, the secretary reported and the treasurer read the financial standing of the organization. Mrs. Will Steward, chairman of the finance committee, made a motion that a Benefit Forty-Two Party be given at 7:30 p. m. Saturday night, January 30, in the clothing room of the home economics department and that a fee of twenty-five cents be charged. The motion carried and the party will be given.

Music for the afternoon was furnished by the first and second grades under the direction of Miss Mangum, Public School Music Instructor.

The theme of the program was "Curriculum Revision" Mr. Tom D. Riddle spoke first on the subject of "What Has Been Done and What Is Being Done In Curriculum Revision." In his talk Mr. Riddle stated that the school had not kept pace with the swiftly changing social order and that modern social life and the character of the pupils had brought about a need for a new type curriculum.

The next and last speaker on the curriculum program was Mr. William Lazenby who talked on "What Is to be Accomplished in 1936 and 1937." Mr. Lazenby mentioned the fact that we were in the experimental stage of trying to learn what was best.

Supt. J. Carlton Smith gave a very interesting report on The School Administrator's Conference, which he attended in Austin January 4 and 5. Mr. Smith gave some of the most important points which were discussed at the meeting. These were: the twelve-grade system, tendency toward a less rigid grade division, and the certification of teachers.

At the close of the meeting Mrs. H. B. Rees was named library representative from the P. T. A. There being no further business the meeting was adjourned.

PRESIDENT OF TSTA WRITES INAUGURAL MESSAGE

In the January Texas Outlook, official organ of the Texas State Teachers Association, A. W. Birdwell, president of that organization as well as of Stephen F. Austin Teachers College at Nacogdoches, sets forth his ideas on education for the coming year.

President Birdwell was elected president of the T. S. T. A. by an overwhelming majority at the

annual convention held at Fort Worth during the Thanksgiving holidays.

A condensation of President Birdwell's opening message to Texas teachers and laymen follows: In Texas, a few things may be indicated as of immediate importance.

1. We should cash in on the two or three years of curriculum studies. Emerging now are improved subject matter organization, a more direct and vital method of instruction, more pupil participation in classroom activities and in institutional welfare, and, therefore, a better relationship all around.

2. Equal and exact justice to teachers on all levels of service is of great moment. Inequalities and injustices in certificate laws should be corrected. Salaries should be based on preparation and efficiency. The results would be better instruction and a much better morale in the teaching forces of the state.

3. In obedience to the will of the people, as expressed in the Constitutional Amendment recently voted upon, the faithful teacher must be placed above want in his old age. A sound security act must be written. The Legislature will, no doubt, do its part. If the teachers themselves will agree on the general principles involved, and friends of education everywhere will stand by, this matter will come to final determination within the next six months.

4. In a changing, growing society, the need for increasing financial support is always present. The duties of citizenship are growing in complexity. More education in extent and better education in quality are clearly indicated. Both will require more money and it will have to be more carefully expended. A "cheap education" will not meet the needs, nor satisfy the ambitions of the people of Texas for their children.

5. But if any of the above is to be, there must be complete cooperation among the various agencies that are trying to improve society.

MRS. HEXT ENTERTAINS ELDORADO BRIDGE CLUB

Mrs. Ben Hext was hostess to the Thursday Bridge Club at her home this week, including Mrs. V. G. Tisdale as a guest. Mrs. Lewis Whitten won the high score prize in the club, and a gift was presented to Mrs. Tisdale.

Refreshments were served to Mrs. Otis Buie, Mrs. J. C. Crosby, Mrs. A. P. Bailey, Mrs. Luke Thompson, Mrs. Bill Turner, Mrs. Nolan Kennedy, Mrs. Jerry Westmoreland, Mrs. Whitten, and Mrs. Tisdale.

Mr. and Mrs. J. R. Alexander and sons, Hollys and J. R. Jr., were in Eldorado visiting over the week end. They report range conditions good in the Ft. Stockton country.

ELDORADO H. D. CLUB INSTALLS OFFICERS AND OUTLINES 1937 GOALS

Officers were installed and Miss Frances Bowen, agent, set forth the year's goals for co-operators and demonstrators when the Eldorado Home Demonstration Club met Friday afternoon in the home of Mrs. N. G. Hodges.

New officers are Mrs. J. H. Benton, president; Mrs. Palmer West, vice-president; Miss Ruth Baker, secretary-treasurer; Mrs. Wiley Ratliff, reporter; Mrs. W. N. Ramsay, parliamentarian; Mrs. Elton Ellis, recreational leader and council representative; and Mrs. W. H. McClatchey, alternate council representative.

Mrs. Benton appointed the following standing committees: Mrs. Royce Smith, Mrs. Buie, Mrs. Frank Bradley, finance; Mrs. Graves, Mrs. Bob Evans, Jr., and Mrs. Rounds, social.

Former president and vice-president are Mrs. West and Mrs. G. L. Ballew. Miss Bowen and 12 members were present.

WARDROBE WORK

Of the 26 ladies who kept individual clothing accounts in the Wardrobe work during 1936 in Schleicher County, it was learned that a total of \$1,038.30 was spent for the individual wardrobe. Of the 14 ladies who kept the accounts for the family wardrobe, it was learned that \$873.55 was spent for the 14 families—an average of \$124.64 per family. With this large amount expended by the family, it is rather essential that the women learn how to get the most for the money that they spend. This is one of the long-time goals in the Wardrobe work.

In this work, there were 3 coats; 30 silk or wool dresses; 259 cotton dresses; and 200 undergarments made. In addition, 162 garments were made over and 64 infant garments were made. 7 demonstrators and 67 cooperators completed their goals for 1937.

REPRESENTATIVE OF UNEMPLOYMENT GROUP TO AID EMPLOYERS

Austin, Jan. 18.—A. P. Epperson, special representative of the Texas Unemployment Compensation Commission, will be stationed in San Antonio to assist employers of the surrounding district during the next few weeks, Chairman-Director R. B. Anderson announced today.

Epperson's headquarters will be in the San Antonio Chamber of Commerce and all employers of that district are urged to go to Epperson for help on problems arising under the Texas Unemployment Compensation Act, Anderson stated.

The district for which San An-

tonio will be headquarters consists of the following counties:

Crockett, Schleicher, Menard, Mason, Sutton, Kimble, Val Verde, Edwards, Kerr, Real, Bandera, Kendall, Kinney, Uvalde, Medina, Meverick, Zavalla, Frio, Atascosa, Dimmitt, Wilson, Gonzales, Gaudelupe, and Bexar.

7-B Class Presents Play In Assembly

Friday, January 15, the 7B class supervised by Miss Ford rendered a very interesting program.

The first number on the program was "The Glory of Love," a piano solo given by Katherine Moore.

The next and last number on the program was a very interesting two-act play, "Hiss! She's a Man." The characters were as follows:

Daisy Sanford, Neva Jo Steward; Sam Turner, Joe Luckett; Jasper Colton, S. E. Jones; Philip Dawson, Wilson Page; Mrs. Tiny Atwell, Imogene Laird; Phyllis Dalton, Penita Davis; Robert Davis, Floyce Spurgers.

It was a very good program and we hope we may have more of them.

NOTICE

Bids will be received by the Commissioners Court of Schleicher County, for depository of County Funds at the next regular term of said Court, the same being February 8th., reserving the right to reject any and all bids. (4-3t)

NOBODY'S BUSINESS

Austin.—Swinging slowly into motion, the 45th legislature during its first week took no hasty action upon the score of highly controversial subjects tossed into its arena by Gov. James V. Allred's message, but manifested a disposition to acclimate itself to the Austin atmosphere, and delay serious business until after the inaugural festivities this week.

Reaction to the governor's message was varied. Most members believed the governor showed commendable courage and frankness in outlining the state's need of more than \$12,000,000 a year of additional tax revenue. Some were critical, because Allred had consistently assured the state that there would be no need for new taxes, and only nominal need for increases in existing taxes. The governor, quoting Emerson, "kissed off" these campaign promises by declaring the state's financial situation was more grave than he had previously known, and declaring he would "rather be right than consistent."

MESSAGE CONFIDENT

He indicated great confidence that this legislature would be more harmonious and more cooperative than the previous one, when he put the solons on notice he would veto any attempt to liberalize the old age pension act veto any appropriation measures which did not carry with them revenue-raising provisions to meet the expenditure; and veto any public utility regulation act

that carried a provision requiring municipalities desiring to establish municipal utility plants, to offer to buy existing privately owned plants first.

His critics, recalling that many of the 73 new house members ran on a liberalized pension platform, expect that his warning that such legislation was "out" right at the start, might hamper progress of some of the other legislation — particularly tax measures—which Allred favored.

LOBBY IS ACTIVE

The tax recommendations in the message threw the lobbyists into a furore, strongly in contrast to the last special session, when representatives of various special interests accepted the omnibus tax bill without resistance, in the hope that would ward off further revenue demands at this session. The message put them on notice, however, that Allred seeks much more tax revenue, and they immediately began forming their battle lines to keep the taxes down. Many observers here believed the governor has taken a leaf from the book of Roosevelt, the master, and is asking many times more than he hopes or expects to get, on the theory that if he gets a fraction of his "asking" he will achieve more.

NO TEST YET

The first week brought no test of sentiment in either house, and it is much too early to make any predictions about final legislative action. Harry Garves, of Georgetown, an administration

friend, threw into the hopper a resolution to investigate expenditures for "public relations" by the Texas Gulf Sulphur Co., and Roy Miller, its vice president in charge of public relations, and politician extraordinary. The resolution is said to have the support of many university friends, who resented the abortive "red probe" of the last session, said to have been inspired by resentment of attacks by certain political-minded students on Miller's Democratic political activities. Simultaneously, Allred urged higher tax on sulphur, indicating no truce in his long feud with the sulphur company. And there were many who believed Graves' resolution and Allred's recommendation were purposefully timed together.

OIL PEOPLE WORRIED

Allred's call for more taxes on crude oil caused considerable worry to both independent and major oil spokesmen. They had hoped the increase imposed by the special session to pay pensions would satisfy the governor, but it evidently didn't. They are concerned with re-enactment of the present proration laws, and independent producers are considerably upset because of delay in posting by crude buyers of the expected increase in price. Oil production has become so widely spread in Texas that over half the legislators have some in their districts. Carl Estes, the dynamic East Texas publisher, is here to observe, and aid in re-enacting the proration laws and keeping down petroleum taxes, as a representative of East Texas independents.

NAMES AND NEWS

Election of Bob Calvert, Hillsboro lawyer, as speaker by unanimous vote, was a real triumph for the American fable of success. Calvert worked his way thru Texas U. law school, running an elevator in the capitol and working as a nightwatchman. . . . Five freshman solons, all under 28 years old, have prepared an "omnibus natural resource tax bill" with an increase of eight cents per barrel on oil, \$2 a ton on sulphur and 1-2-cent per 1000 on natural gas, and other rates in proportion. Signers are Prescott of Santa Anna; Jones of Lufkin; Beckworth of Gilmer; Holland of Belton and Harris of Archer City. . . It will cost the state \$2,225,000 a year for its share of teachers' pen-

sions under the enabling act offered by Van Zandt and others. The teachers' bill is backed by a powerful lobby, which also is supporting a minimum \$20 per capita apportionment from state school funds. . . . Bob Callan, of the Kaufman Herald, and Nolte Jewell, of the Midlothian Argus, are two freshmen members recruited by the voters this year from the country newspaper fraternity. As usual with newspapermen, both are doing lots of listening and very little talking. Judge Ben Cathey, of Quitman, a former member who is back, brought on the first test on the liberalization of pensions, when he offered a resolution to permit county commissioners courts to help investigate applicants, and fought vigorously, but unsuccessfully, to keep his resolution from going to committee. "Red" Harris, of Dallas, bravely offered a bill to legalize dog racing, right in the face of the governor's plea for repeal of the horse-race-betting law. Harris is reported to have notified horse racing supporters that he will fight horse racing if they jump on his dog-race bill, which they probably will. Herman Jones, of Decatur, came right back with his corporation franchise tax measure, backed this time by Gov. Allred, who made a strong plea for such legislation in his message, citing specific examples of how little tax some large-profit-earning concerns pay to the state for the right to do business here.

WORKERS TRAINED BY NYA ARE SHIFTED TO PRIVATE EMPLOYMENT

Austin, January 20.—A shift of 612 NYA-trained workers from public to private employment in Texas during the last two months of 1936 has been reported to Lyndon B. Johnson, state NYA director. This number represents 7 per cent of the youths now employed on NYA work projects in the state. In addition, the NYA district staff and the junior employment offices operated by the National Reemployment Service and the Texas State Employment Service in cooperation with the NYA obtained employment in private industry for 347 other youths in this same period. "We are training youths on our projects so that they can hold private jobs, and then we are helping them find places in private industry," Mr. Johnson said. "The progress made in November and December is very encouraging."

Junior employment offices are operated at Fort Worth, Houston, and Dallas. The office at Fort Worth was opened in March, 1936, and reported to have placed 893 youths in private employment in 1936. The other two junior employment offices were opened in mid-December.

Donald Taylor of Pampa, Texas, spent the past week-end with Mr. and Mrs. Forrest Alexander. Mr. Taylor is Mrs. Alexander's brother.

IN ANGELO HOSPITAL

Little Rosie Bush was rushed to a San Angelo hospital last Monday afternoon, suffering from double pneumonia. Reports from the hospital are that little improvement is seen in the child's condition.

H. B. Pennington of Lockney spent the first of this week here, visiting with his parents Dr. and Mrs. H. Z. Pennington.

CARD OF THANKS

We wish to thank our many friends for their sympathy shown in the death of our beloved husband and father.

grazing.
Only a comparatively small percent of University lands in West Texas totaling two million acres, is effected by bitter weed, but the problem is worse in areas where grazing lease rentals are the highest. Dr. George D. Morgan of San Angelo, chairman, and J. R. Parten of Houston, members of the University regents' land committee, recently made a study of bitter weed in Irion, Schleicher and Crockett Counties in company with E. J. Compton.

2
(From Page One)
grazed to an extent that causes deterioration of such range land. Rate: One-third of the range building allowance.
Contour Listing or Furrowing—For contour listing or furrowing in 1937, furrow channels to be not less than 8 inches in width and 4 inches in depth and not less than 3 1-2 feet apart. (Pay-

ment will be made on the acreage occupied by the furrows computed on the basis of 3 1-2 feet in width for each such furrow.) Rate: 70 cents per acre.
Riding Range Land—For narrow terraces or ridges, on slopes of 2 per cent or greater, that are at least 6 feet wide from bottom of furrow to bottom of furrow on the opposite side, at least 10 inches in height and on the contour level, at an interval which is specified by the State Agricultural Conservation Committee for the slope. Rate: 10 cents per 100 linear feet.

Spreader Dams—If in combination with spreader terraces, spreader dams to be constructed in accordance with specifications of the State Agricultural Committee. (Payment will be made for material moved in building the dam.) Rate: 15 cents per cubic yard.

Payments for Terracing
Spreader Terraces—If in combination with spreader dams, terraces to be constructed in accordance with specifications of the State Agricultural Committee. Rate: 40 cents per 100

linear feet.
Earthen Tanks and Reservoirs—For constructing ponds or reservoirs with adequate spillways. (Payment will be made for material excavated and material used for fill not excavated on the site of the tank or reservoir.) Rate: 15 cents per cubic yard.

Range Fences—For the construction of range fences, where necessary in order to carry out other phases of the 1937 range conservation program. (Payment will be made for fence when constructed of three or more wires, with posts set more than 20 feet apart, with corner posts well braced and with wires tightly stretched.) Rate: 30 cents per rod.

Fire Guards—For the establishment of fire guards, set less than 4 feet in width, by plowing furrows or otherwise exposing the mineral soil. Rate: 3 cents per 100 linear feet.

For Rodent Eradication
Rodent Eradication—(a) For the eradication of prairie dogs. Rate: 7 1-2 cents per infested acre; (b) For the eradication of kangaroo rats. Rate: 5 cents

per infested acre.
Rescuing Range Land From Prickly Pear and Cactus—(a) Light infestation, 50 cents per acre; (b) medium infestation, 75 cents per acre; (c) heavy infestation, \$1 per acre.

Rescuing Range Land From Mesquite—(a) Light infestation, 50 cents per acre; (b) medium infestation, \$1 per acre; (c) heavy infestation, \$2 per acre.

Rescuing Range Land From Cedar—(a) Light infestation, 75 cents per acre; (b) medium infestation, \$1 per acre; (c) heavy infestation, \$1.50 per acre.

Rescuing Range Land From Lechuguille—For heavy infestation 50 cents per acre.

The degree of infestation of range destroying plants and rodents on range land shall be determined by the county committee based upon the report of the range inspector.

3
