

# THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIII

Eldorado, Schleicher County, Texas. Friday June 30th, 1933.

No. 24

## All Teachers Now Employed For 1933-34 Session

With the recent election by the board of trustees of the Eldorado School District of two new teachers, all teaching vacancies in the district are now filled. A total of five new teachers have been added for next year, although the number of teachers remain the same as last year. The list of teachers in the Eldorado School is as follows:

J. C. Smith, principal high school and commercial work; Dave Williamson science and athletic coach; Miss Willie Allen, English; Mr. J. H. Kelley, Mathematics; Miss Mary Betu Norwood, Spanish and grade school work; Miss Louise Knight, library and grade school work; Miss Ester Zimmerman, Public speaking, public school music and grade school work; Mr. H. D. Irby, Grammar School; Miss Ruth Howell, Grammar School; Mrs. Otis Buie, Grammar School; Payne Robinson, third grade; Mrs. B. Watson, second grade; Miss Una Lee, first grade; R. D. Holt, Superintendent and history.

Miss Mary Beth Norwood, of Marlin, Texas, holds a B. A. Degree from Baylor University and has done graduate work in the field of Spanish in the University of Madrid, Spain, and in the University of Mexico. She has had four years of teaching experience, the last two years being at Hico, Texas.

Miss Louise Knight, of Sterling City, Texas, holds a B. A. Degree from C. I. A. and has done considerable graduate work in library science toward a masters degree. She has had three years in teaching experience, the last two years being at Sterling City.

Miss Ester Zimmerman, of Marlin, Texas, holds a B. A. Degree from C. I. A., where she majored in Public School music and voice. She has completed all the work on the Master of Arts degree at the Northwestern University, Evanston, Illinois, with the exception of the completion of the thesis. She has more than two years of teaching experience in music and speaking in the public school of Lordsburg, New Mexico.

The teachers of the other schools of the Eldorado Independent district are as follows: Reynolds: Mr. Warren Marshall and Miss Blanche Newlin, Alexander: Miss Dovie Newman; Vermont: Miss Mary Erskin; Mexican School: Mrs. Mary Davis..

## THE LIONS CLUB FELL DOWN ON THEIR FIRST JOB

The Eldorado Lions Club generally put everything across that they undertake, but last Thursday they went to Sonora for an indoor game of baseball and from what we can learn about the game everybody on the team let in three scores or errors, at least they played nine men and Sonora made 27 scores. Sonora did not make many errors, therefore Eldorado did not score but seven times.

Being Thursday it was impossible for The Success Force to attend and take part and we are confident there would be something else to write about had we been in the game.

So if we are correct this is the first job the Eldorado Lions have failed to put across.

## FRESH CORN 2 Doz. 35c AT SHAFERS

BORN—Wednesday June 23 a daughter to Mr. and Mrs. Eldred Roach, mother and babe doing nicely and papa steadily recovering.

## EGGS AND FRIERS

See me for Friers and Infer-tile eggs, at Shoemaker Feet Store.

Mrs. G. B. Shoemaker

## Keeling Heads Prohibition Forces McDonald For Wets

At the State Convention held in Austin Tuesday, the Prohibition forces lead by Senator Morris Sheppard, elected former attorney general of Texas, W. A. Keeling, as permanent chairman of the dry forces. There was no division of the pro forces everything was set to move smoothly and no friction occurred. Keeling was nominated by former Gov. Dan Moody said in making the nomination "I don't know of any one more fitting for the honor than W. A. Keeling."

Keeling reviewed the early fight for prohibition in Texas and in the nation.

"I saw the Breweries convicted in Texas and all they could say was 'guilty' and ask for mercy," said Keeling.

Senator Sheppard said that the way to control liquor was to kill it. Sheppard also reviewed the political activities of the breweries in the old saloon days, before the 18th amendment became a law.

## McDonald, Of Wichita Falls, For Wets

C. C. McDonald was elected chairman for the wet forces over Jim Ferguson. After several heated speeches, Ferguson withdrew his name after many of his friends claimed he was ineligible, among them being Congressman J. W. Bailey. They said he was not entitled to the office on account of his former impeachment as Governor.

The House of Ferguson seem to be divided on the Prohibition question. Gov. Miriam A. Ferguson is lined up for the prohibition forces.

B. Y. Cummings of Fort Worth, was elected Temporary Chairman of the meeting, getting started 20 minutes late.

Bishop Harry T. Moore of Dallas offered the invocation. His is the Episcopal church.

Cummings in his keynote speech denounced Prohibition as a failure and received loud applause from his crowd. He said he felt Texans on August 26th would vote to repeal prohibition so decisively that it never again would "rear its ugly head" in this nation.

## THE A. & M. SHORT COURSE FROM THE HOMEMAKERS' VIEW

The A. & M. Short Course is offering to the home demonstration club women more of the doing and less of the listening during the coming session which is to be held from July 24 - 29.

Just to give an idea what will take place the following things are some of the topics to be taken up that the women will be interested in: Meat cutting and curing, tanning hides, making grape juice, picking and boning chicken, making rugs, dyeing lamb skins, standardization of food products—to mention only part.

As for as expenses are concerned they have been cut to a nominal price, rooms in dormitories will be \$1.25 per week per person and meal tickets for five days \$3.75. Several club women are planning to go and if anyone else is interested get in touch with the home demonstration agent for further information.

Mabel Howell,  
Co. H. D. AA.

## CANTALOUPE, Ripe, Firm 3 For 10c

Mrs. Lois Beavers and daughter Miss Ouida, of Abilene, are visiting Mr. and Mrs. W. M. Bearce this week end.

Dave White and son, of Peralta, New Mexico, were here Saturday and Sunday visiting Mrs. W. H. Douglas and Frank Douglas. Mr. White at one time lived in our County, but it has been ten years since he has been in our city.

## Fresh OKRA 2 lb 15c AT SHAFERS

## W. R. Nicks No. 1 Is To Be Plugged

Eldorado regrets to hear of the decision to plug the W. R. Nicks No. 1, which has been drilling since 1930, and has had some very promising showings, especially at the depth of 4,000-06 feet where it encountered gas and oil, estimated at several hundred thousand cubic feet of gas and between 15 and 20 barrels of oil daily. No. 1 Nicks total depth is 6,630 and is not considered a test of the deep class as it did not drill deep enough to test the Ordovician formation.

The Tisdale well is drilling at 6,030 feet and indications are that this test will never be finished it is carrying some water at this depth, but it is not certain where the water is coming from.

## THE WAY WE GO

Did you ever notice when a politician gets so crooked the people won't elect him to office any more on either of the old tickets, he will start a new party and some honest men will follow and almost all the crooks. So it is in religion. When a crooked preacher gets to where no honest congregation will support him he will find something new to bust up the church trying to start a new faith so he can get employment and he can always get a following. Every crooked hypocrite that he can enlist has some influence and of course there is always a few people that are honest and sincere that don't read their Bibles that they can lie to and get by with it. This crooked bunch will tell any kind of a lie on all good honest preachers and the faithful Christians and the first thing you know they have the churches all in a stir and divided up into two or three different churches (or faith). That is the kind of folks the Bible says are ungodly and the kind that is going to fill Hell so full that there will be no room there for good people. Which side are you on Brother?

Perry Johnson.

## COUNTRY WOMENS CLUB

Last Wednesday afternoon June 21st an interesting program was rendered at the home of Mrs. Richard Cheatham. Be sure to have the exact pressure in canning to have good results said the president. Each member discussed their difficulties in canning and exchanged recipes of all kinds.

All members were not able to attend but those present reported a nice time. Next meeting will be with Mrs. Ira Hudson, July 5th.

—Reporter.

Mr. and Mrs. Joe Williams returned Wednesday from a visit to Glendale, Arizona, where they visited two sisters of Mr. Williams, Mrs. R. E. Crouch and Mrs. F. A. Westfall. Mr. Williams reports that they had a real trip of pleasure, visiting the Grand Canyon and also the Carlsbad Cavern. Mrs. Williams stood the trip well and walked from the top of the Cavern to the bottom and back to the top again.

J. H. Jarvis, H. H. Hooker and Rev. W. H. Marshall went to the Leslie Jones ranch on the head of the San Saba Friday in pursuit of the finny tribe, made a fairly good catch of perch and bass.

T. H. Alexander was in from the ranch Saturday selling his last 11 bales of cotton, which brought him 11 cents per pound. Mr. Alexander has made some money in holding this cotton. He sold to C. O. Bruton.

We will be in your city each Monday, Tuesday and Wednesday to do jewelry repairing. Bring your work to the City Drug Store for repairs.

J. L. HULL

## End Of Wool Movement Near In Schleicher

The Eldorado Wool Company, operated the past two years in connection with the First National Bank, under the management of J. E. Hill, vice-president of that institution, will close its second season in the wool business with a very satisfactory showing. The tonnage handled during the current season shows a gain of over 100 percent over the same period of the preceding year, and the range of prices on sales through the warehouse have been fully in keeping with the market and with the average over the sections where the best Texas wools are produced and sold.

Wool handled and shipped by the local concern up to the close of the past week amounted to 1,221,532 pounds, which with the approximate 200,000 pounds yet on hand, provides an aggregate for the Spring clip slightly in excess of 1,400,000 pounds. In addition some 50,000 pounds of Spring mohair was handled locally.

The wool remaining in storage is composed chiefly of choice staple, light shinking lots, being held in anticipation of further price advances. From the improvement noted in both domestic and foreign markets the past week, there is little doubt but that the peak of 1933 wool prices is yet ahead.

## CLIFF BARBECUE TODAY

W. H. McClatchey was in from the ranch Saturday and said that he was just joking last week when he told the Editor of this rag that the Cliff people would charge 25 and 50c for the dinner for the people to come on and enjoy the barbecue and they would not be robbed. Today is the day for the feast.

Mr. McClatchey informs us that Toenail would assist in the staging of the Barbecue and program.

## NOTICE TO SCHLEICHER COUNTY PEOPLE

On August 26th, the greatest question of the age, to my mind, will be submitted to the people of this county for their judgment and their vote. It is a question that should be aired before the people of the qualities of both sides of the question. We frankly admit that we can not represent but one side. That is we see no good in but one side but we will give anyone living within the bounds of this county the privilege to express his or her views on the question, free of any charge. All will be necessary for you to do is to write the article and publish it over your name. Don't accuse this editor of being narrow minded. Just step on the gas and show your stuff. Take a column if necessary to say what you desire at our expense and your pleasure.

The Editor

## METHODIST ORPHANAGE SENDS THANKS

Rev. D. B. Orsborn, who is temporary manager of the Methodist Orphan Home at Waco, sends in the thanks of the Home for the 32 head of sheep that they received from Schleicher County Ranchmen the past week. He said the sheep were valued at \$69.00 and that the Management of the Home were very thankful for the splendid donation.

## Fresh PEACHES and GRAPES AT SHAFERS

## WOODUL OUT FOR LIEUTENANT GOVERNOR

State Senator Walter Woodul, of Coleman, announces that he will be a candidate for Lieutenant in 1934, and that he thinks he can win the nomination without much trouble.

## FRESH WHITE SQUASH PER lb 2c AT SHAFERS

## Afternoon Program For July 27th

Following is the program for the July 27th Barbecue. The morning program will be music by the band and a ball game which will take up the morning hours. The big Barbecue Dinner will be served beginning at 11:45 and close by 1:00 if possible.

1:45—One-fourth mile horse race free to all. Purse \$15.00, \$10.00 and \$5.00.

2:30—Three-eighths race, free to all. \$20.00, \$12.50 and \$7.50.

3:15—Three-sixteenth mile race, Schleicher County entrance only, \$12.50, \$7.50 and \$2.50.

4:00—One-fourth mile race 2-year-old, \$15.00, \$10.00 and \$5.00.

4:45—Shetland pony race, \$3.00, \$2.00 and \$1.00.

Bronc riding \$25.00 first; \$15.00 second and \$10.00 third. Two dollars mount money to non-winners.

Calf roping \$40.00 first; \$25.00 second and \$10.00 third.

Cow milking for entrance fees, 60-30 and 10 per cent.

Goat roping for boys 18 years of age or under \$6.00 first; \$3.00 second and \$1.00 third.

There will be steer riding and other features intermingled throughout the program. There will be something going on all of the time throughout the day, and at night a Big Dance at The Rock Filling Station for those who like to dance.

## FIRST METHODIST CHURCH

Sunday School — — 10: a. m.  
Morning Worship — 11 a. m.  
Morning subject: "A Good Man's Hell—Mannasseh." This subject will be of interest to the entire people. The pastor of the Methodist church has a great secret to tell you Sunday morning. I want the public to know what this secret is.

Our young folk will meet at 7:30 to organize our League work. Many of our young folk want their League organized and are now ready to enter into the work with a good spirit. We want all of our young people present. We are going to have something to tell you that you will want to know. And too we are going to DO SOMETHING FOR YOU, and you will like it.  
W. H. Marshall

## PRESBYTERIAN CHURCH NEWS

Last Sunday the services were well attended, both morning and evening. It was, indeed, a privilege to have the congregations of the Methodist and Baptist churches worship with us at the evening service. The Rev. Marshall, Frazier and Ruffell and Holley were participants in the administration of the service. The church was filled.

Next Sunday morning the sermon subject will be "Glittering Earthware," II Cor. 4:7. At night the subject will be "The Character of Sin." Services held at 11 A. M. and 8:15 P. M. respectively.

Sunday School at 10 and prayer meeting Wednesday night at 8:15.

Men's Bible Class in the Manse at 10 a. m. Sunday.

## NOTICE

The Church of Christ will begin a meeting Saturday night, July 1st and run over into the second week, closing the 13th.

Elder Paul S. Knight, of Boonville, Ark., will do the preaching.

All services will be out in the open air. We extend to one and all a warm welcome to attend each service.

John Rodgers.

Dr. Malone V. Hill who has been visiting his father and mother, Mr. and Mrs. D. C. Hill, left Wednesday for Houston where he is associated with his uncle, Dr. James A. Hill. Malone is a junior partner and surgeon in the Hill and Hill Clinic.

## Lions Club Set July 27 For Barbecue & Rodeo

At their regular meeting Wednesday, the Lions Club who is sponsoring the July Barbecue and Rodeo, set the day for July 27th, at the Fair Park. The program will open at 9 o'clock with music by the band which will last until the baseball game begins, which will be about 10 o'clock.

After the ball game, dinner will be served at the park. After the noon hour the horse racing and rodeo will begin and run until 5 o'clock.

A dance will be given at the Rock Tourist Camp Thursday night which will close the days events.

There will be plenty of entertainment throughout the day for all who wish to come.

J. A. Whitten reported on the Scout work and said that the new building will soon be started and the boys will soon have a place to meet in. The building to be 32 by 14 and to cost between \$400 and \$500.

The Club voted to entertain the District Group No. 23 here on July 12th and that the Luncheon be held at the Baptist church lunch room.

## DELONG - STEEN SHOWER

The many friends of Miss Mary DeLong and Lawrence Steen presented them with a pre-wedding shower of many useful and valuable gifts at the Methodist Church Tuesday June 27th, where an arranged program was rendered beginning at 3:00 o'clock with Mrs. Dave Gregory at the piano playing "Lovers Ship". Miss Elmore Andrews sang "My Darling" which was followed by a reading from Genevieve Ramsey. Miss Celeste Tisdale gave a violin solo, accompanied by Mrs. C. E. Poer on the piano. Donald J. Royster rushed in at this time on his bicycle bringing a telegram for the bride-to-be, which she read to the crowd at house, which numerated the many useful gifts that were drawn in at this time in a ship and presented to the bride-to-be by little Miss Emilee Ann Harper and Master Bobby Gene Newman. While the list of gifts were being read aloud by the bride-elect, refreshments were served by some of the ladies from the kitchenette of the Methodist Church.

Many out-of-town guests were there and took part in the gathering and the shower or these popular young people of this community. The wedding is to be June 30th.

## BIRTHDAY PARTY

Noble McSwain celebrated his ninth birthday with a party Tuesday afternoon. Games and contests were enjoyed after which ice cream and cake were served.

Dorothy Jarrett and Marjorie Parks assisted Mrs. McSwain in entertaining the little folks, who were the following: Leslie Webber Christian, Edward Meador, Ouida and Glen Cheatham, Louise and Jimmie Hillier of San Angelo, Jean and Lester Nixon, Joy Winters, Fern and Mozelle Parks and Douglas McSwain.

## THIRTY-TWO HEAD OF EWES TO ORPHANAGE

Rev. W. H. Marshall reported that Schleicher County sent 32 head of ewes to the ranch of the Methodist Orphanage. These sheep will be used to stock the ranch with the belongs to the Home and to furnish the meat that is used in the home. A truck from the home came after the sheep.

## STANFORD DAIRY

The very best in dairy products. Cows T B tested regularly. All milking and handling of milk done on concrete floor. Your patronage appreciated. Phone 249

## The Eldorado Success

A. T. Wright Editor  
 Agnes Wright, Associate Editor  
 Subscription per year --- \$1.50  
 We appreciate any item of news you might know. Call 77 and we will do the broadcasting.

JUNE 30, 1933

Now since wheat has almost doubled in price, and the Government Processing Tax on flour is \$1.50 per barrel, or about 37 cents for a 48 pound sack, you need not be surprised if you see flour go to \$2.00 per 48 pound sack in the near future.

Well, we have passed over the longest day in the year and we understand that Sonora would have made more scores in the day had been longer.

The Success is very thankful for the splendid response on the part of the people in renewing subscriptions and the new ones that have been added to the list during our bargain days. We have not pushed this matter hard on any one and those that did not take advantage of this offer we trust that you will make oodles of money before the year ends and will hand in yours.

The Success has received the New Year Book of Agriculture for 1933, sent us by Congressman R. E. Thomason. He says he has a limited number for mailing and those wanting one will get them in line as applications are made. So if you want one write Mr. Thomason at Washington and if the supply is not exhausted he will mail you one.

The Editor and wife, Beatrice and Bob, left Sunday morning to go to Sweetwater to take A. T. Wright Jr., who left for his work on the West Coast on the Battleship Maryland. We found in our travel most of the country needing rain, but in most places crops were up and would yet make a fair production if rain would come in the near future. Some places needing rain worse than others. We spent Sunday night, or part of it with Mr. and Mrs. A. V. Grimes at Maryneal. Here we found a country similar to our own, a small town up on the divide where cool breezes constantly blow. We found the threshers busy there and from inquiry found that the oat crop was yielding about 20 bushels of oats per acre. We had to make Sweetwater at 5 o'clock Monday morning, so our return from that city, which is a thriving little city, was through a country, for several miles, that only traversed ranch land, and which was not suffering from dry weather, plenty of grass was in evidence along the highway. We returned by way of Robert Lee, for our first time saw the quaint old town of Robert Lee, although we have been reared within 50 miles of the place. We found the people getting ready to have their big celebration on June 29; had a big welcome sign hung across the street and we thought it had been hung especially for our coming to the city, but learned later from Fred O. Green that it was intended for all, as a welcome awaited all visitors. After a visit with our old friend Fred O., we called on Judge E. O. Geron, who went from Eldorado to Coke county to practice law, and by some means won the confidence of those good people and has been elected County Judge. He had us go down to see his son, Jim Reed, who is now nine months old and the idle of his Dad. The son was named after Senator Reed of Missouri. We next called on "Bumbles" the Editor of the Robert Lee Observer. We have been reading the Observer for many years, even long before "Bumbles" picked up the pen staff to guide its destiny. Editor Pruitt, like most Tom Cats, had been out on a prow the night before and did not get in until daylight and consequently was not open very early. This was our first visit with Brother Pruitt and from reading his writing we had him figured out to be an older man than he is, so he must write older than he looks, but a man can sometimes live two years in one in a printing office. We reached home about noon Monday.

## EVERY TEXAN INTERESTED IN TEXAS' INDUSTRIAL DEVELOPMENT

Every Texan has a selfish as well as patriotic interest in the industrial development of his home State. No other forward step means so much economically to Texas citizens, no other development will have more to do with the upbuilding of Texas as a whole.

The farmer will profit from it in the way of better markets. The retailer will advantage from it in the way of more customers and more stable economic conditions. The wholesaler will benefit from the aid to his retail outlets. The professional man will have more clients. Even the manufacturers already here will secure the advantages accruing from more people, more industrial workers, more of the "value added by manufacture" staying in Texas to the tremendous increase of the State's spendable income.

Compare the 136,000 industrial wage-earners of Texas with the 1,300,000 of New England—relatively of the same size and population. Compare the \$151,000,000 annual industrial payroll of Texas with the \$1,100,000,000 payroll of New England, and think what it would mean to every Texan if the Texas payroll were increased by a billion dollars, its industrial workers increased by a million wage-earners!

Texas has the raw materials, the fuels, the transportation, the power, the markets—12,000,000 people are in its possible trade area. It has the ports for foreign business, it has at its doors below the Rio Grande a potential and growing market that should be supplied by Texas manufacturers development and the sooner our ability to supply these and our own increasing demands, the more certain that Texas will dominate this new market by its nearness and its accessibility to existing transportation lines.

Encouraging Texas industry by Texas citizens is a tremendous aid in the accomplishment

## WARNING FOR HOLIDAY PLEASURES

AUSTIN, Texas, June 26. On July Fourth Texans will celebrate the One Hundred and Fifty-Seventh Anniversary of our National Independence. Thousands of people will lay aside their business cares and in various ways celebrate the occasion. The Texas State Department of Health believes in this observance but desires that it be as free from accidents as possible and have issued a warning in this connection.

Perhaps it is asking too much of "Young America" to insist that the use of blank cartridges, firecrackers, and other dangerous noise makers be dispensed with, but certainly their use should be indulged in with great caution. If an accident should happen with any of the above articles, the first thought should be of lockjaw or tetanus. Every wound should be cleaned thoroughly and all foreign matter removed. Every puncture or lacerated wound should receive prompt attention. A doctor should be consulted at once and tetanus antitoxin administered if necessary. The use of this serum is a preventive of lockjaw. Care should also be used in case of burns.

If swimming is to be a part of the day's activities, care should be taken to select a safe place. Of course pools that have guards are the safest places, but unprotected places will claim their number of bathers and those that cannot swim should be very careful and not venture beyond their depth. In case of accidental drowning artificial respiration should be started at once and continued until medical assistance arrives.

According to the Vital Statistics records automobile accidents always show an increase on holidays as there are more people on the road these days. Care should be used in driving keep on your side of the road, give the other fellow a little more than half the road, have lights all tested and inspect your breaks. If every one would drive carefully and practice common courtesy a large number of accidents and deaths would be avoided.—State Department of Health.

## MARINES RESUME RECRUITING

The New Orleans Marine Corps Recruiting Station located at 535 St. Charles Street, has been authorized to enlist a few high-school graduates during the month of July.

Men enlisted will be immediately transferred to Parris-Island, S. C. for few weeks preliminary training before going to some school, ship or Marine Barracks for duty.

The Marine Corps offers young men a splendid opportunity to travel, during an enlistment one will travel thousands of miles and will visit many strange places.

Application blanks will be mailed on request, applications filed do not obligate men to enlist, it only places them on list of eligible applicants, it is announced by Major P. D. Cornell, officer in charge of the New Orleans recruiting office.

Sam Williams was in from the ranch Saturday shaking hands and looking after business. Mr. Williams says a good rain would not hurt anything out his way. But not suffering.

of such an important objective. Every Texan can help by knowing what Texas makes and the quality of its manufactured product.

## ICE

I have opened up a Ice house back of Humble Service Station. Will appreciate all patronage. Phone 100 for quick delivery.

BERNARD CARR

## PLENTY OF MILK MAKES HEALTHY CHILDREN

Milk from our State inspected herd will be the best food you can secure for children and at a reasonable price. For quick service for milk or cream phone 8104.

SAMPLE DAIRY

## THE STATE OF TEXAS COUNTY OF SCHLEICHER

In the District Court of Schleicher County, Texas, Mrs. Kate E. Robinson, Plaintiff, VS Geo. M. Brown, Defendant.

Whereas, by virtue of an execution issued out of the District Court of Schleicher County, Texas, on a judgement rendered in said court on the 29th day of March A. D. 1927, in favor of the said Mrs. Kate E. Robinson and against the said Geo. M. Brown, No. 367 on the docket of said court, I did on the 22nd day of June A. D. 1933, at ten o'clock A. M., levy upon the following described lots, tracts and parcels of land situated in the town of Eldorado, in the County of Schleicher and the State of Texas, and belonging to the said Geo. M. Brown, to wit:

All of lots Nos. One (1) and Two (2) in Block No. Two (2) in the D. C. Hill Subdivision of the South one half of Block No. Sixty (60) as the same appears from the map of the said town of Eldorado, Texas, and the map of said Subdivision;

And on the 1st day of August A. D. 1933, the same being the first Tuesday in said month, between the hours of ten o'clock A. M. and four o'clock P. M. on said day, at the court house door of said county, I with offer for sale and sell at public auction, for cash, all the right, title and interest of the said Geo. M. Brown in and to said lands and premises.

Dated this 22nd day of June A. D. 1933.

O. E. CONNER, Sheriff of Schleicher Co., Tex.

Dr. E. B. Newsom returned Friday from a few days' visit to Rockwood in Brown County, and said when he reached Eden he found a slogan in a Cafe which read like this, "To trust is well, To bust is Hell. No trust, No bust, No Hell." Which carries us back to our old debating society days when we would debate "Is there more pleasure in Pursuit and in Possession?" There is lots of pleasure in pursuit and some time we find hell in possession.

E. W. Brooks left Eldorado Saturday evening and went to Brownwood where he attended a home coming of the Brooks family. All the children were there Sunday with his father's family and had an enjoyable day. There were eight of the children and some other relatives present.

H. W. Chrieseman was over from the Barnhart country Tuesday and while in our city made The Success office an appreciated visit. Mr. Chrieseman reports that it is dry in his section but that stock is doing well, but all wanting a rain, he said.

Jess Ramey was in from the farm Tuesday and says that he is ready to plow up his part if the cotton acreage.

F. R. Keele was out from San Angelo Monday looking after business here.

L. E. Ratliff, Breeder of fine sheep and Hereford cattle, dropped into The Success office Monday and says he will only take about six of his fine bucks to the Ozona sale this year. Mr. Ratliff started in several years ago with only a few head of sheep and cattle but has a pretty nice herd now and will have several bucks and bulls to sell later on this season. Mr. Ratliff has not spared money or time in building up his herd and says now that he has gone through the depression that he thinks there is a better day coming for his kind of stock.

## Thousands of Women Have Taken Cardul on Their Mothers' Advice

It is an impressive fact that many women have said they learned of the value of Cardul from their mothers.

What stronger evidence of her confidence in a medicine could a mother have than that she advises her daughter to take it?

Cardul is given the credit for relieving so many cases of womanly suffering that it is widely and favorably known. Druggists, everywhere, sell it.

If you are weak, run-down, suffering monthly, take Cardul. Take it for a reasonable length of time and try it thoroughly. As your health improves, you will share the enthusiasm of thousands of women who have written to say: "Cardul helped me."

## A New Fuel

Drive in and try the New HUMBLE MOTOR FUEL.

"It definitely assures Smoother Performance"

We have a large shipment of Firestone Tires and Tubes coming in. Ask for prices before you buy.

Monty Montgomery, Prop.

## WE CAN SUPPLY YOUR NEEDS IN PRINTING

Look over the items listed below and see if there is any of them you need. If so, use your telephone and have us bring it to you.

Typewriter Ribbons, Adding Machine Ribbons, Stafford's Fountain Pen Ink, in half pint bottles, Stamping Pads, Adding Machine Paper, Cash Register Paper. Second sheets and all commercial stock.

Ashburnham Vellum announcement cards and envelopes.

Tablets made for plain correspondence, Hammermill Bond paper.

All printing done on short notice.

Lark McClary sold 760 head of ewes to Wade Brothers at \$3.34 per head. These sheep have been on the W. D. Swift ranch.

R. A. Evans is having an addition built on his home this week. R. W. King is doing the work.

## Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)

## Enjoy These Exclusive Advantages of Modern Electric Cookery

Let modern Electric Cookery take the place of tedious old-fashioned methods in your home by installing an Electric Range now. You'll appreciate Electric Cookery for these distinct and exclusive advantages:

MODERN... Automatic timing and temperature control permit you to cook entire meals without constant watching.

FAST... Modern ranges make electric cookery faster. Less water is used, which cooks foods faster... and makes them better and more healthful, too.

ECONOMICAL... Electric Cookery provides not only economical operation, but gives distinct savings in food cost through minimizing the shrinkage of meats and bulk foods.

CLEAN... Clean, flameless electric heat cooks without blackening pots or pans. No scouring, no scraping. Kitchens stay clean with little work.

SIMPLE... The principles of Electric Cookery are so well defined, the methods so clear-cut that even inexperienced cooks always obtain excellent results.

ACCURATE... Simple processes and automatic control enable women to prepare perfectly cooked meals more accurately than when timed by human mind.

COOL... Perfect insulation retains the heat in the oven so well that it does not escape into the room. Electric Range kitchens stay cool.

HEALTHFUL... Electric Cookery gives you tastier, more healthful foods. Natural flavors are preserved. Health-giving minerals are retained.

SAFE... Electric Cookery is flameless... no poisonous gases or disagreeable odors... no fire danger.

TIME RELEASING... Electric Cookery releases your time from "pot watching" for more pleasant tasks or pastimes.

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.

West Texas Utilities Company

Each wants a different motor oil  
—and Gulf makes an oil for each!

YOU know best what kind of an oil you want. You know best how much you want to pay for it.

So Gulf lets you take your choice. Offers you 4 fine oils and 3 fine gasolines—at fair prices!

And—along with any product Gulf sells you—you'll get something else—confidence in its quality! Every product sold under the Gulf seal is the finest that can be made at the price. Try them! Drive into a Gulf station the very next time you need gas—or oil—or service!

★ THEY'RE FREE! ★  
Every Gulf station gladly cleans your windshield, fills your radiator, inflates your tires and checks your oil...FREE

### 3 Great Gasolines

<i>Gulf Traffic</i> —A dependable, white anti-knock gas.	LOW PRICE
<i>That Good Gulf</i> —The famous FRESH gas—now lubricated. No extra cost.	MEDIUM PRICE
<i>No-Nox Ethyl</i> —As fine gasoline as money can buy, plus Ethyl.	PREMIUM PRICE

### 4 Great Motor Oils

<i>Gulf Traffic</i> —Safe! A dependable low priced oil	15¢	a quart (plus tax)
<i>Gulf-lube</i> ... Gulf's sensational new "high-mileage" motor oil (or <i>Gulf Supreme</i> , "The 100-mile-an-hour oil.")	25¢	a quart (plus tax)
<i>Gulfpride</i> ... No finer motor oil in the world	35¢	a quart (plus tax)

## DISPELS MYSTERY OF BANK BUSINESS

Country Banker Gives Simplified Picture of How a Bank Works to Help Other People's Business

A COUNTRY banker recently prepared the following simplified statement for his neighbors on just how a bank goes about helping them:

"It is the most important part of a bank's business to lend money. Of all the money deposited in a bank, the law requires that a certain percentage be kept on hand as a reserve to meet the demands of depositors. It is the business of its officers to lend the balance conservatively and safely.

"The loans of a properly managed bank are invariably made to those it believes are able to repay, and always on condition that they be repaid at a stipulated time.

"The promise of an individual to repay a loan to a bank on a certain date is as sacredly inviolable as the promise of a bank to repay its depositors on demand, or, in the case of a certificate of deposit, on the date it falls due. When it comes to be known of an individual that he 'always pays,' his credit is established and his bank is always glad to extend him needed accommodations.

"A well managed bank never capitalizes industries. That is, it does not place its loans in fixed form, but puts them where they are to be used for temporary requirements, and where they will be taken up at the time specified.

How a Bank Lends  
"It is not the function of a bank to become a partner in industries, nor could it be legitimately done with the money of depositors. Its loans must be kept in 'liquid' form,—that is, repayable in cash at stated intervals.

"A bank must use the greatest discrimination in making loans. A stranger cannot expect accommodations. It is customary for the borrower to make a statement of his financial affairs, which is kept in the bank's records. It is a punishable offense to make a false statement for the purpose of borrowing funds.

"Naturally, in their dealing with the regular depositors of the bank, its officers become well acquainted with their characters and their resources and are thus in a position to determine how large a line of credit each one is entitled to. That is one of the great advantages of being a bank depositor.

"The man who knows how to get into debt wisely, that is, who borrows money with which to make more money through legitimate enterprise, is the borrower whom the bank is looking for. By the frank interchange of opinion and a free discussion of various projects, the borrower is often guided and helped by his banker.

"In order to procure a line of credit at a bank three things are important:

1. A statement of assets showing a basis of credit in the way of invested capital, or collateral of sufficient value to cover amount of loan, or
2. An endorser whose credit is established at the bank; and
3. Average deposits of a sufficient amount to justify the extension of the desired accommodation."

AS WILL ROGERS SEES IT  
Will Rogers recently told why the banks had got into trouble. "Don't blame it all on the bankers," he said. "When we all needed money they loaned it to us—but when they needed it we couldn't pay it back."

### Advertising Aids Business Revival

NEW YORK.—Business concerns are expanding business by effective advertising despite depressed business conditions, declared A. W. Diller, advertising counsel, at a bankers' conference here recently.

"Is 1933 a good year in which to advertise?" Mr. Diller asked. "Yes, if 1933 is a good year to stay in business, to reinforce the public's confidence in you, to put more business on the books. There is new business to be had today and aggressive companies are getting it. But new business will come in only if you go out for it. Advertising certainly goes out for it."

"Will people read newspaper advertisements these days? They will read anything that interests them. There are plenty of present-day arguments for business."

### Advertising Mistakes

A QUESTION before many of us is what change of advertising policy, if any, should be made in view of present financial and business conditions. It is perfectly natural for us to give consideration to some degree of retrenchment, but it is dangerous to let reduction in expenditure be such as to bring about a real gap in the continuity of the advertising. It is a common mistake for some advertisers to think that they can turn advertising on and off, like water from a faucet and expect it to become immediately effective whenever they are prepared to resume operations. Advertising does not work that way. Temporary conditions should not influence us to make too serious inroads on the program of advertising, which can be wisely conceived only on a long term basis.—Francis H. Sisson, President, American Bankers Association.

## Are You Worried?

Has this long period of low prices shaken your confidence in your financial future? If you should have a serious fire, or worse still, if you should be called away from your family and business what condition would your estate be left in? Fire insurance on your property and insurance on your life will take away the worry on both these points. Cash or terms. See me for explanation.

W. O. ALEXANDER.

MORE MILK--and a SAVING IN FEEDING COSTS

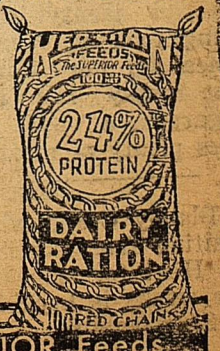

SOUTHWESTERN dairymen who are making the largest net profits from their herds are raising their own roughage (wherever possible) and providing good pasture; BUT they are buying the best concentrates the market affords.

And more dairymen every day are using RED CHAIN 24% Dairy Ration as the best concentrate for their cows. They find that RED

CHAIN may cost a few pennies more per bag—but IT LOWERS THE COST PER GALLON OF MILK, OR POUND OF BUTTERFAT.

RED CHAIN Dairy Ration will lower YOUR feeding costs—and increase your production and profits.

SELF-SERVE Grocery

RED CHAIN Feeds Are SUPERIOR Feeds

Mrs. H. W. Smith and children, Mary Jane and H. W. Jr., were in Eldorado this week attending the annual meeting of the Mias Amigas Club.

We note from the Christoval Observer that the wedding bells will ring August 5th for Mr. H. A. Chapple and Miss Josephine Moyers of Christoval.

### FACTS—FACTS—FACTS

By W. H. Marshall

If you are in Sunday school, we hope you will stay where you are. Be faithful to your own Sunday school and Church. You have a great Sunday school and a great church. Why quit your Sunday school or your church to come to mine? I have not ask you to do it and God being my helper I will not ask you to do so. But if you are not in any Sunday school, we invite you to ours. If you do not want to come to the Methodist Sunday school, go to some other; for we have several good Sunday schools in our City and you will want to attend one. Wouldn't it be great if everyone who is able to do so would go to Sunday school and church Sunday. It would be a great joke on the Devil believe me. And if you want to know what I think about the Devil, I think it is about time the churches of Eldorado play a joke or two on the old Fellow; for he is playing jokes on our churches and the people of our churches every day. He has a lot of our people believing that there is nothing to live for but pleasure. A lot of church people can walk through a graveyard and come away refusing to believe they too will some day go out to meet God in judgement. They just won't believe it. Jesus said, "By their fruits you shall know them." Let us make the test. Where will you go Sunday morning, to Sunday School and church or to business and pleasure?

### A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Theford's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Theford's Black-Draught is one of the TONIC Laxatives, tending, as it does, to establish a regular habit of evacuation.

### ON TEXAS FARMS

By W. H. Darrow,  
Extension Service Editor

Re-forestation has begun in Burleson county with 1600 pine trees set out in three demonstrations with the county agent. More than 90 per cent are growing.

American cheese is no longer exclusively a factory product. Using home demonstration methods thousands of Texas farm women are making this dairy product at home. Among them is Mrs. T. Cowan of Lynn county who recently made 28 pounds at a net cash cost of 50 cents.

The butcher offered him only \$15 per head for eight beef calves but he had been watching his 4-H club girl feed out a calf in a demonstration, so Hugh Frizier of Cottle county put the calves in a pen and fed them the county agent way. After 63 days he sold one of the calves to the same butcher for \$30.

Native trees and shrubs may be transplanted successfully from the woods to beautify farm yards as late as April if they are balled and burlapped, it has been found by Mrs. C. M. Huddleston, Anderson county home demonstration club woman.

Mowing pastures has sharply reduced bitter milk this spring in the herds of Shelby county farmers who are cooperating with the county agent in pasture improvement.

It cost Mrs. R. C. Cocrum of Victoria county only \$33.76 for groceries the last six months and she had plenty of good nourishing food on the table every meal for her family of five. The family has a year 'round garden, a 4-H pantry, and cures plenty of meat.

Mrs. Blandy Crabb who has been visiting friends and relatives at Hext for the past two or three weeks is back in her Beauty Shop again.

### A TELEGRAM

June 27, 1933  
The following is a telegram received from C. A. Cobb at 11 A. M.

O. B. Martin College Station, Texas.  
A report in the morning paper makes reference to state acreage quota conveying the idea that the campaign would close in a state when the quota suggested for guidance has been reached. The Secretary's office has felt it advisable to repeat that the suggested quota was merely for guidance and was in no way to limit the campaign and that the campaign must go on in each state until every farmer has had opportunity to sign a contract.  
C. A. Cobb, Expert in Charge.

W. L. Burk, of Clark Camps, near Breckenridge, Texas, and two daughters were here last week end visiting Mr. A. J. Burk and family. Mr. Burk reported the country from Abilene this way, to be very dry.

Mrs. Haywood Bird entertained the Junior Choir of the Methodist church, recently organized, with a water-melou feast on the lawn at the home of Mrs. A. J. Atkins last Tuesday, June 20.

Mrs. Bird is Director of the Choir. Louise Bruton is President and Beatrice Wright is Secretary.

Mrs. Emma Meador and children are here this week, guest of her father, J. W. Hill, and other relatives, stopping with her Grandmother, Mrs. J. W. Hill Sr. She is also a member of the Mias Amigas Club.

Mrs. Ruby Cochran is here this week end visiting her parents, Dr. and Mrs. Patton. She is also attending the Mias Amigas Club this week.

Mrs. Alfred Mills of Balmorhea is visiting friends on Eldorado this week end and in attendance of the Mias Amigas Club. While here is the guest of Mrs. J. F. Isaacs.

### THIRD ASSISTANT POSTMASTER GENERAL

Washington, June 19, 1933  
In connection with the order of this date, amending sections 509 and 510, Postal Laws and Regulations, so as to embody the provisions of the act of June 16, 1933, restoring on July 1, 1933, the postage rate of 2 cents an ounce or fraction thereof on first-class matter mailed for local delivery which is now subject to the 3-cent rate, the following should be particularly noted.

Beginning July 1, 1933, postage on letters and other first-class matter (except postal cards and private mailing or post cards) mailed for local delivery at post offices having city or village letter-carrier service, or at any post office for local delivery to patrons thereof on a rural route for local delivery at the post office or on another rural or star route therefrom shall be charged at the rate of 2 cents for each ounce or fraction thereof; and 1 cent for each ounce or fraction thereof when mailed at offices where letter-carrier service is not established, provided the addresses are not served by rural or star-route carriers.

Letters in business reply envelopes are subject to postage at the regular rate plus 1 cent additional for each letter.

Letters mailed for local delivery with 2 cents postage prepaid on them on being forwarded to another post office should be charged with 1 cent postage due to be collected from the addressee.

There is no change in the rate of postage on other than local first-class matter which is now subject to the 3-cent rate.

Postmasters shall be careful to see that the postage at the 3-cent rate is charged on first-class matter mailed for other than local delivery.

R. M. North,  
Acting Third Assistant Postmaster General.  
Explanation: All letters leaving Eldorado Post Office must have three cent stamp, all letters dropped in local office to go out to mail route boxes must have two cents stamp. All letters for local office delivery must have one cent stamp.—Editor.

### REYNOLDS HOME CLUB

The Reynolds Home Club met at the Reynolds school house June 27th. Eight members and one visitor were present.

Each member brought their favorite recipe which were exchanged.

Mrs. Raymond Dickens resigned her part as pantry and it was accepted by Mrs. Otto Sauer.

The club will meet at the home of Mrs. Otto Sauer Tuesday July 11. The evening will be spent by canning pickles and relishes.

### FRESH GREEN BEANS

### AT SHAFERS

J. W. Hill has returned home from the Chicago Fair, where he went to witness the progress of the age.

"Uncle" Pete Green is here this week from the Old Soldiers Home at Austin visiting his relatives and friends. He will return to the Home after this week. He says there is about 200 in the home now.

Mrs. F. M. Bradley returned this week from several days visit to the lower Rio Grande Valley, visiting in Los Fresinos and the Judge is all smiles again.

Mrs. H. Moore who has been in Austin visiting her daughter, Mrs. Ruth Moore, returned this week and reports a pleasant visit.

Misses Myrtle and May Williams were in Eldorado Tuesday attending the shower given the bride-to-be, Miss Mary DeLong. The Misses Williams have many friends in our city.

Mrs. O. R. Burden and son, Jack, of Wichita Falls, were here this week visiting Mr. and Mrs. T. W. Johnson on the ranch, and attending the meeting of the Mias Amigas Club. They will leave this week en route for Chicago where she will visit her sister, Mrs. W. B. Turpeaning and the World's Fair.

### FAMED FLYER IS APPOINTED MANAGER OF AVIATION SALES

Captain Al J. Williams Accepts Important Post With Gulf Refining Company

Noted aviator, winner of many world's speed records, and holder of the Distinguished Flying Cross, Captain Al J. Williams has accepted the position of Manager of Aviation Sales with the Gulf Refining Company. He takes over this responsibility to devote his wide flying experience to industrial progress. He will assume his post immediately.

This announcement has particular importance not only because Captain Williams is one of America's foremost exponents of aviation but also because his experience as business man, writer, lecturer, and lawyer fits him for his duties.

His career has been featured by many outstanding acknowledgements of his prowess as an ace flyer. In addition to winning the Distinguished Flying Cross, Captain Williams was one of the twelve men selected in the United States "in recognition of services rendered to aeronautics" by the American Society of Mechanical Engineers. For eight consecutive years he held the American speed record for airplanes.

Captain Williams enlisted in the Navy for the duration of the war as naval aviator. He specialized in testing airplanes for the Navy Department and developing aerial aeronautics for purposes of fighting in the air. From 1926 until 1930, when he resigned from the Navy, he specialized in high speed research.

At the time that he received the Distinguished Flying Cross, Captain Williams also received a citation from the Secretary of the Navy. This stated, in part: that he had many times undergone risk of his life for the benefit of the service—that, up to 1925, he had performed this duty with aid of parachute where a serious crash was expected—that he flew one plane to complete destruction to elicit information on the vital subject of flat spinning of service aircraft—that his constant association with test and development work had been occasioned by the desire of the chief of the Bureau of Aeronautics to continue him in a position where the Navy could get the most benefit of his experience and ability—that the standard combat type of plane reflects many of the improvements pioneered in racing by him—that from 1922 on he played a major part in keeping the Navy to the fore in heavier-than-air development—that in articles written to the public he had shown himself to be a scholar as well as a master pilot.

Today Captain Williams' busy life supplies him with a diversity of interests and makes him doubly valuable as Manager of Aviation Sales for the Gulf Refining Company. He is one of the officers of the Delaware Chemical Engineering Company a steady contributor to the Saturday Evening Post, Colliers, Liberty, and aeronautical journals on aviation subjects, a lecturer of note, a lawyer in the State of New York, and a Captain in the U. S. Marine Corps, Reserves. It is also interesting to note that he graduated from Fordham University, received a Bachelor of Laws degree from Georgetown University Evening Law School, and pitched for the New York Giants for two years under John J. McGraw.
