I is for me and Isrel and ively. Rich men use the latter to prove their drivery.

Eldorado Home Demonstration Club

The Eldorado Home Demonstration Club met with Mrs. E. Moore on Saturday, February 18th, 1933.

The following members were present: Mesdames Will Lewis, R. L. Sample, John Rodgers, W. N. Ramsay, G. L. Ballew, L. L. Baker, L. J. Shugart, D. J. Childers, L. T. Wilson, Tom Johnson, J. H. Jarvis, Tom Alexander Doyle, and F. M. Bradley. The following visitors were present: Mesdames Will McAngus, Harry Leantian and J. L. McElroy.

Mrs. Childers gave a report on the meeting that she attended in San Angelo. Miss Howell gave a cheese demonstration. The next demonstration will be the making of a cutting bed. It was not decided where the next meeting would be, but elsewhere in this paper the place will be given.

COUNTRY WOMEN'S CLUB

The Country Women's Club met at 2:30 Wednesday, Feb. 15th at the home of Mrs. Marion Wade.

House was called to order, roll was called and 8 members were present with no visitors. Minutes were read and approved. President ask for old business and finding none, the chair called for new business.

Miss Howell rendered an interesting program. In this she gave an idea of what a brief budget system should contain. Mentioned the different varieties of foods one should eat daily, in order to build tissues and produce strength. A plan was also viewed which illustrated the proper arrangement of yards.

After the business hour refreshments consisting of Cookies and Cocoa was served.

There being no other business the meeting was adjourned to meet Wednesday afternoon, March 1st, with Mrs. Marvin Logan. Here a cheese demonstration will be given.

Marguerite Kent, Rep. March 1st and March 13th Buff Orphanon baby chicks 5c each. Please place order early.

Mrs. Geo. Williams. Miss Eddie Ham and Miss Lodice Putman, teachers in the Santa Rita School, were visitors in Eldorado the past week-end, guest of Mrs. Cora Putman and family. Miss Annice Putman returned to Santa Rita with them Sunday for a short visit.

John Holmes, of Rankin, was in Eldorado Monday shaking hands with former friends. It has been about 30 years since this scribe had met him. We use to bask in the sunshine on the South Concho when we were some younger than we are now.

J is for Jackel for Juniplee and jail. And also for Joana that swallowed the whale.

K, is for knock and kick and kink and many other thoughts that would startle a chink.

L is for lemons and legs and lovers. The last is referring to ones father's and mother's.

M is for maple for minks and milk and maple syrup too is as good as silk.

N is for nobody, northmen and nothing. The latter means our brothers whose always loafing.

O is for Orleans and Ozark and overalls, all still existed in the time of La Salle.

P is for pencil for pinchbug and pajamas. That are now being worn by one's papas and mammas.

Ozona Sets Annual Rodeo Dates

The Fair Association of Crockett County, met last week and set July 3-4-5 for the three days Annual show of their stock show-sale and Rodeo exhibit.

They selected officers last week and Wayne West was elected president of the Association.

LIONS CLUB

The Lions Club at their weekly luncheon Wednesday voted to assist in every way possible to assist the ranchmen and the 4-H Club, in every way possible if they decided to have their annual exhibit of fat stock here before taking them to San Angelo.

The committee on R. F. C. Funds reported that about \$600.00 had been spent and that the walk to the school building had been completed except for the covering, and had the promise of the Highway Department to top it with two coats of asphalt when they the highway work here.

The remaining money will probably be spent on the street to the Depot, and in case of the second allotment, it will probably finish that project.

PRESBYTERIAN CHURCH TO HAVE CONFERENCE AND SERVICES

On March 2nd, Thursday, Dr. Sweets, of Louisville, Kentucky, will be in Eldorado and meet with the members of the Presbyterian Church, who are urged to be present, and hold a Church Conference.

Supper will be served in the basement of the church about 6 o'clock and the Conference will follow immediately.

Praching services will follow the conference meeting to which the public is cordially invited.

NOTICE TO CONTRIBUTORS

Those writing articles for The Success must get them in before Wednesday noon to insure their appearing. We can not accept articles of any length on Thursday. Therefore all articles coming in on Thursday will appear in next week's paper.

Supt. R. D. Holt Is Retained For Another Year

S. J. Stanford, President of the Eldorado School Board, reports that at the last regular meeting of the Board that Supt. R. D. Holt was unanimously elected to head the school for another term. This will be gratifying news to our people.

NEWS IN BRIEF

Monday at Miami, Fla., Zaragoza was given 80 years Prison sentence, for attempting Murder, in which 5 people were wounded in attempt on President Roosevelt's life.

The U. S. Congress, Monday, voted for re-submission of the 18th Amendment.

At Austin Monday, Senator Woodward, of this district threw a glass pitcher of water at a San Antonio Lawyer, breaking the pitcher instead of the lawyer's head, although his aim was good, the head was too hard. It was just another fight between the Fergusons and Anti-Fergusons forces.

Jim Corbett, one of the Nations leading boxers, and a clean sport, died Saturday at New York City. At one time he was the Nation's champion.

President Hoover sent another message to Congress, asking that 7 moves to promote prosperity be passed by Congress within the next two weeks of this session.

Fance has decided to talk debt payment with the U. S. after March 4th. What France really should do is to pay some and talk less.

Three men were arrested in New Mexico Thursday for the torch burning alive of Lee Marshall, a homesteader.

The Senate and House at Austin have already begun to waste time and money discussing the ways and means by which liquor is to be brought back to Texas.

4-H Club Stock To San Angelo Exhibit

Eldorado and Schleicher County are preparing to exhibit some excellent 4-H Club stock at San Angelo and at Ft. Worth also. Those furnishing calves for exhibit, which will be one car load, or 15 calves, are: Thomson Bros., Henry Malloy, V. G. Tisdale, Joe Tisdale, Harold Bevens, Hensel Matthews and Jess Koy.

Those furnishing lambs for feed are: Thomson & Lawhon, J. O. Willoughby, Joe Tisdale, J. F. Runge, S. L. Stanford, T. K. Jones, Hensel Matthews and T. H. Alexander.

There are 115 head of the 4-H Club lambs, of which 1 car will be sent to Ft. Worth. There will be three open car loads of lambs, Jess Koy, one car load, fed by Cecil Moore; Thomson and Lawhon, one car load, fed by Jack Clark; and T. H. Alexander and Sons, one car load, fed by themselves.

Jim and George Williams will exhibit some age Rams at San Angelo and Ft. Worth, which were raised from their fine herds.

The 4-H Club boys and girls will have to call L. E. Sumner and get their feed record cards and fill them out before the San Angelo exhibit. Mr. Sumner has the cards ready and they must be filled in by each exhibitor.

These calves and lambs must be in San Angelo March 6th. They are in excellent condition, says Mr. Sumner and should be a better exhibit this year than last.

The 4-H Club through Mr. Sumner has given Schleicher County Sheep some of the best advertising ever had by a single county in Texas, and it is to be hoped that the calves will come up to our past record of sheep exhibit.

FEBRUARY 24, 1933

It seems like the liquor forces have captured the National Congress. And have paved the way for the Negro population of the south to participate in the convention that will attempt to bring liquor back to the Nation. If the Negro is not capable of voting in our election, he certainly is not capable of voting on the liquor question.

The Kisar and The Success agree on this technocracy. We just don't believe the project will work.

Believe it or not, but a war time will be witnessed when Old Texas meets to repeal the 18th Amendment. The old prohibition fight will be renewed. You will probably be called upon to register your vote for or against liquor. The Editor will vote to banish the evil of the liquor traffic forever.

The rock base and gravel and sand work on the walk to the school grounds has been finished. The Highway Department rolled it down well, now if the asphalt top could be placed on it, it will be finished and make a good walk.

Parents and teachers should see that children are kept off the highway and use the walk. Eliminate the danger of being hurt by using the new walk.

How to live at home the easy modern way that gives healthful plenty at least cost and effort is a contribution of the Extension Service to Texas. County farm and home demonstration agents personally helped more than 100,000 farm families last year to live at home more fully and more wisely. Another 150,000 were helped indirectly.

Better Equipped For Better Service

The public is invited to inspect our Dairy, which is equipped according to our State laws governing Dairies. Our cows are in excellent condition, frequently inspected by State Veterinarians, and we are prepared to give you the best service possible. GARDEN OF EXPERIENCE

By F. G. Clark

There is one God, one faith, one element
 One far off divine event
 Toward which the whole creation moves.—Tennyson.

We have a pushing God. There is nothing in nature standing still. From the earth itself, up to man, all things are alive, and that life, thru the urgency of God is growing finer and mounting to higher altitudes. All things are progressing ever, Urged by pressure from behind With God's hand on the lever.

The lower orders of life are moved upward without volition on their part. Lacking consciousness, they have no choice of cooperation with the pressure from behind, either to hasten or retard it. They are wholly at the mercy of fate.

Not so with man. As a conscious being he can have much to do in the shaping of his own destiny. By his moves of life he can move backwards, stand still, or accelerate his speed, beyond the slow movement of creation in general. We are launched upon the stream of progress, that is flowing toward the "far off divine event" and it is for us to determine our attitude toward it. We pick up our oars and row against the current, and thus head into the past, or we may use our oars just enough to enable us to stand still and watch all things move by us, or we may cooperate with the current, and by vigorous rowing, outspeed the current, and arrive much sooner at our desired haven. It is fatal to stand still. To do so is just as fatal as to be tied to a stake at low tide, and so held until the rising tide drowns us. This stake that holds us to the danger spot, may be prejudice, preconceived opinion, or as in case of China, ancestor worship. This nation stood still for five thousand years, while the rest of the world moved ahead; as a result the rising tide of progress is about to overwhelm her.

With a little change the poet describes her thus:

The Niobe of nations, there she stands
 Helpless and crownless, in her voiceless woe,
 An empty urn within her withered hand
 Whose holy dust was scattered long ago.

She is paying the penalty of her stagnation.

Up until the middle of the last century Japan slumbered by the side of China. But when Perry's cannon rudely disturbed her dream, she took her bearings and decided to try to catch up with the civilization that had left her behind. Today she is reaping her reward. China, with her millions of square miles of territory and hundreds of millions of population, lies helpless before the little island, with its comparatively few people.

We must agree with Galileo.

For Most Perfect Results . . . Use Modern Electric Cookery

With Electric Cookery good results are certain! Cakes, breads, muffins and biscuits bake thoroughly to a rich, even brown. Meats are tender and tasty. Vegetables always are deliciously flavorful and nutritious.

This certainty of cooking success is possible because the General Electric Hotpoint Range adds scientific precision to your own natural cooking skill. You can regulate your heat with absolute accuracy, so there's no guesswork; at all . . . everything's simple and easy and automatic. Testing, tasting, basting, pecking and adjusting are eliminated. After you've placed your complete meal in the oven, you're free to enjoy yourself. Leave the house if you so desire . . . your perfect meal will be ready to serve at the appointed time!

Modern Electric Cookery will make your meals a minor household problem. And it will save time and money for you, too! Why not enjoy the accuracy, the economy, the cleanliness, the coolness and the convenience of Electric Cookery? Call in or telephone for an interesting demonstration . . . TODAY.

CONVENIENT TERMS

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.

GETTING THE MOST OUT OF A QUARTER

By Mary Dell Williams
 A quarter dollar, in American coinage, is a silver piece having the value of twenty-five cents. In getting the most out of a quarter you do not necessarily mean receiving twenty-five pennies but getting any article that in value is worth twenty-five cents. If you were to buy an article that cost twenty-five cents, but you had no use for it, then you would not be getting the most out of it. In getting the most out of a quarter you should consider what definite benefits you would receive from the article you purchase.

In getting the most out of a quarter buy something that will benefit you in making some money with which to buy some other useful article.

One could buy twenty-five cents worth of candy and probably satisfy his hunger, but it would not last long or be of much benefit.

There are many different ways in which to spend a quarter and many of them would be very profitable, but in order to get the most I should think it would be well to buy a good book one that would benefit your daily life. It is very probable that if this were the right kind of book it would be a corner stone or turning point in your life toward higher ideals and more valuable work. Not only could the book be passed on to others in order to aid them, but your life should so shine that others would notice your works and be constrained to follow.

Your silent friends are the books you read and surely a quarter would be well spent in purchasing one that contains some high points that should be present in every one's life.

Even though you bought the book and it belonged to you, it would be of no benefit without work and study.

Work! It is work that makes genius. Thomas Edison said:

"Genius is two per cent inspiration and ninety-eight per cent perspiration."

Work! It is the creative enterprise of the world. The loafer is the parasite, the liability of a nation. He is part of civilization "overhead" and the chief waste product of human industry.

The book would be of no benefit without work so not only would we need the book but also the will power and interest to study it. If the studying is carefully done and put into your life you have received the most out of the quarter you spent.

ELDORADO HIGH SCHOOL TO BE REPRESENTED AT SAN ANGELO FAT STOCK SHOW

By Edward Cox
 On Thursday afternoon, at 3:20 the four classes of the high school met in joint session in the study hall, while Mr. Holt told of the request from Mr. J. C. Deal from San Angelo that we sent two representatives to the live stock show, which is to be held the night of March 6.

There were to be two girls elected from the high school to be our representatives. One girl is to be a cowgirl and the other a farmerette. This program has been a success and it should be an honor to be one of the girls elected to fill these positions.

After the classes had heard the rules they went to separate rooms, where they nominated their candidates and the three nominating speakers for each class. They then came back to the study hall and after having the twelve nominating speeches three from each class, the voting began. Each student was allowed two votes, which he could cast for any two girls of the four nominated. The four nominees were: Senior Class, Margaret Bradley; Junior Class, Artie Mae Wood; Sophomore Class, Celeste Tisdale; and Freshman Class, Loleete Andrews.

The nominating speakers were: Senior class, Hassell Ratliff, Jack Ratliff, Jim West; Junior Class, James Page, R. L. Sample, W. B. Gibson; Sophomore Class, Joe Turner, Hext, Arnold Farrington, Lois Whit-

ley; and Freshman Class, Frank Bradley, Sam Cloud and Cecil Moore.

These speeches turned out to be very good ones. Eloquent reasons were given by all the speakers why the students should vote for their candidate.

Immediately after the close of the speaking, the voting took place, and the votes taken up. Mr. Holt appointed an election committee of four students, one from each class: Senior class, Bell Sample; Junior Class, Anna R. Spurgers; Sophomore class, Thomas Richard Jones, and Freshman class, Wena Enoch. Three teachers were also designated to serve on this committee, Miss Allen, Miss Turney and Mr. Smith.

The results of the contest are: Loleete Andrews, Freshman, 52 votes; Margaret Bradley, Senior, 47 votes; Celeste Tisdale, Sophomore, 33 votes; and Artie Mae Wood, Junior 15 votes.

This gives Loleete Andrews and Margaret Bradley the honor of representing Eldorado High School at San Angelo the night of March 6. As Loleete received the highest number of votes, she has her choice of being either cowgirl or farmerette.

ARE MACHINES HARMFUL OR BENEFICIAL TO SOCIETY?

By Mary Dell Williams
 Friday, February 17, the Economics class had the pleasure of hearing a debate on the question Resolved, That machines are more harmful than beneficial to society. The ones participating in the debate were: Affirmative, Artie Mae Wood, Jack Ratliff, and Hollis Reagan; Negative, Hollys Alexander, Fay Keeney, and Junior Isaacs.

The contestants used the Texas Outlook, Literary Digest, Scholastic, and New Outlook as references. Some of the outstanding points for the affirmative were that the machines had put so many people out of work, that machines have lowered the moral standard of the world, and that machines are destructive to homes. Some points for the negative were that machines brought better

health, that the more machines we have the more labor is required, therefore giving men jobs who otherwise would not have them, and that machines were more beneficial than harmful because they can do many times as much work as muscle-driven tools.

The judges in this debate were the members of the class not debating. The negative won the debate by a vote of nine to three.

DEBATING CLUB STARTS INTERSCHOLASTIC LEAGUE WORK

By Charles Ratliff
 The debating club, under the direction of Mr. Kelley, has started its work on the Interscholastic League debate. The subject for debates this year is: Resolved, That at least one-half of all the state taxes and revenues in Texas should be derived from sources other than taxes on tangible property. Hassell Ratliff, R. L. Sample, Jack Ratliff and W. B. Gibson are working on the subject at the present time. Two of the four will represent Eldorado High School at the district meet at San Angelo.

The club is debating phases of this question in their regular meetings. The question of February 21 is: "The chief defect of the present system is that it places an unequitable burden on the owners of tangible property". The affirmative consists of Jack Ratliff, Jack Rape, James Page, and John I. Jones. The negative side is made up of R. L. Sample, Sam Cloud, Edward Butler, and Hassell Ratliff. Every one is cordially invited to attend each of these debates.

THIRD GRADE ASSEMBLY PROGRAM

By Nell Campbell
 The assembly program for March 1 will be given by the Third Grade Section "B", under the direction of Mrs. Bouie. The program is composed of two short plays entitled "Giving Aunt Jane a Shock" and "A Daring Bicycle" and a reading by Billie Wilton.

PUBLIC SPEAKING DEBATES

By Nell Campbell
 The Public Speaking class has been studying debating during the last semester. The first debate was held Feb. 15, the question being Resolved: That intercollegiate athletics should be abolished. The chairman of the debate was Fay Keeney. The affirmative speakers were, in order, Hollys Alexander, W. B. Gibson, and Nell Campbell. There was time for only two rebuttals on each side. The affirmative won by a vote of 3 to

2. The remainder of the class was to judge, but as there was one absentee the chairman was required to vote in order to have five.

The second debate was held on the 17. The question for debate was Resolved, That the women should have the same suffrage rights in the U. S. as men. W. B. Gibson acted as chairman. The affirmative speakers were, in order, Alicia Burk, Margaret Sheen, and Willie Ruth Johnson. The negative speakers were, in order, Fay Keeney, Bell Sample, Mary Dell Williams. As Willie Ruth was absent, Alicia gave two main speeches and only two rebuttals were given on each side. The affirmative won by a vote of 3 to 2, the judges being the remainder of the class.

The next debate is to be held the 25. The question will be, Resolved: That the U. S. should maintain a large navy. The affirmative speakers are Lillie Bell Kent and Nell Campbell and the negative are Margaret Bradley and Hollys Alexander.

WHO AND WHAT THE EXTEMPORANEOUS SPEAKERS ARE DOING

By Junior Isaacs
 There are two students who are now taking Extemporaneous speaking. They are: Fay Keeney and Hollys Alexander.

Hollys Alexander got second at the district meet last year. We expect him to get first this time. We also expect Fay Keeney to "bring home the bacon."

The speeches they are now working on are: Plan and Service of R. F. C. How Will Home Ownership Be Promoted by Home Loan Banks, Planned Economy in the Coal Industry, The Recognition of Russia by the United States, Cancellation of War Debts, The Lame-Duck Session of Congress, The City Manager Plan, and What is Technocracy?

These are very interesting subjects and everyone feels sure that they will profit by studying them.

SENIORS WIN BASKETBALL CONTEST

By Jack Ratliff
 The Seniors with a 12-3 win over the Sophs took the interclass basketball tournament. The Juniors lost only two games for the year, thus coming in second place. The Seniors lost only one game throughout the tournament. The Sophomores won five and lost five.

Full tournament standing:

	Won	Lost	Pct.
Seniors	7	1	.875
Juniors	6	2	.750
Sophomores	5	3	.625
Freshmen	1	7	.125

TENNIS NEWS

The tennis team is advancing rapidly. Joe Turner Hext, Jack Ratliff, and Hollis Reagan are working out for the team.

Coach Williamson is having a round-robin tournament. Joe Turner has won two matches over Jack and Hollis. Jack has won two over Hollis. Hollis has won none up to present. Each of the three tennis candidates will play the other three times, and the one having the highest percentage will be number one player.

The team has prospective matches with San Angelo and Sonora.

PERSONALS

By Thelma Taylor
 Gordon Williamson and his mother went to San Angelo last Saturday where Gordon got him self a new outfit of clothes. He said he was glad that he went now.

Junior Isaacs also spent Saturday in San Angelo walking the streets.

And then there was the time Jack Kerr told a story about his tooth needing filling just because he wanted to go to San Angelo.

Frances Mills went to San Angelo to get her some new clothes too. It seems like everybody is (Continued on last page)

NATIONAL CATTLE SHOW COMES TO TEXAS

After having been held for seventeen consecutive years at the breed headquarters at Des Moines, Iowa, the annual national show of Polled Hereford cattle will be held this year for the first time at Ft. Worth, Texas, March 11th to 19th in connection with the Southwestern Exposition and Fat Stock Show.

This national livestock event comes to Texas at the insistent invitation of Texas breeders of Polled Herefords who number over 700. These men for several years have been urging the officers of the American Polled Hereford Breeders Association, whose home office is at Des Moines, Iowa, to bring the big

yearly show and sale to Ft. Worth, thus giving to many who could not get to Iowa in mid-winter, an opportunity to exhibit their cattle and to see the best specimens from other herds in all parts of the country.

For several recent years there has been a sale and a sectional show of these naturally hornless purebred Herefords held in connection with the Stock Show at Ft. Worth, but never heretofore has the official national exhibition been held at any point in Des Moines. Texas breeders are pleased that this first show to be held away from breed headquarters should be held in Texas.

The Polled Hereford breed has been making rapid growth in this state for the past several years, until now Texas ranks fourth in number of herds and second in number of members of the national breed association. Nearly 75 Texas breeders are active members of the American Polled Hereford Breeders Association.

Mr. and Mrs. J. H. Jarvis were in from the Shell Station Saturday.

Mr. and Mrs. W. A. Hampton of Station A. were meeting friends in the city Saturday and shopping.

Build Up Health and Pains Go Away

WOMEN who suffer from weakness often have many aches and pains which a stronger state of health would prevent.
 Women in this condition should take Cardui, a purely vegetable tonic that has been in use for over 50 years. Take Cardui to improve the general tone of the system in cases of run-down health and "tired nerves." Women have found, in such cases, that Cardui helps them to overcome pains and make the monthly periods easier.
 CARDUI is safe and wholesome for women of all ages. Try it! Sold at the drug store.

JOKES

By J. R. Conner
Senior: I'll give you one hundred dollars per week just to take care of my worries for me.
Freshman: O. K. Where is the one hundred?
Senior: That's your first worry.

Husband (feeling a pain in the back while tuning in the wireless receiver): "I believe I'm getting lumbago."
Wife: What's the use dear? You can't understand a word they say.

Miss Turney (trying to drive home the lesson of kindness to dumb animals): Bobby what would I be showing if I saw a man beating a donkey and made his stop?
Bobby: Brotherly love.
